

Sacred King 2751

Chapter 2751

Ever since Yun Ting came out of seclusion and acknowledged a brother-in-law, the matter had been left unsettled. Although Wang Dong and the others couldn't bear to see Kitsune suffer, they couldn't do anything in the face of Su Zimo, who was almost invincible in the Consolidation Stage. Everyone could only pray that Beiming Xue would retreat in the face of difficulties and rein in the horse at the edge of the cliff. Kitsune was so talented in swordsmanship that no one wanted to see her waste her precious time on Wu Dao's cultivation. In the blink of an eye, three years had passed. For the past three years, Su Zimo had been staying in Beiming Xue's cave abode without leaving. The Consolidation Stage Perfected Immortals of the eight sword peaks knew that they couldn't defeat him, so no one came to challenge him. He had a peaceful life. While teaching Beiming Xue, he maintained his own cultivation. Finally, one day, Su Zimo felt the opportunity to break through! In fact, the True Yuan in his body had been accumulated to the peak two years ago. He was just waiting for the right time. Kitsune felt something and woke up from her cultivation state. She quickly activated the immortal formation in the cave residence. This immortal formation was completed by Su Zimo a year ago. It was to prevent Qinglian's bloodline from leaking when he broke through. Su Zimo slowly raised his head and looked up. Above his head, there was only the thick stone wall of the cave residence. He couldn't see anything at all. However, Su Zimo's eyes seemed to be able to see through the layers of void. He saw the sky outside the cave residence, the firmament of the sword realm, and the black and yellow of heaven and earth! In those clear eyes, there was a faint reflection of the bright starry sky. There was the inverted Milky Way, the flow of time, and the alternation of time and space ... At this moment, Su Zimo's spirit, with the power of the Dao Fruit, seemed to break through the layers of obstacles and connect with the vast universe, creating a certain resonance. In Su Zimo's sea of consciousness, a sparkling fruit spun slowly, exuding a powerful aura. And as time passed, this aura was still rising rapidly! At this moment, it was as if everything had disappeared. Even Su Zimo's physical body had disappeared. In the vast world, there was only one sparkling and resplendent Dao Fruit left! Be it the immortal sects, the Buddhist sects or the fiend sects, the only difference was their nature, Dao hearts and mental states. However, the profoundness of the Dao techniques were largely the same.

When he was in the Lower Realm, immortals, Buddhas, and Devils all talked about the Dao of Pills. This was the first time he had broken free from the shackles of Heaven and Earth, and his lifespan had increased to five hundred years. After that, there was the saying of Dharma Characteristics. The most important core of the Dao of Immortals, Buddhists, and Devils was to comprehend, communicate, and establish a connection with the Heaven and Earth. A Cosmic Form was formed by borrowing the power of the heavens and the earth. In the Lower Realms, cultivators could only comprehend Minor Chilocosms. After ascending to the Upper Realm, cultivators would be able to comprehend a broader, more complete, and more boundless Middle Realm! The so-called Celestial Being Stage was when the cultivator resonated with heaven and earth through the Dao Fruit. A Dao Fruit was the crystallization of the essence of a cultivator's cultivation. When this resonance occurred, it was equivalent to the Dao Fruit being recognized by this vast world, and the power in the Dao Fruit would increase exponentially! At the same time, the vast power in the Dao Fruit would be fed back to the cultivator's body, allowing the True Immortal who had stepped into the Celestial Being Stage to be greatly improved, be it the physical body, bloodline, or Primordial Spirit! The process of stepping into the Celestial Being Stage lasted for an entire

day. Su Zimo's aura was also increasing continuously. Just as Immortal King Ling Long had expected, the twelfth-grade Qinglian was not the end, but only the starting point of Qinglian's Creation. The Qi and blood of Qinglian's true body were still increasing, and there was no upper limit at all! The cultivation of his Primordial Spirit was still far ahead of his own cultivation realm. After stepping into the Celestial Being Stage, Qinglian's Primordial Spirit had already reached the Perfected True Immortal Stage, which was the Dongxu Stage of the True Self Stage! The True Self Stage was divided into four small stages, and the reason why they were so clear and corresponded to different names was that there was a huge difference in power between the four small stages! Since ancient times, it was very rare for geniuses of the Primordial Spirit Stage to be one small stage ahead of the True Self Stage. However, Su Zimo's Qinglian's Primordial Spirit was two whole small stages ahead of his own cultivation! During the process of Su Zimo breaking through to the Celestial Being Stage, he emitted a huge amount of True Yuan energy, which filled Kitsune's cave abode.

Moreover, during the process of communicating with the world, the resonance was so strong that even the Immortal Formation set up in the cave abode could not withstand it, and cracks appeared on it. A wisp of the True Yuan aura of the Green Lotus True Body leaked out through these cracks. At this moment, Su Zimo opened his eyes, took a deep breath, and swallowed all the Primordial Qi in the Northern Underworld Cave Abode! Kitsune stayed by Su Zimo's side and did not leave his side at all. For an entire day, she was lucky enough to witness the entire process of Su Zimo's breakthrough. This kind of close observation and feeling was too rare! That mysterious process of comprehending and communicating with the Heavens and Earth was extremely mysterious, and it touched her deeply. Su Zimo's breakthrough this time was also a great opportunity for Kitsune. It directly made Kitsune feel the opportunity to step into the True Martial Realm! And the wisp of True Yuan that leaked out from Kitsune's cave abode drifted and merged into the Sword Slaughtering Peak. On the peak of the Sword Slaughtering Peak, the peak master was resting with his eyes closed. Suddenly! He seemed to have sensed something and opened his eyes, his gaze landing on a few withered yellow lotus flowers not far away. "Hmm?" The peak master of the Sword Slaughtering Peak's expression changed and his gaze froze. At that moment, a few of the withered yellow lotus flowers were growing green. Even though there were no buds, a few spots of green grew on the stems of Qinglian's lotus flowers and new lotus leaves appeared. "What's going on?" Suddenly, the peak master of the Sword Slaughtering Peak stood up and stared at the few green lotus flowers in surprise and delight. Right then, he sensed something and spun around, looking in the direction of Kitsune's cave abode. His eyes shone with a bedazzling sword light! "The aura of a Heavenly Tribulation ... has Kitsune broken through?" The peak master of the Sword Slaughtering Peak was shocked and his face was filled with disbelief. In their opinion, Kitsune had gone astray by cultivating the Wu Dao. Even if she cultivated a ninth-level Fate Wheel and was stronger than those of the same cultivation realm, she would never be able to enter the True Martial realm if she could not condense a Dao Fruit. But now, the aura of the True One Heavenly Tribulation could be felt from Kitsune's side!

"It's done!" After the initial shock, the peak master of the Sword Slaughtering Peak was overjoyed. No matter what, as long as Kitsune attracted the True One Heavenly Tribulation, there was hope for her to become a Perfected Immortal! Moreover, what made the peak master of the Sword Slaughtering Peak even more excited was that he felt that he had found the reason for the revival of the lotus flowers! It must be Kitsune! Kitsune had just broken through and was about to attract the True One Heavenly

Tribulation, but the lotus flowers on the peak had already revived. How could there be such a coincidence in the world? How could there be such an auspicious sign when Kitsune was breaking through? What kind of momentum was this? At this rate, after Kitsune's Heavenly Tribulation was over, all the Qinglian flowers on the peak would probably revive and bloom on the Sword Slaughtering Peak again! The peak master of the Sword Slaughtering Peak even suspected that Kitsune was the reincarnation of the Emperor Immortal Slayer! "Heaven's will, heaven's will!" The peak master of the Sword Slaughtering Peak was emotional as he muttered to himself, "Heaven is protecting the Sword World!"

Chapter 2752

Five Elements Sword Peak. "Hmm?" The Peak Master of Five Elements Sword Peak suddenly reached out and plucked a ball of light from the void. He touched it with his Divine Consciousness and received the news inside. "Kitsune broke through and attracted the Truth One Heavenly Tribulation?" The Peak Master of Five Elements Sword Peak was shocked. He wouldn't have believed it if the news hadn't come from the Sword Slaughtering Peak Master. The Peak Master of Five Elements Sword Peak pondered for a while and decided to announce the news. Cultivators who wanted to watch Kitsune undergo the tribulation could head to the Sword Slaughtering Peak. At the same time, the other six Peak Masters also received the news from the Sword Slaughtering Peak Master. "Kitsune can also attract the Truth One Heavenly Tribulation by cultivating that Wu Dao?" "As far as I know, Kitsune can't condense a Dao Fruit with the nine Fate Wheels she cultivated, right? How can she enter the Truth One Realm without a Dao Fruit?" "I'm not sure. Since Brother Lu sent the news, it shouldn't be wrong. Let's go and take a look." The other seven Peak Masters were doubtful and didn't believe it. However, the seven of them still chose to announce the news. As for the cultivators of the other Peak Masters, it was up to them to decide who would be willing to watch. Generally speaking, when a sword cultivator of the Sword Realm underwent the Truth One Heavenly Tribulation, the other sword cultivators could watch from the side. However, if the Truth One Heavenly Tribulation was only five or six levels, it wasn't attractive to most sword cultivators. If it was seven levels, it would attract many cultivators. For example, Yun Ting's tribulation back then was so grand that almost half of the True Immortals of the eight Sword Cultivation Peaks came. Many sword cultivators who were in seclusion came out at the last minute. "Have you heard? Kitsune of the Sword Slaughtering Peak is going to undergo the tribulation." "Really? Her cultivation path is completely different from ours. I wonder how many levels of tribulation she can attract." "She's so talented in Sword Dao. Her tribulation won't be too weak." "That's not necessarily true. The Wu Dao she cultivates was created by a lower realm cultivator. How can it be compared to the immortal, Buddhist, and Demon Dao techniques that have been passed down through the ages? In my opinion, her Truth One Heavenly Tribulation might not even be five Heavenly Tribulation! "

After the news spread, it caused a huge commotion among the eight sword peaks. Firstly, Kitsune was considered a celebrity in the Eight Great Sword Peaks, and many sword cultivators secretly admired her. Secondly, Kitsune practiced Wu Dao. Many swordsmen were curious. Kitsune was practicing Wu Dao? How many levels of Heavenly Tribulation could he attract? Many cultivators set off one after another, passing through the Teleportation Formation of their respective Sword Peaks. He went to the Sword-slaying Peak to watch. Yun Ting also came out of seclusion and looked in the direction of the Sword-slaying Peak. Thinking of the battle with Su Zimo three years ago? He snorted softly, "Fortunately, I didn't have to wait for too long. What level can a disciple trained by Su Zimo reach?! " "Wait for Junior

Sister Beiming to finish her tribulation? I'll fight her? I'll beat her until she's convinced. Hmph, you abducted my sister, so I'll abduct your disciple? We're even! "While speaking? Yun Ting also set off for the Supreme Sword Peak's Teleportation Formation. At the same time, Gongsun Yu, Sword Immortal Tai Lai, Ye Wuchen, Shen Yue, Li Xue, Qin Zhong, and Monk Jue Jian also arrived at the Sword-slaying Peak. At this time? Kitsune's cave abode was a thousand miles wide? It was listed as a forbidden area. Ten Immortal King experts from the Sword-slaying Peak came out and guarded the ten nodes around it? No one was allowed to step in to prevent accidents and disturb Kitsune's tribulation. A thousand miles away, in the sky and on the ground? It was densely packed with people. Heavenly Tribulation of Truth One? It had already started! "How is it?" Qin Zhong was the last to arrive. He looked at Wang Dong and the others and asked, "Which level of tribulation is it?" "It's the third level now." Wang Dong answered in a low voice, looking at the figure in the middle of the tribulation with a serious expression. Qin Zhong chuckled and said, "I didn't expect Sister Beiming to attract the Heavenly Tribulation of Truth One even though she hasn't condensed a Dao Fruit. Her master was right!"

Wang Dong and the others didn't say anything. They looked at Kitsune, who was in the middle of the tribulation, with a strange expression. Qin Zhong followed everyone's gaze and looked at the center of the tribulation. He couldn't help but change his expression. At this time, the third tribulation had already reached the ninth level. Kitsune's surroundings had formed a sea of blue lightning. It was dazzling and set off monstrous waves. The momentum was terrifying! However, Kitsune was still standing in the same place, motionless. She didn't even take out her weapon. "This ..." Qin Zhong was secretly shocked and couldn't help but ask, "Sister Beiming is going through the tribulation like this?" Wang Dong said, "Sister Beiming's body is indeed strong because she cultivates the Wu Dao. As far as I know, in the history of the eight major sword peaks, there are very few heavenly talents who can withstand the first three Heavenly Tribulations with their bodies." "The closest one is Brother Yun of the Extreme Sword Peak." While everyone was talking, the third tribulation was over, and the fourth tribulation was coming. Kitsune still didn't defend herself and went through the tribulation with her body! That was Su Zimo's request for her. Wu Dao used his body as the world and cultivated continuously. The process of tribulation transcendence was also a form of cultivation and it was a rare opportunity! That was the only way to unleash the full potential of one's body and bloodline to the greatest extent! Boom! Boom! Boom! Amidst everyone's exclamations, Kitsune endured the first four Heavenly Tribulations! Of course, it wasn't easy for Kitsune to endure it. There were already some wounds on her body and she was charred by the Heavenly Tribulations. She looked a little wretched. In the blink of an eye, the fifth Heavenly Tribulation arrived. Kitsune still didn't release any mystic skills or sword to defend! "Is Sister Beiming crazy?!" Qin Zhong couldn't help but say, "If she continues to endure like this, she'll be severely injured. How can she withstand the subsequent Heavenly Tribulations?" Sword Immortal Tai Lai sighed as well. "Previously, Brother Yun Ting endured the fifth Heavenly Tribulation with his body and almost died." Wang Dong and the others looked nervous and didn't say a word. Boom! Boom! Boom!

The fifth Heavenly Tribulation smashed down one after another and Kitsune gradually couldn't withstand it anymore. Her flesh was lacerated by the power of the Heavenly Tribulation and she was drenched in blood. She was knocked down time and time again and struggled to stand up time and time again. The ninth Heavenly Tribulation even pierced her chest, revealing a bowl-sized hole. It was a shocking sight! The fifth Heavenly Tribulation finally dissipated. As for Kitsune, she sprawled in the

charred pit motionlessly. At that moment, all the sword cultivators felt their hearts skip a beat. Even the eight Peak Masters of Sword Refinement Peak could not help but stand up and look over with nervous expressions. "Junior Sister Beiming is way too hardworking!" Yun Ting was secretly speechless. Back when he underwent the fifth Heavenly Tribulation, he also endured it and almost died. This was because his physical body and bloodline were strong. His bloodline was filled with the power of the Sword Blood and the power of lightning. Therefore, a portion of the power of the fifth Heavenly Tribulation was absorbed by his body and bloodline, allowing him to survive by luck. What did Junior Sister Beiming do? Who was this Wu Dao? Right then, Kitsune's body moved and she crawled up from the pit slowly. Although her face was pale, she was expressionless and her gaze was resolute, as though she couldn't feel any pain. Her wounds were filled with boundless vitality and the hole in her chest was healing rapidly as well!

Chapter 2753

"What a strong life force!" The Peak Masters on the Sword Slaughtering Peak could not help but exclaim when they saw this scene. "This doesn't seem to be Kitsune's recovery ability." "Someone must have sealed a huge amount of life force in her body in advance." "Who could have such a strong life force and seal it in another person's body? Even we can't do such a thing." The eight Peak Masters looked at each other. The Sword Slaughtering Peak Master's gaze instinctively fell on the green-robed cultivator in the crowd and murmured, "Could it be him?" To be honest, the Sword Slaughtering Peak Master did not take this person from the Heaven Realm seriously at first. He was just a True Immortal in the Unity Stage. Because he was worried that Kitsune would be held back by this person, the Sword Slaughtering Peak Master even looked down on him. However, when he saw that Kitsune had a chance to become a True Immortal, the Sword Slaughtering Peak Master's opinion of this person gradually changed. At this moment, he even guessed that the person who sealed Kitsune's life force was this Su Zhu! Of course, the person who could do such a thing was Su Zimo. Looking at Kitsune, who was struggling to stand up, Su Zimo sighed softly. Although they both cultivated Wu Dao, Kitsune's body and bloodline were far inferior to Wu Dao's original body. Firstly, the original body created Wu Dao and was considered the ancestor of Wu Dao. Secondly, Wu Dao's original body's Martial Soul was a flame that constantly tempered his flesh and blood. It could also smelt Divine Powers and secret techniques and fuse them into his flesh and blood. Thirdly, the two of them had different experiences. Wu Dao's original body was not only a body of flesh and blood, but also a furnace that had smelted too many Divine Powers, secret techniques, and forbidden secret techniques. Kitsune's Martial Soul, on the other hand, was a sword. Kitsune's greatest advantage was her Sword Dao. Beiming Xue's physical body and bloodline were far inferior to the Green Lotus True Body. Back then, when Qinglian's true body went through the Heavenly Tribulation, she stood still on the spot and endured the first six True One Heavenly Tribulations with her mortal body. She was unharmed! Moreover, Qinglian's true body also possessed a terrifying self-healing ability. Seeing that the sixth tribulation was about to descend, Su Zimo called out, "Darknorth, make your move." He had once told Kitsune that the more heavenly tribulations he could endure with his physical body, the more beneficial it would be for Wu Dao's cultivation. But now, he saw that Kitsune had reached her limit. If he continued to transcend the tribulation, it was very likely that he would fall in the sixth tribulation. Kitsune turned her head and looked at Su Zimo from afar. Her gaze was firm and unyielding as she gently shook her head. This was her choice! Rumble! The sixth Heavenly Tribulation descended. Kitsune stomped her feet and soared into the skies. She was like an unsheathed sword that shone with a cold and bedazzling gleam as she charged towards the Heavenly Tribulation! Boom! Kitsune collided with the Heavenly Tribulation and fell rapidly, crashing heavily onto the ground. She coughed

out mouthfuls of blood. However, she did not retreat, fear or submit. Instead, she continued to charge forward with an indomitable will! That was Wu Dao. That was Kitsune's Sword Dao! It was just like back in Tianhuang Mainland's Darknorth Town. Even though her dantian was shattered and her clansmen were bullied, she did not submit, admit defeat or give up! No one could shake her willpower. The Heavenly Tribulation could penetrate her chest, but it could not penetrate her sword heart! At that instant, the eight Peak Leaders at the top of the mountain were startled. Many sword cultivators in the world felt a shock that reached the depths of their souls and their blood seemed to be burning! Many sword cultivators were convinced by the spirit of her Sword Dao. Looking at that unyielding figure, they felt touched for a long time and tears welled up in their eyes. It was a familiar scene. It was as though they were watching Kitsune go against the current stubbornly at the bottom of Sword Crafting Peak, charging against the waterfall of sword qi continuously! Bang! Bang! Bang! Kitsune fell time and time again, crashing onto the ground only to stand up time and time again. Her body was already tattered and her original appearance could no longer be seen. However, she did not submit and continued to press forward! Bang! The eighth Heavenly Tribulation descended. That Heavenly Tribulation almost split Kitsune into two. A massive wound was slashed diagonally from Kitsune's shoulder and her organs spilled all over the ground in a horrifying manner!

Kitsune laid in the pit on her back, her body a bloody mess. Motionless, she seemed to have lost her breath. However, the ninth Heavenly Tribulation was still nurturing and could descend at any moment! At that moment, all the sword cultivators held their breaths and looked at the figure in the pit. They clenched their fists instinctively, hoping for a miracle. Suddenly, Kitsune moved. Her face was expressionless as she slowly sat up and placed her internal organs back into her body. The life force that Su Zimo sealed in her body was almost gone. Although her wounds were still healing, the speed had slowed down. Kitsune pursed her lips tightly and used all her remaining strength to support her broken body bit by bit. With every movement, her body would tremble slightly, as though she was in immense pain! Finally, Kitsune stood up once more and looked up at the heavens. Her body was like a sword and her gaze was like a sword! At that moment, many sword cultivators on Sword Crafting Continent could not help but cheer. Everyone was happy for Kitsune from the bottom of their hearts and celebrated for her! The eight Peak Masters heaved a sigh of relief as well. However, at the same time, the eight Peak Masters were worried that Kitsune might not be able to survive the ninth Heavenly Tribulation if she continued to endure it. Buzz! Buzz! Buzz! Suddenly, the sound of swords humming could be heard from the direction of Myriad Sword Palace. It was as though metal was clashing and resounded through the world! The eight Peak Masters widened their eyes as though they had thought of something. They were shocked and revealed looks of disbelief as they instinctively looked in the direction of the sound. "This is ...""Sword Stele Resonance!" The eight Peak Masters exclaimed. When these words spread, it caused a huge commotion in the crowd! The reason why Myriad Sword Palace was known as the center of Sword World and was surrounded by the eight Peak Masters was because there was a sword stele erected in Myriad Sword Palace known as the Zenith Heaven Sword Stele. The Zenith Heaven Sword Stele was erected by the Great Emperor of Allheaven in the past and was engraved with the forbidden secret manuals passed down by the Great Emperor. Ever since the Zenith Heaven Sword Stele was erected, it had only rung twice. The first time was when the Great Emperor of Allheaven resonated with the Zenith Heaven Sword Stele when he became a Great Emperor.

The second time was when the Immortal Slayer Emperor created the three great sword arts when he was still an Immortal King. They gave birth to supreme divine abilities and resonated with the Zenith Heaven Sword Stele. And now, it was the third time! Kitsune had not created any divine abilities or secret

manuals, nor had she become a Great Emperor. However, the will of Wu Dao and the spirit of Sword Dao that she had just displayed had received the Zenith Heaven Sword Stele's approval and resonated with it! Immediately after, the swords on the waists, backs, and storage bags of all the sword cultivators in Sword World began to tremble involuntarily. The Sword Stele resonated with the ten thousand swords! The Zenith Heaven Sword Stele had been awakened by Kitsune and was emitting sword hums to support her. At that moment, Kitsune's aura reached its peak!

Chapter 2754

After the Daluo Sword Stele rang out, a wave of excitement and restlessness came from the depths of the Myriad Sword Palace, inadvertently emitting a few strands of terrifying aura! On the peak of Sword Slaughtering Peak. The eight peak masters looked in the direction of the Myriad Sword Palace with smiles and gratification. The other sword cultivators couldn't sense it, but the eight of them could sense that the Imperial Emperors of the Myriad Sword Palace had been alarmed by the commotion here! Among them, there were even a few old fellows who had awakened! Generally speaking, sword cultivators of the Sword World could only enter the Myriad Sword Palace to continue cultivating after reaching the Emperor realm. "I didn't expect that even those people would be alarmed." The Five Elements Sword Peak Master sighed. "The Daluo Sword Stele has only rung three times. How can those people be unmoved?" The Demon Sword Peak Master said. The Overlord Sword Peak Master laughed. "Those old fellows are really good at enduring. They still can't put down their airs as Imperial Emperors and refuse to show up." Even if they don't show up, they'll still be watching Kitsune's tribulation from the Myriad Sword Palace and protect her. "Kitsune's tribulation this time is truly the center of attention. I'm looking forward to seeing how many levels of tribulation she'll attract." To be able to obtain the recognition of the Daluo Sword Stele, do you think she'll attract nine by nine ...? "As soon as he said this, the eight Peak Masters were all shocked. Their eyes were filled with anticipation. The legendary nine-by-nine Heavenly Tribulation! They had lived for hundreds of thousands of years, but they had never seen nine-by-nine Heavenly Tribulation. In the current Myriad Sword Palace, there was an Imperial Emperor who had attracted nine-by-nine Heavenly Tribulation. However, that was several million years ago. One had to know that even Lin Xunzhen and Yun Ting, who were extremely talented in the Sword Dao in this life, had only attracted eight-by-nine Heavenly Tribulation. The Sword Slaughtering Peak Master said in a deep voice, "The number of Heavenly Tribulations doesn't prove anything. Most of the Imperial Emperors in the three thousand worlds were only seven-by-nine or eight-by-nine back then." It'll be best if Kitsune can attract nine-by-nine Heavenly Tribulation. Even if it stops at eight-by-nine, she'll still be the sword cultivator with the greatest potential in this life of the Sword World!" ...The Heavenly Tribulation continued.

The Daluo Sword Stele emitted a sword hum, which then caused the ten thousand swords to hum in unison. Kitsune faced the ninth heavenly tribulation and slashed forward! In the eyes of the crowd, Kitsune's figure seemed to have disappeared. What replaced it was a longsword that seemed to be able to pierce through everything! Boom! Under Kitsune's perseverance, she finally relied on her physical body to withstand the first six Heavenly Tribulations. And with the help of the power of the first six heavenly tribulations, her true Wu Dao body was also rapidly being reconstructed? Wu Dao's runes mixed with the lightning of the Heavenly Tribulation? Continuously fusing into his body and bloodline? It stimulated the potential of this body. He didn't give Kitsune much time to breathe? The seventh tribulation arrived in the blink of an eye. This time? Kitsune didn't choose to take the attack head-on, but

instead used the secret arts she had learned over the years?Facing the 79 Heavenly Tribulations!Boom! Boom! Boom!Under the destructive thunder and lightning?A figure radiating boundless sharpness charged at the lightning?She challenged the Heavenly Tribulation and displayed an unshakable will!The seventh tribulation ended.And the tribulation clouds in the sky still hadn't dissipated!No surprise?The eighth tribulation descended.This time?Beiming Xue unsheathed her lifebound longsword under the watchful eyes of the crowd.She displayed her understanding of the Sword Dao?She displayed it all.Kitsune's martial soul was a sword.She seemed to have been born for the Sword Dao.For Kitsune, there was no such thing as being one with the sword or being born with the Sword Blood. She existed as a peerless immortal sword that could cleave through the world!Her every move, her every move, was in perfect harmony with the Sword Dao.However, the Heavenly Tribulation was simply too powerful.Back then, Yun Ting had almost died under the impact of the Heavenly Tribulation.If Su Zimo hadn't arrived and used the Qinglian bloodline to nourish Kitsune's body and bloodline for three years, she wouldn't have been able to hold on.

She was knocked down time and time again, but she stood up again and again to face the Heavenly Tribulation.Finally, the Heavenly Tribulation ended.Beiming Xue was lying on the ground. Her entire body was charred black, and the surface of her body was cracked like dry land. She no longer looked human.Many Sword Cultivators heaved a sigh of relief.It was over.Wang Dong and the others also heaved a sigh of relief.Although Kitsune seemed to be severely injured, her body was still exuding vitality. As long as she recuperated for a while, she would be able to recover.Wang Dong was concerned and wanted to help Kitsune up with the Sword Cultivators of the Sword Slayer Peak.However, the Immortal King powerhouses guarding the surroundings looked solemn and stopped any Sword Cultivators from moving forward!On the mountain peak, the eight Peak Masters looked at the sky above Kitsune with solemn expressions.Their Divine Senses were powerful and they could feel it more clearly.After the Heavenly Tribulation, although the tribulation clouds had dispersed, they were now gathering again and showing signs of coming back!The Heavenly Tribulation was not over!The Heavenly Tribulation!The eight Peak Masters looked at each other and thought of this possibility at the same time.At this moment, the Sword Cultivators on the Sword Slayer Continent also gradually noticed the abnormality. They looked up at the tribulation clouds that were gathering in the sky again and exclaimed."Oh my god, is it the Heavenly Tribulation?"It must be. I've already cultivated to the Celestial Realm, but I still feel palpitations when facing the aura emitted by the tribulation clouds."The Heavenly Tribulation is unprecedented! I didn't expect that I, Qin Zhong, would be so lucky to see it in my life!"Junior Sister Beiming is already in a very bad state. She already had such a hard time passing the Heavenly Tribulation. How can she survive the Heavenly Tribulation?" Wang Dong was worried.Since ancient times, there had been some monsters who had been destroyed by the Heavenly Tribulation and failed to survive.The Peak Master of the Ultimate Sword Peak moved and suddenly broke through the air.The other Peak Masters were a little confused and did not know why the Peak Master of the Ultimate Sword Peak suddenly left.Not long after, the Peak Master of the Ultimate Sword Peak appeared again.Beside her was a beautiful woman with a cold expression. She was the number one Sword Immortal among the true disciples, Lin Xunzhen.

"Master, what are you doing?"Lin Xunzhen asked indifferently.She was initially in seclusion, but the Peak Master of the Ultimate Sword Peak barged in and brought her here forcefully.The Peak Master of the Ultimate Sword Peak pointed ahead and said in a deep voice, "The Heavenly Tribulation is rare in the

world. You shouldn't want to miss it." Suddenly, Lin Xunzhen's mind stirred. Heavenly Tribulation? She knew very well what the Heavenly Tribulation meant. Legend had it that the last tribulation of the Heavenly Tribulation would descend with a supreme divine power. Theoretically speaking, anyone who witnessed this supreme divine power would have a chance to cultivate it successfully! Up until now, she had only cultivated the Immortal Slaying Sword to the quasi-supreme level and had yet to achieve a true supreme divine power. She had comprehended it for many years and felt that it was still lacking some charm. If she could witness the supreme divine power, the Immortal Slaying Sword, she would definitely be able to comprehend its mysteries and succeed! Of course, the prerequisite was that the ultimate divine power of the Heavenly Tribulation was the Immortal Slaying Sword.

Chapter 2755

"I wonder what kind of supreme divine power will descend?" Supreme Sword Peak's Peak Master murmured softly. Ultimate Sword Peak's Peak Master replied, "Supreme divine powers are extremely rare and there have only been slightly more than ten of them throughout history. Since Kitsune cultivates the Dao of the sword, there's a high chance that the Immortal Slaying Sword will descend." "Kitsune ..." Lin Xunzhen murmured softly. She was focused on cultivating the Dao of the sword and rarely paid attention to the people and matters of the eight sword peaks. As such, she was still unfamiliar with that name. "Eh?" As though he had discovered something, Lin Xunzhen frowned slightly and suddenly asked, "Junior Sister Beiming hasn't condensed a Dao Fruit yet. Why is there a Heavenly Tribulation descending?" Ultimate Sword Peak's Peak Master replied, "It's said that Kitsune cultivates a Dharmic formulation known as the Wu Dao. It's different from the immortals, Buddhas and fiends." "Wu Dao? Why haven't I heard of it before?" Lin Xunzhen asked again. Ultimate Sword Peak's Peak Master replied, "This Wu Dao was created by Kitsune's master in the lower realm. He's truly an anomaly and created a Dao technique as such. To think that he could cultivate it to this level as well." As they conversed, the ninth Heavenly Tribulation had already descended. "The first three Heavenly Tribulations of the ninth Heavenly Tribulation are similar to the previous eight Heavenly Tribulations. However, the level of power is much higher. If you want to survive it, you'll have to release your bloodline phenomenon." Standing on the spot, Kitsune recalled what Su Zimo told her about the ninth Heavenly Tribulation and gripped her sword tightly with a resolute gaze. "Fight!" Kitsune flicked her sword and let out a hum. Her blood qi rumbled and the sound of a tsunami could be heard. Immediately after, the roar of a dragon and elephant echoed from her bloodline and shook the world! That was Wu Dao's ninth transformation, the power of dragon and elephant. Divine dragons circled and divine elephants appeared, protecting Kitsune's side. When they collided with the first Heavenly Tribulation, a deafening bang was heard! There were thousands of people who cultivated the Wu Dao in Tianhuang Mainland alone. But when it came to Wu Dao, no one could reach Kitsune's level of achievement. It was because when Kitsune first started practicing Wu Dao, it was Su Zimo who personally taught her and helped her lay down a perfect foundation! Wu Dao's Sixth Transformation was able to condense the Qi and Blood Jin Dan.

However, Su Zimo allowed Kitsune to continue cultivating until she reached Wu Dao's Ninth Transformation. Only then did she begin to condense her Martial Spirit. Kitsune wouldn't have been able to survive the 99 Heavenly Tribulations if she hadn't laid a solid foundation back then. The second heavenly tribulation descended. The Divine Dragon and Divine Elephant were just manifestations of Wu Dao, not her bloodline manifestations. They had already been destroyed by the first tribulation. Kitsune

channeled her blood qi to its limits and a dark and deep ocean appeared behind her, emitting a bone-chilling coldness. The Northern Sea! Kitsune released her bloodline phenomenon and withstood the second Heavenly Tribulation head-on. The Northern Sea was smashed into pieces by the Heavenly Tribulation and was almost dried up. "Pfft!" Kitsune spat out a mouthful of blood. Although the Northern Sea dissipated most of the power of the Heavenly Tribulation, a portion of it still surged into her body. Before she could catch her breath, the third Heavenly Tribulation descended. Kitsune pursed her lips tightly and endured the pain as she continued channeling her bloodline. A gigantic shadow appeared in the initially dried up Northern Sea. Suddenly, the shadow broke out of the sea and charged towards the third Heavenly Tribulation! It was a massive creature that towered in midair and covered the skies. Opening its gigantic mouth, it let out an ancient and terrifying aura! "Kun race!" Many sword cultivators recognized the background of the massive creature and exclaimed. Boom! The third Heavenly Tribulation dissipated. Kitsune's bloodline phenomenon was completely shattered as well. Coughing out mouthfuls of blood, her aura was weak and she could no longer hold on. "The fourth Heavenly Tribulation is called the Bloodline Tribulation and it's used directly on your bloodline." Kitsune recalled what Su Zimo said to her and tried her best to compose herself to withstand the impact of the Bloodline Tribulation. Right in front of everyone, Kitsune's body trembled continuously and curled up, as though she was enduring immense pain. As time went by, Beiming Xue's figure began to fade away and mysteriously disappeared. What remained in place was a dark and profound longsword. The sword emitted a strange power and chose to devour the Bloodline Tribulation instead of resisting it! "This is ..." On the peak, the eight peak masters of the Sword Peaks were shocked and their eyes were filled with disbelief.

"She comprehended a new Sword Dao in the process of the tribulation?" "That should be the case. However, the Sword Dao coexists with her bloodline and is not complete and stable yet." Before long, the Bloodline Tribulation ended. Kitsune's figure appeared once more. After the fourth Bloodline Tribulation, her injuries did not worsen. Instead, they healed more than half and she was in a much better state. Nobody knew how to deal with the 99 Heavenly Tribulations better than Su Zimo. That was because he had gone through it twice alone! As for the experiences of the two tribulations, he imparted all of them to Kitsune. The subsequent Essence Spirit Tribulation, Dao Heart Tribulation and Karma Tribulation did not pose much of a threat to her as Kitsune withstood them one by one. It was only when the eighth Weapon Tribulation descended that Kitsune suffered immense damage. Kitsune's body was drenched in blood and her body swayed. She barely managed to stand in a pool of blood with the help of her Destiny Sword. There was only one last Heavenly Tribulation left. However, everyone knew that the last Heavenly Tribulation was the most terrifying and fatal! The world turned incomparably oppressive. On the mountain peak, all the sword cultivators in the air held their breaths as they stared unblinkingly at the tribulation cloud in the sky. The last Heavenly Tribulation was a supreme Divine Power. Being able to witness it was also a great opportunity for them. Even the powerful auras in the Myriad Swords Palace became incomparably quiet, afraid of disturbing Kitsune. Only the Daluo Sword Stele was still emitting sword hums as if it was supporting Kitsune. Lin Xunzhen and Yun Ting were also looking forward to the next scene. Suddenly! Peach blossoms of various colors floated down from the tribulation cloud in the sky. White, red, pink, they exuded an elegant fragrance. The fragrance was not strong, but when the surrounding sword cultivators smelled it, they felt a little dazed and intoxicated. Even most Perfected Immortal sword cultivators were not spared. Only the eight Peak Masters on the mountain peak had grave expressions. They could clearly see that although the peach blossoms looked ordinary, they were all condensed from sword Qi. Each of them contained terrifying

destructive power!"It's not the Immortal Slaying Sword. What kind of supreme Divine Power is this?"

"It looks like a Sword Dao Divine Power, but it doesn't seem to have appeared before?"A new supreme Divine Power has descended!"The eight Peak Masters were greatly shaken at this thought.At this moment, the rain of petals continued to fall, faintly forming eight words in the sky."Heavenly Drunken Flower, Single Sword of Frost!"Everyone subconsciously read out the words.Hum!The sword hummed!A dazzling sword light appeared in the sky of peach blossoms, carrying with it an extremely sharp sword intent. Like a bolt of lightning streaking across the night sky, it instantly sank into Kitsune's body.

Chapter 2756

The moment the sword light arrived, Kitsune's body erupted with a towering sword intent. Her murderous aura wreaked havoc in the world.A crimson sword burst out of Kitsune's body and collided with the sword light."Immortal Slaying Sword!"A shout came from the crowd.The eight peak masters on the mountain peak were also shocked.Although the Immortal Slaying Sword had not reached the level of a Supreme Theurgy, it had reached the level of a quasi-Supreme Theurgy.Boom!The two Sword Daos collided.After a long time, the tribulation clouds dispersed.Between heaven and earth, not a sound could be heard.All the sword cultivators, including the Immortal Kings and the eight peak masters on the Sword Slaughtering Peak, were stunned in place. They were subdued by the sword intent revealed by the sword.There were no words that could describe the amazement of this sword.Perhaps only those words could describe it.The sky was intoxicated with flowers, and the sword was cold with frost.A new Supreme Theurgy had descended upon the Sword Realm because of Kitsune.On the top of the mountain, Lin Xunzhen's calm eyes were also stirred, and his mind was shaken.Yun Ting clenched his fists with a complicated expression.Although Beiming Xue had attracted the nine-by-nine Heavenly Tribulation, this alone was not enough to affect him much.The heavenly tribulation was just a facade.A cultivator with an eight-by-nine heavenly tribulation might not lose to a nine-by-nine heavenly tribulation cultivator in the future.It was said that the most powerful Immortal Emperor in the world, the Blood Butterfly Demon Emperor of the Great Wasteland Domain, had only attracted a five-by-nine heavenly tribulation when she reached the True Self Realm.Generally speaking, a living being could attract a six-by-nine heavenly tribulation at the very least after condensing a Dao Fruit.However, the Blood Butterfly Demon Emperor was so weak that she did not even attract a six-by-nine heavenly tribulation. Later on, she still stood at the peak of the Upper Realm and looked down on all living beings.The number of heavenly tribulations at the True Self realm was one level lower than Kitsune's. This could not shake Yun Ting's Dao Heart at all.However, when he saw the sword just now, he was deeply shocked.He could not describe the terror of this sword.He only knew that if he and Kitsune were in each other's shoes, he would not be able to block this sword.

Everyone's eyes fell on Kitsune.Her condition looked extremely bad.After all, her Immortal Slaying Sword was only at the Quasi-Supreme level.And the last of the 99 Heavenly Tribulations was a truly supreme divine ability!Kitsune's lifeforce was weak and even the Essence Spirit in her consciousness was severely injured and was on the verge of shattering!"It's over!"Sensing all this, many sword cultivators shook their heads and sighed.A trace of regret flashed through Yun Ting's eyes.At this moment, a green figure flashed and arrived beside Kitsune. It was Su Zimo.Su Zimo stepped forward with a solemn expression. He picked up the unconscious Kitsune and prepared to return to the cave residence.The next moment, the Void beside him suddenly cracked open, and an extremely powerful aura descended. The peak

master of the Sword Slaughtering Peak had arrived!"Put him down and leave him to me!"The Peak Master of the Sword Slaughtering Peak blocked Su Zimo's path. Sword light flashed in his eyes, emitting a powerful aura as he charged towards Su Zimo!"No!"Su Zimo's expression was fearless as he spoke slowly. His tone was firm and unquestionable.Even in the face of an Immortal King expert, Su Zimo did not avoid his gaze at all!The surrounding sword cultivators opened their mouths slightly.At this moment, everyone seemed to have an illusion that Su Zimo was not at a disadvantage in terms of aura when facing the Peak Master of the Sword Slaughtering Peak!"Who is that?"On the peak, Lin Xunzhen's gaze landed on Su Zimo as he suddenly asked.The Ultimate Sword Peak's peak master said, "He is Kitsune's master in the lower realm."Lin Xunzhen nodded slightly."Sigh. "The Five Elements Sword Peak's peak master suddenly sighed. "Brother Lu, you're too anxious. Kitsune is so severely injured that even her Essence Spirit is on the verge of shattering. Even the Emperor Lords of the Myriad Swords Palace can't do anything, let alone us. "The Illusory Sword Peak's peak master nodded as well. "If they could save her, those old fellows would have appeared long ago.""Amitabha."The Zen Sword Peak's peak master said, "We should persuade Brother Lu lest he injures Kitsune's master in a moment of rashness. After all, this matter has nothing to do with that person."

..."What did you say?"When the Peak Master of the Sword Slaughtering Peak saw that Su Zimo actually dared to oppose him, he could not help but feel enraged. The sword light in his eyes became even sharper and was about to spurt out!"Can you save her?"Su Zimo asked with a calm expression."I ..."The Peak Master of the Sword Slaughtering Peak was stumped and stunned on the spot.Indeed, he could not save Kitsune. However, he truly did not want Kitsune to die just like that.Even if he had to try all his methods."Since you can't save her, don't block the way."Right then, Su Zimo said, "I'll save my disciple. Don't disturb me for a month. "With that said, Su Zimo carried Kitsune and headed towards his cave abode.When he heard that, the Peak Master of the Sword Slaughtering Peak could not believe it. However, a glimmer of hope reignited in his heart and he instinctively stepped aside.In the blink of an eye, Su Zimo carried Kitsune and disappeared from everyone's sight.The Peak Master of the Sword Slaughtering Peak stood on the spot with a conflicted expression.After pondering for a long time, he took a deep look in the direction that Su Zimo and Su Zimo left and turned to leave.On the peak, Lin Xunzhen had already left and returned to Ultimate Sword Peak to continue his seclusion.Although she did not see the descent of the Immortal Slaying Sword this time round, the supreme mystic power of the Sword Dao still shocked her immensely.She wanted to enter seclusion as soon as possible to absorb and refine the insights she had just gained."Brother Lu, let him try,"The Peak Master of the Five Elements Sword Peak sighed. "If you take Kitsune away, you'll probably only be able to watch her die in front of you in the end."The Peak Master of the Ultimate Sword Peak said, "That's right. Even if he can't save her, Kitsune is still his disciple. He should be the one to send Kitsune on her final journey."The Peak Master of the Sword Slaughtering Peak remained silent.He looked at Kitsune's cave abode with a hint of anticipation in his eyes....After returning to his cave abode, Su Zimo immediately activated the surrounding Immortal Formations and shielded the entire cave abode.

Along the way, he had already checked Kitsune's injuries from head to toe.Kitsune's injuries were indeed extremely severe and her life was hanging by a thread.The most terrifying thing was that Kitsune's Essence Spirit, which was the sword soul in her spirit consciousness, suffered a tremendous impact and was almost shattered!However, Su Zimo could clearly tell that the final strike of the 99 Heavenly Tribulation did not seem to be fatal and even left a trace of life for Kitsune.This was completely different

from the situation of his two Heavenly Tribulations back then. Back then, when he attracted the 99 Heavenly Tribulations twice, the final Heavenly Tribulation was meant to destroy him! However, at the final moment, when the sword beam entered Kitsune's body, it actually left a trace of life and saved Kitsune's life temporarily. As long as there was a trace of life, Su Zimo would have a way to save Kitsune! Relying on the bloodline of the rank-12 Creation Qinglian, he could cast Lotus Birth Finger continuously for a month and heal Kitsune's injuries. As for the sword soul injury that was the most difficult to resolve, he still had some Fretless Fruits in his storage bag that he could feed to Kitsune. If one fruit was not enough, he could feed her two. Coupled with the Buddhist sutra of the Prajna Nirvana Sutra, he could nourish Kitsune's sword soul continuously. There was a 70% chance that Kitsune would recover to her original state! Only the rank-12 Creation Qinglian could save Kitsune who was on the brink of death by relying on the incomparably strong vitality in her bloodline. A healed Kitsune would have the chance to comprehend two types of supreme Sword Dao mystic arts. The world is intoxicated by flowers and the nine heavens are filled with frost! At the beginning, there was a plot that was not uploaded. Just refresh it.

Chapter 2757

After the 99 Heavenly Tribulations dissipated, many sword cultivators returned to their respective sword peaks. Most of the sword cultivators gained new insights into the Dao of the sword after this viewing. If anyone in the realm could attract the 99 Heavenly Tribulations, it would be a rare opportunity for all the cultivators in the entire realm! On the peak of Sword Culling Peak. The eight peak masters gathered here and recalled the scene of Kitsune's tribulation earlier on, lamenting endlessly. "If I'm not wrong, Kitsune should have the original scrolls of the three sword arts in her storage bag," The Ultimate Sword Peak's peak master said in a deep voice. The others were not surprised when they heard that. The power of the 99 Heavenly Tribulations was way too ferocious. Not only was Kitsune's body severely injured, her storage bag was almost shattered as well. Through the shattered storage bag, the eight peak masters sensed the aura of the three sword arts. Furthermore, it was the most primitive and purest sword qi of the three sword arts! The Five Elements Sword Peak's peak master nodded as well. "Although her Immortal Slaying Sword hasn't reached the level of a supreme mystic power, it's still quasi-supreme. That charm and sword intent are definitely there." The Sword Culling Peak's peak master said, "I've been paying attention to her cultivation situation. At least three years ago, she had yet to fuse the three sword arts and was unable to condense the Immortal Slaying Sword." "The reason why she was able to cultivate the Immortal Slaying Sword should be because she read the original scrolls of the three sword arts." The Illusory Sword Peak's peak master lamented, "Kitsune is truly blessed to be able to obtain the original scrolls of the three sword arts." The Sword Culling Peak's peak master was confused. "But, she has been cultivating in Sword Culling Peak for the past three years and has never left at all. How could she have obtained the three sword arts?" "Three years ago ..." The eight peak masters exchanged glances and thought of the same person at the same time. Three years ago was the time when Su Zhu of the Heaven Realm arrived! "Could he have imparted them to Kitsune?" "If that's the case, he should have cultivated the three sword arts as well." "The fact that he could impart the original scrolls of the three sword arts to Kitsune shows how much he values Kitsune." Even personal disciples might not be able to see the initial copies of the Three Great Sword Techniques.

Not to mention, Su Zimo had directly given the first copies of the three major sword techniques to Kitsune. "No matter what, the first copies of the Three Great Sword Arts have been lost for many years.

In this life, they have finally returned to the hands of the cultivators of the Sword World." "If that Su Zhu really did pass on the three sword techniques to Kitsune, Brother Lu, you should go meet him and thank him in person." "The return of the three great sword arts to the Sword Realm is of great significance!" In fact, the Peak Master of the Sword Slaughtering Peak was well aware of the importance of this matter. However, he was an Immortal King after all, while Su Zhu was only a True Immortal. He still felt a bit conflicted about thanking Su Zhu in person and couldn't put down his pride. Moreover, Kitsune's life and death were still unknown. Even if the Three Great Sword Arts returned, he wouldn't be in the mood. The Peak Master of the Sword Slaughtering Peak said, "These are all guesses. If that person really did pass the Three Great Sword Arts to Kitsune, it's fine for me to thank him." "If he can save Kitsune, I'll prepare a huge gift and give it to him with both hands, let alone thanking him!" If a Sword Dao genius who attracted the 99 Heavenly Tribulations and gave birth to a new supreme Divine Power could be revived, he would definitely be the future hope of the Sword World. No gift could exchange for that!... Time flew. In the blink of an eye, a month had passed. During this period, the Sword Cultivators of the eight Sword Peaks were discussing the 99 Heavenly Tribulations. Wang Dong and the other Sword Cultivators of the Sword Slaughtering Peak would wait in front of Kitsune's cave abode every day, hoping for some news from inside. However, the door of the cave abode was always shut and it was quiet inside. Although the Peak Master of the Sword Slaughtering Peak didn't show up, he would look in that direction from time to time. On this day. The door of the cave abode, which had been closed for a month, slowly opened. A slender and graceful figure gradually walked out from the depths of the cave abode. The Sword Cultivators guarding outside the cave abode immediately looked in the direction of the sound. When they saw the figure walking out of the cave abode, their eyes widened in shock! Kitsune had come out of closed door cultivation! This news swept through the eight Sword Peaks like a violent storm, causing a huge commotion!

Everyone had seen Kitsune's injuries that day. Even Immortal Kings were helpless. No one had expected that Kitsune would be able to come back to life and recover from her injuries! Wang Dong and the others immediately came to congratulate her when they heard the news. Kitsune entering the True First Realm meant that she had become a true disciple of the Sword World, just like them. On the mountain peak, the Peak Master of the Sword Slaughtering Peak, Lu Yun, looked at this scene with excitement and couldn't help but laugh loudly. "Hahahaha, the heavens are really protecting our Sword World!" Lu Yun looked at the withered lotus flowers on the mountain peak and murmured softly, "Senior Immortal Slayer, do you see that? Our Sword World has given birth to a genius of the ninety-by-nine heavenly tribulation!" Although Kitsune's tribulation had ended, the lotus flowers on the mountain peak hadn't recovered their vitality as he'd expected. But seeing Kitsune return unscathed still filled his heart with wild joy. At the same time, the other Sword Peak Masters also received the news. "It looks like Sword Slaughtering Peak is going to rise in this generation!" "Sword Slaughtering Peak has produced a Kitsune, and the three sword arts have returned to the Sword World. Lu Yun will probably wake up laughing in his dreams." "Not necessarily. In this generation, Extreme Sword Peak has Yun Ting, and Solitude Sword Peak has Lin Xunzhen. It's still unknown who will go further on the path of the sword." "Among the true disciples of the eight Sword Peaks, Kitsune, Yun Ting, and Lin Xunzhen have all cultivated Ultus to the level of quasi-supreme combat arts. I wonder who will be the first to comprehend the true form of Ultus." Although Kitsune had obtained the supreme combat art, Frostfrost, it didn't mean she'd fully comprehended it. Grasping a supreme combat art was as difficult as ascending to the heavens. Kitsune still had to continue cultivating and comprehending it. She needed time to settle down and find an

opportunity. It could only be said that she was the sword cultivator with the greatest chance of comprehending Frostfrost! On the mountain peak, Lu Yun silently looked at Kitsune, who'd just walked out of her residence and was receiving congratulations from many sword cultivators. After a while, he suddenly sent a message with his consciousness, telling Kitsune to come to Sword Slaughtering Peak. For one, he wanted to see if Kitsune could revive the lotus flowers on the mountain peak. For another, he wanted to know more about the three sword arts. It didn't take long for Kitsune to reach the top of Sword Slaughtering Peak.

It was her first time here, and a trace of surprise flitted through her eyes when she looked at the vast expanse of withered lotus flowers around her. Disappointment flashed through Lu Yun's eyes. The lotus flowers around her didn't stir at all. Putting the matter aside for the moment, Lu Yun smiled. "Kitsune, there's something I want to confirm. Did your master pass down the three sword arts to you?" Wariness flitted across Kitsune's face at the mention of Su Zimo and the three sword arts. Lu Yun smiled. "Don't be nervous. Since the three sword arts are with you, they belong to you. No one can take them away without your permission. As for your master, I won't harm him either. If he did pass the three sword arts to you, I'd have to prepare a gift and thank him in person. "

Chapter 2758

Kitsune knew that she wouldn't be able to hide this from the peak lord of Sword Slayer Peak. She also believed that he'd keep his promise and not harm Su Zimo. She nodded. "It was my master who taught me the three sword arts." "As expected." Lu Yun nodded, but didn't say anything. Since that was the case, he really should pay this Su Zhu a visit and thank her in person. However, he wasn't quite sure what gift to prepare. If the gift was too light, it wouldn't seem important enough and would be rude. However, Su Zhu wasn't a member of the sword world. She was only Kitsune's master in the lower realms. Too heavy a gift would be inappropriate. He couldn't think of a way to prepare a sincere and appropriate thank-you gift for the time being. Of course, he had more important things to discuss with Su Zhu. Kitsune had attracted a nine-by-nine heavenly tribulation and sent down a new combat art of sword dao. During her tribulation, she'd resonated with the Exalted Sword Stele and assisted her. It wouldn't be an exaggeration to say that Kitsune was one of the sword world's most important true disciples. Although she'd only just stepped into the true first realm, her status in the sword world and importance in the hearts of its experts was no less than that of Lin Xunzhen and Yun Ting! Kitsune was now a unity true immortal. Her master, Su Zhu, had only just broken through to the celestial realm. Their cultivation levels were about the same. In fact, in Lu Yun's opinion, Kitsune would definitely be able to defeat her master if the restrictions were lifted and they could spar regardless of cultivation level! A genius of the sword world who'd overcome a nine-by-nine heavenly tribulation and had the opportunity to cultivate two combat arts could easily fight those above her level. Thus, the situation between the two was a bit awkward. In Lu Yun's opinion, Su Zhu no longer had the right to continue teaching Kitsune. Kitsune's master had to be an immortal king at the very least! An immortal king's knowledge and understanding of the dao was far beyond that of a true immortal. Even ordinary immortal kings were a little lacking. Only peak-stage immortal kings like him, the lord of a peak, had the qualifications to become Kitsune's master! Furthermore, Kitsune cultivated the way of the sword. Even if Su Zhu had cultivated the three major sword techniques, what about him?

How could she be better than Kitsune? Since that was the case? What could this person teach Kitsune? Of

course?It wasn't appropriate for him to say such things in front of Kitsune.He could vaguely feel it.Was Beiming Xue extremely respectful towards Su Zhu?Moreover, he was somewhat dependent on her.He wanted to take advantage of this opportunity?Discuss this matter with Su Zhu?What if this person took the initiative to quit?This pair of Kitsune?It was also a better choice."Peak Master?If there's nothing else?I'll take my leave first. "Kitsune noticed that Lu Yun was deep in thought.No one knew what he was thinking as he opened his mouth to speak."Yes."Lu Yun responded, then asked casually, "Where are you going?" "Extreme Sword Peak."Kitsune responded faintly."Hmm?"Lu Yun seemed to sense something as he caught a trace of sword intent from Kitsune. "What are you going to do there?" "I have a duel with Yun Ting," Kitsune replied. "I'm going to meet him now." "Well..."Lu Yun hesitated. "Kitsune, you've just passed your nine-by-nine heavenly tribulation and recovered from your injuries. You haven't cultivated in the true first realm yet.I suggest that you spend some time in the true first realm and familiarize yourself with the battles between true immortals. "Kitsune shook his head. "I'm fighting Yun Ting to test my sword and familiarize myself with the battles between true immortals." "Uh..."Lu Yun was a little exasperated. "You don't have to go straight to Yun Ting if you want to test your sword. You can find a weaker opponent to spar with first."In Lu Yun's opinion, although Kitsune had passed his nine-by-nine heavenly tribulation, it was hard to say who would win against Yun Ting.Yun Ting's talent in sword dao was also rare in the world.Moreover, Yun Ting had obtained many Sword Dao inheritances and had cultivated each of them to the Great Accomplishment stage.Moreover, Yun Ting had spent much more time in the true first realm than Kitsune.

Kitsune had just entered the true first realm, and her greatest advantage was the opportunity to comprehend two combat arts in the future.She'd wasted this advantage by challenging Yun Ting now.More importantly, there was another concern in Lu Yun's heart.Kitsune was cultivating the Wu Dao, after all, and hadn't even manifested a dao fruit yet.Although she'd entered the true first realm, what were Kitsune's chances of winning against Yun Ting, a true immortal with a dao fruit and an even purer one?Kitsune seemed to read Lu Yun's mind. "I've entered the true first realm as the Wu Dao. If I'm going to fight, then I'm going to find the strongest cultivator in the same realm.I'm sure many of our fellow disciples from the eight sword peaks would like to see Wu Dao's battle strength in the true first realm! "That was indeed the case.After learning that Kitsune had emerged from closed door cultivation, the greatest suspense in the hearts of many sword cultivators was what level Kitsune's battle strength would reach after entering the true first realm with the Wu Dao.After all, heavenly tribulations were only external.If Kitsune couldn't rank in the top ten among her peers, so what if she attracted a nine-by-nine heavenly tribulation?It would only prove that the Wu Dao wasn't worth it.Seeing that Kitsune had made up her mind, Lu Yun didn't try to dissuade her any further.He gave Kitsune a brief rundown of some of the trump cards Yun Ting had revealed earlier.After listening to everything, Kitsune turned and headed for the transportation formation, heading straight for Extreme Sword Peak!Lu Yun looked at Kitsune's back in silence.As far as he knew, the Wu Dao was a cultivation method created by a cultivator from the lower realms. It was incomplete and couldn't compare to methods passed down through the ages like the immortals, buddhas, and demons.If the Wu Dao really was strong, then why didn't Su Zhu, the creator of Wu Dao, continue to cultivate?Lu Yun had been secretly observing Su Zhu for a long time.Her cultivation obviously belonged to the immortals, buddhas, and demons, and she had a dao fruit in her consciousness."It'll be good if Kitsune loses."Lu Yun thought for a moment.That would give him even more reason to persuade Su Zhu to let go and allow Kitsune to become his disciple.

Mobile App:Read:News of Kitsune heading to Extreme Sword Peak to challenge Yun Ting spread like wildfire.The eight sword peaks, which had been quiet for a month, were once again in an uproar!For many sword cultivators, a duel between two peerless geniuses of the sword world was much more interesting than a nine-by-nine heavenly tribulation!"Let's go to Extreme Sword Peak, Kitsune and Yun Ting are going to fight!"Kitsune is too strong. She wants to spar with junior brother Yun as soon as she's reached the true first realm.""Kitsune may have attracted a nine-by-nine heavenly tribulation, but she doesn't have a dao fruit. She doesn't have much of a chance against junior brother Yun."Many sword cultivators discussed as they used the transportation formation to head for Extreme Sword Peak."Junior sister Beiming is too impatient."When Wang Dong found out about this, he couldn't help but be deeply worried, and then he shook his head and sighed. "If she cultivates for a few hundreds or thousands of years and comprehends the Frost Sword, then even if it only attains the level of a Quasi-Supreme Divine Ability, she would have a 70% chance of winning against Junior Brother Yun.""But now, both of them only control the quasi-supreme combat art, Immortal Eradication. Junior sister Beiming has just reached the true first realm, so she has no advantage at all."The true immortals of the eight sword peaks, including Wang Dong, Gongsun Yu, Shen Yue, Qin Zhong, and the others, all moved after hearing this.Cultivators of Extreme Sword Peak gathered.The duel between two peerless geniuses of the sword world was the center of attention!

Chapter 2759

The battle between the two monstrous geniuses attracted countless sword cultivators to watch.In the Sword Realm, it was not easy to see such a top-level battle between monstrous geniuses.For example, Lin Xunzhen was completely unmatched in the same realm.And between Yun Ting and Lin Xunzhen, the difference in cultivation realm was quite large, and they could not spar.Because Kitsune suddenly attracted the 9-by-9 Heavenly Tribulation and stepped into the True First Realm, it became an unparalleled battle between peers.This battle was not just a battle between Kitsune and Yun Ting.Countless sword cultivators also wanted to see what kind of combat strength the Wu Dao that Kitsune cultivated could unleash at the True First Realm.The eight great sword peaks were in an uproar, but Kitsune's cave abode was abnormally quiet.Su Zimo did not join in the fun. He understood Kitsune and Yun Ting too well. The outcome of this battle between the two did not have much suspense to him.In the past three years, most of his energy was placed on Kitsune.When Kitsune stepped into the True Martial Realm, he also put down a load on his mind and prepared to continue cultivating and comprehending Dao techniques.His cultivation base had risen very quickly, and he had already surpassed Yun Ting.But in reality, he was still far from reaching the upper limit of his combat strength.At present, Su Zimo had already cultivated the Immortal Vanquishing Sword, Dragon Elephant of Many Buddhas, Six Paths of Reincarnation, Fleeting Youth, Four Heads Eight Arms, and Six Fangs Divine Power to the quasi-supreme level.However, to cultivate the true supreme divine powers, he still needed to continue comprehending.Don't look at the difference of the word "quasi-". The power of the divine powers was worlds apart!If Su Zimo could cultivate all these divine powers to the supreme divine powers, his combat strength would reach the peak!At that time, with the Six Fangs Divine Power, Four Heads Eight Arms, and the support of the few supreme divine powers, he could not predict what kind of power could erupt.Since ancient times, no one could master so many supreme divine powers at the same time!...More than half a day had already passed since Kitsune left.Finally, a sound came from the cave abode's door.Not long after, a figure slowly walked in.Su Zimo opened his eyes and looked over.Kitsune's clothes were a little messy and stained with blood. Her face was pale and her breath was

weak. Obviously, she had consumed a lot of energy in this battle and had fought very hard.

However, Kitsune's expression remained calm. Her gaze was as sharp as a sword!"He won?"Su Zimo said."He won."Kitsune nodded.Both master and disciple answered each other without saying much.Su Zimo had already expected this. Naturally, he didn't think much of it, nor was he curious.This was Kitsune's temperament. Even if she won against Yun Ting, she would not show any excitement.Su Zimo closed his eyes and was about to continue cultivating when his heart skipped a beat and he asked out of curiosity, "Is Yunting alright?"Kitsune paused. After a moment of silence, she said, "I won't die."...Kitsune's cave abode returned to silence.Su Zimo comprehended Dao techniques while Kitsune recuperated quietly.However, Supreme Sword Peak was in an uproar at that moment. It was bustling with noise and excitement!Kitsune had already returned to her cave abode. However, there were still many sword cultivators gathered at Supreme Sword Peak and none of them left.The battle between the two monster incarnates lasted for more than four hours. Everyone witnessed the entire process and the shock on their faces had yet to dissipate.The killing Sword Dao displayed by Kitsune and Yun Ting was an eye-opener for everyone present.At the beginning of the battle, perhaps because she was not familiar with the battle between Perfected Immortals, Kitsune was at a disadvantage and was suppressed by Yun Ting the entire time.However, as time passed by, Kitsune gradually got rid of her disadvantage.At the end of the battle, Kitsune counterattacked and suppressed Yun Ting completely!In the end, Yun Ting was knocked unconscious by Kitsune. Sword Immortal Tai Lai and the other peak Perfected Immortals carried him away. Only then did the battle end."Yun Ting is too pitiful. His face was beaten into a pig's head. He can't even be recognized as a human!""Junior Sister Beiming is too ruthless. Why do I feel like she has a deep grudge against Junior Brother Yun ...""As expected of the monster incarnate who attracted the 99 Heavenly Tribulations. She was suppressed by Senior Brother Yun as soon as she entered the True Self realm.""Is this Wu Dao? He's too powerful! Even Junior Brother Yun's powerful Sword Blood can't suppress Junior Sister Beiming's Blood Qi. "

"The Sword Intent in Junior Sister Beiming's Blood Qi is obviously more terrifying. However, she doesn't seem to have fully mastered it.""How does Wu Dao cultivate? I wonder if it's too late for me to change to Wu Dao. "The result of this battle was beyond the expectations of most sword cultivators. It also caused a huge commotion in the eight sword peaks!Wang Dong, Gongsun Yu, Qin Zhong, and the other peak True Immortals had complicated expressions.Wang Dong smiled wryly. "I didn't expect Junior Sister Beiming to be so powerful even without a Dao Fruit. I've been trying to persuade her not to cultivate Wu Dao.""Now that I think about it, I'm really ashamed."Qin Zhong grinned. "Junior Sister Beiming is too ruthless. She's already invincible among her peers when she just entered the True Self realm!"Gongsun Yu also sighed. "Yeah. If Junior Sister Beiming comprehends the Frost Sword in the future, Junior Brother Yun won't be able to defeat her.""Don't talk about Junior Brother Yun," Shen Yue said."If Junior Sister Beiming's cultivation catches up to ours, we probably won't be her match."At the peak of the Supreme Sword Peak."What exactly is this Wu Dao? I'm curious.""From what I've seen, Wu Dao should focus on the cultivation of the physical body and bloodline. Kitsune's body and bloodline are so strong that no one in the same realm can match her!""With such a body and bloodline, coupled with her sword soul, sword dao, and sword heart, Kitsune is a pure, flawless immortal sword!""Congratulations, Brother Lu."The peak lords cupped their hands. "With Kitsune on Sword Slayer Peak, it has a good chance of becoming the leader of the eight peaks."Lu Yun was grinning inside, but he forced himself to remain calm. He nodded slightly. "She's just entered the True Self realm, after all. She's still a long way off.""If

Kitsune becomes a true immortal, Brother Lu will be able to take her in as your disciple," the peak lord said. "Kitsune's talent in sword dao is unparalleled. You must teach her well." Lu Yun shook his head at the mention of this. "Kitsune has no intention of taking a master yet. She seems to still want to cultivate with that Su Zhu." "How can that be?" The peak lord of the Demonic Sword Peak frowned. "That Su Zhu's cultivation is on par with Kitsune's. Wouldn't we be wasting a peerless genius' time if he were to teach Kitsune?"

"That's not a good idea," Lu Yun said solemnly. "No matter what, Beiming Xue has achieved what she has today because she cultivates the martial dao created by someone else," Lu Yun said solemnly. "Moreover, this person saved Kitsune's life when she was on the brink of death and gave her the first ancient scrolls of the three sword arts. From a certain perspective, the world of swords owes him a debt of gratitude." "It would be rude of me to ask him to leave Kitsune."

Chapter 2760

In the blink of an eye, half a year had passed since the battle between Kitsune and Yun Ting. In this half a year, Su Zimo had been in seclusion in Kitsune's dwelling. After coming to the Sword World, there was a rare period of peace. During this time, no one came to challenge him. On this day, a pulse of consciousness came from outside the dwelling. Although Su Zimo sensed it, the pulse of consciousness was rather weak. He remained in a meditative state and did not awaken. "Brother Su, brother Su ..." After a while, the pulse of consciousness came in again. This time, it seemed rather cautious. Yun Ting? Su Zimo opened his eyes. He did not know why Yun Ting had come, but he still used his consciousness to open the door to the dwelling. Yun Ting saw the door open, but he did not walk in. Instead, he looked inside the dwelling. It was unknown what he was looking for. Su Zimo called out, "Brother Yun, what is it? Why don't you come in?" Yun Ting coughed gently and sent a message with his consciousness, "Brother Su, is your disciple inside?" "Kitsune?" Su Zimo said, "She's not here. She's gone to the Myriad Sword Palace to cultivate." After becoming a core disciple, Kitsune had the opportunity to go to the Myriad Sword Palace to cultivate before the Daluo Sword Stele and comprehend the Sword World's forbidden secret scripture, the Daluo Sword Mantra. The Daluo Sword Mantra was imprinted on the Daluo Sword Stele. In the Sword World, the Daluo Sword Mantra did not belong to anyone. In the past, the Great Allheaven Emperor had passed down an ancient teaching. As long as a core disciple of the Sword World swore not to impart the Sword Dao of the sword mantra to outsiders and did not betray the Sword World, they could comprehend the Sword Dao before the Daluo Sword Mantra. It was precisely because of this ancient teaching of the Great Emperor of Allheaven that the Sword Realm had been one of the most powerful realms for numerous epochs! Every person who read the Daluo Sword Mantra would comprehend a different Sword Dao according to their different experiences, physique, bloodline, and cultivation methods. This gave rise to the eight most powerful Sword Daos of the Sword World, which became the eight great sword peaks of the present day. "Oh." Hearing that Kitsune wasn't inside, Yun Ting breathed a sigh of relief, as if a heavy burden had been lifted from his shoulders. Relaxing, he swaggered into the cave. "Is something the matter, Brother Yun?"

Su Zimo asked. Just as Yun Ting was about to speak, he suddenly noticed Su Zimo's cultivation and couldn't help but widen his eyes and exclaim, "Your cultivation speed is too fast! You're already at the Heaven Being Stage?" Su Zimo nodded and said, "It's been half a year." During the last tribulation, Yun Ting's attention was all on Kitsune. He didn't notice that Su Zimo had already broken through. It was much harder to raise one's cultivation base in the True First Realm compared to the Mystic, Earth, and

Sky Primal realms. This not only required a large amount of Heaven and Earth Yuan Qi and cultivation resources, but it also required a new understanding of the Heaven and Earth. Even someone as talented as Yun Ting, who specialized in Sword Dao, hadn't reached the peak of the Consolidation Stage, but Su Zimo was already at the Heaven Being Stage! Yun Ting had always regarded Su Zimo as his opponent. Even after being defeated twice by Su Zimo, he didn't give up. But half a year ago, he lost to Beiming Xue, which was a huge blow to him. Now that he saw that Su Zimo's cultivation base had surpassed his, he felt another blow to his heart. One had to know that Su Zimo had defeated him twice in a lower cultivation base. Moreover, Su Zimo hadn't used his full strength. At least, he hadn't released Qinglian's Qi and blood. If the two of them were at the same level, Yun Ting wouldn't have been so confident. But now, Su Zimo's cultivation base was even higher than his. This meant that there was no way he could beat Su Zimo! No matter how proud and conceited Yun Ting was, he couldn't help but feel a little discouraged. Su Zimo smiled and changed the topic. "Are you here to spar with Beiming?" He thought that Yun Ting had asked about Kitsune's whereabouts because he wanted to spar with Kitsune. Moreover, Yun Ting had always been belligerent. After losing to Kitsune in front of so many people, he definitely wouldn't admit defeat and would find another chance to fight. Unexpectedly, when Yun Ting heard the words "spar with Kitsune", he shuddered and hurriedly said, "I'm not looking for her. I don't want to spar with her!" "Uh ..." Seeing Yun Ting's resistance, Su Zimo was taken aback. Yun Ting was so belligerent and conceited that he didn't want to regain his dignity after losing once?

Yun Ting had always refused to admit defeat and wanted to spar with him a third time. Did Beiming Xue defeat Yun Ting with just one hit? Su Zimo looked at Yun Ting with a half-smile and asked, "Didn't you want to pursue Beiming?" "No, no, no!" Yun Ting shook his head like a rattle drum and said with lingering fear, "That crazy woman ..." As soon as he said that, he realized that something was wrong. He coughed and corrected himself. "Your disciple is too fierce. I can't handle her." "It took me two months just to recuperate from the battle with her! If we become dao partners in the future, I'm afraid I won't live past next year." Su Zimo: "... Half a year had passed, but Yun Ting's face still showed deep fear. Su Zimo suddenly regretted not watching the battle live. He wondered what the battle between the two of them had been like to leave such a huge psychological shadow in Yun Ting's heart ... Su Zimo comforted him. "Beiming isn't the only woman in the sword world. You can find other women." "Nah." Yun Ting waved it off and grinned. "Women are all the same. They're frighteningly fierce. My sister may seem gentle and quiet usually, but she's ruthless when she's mad!" "It's better to cultivate the sword dao. I'll stop thinking about that in the future and focus on cultivating the sword." "Brother Su, this tribulation is probably a test from the heavens to remind me that I have to cultivate the sword dao wholeheartedly and not let my imagination run wild." Yun Ting lamented, as though he had seen through the mortal world and was enlightened. Su Zimo had a strange expression. He could sense a Zen intent of the Buddhist sects from Yun Ting. "This ..." Su Zimo muttered internally. Kitsune couldn't have sent Yun Ting into seclusion in this battle, could she? If Yunzhu knew about this, she wondered what she would think. Suddenly, a voice sounded from outside the door. "Su Zhu, I'm Lu Yun, the peak master of Sword Slaughter Peak. I'm here to visit." The peak master of Sword Slaughter Peak! Su Zimo and Yun Ting looked at each other in confusion. They didn't know why this immortal king had come to visit.

"Please come in." Su Zimo rose and welcomed the young man into the residence. Lu Yun nodded slightly with a smile when he saw Yun Ting. "Do you need me to leave, Peak Master Lu?" Yun Ting asked with a bow. Lu Yun hesitated. "That's not necessary." Thereafter, he turned to Su Zimo and cupped his fists, saying in a deep voice, "I'm here to thank my young friend Su Zhu." "Senior, you're too kind. Why do you

thank me?" Su Zimo asked. "Thank you for teaching Wu Dao to Kitsune, young friend. You've taught such a peerless genius and saved her from the brink of death."
