

## Sacred King 2951

### Chapter 2951

Ling Jiao, Fei Lian, and Huo Dou watched helplessly as Nine Yin Demon Emperor's primordial spirit was burned to death by the golden flame. This golden flame was specifically targeted at primordial spirits. Even with their strength, they could not extinguish it. In the sky and on the ground, in Eastern Wilderness and Cang, countless living beings saw this scene and gradually stopped fighting and killing. They were all shocked! A peerless Demon Emperor had fallen in the hands of Araki Takeshi just like that! Eastern Wilderness and Cang had fought for many years, and countless demon soldiers and generals had died. Even Demon King experts could not avoid heavy losses. But once one reached the Demon Emperor realm, it was very difficult to fall. Moreover, this was a peerless Demon Emperor! And a peerless Demon Emperor from Cang! Ling Jiao, Fei Lian, and Huo Dou looked terrible. They stared at Wu Dao's real body not far away with fear. Everyone had underestimated this person! This Araki Takeshi could kill Nine Yin Demon Emperor in front of everyone. This meant that this person could also kill them! On Eastern Wilderness's side, the Divine Elephant, Nine-Tailed, and the other Demon Emperors also looked at Wu Dao's real body in disbelief. Die Yue had just made Wu Dao's real body the Lord of Tai Ah Mountain Range, and Wu Dao's real body had shown his strength in the Butterfly Valley's palace. But no one expected Wu Dao's real body's combat strength to reach this level! Not only did he kill six ordinary Demon Emperors, but he also killed Cang's Nine Yin Demon Emperor on the spot. Such means .... Ling Jiao, Fei Lian, and Huo Dou's eyes flickered. They were hesitant. Because of Araki Takeshi's sudden appearance, the situation had completely reversed. They no longer had any advantage. On the battlefield of the peerless Demon Emperors, they only had three left. But the other side also had the Divine Elephant, Nine-Tailed, and this mysterious Araki Takeshi! In terms of the number of ordinary Demon Emperors, Cang's side still had the advantage. But the remaining ordinary Demon Emperors had all been killed by Araki Takeshi. They were no longer willing to fight. If they continued to fight, their losses would only be greater! Moreover, their army was made up of the South, West, and North regions of the Great Wasteland Domain. There was no need to continue fighting with Eastern Wilderness. It would be better to wait for Cang's experts to return. Emperor Qing Flame's lead them to conquer Eastern Wilderness.

Ling Jiao, Fei Lian, and Huo Dou, the three peerless Monster Monarchs had the intention to retreat, they exchanged a glance and understood each other's intentions. "Araki Takeshi." The Spirited Horn Monarch Beast suddenly spoke in a cold tone, "You've killed the peerless Monarch Beast of Cang, which means you've cut off your own path of retreat. How stupid are you?" "Dou...emperor You's, 's You's You. be, You's In't.. Me me's Yi, Emperor, Me, you You ', Me Me, You You is, is, you, Dou....." As he spoke, the Martial Dao Body held the Prison Suppressing Cauldron and charged towards the three of them! "You still want to fight?" "This guy is crazy!" The three peerless Demon Emperors cursed in their hearts. "Hmph!" Demon emperor Huo Dou snorted and said, "I will let you go for now. There will be plenty of time. When Emperor Qing Flame returns, Eastern Wilderness will be destroyed!" Demon emperor Spirit Horn also shouted, "You won't be arrogant for long!" Although they had decided to retreat, the three peerless Demon Emperors did not want to back down. They cursed and turned to run. Since the three peerless Demon Emperors had retreated, the rest of the ordinary Demon Emperors also turned to leave. "Retreat!" The Demon Kings below shouted. They quickly retreated with their Demon Soldiers and Demon Generals, leaving behind a ground full of corpses. Above Tu Qiu Mountain

Range. Dragon emperor Huang Hai, Great Roc Demon Emperor, and Kui Ox Demon Emperor watched the scene unfold in Tai Ah Mountain Range with complicated expressions. Great Roc Demon Emperor said, "I didn't expect this Araki Takeshi that Xue Die found to have such combat strength. He can kill a peerless Demon Emperor." "Although Jiu Yin is a peerless Demon Emperor, his combat strength is not at the top." Dragon emperor Huang Hai said, "This Araki Takeshi might not be able to win against the two of us, let alone kill us." "Of course." Great Roc Demon Emperor nodded. The two of them had the confidence to do so. Even among the peerless Demon Emperors, there were strong and weak ones. The two of them were at the top of the peerless Demon Emperors' combat strength! "Eastern Wilderness has survived this calamity. Are we still leaving?" Kui Ox Demon Emperor asked softly.

Dragon emperor Huang Hai was silent for a while and said, "Let's go over there and take a look." "Then, Dragon emperor Huang Hai tore the void and the three of them entered the space tunnel. Soon, they arrived above Tai Ah Mountain Range. At this moment, Cang's army was retreating. "Should we chase?" Emperor Qingtian was excited as he looked at Wu Dao and the two peerless Demon Emperors, Divine Elephant and Nine-Tailed. Although it was only one battle, in his heart, Wu Dao's original body was already comparable to the two peerless Demon Emperors! "Don't chase." Dragon emperor Huang Hai, Great Roc Demon Emperor, and Kui Ox Demon Emperor suddenly appeared. Dragon emperor Huang Hai shook his head and said, "Although we defeated Cang in this battle, it was a pyrrhic victory. We have suffered great losses. If we continue to chase, we will only lose more experts." The Divine Elephant and Nine-Tailed Beast Emperors didn't say anything. Emperor Qingtian curled his lips. They had indeed suffered heavy losses in this battle, and their vitality had been greatly damaged. However, Dragon emperor Huang Hai, Great Roc Demon Emperor, and Kui Ox Demon Emperor were all at their peak! Of course, these thoughts were only in their minds. They did not say it out loud. Wu Dao's original body also did not say anything. He was indeed not in the right state to continue chasing. Although he had killed Nine Yin Demon Emperor, it was a narrow victory. Apart from the Origin Martial Grotto-Heaven, he had used almost all his trump cards! "Everyone, let's return to Butterfly Valley first." Dragon emperor Huang Hai said, "We won this battle by a narrow margin. Xue Die should have prepared wine for us to celebrate." Others did not think much of it. However, Nine-Tailed Demon Emperor frowned. Dragon emperor Huang Hai's words were inappropriate. They had risked their lives to win this battle. However, the Dragon Emperor of Desolate Sea's words just now had referred to them as "we". It seemed that they had contributed to this battle as well. Nine-Tailed Demon Emperor naturally could not say anything about it. Everyone sat down in Tai Ah Mountain Range and made arrangements. Then, they tore through the void and landed in Butterfly Valley. They returned to the meeting hall. As expected! Die Yue was still sitting in the middle of the hall. It seemed like she had never left. However, there were already a few jars of strong wine on the seats on both sides. The clay seals had been removed and the fragrance filled the air.

When the Demon Emperors entered the hall, the first person Die Yue looked at was Su Zimo. "You're quite powerful." Die Yue's voice rang in Su Zimo's mind. In the eyes of others, Die Yue was still high and mighty with an indifferent expression. However, Su Zimo could almost see Die Yue saying those words to him with a smile. Thank you, Brother Hailang, for your 250,000 book coins. Thank you, Brother Luoye, for your 10,000 book coins. Continue writing. Everyone, sleep early.

## Chapter 2952

When Su Zimo heard that, he smiled gently and sent a voice transmission, "I've killed six ordinary Demon Emperors and a peerless Demon Emperor in this battle. I've obtained quite a number of world fragments of various sizes. Coupled with the world fragments of the two Demon Emperors, Zu Shu and Tian Wu, they can help you heal." Die Yue was injured. Through their previous conversation, Su Zimo knew that the fragments of the worlds contained Genesis Qi that could help Die Yue repair her world! Die Yue looked at Su Zimo with mesmerizing eyes. How precious were the fragments of the worlds? Not only did they contain the Dao and skills of an Emperor, but they also contained Genesis Qi that could help Emperor experts strengthen their own worlds and raise their cultivation! The fragments of the worlds of eight ordinary Demon Emperors and a peerless Demon Emperor were enough to tempt any Emperor expert. But Su Zimo did not hesitate to give them to her. "No need." Die Yue transmitted her voice, "My world has already been cultivated to the Great Perfection stage. Even if I refine the fragments of ordinary Demon Emperors or peerless Demon Emperors, it will be difficult to completely repair it." "Keep these fragments of the worlds well. They will be of great use to you when you become a Quasi-emperor or break through to the Emperor stage." Although Die Yue and Su Zimo were communicating through spirit consciousness and outsiders could not hear them, the other Demon Emperors could vaguely sense something amiss. Of course, most of the Demon Emperors did not think too much about it. After all, Araki Takeshi had made great contributions in this battle. No matter what reward the Blood Butterfly Demon Emperor gave him, it was only right. However, the Nine-Tailed Demon Emperor did not think so. As a Nine-Tailed Fox, she was more meticulous and could observe more clearly. The way Die Yue looked at Araki Takeshi was indeed a little different. The way Araki Takeshi looked at Die Yue was also different! The Nine-Tailed Demon Emperor frowned, her gaze falling on Su Zimo from time to time as if she was thinking of something. "Everyone, please take a seat." Die Yue waved her hand. The Demon Emperors took their seats. They were too familiar with each other and there was no need for pleasantries. Since they had won the battle, they naturally had to drink to their heart's content. After three rounds of drinks, Dragon Emperor Huang Hai suddenly stood up and came to the center of the hall. "Fortunately, Araki Takeshi made great contributions in this battle and turned the situation around."

"But Cang will not give up just like that. He will come back again. We cannot be careless." "Exactly." The other few Demonic Emperors nodded in agreement. Dragon Emperor turned to Su Zimo and said, "Daoist Araki Takeshi, you have gained a lot in this battle. The rest of the treasures are yours.... but the world fragments of the World world Demon Emperors, I hope you can hand them all." As soon as he finished speaking, the hall instantly quieted down. The Demon Emperors looked at Dragon Emperor Huang Hai and frowned. Apart from Great Roc Demon Monarch and Kui Ox Demon Monarch, the rest did not expect Dragon Emperor Huang Hai to say such a thing! "Yue Yue." The Martial Dao Body said indifferently without even lifting his eyelids. "Yue Demon Yue" and Divine Demon Emperor said, "Yue Yue Yue Demon Yue." Dragon Emperor Huang Hai said, "My suggestion is for the Eastern Wilderness and the bigger picture." "If I'm not wrong, Daoist Araki Takeshi has not reached the Great Emperor Realm. If that's the case, these World Fragments will not be of much use to you." "If that's the case, why not give them to me? I have been stuck in the Great Success Great Emperor Realm for many years. If I can get these World Fragments, I might be able to reach the Great Success Great Emperor Realm!" "By then, the Eastern Wilderness will have two peak-level Demon Emperors. Only then will we be able to resolve the next crisis." If these words were said to others, perhaps they would believe it. However, none of the Demonic Emperors present were fools to be able to cultivate to such a level! They could see that

Dragon Emperor Huang Hai wanted the World Fragments in Araki Takeshi's hands for himself! Putting aside the fact that those World Fragments were Desolate Martial's spoils of war to begin with, no one should touch them. Even if they gave these World Fragments to Dragon Emperor Huang Hai, he would be able to reach the Great Success Great Emperor Realm? If it was that simple, there would not be so few peak-level Imperial Emperors. For the Eastern Wilderness and for the bigger picture? These were just excuses that Dragon Emperor Huang Hai used to cover up his own selfish desires. Of course, most of the Demon Emperors remained silent even though they knew what Dragon Emperor Huang Hai was thinking. After all, Dragon Emperor Huang Hai had followed Die Yue for many years and was a peerless Demon Emperor.

And Araki Takeshi was a newcomer. To them, he was just an outsider. In the end, the Divine Elephant Demon Emperor could not stand it any longer. He said in a deep voice, "Desolate Ocean, no matter what, Desolate Martial fought for those world fragments. They belong to him." "Now you're asking him to hand them over. What's the difference between that and robbery?" "Divine Elephant Demon Emperor had followed Die Yue for many years. He was the only one who dared to talk to Dragon Emperor Huang Hai like this!" "You're wrong." Great Roc Demon Emperor stood up and said, "Although these World Fragments belong to Araki Takeshi, they're useless in his hands. They can only be used in our hands." "Humph!" Dragon Emperor Huang Hai smirked and said, "In my opinion, it's still too early to tell if those world fragments belong to him!" "Oh?" Wu Dao's original body still did not look up. He asked, "If they don't belong to me, do they belong to you?" Dragon Emperor Huang Hai said coldly, "You did kill six ordinary Demonic Emperors and one peerless Demonic Emperor. But if we didn't show up and scare Cang's army away, how could you have kept those world fragments?" The Demon Emperors could not help but curse in their hearts. Shameless! Cang's retreat was due to the death of Nine Yin Demon Emperor and six ordinary Demon Emperors. It was a great shock to Ling Jiao and the other Demon Emperors! Before Dragon Emperor Huang Hai and the other two appeared, Cang had already started to retreat. Before the battle, Dragon Emperor Huang Hai, Great Roc Demon Emperor, and Kui Ox Demon Emperor found all kinds of excuses to avoid the battle. Now, they were shamelessly saying that Cang's retreat was related to them! This time, even Nine-Tailed Demon Emperor could not stand it anymore. "What? The three of you just stood by during the battle. Now you want to take the credit?" Nine-Tailed Demon Emperor sneered. Great Roc Demon Emperor's face darkened. He said, "The three of us just stood by and protected the Eastern Wilderness. How can we stand by and do nothing?" Dragon Emperor Huang Hai stared at Wu Dao's original body and said slowly, "Araki Takeshi, the reason I told you just now was to give you a way out." "Hand over those World Fragments and I will not make things difficult for you." Hearing this, Wu Dao's original body put down the wine bowl in his hand and finally looked up. He looked at Dragon Emperor Huang Hai and asked calmly, "What if I don't hand them over?"

As soon as he finished speaking, the atmosphere in the main hall became tense! "Don't hand them over?" Dragon Emperor Huang Hai was stunned. He did not expect Wu Dao's original body to speak to him like this. But soon, he smiled sinisterly. He even exuded a bloody aura. He said word by word, "If you don't hand them over, I will take them myself!" "You can try." Wu Dao's original body said coldly. The other Demon Emperors were speechless. They were worried for Wu Dao's original body. No one expected Wu Dao's original body to be so strong that he dared to challenge Dragon Emperor Huang Hai! Araki Takeshi had just fought a great battle and was exhausted. If he fought Dragon Emperor Huang Hai now, he would not stand a chance.

## Chapter 2953

"Huang Hai, you've crossed the line." At this moment, Die Yue suddenly spoke. Her voice was calm and emotionless. Dragon Emperor Huang Hai turned to Die Yue and said, "Xue Die, I just want to help you. You should know that Emperor Qing Yan could return at any time. You're injured and won't be able to stop Cang's next attack. ""Only when I become a peak Demon Emperor can I help you defend the Eastern Barren!" Dragon Emperor Huanghai's words were so sincere that even Demon Monarch Bai Ze, Emperor Qingtian, and the others fell into deep thought. They were a little moved by his words. "Desperate times call for desperate measures." Great Peng Demon Emperor said, "The Eastern Barren is in danger. What's wrong with Araki Takeshi sacrificing himself for the greater good? We're just asking him to hand over some world fragments, not his life. ""Isn't it too selfish of him to guard those world fragments and not let go?" Die Yue raised her eyebrows and asked, "Sacrificing others for the greater good? If that's the case, I want to heal and refine your world fragments. Are you going to hand them over?" Great Peng Demon Emperor's expression changed and snorted, "How can you compare them?" Die Yue didn't say anything else. She just looked at the two with a faint smile. Great Peng Demon Emperor could be righteous when he talked about sacrificing others, but when it came to sacrificing himself, he became timid. In fact, this was the reason why Divine Elephant Demon Emperor and the others were willing to follow Die Yue. If they could sacrifice others for the greater good, who could guarantee that they wouldn't be the next one to be sacrificed?" Xue Die. "Dragon Emperor Huang Hai said, "You know that the Eastern Barren can't be defended. If I can get those world fragments and reach peak Demon Emperor, the Eastern Barren can still survive with my help. Otherwise, the Eastern Barren will perish! ""Do you really think that Araki Takeshi can stop Cang's army and Emperor Qing Yan?" Die Yue seemed to be dispirited. She waved her hand and said, "Just say what you want to say." Dragon Emperor Huang Hai was silent for a while before he slowly said, "If Araki Takeshi hands over those world fragments, I'll have a chance to reach peak Demon Emperor and stay to help you. But if he doesn't ... ""You can leave now." Die Yue interrupted Dragon Emperor Huang Hai before he could finish his sentence.

The other Demonic Thearchs were shocked when they heard these three words. Even though they had some disputes before, Dragon Emperor Huang Hai and Giant Peng Monarch Beast had even found excuses to avoid the battle, but they had never gone this far! And now, this layer of paper had finally been pierced through! Dragon Monarch Huang Hai lowered his head and said with a self-deprecating smile, "Xue Die, I have followed you for so many years but I can't even compare to this Araki Takeshi? You'd rather protect him than drive me away?" Great Peng Demon Overlord also shook his head and said: "Xue Die, your words are too disappointing." Die Yue looked at the other Demon Emperors and said, "Anyone else who wants to leave can leave with Huang Hai. I won't stop you." All the Demonic Emperors knew that Die Yue would not go back on her words. The Kui Ox Demon Emperor also sided with Dragon Emperor Huanghai. The Black Snake Demon Emperor also wanted to leave the Eastern Barren Territory. But when he sneaked a glance at Wu Dao's true body, his heart skipped a beat. The Divine Elephant Demon Emperor, Nine-tailed Demon Emperor, Bai Ze Demon Emperor, and Emperor Qingtian did not move. Dragon Emperor Huang Hai's behavior might have fooled others, but not them. He was so aggressive and even wanted to snatch Araki Takeshi's World Fragment. It was all to find a good reason and excuse to leave the Eastern Barren Territory and Die Yue. If the Eastern Barren Territory had not won the battle, Dragon Emperor Huang Hai and the other two would have chosen to leave. He could not hide his intentions from the Divine Elephant Demon Emperor and the others, and

naturally, he could not hide it from Die Yue. Therefore, Die Yue went with the flow. Since Dragon Emperor Huang Hai wanted to leave with a clear conscience, Die Yue would fulfill his wish. It was also a way to put an end to their many years of friendship. "Sigh." The Divine Elephant Demon Emperor suddenly sighed and said, "When we followed Xue Die, we were only Demon Kings. If it was not for her help, we would still be stuck in the Great Emperor Realm." "All these years, after the battle between the Eastern Barren Territory and the Cang Continent, Xue Die would give us the World Fragments so that we could cultivate." "If not, how could we cultivate to the Great Success Great Emperor Realm?" "The cultivation resources of the Great Emperor Realm are so precious and rare. For so many years, Xue Die gave us almost all of them."

"We have indeed fought with her for so many years, but when has she ever mistreated us?" The Divine Elephant Demon Emperor was one of the first twelve Demon Kings to follow Die Yue. Now that he knew that he would have to part with Dragon Emperor Huang Hai and Roc Demon Emperor, he had something to say. "Xue Die fought with the strong cultivators of the Cang Continent and did not want to retreat. Not only for her Dao, but also to protect our homeland." The Divine Elephant Demon Emperor said loudly, "She also did it for her nine brothers, Wild Ox, Rock Bear, Giant Python, Blood Ape, Divine Chariot, Hell Tiger, Wind Leopard, Spirit Turtle, and Godly Phoenix!" "She knew that nine of the twelve Demon Kings that followed her had died in the hands of Cang. She wanted to avenge them!" "You were also one of the twelve Demon Kings, but you left her when she was in the most difficult time. What is there to be disappointed about?" "Do you really think that Xue Die did not know what you were thinking?" "She just did not want to expose you because of her old relationship with you!" "She is the one who is disappointed!" Dragon Emperor Huang Hai and Roc Demon Emperor lowered their heads. Perhaps because they felt guilty, they did not dare to look at Die Yue or the Divine Elephant Demon Emperor. "Say no more." Die Yue waved her hand and said indifferently, "Everyone has their own ambitions. That Emperor Qing Yan is of the Azure Dragon Bloodline. He is of the same race as you. I can understand why you are willing to submit to him." Azure Dragon Race! Su Zimo heard this and his heart skipped a beat. This was the first time he had heard of Emperor Qing Yan's background. No wonder he was so powerful. The Azure Dragon Bloodline was the strongest among the Dragons. It was said that there might not be a single Azure Dragon Bloodline born in every era in the Dragon World. Dragon Emperor Huang Hai sighed and finally looked up at Die Yue. "Xue Die, the general trend is coming. Anyone who stands in our way will be crushed." "Can Cang represent the general trend?" Wu Dao asked indifferently. "If he can't, do you think you can?" Dragon Emperor Huang Hai still had some respect for Die Yue, but he did not treat Wu Dao well. He glared at Die Yue and retorted. "As long as I am here, I am the general trend!"

Wu Dao stood up slowly. This action was normal. However, as he said this, Wu Dao's body emitted an aura that surpassed the heavens and earth. Even Dragon Emperor Huang Hai frowned and took half a step back instinctively. Dragon Emperor Huang Hai quickly realized that he had shown his cowardice by taking half a step back. His face darkened. "Araki Takeshi." Dragon Emperor Huang Hai said coldly, "When we fight again in the future, I might go easy on others because of our old friendship. However, you better be careful. I have no friendship with you!"

Since Die Yue was there and had asked Dragon Emperor Huang Hai to leave, Wu Dao would not attack him. Moreover, he had just gone through a great battle and had used up a lot of his energy. He had no confidence in defeating Dragon Emperor Huang Hai without using the Yuanwu Grotto-Heaven. However, things would be different if he made a breakthrough in his cultivation level. Once he became a Boundary Emperor, Dragon Emperor Huang Hai might not be able to withstand Wu Dao's Purgatory! Divine Elephant Beast Emperor held up a bowl of wine and said to Dragon Emperor Huang Hai and Great Roc Beast Emperor, "Drink this and we will no longer be friends. Don't hold back in the battle in the future!" "Alright!" Dragon Emperor Huang Hai did not hesitate. He drank the wine and looked at Die Yue, Divine Elephant Beast Emperor, and the others. "I hope you will not regret your decision when the Eastern Wilderness is destroyed." With that, Dragon Emperor Huang Hai, Great Roc Beast Emperor, and Ox Beast Emperor turned and left. Just as the three were about to leave the hall, Die Yue suddenly said, "Qing Yan has a special background and a powerful bloodline. He sees all living things as ants. You may be Dragons, but you are no different in his eyes." "Cang might not be a good home for you. Be careful in the future." After all, they had known each other for many years. This was Die Yue's last warning to Dragon Emperor Huang Hai and the others. Dragon Emperor Huang Hai paused for a moment before moving again. He disappeared from the sky above Butterfly Valley without looking back. When the other Demonic Emperors saw this, they had mixed feelings and lamented in their hearts. With the departure of Dragon Emperor Huang Hai and the others, the Eastern Wilderness' strength was greatly reduced. Die Yue was injured and the Beast Emperors beside her were only Divine Elephant, Nine-tailed, Bai Ze, Qingtian, Xuan Snake, and Araki Takeshi. When Emperor Qing Yan returned, how could the Eastern Wilderness resist him? Although the Monarchs did not say anything, their hearts were shrouded in a layer of haze. They had just gone through a great battle and the Beast Emperors did not plan to stay here for long. They all left and prepared to return to their mountains. In the blink of an eye, only Die Yue and Su Zimo were left in the hall. "You're the one who brought the three people outside the Butterfly Valley, right?" Die Yue looked at Su Zimo and asked. Then, she exclaimed softly, "That Sanguine Ape seems to be the one from Cang Lang Mountain Range?"

"Exactly." Su Zimo smiled and nodded. "I didn't expect it to ascend as well." Die Yue muttered softly. Su Zimo said, "Back then, you imparted the Tendons Transformation chapter of The Mystic Classic of the Twelve Demon Kings of the Great Wilderness to him. It was probably also because of the bloodline in his body." Die Yue nodded. Back then, she had twelve demon monarchs following her. One of them was the Blood Ape Demon Monarch. However, the Blood Ape Daemon King had died in the battle against Cang. When Die Yue landed in Tianhuang Mainland and saw a Sanguine Ape in Cang Lang Mountain Range, she could not help but think of the Sanguine Ape Demon King who had died in battle. That was why she decided to impart Dao techniques to him. Su Zimo asked, "Actually, there was no 'The Mystic Classic of the Twelve Demon Kings of the Great Wilderness'. Did you just create it at the last minute?" "Yes." Die Yue said, "The twelve cultivation techniques originated from the twelve demon kings. I've made some changes to make it suitable for you to cultivate." "Although I created this mystic classic at the last minute, it incorporates the core Dao techniques of the twelve demon kings. Even in the upper world, it's considered an extremely top-notch cultivation technique." "Indeed." Su Zimo nodded. The Mystic Classic of the Twelve Demon Kings of the Great Wilderness played a crucial role in his cultivation to this stage. After pausing for a moment, Su Zimo continued, "This cultivation technique is indeed powerful. However, the name of this cultivation technique is rather ordinary ..." Die Yue's gaze was unfriendly as it revealed a hint of danger. Su Zimo roared in laughter. Die Yue flicked her fingernails gently, making clanking sounds as she said faintly, "You're really getting more and more impudent ..." Su

Zimo sensed that Die Yue's tone was not right and hurriedly changed the topic. "Oh right, there's one more thing." As he spoke, Su Zimo took out a storage bag and took out a few gray stones from it. He asked, "This is the storage bag of the Nine Yin Demon Emperor. What are these stones?" "Origin Stones!" Die Yue's eyes lit up as she said softly, "The Genesis Qi in the Origin Stones is extremely pure. However, Origin Stones can't be found in the Middle World." "The Nine Yin Demon Emperor probably has them because he came from Cang."

Su Zimo seemed to have thought of something and muttered thoughtfully, "So these stones are Origin Stones ..." After a while, Su Zimo asked, "Can Origin Stones help with your injuries?" "Of course." Die Yue nodded. "Only by absorbing and refining a large amount of Genesis Qi can one repair the world. In this aspect, Origin Stones are far more useful than World Fragments." "How many Origin Stones are there in the Nine Yin Demon Emperor's storage bag?" "Only these few," said Su Zimo. Die Yue was a little disappointed and shook her head. "There are too few Origin Stones. It's far from enough to repair my perfect world." Upon hearing this, Su Zimo took out another storage bag and poured out a large pile of Origin Stones, scattering them on the ground. He asked, "Is this enough?" Die Yue was dumbstruck by this scene and stood rooted to the spot. Origin Stones were extremely rare in the Middle World. Even if there was only one piece, it would cause numerous Emperors to fight over it! The Origin Stones that Su Zimo had poured out were likely over a thousand! Die Yue was stunned for a long time before she recovered and asked, "Where did you get so many Origin Stones?" "Didn't I say before that I killed a young man from the Heavenly Court in the Nine Underworlds Sinned Grounds and even attracted the pursuit of a peak Emperor?" Su Zimo said, "There were Origin Stones in that young man's storage bag. However, I didn't know the origin of these stones back then." "Are these Origin Stones enough to repair your injuries?" Su Zimo asked again. "I think so," Die Yue nodded. Initially, she did not know how to deal with Cang's next attack. However, with these Origin Stones, she would be confident of fighting against Emperor Green Flame and the others once she recovered from her injuries! Although Su Zimo had countless things to say to Die Yue, time was of the essence and Emperor Green Flame could return at any moment. At that thought, Su Zimo said, "You should cultivate in seclusion. I have a few sworn brothers in Tianhuang Mainland. Apart from the three in Butterfly Valley, there's also a little fox who should be a disciple of the Nine-Tailed Demon Emperor." "Let's head to the Nine-Tailed Demon Emperor's place to take a look at the little fox. We're planning to enter seclusion as well." After this battle, apart from obtaining many World Fragments, he also killed many Demon Kings and devoured many Grotto-Heavens!

Once he refined all those Grotto-Heavens, the Origin Martial Grotto-Heaven would have a chance to transform and produce a trace of World Power. At the same time, he had already confirmed Wu Dao's next Dharmic formulation. With Die Yue's impartation, Wu Dao's Purgatory would have a chance to transform and advance to a quasi-Emperor as well! The two of them had a tacit understanding and left without saying anything else.

## **Chapter 2955**

Outside Butterfly Valley. The tiger, Qing Qing, and the Golden Lion were still waiting here. After all, this was an important place in Eastern Wilderness, and the three of them did not dare to wander around. Occasionally, they would hear news from outside that the Eastern Wilderness had defeated Cang's army again. There were even several Demon Thearchs who had died, killed by Araki Takeshi! When the three of them heard this, they naturally felt proud. Qing Qing and the Golden Lion were still fine. When the tiger saw the Butterfly Clan passing by, he could not help but go up and chat

with them. Then, intentionally or unintentionally, he revealed that Araki Takeshi was their sworn brother. "I heard that Eastern Wilderness had a great victory this time. It's really worth celebrating. Our boss should have also contributed a little." "Who's your boss?" "Eh? Don't you know? His Daoist name is Araki Takeshi. He just came to Eastern Wilderness not long ago." Similar conversations happened frequently. However, those Butterfly Fairies only covered their mouths and snickered. They did not believe it at all. Who was Araki Takeshi? The current Lord of the Tai Ah Mountain Range had personally killed a peerless Demon Thearch and six ordinary Demon Thearchs! How could such a person become sworn brothers with this simple-minded person in front of them? Every time this happened, Qing Qing and the Golden Lion could not help but roll their eyes and turn around, trying to stay as far away from the tiger as possible. When Wu Dao's original body arrived, he saw this scene. The tiger was stopping a few Butterfly Fairies and talking with assurance. He told them about their experiences of roaming Tianhuang. He spoke until his saliva was flying everywhere, and his face was flushed. The Butterfly Fairies opposite him looked at him with disdain ... The tiger bragged even more happily and did not realize that Wu Dao's original body had already arrived behind him. Those Butterfly Fairies recognized Wu Dao's original body. Their eyes lit up, and they all showed respect. Pa! Wu Dao's original body raised his hand and slapped the back of the tiger's head. "Who hit Master Tiger!" Tiger was annoyed that he was interrupted. He turned around and glared at him. Just as he was about to curse, his face suddenly changed. He smiled and said, "Boss, it's you." Then, the tiger quickly turned around and looked at the butterfly fairies. He patted his chest and said, "Look, I didn't lie to you, right? This is really my boss!"

"Let's go and see Little Fox." Wu Dao called out to Qing Qing and the Golden Lion. Together with the tiger, they entered the space tunnel and disappeared from Butterfly Valley.... Qingqiu Mountains. Wu Dao's true self brought the tiger and the others to the place and immediately located the Nine-Tailed Monarch Beast's location with his Divine Sense. Meanwhile, the nine Martial Monarchs who were meditating in seclusion were aware of something. They slowly opened their seductive eyes. "I haven't even looked for you yet, and you've taken the initiative to come to me ..." The Nine-Tailed Monarch Beast let out a hollow laugh. "Fellow Daoist Araki Takeshi, what brings you here?" The Nine-Tailed Monarch Beast walked out and smiled at Wu Dao's true self, asking gently. "Good lad!" The tiger glanced at the Nine-tailed Demon Monarch. Instantly, he could not control himself and turned his head away. The Golden Lion lowered its head as well. Even Qing Qing could not help but take a few more glances at the Nine-Tailed Monarch Beast who was also a woman. Every single action, frown and smile of the Nine-Tailed Monarch Beast exuded an irresistible temptation that could evoke the most primitive desires in the depths of one's heart! The Dao heart of Wu Dao's true self was firm and unshakable. The Nine-Tailed Monarch Beast's charm could not affect him. He merely frowned slightly and did not think too much about it, assuming that it was due to the bloodline of the Nine-Tailed Monarch Beast's race. Wu Dao's true self said, "There's an old friend of ours from Tianhuang Mainland in the fox race. I heard that she was taken in as a disciple by you, Nine-Tailed. I'd like to meet her today." "Little Tanuki?" The Nine-Tailed Monarch Beast blinked and smiled. "That's easy. Little Tanuki is in seclusion right now. Come with me and wait over there for a moment." As she said that, the Nine-Tailed Monarch Beast led the way and led Wu Dao's true self and the other three to a fur tent not far away. Wu Dao's true self followed behind the Nine-Tailed Monarch Beast and stepped into the tent. What greeted him was a delicate fragrance. Suddenly, Wu Dao's true self felt dazed. The robes of the Nine-Tailed Monarch Beast before him seemed to have slipped off by accident, revealing half of her snow-white shoulders.

For some reason, Wu Dao's true self felt his heart skip a beat and he could not control his emotions! The tiger, Qing Qing and the Golden Lion had already disappeared. It seemed like he and the Nine-Tailed Monarch Beast were the only ones left in the tent! "Not good!" The Martial Dao Body felt a sense of foreboding. He quickly gathered his thoughts and stabilized his Dao Heart. Right then, the Nine-Tailed Monarch Beast turned around. Her robes seemed to have turned as thin as a cicada's wings and were almost transparent. Her breasts were faintly discernible and her beautiful legs were long and slender. Nine furry tails swayed gently behind her and she exuded an extremely seductive aura from head to toe! "Fellow Daoist Araki Takeshi ..." The Nine-Tailed Monarch Beast moaned and her cheeks flushed. Her red lips parted slightly and she breathed out like an orchid. She moved gracefully and pounced into the embrace of Wu Dao's true self. Indeed, that sort of seduction could not shake the Dao heart of Wu Dao's true self. However, the Nine-Tailed Monarch Beast's seduction technique did not only target the Dao heart, it targeted the Essence Spirit as well! As for Wu Dao's true self, he had just gone through a huge battle and had yet to rest. As such, his Essence Spirit was greatly depleted and there was no way he could defend against the peerless Monarch Beast's methods. Even the Mask of Mo Luo was helpless against such a seduction technique. Wu Dao's true self had not expected the Nine-Tailed Monarch Beast to attack him either. His Dao heart was stable and although his consciousness was a little chaotic, he could still maintain a trace of clarity. Of course, he did not think that the Nine-Tailed Monarch Beast was truly interested in him. While his thoughts were running wild, the Nine-Tailed Monarch Beast had already arrived before him. A fragrance wafted over as the Nine-Tailed Monarch Beast's lithe figure swayed slightly. Wu Dao's true self closed his eyes hurriedly and clenched his fists as his consciousness turned even more chaotic! A hint of mockery flashed through the depths of the Nine-Tailed Monarch Beast's eyes when she saw that. Just as she reached out and was about to grab Wu Dao's true self, the latter's eyes suddenly sprang open. Two balls of purple flames burned in his eyes and his gaze was bright like torches! All of a sudden! Wu Dao's true self reached out and gripped the Nine-Tailed Monarch Beast's slender, snow-white neck at lightning speed!

"Hmm?" A hint of panic flashed through the Nine-Tailed Monarch Beast's face. However, she soon calmed down and said in a pitiful tone with a seductive look, "Brother, what are you doing? You're hurting me ..." Wu Dao's true self had an icy expression. He exerted some force and grabbed the Nine-Tailed Monarch Beast's throat, lifting her up as if he did not know how to be gentle with a woman! "What are you trying to do?" Wu Dao's true self asked coldly. "You ..." The Nine-Tailed Monarch Beast was about to speak when Wu Dao's true self interrupted her, "That trick is useless against me. Stop embarrassing yourself!" As a matter of fact, Wu Dao's true self had almost fallen into the Nine-Tailed Monarch Beast's trap. However, just as he was about to fall into the trap, the white jade pendant that the Demonic Emperor gave him in his storage bag vibrated all of a sudden, waking Wu Dao's true self up instantly!

## **Chapter 2956**

The Nine-Tailed Beast Emperor no longer pretended. She was shocked and furious. In reality, she had dragged the Martial Dao Body into her bewitching world and used the power and dao techniques of the world to influence the mind of the Martial Dao Body. In her opinion, Araki Takeshi had just gone through a huge battle and had consumed a lot of his energy. He would not be able to resist her Enchanted World. Moreover, Araki Takeshi did seem to be struggling at the beginning. However, for some reason, Araki Takeshi suddenly regained consciousness and broke free from her influence! The two of them were

very close to each other. The Nine-Tailed Beast Emperor had lost the initiative and was restrained by Wu Dao. She did not dare to act rashly. "How did you break free from my Enchanted World?" The Nine-Tailed Beast Emperor was unwilling to admit defeat. Her expression was cold and she no longer looked seductive. "Answer my question!" Wu Dao exerted more force and the Nine-Tailed Beast Emperor's face turned red. She looked like she was in pain. If the Nine-Tailed Beast Emperor was not Little Fox's Master, Wu Dao would have killed her! Furthermore, he was a bit confused. He did not know why the Nine-tailed Heavenly Fox would have such great enmity towards him. "Sister Xue Die is mine. No one can take her away from me!" The Nine-Tailed Beast Emperor gritted her teeth and said, "Not even you!" Upon hearing this, Wu Dao was stunned. What ... does this mean? The Nine-Tailed Beast Emperor was attacking him because of Die Yue? Moreover, it was for this reason? Su Zimo had imagined a similar situation. Die Yue was so beautiful that she might have some powerful suitors in the vast wilderness. If he wanted to be with Die Yue, he would have to deal with these troubles. However, he did not expect that his opponent would be the Nine-Tailed Beast Emperor! For a moment, the Martial Dao Body felt that it was a little absurd and inexplicable. If it was for some other reason, even if he did not kill the Nine-Tailed Beast Emperor, he would teach the Nine-Tailed Beast Emperor a lesson. However, he did not know how to deal with the Nine-Tailed Beast Emperor's reason. "This is going to be troublesome ..." Wu Dao felt a headache coming on. This situation was much more troublesome than he had imagined.

It would be better to have a few strong enemies appear and have a great battle. Now that he was facing the Nine-Tailed Demon Emperor, he did not know whether to fight or not ... In the blink of an eye, Wu Dao's true body's palm gradually relaxed. Now that the Nine-Tailed Monarch Beast had a chance to catch her breath, her eyes flickered coldly. She swayed her nine fox tails and wrapped them around the arms of Wu Dao's actual body. The tails continued to spread, and were trying to bind the limbs and body of Wu Dao's actual body! At this moment, a figure suddenly appeared in the tent. He wore a blood-red robe, and his black hair was like a waterfall. Die Yue! Seeing Die Yue, Nine Tailed Demon Fox became very pitiful. She withdrew her tail from Wu Dao's body and threw herself into Die Yue's bosom. She said with grievance: "Sister Die Yue, this person you found is very bad!" He had just made a great contribution, and yet he was so arrogant that he came to the Green Hill Mountains to bully me and take my body ... "Big Sister, look, my neck is purple because of him." The Nine-Tailed Monarch Beast's slender neck was indeed bruised by the palm of Wu Dao's actual body. Wu Dao's actual body listened to the Nine-Tailed Demon Fox's nonsense, but he did not explain himself. Die Yue shook her head helplessly. She reached out her finger and flicked the Nine-Tailed Monarch Beast's head, saying softly, "Stop fooling around." The little trick did not escape Die Yue's eyes. As she was about to go into seclusion, she suddenly recalled that Su Zimo had mentioned that he was going to the Green Hill Mountains. She then realized that there might be some misunderstanding between the two, thus she immediately made her way over. "Sister, you don't believe me?" The Nine-Tailed Monarch Beast asked. "No." Die Yue replied with a simple word. "Humph!" The Nine-Tailed Monarch Beast harrumphed and glared at Wu Dao's actual body. "Don't trouble him in the future." Die Yue said to the Nine-Tailed Monarch Beast before looking at Su Zimo. She gestured with her eyes and the two of them left the tent side by side. When the two of them were far away, they turned around at the same time and looked at each other without saying a word.

After a long time, the two of them laughed at the same time. "What's going on?" Su Zimo asked with a smile. Die Yue replied, "I saved her when she was young. Therefore, she has a special relationship with

me and is more reliant on me." Su Zimo could not help but think of Little Fox and nodded. "I understand." Die Yue sized up Su Zimo again. "You were able to resist the charm of the Nine-Tailed Monarch Beast even before the battle ended?" "I was lucky." Su Zimo felt a lingering fear. If not for the white jade pendant, he would not have been able to explain himself when he was trapped in the bewitching world of the Nine-Tailed Monarch Beast and was caught by Die Yue. "Is it nice?" Die Yue suddenly asked. That question came out of nowhere. Su Zimo was about to nod instinctively when he realized that something was wrong. He calmed himself down and pretended to be confused. "What?" Die Yue narrowed her eyes and stared at Su Zimo for a while before chuckling and waving her hand. "I'll let you off." Su Zimo heaved a sigh of relief. That moment was even more exciting than facing the Nine-Tailed Monarch Beast!... In the tent. The Nine-Tailed Monarch Beast looked at the two of them leaving side by side and clenched her fists. She felt extremely wronged and her eyes were covered with a layer of mist. This time, she was not pretending. She really felt wronged. Before that Araki Takeshi appeared, had Die Yue ever scolded her or said anything harsh to her? But earlier on, Die Yue even flicked her finger for that Araki Takeshi. That was really painful. She suddenly realized that the person in her heart might really be taken away by someone else. "Araki Takeshi, Araki Takeshi!" The Nine-Tailed Monarch Beast repeated twice and the more she thought about it, the angrier and more wronged she felt. In order to bewitch that Araki Takeshi, she even used her Bewitching World and took off her clothes so that he could see most of her body. But in the end, it did not work! At the thought of it, didn't that mean that she was taken advantage of by that Araki Takeshi for nothing? At the thought of that, the Nine-Tailed Monarch Beast's face flushed red and she was anxious, angry and embarrassed.

Footsteps could be heard from outside the tent. The Nine-Tailed Monarch Beast hurriedly composed herself and took out her original clothes from her storage bag, putting them on again. After settling this matter, Die Yue returned to Butterfly Valley to continue her seclusion. After parting ways with Die Yue, Su Zimo returned to the tent and was prepared to ask about Little Fox's whereabouts with Tiger and the other two. After entering the tent, Su Zimo could not help but be stunned when he saw the Nine-Tailed Monarch Beast who was dressed neatly and covered herself up. He did not have any other thoughts. However, the Nine-Tailed Monarch Beast in front of him was too different from before and he could not react for a moment. However, Su Zimo's gaze gave off a different feeling to the Nine-Tailed Monarch Beast! The Nine-Tailed Monarch Beast felt that she was still in her half-naked state under Su Zimo's gaze ...

## **Chapter 2957**

In order to avoid awkwardness, Wu Dao's true body turned to look at tiger, Qing Qing and the Golden Lion who were not far away and asked, "Are they alright?" Tiger and the other two had lost consciousness the moment they stepped into the tent. Naturally, Wu Dao's true body could tell that the three of them were merely unconscious and unharmed. His question was merely to change the topic. "They're fine," The Nine-Tailed Demon Fox's expression relaxed slightly as she looked in the direction of the three of them and exhaled gently. The three of them woke up slowly with dazed expressions. Right then, the sound of clothes fluttering could be heard from outside the tent – someone had arrived at an extremely fast speed, as though they were in a hurry. When they arrived at the tent, the person had no intention of stopping and barged in directly. Wu Dao's true body turned around. A thirteen or fourteen year old girl walked in. She was slender and elegant, and her beauty was flawless. Although she had grown up a lot, one could still tell that she was a little fox. When the little fox saw so

many people in the tent, she was slightly stunned as well. However, she could not help but smile when she saw that tiger and the other two were among them. Then, the little fox's gaze landed on Wu Dao's body. Wu Dao's true body was wearing purple robes that were vastly different from his usual green robes. Coupled with the Mara Mask, it was normal that the little fox could not recognize him. However, for some reason, the little fox looked at Wu Dao's true body without blinking. She had a feeling that she could not help but want to get close to this person, giving her a sense of security that felt familiar. She had only felt this feeling from a single person before! Just like that, the little fox looked into the eyes of Wu Dao's true body, as though she was trying her best to decipher something as her eyes gradually turned misty. "Sir?" "The little fox called out softly. Wu Dao's true body took off his mask and opened his arms, saying gently, "It's me." The little fox burst into tears and dove into the embrace of Wu Dao's true body. Her slightly skinny arms hugged Wu Dao's true body tightly, as though she was afraid that he would disappear the next moment. There was no need for too many words between the two of them.

A single hug was more than a thousand words. When the Nine-Tailed Demon Emperor saw that, she was touched as well. She had personally experienced the little fox's reliance and closeness towards Wu Dao's true body. Old Tiger, Qingqing, and the Golden Lion stood not far away with smiles on their faces. They did not disturb them. They knew that the little fox's feelings for Su Zimo was ultimately different from theirs. They were brothers who could share trials and tribulations together. However, in the heart of the little fox to the little fox to them. Initially, the Nine-tailed Demon Emperor still had some resentment towards the Martial Dao Body. However, at the sight of this, her resentment dissipated instantly. Even if it was for the little fox's true body to the Nine-Tailed Demon's true to herself. The Nine-Tailed Demon Emperor did not disturb the two of them. Instead, she quietly walked out of the tent, leaving it to them. When she reached the entrance of the tent, perhaps out of curiosity, the Nine-Tailed Demon Emperor turned around and stole a glance at Wu Dao's true body. "So, he looks alright ..." "The Nine-Tailed Demon Emperor thought to herself. When she saw Wu Dao's true body wearing a silver mask all day long, she thought that he would look extremely ugly with a green face and fangs. She did not expect him to look like a scholar with delicate features. As though he had sensed the Nine-Tailed Demon Emperor's gaze, Wu Dao's true body looked up and nodded with a smile at her. The Nine-Tailed Demon Emperor panicked as though her thoughts had been seen through. She averted her gaze and left the tent as though she was escaping. Wu Dao's true body did not think much of it. He nodded and smiled at the Nine-tailed Demon Monarch to express his gratitude and goodwill. The little fox could barge into the Nine-Tailed Demon Emperor's tent casually without anyone stopping her or him. That alone was proof of how much the Nine-Tailed Demon Emperor doted on the little fox. The little fox must have never been mistreated in the Nine-Tailed Demon Emperor's place. Earlier on, Wu Dao's true body was thanking the Nine-Tailed Demon Emperor for taking care of him over the years. Furthermore, Wu Dao's true body realized that the little fox's cultivation was not weak either – she was already at the Heavenly Being stage of the True Self realm!

That cultivation speed was considered top-notch among his old friends in Tianhuang Mainland in this lifetime. "Alright," Wu Dao's true body patted the back of the little fox gently. "Get up." The little fox continued to bury her head in the embrace of Wu Dao's true body and refused to get up. She wrapped her arms around his waist and hugged him tightly, as though she was afraid that Wu Dao's true body would run away. Wu Dao's true body smiled. "I'm going to stay in the vast wilderness for a long time and won't leave casually." When the little fox heard that, her arms relaxed. Thereafter, she transformed from

her human form into her true form and burrowed into the embrace of Wu Dao's true body, just like how she did at the bottom of the Dragon Burial Valley. Most of her body was hidden in the chest of Wu Dao's true body, revealing only her furry head outside. She looked up at Wu Dao's true body and blinked her watery eyes. Wu Dao's true body did not say anything and allowed her to do as she pleased. It was only then that tiger and the other two came over. Tiger teased, "Little fox, you're so biased. You didn't even greet us after not seeing us for a long time." The little fox harrumphed as a greeting to tiger. "That's way too perfunctory!" Tiger rolled his eyes. After ascending to the upper world, the five of them had to go through countless hardships to be able to reunite in the vast wilderness. It was truly difficult to describe. Even so, the whereabouts of two of the seven of them were unknown. Now that the five of them were gathered, monkey and Night Spirit were the only ones missing. As the five of them conversed, they would inevitably mention the two of them with worried expressions. Tiger, Qing Qing, Golden Lion and the little fox had remained in the vast wilderness ever since they ascended and had never left. They were unlike Wu Dao's true body who had already traveled through many realms. They did not have any news about monkey and Night Spirit. Wu Dao's true body said, "There are some clues about Night Spirit. He appeared in the Fiend Battlefield of the Celestial Tribute world before disappearing without a trace." Wu Dao's true body recounted some of the information he heard about Night Spirit in the Celestial Tribute world. "Given Night Spirit's combat strength, he shouldn't be in any danger even if he roams the 3,000 realms."

Wu Dao's true body said, "There are no clues about monkey yet. However, I'm guessing that he should be in the Blood Ape World." Monkey belonged to the Blood Ape race. If he did not appear in the vast wilderness, the most likely possibility was that he had descended in the Blood Ape World! Although the Blood Ape World was not a super world, it had Emperor Lords as well! Monkey should not be in any danger in the Blood Ape World as well. However, no one knew how long it would take for the brothers to reunite. Wu Dao's true body chatted with tiger and the other three in the tent for an entire day and night. The five of them had endless things to talk about after reuniting after a long time. They would not feel tired even if they chatted for a year. However, the crisis of the vast wilderness had yet to be resolved. Wu Dao's true body was concerned about Die Yue and did not stay for long. The next day, Wu Dao's true body left Green Hill Mountain Range and entered seclusion. If he wanted to help Die Yue and Eastern Wilderness tide through this crisis, he had to raise his cultivation realm!

## **Chapter 2958**

To Wu Dao's main body, Wu Dao's future was already clear. Everything returned to one, and all paths led to the same destination. After the Martial Domain realm was the Emperor realm. However, the Emperor realm was a major realm after all. Stepping into the Emperor realm was as difficult as ascending to the heavens. Wu Dao's main body had to first transform his Yuanwu Grotto-Heaven and Wu Dao's Purgatory to produce a trace of world power. Only by becoming a Quasi-emperor would he have the chance to truly step into the Emperor realm! Wu Dao's main body did not intend to refine the world fragment. Not only did the world fragment contain many profound Dao arts, but more importantly, it also contained Genesis Qi. To him, it was a waste to refine the world fragment now. As long as he refined the many grotto-heavens collected from the two battles, the Yuanwu Grotto-Heaven would have a chance to improve further. Wu Dao's Purgatory would also improve after refining the Dao and Dao arts in those grotto-heavens! In fact, Su Zimo and Die Yue had not seen each other for many years and wanted to spend more time together. Even if they did not speak, just quietly accompanying each other would be

good. But now, Eastern Wilderness was still in danger and time was of the essence. If they could not survive this calamity, Su Zimo might even be buried with Die Yue in the Great Wilderness, let alone spend the rest of their lives together! Time flew by. 800 years passed in the blink of an eye. For the Cultivation World, 800 years passed by too quickly, like the passing of a white steed. For the vast majority of living beings, it was difficult to raise their cultivation level by a small realm in 800 years. Ever since the battle of the Celestial Tribute world, Sword World's Su Zhu became famous and the reputation of Ninth Sword Peak also rose. There were many disciples in Ninth Sword Peak and it was extremely lively. It was naturally different from when Ninth Sword Peak was first built. On this day, guests from afar came to visit Sword World's Ninth Sword Peak. A sword cultivator had already gone to Ninth Sword Peak's Eldest Senior Sister, Kitsune's cave abode to inform her. All the sword cultivators knew that the Ninth Sword Peak's Peak Master was cultivating in seclusion and would not come out unless something major happened.

Most of the matters on the Ninth Sword Peak were handled by Kitsune. After eight hundred years of cultivation, Kitsune's cultivation had also improved. She had comprehended a supreme divine ability, and she had also cultivated to the Dacheng stage of the True Martial Realm! This cultivation speed had already far surpassed that of cultivators of the same level. Although Yun Ting of the Extreme Sword Peak had also cultivated to the Heavenly Being stage of the True First Realm, he was firmly suppressed by Kitsune in terms of battle strength! In Wu Dao, Kitsune's talent in swordsmanship was undoubtedly revealed! When Kitsune saw the two guests who came to visit, she pondered for a moment and decided to go to Su Zimo's cave residence to wake him up. These two were from the Flower World. One of them was Immortal King You Lan who had helped Su Zimo and the Sword World in the Celestial Tribute World. The other was the disciple of Immortal King You Lan, Mu Lian. In the Evil Demon Battlefield, Mu Lian was also one of the few supreme true spirits who had helped Su Zimo. Most importantly, Mu Lian did not seem to be in a good condition. She was injured, looked dispirited, and had a weak aura. She was barely able to stand with the help of Immortal King You Lan. Kitsune knew her master's temperament. If he knew that Immortal King You Lan and Mu Lian had come to visit, he would definitely come out of seclusion. As expected. After Kitsune led, Su Zimo immediately woke up and went out to welcome Immortal King You Lan and Mu Lian into the cave residence. Immortal King You Lan said with a smile, "We haven't seen each other for eight hundred years. Congratulations, Fellow Daoist Su's cultivation has improved again." In eight hundred years, Su Zimo had already stepped into the Void Transformation stage of the True First Realm! He had gained too much from the battle in the Evil Demon Battlefield. Just the Dao Fruits of the supreme true spirits alone were more than twenty! Over the years, he had only refined three out of the twenty Dao Fruits. He could step into the Void Transformation stage so quickly because he had comprehended two more supreme divine abilities. Fleeting Youth and Spacetime Shackles. Fleeting Youth was originally a peerless divine ability. However, in the Emperor's tomb, he had obtained Immortal Emperor Chen Mu's legacy. Over the years, he had already perfectly fused Fleeting Youth and Morning Bell and Evening Drum, finally pushing Fleeting Youth to the height of a supreme divine ability!

As for comprehending Spacetime Shackles, it was also a matter of course. The Dao of Time was contained within that fleeting moment of youth. As for the Dao of Space, it was in the Linglong Chess Game that Immortal King Ling Long had imparted to him. In other words, the supreme divine abilities that Su Zimo had comprehended so far were Four Heads Eight Arms, Eight Fangs Divine Power, Immortal

Slaying Sword, Dragon and Elephant Buddhas, Six Paths of Reincarnation, Fleeting Youth, Vermilion Bird Heavenly Fire, Limitless Yin and Yang, and Spacetime Shackles. Nine supreme divine abilities, unprecedented and unparalleled! Nine supreme divine abilities baptized the body, bloodline, and essence spirit. Coupled with the foundation of the Grade 12 Creation Qinglian, Su Zimo's body and essence spirit had already reached the Grotto-Heaven realm! In the face of Immortal King Youlan's greetings, Su Zimo smiled. He could see that there was a trace of worry between Immortal King Youlan's brows. His gaze fell on Mulian, who was beside Immortal King Youlan. Su Zimo frowned. A faint smell of blood came from Mulian's body. She was in a very bad state and had suffered serious injuries. Although Mulian was wearing a bamboo hat and a black veil, Su Zimo could still detect that Mulian's originally fair face was covered with scarlet blood vessels. It was extremely terrifying! "What's going on?" Su Zimo did not exchange pleasantries with Immortal King Youlan and asked directly while pointing at Mulian. At the mention of this matter, Immortal King Youlan sighed and said, "Mulian was severely injured by someone from the Blood World and her essence spirit and bloodline were tainted with the poison of the Filthy Blood." "If we make a move, we can save Mulian's life. However, her essence spirit will inevitably be injured and her cultivation will be crippled." At this point, Immortal King Youlan paused for a moment, as though she had thought of something and hesitated. "Fellow Daoist Su." Immortal King Youlan suddenly sent a voice transmission with her spirit consciousness, "I'm guessing that you might possess the Creation Qinglian bloodline and might have a way to save Mulian." "I know that this request is a little abrupt, but don't worry, Fellow Daoist Su. I won't reveal the secret of your Creation Qinglian bloodline ..." In fact, Immortal King Youlan had already noticed Su Zimo's uniqueness when she first met Su Zimo, which was why she took the initiative to befriend him. After all, she belonged to the Plant race and her perception of the Creation Qinglian bloodline was different from other races.

Later on, when she saw Su Zimo's methods in the Fiend Battlefield, she deduced that Su Zimo most likely possessed the Creation Qinglian bloodline! "Let me take a look." Su Zimo did not hesitate and asked Immortal King Youlan to place Mulian on a bed not far away. He lifted the veil of his bamboo hat and used his spirit consciousness to check the situation in Mulian's body. When he and the Sword Realm were besieged by many realms in the Celestial Tribute World, Immortal King Youlan and Mulian were one of the few people who helped the Sword Realm and him. Moreover, Mulian was from the Qinglian bloodline. No matter what the reason was, Su Zimo would not stand by and do nothing. Su Zimo carefully checked Mulian's body. The injuries on Mulian's body were not serious. The main thing was that her bloodline and essence spirit were tainted with a kind of filthy bloodline. As long as it was removed, Mulian would be able to recover. "Who in the Blood Realm can hurt her?" Su Zimo asked. After all, Mulian was a supreme True Spirit. Even if she was not a match, it would be difficult for cultivators of the same level to injure her to this extent.

## **Chapter 2959**

Immortal King Youlan sighed softly. "Fellow Daoist Su, you recognize that person as well. He's the supreme True Spirit that escaped from your hands, Blood Pattern of the Blood World!" "It's him?" Su Zimo raised his brow slightly. He had some impression of Blood Pattern. Back in Heaven Tribute Square, Blood Pattern had a dispute with Mulian and Long Li. In the Evil Demon Battlefield, Blood Pattern was one of those who surrounded him! However, that person was the most decisive in escaping. When he saw that the situation was bad, he summoned his Heaven Tribute Token right away and escaped the battlefield, saving his life. After checking, Su Zimo was relieved. "This injury isn't difficult to treat." Upon

hearing that, Immortal King Youlan heaved a sigh of relief. If it was anyone else, Mulian's injuries would indeed be troublesome. After all, the tainted blood had already tainted her Essence Spirit and bloodline. If she wanted to treat it, it would definitely hurt Mulian's foundation and cultivation. However, it was extremely easy for Su Zimo. No matter how strong the bloodline of the Blood Vine race was, it could not taint the bloodline of the Grade 12 Creation Qinglian. At the end of the day, the Blood Vine race belonged to the category of plant life forms. In terms of bloodline, the Creation Qinglian had an absolute suppression effect against them! With the help of the Grade 12 Creation Qinglian bloodline, Su Zimo could remove the tainted blood in Mulian's body with his Lotus Birth Finger. Because Mulian was also a member of the Qinglian race, not only would her cultivation not be damaged after receiving the nourishment of the Grade 12 Creation Qinglian bloodline, her body, bloodline and Essence Spirit would also be nourished! In the cave abode, Su Zimo had no intention of hiding. Right in front of Immortal King Youlan and the others, he executed Lotus Birth Finger on Mulian's body. It was a Dao technique that was powered by the Creation Qinglian bloodline. Even if Immortal King Youlan learned it, it would be useless. In less than five minutes, the blood vessels on Mulian's face gradually faded. Two hours later, Mulian's complexion returned to normal. Her face was rosy and her breathing was stable as she fell into a deep sleep. After the tainted blood was removed from her body, Mulian could use her own bloodline to quickly recover her vitality! "What happened?" Seeing that Mulian was out of danger and had yet to wake up, Su Zimo turned to look at Immortal King You Lan and asked, "How did Mulian get into a fight with Xue Wen and get injured to this extent?"

Su Zimo had fought with Xue Wen before. Even if Xue Wen's battle power was higher than Mu Lian's, it was not much higher. Even if Mulian couldn't win, she could at least retreat unscathed. She wouldn't be injured like this. Immortal King You Lan said with a complicated expression, "The Qinglian Clan and the Blood Realm have a deep grudge to begin with." "Originally, there was a Qinglian Realm in the Three Thousand Realms, but it was later devoured by the Blood Realm, and countless Qinglian died in the Blood Sea." "After that, the remaining members of the Qinglian Realm fled to the Flower Realm and were taken in by the Flower Realm. Gradually, they found a place to live in the Flower Realm. However, the number of members of the Qinglian Realm is very low. They are no longer the same as before." "There's actually such a thing ..." Su Zimo murmured softly. To Mulian, this was the blood feud of having her clan exterminated. It was no wonder that Mu Lian opposed Xue Wen in the Celestial Tribute World. Immortal King You Lan continued, "In recent years, a large area of the Flower Realm's water source has been polluted. It contains an ancient poison, the Nether Calamity Poison. Many members of the Flower Realm failed to detect it and died after absorbing that water source." Su Zimo frowned and asked, "Was it done by the Blood Realm?" Immortal King You Lan shook her head slightly and said, "This poison is very old. It should be from the Poison Realm." "The Nether Calamity Poison is extremely powerful and can ignore one's cultivation realm. Even if Kings and Imperial Lords don't detect it, they will be infected by this poison and their lives will be in danger! It's said that in the previous epoch, the Poison Realm relied on this poison to become one of the super Great Realms. Other realms were not willing to provoke it!" Many experts in the Flower Realm were infected by this poison. "At the mention of this, Immortal King You Lan's eyes revealed a hint of worry again. Su Zimo was a little puzzled and asked, "How could such a poison be spread over such a large area in the Flower Realm without anyone noticing?" Immortal King You Lan pursed her lips and shook her head. She also had the same doubts. Perhaps there was a possibility. It was this poison that was spread by the people of the Flower Realm!

Not to mention that the Flower Realm did not have any evidence, even if it was confirmed that it was done by the people of the Poison Realm, it was not suitable for the Flower Realm to launch an interrealm war against the Poison Realm with the current situation. Otherwise, they would be in danger of being exterminated!" Since this poison is from the Poison Realm, why would Mu Lian have a conflict with the Blood Realm?" Su Zimo asked again. Immortal King You Lan said, "There are only two ways to resolve this crisis. The first is to give up the Flower Realm's current position and lead the remaining members to leave and open another realm." Su Zimo shook his head. This method was not realistic. After all, the Flower Realm was a higher realm with countless members rooted in its current position. How could it be so easy to move away? Furthermore, even if they left, the crisis would not be truly resolved. Even if they opened a new realm, could they guarantee that the Nether Calamity Poison would not follow them?" What's the second method?" Su Zimo asked. Immortal King You Lan said, "The second method is to find an ancient spring water." "It's said that this spring water can wash away all poisons in the world and restrain all poisons. If we can obtain this spring water, we can completely resolve the crisis of the Flower Realm." Hearing this, Su Zimo's heart skipped a beat and he asked, "What's the name of this spring water? What's its origin?" "I'm not sure." Immortal King You Lan said, "I only know that this spring water is extremely ancient and is suffused with a dark light. It can only be found in the most ancient battlefield ruins." Su Zimo was deep in thought. When Wu Dao's main body was traveling in Hell, he had read about the Nine Springs of Hell. The Nine Springs of Hell originated from the Nether River. Each spring water contained different powers and had various strange effects. For example, Acheron of Hell could wash away memories. The Bitter Spring of Hell could severely injure the Ghost Race. And in the Nine Springs, there was a spring water that could wash away all poisons and restrain all poisons! If he guessed correctly, the ancient spring water that Immortal King You Lan was talking about should be the Hell Spring Water! He knew where the Hell Spring Water was, but Wu Dao's main body was in seclusion.

Besides, the Eastern Wilderness was facing a crisis. Cang could come back at any time, and Wu Dao's main body couldn't leave. If he wanted to enter Hell, he had to enter the Avici Hell and jump into that dry well. He didn't know what would happen and when he could return. Wu Dao's main body couldn't enter Hell again and abandon the Eastern Wilderness and Die Yue for the Hell Spring Water. Moreover, judging from Immortal King You Lan's words, she seemed to know where the Hell Spring Water was. "Have you heard of the Land of Day and Night?" Immortal King You Lan asked. Su Zimo shook his head. Immortal King You Lan said, "It's a ruin formed by an ancient battlefield. Legend has it that a great battle broke out there during the calamity of Heaven and Earth. Countless people of the Dark World and Light World died there, gradually forming such a strange place." There, there's no pattern to the alternation of day and night. It might be daytime one moment and darkness the next. "I heard that there's that ancient spring water in the Land of Day and Night!"

## **Chapter 2960**

In that case, the flower realm could only go to the Day-Night Land if they wanted to resolve the crisis. Immortal King You Lan said, "In the land of day and night, the two extreme powers of light and darkness coexist. After experiencing the vicissitudes of several epochs, it gradually formed a special kind of domain. The worlds and grotto-heavens cultivated by Kings and Emperors are incompatible with that domain." Su Zimo nodded. This phenomenon was not surprising. The existence of the Day-Night Land was a bit similar to Wu Dao's domain. Naturally, it would clash with the grotto-heavens and worlds. Immortal

King Youlan said, "The remaining power of the Day-Night Land is too terrifying. Even Emperors will suffer a backlash if they try to force their way in. Only cultivators below the King Realm will not be affected too much."Hearing this, Su Zimo gradually understood.True Spirits did not form grotto-heavens. Because of the uniqueness of the Day-Night Land, the flower realm could only send True Spirit Realm experts to search for the Hell Spring. Mulian was one of them.Immortal King Youlan continued, "So, we sent ten teams, each consisting of ten half-step Kings. The rest were True Spirit Realm experts. Mulian was one of them.""Half-step Kings are not affected?"Su Zimo asked.Immortal King Youlan said, "Half-step Kings are cultivators who failed to break through to the Grotto-Heaven Realm. They can only form an illusory grotto-heaven. The power of the grotto-heaven is relatively weak, so it won't cause too much of a reaction from the Day-Night Land.""And then?"Su Zimo asked.Immortal King Youlan sighed with a sorrowful expression. She shook her head and said, "Apart from Mulian, none of the others survived. They all died in the Day-Night Land.""Was it done by the Blood Realm?"Kitsune asked.Immortal King Youlan shook her head slightly and said, "Mulian's team did run into people from the Blood Realm. As for the other nine teams, no one knows what happened.""They couldn't find that ancient spring and suffered heavy losses. The flower realm didn't dare to send cultivators into the Day-Night Land."Immortal King Youlan frowned as she thought of the flower realm's crisis.Kitsune turned to look at Su Zimo. She was obviously tempted.She had already mastered Wu Dao and could easily suppress a Genuine Immortal at the Kongming Stage. She could even fight a Genuine Immortal at the Dongxu Stage!However, she spent most of her time in the Sword World. When she sparred with her fellow disciples, her hands and feet were tied. She was unable to unleash the full power of Wu Dao and his Sword Dao.

She also wanted to find an opportunity to find a suitable opponent so that she could fight without holding back!A life and death battle could also give her a new understanding of Wu Dao and the way of the sword.Previously in the Celestial Tribute World, Kitsune's cultivation was too low, so she didn't have the chance to fight with the supreme true spirit inside.Later on, great changes happened to the Celestial Tribute Realm. After it was sealed, eight hundred years passed, and it still didn't reopen.For Beiming Xue, this place of day and night was indeed a good opportunity for her to train.Of course, Su Zimo also planned to go to the Land of Day and Night to take a look.After all, Immortal King Youlan and Mulian had helped him before, so he should help them.Moreover, if he could help the Flower World survive this calamity, it could be considered a good deed. In the future, if he or the Sword World encountered any difficulties, he believed that the Flower World would not sit idly by.Su Zimo pondered for a while and said, "Where is the Land of Day and Night? Beiming and I will go and take a look.""Don't go!"Mu Lian had just woken up. When she heard these words, she quickly sat up and tried to stop him.Immortal King Youlan's expression changed slightly when she heard this. She shook her head and said, "Fellow Daoist Su, you have just saved Mulian. You have already done your best. You can't risk your life for us.""I came here this time to ask Fellow Daoist Su to try to save Mulian. I have no other intentions.""It's not that I want to risk my life."Su Zimo waved his hand and said casually, "It's just a small matter. The main thing is to give Beiming a chance to gain experience."When he was at the Kongming Stage, he had killed more than twenty supreme true spirits in the Evil Demon Battlefield and suppressed all the powerful enemies of the same level.Now that he was at the Paradise Void realm, who below the Grotto-Heaven realm could stop him?Right now, it was not an exaggeration to say that Su Zimo was the number one below the Grotto-Heaven realm!Due to the special restrictions of the Land of Day and Night where kings and Eternal Lords could not enter, he could almost do whatever he wanted inside!"Fellow Daoist Su, please

be careful."

Immortal King Youlan said in a deep voice, "Your combat strength can be said to be invincible at the True Self realm. However, there are half-step Grotto-Heaven experts in the Land of Day and Night after all. It's still a little troublesome to deal with them." Mulian added, "Peak Master Su, you haven't been to the Land of Day and Night before so you don't know how complicated and dangerous it is." "In the Land of Day and Night, you don't just have to face experts from other realms. Because it's the ruins of a battlefield, it's filled with killing intent and treacherous at every step." "The powers of light and darkness have fused with the killing intent and resentment in the battlefield, forming a special living being that wanders around and attacks any foreign living beings they see." "This kind of living being was essentially an otherworldly soldier. However, by fusing the powers of light and darkness, it formed a special life form. For example, in the Shura battlefield that Su Zimo had once been to in the Divine Firmament Immortal Realm, there was a kind of blood fiend that could control the yakshas that had fallen many years ago." "This kind of otherworldly soldier is extremely powerful. Each one of them is no weaker than a peak True Immortal. In addition, they come in an endless stream and can't be killed. Once you encounter them, you can only escape far away." Mulian continued, "Moreover, the environment of the Land of Day and Night is extremely harsh. It's possible to encounter a natural disaster, the Day and Night Storm. When the powers of light and darkness interweave together, the storm formed is enough to destroy and strangle all life. Even the bodies of kings can't withstand it!" Immortal King Youlan and Mulian did not want Su Zimo to help them just because the Flower Realm was in danger. Instead, they were worried about Su Zimo's safety and tried their best to stop him. Su Zimo smiled and said, "The two of you don't have to worry. As long as you're careful, it should be fine." Even if they really encountered any danger that Su Zimo could not deal with, with his means, he could escape unscathed. Seeing that Su Zimo had made up his mind, Immortal King Youlan and Mulian stopped persuading him. Mulian took a deep breath, clenched her fist slightly, and said, "Peak Master Su, I'll go with you!" She had just suffered heavy injuries in the Land of Day and Night and almost lost her life. Now that she said that she would return to the Land of Day and Night, who knew how much courage she had to muster. Su Zimo was about to speak when Mulian said, "Peak Master Su, you don't have to persuade me. After all, you're risking your life for the Flower Realm. As a member of the Flower Realm, I won't stay out of it!"

"Moreover, I know the approximate location of the spring. With me leading the way, we can avoid some dangers." Su Zimo hesitated for a moment, but still nodded. It was just taking care of one more person and being a little distracted. For him, it was not a big problem. Immortal King Youlan was silent for a while, then cupped her hands and said, "Fellow Daoist Su, I'll return to the Flower Realm now and gather some peak True Spirits and half-step Kings to accompany you to the Land of Day and Night!" "Don't!" Hearing this, Su Zimo hurriedly refused. With his ability, he could easily take care of Beiming Xue and Mulian. But if he had to protect a large group of people, he would not be able to do anything at all.
