

Sacred King 2671

Chapter 2671

Wu Dao's main body remained silent. If the Eight Hells worked together, it would indeed be quite troublesome. He had killed Cold Spring Hell Overlord by surprise and with the help of the Prison Suppressing Cauldron. If the Eight Hell Overlords were all as strong as Cold Spring Hell Overlord, he would not be able to stop them even if he used the Prison Suppressing Cauldron. The Underworld Treasure Mirror was too evil, and he did not know how to use it. Soul Lamps were very harmful to the Primordial Spirit and soul, but the Hell Overlords had a physical body and bloodline, so Soul Lamps could not cause them direct harm. Moreover, his Yuanwu Grotto-Heaven had always been hiding an invisible danger. Every time he released the Yuanwu Grotto-Heaven, his spirit sense would warn him! If this danger could not be resolved, he would have to be careful in future battles and not use the Yuanwu Grotto-Heaven casually. Fortunately, the Infernal Court was under the influence of the Last Age, and there were no Emperor Realm experts. If his Wu Dao could take the most crucial step, even if the Eight Hell Overlords worked together, they would not be a threat! Wu Dao's main body asked, "Where can I go into seclusion here?" Right now, the most important thing for him was to seize the time and go into seclusion to digest the two scriptures he just obtained and perfect Wu Dao's derivation. After all, the Eight Hells had been independent for many years. It would not be easy to unite this power in a short period of time. This was Wu Dao's main body's chance! Princess Yufei said, "Next to the Hell Spring, there are a few secret rooms where the Hell Overlords used to cultivate. There are formations and restrictions outside, so no one can get close." "Next to the Hell Spring, the Nether Qi is the thickest, so it will be easier to absorb the power of the Hell Spring." "Okay." Wu Dao's main body nodded. It was a good opportunity for him to see the legendary Hell Spring that had strange power. Princess Yufei led Wu Dao's main body into the depths of the palace. The closer they got to the back of the palace, the faster the temperature dropped! The surrounding palace was covered in a layer of frost. "Right, there's one more thing." Princess Yufei reminded him, "The cold spring emits a bone-chilling coldness. It has an obvious suppressive effect on creatures of other bloodlines. It's most harmful to creatures living in water."

As an Ancient Ming, Princess Yufei was born from the Cold Spring, so she had no resistance to the Cold Spring of Hell. However, the other Infernal Realm beings couldn't even get close! Wu Dao's main body remained silent. As the two of them went deeper and deeper, the temperature became lower and lower. Princess Yufei didn't feel anything strange, but she was surprised to discover that Wu Dao's main body was also moving freely, as if he wasn't affected at all! On the contrary, when she stood beside Wu Dao, she could feel that there was a huge walking furnace beside her. It was warm and comfortable. One had to know that even the Ancient Underworld from the other Hells would have to release their Heavenly Abodes to resist the chill! The two of them passed through a long passageway, and it didn't take long for them to open up before their eyes. What entered their eyes was a huge lake. Mist rose from it and transformed into all kinds of creatures in the air. At the center of the lake, they could see a stream of water the size of a well. It was constantly rising. Gurgles. The spring water flowed in all directions, creating ripples that formed the huge Cold Spring Lake. If they weren't mistaken, the water at the center of the lake should be the source of the Cold Spring of Hell! Wu Dao's main body looked around and found that the sand under his feet had some traces of being submerged by the Cold Spring. Lady Jade explained, "I've heard that before the end of the Era of Law in Hell, the water flow of the cold spring was much larger than what we see now. The lake it formed was also several times larger than this one. More

than half of this hall was submerged!""Later, the world was shattered, and the Great Dao and laws were incomplete. As a result, the Cold Spring gradually dried up and the lake receded, resulting in the current state."Wu Dao's main body looked at the Cold Spring of Hell in front of him thoughtfully.The Dark Qi around the Cold Spring of Hell was indeed the densest.In other words, it was not an exaggeration to call it the center of the Cold Spring Prison.Its function and status might be even more important than the Divine Builder Tree in the Heaven Realm!In the Heaven Realm, the Divine Builder Tree could gather Heaven Earth Origin Qi and form a land suitable for all kinds of creatures to cultivate.The Cold Spring of Hell in front of them could be said to be the source of the Dark Qi in the Cold Spring Prison!

The spring water was different from the Divine Builder Tree.The Divine Builder Tree grew in the center of the Heaven Realm, motionless.The spring water flowed continuously. Tracing back to its source, there must be a spring source on the other side of the Cold Spring.The source of the Cold Spring of Hell was right in front of Wu Dao's main body. Then, where was the spring source?Wu Dao's main body was curious. What kind of spring source could produce such dense Dark Qi? This powerful force could even nourish the entire Cold Spring Prison's spring water!Wu Dao's main body stepped forward and came to the edge of the Cold Spring Lake.The lake's temperature was even lower!Even with Wu Dao's terrifying blood Qi, he could feel waves of needle-like coldness on his body. His eyebrows and hair were covered with a layer of white frost.Wu Dao's main body looked at the Cold Spring Lake and narrowed his eyes.Through the layers of cold Qi, he could vaguely see balls of light of different shapes floating in the lake water. Different creatures were nurtured in them.Human Race, Demon Race, Giant Race, Dragons ...At a glance, it was densely packed and innumerable. There were all kinds of creatures in it.These balls of light were like fetal membranes.These creatures in the fetal membranes were the souls that had escaped into the Hell Realm.These souls were immersed in the Cold Spring Lake, constantly absorbing the power of the Cold Spring Prison. With this power, they gradually developed flesh and blood and obtained new life!The souls that had just entered the Cold Spring Lake sank to the bottom of the lake.As time passed, these souls absorbed enough power and regained their flesh and blood. When they were about to awaken, they would float up.This scene was a little strange, and it made one's hair stand on end!There were also some guards around the Cold Spring Lake.These guards already knew the result of the battle outside. They looked at Wu Dao's main body with some fear.Princess Yufei explained, "These are the Ancient Ming Race's reception guards. If there are Ancient Ming incarnations, there will be guards to receive them, teach them the Dao, awaken their bloodline, and then go over there to cultivate the Cold Spring Scripture."Following Princess Yufei's gaze, Wu Dao's main body saw a tall stone tablet beside the Cold Spring Lake.

Densely packed words were carved on it. They were all strange runes.Wu Dao's main body came closer and read the Cold Spring Scripture from top to bottom.He had first read the Nine Springs Hell Scripture, and then read the Cold Spring Scripture. It was much smoother for him, and some obscure parts became easier to understand.Wu Dao's main body memorized the Cold Spring Scripture. Then, under Princess Yufei's guidance, he came to a secret cultivation room.Although it was called a secret cultivation room, it was actually quite spacious. It was equivalent to a large-scale cave residence. There were all kinds of miscellaneous items inside.Wu Dao's main body gave a few more instructions to Princess Yufei. Then, he began his closed-door cultivation in the secret cultivation room.This closed-door cultivation was very important. It was a great leap in cultivation. It would determine Wu Dao's future limit!

Ten days had passed since the Conference of the Nine Clouds. During this time, the news about Araki Takeshi from the Demon Region causing trouble at the Conference of the Nine Clouds spread throughout the Heaven World, causing a huge shock! Almost everyone in the Heaven World knew that a new demon had appeared in the Demon Region. At the Conference of the Nine Clouds, he had suppressed the Celestial Kings of the two regions. In the end, even the Imperial Emperors of the two regions had appeared. This matter had even spread to the Heaven World, and the experts of other worlds had heard about it. The news about the Conference of the Nine Clouds continued to spread in the Heaven World, causing countless discussions. No one knew that the initiator of this matter, Araki Takeshi from the Demon Region, had fallen into the Hell World and was completely isolated from the medium-world. Qinglian's real body was cultivating in seclusion in the Qingxiao Celestial Region, looking for an opportunity to break through. During the Conference of the Nine Clouds, Su Zimo had used the Divine Tree of Jianmu. Qinglian's real body had absorbed enough energy to support him condensing a Fruit of Dao and stepping into the True First Level. However, it was far more difficult for him to become a True Immortal than other cultivators and creatures! This was because Qinglian's real body had cultivated many different Tao Skills. Moreover, the power of each Tao Skill was extremely strong. Almost all of them were comprehended from forbidden scriptures, so they couldn't be assimilated by other Tao Skills. As the Human Emperor and Immortal King Ling Long had said, if he wasn't Qinglian, his body and primordial spirit wouldn't be able to contain so many Tao Skills, and he would have exploded long ago. Because of Qinglian, whether it was the Celestial Way, Buddhist Way, Demon Way, or Monster Way, they were all his opportunities. Before reaching the True First Level, he hadn't encountered too many difficulties. However, if he wanted to step into the True First Level, he had to condense a Fruit of Dao! Fruit of Dao was the condensation of the essence of a Tao Skill. It could be said to be the culmination of a Tao Skill. If he wanted to condense a Fruit of Dao from the Celestial Way, Buddhist Way, Demon Way, and Monster Way, he would face a huge rejection and conflict. It was as difficult as ascending to the heavens! Su Zimo needed an opportunity. If it was before this, it would be very difficult for him to get this opportunity in a short time. Not to mention ten days, ten years, or even a hundred thousand years, he might not be able to take this step!

However, with Immortal King Ling Long's guidance, he was able to translate the Yin Yang Talisman Scripture. With his current cultivation, he was still unable to comprehend his own Dao Art from the Yin Yang Talisman Scripture. But even then, he'd obtained a great deal of experience and comprehension from the Yin Yang Talisman Scripture in these ten days. Yin and Yang clashed and formed all things. All things in the world had the Dao of Yin and Yang. Heaven and earth, sun and moon, day and night, cold and heat, movement, opening and closing, life and death ... Yin and Yang, the Dao of Heaven and Earth, the outline of all living things, the origin of life and death, the abode of the gods. If he wanted to condense the immortal, Buddhist, fiend and demon Dao techniques into a single Dao Fruit, he would have to complement it with the Dao of Yin and Yang, the power of Yin and Yang and the form of Taiji to fuse them into one! Inside the cave, Su Zimo suddenly opened his eyes. His left eye was pitch black, while his right eye was pure white. The Candlelight and Nether Glow Divine Stones seemed to transform into Yin and Yang as they flashed across his eyes. Su Zimo floated down from the bed. At the entrance of the cave, Lin Luo heard the commotion inside and woke up from her cultivation. She stood up. Over the past few days, she had been guarding Su Zimo here. If Su Zimo had any instructions, she would be able to help him at any time. "How is it?" Lin Luo looked at Su Zimo with anticipation in her eyes. Their cultivation levels were the same, but she hadn't found the opportunity to break through. Su Zimo didn't say much

and only nodded. Lin Luo was smart and instantly understood what Su Zimo meant. Her eyes lit up as she said, "I'll inform my mother now!" Lin Luo opened the door of the cave and was about to send a message when Lin Zhan suddenly appeared not far away. He asked, "Luo 'er, what's wrong?" Over the past few days, not only Lin Luo, but Lin Zhan also didn't go far. While they were cultivating, they were also keeping watch nearby. Su Zimo bowed to Lin Zhan. Lin Zhan's face was obviously a lot redder than ten days ago. The Yin Yang Talisman Scripture was indeed a magical book. In just ten days, it had a great effect on Lin Zhan's injuries.

Of course, the time was too short. Lin Zhan hadn't recovered to his peak, and his injuries hadn't healed completely. Before Lin Luo could say anything, Lin Zhan's gaze swept across Su Zimo's body. He had already sensed a huge amount of energy that was about to burst out from his body! This was a sign that he was about to break through! "Good, good, good!" Lin Zhan nodded and said, "Ling Long has been setting up an immortal array these few days to hide your aura. Follow me." Lin Zhan brought Su Zimo and Lin Luo directly into the void and descended into a valley. "This is the territory of the Battle Kingdom. There's no one within a thousand miles." Lin Zhan explained, "With the help of the immortal array and Ling Long casting a spell for you, you won't attract anyone's attention if you undergo the tribulation here. It's enough to hide from everyone!" "Thank you, Seniors." Su Zimo bowed and thanked them. This was very important to him. The game between him and the person who had set up the array had already started. Before this, he was in a passive position in every aspect, and he was in the open. It was even to the extent that he didn't know exactly who was manipulating his fate. But now, with the help of the Human Emperor and Immortal King Ling Long, he could take the initiative in this game! At this moment, Immortal King Ling Long sensed the commotion and also came over. Lin Lei followed behind her. The two of them looked a little pale, and their auras were weak. In 10 days, in order to set up this immortal array, Immortal King Ling Long and Lin Lei had obviously expended a lot of energy! Su Zimo was grateful and thanked them again. He looked at Lin Lei and also cupped his hands. "Brother Lin, thank you." Lin Lei nodded and said calmly, "No need to thank me. If you hadn't given my sister the Woriless Fruit and the Nine Transformation Yang Pill, I wouldn't have bothered to help you." Su Zimo smiled and didn't say anything. Immortal King Ling Long frowned slightly and shook her head helplessly. She thought to herself, "Child, if you know that you and Luo 'er were saved by someone else in the Jade Firmament Immortal Realm's Lang Feng City, I wonder how ashamed you would be now." This matter involved Su Zimo's secret, so Immortal King Ling Long couldn't explain it. She could only roll her eyes at Lin Lei.

Immortal King Ling Long turned to Su Zimo and said gently, "Zimo, this immortal array has been set up. You can go through the tribulation here with peace of mind. Don't worry about anything." "What you need to do is to deal with the Truth One Heavenly Tribulation. Don't be careless!" Lin Zhan also reminded, "The Truth One Heavenly Tribulation is no small matter. Especially from the 79 Heavenly Tribulations onwards, there will be a qualitative improvement, and its power will skyrocket. You must be careful." Lin Zhan glared at Lin Lei again and said, "Back then, when Lei 'er was going through the Truth One Heavenly Tribulation, he was almost killed by the 79 Heavenly Tribulation!" At the mention of this, Lin Lei's face turned red. Being scolded by his father in front of others, Lin Lei felt a little embarrassed, but he didn't dare to refute. He could only mumble softly, "Let him go through the 79 Heavenly Tribulations first." Generally speaking, the stronger one's talent and the greater one's potential, the more terrifying the True Martial Heavenly Tribulation would be! Thunder Emperor Feng Cantian and Human Emperor Lin Zhan had both gone through their 89 Heavenly Tribulations! For example, Lin Lei and

Immortal King Ling Long had both gone through the 79 Heavenly Tribulations. To be able to go through the 79 Heavenly Tribulations was already a rare talent!

Chapter 2673

"You two should go back." Immortal Emperor Ling Long glanced at Lin Lei and Lin Luo and said all of a sudden. Su Zimo's tribulation this time round was no small matter. In the process of resisting the Heavenly Tribulation, the bloodline of the Creation Green Lotus would definitely be exposed! Immortal Emperor Ling Long trusted her children, but the matter was related to Su Zimo's life. The fewer people who knew about it, the better. Lin Lei did not say anything. He was not interested in Su Zimo's Tribulation in the first place. Lin Luo's eyes flickered with a hint of disappointment. She had also achieved the Ninth Stage Heaven Immortal Realm, but she had yet to find the opportunity to break through. Su Zimo's Tribulation of the First Heaven Immortal Realm was not only a rare experience for her, but it might also allow her to comprehend something and find the opportunity to break through. Su Zimo was startled when he sensed the change in Lin Luo's emotions. He smiled and said, "Seniors, let them stay here and watch." "This ..." Immortal Emperor Ling Long hesitated. Su Zimo shook his head slightly, implying that it was fine. He could tell what Immortal Emperor Ling Long was worried about. However, he had a feeling that his Qinglian's bloodline would be exposed after the Tribulation today! Even if the person behind the Tribulation of the First Heaven Immortal Realm did not make a move, he would still have a showdown with them. Besides, Lin Luo had been guarding him in the cave for the past few days while Lin Lei was setting up the formation here. It was his reward for letting them watch from the side. Immortal Emperor Ling Long was overjoyed after receiving Su Zimo's permission. Qinglian's Tribulation of the First Heaven Immortal Realm was extremely rare. It would surely be a great spectacle! No one knew what was going to happen during the process. However, one thing was for sure, if Lin Lei and Lin Luo were allowed to watch from the side, it would be a great opportunity for them! "Why aren't you thanking them?" Immortal King Ling Long reminded. Lin Luo happily cupped her hands towards Su Zimo and said, "Brother Su, many thanks!" "For what?" Lin Lei felt a little baffled. He curled his lips and said, "What's there to see? It's not like I haven't passed the Heavenly Tribulation of Innate One." "Hmph!"

Lin Zhan narrowed his eyes and said coldly, "Back then, in the Demon Region, the Thunder Emperor was lucky enough to witness Araki Takeshi's Heavenly Tribulation. That was how he was able to enter the Grotto-Heaven and be bestowed the title of King. What do you think is there to witness? Are you comparable to the Thunder Emperor?" Lin Lei was most afraid of his father. After being scolded by Lin Zhan, he didn't dare to retort and kept quiet. But in his heart, he disagreed and thought to himself, "I can't compare to Senior Thunder Emperor, but Su Zimo is not Araki Takeshi." At that moment, Su Zimo had already arrived at the center of the valley. The Human Emperor Lin Zhan, Immortal King Ling Long, Lin Lei, and Lin Luo all retreated and came to the mountain peak at the edge of the valley to watch from afar. Rumble! Su Zimo had just stood still when a deep rumble of thunder came from the sky. It was as if countless gods were driving chariots slowly in the sky. Just a moment ago, the sky was clear and cloudless. In the next moment, countless dark clouds floated towards this place. They kept gathering and spinning slowly, forming a huge dark cloud vortex above this valley! As time passed, the color of this cloud became darker and darker. It was as if ink could drip out from it! Streaks of red lightning were already faintly discernible in the dark clouds. The huge and dense dark clouds covered the sky. The entire valley seemed to be shrouded in a gloomy darkness. Space seemed to have frozen, and the atmosphere

was oppressive. A huge pressure lingered between heaven and earth. Everything was silent! Lin Lei frowned slightly. Although it was only the first stage of the Heavenly Tribulation, he could clearly feel that this first stage of the Heavenly Tribulation was much more powerful and terrifying than the one he had experienced in the past! "It seems to be more powerful than Big Brother's in the past." Lin Luo also whispered. Crack! As soon as she finished speaking, the first stage of the Heavenly Tribulation descended! Crimson lightning fell from the sky, cutting through the night sky. It was dazzling and directly fell on Su Zimo's body! Boom! Standing on the spot, Su Zimo did not move at all, allowing the scarlet bolt of lightning to strike his head while his body was surrounded by electric arcs. Su Zimo bathed in lightning. With the help of the Heavenly Tribulation, he crazily tempered and baptized Qinglian's real body.

In the process, Qinglian's real body was also rapidly growing and advancing toward the twelfth stage! For Su Zimo, transcending the Heavenly Tribulation was not only about condensing Dao Fruit. His Qinglian's real body would also be reborn in this tribulation, growing to the peak and becoming a fully mature body! Only with a strong enough body and bloodline would one have the confidence to use the Heavenly Tribulation to temper the body. In Su Zimo's eyes, the Heavenly Tribulation was not a killing tribulation, but a huge opportunity! Only by bathing in lightning and enduring the baptism of the Heavenly Tribulation could Qinglian's real body completely transform! Boom! Boom! Boom! The first stage of the Heavenly Tribulation had a total of nine bolts. Each bolt was more powerful and ferocious than the last. The initial bolt of Heavenly Tribulation was only as thick as an infant's arm. By the ninth bolt, it had turned into a scarlet sea of lightning that surged towards Su Zimo! Su Zimo stood in the sea, unmoving. The aura in his body did not weaken at all. Instead, it kept rising. When the lightning tide receded and the first tribulation ended, Lin Lei and Lin Luo could clearly see that Su Zimo was unscathed! From beginning to end, he did not even move a finger. "So strong!" Lin Luo let out a sigh of relief and praised. "Not bad." Lin Lei nodded and said, "Little sister, do you remember when I transcended the Heavenly Tribulation, I relied on my body and bloodline to survive the first three tribulations?" Lin Lei did not say it directly, but the meaning was obvious. He wanted to prove that he was stronger than Su Zimo. Of course, Lin Luo understood. She smiled and didn't say anything. As the two talked, the second tribulation had already descended. Yellow lightning fell continuously with great momentum, shaking heaven and earth! The first tribulation, the second ... the ninth! The ninth tribulation of the second tribulation had already transformed into a golden sea of lightning. It shone with a blinding golden light that pierced through the void, as though it wanted to destroy the entire valley! Su Zimo was still motionless, as though his feet were rooted deep into the ground. No matter how the sea of lightning struck or how huge the waves were, it could not destroy him! After the second tribulation ended, the third tribulation descended quickly, as though it sensed that it could not pose any threat to Su Zimo. It did not give Su Zimo any chance to catch his breath.

Green thunderbolts bombarded him one after another! The bloodline in Qinglian's true body circulated continuously and absorbed the surrounding thunderbolts like a whale swallowing a cow, hungry and thirsty. Every single inch of Su Zimo's bones shone with electric arcs. Enveloped by the tribulation and blasted by the thunderbolts, he closed his eyes and multitasked. In fact, he even started cultivating the Void Thunder Manual, making use of the power of the tribulation to refine his body and bones once more and change his blood! Cultivating a cultivation technique while transcending the tribulation could be said to be unprecedented. In the blink of an eye, the third tribulation dissipated! Su Zimo stood on the spot the entire time without moving at all. In fact, he did not even open his eyes! Lin Lei frowned

gradually. Back then, although he had relied on his body and bloodline to survive the first three levels of the Heavenly Tribulation, which was a total of 27 bolts, he had been struck until he was in a sorry state and covered in wounds. How could he be as calm and composed as Su Zimo? Those who did not know better would think that this person had fallen asleep during the tribulation! Lin Luo looked at Lin Lei with a fake smile. At this point, it was clear who was superior between the two of them.

Chapter 2674

The fourth Heavenly Tribulation was accumulating. Blue thunderbolts intertwined and condensed into a gigantic beam of light that descended from the heavens and smashed onto Su Zimo's body. Faced with the fourth Heavenly Tribulation, Su Zimo still did not choose any mystic skills or weapons. He closed his eyes and bathed in the thunderbolts to temper his body with the Heavenly Tribulation. Boom! Boom! Boom! Thunder rumbled and was deafening. Under the continuous bombardment, the fourth and ninth Heavenly Tribulations were formed in the blink of an eye. An azure ocean had formed in the sky above the valley. It surged as though it wanted to destroy everything in the world as it washed over the figure in the center of the valley. However, the figure stood motionless at the bottom of the deep sea. The aura in his body was still rising and getting stronger! It was as though he was provoking the Heavenly Tribulation! Lin Lei pursed his lips tightly and said nothing. He was well aware of the power of the fourth Heavenly Tribulation. Back then, he survived the fourth Heavenly Tribulation entirely because of the divine weapon that his father forged for him! Rumble! Boom! In the blink of an eye, the fifth Heavenly Tribulation descended. Purple lightning surged and thunder shook the world. Heaven and earth were filled with a dazzling purple light! Among the four people watching from afar, Lin Luo had the lowest cultivation realm. She could only see endless purple light in front of her and could not even see Su Zimo's figure. Even though she was standing at the edge of the valley, she could still feel the terror of the purple thunder tide! Lin Luo was secretly shocked. Given her condition, it would be difficult for her to survive the fifth Heavenly Tribulation even if she broke through now! The experience of watching from the sidelines made Lin Luo realize her inadequacies. She calmed down and was no longer in a hurry to find an opportunity to break through. Instead, she prepared to continue cultivating and sharpen her Dao techniques. Finally, the purple thunder tide retreated. Lin Luo focused her gaze. Su Zimo was still standing in the distance without moving. Even the grass and trees around him were destroyed by the purple thunder tide and the sand and soil were scorched black. However, his green robes were still spotless! He had withstood the first five Heavenly Tribulations of the First Truth with his body and bloodline!

Immortal King Ling Long glanced at Lin Zhan and spoke in a light voice, "Back then, you seemed to have reached this step as well." Lin Zhan shook his head slightly and said, "Back then, in order to temper my body, I chose to go through the Heavenly Tribulation with my own body. However, I could only endure until the fifth stage at most. My body was torn apart by the Heavenly Tribulation, and my flesh was badly mangled. I was far from having it as easy as him." "In my opinion, with his physical body and bloodline, it won't be a problem for him to take on the Sixth Stage of Heavenly Tribulation." When he heard that, Lin Lei's heart skipped a beat as he suddenly remarked, "There were rumors that Su Zimo is someone of the Dragon race and possesses the bloodline of the Dragon race. Could that be true?" As far as he knew, only a few races, such as the God Race and the Dragon Race, could withstand the Fifth Heavenly Tribulation with their physical bodies. Moreover, only the peerless geniuses of those races could withstand the Fifth Heavenly Tribulation. "The rumors can't be trusted." Immortal King Ling Long said calmly. While they were talking, the sixth tribulation had already descended. The gray lightning was

mixed with the aura of death. Wherever it passed, all life would be extinguished! Gray lightning descended one after another. It was as if it wasn't a Heavenly Tribulation, but a scythe from hell that harvested life. These gray lightning smashed onto Su Zimo's body, and a series of loud bangs were heard. Under the gazes of the four people, Su Zimo's body finally moved! However, he only shook slightly before returning to normal! Su Zimo still didn't open his eyes. From the beginning of the Heavenly Tribulation, he had been standing there. No matter how the Heavenly Tribulation struck him, he stood there without collapsing. He was like a god that controlled lightning! The sixth tribulation was about to end, but it still didn't hurt Su Zimo at all. This kind of Heavenly Tribulation was unprecedented. Even with Lin Zhan and Immortal King Ling Long's experience, they didn't dare to imagine it! "As expected of the Green Lotus of Creation." The two of them looked at each other and sighed in their hearts. Lin Luo suddenly said, "Will Brother Su ... attract the 99 Heavenly Tribulation?" 99 Heavenly Tribulation! Hearing these words, Lin Lei was shocked. He immediately said, "How is that possible? 99 Heavenly Tribulation. There might not be one in the Heaven Realm in a million years. Back then, Father only attracted the 89 Heavenly Tribulation. "

"Besides, how powerful is the 99 Heavenly Tribulation? Since ancient times, according to the ancient records, more than half of the geniuses have died under the 99 Heavenly Tribulation! ""If he really attracts the 99 Heavenly Tribulation, he might lose his life." In fact, Lin Lei could also see that the 99 Heavenly Tribulation was obviously not Su Zimo's limit. From this point of view, Su Zimo had already surpassed him. Rumble! The 99 Heavenly Tribulation condensed, and the color of the lightning was even darker. It had become completely pitch-black, emitting a terrifying aura! Lin Lei subconsciously clenched his fists. Although he had been undergoing the Heavenly Tribulation for many years, seeing this black lightning still evoked some fear in the depths of his memory. Back then, under the impact of the 99 Heavenly Tribulation, he really had a narrow escape! He knew how terrifying the 99 Heavenly Tribulation was. Lin Lei believed that in the face of the 99 Heavenly Tribulation, Su Zimo would not be able to withstand it with his body and bloodline! Rumble! The first Heavenly Tribulation of the seventh Heavenly Tribulation descended. The pitch-black lightning was like a black spear, indestructible and unstoppable! Su Zimo still did not move. He did not even open his eyes. Just as the black spear was about to pierce the top of his head, he suddenly extended a finger and collided with the black spear. The collision of the spear and the fingertip caused the world to tremble! A visible ripple in the void spread in all directions. Air billowed and lightning splattered everywhere! The black spear shattered into pieces with a bang. The first Heavenly Tribulation of the seventh Heavenly Tribulation was destroyed by Su Zimo's finger just like that! Lin Lei was dumbfounded. Heavenly Tribulation could be transcended like that? Back then, the 99 Heavenly Tribulation that almost killed him was destroyed by this person's finger! There were no mystic skills, divine weapons or Dharma treasures. How could Lin Lei know that Su Zimo's Qinglian True Body had already grown to the peak of Grade 11 with the help of the baptism and tempering of the previous Heavenly Tribulations? It was also tempered by the taboo secret manuals, Jade Pure Jade Manual and Heaven Burial Sutra. It was also augmented by the Divine Elephant Breath Devouring Technique, Void Thunder Manual and many other top-tier cultivation techniques. Even top-tier divine weapons could not compare to his body and bloodline! Boom! The second Heavenly Tribulation descended. Su Zimo closed two fingers and formed a sword seal, pointing at the Heavenly Tribulation. Bang! The second Heavenly Tribulation dissipated once more! Boom! Boom! Boom! Several Heavenly Tribulations descended from the skies in succession. Su Zimo closed his eyes and merely waved a single hand. His fingers, fists, palms and hand seals changed freely as he wished, shattering the 99 Heavenly Tribulations into pieces! In the blink of an eye, the eight Heavenly Tribulations of the

seventh Heavenly Tribulation were over. The ninth Heavenly Tribulation gathered above the firmaments and countless lightning bolts spun slowly, forming a pitch-black lightning tide that was prepared to accumulate the power of the Heavenly Tribulation to its peak before pouring down! Right then, Su Zimo raised his head and opened his eyes! A blinding beam of light burst forth from his right eye! Boom! This beam of light rushed into the pitch-black lightning tide and blasted it into pieces!

Chapter 2675

"This ..." Lin Lei and Lin Luo were dumbfounded. This was the 79 Heavenly Tribulations, the black lightning tide that had almost killed Lin Lei back then. Now, Su Zimo had destroyed it with a single glance! Even the Human Emperor Lin Zhan and Immortal King Ling Long were shocked, let alone the siblings. The two of them had long known that Su Zimo had the bloodline of Qinglian's true body, but they did not expect it to be so powerful! Just one eye technique was enough to destroy the last lightning tide of the 79 Heavenly Tribulations! What kind of technique was this? Lin Zhan glanced at Lin Lei and said, "Now you should realize the difference between the two of you." Lin Lei didn't say anything. This meant that if he was a Stage Nine Heaven Immortal, Su Zimo could suppress him with this eye technique! The difference was too great! Lin Lei clenched his fists and comforted himself. "Tribulation is just a process. It doesn't represent future achievements." "Perhaps when Su Zimo enters the True One Realm and cultivates to my level, it's still unknown who is stronger and who is weaker." Lin Lei had a preconceived notion of Su Zimo. He thought that Su Zimo was trying to get close to Lin Luo because he had ulterior motives. That was why he was prejudiced. It was not that Lin Lei was purposely targeting Su Zimo. It was that in the past few years, the Warring States Kingdom had been plagued by internal and external troubles. Countless enemies were watching them from the dark. There was once someone who wanted to target Lin Luo, so Lin Lei had to be careful. When the two of them first met, Su Zimo was only a Stage Five Heaven Immortal. The difference between the two of them was huge. Lin Lei did not take Su Zimo seriously at first. Now that he saw Su Zimo showing signs of surpassing him, he could not accept it. While Lin Lei was lost in his thoughts, the eighth Heavenly Tribulation was formed! Crack! A white heavenly tribulation descended from the sky! This time, Su Zimo didn't stay where he was. Instead, he soared into the sky and rushed towards the Heavenly Tribulation! Back then, Wu Dao's original body had made such a choice when he faced the eighth Heavenly Tribulation of True Martial. Now, Qinglian's real body also chose to face the 89 Heavenly Tribulations!

Boom! Su Zimo raised his fist and collided with the white Heavenly Tribulation. His entire body shook violently, and his momentum that was soaring into the sky instantly stopped, stopping in mid-air. White lightning bolts poured into Qinglian's body through her pores, washing her flesh and bones and cleansing her organs. Su Zimo frowned slightly. The power of the 8-in-9 Heavenly Tribulation was completely raised to another level! Although Qinglian's real body had withstood the first wave of the 89 Heavenly Tribulation, she had also suffered quite a bit of impact. "The 89 Heavenly Tribulations are no small matter." Lin Zhan said solemnly, "Since ancient times, no one has been able to withstand the impact of the 89 Heavenly Tribulation with their physical body." Immortal King Ling Long said, "Back then, under the impact of the 89 Heavenly Tribulation, you were severely injured and almost lost your life. The situation back then is still unforgettable." In mid-air, Su Zimo stood in the air, seemingly digesting the power of the first wave of the 89 Heavenly Tribulation. Crack! The 89 Heavenly Tribulation didn't give him any time to catch his breath at all. The second wave of Heavenly Tribulation arrived instantly! Su Zimo's eyes lit up. He directly used his innate ability, Six Tusks Divine Power! On his back, six

jade-white elephant tusks pierced through his flesh and grew rapidly. They were sharp and filled with a powerful ancient aura! Su Zimo's physical body and the power of his Primordial Spirit instantly increased by more than six times! "Eh?" Lin Zhan and Immortal King Ling Long exclaimed softly. The two of them could clearly see that on Su Zimo's back, under the six elephant tusks, another two elephant tusks faintly appeared! However, these two elephant tusks were extremely small. They were only two shadows and couldn't be compared to the six elephant tusks at all. Although there were only two additional elephant tusks, Su Zimo's body exuded a strange aura! "Supreme Divine Power?" Lin Zhan and Immortal King Ling Long looked at each other and could see the guess in each other's hearts. This innate ability had already touched the threshold of a Supreme Divine Power! In fact, after Su Zimo obtained the Divine Elephant Breathing Technique, he would deduce and comprehend it every time he went into seclusion. After the Six Tusks Divine Power merged with the Divine Elephant Breathing Technique, this innate ability also gradually transformed.

However, due to his cultivation realm, Su Zimo hadn't completely comprehended it yet. The Six Tusks Divine Power also hadn't completely transformed and evolved. If this innate ability could transform into the Eight Tusks Divine Power, it was very likely to reach the level of a Supreme Divine Power! Boom! With the help of the Six Tusks Divine Power, Su Zimo raised his hand again and shattered the second tribulation that descended! Qinglian's true body endured the first two tribulations with her physical body! Immediately after, the third tribulation descended. "Spirit Turtle Shield!" Su Zimo unleashed another innate ability. It could be considered his most powerful defensive technique so far. Boom! With an earth-shattering explosion, the Spirit Turtle Shield shattered. With the support of the two innate abilities, Su Zimo rose against the momentum and continued to climb, getting closer and closer to the tribulation clouds in the sky. Crack! The fourth tribulation descended. "Great Vajra Wheel Seal!" "Great Meru Mountain Seal!" Two Buddhist supreme seals erupted in succession. The tribulation clouds in the sky seemed to descend as two huge majestic mountains and shattered the tribulation clouds. However, the tribulation wasn't over. The tribulation clouds had just shattered and quickly gathered again. Crack! The fifth tribulation descended. "Kill Symbol Technique!" "Burning Sky and Boiling Sea!" "Paramita Bridge!" "Lotus Steps!" "Plucking the Stars with One Hand!" Su Zimo's Essence Spirit was terrifying and extremely condensed. He unleashed five innate abilities consecutively. In an instant, the ground shook and the clouds changed color! Boom! Boom! Boom! Boom! Boom! Five innate abilities shot into the sky. Not only did they shatter the fifth tribulation, but they also rushed into the tribulation clouds and stirred up the tribulation clouds again! Lin Zhan was shocked. With his Essence Spirit, unleashing three innate abilities consecutively was already close to his limit. If he forcefully unleashed the fourth innate ability, his Essence Spirit might suffer some internal injuries. If he unleashed five innate abilities consecutively, his Essence Spirit might collapse first! Crack!

The tribulation clouds gathered again, and the sixth tribulation descended! "White Tiger Devours the Corpse!" Su Zimo's body was filled with blood mist and murderous aura. He pointed to the west. Roar! Accompanied by a deafening roar, the wind whistled, and a huge white tiger saint beast appeared from the west, swallowing the sixth heavenly tribulation into its stomach. Then, the white tiger saint beast rushed into the tribulation clouds and galloped. Under the white tiger saint beast's attack, the tribulation clouds gathered at a much slower speed. Su Zimo's figure continued to climb. The continuous attacks of the 89 Heavenly Tribulations couldn't stop him at all! Crack! The seventh tribulation descended. "Heaven Releases Killing Intent, Shifting Stars!" "Earth Releases Killing Intent, Dragons and Snakes Rise!" "Man Releases Killing Intent, Heaven and Earth Overturn!" Heaven Kill, Earth Kill, and Man Kill — the three great sword techniques were unleashed at the same time! Billions of sword auras shot

into the sky.Countless stars appeared in the sky. Starlight sparkled, and sword light flashed.Dragons and snakes circled, summoning the wind and rain.Man Kill Sword Intent, Heaven and Earth Overturned!

Chapter 2676

The three great sword arts erupted at the same time. The tribulation clouds in the sky were riddled with holes and were cut into pieces.Sword Qi rushed into the sky, and the earth shook!Even Lin Zhan and the other three, who were far away at the edge of the valley, could feel the intense sharpness. It was like a thorn that rushed towards them!Too powerful!Back then, even Human Emperor Lin Zhan almost died when facing the impact of the 89 Heavenly Tribulations and defended with all his might.But now, Su Zimo actually went against the trend and fought the Heavenly Tribulation head-on!What was even more terrifying was that Su Zimo's every attack was clearly stronger than the first level of the 89 Heavenly Tribulations!Even the 89 Heavenly Tribulations couldn't stop Su Zimo's constantly rising figure.Crack!The eighth Heavenly Tribulation descended.Su Zimo activated his Essence Soul, and the hand seals in his hands changed again. Four balls of flames of different colors appeared beside him, emitting a terrifying aura.Under the control of his hand seals, the four balls of flames quickly condensed and merged, forming a huge fireball that collided with the incoming Heavenly Tribulation.At the same time, a Essence Soul flame was released from Su Zimo's glabella and fused into the fireball.Whoosh!The flames burned brightly!This huge fireball seemed to have become a blazing sun that rapidly rose in the valley. It was dazzling and burned the surrounding void until it distorted.Lin Zhan and the other three, who were standing at the edge of the valley, felt the sharpness of the sword Qi just now. In the blink of an eye, it was as if they were at the mouth of a volcano. Their faces reflected red light, and they were shocked.The Pentadhi Dao Fire erupted!Boom!The Heavenly Tribulation collided with the fireball, emitting a loud bang!The Heavenly Tribulation dissipated. A huge hole was blasted in the fireball by the Heavenly Tribulation. The surface of the fireball was covered in cracks, and countless fire rain fell.But the Dao technique of the Pentadhi Dao Fire still didn't dissipate!"Go!"Under Su Zimo's shout, the fireball that was about to shatter continued to rise and rushed into the tribulation clouds before exploding!Boom!A red light exploded in the tribulation clouds, bursting forth with tens of thousands of rays of light. It rapidly spread out and enveloped all the tribulation clouds!

Red light filled the sky. All the tribulation clouds seemed to be burning, forming pieces of broken clouds of fire.Half of the sky was burning!There was only one last Heavenly Tribulation left, and it was also the most powerful Heavenly Tribulation!Although the tribulation clouds in the sky were burning red, they were still trying to condense and release the last of the 89 Heavenly Tribulations.At this time, Su Zimo had already arrived in the sky and stood in the middle of the tribulation clouds. His eyes were deep as he looked around. Suddenly, he took a deep breath and roared."Roar!"A dragon's roar reverberated throughout the heavens and earth, piercing through gold and splitting rocks, deafening everyone!This roar was filled with endless majesty.Dragon Roar Secret Technique erupted!The roar almost materialized and shook the void, forming ripples visible to the naked eye. Like waves of water, they spread out in all directions!The tribulation cloud that had just condensed was shattered by this roar before it could release the last of the 89 Heavenly Tribulations!The tribulation clouds dispersed, and the sky returned to its original blue color."This ..."Lin Lei's eyes were lifeless, and he couldn't come back to his senses for a while."Tribulations can be transcended like that?"Lin Lei's eyes widened and he could not help but ask, "He shattered the last of the 89 Heavenly Tribulations with a single roar?"Even though he witnessed it with his own eyes, he still could not believe it.Immortal King Ling Long shook her head

gently. "To be precise, he didn't just rely on a sound domain secret skill." "In reality, Zimo had the upper hand in every round of confrontation between divine powers and secret skills." "The energy of some Divine Abilities, fierce Sword Insight, blazing flames, and various other Dao Arts were ceaselessly accumulating and accumulating within the tribulation cloud before completely erupting with that roar!" Lin Lei was enlightened. The Heavenly Tribulation was accumulating power continuously with thunderbolts descending one after another. It was only until the ninth Heavenly Tribulation that the power was pushed to its limits. As for Su Zimo, he countered attacks with attacks. Similar to the Heavenly Tribulation, he was accumulating power continuously before he could release it and destroy the 89 Heavenly Tribulations. Lin Lei could no longer tell if the Heavenly Tribulation was transcending Su Zimo or if Su Zimo was transcending the tribulation. Lin Luo had just regained her senses. She chuckled softly and said, "Although Brother Su and Father are both transcending the 89 Heavenly Tribulations, Brother Su is obviously much more relaxed than Father. He is almost unscathed."

Lin Zhan and Immortal King Ling Long did not speak. Instead, they looked at the sky above the valley with solemn expressions. "Father, Mother, I'll go and congratulate Brother Su." Lin Luo said with a smile and was about to go forward. Immortal King Ling Long suddenly reached out and pulled Lin Luo back. "What's wrong?" Lin Luo was a little confused. Seeing her mother's strange expression, she followed their gazes. Above the valley, Su Zimo was still standing in the air with his head slightly raised. He had no intention of leaving. At some point in time, thick tribulation clouds had appeared in the clear blue sky again. These Tribulation Clouds seemed to come from the end of heaven and earth. In the depths of the sky, rays of light flickered from time to time. They were filled with a terrifying aura that made one's heart tremble! "This is ..." Lin Luo gradually opened her mouth wide. After pausing for a while, she exclaimed, "99 Heavenly Tribulations!" Hearing these words, Lin Lei's body trembled slightly. 99 Heavenly Tribulations. It was rare to see one in the Heaven Realm in a million years! In the past million years, only Araki Takeshi from the Demon Realm had reached this level. Although the Upper Realm was said to have 3,000 worlds, there should not be more than 100 monsters who could attract the 99 Heavenly Tribulations in this world! And now, he was lucky enough to witness it with his own eyes! Only now did he understand the deeper meaning behind Lin Zhan and Immortal King Ling Long's decision to leave the siblings behind. The 99 Heavenly Tribulations contained many Dao techniques. Being able to watch from the side was greatly beneficial to their cultivation! Moreover, it was rumored that the last 99 Heavenly Tribulations would have a supreme divine ability descend. This was an opportunity for everyone who watched! It would depend on who could grasp this opportunity in the end. The tribulation clouds condensed, and a terrifying pressure slowly descended. The 99 Heavenly Tribulations had yet to truly descend, but Su Zimo, who was above the valley, already felt a huge pressure. Although Wu Dao's original body had experienced the 99 Heavenly Tribulations before, it was only when it was Qinglian's turn to experience it that she could feel the pressure brought by the 99 Heavenly Tribulations.

It was a kind of suffocating and irresistible majesty! Su Zimo's eyes were like torches, and his expression was fearless. He knew that the previous eight Heavenly Tribulations could not be compared to the 99 Heavenly Tribulations. But he was still not afraid at all. His Dao Heart was indestructible and unshakable! Crack! Finally, there was a thunderous explosion! The first 99 Heavenly Tribulations descended! Su Zimo's eyes shone brightly as he soared into the sky. He used Qinglian's true body to resist the first 99 Heavenly Tribulations. This scene was like a moth flying into a

flame. Boom! Accompanied by a loud sound, a huge halo of light burst out in the air and spread continuously. A figure fell from the sky and landed heavily on the ground.

Chapter 2677

A human-shaped pit appeared in the middle of the valley. It was covered in burn marks and emitted billowing green smoke. Not long after, a charred figure slowly stood up from the pit. Su Zimo's green robes were tattered by the first heavenly tribulation. His entire body seemed to have been burned into charcoal. Through his tattered clothes, one could clearly see that the surface of Su Zimo's body was cracked, and there were faint traces of scarlet blood! One had to know that during the tribulation, not only was Su Zimo not injured, but he even went against the trend and unleashed many divine abilities and secret techniques, easily overcoming the eight-stage heavenly tribulation! And now, just the first heavenly tribulation of the nine-stage heavenly tribulation had such a terrifying impact on him! Immortal King Ling Long was a little worried. She said in a low voice, "The nine-stage heavenly tribulation is known as the ultimate heavenly tribulation. It destroys everything. As far as I know, many of the monstrous beings who attracted the nine-stage heavenly tribulation didn't make it. "This was only the first heavenly tribulation of the nine-stage heavenly tribulation. The further it went, the stronger the heavenly tribulation! Crack! The second heavenly tribulation descended. Su Zimo acted out of character. He didn't release any divine abilities or secret techniques, nor did he take out any divine weapons. He stomped his feet on the ground and soared into the sky again, resisting the heavenly tribulation with his physical body! Boom! At an even faster speed, Su Zimo's figure fell into the pit from earlier on. "Cough, cough!" This time, Su Zimo was beaten even more miserably. He slowly crawled out of the pit, covered in wounds. He coughed out large mouthfuls of blood and looked dispirited. "Mother, what is he doing?" Lin Luo was a little anxious. She couldn't help but ask, "Even if he wants to temper his physical body, isn't it too risky to do this?" Not only Lin Luo, but Lin Lei also didn't know. It was just two heavenly tribulations, but Su Zimo looked like he had lost half his life. How could he withstand the remaining seven heavenly tribulations? Lin Zhan and Immortal King Ling Long had long been crowned kings, so their eyesight was better. They could see some other things on Su Zimo's body. Su Zimo's injuries were indeed very serious. However, the life force in his body was also endless, growing and multiplying endlessly. It was frantically healing his injuries.

This kind of self-healing speed was extremely terrifying! Unfortunately, the heavenly tribulation of Shinichi did not give Su Zimo any chance to catch his breath. The third bolt of the 99 Heavenly Tribulation descended once again! This time round, Su Zimo stood on the spot motionlessly, allowing the third Heavenly Tribulation to arrive and penetrate his body! His chest and abdomen had been pierced through, and his internal organs had suffered devastating damage. Lightning constantly circled around, preventing Qinglian's true body from healing itself. More than half of the flesh on his arms and legs had been washed away by the third Heavenly Tribulation, revealing the green bones underneath! The third nine-by-nine Heavenly Tribulation almost washed away all the flesh and blood on Su Zimo's body, leaving only a green skeleton standing in place. It was a ghastly sight! His injuries were too severe! Stage Nine Heavenly Immortals could indeed be reborn from a single drop of blood, but there was a limit to it. Under the shroud of such a terrifying power of the Heavenly Tribulation, it was impossible to even heal his injuries, let alone rebirth from a drop of blood! Lin Lei estimated that if he were to suffer such severe injuries, he would probably have to recuperate for a year and a half before he could recover

fully."What a pity."Lin Lei lamented internally.In his eyes, the fact that Su Zimo could attract the 99 Heavenly Tribulation meant that he was indeed stronger than him.Unfortunately, the 99 Heavenly Tribulation could claim Su Zimo's life as well!!If Su Zimo was already beaten to such a state by the third bolt of the 99 Heavenly Tribulation, how was he going to defend against the remaining six?It was a sure-death situation!Even if someone were to help him during the tribulation, it would be useless.Just as Lin Lei was pondering, his gaze swept past Su Zimo once more and he could not help but exclaim softly.Under the encirclement of countless thunderbolts, Su Zimo's bones were regenerating rapidly while his shattered organs were healing furiously as well.This kind of self-healing speed was too fast and could be seen with the naked eye.Su Zimo's body surged with endless vitality. His entire body was almost enveloped by a green light and was full of vitality."What's going on?"Lin Lei was dumbfounded.Only Lin Zhan and Immortal King Ling Long could see something.

Su Zimo was the body of the Creation Qinglian. His self-healing ability was far superior to other living beings and other bloodlines.And now, Su Zimo used the power of the Heavenly Tribulation's lightning to unleash the Creation Qinglian's self-healing ability to the extreme!Apart from destruction, lightning also contained vitality.With the sound of spring thunder, all living beings were revived.The lightning from the sky not only caused severe injuries to Qinglian's true body, but it also awakened all the vitality of Qinglian's true body!Shattering, healing.Destruction, rebirth.Throughout the whole process, Qinglian's true body was constantly transforming. She was reborn and rapidly grew towards the peak of Rank-12!In just a few breaths' time, Su Zimo had already regrown his flesh and blood and recovered to his original state. His condition was even better than before. There were no injuries on his body at all!When Wu Dao's true body transcended the first three tribulations of the 99 Heavenly Tribulations, he relied on Wu Dao's body to forcefully endure them.Although Qinglian's true body hadn't reached that level, with the powerful bloodline of the Creation Qinglian, she was also safe and sound after the three Heavenly Tribulations!The fourth Heavenly Tribulation didn't have a specific form. It was a bloodline tribulation that directly affected Su Zimo's body.Su Zimo circulated his blood and Qi. Rays of green light burst out from his entire body. His blood and Qi rose, and his aura skyrocketed!The Qinglian bloodline in his body circulated, and the sound of waves surged.Ever since Su Zimo ascended, he was worried that Qinglian's true body would be exposed and had not used the Qinglian bloodline at all.Now that the Qinglian bloodline that had been suppressed in his body for a long time was completely released, he felt an unprecedented sense of carefreeness!"What bloodline is that?"Lin Lei looked at Su Zimo in the center of the valley and frowned slightly in confusion.Given his knowledge, he could not recognize the origin of Su Zimo's bloodline.After the bloodline tribulation, the fifth Heavenly Tribulation was the Essence Spirit Tribulation.The Essence Spirit Tribulation was silent and formless. Instead, it descended directly into Su Zimo's consciousness.Normally speaking, the Essence Spirit Tribulation was the most dangerous of the 99 Heavenly Tribulations.Throughout history, many monster incarnates died to the Essence Spirit Tribulation.However, although the Essence Spirit Tribulation was terrifying, it posed no threat to Su Zimo.

His Essence Spirit was way too strong!After Qinglian's Essence Spirit fused with the Dragon Phoenix Essence Spirit, she cultivated the forbidden secret manual known as the number one spirit refinement manual, the Perfection of Nirvana Sutra. Before her tribulation, her Essence Spirit realm had already reached the True Self realm.Furthermore, Su Zimo had mastered many Essence Spirit secret skills.Qinglian's Essence Spirit sat on the lotus platform with many lotus seeds surrounding her. The lotus

platform beneath her spewed out countless green lights. The Divinity Nascent Soul Tribulation came and ended quietly. After the Essence Spirit Tribulation, the sixth Heavenly Tribulation was the Dao Heart Tribulation. This was a test of a cultivator's Dao heart. Be it Qinglian's true body or Wu Dao's true body, their Dao hearts were the same and were at the same level! The True Martial Heavenly Tribulation back then could not shake the Dao heart of Wu Dao's true body. Naturally, the Dao Heart Tribulation today could not threaten Qinglian's true body either. The seventh Heavenly Tribulation was the Karma Tribulation. The tribulation clouds in the skies surged and sparks fell, landing on Su Zimo's body and igniting instantly. The flames burned rapidly from the inside out. The Karmic Fire burned karma. Su Zimo's expression was unchanged. As he endured the pain, he sensed the Dao techniques contained within the Karmic Fire in his body to raise the Red Lotus Karmic Fire that he cultivated.

Chapter 2678

Under the burning of the Red Lotus Karmic Fire, Su Zimo was almost turned into a gigantic flaming man. His entire body was burned red and even his bones were almost transparent. However, a massive life force surged from his body continuously to fight against the Red Lotus Karmic Fire. Su Zimo controlled five powerful flames. While enduring the baptism of the Red Lotus Karmic Fire and enduring immense pain, he could also comprehend the Dao of Fire. The Red Lotus Karmic Fire lasted for an extremely long time. However, the life force in Su Zimo's body was never extinguished! There was a fiery red fan in front of him – it was the Seven Tails Phoenix Feather Fan! Under the tempering of the Red Lotus Karmic Fire, the Seven Tails Phoenix Feather Fan was also transforming! Initially, the fan only had seven fan ribs. But now, the eighth and even ninth fan ribs were gradually condensed! "Roar!" As time passed by, an earth-shattering roar sounded from the fan! The Seven Tails Phoenix Feather Fan landed in Su Zimo's hands and the spirit of the Divine Phoenix within had already awakened. However, that roar was not the voice of the Divine Phoenix. Su Zimo injected the power of his Essence Spirit into the fan and fanned gently. Swoosh! Immediately after, a terrifying demon beast burrowed out of the fan. It was bathed in flames and looked like a dragon or a phoenix. Its dragon horns were towering and its claws were sharp. There was even a pair of wings on its back! "A Taboo Dragon Phoenix!" Lin Zhan said sternly. Immortal King Ling Long nodded. "His fan has already transformed into a Pure Yang Spirit Treasure of the ninth tribulation. "After the Taboo Dragon Phoenix appeared, it guarded Su Zimo's side and circled him continuously, devouring the Red Lotus Karmic Fire in large mouthfuls to help Su Zimo resist the Karmic Tribulation! The pressure on Su Zimo decreased drastically. His flesh and bones were recovering at a speed visible to the naked eye. Finally, the seventh tribulation ended. The eighth tribulation descended! The Weapon Tribulation! The Tribulation Clouds in the sky churned and the power of the Heavenly Tribulation condensed continuously. It even transformed into all sorts of weapons and Dharma treasures that descended from the sky like rain! They were not real Dharma treasures, but they were even more terrifying than real Dharma treasures! Every Divine Weapon and Dharma treasure contained the pure and condensed power of the eighth Heavenly Tribulation, which was terrifying.

The power of each divine weapon was equivalent to a Nine-tribulation Pure Yang Dharma treasure. Now, the soldiers were like rain, and their momentum was terrifying. They were charging towards Su Zimo, who was in the valley. Such a terrifying scene made people tremble in fear! There were ancient bells, heavy cauldrons, sharp blades, and long arrows that pierced through the air. There were also many unorthodox weapons, such as horsetail whisks, needle awns, ancient mirrors, round beads, jade butterflies ... As far as the eye could see, a murderous aura filled the sky, and a cold light shone! "This is

too scary!" Lin Luo was speechless and exclaimed softly. Even the proud and arrogant Lin Lei had this thought flash through his mind. How could such a heavenly tribulation be withstood by human strength? "Ah!" Right at this moment, Su Zimo suddenly let out a long howl and unleashed the supreme divine ability Three Heads Six Arms. Instead of retreating, he advanced and leaped into the air. Several weapons suddenly appeared in his hands. An emerald green horsetail whisk danced with 3,000 strands of hair. There was also an exquisite jade scepter with an auspicious cloud shape at the tip and three pearls embedded in it. There were also nine dragons spiraling around the handle. There was also a handful of seemingly ordinary yellow soil in one of his hands. The fourth hand held the Nine-Tailed Dragon Phoenix Fan! The two hands that were free were conjured with different immortal Dharmic seals. Prior to this, Su Zimo did not summon the Taiyi Horsetail Whisk, Sanyu Jade Scepter and Nine Heavens Breath Soil mainly because there was no need. Those three divine weapons were a part of his body to begin with. At the same time as he tempered Qinglian's true body, the three divine weapons would be tempered as well. But now, against the Weapon Tribulation, Su Zimo did not dare to be careless and summoned the three divine weapons and the Nine-Tailed Dragon Phoenix Fan that had just transformed into a Nine-tribulation Numinous Treasure. Not only that, Su Zimo changed hand seals repeatedly and communicated with the ancient stars to release the Mystic Spirit Big Dipper Diagram. Behind the tribulation clouds in the sky, a large number of stars appeared vaguely and scattered down endless starlight that surged into Su Zimo's body. With the power of billions of stars, Su Zimo released his three heads and six arms and charged into the Weapon Tribulation with the four divine weapons in his hands! Clang! Clang!

Clang! Clang! Bang! Bang! Bang! The sound of divine weapons clashing could be heard in midair and sparks flew everywhere. The killing power of the Weapon Tribulation came from all directions. With the help of his three heads and six arms and a defensive Dharmic treasure like the Nine Heavens Breath Soil, Su Zimo could almost defend himself completely. Even if he was hit by some divine weapons, he could withstand it with his current Qinglian's true body that was infinitely close to grade-12! The weapons were endless and Su Zimo relied on his powerful blood qi to fight against them. Su Zimo was like a tireless God of War as he rampaged through the sea of weapons and smashed the countless divine weapons and Dharmic treasures of the Heavenly Tribulations into nothingness! "He's too strong!" Even Lin Lei could not help but exclaim at this moment. If he was in Su Zimo's shoes, he would not have lasted more than three breaths! After an unknown period of time, the divine weapons and Dharmic treasures in the sky gradually thinned out and were struck down by Su Zimo one by one before finally dissipating. The eighth tribulation had ended. Su Zimo stood in the air and took deep breaths to recover his vitality. When the four people at the edge of the valley saw that Su Zimo had successfully passed the eighth tribulation, they became nervous instead of relaxed. That was because the Weapon Tribulation had ended and there was only one tribulation left! The 99 Heavenly Tribulations! The ultimate Heavenly Tribulations! No matter what kind of genius one was, one could die in the last 99 Heavenly Tribulations! Of course, if one could survive it, it would be an unimaginable great opportunity for the person undergoing the tribulation. That was because the 99 Heavenly Tribulations were also known as the Tribulation of Divine Powers. Generally speaking, the last 99 Heavenly Tribulations would send down a supreme divine power! Although the four people watching at the side also had the opportunity to cultivate this supreme divine power, they were just spectators. They were far from being the ones experiencing this supreme divine power. They had a deep impression of the person undergoing the tribulation. "Mother." Lin Luo looked worried and said softly, "It seems like he has used up most of his trump cards. I don't know if he

can survive."

Immortal King Ling Long remained silent. Su Zimo was indeed in good condition. After receiving the impact of this Heavenly Tribulation, not only did he not suffer any losses, but his aura was even stronger than when he had just undergone the tribulation! However, the last 99 Heavenly Tribulations was no small matter. It was far from what the Weapon Tribulation could compare to. Without extraordinary means, it was impossible to survive it! Even Lin Zhan and Immortal King Ling Long were not confident. Although they had been crowned Kings in the Grotto-Heaven for a long time, this was the first time they had witnessed the legendary 99 Heavenly Tribulations. The two of them were also not sure what kind of power the last 99 Heavenly Tribulations would have! Lin Zhan said softly, "There are only a few supreme divine powers in the Upper World. If he is lucky and encounters a supreme divine power with relatively weaker killing power, he should be able to pass it smoothly."

Chapter 2679

In fact, there were no weak Mystical Powers that could be considered supreme. It was just that some supreme Mystical Powers focused on different aspects. Lin Zhan meant that if a supreme Mystical Power like Spacetime Imprisonment descended, it would be less of a threat to Su Zimo. If it descended, Su Zimo would most likely be doomed by the legendary Six Paths of Reincarnation. Although the four of them stood at the edge of the valley and watched, they were still nervous. After the eighth tribulation disappeared, the last 99 Heavenly Tribulations did not descend. It seemed to be giving Su Zimo enough time to rest. Finally, the tribulation clouds in the sky churned, forming a huge vortex that emitted a majestic and heavy pressure. In the center of the vortex, it was as if a terrifying creature was awakening. Its aura became stronger and stronger! In the center of the vortex, light and darkness intersected. It was as if a single eye was staring at Su Zimo in the middle of the valley. "What kind of supreme Mystical Power is this?" Lin Lei couldn't help but ask. Immortal King Ling Long shook her head slightly. She carefully recalled for a while and said in confusion, "I'm not sure. The signs and aura of this supreme Mystical Power are different from the supreme Mystical Powers that I know." Finally, a tall figure gradually appeared in the tribulation clouds. Its entire body was bathed in lightning, and its muscles were firm. It was as if pieces of hard rocks were embedded in its body! This creature was nearly 100 feet tall. It had no facial features, and no appearance could be seen. This was a creature condensed from the power of the 99 Heavenly Tribulations! "What's going on?" Su Zimo's heart skipped a beat. Wu Dao's original body had once attracted the unprecedented 10th tribulation. Only the 10th tribulation would have such a terrifying creature appear. Now, it was only the last of the 99 Heavenly Tribulations. What was going on with such a terrifying creature? Su Zimo faced this tall god in mid-air. He was as small as an ant. Lin Zhan frowned and said in a low voice, "I've never seen such a supreme Mystical Power before. The power in this creature's body is so powerful!" This creature lowered its head slightly. Its featureless face faced Su Zimo as if it was "looking" at this tiny human in front of it. Suddenly! The giant creature extended a finger and pointed it at Su Zimo's head.

A large shadow appeared, and Su Zimo's vision darkened. It was only a finger, but it was already emitting an incomparably savage and violent aura, as if it was going to crush him into meat paste! Su Zimo's expression was cold, and his eyes were filled with fighting spirit again! So what if it was a hundred feet tall creature? He had even killed creatures that were a thousand feet tall and ten thousand feet long! What's more, this giant creature was only formed by the last of the 99 Heavenly Tribulations. It

wasn't a real creature at all."Hmph!"Su Zimo gathered the power in his body and leaped into the air. He waved the Taiyi Horsetail Whisk and the Sanyu Ruyi Scepter and struck toward the tall creature's finger.Bang!A loud noise came from midair, and the finger stopped.Soon after, the giant creature felt pain. Its arm trembled slightly, and it suddenly retracted."Roar!"A series of deep roars came from the giant creature's body. It was as if Su Zimo's counterattack had infuriated it.The giant creature's hands suddenly began to form a series of strange hand seals, and its fingers intertwined and changed continuously.Immortal King Ling Long's eyes lit up. She hurriedly said, "Observe this hand seal carefully!"Lin Lei and Lin Luo immediately focused their gazes.After the series of hand seals, the aura of the giant creature skyrocketed!Two brand new heads suddenly grew on its neck, and together with them, four new arms grew.Seeing this, Lin Lei was stunned. He murmured, "Isn't this just three heads and six arms? It's just a peerless Divine Ability. It's nothing, right?"As soon as he finished speaking, another head popped up beside the three heads of the tall deity.At the same time, two more arms grew out of the six arms!"This is ..."Lin Lei's heart trembled."Four heads and eight arms!"Immortal King Ling Long exclaimed.Lin Zhan's eyes flickered with confusion. He glanced sideways and asked, "I've only heard that the legendary Shura Tribe has the innate Divine Ability of three heads and eight arms when they reach the Martial Monarch Realm. What's with four heads and eight arms?"Even with Lin Zhan's knowledge, he had never heard of four heads and eight arms.

Immortal King Ling Long explained, "When I was receiving the inheritance of the Nine Heavens Mystic Empress, I saw some ancient drawings in the ruins. There were drawings of creatures with four heads and eight arms on them.""This peerless Divine Ability has been lost for many years. I didn't expect it to be passed down again in this generation, and to fall into Zimo's hands!"Lin Lei's eyes flickered with disappointment.He was originally looking forward to learning the peerless Divine Abilities like the Immortal Slaying Sword, the Six Paths of Reincarnation, and the Eternal Darkness.As for having four heads and eight arms, it didn't seem to be much to him.Lin Lei mumbled, "It's just an additional head and two arms compared to three heads and six arms. His battle prowess won't increase by much..."Immortal King Ling Long shook her head and said, "Four heads and eight arms is not as simple as having an additional head and two arms."Back at the Divine Firmament Immortal Gathering, Su Zimo was able to obtain an absolute advantage and suppress Yun Ting because of his three heads and six arms!If he had an additional head and two arms, Su Zimo's battle prowess would skyrocket!Immortal King Ling Long pondered and said, "This peerless Divine Ability has been lost for many years. There must be a deeper meaning for it to suddenly appear on Zimo in this generation.""It's just that I can't explain it at the moment."Immortal King Ling Long did not explain and continued to watch.In mid-air, Su Zimo was stunned when he saw the tall creature with four heads and eight arms.Among the eight arms of this tall creature, two of them were holding the sun and moon formed by the Heavenly Tribulation. One of them was holding a bell, one of them was holding a golden seal, one of them was holding a bow, and the other was holding a halberd.The two hands that were free were holding Immortal Art Dharmic seals.The tall creature waved its eight arms and charged towards Su Zimo!Su Zimo was completely fearless as he waved his three heads and six arms. The Nine Heavens' Living Soil, Primordial Unity Horsetail Whisk, Tri-Jade Ruyi Scepter and Nine-Tailed Dragon Phoenix Fan fought against the tall creature.In melee combat, no one could block the killing power of Qinglian's true body!Even Yun Ting would be suppressed by his three heads and six arms state! Clang!Clang! Clang!Boom! Boom!Boom! The two of them erupted into a huge battle. Divine weapons and Dharma treasures collided continuously as they fought in melee combat, causing strong winds to howl and sand to fly everywhere. Even heaven and earth were

trembling!

The moment they exchanged blows, Su Zimo realized that something was amiss. The strength of this tall creature was not weaker than his at all. In fact, it was even stronger than him. Furthermore, the tall creature displayed extremely brilliant melee combat techniques. Against Su Zimo's attacks, it was able to counterattack with ease! In fact, this tall creature was formed from the 99 Heavenly Tribulations. Throughout history, countless paragons and monster incarnates had fought against the 99 Heavenly Tribulations. The melee combat techniques of those paragons and monster incarnates had already been absorbed by the Heavenly Tribulations. Right now, they were all augmented by the tall creature.

Chapter 2680

"Too powerful!" Lin Zhan, who was watching from the side, couldn't help but exclaim. Under normal circumstances, even the power of the 9-by-9 Heavenly Tribulation wouldn't make an Immortal King exclaim like this. However, the battle between the two sides had already reached the peak of this level. It was an eye-opener for him! The Human Emperor, Lin Zhan, had a powerful blood Qi and an invincible physical body. He was the strongest in close combat. Among the same cultivation level, there were only a handful of Immortal Kings who could withstand his close combat attacks. And now, Lin Zhan knew that if he were in Su Zimo's position, he definitely wouldn't be able to withstand the attacks of this tall living being. If the Three Heads Six Arms Technique could increase one's close combat strength by a level. Then the Four Heads Eight Arms Technique would allow the cultivator's combat strength to increase again! Lin Zhan said in a low voice, "This supreme Mystical Power is simply the strongest Dao Art for close combat!" Immortal King Ling Long nodded. She paused for a while and then shook her head. In her opinion, the Four Heads Eight Arms Technique was probably not just a supreme Mystical Power to increase one's close combat strength. Since ancient times, there had been countless geniuses who were good at close combat. If it was just a supreme Mystical Power to increase one's close combat strength, it would have been passed down long ago. However, this Four Heads Eight Arms Technique had a long gap in time. The earliest was the Nine Heavens Xuan Nv Empress' era. After that, it had been silent for many years until it reappeared in this era! In the sky above the valley, Su Zimo, who had three heads and six arms and held the Four Great Divine Weapons, was constantly clashing with the tall living being with four heads and eight arms and six Dharma treasures. Su Zimo's close combat strength was extremely strong. His attacks were ferocious. Sometimes he was like a divine dragon, sometimes he was like a giant python, sometimes he was as agile as an ape, and sometimes he was as fierce as a tiger! His close combat techniques were not only learned from the Mystic Classic of the Twelve Demon Kings of the Great Wilderness, but they were also tempered by countless life-and-death experiences and bloody battles. Ever since his ascension, even a peerless genius like Yun Ting had been suppressed by him. And now, facing the tall living being with four heads and eight arms, Su Zimo was completely at a disadvantage! At first, both sides could still maintain their attacks.

As time passed, Su Zimo's counterattacks became fewer and fewer. In the end, he could only passively defend. Su Zimo even used his Nine Palace Subtle Steps in an attempt to block the attack of the tall creature. However, when he released this kind of footwork, the tall creature followed him like a shadow. It also released the Nine Palaces Subtle Steps movement technique and followed suit! The tall living being had the memories of countless monstrous geniuses who had faced the 99 Heavenly Tribulations

since ancient times. It was not surprising that he could release the Nine Palaces Subtle Steps."Too fierce!"Immortal King Ling Long had a solemn expression on her face. Her eyes were filled with worry as she said, "I've never even seen the close-combat techniques of this creature before."Lin Zhan also nodded and said, "Both of their powers are about the same. Moreover, this living being has more and more powerful close combat techniques. It also has an extra head and two arms. Zimo has no advantage at all."Immortal King Ling Long said, "Zimo's bloodline is special. If he can defend against the attacks of this living being and drag things out, there might be a chance for him to turn things around."Qinglian's true body's Qi and blood were strong and long lasting. She was good at exhausting her energy. However, Lin Zhan shook his head slightly and said, "Not necessarily. This living being is completely condensed from the power of the 99 Heavenly Tribulations. As long as the Heavenly Tribulation doesn't dissipate, its power will also be endless. ""If this drags on, Zimo's bloodline might not be able to hold on."In fact, Su Zimo had the same thought when he switched from offense to defense. He wanted to exhaust the power of this tall living being as much as possible. However, after fighting for a long time, the power of this tall living being did not show any signs of weakening. Under such a high-intensity confrontation, he already felt waves of weakness. "I can't drag this on any longer!"Su Zimo had a thought. His three pairs of eyes shone brightly and his aura skyrocketed! After all, this four-headed, eight-armed living being was evolved from a supreme divine power. Only the power of a supreme divine power could resist a supreme divine power! Su Zimo had yet to truly master a supreme divine power. However, the few secret techniques that he had mastered had already touched the threshold of a supreme divine power! Su Zimo's three heads activated their Essence Spirits at the same time. His six arms formed different hand seals.

Chi! A gigantic blood-colored sword appeared in front of Su Zimo as he conjured hand seals with both hands, exuding an extremely sharp killing intent! The sharpness of this blood-colored sword seemed to be able to cut through everything. It could slay immortals and destroy demons! After the blood-colored sword appeared, even the tribulation clouds above the tall living being's head were pierced by the sword qi. A huge hole appeared. "Immortal Slaying Sword!" Immortal King Ling Long's eyes lit up. "Immortal Slaying Sword, a supreme divine power formed from the combination of three great sword arts?" Lin Lei was shocked and asked involuntarily. He was already at the peak of the True Self Realm, but he had yet to master a supreme divine power. Su Zimo was only a Stage Nine Heaven Immortal, but he had already mastered a supreme divine power? Immortal King Ling Long quickly shook her head and said, "This is only the embryonic form of the Immortal Slaying Sword. It has yet to reach the level of a supreme divine power." Lin Zhan said, "Even so, the power of this Immortal Slaying Sword far surpasses other supreme divine powers. It has reached the level of a quasi-supreme divine power." Just as the Immortal Slaying Sword was formed, Su Zimo's other head and two arms appeared. Endless golden light spread out! Following that, tall figures appeared beside Su Zimo. Various Buddhas appeared. They stood on lotus flowers and held Dharma artifacts in their hands. They chanted sutras and paid respects to Buddha. The sound of Sanskrit resounded throughout heaven and earth. At the same time, divine dragons circled around the Buddhas, and divine elephants trumpeted into the sky! The valley seemed to have formed a pure land of bliss, a kingdom of Buddhas! Endless golden light shot into the sky, piercing through the tribulation clouds in the sky. Multicolored light filled the sky. "Buddhas, dragons, and elephants!" Lin Lei exclaimed. Back then, at the Nine Clouds Convention, the Supreme Arhat Shi Wunian had released this supreme divine power. Moreover, in Shi Wunian's hands, the Buddhas had already touched the threshold of a supreme divine power, and its power had increased greatly! Lin Lei

didn't expect that this divine power would be released in Su Zimo's hands. It was exactly the same as Shi Wunian's casting that day! This meant that this Buddhas, dragons, and elephants had also reached the level of a quasi-supreme divine power! After the Immortal Slaying Sword and the Buddhas were released, they directly affected the tribulation clouds in the sky.

And the thick tribulation clouds were the source of the tall creature's power. After attacking the tribulation clouds, the aura of the tall creature was obviously weakened by a lot! At this moment, Su Zimo's remaining two arms also completed a spell. A terrifying aura spread out. This aura was definitely not weaker than the Immortal Slaying Sword and the Buddhas! Hiss! Lin Lei sucked in a breath of cold air. Shi Wunian controlled a quasi-supreme divine power, and it was enough to become the number one Arhat and be conferred as a supreme Arhat. And now, there were actually three quasi-supreme divine powers! Moreover, it was released by one person at the same time!
