

Sacred King 3181

Chapter 3181

Heaven and Earth confronted each other. The auras of the eight Heavenly Courts masters surged! Wu Dao's original body, the Moon Butterfly Demon Master, the Evil Thearch, and the other five Great Thearchs also circulated their divine senses to resist! Boom! The auras of the Great Thearchs collided in the center of heaven and earth, exploding with a loud bang! The entire sea of stars instantly boiled. Countless voids were torn apart, and a large number of dense cracks appeared! Black holes appeared beside the Great Thearchs! However, these black holes were unable to devour them at all. Just the clash of auras between the Great Thearchs caused such a terrifying scene! "Everyone, there's no need to go forward." Wu Dao's original body's voice sounded in the minds of the old ape with the iron crown, the Frost Dragon Emperor, and the others. This world war was very likely to surpass every War of the Heavens in the past. It would erupt with an unprecedentedly terrifying scene! Just the residual power of the battle between the Great Thearchs was enough to kill many living beings. Even if a peak Imperial Emperor accidentally got involved, it would be difficult for them to survive. "You guys wait first." At the same time, the eight Heavenly Courts masters also transmitted their divine senses to the Heavenly Courts army behind them. The key to this world war was still the battle between the 13 Great Thearchs! The eight Heavenly Courts masters had absolute confidence. They were also experts who stood at the peak of the Great Thousand Worlds. If not, they would not have been appointed to establish the Nine Heavens, build the Heavenly Courts, and suppress the Middle World. Although there were restrictions of the laws of heaven and earth in the Middle World, their combat power was limited to this level. However, it was the same for the Demon Master, the Evil Thearch, and the others. The only variable was none other than the Great Thearchs of the Middle World. After all, this was a Middle World. That Blood Butterfly had reached the Middle World, so her combat power was naturally stronger. Even so, having two Lords of the Heavenly Court against her was enough. The remaining Great Thearch, Araki Takeshi, was nothing to be afraid of. The 13 Great Thearchs stood in the starry sky, facing each other. The atmosphere was heavy, almost reaching the limit!

Heaven and earth was filled with a heart-palpitating murderous aura! A great battle was about to erupt! All the beings of the myriad races were as silent as cicadas in winter as they stared unblinkingly at this world-shaking battle of unparalleled proportions. After an unknown period of time. "Kill!" A voice suddenly sounded between heaven and earth. This voice instantly ignited the flames of war. The Great Sky Lord went to find the Devil Master. Among the eight lords of the Celestial Courts, their battle prowess was about the same. The Great Heaven Lord's battle prowess was considered slightly better. The Devil Master was facing off against the strongest of the eight lords of the Celestial Court. This could be considered as relieving some of the pressure on the others. Sun Sky Lord against Ghost Mother Brahma. The master of Vermilion Heaven against the Evil Emperor. The master of Dim Heaven and Dim Heaven went straight to Die Yue! The eight Heaven Court Lords had already decided that two of them would fight against Blood Butterfly Monarch. At the very least, Blood Butterfly Monarch would not be able to cause any trouble! Only the Master of Firmament, the Master of Black Heaven, and the Master of White Heaven were left. Meanwhile, the three Martial Monarchs were heading straight for Wu Dao! Among the five Great Monarchs below, the Demon Master, the Evil Monarch, and the Nirvana Ghost Mother were both from the Great Thousand Worlds. They were once equally famous as the Great Monarchs. It would be difficult to suppress them in a short time. As for the Blood Butterfly Great

Emperor, she had reached the Middle Thousand Realm and her battle prowess was unparalleled in the Middle Thousand Realm! Among the five, the biggest weakness was Araki Takeshi. What's more, White Heaven and Black Heaven had already formed a grudge with Araki Takeshi! They could use this opportunity to settle the blood debt from before! As long as the three Martial Monarchs joined forces and killed Araki Takeshi in the shortest amount of time, they could then turn to deal with the other four Martial Monarchs. This way, they would have the advantage of having twice the number of people and would definitely win this battle! The Heavenly Lord, White Heaven Lord, and Black Heaven Lord instantly surrounded Wu Dao's main body. They looked at Wu Dao's main body as if they were looking at a dead man. "Araki Takeshi, calling you a Martial Monarch is just a compliment."

White Heaven Lord sneered coldly. "Do you really think that you are a Martial Monarch and can stand shoulder to shoulder with us?" "Kill!" The three of them did not give Wu Dao's main body any chance to escape. They split into three different directions and held up a world. At the same time, they attacked Wu Dao's main body! On the other side. Seeing this scene, Ghost Mother Brahma was expressionless and unmoved. As for the Fiend Master, his eyes rippled. He could also tell what the Heavenly Courts were planning. If Araki Takeshi died, their situation would definitely be extremely disadvantageous. Die Yue frowned slightly and her eyes shone with a cold light. Her attacks became sharper as she wanted to break through the combined defense of Dark Heaven Lord and Dark Heaven Lord. However, Dark Heaven Lord and Dark Heaven Lord's methods were also extremely terrifying. The two worlds condensed with Dao seals withstood the resplendent blood-colored storm and were indestructible and unshakable. The two Heavenly Courts Lords did not hold back at all. Their goal was to stall Blood Butterfly Martial Monarch and make her stay where she was. The Evil Emperor was expressionless, but a dazzling galaxy was suddenly reflected in his eyes. When Dark Heaven Lord saw that pair of eyes, he was slightly stunned. In a trance, he seemed to have left the battlefield. The sounds of fighting, collisions, and clashing of weapons suddenly disappeared! At that moment, he was far away from the chaos and fighting. He laid alone in the boat with his hands behind his head and floated quietly on a clear lake. His eyes were closed as he drifted with the waves and his heart sank into an unprecedented calmness. His surroundings were peaceful and quiet. When night fell, he opened his eyes and looked over, only to see a sky filled with stars. The resplendent galaxy hung in the horizon and was also reflected in the calm lake. Dark Heaven Lord felt as though he was in the depths of the galaxy. It was beautiful and ethereal, surreal and illusory. It was as though he had an extremely beautiful dream that he was intoxicated with and could not extricate himself from. All of a sudden! A furious roar interrupted his dream! "Wake up, wake up!" That was the voice of the Great Heaven Lord. When Dark Heaven Lord heard that roar, endless frustration rose in his heart. Instead, he blamed the voice for disturbing his dream.

However, he woke up very quickly and broke out in cold sweat! The Milky Way and the surface of the lake had already disappeared! "Not good!" Dark Heaven Lord was alarmed. Unfortunately, it was too late. "After getting drunk, one doesn't know the sky and water. Suppressing the galaxy in a dream ..." The Evil Emperor's voice seemed distant yet close, as though it came from a distant dream and arrived in reality. "Pfft!" The next moment, Dark Heaven Lord felt as though he was severely injured as he was tossed high into the air and flew out, spitting out a mouthful of blood! His body was on the verge of shattering and was extremely damaged. The world around him shook and was filled with cracks! He was merely distracted for a moment and fell into the galaxy dreamscape created by the Evil Emperor and was almost killed on the spot! This was a battle between Emperors. The first to be severely injured was

the master of the Heavenly Courts! If the Evil Emperor continued to pursue, there was a high chance that he could suppress the Dark Heaven Lord completely while the latter was severely injured. However, a hint of hesitation flashed through her eyes and she paused for a moment. If she continued to pursue the Dark Heaven Lord, Araki Takeshi would most likely be doomed against the encirclement of three Emperors on the other side. It would be too much of a pity if she gave up on the Dark Heaven Lord. At this moment, a calm voice suddenly sounded in her mind. "Don't worry about me. Suppress the Dark Heaven Lord with all your might!" That was Araki Takeshi's voice. The Evil Emperor's eyes lit up when she heard that. She did not know what methods Wu Dao's true body had. However, she chose to believe in Wu Dao's true body. She also believed that she would be able to suppress the Vermilion Heaven's master before helping the Martial Dao Body!

Chapter 3182

The Vermilion Heaven Lord was severely injured. The only one who could save him was the Master of Blue Heaven, the Master of White Heaven, and the Master of Black Heaven, who were attacking Wu Dao's original body. The other Heavenly Court Lords were also held back by Die Yue, the Demon Master, and the Brahma Ghost Mother. However, the Master of Blue Heaven, the Master of White Heaven, and the Master of Black Heaven hesitated for a moment before viciousness flashed across their eyes. The three Heavenly Court Lords had a tacit understanding. They decided to kill Wu Dao's original body first! The three of them worked together without holding back. Araki Takeshi definitely wouldn't be able to stop them. After suppressing Araki Takeshi, the three of them turned around to deal with the Evil Emperor. This would be more effective for the situation. Moreover, the Evil Emperor couldn't kill the Vermilion Heaven Lord completely. To be precise, they couldn't kill each other completely. Over the years, only the Seamless Emperor from back then had come up with the idea of sacrificing himself to imprison two Emperors. It could be considered another way to prevent the return of the Lord of Hell and the Lord of Flame Heaven. Boom! In the world of the three, the Dao Seal shone with a blazing light. The Heavenly Dao Seal, the Sacred Beast Azure Dragon, flew and spat out dragon breath. It merged with the Master of Blue Heaven's bloodline avatar and world. The White Heaven Dao Seal, the Sacred Beast White Tiger, controlled killing. It spat out platinum energy. Even a strand of hair from its body could destroy a world! The Xuantian Dao Seal, the tortoise and snake coiled around each other. It stepped on the sea and roared at the sky, creating raging waves! The three Heavenly Court Lords attacked together, causing countless stars to explode. Heaven and earth shook and the sea of stars churned. It could be said to be apocalyptic! Many experts who saw this even suspected that even the Blood Butterfly Emperor wouldn't be able to withstand such a terrifying attack. Emperor Araki Takeshi had almost died under the combined attacks of the Master of White Heaven and the Master of Hell. Now, how would he defend against the combined attacks of the three Heavenly Court Lords? At this moment, countless living beings' hearts were in their mouths. Boom! Suddenly! A loud sound came from Wu Dao's original body! This wasn't the sound of a bloodline avatar. It was more like a volcano eruption! It was as if a seal on his body was unlocked and another power was awakened. Wu Dao's original body exuded a terrifying aura! If it was only Martial Art of Universe at the Small Stage, Martial Art, Wu Dao's original body wouldn't be able to withstand the three Heavenly Court Lords. Now, the War Against the Heavens.. The eight lords of the Heavenly Court had already shown themselves, so there was no need for the Martial Dao True Body to hide anymore! Yuanwu World! Martial Heaven's Of Heaven World was Martial World was Martial Of Heaven and Earth had Of Heaven! But before that, he had to use this period of time to support the Yuanwu World to completely establish the victory of this generation's War

of the Heavens! Ever since he cultivated the Yuan Wu world, his Martial Dao True Body had never released it.....God of White White White Heaven, Master, Of White White Heaven, and Black Heaven Heaven. The three masters of the heaven clearly sensed that something had happened to Wu Dao's true body! And this change actually caused the three of them to feel a sense of trepidation! White Sky Master had seen methods like Martial Refining Universe, Heaven and Earth Furnace, and Ten Gates of Hell. At this moment, Wu Dao's figure became faintly discernible. A dark and mysterious world appeared in his body and spread continuously. "This is ...""A second world?""How is this possible?" The three lords of the Heavenly Courts were puzzled by this scene. They came from the Great Thousand World, but even with their knowledge, they could not understand the scene in front of them. The only thing the three celestial lords were sure of was that as this dark and mysterious world spread, the sense of danger they felt grew stronger and stronger! Boom! Boom! Boom! The three lords of the Heavenly Courts attacked even more ferociously. They wanted to suppress Wu Dao's true body in the shortest time possible. At the very least, he could not allow Wu Dao's true body to continue releasing this secret technique. The Ten Gates of Hell shattered under the attacks of the three lords of the Heavenly Courts. The Heaven and Earth Furnace was also shattered by the three lords of the Heavenly Courts! However, the existence of the Ten Gates of Hell and the Heaven and Earth Furnace helped Wu Dao's true body delay for a moment.

This was enough for him. Martial Refining Universe. The Yuanwu World reached a miraculous state of equilibrium on Wu Dao's true body and produced a resonance! These were two different Dao techniques. Martial Refining Universe was a world that was completely based on Wu Dao's cultivation. The Yuanwu World, on the other hand, was constantly evolving from the Anomaly that was Wu Dao's true body. The existence of Wu Dao's true body jumped out of the Three Realms and did not belong to the Five Elements. The Yuanwu Grotto-Heaven that was created was the same. The Yuanwu World made Wu Dao's true body the greatest variable! This was not only the fusion and resonance of the two Dao techniques, but also the fusion of Wu Dao's Dao and the Anomaly's true body. It would give birth to endless variables and possibilities! At the same time, Wu Dao's true body once again felt a sense of danger that made his heart palpitate! And this time, it was even clearer! It was like a sharp sword hanging high above his head that could slash down at any moment! Furthermore, Wu Dao's true body knew that if this sword slashed down, he would not be able to block it. Wu Dao's true body did his best to suppress this feeling of fear and locked his gaze on the three lords of the Heavenly Courts! Whoosh! Wu Dao's true body took a deep breath and a huge amount of air flowed into his lungs, producing a hissing sound. His chest puffed up high and he threw three punches in the direction of the three lords of the Heavenly Courts! Boom! Boom! Boom! Three consecutive deafening explosions rang out! The four of them maintained this posture, not moving at all. At this moment, it was as if time had frozen! Even the other Great Emperors who were engaged in a fierce battle felt the surrounding space tremble at that moment. They glanced over instinctively. The three lords of the Heavenly Courts were stunned for a moment. Immediately after, their eyes were filled with immense shock! The three punches of Wu Dao's true body released a mighty and shocking divine power that was unstoppable and could destroy everything! Splash! The Bloodline phenomenons of the three lords of the Heavenly Courts shattered completely.

Crack! Crack! Crack! The world created by the three lords of the Heavenly Courts also let out a series of shuddering sounds as dense cracks appeared! The brilliance of their Dao seals flickered and flickered continuously! Even with the three Bloodline phenomenons and worlds that were fused with their Dao seals, the three lords of the Heavenly Courts could not defend against it. The shocking divine power released by the three punches surged into their bodies through their Bloodline phenomenons and

worlds, destroying their life force!"Pfft!"The three lords of the Heavenly Courts spat out mouthfuls of blood. Their faces were pale as they were sent flying by Wu Dao's true body's three punches!The scene caused an uproar among the crowd!The other Emperor Immortals who were fighting turned pale with fright!This result was beyond everyone's expectations.The expressions of the Emperors of the Heavenly Courts instantly turned extremely ugly.The three lords of the Heavenly Courts joined forces to besiege a human who had not attained the Dao yet, but they were defeated?When the three lords of the Heavenly Courts joined forces, even if the Emperor Wu Ji came back from the dead, he would definitely not be able to stop them!Who exactly was this Emperor Araki Takeshi?

Chapter 3183

When Die Yue saw this, she finally relaxed and fought the two Thearchs with all her might. Her aura grew stronger as she fought!When the Fiend Master and Brahma Ghost Mother saw this, they were shocked. They were no weaker than the Heavenly Courts' masters.They came from the Greater World and were far above Thearchs. However, they were in a Middle World and were restricted by the laws of Heaven and Earth. Their combat strength was limited and they could only unleash the strength of a Thearch.Therefore, their combat strength in the Middle World was not much different.The laws of Heaven and Earth originated from the birth of Heaven and Earth. It was a law that protected the existence of the Three Realms.If experts from the Upper World came to the Lower World and could release their strength as they wished, the Lower World would be destroyed countless times and the stability of the Three Realms would be destroyed.Living beings from the Middle World would also be restricted in a Lesser World unless they cultivated above the Thearch realm.Even with their cultivation in the Greater World, they could not resist the laws of Heaven and Earth.However, the power that Thearch Araki Takeshi just released seemed to have broken through the restrictions of the laws of Heaven and Earth!How was that possible?Thearch Araki Takeshi was only at the Thearch realm. How could such a change happen to him?Even the Fiend Master and Brahma Ghost Mother could not understand the situation just now.However, the two of them knew that if Thearch Araki Takeshi could really break through the restrictions of the laws of Heaven and Earth, even if his strength increased by a single level, it would be enough to determine the victory of this War of the Heavens!The Fiend Master and the others had fought for countless epochs and countless years but had always failed.Until this generation, they finally saw a glimmer of hope!On the other side.The Vermilion Heaven master lost the initiative and was struck by the Nefarious Emperor's Galaxy Dream Realm. He was severely injured and wanted to retreat from the battlefield to heal.However, the Nefarious Emperor chased after him like a shadow and did not give him the chance!"Screech!"Seeing that the situation was bad, the Vermilion Heaven master screamed and let out a sharp phoenix cry.Poof!The Vermilion Heaven master bit the tip of his tongue and spat out a mouthful of essence blood in front of him.Every drop of essence blood transformed into a scarlet Vermilion Bird. They flapped their wings and emitted scorching heat as they charged towards the Nefarious Emperor!

Although the Vermilion Heaven master was not a true Vermilion Bird, his body had an extremely rich Vermilion Bird bloodline."Heavenly Vermilion Sacred Sword!"At the same time, the Vermilion Heaven Master fused his Dao seal with his bloodline and a world appeared in his palm, forming a scarlet crystalline sword. As though it had just been pulled out of magma, it was incomparably hot and blazed with flames!Seeing that he couldn't escape, the Vermilion Heaven Master ignored his heavy injuries and charged at the Evil Emperor with the Heavenly Vermilion Sacred Sword in his hand while surrounded by

numerous Vermilion Birds!After all, he was the master of a Heavenly Court. Even if his battle prowess was limited to the level of a Great Emperor, he could still unleash many powerful trump cards with his extraordinary knowledge.The Evil Monarch was only empty-handed. His glabella flashed and ripples appeared in his eyes as he murmured, "My soul is exhausted and my dreams are shattered ..."The Evil Emperor's voice was soft and pure, as though he was a pure and innocent child.As this voice rang out, the Vermillion Heaven Master felt a wave of fatigue and drowsiness, causing him to fall asleep.The Vermillion Heaven Master's expression changed rapidly.The left side was extremely calm and serene, but the right side was abnormally hideous and in extreme pain!The Vermillion Heaven Master was struggling!He clearly knew that this was the Demonic Emperor's Dao technique.Furthermore, it was one of the Demonic Emperor's strongest methods.Soul is exhausted and my dreams are shattered. It could be used directly on the Essence Spirit and cause the other party to fall into a trance, as though they had fallen into a dream and their Essence Spirit would be damaged!However, his body was out of control and he wanted to fall into a deep sleep.If he was in his peak condition, he would definitely not be so passive.The combat prowess of the two of them was actually not much different.However, he was slightly careless and lost the initiative, causing him to be severely injured by the Evil Emperor, causing him to fall into the current dangerous situation!"Pfft!"The Vermillion Heaven Master suddenly turned the Heavenly Vermilion Sacred Sword and stabbed it towards his abdomen.He used all his strength and held nothing back in this attack. Instantly, his body was pierced and blood gushed out!The immense pain stimulated the Vermillion Heaven Master's mind and woke him up instantly.

The entire process seemed long but in reality, it happened in a trance.However, his Essence Spirit was already damaged in this trance and the many Vermilion Birds surrounding him dissipated one after another.Thankfully, he was already awake and was temporarily out of danger.However, right then, the Evil Emperor pointed in his direction and murmured, "Iron Horse Glacier ..."Rumble!Boom! Boom! The sound of thousands of horses galloping over echoed in the Vermillion Heaven Master's mind, breaking through the glacier with a murderous aura!In the next moment, countless armored warhorses appeared before his eyes. Only a pair of cold eyes could be seen.Countless cavalymen charged over with a menacing aura!"Ah! Ah! Ah! "The Vermillion Heaven Master let out a series of roars as he wielded the Heavenly Vermilion Sacred Sword with both hands and swung it around repeatedly.He could no longer tell if the scene before him was reality or a dream.Be it reality or a dream, he only wanted to cut through everything before him.However, when his Heavenly Vermilion Sacred Sword landed on the armored cavalry, it was as though he was slashing empty air. The Heavenly Vermilion Sacred Sword sliced through the armored cavalry without any obstruction.Fake?The Vermillion Heaven Master was slightly stunned and a hint of confusion flashed through his eyes.Bang!However, in the next moment, a horseman charged over and slammed heavily into him, sending him flying several dozen meters away. He fell into the distant starry sky.Intense pain!There was intense pain all over his body!However, the Vermillion Heaven Master could no longer tell if the intense pain was real or fake or if it was a dream.A figure hidden in the midst of the galloping cavalry suddenly appeared and struck out a palm at the top of his head!The Vermillion Heaven Master's eyes lit up and he instantly locked onto the opportunity of that figure. He shouted, "Die!"Swoosh!The Heavenly Vermilion Sacred Sword slashed out and cut through the bodies of countless armored cavalry.That figure disappeared.The Vermillion Heaven Master did not have time to think. He turned around abruptly and swung the Heavenly Vermilion Sacred Sword behind him!However, he was still one step too late.Bang!A palm landed on his back, neither light nor heavy.

However, the Vermilion Heaven Master's body trembled as though his soul had left his body. He was in a daze and did not know where he was!"Nanke Palm!"The Vermilion Heaven Master recognized it. It was one of the Evil Emperor's most famous moves in the Great Thousand Worlds!The Nanke Palm's killing power was not strong.However, with every palm strike, a layer of dream would appear on his body.The more palms there were, the more dreams there would be. They would stack continuously until he was trapped in layers of dreams and could never extricate himself!"Pfft!"The Vermilion Heaven Master spat out another mouthful of blood.Reality and illusion, he could no longer distinguish between dream and reality.On the other side.The Great Heaven Master's expression turned grim when he saw that the situation was bad.If this dragged on, the Vermilion Heaven Master would most likely be suppressed by the Evil Emperor!

Chapter 3184

When he saw how domineering Wu Dao's true body and the Evil Emperor were, the Fiend Lord's eyes shone with a cold glint and his killing intent surged!Suddenly, three tombs appeared behind the Fiend Lord.The appearance of the three tombs emitted a shuddering aura that even the world could not withstand and trembled slightly!Poof! Poof!Poof! The three tombs suddenly split open and a stream of scarlet blood flowed out like three blood springs.All of a sudden!Three blood-stained swords flew out from the blood springs of the three tombs with chilling killing intent. The surrounding temperature plummeted and almost froze the starry skies!The killing intent of the three swords was way too intense!Even Wu Dao's true body frowned slightly and glanced sideways.Even the three sword arts that were extremely murderous were far inferior to the killing intent of the three swords.He truly did not know what was buried in the three tombs.Who was the blood of the three swords stained with?"Slash!"The Fiend Lord pointed forward with his spirit consciousness.One of the blood-stained swords sped over and transformed into a streak of blood light. Instantly, it arrived before the Great Heaven Lord with a torrential killing intent and blood qi!The Great Heaven Lord had a grim expression as he summoned a gigantic imperial jade seal that shone with an emerald green glow."Great Heaven Saint Seal!"The Great Heaven Lord hollered and the bloodline phenomenon of a world, together with the Dao seal, fused into the gigantic imperial jade seal and smashed towards the incoming blood sword!Clang!The sound of metal clashing echoed. The blood-stained sword was suppressed by the Great Heaven Saint Seal right away. However, it struggled continuously as though it possessed boundless spirituality."Exterminate!"The Fiend Lord's spirit consciousness moved.The blood-stained sword that flew out of the second tomb pierced towards the Great Heaven Lord."Slash!"At the same time, the Fiend Lord waved his hand and the third blood-stained sword followed closely behind, slashing towards the Great Heaven Lord!Slash! Slash! The three blood swords shot out at the same time with torrential killing intent!At the same time."Brahma!"The Brahma Ghost Mother shrieked and turned into a black mist, fusing into the world she created and vanishing without a trace.

"Brahma and I as one!"Then, the Brahma Ghost Mother's voice rang out again.Nirvana Ghost Mother seemed to have disappeared, but she was everywhere!Sun Sky Master furrowed his brows and formed hand seals continuously. His entire being seemed to have transformed into a giant sun that stood between Heaven and Earth and shone brightly, illuminating the entire world!However, under the suppression of Brahma and Self as One, the light around Sun Sky Master was constantly being compressed and devoured!On the other side.Behind Die Yue, a gigantic blood-red butterfly appeared. Two blood-red moons were imprinted on its wings. It was like a pair of blood-red eyes, staring at Lord

You Tian and Lord Min Tian!The two blood-red moons contained a mysterious and powerful power. After locking onto the two masters of the heaven for a long time, they were actually able to dispel their Dao seals!After Wu Dao's main body and the Evil Emperor gained the upper hand, the Moon Butterfly Demon Master, Brahma Ghost Mother, and the other two's momentum soared as they launched a full-scale counterattack!Under the gazes of many experts, the eight Great Emperors of the Heavenly Court suffered heavy injuries one after another. They fell into a disadvantageous position and retreated step by step!"Save them! Retreat!"Lord Jun Tian's voice sounded in the minds of the Heavenly Court masters.Lord Zhu Tian was about to die. Lord Blue Sky, Lord White Sky, and Lord Black Sky were also heavily injured. The situation was critical.The remaining four couldn't gain the slightest advantage against Blood Butterfly Demon Master and Brahma Ghost Mother.If they continued to fight in the Middle World, they would probably all die here!Retreating to the Heavenly Court and using the Nine Heavens Great Array to block Emperor Araki Takeshi and the others would buy them enough time to recover from their injuries.Once they recovered, they could use the Nine Heavens Great Array's power to make a comeback. Perhaps they could still fight!"Unstoppable Thunderbolt!"Lord Jun Tian's eyes shone with the light of lightning. He opened his arms and used a Dao technique, creating a dazzling sea of lightning between Heaven and Earth!The other masters of the Heavenly Court also released their life-saving methods!In an instant, heaven and earth shook, and the clouds changed color!Lord Jun Tian, Lord You Tian, and the others pulled themselves out of the battlefield and rushed toward the Heavenly Court.Lord Zhu Tian was trapped in a dream realm. Under the impact of countless thunderbolts, the dream realm he was in shattered one after another.

However, the Lord Zhu Tian was still in danger.Just Now, he was struck by multiple Nanke Palm Strikes and there were too many dream realms stacked on his body.Even if the other masters of the Heavenly Courts made a move, they wouldn't be able to save him within a short period of time!"Hmph."The Evil Emperor was expressionless as he said coldly, "I'm going to kill this person today!"An immortal boat appeared beneath her and streaked through the starry skies, entering the depths of the dream realm. Ripples appeared one after another as she arrived before the Lord Zhu Tian.The appearance of the Evil Emperor was also an existence that broke through the dream realm and caused the Lord Zhu Tian to notice something amiss.The Lord Zhu Tian roared and counterattacked with the Heavenly Zhu Sacred Sword once more, charging towards the Evil Emperor!However, in the eyes of the Evil Emperor, his resistance was merely the struggle of a trapped beast.After all, this was a dream realm created by the Evil Emperor. Even if the Lord Zhu Tian discovered the existence of the Evil Emperor, he wouldn't be a match for the Evil Emperor in the layers of dream realms!Bang! Bang! Bang!The two of them intertwined and exchanged more than a hundred blows in the blink of an eye.Streaks of blood appeared on the Evil Emperor's body as well.There was no way she could be unharmed when a master of the Heavenly Courts fought with his life on the line.A moment later.Suddenly, the two figures froze.The surrounding dream realms dissipated one after another.Countless streaks of blood appeared on the body of the Lord Zhu Tian as well. Gradually, he dissipated along with the surrounding dream realms, turning into a blood mist!The expressions of the Great Heaven Lord, Dark Heaven Lord and the others turned terrible when they saw that.They knew that the Lord Zhu Tian could no longer be saved.At the same time.The Lords of Heavens, White Heaven and Black Heaven split into three different directions and fled towards the Heavenly Courts.Although Wu Dao's true body was strong, there was no way he could keep all three of them behind!Swash!In a flash, Wu Dao's true body took a single step forward and arrived behind White Heaven Lord instantly, smashing down with his fist!

Sensing the danger behind him, White Heaven Lord summoned a treasure mirror that shone with a cold glint without hesitation. Augmented with a Dao seal, he blocked behind him. Boom! There was a deafening sound! The fist of Wu Dao's true body smashed heavily onto the treasure mirror! White Heaven Lord shuddered and spat out a mouthful of blood. He staggered and nearly fell. Even with the protection of the treasure mirror, he could not withstand the fist of Wu Dao's true body! "Impossible!" White Heaven Lord was in an extremely wretched state as he shouted, "Your strength has already exceeded the limits of a medium-class realm! This is impossible!" Boom! Wu Dao's true body did not say anything and followed up with a second punch. The sense of danger grew stronger and he was in no mood to bother about White Heaven Lord. Crack! Crack! Crack! Accompanied by a series of cracking sounds, the treasure mirror was shattered by Wu Dao's true body! White Heaven Lord's arm could not withstand the shocking divine power and was shattered inch by inch by the second punch, bursting into a blood mist!

Chapter 3185

When the Lord of Blue Skies and Lord of Black Heaven saw that, their expressions were filled with fear. White Sky Lord was most likely doomed and the two of them did not dare to turn back to save him. Otherwise, the two of them would be hammered to death by Emperor Araki Takeshi as well! The moment that thought flashed through their minds, a tragic cry sounded from White Sky Lord's side. The third punch of Wu Dao's true body descended and split White Sky Lord's body into pieces! Swash! White Sky Lord's Essence Spirit broke through the blood mist and fled into the distance. However, Wu Dao's true body was prepared. There was a loud rumble! A gigantic, ancient gate descended with a sinister aura, blocking White Sky Lord's escape route. Sensing that something was amiss, White Sky Lord retreated hurriedly. However, a gigantic, pitch-black vortex appeared on the ancient gate. Surging with endless fiend qi, it burst forth with a massive suction force that wanted to pull him in! The Gate of Hell had descended! White Sky Lord's expression changed starkly as he realized the motive of Wu Dao's true body. A vicious glint flashed through his eyes and he wanted to self-destruct his Essence Spirit. However, the pitch-black fiend qi had already wrapped around him and seeped into his Essence Spirit, preventing him from self-destructing. Then, countless pale-white hands reached out from the gloomy door and dragged him in! The other end of the Gate of Hell led to the Avici Great Hell! It was the place where Blazing Sky Lord and Lord of Hell were imprisoned! According to the Fiend Lord, it was impossible to kill the Lords of the Heavenly Courts completely. Even if they were beaten to a pulp, they would still come back to haunt them. In other words, imprisoning them in the Avici Great Hell without killing them was the best way to deal with them. Before this, Wu Dao's true body wanted to imprison Fengdu in the Avici Great Hell. Unfortunately, Fengdu sensed his motive in advance and chose to commit suicide. As for the eight Lords of the Heavenly Courts, they were far away in the Heavenly Courts and were high and mighty. They did not know the methods of Wu Dao's true body at all. By the time White Sky Lord reacted, it was already too late. When the Great Heaven Master and the others saw this, they realized that they couldn't save them. They decisively abandoned the White Heaven Master and the Zhu Heaven Master and led their armies back to the Heavenly Court!

The huge cracks in the sky also closed up. After this battle, not only did the eight lords of the Heavenly Court fail to kill Wu Dao Zun and the others, they even lost two great monarchs! "The Vermillion Heaven Master has fallen?" Die Yue also saw the Demonic Emperor's attack and asked. The Evil Emperor shook

his head slightly and said, "He is only temporarily dead. He will make a comeback." After pausing for a moment, the Evil Emperor continued, "However, even if he comes back from the dead, he won't be able to return to his peak state in a short period of time. He will need to recuperate for a very long time." "This is the best chance for us to conquer the heavens!" Of the original nine lords of the Heavenly Courts, only six were left! On their side, there were five Martial Monarchs! The Brahma Ghost Mother said, "Even if there are six monarchs left, with the Nine Heavens Great Formation, we won't be able to break through in a short time." "Not necessarily." The Fiend Master said as his gaze landed on Wu Dao's main body. Wu Dao's main body turned and looked in the direction of the Celestial Tribute World. The experts of the Celestial Tribute World felt a chill run down their spines! They never thought that the Heavenly Court would lose the War of Heaven and Earth in this life and leave them in the Middle World. For countless years, they had been conscientious and vigilant, monitoring the three thousand worlds for the Heavenly Court. They didn't even have the chance to step into the Heavenly Court and ascend to the Greater World. They never thought that they would be abandoned so casually. Before the lords of the Heavenly Courts left, they didn't even look at them! Wu Dao's main body moved. Swoosh! Swoosh! Swoosh! Gates of Hell tore through the void and descended on the Celestial Tribute World, smashing down on the remaining Eight Great Sinners! The Eight Great Sinners called themselves space and were indestructible. Back then, Wu Dao's main body had broken through the Nine Underworlds Sinners with the help of the Brahma Ghost Mother's blood. Now, without the help of others, the Eight Great Sinners couldn't withstand the ten Gates of Hell smashing down and shattering!

The evil spirits that had been imprisoned here for generations finally saw the light of day in the era created by Great Emperor Araki Takeshi and Great Emperor Xue Die! The battle between the Great Emperors caused a huge commotion. Dao techniques interweaved in a dazzling and resplendent manner. Even the evil spirits within the Eight Great Sins could see it clearly. After they were freed, they were stunned for a long time and couldn't believe it. As time passed, they finally realized that they had regained their freedom! Billions of evil spirits cheered, their voices getting louder and louder. Among the cheers, there were roars and cries. It was unknown who started it, but some people knelt down in the direction of the Martial Dao Body, their faces full of tears. Following that, a large number of evil spirits knelt on the ground and looked at the purple figure in the distant starry sky. Their eyes were filled with gratitude and respect. The Fiend Master, the Evil Emperor, and the Brahma Ghost Mother were still standing. However, at this moment, the first one to kneel down and thank the Desolate Martial Great Emperor after the evil spirits broke free! They had been imprisoned for several epochs and countless years. The recognition of their race's bloodline had become fainter and fainter. Only despair and hatred were left in their hearts. And the one who gave them hope and saved them was Great Emperor Araki Takeshi! Boom! Boom! Boom! Some evil spirits broke free from the restrictions of the Sinners and sensed the surrounding Heaven Earth Essence Qi and Great Dao laws. The barriers that had been suppressed for many years were loosened and they broke through! "Kill! Kill! Kill!" After breaking free, the hatred that had been suppressed in the hearts of these evil spirits for many years completely erupted. Many evil spirits charged toward the Celestial Tribute World! Among them, there were no Imperial Emperors. But to them, they were no longer afraid of death! The Ten Gates of Hell opened up a path and smashed toward the Imperial Emperors of the Celestial Tribute World! What Celestial Tribute World Lord? What peak Imperial Emperors? None of them could stop the Ten Gates of Hell. The Celestial Tribute World wailed as countless cultivators fled in all directions. The Iron Crown Elder, Northern Kun Thearch, Frost Dragon Emperor, Elder Ape, and the others also gave orders to attack the Celestial Tribute World!

The Celestial Tribute World's destiny was over!The Celestial Tribute World that had existed for countless years was finally going to be destroyed in this era!Wu Dao's main body did not spend much time on the Celestial Tribute World. Instead, he looked up at the sky and soared into the sky, flying toward the Heavenly Courts!Now, there were only six Heavenly Courts Lords left in the Heavenly Courts.Although the Nine Heavens Great Formation was powerful, there would definitely be flaws without three Heavenly Courts Lords!The sense of danger became more and more pressing. He had to break the Nine Heavens Great Formation as soon as possible and kill his way into the Heavenly Courts.If he met with an accident before this, he would die.Only Die Yue, the Fiend Master, the Evil Emperor, and the Brahma Ghost Mother were left. Against the six Heavenly Courts Lords, the outcome was still uncertain.

Chapter 3186

Die Yue came to Wu Dao's side and stopped him."Two of the Heavenly Court's eight great emperors are dead. One of them is still trapped in the Avici Hell. With the current situation, there's no need to rush. The Heavenly Court should be the one in a hurry."Die Yue was confused.Wu Dao's main body had just entered the great emperor realm, but he already had such strength.If he was given more time to cultivate to the great circle of the great emperor realm, their chances of victory would be even greater!Even if the Vermillion Heaven master could come back from the dead during this period of time, they would still have the absolute advantage.Die Yue could understand this. She didn't believe that Wu Dao's main body couldn't see it.Moreover, she could vaguely sense that Wu Dao's main body's condition wasn't right. That was why she chased after Wu Dao's main body and asked."It's too late."Wu Dao's main body was silent for a moment before replying softly.He didn't tell Die Yue about the danger of the Yuanwu world.He also wanted to stop and continue cultivating.However, when the great emperors of the Heavenly Court retreated, he had already dispersed the Yuanwu world. However, the sense of danger was still there!He had been locked onto!The two of them had a tacit understanding.Moreover, at this cultivation level, there was no need to explain too much. Die Yue could roughly guess.After a moment of silence, Die Yue asked, "Will I die?" "Probably."Wu Dao's main body said.He could only determine that the source of the danger came from the great thousand realms.However, whether it was a person, something, or some unknown restriction, he didn't know.He also didn't know if he could survive this calamity.However, when he was locked onto by the power of the great thousand realms, the Netherworld Treasure Mirror, which had been silent in the depths of the Yuanwu world, became restless.The Netherworld Treasure Mirror revealed a kind of emotion. There was fear, wariness, anger, and most of all, hatred!There was an extremely evil life form hidden in the Netherworld Treasure Mirror. Wu Dao's main body had never been able to subdue it.Therefore, he had never used this treasure.After stepping into the Emperor Realm, he had no use for this treasure, so it was always left in the Origin Martial World.

Die Yue remained silent and didn't say anything. However, Wu Dao's main body could see the worry in her heart."Nothing."Wu Dao smiled and consoled, "If you want to succeed in conquering the heavens, how can there be no bloodshed and no deaths? If that's the case, let's start with me. ""What's more, even if this true body of mine is destroyed, I still have Qinglian's true body, so I'm not really dead."Die Yue was silent.Even so, she knew that this Wu Dao True Body had an extremely special meaning to Su Zimo.At this moment, the Evil Emperor also came to their side and said, "It's not impossible to slow down the attack. You don't have to worry that during this period, there will be powerhouses from the Great Thousand World descending upon the Heavenly Court.""There's a barrier between the three

realms, and it's protected by the rules of the Heavenly Dao. Not just anyone can casually descend."Ascending from a lower realm to a higher realm was a process that went along with the natural laws and the rules of the Heavenly Dao.However, if one were to do it in reverse, it would be as difficult as ascending to the heavens.Wu Dao's main body and Die Yue were both aware of this matter.Back then, as an Immortal King powerhouse, the Human Emperor Lin Zhan had forcefully descended to the lower realm. Not only was his battle strength greatly reduced, he was also severely injured and hadn't recovered for many years.The reason why Immortal Emperors could break through the restrictions of the rules and head to the Lesser Thousand World was mainly because they were supposed to ascend to the Great Thousand World!Due to the existence of the Heavenly Court, Immortal Emperors were unable to ascend, which caused many Immortal Emperors to remain in the Middle Thousand World.In a sense, the appearance of the Heavenly Court had broken the natural laws of the three realms and caused countless disasters and chaos!Die Yue suddenly asked, "Back then, how did the Lord of the Heavenly Court descend?"This was an extremely important question.Since the three realms had a barrier, logically speaking, powerhouses like the Lord of the Heavenly Court shouldn't have come to the Middle Thousand World.The Evil Emperor said faintly, "Back then, something happened in the Great Thousand World, causing the barrier between the Great Thousand World and the Middle Thousand World to be broken. That's why we fell."The Evil Emperor spoke casually, but Wu Dao's main body and Die Yue could tell that what happened in the Great Thousand World back then was no small matter!

Even the barrier of the three realms was broken. What kind of power was that?The Evil Emperor continued, "Over the years, the barrier between the Great Thousand World and the Middle Thousand World has been more or less repaired. It's very difficult for powerhouses from the Great Thousand World to descend."Wu Dao's main body suddenly asked, "In the Era of Battle, before the Emperor of Battle died, he fought to the death of the Lord of Great Sky. Since he came back from the dead, why is he still able to appear in the Heavenly Court of the Middle Thousand World?"If the Lord of Great Sky came from the Great Thousand World, he should have returned to the Great Thousand World after being 'killed' by the Emperor of Battle."This is another reason for the existence of the Heavenly Court."The Evil Emperor said, "They left a wisp of their Dao seal in the Nine Heavens. As long as the Nine Heavens are not broken, their Dao seal will not be destroyed. Even if they die, they can be resurrected in the Nine Heavens."Wu Dao's main body said in a low voice, "In other words, we have to completely cut off their path of rebirth in the Nine Heavens. Either we imprison them forever or we kill them and destroy the Nine Heavens to destroy the Dao seal they left in the Nine Heavens!"That's right."The Evil Emperor nodded.Although that was the case, they had not even entered the Heavenly Court in the past.The battlefield had always been in the Middle Thousand World."Then ... let's destroy the Nine Heavens."Wu Dao's main body looked up at the sky and soared into the sky again.Die Yue did not dissuade him. She stood side by side with Wu Dao's main body and charged towards the Heavenly Court.The Fiend Master, Evil Emperor, and Nirvana Ghost Mother exchanged glances. They did not stop and followed closely behind.The closer they were to the Heavenly Court, the stronger the pressure from the heavens!In fact, with their cultivation, they should not feel such pressure at all. Instead, they should feel the call of the Great Thousand World and ascend.This pressure came from the Heavenly Court!Whoosh!Wu Dao's main body opened a path with the Ten Gates of Hell. He broke through the layers of fog and a vast and boundless barrier appeared. It was like a huge dome that covered the Middle Thousand World!On this huge dome, one could vaguely see nine regions that corresponded to the Nine Heavens.

At this time, countless runes appeared on this dome. They shone with a dazzling brilliance and emitted thousands of rays of light. Like a rain of arrows, they shot towards Wu Dao's main body, the Butterfly Moon Demon Master, Evil Emperor, Nirvana Ghost Mother, and the others! The Nine Heavens Great Formation had been activated! If they wanted to kill their way into the Heavenly Court, the Nine Heavens Great Formation would be the first obstacle! The Prison Suppressing Cauldron hovered above Wu Dao's main body. The four Saint Souls revolved around him and the Buddha figures appeared. They went against the rain of arrows and charged forward. The Butterfly Moon Demon Master, Evil Emperor, and Nirvana Ghost Mother also used their own methods and charged towards the Nine Heavens Great Formation!

Chapter 3187

However, the rain of arrows could not stop Wu Dao's true body and the other five Thearchs. If it were a few eras ago, the Nine Heavens Formation would be much more powerful with nine Thearchs presiding over it. But now, three of the nine lords of the Heavenly Courts were gone, and only six were left to operate the Nine Heavens Formation. Their strength was ultimately weaker. Moreover, there was a variable like Wu Dao's true body in this life! Wu Dao retracted the Yuanwu World. Since the danger had yet to come, Wu Dao's true body no longer hid. He brought out the Yuanwu World again and merged it with the Martial Universe, pushing his battle strength to the limit! Under the rain of arrows, Wu Dao's true body was not obstructed. Instead, his movement technique was even faster. His entire body was burning with flames, and he was like a huge fireball, crashing toward the Nine Heavens Formation! Boom! Accompanied by an earth-shattering explosion, sparks flew everywhere. Wu Dao's true body reappeared. With just a single impact, the Nine Heavens Grand Formation shook non-stop. The runes imprinted on it flickered and flickered non-stop. The rain of arrows was also interrupted. Die Yue, the Fiend Master, the Evil Thearch, and the Brahma Ghost Mother took the opportunity to close in and attack the Nine Heavens Formation! Seeing that they were about to enter the Heavenly Courts and had the highest chance of succeeding in this life, Die Yue, the Fiend Master, the Evil Thearch, and the Brahma Ghost Mother did not hold back. After the three blood swords — Zhan, Vanquish, and Slaughter — appeared behind the Fiend Master. The Fiend Master brought out the fourth blood sword — Vanquish! With the four blood swords out, the Fiend Master's killing intent almost materialized. It was extremely tragic and bloody! The Fiend Master stood on the empty tombstone, his black hair dancing wildly. Blood energy swirled around him. With a wave of his hand, the four blood swords attacked the Nine Heavens Formation fiercely under his control! Clang! Clang! Clang! Clang! The blood swords slashed continuously, colliding with the Nine Heavens Formation and letting out ear-piercing sounds of metal clashing. The Fiend Master's killing intent was so heavy and intense that even the Evil Thearch and the Brahma Ghost Mother beside him frowned slightly, seemingly unable to withstand it. The Evil Emperor also unleashed a series of powerful attacks. She stood on top of a large ship that sailed across the galaxy. Beside her, countless armored horses broke through the ice river and came over. She clapped her hands lightly, creating countless palm shadows that seemed real and illusory at the same time.

Under the attacks of the Evil Emperor, the light of the runes on the Nine Heavens Great Array gradually dimmed, as if they had fallen into a deep sleep, lost in a dream. The Brahma Ghost Mother's figure disappeared as she unleashed the 'Brahma and I as One' technique. She merged with the Great Brahma Heaven and transformed into an endless black fog. The black fog seeped into the Nine Heavens Great Formation. The sanguine butterfly phenomenon behind Die Yue merely had to flap its wings slightly to

create a massive tornado that could destroy the world!An endless blood-colored storm howled and swept across the Nine Heavens Great Array. Countless runes were torn apart by this storm!Of course, the most terrifying scene was Wu Dao's original body.Wu Dao's original body merged with two worlds and pushed his combat strength to the limit. The 10 Gates of Hell bombarded him one after another. His body burned with flames and the Hell Suppressing Cauldron hovered above his head. He raised his fists and smashed towards the Nine Heavens Great Formation continuously!Wu Dao's original body's current combat strength had already surpassed the limits of the Middle World.Earlier on, even the Lord of Firmament, Lord of White Sky, and Lord of Black Heaven spat out blood when facing his fists.Right now, Wu Dao's original body was punching continuously. The Nine Heavens Great Formation shook continuously and many runes shattered. Their light dimmed and fell from the formation.The dome above Wu Dao's original body had already caved in deeply from his punches. It was completely deformed and was about to collapse!After an unknown period of time ...Boom!There was a deafening sound that shook the world!Under the gaze of countless beings in the world, a gigantic hole was punched through the dome of the Nine Heavens that shone with endless brilliance by Wu Dao's original body!The Nine Heavens Great Formation was broken!Although it was just a hole, it caused the power of the Nine Heavens Great Formation to decrease greatly and an irreparable flaw appeared.Boom! Boom! Boom! Boom!Between heaven and earth, there were four consecutive deafening sounds.Under the attacks of Die Yue, the Demon Master, the Evil Emperor, and the Brahma Ghost Mother, the Nine Heavens Great Formation in front of them was also broken!Crack! Crack!Crack! Enormous power continued to spread toward the Nine Heavens Great Formation.

The dazzling dome was covered with dense cracks.The Nine Heavens Great Formation could not withstand the joint attack of Wu Dao's original body and the five Great Emperors and was already broken into pieces!After a short silence, there was a deafening sound!Under the gaze of everyone, the Nine Heavens Great Formation collapsed with a loud bang!Immediately after, endless, rich, and pure Vital Qi of Heaven and Earth suddenly surged from behind the dome. It was majestic and surging, like a shocking tide, covering the sky and earth!All the beings in the Middle World were stunned. Their eyes and mouths were wide open and their faces were full of shock.Before this, Wu Dao's original body had said that the Nine Heavens Great Formation sealed the Vital Qi of Heaven and Earth, causing the Vital Qi of Heaven and Earth to be thin and the beings in the Middle World had difficulty cultivating.At that time, many people in the Three Thousand Worlds still did not believe this.It was only now that the beings in the Three Thousand Worlds saw it with their own eyes that they completely woke up to reality!"The Nine Heavens Great Formation. What sins has the Heavenly Court done all these years!""The people in the Heavenly Court are high and mighty. They do not treat us as humans at all. They only reward us with a little bit of Vital Qi of Heaven and Earth and make us kill each other for a little bit of resources!"The Vital Qi of Heaven and Earth that surged from the Heavenly Court was too rich. It almost turned into a sea of Vital Qi, rolling up raging waves and surging toward the Three Thousand Worlds. It flowed through millions of miles of galaxies and turned into a boundless Vital Qi rain that poured down!This Vital Qi rain covered the entire Three Thousand Worlds.Even the Heaven Wasteland Domain, which was at the edge of the Middle World, was shrouded in this rain.The Middle World's edge, which was originally barren and dry, had many stars that were lifeless. Under the nourishment of this rain, they woke up one after another and were reborn.Araki Takeshi preached the Dao and imparted martial arts to all beings in order to pass on Wu Dao's fire seed. No one would immediately benefit from this.And at this moment, the Nine Heavens Great Formation was shattered, and the Vital Qi rain fell from the sky.

This was an unimaginable opportunity for the Myriad Races of the Three Thousand Worlds! Every living being, even the weakest one, would benefit from this! Almost all cultivators felt the opportunity to break through at this moment.

Some people with outstanding talent, due to the lack of cultivation resources, had fallen into a bottleneck. Now that they had such an opportunity, they even broke through two or three small realms in a row! The Vital Qi rain was only the most direct impact on the Myriad Races. After breaking the Nine Heavens Great Formation, everyone finally saw the legendary Heavenly Court. At this moment, many Emperor Realm experts felt as if they had broken through the fog and widened their horizons. The Great Dao in front of them was instantly dispelled. Originally, after stepping into the Emperor Realm, for the Myriad Races, they seemed to have reached the end. But at this moment, all the Emperor Realm experts realized that the Great Dao was long and the road ahead had not been cut off! Some Emperor Realm experts began to loosen the barrier of their realms!

Chapter 3188

The Heaven Earth Yuan Qi in the Heavenly Court had been accumulating for several eras. It had even formed an ocean of Yuan Qi in the Heavenly Court. Now that it was pouring down, what a scene it was! The Heaven Earth Yuan Qi that had been accumulating for several eras suddenly surging into the Middle World was like a complete awakening for all living beings! Su Zimo had cultivated five grotto-heavens. If he wanted to break through, he would need an unimaginable amount of Heaven Earth Yuan Qi. He had just reached the greater success stage of the Grotto-Heaven Realm not long ago. Normally speaking, it would take him at least 10,000 years to reach the peak of the Grotto-Heaven Realm. But now, he had been baptized by this Yuan Qi rain. His five grotto-heavens were all open, crazily absorbing the Heaven Earth Yuan Qi descending from the Heavenly Court. Before long, the Yuan Qi in his five grotto-heavens had accumulated to the peak! Boom! Boom! Boom! Boom! Accompanied by five loud bangs, the five grotto-heavens transformed again. The peak of the Grotto-Heaven Realm! Su Zimo had advanced to the peak of the Immortal King Stage! His Primordial Spirit cultivation level also rose, breaking through to the Monarch Realm! Qinglian's five grotto-heavens had all broken through. The other living beings and cultivators also broke through after receiving such a huge amount of Yuan Qi! Yun Ting had originally cultivated to the peak of the Sky Human Stage. The moment the Yuan Qi descended, he broke through to the Kongming Stage! As the Yuan Qi poured into his body, the Yuan Qi in his body accumulated more and more. He broke through again and entered the Dongxu Stage! Breaking through two stages in the True Self Stage showed how terrifying Yun Ting's talent was. If it were someone else whose Primordial Spirit was not high enough and could not comprehend the True Self Stage, it would be difficult for them to achieve such an effect even if they had endless Yuan Qi. Yun Ting was overjoyed. Ever since he found out about Su Zimo's true identity, he had given up on chasing after Su Zimo. Now, he had set his goal on Su Zimo's disciple, Kitsune. He subconsciously turned to look at Beiming Xue and was slightly taken aback. Kitsune had also broken through! Moreover, she had crossed a major stage from the peak of the True Martial Stage to the Martial Domain Stage!

Kitsune had cultivated her own domain! In this domain, Sword Qi crisscrossed, and tens of thousands of swords resonated. This was also why Wu Dao was so precious. Cultivating Wu Dao would not cause the future of many martial artists to be the same. Every martial artist could condense a different Martial Spirit. They could walk their own path, and their future would be limitless. As Araki Takeshi's eldest

disciple, Kitsune had completely inherited Wu Dao. However, her Dao was also very different from Araki Takeshi's. Wu Dao's future would be a grand occasion where a hundred flowers bloomed and a hundred schools of thought contended. The only thing that remained unchanged was Wu Dao's spirit! Monkey, Night Spirit, Tiger, Qing Qing, Little Fox, the Golden Lion brothers, the Heaven Wasteland Sect's Seven Emotions Demon General, Yan Beichen, Ming Zhen, Demoness Ji, and the others all made breakthroughs. Immortal King Ling Long and Feng Cantian had reached the peak of the Grotto-Heaven realm! As for the Dread King Yaksha, he had directly stepped into the Emperor Realm! Lin Zhan had also stepped into the Thearch realm! There were even some Kings and Quasi-emperors who were nearing the end of their lifespans who broke through and stepped into the Thearch realm. Their lifespans increased drastically, and they were reborn! This was an unimaginable opportunity for the myriad races in the Middle World. It increased the overall strength of the Middle World by a large margin! This was the Heaven Earth Essence Energy that the Heavenly Courts had accumulated for several epochs. It was all on the heads of the myriad races in this Middle World. One could imagine the changes it brought to the Middle World. And this Heaven Earth Essence Energy, such a fortuitous opportunity, should belong to the Middle World. In the Three Thousand Realms, many Imperial Emperors who were in seclusion also woke up at this moment! Some Imperial Emperors who had been stuck at a bottleneck for millions of years also began to loosen their realm barriers. Some ordinary Imperial Emperors transformed into peerless Imperial Emperors! Some peerless Imperial Emperors directly advanced to peak Imperial Emperors! Although peak Imperial Emperors were unable to advance further, their comprehension of Dao techniques had increased by a level. After breaking through the Nine Heavens Great Array, the myriad races in the Three Thousand Realms felt a strange feeling in their hearts. Cultivation seemed to have become much easier. It was as if the unattainable and unshakable mountain that was pressing down on their heads had suddenly collapsed. Everyone felt relieved.

The myriad races gradually realized that their cultivation did not have to be so difficult. The many disturbances in the Middle World and the many sufferings on their bodies originated from the Heavenly Courts! Some Imperial Emperors could even vaguely sense the aura from the Great Thousand Realms! Only at this moment did the Imperial Emperors see a glimmer of hope of ascending to the Great Thousand Realms! The Nine Heavens Great Array was broken, and the Heavenly Courts were completely exposed to Wu Dao's original body and the others. The so-called Heavenly Courts were connected by nine huge floating clouds that were mixed with sand and soil. Wu Dao's original body even smelled a familiar aura from these nine floating clouds. Living Soil! This point also happened to coincide with his previous conjecture. The Living Soil that Qinglian created was the same kind of Living Soil as the Living Soil in the Nine Heavens. Above the nine floating clouds, one could see Immortal Islands, Heavenly Palaces, and thousands of golden rays of light. Just the huge Heavenly Gate that stood in front of the Heavenly Palaces looked grand and majestic. It was made of glass and flowed with divine charm. It was inlaid with precious jade and flickered with resplendent light! On both sides of the Heavenly Gate, there were many Heavenly Soldiers and Heavenly Generals guarding it. They were murderous. Nine thick and huge stone pillars that reached the sky entered the depths of the clouds above the Heavenly Courts. Sacred Beast Azure Dragons coiled around them! Nine heavenly bridges spanned across the nine floating clouds and connected them together. There were Luan phoenixes flying and Vermilion Birds chirping! Everywhere one looked, the Heavenly Courts were filled with countless spiritual objects of Heaven and Earth, immortal herbs, trees, and many famous flowers and plants. Even Wu Dao's original body could not name them. Many spiritual objects of Heaven and Earth had long gone extinct in the

Middle World! However, they could be seen everywhere in the Heavenly Courts! Even a spiritual root like the Divine Tree of Heaven and Earth grew in the Heavenly Courts. It was far thicker than the one in Heaven Wasteland Domain! This was only the tip of the iceberg in the Heavenly Courts. After being transformed by Qinglian's true body, Heaven Wasteland Domain was like a paradise in the eyes of everyone. However, when they saw the scene in the Heavenly Courts, the people of the Myriad Races realized what a true paradise was! Compared to the Heavenly Courts, the places they lived and cultivated were like pigpens and horse stalls!

After every upheaval of Heaven and Earth, the Heavenly Courts, as the final victors, would plunder large amounts of treasures from the Middle World! The Heavenly Court had relied entirely on the oppression of all living beings of all races for several eras, and the plundering of the medium-class worlds to achieve what they had today! When they saw the scene in the Heavenly Courts, there was no need for others to explain anything. The Heavenly Courts had trampled on them and taken away everything that belonged to them. They had sealed the Heaven Wasteland Domain's essence energy. Not only did they treat them as livestock, they also wanted to use them, deceive them, trample on their dignity, and manipulate their fates as they wished! Any cultivator with a bit of passion would have an uncontrollable anger towards the Heavenly Courts! It was only at this moment that they understood why those ancient Emperors, despite knowing that they were no match for the Heavenly Courts, stepped forward bravely and attacked them time and time again! The evil of the Heavenly Courts was too numerous to be recorded!

Chapter 3189

Before Wu Dao's original body stepped into the Heavenly Court, he turned around and looked at the familiar figures in the Middle World. A complicated expression appeared on his face. It was like a reluctance, a longing. Now, he had only broken the Nine Heavens Formation. He had not suppressed the remaining six masters of the Heavenly Court, nor had he destroyed the seals they had left in the Heavenly Court. Moreover, in the Heavenly Court, the six masters of the Heavenly Court would definitely be able to unleash their full strength. This battle might be even more troublesome than in the Middle World! The war against the heavens was not over! The Heavenly Court was vast and boundless. Wu Dao's original body and the others would gradually leave the Middle World and would no longer be able to care about this place. "Great Emperor Araki Takeshi, Great Emperor Xue Die!" An Immortal Emperor expert shouted, "You must win!" "We must win this battle!" Another person shouted. "Great Emperor Araki Takeshi, Great Emperor Xue Die, thank you!" "Great Emperor Araki Takeshi, take care!" "Great Emperor Araki Takeshi, Great Emperor Xue Die, you must live well!" Many members of the Butterfly Clan burst into tears and cried out loud. Their eyes were filled with reluctance. More and more voices came from the various realms. Many experts realized that Great Emperor Araki Takeshi and Great Emperor Xue Die were about to enter the territory of the Heavenly Court and engage in the final battle with the masters of the Heavenly Court! Everyone's shouts were not only for their own ascension, but also from the bottom of their hearts. It was because of the Desolate Martial Great Emperor's appearance and the Blood Butterfly Great Emperor's attainment of the Middle Thousand Dao that the Myriad Races were saved from a crisis! It was also because of these two Great Emperors that they could see the true face of the Heavenly Court in this life and know the truth of the past. At this moment, the myriad races were awakened. The two Great Emperors had ignited the hope in their hearts! Breaking the Nine Heavens Formation had brought endless opportunities and benefits to the Middle World and the myriad races! The fact that Great Emperor Araki Takeshi had passed down Wu Dao without any reservations had

moved countless experts and convinced them. Everyone could faintly feel that after Emperor Araki Takeshi and Emperor Blood Butterfly left, they would not be able to see each other again. That was why they could not help but speak up.

If they succeeded, the two Great Emperors would naturally ascend to the Greater World together. If they failed, the two Great Monarchs would die and their Dao would vanish. Naturally, they would not return. This farewell might be the last time they would see the two great emperors! Listening to the voices from all the races in the three thousand worlds, Wu Dao's true body was shocked. He took a deep breath and faced the direction of the Middle World. He cupped his hands and said, "I look forward to meeting all of you in the Greater World. Everyone ... take care!" Even so, the outcome of this battle was hard to predict, and he was facing a life and death crisis from the Great Thousand World. Not to mention ascending to the Great Wide World, it was unknown whether he could survive this trip. Die Yue's heart was moved, and she also felt reluctant, but she did not say anything. Her [Great Wilderness Sutra] had already been left with the Butterfly Race. Perhaps there was nothing left for her to miss in the Middle World. Die Yue's expression was indifferent, and she did not say a word. However, when she turned around and faced away from all the races, she gently waved her hand. Then, she walked side by side with Wu Dao and sped towards the Heavenly Court. Only two figures were left, and they disappeared into the purple clouds! The Demon Master, Evil Emperor, and Brahma Ghost Mother followed closely and killed their way into the Heavenly Court! Heaven Wasteland Domain. Lin Zhan looked at Su Zimo and said in a deep voice, "I have already stepped into the Emperor Realm. I should gather some Emperor Realm experts and kill our way into the Heavenly Court!" Su Zimo's expression was solemn. He shook his head slightly and said, "I'm afraid we don't have to go to the Heavenly Court. They will take the initiative to come to the Middle World." Immortal King Ling Long also nodded and said, "Now that the Middle World is no longer protected by the Great Emperors, if the master of the Heavenly Court wants to fight to the death, he will most likely send the rest of the Heavenly Court's army to the lower world to take revenge on us!" The strength of the Heavenly Court was unfathomable. In the battle of the Great Emperors in the Middle World just now, although the Heavenly Soldiers and Heavenly Generals did not make a move, there were hundreds of Imperial Emperors in the Heavenly Court alone. It was truly shocking. Fortunately, after breaking the Nine Heavens Great Array, the overall strength of the living beings in the Middle World had increased greatly.

The number and strength of the Imperial Emperors had increased. If they could really gather all the Imperial Emperors in the Middle World, they might be able to fight against the Heavenly Court. Of course, this was not realistic. Until now, there were still some worlds in the Three Thousand Worlds that were wavering. For example, the Light World, the Stone World, and the Heavenly Eye World. For countless years, their fear of the Heavenly Court had been deeply rooted in their bones. Even if they knew the truth and saw the evil of the Heavenly Court, they still did not dare to declare war on the Heavenly Court. After being oppressed and enslaved for a long time, the experts in these worlds had been subtly enslaved and cowered. "I'm worried about another thing now." Immortal King Ling Long seemed to have thought of something. She suddenly frowned and said, "Now that the world is in chaos, will the Academy Patriarch wait for an opportunity to make a move?" If the Heavenly Court army came and fought with the experts of the Heaven Wasteland Domain, the Sword World, and the Kun Peng World, the Academy Patriarch's sudden appearance would definitely bring a heavy blow to them! "He won't." Su Zimo shook his head slightly and said, "The Academy Patriarch is very cautious. After he lost to my Wu Dao's true body that day, he has been hiding and hiding his tracks." "It was only a few years ago that he first appeared, and then he went into hiding again." "As long as Wu Dao's true body is still alive,

the Academy Patriarch will not dare to appear and fight against us."Elder Xuan nodded and said, "Although the situation is chaotic now, Zimo has Emperor Araki Takeshi and Emperor Xue Die on his side. If the Academy Patriarch appears at this time, he will be courting death." "He has always been cautious. If he is not 100% confident, he will not act." "Not to mention that Emperor Araki Takeshi and Emperor Xue Die are still around, even if the two of them ascend to the Greater World, he may not dare to appear unless he has absolute confidence in winning." Elder Xuan had been friends with the Academy Patriarch for many years and knew him best. Elder Xuan was right. When the Academy Patriarch laid his cards on the table against Su Zimo, he was indeed very confident and had absolute confidence in winning. However, because of the Emperor's Tomb, there were variables that the Academy Patriarch could not deduce. The owner of the Emperor's Tomb was the Lord of the Underworld, the mysterious Emperor of Feng Du. No matter how strong the Academy Patriarch's deduction ability was, he could not deduce that it was him.

In the Heavenly Court. Boom! Wu Dao's true body descended. He took a step forward and crushed the huge Heavenly Gate in front of him. He charged towards the depths of the Heavenly Court, and no one dared to stop him! He knew in his heart that what came next would be a tough battle! They had already charged into the Heavenly Court. If they broke through the obstruction, they would be able to ascend to the Greater World. The six Lords of the Heavenly Court would do their best to protect the last line of defense! Six figures appeared in front of them. They spread out and faced Wu Dao's true body, Die Yue, the Fiend Master, the Evil Emperor, and the Brahma Ghost Mother! The battle began again!

Chapter 3190

In the Heavenly Courts, Die Yue could clearly feel that her Dao seal was being suppressed. This also meant that her Dao techniques would be weakened in the Heavenly Courts, causing her to be unable to unleash her full combat strength. The Fiend Master, the Demonic Emperor, and the Brahma Ghost Mother did not show any abnormalities. In the Middle World, their combat strength was already suppressed to a certain extent. Here, it was still the same. However, in the Heavenly Courts, the combat strength of the six Heavenly Courts masters would be increased! It would be difficult for them to gain an advantage against the masters of the Heavenly Courts. Even Wu Dao's Martial Universe and Origin Martial Grotto-Heaven felt a huge pressure! The Dark Heaven Master and Dark Heaven Master, who were originally injured, seemed to have recovered. When Wu Dao and the other five Emperors stepped into the Heavenly Courts, the attention of the six Heavenly Courts masters was all on Wu Dao! To them, the biggest threat was Wu Dao! As long as they could suppress Wu Dao's true body, it would be difficult for the remaining four Emperors to defeat them in the Heavenly Courts. "Kill!" The six Heavenly Courts masters attacked first. With a thought, they took out their Natal Divine Weapons. Whoosh! Whoosh! Whoosh! Heavenly Great Sacred Seal, Heavenly Great Sacred Claw, Heavenly Great Sacred Hammer, Heavenly Profound Sacred Shield, Heavenly Abyss Sacred Painting, Heavenly Bright Sacred Blade, Heavenly Vermilion Sacred Sword, Heavenly Flame Sacred Furnace, Heavenly Sun Sacred Ring ... The nine Natal Divine Weapons pierced through the air. Even the suppressed Fire Heaven Master, White Heaven Master, and Vermilion Heaven Master, who had just been killed by the Demonic Emperor, appeared in the Heavenly Courts. And now, the nine Natal Divine Weapons were all attacking Wu Dao's true body! This was equivalent to the six Heavenly Courts masters joining forces to attack Wu Dao's true body! Die Yue saw this and immediately attacked. The Fiend Master, Demonic Emperor, and Brahma Ghost Mother also attacked. Without the help of their Natal Divine Weapons, the Great Heaven Master, Dark Heaven Master, Sun Heaven Master, and Sky Heaven Master were not at a disadvantage.

against Die Yue, the Fiend Master, Demonic Emperor, and Brahma Ghost Mother. In the Middle World, Die Yue could even take on two opponents at once. But in the Heavenly Court, Die Yue could only stop one Lord of the Heavenly Court. Master of Firmament and Master of Xuan Heaven still chose to fight against Wu Dao's original body.

Although the White Sky Lord was missing this time, he had the help of the Nine Great Divine Weapons! The Nine Great Divine Weapons contained the Will of the Nine Heavens and the Dao Seal, condensing the power of the Nine Heavens. Wu Dao's true body fought back with the Prison Suppressing Cauldron and the ten gates of hell. A series of earth-shattering explosions erupted in the sky above the Heaven Court! "The Nine Heavens as the Court, Heaven's Will as the Blade!" At this moment, the six lords of the Heavenly Courts shouted at the same time, their hands forming hand seals. The seals of the six lords of the Celestial Courts formed. At the same time, the seals of the other three heavens also arrived and merged with the seals of the other six. The Nine Heavens Daoist Seal merged and transformed into an ancient long saber! Whoosh! The long saber slashed down, splitting the heavens and earth apart! Boom! Wu Dao's true body raised his hand and punched out, colliding with the long saber. A deafening explosion erupted! This long saber condensed the Will of the Nine Heavens. And Wu Dao's true body's fist condensed Wu Dao's will. At this moment, Wu Dao's will was fighting against the Heaven Court's will! This was a true heaven-defying Dao! Boom! Boom! Boom! It looked like it was just Master of Firmament and Master of Xuan Heaven against Wu Dao's true body. But in reality, what Wu Dao's true body faced was the power of the Nine Heavens. Master of Firmament wielded the Heaven's Will Saber while Master of Xuan Heaven transformed into his true body. With the thick tortoise shell on his back and many defensive methods, he tried his best to block and neutralize the attacks of Wu Dao's true body. The two of them cooperated well, one attacking and one defending. Even though Wu Dao's true body's two worlds resonated, it was difficult to suppress the two of them! The other four pairs of Great Thearchs were also abnormally intense. Die Yue only had a slight advantage against Lord of Dim Heaven. The Evil Emperor and Lord of Sun Heaven fought and the outcome could not be determined. The Fiend Lord took out four blood swords and fought Lord of Great Heaven. They were also evenly matched.

And the Brahma Ghost Mother was at a disadvantage against Lord of Great Heaven. The various Great Thearchs fought in the Heaven Court from the south to the north, from the east to the west. Huge shockwaves of power shattered the Heaven Court! The Fiend Lord, Evil Emperor, and Brahma Ghost Mother's A Shura army, beast army, and ghost army were also wantonly slaughtering in the Heaven Court. They fought with the many Heavenly soldiers and generals, causing rivers of blood to flow and corpses to be everywhere! ... Middle World. The myriad races could not see the scene of the battle in the Heaven Court. They could only feel the huge tremors coming from the depths of the Heaven Court. The nine floating clouds in the sky had also shattered. As time passed, countless rare treasures, immortal herbs, spirit trees, and natural treasures fell from the Heaven Court and scattered across the three thousand worlds! This was another huge fortuitous opportunity for the myriad races! However, along with these natural treasures, there was also a dense Heavenly Court army that blotted out the sky! Against the A Shura army, beast army, and ghost army, the Heaven Court's Great Heaven, You Heaven, Min Heaven, Yang Heaven, and Zhu Heaven armies fought. As for the Heaven, White Heaven, Black Heaven, and Flame Heaven armies, they were still indignant. They made a comeback and charged into the Middle World again! The four Heavenly Courts had suffered heavy losses in the battle of the

Grand Wilderness. Nearly half of their Imperial Lords were killed. In the battle just now, of the four Inspector Heavenly Ambassadors of the four Heavenly Courts, two were killed by Wu Dao's true body and one was killed by Die Yue. Only the Mysterious Heaven Inspector Heavenly Ambassador was left. Of the four Heavenly Courts' young masters, only Young Master Xuan Heaven was left. This was an unacceptable loss to the four Heavenly Courts! Now, the Great Emperors of the Middle World were in the depths of the Heavenly Courts and had no time to care about other things. Under the lead of the Mysterious Heaven Inspector Heavenly Ambassador and Young Master Xuan Heaven, the armies of the four Heavenly Courts returned to the Middle World and were ready to slaughter! Without the Great Emperors, the myriad races of the Middle World were like meat on a chopping board in their eyes. They could slaughter them at will! "Kill!" The Mysterious Heaven Inspector Heavenly Ambassador pointed in the direction of the Sword World. On the other side, Young Master Xuan Heaven led the Black Heaven and Flame Heaven armies and charged toward the Heaven Wasteland Domain! "They're here!"

The Imperial Lords of the Sword World and the Heaven Wasteland Domain had grave expressions. Even with Great Emperor Araki Takeshi breaking the Nine Heavens Great Formation and sending down the Yuan Qi rain, the overall strength of the Middle World was greatly improved. However, the difference in strength between the two sides was still extremely large. There were more than four hundred Imperial Lords of the four Heavenly Courts. Including the mounts of these Imperial Emperors, the number of Martial Emperors was probably more than seven hundred! Moreover, these four hundred Imperial Lords of the Heavenly Courts were either from the Sacred Beast Race or had the bloodline of Sacred Beasts flowing in their bodies. Their battle strength was heaven-defying and they could take on ten people at once. Even the mounts of these Imperial Lords of the Heavenly Courts were Dragons and Phoenixes! As for the Sword World, the Heaven Wasteland Domain, the Kun Peng World, the Dragon World, the Flower World, the Great Wasteland Domain, the Blood Ape World, the Hell Domain, and the Rakshasa Sinned Land, there were only a hundred or so Imperial Lords. The number of peak Imperial Lords was even fewer! Unless they could gather all the Imperial Lords of the three thousand domains. Under the shroud of the opportunity just now, countless Imperial Lords were born in the three thousand domains and countless Imperial Lords who were in seclusion awakened from their slumber. If they could gather all the Imperial Lords of the three thousand domains, they would definitely be able to fight against the four Heavenly Courts! However, this was not realistic. The battle in the Heavenly Courts was still undecided. Even if the Imperial Lords of some domains were grateful to Great Emperor Araki Takeshi and Great Emperor Blood Butterfly and wanted to help, they would still be wary.
