

## Sacred King 3091

### Chapter 3091

Master? Masteress? Mu Lian looked at Xiao Yao in confusion and asked: "Isn't your Master fellow Daoist Su Zhu?" "Cough cough" Xiao Yao was quick-witted and reacted quickly. He coughed lightly and replied with a serious expression: "She is also my Master ..." This wasn't a lie. Even if Mu Lian were to pursue the matter in the future, he would still be able to say it with confidence. Mu Lian's mind turned and her expression changed as she muttered to herself: "I was too nervous and didn't think it through." It was normal for cultivators like them to have one or two Masters in their cultivation journey. Xiao Yao's Master's aura, cultivation and attire were all far inferior to Su Zhu's. Furthermore, Su Zhu didn't have a Dao companion. Mu Lian didn't connect the two of them at all. "Master, Masteress, when did you arrive?" Xiao Yao approached and asked with a smile. "Not long ago" Wu Dao's main body looked at Xiao Yao and nodded. When he heard Xiao Yao mention how much he missed him and Kitsune, he felt a sense of warmth in his heart. Die Yue pondered for a while, then took out a ring and handed it to Xiao Yao: "There are some things in this Dragon Tooth Ring, but you need to reach Grotto-Heaven realm to open it." Just as Xiao Yao was about to reach out, he seemed to have thought of something and looked at Wu Dao's main body. After Wu Dao's main body nodded, he received it happily and put it on his finger. The ring was made of a special material that was extremely tough and filled with mysterious patterns. Xiao Yao couldn't sense it right now, but Wu Dao's main body could. The value of this Dragon Tooth Ring didn't lie in the treasures inside. After that, Die Yue beckoned to Mu Lian. Mu Lian quickly stepped forward and bowed towards Wu Dao's main body and Die Yue, bowing: "Junior Mu Lian greets the two seniors." "This Phoenix Bone Hairpin is for you as a small greeting gift." Die Yue then took out a sparkling red jade hairpin and handed it to Mu Lian. A Phoenix Bone Hairpin meant that it was made from the bones of a Divine Phoenix. It was clear how precious this hairpin was! "This ... this gift is too precious"

Mu Lian hurriedly declined. "Take it, Mistress gave it to us." Xiao Yao helped Mu Lian take it and put it in her hair. It was unknown whether it was because she was shy in her heart or because of the reflection of the jade hairpin, but Mu Lian's face was bright red, tender and alluring. Mu Lian guessed that Xiao Yao's Mistress wouldn't give her this gift just because it was the first time they met. It was also because of her relationship with Xiao Yao. "Seniors, I'll go get Master. You two can rest here for a while." Mu Lian blushed and excused herself. In her heart, these two were her and Xiao Yao's elders after all. Her elders should also step forward, otherwise, it would be considered rude. After taking a few steps, Mu Lian gently patted her forehead, turned around, and asked, "I still don't know the names of the two seniors ..." "I'm Araki Takeshi." "I'm Die Yue." "Oh." Mu Lian responded and repeated it several times in her heart before she turned and left. He seemed to have heard the name Desolate Martial somewhere before.... Flower Realm. Mu Lian went to Immortal King Youlan's cave residence but didn't find any trace of Immortal King Youlan. Then, she went all the way to Hundred Flower Palace and inquired about some news there. Over the years, the Blood Realm repeatedly invaded the flower realm and gradually nibbled away the territory of the flower realm. If it weren't for the Blood Realm dividing a part of their forces to participate in the battle of the dragon and phoenix, the flower realm wouldn't have been able to resist the attack of the Blood Realm at all and would have been completely annexed long ago! After all, the flower realm was only a high-level realm and only had four Imperial Emperors. A few days ago, the Lord of the flower realm and the other three Imperial Emperors led a group of kings to the battlefield of the two realms to try to negotiate peace with the Blood Realm. Immortal King Youlan was one of them and had yet to

return. Mu Lian could only wait patiently here. "This time, the Realm Lord personally came out and is full of sincerity. Do you think this negotiation will succeed?" "I'm not sure. I heard that the real main force of the Blood Realm is in the Dragon Realm. The Lord of the Blood Realm is supervising the battle there. If the battle of the dragon and phoenix ends and the main force of the Blood Realm returns, we definitely won't be able to resist. "

"There was news a while ago that the Dragon Realm has been defeated repeatedly and can't hold on anymore." "The Realm Lord and the others are also aware of this, which is why they want to negotiate as soon as possible. If they wait for the Lord of the Blood Realm to return, they won't have any chance to negotiate." Mu Lian guarded the Hundred Flower Hall and listened to the discussions of many of her clansmen. She was also secretly worried about the future of the flower realm. Two hours. Four hours ... Six hours later, there was still no news. Mu Lian couldn't wait any longer. She prepared to return to Planet Qinglian and settle the two seniors so that they could stay here for a few more days. At this moment, a violent fluctuation came from the sky above the Hundred Flower Hall! The void cracked open and a group of figures fell out one after another, instantly emitting a strong smell of blood. Everyone's expression changed drastically when they saw what was going on! The people who fell in the Hundred Flower Hall were the Lord of the Flower Realm and the others. Including the Lord of the Flower Realm, they were more or less injured and looked extremely pale. "Realm Lord!" Many cultivators of the flower realm exclaimed. Mu Lian saw Immortal King Youlan inside at a glance and hurriedly ran over. She shouted with a worried expression, "Master, how are you?" Seeing Mu Lian, Immortal King Youlan's heart lightened as if a load had been lifted off her mind. She forced a smile and said, "I'm fine. I just fought a few rounds with those people from the Blood Realm." "What happened? Didn't the negotiation succeed?" Mu Lian asked. Immortal King Youlan sighed and nodded. She said, "Originally, the negotiation went smoothly. Who would have thought that the Lord of the Blood Realm and the other main forces of the Blood Realm would suddenly return? The Blood Realm immediately turned hostile." "If the Lord of the Blood Realm is back, does this mean that the battle between the dragons and the phoenixes is over?" Mu Lian asked. "It should be. The Dragon Realm is doomed." Immortal King Youlan said, "I just don't know what happened to the Blood Realm. As soon as the Lord of the Blood Realm returned, his face was gloomy. I don't know where he was suppressing his anger, but he ordered a full-scale attack to destroy us within three days!"

"The Realm Lord saw that the situation wasn't right. Taking advantage of the fact that the other party hadn't formed an encirclement, he hurriedly brought us back." Mu Lian's face was pale. She stood there in a daze, as if she couldn't accept such a big shock. Immortal King Youlan took a breath and said, "I've been worried about you since we came back. After all, Planet Qinglian is at the edge of the Flower Realm's territory. Planet Qinglian will bear the brunt of the Blood Realm's full-scale attack. It's very likely that it will be destroyed first." "I was relieved to see you in the Hundred Flower Palace." Hearing this, Mu Lian seemed to have thought of something and finally reacted. Her expression changed drastically and she cried out involuntarily, "Oh no!" "It's okay." Immortal King Youlan comforted her. "We still have some time. We can take the rest of the Flower Realm people and escape from this place. We can avoid the Blood Realm." Mu Lian subconsciously grabbed Immortal King Youlan's arm and said in a trembling voice, "Xiaoyao, Xiaoyao is still on Planet Qinglian!" "Huh?" Immortal King Youlan frowned and asked, "He didn't come with you?" "No." Mu Lian kept shaking her head with an anxious expression and said, "His master and master's wife just came not long ago. Xiaoyao is over there with them." "Fellow Daoist Su

Zhu?"Immortal King Youlan's heart sank and quickly asked."No," Mu Lian said."It's Xiaoyao's other master. He seems to be in the Grotto-Heaven Realm. Xiaoyao's master's wife is very nice. She even gave us two gifts."As she spoke, Mu Lian took off the phoenix bone hairpin on her head.

## Chapter 3092

"It's the Phoenix Bone Hairpin. Xiaoyao is really generous."When Immortal King You Lan heard that Xiaoyao was on Qinglian Planet, her heart was in a mess. She glanced at the jade hairpin that Mulian took out and didn't think much about it.No matter what, Xiaoyao was Su Zhu's disciple. She trusted her by letting him stay in the flower realm.If Xiaoyao died in the flower realm, she would feel guilty even if he was killed by the Blood Realm.Not to mention, Xiaoyao and Mulian ...Mulian was burning with anxiety. She grabbed Immortal King You Lan's arm and said, "Master, let's go to Qinglian Planet now and save Xiaoyao and the people there!"I'm afraid ..."Immortal King You Lan's expression darkened and she sighed. "It's too late."Mulian heard this and felt as if she was struck by lightning. She gradually loosened her grip on Immortal King You Lan's hand. Her face was pale, and she unconsciously took a few steps back.The rest of the people of the flower realm also heard the commotion and looked over.Immortal King You Lan's heart ached when she saw Mulian's dejected look.But now, she was at her wit's end and didn't know how to comfort her."Realm Lord, please help ..."Mulian looked helplessly at the Lord of the flower realm and begged."Lian 'er."The Lord of the flower realm couldn't bear it, but she still said in a deep voice, "If we can save Qinglian Planet, we definitely won't give up. After all, there are still many people there, but it's too late!"Lian 'er, you have to cheer up and wake up. We can only give up on those people and try to save as many people as possible!"Now, if the Lord of the flower realm led everyone to Qinglian Planet, they would definitely run into the Blood Realm's army.The flower realm couldn't resist the Blood Realm's army at all.Not only would they be wiped out, but the other people of the flower realm would also suffer a disaster!Giving up Qinglian Planet was cruel, but there was no other choice.When Mulian heard this answer, the last glimmer of hope in her heart was shattered.After a while, Mulian gradually came back to her senses. Determination flashed in her eyes as if she had made a decision. She clenched her fists and turned around to leave!"Lian 'er, what are you doing!"Immortal King You Lan had been watching Mulian's movements. Seeing this, she quickly stepped forward, grabbed her, and scolded her.

"Master, please let go."Mu Lian turned around and smiled. "I understand that you are all thinking for the greater good of the Flower World. But I want to go to Planet Qinglian. Xiao Yao is still there. ""We once made a promise that we would never leave each other in this life.""If today is the end of my life, I am willing to accompany him to the end."When Mu Lian said these words, there was a trace of heroic spirit between her brows, but her eyes were full of gentleness.Everyone present was visibly moved by this.Immortal King You Lan took a deep breath and said, "Come, I'll accompany you back! So what if I die? But before I die, I have to kill at least two or three Blood Realm Kings! "At this moment, a figure rushed over and charged into the Hundred Flower Hall. His face was filled with excitement, and his body trembled uncontrollably.This person seemed to want to say something, but because he was too excited and nervous, he just opened his mouth and couldn't say a word."Hmm?"Immortal King You Lan looked at this person from the Flower World, and her expression changed. "Hua Yu, aren't you on Planet Qinglian? You escaped from Planet Qinglian?"When Mu Lian saw this person, she hurriedly went forward and asked, "How's Planet Qinglian?"Planet Qinglian is fine!"Hua Yu took a deep breath, nodded vigorously, and said loudly.Everyone was overjoyed.The Lord of the Flower World quickly asked,

"The Blood Realm Army didn't invade the Flower World?" "They're here!" Hua Yu seemed to recall a terrifying scene and said with lingering fear, "Many people from the Blood Realm came. They covered the sky and covered the earth. They were densely packed like a sea of blood that spread over and engulfed the entire starry sky!" "Those people from the Blood Realm were all murderous. Their leader was the Lord of the Blood Realm, and there were more than ten Imperial Emperors. There were probably two or three thousand Kings ..." Just listening to Hua Yu's simple description, everyone from the Flower World felt suffocated and their hearts palpitated! With such an astonishing force, Green Lotus Planet could be drowned out in an instant! "And then?" Immortal King You Lan asked. Everyone from the Flower World was also puzzled. Under such circumstances, how could Planet Qinglian be fine?

Hua Yu said, "Then, two people from Planet Qinglian stood up and blocked in front of the Blood Realm Army ..." At this point, Hua Yu paused for a moment before continuing, "I don't know why, but after these two people appeared, the Lord of the Blood Realm's expression changed greatly. He suddenly ordered the army to stop immediately!" "At that time, when we were on Planet Qinglian, we heard that the Lord of the Blood Realm seemed to be extremely frightened. He was so frightened that his voice changed." Everyone from the Flower World was confused. Who could make the Lord of the Blood Realm's expression change greatly and be so frightened? Many people from the Flower World looked at each other and frowned. They looked at Hua Yu with a trace of suspicion. This matter sounded too exaggerated. Just two people could make the Lord of the Blood Realm's expression change greatly and suppress hundreds of millions of troops? "Continue." The Lord of the Flower World said lightly. She wanted to see how much more nonsense Hua Yu could fabricate. Hua Yu said, "When the Lord of the Blood Realm saw the two people, he greeted them and was about to lead the army to retreat." Speaking of this, Hua Yu looked at Mulian and said, "A fellow cultivator named Carefree complained to the two people, saying that it was these people from the Blood Realm who destroyed the Qinglian Realm and killed countless people of the Qinglian Realm. Mulian's family also died in their hands, and then ..." Hua Yu paused again, wanting to say something but hesitated. "Then what?" Hearing the news, Mulian couldn't help but ask. "Then the purple-robed man of the two made his move." As Hua Yu spoke, she gestured and said, "Just like that, one step, one punch, one punch, more than a dozen Imperial Emperors of the Blood Realm, including the Lord of the Blood Realm, were all hammered to death by him ..." Towards the end, Hua Yu felt a little guilty, and her voice gradually weakened. If she hadn't seen it with her own eyes, she wouldn't have believed that those Imperial Emperors standing at the peak of the Three Thousand Realms were like three-year-old children in front of that purple-robed man! Some cultivators of the Flower Realm couldn't listen anymore and rolled their eyes. Some looked at Hua Yu with a faint smile and shook their heads secretly. "Hua Yu, what else can you make up?"

"What's the biggest flaw in this story? Do you know? You make the War of the Emperors sound too simple! " "You're only at the True Spirit Realm, so you don't know how terrifying the War of the Emperors is, nor do you know the methods of the Imperial Emperors." "Those Imperial Emperors, with a wave of their hand, have the power to destroy heaven and earth, and release a world to fight against each other. Do you think the War of the Imperial Emperors is child's play, beating up children, and one punch each? "Hearing the doubts of the people around her, Hua Yu was a little anxious and quickly said, "It's true, not only me, but all the people on the Qinglian Planet saw it!" The Lord of the Flower Realm shook his head slightly and said, "Hua Yu, your description is full of loopholes. The War of the Emperors

is not as simple as you think." "Besides, when did the Qinglian Planet have two experts? Why didn't I know?"

### Chapter 3093

When she heard Hua Yu mention Xiaoyao, Immortal King Youlan glanced at Mulian and thought of Xiaoyao's master and master's wife. However, Hua Yu's description was too exaggerated. She felt that it was a little strange, so she didn't say anything. If there were any experts on Qinglian Planet that they didn't know, it should be these two. Immortal King Youlan hesitated and said, "Realm Lord, I heard Mulian mention that Xiaoyao's master and master's wife should be on Qinglian Planet. Could the two people Hua Yu mentioned be ...?" "Xiaoyao's master can kill an Imperial Emperor with one punch?" The Flower Realm Lord asked with a smile. "Uh ..." Immortal King Youlan was speechless. She heard Mulian say that those two might be Grotto-Heaven Kings. Even if Mulian was wrong, those two were Imperial Emperors, and it was impossible for them to kill an Imperial Emperor with one punch. The Flower Realm Lord said, "There's another loophole in this matter. The Blood Realm is a super realm. Who in the three thousand realms would dare to be so ruthless to the Blood Realm?" "Just because the Qinglian Realm was destroyed and Mulian's family was killed, more than a dozen Imperial Emperors of the Blood Realm were killed ... Even if there is such a powerhouse, I'm afraid the Qinglian Realm and Mulian can't invite him." "But ..." Hua Yu wanted to explain. The Flower Realm Lord waved her hand and interrupted her. She asked casually, "If there is such a powerhouse, we must have heard of it. What is Xiaoyao's master called?" Mulian whispered, "He said that his name is Araki Takeshi." "Araki Takeshi, it sounds familiar ... Hiss!" The Flower Realm Lord was smiling and speaking casually, but she suddenly sucked in a breath of cold air. Her voice stopped abruptly, and the smile on her face froze! The expressions of the other three Imperial Emperors changed drastically! The Flower Realm Kings, who were still chatting and laughing, seemed to have thought of something. They instantly shut their mouths and looked at each other with bewildered expressions. Mulian was beside Immortal King Youlan. She could clearly feel that after she said the name of Xiaoyao's master, Immortal King Youlan's delicate body trembled slightly. The rest of the people from the Flower World noticed that the four Imperial Emperors and the Kings were acting strangely, and they gradually stopped talking. They were somewhat confused. The hall became so silent that even the sound of a pin dropping could be heard! Even the breathing of the crowd became much lighter, as if they were afraid of disturbing something.

"Is this Araki Takeshi very powerful?" Mu Lian realized something and asked in a low voice. Immortal King You Lan said slowly, "If it's really that person, then the scene Hua Yu described just now ... might be true." "Xiao Yao's teacher was so strong?" Mu Lian's heart trembled when she heard this. "It should just be the same name, right?" A Flower World's Imperial Monarch broke the silence and asked hesitantly. Another Imperial Emperor said, "There are countless living beings in the three thousand worlds. There should be more than one person called Araki Takeshi." "Yes!" Hua Yu suddenly thought of something and said: "After that person killed over a dozen Imperial Emperors, he said something to the army of the Blood Realm." "If any of you want revenge, I'll be waiting for you." Hearing this, the Flower Realm Master and the others were secretly shocked. Could it be that it was the Araki Takeshi of the Great Desolate Domain? Perhaps only the Araki Takeshi could say such words. "And then?" The Flower Realm Master asked. Hua Yu said, "The people of the Blood Realm were already scared out of their wits. After hearing this, who would dare to provoke him? They immediately fled in all directions and were utterly defeated." "After that, the two of them took Xiao Yao back to the Green Lotus Planet as if nothing

had happened ... I immediately ran over to it." "ing — "At this moment, another message came from outside the door. Then, a Flower Realm True Spirit quickly ran over. "I just received news from the Dragon Realm!" The Flower Realm True Spirit panted and said, "When the final battle between the Dragons and the Phoenixes was about to begin, Great Desolate Domain's Imperial Monarch Araki Takeshi and the Blood Butterfly Demon Empress suddenly appeared and facilitated a ceasefire between the two sides. The Dragons were saved from extinction, and the hundreds of worlds in the Wutong Realm also withdrew their troops and dispersed." When everyone heard this news, their bodies trembled. The war between the Dragons and the Phoenixes had lasted for thousands of years, and hundreds of worlds of all sizes were deeply involved. Imperial Monarch Araki Takeshi and the Blood Butterfly Demon Empress had appeared and settled the war? A Flower Realm Imperial Monarch could not help but ask, "The Wutong Realm was about to win, and the allied army of hundreds of worlds retreated just like that?"

"Not really." The Flower Realm True Spirit said, "It's said that Imperial Monarch Araki Takeshi gathered more than 100 Imperial Monarchs from the Wutong Realm together. After a secret discussion, more than ten Imperial Monarchs died, and the others agreed ..." The Flower Realm Master and the others were shocked when they heard this. What kind of secret discussion was this? More than ten Imperial Monarchs died in an instant ... The Flower Realm True Spirit continued, "Moreover, it's said that this war between the Dragons and the Phoenixes was caused by the Witch Realm and the Poison Realm using the Nether Calamity Poison and the Yan Sheng Curse." "The Poison Realm Master was killed by Imperial Monarch Araki Takeshi on the spot!" "I heard that the Dragon Realm, the Wutong Realm, and the other realms were very grateful to Imperial Monarch Araki Takeshi. However, Imperial Monarch Araki Takeshi and the Blood Butterfly Demon Empress did not stay there. They left after that. No one knows where they went." "It's not that we don't know where they went. They might be with us now ..." The Flower Realm Master muttered softly. Mulian was stunned when she heard this. Imperial Monarch Araki Takeshi was Xiaoyao's master? The Flower Realm Master seemed to have thought of something. She turned to look at Mulian and asked in a deep voice, "What did Xiaoyao's master and master's wife wear?" Mulian said, "Xiaoyao's master has black hair and a purple robe. He wears a silver mask and looks a little cold ..." Before Mulian finished speaking, the Flower Realm Master hurriedly stepped forward and covered her mouth. She whispered, "You can't say such things casually ..." Hearing black hair, purple robe, and silver mask, the Flower Realm Master and the others were certain that the one on the Qinglian Planet was Imperial Monarch Araki Takeshi of the Great Wasteland Domain! Mulian blinked. After the Flower Realm Master let go of her hand, she continued, "That master's wife wears a blood-red robe. She's very beautiful and is also very nice. She's very kind and amiable." The corners of the Flower Realm Master and the other Imperial Monarchs' mouths twitched. Imperial Monarch Araki Takeshi had only risen in recent years. However, the Blood Butterfly Demon Empress had been famous for a long time and was extremely powerful. She was once invincible in the three thousand realms. Wherever she went, the Imperial Monarchs would be afraid to avoid her. They had met the Blood Butterfly Demon Empress once. In front of her, they did not even have the courage to attack!

In the three thousand realms, there were many comments about the Blood Butterfly Demon Empress, but there was no amiable ... Immortal King Youlan suddenly thought of something and turned to look at Mulian. "Let me take a look at the jade hairpin that the Blood Butterfly Demon Empress gave you." Mulian handed over the phoenix bone hairpin again. Immortal King Youlan took it and scanned it

with her Divine Sense. She was so shocked that her hand trembled, and the jade hairpin fell to the ground. "What's wrong, Master?" Mulian hurriedly went forward to pick it up. "This gift is extremely precious. Keep it well." Immortal King Youlan said with a complicated expression. Mulian said, "I know. This is a hairpin forged from the bone of a Divine Phoenix. It's very beautiful." Immortal King Youlan could not help but say, "That's not an ordinary Divine Phoenix bone, but the bone of an Imperial Monarch of the Divine Phoenix Clan! Even I don't dare to touch the restrictions left on it. There are also those inside ..." Immortal King Youlan did not want to continue. There were many rare treasures in this phoenix bone hairpin. Even she was envious of it!

## Chapter 3094

"No wonder the Lord of the Blood Realm's face was ashen after he returned and attacked us like a madman." An emperor said, "So it's because he suffered a huge setback in the Dragon Realm and returned empty-handed. He's holding back his anger." Another emperor said, "I didn't expect that after he returned, he would actually bump into Araki Takeshi on the Qinglian Planet." "I guess the Lord of the Blood Realm never dreamed that he would be killed because of a true spirit's complaint." "The cycle of the Heavenly Dao, retribution is not good. When he destroyed the Qinglian Realm a few years ago, he was destined to face this calamity." Everyone from the Flower Realm sighed. Little Lian. "The Lord of the Flower Realm looked at Mulian with eyes full of love. She said gently, "What else did Xiaoyao's master and master's wife say to you?" Mulian was originally a supreme true spirit. The Flower Realm valued her greatly and thought highly of her potential. But that was all. After today's matter, the many kings of the Flower Realm present, including the Lord of the Flower Realm and the four emperors, had to be polite to Mulian. They couldn't put on the airs of an elder. Xiaoyao had only complained to Araki Takeshi, and more than ten emperors from the Blood Realm had died. Mulian and Xiaoyao had such a relationship. In addition, the Blood Butterfly Demon Empress had casually given Mulian such a precious gift. Mulian's status in the Flower Realm could be said to have skyrocketed. Mulian's significance to the Flower Realm was not just a supreme true spirit. She was the only bridge to communicate with Araki Takeshi and the Blood Butterfly Demon Empress! The Lord of the Flower Realm wanted nothing more than to snatch Mulian over and make her become her disciple ... "Nothing much." Mulian said, "I just wanted them to rest here for a while. I came to find Master and ask Master to accompany them." "Yes, yes." The Lord of the Flower Realm nodded and said, "Let's go together." Then, the Lord of the Flower Realm hesitated and said, "Isn't it a little presumptuous for us to go over like this? After all ..." Xiaolian, why don't you go and ask Emperor Araki Takeshi and the Blood Butterfly Demon Empress if they agree to let us pay them a visit?" Immortal King You Lan said, "Those two seniors have helped the Flower Realm overcome its crisis, so it's only right for us to go and thank them."

"You're right." The Flower Realm Lord nodded. That being said, the Flower Realm Master and the others were still a little nervous when they thought about how they were about to see Emperor Araki Takeshi, who had suppressed the Celestial Tribute Realm and ended the battle between the dragons and the phoenixes. It took them a full hour to get everything ready before they set off.... Planet Qinglian. The Flower Domain Lord didn't dare to directly descend on Qinglian Planet. Instead, she came to a nearby location. As soon as he emerged from the spatial tunnel, he saw the blood-stained battlefield not far away! Dozens of corpses floated in a pool of blood in the void. If she hadn't seen it with her own eyes, she wouldn't have dared to imagine that these corpses were peak powerhouses of the Three Thousand Realms just an hour ago! Everyone arrived in front of Qinglian Planet. The Flower Realm Lord took a deep

breath and said loudly, "I'm Hua Luo. I'm sorry for disturbing you. You Lan, Xiaolian, and a few other clansmen pay their respects to Emperor Araki Takeshi and the Blood Butterfly Demon Empress!" "Come over." After a short silence, a voice came from Qinglian Planet. The Flower Realm Lord and the others felt relieved, and their faces were filled with joy. Everyone descended on Qinglian Planet. Under Mulian's lead, they arrived in front of Carefree's cave residence and walked in. Carefree's cave residence was extremely spacious. After a few steps, their eyes suddenly opened up. Facing the direction of the crowd, there were two cultivators sitting side by side, a man and a woman. The man had black hair, a purple robe, a silver mask, and deep eyes. The woman wore a blood-red robe and looked indifferent as she calmly looked at everyone. "Hua Luo greets Emperor Araki Takeshi and the Blood Butterfly Demon Empress." The Flower Realm Lord and the others hurriedly stepped forward and bowed. "Thank you for your help this time, Fellow Daoists. You saved the Flower Realm from a catastrophe." "It's nothing." Wu Dao's main body waved his sleeves and helped everyone up. He said casually, "It's just a small matter." Everyone from the Flower Realm felt their scalps go numb. Killing more than ten Emperors with just a small matter ... Carefree was sitting below Wu Dao's main body. After seeing Mulian, his face was filled with joy and he waved at her. Mulian stood in the crowd and was a little hesitant.

After all, with so many seniors of the Flower Realm around, she didn't dare to rashly step forward. At this moment, Die Yue looked at her and nodded slightly. "Come and sit." "Thank you, Senior." Mulian hurriedly thanked and went forward to sit with Carefree. "Fellow Daoist Youlan, sit as well." Wu Dao's main body turned and looked at Immortal King Youlan. Immortal King Youlan immediately felt flattered. Then, she looked at Mulian and thought to herself, "I'm really basking in my disciple's glory." Then, Wu Dao's main body looked at the Flower Realm Lord and said, "You should have heard the news about the battle between the dragons and phoenixes." "Yes." The Flower Realm Lord and the others hurriedly nodded. Wu Dao's main body took out a jade pot and gently pushed it in front of the Flower Realm Lord and the others. "The spring water inside can remove the Yan Sheng Curse." "As for who in the Flower Realm is cursed, I'll leave it to you to investigate." This was also one of the reasons why the Flower Realm Lord wanted to meet Wu Dao's main body. She didn't expect it to go so smoothly. The Flower Realm Lord also knew how powerful the Yan Sheng Curse was. She took out some from the jade pot and distributed it to the people around her. First, she made sure that the surrounding Imperial Emperors and Kings were not cursed before checking them one by one. Immortal King Youlan looked at Wu Dao's main body and Die Yue and said with a smile, "I just heard that Qinglian Planet was in danger. Mulian ran over desperately and wanted to die with Xiaoyao. Even I couldn't stop her. Fortunately, the two of you helped." Die Yue nodded and said, "I heard him mention that Mulian is famous for being chivalrous and is very loyal." Immortal King Youlan was slightly stunned. The "him" that the Blood Butterfly Demon Empress was referring to was Imperial Emperor Araki Takeshi. Imperial Emperor Araki Takeshi had heard of Mulian? Immortal King Youlan didn't think too much about it. After pondering for a while, she said, "Since the two seniors are also here, and these two children are in love with each other, why don't the two of you make the decision to let them get married as soon as possible?" Die Yue turned her head and looked at Wu Dao's main body. "It's good to get married as soon as possible."

Wu Dao's main body gently knocked on the table and said, "However, without Xiaoyao's clansmen at the wedding, it's still a little lacking." "Xiaoyao, I'll send you back to the Kun Realm." Xiaoyao, who was originally making love with Mulian, was shocked when he suddenly heard this. Immortal King Youlan also hurriedly said, "Senior, previously, there was a Kun Thearch who wanted to devour Xiaoyao's bloodline."

After being rescued, he temporarily hid in the Flower Realm. If you send him back to the Kun Realm, I'm afraid ..."Wu Dao's main body said, "With me around, he doesn't need to hide."Immortal King Youlan was stunned and immediately reacted.That was right.With such a powerful backer, Xiaoyao could do whatever he wanted in the 3,000 Realms. Who would dare to touch him?The Flower Realm Lord said, "As far as I know, the Kun and Peng Realms are still fighting."Wu Dao's main body said indifferently, "The Kun Peng War can also stop."It was very likely that the Kun Peng War was instigated by the Witch Race. Even without Xiaoyao, Wu Dao's main body planned to appear and settle this war.

## **Chapter 3095**

A month later.News spread like wildfire, causing a huge commotion in the three thousand realms. Thousands of races were in an uproar!Emperor Araki Takeshi and Demon Empress Xue Die appeared together to quell the battle between the dragons and phoenixes. Then, they destroyed the Dark Witch Peak and killed dozens of Emperor Realm experts of the Witch World. The Witch World's strength was greatly reduced!The Blood World attacked the Flower World and was stopped by Emperor Araki Takeshi. The Blood World Lord and dozens of Blood World Emperors died, and the rest returned in defeat!Emperor Araki Takeshi and Demon Empress Xue Die appeared again to quell the battle between the Kun Peng World.Under the two of them, the Kun Peng World and the Kun Peng World merged into a new super world — the Kun Peng World!It was jointly controlled by the Kun World and the Peng World's World Lord, and a young master was chosen. Legend had it that he was the disciple of Emperor Araki Takeshi!Not long after, the Kun Peng World's young master got married. His Dao partner was a supreme True Spirit of the Flower World. Many worlds were invited, and it was an unprecedentedly grand occasion.Because the Voodoo World and Poison World were secretly causing trouble, the Dragon World and the Phoenix World started a war. The Wutong World, Dragon World, and more than 100 other worlds attacked the Voodoo World and Poison World.The Witch World was destroyed!The Poison World's vitality was greatly damaged, and its losses were disastrous!The original Dragon World Lord and two Dragon Emperors died in the Poison World.The Dragon World changed masters.The Blood World and Poison World changed masters ...These news were like huge rocks falling on the surface of a lake, stirring up thousands of waves!The weight of each piece of news was enough to cause a huge uproar in the three thousand realms.Now that these news had spread in an extremely short period of time, the impact could be imagined!The three thousand realms were about to change!...Sword World.The old man with the iron crown and the fat and thin old men sat around a wooden table, sipping tea with relaxed expressions."The Kun Peng World sent an invitation. How about it? Let's go and take a look?"The old man with the iron crown pointed at a wedding invitation on the table and asked with a smile.The fat old man took a sip of tea and said, "The Kun Peng World and Kun Peng World's ceasefire is already considered big news....."

The skinny elder said, "I heard that apart from Monarch Araki Takeshi and Demonic Empress Xue Die, Monarch Araki Takeshi's disciple has the Kun Peng bloodline and is showing signs of atavism."The fat elder nodded and said, "Removing the Yan Sheng Curse and recovering his mind. The strong cultivators of the Kun and Peng Realms naturally know how precious the Kun Peng bloodline is.""Speaking of which, we don't have to personally attend the wedding of the Kunpeng Realm's young master. We can just send the Celestial Kings over, but ..."The old man with the iron crown said, "I really want to use this opportunity to meet Emperor Araki Takeshi and pay him a proper visit."When Emperor Araki Takeshi was mentioned, the old man's eyes were filled with admiration.The fat old man also nodded and said

emotionally, "Quelling the disaster of the voodoo poison and quelling the war between the Dragon Realm and the Phoenix Realm and the Kun Peng World that had lasted for thousands of years. Who knows how many innocent living beings were saved. Everything is a meritorious deed." The old man with the iron crown said, "Although Emperor Araki Takeshi has not become a Great Emperor, he already has the demeanor and responsibility of an ancient Great Emperor. Only he is worthy of a peerless Great Empress like Demonic Empress Xue Die." The skinny elder said, "After the two of them appeared together, they disappeared. They were in the Dragon Realm one moment and in the next, they were in the Witch Realm the next. I just don't know if I have the chance to see them this time." "It's fine even if I can't see the two of them. At least I can see Zimo." The old man with the iron crown laughed. "Oh?" The fat and thin elders were delighted and hurriedly asked, "Is there news of Zimo?" "Haha." The old man with the iron crown stroked his beard and laughed. "Actually, in the war between the Dragon Realm and the Phoenix Realm some time ago, Zimo publicly appeared and went on a killing spree. He killed more than a thousand Kings of the Tomb Realm Alliance Army alone!" "He's that strong?" The fat and thin elders were shocked. That was more than a thousand Grotto-Heaven Kings! The old man with the iron crown continued, "If it were any other time, news of such a shocking battle would definitely spread throughout the 3,000 Realms." "However, Emperor Araki Takeshi and the Demonic Empress Xue Die appeared and settled the war between the Dragon Realm and the Phoenix Realm with a casual move. As such, no one mentioned Zimo's battle anymore."

"All these years, I've been investigating Zimo's news and that's how I found out about this." The fat and thin elders nodded. Compared to the news of the witch poison, the war between the Dragon Realm and the Phoenix Realm, the war between the Kun Peng Realm and the merger of the Kun Peng Realm, Zimo's battle was only a battle between Kings after all. It seemed insignificant and the news did not spread much. After knowing that Su Zimo was fine, the fat and skinny old men finally felt relieved and were relieved. "Why are we drinking tea for such a joyous occasion? Come, let's drink!" The fat old man took out three jars of good wine and placed them in front of the old man with the iron crown and thin elder with a smile on his face. "Right." The old man with the iron crown said, "Darknorth said that she has to attend the wedding of the young master of the Kun Peng Realm. She even said that the young master is her junior brother." "Ah?" The fat old man did not understand and was stunned for a moment before asking, "Isn't the young master of the Kun Peng Realm the disciple of Emperor Araki Takeshi?" The old man with the iron crown said, "Darknorth said that they once acknowledged Zimo as their master as well." "There's such a thing?" The fat old man smiled and said, "Zimo's luck is really bad. He's already considered a monster that's rarely seen in history. In the end, he encountered a figure like Emperor Desolate Martial in this lifetime. His brilliance was completely overshadowed." "That's already not bad," The old man with the iron crown said, "If Zimo is given enough time to grow, he might be able to stand shoulder to shoulder with Emperor Araki Takeshi in the future." "Let's go. We'll prepare some gifts before we leave." The old man with the iron crown kept the invitation and stood up. He looked into the distance with a trace of anticipation in his eyes. He muttered softly, "I hope I have the chance to meet Emperor Araki Takeshi this time ..." In less than a day, under the lead of the old man with the iron crown, the fat old man, and the thin old man, the group from the Sword Realm had already arrived at the Kun Peng Realm. The Kun Peng Realm and the Kun Peng Realm had been fighting for years. Although they had expended a lot of energy, they were still super realms after all. After the two realms merged, their strength was even stronger than before. Their territory had expanded by several times!

Before the Sword Realm arrived, there were already experts from many realms present. Blood Ape Realm, Dragon Realm, Wutong Realm, Flower Realm, Light Realm ... There were even some realms that had Realm Lords leading teams to personally congratulate them. In fact, even if the Kun Peng Realm merged, the Realm Lords of the Kun Peng Realm and the Kun Peng Realm would not have such great influence. The reason why so many Realm Lords came to congratulate them was mainly because it was rumored that the young master of the Kun Peng Realm was the disciple of Emperor Araki Takeshi! Moreover, these experts also wanted to take this opportunity to meet Emperor Araki Takeshi and Demon Empress Xue Die. "What? The two of them are not here?" The old man with the iron crown asked. The Realm Lord of the Kun Realm said, "They are an immortal couple. They traveled around and sent Xiao Yao back. They didn't stay for long before leaving. We couldn't keep them." "Xiao Yao, come and greet the seniors of the Sword Realm." The Realm Lord of the Kun Realm called out. Xiao Yao and Mulian went forward and bowed. Compared to before, Xiao Yao's temperament had changed a lot. He already had the bearing of a young master. As he looked around, he had a dignified aura. However, after seeing Kitsune, Xiao Yao returned to his obedient appearance. He pulled Mulian forward and smiled as he shouted, "Senior Sister ..." "Where's Master?" Kitsune asked through voice transmission. "You mean ..." Xiao Yao quickly understood and said, "Master and Mistress seem to have gone to the Witch Realm."

## **Chapter 3096**

The Witch World. Blood, corpses, broken halberds and swords ... It was a scene of devastation and devastation. Everywhere was the withered and lifeless state of the battle. After the attack of the armies of more than a hundred worlds, including Wutong World and Dragon World, the Witch World was completely destroyed. Even the witches who were lucky enough to survive had long fled. Not a single person could be seen in the vast territory. Suddenly! The void split open and two figures descended, looking around. "What did you find?" Die Yue asked. Wu Dao's original body spread out his spirit consciousness and closed his eyes for a long time before shaking his head. In Kun Peng World, Wu Dao's original body found out that the Witch World was destroyed in a day and found Realm Lord Wutong and the others to ask. Although the Lord of the Witch World and more than 30 Emperors were killed by him, nine Emperors still escaped. Furthermore, Wu Dao's original body only destroyed Ming Wu Peak and did not search the other territories of the Witch World. After all, the Witch World was a super world. It was possible that there were reclusive Emperors of the Witch race in other territories. Furthermore, there were many Kings of the Witch race. It was still difficult to destroy the entire Witch World in a day. After all, the war between the Dragon World and the Phoenix had been fought for thousands of years and Dragon World had not been destroyed. Then, he obtained an important piece of news from Realm Lord Wutong and the others. When they arrived with their army, the few Emperors and Kings of the Witch race had almost all retreated. There were many remaining Witches but their realms were not high. Facing the attack of the armies of Wutong World and the other worlds, they could not resist. The entire Witch World was almost empty! The armies of Wutong World and the other worlds marched in with irresistible force. That was why they could destroy the Witch World in a day! Where did the remaining Emperors and Kings of the Witch race go? The Witch World was leaderless. It was not easy to gather the Emperors and Kings of the Witch race in the chaos. It required extraordinary means. However, the Emperors and Kings of the Witch race left as if they had disappeared into thin air. Even Wu Dao's original body did not find any traces! Wu Dao's original body and Die Yue vanished into the void. When they reappeared, they were already above Ming Wu Peak.

Wu Dao's true body moved and covered the entire territory of the Magi. He gathered the wandering remnant souls and used the soul-searching technique! These remnant souls had no intelligence, and their masters had long since died. It was only because of various reasons, such as resentment and obsession, that a remnant soul would wander about. Wu Dao wanted to use the memory fragments of these remnant souls to piece together what had happened after he left the Sorcerer World. He wanted to find some clues! Scenes were projected in the void and presented to Wu Dao and Die Yue. However, the images came from the soul fragments. They were all fragmented and chaotic. Most of the memory fragments did not contain any useful information. Time passed slowly. After an unknown period of time, the image in the void suddenly paused! In that short memory fragment, they could see a cultivator in soapy robes descending on Ming Wu Peak not long after the two of them left the Witch World. It was also this person who tried to gather the Emperors and Kings of the Witch World! However, the face of the black-robed Daoist priest was shrouded in a layer of fog and his appearance could not be seen clearly. When Wu Dao's original body and Die Yue tried to clear the fog, the image seemed to be unable to withstand it and suddenly shattered into nothingness! "The master behind the Witch race?" Die Yue asked. Wu Dao's original body pondered for a moment and shook his head. "I don't think so." "If that master wanted to move the Emperors and Kings of the Witch race away given his control over the Witch race, there was no need for him to go through so much trouble and make a trip personally." Die Yue asked, "Then who could it be? Apart from him, who else would have the means to take away the experts of the Witch race without leaving any traces?" "The Patriarch of the academy." Wu Dao's original body said slowly. "It's him?" Die Yue frowned. Wu Dao's original body said, "The Patriarch of the academy is half of the Witch race to begin with and is extremely familiar with the Witch race. He has sufficient motives." "Under normal circumstances, he would definitely not have the chance to enter the Witch World and take over so many experts of the Witch race." "However, the death of the Lord of the Witch World and the other Emperors gave him a rare opportunity to ascend the throne!"

The Patriarch of the academy was extremely ambitious. Ever since he suffered a huge loss in the hands of Wu Dao's original body, he had been in seclusion for the past few years without any news. However, he would definitely not miss out on an opportunity! From that, it could be deduced that the Patriarch of the academy's cultivation realm was most likely at greater or even perfected Emperor realm! Wu Dao's original body continued, "Furthermore, only the Patriarch of the academy would have such scheming, wisdom and methods." "I've heard that the Patriarch of the academy can see through the secrets of the heavens and plans meticulously. Today, I've seen it for myself." Die Yue said, "When you and I left the Witch World, the armies of the Wutong World and other worlds arrived later. The interval between this was less than a day." "In other words, in less than a day, he successfully took over the Witch World, gathered the Emperors and kings of the Witch World and escaped without leaving any traces." This matter seemed simple but in reality, it was as difficult as ascending to the heavens and was filled with unpredictable dangers! Firstly, the Patriarch of the academy had to have a clear grasp of the movements of the Dragon World, Wutong World and Wu Dao's original body. That was because he had less than a day left. Secondly, the Patriarch of the academy also had to have extraordinary methods to suppress the remaining experts of the Witch race and successfully enter the Witch World. Furthermore, this matter was extremely dangerous. With a thought, Wu Dao's original body could descend to any place in the Three Thousand Worlds. Naturally, he could return and block him! If anything went wrong, the Patriarch of the academy might be doomed eternally! "Good method." Wu Dao's original body also nodded and said, "The timing is just right." "However, the Witch race he took over were all kings of the Witch race."

Even if there were nine Emperors of the Witch race, the world was shattered by me and they won't be able to do much."To Wu Dao's original body, the Patriarch of the academy's schemes were indeed powerful. However, to him, it was nothing to be afraid of.As long as he was around, the Patriarch of the academy would not dare to appear publicly, let alone provoke him and Qinglian's original body.This time, the Patriarch of the academy took a huge risk.Die Yue pondered and said, "According to the Master of the Witch World, he has a master behind him. It's probably not that easy for the Patriarch of the academy to successfully take over the experts of the Witch World. At the very least, he has to pass through that master. "

"Who is this master of the Witch race? Do you have any clues?"Die Yue asked again."I have a guess but I'm not sure yet."Wu Dao's original body pondered and said, "Let's head to the Poison World to take a look. I wonder if there are any clues to confirm this guess."With that said, Wu Dao's original body and Die Yue disappeared into the void once more.

## **Chapter 3097**

The Kun Peng World.The two World Lords of the Kun Peng World were holding a banquet in the main hall. The guests were all World Lords and Imperial Emperors.The side halls on both sides were relatively more casual. There were Heavenly Abode Kings, True Spirit Realm experts, and seven or eight good friends.The peak masters of the Sword World, Yun Ting, and the others were gathered together.Beiming Xue, Long Ran, the monkey, Nian Qi of the Light World, and the other old friends of Heaven Wasteland gathered at the same table. When Carefree and Mulian were free, they would also come and sit with them, reminiscing and talking about the past.It was not easy for these old friends of Tianhuang Region to have such an opportunity to gather together after ascending.Unfortunately, some old friends of Tianhuang Region were missing.Under Xiao Yao's insistence, Su Zimo obtained a chance to enter the forbidden grounds of the Kun Peng World for seclusion. Now, he was breaking through the barrier and had not appeared yet.On the other side, Yun Ting seemed to be troubled and looked at Kitsune and the others from time to time.A moment later, Yun Ting seemed to be unable to hold back and came to Kitsune's side. He asked softly, "Why hasn't Fellow Daoist Su come out yet?"Master is in seclusion."Kitsune seemed to have sensed something and asked, "What's the matter?"Ah ..."Yun Ting hesitated and said, "I have something to talk to him about."Right then, Su Zimo entered the main hall with a smile. He cupped his fists and walked towards Kitsune and the others.The Hornless Dragon King and the others could not help but be shocked when they saw Su Zimo.At that moment, Su Zimo had already reached the greater mastery of the Grotto-Heaven realm!It had only been slightly more than a month since Su Zimo entered the Grotto-Heaven realm!That cultivation speed was terrifying!Of course, the forbidden grounds of the Kun Peng World played a crucial role.The forbidden ground was called a space. It was like a broken space fragment that originated from the Vast Thousand Domains.In this forbidden area, the flow of time was extremely fast!All living beings below the Martial Emperor realm could sense that change.A day outside was equivalent to a hundred years in the forbidden ground of the Kun Peng!Of course, there were many restrictions to cultivating in the forbidden ground of the Kun Peng.

The longer one cultivated, the greater the rejection of cultivators.Furthermore, every living being only had one chance to cultivate inside.Since ancient times, even the most talented Kings of the Kun and Peng Realms could not last more than ten days in there.And Su Zimo obtained this opportunity. Relying

on the bloodline of the grade-12 Qinglian, he stayed inside for an entire month! This was equivalent to him spending three thousand years inside! Su Zimo's five small caves were all condensed from the Dao of forbidden mystic scriptures. Some of them even had two forbidden mystic scriptures as their foundation. After the battle outside Torch Dragon Planet, he had obtained a large number of Grotto-Heaven fragments! The five Grotto-Heavens worked together to absorb and refine the Grotto-Heaven Fragments. Furthermore, the speed at which the five small grotto-heavens absorbed the Yuan Qi of Heaven and Earth was terrifying. It was as if they were violently plundering the Yuan Qi of Heaven and Earth! The accumulation of time, the enormous amount of Heaven and Earth Yuan Qi, as well as the numerous fragments of the Paradise, allowed Su Zimo to take another step forward in his cultivation and become a peerless King! Yun Ting was stunned for a moment when he caught sight of Su Zimo as well. His cultivation speed was already fast enough. To think that the gap between the two of them would only widen when they met again. However, before long, Yun Ting recalled the important matter and hurried forward. He handed Su Zimo a voice transmission talisman and said, "My sister sent this to me. Listen to it." Su Zimo received it and with a single thought, a familiar voice entered his mind. Before long, Su Zimo's expression darkened and his gaze turned cold. "Master, something happened?" Kitsune sensed the change in Su Zimo's expression and asked softly. Long Ran reeked of alcohol and shouted, "Zimo, what happened? Tell us, there are no outsiders here!" Monkey, Carefree, Nien Qi and the others looked over as well. Su Zimo said, "There's news of Night Spirit." "Hmm?" When monkey heard that, his eyes lit up and he could not help but grin. "That's good news!" Long Ran was a little drunk and his face was flushed as he said with widened eyes. The others remained silent, knowing that the matter was not that simple. There must be something else going on.

Su Zimo said, "Xiaoning is in the Crimson Heaven Immortal Region of the Heaven Realm. Night Spirit is with her. However, they fell out with Crimson Heaven Palace and are being hunted down by them!" Bang! Monkey could not help but slam the table and stand up. His eyes were bloodshot and murderous. "Damn it!" Long Ran cursed. "What's going on with Crimson Heaven Palace? Are they tired of living? How dare they hunt down Night Spirit and Xiaoning?" "Are they bullying Tianhuang Region because there's no one else?" Kitsune's expression was cold as she stood up slowly. Nien Qi stood up and frowned. "Sister Xiaoning is such a good person. Why can't Crimson Heaven Palace tolerate her?" "We can't tolerate this!" Carefree shouted, "Master, you don't have to do anything. I'll flatten Crimson Heaven Palace with my men!" Many cultivators and living beings in the surroundings heard the commotion and looked over. The group of people was filled with murderous intent and each of them had a powerful background! There was the Peak Master of the Sword World, the True Spirit of the Blood Ape World, the Goddess of the Light World, and the young master of the Kun Peng World ... "Who offended them?" "I'm not sure. I think it's Crimson Heaven Palace. They've really stirred up a hornet's nest." "Crimson Heaven Palace, good luck." Some cultivators and living beings discussed in low voices. Yun Ting and the others were shocked. He thought that he was just informing Su Zimo. He did not expect that it would cause such a huge commotion! Monkey asked coldly, "Are they still alive?" "They're fine." Su Zimo had calmed down. "They're safe for now. They're not in any danger. However, they're trapped in Crimson Heaven Immortal Region and can't get out for now." "Crimson Heaven Palace of the Heaven Realm." Su Zimo suddenly smiled and looked back in the direction of the Heaven Realm. He said slowly, "It's time to go back ..." "Master, when are we leaving?" Carefree asked. Su Zimo shook his head. "Today is your big day. Don't go." "That won't do!" Carefree insisted. "I've just become the young master of the Kun Peng World. I'm still worried that I won't be able to show off. Master, don't stop me!"

"Who are Night Spirit and Xiao Ning?" Mu Lian sent a voice transmission with her spirit consciousness. "Is it worth such a big fuss?" "Night Spirit is my master's sworn brother. Xiao Ning is my master's younger sister," Carefree said. "Call some people from the Flower Realm later. It's best if you call the master of the Flower Realm as well!" "Ah, that's not necessary, is it?" Mu Lian was shocked. Given her relationship with Su Zimo, it was only natural for her to help. However, it was a bit childish to ask the master of the Flower Realm for help just because they were Su Zimo's sworn brother and sister. "Listen to me. It won't be wrong!" Carefree said. Long Li said, "I'll call my mother and help Fellow Daoist Su fight as well." Long Ran leaned over and whispered, "You can call the master of the Dragon Realm as well to support the situation." "That's ... unnecessary, right?" Long Li was a little puzzled. While Su Zimo had indeed done the Dragon Realm a favor, it was not to the extent where the master of the Dragon Realm had to step in personally. The current master of the Dragon Realm was the master of the Nightmare Dragon King, the Ice Dragon Emperor. Long Ran said meaningfully, "The two people we're saving this time aren't just Zimo's sworn brother and sister ..." Long Ran thought to himself, "They're also the sworn brother and sister of Emperor Araki Takeshi!"

## **Chapter 3098**

"What? You want to go to the Heaven Domain?" "Just because something happened to Su Zimo's sister?" The two Realm Lords of the Kun Peng World looked at Carefree in confusion. Carefree respected his master and valued friendship. Naturally, they admired him. However, there was no need to make such a big fuss just for Su Zimo, right? Although Su Zimo was Carefree's master, he was only a King after all. Now that he had left the Sword World, he had no sect. He was just a lone cultivator. Moreover, it was only Su Zimo's sister who was in trouble. Allowing Su Zimo, an outsider, to enter the Kun Peng Forbidden Land had already caused dissatisfaction among many people. The two Realm Lords were also very conflicted, but they still agreed to Carefree's request. However, what did Su Zimo's sister have to do with Carefree and the Kun Peng World? The Kun Realm Lord said, "Sending a few Kings to accompany him is already giving him enough face." Carefree rolled his eyes and thought, "Does Master need you to give him face? You don't even want it when I'm giving it to you for free. How stupid." "I don't care." Carefree shouted, "I want to go to the Heaven Domain. It's up to you whether you want to go or not." With that, Carefree turned and left with Mu Lian, leaving the two Realm Lords on the spot ... "You, you, you're too stubborn ..." The two Realm Lords were so angry that they trembled. They pointed at Carefree's back and squeezed out a sentence after a long while. They couldn't scold him, but they didn't dare to hit him ... The South Roc Realm Lord held his chest and sighed bitterly. "Our Kun Peng World didn't choose a Young Lord. We chose an ancestor." ... "Go to the Heaven Domain?" The Frost Dragon Emperor looked at the Hornless Dragon King below and frowned slightly with a trace of doubt. The Hornless Dragon King said, "According to Li 'er, Long Ran seemed to be hinting for Master to personally go and help Brother Su." "It's not impossible for me to go and help." The Frost Dragon Emperor pondered for a while and said, "However, there are three peak Emperors in the Heaven Domain. Their strength is unfathomable. If we mobilize a lot of people, I'm afraid it will cause a realm war and cause the situation to go out of control." "Among the three peak Imperial Emperors, one of them is famous for his battle lust and bloodthirstiness. He oversees the Demon Region."

The Chi Dragon King said, "As far as I know, the Crimson Heavens Palace should be in the Nine Firmaments Immortal Region." The Frost Dragon Emperor said, "The Nine Heavens Immortal Realm is

now under the control of Immortal Emperor Chen Mu. Crimson Heaven Palace should be no exception."After pausing for a while, the Frost Dragon Emperor said, "I can step in, but I won't send the Dragons Army to help, so as to avoid a conflict with the Heaven Realm. ""The Dragon Realm can no longer withstand another Realm War."...Wu Dao's true body and Die Yue broke through the void and arrived above the Poison World."I remember you mentioned that the Patriarch of the Academy had just stepped into the Emperor Realm when he schemed against you."Die Yue suddenly said, "And just now, from the way he took over the Sorcerer World and took away the Emperors and Kings of the Sorcerer Race, he shouldn't be a Lesser Emperor.""Yes."Wu Dao's true body nodded, "Great Perfection Monarch Realm, or even Great Perfection Monarch Realm.""His cultivation speed is so fast?"Die Yue was a little surprised.The Patriarch of the Academy's wisdom and power of understanding were needless to say.Otherwise, it would be impossible for him to comprehend a forbidden technique when he had just stepped into the Emperor Realm.But after stepping into the Emperor Realm, without Origin Stones, Genesis Qi and other scarce cultivation resources, it was as difficult as ascending to the heavens to break through."It's because he obtained the inheritance of the Three Purity Jade Booklet. Moreover, he managed to cultivate that forbidden technique."The Martial Dao Body was not surprised by this and said, "When I fought with him, I saw the 'Three Pure Ones Qi' forbidden technique.""But I hadn't stepped into the Emperor Realm at that time, and didn't have the complete Three Purity Jade Book, so I don't know much about that forbidden technique.""The Three Purity Qi?"Die Yue pondered, "The so-called 'Qi' refers to the Genesis Qi at the beginning of Primordial Qi?"Wu Dao's true body nodded, "To be precise, it's a forbidden technique that evolved from the fusion of the Three Purity Qi.""In other words, the fusion of the Three Purity Qi will give birth to Genesis Qi?"Die Yue's expression changed, understanding the meaning behind Wu Dao's words."That's right."

Wu Dao's true body nodded, "I gradually comprehended it after I fused the Three Purity Jade Book. This is the foundation of the Three Purity Jade Book as a forbidden technique."As a taboo manual, the Three Purity Jade Booklet seemed to be weaker than the other taboo manuals.It didn't have any ultimate killing methods, and it was relatively mediocre compared to the other forbidden techniques.As a forbidden technique, the true strength of the Three Purity Jade Book was that after the fusion of the Three Purity Qi, it would give birth to the Genesis Qi that Emperor experts lacked the most!One Qi into Three Purity Qi, and Three Purity Qi as one.Relying on the Three Purity Jade Book, an Emperor's battle strength would not increase too much.But an Emperor who cultivated the Three Purity Jade Book would be at the top in terms of sustained battle strength!No cultivation technique or secret technique could compare to the Three Purity Jade Book in terms of replenishment and endurance for an Emperor expert."No wonder."Die Yue said, "With the help of the Three Purity Jade Book, with the Academy's Patriarch's talent, it wouldn't be surprising if he cultivated to the perfected Emperor realm."As the two conversed, they had already arrived at the center of the Poison World — the Dark Calamity Star."Who are you!"Wu Dao's true body and Die Yue did not hide their tracks and directly descended towards the Dark Calamity Star.On the Dark Calamity Star, several Emperor realm Divine Senses immediately burst forth and enveloped them, questioning loudly.After all, only one Poison World Lord had died in the Poison World. Although it had been killed by the Wutong World and the other armies, it was still much better than the Witch World.At least the Dark Calamity Star had not suffered much damage.In the face of the questioning of the Poison World Emperors, Wu Dao's true body and Die Yue acted as if they did not hear and did not stop at all."How dare you!"The Poison World Emperor roared, but did not show himself. He secretly attacked and activated the array on the Dark Calamity Star, wanting to stop Wu

Dao's true body and Die Yue."Hmph!"Wu Dao's true body snorted coldly.Poof!One of the Emperor realm Divine Senses that landed on the two of them instantly weakened and his vitality dissipated. The other Emperor realm Divine Senses were also shattered into pieces!The expressions of the Poison World Emperors changed drastically!

With just a light snort, one of the Poison World Emperors died!"That blood-robed woman seems to be the Great Wasteland Domain's Blood Butterfly Demon Monarch?"Then the person beside her ...""Purple robed silver mask, seems to be the legendary Araki Takeshi ...""Hiss!"The Poison World Emperors gasped as their scalps turned numb!Although Emperor Lord Desolate Martial and the Blood Butterfly Demon Emperor were elusive and their whereabouts were unpredictable, they would definitely cause a huge commotion wherever they went!They did not expect the two of them to come to the Poison World!"Don't provoke them!"Otherwise, the Poison World will be annihilated!"The few Poison World Monarchs quickly spread out their divine senses and passed down the order, forbidding anyone from the Poison World from revealing themselves. At the same time, they removed the great formation on the Dark Calamity Star, allowing Wu Dao's true body and Die Yue to descend.

### **Chapter 3099**

A Poison World Emperor frowned slightly as he observed Wu Dao's and Die Yue's movements. "Judging from the direction they're heading, it seems like they're heading to our Poison World's ancestral ground!""Let them go! The strongest poisonous creatures in history are gathered there. Even if they don't die, they'll lose a layer of skin in there!""That's right. We'll wait for an opportunity to act."The Poison World Emperors conversed secretly.Under their watchful eyes, Wu Dao's true body and Die Yue arrived at the Poison World's ancestral ground — Myriad Poison Cave!Wu Dao's true body scanned the cave with his consciousness. There were countless poisonous insects, poisonous fog, and all sorts of poisonous plants and flowers in the cave.Anyone who stepped into the cave would have to endure at least a few waves of poisonous attacks!Wu Dao's true body continued walking towards Myriad Poison Cave with Die Yue. At the same time, a huge door appeared behind him and a torrent of water gushed out into the cave!Hell Spring!It was the bane of all poisonous creatures in the world!As soon as the Hell Spring entered Myriad Poison Cave, the wails of poisonous insects could be heard.Countless poisonous plants and flowers gradually withered and died under the Hell Spring's baptism.The poisonous mist that had filled the Myriad Poison Cave was also cleansed away by the Hell Spring Water."This ..."The Imperial Monarchs of the Poison World were stunned when they saw this scene.The Myriad Poison Cave, which had been passed down for countless years, was completely destroyed by Wu Dao's true body with the Hell Spring!What was even more terrifying was that the Hell Spring would seep into the ground and spread to every corner of Dark Calamity Star after entering Myriad Poison Cave.The poisonous plants and flowers on Dark Calamity Star would wither and die after absorbing the Hell Spring!This Hell Spring was equivalent to destroying the foundation of the Poison World!Wu Dao's true body and Die Yue paced around Myriad Poison Cave, spreading their consciousness and patrolling the area.In the depths of Myriad Poison Cave, the two finally saw carvings on the stone walls that seemed to hint at the origin of the Poison World.In the last mural, a man could be seen standing proudly, holding a dark flower in his hand. The flower's pollen floated down and fell among the kneeling crowd.Wu Dao's main body and Wu Dao's main body looked at each other, and both of them had the same feeling.

The style of these murals was extremely similar to what the Sorcerer Tribe had seen.The man in the last

mural should be the ancestor of the poison world, the legendary Wretched Poison Monarch! Die Yue pondered and said, "According to these murals, the Poison World was originally just a bunch of ordinary humans. It was only because they cultivated some Poison Arts and were nourished by many poisonous creatures that they gradually transformed into Poison Bodies." This was similar to the origin of the Sorcerer Tribe. In the beginning, the Poison Realm cultivators were different from the Protoss and the Dragons. They weren't a race born from the heavens and earth, and were gradually transformed from humans. That was the reason why regardless of whether it was the Witch race or the Poison World cultivators, their bodies and bloodlines were relatively weak and similar to humans. "Have you ever thought about something?" Die Yue suddenly said. "What?" Wu Dao's true body asked. "For example, the Shaman Tribe and the Du Tribe were all transformed from the human race. Then, how did the human race come into being? How were powerful living beings like the Protoss and the Dragons born? " "Were they born from the heavens and earth or ... were they created by some powerful living beings?" Wu Dao's true body's heart skipped a beat. Die Yue's latter thought was way too bold. Furthermore, this question might involve the deepest and most ancient secrets of the universe! Given their current cultivation realms, they might not be able to touch upon it and could only make some guesses. "I've had many doubts about the living beings of the ten thousand races," Die Yue said, "For example, Dragons are a race that is naturally strong. However, due to certain limitations, they have a huge flaw and can't reproduce well. As a result, there aren't many Dragons." "Humans are naturally weak but there are many of them. Furthermore, they are the race with the greatest potential among the ten thousand living beings and can cultivate countless possibilities." Wu Dao's true body nodded. Disregarding everything else, just the number of Great Ancient Emperors from ancient times to the present were mostly humans! "Furthermore ..." Die Yue continued, "Most of the time, living beings of the ten thousand races will subconsciously take on the form of humans." "All the powerful races such as the Protoss, the Stone race and even the Devil race like Shura maintained the basic form of humans from the moment they were born."

Wu Dao's true body remained silent and merely stared at the small orchid flower in the man's hand on the mural. His gaze was deep as if he was deep in thought. "What are you thinking about?" Die Yue asked. "The source of the Nether Calamity Poison." Wu Dao's true body pointed at the small dark flower on the mural and said, "The Nether Calamity Poison doesn't seem to be a man-made poison. It's fine and looks more like a type of pollen. There's a high chance that it came from this flower in the Calamity Poison Emperor's hand." "Nether Calamity Flower?" Die Yue frowned slightly. Wu Dao's true body said, "This cave contains all the strange poisons that Luo Gu left today. There's also the Nether Calamity Poison. However, there's no flower in it and its attribute is similar to the Nether Calamity Poison." "I've just scanned the entire Poison World but I didn't find any traces of the Nether Calamity Flower." Die Yue pondered and said, "You mean that the Nether Calamity Flower might not be in the Three Thousand Worlds?" Wu Dao's true body nodded. If the Nether Calamity Flower did not grow in the Three Thousand Worlds, it could only be in the Nine Heavens, Hell, Ghost, Beast, Shura and the Netherworld! Die Yue quickly deduced something and said in a deep voice, "If it's in those few places, given the methods of the Poison World's Master, he shouldn't be able to set foot in them." "However, the Nether Calamity Poison has reappeared in the Three Thousand Worlds in this generation. In other words, there should be someone else backing the Poison World's Master!" "That's right." Wu Dao's true body nodded. This also confirmed his previous guess. Die Yue smiled and said, "This is interesting. There is a mysterious master behind the Sorcerer Tribe. There is also an expert behind the Poison World." Wu Dao's true body said

coldly, "Be it the Witch or Poison World, they are merely pawns of that person." "Where's the Nether Calamity Flower?" Die Yue asked. All of a sudden! A thought flashed through Die Yue's mind as she replied, "It might be in Hell!" "Why do you say that?" Wu Dao's true body asked. "Everything in the world has a counter to each other. That's the law of nature,"

Die Yue said, "That's the principle of there being an antidote for anything poisonous within seven steps." "If the Hell Spring Water can neutralize all the strange poisons in the world, there must be a strange poison in the vicinity of the Hell Spring Water!" When Wu Dao's true body heard that, he did not hesitate and brought Die Yue through the Gate of the Hell Spring and descended into the Hell Realm's Hell Spring Prison. The two of them flashed once more and arrived beside the Hell Spring Water. Dark flowers grew on both sides of the gurgling Hell Spring Water – they were exactly the same as the ones in the murals of the Poison World! The flowers swayed gently and scattered pollen into the Hell Spring Water, disappearing into nothingness.

## **Chapter 3100**

Underworld Disaster Flower! The moment he saw the Underworld Disaster Flower, Wu Dao's original body's guess was confirmed. "Hmm?" Wu Dao's original body suddenly sensed a message from Qinglian's original body and his expression changed. Ever since Wu Dao's original body stepped into the Martial Emperor realm, he could break through the realm barrier at will. Even if he was in hell, his two main bodies could sense each other. "What's the matter?" Die Yue asked. Wu Dao's original body said, "Night Spirit and Ning have encountered some trouble." After pausing for a while, Wu Dao's original body suddenly smiled and said faintly, "Alright, it's time to have a chat with that person." Wu Dao's original body did not say who it was, but Die Yue could roughly guess and knew that it was not a small matter. She had not recovered from her injuries and if she stayed beside Wu Dao's original body, she might affect Wu Dao's mind. "Send me back to the Great Wilderness," Die Yue said. "I have some enlightenment from my travels these days and can cultivate in seclusion." ...Heaven Domain. Demon Domain, Heaven Barren Sect. More than ten ghostly figures descended and broke through various obstacles, silently arriving at Feng Cantian's cave abode. No one in the huge Heaven Barren Sect noticed them! Only Sky Wolf, who was guarding the cave abode's entrance, seemed to have sensed something and narrowed its eyes. It did not see anything unusual and closed its eyes again to rest. "Hmm?" Feng Cantian's expression changed and he suddenly opened his eyes. Lightning flashed in his eyes. "Hehe." One of them was wrapped in a black robe that covered his face and was unusually tall. He laughed strangely and said, "Your senses are quite sharp." "It's you?" "Although Feng Cantian could not see this person's face, he could guess his identity from his voice. One of the Seven Emotions Demon Generals, Yaksha King of Fear! Those who followed Yaksha King of Fear were all from the Rakshasa Race. Apart from Yu Luosha, almost all of them were Grotto-Heaven Kings! There was even a Quasi-emperor among them! This was the first time Yaksha Fear King had appeared in the Heaven Barren Sect since he led the Rakshasa Race Kings to kill An Shiwang and the others.

The Yaksha Fear Sovereign had obtained some fortuitous encounters in the Nine Underworld Emperor's secret place and had broken through to quasi-Emperor. Feng Cantian had already reached the Grotto-Heaven Realm. He was only one step away from reaching the Complete Grotto-Heaven Realm! "Master sent a message." Yaksha King of Fear briefly told the story of Night Spirit and Ning. Then, the Yasha King of Fear added, "Oh right, when the time comes, we can destroy the Great Jin Dynasty and settle the

grudge from back then!"Feng Cantian's eyes lit up. He slowly stood up and looked in the direction of the Divine Firmament Immortal Realm. He clenched his fists and said, "This day has finally come!""You guys go and prepare first. We have another mission. We have to go to the Heaven Realm to keep an eye on a few people."Yaksha Fear Monarch called the Rakshasa Kings behind him. They tore open the space and disappeared from the cave.Feng Cantian walked out of the cave and looked at Tian Lang who was lying at the door with sleepy eyes. He slowly said, "Pass down the order to prepare for war and head to the Heaven Realm!"Tian Lang shuddered and was instantly energized....Crimson Heaven Realm.Blue Blood Mountain.A few figures stood at the peak of a mountain. There were both men and women.One of them was wearing plain clothes and had a frown on her face. She looked troubled. She was one of the three Fairies of the Divine Firmament Immortal Realm, Book Immortal Yun Zhu.There were two young men beside Yun Zhu. They were wearing little shirts and had fair skin. They were Momo and Liu Ping.Behind the three of them stood an elder in the Grotto-Heaven Realm. He had gray hair and a beard. He stood with his hands by his side and remained silent."Sister Yun Zhu, what should we do?"Momo asked worriedly.Yun Zhu said, "I have already sent a message to my younger brother. As long as this matter reaches your Young Master's ears, Ning and Night Spirit will definitely be fine."Yun Zhu knew about Su Zimo's two true bodies. Naturally, she also knew that with Emperor Araki Takeshi's means, he could come to help at any time.She was only worried that the news would reach Su Zimo's side.Yun Zhu glanced at the elder behind her and said, "The space around the Blue Blood Mountain has been sealed. Even if a King wants to take them away, he can't do it."

The elder could hear the complaint in Yun Zhu's voice. He bowed slightly and said, "The King has instructed me to only protect your safety and not interfere with this matter.""Once I take those two away, I will definitely become enemies with the Crimson Heaven Palace.""With the strength of the Zi Xuan Celestial Kingdom, they can't compete with the Crimson Heaven Palace, which has Imperial Emperors. I hope you can understand."Yun Zhu sighed softly and didn't say anything.In fact, she also understood her father's difficulties.In the past few years, the Nine Heavens Immortal Realm had changed a lot. The situation was chaotic, and the various Immortal Realms had changed owners. Several Imperial Emperors had also submitted to Immortal Emperor Chen Mu.Of course, there were also Imperial Emperors who refused to submit.For example, Immortal Emperor Qing Xiao of the Green Firmament Immortal Realm was unwilling to submit. He had a conflict with Immortal Emperor Chen Mu and died. Even the Green Firmament Palace was completely destroyed!The current Green Firmament Immortal Realm was in chaos, and the flames of war were everywhere.The other Immortal Realms were also in a state of unrest. Everyone was worried about their own safety.In this chaotic situation, it was unknown whether the Zi Xuan Celestial Kingdom could survive.Immortal King Zi Xuan didn't want to complicate matters, and he couldn't afford to offend the Crimson Heaven Palace.Although Yun Zhu had already brought people to the Crimson Heaven Immortal Realm, her cultivation was only at the True Spirit Realm. Under the heavy encirclement of the Crimson Heaven Palace, she couldn't escape with Ning and Yun Zhu.Thinking of this, Yun Zhu really admired Ning's Daoist companion.When she thought of the black-robed man's true form, she couldn't help but feel a trace of fear.The black-robed man called "Night Spirit" was too strong!Although he was only at the True Spirit Realm, his killing methods were unprecedented and could be said to be terrifying.That kind of creature should be the legendary God Hou.And this Night Spirit seemed to be much stronger and more terrifying than an ordinary God Hou.Every part of his body was a killing weapon.Yun Zhu had even seen with her own eyes that Night Spirit had crossed a great realm and killed a Grotto-Heaven King.Although it was only an ordinary

Immortal King, and he himself was severely injured. Along the way, the number of Crimson Heaven Palace cultivators who died at the hands of Night Spirit had reached hundreds. Among them were more than a dozen True Spirit Realm cultivators and a Grotto-Heaven King.

If it weren't for Night Spirit, Ning and Yun Zhu would have been captured by the Crimson Heaven Palace army. Of course, during this period, Yun Zhu had also used her means to deceive everyone, allowing Ning and Yun Zhu to escape several times. But she could only support them in secret, and there was a limit to what she could do. Liu Ping said, "So many people from the Crimson Heaven Palace have died. I heard that the Emperor was so angry that the Crimson Heaven Palace sent out all their forces. There are 300 Grotto-Heaven Kings alone." "Now they are all gathered around the Bloodshed Mountain Range. Even mosquitoes can't fly out, let alone two living people." Yun Zhu was silent. She also knew that as time passed, the space between Ning and Night Spirit would become smaller and smaller. They would definitely be discovered. Only Emperor Araki Takeshi would be able to break the situation. Even if Su Zimo's Qinglian came in person, it would be impossible.
