

Sacred King 3151

Chapter 3151

"What's wrong?" Su Zimo vaguely guessed that something must have happened when he saw that the three had arrived at the same time and their expressions were not right. Immortal King Ling Long glanced at Emperor North Kun, Frost Dragon Empress and the others, and said hesitantly, "I've been observing the weather during this period of time, and I saw that the three thousand domains were covered in dark clouds and undercurrents were surging. It seems that something big is about to happen." Lin Xuanji said, "The divination I deduced is not very good, but I can't deduce the specific direction." Elder Xuan also nodded and said, "I didn't deduce anything, but I feel a little uneasy these days, and I don't know the reason." "I met the two of them and found that the three of us were in a similar situation, so I came to tell you." Su Zimo frowned slightly. Emperor North Kun and the others seemed to have thought of something when they heard this, and their expressions changed slightly. Frost Dragon Empress said, "During this period, I heard that the Celestial Tribute Domain has completely opened the treasure pagoda and restarted the reward system. Is it related to this?" Emperor North Kun and Emperor South Roc also thought of this at the same time. Moreover, the two of them thought even further! If the Heaven Wasteland Domain was facing a crisis, there were only two directions. The first was the Light Domain. The second was the Celestial Tribute Domain. For a hundred years, the Celestial Tribute Domain and the Light Domain had not made any movements. They were a little puzzled, and thought that the Heaven Wasteland Domain had muddled through this crisis. Now, the Celestial Tribute Domain suddenly released such a signal, and it was very likely that they were beginning to settle old scores and establish their power! At this thought, Emperor North Kun and Emperor South Roc wanted to retreat, and leave the Heaven Wasteland Domain as soon as possible to avoid being involved. In fact, the two of them did not intend to come. They thought that sending an envoy was already giving the Heaven Wasteland Domain enough face. But Xiaoyao insisted on coming to congratulate them, and in addition to the frequent chaos in the three thousand domains in recent years, the two of them were worried that Xiaoyao would be in danger, and so personally brought him to the Heaven Wasteland Domain. The two Domain Lords of the Kun Peng Domain were also greatly shocked by the changes in the Heaven Wasteland Domain, and were just praising it. However, the current situation, and there seemed to be some changes.

The two Emperors looked at each other, and tacitly got up at the same time. Emperor North Kun said, "Realm Lord Su, this trip to the Heaven Wasteland Domain has indeed broadened our horizons. However, the three thousand worlds have indeed been in chaos in recent years. We have to return to the Kun Peng Realm as soon as possible to preside over the overall situation." Monarch North Kun's reasoning was very good, and it was hard to refuse. Su Zimo smiled and nodded. "As it should be." The Frost Dragon Empress hesitated for a moment before slowly standing up as well. The Hornless Dragon King hurriedly stood up as well. The Frost Dragon Empress said, "Since that's the case, let's head back. Farewell." After the battle between the dragons and the phoenixes, the Dragon World's vitality was greatly damaged. There were less than ten Imperial Emperors, and they could no longer withstand the impact of any war. The Frost Dragon Empress did not want to put the Dragon Realm in danger and lead to the destruction of her race. "Alright!" Su Zimo could also understand this, so he didn't urge him to stay and immediately agreed. Seeing this, the Lord of the Flower Realm also stood up to leave. Only the old ape sat on the chair, frowning and looking displeased. Seeing that a great disaster might befall Heaven

Wasteland Domain, these people left one after another. Although it was irreproachable to seek benefits and avoid harm, but he despised it! Thinking about it, the old ape sighed softly again. In the current situation, it was already very rare that they didn't take advantage of the situation to take advantage of it. "Senior, you should also go back." Su Zimo came in front of the old ape and cupped his hands slightly. The old ape was taken aback for a moment. "This brother of Yuan Huang is indeed a kind and loyal person. He didn't want to implicate others, so he took the initiative to persuade me to leave." The old ape quickly understood Su Zimo's intention and thought to himself. "Something's wrong, something's going to happen!" Immortal King Zi Xuan was secretly shocked, and said to Yun Zhu through divine sense, "I told you not to come to Heaven Wasteland Domain. Look, these important people are leaving!" "I was right, this Su Zimo can't hold up a domain after all!" Monarch North Kun casually tore open the Void, wanting to leave this place.

But when his fingertip tore open a crack in the Void, he suddenly felt a huge resistance. They couldn't enter the Void at all! "Hmm?" Monarch North Kun's heart sank. "The surrounding Void has been sealed!" Monarch South Roc shouted. The two of them were still a step too late! The expressions of the Frost Dragon Emperor and the others changed when they heard this. If only one or two Emperor experts sealed the Void, even a peak Emperor wouldn't be able to stop an expert of Monarch North Kun's level from leaving. In other words, the one who sealed the Void was definitely a peak Emperor expert, and there was more than one of them! More importantly, there was a hidden meaning behind the act of sealing the void. Only with absolute confidence would one seal the Void in advance. Sealing the Void meant that there was only one possibility — to kill all of them! What was even more frightening was that the Emperor experts in the hall didn't notice at all that the surrounding Void had been sealed! Who was the one who did it? "Heaven Wasteland Domain has just been established. This is such a big matter, why are you in such a hurry to leave?" At this moment, a voice came from outside the hall. The next moment, a series of powerful auras burst forth from the sky above Heaven Wasteland Domain and slowly descended. Outside the hall, golden light spread and illuminated the world as if it was daytime! Suddenly, people and horses neighed as a large number of cultivators and living beings descended on Heaven Wasteland Domain! Everyone scanned with their divine senses and their expressions changed drastically! The cultivators outside were densely packed and almost covered the sky above Heaven Wasteland Domain. They came from different domains and seemed to be an army of at least a hundred million people. "It's the Light World!" The Frost Dragon Emperor whispered. There were so many cultivators outside and they came from different domains. However, upon closer inspection, one could see that these domains were mainly from the Light World. They were either subordinate domains of the Light World, subordinate domains of the Light World, or friendly with the Light World. Just the Imperial Monarchs alone numbered over 80! Other than the fifteen Imperial Emperors from the Light World, the remaining Imperial Emperors were all from other worlds.

These Emperor experts, led by the Lord of the Light World, arrived in front of the Heaven Wasteland Hall in the blink of an eye! This was an unimaginable aura and pressure surging over. It was majestic and suffocating! Before the Lord of the Light World and the others entered the hall, Immortal King Zi Xuan could no longer stand. He sat weakly next to Yunzhu and muttered, "It's over, it's over, we're going to be killed by Su Zimo!" Let alone an Immortal King like him, even peak Immortal Emperors like the North Kun Monarch and the Frost Dragon Empress felt tremendous pressure! Even a war between super Great Realms could not compare to such a grand scale of battle. The few of them did not bring anyone with

them.If a conflict really broke out, no matter how strong they were, they would not be able to stop the eighty Emperor experts led by the Lord of the Light World!More importantly, the surrounding void was sealed, which was equivalent to cutting off all connections with the outside world!They could not even ask for reinforcements!

Chapter 3152

The Lord of Light led more than eighty Emperor experts into the Heaven Wasteland Palace, causing the ground to shake!"Fellow Daoist Tian Yao, what are you here for?"Emperor Bei Kun cupped his hands and asked."To congratulate Realm Lord Su, of course."The Lord of Light turned his gaze to Su Zimo, saying faintly, "I came uninvited, Realm Lord Su won't blame me, right?"This is the Lord of Light!"The voice of the Ice Dragon Emperor suddenly sounded in Su Zimo's mind, reminding him, "This group of people has bad intentions, be careful!"Before Su Zimo could speak, the old ape suddenly sneered, "Do you need so many people to come to congratulate?"The more the merrier."The Lord of Light smiled, "I mentioned to the Realm Lords of these domains that the Heaven Wasteland Domain has just been established, and the Realm Lord is courageous and daring, not only daring to take in the dark sinful spirit, but also entangled with the Rakshasa sinful spirit."The Realm Lords of these domains also want to come and take a look."These words were already filled with hidden killing intent!An Emperor raised his voice, "This must be Realm Lord Su, why do you look so unwelcoming when you see us coming to congratulate?"The person who spoke was the Moon Illumination Realm Lord.In the entire palace, until now, the only person who could still maintain a calm expression was Su Zimo.When he heard that, Su Zimo smiled. "Of course you're welcome. I've said that everyone is a guest. Please take a seat."Hahahaha!"The Celestial Emperors laughed when they heard this.In such a situation, who would dare not welcome them?This Su Zimo was also smart."Sit."The Lord of Light waved his hand, indicating the Emperors to take a seat in the palace.What was strange was that, including the Lord of Light, more than eighty Emperor experts did not sit in the upper seats, but dozens of upper seats were empty."The Heaven Wasteland Domain has just been established for a hundred years, and it has such a scene, it is really surprising."The Lord of Light looked at Su Zimo, smiled and praised, "Realm Lord Su is really good."You flatter me."Su Zimo replied indifferently."It's a pity ..."The Radiance Lord's tone changed. He retracted his smile and slowly said, "Such a beautiful scene is about to disappear."

Monarch North Kun and the others shuddered upon hearing this.This sentence had already revealed the intentions of the Radiant Lord and the others!"I've also heard about this matter. There should be some misunderstanding."Emperor Nan Peng tried to smooth things over. "Su Zimo is from the lower world after all. He might not know much about evil fiends and sinful spirits. Just get him to hand over the dark sinful spirit, the Rakshasa sinful spirit."As a matter of fact, Monarch Nan Peng was actually reminding Su Zimo to hand the person over as soon as possible!"A hundred years!"The Radiant World Lord sighed and said, "It's been a hundred years and he still hasn't handed over the Dark Sinful Spirit. It's already too late."Monarch Bei Kun and the others looked at each other in silence.Given the attitude of the Radiance Realm Lord, it was clear that he wouldn't leave the matter at that. Even if they appeared, it would be useless.The Heaven Wasteland Domain would not be able to escape this calamity."A hundred years. Indeed, there should be an explanation for this matter."Su Zimo said, "However, this matter has nothing to do with the Radiant World Lords. Let them leave first."Monarch North Kun and the others had complicated expressions on their faces.In all fairness, they quite liked Su Zimo.This young man knew that he was going to die, but he didn't want to implicate them."No one is allowed to leave without a

conclusion to today's matter!"The Radiant World Lord sneered and said in a decisive tone.Monarch North Kun frowned and his expression turned cold. He said in a deep voice, "What? Daoist Tian Yao, do you still want us to stay?"The old ape said coldly, "If we join forces and fight to the death, even if we can't win, how many of the eighty Monarchs you brought with you can survive?"The old ape's words were extremely powerful.If the Radiant World Lord wanted to attack them, he would have to pay a heavy price!Most of the eighty Monarchs weren't from the Radiant World. These Monarchs weren't united.The old ape wanted to make these Monarchs hesitate and not act rashly!However, after he said this, the group of Monarchs only chuckled a few times with mocking expressions, as if they weren't worried at all and didn't care.

The Frost Dragon Emperor frowned slightly and pondered.The Radiant World Lord and the other eighty Monarchs were a powerful force that couldn't be ignored.However, these people shouldn't be able to silently seal the Void outside Heaven Wasteland Domain.In other words, there was another expert who sealed the Void!The Frost Dragon Emperor glanced at the empty main seat and the many upper seats in the Heaven Wasteland Palace. She seemed to have thought of something and her heart suddenly sank.Could it be ...At this moment, waves of powerful aura suddenly surged from outside, even suppressing the dozens of Monarchs in the palace!In the blink of an eye, dozens of figures appeared at the entrance of the Heaven Wasteland Palace.The leader wore a long green robe and was expressionless. He was the first to step into the palace!When this green-robed man stepped into the palace, a heart-palpitating aura spread out and shrouded the heads of everyone in the palace!The many Monarchs in the palace could feel a fear that came from the depths of their bloodlines!This was bloodline suppression!Even Emperor North Kun, Emperor South Roc, and the Frost Dragon Emperor, who had powerful bloodlines like the Kun Clan, the Roc Clan, and the Dragons couldn't avoid it!The hall instantly became deathly silent!"Who wants to leave?"The green-robed man looked around and his gaze fell on Emperor North Kun and the others. He said indifferently, "I can send him on his way first."Hiss!With just one sentence, Emperor North Kun and the others felt their hair stand on end and their scalps tingle!It was as if if they dared to say a word, this green-robed man would attack and directly send them to the netherworld!Even the prideful Elder Ape was shocked.When he saw this person, his eyes burst with a bloody light. He looked agitated and clenched his fists tightly, trying hard to control himself!He recognized this green-robed man.Back then, this was the person who led the Celestial Tribute World and killed half of the Blood Ape World!And this person wasn't from the Celestial Tribute World, but from the Heavenly Court!Furthermore, the Elder Ape could clearly sense that this green-robed man was stronger than before!Su Zimo swept his gaze across and his gaze landed on the badges at the waists of the Imperial Lords – the word 'Cang' was written on them.

One of the Nine Heavens, Cang Heavens.Behind the green-robed man, Su Zimo caught sight of another familiar face.Emperor Green Flame.However, the Emperor Green Flame did not recognize him.The green-robed man and the other 50 Heavenly Courts' Imperial Lords entered the palace and headed forward.The World Lord of Light and the others stood up one after another and bowed respectfully.Unable to withstand the pressure, Emperor North Kun and the others bowed and retreated.The green-robed man's gaze shifted to the Elder Ape.Initially, the Elder Ape was seated on his chair the entire time. At that moment, he stood up slowly and grit his teeth, raising his head without bowing!"You're still the same."The green-robed man was indifferent and walked past the Elder Ape, saying casually, "I should have killed all of you monkeys back then."The Elder Ape's body trembled

slightly and he did not say anything. Under everyone's gazes, the green-robed man naturally arrived at the main seat in the middle of the palace and sat down, as though he was the owner of this place. The other Imperial Lords of the Heavenly Courts sat down as well. It was only at this moment that Emperor North Kun and the others realized that the empty seats were reserved for them!

Chapter 3153

"This Su Zimo, just how big of a figure did he offend!" Immortal King Zi Xuan wailed in his heart. He had lived for hundreds of thousands of years, but had never seen more than five Emperor experts. He had never seen such a scene, where more than a hundred Emperor experts appeared all of a sudden! Moreover, the fifty that appeared later obviously had a greater background. Even a figure like the Lord of the Light Sector had to bow and salute in front of this group of people! In fact, this was indeed the case. When the green-robed man appeared and asked a question, everyone in the main hall was silent like cicadas in winter! The imposing manner of Emperor Kun of North Kun and the Frost Dragon Emperor were completely suppressed! Although they had never seen the green-robed man before, they had already guessed the origin of this group of Emperor experts. Emperor Kun of North Kun and Emperor Nan Peng exchanged a glance, secretly shaking their heads. Heaven Wasteland Domain was finished. They thought that the worst possibility was that the Celestial Tribute Domain and the Light Sector would find trouble with Heaven Wasteland Domain. Unexpectedly, the actual situation was more serious than they had imagined! The colossus behind the Celestial Tribute Domain had directly sent people over. Moreover, to deal with a small Heaven Wasteland Domain, they had directly sent out fifty Emperor experts! It was impossible to save Heaven Wasteland Domain. Now they only had one thought, and that was to escape unscathed as much as possible.... After the green-robed man came to the main seat in the main hall of Heaven Wasteland Domain and sat down, he saw that the Lord of the Light Sector and the others were still standing and bowing. He smiled and said, "Everyone, sit down, no need to be reserved." "Thank you, Lord." After the Lord of the Light Sector and the others thanked him, they carefully sat down. At this time, Su Zimo, who was standing in the middle of the main hall, became unusually conspicuous. Emperor Kun of North Kun, the Frost Dragon Emperor and the others could not help but glance at Su Zimo, slightly taken aback. In such a situation, the Heaven Wasteland Domain Lord looked incomparably calm, and his expression was as usual, without panic, surprise, or fear... Even they, as bystanders, were under tremendous pressure and uneasy. No one could imagine what kind of pressure Su Zimo, who was in the center of the storm, was under!

Under such circumstances, no matter if Su Zimo was terrified, trembling, or even weeping and begging for mercy, they would not be surprised, and they could understand. The only thing they didn't expect was that Su Zimo would be like this. It was too peaceful! It was so calm that it was incomprehensible. However, the green-robed man did not look at Su Zimo at all. To him, the so-called Heaven Wasteland Domain Lord, a peerless Immortal King, was not worthy of his attention. Dong dong! The green-robed man stretched out his finger and tapped the table lightly, causing everyone's hearts to tremble and they immediately became nervous. "Let me introduce myself." The azure-robed man said, "I'm from the Heavenly Court. I'm sure some of you have some understanding of the Heavenly Court. To put it simply, the Heaven Realm is acting on the orders of the Heavenly Court." Monarch North Kun, Frost Dragon Empress, and the others had already guessed who these people were, so they weren't surprised. It was the first time the master of the Flower Realm and Immortal Emperor Zi Xuan had heard about it! Even the Reverence World had to obey the orders of the Heavenly Court! The azure-robed man

continued, "I'm from the Heaven Realm of the Heavenly Court, and I'm the Heaven Inspector Heavenly Ambassador." There was silence in the main hall. "Oh, you probably haven't heard of the Heaven Inspector Heavenly Ambassador." The azure-robed man continued, "To put it simply, only the strongest person under the Heaven Realm, other than the Heaven Realm Emperor, is qualified to be an Heaven Inspector Heavenly Ambassador." The strongest person under the Heaven Realm Emperor! The Heaven Inspector Heavenly Ambassador said, "Every time before the demons wreak havoc, the Heaven Inspector Heavenly Ambassadors will head to the three thousand domains to patrol and have a chat with the current Realm Lords." "Haha, everyone, don't be nervous and don't be afraid." The Heaven Inspector Heavenly Ambassador looked at Monarch North Kun, Monarch South Roc, and the others and chuckled. "Since we've met here, it saves me the trouble of visiting. I'll also ask you a question." The hearts of Monarch North Kun and the others trembled. The Heaven Inspector Heavenly Ambassador spoke softly and with a gentle attitude, but Monarch North Kun, Monarch South Roc, and the others knew that if they answered incorrectly, the Heaven Inspector Heavenly Ambassador would turn hostile and kill them!

The Heaven Inspector Heavenly Ambassador's tone gradually lowered as he said slowly, "With the demons wreaking havoc in the world, do the Kun Peng World, Dragon World, Blood Ape World, and Flower World plan to side with the demons and rebel against their superiors, or do you plan to be ordered by the Heavenly Court to slay the demons and quell the chaos?" The expressions of Monarch North Kun, Flower World, and the others changed slightly. It was obvious that he wanted them to declare their stance! Monarch North Kun said, "The Kun Peng World will definitely stand on the Heavenly Court's side." The Flower World's Lord also quickly said, "It's our duty to slay the demons." "Very good, very obedient." The Heaven Inspector Heavenly Ambassador clapped and smiled. His gaze turned to the Elder Ape and Frost Dragon Empress. The Elder Ape clenched his fists and remained silent. The Frost Dragon Empress fell silent for a moment before forcing a smile. "ing to the Heaven Inspector Heavenly Ambassador, the Dragon World has just experienced a calamity. Our clansmen have suffered heavy casualties and less than a tenth of them are still alive. We are truly unable to participate in the war against the demons." "At my age, I still have some strength and can be ordered by the Heaven Inspector Heavenly Ambassador." The Frost Dragon Empress' words were in fact prepared to sacrifice herself to protect the bloodline of the Dragons and not let the Dragons be involved in the calamity of the world. "Oh?" The Heaven Inspector Heavenly Ambassador smiled and said, "In that case, the Dragons will be on the side of the demons." "No!" The Frost Dragon Empress' expression changed and she hurriedly explained, "The Dragons are just unable to participate in the war and will not help the demons..." "Since they are unable to participate in the war, then there is no need for the Dragons to exist." Before the Frost Dragon Empress finished, the Heaven Inspector Heavenly Ambassador interrupted her and said faintly, "If they are not being ordered by the Heavenly Court, then they are helping the demons! The Dragons do not want to help either side and only care about themselves. How can there be such an easy thing?" The Frost Dragon Empress' face turned pale. Su Zimo stood in the main hall and remained silent. He was observing and wanted to know the true purpose of this group of people. This group of people from the Heavenly Court should not have mobilized so many people just for the Heaven Wasteland Domain! Therefore, he was not in a hurry to transfer Wu Dao's original body over and was also guarding against the Great Wasteland Domain.

However, when he heard this, he was sure of one thing. The War of the Heavens was initiated by the

demons, but the party that forced the Three Thousand Domains to express their stance and involved the beings of the Three Thousand Domains in this war was indeed the Heavenly Court! The Demon Lord had looked for him. The Evil Emperor had also looked for Die Yue and wanted to ask her for help. Even if Die Yue refused, the Evil Emperor did not make things difficult for her. Neither the Demon Lord nor the Evil Emperor forced them and instead allowed them to make their own choice. But in front of the Heavenly Court, the Three Thousand Domains had no choice! Either they were ordered by the Heavenly Court to charge at the forefront and fight against the demons. Or they died! "The Heavenly Court is really impressive." At this moment, a voice suddenly sounded in the middle of the main hall and was extremely ear-piercing! Under the pressure of the Heaven Inspector Heavenly Ambassador, all the Emperors were trembling in fear, who dared to speak carelessly? And with sarcasm? This person was hopeless. Everyone looked at Su Zimo in the middle of the main hall as if they were looking at a dead man. Emperor Kun and the others secretly shook their heads, feeling a trace of pity in their hearts. "Ha..." Emperor Green Flame suddenly sneered, "We forgot about the Heaven Wasteland Domain Lord, he is not happy."

Chapter 3154

Su Zimo ignored Emperor Azure Flame. Instead, he looked at the Emissary Inspector Heavens sitting on the main seat and asked calmly, "Why did the Heavenly Courts seal the Middle Worlds and block the ascension path of the Myriad Races?" The Emissary Inspector Heavens raised his brows slightly. This matter was originally an extremely secretive matter. Even among the Imperial Emperors of the various worlds, not many people knew about it. The Celestial Tribute World did not allow the Middle Worlds to discuss it, nor did they allow anyone to mention it. When Emperor North Kun, Emperor South Roc, Frost Dragon Emperor, and the others heard this, their expressions changed. They were clearly moved! As Realm Lords and super Great Worlds that had a legacy of several epochs, they naturally had extremely secretive legacies. Although they did not know the exact situation, they had a rough guess. "You actually know about this?" The Emissary Inspector Heavens smiled. Su Zimo continued, "I also know that the Nine Heavens as the Courts have sealed a large amount of Heaven Earth Yuan Qi from the Middle Worlds within the Heavenly Courts. This caused the Heaven Earth Yuan Qi in the Middle Worlds to be relatively thin, making the cultivation of the Myriad Races much more difficult." "Hahahaha." The Emissary Inspector Heavens laughed and asked, "So what if you know?" Su Zimo did not answer and only continued asking, "What is the Heavenly Courts' goal?" "Are you questioning me?" The Emissary Inspector Heavens looked at Su Zimo with eyes full of sarcasm and mockery. He laughed and said, "You Middle World beings are just a bunch of ants, livestock that we rear." "As livestock, you have to have the awareness of livestock. If there comes a day when you feel indignant and want to jump out of your cage, only slaughter awaits you!" Since he was prepared to kill them all, the Emissary Inspector Heavens did not intend to hide anything. The Emissary Inspector Heavens looked down at Emperor North Kun, Light World Lord, and the others and said gently, "The Heaven Earth Yuan Qi in the Middle Worlds is also a reward from the Heavenly Courts. You have to know how to be content and grateful." The Emperors of the Middle Worlds were insulted by the Emissary Inspector Heavens. Emperor North Kun, Emperor South Roc, and the others were expressionless and did not dare to refute. They could only suppress the anger in their hearts! The Light World Lord hurriedly got up, knelt on the ground and said loudly, "Thunder and rain dew are all heavenly grace, the Light World will definitely remember it. If the Heavenly Courts has any orders, the Protoss of the Light World will die!" Let alone Emperor Bei Kun, everyone from the Heaven Wasteland Domain felt a burst of disgust. Even some Emperors from the Light Domain bowed their heads slightly, a look of shame flashing across their eyes.

Emperor North Kun and others were under pressure pressure pressure. As for the Radiant World Lord's side, he was completely a servile and fawning servant!"Heavens."Lord Kun. Heavenly Courts' said said said said," Heavens, look, he, he. World Emperor Heavens. Inspector Heavens said said World world World. said Heavenly Courts Lord"Earth Yuan think. "The Heavenly Inspector Heavenly Ambassador looked around and said, "Heaven Wasteland Domain is indeed well built, and is not inferior to the various immortal palaces of the Heavenly Court.""But you bunch of ants live in a place similar to the Heavenly Court. You have overstepped your boundaries and committed a heinous crime.""You are all livestock. How can you live and cultivate in such an environment?"Only Firmament Inspector Heavenly Ambassador's voice resounded in the hall.No one dared to interrupt. The atmosphere was extremely stifling!Everyone knew that there would be a massacre today.But no one knew when this massacre would come!Empyrean Lord North Kun and company even vaguely hoped that the Firmament Inspector Heavenly Ambassador would continue speaking. That way, the massacre might come a little later."It's about time."At that moment, the Firmament Inspector Heavenly Ambassador suddenly said.Then, he looked at the center of the hall and Su Zimo, who had a calm expression, and said with a faint smile, "Let me guess. You are still so calm even now. You must be expecting someone from the Sword Realm to come and save you, right?""It's a pity that the surrounding void has been sealed. Your message won't be able to spread.""But it doesn't matter. I'll show you the situation of the Sword Realm."As soon as he finished speaking, the Firmament Inspector Heavenly Ambassador took out a transparent water ball and suddenly threw it out of the hall. It shattered in the sky above the Heaven Wasteland Domain and turned into a huge water screen!Through the water screen, everyone saw nine sword-shaped continents and a huge palace complex in the middle of the nine continents!Through this water screen, everyone was able to see everything in the Sword World clearly!And at this moment, the void around the nine great sword edges of the Sword Realm was also sealed. There were many cultivators standing there, far more than the army outside the Heaven Wasteland Domain. They surrounded the Sword Realm so tightly that not even a drop of water could pass through!

Empyrean Lord North Kun, Ice Dragon Emperor, and the others were greatly shocked.They saw that in the various camps around the Sword Realm, there were more than ten Empyrean Lords from the Sky Vision Domain, Stone Domain, and Golden Crow Domain!There were also people from the Blood Domain, but there were not many of them.But these Empyrean Lords were not enough to make Empyrean Lord North Kun's expression change.In addition to the Empyrean Lords from these super domains, the experts from the Sky Tribute Domain were also present. Including the six Sky Tribute Domain Lords, there were more than a hundred Empyrean Lords leading the Sky Tribute Army!In front of these Empyrean Lords stood three major camps. The token on their waists was made of the same material as the token of the Firmament Inspector Heavenly Ambassador in the hall.However, the words on the tokens of the three major camps were Yan Haoxuan.In each of the three major camps, there were fifty Empyrean Lords.In addition to the three super domains of the Sky Tribute Domain, the number of Empyrean Lords around the Sword Realm was close to three hundred!The Sword Realm was finished!This was the only thought left in the minds of Empyrean Lord North Kun, Ice Dragon Emperor, and the others.Three hundred Empyrean Lords were enough to sweep through all the domains of the Middle World!Moreover, they were led by the Empyrean Lords of the Sky Court!In the Sword Realm, the Iron Crown elder and the other Sword Realm cultivators also appeared.Through the water screen, everyone could clearly see the Iron Crown elder's pale face and the fear in the eyes of the sword

cultivators! Everyone could even see the beads of sweat on the sword cultivators' foreheads. The army of nearly three hundred Empyrean Lords was like a torrential flood that could devour everything and destroy all life. The Sword Realm appeared so insignificant and helpless in front of this shocking torrent. In the end, the old man with the iron crown still stood out and asked in a loud voice, "What is the meaning of all of you coming to the Sword World?" "The Sword Realm colluded with evil fiends and sinful spirits. We will kill them without mercy!" White Sky Inspector Heavenly Ambassador said coldly. The Iron Crown elder said in a deep voice, "Do you have any evidence?" "My words are the evidence!" White Sky Inspector Heavenly Ambassador said expressionlessly.

In the Heaven Wilderness Grand Hall, Empyrean Lord North Kun and the others could already see the Heavenly Courts' intentions. They could not help but sigh. The Heavenly Courts' Sky Tribute Domain had joined forces with many super Great Domains. With such a lineup, it was obvious that they had no intention of letting the Sword Realm live. No matter how the Sword Realm explained, it was useless. With the Fiend Slaying War at hand, the Heavenly Courts clearly wanted to establish their dominance. They wanted to use the blood of the Sword Realm to warn the thousands of living beings in the three thousand domains of what would happen if they stood on the wrong side! Even if it was not the Sword Realm, there would be other realms. In short, the Heavenly Courts wanted to use the blood of a super Great Domain to establish their dominance!

Chapter 3155

In the main hall, people like Lin Zhan and Feng Cantian were not worried about Su Zimo at first. After all, they knew that Wu Dao's true body was behind Su Zimo. The Heavenly Court sealed off the surrounding Void, preventing information from being transmitted, but it was impossible to seal off the connection between Su Zimo's two true bodies. With a thought, Wu Dao's true body could descend here at any time! But seeing this scene, the people of Heaven Wasteland Domain looked solemn, and looked at Su Zimo with worry. No matter how strong Araki Takeshi was, he could not split himself, and could only save one side at most. If Araki Takeshi descended on Heaven Wasteland Domain, they could only watch as Sword Realm was destroyed! With nearly three hundred Emperors leading an army of hundreds of millions attacking with all their might, Sword Realm would not even last for half an hour! If Araki Takeshi went to Sword Realm, Heaven Wasteland Domain would also be destroyed in an instant. This was destined to be a difficult choice! Seeing this scene, Su Zimo only narrowed his eyes slightly, and remained calm. He had been waiting for the Heavenly Court to reveal their trump card, which was why Wu Dao's true body did not appear. Now, the Heavenly Court placed a large number of troops in Sword Realm. But in the nine heavens, there were still five days that had not appeared. Su Zimo wanted to confirm the movements of the remaining five days! "Firmament, Yan Tian, White Tian, Xuan Tian." Su Zimo said, "Since there are nine days, why are there only four days?" "Haha!" The Firmament Inspector Heavenly Ambassador chuckled, "To deal with Sword Realm and Heaven Wasteland Domain, let alone four days, just one day is enough." Emperor Qing Yan curled his lips, "They will arrive in five days, but an ant like you won't have the chance to see it." "Oh." Su Zimo nodded. The Firmament Inspector Heavenly Ambassador stood up, stretched out his arms, looked at Su Zimo and the people of Heaven Wasteland Domain, and said with a smile, "Everyone is lucky to witness this killing feast with us!" "No need to thank me, because ... I will soon send you on your way and reunite with Sword Realm." The voice of the Firmament Inspector Heavenly Ambassador spread to every corner of Heaven Wasteland Domain. The hundreds of millions of troops led by the Light World became unusually excited, and their eyes flashed

with a bloodthirsty light.

The people of Heaven Wasteland Domain looked at the water curtain above their heads and realized that a great disaster was about to befall Heaven Wasteland Domain. They were all terrified and uneasy. The Firmament Inspector Heavenly Ambassador's voice, continued. "This battle will be known throughout the three thousand domains, I will let you animals understand what the will of Heavenly Court means!" "If you go against the will of the heavens, the Sword World will be your end!" Great Domain. Butterfly valley. The Heavenly Court's Awakened opened opened opened opened opened opened. Opened his eyes. At the same time, Heavenly Court Heavenly Court. "God, you detected it!" Heavenly Heavenly Court "ambassador asked. "Yes" Heavens' Heavenly Heavenly Court's people Heavens"s. Wu Dao said, "There are close to three hundred Emperors in the Sword Domain, led by three Divine Emissaries, two young masters of the Celestial Court, and the Celestial Tribute Domain. There are more than a hundred Emperors in the Heaven Wasteland Domain, led by the Divine Emissaries of the Firmament and Emperor Qing Yan." Die Yue stood up and said indifferently, "You go to the Sword Realm, leave Heaven Wasteland Domain to me." For a hundred years, Die Yue had yet to take that step. During this period of time, Die Yue did not cultivate in seclusion, nor did she stay with Wu Dao's original body. Instead, they were like mortals, working at sunrise and resting at sunrise. Strolling among the flowers; Washing their feet by the stream; Meditating in the mountains; Drinking alone under the moon. Unknowingly, Die Yue's injuries had already healed. Wu Dao's main body would occasionally glance at Die Yue from afar. There was no change in Die Yue's realm. However, Wu Dao's main body could sense that Die Yue's body was constantly changing! This change was indescribable, and even Wu Dao's main body could not explain it or see through it. Die Yue seemed to have completely integrated into this world and nature in a hundred years, and her body was tainted by the mortal world. However, she also seemed to be traveling outside of heaven and earth, overlooking all living beings. She had already reached a transcendent state of 'extreme emptiness, tranquility'!

Wu Dao's main body could sense that Die Yue was much stronger than she was a hundred years ago! However, he could not say for sure what level her battle strength had reached. "Heaven Wasteland Domain has an Inspector Heavenly Ambassador, Emperor Qing Yan, and more than a hundred Emperor experts, you..." Wu Dao's main body was slightly hesitant, still somewhat worried about Die Yue. Die Yue smiled and said, "I don't have much confidence against three Inspector Heavenly Ambassadors, but against one, it's not a big problem." "With the addition of more than a hundred Emperor experts, it's hard to say who will win, but at least they won't be able to hurt me." At this point, Die Yue paused slightly and looked at Wu Dao's main body, a trace of seriousness flashing in her beautiful eyes. "I'm worried about your side." Wu Dao's main body was speechless. He could tell that Die Yue was not worried about the three Inspector Heavenly Ambassadors and the nearly three hundred Emperor experts. She was worried that if Wu Dao's main body saved the Sword World, he would definitely not hold back. Once he started a massacre, it was very likely to alarm the experts of the other five heavens, and even... the Emperor of the Heavenly Court! Back then, the Demon Lord had also warned Wu Dao's main body. In the previous battle of the Great Wilderness, the Emperor of the Heavenly Court did not appear. This time, if there was a conflict with the Heavenly Court, the Emperor would most likely intervene! To Wu Dao's main body, there was no need to rush to start the War of the Heavens in this life. He was currently at the initial Emperor realm, and if he had enough time, he could cultivate to the Great Emperor realm or even the Great Emperor realm, and his chances of winning the War of the

Heavens would be greater. However, if today's battle caused the Emperor of the Heavenly Court to intervene, it would be a huge crisis for Wu Dao's main body. It might even cause the War of the Heavens to be brought forward! More importantly, in this era, no Emperor had been born in the Middle World. If the Emperor of the Heavenly Court intervened, no one in the Middle World could help Wu Dao's main body! Die Yue had not become a Great Emperor, and could not help. This time, if Wu Dao's main body intervened, it was very likely to have a far-reaching impact, and no one could guess how the situation would develop in the end!

"If the Emperor of the Heavenly Court intervenes, we can only fight." Wu Dao's main body's eyes were deep, and his expression was fearless! The Sword World and Heaven Wasteland Domain could not not save him. Even if the War of the Heavens was brought forward, it was not a big deal! After all, he still had one last trump card. "I'll send you to Heaven Wasteland Domain first." Wu Dao's main body said. Although Wu Dao's main body had not become a Great Emperor, he could use the ten gates of hell to descend to any place in the three thousand domains. However, the other Imperial Emperors were unable to do so. "You look down on me, who needs you to send me?" Die Yue rolled her eyes at Wu Dao's main body. Wu Dao's main body's eyes lit up. It seemed that in the past one hundred years, Die Yue's improvement had exceeded his imagination! The two separated here, and their figures flickered, disappearing from the Great Wasteland Domain. At the same time. In the Heaven Domain. The Nine Heavens Immortal Emperor, Lord of Six Brahma Heavens, and the World Devastator Demon Emperor seemed to have sensed something, and woke up at the same time, looking in the direction of the Sword World and Heaven Wasteland Domain, their faces revealing an excited and strange smile. "Kill!" "The more we kill, the better!" The three corpses activated their consciousness, and at the same time operated the [Burying Heaven Scripture]. The entire Heaven Domain seemed to have turned into a huge tomb, lifeless. Even the Divine Tree of the Builder Wood seemed to have sensed something at this moment, the light on its body dimmed, its life force was fading, and some of its leaves gradually turned yellow and withered.

Chapter 3156

Sword World. The old man with the iron crown, the fat and thin Sword Emperors, and more than a dozen Sword World Emperors were filled with despair. In the face of such a battle array, no realm could resist! Not to mention one Sword World, even ten Sword Worlds wouldn't be able to escape this calamity. However, the Sword Emperors didn't beg for mercy or explain. They could see that the Heavenly Court, Sky Tribute World, and a few other super worlds were here to destroy Sword World. It didn't matter if they explained or begged for mercy. Since they were going to die anyway, they might as well fight to their heart's content! This was the Dao of sword cultivators! They would rather break than submit and advance courageously! However, even the Sword Emperors weren't sure how long they could hold on. Perhaps a few dozen breaths or half an incense stick's time? After that, Sword World would become the history of the Middle World. Like the Dark World, it would gradually disappear from everyone's memories as time passed. "Iron Crown, you sword cultivators love to be chivalrous and fight for justice. Have you ever thought that this day would come?" World Lord Sky Eyes sneered. Although World Lord Sky Eyes didn't say it clearly, the old man with the iron crown could roughly guess what was going on. Back then, when the Heaven's Eye World destroyed the Seven Star Sword World and massacred millions of lives, they were encountered by a few Sword World Peak Masters. They rescued some of the sword cultivators from the Seven Star Sword World and became enemies with the Heaven's

Eye World because of this. Later on, in the Evil Demon Battlefield, Lin Xunzhen and the others suffered the revenge of the Sky Eyes Race and almost died. It was Su Zimo who helped Sword World vent their anger. Later on, when the Evil Demon Battlefield opened for the second time, Su Zimo was besieged by more than 20 supreme true spirits. Among them was the number one true spirit, Xia Yin. However, these supreme true spirits were all suppressed by Su Zimo! Thinking of this, the old man with the iron crown rejoiced. Fortunately, Su Zimo left in advance and didn't suffer this calamity. In the future, if Su Zimo had a chance to become a Great Emperor, he might be able to continue Sword World's inheritance since he knew the Daluo Sword Canon. "Do you think that Su Zimo will be able to escape this calamity?" The heavenly eye on World Lord Sky Eyes' forehead opened slightly. It was as though he could see through the thoughts that flashed past the old man's mind. He suddenly laughed and asked.

The old man's heart sank. Sword light flashed in his eyes as he asked, "What do you mean?" "Hahahaha!" The Sky Vision Realm Lord, Golden Crow Realm Lord, Stone Realm Lord, and the others laughed out loud. "Today, I'll let you give up on that thought and let you die with a clear understanding!" "At this moment, Heaven Wasteland Domain is also facing the same situation. Including Su Zimo, no one will be able to escape!" "You!" The old man with the iron crown glared angrily, and a sharp, ear-piercing sword hum burst out from his body! When the fat and thin Sword Emperors heard this, they closed their eyes and sighed. This was truly a ruthless extermination. The Stone Domain Lord laughed heartily, "Tie Guan, the Sword Domain should thank us. After this battle, you and Heaven Wasteland Domain can reunite in the underworld." "Below, you can establish another Heaven Wasteland Domain, a Sword Domain, and bring the sword path to greater heights. Hahahaha!" Bursts of laughter came from the Heavenly Court. Right at this moment, a calm voice that carried a trace of coldness suddenly resounded from the crowd of the Sword World. "Seniors, fellow disciples of the Sword Domain, don't worry, the Sword Domain will not die!" This voice, in the surrounding laughter, seemed extremely different, but it was powerful and unusually firm. Not only the people of the Sword Domain, but even the Emperors of the Heavenly Court looked in the direction of the voice. The person who spoke had not even stepped into the grotto-heaven, and was standing side by side with the eight peak masters. It was a woman with a long sword on her back. "She is Kitsune, the current peak master of the Ninth Sword Peak of the Sword Domain." In the crowd, someone recognized the identity of the woman and said. Immediately, there was a burst of laughter. In this situation, not to mention the peak master of the Sword Peak, even the three Domain Lords of the Sword Domain would be reduced to ants under the absolute power of the Heavenly Court! Kitsune's sudden words sounded like a joke to everyone. The old man with the iron crown and the others looked at Kitsune. Although they did not have much hope in their hearts, they could not help but ask, "Beiming, what you said just now..."

Kitsune said in a firm tone, "Master will not watch the Sword Domain be destroyed, he will definitely come to save us." Hearing this, the Sword Emperors all looked gloomy and shook their heads. The old man with the iron crown also looked bitter, sighing softly, "Zimo, he... sigh." Su Zimo could not even protect himself, how could he rush over. Moreover, even if Su Zimo rushed over, what was the use? Hahahaha! Kitsune's words once again caused the Emperor experts to burst into laughter. Even the three Inspectors Heavenly Court, looking at the cold-looking woman, could not help but chuckle with a mocking expression. The same laughter also sounded in the Heaven Wasteland Palace. "Hey, Heaven Wasteland Domain Master, your female disciple hopes that you can rush over to save her, quickly go!" "He wants to go, but by the time he rushes over, it will probably be a year later, and the Sword

Domain will have already been destroyed." "This female cultivator probably does not know that her master has already been scared stiff and does not dare to move, hahahaha!" Hearing the laughter around, Su Zimo also laughed. However, not many people knew what he was laughing about. He only raised his head and looked through the dome of the palace, looking at the huge water screen and laughing. Everyone's eyes were also looking at the water screen. Everyone knew that the killing feast was about to begin! But under everyone's gaze, the Void on the side of the Sword Domain in the water screen suddenly split open, and a figure stepped out. It was as if there was a pair of invisible hands suddenly strangling everyone's throat! In an instant, the laughter in the Sword Domain and Heaven Wasteland Domain came to an abrupt end! Because, in front of this figure, not many people could still laugh. Purple robe, black hair, silver mask! Araki Takeshi Emperor! "It's him, Araki Takeshi Emperor!" When Emperor Qing Yan saw the person through the water screen, his face changed dramatically, as if he had awakened some terrifying memory. He subconsciously grabbed the arm of the Heaven Inspector Heavenly Ambassador and exclaimed. The Heaven Inspector Heavenly Ambassador frowned slightly as he looked at the figure above the Sword Domain through the water screen. This Araki Takeshi Emperor was indeed very strong! Unfathomable!

Even though they were separated by millions of miles, just through the water screen, the Heaven Inspector Heavenly Ambassador could still feel the powerful aura of Araki Takeshi Emperor, and the tremendous pressure it brought him! It was not hard to imagine that the group of people around the Sword Domain would feel even more strongly if they were facing Araki Takeshi Emperor! However, the Heaven Inspector Heavenly Ambassador was somewhat puzzled. They had split into two groups, deliberately concealing their aura and not showing off, because they were worried that they would attract the attention of Araki Takeshi Emperor, which would lead to other changes. A great battle had not broken out, and there were not too many power fluctuations. Normally speaking, Araki Takeshi Emperor should not have been able to detect it. After all, no matter how strong Araki Takeshi Emperor's divine sense was, and could cover three thousand domains with a thought, it was impossible for him to watch every corner of the three thousand domains all the time. When the two sides attacked at the same time and a great battle broke out, under the suppression of absolute strength, the battle would be resolved in a short time. By the time Araki Takeshi Emperor sensed it, it was already too late. But unexpectedly, before the two sides had attacked, he had already been alerted!

Chapter 3157

Sword Realm. Elder Tie Guan and the other Sword Realm Imperial Lords were stunned when they saw this figure. But soon, everyone recognized the origin of this figure. Great Desolate World's Imperial Lord Araki Takeshi! Imperial Lord Araki Takeshi, who had once defeated more than a hundred Imperial Lords of the Celestial Tribute World by himself! The Sword Emperors were energized, and a glimmer of hope was reignited. Elder Tie Guan and the fat and thin elders looked at each other. They were excited but also a little complicated. In fact, Elder Tie Guan had always wanted to pay a visit to Imperial Lord Araki Takeshi. Back then, he had escorted Kitsune to the Kun Peng World to participate in the wedding of the Kun Peng World's young master because he was looking forward to meeting Imperial Lord Araki Takeshi in the Kun Peng World. Unfortunately, when they arrived at the Kun Peng World, Imperial Lord Araki Takeshi had already left and did not meet him. Who would have thought that Imperial Lord Araki Takeshi would suddenly descend upon the Sword Realm today! Moreover, after Imperial Lord Araki Takeshi descended, the situation in the starry sky seemed to have reversed in an instant. Just one person had

completely reversed the momentum of both sides without making a move!Imperial Lord Araki Takeshi stood alone in the starry sky, facing nearly three hundred Imperial Lords and countless troops led by the Heavenly Court. He was not at a disadvantage at all!Not only that, after Imperial Lord Araki Takeshi appeared, the Imperial Lords of the Celestial Tribute World, Stone World, and Heavenly Eye World were even restless!After all, the Celestial Tribute World had suffered a great loss at the hands of Wu Dao's original body. In the battle of the Grand Desolate World, dozens of Imperial Lords had died and their vitality was greatly damaged.As for the Stone World, Heavenly Eye World, and Golden Crow World, they had long heard of Araki Takeshi's ferocious name and were shocked!A few years ago, Araki Takeshi had appeared and even managed to calm the Battle of Dragons and Phoenixes and the Battle of Kun Peng World.The leader of the Witch Race and the leader of the Poison World had died one after another.With the destruction of the Sorcerer World, the Poison World and the Blood World suffered different degrees of damage.In the Three Thousand Worlds, the name Araki Takeshi had become a terrifying taboo!In recent years, there was even a saying in the Three Thousand Realms that if the Great Emperor did not appear, Araki Takeshi would reign supreme.

Who would dare to clash with him?It wasn't just the Celestial Tribute World. Even the two young lords of the Celestial Court were shaken to the core. They subconsciously took a step back in fear.The battle of the Grand Desolate had really scared them!They looked on helplessly as Young Master Yan Tian died before their eyes.It was only at that moment that they realized that although their identities were noble, they were no different from those ants in a certain aspect.They only had one life!In other words, in the eyes of Araki Takeshi, they were nothing but ants!After Young Master Yan Tian died, the three of them were almost killed by Monarch Araki Takeshi!Back then, Fiend Lord appeared and stopped Monarch Araki Takeshi's attack.However, Monarch Bai Yu and company were scared out of their wits. They were only focused on escaping and did not see what happened behind them.After escaping back to the Celestial Courts, everyone felt a lingering fear. They secretly thanked their lucky stars and felt a lingering fear.After recuperating for more than a hundred years, they thought that they could make a comeback after recovering from their injuries. However, when they saw Monarch Araki Takeshi again, the trio once again felt the fear of their lives hanging by a thread!Compared to Monarch Bai Yu and company, the three Inspector Heavenly Ambassadors and the other Empyrean Lords of the Celestial Courts were relatively calm.It was especially so for Inspector Heavenly Ambassador Yan Tian. He looked at Wu Dao's true body with eyes filled with killing intent that nearly spewed fire!"You are Araki Takeshi?"Inspector Heavenly Ambassador Yan Tian asked coldly.As one of the strongest people in the Nine Heavens, Inspector Heavenly Ambassadors did not fear Wu Dao's true body.Wu Dao's true body glanced at the token by Inspector Heavenly Ambassador Yan Tian's waist and recognized him. He said indifferently, "I was the one who killed Young Master Yan Tian. Are you here for revenge?"This was an undisguised provocation!Inspector Heavenly Ambassador Yan Tian's eyes burned like torches as his body suddenly emitted thousands of fiery beams, burning a massive black hole in the cosmos. He was like a god of war bathed in flames as his aura surged!The remaining dozens of Empyrean Lords of Yan Tian also drew their weapons. Their faces were filled with killing intent as they waited for the order to attack at any moment!"Araki Takeshi."Inspector Heavenly Ambassador Yan Tian's eyes were cold as he slowly said, "Today, we are destroying the Sword World. It has nothing to do with you. I advise you to return to your Great Desolate World and stay there obediently!"

"In a few days, we will naturally pay you a visit.""Who says that the Sword World has nothing to do with

me?"Wu Dao's true body looked at Inspector Heavenly Ambassador Yan Tian and retorted, "Who do you think I am?"This question stumped everyone from the Celestial Courts.The three Inspector Heavenly Ambassadors frowned as they did not understand the meaning of Wu Dao's true body's words.Even the Empyrean Lords of the Sword World were slightly stunned.Could it be that Empyrean Lord Araki Takeshi had some relationship with the Sword World?Many sword cultivators subconsciously looked at the three Empyrean Lords with the iron crown and the fat and thin Empyrean Lords.If Empyrean Lord Araki Takeshi had something to do with the Sword World, the only people who could possibly know about it were the three of them.At this moment, Empyrean Lords with the iron crown and the fat and thin Empyrean Lords also looked at each other in confusion..... ..Heaven Wasteland Domain.In the main hall.Lin Zhan, Immortal King Ling Long, Feng Cantian, and the others sighed softly in their hearts when they saw Wu Dao's true body appear in the Sword World. Their expressions were complicated.It seemed that Su Zimo had made his choice.If Wu Dao's true body went to the Sword World, it meant that everything and everyone in the Heaven Wasteland Domain, including his Qinglian true body, would be buried here!However, there was still no sign of worry on Su Zimo's face.He swept his gaze across the crowd and looked at Empyrean Lord Qing Yan and the other Empyrean Lords who were mocking him just now. With a mocking expression, he asked with a faint smile, "Why aren't you laughing? Weren't you laughing happily just now?"When Empyrean Lord Qing Yan saw Araki Takeshi just now, his expression changed drastically. How could he still laugh?However, being mocked by this little Immortal King in front of him, Empyrean Lord Qing Yan suddenly felt embarrassed. His eyes were cold and filled with killing intent. He said slowly, "Ant, it seems that you haven't realized your situation yet!"I can kill you with a thought. With a command, I can destroy the entire Heaven Wasteland Domain. Not even a chicken or dog will be left alive!"Su Zimo gradually stopped smiling and stared at Empyrean Lord Qing Yan. He asked slowly, "Who do you think I am?"

The Empyrean Lords were stunned for a moment.These words sounded familiar.Empyrean Lord Araki Takeshi had just said.Everyone subconsciously raised their heads and glanced at Empyrean Lord Araki Takeshi in the water curtain.And at this time, under the gazes of countless people from the two great domains, Empyrean Lord Araki Takeshi slowly raised his hand and took off the silver mask on his face!Heaven and earth instantly quieted down.Time and space seemed to be frozen.The many creatures of the two great domains seemed to be fixed in place.Hiss!Seeing this handsome and familiar face, Empyrean Lord Qing Yan's eyes widened, as if he had seen a ghost."You, you, you are..."Empyrean Lord Qing Yan suddenly turned his head and pointed at Su Zimo in the main hall, his eyes full of horror and his voice trembling.The next moment, Empyrean Lord Araki Takeshi's eyes, which were burning with purple flames, seemed to be able to penetrate the countless Void, through the water curtain, and fell on the face of Empyrean Lord Qing Yan of the Heaven Wasteland Domain!At the same time, in the main hall of the Heaven Wasteland Domain, Su Zimo's eyes also lit up with two balls of purple flames. He took a step forward, and the earth shook and the mountains shook. His imposing manner was astonishing. He shouted, "I am Araki Takeshi!"As soon as these words came out, it shook the three thousand domains!

Chapter 3158

"Ah!"Emperor Qing Yan exclaimed in shock. He was so frightened that he jumped up from his seat and stumbled backward, hiding behind the Heaven Inspector Heavenly Emissary.The chair overturned and made a loud noise, causing chaos in the surroundings.It was no wonder that Emperor Qing Yan was so frightened.He was shocked when he saw the true appearance of Emperor Araki Takeshi, and then he

saw that Su Zimo's eyes were also burning with purple flames. He thought that Emperor Araki Takeshi was in the main hall, close to him, and wanted to take his life! Emperor Qing Yan wasn't mistaken. Wu Dao's real body looked over from the Sword World, his gaze crossing the endless Void, containing a biting cold killing intent. At this moment, the aura of the two real bodies almost merged into one! Not to mention Emperor Qing Yan, even the Heaven Inspector Heavenly Emissary felt a strong sense of danger at this moment. His hair stood on end, and he subconsciously stood up, waiting with rapt attention! At this moment, the Heaven Inspector Heavenly Emissary had an illusion. Although he was standing on the upper seat, the one looking down at him was Su Zimo in the main hall! If the Heaven Inspector Heavenly Emissary and Emperor Qing Yan were like this, the other Emperors were also shocked. They all got up and retreated, distancing themselves! For a moment, a huge empty space was in the middle of the Heaven Wasteland Palace. There was no one within a hundred feet of Su Zimo! This scene had a great impact on the Sword World and Heaven Wasteland Domain! Some people who knew about Su Zimo's two real bodies, such as Lin Zhan, Immortal King Ling Long, Kitsune, and Yunzhu, were not surprised. But the others were stunned by this scene. Their minds were blank, and they could not recover for a long time. "What ... is this?" Lin Lei stood in the sky above the War Country, looking at the water curtain in the sky, and then in the direction of the Heaven Wasteland Palace. He was dumbfounded. In the past, Lin Zhan and Immortal King Ling Long had said many things to him. At this moment, he suddenly had an answer. Lin Luo came to Lin Lei's side and said faintly, "Brother, you seemed to look down on Emperor Araki Takeshi back then." "No!" Lin Luo shuddered and flatly denied. "Good fellow, good fellow!" Immortal King Zi Xuan subconsciously grabbed Yun Zhu's hand, his arm trembling uncontrollably. He swallowed his saliva and muttered, "Father ... has misjudged again?"

Long Li's eyes widened. Disbelief appeared on Mulian's face. The old ape was excited. Monarch North Kun, Monarch South Peng, Frost Dragon Empress, Flower Domain Lord, and the other Domain Lords had complicated expressions on their faces. At this moment, they understood many things. Why did Xiaoyao always want them to maintain contact with the Heaven Wasteland Domain and befriend Su Zimo? Why would Emperor Araki Takeshi suddenly descend upon the Dragon Realm? It was most likely not only because of Long Ran. Why was Su Zimo still fearless in the face of the current situation? Why ... All the strange things that had happened to Su Zimo previously could be explained at this moment. Sword Domain. When Wu Dao took off his mask, many sword cultivators were stunned on the spot when they saw his handsome face. In the crowd, there were even people who subconsciously called out Peak Master Su ... "What the hell?" Yun Ting jumped up and down. For a moment, his qi and blood were in chaos and he could not control the thunder and lightning Dao techniques in his body. Electric light surrounded his body and crackled wildly. He had always regarded Su Zimo as a goal to pursue, even though the gap between the two of them was growing larger and larger. Yun Ting had never given up. He believed that one day, he would catch up to Su Zimo! But he never thought that this would be the outcome. What was this? Even when he lost to Su Zimo and Kitsune, he was not dejected. However, the fact that Wu Dao's true body took off his mask was a huge blow to him! The more Yun Ting thought about it, the more indignant he became. He muttered, "If you want to fight, so be it. Why did you take off your mask for no reason?!" The Imperial Lords of Sword Domain were surprised and delighted when they saw the true appearance of Wu Dao's true body. The old man with the iron crown was still in disbelief and could not help but turn back to look at Kitsune with a questioning expression. Kitsune's expression was cold as she raised her chin slightly and said indifferently, "I've already said that Master will come and save us."

"Good, good, good!" The old man with the iron crown could not help but exclaim repeatedly in excitement. The fat and thin elders were filled with emotions as well. Back then, the old man with the iron crown only valued Su Zimo's potential and wanted to form a good relationship with him. Who would have thought that such a huge surprise would be thrown over! Imperial Lord Araki Takeshi was once the Peak Master of Sword Domain's Ninth Sword Peak! This was enough for Sword Domain to brag about for an era! Of course, the prerequisite was that Sword Domain had to survive this calamity. Even with Imperial Lord Araki Takeshi around, it was still unknown if Sword Domain could survive. Even including Sword Domain, there were only more than ten Imperial Lords on their side. On the other side, the Heavenly Courts, Celestial Tribute world, and a few super Great Worlds led by nearly 300 Imperial Lord experts! After all, Imperial Lord Araki Takeshi was only one person. It was impossible for him to take care of everyone in a battle of this level. What was certain was that regardless of the outcome of this battle, it would be extremely tragic! "So what if you're Imperial Lord Araki Takeshi?" Inspector Heavenly Ambassador Yan Tian's eyes burned but his tone was abnormally cold. "You came at the right time today. It saves us the trouble of finding you. The one we'll kill is you, Araki Takeshi!" Before he finished his sentence, Inspector Heavenly Ambassador Yan Tian circulated his blood qi and instantly transformed into his true form. A fiery red vermilion bird with boiling lava dripping from his body. "Screech!" Inspector Heavenly Ambassador Yan Tian suddenly shrieked as his body trembled. Thousands of feathers scattered from his body. Every feather was flickering with blazing flames. They were like flaming arrows that circled around him. Together with him, they charged towards the Martial Dao Original Body! Just as Inspector Heavenly Ambassador Yan Tian charged over, Wu Dao's true body attacked immediately. In a flash, he intercepted Inspector Heavenly Ambassador Yan Tian. There were no flashy hand seals, incantations, or weapons. He raised his hand and punched! Boom! Simplifying the complex, it was a simple punch that contained Wu Dao's Dharmic powers and Wu Dao's will! With that punch, the cosmos ahead collapsed instantly as a gigantic black hole appeared. A powerful suction force burst forth from the center of the fist, sucking in all the 108,000 feathers that surrounded Inspector Heavenly Ambassador Yan Tian!

It was a Dao Dharmic vortex formed by the Dao and Dharmic powers of Wu Dao's true body! Even Inspector Heavenly Ambassador Yan Tian's body could not be controlled! He had never seen such a terrifying fist. Any divine weapon would not be able to withstand a single blow from this fist. Before the 108,000 feathers could collide with Wu Dao's true body's fist, the flames on them were extinguished! The power that came out of that punch was too terrifying! Inspector Heavenly Ambassador Yan Tian wanted to retreat to avoid it. However, he realized that he was already trapped within. There was no way he could escape from the Dao Dharmic vortex produced by that punch! Inspector Heavenly Ambassador Yan Tian had just said that he would kill Araki Takeshi. Before anyone could react, he shouted, "Quick, help me!"

Chapter 3159

"Attack!" Before Blazing Sky Inspector Heavenly Ambassador could call for help, Profound Sky Inspector Heavenly Ambassador could tell that something was amiss. He immediately bellowed and transformed into his Black Tortoise form. "Roar!" Accompanied by a tiger's roar, White Sky Inspector Heavenly Ambassador revealed his White Tiger form. His body was suffused with billowing killing intent, causing the constellations to fall into chaos as the world turned upside down! With the three Inspector Heavenly

Ambassadors attacking, it immediately raised the curtains to a huge battle! Nearly three hundred Imperial Emperors also drew their weapons and prepared to besiege Wu Dao's main body. The sword emperors of Sword Realm, under the lead of the iron crown old man and the fat thin old man, all made their moves to support Wu Dao's main body. The battle of kings and the battle of true spirits also erupted! Wu Dao's main body knew that in such a situation, only by severely injuring the opponent's strongest expert as soon as possible could he reduce the casualties of the Sword Realm to the greatest extent. Therefore, if Inspector Heavenly Ambassador Yan Tian wanted to kill him, he had already targeted the three Inspector Heavenly Ambassadors! If three hundred Empyrean Lord experts were to form an encirclement, it would probably take some effort to kill the three Inspector Heavenly Ambassadors. At the instant Wu Dao attacked, he was already prepared to kill Inspector Heavenly Ambassador Yan Tian immediately! This was also the reason why Inspector Heavenly Ambassador Yantian felt such immense pressure and danger. "Roar!" Wu Dao's true body didn't wait for the other Imperial Emperors to attack and surround him. Instead, he directly unleashed the Sound Domain Secret Technique, Sound of All Spirits! A huge sound wave burst out from his mouth, creating ripples in the starry sky that rapidly spread out! However, no sound could be heard in the crowd. Great Sound Void! The Voice of All Spirits had already touched upon the level of 'Dao', reaching the level of a forbidden technique! The three Inspector Heavenly Ambassadors and the two Heavenly Courts' young masters were the first to react as their expressions changed drastically. Even if they weren't prepared, they would still suffer quite a bit of damage from the soundwave attack of a taboo technique! "Screech!" "Roar!" "Roar!" The three Inspector Heavenly Ambassadors and the two Heavenly Courts' young masters immediately released a sound domain mystic technique of the Sacred Beast race to resist it. They blocked most of the damage from the Voice of Myriad Spirits, giving the other Empyrean Lords a precious moment to react!

Most of the Imperial Emperors quickly realized the danger they were in. They either unleashed their Sound Domain Secret Techniques to resist it or activated their Qi Blood to support a world. Some of them quickly left the center of the battlefield to avoid the range of the sound wave attack. However, there were also a few Imperial Emperors who reacted slightly slower. The ripples created by the Voice of All Spirits swept past them. The gazes of these Imperial Emperors turned sluggish, and the life force in their bodies rapidly drained away. They fell backward in the starry sky, no longer breathing. There were no injuries on the bodies of the Imperial Lords. However, their consciousnesses were shattered by the sound wave and their Essence Spirits were destroyed! Normally speaking, it was very difficult for Imperial Emperors to die. But because of Wu Dao's real body's intervention, the Emperor battle was elevated to a whole new level, becoming extremely intense! Even God Monarchs would perish on the spot if they were careless! Boom! Boom! Boom! Almost in an instant, the Imperial Emperors did not hold back at all. They activated their Qi and blood to support the world. In front of Emperor Araki Takeshi, no one dared to be distracted or hold back. The few Imperial Emperors who had just perished were the same! But because of that, the remaining Imperial Emperors' attacks came to a halt. They were unable to form an encirclement immediately. The goal of Wu Dao's real body releasing the Voice of All Spirits was not to kill, but for that fleeting moment! The battle between top experts was fought for that instant! Although there were nearly three hundred Imperial Emperors around, at that moment, Inspector Heavenly Ambassador Yan Tian was facing Wu Dao's real body alone. Furthermore, Inspector Heavenly Ambassador Yan Tian was the closest to Wu Dao's real body. He suffered the most impact from the Voice of All Spirits. Before the two of them truly collided, Inspector Heavenly Ambassador Yan

Tian was already bleeding from his seven orifices from the Voice of All Spirits. His face was covered in blood! Wu Dao's real body's fist struck his 108,000 feathers. Without any obstruction, the feathers were instantly reduced to dust! Inspector Heavenly Ambassador Yan Tian's figure was still flying uncontrollably towards the Dao Dharmic vortex. This scene was extremely strange. It was as though he was slamming into Wu Dao's real body's fist.

Inspector Heavenly Ambassador Yan Tian realized that if he failed to escape, he would probably be killed on the spot! As long as he could survive the strike. The remaining two Inspector Heavenly Ambassadors and the other Imperial Emperors' attacks would descend upon him. He would then be able to escape the calamity. "Ah!" Inspector Heavenly Ambassador Yan Tian roared into the sky as he pushed his lifeblood to its limits. At the same time, he conjured a Dharmic seal with his hands. Blazing flames flickered as he condensed a forbidden art! At the same time, Inspector Heavenly Ambassador Yan Tian conjured his consciousness and released an Essence Spirit mystic technique! Bloodline, world, forbidden art, Essence Spirit mystic technique ... With his life hanging by a thread, Inspector Heavenly Ambassador Yan Tian released all his trump cards just to withstand the punch from Wu Dao's real body! Wu Dao's real body pressed forward with an indomitable will. His punches were ferocious and he had no intention of dodging. With a thought, he wore the Mask of Mara on his face once again. With the Mask of Mara, he could neutralize Inspector Heavenly Ambassador Yan Tian's Essence Spirit mystic technique. At the same time, his glabella shimmered as the Hell Suppressing Cauldron transformed into a stream of light. It arrived above Inspector Heavenly Ambassador Yan Tian's head and came crashing down from the sky! Boom! Inspector Heavenly Ambassador Yan Tian's Dharmic World had yet to fully take form when it was smashed by the Hell Suppressing Cauldron. Dense cracks appeared and it quickly shattered! Under the tremendous impact, his forbidden Dao art dissipated under the tearing of Wu Dao's Dharmic vortex. It failed to condense. This was what it meant to counter soldiers with arms and water with an earth weir. While the devil was a foot tall, the Dao was ten feet tall! All Inspector Heavenly Ambassador Yan Tian's attacks were neutralized by Wu Dao's real body through other means. As for Wu Dao's real body's fist, it maintained an invincible offensive that destroyed everything! Inspector Heavenly Ambassador Yan Tian had a look of despair. He wanted to conjure a few Thearch divine weapons to stop Wu Dao's real body. However, the moment these divine weapons were released, they were sent flying by Wu Dao's real body's fist! This punch carried a torrential might as it rumbled over. Inspector Heavenly Ambassador Yan Tian felt a sense of helplessness as though he could not withstand it. It was as though any force would crumble at the first blow in front of this punch.

At that moment, he sensed a powerful will that burned fiercely and fearlessly! It was majestic and blotted out the sky! Against this will, he was as puny as an ant. Bam! Under everyone's watch, Wu Dao's real body seemed to brush past Inspector Heavenly Ambassador Yan Tian. However, when the two passed each other, only Wu Dao's real body was left! Behind him, there were still some weak and fragmented flames. Inspector Heavenly Ambassador Yan Tian was crushed by Wu Dao's real body with a single punch. His body and Dao dissipated! An Inspector Heavenly Ambassador perished just as the battle began. This scene dealt a huge psychological blow to the Empyrean Lords of the Heavenly Courts and the Celestial Tribute world! There were only nine Inspector Heavenly Ambassadors in the entire Heavenly Courts. Now, in just a single exchange, Wu Dao's real body killed one of them under the noses of nearly three hundred Empyrean Lords! How domineering was that!?

Chapter 3160

Heaven Wasteland Palace. Just as the Sword Realm was about to draw their swords, the Heaven Inspector Heavenly Ambassador quickly recovered from his initial shock and calmed his mind. "Everyone, do not panic." The Heaven Inspector Heavenly Ambassador said in a low voice, "The person in front of us is only a peerless King, and there is a great disparity between him and Emperor Araki Takeshi of the Sword Realm." "Emperor Araki Takeshi is surrounded by more than three hundred Emperor experts of the Sword Realm, and cannot care about us at all." "The Heaven Wasteland Domain Lord is nothing more than borrowing the power of Emperor Araki Takeshi to stall for time!" The Heaven Inspector Heavenly Ambassador quickly saw through Su Zimo's true situation. At this moment, Emperor Qing Yan also gradually reacted, flashed out from behind the Heaven Inspector Heavenly Ambassador, frowned, and stared at Su Zimo not far away, his expression still somewhat bewildered. "In other words, this Su Zimo is bluffing?" "In fact, he is only a King of the Grotto-Heaven Realm?" "Exactly." The Heaven Inspector Heavenly Ambassador nodded, looking at Su Zimo with a hint of ridicule in his eyes. "If I'm not wrong, you just want to stall for time, and wait for Emperor Araki Takeshi to deal with the Sword Realm before coming back to support the Heaven Wasteland Domain." "Unfortunately, you underestimated the means of the Heavenly Court!" "You did not expect that the Heavenly Court would split into two, and attack the Sword Realm and Heaven Wasteland Domain at the same time. Even if you have the trump card of Emperor Araki Takeshi, you can't split yourself, and can only save one side at most." "You also did not expect that I would release this water curtain to reflect the Sword Realm, and transmit the situation of the Sword Realm." Emperor Qing Yan's eyes lit up. "We can attack together with the Sword Realm, and not give Emperor Araki Takeshi a chance to come back to support!" "That's right." The Heaven Inspector Heavenly Ambassador was constantly paying attention to the movements over at the Sword Realm through the water curtain in the sky, and said indifferently, "Before the battle over at the Sword Realm ends, Heaven Wasteland Domain will be gone." "Although I don't know what the relationship between Araki Takeshi's two bodies is, destroying Araki Takeshi's Qinglian body will certainly cause him a lot of damage!" At this moment, the Heaven Inspector Heavenly Ambassador, Wu Dao's original Heaven Inspector Heavenly Ambassador's attack! A cold light flashed across the Heaven Inspector Heavenly Ambassador's eyes. He rose into the air and his voice spread to every corner of Heaven Wasteland Domain, "Everyone, listen to my order. Kill all living beings in Heaven Wasteland Domain!"

The army of more than one hundred domains, including the Light World, had been waiting in the sky above Heaven Wasteland Domain for a long time. They had long been unable to hold back their murderous aura. Now that they heard this order, they immediately rushed into Heaven Wasteland Domain! This was an army of hundreds of millions, led by the Light World, composed of more than a hundred worlds. And all the living beings in Heaven Wasteland Domain were less than one hundred million! Moreover, the only people with battle power in Heaven Wasteland Domain, such as Su Zimo, Lin Zhan, Feng Cantian, and others, were all trapped in the Heaven Wasteland Palace. To the cultivators of Heaven Wasteland Domain, this was almost a massacre. Even so, the cultivators of Heaven Wasteland Domain did not give up! Under the command of Yang Ruoxu and Mo Qing, Qiankun Academy had gathered all the cultivators who could participate in the battle and were ready to fight. Under the command of Lin Lei and Lin Luo, the Sengoku siblings, the Sengoku siblings had also gathered. Although most of the cultivators in Feng Xueling were Xuan Immortals and had almost no power to resist in such a great battle, they did not give up and were ready to fight. Of course, many cultivators who joined Heaven Wasteland Domain were in a mess, fleeing in all directions. But Heaven Wasteland Domain had long been sealed. Not to mention them, even kings and emperors could not leave! ... Heaven Wasteland

Palace. Sensing the situation outside, Lin Zhan, Immortal King Ling Long, Feng Cantian, and the others all looked anxious. Of course, there was still a large group of Rakshasa Race hidden in Heaven Wasteland Domain. As long as these Rakshasa Race took action, they should be able to hold off the armies of the Light World and the other domains for a while. The situation they were facing now was more dangerous than outside! There were more than a hundred emperors in this palace! And there was not a single emperor on Heaven Wasteland Domain's side. As long as the Heavenly Inspector Heavenly Ambassador gave the order, all of them, including Su Zimo, would be killed in an instant! The only ones who had a chance to save Su Zimo were Emperor Beikun, Emperor Nanpeng, Frost Dragon Emperor, and the Lord of the Flower Domain. The old ape stood out immediately and stood in front of Su Zimo. He looked at Emperor Beikun and the others and said in a deep voice, "Everyone, at this moment, do you still want to submit to the Heavenly Court?"

"As long as we join forces and delay as much as possible, when Emperor Araki Takeshi returns from the Sword Domain, we can naturally resolve this great calamity!" If the old ape was alone, he indeed did not have the courage to fight against the Heavenly Court. However, after knowing that Emperor Araki Takeshi was Su Zimo and that he was standing opposite the Heavenly Court, his heart was rekindled with the fighting spirit of the Blood Ape Race! The Heavenly Inspector Heavenly Ambassador and the other Heavenly Court emperors only smiled contemptuously when they heard this. Both Monarch North Kun and Monarch South Roc remained silent. Even so, even if they joined forces, how long could they resist? If they joined forces, even the Heavenly Inspector Heavenly Ambassador would not be able to resist! Even if Emperor Araki Takeshi was behind Heaven Wasteland Domain, he was far away in the Sword Domain and could not be in two places at all. If they stood out now, it was almost equivalent to courting death! The Frost Dragon Emperor and the Lord of the Flower Domain both looked troubled. Emperor Araki Takeshi had once saved the Dragon Domain and the Flower Domain. They all wanted to help Heaven Wasteland Domain and Su Zimo to survive this calamity. However, in the current situation, even if the two of them stood out, it would not help. Just as they were hesitating, the Heavenly Inspector Heavenly Ambassador waved his hand with a cold expression and said indifferently, "Leave none of the living beings of Heaven Wasteland Domain in the main hall alive! Kill anyone who dares to stop us!" Emperor Beikun, Emperor Nanpeng, and the others were shocked. The last sentence was obviously said for them to hear! The Lord of the Light Domain laughed sinisterly and his eyes lit up. He immediately stared at Su Zimo and pounced toward him. In the main hall of Heaven Wasteland, more than a hundred Heavenly Emperor experts attacked at the same time! The entire main hall could not withstand it and was on the verge of collapse! Su Zimo was the Lord of Heaven Wasteland Domain, the twelfth grade Creation Qinglian, and Araki Takeshi. Almost in an instant, dozens of Heavenly Emperor experts pounced toward Su Zimo! Seeing this scene, Emperor Beikun, Emperor Nanpeng, and the others looked gloomy and lowered their heads slightly, unable to bear to watch. "Roar!" The old ape roared angrily and released a perfect world.

However, under the impact of dozens of Heavenly Emperor experts, his world that had just been condensed was on the verge of collapse and could collapse at any time. Even if the old ape stood in front of Su Zimo, it could not protect him! Emperor Qing Yan was scared half to death by Su Zimo just now. Now that he saw this scene, he could not help but laugh. "Araki Takeshi, no one can save you today!" All of a sudden! The Inspector Heavenly Ambassador seemed to have sensed something and his expression changed. He pulled Emperor Qing Yan's body and retreated quickly while shouting, "Be careful!" Before

his voice died away. Boom! Accompanied by an earth-shattering bang! An incomparably thick and lush tree fell from the sky, breaking through the dome of the main hall of Heaven Wasteland Domain and smashing heavily in the center of the main hall! The Lord of the Light Domain and the other Heavenly Emperor experts reacted quickly and retreated immediately. However, there were still more than a dozen Heavenly Emperor experts who did not dodge in time and were slightly distracted. The world that they condensed collapsed and their bodies were smashed into pieces. It was a tragic sight! The flesh and blood of these Heavenly Emperor experts mixed with the soil and were smashed into the ground by the giant tree! More than a dozen Heavenly Emperor experts died on the spot!
