

Sacred King 2941

Chapter 2941

After Dragon Emperor Huang Hai finished his words, the other eight Demonic Emperors had different expressions. Among the nine Demonic Emperors of Eastern Wilderness, only Dragon Emperor Huang Hai, Great Roc Demonic Emperor, and Divine Elephant Demonic Emperor had followed Die Yue for many years. The rest came from the South, West, and North Wilderness. In order to avoid Cang's conquest, they moved to the East. Back then, Blood Butterfly Demonic Empress had twelve Demonic Emperors under her command. However, in that battle, nine Demonic Emperors died, leaving only Dragon Emperor Huang Hai, Great Roc Demonic Emperor, and Divine Elephant Demonic Emperor. In that battle, Die Yue defeated Cang and left behind a bunch of Emperors' corpses. The remaining Demonic Emperors, Great Roc Demonic Emperor, and Divine Elephant Demonic Emperor had all broken through and absorbed a large amount of World Fragments to reach their current level. Dragon Emperor Huang Hai had followed Die Yue for the longest time, and his declaration was unexpected. This also meant that Cang's strength and continuous conquest had pressured Dragon Emperor Huang Hai, which was why he was willing to submit! There were only four peak-stage Demonic Emperors in the Great Wilderness Domain. The other three had all submitted to Cang. Only Die Yue guarded Eastern Wilderness. Below the pinnacle, Dragon Emperor Huang Hai was one of the strongest peerless Imperial Emperors! Among the nine Demonic Emperors of Eastern Wilderness, Die Yue was the strongest. Below her were Dragon Emperor Huang Hai, Great Roc Demonic Emperor, Divine Elephant Demonic Emperor, and Nine-Tailed Demonic Emperor. There were five ordinary Demonic Emperors, Kui Ox Demonic Emperor, Bai Ze Demonic Emperor, Sky Bearing Emperor, Black Snake Demonic Emperor, and Tianwu Demonic Emperor. As one of the four Demonic Emperors and the one who had followed Die Yue for the longest time, Dragon Emperor Huang Hai's declaration was extremely important! Die Yue looked calm and said nothing. She only looked at the remaining Demonic Emperors. Among the three remaining Demonic Emperors, Great Roc Demonic Emperor's expression did not change, as if he was not surprised by Dragon Emperor Huang Hai's declaration. The other two, Divine Elephant Demonic Emperor and Nine-Tailed Demonic Emperor frowned. Among the remaining four ordinary demon emperors, the Kui Ox Demon Emperor and the Black Snake Demon Emperor were tempted, while the Sky Bearing Demon Emperor and the Bai Ze Demon Emperor showed signs of resistance. "Huang Hai, what are you saying?" The Divine Elephant Demon Emperor frowned and said, "Cang has a blood feud with the Eastern Barren Territory. More than half of the twelve Demon Kings who fought alongside us died in their hands. If we don't avenge them, the heavens will not tolerate it. Should we choose to surrender?"

"How can those fallen brothers rest in peace after surrendering to the enemy?" Before Dragon Emperor Huang Hai could say anything, Great Peng Demon Monarch spoke first, "Cang's strength is unfathomable. Monarch Qing Yan and the others will return soon. Xue Die's injuries have not healed yet. Who can stop them?" Dapeng Demon Overlord glanced at Die Yue. "Could it be that dying on the battlefield is the best ending? If the Divine Phoenix and the Spirit Turtle were still alive, they probably wouldn't want us to seek our own deaths. Among the four peerless Demonic Emperors, two had already expressed their desire to submit to Cang!" "I don't agree." The Nine-Tailed Demonic Emperor stood up slowly and said, "I brought the Nine-Tailed Tribe here from the Southern Barren Territory because I don't want them to fall into Cang's hands and become his slaves." "Other than the Nine-Tailed Tribe, there are many other races in the Great Wilderness that have fled to the Eastern Barren Territory

to seek protection. Now that you want to submit to Cang, what will you do to them?"The Nine-Tailed Demonic Emperor was wearing a pink fur coat, revealing her slender arms and long, snow-white legs. She had a slim figure, and a casual glance at her would make one's heart flutter. Those eyes rippled with light, as if they could steal one's soul. All the Demonic Emperors present sat upright. No one dared to look at her, let alone look at the Nine-Tailed Demonic Emperor. The Fox Tribe was good at seduction. The king of the Fox Tribe, the Nine-Tailed Sky Fox, was a natural beauty. She had a delicate body, and she was like a perfect treasure created by the gods. She emitted a seductive fragrance. Monarch Qing Yan had even said that he wanted the Nine-Tailed Demonic Emperor to serve him. If not for Die Yue's protection, the Nine-Tailed Demonic Emperor would have been taken into Monarch Qing Yan's harem. The Nine-Tailed Demonic Emperor also had someone she liked in the Eastern Barren Territory, so the other Demonic Emperors didn't dare to have any improper thoughts. The Black Snake Demonic Emperor looked straight ahead and said, "We're all Monarchs, and our lives are precious. We can't be compared to those messy races." "If that's the case, we can only go with the flow. That's the only way we won't be crushed." The Bai Ze Demonic Emperor shook his head slightly and said, "I don't agree ..." The eight Demonic Emperors in the hall were in a long argument, and it was getting more and more intense.

Die Yue didn't say anything from the beginning to the end. The battle with Monarch Qing Yan and the others wouldn't make her feel tired. The current situation was what made her feel exhausted. Although Dragon Emperor Huang Hai, Dapeng Demonic Emperor, and the others hadn't left the Eastern Barren Territory, the Eastern Barren Territory was no longer united under Cang's great pressure. It could even fall apart at any time! The final battle hadn't come yet, but the Eastern Barren Territory was already divided. On one side, there were generals who had followed her for many years. If not for Su Zimo's arrival, Die Yue didn't know how long she could hold on. At this moment, Dragon Emperor Huang Hai stood up and said, "Everyone, stop arguing. Cang's army is coming, and the Taia Mountain Range has no leader. Who can stop them? How can we solve this crisis?" The Divine Elephant Demonic Emperor said, "As far as I know, Cang's peak Demonic Emperor was injured by Xue Die. Monarch Qing Yan and the others should still be recovering." "Cang's attack this time is probably led by a peerless Monarch. If that's the case, we might be able to fight them together." The Divine Elephant Demonic Emperor had followed Die Yue for many years. He could guess that Die Yue was injured and probably couldn't fight. They could only rely on themselves for this battle. Dragon Emperor Huang Hai said faintly, "The Earth Hill Mountain I'm at is in the Huang Sea. The terrain is crucial, and I have to guard there. I can't fight." The Dapeng Demonic Emperor also stood up and said, "The Swagger Mountain Range is in the far west of the Eastern Barren Territory. It's connected to Cang. We can't lose it. I have to guard there." Although these two hadn't decided to pledge allegiance to Cang, they had chosen to stand aside and watch. Two of the four peerless Demonic Emperors had left, and the pressure on Eastern Wilderness increased. Among the remaining four ordinary Demonic Emperors, the Black Snake Demonic Emperor and the One Legged Ox Demonic Emperor each found an excuse to avoid the battle. "You ..." The Divine Elephant Demonic Emperor frowned and glared at Dragon Emperor Huang Hai and the Great Roc Demonic Emperor. He could see that these were just excuses made by Dragon Emperor Huang Hai and the others. How could the four of them resist Cang's army?

Nine-tailed Beast Emperor sighed in her heart. She looked at Die Yue who was sitting in the middle and said softly, "Sister Xue Die, with the current situation, I'm afraid we really have to abandon the Tai Ah Mountain Range. However, I'm afraid the creatures in the Tai Ah Mountain Range will ..." Just as Die Yue

was about to speak, a purple-robed figure appeared outside the hall. The person stepped out of the hall and said, "I'll guard the Taia Mountain Range." Wu Dao's true body had arrived! Die Yue looked at Su Zimo. Her beautiful eyes lit up, but she quickly hid it. The Demonic Emperors in the hall also turned their heads and looked over.

Chapter 2942

The Shifter Emperors scanned Wu Dao's real body from top to bottom. Wu Dao Body wore a purple robe and put on the Mo Luo Mask again. Since he was only at the peak of the Martial Domain Realm, he did not have the aura of a Martial Monarch expert. The Beast Thearchs could not see anything special about him. A human? In the Great Wilderness Domain, thousands of races coexisted and the human race was one of them. However, the human race had not reached the Emperor Realm and did not have much of a presence. Emperor Qingtian in the main hall was from the Giant Race. The demonic thearchs then looked at Die Yue, who was in a high position, with some confusion. Die Yue's expression was normal as if she was not surprised by the arrival of the purple-robed human. "Who are you?" Great Roc Demon Emperor narrowed his eyes and stared at Wu Dao's real body. "I am Araki Takeshi." Wu Dao's real body looked around and cupped his hands. He nodded and said, "Greetings, Shifter Emperors." Although he took the initiative to greet them, Wu Dao's real body's tone was calm and he did not bow to the Shifter Emperors present. Dragon Emperor Huang Hai, Great Roc Demon Emperor and the others were expressionless but they sneered in their hearts. They had no idea where this human had popped out from. He hadn't even reached the Martial Monarch realm, yet he dared to spout such nonsense. How dare he claim to be on equal footing with them? In fact, Wu Dao's real body was already being polite by taking the initiative to greet the Shifter Emperors present. If not for the fact that the Shifter Emperors had followed Die Yue for so many years and fought against strong enemies together, he would not even bother with them. "Araki Takeshi. Never heard of him." Kui Ox Demon Emperor pouted. Black Snake Demon Emperor looked at Wu Dao's real body and suddenly scolded, "Where did this nameless person come from? You have no right to speak here. Get lost!" Divine Elephant Demon Emperor, Nine-Tailed Demon Emperor, Bai Ze Demon Emperor and Emperor Qingtian frowned slightly. Die Yue was not surprised by this person's sudden appearance. This meant that this person was most likely sent by Die Yue! If the four of them could tell, so could Dragon Emperor Huang Hai and the Black Snake Demon Monarch. However, the Black Snake Demon Monarch pretended that he didn't know anything and scolded Araki Takeshi loudly. Obviously, he was trying to intimidate him!

On the surface, the Black Snake Demon Emperor seemed to be targeting Araki Takeshi, but in reality, he had the intention of testing Die Yue. Die Yue was injured. However, no one knew how serious his injuries were or how much fighting strength he had left. Dragon Emperor Huang Hai and Dapeng Monarch Beast had mentioned the same thing during their conversation. If they were sure that Die Yue was severely injured and unable to fight, Dragon Emperor Huang Hai, Great Roc Demon Emperor, Black Snake Demon Emperor, and Ox Demon Emperor would probably leave the Eastern Wilderness. "Hey!" Wu Dao smiled in response to the Black Snake Demon Emperor's rebuke. There was a hint of strangeness in his laughter. Suddenly! Wu Dao's true body stomped the ground. There was a loud rumble! The entire hall was shaking! In the next instant, Wu Dao's true body was right in front of the Black Snake Demon Emperor. Before the Black Snake Demon Monarch could react, the Martial Dao Body reached out his hand and pressed it on the top of the Black Snake Demon Monarch's head. His five fingers dug into the Black Snake Demon Monarch's skull and pulled him down from his seat! The entire hall was in an

uproar!It was too fast!No one would have thought that the seemingly ordinary human race would suddenly rise up in revolt!One had to know that those sitting in the hall were all Demon Emperors who ruled over a region and commanded three armies!What kind of status and identity was that?Any one of them could cause the entire Vast Wilderness to tremble with a stomp of their feet.With a raise of their arms, hundreds of millions of Demon Race soldiers would gather!Who would have thought that an outsider would dare to attack one of their Demonic Emperors when they were surrounded by so many of them?The moment he attacked, he struck like lightning and did not give the Black Snake Demon Emperor any chance to retaliate!The Black Snake Demon Emperor only heard Araki Takeshi's laughter.Before he could finish his laughter, a violent roar sounded in his ears!The hall shook.A huge shadow loomed over him.Immediately after, he felt a sharp pain in his head. His spirit consciousness was sealed and his Essence Spirit was locked. He could not use any strength at all as he was pulled down from his seat by his head.

Even if he had many tricks up his sleeves, he could not use them.With his Essence Spirit locked, he could not even form his own world.The Black Snake Demon Emperor's face was first filled with shock, followed by rage.Following that, it was fear.He suddenly sensed the aura of death!Now that Araki Takeshi was holding him by his head, he could kill him on the spot with a single thought!Furthermore, he could sense the blood stench on Wu Dao's true body. He did not doubt Araki Takeshi's decisiveness in killing!"How dare you!""What are you doing?!""Let him go!"Dragon Emperor Huang Hai and the others finally reacted and stood up one after another, shouting.Instantly, at least three Emperor realm spirit consciousnesses and auras descended and locked onto Wu Dao's true body!"You guys had better sit back down,"Wu Dao's true body lifted the Black Snake Demon Emperor and said indifferently, "This snake demon is dead for sure if I use a little more strength."Dragon Emperor Huang Hai and the others did not push too hard for fear of breaking the vases."Were you scolding me earlier on?"Wu Dao's true body lifted the Black Snake Demon Emperor and asked in a seemingly casual manner.The Black Snake Demon Emperor no longer had the demeanor of a Demon Emperor. Instead of a snake demon, he looked more like an earthworm.The Black Snake Demon Emperor gulped.Although Wu Dao's true body asked casually, the Black Snake Demon Emperor could sense the killing intent behind that calm tone!He didn't doubt in the slightest that if he said anything wrong, it would be the end of his life!"I-I was blind earlier on and said something wrong. Please forgive me, Fellow Daoist Araki Takeshi ..." The Black Snake Demon Emperor's voice trembled slightly.Now that his life was hanging by a thread, he could not care less about his pride as a Demon Emperor.If he wanted to keep his life, he had to show weakness.Wu Dao's true body said indifferently, "If not for the fact that you have followed the Blood Butterfly Demon Emperor for so many years, you would already be dead."Wu Dao's true body was not trying to scare the Black Snake Demon Emperor.

If Wu Dao's true body had punched the Black Snake Demon Emperor, the Black Snake Demon Emperor would have been reduced to a pile of minced meat!The Black Snake Demon Emperor quickly said, "Thank you, Fellow Daoist Araki Takeshi. We have all followed the Blood Butterfly Demon Emperor and are on the same side ..."Wu Dao's true body sneered and threw the Black Snake Demon Emperor back to his seat.He had just arrived and naturally could not kill the Demon Emperors under Die Yue's command.The Black Snake Demon Emperor had followed Die Yue for many years.Although he had shown his intention to betray her, he had not done anything substantial yet and there was still room for negotiation.It was up to Die Yue to decide how to deal with the Black Snake Demon Emperor.The

moment the Black Snake Demon Emperor broke free, his expression changed and he glared at the Martial Dao True Body with a ferocious glint in his eyes, snarling word by word, "Desolate Martial, you're courting death!" He had been subdued by Wu Dao's true body in one move and did not even have time to release his world. How could he accept this? Moreover, he had just lost all his dignity. If he did not get it back, how was he going to command the three armies in the future? "That's enough." At this moment, Die Yue stood up and clapped her hands to stop a possible fight. She said, "Araki Takeshi is here to help me. I believe you all already know him. I don't need to introduce him."

Chapter 2943

"Blood Butterfly Demon Empress, what is the meaning of this?" The Black Snake Demon Emperor's expression was terrible as he gritted his teeth. "This person managed to kill me when I was unprepared. You didn't step in earlier and now you're protecting him?" The Black Snake Demon Emperor could not be blamed for feeling indignant. After all, he was one of the nine great Demon Emperors of Eastern Wilderness. His status was only below Die Yue's and he had followed her for many years. Now, a human had appeared out of nowhere and almost killed him, humiliating him. Not only did the Blood Butterfly Demon Empress not step in for him, she was even protecting that human! The Black Snake Demon Emperor was not the only one. The other Demon Emperors could also tell that Die Yue was protecting the purple-robed human and could not help but feel puzzled. What was his relationship with the Blood Butterfly Demon Empress for her to think so highly of him? "I'm protecting him?" Die Yue raised her brows slightly. "Is that not the case?" The Black Snake Demon Emperor said in a deep voice, "If you did not step in and we had a fair fight, he would be a dead man by now!" The Divine Elephant Demon Emperor coughed gently and tried to smooth things over. "Cang is invading us on a large scale. Let's talk about our conflicts in the future. Right now, let's deal with the external threat and tide through this calamity together." "That's right." The Nine-Tailed Demon Emperor looked at Wu Dao's real body and said with a smile, "This fellow daoist Araki Takeshi is here to help us after all. Let's talk about our grudges in the future." "Hehe." The Black Snake Demon Emperor looked at Die Yue and scoffed. Although he did not continue to pursue the matter, he was obviously extremely resentful and even showed some disrespect towards Die Yue. Die Yue's expression was cold as she walked down slowly from the high ground and walked towards the Black Snake Demon Emperor. The atmosphere in the entire hall suddenly became extremely solemn! At this moment, everyone in the hall felt a strand of terrifying and shocking pressure! Wu Dao's real body finally felt how powerful Die Yue was! Die Yue was not targeting him. Even so, he could still feel the immense pressure. Even if he released Wu Dao's Purgatory and Origin Martial Grotto-Heaven, he might not be able to withstand Die Yue's power!

The difference was too great. If the Demonic Emperors in the main hall were just puddles of water, then the Demonic Emperors in the main hall were like lakes. But now, the approaching Die Yue was like a raging wave in the ocean. It surged over in all directions and could devour everything! The Black Snake Demon Monarch, who was at the center of the huge wave, felt it even more intensely! The Black Snake Monarch Beast's face instantly turned pale. Unknowingly, he was sweating profusely. "You're not convinced?" Die Yue came before the Black Snake Monarch and asked calmly. The Black Snake Demon Emperor didn't even dare to look at Die Yue. Die Yue's terrifying aura made his body tremble uncontrollably! Before he could speak, Die Yue waved her hand and threw two round objects at the Black Snake Monarch Beast. The Black Snake Demon Emperor was already scared out of his wits. Even the slightest movement would cause him great panic. Plop! The Black Snake Demon Emperor didn't dare to ask what those two things were. He directly knelt on the ground and hurriedly said: "I, I, I accept, I

have no complaints!" "Look at them." Die Yue's voice sounded. The Black Snake Demon Emperor swallowed his saliva and stole a glance. Two charred heads! And they looked familiar, as if they were ... The Black Snake Demon Emperor took a closer look and could not help but gasp. Demon Emperor Tian Wu of the Tai Ah Mountain Range! The other was Demon Emperor Zu Shu from Cang! Die Yue said, "I said earlier that Tian Wu colluded with Zu Shu and is dead. However, I didn't say who killed them." Hearing that, the expressions of the Demon Emperors changed. They guessed a possibility and instinctively looked towards Wu Dao's true body. "Araki Takeshi killed these two." Die Yue reached out and stroked the Black Snake Demon Emperor's head, asking, "Black Snake, how is your combat strength compared to Tian Wu and Zu Shu?" The Black Snake Demon Emperor trembled. On one hand, he was frightened by Die Yue. On the other hand, he was frightened by Wu Dao's true body. The Black Snake Demon Emperor was only at the lesser mastery of the Martial Emperor realm and an ordinary Emperor Lord. His combat strength was similar to Tian Wu and Zu Shu.

If Araki Takeshi could kill Tian Wu and Zu Shu, he could naturally kill him as well! In other words, if Die Yue had not stepped forward to stop him, he might have been a dead man by now! "I-I know I was wrong." The Black Snake Demon Emperor said with a trembling voice. The other Demon Emperors also looked at Wu Dao's true body with a different gaze. Initially, they thought that Wu Dao's true body was able to subdue the Black Snake Demon Emperor because he had the element of surprise. But now, it seemed like Araki Takeshi was indeed quite capable. "Cang is coming this time. Do you want to participate in the battle?" Die Yue asked. "Yes! I'll definitely fight!" The Black Snake Demon Emperor agreed without hesitation. "Get up." Die Yue patted the Black Snake Demon Emperor's head gently. The terrifying pressure that enveloped the Black Snake Demon Emperor dissipated as well. Wu Dao's true body nodded. This was what Die Yue was capable of. Even without attacking, she was still able to intimidate the Black Snake Demon Emperor! "What about the three of you?" Die Yue looked at Dragon Emperor Huang Hai, Great Roc Demon Emperor, and One Legged Ox Demon Emperor. Dragon Emperor Huang Hai was silent for a while before he said slowly, "The location of Di Qiu Mountain that I'm guarding is indeed very important. I can't afford to lose it." Great Roc Demon Emperor and One Legged Ox Demon Emperor also found an excuse to avoid the battle. Die Yue nodded calmly. She did not force them. "Tian Wu is dead. Araki Takeshi is the new Lord of Tai 'e." Die Yue looked at Divine Elephant Demon Emperor, Nine-Tailed Demon Emperor, and the others and said, "We'll have to rely on all of you for this battle." "Don't worry!" Divine Elephant Demon Emperor said in a deep voice, "We'll do our best. This battle is not only for Eastern Wilderness, but also for ourselves!" Nine-Tailed Demon Emperor said softly, "Sister Xue Die, don't worry and rest. Leave this battle to us." Even so, the Demon Thearchs knew that even if no peak Imperial Emperor appeared in this battle, the Eastern Wilderness would still be doomed.

Divine Elephant Demon Emperor and Nine-Tailed Demon Emperor were two peerless Imperial Emperors. Bai Ze Demon Emperor, Sky Bearing Emperor, Black Snake Demon Emperor, and Araki Takeshi, who had just arrived, were only four ordinary Imperial Emperors. How could six Demon Emperors fight against Cang's army? "I hope all of you return victorious!" Dragon Emperor Huang Hai looked at Divine Elephant Demon Emperor and the others, nodded, and turned to leave. Great Roc Demon Emperor and One Legged Ox Demon Emperor also left. The three Demon Emperors tore open the void and left Butterfly Valley, arriving above Di Qiu Mountain at the same time. "Xue Die should be severely injured and hasn't recovered." Great Roc Demon Emperor said in a deep voice. One Legged Ox Demon Emperor asked, "Are we really going to leave Eastern Wilderness and join Cang?" Dragon Emperor Huang Hai said lightly, "Xue Die hasn't recovered from her injuries. Nine-Tailed Demon

Emperor and the others won't be able to stop this battle with just Divine Elephant." "Eastern Wilderness is gone. It's only natural for us to join Cang." "If they win ... we'll see. It's almost impossible." Great Roc Demon Emperor suddenly sighed and said, "After all, we've followed Xue Die for so many years. Now that she's in trouble, we're leaving her. I feel bad." Dragon Emperor Huang Hai shook his head and said, "We've followed her for so many years. We've already done our best to protect Eastern Wilderness. She's unwilling to surrender and wants to fight to the death. I don't want to die with her. "

Chapter 2944

An army had gathered at the border between the Tai Ah Mountain Range and the Southern Wilderness. Banners were everywhere, and it was a sea of black. Many Demon Kings stood on top of the mountains. They were led by a group of Demon Generals and millions of Demon soldiers. They were filled with killing intent! The number of Demon Generals in the army was incalculable. The number of Demon Kings alone had reached more than a thousand! There were also more than twenty figures with terrifying auras standing in the air. The four leading them were Spirit Horn Demon Emperor, Fei Lian Demon Emperor, Nine Yin Demon Emperor, and Huo Dou Demon Emperor! All four of them were peerless Demon Emperors! Among the four, only Nine Yin Demon Emperor had a special token with the word "Cang" on his waist. Spirit Horn, Fei Lian, and Huo Dou were originally Demon Emperors of the Great Wilderness. They had later submitted to Cang. Behind the four peerless Demon Emperors, there were more than a dozen ordinary Demon Emperors. They were all Demon Emperors of the Great Wilderness who had submitted to Cang. Among the Demon Emperors, Nine Yin Demon Emperor was clearly the leader! "Lord Nine Yin." Spirit Horn Demon Emperor bowed slightly and asked carefully, "Are there any other Emperor Realm helpers on Cang's side?" The Demon Race army that had gathered nearby were almost all native forces of the Great Wilderness. They were originally from the Southern Wilderness, Western Wilderness, and Northern Wilderness. In the previous battle with the Eastern Wilderness, Emperor Qing Yan, the Seven Nights Dragon Emperor, and a few native peak Emperors of the Great Wilderness had fought with Die Yue. Both sides had been injured and had temporarily stopped fighting. Emperor Qing Yan had disappeared again. No one knew where he went. Only Nine Yin Demon Emperor was left to guard the Great Wilderness. Fei Lian Demon Emperor also asked, "There are still four peerless Demon Emperors in the Eastern Wilderness. If they fight to the death, we may not be able to win." Nine Yin Demon Emperor smiled faintly and said, "The Eastern Wilderness is full of internal conflicts. The mountain lords have their own plans. Some of them have even submitted to me." "Our army is pressing on the border. The Eastern Wilderness is about to be destroyed! When Young Master Di Yan returns and sees that the Eastern Wilderness has been destroyed, he will be overjoyed. Only then will he give you some rewards." Hearing this, the other Demon Emperors perked up. If Emperor Qing Yan could reward them with some Origin Stones or treasures containing Genesis Qi, it would greatly benefit their cultivation.

Demon Emperor Huo Dou looked serious and said in a deep voice, "Rewards are secondary. I only want to follow Lord Di Yan and conquer the world!" "Very good." Demon Emperor Nine Yin nodded slightly and sneered in his heart. The Demon Soldiers, Demon Generals, Demon Kings, and Demon Emperors of the Vast Wilderness were nothing more than a bunch of ants in their eyes. They were just tools that could be used and discarded at any time. "Kill!" When the Nine Yin Demon Emperor saw that the army had assembled, he raised his arm and pointed in the direction of the Tai Ah Mountain Range. "Kill!" "Flatten the Eastern Wilderness!" All the Demonic Emperors shouted. The Demon Race army of billions also

roared loudly and charged towards the Tai Ah Mountain Range. It was like a black torrent that stretched as far as the eye could see. There were too many of them. The entire Tai Ah Mountain Range was shaking. Nine Yin Demon Emperor and the other Demon Emperors moved forward slowly in mid-air. Below them was the black torrent that could devour and destroy everything. "I am Demon King Zilan, the ruler of Zilan Nation. I choose to submit to Cang!" A Demon King in a purple robe led the Demon Generals behind him and shouted to the Demon Emperors in mid-air. At the same time, they knelt on the ground. The high and mighty Demon Emperor Nine Yin and the others did not even lower their heads to take a look. They just flew past Demon King Zilan and the others. At the same time, the terrifying black torrent engulfed Demon King Zilan and the Zilan Kingdom behind him in front of his shocked and horrified eyes! Slaughter! Blood! Wherever the black torrent passed, there was only one outcome, no matter if one chose to submit or resist. Nothing survived and everything turned into ruins! The Foot Technique Demon Emperor of the Tai Ah Mountain Range had fallen. The remaining Demon Kings all had different thoughts. Some chose to submit, while others chose to resist. They could not form a strong barrier at all. The Tai Ah Mountain Range was rapidly being devoured by the black torrent! Loud roars and begging could not stop the black torrent. At this moment, the various races and living beings in the Tai Ah Mountain Range once again felt the suffocating despair! Regardless of gender or race, living beings in the Eastern Wilderness were like grass under the black torrent. Blood flowed for thousands of miles, and corpses were everywhere!

An old woman knelt on the ground and looked up at the sky. She cried loudly, "Where is the Lord of the Eastern Wilderness? Please don't give up on us ..." A middle-aged man clenched the halberd in his hand and stood at the front of his clansmen. He shouted, "The Kunwu Clan will never retreat. We swear to protect our last home!" In the Tai Ah Mountain Range. More and more experts stood out. Compared to the oncoming black torrent, they were so weak and could not even withstand a single blow. Even so, they still did not retreat! Even if they were like moths flying into a flame, they would not regret it! They were willing to give up everything for their home and clansmen! Boom! At this moment, a purple figure fell from the sky and landed heavily in the black torrent! The horrifying impact formed a huge shockwave that instantly swept the surrounding Demon Soldiers and Demon Generals into pieces! The black torrent was interrupted by this purple figure, and there was a slight pause. But soon, more black torrents surged toward this purple figure, wanting to tear him into pieces! Whoosh! At this moment, with this purple figure as the center, black flames suddenly lit up around him and spread rapidly. Although the black torrent was ferocious and unstoppable, it could not extinguish the black flames! Even a few Demon Kings could not dodge in time and were swallowed by the black flames. Even after releasing their Grotto-Heavens, they could not resist and were burned to ashes! This black flame condensed into a huge black lotus in the overwhelming torrent. It was extremely shocking! Hellfire had descended upon the Vast Wilderness! Wu Dao's original body had cultivated to the perfected Martial Domain realm, and the power of Hellfire had also increased. Even peak-stage Demon Kings could not resist it. But just one Hellfire was still unable to stop the black torrent in front of him. Wu Dao's original body formed hand seals and pointed toward the sky. After cultivating the Martial Dao, he rarely used any Dharma Spells or Divine Abilities. However, at this moment, as Wu Dao's original body chanted Sanskrit, lotus flowers suddenly descended from the sky. Even the ground was surging with lotus flowers. This was originally a Buddhist divine power known as 'Falling Heavenly Flowers and Golden Lotus Bloom from the Ground'.

However, after Wu Dao's original body refined it and converted it into his own profundity, he deduced a

new Dharma spell! There was only one type of falling heavenly flowers and surging lotus flowers. Red Karmic Fire Lotus! It was as though a red lotus rain was falling from the sky. Every single Red Karmic Fire Lotus surged out from the ground like a volcano erupting. Lava spewed out and blocked the black torrent completely! Wu Dao's original body descended and blocked the army of billions of demons singlehandedly!

Chapter 2945

This Red Lotus Fire Rain was something that even a Demon King could not withstand, let alone a group of Demon Soldiers and Demon Generals. Wu Dao's real body, which had fallen into the black torrent, finally attracted the attention of the Demon Emperors in the sky. Wu Dao's real body did not emit the aura of a Martial Emperor. Therefore, even though Wu Dao's real body had appeared, the Demon Emperors did not think much of him. However, the descent of the Red Lotus Fire Rain still caused the Demon Emperors to frown slightly. They stopped in their tracks and looked down at the purple figure on the battlefield. "Is this karmic fire?" "Someone actually mastered this kind of fire?" "Who is this person? What is his cultivation level? Why have we not seen him before?" Although they had seen many Demon Soldiers and Demon Generals, and even Demon Kings, die at the hands of Wu Dao's real body, the Demon Emperors were not worried at all. They only discussed among themselves. The Spirit Horn Demon Emperor's eyes were clear. After a while, he muttered, "This person's cultivation technique is a little strange. Although he has not reached the Martial Emperor realm, his battle strength should be at the level of a Quasi-emperor." "Quasi-emperors are not rare." The Nine Yin Demon Emperor waved his hand casually and said, "Kill him." The Hook Snake Demon Emperor said first, "Leave such a small fry to me." Among the dozen or so ordinary Demon Emperors, the Hook Snake Demon Emperor reacted the fastest. Killing a Quasi-emperor was just a casual matter. The others did not dare to compete with him.... Originally, the Tai Ah Mountain Range could not withstand the onslaught of the black torrent formed by the billions of Demon Race soldiers. However, after Wu Dao's real body arrived, the situation of the Tai Ah Mountain Range immediately showed signs of turning around! At this moment, a man in a python robe descended from the sky. He had already locked onto Wu Dao's real body, who was killing everyone on the battlefield. He was too fast! The Hook Snake Demon Emperor was still high in the sky a moment ago. The next moment, the Hook Snake Demon Emperor had already transformed into his real body and arrived beside Wu Dao's real body! Wu Dao's real body did not seem to notice all this. The Hook Snake race was a pure-blooded ferocious beast. As for the Hook Snake that had cultivated to the Demon Thearch level, it had almost no weaknesses. Its entire body was covered in pitch-black scales that were indestructible.

There were even sharp barbs growing out from the gaps between the scales. Once they pierced into the flesh, they would be firmly nailed inside! Of course, the Hook Snake Clan's strongest means of attack was still the forked hook on its tail. It was suffused with a dark green glow and was extremely poisonous. It was indestructible and could pierce through everything! The Hook Snake Demon Monarch came to the side of Wu Dao's real body and coiled around Wu Dao's real body. Many of the living beings in the Tai Ah Mountain Range could not bear to continue watching. This was the Hook Snake Clan's killer move! Even a Demonic Emperor expert would not dare to be entangled by the Hook Snake. There was no need to wait for the Hook Serpent to exert its strength. Just the barbs on the Hook Serpent's body were enough to pierce through and tear apart any living being! The snake's body coiled around, and it could even squeeze living beings into a pool of blood. Even the primordial spirit wouldn't have a chance to

escape. Countless gazes were focused on this scene. Finally, someone noticed the anomaly. There was something wrong with the Hook Snake Demon Monarch's expression and a hint of panic flashed through the depths of his eyes. Almost everyone thought that Wu Dao's real body was dead for sure. No one knew what the Hook Snake Demon Monarch was facing! He had indeed coiled around the purple-robed human. However, the barbs on his body could not penetrate the purple-robed human's flesh! No matter how he exerted his strength, the barbs on his scales could not pierce through. Because he exerted too much strength, a few of the barbs even snapped! Was that a human? What kind of body did that human cultivate? Even if he had not summoned his own world, there was no way a Quasi-Emperor expert would be able to defend against his Demonic Emperor physique. Could that person also be ... A Demonic Emperor expert! The Hook Snake Demon Monarch finally realized what kind of opponent he was facing. However, it was already too late by the time he reacted. "How dare you approach me? You're courting death." The purple-robed human spoke. It was neither a threat nor a conversation. It was more like he was muttering to himself.

The next moment ... The Hook Snake Demon Monarch suddenly felt a tremendous and terrifying power burst forth from the purple-robed human's body! It was like a volcano erupting and was unstoppable! Boom! There was a loud explosion! This was the sound of blood circulating. The sound was terrifying and it was as though the mountains were collapsing and the earth was collapsing! Countless blood qi burst forth. The body of Wu Dao's real body seemed to swell as his limbs stretched out and blood qi spewed out! Poof! Under everyone's gaze, the Hook Snake Demon Monarch's massive body suddenly exploded into several pieces. Flesh and blood splattered everywhere and blood stained the void, leaving behind a cloud of blood mist! Hiss! Many living beings were dumbfounded and shocked as they watched this scene in disbelief. The Hook Snake Demon Monarch ... had actually died! Hook Snake Demon Monarch's Essence Spirit did not escape from the blood mist. The blood mist rapidly evaporated and Wu Dao's real body reappeared. He quickly rose into the air and looked down at the demon army below. He said coldly, "Retreat from the Tai Ah Mountain Range. Otherwise, die!" This sentence was abnormally short, but who would dare to ignore it after he had just killed a Demon Monarch? Who wouldn't be afraid of the billions of demons? One had to know that Cang and Eastern Wilderness had been at war for many years. There had been several battles between Imperial Emperors, causing the world to shatter and dim. Even so, there were very few cases of Imperial Emperors dying on both sides. Generally speaking, in the Tearch battle between Cang and Eastern Wilderness, each side would fight against their own experts. For example, Die Yue would do her best to block all the peak Imperial Emperors on Cang's side. The peerless Demon Monarch of Cang would fight against the peerless Demon Monarch of Eastern Wilderness. The remaining battles would be between ordinary Demon Monarchs. In a battle between Demon Monarchs of the same cultivation level, it was easy to determine the victor, but it was difficult to determine life and death. When Imperial Emperors saw that the situation was not good, they could completely withdraw and retreat. But now, Cang had launched a large-scale attack. Just Now, one of Cang's Demon Monarchs had died. Moreover, the entire process had happened so quickly and suddenly!

It was almost an instant kill! At that moment, Cang's billions of soldiers were afraid and did not dare to step forward. They were intimidated by Wu Dao's aura alone. Meanwhile, Wu Dao's original body had also arrived in the sky and stopped Nine Yin Demon Monarch and the others! What was shocking was that Wu Dao's original body had his back facing Eastern Wilderness. He was facing more than 20 Demon

Monarchs, but his aura was not inferior at all!"Who are you?"Nine Yin Demon Monarch looked at Wu Dao's original body not far away and asked."Araki Takeshi."Wu Dao's original body replied."I don't know you."Nine Yin Demon Monarch smirked with a contemptuous expression."It doesn't matter."Wu Dao's original body said indifferently, "From today onwards, my Dao name will become a taboo for you. "These words sounded extremely arrogant in the ears of the many living beings.At that moment, no one realized what this sentence meant in the future.The Demon Monarchs on the opposite side were stunned."Hahahaha!"Soon, the Demon Monarchs reacted and burst into laughter.Nine Yin Demon Monarch was even more disdainful. He looked at Wu Dao's original body with ridicule and mockery.This purple-robed human was too naive!"Become a taboo for us?"Nine Yin Demon Monarch shook his head and laughed. "Ignorant human. You have no idea who your opponent is. You will never imagine how powerful Cang is!""We don't even take that Xue Die seriously. What are you?"

Chapter 2946

At this moment, the void behind Wu Dao's original body cracked open, and five figures with terrifying auras walked out!Behind the five figures, there were many Monster Kings leading countless Monster Soldiers and Monster Generals. They charged out and came to the sky above Tai Ah Mountain Range.Divine Elephant Monster Emperor, Nine-Tailed Monster Emperor.Bai Ze Monster Emperor, Sky Bearing Emperor, and Black Snake Monster Emperor had finally shown up!The five Emperors had taken some time to arrive because they had gone to their respective mountain ranges to gather their monster armies."The Monster Emperors from Eastern Wilderness are here to help!"Seeing this scene, the myriad beings of the Tai'a Mountain Range immediately let out a burst of cheers, their spirits greatly roused.Although the five Monster Emperors had brought their monster armies, they were far inferior in numbers.But in terms of momentum, Eastern Wilderness was not at a disadvantage!Divine Elephant Monster Emperor, Nine-Tailed Monster Emperor, and the others led their armies here. Seeing this scene, they were all shocked.Before they came here, they were already prepared for a fierce battle.But when they appeared, they found that Cang's hundreds of millions of troops had stopped moving, as if they were stunned by an invisible force!Cang's 20-odd Monster Emperors were also stopped.And there was only one person on the other side, Araki Takeshi with a silver mask!Seeing Divine Elephant Monster Emperor and the others, Nine Yin Demon Emperor's expression did not change much. He was still relaxed and said with a smile, "You see, this is the last force of Eastern Wilderness."Two peerless Monster Emperors.Including Araki Takeshi, there were four ordinary Monster Emperors.On Cang's side, there were four peerless Monster Emperors, twice as many as Eastern Wilderness!In terms of the number of ordinary Monster Emperors, Cang had a huge advantage, four times more than Eastern Wilderness!Seeing that Dragon Emperor Huang Hai and Roc Monster Emperor from Eastern Wilderness did not appear, Spirit Horn Monster Emperor heaved a sigh of relief and relaxed.The difference in strength between the two sides was too great. Eastern Wilderness would definitely lose this battle!"Everyone."Nine Yin Demon Emperor said loudly, "Leave Divine Elephant and Nine-Tailed to the four of us. As for Araki Takeshi, Bai Ze, and the others, I'll leave them to you.""We won't let you down!"The Monster Emperors shouted softly."Kill!"

The two sides had already fought for many years. As soon as they met, they didn't waste any words and directly erupted into the most intense battle!On the Tai Ah Mountain Range, the black torrent swept over again and collided with the army of the Eastern Wilderness.Demon Soldiers, Demon Generals, and even Demon Kings were fighting.But in a battle of this scale, the true deciding factor was the battle

between the Great Emperors. Nine Yin Demon Monarch, Spirit Horn Demon Monarch, Fei Lian Demon Monarch, and Huo Dou Demon Monarch charged towards the Divine Elephant Demon Monarch and Nine-Tailed Demon Monarch. The remaining dozen ordinary Demonic Emperors surrounded Wu Dao's real body and Bai Ze Demonic Emperor. Boom! Boom! Boom! Both sides were Great Emperors. They didn't test each other's strength and directly brought out their respective worlds. In an instant, numerous worlds appeared in the skies of the vast wilderness. They were earth-shattering, and the skies of the vast wilderness were completely covered! The Divine Elephant Demon Monarch's Qi and blood surged and transformed into his true form. His eight ivory tusks were as white as jade. They were sharp and exuded a mysterious halo. The Divine Elephant raised its trunk and cried into the sky! The Divine Elephant Demon Monarch's great world was incomparably heavy, as if it could suppress everything. One could see the figures of ancient mammoths inside. Ten thousand mammoths roared and the stars fell! The Nine-Tailed Demonic Emperor's great world was a blurry dream. It seemed real and illusory at the same time. Everyone saw a different world when facing the Nine-Tailed Demonic Emperor. The charms they faced were also different. The Nine-Tailed Demonic Emperor's great world could evoke the desires in the depths of every living being's heart and help them grow and strengthen! The Nine Yin Demon Monarch and the other three peerless Great Emperors also transformed into their true forms and released their great worlds. The Spirit Horn Demon Monarch was a spirit rhinoceros that had cultivated into a demon. The Fei Lian had the head of a bird, the body of a deer, and a pair of wings. Huo Dou's body was covered in long black hair. Fine flames burned between the hair, making him look like a ferocious dog bathed in black flames! Both of them were pure-blooded ferocious beasts and had bloodline inheritances on Tianhuang Mainland. As for the Nine Yin Demon Monarch's true form, it was indeed somewhat mystical. It actually transformed into nine divine phoenix heads and had a terrifying aura that suppressed all living beings present!

As the six peerless Great Emperors fought, the six great worlds collided continuously, causing heaven and earth to tremble and mountains to collapse! After all, it was two against four. Soon, the Divine Elephant Demon Monarch and the Nine-Tailed Demonic Emperor were suppressed and fell into a disadvantage. On the other side, the ordinary Great Emperors fought. The situation in Eastern Wilderness was even more severe! An Eastern Wilderness Demonic Emperor was going against four Demonic Emperors! The moment the two sides exchanged blows, the Bai Ze Demon Monarch, Sky Bearing Emperor, and the Black Snake Demon Monarch could no longer hold on. The world they created shook and was on the verge of collapse! The battle between Great Emperors was slightly different from the battle between Great Emperors and Grotto-Heaven Kings. In a battle between Great Emperors, even if the grotto-heaven was destroyed, it could repair itself. The so-called grotto-heaven was a grotto-heaven that was opened outside the body and connected to the heavens. It could absorb Heaven Earth Essence Qi from the heavens to nourish the grotto-heaven. Therefore, in a battle between Great Emperors, it was normal for grotto-heavens to be damaged or even collapse. Great Emperors did not have many concerns. But when a grotto-heaven transformed into a world, the situation changed. In order to nourish a world, what was needed was not Heaven Earth Essence Qi, but a higher level of power — Genesis Qi! But in a medium-class world, it was difficult to find treasures with Genesis Qi. As a result, when Great Emperors fought, even if they brought out a world, they would be very careful and try not to let their world be destroyed. Because once the world was destroyed, it would take a long time to repair it, and they also needed treasures with Genesis Qi! Die Yue was in such a situation now. In order to defeat Emperor Qing Yan and the others, her Great Perfection world had been shattered and had not

healed. In the last battle, she was seriously injured and her physical condition was also very poor. If not, Dragon Emperor Huang Hai and the others might not have the intention to leave. Bai Ze Demon Monarch, Sky Bearing Emperor, and the Black Snake Demon Monarch's world was on the verge of collapse. Seeing this, the three Great Emperors hurriedly dispersed the world. But without the protection of a world, the three faced the attacks of more than a dozen Great Emperors, and it was even more difficult for them to resist. On the other side.

There were also four Great Emperors who came to Wu Dao's original body. Wu Dao's original body had just killed Hook Snake Demon Monarch, and the four Great Emperors who came to find him did not dare to be careless. They all transformed into their original bodies. One of them was a blood leech that was thousands of feet long. It had eight wings as thin as cicada's wings, and its whole body was blood-red. The world behind it was also filled with blood mist, and it emitted a nauseating smell of blood! "Any living creature that enters my world will be devoured and turned into my nourishment!" The Blood Leech Demon Monarch stared at Wu Dao's original body, his eyes flashing. The more powerful the living creature's blood qi was, the more exciting and beneficial it would be to him. He could feel the powerful blood qi that was about to burst out from Wu Dao's original body! The other three Demon Thearchs also transformed into their true forms. They were all green birds. A cicada that was constantly chirping and covered in frost. And a pitch-black scorpion that was shaking its scorpion tail! The four Great Emperors held up the four worlds, blocked all the exits, and enveloped Wu Dao's original body!

Chapter 2947

The battle between Eastern Wilderness and Cang broke out again. Not long after the two sides started fighting, the Eastern Wilderness was completely suppressed. On the battlefield of peerless Imperial Emperors, Divine Elephant and Nine-Tailed Imperial Emperors were fighting two against four. Their respective great worlds were already overwhelmed and on the verge of collapse. On the battlefield of ordinary Imperial Emperors, Eastern Wilderness' Bai Ze, Sky Bearing, and Black Snake Imperial Emperor were facing even greater pressure. Every Imperial Emperor had to face the joint attacks of four Imperial Emperors. They were retreating and could be severely injured at any time. Once the Imperial Emperors of Eastern Wilderness were defeated, the other Imperial Emperors and Imperial Emperors would also be defeated. They would not be able to resist Cang's army of billions! However, after Wu Dao's true body attacked, some changes happened on the battlefield. This change did not even attract the attention of Nine Yin and the other Imperial Emperors at first. But soon, they realized that the situation was no longer under their control! Boom! A loud sound came from the body of the Martial Dao True Body. A red halo burst out, and flames soared into the sky. With Wu Dao's true body as the center, the flames spread in all directions, instantly engulfing the Blood Leech Imperial Emperor, Blue Bird Imperial Emperor, Sky Scorpion Imperial Emperor, and Han Chan Imperial Emperor! The power of a domain was different from a Grotto-Heaven and a world. The four Imperial Emperors had never seen it before, but when the four of them joined forces, there was no need to dodge Wu Dao's true body's counterattack. They directly propped up a world and suppressed it! When the four Imperial Emperors fell into Wu Dao's Purgatory, they realized that something was wrong. In Wu Dao's Purgatory, six types of powerful flames transformed into six flaming divine dragons. They constantly circled in the domain, emitting a terrifying heat that seemed to be able to incinerate everything! The four Imperial Emperors' worlds had just fallen into Wu Dao's Purgatory, and they were about to collapse! The Blood Leech Imperial Emperor's world was filled with a large amount of blood mist. It was filthy and evil, and it could devour all living things

and turn them into its own nutrients. But under the burning of Wu Dao's Purgatory, the blood mist inside quickly evaporated! Even the Blood Leech Imperial Emperor's true body was burned until his skin and flesh were lacerated. He let out an ear-piercing scream. Demon Emperor Cold Cicada's world was covered in ice and frost, which was the complete opposite of the power emanating from Wu Dao's Purgatory.

This world of ice and frost would also emit a series of strange cicada cries that could ignore the defenses of living creatures, penetrate their eardrums, and rush into their sea of consciousness. The slightest carelessness would cause irreversible damage to the Essence Spirit! Cicadas chirped incessantly, mournful and ear-piercing. Wu Dao's main body was expressionless. Suddenly, he opened his mouth and let out a world-shaking roar! In an instant. It was as if all the creatures in the world were roaring and shouting at the same time! Sound of Myriad Spirits! After Wu Dao's true body's sound domain secret technique erupted, the entire world seemed to fall silent. Everything fell silent! The chirping of cicadas, the shouts on the battlefield, the fighting, the collision of weapons ... All sound disappeared in an instant. Demon Emperor Cold Cicada's eyes were dull. Dense cracks appeared in the world behind him, and it suddenly collapsed. At the same time, Demon Emperor Cold Cicada's body was also torn apart by the Sound of Myriad Spirits. After being burned by the flames of Wu Dao's Purgatory, he turned into ashes and died! Another Demon Emperor had fallen! What was more terrifying was that Demon Emperor Cold Cicada seemed to have been killed by Araki Takeshi's roar! This scene was too shocking! A Demon Emperor didn't even have a chance to escape before dying on the spot without leaving a corpse behind. Cang and Eastern Wilderness had fought many battles, but such a situation had never happened before. The Cicada race's physical body and bloodline were not considered strong. Although the Cold Cicada race was the king of the Cicada race, they could not withstand the impact of the Sound of Myriad Spirits. The Sound of Myriad Spirits' influence did not stop there. Within the range of Wu Dao's Purgatory, the Blood Leech Demon Emperor, the Blue Bird Demon Emperor, and the Sky Scorpion Demon Emperor were all injured by the Sound of Myriad Spirits. Their bodies shook violently, and they spat out blood. The three Demon Emperors' physical bodies and bloodlines were extraordinary. Although they could withstand the impact of the Sound of Myriad Spirits, large cracks appeared in the world behind them, and it was about to collapse. If they put away the world now, they would immediately be burned to ashes by Wu Dao's Purgatory when they were severely injured. Helpless, the three Demon Emperors could only forcibly hold on to the broken world and flee outside.

However, this was Wu Dao's true body's domain. Once one was trapped in a domain, one would not be able to escape even if they wanted to! The three Demon Emperors surged their blood essence and supported their bloodline avatars. Together with the broken world, they finally escaped to the edge of Wu Dao's Purgatory. Boom! Boom! Boom! The three Demon Emperors wanted to charge out, but a barrier covered in mysterious runes appeared at the edge of Wu Dao's Purgatory, blocking them. Their enormous bodies crashed into the barrier of Wu Dao's Purgatory, making loud sounds, and then fell to the ground. The barrier did not move at all, as if it had not been hit at all! Not only that, the mysterious runes on the barrier seemed to have been stimulated and released flames that landed on their bodies. The three Demon Emperors' eyes widened, their faces pale, and despair surged in their eyes. The flames swept over, and in the blink of an eye, the three Demon Emperors were drowned in three huge balls of fire, making a series of crackling sounds! The three Demon Emperors' worlds had been shattered and scattered in Wu Dao's Purgatory. With the current strength of Wu Dao's true body, it would be easy to refine the fragments of the Grotto-Heaven. However, it would take some time to refine the fragments of the Grotto-Heaven. Wu Dao's true body temporarily swallowed the fragments of the Grotto-Heaven

and placed them in his body. Then, he turned and walked toward another battlefield. The four Demon Emperors who had besieged him were all dead, with no exception! Cang Jiuyin, Ling Jiao, Fei Lian, and Huo Dou, the four peerless Demon Emperors, saw this scene, and their faces turned ugly. However, the four of them did not take it to heart, and only frowned. In their eyes, Wu Dao's true body was just an ordinary Demon Emperor. Although Wu Dao's Purgatory was powerful, it was still weaker than their great world. As long as they killed the Divine Elephant Demon Emperor and the Nine-Tailed Demon Emperor, the situation would still be under their control! Whoosh! Wu Dao's true body plowed through the sky, leaving behind a gigantic ravine in the sky. He brought with him an unstoppable aura as he descended on another battlefield. Cang Shiyi Demon Emperor, Dark Wasp Demon Emperor, Fire Rat Demon Emperor, and Wind Jackal Demon Emperor were besieging Demon Emperor Bai Ze of the Eastern Wilderness.

They had also just noticed that Wu Dao's true body had killed Demon Emperor Han Chan. However, they did not expect Wu Dao's true body to come so quickly and with such a fierce aura! "Everyone, be careful!" Shiyi Demon Emperor shouted softly and used a secret technique. His entire body was covered with a layer of dark golden keratin, which was extremely rough and indestructible! In the next moment, Wu Dao's Purgatory enveloped the four Demon Emperors, and raging flames engulfed them. "Kill!" Shiyi Demon Emperor shouted and punched at Wu Dao's true body with his bare hands. He was from the Stone Tribe. The Stone Tribe's physical body was also ranked at the top among the thousands of tribes! There weren't many races that could contend with the Stonemen in close-quarters combat. The recent updates are not good ... Ahem, ahem, how are you going to spend May Day?

Chapter 2948

Wu Dao's original body didn't dodge. Instead, he punched Shi Yi Demon Thearch! Boom! The two fists collided, creating a loud explosion. The surrounding void shook, and a large number of dense cracks appeared. The aftermath was like a huge wave, spreading in all directions! The commotion caused by this collision was not any weaker than the collision of two worlds. Shi Yi Demon Thearch's body shook, and his eyes widened. The two fists collided, motionless. It was as if time had stopped. The Dark Wasp Demon Thearch and Fire Rat Demon Thearch turned around and pounced on Wu Dao's original body. Only the Wind Jackal Demon Thearch was left to deal with Bai Ze Demon Thearch. Bai Ze Demon Thearch was already injured. Even the Wind Jackal Demon Thearch couldn't turn the situation around. He kept retreating. Before the Dark Wasp Demon Thearch and Fire Rat Demon Thearch could reach Wu Dao's original body, Shi Yi Demon Thearch's body suddenly exploded into pieces. Blood mist filled the air. It was a shocking scene! The Shi Demon Thearch, who was known for his physical body, was smashed into pieces by Araki Takeshi in close combat! Even the world behind Shi Yi Demon Thearch collapsed instantly. Shi Yi Demon Thearch's Primordial Spirit wanted to escape from the blood mist. However, he was trapped in Wu Dao's Purgatory. The blood mist evaporated, and the Primordial Spirit was exposed. It was burned to ashes in the blink of an eye. Another Demon Thearch had fallen! Six Demon Thearchs had died in the hands of Wu Dao's original body since the start of the battle. Although these six were just ordinary Demon Thearchs, it was enough to shock the world! Although Eastern Wilderness was still at a disadvantage in the battlefield of peerless Demon Thearchs. However, the overall situation had changed. The rest of the ordinary Demon Thearchs could see how powerful Wu Dao's original body was. If they couldn't suppress him, they would most likely be defeated one by one! "Go support them!" The Demon Thearchs that were besieging the Black Snake Demon Thearch and Emperor Qingtian all moved and charged towards Wu Dao's original body. In addition to the Dark Wasp Demon Thearch and Fire Rat

Demon Thearch, there were ten Demon Thearchs attacking Wu Dao's original body!"Let's destroy his domain first!"The Golden Condor Demon Monarch's eyes were sharp as he said in a deep voice, "If we fall into this domain, we will be in a passive position and it will be difficult for us to fight against him."

Ten worlds came over at the same time, fiercely crashing into the Martial Path Purgatory!Boom! Boom! Boom!Wu Dao's Purgatory clashed with the ten worlds, causing a series of explosions. The runes on the Purgatory's barrier flickered continuously.In the process of the collision, the light of these runes gradually dimmed.Although Wu Dao's Purgatory was powerful, it still had its limits.After suppressing and devouring the small worlds of the Blood Leech, Green Bird, Cold Cicada, and Sky Scorpion, his strength was also depleted.Otherwise, the Dark Wasp Demon Monarch, Fire Rat Demon Monarch, and Wind Jackal Demon Monarch would not have lasted until now.Now, ten small worlds were pressuring over at the same time. They had already broken through the limits of Wu Dao's Purgatory and were on the verge of collapse. The symbols were obliterated and the raging flames weakened. Cracks also appeared on the Purgatory's barrier.Of course, the ten Beast Emperors were also not in a good state. The pressure was even greater.Although the ten small worlds had the upper hand and were about to suppress Wu Dao's Purgatory, the terrifying power of Wu Dao's Purgatory also caused great damage to their small worlds.Several small worlds were burned red by Wu Dao's Purgatory and were almost transparent. Flames began to burn in the small worlds.If the stalemate continued for a long time, their small worlds would also be damaged or even collapse!"What kind of Dao technique does this person cultivate? Why isn't he withdrawing his domain?"The ten Beast Emperors' expressions were ugly and anxious.Normally speaking, if they saw that their world was about to be destroyed, they would temporarily put it away in order to keep it intact.After all, to repair a world, one would need treasures with Genesis Qi or other world fragments.No matter which one, they were extremely rare.But Wu Dao's Purgatory was different.Wu Dao's Purgatory was a domain. Although it could resist many small worlds in terms of power, its domain had not reached the Emperor stage.Even if Wu Dao's Purgatory was destroyed, it would not affect Wu Dao's main body much.To repair a domain, one did not need Genesis Qi treasures or world fragments. Wu Dao's main body could devour Heaven and Earth Yuan Qi and refine the mysteries of the hundred scriptures.Wu Dao's Purgatory would soon be restored to its original state.

Therefore, the two sides were in a stalemate.More and more cracks appeared on Wu Dao's Purgatory, but Wu Dao's main body still had no intention of withdrawing his hand. He was still constantly urging his Primordial Spirit to maintain Wu Dao's Purgatory as long as possible.This time, the ten demonic emperors were in for a hard time.Wu Dao's main body did not withdraw his domain. They had just witnessed the power of Wu Dao's Purgatory and did not dare to withdraw their worlds. They could only grit their teeth and endure.Several Beast Emperors' small worlds were already showing signs of damage. Cracks appeared and spread continuously!These Beast Emperors were sweating profusely and their faces were pale.Rumble!Finally, Wu Dao's Purgatory collapsed with a loud bang.The ten Monster Monarchs were invigorated. They heaved a long sigh of relief and hurriedly put away their cracked or scorched worlds. They took out their Monarch weapons and surrounded Wu Dao's original body.Araki Takeshi was only one person after all.In their opinion, Desolate Martial would not be able to defend against the encirclement of ten Demon Emperors without the reliance of the Flame Domain!Even without the support of a world, a Beast Emperor expert could easily overturn rivers and seas and destroy heaven and earth.Looking at the ten Beast Emperors besieging him, Wu Dao's main body was

expressionless. His eyes were as deep as the sea. He took half a step forward, raised his hand, and punched the void in front of him! There was no secret technique. The Great Dao was simple. The Dao and laws of the main body, Wu Dao's will, and Wu Dao's essence, qi, and spirit were all integrated into this punch! Boom! The void collapsed and collapsed. It emitted a strong suction force that pulled the ten Beast Emperors towards the collapsed void. It was an extremely strange scene. It was as if Wu Dao's main body had punched and the ten Beast Emperors had taken the initiative to collide with his fist. The ten Beast Emperors were also shocked! They were shocked to find that they could not control their bodies at all. It was as if there was a bottomless abyss beneath the fist, dragging their bodies and trying to devour them! Soon, the ten Beast Emperors calmed down. After all, they had the absolute advantage in terms of numbers.

With the ten Beast Emperors working together, even if they could fight Araki Takeshi head-on, how could they not win? Moreover, Araki Takeshi was bare-handed. Furthermore, each and every one of them held at least one Imperial Armament in their hands. Boom! The ten Beast Emperors controlled their Emperor weapons and collided with Wu Dao's main body's fist. There was a deafening explosion! Then, a scene that shocked all living beings on the battlefield happened! The ten Beast Emperors stood still. The ten Beast Emperors trembled and spat out mouthfuls of blood. Their expressions changed drastically as they retreated. Some of them had their hairpins knocked out by Wu Dao's main body's punch. Their hair was disheveled and they were in a sorry state. Some of the Monster Monarchs couldn't even hold their monarch weapons. Their hands were bleeding, and their faces were filled with shock. The ten Beast Emperors working together had been utterly defeated by Wu Dao's main body's punch!

Chapter 2949

"Something's not right!" "Run!" The ten Demonic Emperors had a mental breakdown after being punched by Wu Dao's real body. They no longer dared to fight and turned to run. Wu Dao's real body turned and looked at the Demonic Emperors who were fighting with Bai Ze, Black Snake, and Emperor Qingtian. The Demonic Emperors felt a chill down their spines when Wu Dao's real body looked at them. Their hair stood on end and their scalps went numb! Originally, they had the absolute upper hand. However, upon seeing the ten demonic beast thearchs being defeated, the Martial Dao main body could find them at any moment. The demonic beast thearchs didn't dare to stay any longer as they retreated and distanced themselves from the Martial Dao main body. If Wu Dao's real body wanted to continue to hunt down these ordinary Demonic Emperors, he could still kill them. However, the Divine Elephant and Nine-Tailed Demonic Emperor could no longer hold on in the battlefield of the Demonic Emperors. Moreover, one of the four peerless Demonic Emperors was also targeting him! "The three of you quickly finish off the Divine Elephant and Nine-Tailed Demonic Emperor. Leave Araki Takeshi to me." Nine Yin Demonic Emperor said and rushed towards Wu Dao's real body! Above the Desolate Sea. Dragon Emperor Huang Hai, Roc Demonic Emperor, and Ox Demonic Emperor stood in the air and looked in the direction of the Tai Ah Mountain Range. Their gazes penetrated the layers of void and saw the situation on the battlefield. Ox Demonic Emperor was surprised and said, "I did not expect this Araki Takeshi to be so powerful. He is almost invincible among the ordinary Demonic Emperors." "I wonder where Xue Die recruited this person." Roc Demonic Emperor murmured. Dragon Emperor Huang Hai pondered and said, "This person's dao technique is very strange, but there are traces of it. It should be from Xue Die." Ox Demonic Emperor said, "With the addition of Araki Takeshi, Eastern Barren might be able to survive this battle." "No chance." Dragon Emperor Huang Hai shook his head and said, "Nine Yin has already targeted

him."Although Araki Takeshi is strong, he is not strong enough to fight against a peerless Demon Emperor. Moreover, his Flame Domain has been destroyed."After losing his strongest move, he had to fight against more than a dozen demon emperors. He must have consumed a lot of energy. Now, he might be at the end of his rope."At that moment, the three Shifter Thearchs sensed something.A gaze came from Butterfly Valley!

Die Yue!Dragon Emperor Huang Hai and the other two did not dare to look him in the eye. They lowered their heads and remained silent.After a while, the gaze disappeared.Although Die Yue did not say a word, the three of them knew the meaning behind her gaze.Given the current situation, if the three of them joined the battle, the Eastern Continent would definitely win!However, Die Yue did not say anything to them from the beginning to the end.Dragon Emperor Huanghai knew that Die Yue would never ask for help.Or perhaps, Die Yue was already extremely disappointed in them.In the sky above the Taia Mountain Range.The Nine Yin Demon Emperor's body was humongous and covered the sky. His nine divine phoenix heads looked majestic and incomparably mystical. Each divine phoenix head could spew out terrifying flames!Whoosh!The Nine Yin Demon Emperor descended from the sky and crouched down, charging towards Wu Dao's real body.Compared to the Nine Yin Demon Emperor's humongous body, Wu Dao's real body was extremely small. This scene was like a mantis trying to stop a chariot."Die!"The Nine Yin Demon Emperor propped up the great world behind him, which was filled with flames and lava, and enveloped Wu Dao's real body.Faced with the Nine Yin Demon Emperor's ferocious attack, Wu Dao's real body did not retreat. Instead, he advanced!Rumble!Suddenly, the sound of waves crashing against the shore could be heard from Wu Dao's real body.Immediately after, his body became illusory and real. What replaced it was a huge furnace that was surrounded by six types of powerful flames that burned red!This huge furnace almost broke through the heavens and earth. Its aura was majestic as if it could refine everything in the world."Heaven and earth as the furnace, creation as the workmanship, Yin and Yang as the charcoal, and everything as the copper ..."The voice of Wu Dao's real body was calm and powerful as it came from the huge furnace.Bloodline Avatar, Heaven and Earth Furnace!Of course, just relying on the Heaven and Earth Furnace was still unable to fight against the Nine Yin Demon Emperor's great world.After the Heaven and Earth Furnace was formed, a bronze square cauldron appeared in Wu Dao's real body's hands.Thearch Divine Weapon, Prison Suppressing Cauldron!Roar!

Roar!Screech!Roar!Four earth-shattering roars suddenly came from the Prison Suppressing Cauldron. Four light shadows peeled off the walls of the cauldron and appeared in mid-air.Azure Dragon, Vermilion Bird, White Tiger, and Black Tortoise!The four Saint Souls seemed to be real and lifelike. They exuded a domineering aura that could intimidate all living beings. At the same time, they stared at the Nine Yin Demon Emperor!Although the Nine Yin Demon Emperor was an extremely mystical demonic beast, he was still shocked when he saw the four Saint Souls appear.This was the suppression from the bloodline, and it was not under his control.But soon, the Nine Yin Demon Emperor realized that the four Saint Beasts were just souls. They were not real existences with flesh and blood.Moreover, the four Saint Souls were only materialized with the help of weapons.The Nine Yin Demon Emperor was relieved when he realized this."Kill!"The Nine Yin Demon Emperor held up his great world.Wu Dao's real body operated the Heaven and Earth Furnace. With the Prison Suppressing Cauldron in his hand and the four Saint Souls around him, he charged toward the Nine Yin Demon Emperor's great world!Boom! Boom! Boom!The two sides collided and a series of collisions erupted. Neither side

retreated!Wu Dao's real body activated the Heaven and Earth Furnace, the Prison Suppressing Cauldron, and the four Saint Souls to the maximum. He could even fight against the Nine Yin Demon Emperor's great world!Whoosh! Whoosh! Whoosh!The nine Divine Phoenix heads of the Nine Yin Demon Emperor opened their bloody mouths and spat out streams of blazing lava toward Wu Dao's real body.But when the blazing lava entered the Heaven and Earth Furnace, it increased the power of the Heaven and Earth Furnace!The aura of Wu Dao's real body also rose. His eyes were like torches as he swung the Prison Suppressing Cauldron and launched a fierce attack at the Nine Yin Demon Emperor!Boom! Boom! Boom!The two sides engaged in a fierce battle again.After all, the Nine Yin Demon Emperor was a peerless Demon Emperor. The great world that he condensed was also indestructible.Even with the Heaven and Earth Furnace, the Prison Suppressing Cauldron, and the four Saint Souls combined, it was difficult to defeat the great world.

Neither of them was willing to retreat. They continued to fight in the sky. It was earth-shattering and attracted countless gazes!As time passed, the light of the Nine Yin Demon Emperor's great world gradually dimmed.The Heaven and Earth Furnace of Wu Dao's real body had also consumed a lot of energy and was on the verge of collapse."You can't hold on for long!"The Nine Yin Demon Emperor gritted his teeth and said.He had never been forced to this extent by a human!This was a great humiliation to him!Today, he must kill this Araki Takeshi on the spot!At this moment, the eyes of Wu Dao's real body shone brightly. A huge door suddenly appeared behind him. It was pitch-black inside and black flames were spewing out. Countless pale palms grabbed at the Nine Yin Demon Emperor!The Door of Avici!The Nine Yin Demon Emperor and Wu Dao's real body were originally in a stalemate. Because of the sudden appearance of the Door of Avici, the stalemate was instantly broken.The Nine Yin Demon Emperor was dragged into the Door of Avici by the countless large hands that stretched out. He was burned by the Avici Demonic Qi and Hellfire!"Ah! Ah! Ah! "A shrill scream came from the Door of Avici.

Chapter 2950

After all, Nine Yin was a peerless Demon Thearch. His blood Qi was shocking, his physique was strong, and he came from Cang.Even if he was trapped in the Door of Avici, surrounded by the Avici Demonic Qi and burned by the Hellfire, he could not be completely suppressed!Wu Dao's original body could clearly feel that Nine Yin Demon Thearch was struggling in the Door of Avici, trying to break free.After all, the difference in their cultivation levels was too great.The Door of Avici's Dao technique had not reached the level where it could kill a peerless Demon Thearch.Nine Yin Demon Thearch's screams were more due to the pain brought to him by the Hellfire.The Hellfire contained the pain of thousands of living beings. Even if it could not severely injure Nine Yin Demon Thearch, it could still make him suffer so much that he wished he was dead!Nine Yin Demon Thearch was also clear that his life would not be harmed just by being trapped in the door.However, if he continued to stay, his will and Dao Heart would collapse first!At that thought, a look of determination flashed across Nine Yin Demon Thearch's eyes.He wanted to refine his own great world to get a chance to escape!Even if his great world was destroyed, as long as he returned to Cang, he could still obtain a large amount of resources to repair his great world.Boom!A loud sound came from the Door of Avici!A huge and ferocious force burst out from the Door of Avici and hit the Heaven and Earth Furnace.This huge force not only shattered the Door of Avici, but also the Heaven and Earth Furnace. Wu Dao's original body reappeared.Nine Yin Demon Thearch broke through the Door of Avici and escaped. His nine divine phoenix heads and 18 blood-red phoenix eyes stared fiercely at Wu Dao's original body with a murderous aura!"Screech!"Nine Yin Demon

Thearch's nine divine phoenix heads roared at the sky at the same time, releasing a piercing screech that reverberated through heaven and earth. This was Nine Yin Demon Thearch's Sound Domain Secret Technique! Facing the impact of the Sound Domain Secret Technique, Wu Dao's original body did not move at all, as if he was not affected at all! His physical body was too strong! To be precise, his physical body was the Elemental Martial Grotto-Heaven. Due to some concerns, Wu Dao's original body could not use the Elemental Martial Grotto-Heaven unless it was absolutely necessary.

Even so, the existence of the Origin Martial Grotto-Heaven was enough to help Wu Dao's main body block and dissolve most of the damage! Amidst Nine Yin Demon Emperor's screams, Wu Dao Body charged towards Nine Yin Demon Emperor with the Prison Suppressing Cauldron in his hand. In the blink of an eye, Wu Dao's main body had already arrived. Swish! Swish! The Demon Monarch of Nine Yin's body trembled, and the many crimson wings on his body fell off. They broke through the sky and turned into long spears that were burning with raging flames. They were densely packed and blotted out the sky! This attack was too ferocious, not giving Wu Dao's original body any space to dodge. Wu Dao's true body's eyes lit up like torches as he raised the Prison Suppressing Cauldron and smashed it towards the incoming wings. Ding ding dang dang! The crimson wings slammed into the Prison-Suppressing Cauldron, causing a series of metallic clangs and sparks to fly everywhere. A single Prison-Suppressing Cauldron was unable to defend against thousands of wings. Many crimson wings still landed on Wu Dao's true body. However, they could not penetrate his body – at most, they tore his purple robes and left shallow wounds on his body. Given the physical body of Wu Dao's true body, injuries as such could be healed in the blink of an eye with almost no effect! When he saw that, the Demon Monarch of Nine Yin finally realized that the situation was not good! Initially, he thought that Wu Dao's true body was at the end of his rope after using all his trump cards up till this point in the battle. As such, he wanted to kill Wu Dao's true body with his physical body and bloodline. But now, he realized that he might not be able to gain any advantage in melee combat! How could this be? How could a weak human cultivate to such a level? Poof! Poof! While the Demon Monarch of Nine Yin was distracted, Wu Dao's true body had already closed in. Punching with his left hand and raising the Prison Suppressing Cauldron with his right, he smashed the two divine phoenix heads of the Demon Monarch of Nine Yin! Blood mist filled the air. "Ah!" The Demon Monarch of Nine Yin cried out in pain. Although he had lost two divine phoenix heads, his life was not in danger. His nine divine phoenix heads were extremely mystical. His Primordial Spirit could constantly switch between the nine divine phoenix heads.

Unless all nine of his Divine Phoenix Heads were destroyed, he would be able to regenerate and grow nine new heads! Even so, the Demon Monarch of Nine Yin did not want to be entangled with Wu Dao's true body anymore. "Retreat!" The Demon Monarch of Nine Yin turned around and wanted to leave the battlefield. He wanted to go to Ling Jiao, Fei Lian, and Huo Dou. "Trying to leave?" Wu Dao's true body had the upper hand. His aura surged as he controlled the four saint souls to block the Demon Monarch of Nine Yin's path and entangle with him. The wounds on the Demon Monarch of Nine Yin's heads had stopped bleeding. Some new granulation had even begun to grow! In a short while, the two heads would recover to their original state. Only by smashing all nine divine phoenix heads of the Demon Monarch of Nine Yin in a short period of time could he truly kill this peerless Demon Monarch! Under the entanglement of the four saint souls, the Demon Monarch of Nine Yin was trapped for a while. Wu Dao's true body descended from the sky and smashed the remaining seven heads with his fist and cauldron! Puff! Puff! Puff! Puff! The two sides engaged in a fierce battle once again. In close combat, the

Demon Monarch of Nine Yin was no match for Wu Dao's true body. In just a few breaths' time, the Demon Monarch of Nine Yin's divine phoenix heads were smashed again! The Demon Monarch of Nine Yin finally panicked. He was only left with three heads. The six heads that had just been smashed had yet to be reborn. If these three heads were also smashed by Wu Dao's true body, his Primordial Spirit would have nowhere to stay and would be completely exposed! "Ling Jiao, Fei Lian, Huo Dou, quickly come and help me!" The Demon Monarch of Nine Yin did not care about his face and hurriedly shouted for help. Although he was also a peerless Demon Monarch, he was born in Cang and thought that he was far more honorable than the three Demon Monarchs. Therefore, he did not ask for help earlier. At this moment, he could not care less. Puff! Just as the Demon Monarch of Nine Yin called for help, another head was smashed by Wu Dao's true body!

Under countless gazes, the seemingly small figure of Wu Dao's true body stepped on the huge body of the Demon Monarch of Nine Yin. He lifted the Prison Suppressing Cauldron and smashed it down continuously! No matter how the Demon Monarch of Nine Yin struggled, he could not shake off Wu Dao's true body. Every time the Prison Suppressing Cauldron smashed down, flesh and blood would splatter everywhere. It was a ghastly sight. Boom! Boom! Boom! Ling Jiao, Fei Lian, and Huo Dou, the three peerless Demon Monarchs launched continuous attacks and temporarily repelled the Divine Elephant and Nine Tails. They were about to turn around and support the Demon Monarch of Nine Yin. However, just as they turned around, they saw the last divine phoenix head of the Demon Monarch of Nine Yin being smashed into pieces by Araki Takeshi! In the bloody mist, the Demon Monarch of Nine Yin's Primordial Spirit fled in the direction of the three Demon Monarchs. The three peerless Demon Monarchs hurriedly went up to meet him. Wu Dao's true body did not chase after him. Instead, he took out the Soul Lamp from his storage bag and blew gently. A golden flame surged out and landed on the Demon Monarch of Nine Yin's Primordial Spirit! "Ah! "The Demon Monarch of Nine Yin let out a final scream. Just as he arrived in front of the three peerless Demon Monarchs, his Primordial Spirit had already been burned to ashes by the Soul Lamp's fire.
