

Sacred King 3161

Chapter 3161

Heaven Wasteland Domain. The Qiankun Academy led by Yang Ruoxu and Mo Qing, the Warring States led by Lin Lei and Lin Luo, as well as many other large and small sects, compared to the hundreds of millions of troops led by the Light World, the disparity was too great. The hundreds of millions of troops covered the sky, and many cultivators waved their weapons, their eyes flashing with excitement. Their battle cries shook the sky, like locusts passing through. Many of the Heaven Wasteland Domain cultivators were not even sure if they could hold on for a breath! Whether it was a painting immortal or a chess immortal. In a war of this scale, no one would care who you were. Under the sweeping tide of war, life was like grass, and all living beings were like ants! Lin Lei and Lin Luo stood at the forefront of the Warring States army. The brother and sister looked at each other, and could see the meaning of farewell in each other's eyes. Jun Yu took down the chessboard behind her, held it horizontally in front of her chest, and looked up at the overwhelming army rushing down from the sky, her state of mind calm. She specialized in chess, and had experienced countless dangerous chess games. The scene in front of her was like the many chess games she had faced. At this point, it was no longer something that could be changed by human strength. Her entire life was a game of chess. And this chess game seemed to have come to an end. Yang Ruoxu and Chi Hong Fairy stood side by side, their expressions resolute. Mo Qing held the picture book, looked back in the direction of the Heaven Wasteland Palace, and murmured, "Unfortunately, we will never see it again." Many of the Heaven Wasteland Domain cultivators had not given up, and were preparing for a final fight. But in fact, everyone knew that their resistance was like a mantis trying to stop a chariot, or a moth flying into a flame. The outcome was already decided! Looking at the hundreds of millions of troops surging with murderous intent, the hearts of all the people of Heaven Wasteland Domain were shrouded in a thick layer of haze, and suppressed them to the point of suffocation! Suffocation! Unwillingness! Anger! In the end, only endless despair was left! Boom! At this moment, there was suddenly an earth-shattering noise in the sky! Whether it was the people of Heaven Wasteland Domain or the hundreds of millions of troops of the Light World, they all subconsciously looked in the direction of the sound.

The sky was shattered, full of cracks. The Heavenly Inspector Heavenly Ambassador and the other Emperors of the Heavenly Courts had sealed Heaven Wasteland Domain and set up a Dao barrier that had shattered! Under countless gazes, a giant tree with luxuriant branches and leaves descended from the sky. With an unstoppable force, it smashed toward the Heaven Wasteland Palace! Originally, there were many cultivators and living beings from various realms beneath the towering tree. However, wherever the giant tree passed, all the cultivators, be they Protoss True Spirits or Kings, were smashed into a bloody mist! The branches of the giant tree whipped the bodies of many cultivators, causing flesh and blood to fly everywhere and shatter into pieces! In an instant, an unknown number of living beings died under this towering tree! The sky above Heaven Wasteland Domain was originally covered by hundreds of millions of troops, and the sun could not be seen. However, the descent of this gigantic tree actually created a huge hole in the sky! The starlight in the sky shone on the land of Planet Tianhuang through the hole and dispersed the haze in the hearts of the people of Planet Tianhuang! "What, what, what is this?" Someone's eyes widened in shock as he muttered subconsciously. "This giant tree looks familiar, it seems to be ..." "Builder Tree! The Divine Builder Tree of the Heaven Realm!" "Heavens, the Divine Builder Tree of the Heaven Realm was uprooted by someone!" A series of exclamations sounded

from the crowd. At the bottom of this towering tree, there were thousands of thick roots that were stained with a lot of soil. It was obvious that it was pulled out by someone and brought to Heaven Wasteland Domain! Not to mention the people of Planet Tianhuang, even the hundreds of millions of troops of the Light World were shocked. The crowd was in chaos and panic, not knowing what happened! The next moment, a blood-colored figure appeared in the sky and looked down at the world. Accompanied by hundreds of millions of starlight, she slowly descended. The Divine Builder Tree opened the way and hundreds of millions of starlight surrounded it! This scene was way too shocking. The hundreds of millions of troops of the Light World felt a huge pressure and their hearts trembled. They almost knelt on the ground and bowed in worship! It was an extremely beautiful woman. Black hair, blood-red robes, and an indifferent expression.

The woman's eyes moved and she looked down on everything, as if she was a ruler of the world, subduing all living beings! Although the Light World and more than a hundred domains had hundreds of millions of troops, they were suppressed by the aura of this blood-robed woman and did not dare to move! Between heaven and earth, there was complete silence, and all living beings were silent! All the people of Planet Tianhuang also looked up at this blood-colored figure. "This is..." Lin Lei and Lin Luo were shocked. Their mother was already a rare peerless expert among women. Her beauty was unparalleled and not inferior to men, but compared to this blood-robed woman, she seemed to be somewhat inferior. Yang Ruoxu, Mo Qing, Jun Yu, Xia Qingying... many cultivators of Heaven Wasteland Domain looked at this blood-robed woman, and there was only one thought left in their minds. How could there be such a woman in this world! "Blood Butterfly Demon Empress, Blood Butterfly Demon Empress!" At this moment, the ice butterfly that had landed on Mo Qing's shoulder suddenly flew up, looking extremely excited. There was even a trace of crying in her voice as she shouted, "It's the Blood Butterfly Demon Empress of my Butterfly Clan!" "It's her! The legendary Blood Butterfly Demon Empress! The Dao companion of Emperor Araki Takeshi! Many cultivators were greatly shocked!" "No wonder..." Looking at this figure, Mo Qing did not have the slightest desire to compare. She only thought in her heart, "Only such a woman, together with Emperor Araki Takeshi, would be a true immortal couple, a match made in heaven." No matter who it was, whether male or female, in front of the Blood Butterfly Demon Empress, they would unconsciously feel a sense of inferiority. Under the shocked, worshipful, and excited gazes of the people of Heaven Wasteland Domain, they saw a huge Immortal boat flying out from behind the Blood Butterfly Demon Empress. On the bow of the boat stood a Demon Emperor, the Nine-Tailed Demon Emperor, the Divine Elephant Demon Emperor, the Baize Demon Emperor... The Demon qi on the Immortal boat soared to the sky! The Great Wasteland Domain's Demon Race army had arrived! Die Yue waved her hand, her blood-colored sleeves fluttering, and softly uttered a word, "Kill!" "Roar!" Many Demon Kings and True Spirits erupted into bursts of battle cries, leading the Great Wasteland Demon Army, charging into the hundreds of millions of troops of the Light World!

Tens of thousands of demons roared, tens of thousands of beasts charged! The army of the Light World was in disarray from the impact, and their formation was in chaos! "Cultivators of Heaven Wasteland Domain, Heaven Wasteland Domain is saved, let's kill our way back!" Lin Lei stood in the air, looking excited, waving his arms and shouting. Yang Ruoxu of Qiankun Academy also rushed to the front, shouting, "Fellow Daoists, don't give up, the Dao companion of the Sector Lord is here to save us, Heaven Wasteland Domain will not be destroyed!" Hearing this, the morale of the people of Heaven Wasteland Domain was greatly boosted, and their blood surged! The Dao companion of the Sector Lord,

the Blood Butterfly Demon Empress, was here! Heaven Wasteland Domain could still be saved! The outcome of this battle had not been decided yet! "Fight, fight, fight!" In despair, the people of Heaven Wasteland Domain reignited hope, roaring loudly, no longer fearful, no longer escaping, and erupting with an astonishing will. At the same time, in a corner of Heaven Wasteland Domain, hundreds of millions of figures flew out, like ghosts, holding two sabers, and with flesh wings on their backs, rushing into the crowd of the Light World army, wantonly killing! The Rakshasa Race had arrived! Heaven Wasteland Domain!

Chapter 3162

Heaven Wasteland Main Hall. Everyone looked at the giant tree descending from the sky. Their minds were greatly shaken, and their faces changed color! This was the Divine Builder Tree of the Heaven Domain? Who pulled out the Divine Builder Tree of the Heaven Domain? Moreover, it was thrown into the Heaven Wasteland Main Hall and killed more than a dozen Imperial Emperors! Just how much power did this throw unleash? Even the worlds of more than a dozen Imperial Emperors could not withstand it and collapsed instantly. Their bodies were torn apart and suppressed under the Divine Builder Tree! A blank area appeared around Su Zimo again. Thousands of thick roots of the Divine Builder Tree whipped down, but did not hurt Su Zimo at all. Outside the main hall, the battle cries shook the sky. The situation had changed. Then, in a large blood mist, Die Yue, who was dressed in a blood-red robe, descended from the sky and came to Su Zimo's side. Everyone in Heaven Wasteland Main Hall was invigorated when they saw her. The Blood Butterfly Demon Emperor of the Great Wasteland Domain! Everyone thought that only the Blood Butterfly Demon Emperor of the Great Wasteland Domain had such means. Emperor Bei Kun, Emperor Nan Peng, Ice Dragon Emperor and the others also breathed a sigh of relief. Although they did not dare to be enemies with the Heavenly Court, deep in their hearts, they did not want the Heaven Wasteland Domain to be destroyed. Seeing Die Yue appear, they also realized that there would be more changes in today's battle. However, Die Yue was seriously injured in the battle of the Great Wasteland, and it was unknown whether she had recovered. Even if she recovered, it was unknown whether she could withstand more than a hundred Imperial Emperors. After all, the situation today was more serious than the battle of the Great Wasteland! There were fifty Imperial Emperors from the Heavenly Court alone. Moreover, there was also the Divine Inspector, who was known as the strongest in the Heavenly Court. Seeing Die Yue's arrival, Su Zimo felt relieved and asked with a smile, "Such a big commotion?" He really did not expect that Die Yue would pull out the Divine Builder Tree and bring it to the Heaven Wasteland Domain. Moreover, she had already gained the upper hand before they even met! Die Yue said, "I could have arrived earlier, but when I passed by the Heaven Domain, I saw that the Divine Builder Tree's life force was fading away. If it stayed in the Heaven Domain, it would not live for long."

Wu Dao's original body and Die Yue left at the same time. Die Yue was indeed a little late. It turned out that she was delayed in the Heaven Realm. Furthermore, Su Zimo also noticed that some of the branches and leaves on the Divine Builder Tree had already withered and was surrounded by a deathly aura. Was it related to Buried Heaven? Su Zimo frowned slightly. "I didn't want to bother with it at first, but this Builder Tree had already gained intelligence and asked me for help. So I plucked it out and brought it to Heaven Wasteland Domain." Die Yue said, "Heaven Wasteland Domain has just been established, this Jianmu tree is a gift to Heaven Wasteland Domain." Die Yue's words were said casually, but everyone present was secretly speechless. Monarch North Kun, Monarch South Roc, and the other World Lords

grinned. This Blood Butterfly Demon Empress made a big move the moment she made a move. She casually gave a gift and directly uprooted the Divine Divine Tree of the Heavenly Realm! Hearing Die Yue's words, the Divine Builder Tree trembled slightly. The remaining green leaves swayed along with it, releasing a feeling of gratitude and joy. This Builder Tree had already treated the Heaven Wasteland Domain as its home! In this short period of time, the thousands of thick roots had continuously penetrated deep into the ground and took root here! The Divine Builder Tree was the most sensitive to the yuan qi of the universe. The environment here was obviously much better than the Heavenly Realm! Lin Zhan, Feng Cantian, and the others looked at each other, secretly delighted. Although Heaven Wasteland Domain had the Carefree Tree, Immortal Willow, Seven Treasures Tree, Immortality Peach Tree, Immortal Peach Tree, Four Great Spirit Roots, it mainly depended on Su Zimo's twelfth grade Creation Qinglian. Once Su Zimo left, the cultivation environment of Heaven Wasteland Domain would become worse. Now, with the Divine Builder Tree guarding Heaven Wasteland Domain, even if Su Zimo left, it would not have much impact on Heaven Wasteland Domain. Of course, these were all secondary. For Heaven Wasteland Domain, the most important thing was to survive the great calamity at hand! The Nine-Tailed Demon Empress, Divine Elephant Demon Empress, and Bai Ze Demon Empress also followed the Blood Butterfly Demon Empress into the main hall. More than ten Rakshasa Race Emperors flew in from outside. However, these Rakshasa Race Emperors had just stepped into the Emperor realm and could not play a key role in the Emperor battle.

Emperor Qing Yan's eyes flashed coldly when he saw Die Yue. Unlike Emperor Araki Takeshi, he did not have much fear in front of Die Yue. When he saw Die Yue arrive and casually chat with Su Zimo in front of everyone, a fire of jealousy rose in his eyes and his face darkened. "Xue Die, without Araki Takeshi's help, you can't save Heaven Wasteland Domain!" Emperor Qing Yan's eyes were cold as he said slowly, "You can't pass the Inspector Heavenly Ambassador alone!" As soon as he finished speaking, the battle in the Sword Realm suddenly paused for a moment, as if something major had happened! Everyone subconsciously looked up. Through the water screen, they saw Emperor Araki Takeshi standing in a pool of blood and flames. The Inspector Heavenly Ambassador Yan Tian who had been fighting with him had been destroyed in body and soul, and not even his bones were left! Hiss! Even though they were not in the battlefield of the Sword Realm, this scene still made many Heavenly Court Emperors feel a chill. It should be said that the battle had just begun. Just before Die Yue arrived, they saw Wu Dao's original body punch out, and the Inspector Heavenly Ambassador Yan Tian went up to meet it. In the blink of an eye, the Inspector Heavenly Ambassador Yan Tian had died! There were only nine Inspector Heavenly Ambassadors in the entire Heavenly Court. The battle had just begun and one of them had already died! Die Yue retracted her gaze and said indifferently, "This Inspector Heavenly Ambassador is only so-so." The Inspector Heavenly Ambassador Yan Tian's expression was ugly. He secretly tore a few message talismans and turned them into streams of flowing light, entering the Void and disappearing. The situation was not right. He had to let the remaining five Inspector Heavenly Ambassadors and Heavenly Emperor experts come down to the lower domain in advance! "You are the Blood Butterfly Demon Emperor, let me test your skills!" The Inspector Heavenly Ambassador Yan Tian roared, "Kill!" Roar! The Inspector Heavenly Ambassador Yan Tian let out an earth-shattering dragon roar. His qi and blood surged and he shook his body, wanting to transform into his original body. Emperor Qing Yan's body was huge and he also wanted to transform into his original body to fight with Die Yue. Swoosh! Suddenly!

Both of their visions blurred as a blood shadow flashed. Die Yue had already closed in and her qi and

blood surged as a Bloodline phenomenon appeared behind her. The pupils on the blood-colored butterfly's wings locked onto the two of them. At the same time, Die Yue struck. Her fair palms enveloped the skies and slapped towards the top of their heads! The pupils on the blood-colored wings seemed to contain an extremely powerful Dao technique that could vaguely suppress the bloodlines of the Inspector Heavenly Ambassador Yan Tian and Emperor Qing Yan. As for Die Yue's palm, it seemed weak and fair but it contained an extremely terrifying power. Even the Inspector Heavenly Ambassador Yan Tian could sense the aura of death! She was that strong? The Inspector Heavenly Ambassador Yan Tian's heart skipped a beat. He did not have time to transform into his true body and could only extend his palm to resist. Bang! Bang! Both parties clashed head-on. The Inspector Heavenly Ambassador Yan Tian and Emperor Qing Yan shuddered and their bones creaked. Their teeth ached and they nearly fell off from the impact! Emperor Qing Yan's face was pale and filled with fear. Die Yue's combat strength was clearly much stronger than during the battle of the Great Wilderness! Before the two of them could catch their breaths, Die Yue lunged forward once more. Bang! Bang! Bang! The three of them exchanged blows consecutively and the Inspector Heavenly Ambassador Yan Tian and Emperor Qing Yan were forced to retreat. Under Die Yue's suppression, they could not even transform into their true bodies!

Chapter 3163

Boom! Boom! Boom! The other Emyrean Emperors of the Heavenly Courts, the Lord of Light and the other Emyrean Emperors formed their own worlds and attacked Die Yue. Among the Emyrean Emperors, the strongest were the Emissary Inspector Heavens and Emperor Green Flame. If the two of them were to be killed by Die Yue like the Emissary Inspector Heavens of the Sword World, it would be extremely disadvantageous for the Heavenly Courts! "Roar! "Emperor Green Flame roared. Although his body was not completely transformed, his dragon head was still menacing. He opened his mouth and spat out a terrifying dragon breath in Die Yue's direction! This dragon breath was mixed with an extremely terrifying green flame. It was still at the level of 'Dao'. A forbidden skill was released! If they were to continue being suppressed by Die Yue, the two of them would probably be killed before they could even transform into their true forms! The Emissary Inspector Heavens' eyes lit up as he channeled his Essence Spirit and released a forbidden skill as well. The firmaments split open as an extremely old dragon claw appeared. It seemed to have come from the end of the river of time as it slapped down towards Die Yue! The bloodline aura emanating from the dragon claw could suppress all living beings! Even the Blood Butterfly phenomenon behind Die Yue flickered as though it would be destroyed at any moment! "Adjudication!" The Lord of Light's body surged with golden blood qi as a bloodline phenomenon appeared behind him. An ancient pyramid appeared with countless living beings kneeling beneath it. The Lord of Light stood at the top of the pyramid as streams of white energy flew out from the heads of the living beings endlessly and gathered towards the Lord of Light! The Lord of Light clenched his fists in front of him as the white energy gathered continuously. In his palms, a resplendent gigantic sword was formed! Swash! The Lord of Light swung forward. The gigantic sword was incomparably sacred as though it could sever all Dao arts! It was a forbidden skill that belonged to the Protoss, Adjudication! The battle between the two sides had just begun and they pushed it to the limits without holding back as they released multiple forbidden skills! There was no way Die Yue could ignore such attacks. With that, she could no longer maintain her powerful attacks to suppress the Emissary Inspector Heavens and Emperor Green Flame. Die Yue's figure suddenly vanished.

Two strange red moons suddenly appeared in the sky. Under the illumination of these two crimson

moons, a gigantic butterfly vaguely appeared, overlooking the world, its wings trembling slightly. Whoosh! With just a slight flap, endless storms were stirred up on the battlefield, sweeping in all directions and destroying all life. It was unstoppable! Die Yue's forbidden technique, Blood Moon Storm! The green flames that Emperor Blue Flame spewed out were almost extinguished by this storm. The dragon breath was also about to dissipate. Shocking wounds appeared on the ancient dragon claw that was descending from the sky. Although the dragon claw was still slamming down, its power was rapidly diminishing! Before the Sword of Judgement released by the Lord of Light could land on Die Yue, it was torn apart by the bloody storm! Not only that, under the sweeping of the storm, the pyramid beneath the Radiance World Overlord also collapsed! "Ah!" The Radiance World Overlord screamed in agony as countless wounds appeared on his body. Golden blood splattered all over the battlefield, and his body was covered in wounds! Seizing the opportunity, Emperor Lord Azure Flame and the Emissary Inspector Heavens reverted to their true forms. Their auras surged and their powers rose continuously! Boom! Boom! The two of them propped up another world and combined with the power of the two forbidden techniques, they barely managed to block Die Yue's terrifying forbidden technique! As for the Radiance World Overlord, he was already deep in the storm. Whether it was his world or his physical body and bloodline, he was no match for the Emissary Inspector Heavens and Emperor Blue Flame. Although they were all peak Emperors, there was no clear division between peak Emperors and Great Emperors. As a result, the difference in power between peak Emperors was huge! After the Radiance World Overlord released the forbidden technique, if he could withdraw from the center of the battlefield immediately, he could still save his life. Now, when he realized that the situation was not good, it was already too late! His understanding of Die Yue was still the same as when he witnessed the battle of the Great Wilderness. But in the past hundred years, Die Yue had risen to another level. Although she had not become a Great Emperor, in the battle of the Great Wilderness, even without Wu Dao's original body, she still had the power to fight! Back then, when Die Yue released the Blood Moon Storm, she could not withstand the power of this forbidden technique and her physical body would be torn apart.

But now, Die Yue, who was in the eye of the blood-colored storm, was calm and unharmed from head to toe! Whoosh! The storm howled. Under everyone's gaze, the Radiance World Overlord's flesh was being torn apart by this bloody storm, constantly peeling off from his body! In the blink of an eye, the Radiance World Overlord was only left with a golden skeleton standing on the spot. His eyes flickered with a faint light, filled with fear. Bang! In the next moment, the Radiance World Overlord's skeleton was also blown away by the bloody storm. The faint light in his eyes was completely extinguished! The Radiance World Overlord had fallen! The aftershock of the collision of the forbidden techniques was not limited to this. The dozen or so Emperors who did not manage to escape in time were swept into the storm of the collision of the forbidden techniques and were buried here! Although the Emissary Inspector Heavens and Emperor Blue Flame had broken free from Die Yue's suppression and reverted to their original bodies, their battle strength had increased greatly, but they had also paid a heavy price. The Radiance World Overlord had fallen, in addition to the dozen or so Emperors. Of course, almost all the Emperors who had fallen came from the Radiance World and other worlds. In their eyes, the Emperors of the Middle Worlds were just ants. No matter how many casualties there were, they did not care. After the Emissary Inspector Heavens and Emperor Blue Flame reverted to their original bodies, they unleashed their maximum battle strength and led the remaining Emperors to finally stabilize the situation and resist Die Yue's attacks. The Old Ape, Nine-Tailed Demon Emperor, Divine Elephant Demon Emperor, Bai

Ze Demon Emperor, and a group of Rakshasa Emperors all joined the battle and tried their best to help Die Yue hold back some Emperors. For example, the Old Ape alone was holding back three peak Emperors! But even so, the number of Emperors surrounding Die Yue remained at around a hundred. The Emissary Inspector Heavens had unleashed his full power and displayed his peak battle strength. He was indeed worthy of being the strongest person in Firmament below the Great Emperor! Only he could fight Die Yue head-on. With the Emissary Inspector Heavens resisting and neutralizing most of Die Yue's attacks and power, together with Emperor Blue Flame and the other hundred Emperors, Die Yue was unable to gain any advantage. The other Emperors had seen Die Yue's methods and were even more careful with their attacks.

When they saw that the situation was not good, they would retreat immediately. With the Emissary Inspector Heavens and Emperor Blue Flame holding back most of Die Yue's attention, it would be difficult for her to succeed and kill the surrounding Emperors. "North Kun, South Peng, what are you waiting for!" The Old Ape roared at Emperor North Kun, Emperor South Peng, and the others who were watching from the sidelines. "At this moment, you are still hesitating?" If Emperor North Kun, Emperor South Peng, Frost Dragon Emperor, and the Flower Domain Master were willing to help and stand on the side of Heaven Wasteland Domain, they could help Die Yue take away some of the Emperors. Perhaps, this little change would reduce the pressure on Die Yue and affect the final direction of the battle and break the balance!

Chapter 3164

Without waiting for Emperor Bei Kun and the others to speak, the Heavenly Inspector Heavenly Ambassador sneered. While fighting against Die Yue, she said faintly, "You'd better think carefully about the consequences of going against the Heavenly Court!" Emperor Bei Kun, Emperor Nan Peng, and the other two Sector Lords frowned, looking troubled. It was not that they could not differentiate between right and wrong and did not want to help the Heaven Wasteland Domain. It was just that they really did not dare to take the risk! Once they chose to help the Heaven Wasteland Domain, it meant that they would be standing against the Heavenly Court! For many eras, which force that went against the Heavenly Court had a good ending? Some people were imprisoned forever in the sinful land, never to see the light of day, living a life worse than death. Some realms were completely wiped out from the Middle Thousand Domains. Occasionally, when they were mentioned, they would attract the disdain of others! Since ancient times, there had been countless people who dared to challenge the Heavenly Court, including several ancient Great Emperors. But in the end? Which one of them had a good ending? Although Emperor Araki Takeshi was strong, he had not become a Great Emperor. In the past few eras, even numerous Imperial Emperors had perished successively, and they even carried the infamy of being a sinner. So, how great could a mere Martial Monarch Desolate do? Now, Emperor Araki Takeshi seemed powerful and invincible, but the true master of the Heavenly Court had yet to take action. Once the Emperor of the Heavenly Court took action, no one in the Middle Thousand Domains would be able to stop him! Time and time again, the Heavenly Court had failed. Every failure would bring great pain to the living beings of the Middle Thousand Domains, and it would take countless years to recover! Emperor Bei Kun and Emperor Nan Peng silently lowered their heads, not daring to meet the old ape's eyes. They could not bear this responsibility. Once they chose to go against the Heavenly Court, the newly born Kun Peng Realm would very likely be destroyed! The Frost Dragon Emperor was silent. She was the master of the Dragons Domain, and shouldered the hope of reviving the

Dragons. Once she stood against the Heavenly Court, not to mention reviving the Dragons, the Dragons might not even survive this lifetime! But if not for Emperor Araki Takeshi, the Dragons would have been destroyed, and even she would not have survived until now!

This was an extremely difficult choice for her. On one hand, it meant the destruction of the Dragons. On the other hand, it signified righteousness and gratitude! Finally, the Frost Dragon Emperor heavily slammed her dragon-headed walking stick on the ground and said in a deep voice, "I will give up my life and fight against the Heaven!" "I only hope that no matter what happens to the Dragon Realm in the future, my clansmen will not resent me." The Frost Dragon Empress had already stepped forward, prepared to die....

Sword World. At the beginning of the Emyrean battle, Wu Dao's true body had withstood the attacks of nearly three hundred Emyrean Lords and forcefully killed an Inspector Heavenly Ambassador, instantly changing the situation! The remaining two Inspector Heavenly Ambassadors and two Heavenly Courts' young masters were unable to withstand Wu Dao's true body despite using all their strength. From start to finish, Wu Dao's true body hadn't even released his world. He had only revolved his blood essence and relied on his body and bloodline to push forward! Other than the two Inspector Heavenly Ambassadors, the other Emyrean Lords, including the perfected worlds of the peak Emyrean Lords, could not withstand a single punch from Wu Dao! No divine weapon, no secret art, no immortal art, no matter what, they were no match for a single punch from Wu Dao himself! It was unstoppable, like a hot knife through butter! Wherever Wu Dao's true body went, people would be thrown off their feet! The forbidden arts released by the two Heavenly Courts' young masters, Emyrean Lord Bai Yu and Emyrean Lord Xuanshen, were destroyed by Wu Dao's true body with two casual punches. It did not even stir up a single ripple! The two Heavenly Courts' young masters were appalled. They were nearly scared out of their wits! This Emyrean Lord Araki Takeshi was clearly a lot stronger and more terrifying than during the battle in the vast wilderness! They had never seen such means before. That was a forbidden art! Yet, it was destroyed by Emyrean Lord Araki Takeshi with two casual punches! The two forbidden arts failed to stop Wu Dao's true body for even a moment. Seeing Wu Dao's true body approach them, the two Heavenly Courts' young masters had no time to escape. If not for the two Inspector Heavenly Ambassadors arriving in time to save them, Emyrean Lord Bai Yu and Emyrean Lord Xuanshen would have been beaten to death by Wu Dao's true body in a single exchange! Although they had saved the two Heavenly Courts' young masters, the two Inspector Heavenly Ambassadors did not have it easy. The world was on the brink of collapse from Wu Dao's true body's two punches. It was covered in cracks.

Immense forces surged into their bodies through the world's cracks. The two Inspector Heavenly Ambassadors spat out large mouthfuls of blood from the blows. All they could do was drag Emyrean Lord Bai Yu and Emyrean Lord Xuanshen into the crowd to avoid the brunt of the blows. They could not fight! They could not fight at all! The two Inspector Heavenly Ambassadors' faces were pale. They claimed to be the strongest experts beneath the Great Emperor, but in front of Wu Dao's true body, they probably would not last more than three punches before being hammered to death on the spot! Thankfully, they had already sent a message to inform the other Inspector Heavenly Courts' Inspector Heavenly Ambassadors to provide immediate reinforcements. Perhaps, they would be able to hold back Emyrean Lord Araki Takeshi by joining forces. "Kill the bunch of people from the Sword World. Don't stop him. It's like striking a stone with an egg!" White Sky Inspector Heavenly Ambassador roared, reminding the other Emyrean Lord experts to disperse and begin their massacre of the Sword

World.No matter how strong Empyrean Lord Araki Takeshi was, it was impossible for him to take care of everyone.Only by doing so could they stall for time to the greatest extent, diverting Empyrean Lord Araki Takeshi's attention!It had to be said that White Sky Inspector Heavenly Ambassador's change in strategy was rather timely.If the bunch of Empyrean Lord experts were to continue gathering together to fight Wu Dao's true body, they would probably be crushed and reduced to corpses beneath the feet of Wu Dao's true body!In just a short while, the number of Empyrean Lord experts had plummeted.There were less than two hundred of them!Half of the six Realm Lords of the Celestial Tribute world had been killed by Wu Dao's true body with two punches!Now, the Empyrean Lord experts were scattered everywhere as they charged into the Sword World continent to engage in a massacre.Not only did they cause considerable damage to the cultivators of the Sword World, it would also take a lot of time for Wu Dao's true body to chase after them one by one.It was not only the Empyrean Lords. The cultivators of the Stone World, Heavenly Vision World, Golden Crow World and other super worlds were also in a killing frenzy.When Wu Dao's true body sensed this scene, his expression was cold as he said slowly, "All of you are courting death!"

The moment he said that, ten ancient and thick Gates of Hell appeared behind Wu Dao's true body. The gigantic gates stood in the starry cosmos and emitted a shuddering aura!Ghostly wails and howls could be heard from every single gate.Before the cultivators could react, figures rushed out of the nine Gates of Hell. They were densely packed like carps crossing the river as they charged into the crowd and began a massacre!Those living beings came from the Nine Hells and were bloodthirsty and ferocious. Their bodies were filled with the aura of the Netherworld – they were true living beings of Hell!"Apart from sword cultivators, kill everyone else!"The voice of Wu Dao's true body was extremely cold.Initially, he did not intend to use the army from Hell at this moment.He had prepared this army of Hell for the Heavenly Courts.In the current battlefield, apart from the Heavenly Courts and the Celestial Tribute world, there were also the Heavenly Vision World, the Stone World and the Golden Crow World that came from the medium-class worlds.Originally, Wu Dao's true body still had some leeway and did not want to kill these worlds.However, the living beings of these worlds were not lenient towards the cultivators of the Sword World at all. They were completely intent on killing them all!Seeing that, Wu Dao's true body no longer held back. He opened the Gates of Hell and released the bloodthirsty army!

Chapter 3165

This group of living beings from Hell had a natural hatred and disgust towards cultivators from the Middle World.Fortunately, in this life, Wu Dao's true body was overseeing Hell. With the help of Princess Yufei, he had subdued and tamed this ferocious and bloodthirsty army of Hell.Otherwise, if such an army of Hell suddenly descended and was completely uncontrollable, it would be a huge disaster for the Middle World!Wu Dao's true body secretly brought the living beings from Hell who had a chance of stepping into the Thearch realm, such as Hell Lord Ku Quan and the others, to the Great Wasteland World through the Gates of Hell.After all, it was once a Hell that was comparable to the Middle World. There were many experts.However, because Hell was in ruins, this group of living beings from Hell had always been suppressed, so they were unable to step into the Thearch realm.With the help of the complete heaven and earth and Dao techniques of the Middle World, hundreds of living beings from Hell stepped into the Thearch realm.Such an army of Hell had been suppressed in the dark and gloomy Hell for countless years. Now that they had descended into the Middle World, they erupted with astonishing combat strength!The living beings from Hell were fearless and excited to the extreme. They

rushed into the crowd and started a massacre. The battlefield was in chaos. The cultivator armies of the Heavenly Eye World, Stone World, Golden Crow World, and other super worlds were scattered by the army of Hell. Many cultivators of the Sword World also obtained a chance to catch their breaths. Without any worries, Wu Dao's true body once again pursued the Imperial Emperor experts of the Heavenly Court and the Celestial Tribute World. With a casual step, he could cross the endless starry sky and travel freely on the battlefield. No Imperial Emperor expert could block the attack of Wu Dao's true body! Wu Dao's true body arrived in front of the other party. With a casual punch, an Imperial Emperor expert died! The number of Imperial Emperors on the battlefield was rapidly decreasing! The Realm Lords of the Heavenly Eye World, Stone World, and Golden Crow World were pale. They already had the intention to retreat and trembled. If this continued, before the Sword World was destroyed, the Imperial Emperor experts they brought with them would all die here! The two Inspector Heavenly Ambassadors were also livid with shock and bewilderment. The situation was not good! According to Empyrean Lord Baiyu and Empyrean Lord Azure Flame's description, the few Inspector Heavenly Ambassadors should be able to deal with Empyrean Lord Araki Takeshi in the lower realm.

But who would have thought that in just over a hundred years, Emperor Araki Takeshi's battle prowess was much stronger than what the three young masters of the Heavenly Court had described! Rumble! At this moment, a loud noise came from the sky. Soon after, an enormous crack appeared in the heavens, emitting a heart-palpitating pressure. Faint immortal sounds could be heard, and the vital energy was rich! Five figures appeared, standing in the air, looking down at the battlefield of Sword World with cold expressions. On the waists of these five figures hung tokens unique to the Heavenly Court. On them were the words Jun, Min, You, Zhu, and Yang. The five Inspector Heavenly Ambassadors — Jun Tian, Min Tian, You Tian, Zhu Tian, and Yang Tian — rushed over immediately without having the time to gather manpower after receiving the call for help from the Medium-class world! On the battlefield, the two Inspector Heavenly Ambassadors who were hiding in the crowd with the two young masters of the Heavenly Courts used the Thearch weapons and the chaotic battlefield to hide their tracks, avoiding the pursuit of Wu Dao's true body. Upon seeing this scene, the two Inspector Heavenly Ambassadors finally heaved a sigh of relief. With the seven Inspector Heavenly Ambassadors joining forces, even if they were unable to kill Empyrean Lord Araki Takeshi, they could hold him back as much as possible while waiting for reinforcements from the Heavenly Courts' army! However, White Sky Inspector Heavenly Ambassador suddenly realized that Wu Dao's true body had vanished. White Sky Inspector Heavenly Ambassador was alarmed. He looked around but failed to find any traces of Wu Dao's true body. "Be careful!" He seemed to think of something as he turned his head abruptly. He looked at the five Inspector Heavenly Ambassadors who had descended from the sky and warned them loudly. Wu Dao's true body was definitely going to kill the five Inspector Heavenly Ambassadors! The five Inspector Heavenly Ambassadors who had just descended knew almost nothing about Empyrean Lord Araki Takeshi. They had only heard that the four young masters of the Heavenly Courts had suffered greatly in the dimensional realm, but they did not know how powerful their opponents were! Furthermore, over the years, there was almost no one beneath the Great Emperor realm that could threaten them. Even the powerful Empyrean Lords under Fiendlord and Ghostmother would not be able to gain much of an advantage against them. Under such psychological influence, if they were targeted by Wu Dao's true body, they would definitely be severely injured! Just as expected! Just as White Sky Inspector Heavenly Ambassador's warning sounded, Wu Dao's true body had already descended in front of Inspector Heavenly Ambassador You Tian!

His lifeblood rumbled as his body seemed to burn with countless flames. He raised his hand and punched out like a volcanic eruption, incinerating everything! For example, every time these Inspector Heavenly Ambassadors descended into a dimensional realm to patrol the heavens, all Empyrean Lord experts had to bow their heads obediently. Inspector Heavenly Ambassador You Tian had never seen such a situation before. Before he could find his footing, a purple-robed man had already appeared in front of him and struck out such a terrifying punch at him! Under this punch, all his means seemed to crumble at the first blow. Before his bloodline phenomenon could condense, it was burned to nothingness by the high temperatures produced by the punch! Before his world could take form, it was torn to shreds by the Dao Dharmic vortex that revolved around the fist! "This person's combat strength is probably comparable to a Great Emperor's!" This was the final thought that flashed through Inspector Heavenly Ambassador You Tian's mind. The next moment, his vision turned black as he lost all consciousness. Under everyone's watchful eyes, the five Inspector Heavenly Ambassadors that had just descended were once again killed by Wu Dao's true body with a single punch! The remaining four Inspector Heavenly Ambassadors were appalled. Without a second thought, they conjured their true bodies and conjured a world. They conjured their Great Emperor weapons and circled around them. However, Wu Dao's true body vanished once again. He did not give the four Inspector Heavenly Ambassadors a chance to attack him! On the battlefield of the Sword World, White Sky Inspector Heavenly Ambassador saw Inspector Heavenly Ambassador You Tian perish and Wu Dao's true body vanish once again. His heart suddenly turned gloomy! A strong sense of danger suddenly descended upon him! "No good!" White Sky Inspector Heavenly Ambassador felt his scalp tingle as his heart sank. With Empyrean Lord Bai Yu in tow, he hid in the crowd with the help of the Great Emperor weapons. It was difficult for Wu Dao's true body to detect him. And his shout from before was equivalent to exposing himself! Boom! A huge wave of scorching energy surged forth. As White Sky Inspector Heavenly Ambassador's pupils constricted, a fist rapidly approached him. It grew in size and eventually filled his vision! A powerful suction force pulled him and Empyrean Lord Bai Yu towards the fist.

There was no way to avoid it! "Roar!" White Sky Inspector Heavenly Ambassador and Empyrean Lord Bai Yu roared at the same time as they pushed their lifeblood to its limits. White Sky Inspector Heavenly Ambassador conjured another forbidden art as he punched at Wu Dao's true body's fist! Boom! When White Sky Inspector Heavenly Ambassador and Empyrean Lord Bai Yu clashed with Wu Dao's true body's fist, their bodies convulsed as they coughed out large mouthfuls of blood. The punch was heavy and forceful. It was unstoppable! The armor on White Sky Inspector Heavenly Ambassador's body was torn apart by the punch as it fell off his body. He was already covered in wounds as his flesh and skin tore apart. Blood dyed his snow-white long hair red. Empyrean Lord Bai Yu was also coughing out large mouthfuls of blood as his eyes dimmed. Before the two could catch their breaths, the second punch arrived. Compared to the previous punch, it was even more ferocious and suffocating. It carried the aura of death and boundless might as it enveloped them!

Chapter 3166

Middle World, in a corner of the vast cosmos. A white-browed elder hunched his back as he sat on a blank tombstone. He looked in the direction of the Sword World battlefield and muttered, "The commotion this time is too great. It will probably alarm those from the Heavenly Courts." On the other end of the cosmos, a thin girl also stopped in her tracks and looked at the Sword World. She suddenly

asked, "If those people were to take action, should we help?" The two of them were separated by billions of kilometers of the cosmos but they did not seem to be obstructed. They were just inches away from each other as they chatted casually. In the darkness of another cosmos, a figure slowly appeared. She looked like an old woman with a walking stick. She said slowly, "If we were to take action to resist the Heavenly Courts, it would mean the beginning of the War of the Heavens." "A Great Emperor has yet to be born in a Middle World. It's not the right time to attack the Heavens. Besides, the Great Emperors have yet to take the final step." The white-browed elder did not say a word, as though he agreed with the old woman. The girl's gaze turned and landed in the direction of the Heavenly realm. She narrowed her eyes and said with a cold voice, "He has gone overboard!" "He is also doing it to attack the Heavens and to help us return to the Major Chilocosm." The old woman said indifferently, as though she thought nothing of it. The little girl fell silent, but her face still revealed a trace of coldness.... On the Sword World battlefield, Wu Dao's true body's second punch descended, enveloping White Sky Inspector Heavenly Ambassador and Empyrean Lord Bai Yu within! Boom! There was a loud boom! White Sky Inspector Heavenly Ambassador finally could not hold on any longer. His body reached the limits of what he could withstand as he was blasted apart by the punch. His Essence Soul was destroyed! And at the final critical moment, Empyrean Lord Bai Yu tore apart a talisman charm. The talisman charm emitted a shocking killing intent as countless Dharmic runes enveloped Empyrean Lord Bai Yu's body, carrying him in the direction of the Heavenly Courts! "You still want to escape this time?" Wu Dao sneered as he turned his fist into a palm and grabbed at the top of Empyrean Lord Bai Yu's head! The Dharmic runes on Empyrean Lord Bai Yu's body rapidly condensed, transforming into a sword that surged with killing intent. It cleaved down at Wu Dao's palm!

Wu Dao's true body sensed that the Dharmic runes were left behind by the Great Emperors. If this were more than a hundred years ago, it might have caused some trouble. But now ... With a thought, Wu Dao summoned the Prison Suppressing Cauldron back to him and used it to suppress the murderous longsword! There was a loud bang! The killing intent sword was shattered by the Prison Suppressing Cauldron! Wu Dao's true body's palm landed directly on the top of Emperor Bai Yu's head. "You can't kill me ..." Emperor Bai Yu shrieked. Pa! Wu Dao's main body didn't even give him a chance to say a second word. He exerted force in his palm and instantly turned his head into a bloody mist. His soul scattered, and his body and dao vanished! When the Imperial Monarchs saw this scene, a wave of deep fear surged in their hearts. Since the beginning of the battle, Imperial Monarch Araki Takeshi had killed over a hundred Imperial Monarchs! Apart from the Empyrean Emperors of the Heaven Conferment world, there were also three Inspector Heavenly Ambassadors of the Heavenly Courts and a young master of the Heavenly Courts! In the battle of the Grand Desolate World and today's battle, the Celestial Tribute World was almost crippled by Imperial Monarch Araki Takeshi alone! Even if the Heavenly Courts sent a few more Inspector Heavenly Ambassadors, from the looks of it, they probably wouldn't be able to withstand Imperial Monarch Araki Takeshi's attack. This battle was the focus of everyone's attention. In the three thousand realms, countless experts were paying attention to this battle and waiting for the outcome. At that moment, not only the Heavenly Eye World, Stone World, Golden Crow World, and other worlds, even the remaining Imperial Monarchs of the Celestial Tribute World had the intention to retreat. The Heavenly Courts' defeat was already apparent. If they didn't have any extraordinary means, it would be difficult to reverse the situation! At that moment, a heart-palpitating aura suddenly descended from the rift in the sky. This aura was so terrifying that it even made both sides who were fighting on the battlefield stop. They looked up in horror! An invisible and huge pressure enveloped the

Middle World! At that moment, all living beings in the three thousand realms, regardless of their cultivation level or where they were, were jolted awake. They looked up at the starry sky. All living beings held their breath, anxious and uneasy. They had a feeling that a great disaster was about to befall them. It was as if this world was about to usher in the end!

Not only on the battlefield of the Sword World, the battle on the Heaven Wasteland Domain's side also gradually came to a stop. "This pressure..." Die Yue's face revealed a rare trace of solemnity. Only a Great Emperor could make all living beings in the three thousand realms feel such a huge pressure! "Ants!" At that moment, a fierce shout suddenly came from the rift in the sky. When it landed in the Middle World, it was like a sudden clap of thunder, bursting forth with endless majesty! Not to mention the low-level cultivators, even the Imperial Monarchs present almost knelt to the ground under this fierce shout. Their ears were buzzing and their minds were blank. It was as if the word 'ants' was berating them! The Iron Crown elder's face was pale. This battle had alarmed the Great Emperor. Not only would the Sword World and Heaven Wasteland Domain be removed, even Imperial Monarch Araki Takeshi... Unlike the Imperial Monarchs of the Sword World and Heaven Wasteland Domain, the Imperial Monarchs of the Heavenly Court breathed a sigh of relief when they heard this voice. The Inspector Heavenly Ambassadors were also relieved. They did not have the slightest confidence in facing Imperial Monarch Araki Takeshi! The Imperial Monarchs from the White Sky Empire looked excited, but also somewhat sad and indignant. A White Sky Emperor could not help but cry out sorrowfully, "Master, the Inspector Heavenly Ambassadors and Young Master have just been killed by Araki Takeshi!" "Araki Takeshi, Araki Takeshi..." In the crack in the sky, low moans reverberated. No one dared to speak, for fear of disturbing the person in the Heavenly Court. The atmosphere between heaven and earth was extremely oppressive! At this moment, Wu Dao stood in the air and only slightly raised his head. Because he was wearing the Mo Luo Mask, no one could see his expression. If someone could see through it, they would be surprised to find that Wu Dao's expression was much calmer than they imagined! "Araki Takeshi, Araki Takeshi..." The low murmur continued to reverberate. Then, it came to an abrupt stop! "How dare you!" A loud roar sounded in the sky, accompanied by a vast and majestic pressure. A large hand passed through the rift in the sky and slammed down toward Imperial Monarch Araki Takeshi in the starry sky!

This large hand blotted out the sky and contained an aura that could destroy heaven and earth. As soon as it arrived in the Middle World, the surrounding stars were instantly destroyed and turned into dust! The starry sky trembled and the sky darkened! A Great Emperor had attacked! Some of the sword cultivators of the Sword World could not withstand the pressure and knelt on the ground. This enormous hand that blotted out the sky didn't just want to crush the Martial Dao True Body to death, it also enveloped the entire Sword World, wanting to annihilate the Sword World beneath its palm! Even the Monarchs outside the battlefield felt their hearts tremble when they sensed this aura. The gap was too great! This was the power of a Great Emperor! There was no way to contend against it! Heaven Wasteland Domain. Emperor North Kun and Emperor South Peng sighed softly when they saw this scene. They did not help Heaven Wasteland Domain because they were worried that this battle would alarm a Great Emperor. A Great Emperor was enough to quell everything!

Chapter 3167

In this Middle World, no one had ever seen a Great Emperor in action. What kind of scene would that be? Although Wu Dao's true body had seen a Great Emperor before, he had never fought one. He did not know how powerful a Great Emperor was. Only at this moment did he feel the power of a Great Emperor that caused the cosmos to tremble, the heavens to tremble, and all races to submit! It was very powerful! It was unprecedentedly powerful! It even made him feel immense pressure! If it were a hundred years ago, he would definitely not have been able to withstand such a palm strike without using the Origin Martial Grotto-Heaven. But today was different from the past! In a hundred years, Die Yue had improved tremendously. Wu Dao's true body was also transforming! After the battle of the Grand Desolate World, Wu Dao's true body's Origin Martial Grotto-Heaven had stepped into the Thearch realm and transformed into the Origin Martial World. The Origin Martial World was his Wu Dao body! Even without using the Origin Martial World, he could easily suppress many peak Imperial Lords and shatter a perfected world with just his physical body and bloodline power! After the two true bodies met, Wu Dao's true body had fused the three Dao fires of Qinglian's true body into his body, causing the might of Wu Dao's Furnace and Martial Tempering Universe to be greatly enhanced! In the previous battle, Wu Dao's true body had slaughtered everyone. Even the three Inspector Heavenly Ambassadors had been killed by him in two to three punches. But in fact, he had held back and had not released his full strength. At the beginning of the battle, Wu Dao's true body had guessed that this battle would very likely alarm the Heavenly Courts' Great Emperor! He had to hold back. And all of these backup plans were for this moment! Facing the huge hand that blotted out the sky, Wu Dao's true body roared into the sky. He pushed his lifeblood to its limits as a rumbling sound came from his body. The next moment, a huge flaming furnace appeared between heaven and earth, standing tall in the cosmos! Bloodline phenomenon, Wu Dao's Furnace! This gigantic blazing furnace even enveloped the gigantic hand descending from the sky. Nine blazing flames burned fiercely, intending to refine this gigantic hand! "Humph!" A cold snort came from above the Heavenly Court, and the tone was filled with disdain.

The gigantic hand suddenly turned blood-red as a massive amount of blood qi filled the entire furnace. It clashed with the nine flames and sizzled! Under the suppression of this blood-red hand, the nine flames continued to weaken and even showed signs of extinguishing! Wu Dao's furnace couldn't block the sky-covering hand at all. Instead, it kept shaking and was about to be smashed into pieces by the sky-covering hand! Whoosh! Wu Dao's true body activated his divine sense and released a world. Martial Refining Universe! Nether Ghostfire, Red Lotus Karmic Fire, Calamity Fire, Vermilion Bird Dao Fire, Hell Fire, Immortal Dao Fire, Buddhist Dao Fire, Devil Dao Fire, and Martial Soul Fire. Nine great flames gathered in the universe and transformed into nine fire dragons that roared at the sky! The nine fire dragons circled around Wu Dao's furnace, causing the nine fire auras in Wu Dao's furnace to increase greatly, and the fire was ignited once again! The Heaven and Earth Furnace, under the burning of the divine fire inside and outside, was burned red and transparent. Even the gigantic hand that covered the sky was emitting billowing green smoke! Martial Refining Universe combined with Wu Dao's furnace allowed Wu Dao's power to be unleashed to the extreme! All the living beings of the Middle World were dumbfounded when they saw this scene, and their faces were full of shock. Even the Sword World's elder with the iron crown and the Heaven Wasteland Domain's Emperor experts had a look of disbelief on their faces. The battle strength of Emperor Araki Takeshi had reached such a level that he was in a stalemate with the Great Emperor! Under the starry sky, the sky-covering hand seemed to be in pain and couldn't continue to suppress it. Instead, it wanted to withdraw its palm. But Wu Dao's true body didn't give it this chance. After Martial Refining Universe and Wu Dao's furnace, another loud sound came

from the starry sky! Ten huge ancient portals descended, and pressure surged. Under the will of Wu Dao's true body, they exerted force at the same time and suppressed the sky-covering hand! Boom! There was a deafening sound, and heaven and earth trembled! The ten portals of hell smashed heavily into the sky-covering hand. The next moment, blood mist filled the sky, and a large amount of blood rain sprinkled down! The blood of a Great Emperor! All the living beings of the Middle World were in an uproar! Three thousand domains were shaken! In the Heaven Wasteland Palace, Emperor North Kun and Emperor South Roc widened their eyes and looked at the blood rain in the sky in disbelief.

The two of them didn't expect that the Great Emperor of the Heavenly Court would make a move! The Great Emperor's palm had been shattered by Emperor Araki Takeshi! "Araki Takeshi has probably..." Emperor North Kun's lips trembled, and he swallowed his saliva and murmured, "He has already become a Great Emperor..." Others couldn't see through the cultivation realm of Wu Dao's true body, and didn't know that he had just stepped into the Great Emperor realm. But the scene in front of them almost proved that Araki Takeshi was a Great Emperor! If he didn't have the battle strength of a Great Emperor, who could injure the Great Emperor of the Heavenly Court? "This, this is a Great Emperor!" The old man with the iron crown looked excited, and his voice trembled. He originally thought that the Sword Realm and Heaven Wasteland Domain would be destroyed, and that Emperor Araki Takeshi would also die. But he didn't expect that Araki Takeshi would injure the Great Emperor of the Heavenly Court after making a move! Could there be a turning point in this battle? "Great Emperor, he is a Great Emperor! Great Emperor Araki Takeshi!" Emperor Xuan Can of the Heavenly Court was really frightened, and his face was pale as he suddenly exclaimed. Only a Great Emperor expert could fight against the Great Emperor of the Heavenly Court! The words "Great Emperor Araki Takeshi" immediately caused a commotion on the battlefield of the Sword Realm. "Great Emperor Araki Takeshi!" Someone in the Sword Realm shouted loudly. After this voice, more and more sword cultivators' blood boiled, and they shouted loudly, "Great Emperor Araki Takeshi, Great Emperor Araki Takeshi!" The sound waves rolled and spread in all directions! On the battlefield of the Sword Realm, the morale of the cultivators of the Sky Eye Realm, the Stone Realm, and the Golden Crow Realm was greatly reduced, and they were at a loss of what to do. Heaven Wasteland Domain. The Emperor cultivators of the Light Realm and more than a hundred other realms were all shocked, and couldn't recover for a while. The cultivators of the more than a hundred realms were filled with regret. They had followed the people of the Heavenly Court to Heaven Wasteland Domain, and thought that it would be a crushing situation and a killing feast. Who would have thought that they would provoke a Great Emperor!

The many creatures of Heaven Wasteland Domain became extremely excited when they saw this scene, and they also shouted loudly. "Great Emperor Araki Takeshi!" "Great Emperor Araki Takeshi!" The creatures of Heaven Wasteland Domain originally thought that Heaven Wasteland Domain was only founded by an Immortal King. But they didn't expect that the person behind Heaven Wasteland Domain was a Great Emperor of the Human Race! Not only in the Sword Realm, but also in the minds of the Emperor experts of Heaven Wasteland Domain, Dragon Realm, Kun Peng Realm, and many other realms. Great Emperor Araki Takeshi! The Great Emperor of this era of the Middle World was born! After the fall of Great Emperor Chang Sheng, this era finally had a place to belong. The era of Araki Takeshi! When the Emperors thought of this, their hearts were filled with emotion. Like fate, the Great Emperor of this era of the Middle World still chose to go against the Heavenly Court! However, the

Emperors had many doubts. According to the ancient records, when a mortal of the Middle World proved his Dao, it would definitely cause the world to shake, and the Great Dao to resonate. At that moment, all the beings of the three thousand realms would be aware of it! But from the beginning to the end, such a strange movement had never occurred in the Middle World.

Chapter 3168

"Great Thearch?" The Inspector Heavenly Ambassadors looked at the Empyrean Lord of the Celestial Tribute world with ugly expressions. The Celestial Tribute world was under the orders of the Heavenly Courts to monitor the Middle Realms. Now, a Great Thearch was born in a Middle Realm. Yet, the Heavenly Courts did not receive any news of it! "What are all of you doing in the Celestial Tribute world? Are you blind!?" The Mysterious Sky Inspector Heavenly Ambassador stared at the remaining three Celestial Tribute world lords with a cold gaze and a sinister tone. He was truly infuriated! The Heavenly Courts did not notice such a huge matter. They had not made any preparations either. They had followed the Heavenly Courts' young masters to the Sword World to fight the human Great Thearch. They were simply courting death! The three Inspector Heavenly Ambassadors were already dead. It was only luck that allowed him to live up to this point. If they knew that a Great Thearch was in a Middle Realm, they would not have rashly descended! "I-I-I didn't know either." Celestial Tribute Rock Thearch had a look of horror and innocence as his voice trembled. They really did not sense any phenomenon of Great Dao resonance. They were not the only ones who could sense that a Great Thearch in a Middle Realm had attained the Dao! Over the years, Imperial Lord Araki Takeshi had been extremely high-profile. He had even appeared to quell the war of dragons and phoenixes and the war of Kun Peng. However, there had never been any signs that indicated that someone had attained the Dao. "Three good-for-nothings!" The Mysterious Sky Inspector Heavenly Ambassador suddenly attacked and slapped Celestial Tribute Rock Thearch's head, shattering it. His Essence Soul was destroyed as he died on the spot! Celestial Tribute Rock Thearch never expected the Mysterious Sky Inspector Heavenly Ambassador to attack him. He was completely unprepared and was flabbergasted as he was slapped to death! The remaining two Celestial Tribute world lords turned pale in fright. They hurriedly knelt to the ground and begged for mercy. The Mysterious Sky Inspector Heavenly Ambassador suppressed the rage in his heart and snorted coldly. He did not continue killing. With the war about to begin, the two Celestial Tribute world lords were peak Imperial Lords after all. They were still of some use.... In the darkness of the vast cosmos, the old woman's voice suddenly sounded. "This Araki Takeshi has attained the Dao? Why don't I know about it?"

This voice could not be heard by others, but in two other corners of the starry sky, the white-browed elder and the little girl could hear it clearly. "Probably not." The white-browed elder said, "The last time I met him, he had just stepped into the Emperor Realm not long ago. It's impossible for him to become a Great Emperor in a hundred years." "Furthermore, there will definitely be a phenomenon when one proves his Dao in a middle world." The little girl said, "Although he hasn't confirmed his Dao as a Great Emperor, his battle strength is already comparable to a Great Emperor." "Heh ... it's hard to say." The old woman smiled and said, "That person from Haotian didn't use his full strength when he made his move just now. He didn't expect to run into a nail in a medium-class realm." "That little injury is nothing to him. Instead, it will only enrage him. When his true body descends, it is still unknown whether this Araki Takeshi can withstand it." As soon as he finished speaking, the old woman's aura suddenly disappeared, concealed. Meanwhile, a figure slowly descended from the crack in the sky. The heavens trembled and

the stars dimmed. Looking at this high and mighty figure, all the beings of the myriad races had the urge to prostrate themselves in worship, unable to summon any thoughts of resistance! Endless pressure shrouded the medium-class realm, pressing down on the hearts of all the beings of the myriad races! Under such pressure, the only person who could maintain a calm expression was Wu Dao's true body in the starry sky! "So, you have become the new Lord of Hell." This figure wearing a white robe stared at the ten gates of hell around Wu Dao's true body and said slowly. His voice was like metal clashing, sonorous and powerful! "Who are you?" Wu Dao's true body asked faintly. "I am the Lord of Haotian!" There was a hint of arrogance in the white-robed man's tone. The Lord of Haotian was just a Great Emperor. However, this white-robed man's tone didn't seem to care about Wu Dao's true body, and he didn't even put him in his eyes! "You are just bluffing." The Lord of Haotian's tone was indifferent as he said, "Although the Lord of Hell is suppressed in the Avici Hell, he is not dead. His Dao seal is still in the Infernal World. It is impossible for you to prove your Dao in the Infernal World."

"As for the medium-class realms, I did not notice any traces of someone proving their Dao there." "Great Emperor Araki Takeshi?" The Lord of Haotian sneered and spat out two words in a contemptuous tone, "Ant!" As soon as his voice fell, the Lord of Haotian attacked again. His palm looked intact, as if the previous injury didn't affect him at all! The Lord of Haotian's palm came down, but Wu Dao's true body didn't dodge or retreat. Instead, he moved forward and raised his hand to punch! At the same time, he combined with Wu Dao's furnace, Martial Arts Universe, and the ten gates of hell to push Wu Dao's strength to the limit and burst out with a peak killing power! Boom! The fist and palm collided, and an earth-shattering explosion erupted! In the center of the battlefield where the two figures were fighting, a huge halo burst out. The starry sky collapsed and the void shattered! The power of the collision formed a wave of power that spread out in all directions. Wherever it passed, everything was destroyed, and countless stars were turned into dust! This light was so bright that other than Imperial Emperors, the other cultivators couldn't withstand it. They either averted their gaze or closed their eyes. When the crowd opened their eyes again, they saw that the two figures in the center of the battlefield were still facing each other. The Lord of Haotian's true body had arrived, and Wu Dao's true body was facing his opponent head-on. He didn't even retreat half a step! Just this punch had completely established the name of Great Emperor Araki Takeshi! After this punch, no one in the 3,000 realms doubted the name of Great Emperor Araki Takeshi anymore. "You have some skills." A trace of surprise flashed through the depths of the Lord of Haotian's eyes. He really didn't expect Wu Dao's true body to be able to withstand his punch. "Again!" The Lord of Haotian attacked again, and a long sword appeared in his palm. The sword pierced over like an antelope's horn, untraceable! This sword seemed to have escaped into the Great Dao. The Great Dao was invisible and couldn't be seen or touched at all!

Wu Dao's true body felt a huge sense of danger, and his hair stood on end! This sword even made him smell a wisp of death! Suddenly! Wu Dao's true body closed his eyes. However, his eyesight and divine sense were unable to capture the traces of this sword. Only by relying on his mysterious spiritual sense and the sharpness of countless life-and-death experiences could he possibly resolve this sword! Wu Dao's true body remained calm, and his mind was clear. After closing his eyes and covering his facial features, a chaotic and hazy world seemed to appear in his mind. In this gray and hazy chaos, a wisp of white light was speeding toward him, stabbing between his eyebrows! Wu Dao's true body suddenly opened his eyes, and two balls of purple flames rose in his eyes, burning fiercely! Boom! The Prison Suppressing Cauldron fell from the sky and smashed into the void in front of him. There was originally

nothing there. However, after the Prison Suppressing Cauldron smashed down, there was the sound of metal colliding, and sparks flew everywhere! A sharp sword with a biting cold killing intent appeared. The Lord of Haotian raised his eyebrows slightly, as if he hadn't expected Wu Dao's true body to be able to block his attack.

Chapter 3169

"Kill!" Just as Wu Dao's true body was fighting the White Sky Lord, the Inspector Heavenly Ambassadors gave their orders. The battle between the Sword World and the Heaven Wasteland Domain erupted once again! This time, the Sword World did not have Wu Dao's true body. It only had the Iron Crown elder and the Emperors from the Infernal Court. They could not withstand the combined forces of the Heavenly Court, the Celestial Tribute Domain, and several other super domains. When the battle erupted, countless sword cultivators died. The Iron Crown elder was covered in blood and his hair was disheveled. He wielded his sword and fought the Emperors with all his might! Wu Dao's true body noticed this scene. With a thought, the Ten Gates of Hell appeared on the battlefield of the Sword World under his control! The Ten Gates of Hell appeared, smashing and slapping anyone they saw. Apart from the Inspector Heavenly Ambassadors, the other Emperors could not withstand the suppression of the Ten Gates of Hell. This was because Wu Dao's true body was mostly focused on fighting the White Sky Lord. He could not unleash the full power of the Ten Gates of Hell. With the Ten Gates of Hell holding them back, the pressure on the Sword World was greatly reduced. But without the support of the Ten Gates of Hell, coupled with the distraction, Wu Dao's true body was instantly at a disadvantage. He was completely suppressed by the White Sky Lord and was forced to retreat! Boom! The White Sky Lord propped up a world. In this world, one could clearly see a Dao imprint that vaguely condensed into a Holy Beast White Tiger. It was murderous! The White Sky Lord released his bloodline phenomenon. Blood qi soared behind him as the Holy Beast White Tiger appeared and roared at Su Zimo. "Roar!" Accompanied by the tiger roar, the Dao imprint in the White Sky Lord's world fell off and merged with the bloodline phenomenon. It charged at Wu Dao's true body! "You dare to be distracted when fighting me!" The White Sky Lord's gaze was cold as he said coldly, "Let's see how many lives you have!" He released a series of killer moves, wanting to take advantage of the situation to kill Wu Dao's true body! The world behind Wu Dao's true body was clearly a small world, but it could unleash such astonishing combat strength and fight him head-on. If this Araki Takeshi didn't die, he would become a huge threat! With the support of the Dao seal, White Sky Lord's bloodline phenomenon had clearly risen to another level!

Boom! Boom! Boom! The White Sky Sovereign brought a world with him as well as a bloodline phenomenon augmented by a dao seal. He erupted with a barrage of attacks, causing a series of deafening explosions to resound through the starry skies! The eyes of Wu Dao's true body burned with purple flames as he held up the Heaven and Earth Furnace. With one hand holding the Hell Suppressing Cauldron and the other clenching into a fist, he gathered his will to resist the White Sky Lord's attack. Thud! Thud! Thud! Wu Dao's true body continuously retreated. Every step he took caused the heavens and earth to tremble! The Martial Arts Universe was on the verge of collapse, and the nine fire dragons were no longer as strong as they were Just Now. The runes on the Heaven and Earth Furnace began to dim. Under the repeated attacks of the White Sky Sovereign, they began to change shape, reaching the limits of what they could withstand! "Pu!" Wu Dao's true body opened his mouth and spat out a mouthful of blood. Ever since Wu Dao reached greater mastery, almost no one had been able to

injure him. But today, he was facing a Thearch from the Heavenly Courts without the support of the ten gates of Hell and the White Sky Lord's full strength. Under this situation, Wu Dao's true body was already injured and showed signs of defeat! "Sigh." Sighs could be heard throughout the three thousand worlds. He had still lost. It was like fate, like reincarnation. Just one Thearch from the Heavenly Courts had descended and Thearch Araki Takeshi was already unable to withstand it. The light that had just lit up in the eyes of Thearch North Kun and Thearch South Roc dimmed again. The hot blood in their bodies also gradually turned cold. Both of them regained their composure and remained silent. "Zimo!" The old man with the iron crown waved his sword like a madman, pushing away the surrounding Imperial Emperors. He shouted into the starry skies, "Recall the ten gates of Hell! Ignore us!" Wu Dao's true body didn't seem to hear anything. Even though he was injured and showed signs of defeat, he still controlled the ten gates of Hell to help Sword Realm resist the Heavenly Courts' powerful attacks. Once he recalled the ten gates of Hell, Sword Realm would be destroyed in less than half an hour!

"Araki Takeshi." Seeing that the situation was settled, the White Sky Lord sneered with a proud expression. "You're about to die and you still want to save Sword Realm?" "You can't kill me!" Wu Dao's true body wiped the blood from the corner of his mouth. The purple flames in his eyes burned brighter. Even though he was injured, his battle intent didn't decrease. Instead, his aura surged! At this moment, the White Sky Lord felt a fearless, unyielding, and strong will to resist! It was as if he could see Wu Dao's true body cultivating a blazing Dao Heart! The sky couldn't cover it and the earth couldn't bury it! It was as if no power in the world could shake it! "Let's fight!" Wu Dao's true body shouted and raised the Hell Suppressing Cauldron. The four saint souls appeared on the cauldron and roared into the sky. Buddha phantoms surrounded them. At this moment, Wu Dao's true body's aura reached its peak, even surpassing the White Sky Lord's! Boom! Boom! Boom! The two exchanged blows again and a series of collisions broke out. A battle of forbidden techniques, bloodlines, close combat, a clash of primordial spirits, a collision of worlds ... After being injured, Wu Dao's true body erupted with a strong will. The more he fought, the braver he became. His battle strength rose again, and he turned the tables on the White Sky Lord. They were evenly matched! Even with the support of the dao seal, the White Sky Lord still couldn't suppress Wu Dao's true body. In a corner of the vast starry sky. Looking at the two figures fighting in the starry sky, the little girl suddenly said, "Although no one in the medium-class world has reached the Great Emperor Realm, in this world, Araki Takeshi is comparable to a Great Emperor." "Let's join forces with him and start the Heaven Conquering Art." "No!" In another dark shadow, the old woman directly rejected the idea. "Comparable to a Great Emperor, but not a Great Emperor of a medium-class world. Moreover, Fengdu is still a little lacking. He hasn't merged his three corpses." "When the little girl heard this, her expression turned cold. She said coldly, "When he merges his three corpses, how many people will he sacrifice?" "It's worth it no matter how many people he sacrifices."

The old woman said casually, "Otherwise, those ants will also be used by the Heavenly Court and become obstacles to our Heaven Conquering Art." "Do you think it's worth it?" The little girl's tone had changed, revealing a trace of killing intent. "Enough." The white-browed old man interrupted and said indifferently, "It's not suitable for us to show up now." "If we don't show up, those from the Heavenly Court won't dare to act rashly. At least Araki Takeshi has a chance of survival." "Once we show up, those from the Heavenly Court will also show up. Without a Great Emperor from a medium-class world, and Fengdu hasn't become a Great Emperor, it's not good for the Heaven Conquering Art." The little girl no longer spoke and fell silent. She also knew that the Devil Master was right. In the Devil Master's heart, he

didn't care about Araki Takeshi's life or death, nor did he care about all living beings in the world. He didn't even care about anyone. The Devil Master only had one goal, and that was the Heaven Conquering Art! But she was different. The little girl's gaze fell in the direction of the Heaven Realm. She gradually clenched her fists, and the coldness in her eyes grew stronger and stronger! The Heaven Realm was already enveloped by the aura of death. Countless plants withered, and all living beings wailed and cried! Large areas of green mountains and clear waters were reduced to ruins. The beasts died, the birds fell, and the trees withered ... Regardless of race, gender, or cultivation level, they couldn't control the loss of life in their bodies. Their expressions were filled with despair, and waves of wails erupted before they died!

Chapter 3170

The living beings on that land had no idea what had happened. Some died in their sleep, some died in panic, and some died in fear ... Some of the living beings had their eyes wide open until the moment of their death. Their faces were filled with confusion, unwillingness, confusion, and fear. They died with their eyes wide open. "Dad, Mom, what's wrong with you!" A four or five-year-old child looked at his family in front of him, whose faces were shrouded in the aura of death, and shouted loudly. The woman's face was full of reluctance. She wanted to stretch out her hand and gently wipe away the tears at the corner of the child's eyes. However, just as she raised her hand, she had no strength left. She fell in front of the child, and her life force dissipated. The child threw himself on his parents' bodies and cried loudly, but he was still unable to save his parents' lives. Not long after, the child's cries gradually faded. His face was also shrouded in the aura of death. The child no longer cried. Instead, he squeezed between the corpses of his parents and curled up in their arms. Gradually, he stopped breathing. Some cultivators were running wildly, trying to escape from this place. However, no matter where he went, his body was inevitably stained with the aura of death. In the end, he was reduced to a withered skeleton, lying in the mud. "What happened? Is there someone coming to save us?!" In the ancient city, a city lord looked at the corpses and bones in the city and cried out loudly. No one responded. In the end, there was an additional corpse on the city wall. "The heavens have pity on us. Why did they send down such a disaster?!" Countless living beings knelt on the ground and prayed to the heavens. The Heavenly Realm was already in ruins, and the living beings were in a terrible situation! "Gods from the heavens, have you seen what kind of curse this land is suffering? What kind of pain the living beings here are suffering? Please save them!" "I beg the Buddhas of the heavens to appear, I beg the Bodhisattvas of the heavens to protect us!" "Where is the Nine Heavens Immortal Emperor? Please save these cultivators of the Celestial Realm!" Whether it was immortals, demonic cultivators, or monks, they could not avoid the aura of death surging from their bodies as they walked towards their graves. Shouts, cries for help, and cries were intertwined.

However, who cared about the living beings of the Heavenly Realm in the vast Three Thousand Realms? Apart from the true Great Emperors, who else could hear their voices and see the suffering they were enduring? All living things wept in grief, their resentment soaring to the heavens. Finally, that person who was locked in a bitter battle in the starry sky was alerted! If it were any other time, Wu Dao's main body would definitely have noticed it much earlier. However, he was currently fighting the strongest cultivator he had ever faced, the White Sky Lord. He also had to divert a portion of his attention to control the Ten Gates of Hell and stabilize the situation in the Sword World. However, he could still vaguely hear the wails of all living beings from the distant Heaven Realm! Wu Dao's true body

punched White Sky Lord and forced him back. Then, he turned around and his gaze seemed to penetrate the endless void and fall upon the land of Heaven Realm that was surrounded by death energy. "Fengdu, you are courting death!" The purple flames in the eyes of Wu Dao's real body were about to burst out. His voice was like thunder, spreading to every corner of the three thousand worlds. His killing intent was monstrous! At the same time, the White Sky Lord also noticed the situation in the Heaven Realm. He only raised his eyebrows slightly. The living beings of the Heaven Realm were like ants, and he didn't care about their lives at all. He was just curious about Araki Takeshi's stance. Araki Takeshi was obviously on the opposite side of the Heavenly Court, but he also seemed to be on bad terms with the one in the Underworld. The White Sky Lord was not in a hurry to make a move. Instead, he quietly observed the situation. "Hahahaha!" Fengdu's laughter suddenly sounded in the Heaven Realm. Since he could no longer hide it, there was no need to continue hiding. "Araki Takeshi, why are you so angry?" Fengdu laughed loudly. "I am helping you!" Boom! As soon as he finished speaking, three figures rose into the sky from the Devil Realm, Nine Firmament Immortal Realm, and Pure Land of Bliss. They were Six Brahma Heaven Master, Nine Firmament Immortal Emperor, and World Destruction Devil Emperor. The three corpses were surrounded by extremely dense death energy. They had the same expression on their faces, and they had strange smiles on their faces. They arrived in the sky above the Heaven Realm and quickly merged together!

The aura of the three corpses was even stronger than what Wu Dao's real body had seen last time. In order to merge the three corpses, Fengdu had used another method to become a great emperor and sacrificed billions of lives in the Heaven Realm! A huge tomb appeared in the sky above the Heaven Realm. The three corpses were originally cut off from Fengdu's body, so the merging speed was extremely fast. In the blink of an eye, the three corpses had merged into one! The three corpses merged into one, forming a tall man with a sinister face! A ghostly ball of light suddenly descended on the man's head and entered his sea of consciousness through the top of his head. The man's aura skyrocketed again! After the three corpses merged, Fengdu had become one with the three corpses! Fengdu's aura was infinitely close to that of a great emperor. However, it was still a little short! The three corpses were not complete! "Not enough people have died!" Fengdu laughed sinisterly and opened his arms. He shouted, "Come, let the heavens witness the rebirth of Buried Heaven!" Boom! Boom! Boom! Under the gazes of countless people, a large area of the three thousand worlds was covered in huge tombs that rose up and enveloped these worlds! Buried Heaven's dao technique descended, and endless death energy surrounded it! The Imperial Emperors standing in the starry sky looked down and saw that the Three Thousand Realms were covered in tombs. It had almost become a huge cemetery! "What a big move." In the dark shadows, the old woman sighed in admiration. After many years of planning, Fengdu had already set up countless dao runes all over the Three Thousand Realms. He was just waiting for this moment to bury the heavens, refine all living beings, and prove his Dao as a great emperor! If Fengdu was allowed to cast his spell, more than half of the living beings in the Three Thousand Realms would be buried and die an unnatural death! The living beings in the Three Thousand Realms had no idea what was happening. All living beings ran and cried loudly. Boom! At that moment, a figure fell like a meteor and collided heavily with Fengdu! Wu Dao's true body descended above the heavenly realm and interrupted Fengdu's spell with a punch.

"Fengdu!" Wu Dao's true body's eyes burned with purple flames, but his voice was incomparably cold. He said slowly, "I told you to take care of yourself. Don't become the second Lord of Hell!" Fengdu was

just a step away from proving his Dao as a great emperor. Now that he was interrupted by Wu Dao's true body, his face darkened."Araki Takeshi!"Fengdu's tone was unfriendly. His gaze was faint as he said coldly, "You better think carefully. As long as I prove my Dao as a great emperor, I can help you suppress the White Sky Lord! Do you want to become the second Seamless Great Emperor?!"Wu Dao's true body was furious. He didn't listen to Fengdu's words and attacked again.The Hell Suppressing Cauldron smashed fiercely at Fengdu!Boom! Boom! Boom!Wu Dao's true body and Fengdu erupted into a huge battle!Although Fengdu hadn't become a true great emperor, after the fusion of the three corpses, his corpses were infinitely close to a great emperor's corporeal body. Coupled with his great emperor-level primordial spirit, Wu Dao's true body couldn't suppress him even though he had the upper hand.At this moment, Wu Dao's true body was alarmed.A sharp weapon tore through the air. Before it landed, he felt a faint pain at the back of his head!The Hell Suppressing Cauldron had just smashed towards Fengdu, so he couldn't dodge in time. He could only punch behind him!Pu!Blood splattered everywhere!A long sword pierced through Wu Dao's true body's fist.His entire arm was pierced through by this sword. It was minced, and flesh and blood splattered everywhere!It was a sharp sword that had been strengthened by the White Sky Lord's Dao seal.
