

## Sacred King 3111

### Chapter 3111

"What kind of cooperation?" Wu Dao asked. "You're so smart. Why don't you take a guess?" The Nine Heavens Immortal Emperor chuckled and said, "Of course, he's not qualified to cooperate with me now." With the wisdom of the Academy's Clan Master, coupled with the Dharma Scripture, and his many years of cultivation in the Heaven Realm, it was not surprising that he could deduce the identity of Zangtian Emperor through the relationship between Immortal Emperor Chen Mu, Emperor Bo Xun, and the World Devastator Demon Emperor. However, Wu Dao didn't expect him to take the initiative to approach Emperor Zang Tian and discuss a partnership with him. With Zang Tian's means, killing the Academy Patriarch was as easy as stepping on an ant. The Academy Patriarch must be aware of this. He just did not know what kind of cooperation he proposed that Zang Tian was interested in and did not even attack him. Wu Dao saw that the Nine Heavens Immortal Emperor would not say it out loud, so he did not dwell on this matter. He just said calmly, "I guess he didn't know that you have another identity." "Oh?" The Nine Heavens Immortal Emperor stopped smiling. "Or, this is your real identity." Wu Dao stared at the Nine Heavens Immortal Emperor and said word by word, "The Master of the Netherworld, the Emperor of Feng Du!" If the conversation between the two of them was spread out, it would be earth-shattering! The entire Divine Firmament Main Hall fell silent after the Martial Dao Body said this. High Firmament Immortal Emperor stopped smiling and stared intently at the Martial Dao Avatar. Their gazes collided in the air. Neither was willing to back down! The atmosphere gradually became tense. "The Master of the Netherworld." After some time, the Nine Heavens Immortal Emperor murmured softly and broke the silence. Then, he smiled meaningfully and asked, "Feng Du has never shown his face. How did you guess it was him?" In fact, the Nine Heavens Immortal Emperor's question did not deny Wu Dao's speculation. "I have long guessed that Immortal Emperor Chen Mu and the other two are the three avatars of Zang Tian." Wu Dao's true body said, "However, I originally thought that the Demon Lord was Emperor Zang Tian. Because when I first met the Devil Lord, he was sitting on top of a tomb and called himself the tomb keeper." "There are naturally many connections between Heaven Burial and tombs." "Not bad."

Heavenly Firmament Immortal Emperor nodded. Wu Dao's main body said, "But on that day outside the Great Wasteland Domain, the Devil Master denied this." "The Demon Lord once revealed some information. They and the Nine Great Emperors of the Heavenly Court all came from the Greater Thousand World. Their cultivation realms are above the Great Emperor Realm. They can be said to be immortal and have endless lifespans." "The fact that Grand Emperor Zang Tian is still alive means that he's different from the Grand Emperors born in the Middle Worlds. He's also immortal and has an endless lifespan. If it's not the nine from the Heavenly Court, then it can only be the Lord of the Underworld, Hell, Hungry Ghost, Beast, and Shura." The Nine Heavens Immortal Emperor smiled and said, "That's not necessarily the case. It's possible that I'm from the Greater Thousand World, but I might not be related to them." Wu Dao's conjecture just now could only prove that Grand Emperor Zang Tian was similar to the Demon Lord and the others. They both came from the Greater Thousand World and were immortal. However, it could not prove that Grand Emperor Zang Tian was the Lord of the Underworld. Wu Dao's main body said, "I've met the Four Great Emperors. Only the Lord of the Underworld is extremely mysterious and has never shown himself." "So, you haven't even met him. Why do you suspect the Lord of the Underworld?" The Nine Heavens Immortal Emperor asked with a

smile. "It's still the same question." Wu Dao's main body said slowly, "Zang Tian's Dao technique is inextricably linked to tombs. The biggest tomb in this world is probably the Underworld!" "The Lord of the Underworld controls the Underworld and reincarnation. Only he can create a forbidden secret book like the Zang Tian Scripture that can resurrect the dead!" "Hehe ...""Hahahaha!" Immortal Emperor Heavenly Firmament chuckled for a while, then laughed out loud and nodded repeatedly. Wu Dao's main body said, "This is the first time I've connected you to the Lord of the Underworld. Moreover, when I asked the Demon Lord about the Lord of the Underworld, the Demon Lord avoided talking about it. ""There should only be a few people who can make the Demon Lord avoid them."" Just based on that?" Immortal Emperor Heavenly Firmament asked. "Of course not." Wu Dao's main body said indifferently, "That day in the Imperial Tomb, I obtained a treasure, which is the Soul Lamp. The Soul Lamp belongs to the Lord of the Underworld. "

"I've always wondered why the Soul Lamp was in the hands of Immortal Emperor Chen Mu." "Actually, the answer is very simple. Immortal Emperor Chen Mu was the Lord of the Underworld, one of the Three Corpses that Grand Emperor Zang Tian cultivated. It's only natural that the Lord of the Underworld gave the Soul Lamp to Immortal Emperor Chen Mu to help him cultivate. ""However, Immortal Emperor Chen Mu still thought that the Soul Lamp was a treasure that he had accidentally obtained before his death." Immortal Emperor Heavenly Firmament smiled and did not deny it. "Anything else?" Immortal Emperor Heavenly Firmament asked. Wu Dao's main body said, "You should already know that I've killed more than thirty Emperors in the Witch World, including the Lord of the Witch World. Before he died, he revealed that he had a Lord." Immortal Emperor Heavenly Firmament raised his eyebrows at the mention of this. Wu Dao's main body continued, "I've been to the Poison World and learned that the Nether Calamity Poison originated from the Nether Calamity Flower. The Nether Calamity Flower does not exist in the Three Thousand Worlds and only grows next to the Nether Spring in Hell." "With the Lord of the Poison World's methods, it's impossible for him to enter Hell. In other words, there's someone behind the Poison World. It's this person who brought the Nether Calamity Flower from Hell to the Three Thousand Worlds and handed it to the Lord of the Poison World! ""Not many people can enter and leave Hell. The Lord of the Underworld happens to be one of them." Immortal Emperor Heavenly Firmament smiled and asked, "From what you're saying, the Lord that the Lord of the Witch World mentioned is also the Lord of the Underworld?" "Of course." Wu Dao's main body said, "The living beings in the Underworld are all in the state of Primordial Spirit. Their Primordial Spirit souls are extremely powerful, and the cultivation techniques of the Witch Race happen to be good at cultivating the Primordial Spirit." "The Witch World has more than 40 Imperial Emperors. This is far beyond the scope of a super great world." "If I'm not wrong, some of the Witch Race Imperial Emperors should be the Ghost Emperors that you brought back from the Underworld. They entered the bodies of the Imperial Emperors and fused into the Witch Race Imperial Emperors!" "Amazing." Immortal Emperor Heavenly Firmament clapped his hands and praised. It was unknown whether he was praising Wu Dao's main body's speculation or praising himself.

Even though he knew that the Witch World and Poison World were almost destroyed by Wu Dao's main body, Immortal Emperor Heavenly Firmament was still full of smiles, as if he did not care. Wu Dao's main body continued, "The original living beings of the Witch World and Poison World were all transformed from ordinary humans. In other words, the birth of the two great worlds was done by you." "The so-called Ancestor of the Witch World, Emperor Ming 'e, and the Ancestor of the Poison World, Emperor

Wu Dao, were also cultivated by you." "It's also because of this that the two great worlds can cooperate so well and secretly instigate the war between the Dragon World and the Phoenix World." "I used to think that the two great worlds' war lasted for thousands of years and countless deaths and injuries. The biggest winner might be the Blood World or the Tomb World." "But in fact, there's only one person who benefited the most, and that's you, the Emperor of Feng Du!" "The Heaven Burial Scripture's Heaven Burial Scripture not only buries the Heavenly Court, but also the Heavens!"

## Chapter 3112

"You're right." Great Emperor Zang Tian smiled. "I am Fengdu, the lord of the Underworld!" There was no need for him to hide anything. "However, you're wrong about one thing." Emperor Zangtian said, "I didn't raise Emperor Nether Calamity and Emperor Wretched Poison. They ... are the clones I created in my past life!" The ancestors of the Witch World and Poison World were just clones of the lord of the Underworld. They were existences like the Three Corpses. Wu Dao's heart skipped a beat. "If I'm not wrong, you were the one who created the Tomb Realm." Great Emperor Zang Tian was Fengdu. He controlled the Underworld and created the Three Corpses Grand Art. The cultivators of the Tomb Realm were just ordinary humans. They had been transformed through postnatal cultivation and were good at controlling corpses. The Tomb Realm was also the main force in the war between the dragons and phoenixes. They had benefited greatly from this realm war. "It's not just the Tomb Realm." Great Emperor Zang Tian had a strange and even horrifying smile on his face. He said slowly, "The current Blood World, Bone World, and Lifeless World ... were all created by my clones back then! I am the ancestor of all worlds!" Wu Dao's heart skipped a beat. However, on second thought, just the names of the Tomb Realm, Blood World, and Lifeless World alone were enough to reveal some information. It was just that this was too shocking. Who would have thought that super major worlds like the Witch World and Poison World were just clones of the lord of the Underworld? "I've cut down many clones over the past few eras. Each of them is infamous!" Great Emperor Zang Tian said, "Who do you think Ancient Demon Bo Xun was?" Ancient Demon Bo Xun was also a clone of the lord of the Underworld! Great Emperor Zang Tian was even more difficult to deal with than Wu Dao's original body had imagined. His tentacles had spread to every corner of the 3,000 worlds and spanned several eras! Outside the Divine Firmament Palace... The Divine Firmament Immortal Emperor stood guard in the distance, waiting for the Nine Firmament Immortal Emperor's orders. At some point in time, two terrifying auras had emanated from the Divine Firmament Hall, causing even him to shudder with fear! At that moment, a crack appeared in the void, and a man exuding a medicinal fragrance stepped out. His eyes were filled with anger, and his expression was anxious. He was about to barge into the Divine Firmament Palace.

"Red Firmament, what are you doing?!" Immortal Emperor Shen Xiao hurriedly stepped forward and stopped Immortal Emperor Dan Xiao. Red Firmament Immortal Emperor gritted his teeth and clenched his fists. "A bunch of servants from the Tianhuang Continent are killing all over the Red Firmament Immortal Domain. Most importantly, there are several Imperial Emperors from the Sword World and the Kun Peng World behind these servants!" "There's such a thing?" The Divine Firmament Immortal Emperor frowned. Red Firmament Immortal Emperor said hatefully, "The emperors of these realms came to the Immortal Realm without even saying a word. I think they don't put Nine Firmament Immortal Emperor in their eyes at all. They want to start a war between realms!" "I'll this to the Lord right away!" Immortal Emperor Dan Xiao didn't dare to make a move against Iron Crown, Northern Kun Monarch, Nine-Tailed Demon Empress, and the others. He could only run over and ask Nine Firmament Immortal Emperor to

step in. "Don't go in!" Immortal Emperor Shen Xiao shook his head and still stood in front of Immortal Emperor Dan Xiao. "What are you doing!?" Immortal Emperor Dan Xiao glared and said coldly, "If a war between realms breaks out and the Immortal Realm falls, can you bear the responsibility? These Imperial Emperors came uninvited and are challenging Nine Firmament Immortal Emperor's authority! "If it were any other time, Immortal Emperor Dan Xiao would be afraid of Immortal Emperor Shen Xiao. But now, the Nine Firmament was unified, and all the Immortal Emperors submitted to Immortal Emperor Shen Xiao. Moreover, if this dragged on, the Red Firmament Immortal Domain would be gone. How could he not be anxious?" Hmph!" Immortal Emperor Shen Xiao's face darkened. "The Lord is receiving guests. If you rashly disturb and die inside, don't blame me for not warning you!" "Do you think that with the Lord's ability, he won't notice what's happening in the Heavenly Realm? Do I need you to remind me?" Immortal Emperor Dan Xiao took a few steps forward and gradually calmed down when he sensed the terrifying aura emanating from the Divine Firmament Hall. Under such circumstances, if he rashly barged in, he would most likely die! The hall was tightly shut. The two of them couldn't probe with their divine senses, and they didn't dare to. "Who's inside?" Immortal Emperor Dan Xiao asked softly.

"How would I know?" Immortal Emperor Dan Xiao's tone was unpleasant just now, so Immortal Emperor Shen Xiao didn't give him a good face either. Immortal Emperor Dan Xiao smiled embarrassedly and pondered for a moment before saying, "It's probably Lord Six Brahma or the World Devastator Demon Emperor. They're most likely discussing the great cause of unifying the Heavenly Realm!" ...Immortal Emperor Dan Xiao... This battle, which seemed to have a great disparity in strength, ended faster than anyone had imagined! Not long after the battle broke out, Su Zimo targeted Immortal King Shi Que. With his bloodline avatar and four heads and eight arms, he killed him within three rounds! Su Zimo didn't even release his grotto-heaven during this battle. From the beginning to the end, Immortal Emperor Dan Xiao didn't dare to show up. Even when Immortal King Shi Que died, he didn't show up! The hundreds of Celestial Kings of the Crimson Heaven Palace were slaughtered and scattered like birds and beasts. Many True Spirit Realm experts were also defeated. The people of Planet Tianhuang marched straight into the Crimson Heaven Palace as if they were entering an uninhabited land! Not long after, the people of Planet Tianhuang had already killed their way into Crimson Heaven Palace. After learning about the collapse of the battlefield, Immortal Emperor Dan Xiao was nowhere to be seen. Crimson Heaven Palace didn't have any cultivators to resist and had already fled in all directions. Su Zimo stood in the air and glanced around. Qinglian's true body was extremely sensitive to the Essence Qi of Heaven and Earth. He could clearly feel that the Essence Qi of Heaven and Earth was extremely dense around an open space not far away. However, there was nothing there. "Haha." At this moment, a chuckle came from mid-air. It was the Nine-Tailed Demon Emperor. She looked at Su Zimo with a faint smile and her eyes shone seductively. "Young Master Su, there's another grotto-heaven there. However, there are restrictions set up by the Immortal Emperor. How are you going to thank me if I help you?" Apart from old friends in Tianhuang Mainland, the Nine-Tailed Demon Emperor was one of the few people present who knew about Su Zimo's identity. Back in Great Wilderness Domain, the Nine-Tailed Demon Emperor had seen Wu Dao's true body. Seeing how the Nine-Tailed Demon Emperor was trying to seduce Su Zimo without any scruples, a few people in the crowd immediately looked at her with hostility.

Sensing that, the Nine-Tailed Demon Emperor chuckled and waved her sleeves, shattering the restrictions around the open space. Gradually, a divine tree that was more than ten feet tall was revealed! The divine tree shone with colorful brilliance. Seven types of crystal-clear divine items grew on

each branch. They shone with brilliance and looked extremely mystical."That's a spirit item of the Crimson Heaven Immortal Domain, the Tree of Seven Wonders,"When Yunzhu saw the divine tree, she said, "Gold, silver, glass, crystal, clam, coral and amber are known as the seven treasures. Naturally, the seven treasures on it are not the gold and silver of the mortal world.""The seven treasures can emit seven different lights and encompass the five elements. It's said to be invincible and is also the key to gathering the spirit qi of Heaven and Earth in the Crimson Heaven Immortal Domain."The old man with the iron crown smiled gently. "Zimo, you can take this Tree of Seven Wonders. If you open up a new world in the future, it can be used as a foundation to gather the Essence Qi of Heaven and Earth."Su Zimo nodded and uprooted the Tree of Seven Wonders, keeping it in his bag.When Emperor Kun saw that, he shook his head gently and murmured, "This Tree of Seven Wonders has been rooted in the Heavenly Realm for many years. It probably won't survive in a different environment."

### **Chapter 3113**

Su Zimo wanted to create a realm. On the one hand, it could be used as a place to cultivate. On the other hand, it could accommodate the people of Tianhuang Region.If he wanted to create a realm, he needed spiritual items that could gather Heaven Earth Yuan Qi.The Tree of Seven Wonders was one of them.In fact, Su Zimo's Grade 12 Qinglian was the only treasure in the world. It was far superior to the Tree of Seven Wonders!Of course, he couldn't stay in the realm forever. He needed spiritual items like the Tree of Seven Wonders as a foundation.Originally, he had planted three top-grade immortal trees in Qiankun Academy. They were the Carefree Tree, the Immortal Willow, and the Immortal Peach Sapling.However, other than the Immortal Peach Sapling, the Carefree Tree and the Immortal Willow never grew.After he entered the True Self Realm, he sent Liu Ping and Momo away before returning to Qiankun Academy to confront the Patriarch. He also asked them to take the three immortal trees away.He just didn't know if the Carefree Tree and the Immortal Willow had taken root and sprouted.As long as these immortal trees could survive, the problem of gathering Heaven Earth Yuan Qi would be solved."Carefree, it's time to go back with us."Seeing that the situation was settled, Emperor Bei Kun urged Carefree to leave with him and Emperor Nan Peng as soon as possible.Ever since they set foot on the land of the Heaven Realm, they felt a little uneasy.They had been to the Heaven Realm before, but they had never felt this way!"It's over so soon?"Carefree felt that he hadn't had enough.Ever since he ascended, he had never fought to his heart's content!Emperor Bei Kun and Emperor Nan Peng snorted and glared at Carefree.Carefree had just fought to his heart's content, but the two of them made him nervous.At the beginning of the battle, Carefree didn't care if it was Immortal Kings or True Spirits in front of him. He closed his eyes and charged into the crowd.Emperor Bei Kun and the other realm lords were afraid that something would happen to Carefree, so they kept a close eye on him and escorted him.They had no choice but to secretly attack and kill a few Immortal Kings who threatened Carefree ...Kun Peng Realm only had one young master, and bloodline Ancestral Awakening was the key to merging the two realms. There couldn't be any mishaps.

"Master, do you still want to fight?"Carefree moved closer to Su Zimo and asked expectantly.Su Zimo nodded and gazed into the distance with a cold expression. It was as though he had traversed the boundless void and landed on the land of the Nephrite Immortal Domain."Sure!"Xiao Yao's face brightened up and he grinned at Monarch Bei Kun and Monarch Bei Kun, "It's not over yet. There's no need to rush back."The North Kun Monarch and the other two Realm Lords' faces were dark and gloomy, but they didn't say a word.Immortal Emperor Ling Long seemed to have thought of something

too. She murmured softly, "I'm afraid Emperor Yunyou would never have thought that the life form from the lower realm that he had mercilessly crushed back then would grow to such a level today ..."On the day of Su Zimo's ascension, he was intercepted by King Youyun and the Patriarch of the Academy.If it wasn't for Immortal King Ling Long, Su Zimo would have already died.Even so, his Dragon Phoenix True Form was destroyed by the Secluded Cloud King!Lin Luo asked, "With such a huge commotion here, will Emperor Yunyou notice anything?"Immortal King Ling Long shook her head and said, "Between the Nephrite Immortal Domain and the Crimson Immortal Domain, there are still the Green Immortal Domain and the Jingxiao Immortal Domain. The distance is too far. Unless Emperor Yunyou reaches the Emperor Realm and his divine sense can cover the entire Heaven Realm, his senses will break through the limit. Otherwise, he won't be able to notice the battle here."...Nephrite Immortal Domain.Secluded Cloud Nation.Emperor Yunyou sat alone in a dark hall with his eyes closed, deep in thought.Under the dim light, one could vaguely see his slightly gloomy face. He was frowning slightly, as if he was worried about something.Three hundred years ago, he had already become a Boundary Emperor.However, for some reason, as his cultivation level and combat strength increased greatly, he felt uneasy all these years.The Nine Heavens Immortal Emperor had gradually devoured the major Immortal Domains. He led the Secluded Cloud Nation and chose to submit immediately because he was worried that they would be in trouble.However, even though they had submitted to the Nine Heavens Immortal Emperor, the uneasiness did not dissipate.During this period of time, King Yunyou would occasionally feel a sense of fear and trepidation, as if someone beside him was spying on him!However, no matter how he probed, he did not find anything unusual.

"Only Emperor Realm powerhouses can threaten me."Emperor Yunyou massaged his temples with his thumb to ease the tension in his heart. He murmured softly, "Which Emperor Realm powerhouse is targeting me?"He carefully recalled all these years. Although he had killed countless people, he had always been careful, as if he was treading on thin ice.The people he had killed were all weak people or servants with no background.He had never offended any Emperor Realm powerhouse, nor had he offended any Prince."Could it be him?"A thought suddenly flashed across Emperor Yunyou's mind.Su Zimo from the Heaven and Earth Academy!Su Zimo had already been buried in the Emperor Tomb. Even if he was still alive, he would not be much of a threat to him.Most importantly, when Su Zimo was in the Lower Realm, the one who stood beside him was the Blood Butterfly Demon Monarch from the Great Wasteland Domain!Would the Blood Butterfly Demon Monarch stand up for him?Emperor Yunyou thought for a long time, and he was afraid that this was the only possible danger!"Looks like I have to discuss this with those few."Emperor Yunyou sneered and thought to himself, "I was not the only one who tried to kill Su Zimo. I wonder where the Patriarch of the Heaven and Earth Academy is hiding. Emperor Jin, Green Sun Celestial King, and Flaming Sun Celestial King are all in the Divine Firmament Celestial Realm!"Yes, I should leave the Divine Firmament Celestial Realm first!"If he continued to stay here, the uneasiness in Emperor Yunyou's heart would grow stronger.Furthermore, Secluded Cloud King had an illusion that there was something hidden in the dark corners of the hall.Since he had made up his mind, Emperor Yunyou did not hesitate anymore. He waved his hand and tore open the void, preparing to head to the Divine Firmament Celestial Realm.The void cracked open, and a space tunnel appeared. Emperor Yunyou was about to step into it when a terrifying face with a green face and fangs suddenly appeared in the void crack.Emperor Yunyou was caught off guard, and he almost collided with this terrifying ghost face."Ah!"Emperor Yunyou was shocked, and his body trembled. He was so scared that he lost his voice.Emperor Yunyou was not prepared for this. Even during normal times, when he saw this

terrifying ghost face, he could not help but feel a sense of fear. "What the hell is this?" Emperor Yunyou was so scared that he took a few steps back. His scalp was numb, and his eyes were wide open. He shouted angrily and took out a long sword and placed it in front of him.

"Hehehe ..." The terrifying ghostly face opened its mouth and let out a burst of sinister laughter. This ghost face was already scary enough when it did not laugh. When it laughed, it became even more sinister and terrifying. Emperor Yunyou's pupils shrank, and his hair stood on end. "Where did this evil ghost come from?" Emperor Yunyou shouted, and the blood in his body surged. He held up his Grotto-Heaven and suppressed the horrifying ghost face in front of him. The ghost face floated forward a little. Emperor Yunyou could finally see that it was a tall and burly Yaksha. When it opened its mouth, a strong smell of blood could be felt coming from it. Emperor Yunyou finally understood why he had been feeling uneasy for the past few days. It was as if he was being watched. This Yaksha ghost was hiding beside him!

## **Chapter 3114**

Boom! The Ethereal Cloud King's grotto-heaven contained a wisp of world power. It suppressed the void in front of him and exploded with a loud bang! But this time, it missed! Just as the Secluded Cloud King's Heavenly Abode came crashing down, the Yaksha Ghost from earlier actually vanished into thin air! How could this be? Normally, in this state of battle, the void would be shattered and distorted. It was impossible to travel through the void at will. Unless ... "A Void Yaksha!" The Ethereal Cloud King was shocked and thought of a possibility. A Void Yaksha was the king of the Yaksha race! "Haha!" A strange laugh came from behind the Ethereal Cloud King. "Don't be nervous. As long as you stay here obediently, I won't hurt you." The Ethereal Cloud King did not turn back. He suddenly slashed with his sword. Swoosh! A cold light flashed. The void behind him shattered. Even the Yaksha's ferocious face was cut into pieces. Dead? "I advise you to save your strength." Not far away, the Yaksha's voice came again with a hint of mockery, as if he was mocking him mercilessly. A Quasi-emperor level Void Yaksha! This Void Yaksha was hidden in the void. The Ethereal Cloud King was helpless and could not do anything to him. He gradually calmed down. With this Void Yaksha's concealment skills, if he wanted to kill him, he definitely had countless chances over the years! But this Void Yaksha did not attack him. Could it be that he was not hostile? This Void Yaksha appeared only to keep him here, but he did not know what his purpose was. "Your Majesty, what happened?!" The door of the main hall was slammed open. Two Immortal Kings rushed in with many palace guards. Before the Ethereal Cloud King could speak, a strange crack appeared above the two Immortal Kings' heads. The ferocious and terrifying ghostly face appeared again. This ghostly face opened its bloody mouth and bit off the head of the Immortal King below. In an instant, blood gushed out from his neck like a fountain! The headless corpse fell limply to the ground. The Immortal King next to him was scared out of his wits. His pupils constricted. Without thinking, he immediately propped up a grotto-heaven.

Suddenly, a huge ghostly hand reached out from the crack. Cold light flickered on its fingertips as it grabbed down. The Immortal King's grotto-heaven was like a piece of paper in front of this ghostly hand, instantly shattering. "Ah!" Accompanied by a shrill cry, this Celestial King was grabbed by the ghostly hand under the gazes of everyone present, and his figure vanished into the spatial rift. His cry stopped abruptly! Kacha kacha! Then, a horrifying sound came from inside, as if someone was chewing on a bone. Scarlet blood seeped out of the closed void crack! The two Immortal Kings died in the blink of an

eye. Moreover, he had died in such a miserable manner! Many of the guards were only True Spirit Realm cultivators, so when had they ever seen such a method of killing? Most importantly, King Youyun, who had the highest combat strength, was watching from a short distance away. He had no intention of stopping them at all. It wasn't that he didn't want to. It was because the two Celestial Kings had died too quickly! Many of the Imperial Guards let out a cry. They didn't care about the great crime of disobeying the Emperor's order and left the hall one after another. King Youyun clenched his fists, his face gloomy. This Void Yaksha didn't attack him, but it didn't show any mercy to the people around him! To be fair, even if this Void Yaksha didn't hide and fought him head-on, he would most likely be in a precarious situation. "What are you trying to do?" King Youyun asked in a low voice. "Hehe." The Void Yaksha's voice drifted over. "My Lord only asked me to watch over you. I can't let you run around." "Who is your Lord?" King Youyun asked again. The surroundings were silent, and there was no sound at all. That Void Yaksha disappeared again. However, King Yunyou knew that the Void Yaksha was staring at him from within the palace! Time passed bit by bit. Every breath he took in this hall was a great torture for King Youyun. He was being watched by a Void Yaksha and couldn't leave. It was equivalent to being under house arrest here. And he had no idea what he was about to face.

This was a fear of the unknown. After an unknown period of time. Outside the hall, there was a commotion. It was as if thousands of soldiers and horses had arrived in the Youyun Palace! Before King Youyun could use his Divine Consciousness to check, there was already a group of people at the entrance of the hall. The person in the lead was wearing a green robe and had black hair. He had delicate features and looked familiar. "You are ..." King Youyun's eyes widened when he saw who it was. His expression changed slightly, and he shouted, "Su Zimo!" There was a group of people behind Su Zimo. He knew Lin Zhan and his wife from the War Kingdom, Feng Cantian who had betrayed the Divine Firmament Celestial Realm, and a few Peak Masters from the Sword World. He had never seen the rest before. Su Zimo's cultivation was only at the Greater Success Grotto-Heaven Realm. He wasn't a threat to him. But Lin Zhan and the others behind him weren't easy to deal with! "Su Zimo, you're not dead!" King Youyun said coldly. Su Zimo didn't waste time talking nonsense with him. He said calmly, "King Youyun, you destroyed one of my real bodies. I'm here to take your life." "Just you?" King Youyun laughed and looked around. "If these people didn't help you, you wouldn't be able to kill me!" "Su Zimo, this is a grudge between you and me. If you want to kill me, come at me yourself and fight me fair and square!" King Yunyou said it in a righteous and powerful manner. When he saw Su Zimo, he had already guessed it. Su Zimo was here to seek revenge! In this situation, if he wanted to live, he could only rely on Su Zimo. After chasing Su Zimo to no avail, King Youyun had broken through to the Peak Grotto-Heaven Realm when he returned. Later on, he obtained a great opportunity and became a Boundary Emperor. For experts like him, after many years of accumulation, as long as there was any opportunity, he could improve further! As long as he could force Su Zimo to fight with him, he could take the opportunity to control him and threaten others to escape. Of course, this was just his wishful thinking. Unless Su Zimo was crazy, he wouldn't accept his challenge.

"Sure." At this moment, Su Zimo said, "I'll give you a chance." Su Zimo agreed? King Youyun was stunned. He couldn't believe it. "A gentleman never goes back on his word!" King Youyun said hurriedly, "Let's have a fair fight. No one is allowed to help!" Su Zimo didn't reply. He left Lin Zhan and the others and walked towards King Youyun alone. He looked calm. Seeing that Su Zimo had entered his attack range, King Youyun's eyes lit up. Suddenly, he activated his Qi and blood and the waves in his body surged. At

the same time, he supported his Peak Grotto-Heaven Realm, which contained a trace of the realm's energy, and enveloped Su Zimo! As long as he could control Su Zimo, he would be able to break out of this deadlock! Facing King Youyun's attack, Su Zimo didn't stop moving. Rumble! Behind him, a loud sound could be heard. Then, five voids collapsed and turned into five terrifying Grotto-Heavens. Rays of light filled the air and countless runes shot out, forming a blazing ocean! Almost instantly, King Youyun's Peak Grotto-Heaven was engulfed!

## Chapter 3115

"You ..." The Cloud Underworld King widened his eyes in shock. He only managed to say one word before his Grand Completion Grotto-Heaven collapsed! What was that? Five Grotto-Heavens? Not only the Cloud Underworld King, but even the crowd did not see the five Grotto-Heavens descending at the same time. They were all shocked! These Grotto-Heavens were accompanied by all sorts of shocking phenomena. The sky was filled with starlight, sword auras shot up to the clouds, beasts roared, Buddhas, dragons and elephants, and the sun and moon accompanied them ... Any one of the Grotto-Heavens was terrifying. When the five Grotto-Heavens descended at the same time, Dao techniques intertwined and runes gathered, forming a blazing ocean that exuded a majestic energy as if it could destroy everything! Lin Lei opened his mouth wide and looked at this scene in disbelief. He had already entered the Grotto-Heaven and became an ordinary Celestial King. When he saw that Su Zimo's cultivation level was higher than his, he felt a little upset. After all, he had looked down on Su Zimo in the past. He did not expect that after all these years, not only had Su Zimo caught up with him, but the gap between them had also become so big! Even a Boundary Emperor could not last more than one round against Su Zimo! "Brother, how are you feeling now?" Lin Luo asked with a faint smile. Previously, Lin Lei despised Su Zimo's cultivation level and even advised Lin Luo not to interact with Su Zimo. Lin Lei's face was slightly red, and he felt a little ashamed. After a moment of silence, Lin Lei regained his fighting spirit. He took a deep breath and said, "There is indeed a gap between us. But one day, I will catch up with him and surpass him!" "You?" When Lin Zhan heard this, he shook his head and said directly, "Stop dreaming." Lin Lei had finally gathered his courage to say the words "Just Now". Now that he was dealt a blow by Lin Zhan, he was instantly discouraged and looked embarrassed. "Mother, look at Father." Lin Lei grumbled in a low voice, "Is there anyone who attacks people like that?" Immortal Emperor Ling Long sighed and said, "Lei 'er, your father is right ..." "Huh?" Lin Lei was stunned. Immortal King Ling Long said earnestly, "Between you and Zimo, it's not just a little bit of difference. It's a world of difference."

Puchi! Lin Luo couldn't help but laugh. Lin Lei's face flushed red. He was a little anxious and said, "Mother, why are you also ..." Immortal King Ling Long patted Lin Lei's shoulder and said, "Lei 'er, it's a good thing to have ambition and a goal. However, there are many things you don't understand. It's better for you to find someone else to chase after." Lin Lei: "... Outside the main hall. The old man with the iron crown, Monarch North Kun, and the others were standing in the air. When they sensed the situation inside, their expressions changed. Although the old man with the iron crown already knew that Su Zimo had cultivated five grotto-heavens, he was still shocked when he saw it with his own eyes! "Five grotto-heavens. This is unprecedented!" Monarch North Kun praised. The Frost Dragon Emperor nodded gently. "That lad's future achievements are immeasurable." Monarch South Roc pondered and said, "It's hard to say. Judging from the Dao arts of his five grotto-heavens, they are all different and include immortals, Buddhas, fiends, and demons. It's probably going to be extremely difficult to fuse them into a single world." Suddenly, the old man with the iron crown's expression changed as though he sensed

something. He looked in the direction of Gem Firmament Palace and frowned slightly. The commotion here had already alerted Immortal Emperor Gem Firmament!...In the main hall. The Cloud Underworld King's perfected realm grotto-heaven collapsed and could not withstand the might of Su Zimo's five grotto-heavens at all. Under the impact of the Dao arts and talismans, the Cloud Underworld King shuddered and was severely injured. He spat out blood and was sent flying! Su Zimo had no intention of probing the Cloud Underworld King and released his trump card right away! The Cloud Underworld King's hair was disheveled. He struggled to stand up but felt a sharp pain in his chest. "Bang!" Su Zimo had already arrived before him. He stepped on the Cloud Underworld King's chest and stomped heavily on the ground. He bent over slightly with a cold gaze. "Cloud Underworld King." Su Zimo said, "If I didn't end you with my own hands, you wouldn't be alive today!" "Hehe, hahaha!" The Cloud Underworld King laughed with blood in his mouth and said, "The winner takes it all. Today, I've lost to you. Even if I die, I won't regret killing you that day!"

"I was just one step behind. If I could obtain Qinglian back then, I would have entered the Martial Emperor Realm and become the overlord of the Nine Heavens Immortal Realm!" Su Zimo smiled. Initially, he wanted to kill the Cloud Underworld King and end this matter quickly. However, he suddenly changed his mind at this moment. Su Zimo said, "Cloud Underworld King, even if you obtained Qinglian, you will still die!" "Cough, cough!" The Cloud Underworld King coughed out blood and said with a bitter smile, "Since you've won, you can say whatever you want." "Slash!" Su Zimo took out the Qinglian Sword and cut off the Cloud Underworld King's head. At the same time, he sealed his Primordial Spirit within. "Su Zimo, what are you doing?!" The Cloud Underworld King shouted with a mournful expression. "Today's matter is not over yet." Su Zimo said calmly, "I'll bring you to meet my old friends. I'll let you see them off one by one. Finally, I'll send you off." After that, Su Zimo grabbed the Cloud Underworld King's long hair and bloody head and walked out of the hall. "Hmm?" Su Zimo's expression changed as a figure appeared in midair. His aura was powerful and was not weaker than the Imperial Lord experts like the old man with the iron crown. Immortal Emperor Lang Xiao, a peak Imperial Emperor! This peak Imperial Emperor glanced at Su Zimo and the others with a cold expression. He looked at the old man with the iron crown and asked slowly, "Everyone, what's the meaning of this?" Unlike Immortal Emperor Dan Xiao, Immortal Emperor Lang Xiao was a peak Imperial Emperor after all. When he saw this situation, he had to come out and ask clearly. "Nothing." The old man with the iron crown said, "The juniors settled their personal grudges in a fair battle. We did not interfere." Immortal Emperor Lang Xiao narrowed his eyes and said coldly, "You came uninvited and killed two Immortal Kings in the Lang Xiao Immortal Region. You even cut off the Cloud Underworld King's head. You call that nothing?" "How about I cut off that person's head now and say that it's nothing?" The Immortal Emperor Lang Xiao pointed at Su Zimo with killing intent in his eyes. "You can try." The old man with the iron crown said calmly. His gaze was fixed on the Immortal Emperor Lang Xiao, and a long sword appeared in his hand!

Emperor Bei Kun and Emperor Nan Peng looked at each other and did not intend to make a move. After all, they did not have any friendship with Su Zimo. This time, they came because Xiao Yao was too willful. The Nine-Tailed Demon Emperor and the Divine Elephant Demon Emperor took a step forward and stared at the Immortal Emperor Lang Xiao with unfriendly expressions. After the battle in the vast wilderness, the two of them had also obtained a lot of benefits. They had many Origin Stones and World Fragments and had broken through to the Perfected Immortal Emperor Realm. Seeing this, the Immortal Emperor Lang Xiao did not act rashly. If there was only one peak Imperial Emperor, he could give it a

try. If he was facing three peak Imperial Emperors, and the old man with the iron crown was the Sword Emperor who had been famous for a long time, he had no chance of winning! "Good, good, good." The Immortal Emperor Lang Xiao sneered and said, "Since all of you are acting like this, I'm afraid today's matter won't end so easily!" "The Heaven Realm today is no longer the same as before. With the Nine Heavens Immortal Emperor here, you won't be allowed to behave atrociously!" After saying that, the Immortal Emperor Lang Xiao's figure flashed and was ready to leave. He was going to the Divine Firmament Immortal Emperor to the Nine Heavens Immortal Emperor. "Wait." At that moment, a voice came from below.

## Chapter 3116

Immortal Emperor Lang Xiao paused and glanced sideways at the green-robed cultivator below. He said coldly, "Why? Do you, an Immortal King, want to keep me here?" Emperor Bei Kun, Emperor Nan Peng, and the others frowned. Since Immortal Emperor Lang Xiao was ready to leave, there was no need to complicate matters. After all, Immortal Emperor Lang Xiao was a peak Imperial Emperor. The group of people in Tianhuang Mainland did not even have a single Imperial Emperor expert, let alone a peak Imperial Emperor. Su Zimo rose into the air slowly and looked in the direction of Immortal Emperor Lang Xiao. A cold glint flashed across his eyes as he said slowly, "I heard that there's a Spirit Root in Immortal Domain. It's a Ginseng Fruit Tree." "So what?" Immortal Emperor Lang Xiao sneered. "You servants came to my Immortal Domain to kill people and take my Ginseng Fruit Tree?" Emperor Bei Kun and Emperor Nan Peng looked at each other and frowned. They had heard of the Ginseng Fruit Tree. It was said that the Ginseng Fruit Tree bloomed and bore fruit every 30,000 years. It would only mature after another 30,000 years. Every Ginseng Fruit contained extremely pure Heaven Earth Essence Qi. After eating it, one's lifespan would increase! However, the situation in Immortal Domain was different from that of Crimson Heaven. In Crimson Heaven, Crimson Heaven Palace fought with the people of Tianhuang Mainland. After they lost, it was normal for their Tree of Seven Wonders to be taken away. However, Immortal Emperor Lang Xiao Palace did not have any conflict with Su Zimo and the others. If they wanted to take away the Spirit Root of Immortal Domain just because they wanted to establish a realm, it would be too greedy and overbearing. Under such circumstances, the old man with the iron crown would not help him. The people of the Sword World were the most righteous. They were chivalrous and hated evil. This would be against chivalry. Of course, the old man with the iron crown knew Su Zimo well. He knew that there must be a deeper meaning for him to ask such a question. The old man with the iron crown's divine consciousness had already spread to Immortal Emperor Lang Xiao Palace and landed on the Ginseng Fruit Tree. The Frost Dragon Emperor had seen Su Zimo's actions and realized that there might be something else, so she decided to wait and see. "Immortal Emperor Lang Xiao, how dare you!" At this moment, the old man with the iron crown suddenly shouted. His eyes were as sharp as swords and directly locked onto Immortal Emperor Lang Xiao. The sword energy in his body was buzzing with murderous intent. He was ready to attack at any time!

Seeing this scene, everyone's expression changed. Even more people were puzzled. They didn't know what had happened to make the old man so angry. "Tie Guan, are you crazy?!" Immortal Emperor Lang Xiao's heart shook, and he didn't dare to be careless. He hurriedly drew out a horsetail whisk and became vigilant as he questioned loudly. The old man's voice was cold as he asked word by word, "What is buried under your ginseng fruit tree?" Hearing this, Immortal Emperor Lang Xiao's expression changed. Monarch North Kun, Monarch South Roc, and the others also realized the crux of the matter.

They spread out their consciousness and landed under the ginseng fruit tree in Gem Heaven Palace. Hiss! When the Imperial Emperors sensed the situation under the tree, they couldn't help but suck in a breath of cold air as their scalps went numb. Under this ginseng fruit tree, countless corpses were buried. They covered millions of miles, densely packed, and there were countless of them. Each of the corpses was extremely thin and small. It was obvious that they were all infants less than one year old. Some of the corpses still had rotten flesh and were relatively well-preserved. It was obvious that they had been buried not long ago. What was even more terrifying was that these infants were struggling and waving their arms before they died. There was great fear on their faces! These infants were all buried alive! The Imperial Emperors had been cultivating for so long and were used to seeing life and death. They had experienced countless battles and bloodshed. However, the Imperial Emperors had never seen such a cruel scene. These infants hadn't enjoyed much of the care and love of their parents. They hadn't really come into contact with the world around them before they were mercilessly buried under the ginseng fruit tree and had their flesh and blood essence absorbed by it! These infants probably didn't even know what had happened to them before they died. Even with the Imperial Emperors' consciousness, they couldn't calculate how many infants had been buried under this ginseng fruit tree over the countless years. In fact, if they hadn't deliberately investigated the ginseng fruit tree, they would never have discovered the secret buried under it. Su Zimo had sensed it because he was Qinglian, a rank-12 Creation cultivator. The moment he stepped into the Nephrite Immortal Domain, Qinglian's true body had an extremely repulsive feeling towards the direction of Nephrite Palace.

Although the Qinglian was strong, she was relatively gentle. She would never have such a reaction unless she was provoked. That was the reason why Su Zimo used his spirit consciousness to investigate the ginseng fruit tree and discovered the secret beneath it. The old man with the iron crown said coldly, "Nephrite Immortal Domain, you buried billions of infants alive for the sake of that ginseng fruit tree. You're truly heartless and sinful!" Everyone from Tianhuang Mainland was shocked when they heard that. "Amitabha," Ming Zhen's expression was sorrowful when he heard that and he chanted a Buddhist proclamation. Momo's eyes reddened and she felt extremely upset. Up till this point of his cultivation, although he had been by Su Zimo's side and fought against others, he had never killed a single person. At most, he had only injured the other party. This matter had a huge impact on him! "The ginseng fruit tree isn't a secret." Nephrite Immortal Emperor was calm when he saw that this matter had been exposed. He said, "The Immortal Emperors of the Nine Clouds Immortal Domain are well aware of this matter. They ate the ginseng fruits happily." The ginseng fruit tree was planted in the Nine Clouds Immortal Domain, so it naturally couldn't escape the senses of the Immortal Emperors. However, all the Immortal Emperors turned a blind eye to it. From the beginning to the end, none of the Immortal Emperors stepped forward. "You're wrong!" Lin Zhan suddenly said loudly, "Immortal Emperor Qing Xiao has never eaten your ginseng fruits. I saw with my own eyes that the ginseng fruits you gave him were smashed into pieces by him!" This happened a long time ago. At that time, Lin Zhan had even asked about the reason. Immortal Emperor Qing Xiao's expression was extremely ugly at that time. He wanted to say something many times but hesitated. In the end, he didn't tell Lin Zhan. He didn't expect such a terrible tragedy to be hidden behind this. "So what?" Immortal Emperor Qing Xiao smiled contemptuously and said, "I heard that he's already dead." Lin Zhan clenched his fists tightly. His knuckles were a little pale as he stared at Immortal Emperor Qing Xiao. Immortal Emperor Qing Xiao didn't care about Lin Zhan's anger at all. He looked at the old man with the iron crown and said leisurely, "Iron Crown, you don't have to be so agitated. These babies were less than a year old before they died."

They don't know anything and won't feel any pain."

"So, these babies deserve to die?"The old man with the iron crown's eyes became colder and colder. He asked slowly, "These babies can't feel pain, but their parents can't!"After seeing the scene under the ginseng fruit tree, even Celestial Emperor Bei Kun and Celestial Emperor Nan Peng looked at the Nephrite Immortal Domain with a hint of killing intent in their eyes, let alone the old man with the iron crown.This matter had crossed the bottom line of all living beings!What was more frightening was that Immortal Emperor Qing Xiao said this so casually. He didn't feel guilty at all."Haha ..."Immortal Emperor Qing Xiao laughed and said, "No wonder you're so angry. You forgot to mention one thing. These babies were born by some servants. They're as lowly as dust. Even if they're still alive, their lives are like ants in this great world."I'll bury them in advance and send them to reincarnate. In the future, they'll be reincarnated into a better family. It's also a good deed."A sword light flashed.The old man with the iron crown attacked!

## **Chapter 3117**

There was no need to say anything else.It was fine if the old man with the iron crown didn't see it.If he knew, he would definitely not sit back and do nothing!The old man with the iron crown had killed countless evil people in his life.Even so, it was extremely rare to see someone as heartless and vicious as Immortal Emperor Lang Xiao.What was even more ironic was that this person had been in charge of the Lang Xiao Immortal Realm for many years and was known as the Immortal Emperor!Even the most vicious Demon Emperors in the Demon Domain were not as vicious as Immortal Emperor Lang Xiao!Immortal Emperor Lang Xiao was prepared and reacted extremely quickly. He waved his horsetail whisk and turned it into a staff that collided with the tip of the old man's sword.Clang!The long staff instantly dissipated and turned into countless strands of dust that gradually dissolved and devoured the sharp sword qi that burst out.Clang! Clang!The old man with the iron crown held up a sword qi world. The sound of swords humming could be heard inside. Countless sword qi crisscrossed and burst out with dazzling sword light.Immortal Emperor Lang Xiao also quickly held up a perfected world that enveloped heaven and earth. At first, it was still filled with multicolored light, but not long after, sinister winds blew and demonic qi surged. The cries of resentful babies could be heard.Boom!The two perfected worlds collided and exploded with an earth-shattering bang!Immortal Emperor Lang Xiao was obviously at a disadvantage. A baby's scream could be heard from his world. It was strange and mournful.The Nine-Tailed Demon Emperor and the Divine Elephant Demon Emperor also took a step forward. They held up their own worlds and attacked Immortal Emperor Lang Xiao.The Frost Dragon Emperor, North Kun Emperor, and South Roc Emperor were also eager to try and wait for an opportunity to attack.Immortal Emperor Lang Xiao saw that the situation was not good and did not dare to stay any longer.With his battle prowess, even if he faced the old man with the iron crown alone, he did not have much of a chance of winning.Moreover, he was facing the siege of several Imperial Emperors at the Realm Lord level!Immortal Emperor Lang Xiao took advantage of the fact that the old man with the iron crown and the others had not formed an encirclement to clash with him again. Then, he turned around and fled, heading straight for the Divine Firmament Immortal Realm.Unless their battle prowess was overwhelming or they had an absolute advantage in numbers.

Otherwise, if a peak Imperial Emperor wanted to escape, it would be difficult for others to stop him.During the battle, the space trembled and shattered to travel through space tunnels.However, a

peak Imperial Emperor's movement technique was shockingly fast. In the blink of an eye, the Lang Xiao Celestial Emperor had left the territory of the Lang Xiao Celestial Realm and arrived at the Jing Xiao Celestial Realm. The old man with the iron crown had a frosty look on his face. The Sword Qi in the world behind him continued to condense, eventually converging on the longsword in his hand as he slashed forward! A dazzling sword light swept across the void and instantly entered Immortal Emperor Lang Xiao's world. Puchi! A deep wound appeared on Immortal Emperor Lang Xiao's back. Blood was dripping from the wound! If his world hadn't blocked most of the sword light's damage, this sword light would have cut him into two! "Chase me if you have the guts!" The cultivator from the Clear Sky Celestial Domain endured the excruciating pain and let out a long howl. His body was stained with blood and he sped up. He had already crossed the Bright Sky Celestial Domain and entered the Green Sky Celestial Domain. That sword strike just now seemed to have consumed a great deal of the old man's energy. However, his gaze was still cold, and the killing intent on his body was even stronger. He raised his sword and gave chase! "Brother Tie Guan, don't be rash!" Thearch North Kun and Thearch South Roc flashed and hurriedly stopped the old man with the iron crown. Seeing the old man's unfriendly expression, Thearch North Kun hurriedly said, "That Immortal Emperor Lang Xiao is clearly trying to lure us to chase after him. Immortal Emperor Lang Xiao is very likely in that direction!" "This is the Heaven Realm after all. There are only a few of us. If a Thearch battle really breaks out with Immortal Emperor Lang Xiao, I'm afraid we won't be able to gain any advantage." Thearch South Roc said in a deep voice. With this delay, Immortal Emperor Lang Xiao had already entered the Divine Firmament Immortal Domain and disappeared into Divine Firmament Palace. There was an extremely powerful aura around Divine Firmament Palace. Even the divine senses of the Imperial Emperors present couldn't detect it. "Senior, there's no need to chase after him. He won't live for long." At that moment, Su Zimo sent a voice transmission.

The old man with the iron crown was indignant, but he gradually calmed down. He didn't think too much about Su Zimo's words. He thought that Su Zimo was just comforting him. After calming down, he thought about it again. Even if he chased after Immortal Emperor Lang Xiao now, he probably wouldn't be able to kill him. Instead, he might be in danger. He had no confidence in facing that mysterious Immortal Emperor Lang Xiao! Of course, the old man with the iron crown didn't plan to give up just like that. Immortal Emperor Lang Xiao couldn't hide behind Immortal Emperor Lang Xiao forever. He would eventually show himself. As long as there was a chance, the old man with the iron crown would definitely strike again! Su Zimo led the group, tore through the void, and descended into Immortal Emperor Lang Xiao Palace. The Frost Dragon Emperor looked at Su Zimo and said, "This Ginseng Fruit Tree is a rare Spirit Root. It can bear Spirit Fruits even without the nourishment of infants. It can also gather Heaven Earth Essence Qi. You can take it away." "There's no need for that." Su Zimo looked at the Ginseng Fruit Tree below and the baby-shaped fruits hanging on the tree. His eyes were cold as he shook his head. A Spirit Root like the Ginseng Fruit Tree had awakened long ago and must have its own intelligence. However, the Ginseng Fruit Tree didn't reject such a vicious and cruel act. Instead, it chose to let nature take its course and even cater to it! The Ginseng Fruit Tree was stained with the blood of countless infants and was entangled with countless innocent souls! The Ginseng Fruit Tree was also an accomplice to such a tragic event! Indeed, Su Zimo needed Spirit Roots of Heaven and Earth. However, he would never allow such evil spirits to take root in his realm. "Then, this Ginseng Fruit Tree ..." The Frost Dragon Emperor hesitated. "Burn it!" Su Zimo conjured a Dharmic art and released four flames. Together with his Essence Spirit Flame, they formed the Pentadhi Dao Fire and scattered it towards the Ginseng

Fruit Tree.Splash!The Ginseng Fruit Tree trembled and shook off many Ginseng Fruits. They sank into the ground and refined the essence of the Ginseng Fruits, causing its aura to surge!Countless branches extended and wrapped towards Su Zimo.In the blink of an eye, the Ginseng Fruit Tree was filled with killing intent!"A trapped beast is still fighting!"

Su Zimo harrumphed coldly. His blood qi surged and he released his Bloodline phenomenon.A jade-green Qinglian rose from the ground and broke through the chaos, flickering with light!Although the Ginseng Fruit Tree was a rare spirit root in Heaven and Earth, it was way too weak compared to the Creation Qinglian.It was like a bloodline suppression. When the branches of the Ginseng Fruit Tree came into contact with the Creation Qinglian, not only did they fail to absorb any life essence, they withered rapidly and were robbed of their vitality by the Creation Qinglian!The branches of the Ginseng Fruit Tree shriveled rapidly.The Pentadhi Dao Fire descended and burned rapidly on the tree trunk.The fire spread along the thick roots of the Ginseng Fruit Tree and engulfed the entire Langxiao Palace, forming a raging inferno that spanned a radius of a million kilometers.Many cultivators of Langxiao Palace had already dispersed when they saw that the situation was bad.Su Zimo and the others stood in midair above the flames.Not only did the fire burn the Ginseng Fruit Tree to ashes and Langxiao Palace to the ground, it even incinerated the corpses of countless infants buried underground.It was only at this moment that those innocent infants were truly freed.

## **Chapter 3118**

Ming Zhen bowed and placed his palms together, chanting a sutra softly.The sutra was not long and only had 59 words and 14 sentences. However, those who heard it could not help but feel delighted, as though all their troubles had been eliminated and there was no resentment or hatred.The countless vengeful spirits buried beneath the Ginseng Fruit Tree that spanned a million kilometers were freed and reborn in paradise.In midair, phantoms of infants appeared one after another. They looked at Ming Zhen with pure and clear eyes with a hint of gratitude. Childlike smiles appeared on their tender faces once more."This little monk is profound in the Buddhist Dharma and has a benevolent heart. He's merely a True Spirit but he managed to create such a scene by chanting the Rebirth Mantra."Monarch North Kun praised.Emperor South Roc shook his head gently. "There are too many infants buried here and billions of vengeful spirits are condensed with endless vengeance. This little monk's cultivation realm is not high enough. He definitely won't be able to withstand releasing billions of vengeful spirits."In reality, that was indeed the case.As Ming Zhen chanted continuously, his face turned paler.If he ignored those vengeful spirits and vengeful spirits, there was a chance that some of their grievances would remain in the world and form malevolent spirits that would wreak havoc in the mortal realm.At the very least, they would have a chance of reincarnation if their souls returned to the world and entered the cycle of reincarnation.It was way too taxing for Ming Zhen to surpass billions of vengeful spirits. His Essence Spirit was getting weaker and his body was swaying slightly.However, he had no intention of stopping and his gaze was resolute.There seemed to be an unshakable determination and conviction in him.It was a determination that he would not become a Buddha until Hell was empty!It was a conviction that only by releasing all living beings would he be able to attain Bodhi!In Tianhuang Mainland, even a peerless genius like Monk Daming would avoid Ming Zhen's gaze unconsciously and lament, "Vajra's glare is incomparable to that of a Bodhisattva. I've finally witnessed it today."Ming Zhen's understanding of the Buddhist Dharma was clear."Namo Amitabha Night ..."Right then, another voice sounded. It was also a recitation of the Rebirth Mantra. Although it was a little sluggish, it was recited completely.Momo was

at the side. When she heard Ming Zhen reciting the Buddhist Dharma, she was filled with emotions and started reciting as well. Momo did not know Buddhist Dharma nor had she read Buddhist scriptures.

He only had a sincere heart. He hoped that these dead souls could be released and have a good home. Nian Qi's heart stirred, and she recited it as well. More and more people helped Ming Zhen recite the sutra to share the burden. Everyone was only speaking softly, but these little bits of sound continued to gather, finally erupting with an endless power of hope. Buddhist chants reverberated and buddhas manifested, ferrying millions upon millions of souls! After some time, the chanting gradually died down, and the aura of resentment in the surroundings dissipated. The sky above Langxiao Palace was usually shrouded in dark clouds all year round, making it difficult to see the sun. At the same time, the sky above Lang Xiao Palace was clear and the air was clear. The Light of Buddha shone brightly, bringing a hint of warmth to the land. Ming Zhen's palms were still pressed together and his eyes were closed. His body was bathed in a layer of golden light and a series of halos appeared behind his head. He looked dignified, as though he was about to ascend at the very next moment! "This is ..." Everyone sensed Ming Zhen's condition and their expressions changed. He was about to break through! Prior to this battle, Ming Zhen was only a True Spirit at the Kongming realm. Even if he broke through, he would only be at the Void realm. However, it was clear that he was about to advance to the Grotto-Heaven realm from the energy fluctuations emanating from Ming Zhen's body! This was equivalent to him breaking through two cultivation realms consecutively and one of them was even a major cultivation realm! Emperor North Kun lamented, "Ferrying millions upon millions of souls is an act of boundless merit. The reason why this little monk is able to have such an opportunity is because of the boundless merit he has." "The concept of merit and virtue is illusory. It has always been untraceable." Emperor South Roc shook his head gently and smiled. "I think that he's the one who's accumulating his strength." Boom! Right then, a tremendous energy fluctuation burst forth from the crowd once more! A Dao Fruit that shone with a bedazzling brilliance floated out from the consciousness of Scholar Immortal Yun Zhu. Its power rose rapidly and reached its peak before exploding. The surrounding void collapsed and a grotto-heaven appeared vaguely! Yun Zhu was breaking through and was about to advance to the Grotto-Heaven realm! Splash! Right then, the sound of a tsunami could be heard from Nien Qi's body as well. His blood qi surged and his body shone with a resplendent golden light. A Dao Fruit appeared slowly and was accumulating energy continuously.

Nien Qi was preparing to advance to the Grotto-Heaven realm at any moment as well! A violent energy fluctuation burst forth from the crowd. Instantly, many cultivators sensed something and broke through. Emperor North Kun looked at Emperor South Roc and asked with a smile, "Do you still think that the concept of merit is illusory?" Emperor South Roc shook his head with a bitter smile. Most of the cultivators who broke through had cultivated for a long time and accumulated experience. For example, Scholar Immortal Yun Zhu, the only reason why she was stuck at the Void realm was because she lacked an opportunity. But this time round, under Ming Zhen's lead, everyone joined forces and ferried millions upon millions of souls, bestowing boundless merit. Although merit was illusory, it possessed an indescribable might. With the addition of merit, many people would obtain an opportunity to break through! For example, Su Zimo had just attained greater mastery of the Grotto-Heaven realm. Even if he received some merit, his cultivation realm would not change at all. With the protection of the Imperial Lords, it was the safest place for everyone to break through. They would not be disturbed at all. Not only that, people like Yun Zhu, Ming Zhen, and Nien Qi had all reached the Grotto-Heaven realm. Although

they cultivated different Dao techniques, their Great Daos were similar. They could gain something from observing each other. After this matter was over, Su Zimo would bring everyone to the Divine Firmament Immortal Domain to settle the final grudge. Emperor Jin of the Divine Firmament Immortal Domain, the Flaming Sun Immortal King, and the Azure Sun Immortal King of the Divine Firmament Palace had joined forces with the Academy Patriarch to kill him back then! Emperor Jin also had a blood feud with Feng Cantian! Su Zimo pondered for a moment before looking at Momo beside him. He asked with his Divine Consciousness, "How is Xie Qingcheng of the Flaming Sun Immortal Kingdom after all these years?" Emperor Jin and the Azure Sun Immortal King were easy to deal with. After all, the Flaming Sun Immortal King was the father of Xie Qingcheng and the Red Rainbow Countess. Su Zimo had some ties with Xie Qingcheng and the Red Rainbow Countess. If he wanted to take revenge on the Flaming Sun Immortal King, he had to consider the two of them. At the mention of this matter, Momo couldn't bear it and said, "That Xie Qingcheng is so pitiful. Ever since Young Master's accident, his status as the Spirit Dawn Countess was abolished by his father."

Su Zimo frowned slightly. Back then, he was the one who helped Xie Qingcheng obtain the status of the Spirit Dawn Countess. He didn't expect that after his accident, the Flaming Sun Immortal King would immediately fall out with him and abolish Xie Qingcheng's status as the Countess. Momo continued, "Later on, Xie Qingcheng went to ask the Flaming Sun Immortal King about Young Master's matter. During that time, he contradicted the Flaming Sun Immortal King and angered him. He crippled his cultivation and sent him to prison!" Su Zimo's face darkened. He had long heard that because Xie Qingcheng's mother was born in the lower realm, he didn't have a good relationship with the Flaming Sun Immortal King and was never valued. He didn't expect the Flaming Sun Immortal King to be so ruthless! Just because he contradicted him a few times, he was so ruthless! In the heart of the Flaming Sun Immortal King, he probably never saw Xie Qingcheng as his own flesh and blood. Otherwise, he wouldn't be so heartless!

## **Chapter 3119**

Momo said, "Xie Qingcheng's mother wanted to meet the Flaming Sun Immortal King to plead for Xie Qingcheng. In the end, she was chased out before she could even see the Flaming Sun Immortal King." "Later, I heard that she was summoned by the Flaming Sun Immortal King and died in the harem." Su Zimo frowned as he listened. Momo said, "Later, Princess Yunzhu asked around and found out that Xie Qingcheng's mother was humiliated in the harem. She was tortured to death by the concubines in the harem. It was extremely miserable." Su Zimo's expression was ice-cold. It was impossible for the Flaming Sun Immortal King to not know about this. Without his tacit consent, those concubines would not dare to do such evil things! "How is Xie Qingcheng?" Su Zimo asked. Xie Qingcheng's cultivation was crippled and he was imprisoned. He would definitely suffer and might not be able to hold on for long. Momo said, "Not long after Young Master's accident, Qiankun Academy encountered an accident and declined. Princess Chi Hong wanted to save Xie Qingcheng, but she was powerless. Therefore, she came to the Zi Xuan Immortal Kingdom to ask for Princess Yunzhu's help." "Princess, you spent a lot of effort to get Xie Qingcheng out of the prison without anyone noticing. When she rescued him, he was already at the end of his life. If it was a few months later, he would have died in there and no one would know." "What happened after that?" Su Zimo asked. Momo said, "Without cultivation, Xie Qingcheng recuperated in the Zi Xuan Immortal Kingdom for a few years and barely managed to keep his life. He fell ill and became thinner day by day." "When he heard the news of his mother's death, his mental state

became extremely poor. His old injuries often relapsed and his body became worse."Su Zimo was silent.This series of blows was too great for Xie Qingcheng!Without the hope of revenge, coupled with the tragic death of his mother, it would be difficult for anyone to pull themselves together.Momo continued, "Later, it was Yang Ruoxu who found Xie Qingcheng and imparted Wu Dao's technique to him, allowing him to see a glimmer of hope for revenge."The old man with the iron crown had mentioned to Su Zimo that he had taught Wu Dao to Yang Ruoxu.Wu Dao was originally prepared for ordinary people.Even without the iron crown elder's teachings, Su Zimo would still find an opportunity to pass down Wu Dao's teachings.

Momo said, "With the help of Wu Dao's method, Xie Qingcheng's body has gradually recovered over the years. Although her cultivation state has not recovered, it is on the right track. Now she is cultivating in the Academy, hiding her identity." "It's good that you're still here." Su Zimo exhaled softly. At this time, the cultivators who had just obtained the opportunity had all finished their breakthroughs. Most of them had succeeded, while some had failed and could only try again in the future. There were still a few people who were still in the process of breaking through. Nien Qi was one of them. Su Zimo had just communicated with Momo through his spiritual will and did not pay attention to Nien Qi. At this time, he glanced over and frowned slightly. There seemed to be a problem with Nien Qi's breakthrough. Nien Qi was the goddess of the Light World. After going through the baptism of the Protoss's Divine Pool of Light, she was reborn and her bloodline was incomparably pure. Light was sacred! However, at this moment, a cold and dark power surged out of Nien Qi's body. Others could not detect it, but Su Zimo sensed it because of the Nether Fluorescent Divine Stone hidden in his left eye. "What's going on?" Su Zimo was puzzled. Nien Qi had not broken through for a long time because of the cold and dark power that was born in her body. Under the suppression of the crown on Nien Qi's head, this power could not completely erupt and was in a stalemate. However, as time passed, the cold and dark power in Nien Qi's body became more and more obvious. There was even a trace of dark aura on her Dao Fruit! Normally, this power should not appear in the body of the Protoss, who considered themselves to be light. Moreover, Nien Qi was the goddess of the Protoss! "This aura ..." Su Zimo's heart skipped a beat. In the Fiend Battlefield and the Land of Day and Night, he had encountered cultivators with this aura. It was the Dark Race! Back then, the Dark Emperor had created the Dark World. However, after the failure of the Heavenly Court, the Dark World was completely destroyed and the Dark Race was ruthlessly wiped out by the Heavenly Court. Some of the descendants of the Dark Race were imprisoned forever in the Sinful Land of Darkness. At this time, the changes in Nien Qi's body had attracted the attention of others.

"Dark power?" The old man with the iron crown frowned slightly. Emperor North Kun and Emperor South Roc looked at each other and sent a voice transmission. "Is the legend true?" "Dark mutation!" At this time, a fierce shout came from the crowd. This time, there were three Godly Monarchs with Nien Qi, two men and one woman. The ones who had shouted just now were these three Godly Monarchs! At this time, the two male Godly Monarchs looked at Nien Qi with abnormally cold eyes and even a hint of killing intent! The female Godly Monarch also had a complicated expression. She seemed to be unable to bear it but also helpless. As the Dao Fruit's power continued to accumulate, the dark power contained within also continued to rise. Finally, it reached a limit and completely erupted! The eight gemstones embedded in the crown on Nien Qi's head bloomed with divine light. Streams of divine power flowed out like a waterfall and washed over Nien Qi's body and Dao Fruit. The eight gemstones on the crown

contained boundless divine power. It was definitely the work of a Godly Monarch!"Ah!"Nien Qi's expression was pained. She groaned and trembled all over.The streams of divine power emitted from the crown occupied the absolute upper hand, wanting to thoroughly strangle the dark power within Nien Qi's body.And this dark power already accompanied Nien Qi.Straining the dark power was equivalent to wiping out Nien Qi's life force!Facing such a situation, those three Godly Monarchs just watched coldly from the sidelines. They did not have the intention of making a move to save at all.Su Zimo's figure moved, instantly arriving beside Nien Qi.His left eye turned pitch-black. The Nether Fluorescent Divine Stone appeared.Su Zimo's divine sense urged. The Nether Fluorescent Divine Stone emitted a wisp of extreme yin power, surging into Nien Qi's body.This wisp of extreme yin power contained the dark power to begin with. Fusing into Nien Qi's bloodline, it immediately strengthened the dark power within her body!With the help of the Nether Fluorescent Divine Stone, the dark power within Nien Qi's body strengthened continuously, gradually forming a momentum to stand up to light divine power as equals.But under such circumstances, Nien Qi still had not extricated herself from danger.Under the collision of the two extreme powers, forget about stepping into the grotto-heaven, she might even die and her Dao vanish!

"Nien Qi, you have to remain clear-headed."Su Zimo's divine sense voice transmission said, "I'll recite a mantra for you. Feel the changes in your body and try your best to comprehend."Su Zimo imparted the 600-plus word Yin Yang Talisman Sutra to Nien Qi.With Nien Qi's present situation, there was no other way. It could only depend on how much of the Yin Yang Talisman Sutra she could comprehend at the critical juncture.Su Zimo borrowed the Nether Fluorescent Divine Stone to continuously send the extreme yin power into Nien Qi's body. After evolving into the dark power, it resisted the light divine power constantly released by the crown gemstone, maintaining a balance.

## **Chapter 3120**

As time passed, the light and darkness powers in Nien Qi's body gradually stabilized.As for the eight gems above her head, their light also gradually dimmed.These eight gems contained an extremely large amount of light divine power. Under normal circumstances, Nien Qi would definitely not be able to withstand it.However, in front of the Nether Fluorescent Divine Stone, the eight light gems appeared somewhat insignificant.In the end, the divine power in the eight light gems dried up. Cracks even appeared on the gems, but the Nether Fluorescent Divine Stone did not change.The one who benefited the most was naturally Nien Qi.Looking at Nien Qi's state, it was obvious that she had comprehended the Yin Yang Talisman Sutra. The light and darkness powers in her body were no longer opposing each other. Instead, they were gradually fusing.Nien Qi's Dao Fruit was also constantly changing.A moment ago, it was shining brightly.In the next moment, it became cold and dark.Su Zimo heaved a sigh of relief. He stopped channeling the power of extreme Yin into Nien Qi's body, allowing her to continue breaking through to the Grotto-Heaven realm.The three Godkings who came with Nien Qi frowned when they saw this scene.Boom!Nien Qi's Dao Fruit shattered, erupting with a huge amount of power. It instantly pierced through the void and spread out, forming a Grotto-Heaven.Due to absorbing a large amount of light and darkness powers, Nien Qi's Grotto-Heaven power rose rapidly after forming it.Before long, she reached the peak of initial success in the Grotto-Heaven realm!She was just one step away from advancing another level and reaching greater success in the Grotto-Heaven realm!At this moment, two of the three Godkings looked at each other and communicated with their Divine Consciousnesses. They nodded slightly and walked towards Nien Qi.Nien Qi had just opened her eyes when she saw the two

Godkings walking over. She seemed to have thought of something. Her expression changed, revealing a trace of fear as she subconsciously took half a step back. "What are the two of you doing?" Su Zimo stood in front of Nien Qi, blocking the path of the two Godkings. After Nien Qi's change, Su Zimo noticed that the three Godkings' expressions were not right. Two of them even had a trace of killing intent towards Nien Qi! "Nothing." Godking Riyao's expression remained the same as he cupped his fists and said, "Now that this matter is settled, we're preparing to bring Nien Qi back."

Another God King also said in a deep voice, "Nien Qi, there are many experts here. We don't need you here. Follow us back to the Radiant World now." Su Zimo could clearly feel that Nien Qi, who was hiding behind him, was afraid of something. "Nien Qi won't go anywhere if we don't make things clear." Su Zimo said indifferently. Divine King Riyao frowned slightly and his expression darkened. "Fellow Daoist Su, this has nothing to do with you. This is a matter of the Radiant World and you have no right to interfere!" "Is that so?" Su Zimo smiled. "That's good too. From today onwards, Nien Qi is no longer a member of the Radiant World." Previously when they met in the Celestial Tribute world, Nien Qi wanted to leave the Radiant World and follow Su Zimo. However, at that time, Su Zimo was only staying in the Sword World temporarily and the time was not ripe. Right now, Su Zimo was preparing to create a world that belonged to the living beings of the lower world, a home for everyone on Tianhuang Mainland. Nien Qi did not want to stay in the Radiant World any longer. Furthermore, there was a dark mutation in her body. If she returned to the Radiant World, she would be killed mercilessly immediately! No one would protect her or pity her. When Divine King Riyao heard that, he stared at Su Zimo fixedly and said slowly, "Su Zimo, you might not realize what you're saying!" "You're challenging the laws of the Radiant World and making an enemy out of the Protoss!" Another Divine King also said coldly, "Su Zimo, let me give you a piece of advice. You'd better not be stupid. If you dare to take in this dark mutated person, you'll not only offend the Radiant World! " "Once the Celestial Tribute world finds out and punishes you, you and all of you from Tianhuang Mainland will die with her!" "Hahaha ..." Su Zimo laughed. Facing the threats of two Divine Kings, he was fearless. He only felt that it was ridiculous. Of course, most people did not know what Su Zimo was laughing about. Su Zimo said, "If not for the fact that you guys escorted Nien Qi all the way, you guys would have been dead by now." Divine King Riyao and the other two were shocked. The combat strength that Su Zimo displayed just now was indeed too terrifying.

Even if the three of them joined forces, they would not be able to withstand a single round! However, the three Divine Kings could not believe that Su Zimo from the lower world would dare to kill them in public! If this matter were to spread to the Radiant World, they would definitely seek revenge! Emperor North Kun coughed gently and reminded kindly, "Su Zimo, the one behind you might be from the Dark race." The Dark race was a sinful spirit that was punished by all races. The Dark Sinful Grounds was one of the Nine Sinful Grounds! It was easy for the Celestial Tribute world to take in a dark sinful spirit. Although Emperor North Kun did not say those words, his meaning was clear. "Dark race?" Su Zimo raised his brow slightly and smiled. "Even if she's from the Dark race, it doesn't matter. Anyone who wants to touch her will have to go through me first." "That's right!" Su Xiaoning added, "No matter what race she is from, she's from Tianhuang Mainland and is our best friend." "Well, well, well!" Divine King Sun Glorious said hurriedly, "Su Zimo, you're truly arrogant to the extreme! Do you think that you can go against the Radiant World just because you're the king of an immortal kingdom after flattening Crimson Firmament Palace?" "In the eyes of the experts of the Radiant World, destroying people of Tianhuang Mainland like you is as easy as crushing an ant!" "You guys can try," Su Zimo smiled gently. "You ..." The moment Divine

King Sun Glorious opened his mouth, Su Zimo said coolly, "I can destroy the three of you right now as easy as crushing an ant. Do you guys want to try?" Divine King Sun Glorious's expression changed and he swallowed the vicious words that were about to come out of his mouth! "Let's go!" After holding it in for a long time, Divine King Sun Glorious said hatefully before turning to tear through the void and vanishing. When he saw that, Emperor South Roc frowned and shook his head, sending a voice transmission to Emperor North Kun, "Su Zimo is truly way too conceited. He's already offended a great enemy like the Radiant World before the world is even created." "Indeed." Emperor North Kun replied with a voice transmission, "If Emperor Lord Araki Takeshi were to say those words, it would make sense."

Emperor South Roc lamented, "They're both Carefree's masters but the difference between them is way too great." The old man with the iron crown and the Frost Dragon Emperor revealed a look of worry in the depths of their eyes as well. Nien Qi who had just entered the Grotto-Heaven had a special bloodline. Now that he had clashed with the Radiant World, it was indeed easy for him to bring disaster to Su Zimo's group! "Young master, will I cause you any trouble?" Nien Qi looked uneasy and guilty as he said weakly, "I truly didn't do it on purpose. I don't know how that dark power was born either. I can't suppress it at all." "I-I ... Young master, should I leave?" "It's fine," Su Zimo smiled casually and said nonchalantly, "What's a dark sinful spirit like you? I've even taken in a bunch of Rakshasa sinful spirits!" He did not conceal his voice when he said that. The old man with the iron crown, Emperor North Kun and the others were shocked when they heard that.
