

Sacred King 2591

Chapter 2591

When the Academy disciples saw Fairy Mo Qing call Su Zimo over, they all had different expressions. The Academy disciples could tell that Fairy Mo Qing treated Su Zimo differently from the rest of the Academy. But it didn't seem like Fairy Mo Qing and Su Zimo had a closer relationship. It seemed like Fairy Mo Qing only took care of Su Zimo a little more. At least the two of them had never acted intimately. Of course, Painting Fairy Mo Qing's special treatment was enough to make others envious. Most of the Academy's core disciples knew their limits. Although they had admired Fairy Mo Qing for a long time, they had never had any improper thoughts. But the Moonlight Sword Immortal was different. All the Academy disciples knew that the Moonlight Sword Immortal had pursued Fairy Mo Qing for many years. Fairy Mo Qing's attitude towards the Moonlight Sword Immortal was neither close nor distant, neither salty nor indifferent. Ever since the Divine Firmament Immortal Convention, Fairy Mo Qing didn't even greet the Moonlight Sword Immortal. Everyone could tell that there was no longer any possibility between the two of them. Now, they were just maintaining their relationship as fellow disciples of the Academy. The Moonlight Sword Immortal didn't seem to see Mo Qing and Su Zimo walking together. She looked into the distance with a cold expression and didn't say a word. "Senior Sister, what's your cultivation level?" Su Zimo came in front of Mo Qing and scanned her with his Divine Perception. He could vaguely feel that Senior Sister Mo Qing was a little different from the Divine Firmament Convention. His cultivation had already reached the level of a rank nine Heavenly Immortal. Even if he didn't use his Six Fangs Divine Power, his Divine Perception was already at the threshold of the True Self Realm. Naturally, he could feel the subtle changes in Mo Qing. "Yes." Mo Qing nodded and said, "My cultivation level has improved. I've already reached the Void Stage of the True Self Realm." After pausing for a while, Mo Qing said, "The two Black Frost Plums you gave me were very useful. Thank you." "No problem. It's nothing." Su Zimo smiled. The True Self Realm was divided into the Consolidation, Heavenly Man, Kongming, and Void Stage. Apart from the two Black Frost Plums Su Zimo gave her, Mo Qing was able to reach the Void Stage because she had a breakthrough in the Gods, Ghosts, Immortals, and Demon Diagram.

Previously, she had only comprehended the statues in the Deities, Demons, Immortals, and Demons Diagram. And now, she had comprehended another one, and it was the demonic statue! Mo Qing had her own reasons for skipping over the Ghost statues and Celestial's's statues first. But she didn't have the time and didn't have the time to test had the chance..... After a short time, hundreds of True Immortals of the College gathered at the gate of the mountain. Apart from some True Immortals who couldn't leave, most of the true disciples were ready to go to the Continent of the Nine Clouds Meeting. The vast majority of them were not qualified to compete for the True Immortal Ranking. However, the battle between the top powerhouses on the True Immortal Ranking Board was a grand banquet that no one could miss out on! Through the battles between peak True Immortals, he could verify what he had learned. He would definitely gain something. "Set off!" The Great Elder of the College waved his hand and went through the teleportation matrix of the College, arriving at the Divine Cloud Palace first and gathering with the other forces. The representatives of the Celestial Realms would go to the Continent of the Nine Clouds. Apart from the Three Great Celestial Kingdoms and the Four Great Celestial Sects, there were also some Celestial Clans, Patriarch Elders, and some independent True Immortals. There were also thousands of True Immortals in the Continent of the Nine Clouds. This time, there were nearly ten

thousand True Immortals in the Continent of the Nine Clouds. Only Celestial Kings could control such a large group. Apart from Celestial King Qingyang and the Great Elder, the other Celestial Sects only sent ordinary Celestial Kings. Including the four ordinary Celestial Kings sent by the Continent of the Nine Clouds, there were two peerless Celestial Kings, ten ordinary Celestial Kings, and nearly ten thousand True Immortals. Including the Celestial Immortals on the Heaven Ranking, some True Immortals, and the disciples of the Celestial Kings, there were more than ten thousand people in the Continent of the Nine Clouds. When Celestial King Qingyang saw that all the forces had gathered, he led them to the Teleportation Portal and disappeared from the Continent of the Nine Clouds.... Jianmu Mountain Range. The Builder Tree was located at the center of the Heaven Realm. It was a divine tree that connected the Nine Clouds Celestial Realm, the Pure Land of Bliss, and the Demon Domain. Because of the Builder Tree, it could absorb and gather the Vital Qi of Heaven and Earth in the vast starry sky, making the Heaven Realm suitable for all kinds of living beings to cultivate and grow.

For example, the Dragon Abyss Planet that Su Zimo had first arrived in was located in the starry sky outside the Heaven Realm. There were no Celestial Trees or spiritual objects, so the Vital Qi of Heaven and Earth there was thin and unsuitable for cultivation. The Jianmu Mountain Range was the mountain range closest to the Builder Tree in the Nine Clouds Celestial Realm. It was in the shape of a semicircle, as if it wanted to encircle the Builder Tree. The Nine Clouds Convention that was held every hundred thousand years was held in the Jianmu Mountain Range. Recently, the Jianmu Mountain Range had suddenly become lively. Cultivators from all over the Nine Clouds Celestial Realm had gathered there. In the mountain range, there were originally all kinds of living beings and beasts. During this period, they had already hidden and did not dare to show themselves. On a Teleportation Portal at the peak of the Jianmu Mountain Range, along with a burst of dazzling light, many cultivators suddenly arrived. There were more than ten thousand of them! The person in the lead had a terrifying aura, emitting a huge pressure that made one's heart palpitate. Azure Sun Immortal King led the people of the Divine Firmament Palace and arrived at the Jianmu Mountain Range. Standing on the peak of the Jianmu Mountain Range, Su Zimo subconsciously looked in the direction of the Builder Tree. Although he had already prepared himself, he still felt his heart tremble. In the distant horizon, an ancient tree rose from the ground. Its thick and solid trunk pierced through the clouds, as if it had already extended into the boundless starry sky outside. This ancient tree was like an ancient totem that pierced through the heavens and the earth. Its huge branches and leaves were densely packed, covering the sky and the sun. This ancient tree was connected to the heavens and the earth. It stood in the depths of the earth, with countless roots connecting to the Heaven Realm. Its trunk was above the clouds and the sky, looking down on all living beings. Any living being would feel incomparably insignificant in front of this towering ancient tree! This scene was too shocking. Not to mention Su Zimo, even a True Immortal expert, or even a peerless Immortal King like Azure Sun Immortal King, would feel insignificant in front of the Heaven Realm's Builder Tree. This ancient tree had witnessed too much history. No one knew how many wars it had experienced and how many years it had been. The master of the Heaven Realm had changed time and time again. Only it was like an ancient totem that stood tall and strong.

Among the tens of thousands of cultivators from the Divine Firmament Palace this time, at least half of them were seeing the Divine Tree for the first time. The cultivators were shocked. Under the pressure of the Divine Tree, they could not help but kneel down and worship it. This was also one of the magical aspects of the Divine Tree. Almost all living beings would kneel down and worship the Divine Tree when

they saw it for the first time. Only by cultivating to the level of an Imperial Emperor would one be able to withstand the heavy pressure that the Divine Builder Tree exuded from the river of time!

Chapter 2592

The tens of thousands of Divine Firmament Palace cultivators, be it Perfected Immortals or Heaven Immortals, all felt a strong impact when they saw the Divine Tree for the first time. Their Dao Hearts were shaken, and they knelt down involuntarily. In the blink of an eye, more than half of the Divine Firmament Palace cultivators knelt down! Among them, the Azure Sun Immortal King, the Grand Elder of the academy, the Moonlight Sword Immortal, the Zither Immortal, Meng Yao, and the others all stood on the spot with normal expressions. They had seen the Divine Tree before. Although they could still feel the impact of the Divine Tree, they would not kneel down. This kind of feeling was more like a kind of deterrence that the Divine Divine Tree of the Builder Tree had towards all living beings! The Divine Tree seemed to have spirituality and intelligence. As long as it was the living beings' first visit, they would have to show sufficient respect to it! Among the four fairies, Chess Immortal Jun Yu, Book Immortal Yun Zhu, and Zither Immortal Meng Yao had seen the Divine Tree before. Naturally, they were not too affected. As for Mo Qing, she had been cultivating in the academy all year round. This was also her first time seeing the Divine Tree. She was shocked and could not help but kneel down. The Moonlight Sword Immortal, Meng Yao, and the others looked at the kneeling cultivators with faint smiles on their faces. Although these cultivators were not kneeling to them. However, they still felt a strange sense of superiority in their hearts. "Hmm?" At that moment, the Moonlight Sword Immortal, Meng Yao, and the others noticed a person almost at the same time! A person who should have been kneeling on the ground was standing upright on the spot, staring at the Divine Tree without blinking. No one knew what he was thinking. Su Zimo! Why didn't he kneel down? The Moonlight Sword Immortal frowned. The Divine Firmament Immortal Region was very far away from the Divine Firmament Mountain Range. Su Zimo could not have come into contact with the Divine Tree before he became an Earth Immortal. After he became an Earth Immortal, he entered the Qiankun Academy and had been cultivating in the academy. When did he come into contact with the Divine Tree? The Moonlight Sword Immortal was a little unhappy that Su Zimo did not kneel down. However, he did not think too much about it. He just subconsciously thought that Su Zimo had seen the Divine Tree before. After all, even Immortal Kings would have to kneel and pay their respects when seeing the Divine Tree for the first time, let alone Su Zimo who was just a Level Nine Heavenly Immortal.

The Moonlight Sword Immortal did not know, but in reality, this was indeed the first time Su Zimo had seen the Divine Builder Tree! The moment he saw the Divine Builder Tree, the shock he felt in his heart made him want to prostrate himself in worship! But then, his Qinglian True Body triggered a strong reaction! If he hadn't suppressed it with all his might, Qinglian's bloodline phenomenon would have burst out in the face of the Divine Builder Tree's pressure! Su Zimo was secretly speechless. Creation Qinglian was known as the only one between heaven and earth. It was indeed terrifying. Even in the face of the Divine Builder Tree that had existed since ancient times, it still refused to submit. In fact, it even had the intention to challenge and suppress the other party! Of course, with the current cultivation of Qinglian's true body, it was utterly unable to go against the Divine Builder Tree. However, it was impossible for the Divine Builder Tree to subdue Qinglian's true body as well! However, the strange thing was that the Divine Builder Tree did not have any reaction against the resistance of Qinglian's true body. According to the rumors, the Divine Builder Tree had a spirit and should have some special

reaction when it sensed the provocation of Qinglian's true body."Zimo, when have you come to see the Divine Builder Tree?"Right then, Yunzhu's voice sounded from behind."Ah."Su Zimo was slightly stunned. He reacted quickly and lied casually. "I once entered this place by accident and took a look from afar.""Everyone says that the Divine Builder Tree has a spirit. Is that true?"Su Zimo's heart skipped a beat as he suddenly asked.Yunzhu was a knowledgeable person who knew the past and present. Her understanding of the Divine Builder Tree definitely surpassed others.Yunzhu would definitely be able to provide an answer regarding this matter.Yunzhu nodded and said, "Of course it's true. The Divine Builder Tree is indestructible. Even an Imperial Emperor would find it difficult to break it.""Most of the time, the Divine Builder Tree is awake. Although the Heaven and Earth Essence Qi around it is extremely dense, no living beings can approach it, let alone cultivate near it."This was also one of Su Zimo's doubts.Since the Divine Builder Tree was the core of the Heaven Realm and was the key to absorbing the Heaven and Earth Essence Qi, wouldn't cultivating near it be twice the result with half the effort?

The cultivation speed would increase by a hundred times, a thousand times, or even more!Yunzhu continued, "However, the Divine Builder Tree will sleep for a period of time every 100,000 years. It can be as short as a month or as long as a few years.""During the period when the Divine Builder Tree is asleep, living beings will not be attacked by the Divine Builder Tree if they approach it."Su Zimo came to a realization and said, "In that case, the Nine Heavens Convention is held here every 100,000 years mainly because of this.""That's right."Yunzhu nodded and said, "For example, the True Immortals on the True Immortal Ranking List and the Arhats on the Arhats List have the opportunity to cultivate under the Divine Builder Tree.""Even if you only cultivate for a month, it's equivalent to ten thousand years of cultivation!"In that case, it could explain why the Divine Builder Tree did not react to the provocation of Qinglian's real body just now.It was because the Divine Builder Tree was currently in a period of deep sleep.Su Zimo narrowed his eyes slightly and looked at the Divine Builder Tree not far away. He muttered to himself in silence, and his eyes gradually flashed with a touch of light.Under the watchful eyes of the crowd, he could not brazenly go to the Divine Builder Tree to cultivate under it.However, relying on Qinglian's real body, he could stand on the peak of the Divine Builder Tree and slowly absorb and refine the vitality of the Divine Builder Tree.Plundering the vitality of the Divine Builder Tree!This idea was really audacious.Even Su Zimo was shocked when he thought of it.But soon, he calmed down.This was a once-in-a-lifetime opportunity!He had just broken through to the Ninth Rank. If he wanted to reach the peak of the Ninth Rank, he would need at least a thousand years.Now, taking advantage of the Continent of the Nine Clouds, when everyone's attention was on the True Immortal Ranking List and the Arhats List, he could secretly absorb and refine the Divine Builder Tree.Even if he only refined a little bit of the vitality of the Divine Builder Tree, it would be enough for him to reach the peak of the Ninth Rank.If he grasped this opportunity, he might be able to touch the threshold of the True First Level!

"What are you thinking? Why is your heart beating so fast?"Yunzhu glanced sideways at Su Zimo with a strange expression."No, nothing."Su Zimo laughed and changed the topic, "In this Continent of the Nine Clouds, the top ten of the True Immortal Ranking List and the top ten of the Arhats List should be about the same, right?"Yunzhu could see that Su Zimo was hiding something, but she did not ask. She just rolled her eyes and said, "The True Immortal Ranking List and the Arhats List only have ten people each.""Take the True Immortal Ranking List for example. Generally speaking, there will be a peerless genius from each of the Nine Great Immortal Regions.""Of the ten people, nine are gone. There's only

one left. I don't know who will get it.""However, this Continent of the True Immortal Ranking List is a little special."At this point, Yunzhu paused for a moment. She looked at Su Zimo with a faint smile and said, "The True Immortals of the Jade Heaven Immortal Domain have been killed by someone. They should no longer be able to compete for the True Immortal Ranking ..."

Chapter 2593

The 'certain people' that Yunzhu was referring to was naturally Wu Dao Body.Su Zimo coughed softly and did not reply.At that moment, a woman walked over from the crowd. Before she got close, she called out softly, "Su Zimo."She did not wear any makeup and was extremely beautiful. Her long hair was tied into a bun, and her loose robe could not hide her graceful figure.There was a huge square chessboard hanging on the woman's back. It looked a little strange, but it formed a unique aura with the woman.Chess Deity Jun Yu!People like the four fairies would be the center of attention no matter where they went.Now that Painting Deity Mo Qing, Book Deity Yun Zhu, Chess Deity Jun Yu, and Su Zimo were together, they immediately attracted countless gazes.Yun Zhu smiled and greeted Jun Yu when she saw her walk over.Mo Qing also nodded slightly at Jun Yu.Although the three of them did not have much of a relationship before, they had fought side by side in the Divine Firmament Convention.This experience made the three of them less distant and increased their trust."Fellow Daoist, how are your preparations?"Yun Zhu said, "As far as I know, the competition for the True Immortal Roll this time will be very intense. Apart from you, Qin Ce from the Supreme Heaven Celestial Realm, Lin Lei from the Green Firmament Celestial Realm, and Zhuo Wuchen from the Green Firmament Celestial Realm are not easy to deal with."Originally, Song Xuan from the Jade Firmament Celestial Realm was not to be underestimated, but he was killed by Araki Takeshi from the Demon Domain."Jun Yu said calmly, "If it was 1,000 years ago, I would be confident of being in the top three of the True Immortal Roll. But now, I will do my best to fight for the title of True Immortal! ""Amazing!"Yunzhu praised wholeheartedly.Just this confidence and boldness was far from others.Jun Yu dared to say this because 1,000 years ago, Immortal King Ling Long had taught her the nine Exquisite Chess Games, and she had gained a lot.Moreover, during the Divine Firmament Convention, Su Zimo had solved the eighth Exquisite Chess Game.She had seen the entire process with her own eyes and had gained some insights, increasing her combat power again!"Fellow Daoist Jun Yu, were you calling me just now?"Su Zimo asked.Jun Yu nodded and took the Star Chessboard off her back. She said, "Come, the Meeting of the Nine Clouds hasn't started yet. Let's play some chess."

"Eh ..."Su Zimo felt a little helpless.Jun Yu was really a chess goddess. Before the Meeting of the Continent of the Nine Clouds, most of the true immortals were conserving their strength, but this one wanted to play chess!The Meeting of the Continent of the Nine Clouds hadn't started yet, and there were too many people. Su Zimo couldn't absorb the energy of the Divine Builder Tree secretly.Since he had nothing to do now, he agreed. He accompanied Jun Yu to play chess while paying attention to the movements of the other celestial realms and the Pure Lands.Apart from those from the Divine Firmament Celestial Realm, the cultivators from the Jade Firmament Celestial Realm and the Red Firmament Celestial Realm had also arrived.There were more than ten thousand cultivators in these two Immortal Realms.Just as Yang Ruoxu had said, the Jade Sky Celestial Realm and Red Sky Celestial Realm also had peerless Celestial Kings leading them, and there were more than ten ordinary Celestial Kings!In the two Immortal Realms, there were two women who were quite eye-catching. They were both at the True First Level and were outstanding beauties. They weren't inferior to the four fairies.Yun Zhu said,

"Fairy Jia Lan from the Jade Heaven Celestial Realm and Fairy Ling Huang from the Red Heaven Celestial Realm are both popular candidates on the True Immortal Ranking List." Jun Yu played chess with Su Zimo and said, "Jia Lan isn't weak. I've fought with her before. It's not a big problem for her to be on the True Immortal Ranking List. As for Ling Huang, it's hard to say." After a short pause, Jun Yu looked at Yun Zhu and said, "If you're willing to compete for the True Immortal Ranking List, you'll definitely be stronger than Ling Huang." "We'll see." Yun Zhu smiled. The matter of being on the True Immortal Ranking List wasn't very attractive to her. Then, they arrived at the Azure Heaven Celestial Realm! Su Zimo raised his head and looked around, looking for people in the Azure Heaven Celestial Realm. Jun Yu also stopped playing chess and looked over. Soon, Su Zimo saw Lin Lei and Lin Luo. Not far in front of the two of them stood a dignified and beautiful woman. The moment Su Zimo caught sight of the beautiful woman, she seemed to have sensed something and looked over as well. The moment their gazes met in midair, the two of them were stunned.

A thought flashed across Su Zimo's mind. She must be Fairy Ling Long from the Tianhuang Continent, the current Immortal Emperor Ling Long from the War Kingdom in the Azure Heaven Celestial Realm! He had never seen Immortal Emperor Ling Long's true appearance. When he ascended, he was hiding in the Prison-Suppressing Cauldron, so he didn't have the chance to see her. However, the moment he saw the dignified woman, Su Zimo was certain that she was Immortal Emperor Ling Long! Meanwhile, Immortal Emperor Ling Long also recognized Su Zimo. Immortal Emperor Ling Long was initially emitting an aura unique to an Immortal Emperor, but her gaze suddenly became gentler after seeing Su Zimo. Su Zimo was about to rise to his feet when Immortal Emperor Ling Long's voice suddenly echoed in his mind. "You don't have to acknowledge me. After the Nine Heavens Convention, don't rush back to the sect. I'll come and find you then." Immortal Emperor Ling Long seemed to be worried about something. She didn't acknowledge Su Zimo and communicate with him. She only looked away after communicating with her Divine Sense. On the other hand, Lin Luo was quite happy to see Su Zimo. She raised her arm and waved at him. Su Zimo nodded with a smile. Lin Lei was a little unhappy when he saw this. He pulled Lin Luo and walked a few steps faster, squeezing into the crowd and disappearing. Soon after, the Jing Xiao Celestial Realm and the Zi Xiao Celestial Realm arrived. Yunzhu casually mentioned that these two Celestial Realms were popular candidates for the True Immortal Ranking. In the Zi Xiao Celestial Realm, Su Zimo also saw a familiar face. Di Tian's Son Ying Tian! At this moment, Su Zimo and the three Fairies were gathered together. They were very eye-catching in the Divine Firmament Celestial Realm. Ying Tian quickly noticed Su Zimo. His gaze turned cold, and he raised his head slightly at Su Zimo, revealing a provocative look. Su Zimo was unmoved. He pretended not to see and continued playing chess. Next was the Clear Sky Celestial Realm. Yunzhu said, "The strongest True Immortal in the Clear Sky Celestial Realm should be Zhuo Wuchen. His Sword Dao is even stronger than the Moonlight Sword Immortal." In addition, Yun Mubai from the Cloud Nation is also one of the popular candidates this time." "Hmm?" Hearing this, Su Zimo's heart skipped a beat. The Cloud Nation of the Clear Sky Celestial Realm!

He wondered if the Cloud Nation was related to the Cloud Nation King. In the Clear Sky Celestial Realm, there was also a Level Nine Heavenly Immortal familiar. It was the Crown Princess, Lang Qianqian! When she saw Su Zimo, although she did not provoke him like the Crown Prince, Ying Tian, she also exuded a wisp of battle intent. Su Zimo did not doubt that if there was a chance, Lang Qianqian would definitely challenge him. Back then, in the Jade Pure Jade book, the Crown Prince, Ying Tian, and the Crown

Princess, Lang Qianqian, were suppressed by Su Zimo. They were resentful and indignant. The two of them were even embarrassed to mention such a scandal to outsiders. Now that they saw Su Zimo at the Nine Heavens Convention, the two of them naturally wanted to get back at him! As time passed, seven people from the Nine Heavens Celestial Realm had arrived. After a while, the group of cultivators from the Grand Firmament Celestial Realm arrived! Suddenly! Su Zimo was alarmed. There was a strong sense of hostility from the Grand Firmament Celestial Realm, which even aroused his spiritual perception!

Chapter 2594

Su Zimo looked up without batting an eyelid. Among the crowd from the Supreme Heaven Immortal Domain, behind the Immortal Kings and at the front of the many True Immortals, stood a man in black. He was tall and burly, exuding a savage aura! The man in black stared at Su Zimo with burning eyes. Suddenly, he grinned and did not hide the hostility in his eyes! This person looked unfamiliar. He was at the True Self Realm. In Su Zimo's memory, he had never seen this person. Logically speaking, he should not have any grudges with the True Immortals of the other Immortal Domains. "Who is that person?" Su Zimo asked. Yunzhu seemed to have noticed the hostility of the man in black towards Su Zimo. She said, "That is Qin Ce. His strength is unfathomable. He is a popular candidate for the Supreme Immortal Realm." "Do you remember that I mentioned something to you? It's about the Tai Qing Jade Book of the Three Purity Jade Books." Su Zimo nodded and said, "You said that the Tai Qing Jade Book once fell into the hands of a Sky Immortal from the Supreme Heaven Immortal Domain ..." At this point, Su Zimo seemed to have understood something and murmured, "Could it be ..." Yunzhu said, "The Tai Qing Jade Book fell into the hands of Qin Ce. However, that was tens of thousands of years ago. At that time, he was only a Sky Immortal." Jun Yu said, "The Tai Qing Jade Book played a very important role for Qin Ce to cultivate to the Paradise Immortal Stage in tens of thousands of years. His cultivation speed is so amazing." "Of course, he is an Imperial Prince. His status is noble and he has sufficient cultivation resources." Qin Ce is an Imperial Prince! Su Zimo frowned slightly. No wonder this person was so strong. He knew that he was from Qiankun Academy, but he did not hide the hostility in his heart. Su Zimo did not doubt that if he was just a rogue cultivator, this Imperial Prince Qin Ce would dare to snatch his Tai Qing Jade Book in broad daylight in front of everyone! In the Upper World, without a strong background as a backer, it was difficult to survive, let alone cultivate! After the Supreme Heaven Immortal Domain for a long time, the Jade Heaven Immortal Domain finally arrived. Unlike the other eight Immortal Domains, although the Jade Heaven Immortal Domain also had peerless Immortal Kings and ordinary Immortal Kings leading the team, there were obviously fewer True Immortals. The entire team of the entire team was less than ten thousand people.

Moreover, the True Immortals of the Jade Firmament Immortal Realm clearly lacked top-tier True Immortals. Most of them were True Immortals of the Unity Immortal Realm. "The Jade Heaven Immortal Domain. They have no hope this time. the Immortal Ranking of the Ranking." Forget about the True Immortal Leaderboard. It's already very lucky for the Jade Firmament Immortal Realm to have a True Immortal enter the top 100." "After all, in that battle, Araki Takeshi of the Demon Domain was too brutal. He killed thousands of True Immortals and the lords of the five Immortal Cities. With his own strength, he severely damaged the Immortal Domain of the Jade Heaven Immortal Domain. Looking at the situation, it will take at least a hundred thousand years for them to recover." "It was Song Xuan and the others who asked for it. They kidnapped Araki Takeshi's Taoist child. Who would have thought that Araki Takeshi would be so domineering and arrogant. He broke into the Jade Heaven Immortal Domain

alone and started a massacre in Lang Feng City!" As soon as the Jade Heaven Immortal Domain arrived, there was a burst of discussion among the crowd. The Immortal Kings of the Jade Heaven Immortal Domain looked gloomy. They looked around and snorted coldly, emitting a powerful aura. Then, the discussion around them gradually died down. After the Nine Heavens Immortal Domain arrived, tens of thousands of monks from the four continents of the Pure Lands also arrived at the Jianmu Mountain Range. "What kind of extraordinary monks have come from the Pure Lands this time?" Su Zimo asked. Yun Zhu said, "The most noteworthy one from the Pure Lands is an Arhat named 'Shi Wunian'." "Most of the other Arhats come from the four continents, but this Shi Wunian comes from Mount Meru in the Pure Lands. It is said that he has inherited the supreme essence of Buddhism!" "If I'm not mistaken, Shi Wunian should be this year's Supreme Arhat." Following Yun Zhu's finger, Su Zimo's eyes fell on a monk in the crowd. This young monk had one hand and a string of prayer beads between his thumb and index finger. He looked down and followed behind a Buddhist Heavenly King. From afar, Shi Wunian looked no different from the other monks. He was the kind of person who would be difficult to spot in the crowd. However, when Su Zimo's eyes fell on this person, Shi Wunian suddenly raised his head and looked at Su Zimo with a dazzling light in his eyes. "What a keen sense!" Su Zimo's heart skipped a beat. What was even more strange was that after the monks of the Pure Lands arrived, many people's eyes lingered on Shi Wunian.

Shi Wunian was unmoved. It was only when Su Zimo looked at him that he was touched and looked back! Just when Su Zimo was confused, an unfamiliar voice suddenly sounded in Su Zimo's ears. The voice was gentle and pleasant, like the Sanskrit of Buddhism, making people unconsciously feel awe. "Benefactor is fated with Buddhism, and the Buddhist aura on his body is quite pure. I hope there is a chance to ask benefactor for advice." Su Zimo looked at Shi Wunian who was among the monks in the distance. Shi Wunian smiled and nodded in his direction with a benevolent face. "What a terrifying monk!" Shi Wunian's eyes were gentle and his tone seemed to be very polite, but Su Zimo felt his scalp tingle and a chill in his heart! He finally realized why Shi Wunian looked at him differently. It was because Shi Wunian could sense the Buddhist aura on his body with just a glance, and he could sense that he was different from the others! Shi Wunian's words were pleasant to hear, but in fact, he wanted to find out his secrets! Although this person might not be able to guess that he had cultivated the Prajna Nirvana Sutra, he obviously had his eyes on him! A monk who had the potential to become a Supreme Arhat had amazing means! The Convention of the Nine Clouds had not yet begun, but Su Zimo had already been targeted by many cultivators, including Celestial Immortals and Genuine Immortals. Su Zimo's expression was calm. If they were Celestial Immortals, with his current cultivation, he could defeat them all. No matter if they were Imperial Princes or Princesses, they would be suppressed by him! If Qin Ce, Shi Wunian, and other Genuine Immortals came to him, Su Zimo would not be able to defeat them, but it was not like he had no way to deal with them! Wu Dao's real body was still in seclusion in the Hell of Avici. He was at the critical moment of studying Wu Dao. As long as Wu Dao's real body came out of seclusion, he would be able to resolve all the dangers he was facing! The forces of the Nine Clouds Celestial Realm and the Pure Land of Bliss had arrived. There were more than 100,000 cultivators gathered in the Jianmu Mountain Range. Most of those cultivators were Genuine Immortals. On the side of the Nine Clouds Celestial Realm, there were thirteen peerless Celestial Kings and more than a hundred ordinary Celestial Kings!

The Pure Land of Bliss also had ten peerless Celestial Kings and dozens of ordinary Celestial Kings. Such a

big lineup was unprecedented. It showed that the Nine Clouds Celestial Realm and the Pure Land of Bliss attached great importance to the Convention of the Nine Clouds! With so many Celestial Kings, they wanted to kill all the variables and ensure that the Convention of the Nine Clouds would proceed smoothly! As all the forces gathered, the Convention of the Nine Clouds officially began!

Chapter 2595

A Celestial King from the Nine Clouds Immortal Region flew up into the air. A Celestial King from the Pure Land of Bliss also appeared. The Celestial King from the Nine Clouds Immortal Region was called Piao Xuan, while the Celestial King from the Pure Land of Bliss was called Hui Wen. Even though they had only condensed small grotto-heavens and were ordinary Celestial Kings, they had hosted many Meetings of the Continent of the Nine Clouds, so they were very experienced. The two Celestial Kings introduced the rules of the Meeting of the Continent of the Nine Clouds. Su Zimo wasn't interested. He just wanted the True Immortal List and the Arhat List to start as soon as possible so that he could absorb the vitality of the Divine Tree. After a while, Piao Xuan cleared his throat and said, "The celestial Immortals who can participate in the Meeting of the Continent of the Nine Clouds are all young geniuses from different Celestial Regions. Before the competition starts, celestial Immortals can also exchange pointers with each other." That was a tradition of the Meeting of the Continent of the Nine Clouds. The main event of the Meeting of the Continent of the Nine Clouds was the competition between the True Immortal List and the Arhat List. Before that, the competition between celestial Immortals was just an appetizer. It was just a warm-up for the competition. There were no specific rules for celestial Immortals to exchange pointers. Every celestial Immortal could challenge an opponent. Of course, the opponent could also refuse to accept the challenge. If it was in private, it wouldn't have any effect. But it was the Meeting of the Continent of the Nine Clouds, and the strong cultivators of the two Regions were gathered there. If they refused to accept the challenge, their reputation and the reputation of their sects would be greatly affected. Besides, those who could participate in the Meeting of the Continent of the Nine Clouds were all on the Heaven Ranking List of the Celestial Regions. Nobody could afford to lose face. As soon as Piao Xuan said that, more than ten cultivators from the other Celestial Regions stepped forward. Three of them were at the top of the Heaven Ranking List from the Jade Cloud Immortal Region, the Bright Immortal Region, and the Jade Cloud Immortal Region. "I've heard that Su Zimo is at the top of the Heaven Ranking List from the Divine Cloud Immortal Region. It's a rare opportunity to see him, so we can exchange pointers," said a Celestial Immortal from the Azure Cloud Immortal Region. Lin Luo from the Cloud Immortal Region was Sengoku State's Lin Luo. This Level Nine Heaven Immortal's combat strength was not weak either. He was ranked third on the Heaven Ranking of the Green Firmament Immortal Realm.

"I also want to challenge Su Zimo from the Divine Cloud Immortal Region!" A ninth-tier celestial immortal from the Crimson Firmament Immortal Realm stepped forward and declared loudly. "What a coincidence." The leader of the Heaven Roll of the Jade Heaven Celestial Realm smiled and said, "I also want to challenge Divine Firmament Su Zimo." It wasn't just the other eight immortal realms. Even a few monks from the Pureland of Bliss stepped forward. Zen Master Hui Wen smiled and joked, "Little friends, are you all going to challenge Su Zimo of the Divine Firmament Celestial Realm?" "Exactly." "Me too." The few cultivators who had just stepped forward nodded their heads. Although the others did not say anything, they tacitly agreed. Zen Master Hui Wen had originally just asked casually. He did not expect that all the major Celestial Realms, including the monks of the Pure Lands, would challenge the first

place on the Heaven List of the Divine Firmament Celestial Realm! In a flash, Su Zimo became the focus of the Meeting of the Continent of the Nine Clouds! These cultivators were strangers to Su Zimo. However, during the Divine Firmament Convention, rumors about Su Zimo and the four Fairies had spread throughout the Heaven Realm and attracted the hostility of many cultivators! "Haha." Zhuo Wuchen, the Sword Celestial of the Clear Sky Celestial Realm, smirked and said with a mocking expression, "The tallest tree in the forest will be destroyed by the wind. If a young man stands out too much, there will naturally be people who will teach him a lesson." Lin Lei whispered, "Little sister, don't be fooled by Su Zimo's delicate features. He's actually rumored to be with the four Fairies. Don't get too close to him." "Brother, you believe this kind of rumor?" Lin Luo was a little helpless and rolled her eyes at Lin Lei. Fairy Jia Lan of the Jade Firmament Celestial Realm looked at Su Zimo curiously and whispered, "So he's Su Zimo. He looks ordinary and nothing special. I don't know how such peerless beauties like the four Fairies are related to him." Another Perfected Immortal said, "No matter what, with so many Heaven Immortals challenging Su Zimo and the top of the Heaven Roll from the other Celestial Realms, it will be difficult for this kid to pass this stage." Unlike the other Celestial Realms and Pure Lands cultivators who were discussing excitedly, the Divine Firmament Celestial Realm was extremely quiet. Even the Moonlight Sword Immortal, True Immortal Wufeng, Meng Yao, and the others who had a grudge with Su Zimo were calm and did not say anything sarcastic.

It was not that they did not want to, but they had seen Su Zimo's methods at the Divine Firmament Convention with their own eyes. They knew very well that these so-called geniuses from the various Celestial Realms who had just stepped forward were no match for Su Zimo! Even if this group of people attacked together, they might not be able to threaten Su Zimo! The Moonlight Sword Immortal and the others did not have much hope, so their reactions were naturally very indifferent. At that moment, a Stage Nine Heaven Immortal from the Purple Firmament Celestial Realm slowly stood up and walked out of the crowd, exuding a unique aura of majesty. He slowly said, "All of you, back down. No one is to compete with me!" The top of the Heaven Roll from the Purple Firmament Celestial Realm, Imperial Prince Ying Tian! "Ying Tian also wants to challenge Su Zimo?" "This is going to be interesting!" "I guess Ying Tian also wants to suppress Su Zimo's limelight. With his Emperor bloodline, Su Zimo will definitely lose." Another wave of commotion broke out in the crowd. The crowd did not know that Ying Tian wanted to challenge Su Zimo only because he had suffered a great loss at Su Zimo's hands. The two of them had a feud of losing an arm! Moreover, back in the Qing Wei Heaven's mystic realm, he did not have the slightest advantage over Su Zimo. Even the Jade Purity Jade book was taken away by Su Zimo. To Ying Tian, this was an unacceptable humiliation! As the son of the Celestial Emperor, he had never encountered such a huge setback since he started cultivating! When the Moonlight Sword Immortal saw Ying Tian appear, her expression changed slightly and she became slightly interested. Ying Tian was different from the top of the Heaven Leaderboard of the other Celestial Realms. If there was anyone who could suppress Su Zimo in the same cultivation level, Ying Tian would have the greatest chance! The group of cultivators who had just stepped forward to challenge Su Zimo retreated when they saw Ying Tian appear. Even the top of the Heaven Leaderboard of the other three Celestial Realms did not continue to persist. After all, Ying Tian was the Celestial Emperor with a noble status. Everyone had to give him some face. There was no need to become enemies with the Celestial Emperor just because of Su Zimo. In the face of the challenge from the group of Celestial Immortals, Su Zimo looked calm and thoughtful.

He did not take these so-called geniuses seriously at all. He did not even care about the Celestial Emperor Ying Tian. All his thoughts were on absorbing and refining the Divine Tree of Builder Wood. "I have to settle this quickly and let the competition between the two leaderboards begin as soon as possible." Su Zimo thought to himself. Only when the True Celestial Ranking and Arhat Ranking were opened would it attract the attention of most cultivators. Only then could he take the opportunity to secretly absorb and refine the vitality of the Divine Tree of Builder Wood. Originally, Su Zimo thought that it would be troublesome to challenge so many cultivators one by one. Now that the Celestial Emperor Ying Tian had come to him, it was exactly what he wanted. He could use the Celestial Emperor Ying Tian as an example to intimidate others!

Chapter 2596

"Su Zimo from the Divine Firmament Celestial Realm, do you dare to accept the challenge? Say something!" "Don't tell me you're scared?" "Is this the standard of the Heaven List from the Divine Firmament Celestial Realm? If you can't do it, you should get someone else!" Shouts came from the crowd. Many cultivators were shouting loudly, afraid that Su Zimo would be afraid of the challenge and not dare to fight Ying Tian. On the top of the Jianmu Mountain Range, there were many platforms for cultivators to spar with. Ying Tian was already standing on it. Su Zimo smiled faintly, stood up, and walked in the air. Soon, he arrived at the Sword Discourse Arena. On the side of the Supreme Firmament Celestial Realm, there was a faint figure behind Qin Ce, the number one Perfected Celestial, who whispered, "Young Master, if Ying Tian kills Su Zimo, the Pure Jade book will fall into his hands. It will be even more difficult to get it back." "No hurry, let the two of them fight for a while." Qin Ce said faintly, "He has the Pure Jade book and can defeat Yun Ting. He won't die so easily." On the Sword Discourse Arena, Su Zimo and Ying Tian stood facing each other. Pu Xuan Immortal King said, "If the two of you are ready, let's begin." On the side of the Divine Firmament Celestial Realm, Immortal King Qing Yang seemed to have thought of something and suddenly said, "A spar is not a battle of life and death. It's best if the two of you don't go too far." Ying Tian said faintly, "Senior Qing Yang is right. However, we are all top Heaven Immortals, and our strength is not much different. Once we fight, it will be difficult to control ourselves." "Whether he can survive or not will depend on his fate." Ying Tian said politely, but in fact, he rejected Immortal King Qing Yang's suggestion. "Idiot!" Immortal King Qing Yang cursed in his heart. "Did you think I was reminding you? I was reminding Su Zimo to spare your life!" Immortal King Qing Yang saw Ying Tian's reaction and smiled faintly. On the Sword Discourse Arena, Ying Tian stared at Su Zimo with murderous intent and said coldly, "Su Zimo, I have waited too long for this day!" Recalling the humiliation he had suffered in the Qing Wei Heaven Mystic Realm, Ying Tian's killing intent had reached its peak! Today, he would take back everything he lost! Su Zimo did not waste his breath on him – he merely wanted to resolve this matter as soon as possible.

After Ying Tian said that, Su Zimo turned into a golden beam of light and instantly crossed the entire Sword Discourse Arena, arriving in front of Ying Tian! Too fast! Even the cultivators watching the battle below the stage felt their hearts tremble. Some of the Heaven Immortals who wanted to step forward and challenge Su Zimo earlier on had grim expressions and were secretly shocked. Just "his speed's speed speed speed. If they were in Ying Tian's position, it would be very difficult for them to react. They might even be suppressed by Su Zimo in a short period of time!" "How dare you!" Ying Tian's pupils constricted, and he reacted quickly. With a loud roar, he activated his Bloodline Phenomenon without hesitation! Even a lion would use all its strength to catch a rabbit! Ying Tian had seen Su Zimo's close

combat skills. He knew how powerful he was and didn't dare to be careless. However, the moment his Bloodline phenomenon appeared and was about to form, Su Zimo suddenly opened his mouth and let out a deafening roar! It was like a dragon's roar, like a phoenix's cry, mixed with the sound of thunder. It was deafening! Dragon Roar Mystic Technique! Ying Tian hurriedly used his Sound Domain Mystic Technique to resist. However, the moment he charged over in midair, Su Zimo had already released his innate divine power, Six Fangs divine power. The power of his physical body and Primordial Spirit skyrocketed. Even the power of his Sound Domain Mystic Technique reached its peak! Back when Su Zimo was a rank 8 Heavenly Immortal, even Yun Ting could not withstand the impact of the Dragon Roar secret skill in melee combat. Now, Su Zimo was a Ninth Stage Immortal. This Dragon Roar Mystic Technique had a huge impact on Ying Tian! Ying Tian's eyes widened and his body trembled! His Bloodline Vision had been dispersed by the Dragon Roar Mystic Technique before it could form! If it weren't for the protection of the incomplete Bloodline Phenomenon, his physical body might have been severely injured. At such a distance, many Mystic Techniques couldn't be used in time. Only instantaneous Mystic Techniques could cause damage to the opponent! Ying Tian used his Eye Technique and prepared to counterattack. At the same time, Su Zimo's right eye also shot out a dazzling beam of light, instantly destroying Ying Tian's Eye Technique!

The remaining beam of light entered Ying Tian's eye socket! "Ah!" Ying Tian screamed. One of his eyes was blinded on the spot! If not for the protection of the defensive Mystic Treasure in his Sea of Consciousness, this Eye Technique might have even injured his Primordial Spirit! Su Zimo took advantage of the situation and stepped forward. He stretched out his hands and ten sharp fingernails popped out of his ten fingers. They were like knives and swords, instantly grabbing Ying Tian's shoulders. At the same time, he stretched his body and bent his knees forward. Like a galloping horse, he slammed into Ying Tian! "You!" Ying Tian was enraged. Back in the secret realm of Qing Wei Heaven, he was severely injured by Su Zimo's melee combat technique. To think that Su Zimo would do the same today and be even more ferocious and savage than before! Ying Tian was struck by Su Zimo's sound domain secret skill and Eye Technique and lost the initiative – he couldn't defend against Su Zimo's attack at all. Snap! His chest had caved in deeply, and the horrifying sound of bones cracking could be heard. Shing! Blood spewed out in midair. Right in front of countless gazes, Su Zimo tore off both Ying Tian's arms with his tendons and bones – it was a shocking sight! This wasn't the end! Before Ying Tian's figure could fly out, Su Zimo extended his palm once more and slapped down towards Ying Tian's head! "Show mercy!" "Stop!" Two voices sounded from the surroundings. Most of the cultivators below the stage were still in shock and hadn't recovered from their shock. Pu Xuan Immortal King and Zen Master Hui Wen, who were at the side, were the first to react. They shouted softly and released their Immortal King-level suppression, suppressing Su Zimo and saving Ying Tian at the same time! "Cough, cough!" Although Ying Tian was saved, he looked dispirited and coughed out large mouthfuls of blood. The broken bones in his chest were like sharp spears that pierced his heart. His Qi and blood were rapidly declining, and he was unable to fight anymore. "This ..." The crowd was shocked, and their faces were filled with disbelief. In less than three breaths of time, the battle was over.

There was only one person left on the Sword Discourse Arena! The top of the Heaven Roll of the Divine Firmament Immortal Realm, Su Zimo from the Qiankun Academy! Although the Moonlight Sword Immortal, Mengyao, and the others knew that Su Zimo was powerful, they didn't expect Ying Tian to be defeated so quickly. He couldn't even last three breaths of time. The scene just now stunned all the

Heaven Immortals present! It wasn't just because of the series of powerful moves that Su Zimo Just Now had displayed. It was also because of the killing intent that Su Zimo had just displayed, which made people shudder in fear! Everyone could clearly see that if the two Immortal Kings hadn't saved him, Imperial Prince Ying Tian would have been a dead man! This Su Zimo even dared to kill the Imperial Prince!

Chapter 2597

"Who else?" Su Zimo stood on the Sword Discourse Arena and looked around. His eyes were like torches, and his aura was intimidating. None of the Celestial Immortals below dared to look him in the eye. The first place of the Heaven Ranking of the three Celestial Realms also fell silent at this time. They looked fearful and did not say anything. Lang Qianqian originally wanted to find an opportunity to fight with Su Zimo again, but now, she put away this thought. Even Ying Tian almost died. Who could guarantee that they would survive in the battle? Even if they were lucky enough to survive like Ying Tian, they would lose all their face. The gains would not make up for the losses. Su Zimo was very satisfied with the crowd's reaction. He had attacked so fiercely just now because he wanted this effect! Otherwise, with so many cultivators coming to challenge him, it would be too troublesome to fight them one by one. Moreover, before he attacked, he had already expected that someone would save Ying Tian. After all, Ying Tian's identity was special. Pu Xuan Immortal King and Hui Wen would host the Conference of the Nine Clouds. They would not let the Imperial Prince die in front of them. Qin Ce of the Supreme Firmament Immortal Realm looked sideways and said, "Shadow, you go!" "Yes!" Behind Qin Ce, a faint figure hesitated for a moment, but still agreed. He had no name. Everything he had was given to him by Qin Ce. Even his life did not belong to him. He had to be ready to sacrifice himself for Qin Ce at any time! He was just Qin Ce's shadow. Su Zimo saw that no one was going to go up. When he was about to leave, a figure stepped onto the Sword Discourse Arena. Many cultivators were shocked. "Hmm?" Su Zimo frowned slightly. "Someone dares to come up?" This person's face was covered, and his body was slightly swaying, as if he had merged with the void around the Sword Discourse Arena. His whole body was somewhat hazy and blurry. After the shadow went up on the arena, he did not say a word and directly attacked Su Zimo! He suddenly disappeared, and when he reappeared, he was already beside Su Zimo and stabbed at the back of Su Zimo's head with his sword! Slash! The Sword Qi tore through the void, emitting a sharp sound. Su Zimo's expression was calm and unmoved. He didn't even try to dodge.

Before the Sword Qi could land on Su Zimo, it quickly dissipated and disappeared. The shadow's attack just now was just a feint. Even this seemingly real Sword Qi was just an illusion! Whoosh! The shadow appeared again, this time to the side of Su Zimo. A sword pierced through the air, full of murderous intent! Su Zimo didn't even look at him and remained motionless. The figure dissipated once again and disappeared. Among the Daoist techniques that the shadow cultivated, there was the Dao of Concealment, the Dao of Assassination, and the Dao of Illusion. The combination of many Daoist techniques could form the current scene. Although Su Zimo had never dabbled in these Daoist techniques, he relied on his spiritual perception and was not affected at all. He didn't feel any threat from the shadow's two attacks. After several probing attempts, the shadow still didn't make a move. Whoosh! The shadow appeared again. "Die!" This time round, the shadow launched an Essence Spirit secret skill attack on Su Zimo directly and switched between illusion and reality at the same time. What was initially a feint turned into a true assassination instantly! Su Zimo's expression turned cold. The shadow was not here to spar at all. It was clear that the first thing a cultivator would do in a

fight was to kill someone! If he wasn't wrong, this person was controlled by Qin Ce and his goal was to kill him and snatch the Clear Jade Manual! "Humph!" Su Zimo was a decisive person to begin with. Now that he thought of that, there was no way he would hold back. Ignoring the shadow's Essence Spirit secret skill, he conjured a Dharmic seal and smashed it in the direction of the shadow! "Om!" At the same time, Su Zimo chanted Sanskrit. At that instant, the seal in his hand seemed to have transformed into a heavy, majestic, and unreachable lofty mountain that crushed down with shocking might! "Oh?" In the direction of the Pure Lands, the eyes of some Heavenly Kings of the Buddhist monasteries lit up when they saw the mountain peak. Shi Wunian's eyes shone brightly as he murmured, "To think that it's the secret skill of the Buddhist monasteries, the Great Mt. Meru Seal. That lad truly has the legacy of the Buddhist monasteries!"

The Great Mt. Meru Seal! It was a one-sided attack! The Great Mt. Meru Seal was thick, steady and simple. It was the best counter to a Dao technique like the shadow that alternated between illusion and reality. Back at the Divine Firmament Meeting, even Yun Ting could not neutralize that Dharmic seal immediately and was disadvantaged. The shadow was even worse! Crack! Crack! The shadow's sword was shattered by the Great Mt. Meru Seal. Poof! Although most of the power was neutralized, the Great Mt. Meru Seal still caused the shadow to spit out blood and be sent flying. Su Zimo changed his hand seals once more! Before the shadow's body landed, a huge white tiger suddenly appeared to the west of him. It let out a roar, opened its bloody mouth, and held the shadow in its mouth! The shadow was already dead after being roared and bitten by the white tiger! One of Su Zimo's strongest killing techniques, White Tiger Biting the Corpse! Qin Ce's shadow died on the spot, his primordial spirit destroyed! "Amitabha." Zen Master Hui Wen softly chanted the Buddhist mantra, his face full of regret. This time, Immortal King Pu Xuan and he did not help. After all, the shadow was just a servant by Qin Ce's side. Compared to the Emperor's identity, the difference was like heaven and earth. It was not worth their help. Below the Sword Discourse Arena, the crowd was in an uproar! Su Zimo's counterattack was so fierce that with just two Dao techniques, the shadow beside Qin Ce was killed on the spot! At the same time, many cultivators secretly rejoiced. Fortunately, they did not rashly enter the Sword Discourse Arena. Otherwise, the corpse on the arena might have been one of them! Qin Ce's face was gloomy, and his eyes flashed with a cold light. "Interesting." Qin Ce suddenly smiled, clapped his hands, and said meaningfully, "Su Zimo, you are very good. We will meet again in the future, there will be plenty of time in the future." Everyone could hear the threat in Qin Ce's words! Qin Ce was the Emperor's son, and he had the hope of competing for the Supreme Immortal Realm. With the inheritance of the Tai Qing Jade Book, he was determined to get the Jade Clear Jade Book!

Su Zimo ignored Qin Ce's threat. He just pointed at the shadow's corpse and said coldly, "Carry it away, next." The surrounding discussion suddenly became much quieter. Su Zimo had defeated two Stage Nine Heaven Immortals in a row, and even the Emperor's son, Ying Tian, had almost died. Who would dare to go up to die? Just a moment ago, a group of Heaven Immortals were eager to challenge Su Zimo. But now, Su Zimo was standing on the Sword Discourse Arena, challenging the Heaven Immortals of the Nine Heaven Immortal Realm and the Pure Lands, and no one dared to accept the challenge! "Ha ..." Su Zimo chuckled, jumped down from the Sword Discourse Arena, and returned to the Divine Firmament Immortal Realm. The Grand Elder of the Academy was full of smiles, and he looked satisfied. In the two battles just now, Su Zimo had not only won a supreme reputation for himself, but also the Heaven and Earth Academy had benefited imperceptibly from it, and its reputation had risen greatly. After that,

some Heaven Immortals went up on the arena to exchange pointers with each other, but compared to Su Zimo's battle just now, it was much more boring. The exchange of pointers between Heaven Immortals did not cause too much of a stir, and it ended quickly. Next was the main event of the Nine Heaven Convention, the battle of the True Immortal Ranking Board and the Arhat Ranking Board!

Chapter 2598

The Jianmu Mountain Range was in a semicircle, with the mountain range as the center. In the valley below, there were two huge sealed Immortal Arrays, called the Jianmu Battlefield. The Perfected Immortals of the Nine Clouds Immortal Realm and the Arhats of the Pure Lands competed in their own areas. The Jianmu Battlefield was an elimination tournament, and every Perfected Immortal could participate. The participating Perfected Immortals would receive a token called the Jianmu Token. Once True Yuan was injected into the Jianmu Token, it would activate a defensive barrier that was connected to the Immortal Arrays. No matter what danger one encountered, it could protect one's life. A True Immortal Realm expert was an irreplaceable cornerstone for any sect or force. It was impossible to let the Perfected Immortals kill each other just to compete for the Ranking List. To the Nine Firmaments Immortal Region and the Pureland of Bliss, that was why the Woodbuilder Medallion existed. On the other hand, the Jianmu Token was closely related to the final ranking. In the two Jianmu Battlefields, the top 100 Perfected Immortals with the most Jianmu Tokens would be selected to enter the final battle. There were many competitions for the Nine-Clouds Convention, but after many attempts, this format was relatively fair and reasonable. Su Zimo listened to a few sentences. This format was somewhat similar to when he participated in the Immortal Sect Selection. The two Jianmu Battlefields were already prepared. The Perfected Immortals of the Divine Firmament Immortal Realm stood up one after another. Famous experts like the Moonlight Sword Immortal, Zither Immortal Meng Yao, True Immortal Wu Feng, and Spring Breeze Sword naturally wouldn't miss the opportunity. Even Yang Ruoxu was prepared to experience the baptism of the Jianmu Battlefields. Watching from the sidelines would never improve as much as experiencing the battle. "Sister, are you not participating?" Yunzhu couldn't help but ask when she saw that Mo Qing didn't stand up. "I ..." Mo Qing was a little hesitant. Deep in her heart, she didn't want to participate in this kind of battle. Yunzhu smiled and persuaded, "Sister, you don't have to be so resistant. It's just a participation. It's best if you can rank in the top 100. If you can't, it's okay. There's no loss. There were only ten spots on the Ranking List. However, if one could rank in the top 100 in the Jianmu Battlefields, they could also get a chance to cultivate under the Divine Jianmu Tree!

In other words, during the Meeting of the Continent of the Nine Clouds, only two hundred True Celestial Immortals were qualified to practice cultivation under the Godly Imperial Tree. To the many True Immortals, this was an irresistible temptation. Under the Divine Skywood Tree, even if he only cultivated for a month, it would be equivalent to tens of thousands of years of cultivation! Furthermore, the Divine Builder Tree only hibernated once every hundred thousand years. It was a rare opportunity that could not be missed. "Alright." Mo Qing nodded. Before long, thousands of Perfected Immortals from the Divine Firmament Celestial Realm joined the battle, including the four Fairies. Apart from some True Immortals whose cultivation bases were too low and thought that they had no hope, most True Immortals planned to fight in the Builder Tree battlefield. Tens of thousands of True Immortals from the Nine Heavens Immortal Realm joined the battle. The Pure Lands' forces weren't much different. These True Immortals and Arhats held the Jianmu Token in their hands and were randomly teleported to various locations on

the Jianmu Battlefield. A chaotic battle between True Immortals had officially begun! Su Zimo took a quick look. For example, the Chess Deity Jun Yu from the Divine Firmament Celestial Realm, Qin Ce from the Grand Firmament Celestial Realm, Lin Lei from the Green Firmament Celestial Realm, Fairy Jia Lan from the Jade Firmament Celestial Realm, Zhuo Wuchen from the Green Firmament Celestial Realm, and Yun Mubai from the Green Firmament Celestial Realm. These popular candidates on the True Immortal Roll were extremely strong. At the beginning of the battle, they didn't choose to team up with others. Instead, they fought alone. No one was able to stop them! Among the four Fairies, other than the Chess Deity Jun Yu, the Zither Deity Meng Yao, and the Book Deity Yun Zhu also relied on their own methods to continuously obtain the Jianmu Tokens. Mo Qing didn't like to fight with others, nor did she take the initiative to find an opponent. Under normal circumstances, it would be difficult for her to obtain enough Jianmu Tokens in this chaotic battle. However, there were always True Immortals who thought that Mo Qing, the Painting Deity, was the weakest among the four Fairies. They thought that there was an opportunity to take the initiative to attack Mo Qing. The news of Mo Qing tearing the painting book during the Divine Firmament Convention had already spread throughout the Nine Heavens. Many True Immortals subconsciously thought that Mo Qing's battle strength had decreased sharply after losing the painting book and was not a threat.

However, these people didn't expect Mo Qing to use the Deity Ghost Immortal Demon Painting to improve her cultivation level. She also had a new understanding of the Art of Painting. Even without the painting book, Mo Qing's battle strength was considered top-notch among the True Immortals! It was just that she rarely fought with others, which created the misconception that the Painting Deity was weak and frail. With these True Immortals sending themselves to her door, the number of Jianmu Tokens on Mo Qing's body continued to increase. After all, Yang Ruoxu was only a Unity Stage True Immortal. He didn't last long inside before he was defeated by a Kongming Stage True Immortal. Regretfully, he was eliminated. Regardless of whether it was the Nine Heavens Immortal Realm or the Pure Lands, almost all the cultivators' attention fell on the two Jianmu Battlefield below. As the battle went on, everyone was constantly discussing and commenting. Su Zimo only watched for a while before he collected his thoughts. He secretly used the senses of Qinglian's true body to continuously extend his senses to the depths of the ground. Su Zimo's Divine Sense followed the thick and solid roots and gradually came to the main body of the Divine Tree of Jianmu. At this moment, he seemed to have transformed into a Creation Qinglian, taking root here. The roots intertwined with the roots of the Divine Tree of Jianmu and began to absorb the vitality of the Divine Tree of Jianmu! Su Zimo didn't dare to absorb too quickly. Firstly, he was worried that he would alarm the Divine Tree of Jianmu. Secondly, he was afraid that he would attract the attention of others. In this Nine Heavens Convention, in addition to a group of True Immortals, there were also many Celestial Kings. These Celestial Kings were all very sensitive. If there was any disturbance, it was very likely that some Celestial Kings would be suspicious! As time passed, the battle below became more and more intense. From time to time, there would be waves of exclamations from the crowd. Su Zimo didn't care, nor was he interested. He continued to secretly absorb and refine the Divine Tree of Jianmu to strengthen Qinglian's true body. In just one day, he could clearly feel that Qinglian's true body had been greatly improved! At this speed, Qinglian's true body might be able to grow to the peak of the Eleventh Stage in a few days' time! With the growth of Qinglian's true body, his cultivation realm would also rise, and he would reach the peak of the Ninth Stage Heavenly Immortal! Su Zimo focused on his cultivation, absorbing and refining the vitality of the Divine Tree of Jianmu.

Although he had been suppressing it, he couldn't help but emit a trace of the unique aura of the Divine Tree of Wood. This kind of aura mixed with the Divine Tree of Jianmu and the Creation Qinglian. Perhaps True Immortals wouldn't be able to detect it, but some Celestial Kings would be able to detect it! "Hmm?" Celestial King Qingyang's expression changed, as if he had sensed something. At the same time, Celestial King Ling Long of the Qingxiao Celestial Realm also noticed the abnormality in Su Zimo's body. Hurriedly, she conjured a secret Dao technique that shielded Su Zimo's body from the heavenly secrets through the endless voids. Celestial King Qingyang glanced sideways at Su Zimo's direction. After finding nothing, he frowned and withdrew his gaze.

Chapter 2599

Five days later. The elimination rounds of the two Builder Tree battlefields were coming to an end. In the Divine Firmament Celestial Realm, Chess Celestial Jun Yu was in the lead, and she was ranked second in terms of the number of Builder Tree Tokens. Next was the Moonlight Sword Immortal. Yunzhu, Mo Qing, and Mengyao were all in the top 100. There were only eight Perfected Immortals in the top 100 from the Divine Firmament Celestial Realm. The Four Fairies alone accounted for half of them! Some of the popular candidates mentioned before, such as Fairy Jia Lan, Zhuo Wuchen, and the others, were also in the top 100. The Crown Prince of the Grand Firmament Celestial Realm, Qin Ce, was ranked first in the elimination round! "The competition for the Perfected Immortal Leaderboard this time is too intense. From the looks of it, there are at least three people who have a chance of winning the Perfected Immortal title. The Chess Celestial Jun Yu from the Divine Firmament Celestial Realm, Qin Ce from the Grand Firmament Celestial Realm, and Lin Lei from the Green Firmament Celestial Realm." "In my opinion, Zhuo Wuchen from the Green Firmament Celestial Realm also has a chance. He's about the same as the three of them." "In the elimination round, these top experts must have hidden their trump cards. They won't reveal all of them. It's hard to say who will win in the end." In the past few days, many cultivators on the Builder Tree Mountain were talking about it. Even some of the Immortal Kings were communicating with each other, commenting on the True Immortals who were participating in the battle below. Compared to the Nine Firmament Celestial Realm, the Pure Lands' elimination round was not much of a surprise. The first in the elimination round was Shi Wunian! He had obtained the Builder Tree Token alone and was far ahead of the others. In the past five days, Su Zimo did not really watch the battles. He had been absorbing and refining the vitality energy in the Divine Builder Tree and cultivating. Qinglian's real body was growing rapidly, and her cultivation level was advancing by leaps and bounds. She was already close to the peak of the Ninth Stage! Of course, Su Zimo could not break through here even if he cultivated to the peak of the Ninth Stage and touched the threshold of the True Self Realm. Qinglian's real body stepping into the True Self Realm was no small matter. It not only meant that her cultivation level would increase, but she would also condense the Fruit of Dao and become a Perfected Immortal.

At the same time, it also meant that the Green Lotus True Body had grown to the twelfth grade. The Green Lotus of Creation had completely matured and reached its peak! At that time, no one knew what kind of changes would occur. With so many Celestial Kings surrounding them, if Su Zimo were to break through here, Qinglian's bloodline would definitely be exposed. This was no different from courting death! With so many sects, forces, and Immortal King-level experts, even the Patriarch of the Academy might not be able to protect him. Moreover, Qinglian's true body had cultivated many complicated

Daoist techniques. The Immortal, Buddhist, and Fiend Daos all cultivated taboo manuals. The Demon Dao also had a powerful cultivation technique like the Mystic Classic of the Twelve Demon Kings of the Great Wilderness. Under such circumstances, condensing a Dao Fruit and breaking through would become extremely difficult and complicated. Without a good opportunity, it would be very difficult to successfully break through. After the elimination round ended, the cultivators returned to their respective sects to rest for the night. The final ranking battle would only be held the next day to determine the ten spots on the True Immortal List and the Arhat List....

Avici Hell. Wu Dao's original body opened his eyes, and the purple flames in his eyes gradually subsided. He recovered from the vast and endless deduction of Daoist techniques and gently exhaled. He had gained a lot from the deduction this time round! He had already comprehended the crux of Wu Dao's Dharmic formulation for the next realm. However, there were still some details that he could not figure out for the time being. Furthermore, the fog ahead was gradually dissipating. Wu Dao's original body could already vaguely see the path ahead. The Daoist techniques of the human race were immortal, fiend, and Buddhist. The demons had their own demonic Daos. The ten thousand races had their own Daos. However, no matter what Daoist technique it was, it would all lead to the same destination in the end. Perhaps that was the case for Wu Dao as well. The end of the Great Dao was always similar. No matter what Daoist technique one cultivated, they would all lead to the same destination in the end. For the time being, Wu Dao could not determine his next realm. However, during this seclusion, Wu Dao's original body suddenly had a thought. It was an extremely bold idea that might even lead to death! However, once he succeeded, with this inspiration, he might be able to create a Great Dao that belonged to him alone. No one could surpass or replicate it!

To a certain extent, Wu Dao's Daoist technique was no different from the Immortal Dao, Buddhist, and Fiend Dao. It did not exceed the restrictions of this world. However, because his existence was an anomaly in itself, and he was the ancestor who founded Wu Dao, his physical body had refined thousands of mystical abilities and mystic techniques, and nurtured hundreds of scriptures. Therefore, Wu Dao could erupt with such terrifying combat strength in his hands! It was not only his disciples, Kitsune and Carefree. All living beings in the world could cultivate Wu Dao and become immortals. Everyone was like a dragon. Wu Dao did not belong to him alone. However, if he could verify his idea and fuse his anomaly with Wu Dao's foundation, he might be able to break through some kind of restriction and step into an unknown, undetectable, and untouchable world! Wu Dao's original body had always been trying to surpass him. Not only to surpass others, but also to surpass himself! During this period of secluded cultivation, Wu Dao's original body was deducing Daoist techniques while cultivating his Daoist body. The real Wu Dao body was about to reach the peak!...

On the sixth day of the Continent of the Nine Clouds Convention, the final ranking battle of the True Immortal Ranking List and the Arhat Ranking List officially began. The cultivators of the two ranking lists were divided into two areas and fought one on one. After each round, the cultivators would be given enough time to rest. Therefore, the ranking battle lasted for two days. The first battle of the True Immortal Ranking List was between Qin Ce and a Rank Nine Celestial from the Purple Heaven Immortal Realm. Although the Rank Nine Celestial was not weak, he had no chance against Qin Ce. In less than ten moves, he was defeated and admitted defeat. The second battle was between Jun Yu and a Rank Nine Celestial from the Jade Heaven Immortal Realm. Jun Yu won easily. The third battle was between Lin Lei and Mo Qing. Mo Qing did not participate in the battle and admitted defeat. Many cultivators thought that Mo Qing knew that she had no chance of winning, so she made this choice. Only Su Zimo, Yun Zhu, and a few others knew that Mo Qing did not

want to fight. To her, being able to enter the top 100 and obtain a chance to cultivate under the Divine Tree of Jianmu was enough.

Su Zimo watched a few battles casually before he calmed himself down and continued to cultivate. The sixth day passed. The final top 50 had been determined. Among them, except for Mo Qing, the Painting Fairy, who had withdrawn early, the other three Celestial Fairies were all in the top 50! The Moonlight Sword Immortal's ranking was also far ahead. Everyone knew that the ranking battle on the seventh day would be even more intense! On the last day, the top True Immortal powerhouses would clash! After a night's rest, the ranking battle began early the next morning. The remaining 50 True Immortals from the Nine Heavens Immortal Realm began to fight again. The battle was unprecedentedly intense, and the cultivators were excited and excited. During the battle, there were even two True Immortals who had used up their trump cards and ended in a draw! On the peak of Jianmu Mountain, among the cultivators, there was only one person who did not care about the ranking battle. Instead, he used this opportunity to cultivate secretly and grow rapidly!

Chapter 2600

On the seventh day of the Nine Clouds Meeting. Noon had just passed. The True Immortal Ranking Board and Arhat Ranking Board had entered the final stage! On the Pure Lands' side, Shi Wunian had won all his battles. No one could stop him. On the Nine Clouds Immortal Realm's side, Chess Deity Jun Yu, Crown Prince Qin Ce, Lin Lei, Zhuo Wuchen, and the others had won all their battles. Jun Yu's chess skills, Qin Ce's secret skills, Lin Lei's halberd, and Zhuo Wuchen's sword skills had left a deep impression on the cultivators present. If nothing unexpected happened, the Supreme Immortal of this year would be born among these people! The next battle was between Zither Deity Meng Yao and Lin Lei. Meng Yao had entered the Dao through music. If she was facing an ordinary cultivator, it would be fine. But against a top-tier True Immortal like Lin Lei, it was difficult for her to exert her power in a head-on battle. Meng Yao's music could not affect Lin Lei's Dao Heart at all. Lin Lei held his halberd and defeated Zither Deity Meng Yao! Then, Book Deity Yun Zhu and Crown Prince Qin Ce. As expected, Yunzhu was defeated in this battle. Even so, Yun Zhu's performance still attracted a lot of praise. From the beginning to the end, Yun Zhu seemed to have held back. Although she was defeated in the end, she did not look embarrassed at all. Many Celestial Kings secretly speculated that Book Deity Yun Zhu's combat strength was very likely to be ranked on the True Immortal Ranking Board. However, her ranking was not good in the elimination round, and she met Crown Prince Qin Ce in advance, which led to her defeat. In the evening. On the Pure Lands' side, the Arhat Ranking Board's battle was the first to end. This year's Arhat Ranking Board had been released! As expected, the first person on the Arhat Ranking Board, the Supreme Immortal, was Shi Wunian from the Meru Mountain of the Pure Lands! Shi Wunian had won all his battles, and he had won all his battles. There was no doubt that he was the Supreme Immortal! First on the Arhat Ranking Board: Shi Wunian Second: Wu Gou Nun Third: Wu Fourth: Xu Ba Fifth: Tian Mu Sixth: Determination Seventh: Motionless

Eighth: Luo Du Ninth: Mo Tenth: Great Ninja Meanwhile, the ranking battle in the Nine Firmament Immortal Realm was coming to an end. The first two battles were Qin Ce against Zhuo Wuchen and Jun Yu against Lin Lei. Qin Ce and Jun Yu won. This meant that the title of Supreme Immortal could only be born between Qin Ce and Jun Yu! This battle was between Lin Lei and Zhuo Wuchen. They were fighting for the third place on the True Immortal Ranking. After an intense battle, Lin Lei won a pyrrhic victory,

while Zhuo Wuchen was defeated. He had no chance of entering the top three of the True Immortal Roll! Lin Lei dragged his injured body back to the Azure Firmament Immortal Domain. Lin Luo went up to him and comforted him, "Brother, congratulations. Mother was just praising you. Third place is already very good." Lin Lei shook his head and smiled bitterly. He was only ranked third on the True Immortal Leaderboard. Of course, he wasn't satisfied. But this time, there was the Chess Goddess Jun Yu and Imperial Prince Qin Ce. He was indeed no match for them. Lin Lei rubbed Lin Luo's head gently and said earnestly, "Little sister, don't think that Su Zimo is strong in the Heavenly Immortal realm and seems to be invincible. However, there are plenty of people who are stronger than him in the Perfected Immortal realm!""Only those who enter the True Self Realm can be called true geniuses.""What he has achieved so far is nothing." Lin Luo pursed her lips and said, "Brother, how do you know that he can't do it after entering the True Self Realm? In my opinion, his potential is much greater than yours!""Hmph!" Lin Lei said with some disdain, "When he is qualified to compete in the True Immortal Ranking and gets the third place, then he can compete with me." "Lei 'er, you're still so full of yourself." Immortal King Ling Long shook her head and said, "You've been cultivating for so long and you think that you're invincible among your peers. You didn't expect that you would suffer such a great loss in Lang Feng City. Now that you've suffered a setback in the True Immortal Ranking, you still don't reflect on yourself?" Lin Lei didn't dare refute Immortal King Ling Long's rebuke. He just lowered his head and remained silent. The next battle was the focus of everyone's attention. Imperial Prince Qin Ce versus the Chess Goddess Jun Yu!

Even the monks of the Pure Land of Bliss had gathered to watch the battle. "Zimo, who do you think will win?" Yunzhu asked. Su Zimo was still cultivating, as though he did not hear or notice anything. "Zimo?" Yunzhu saw that Su Zimo was looking at the battle in front of him, but he seemed a little strange. He seemed to be in a trance. She couldn't help but feel worried. She touched him gently and called his name again. Taking a deep breath of air, Su Zimo woke up from his cultivation state. During the seven days of the Continent of the Nine Clouds Meeting, he had cultivated with the help of the Divine Tree Jianmu. Qinglian's real body had grown at a terrifying speed. She had already reached the peak of the Ninth Level Heavenly Immortal Realm! However, he hadn't sensed the threshold of the True First Level yet. If he wanted to break through, he needed to continue comprehending. He needed a suitable opportunity. Now that Yunzhu had woken him up, he didn't plan to continue cultivating. He wanted to watch the final battle of the True Immortal Ranking. "Are you alright?" Yunzhu asked. Su Zimo smiled and nodded. He recalled Yunzhu's words and said, "In my opinion, Jun Yu has a higher chance." If it had been a thousand years ago, Jun Yu and Qin Ce might have been on par. But now, Jun Yu had obtained Immortal King Ling Long's inheritance. Her battle prowess had increased significantly! As dusk fell, the battle broke out! The two True Immortal Realm experts didn't try to probe each other. They just used their strongest trump cards. In a battle of this level, the slightest carelessness could lead to defeat. Jun Yu held the chessboard with her back facing the starry sky. The entire battlefield seemed to have turned into a chessboard. She was on the outside, controlling the fate of every chess piece. Even Qin Ce was just a chess piece in her hands. Qin Ce's methods were also extremely terrifying. His Bloodline bloodline was extremely powerful. He forcefully summoned his Bloodline phenomenon. It was as if there were thousands of iron-blooded soldiers behind him. With a single order, he broke the chessboard! The battle between the two sides continued to escalate. They even used Essence Spirit secret techniques. Soon, it reached the climax and the outcome could be decided at any moment! Suddenly!

Qin Ce touched his glabella and took out a scarlet ancient book. Under everyone's watchful eyes, he quickly transformed into another him! The two of them looked identical. Even their cultivation realms were the same! It was a forbidden mystic manual, one of the Three Pure Jade Manuals, the Great Purity Jade Manual! The crowd was restless when they saw that. Qin Ce alone was already able to fight Chess Deity Jun Yu to a draw. If the two Qin Ce joined forces, how could Jun Yu resist? Back then, Su Zimo defeated Yun Ting completely because he released the Primordial Beginning Body. But now, Qin Ce used the Grand Purity Jade Book to condense a Dao Virtue Body. Although the Dao Virtue Body's physical strength was average, its Divine Sense was extremely powerful. It could even release Essence Spirit secret techniques! On the battlefield, Jun Yu's expression was calm. She didn't panic when she saw Qin Ce release this Dao Virtue Body. "In that case, I'll let you see what I'm capable of." Jun Yu's hands continuously formed hand seals. Her Divine Sense was greatly depleted. An incomparably huge pressure descended. It was as if the world was locked down and imprisoned! Jun Yu pointed at Qin Ce and said softly, "Spacetime Imprisonment!" Supreme ability, Spacetime Imprisonment!
