Chapter 3261

"You!" The Jackal Race Grand Empyrean watched as the Wolf Race Grand Empyrean and the Leopard Race Grand Empyrean were killed by Su Zimo without being able to stop it. The anger and killing intent in his heart had reached its peak! Three of the four leaders of the Myriad Beast Ridge were dead! "Ant, I want you to pay with your life!" The Jackal Race Grand Empyrean's blood essence surged, supporting a world and manifesting a Great Dao phenomenon. In his world, the traces of Dao covered a wider and denser area. The Great Dao and the world had mostly fused. This was the state of greater mastery of the Dao Comprehending Realm. Boom! The two worlds collided with each other, causing a loud explosion! Su Zimo's world kept shaking as if it could not hold on. But soon, a beam of light bloomed in his chaos world. A green lotus soared into the sky, breaking through the layers of chaos and swaying. "The Chaos Great Dao!" Seeing this, the golden-armored Grand Empyrean exclaimed. "No wonder he could suppress two Grand Empyreans in a Supremacy's world." Grand Empyrean Black Goat muttered softly. The Chaos Great Dao was the most powerful of the 3,000 Great Daos and also the most difficult to cultivate. In all these years, almost no one had tried to cultivate this Great Dao. Even if there were people who cultivated this Great Dao, they were unknown. If the Great Dao was invisible and untouchable, then the Chaos Great Dao was even more difficult. The Grand Dao of Primal Chaos was even more difficult to touch, understand, and comprehend. Among the 3,000 Great Daos, the Jackal Dao could be comprehended as long as one cultivated it to a certain level. Moreover, due to bloodline, soul, memories, and various other reasons, it was easier to comprehend and feel more vividly. For the Sword Dao, many sword cultivators could comprehend the Great Dao through sword techniques, Sword Dao manuals, sword intent, and sword heart. For the Water Dao, there were rivers, lakes, seas, ice, snow, and rain to help cultivators comprehend it. Whether it was the sun, moon, stars, or mountains and rivers, there were always some references. However, the Chaos Great Dao did not have any reference objects or methods of comparison. The universe had evolved to this day and had long broken away from its chaotic state. Although the Chaos Great Dao was powerful, if one could not comprehend it, their realm would stagnate and they would regret it for life.

The golden-armored Grand Empyrean said, "This person's ambition is not small. He actually chose to cultivate the Chaos Great Dao." "Hmph!" Great Heavenly Venerate Xuan Yang sneered. "Let's not talk about how far this person can go on the Great Dao of Chaos. Even if he's extremely talented, he'll only be able to reach the Dao Manipulation Realm in his lifetime. There's absolutely no chance of him becoming a Saint." "Why is that?" Golden-armored Great Heavenly Venerate asked. Great Heavenly Venerate Xuan Yang said in a low voice, "I once heard a Dao Venerate mention that the stronger the Great Dao, the more dangerous it will be during the Dao Integration!" "Since ancient times, there have been countless geniuses who couldn't withstand the backlash of the Great Dao during their Dao Integration and died." "And how many monstrous geniuses have stopped at the Dao Control Realm, not daring to take that final step in their entire lives!" The golden-armored Great Heavenly Venerate nodded. With his level of cultivation, he hadn't come into contact with much information about the Dao Manipulation Realm. As for the Saint Realm, he knew even less. In fact, the reason why Su Zimo could cultivate the Great Dao of Chaos to this level was because of the fusion of the Qinglian of Creation and the Red Lotus of Karmic Fire, as well as the inherited memories that the two lotuses gave him. "It's actually the Great Dao of Chaos." "No wonder Fellow Daoist Su once said that he was fated with the Chaos Palace." Xu Rui and the others looked at each other and recalled what Su Zimo had said when they

brought him back. The battle was still ongoing. And the scene in the air shocked the Myriad Beast Ridge's Great Heavenly Venerates. A Dao Manifestation Venerate was fighting head-on with a Great Heavenly Venerate at the peak of the Dao Comprehension Realm, and he wasn't at a disadvantage! Not only that, but because the Great Heavenly Venerate of the Jackal Race had just broken through and his Origin Soul was affected by Su Zimo's Origin Soul Dao Seal, his combat strength had decreased. After the two fought for a while, Su Zimo firmly held the upper hand. His attacks were like a storm, completely suppressing the Great Heavenly Venerate of the Jackal Race! It was only now that the people of the Chaos Palace realized why Su Zimo dared to come to the Myriad Beast Ridge. Why he was so calm and composed in the Myriad Beast Great Hall.

Why he could sit still when facing Heavenly Venerates and even Great Heavenly Venerates? His greatest confidence was that he had the strength to contend with Great Heavenly Venerates! Even so, the hearts of the people of the Chaos Palace were still hanging high. It had to be said that there were still two Great Heavenly Venerates standing on the side. Once these two Great Heavenly Venerates made a move, they would definitely change the situation of the battle! Moreover, there were still hundreds of thousands of Demonic Beasts gathered around the Myriad Beast Ridge. It was only because the Demonic Beasts were attracted by the battle that they didn't do anything else. If the Jackal Race Great Heavenly Venerate gave the order and the Demonic Beasts swarmed forward, they wouldn't even need to use any methods to trample all 3,000 of them into meat paste! In truth, Great Heavenly Venerate Xuan Yang and Great Heavenly Venerate Golden Armor had also been secretly communicating. With the current situation, the two of them didn't need to rush into action. They could let Su Zimo and the Jackal Race Great Heavenly Venerate fight each other. It would be best if both sides were seriously injured and they could reap the benefits. Even if one of them won, it would be a pyrrhic victory. With their combat strength, they could easily suppress him if they worked together! "Xuan Yang, Golden Armor, are the two of you just going to stand by and watch?" The Jackal Race Great Heavenly Venerate felt more and more pressure as he faced Su Zimo, who was getting fiercer and fiercer. He couldn't hold on any longer and shouted. Great Heavenly Venerate Xuan Yang smiled but didn't say anything. He secretly thought, "Right now, we just need to sit on the mountain and watch the tigers fight. Then we can annex the Myriad Beast Ridge without shedding a drop of blood." Great Heavenly Venerate Golden Armor also chuckled and had no intention of making a move. Just as the Jackal Race Great Heavenly Venerate spoke, his aura fluctuated and the world behind him shook. He was almost defeated by Su Zimo! The Jackal Race Great Heavenly Venerate realized that if the battle continued, he wouldn't be able to escape death. Thinking quickly, the Jackal Race Great Heavenly Venerate made a decision. He gritted his teeth and said, "I beg the two Great Heavenly Venerates to save me. From now on, I will follow the two Great Heavenly Venerates and never betray you!" When the Jackal Race Great Heavenly Venerate said this, it meant that he had chosen to submit to the Black Goat Ridge.

There was no way he could go back on his word in front of so many people. Great Heavenly Venerate Xuan Yang and Great Heavenly Venerate Golden Armor looked at each other, somewhat tempted. If they could subdue a Great Heavenly Venerate, it would naturally be beneficial for the Black Goat Ridge. Moreover, this was a life-saving grace. From now on, the Jackal Race Great Heavenly Venerate would owe them a life! To make the Jackal Race Great Heavenly Venerate willingly submit to them had already achieved their goal. Thinking about this, the two secretly nodded. They exchanged glances and attacked at the same time. Two Origin Soul Daoist seals shot toward Su Zimo! It was too easy for the two of them to stop the battle before them. Su Zimo had just released his Origin Soul Daoist seal and had fought a few battles. The power of his Origin Soul most likely wouldn't be able to condense a Origin Soul

Daoist seal to block their attacks. Even if Su Zimo was in peak condition, it would be difficult for his Origin Soul Daoist seal to fight against the two of them. Seeing this, Xu Rui and company's hearts sank. The situation they were most worried about had still happened! Three Great Heavenly Venerates had attacked at the same time!

Chapter 3262

Xu Rui and the other two were anxious, but they were powerless in the face of this scene. They were simply too weak. Not to mention helping Su Zimo, just the energy from the battle between the Jackal Race's Grand Empyrean and Su Zimo was enough to overturn the three of them! They couldn't even get close. Meng Shi clenched his fists as he suppressed the anger in his heart. He suddenly shouted, "The Grand Empyrean is so shameless! He can't beat Fellow Daoist Su in a one on one fight, so he launched a sneak attack!" Xu Rui and Chen Qianhe were shocked by Meng Shi's words. Originally, no one had paid attention to them. However, Meng Shi's words would definitely attract the attention of others! The two of them believed that Meng Shi was also aware of this. The moment Meng Shi opened his mouth to curse, he had already disregarded life and death! The three of them had known each other for many years. Xu Rui and Chen Qianhe both knew Meng Shi's character. He was straightforward and sometimes spoke harshly, but in his heart, he valued friendship. If not for this, he wouldn't have stayed in the Primal Chaos Palace until now. Aside from having a trace of hope for the Primal Chaos Palace, he was more unwilling to leave Xu Rui and Chen Qianhe and was willing to continue walking with them. At this moment, Meng Shi stood out to mock the Grand Empyreans even if he didn't care about his life. He had already decided on Su Zimo. Meng Shi couldn't think of any way to help Su Zimo. However, he knew that he couldn't just watch Su Zimo fight for them and the Primal Chaos Palace alone! He had to do something. However, he was weak, so what could he do? He could only repay him with his life! "Hahahaha!" Meng Shi laughed out loud with a face full of mockery. He pointed at the two Grand Empyreans and shouted, "Grand Empyreans are so shameless! How embarrassing!" If you know that you can't beat Fellow Daoist Su, then kneel down and kowtow three times to ask Fellow Daoist Su to spare your lives!" Meng Shi didn't hold back and scolded without restraint. Grand Empyrean Xuan Yang and Grand Empyrean Golden Armor had serious expressions. They acted as if they didn't hear anything and didn't even care about Meng Shi.

It wasn't that the two of them didn't want to make a move. Instead, the scene just now had caused a trace of fear to emerge in both of their hearts. Their Essence Spirit Dao seals had clearly struck Su Zimo. However, the latter did not seem to notice it at all, as though he was not injured at all! This Soul Core attack was like a stone ox that fell into the sea, and it vanished without a trace within Su Zimo's body. "How could this be?" Both Great Heavenly Venerate Xuan Yang and Great Heavenly Venerate Golden Armor were shocked. Even though he was annoyed by Meng Shi's scolding, he wasn't in the mood to bother with him. Naturally, the two of them did not know that it was indeed very difficult for Su Zimo's Primordial Spirit to condense a Dao seal and fight against the two of them. However, his Essence Spirit sat on the Creation Lotus Platform and spewed out endless green light, forming an indestructible barrier! This Creation Lotus Platform was a top-notch numinous treasure to begin with. As Su Zimo's cultivation level increased, the defense of the Lotus Platform of Creation also increased. Their Essence Spirit Dao seals could not even break through the defense formed by the Creation Lotus Platform, so they naturally could not harm Su Zimo's Essence Spirit at all. During this time, Su Zimo's attacks became even fiercer! A crack had already appeared in the world of the Jackal Race Great Heavenly Venerate. It

could collapse at any moment!Hearing Meng Shi's scolding, Great Heavenly Venerates Xuan Yang and Great Heavenly Venerates Golden Armor had no time to pay attention to him. The Jackal Race Great Heavenly Venerate was extremely sullen from being beaten up by Su Zimo. He was filled with anger and had nowhere to vent it.Meng Shi's noisy voice rang out, finally letting him find a place to vent!"Myriad Beast Mountain Range monsters, listen to my order!"The Jackal Race Great Heavenly Venerate suddenly screamed, "Kill everyone in the Primal Chaos Palace for me!"This really pushed the Jackal Race Great Heavenly Venerate to the extreme.This order could first make Meng Shi shut up.Second, it was the method the Jackal Race Great Heavenly Venerate had thought of to break out of this situation!If Su Zimo cared about the 3,000 people in the Primal Chaos Palace, he could only go back and save them. This would give the Jackal Race Great Heavenly Venerate a chance to breathe and escape!Once he adjusted his breathing and joined forces with Great Heavenly Venerate Xuan Yang and Great Heavenly Venerate Golden Armor, they could kill their way back.

Meng Shi's shouts didn't stop.From the moment he opened his mouth, he had already thought of his own ending."Fellow Daoist Su, don't worry about us. Just kill that wolf and we brothers can die in peace!"Meng Shi loudly shouted.The monsters of the Myriad Beast Mountain Range became restless under the command of the Jackal Race Great Heavenly Venerate. They stared at the people of the Primal Chaos Palace with fierce gazes!Just at this moment, Su Zimo suddenly let out a roar and his voice was like thunder. "Whoever dares to act rashly will end up like this!"Before he finished speaking, Su Zimo's eyes suddenly changed. His left eye was pitch black and his right eye was pure white. Two rays of divine light shot out and intertwined in the air to form a yin and yang divine diagram that suppressed down.Boom!The world of the Jackal Race Great Heavenly Venerate instantly collapsed!The Taiji Divine Diagram originated from the Dao of Yin and Yang. Normally speaking, Su Zimo hadn't comprehended it to the level of 'Dao', so he couldn't shake the world of the Jackal Race Great Heavenly Venerate.The reason for the eruption of such power was mostly because of the two Divine Stones in Su Zimo's eyes, the Torch Illumination and Serene Glow!After ascending to the Greater Thousand World, Su Zimo could clearly sense that the two divine stones, Illumination and Nether Glow, were gradually transforming.These two Godstones were actually growing as his cultivation base increased.He didn't even need to consciously activate them. The two Divine Stones could cultivate on their own and absorb the Genesis Qi around the Great Thousand World.To be more precise, the cultivation of these two Divine Stones wasn't weaker than his.It was because of this that the Taiji Divine Diagram was able to destroy the world of the Jackal Race Great Heavenly Venerate.After losing the protection of the world, Su Zimo broke through the Jackal Race Great Heavenly Venerate's defenses with one punch. His palm descended from the sky and slammed into the top of the Jackal Race Great Heavenly Venerate's head!After being forced into close combat, how could the Jackal Race Great Heavenly Venerate be Su Zimo's match?His head was crushed by Su Zimo's palm almost instantly.Blood mixed with brain matter splattered everywhere. It was a ghastly sight. The Jackal Race Great Heavenly Venerate's Yuan Spirit was destroyed and his headless corpse powerlessly fell from the sky!

The entire process seemed slow, but it actually happened in an instant.This was the fate of anyone who dared to act rashly!The Jackal Race Great Heavenly Venerate's corpse fell at almost the same time as the last word of the sentence!Plop!The Jackal Race Great Heavenly Venerate's corpse fell into the ruins of the Thousand Beast Great Hall, kicking up endless dust. It was like a heavy blow to the hearts of the Thousand Beast Great Army!The bodies of the Beast horde uncontrollably trembled.Dead.The four

leaders of the Thousand Beast Ridge, three Heavenly Venerates and one Great Heavenly Venerate, had all been killed by the azure-robed man in the air! Moreover, he had killed them with his bare hands! The hundreds of thousands of Beast horde that were originally raring to go and filled with killing intent instantly quieted down. The Beast horde was completely silent as they looked at the god-like figure in the air. Their faces were filled with fear and they were as silent as cicadas in winter! Who dared to act rashly? Many thanks to Tiangu Hongmeng for the 15,000 book coins tip. Many thanks to Shangguan Yulin, Daxishui, and the other book friends for the tips. Recently, my condition has been very hot. Wen Ru has been on the verge of peeing and can't be stopped. Good night everyone...

Chapter 3263

This scene intimidated the group of Demonic Beasts. No one dared to act rashly! Even the people of the Chaos Palace were shocked and in disbelief. It was one thing to kill two Heavenly Venerates, but now, even a Grand Empyrean had been suppressed by Su Zimo and died on the spot! When the Demonic Beasts surged forward, everyone thought that they were going to die today. Now, the hundreds of thousands of Demonic Beasts were all trembling. No one dared to take a step forward! Although today's matter had yet to come to an end, the Myriad Beast Ridge only existed in name now. Grand Empyrean Xuan Yang and Grand Empyrean Golden Armor also frowned. The development of the situation seemed to be somewhat out of their control. However, the Myriad Beast Ridge was leaderless and had nine Source Mines. They were unwilling to turn around and leave. Thinking of this, Grand Empyrean Golden Armor roared and circulated his Blood Qi to attack Su Zimo. Grand Empyrean Xuan Yang also raised a world and didn't dare to hold back. He summoned his Great Dao phenomenon and charged over from the side! No matter what, Su Zimo had just fought a series of battles and had expended a lot of energy. Now was the best opportunity! If they waited for him to recuperate and recover, the two of them might not be able to gain an advantage even if they joined forces again. However, the two of them didn't know that Su Zimo had Qinglian's true body and hadn't even used his Blood Qi in the series of battles. At most, it could only be considered a warm-up. He wanted to test the strength of the three Heavenly Venerates and one Grand Empyrean and compare it with his own combat strength. In the series of battles just now, Su Zimo was almost unaffected except for the power of his Origin Spirit being consumed. After circulating his bloodline once, he had recovered to his original state. In terms of endurance, even Wu Dao's true body couldn't compare to his Qinglian's true body! Facing the attacks of the two Grand Empyreans, Su Zimo didn't retreat. Instead, he took the initiative to meet them. He used his Chaos World to contend with the Great Dao phenomena of the two Grand Empyreans! Boom! Boom! Boom! Three shadows crossed in the air. The collision between the worlds was deafening, causing the earth to shake and the clouds to change color! After fighting for a while, Grand Empyreans Xuan Yang and Golden Armor became more alarmed.

No matter how the two of them cooperated and launched fierce attacks, it was difficult to suppress Su Zimo's momentum. On the contrary, Su Zimo became more and more courageous the more he fought. Every punch and kick contained a shocking amount of divine power. His breath was long and continuous, and his stamina was bottomless. It was as if there was no end to it! This person didn't have any Divine Weapons or Spirit Treasures. He was just using his bare hands to deal with their attacks. Even so, the two of them were unable to seriously injure him. When their Empyrean spirit treasures struck this person's fist, they only lightly scratched his skin. This kind of superficial wound could be healed in an instant and would not affect him in the slightest! "Fortunately, this person is a human with an ordinary

bloodline."The golden-armored Great Heavenly Venerate secretly rejoiced.In his opinion, the only explanation for Su Zimo not releasing his Qi and blood was that his bloodline was too ordinary. Even if he released it, it would not increase his combat strength.Moreover, the human race was naturally weak and was at the bottom of the ten thousand races. This was something that everyone knew."Merely, I wonder how that man managed to cultivate his physical body to such a level. It's actually so powerful."The golden-armored Great Heavenly Venerate thought to himself, "Could it be a transformation brought about by cultivating the Chaos Dao and condensing the Chaos Dao Seal?"Beside him, Great Heavenly Venerate Xuan Yang had another thought."Fortunately, this person comes from the Chaos Palace and doesn't have any suitable weapons."Great Heavenly Venerate Xuan Yang secretly felt lucky. "If he had a Divine Weapon, I'm afraid that even if the two of us joined forces, we wouldn't be able to stop him."The two of them couldn't defeat Su Zimo after attacking for a long time and gradually wanted to retreat.If they continued fighting like this, even if Su Zimo didn't suppress them, they would die of exhaustion!"Retreat!"The two of them exchanged glances and instantly understood each other's intentions.Boom!The two of them exerted their strength at the same time and pushed their Qi and blood to the limit. They once again clashed head-on with Su Zimo and used the momentum to retreat and widen the distance between them.The golden-armored Great Heavenly Venerate laughed loudly and said, "Fellow Daoist Su, you're really good. I've learned a lot today. The Myriad Beast Ridge belongs to you. We'll meet again in the future! "

Seeing this, everyone from the Chaos Palace was invigorated and overjoyed.The two Great Heavenly Venerates of the Black Goat Ridge had chosen to leave. This meant that the Chaos Palace would take over the Myriad Beast Ridge and become the biggest winner.The nine Source Mines of the Myriad Beast Ridge would all belong to them!Before this, the people of the Chaos Palace had been wandering all over the place and living in a state of constant fear. They didn't even dare to think about such an outcome!Xu Rui and the other two looked at each other, all excited.Chen Qianhe's eyes were even a little red.The most important decision they had made in their lives was to bring Su Zimo back from the Immortal Ascension Altar.When the Myriad Beast Ridge's Great Heavenly Venerates saw that the two Great Heavenly Venerates of the Black Goat Ridge were leaving this place, they didn't dare to stay any longer and started to flee in all directions.No one knew what kind of temperament Su Zimo, who had taken over the Myriad Beast Ridge, had.However, after seeing how decisive he was and how he killed the four leaders of the Myriad Beast Ridge, the Myriad Beast Ridge's Great Heavenly Venerates didn't dare to continue staying in the Myriad Beast Ridge.Furthermore, the Myriad Beast Ridge's Great Heavenly Venerates didn't want to submit to a human, much less be suppressed by a bunch of plant lifeforms!"Who allowed you to leave?"Just at this moment, a voice came from the sky.The fleeing Myriad Beast Ridge's Great Heavenly Venerates trembled in fear.Some of the Myriad Beast Ridge's Great Heavenly Venerates went soft and almost fell to the ground.The Myriad Beast Ridge's Great Heavenly Venerates all turned around and saw the figure in the sky looking at the two Great Heavenly Venerates of the Black Goat Ridge. Only then did they realize that those words weren't directed at them!The Myriad Beast Ridge's Great Heavenly Venerates didn't dare to stay any longer and frantically fled into the distance.The people of the Chaos Palace were shocked when they heard this.The two Great Heavenly Venerates of the Black Goat Ridge already wanted to leave, but it seemed like Su Zimo didn't want them to leave so easily!"Fellow Daoist Su is too domineering."Chen Qianhe still wasn't used to it.All these years, they had been bullied and chased by many factions. When had they ever been so unyielding?

"I quite like it." Meng Shi chuckled and rubbed his palms together. His eyes were filled with excitement. Xu Rui's expression was calm as he said, "Although that's the case, if the two Great Heavenly Venerates are determined to leave, it will be difficult for Fellow Daoist Su to stop them." The battle between the three of them just now was witnessed by everyone. The two Great Heavenly Venerates of the Black Goat Ridge might not be able to suppress Su Zimo. However, Su Zimo didn't seem to have the absolute upper hand. "What? You want to stop us by yourself?" Great Heavenly Venerate Xuan Yang was shocked when he heard this. He thought that Su Zimo had some helpers lying in ambush, so he probed. "It's enough." Su Zimo said indifferently. "Humph!" Great Heavenly Venerate Xuan Yang's skinny face instantly darkened as he slowly said, "Su Zimo, since you want a yard after taking an inch, don't blame us for being ruthless in the future!" If it was just Su Zimo alone, Great Heavenly Venerate Xuan Yang was certain that he wouldn't be able to stop the two of them. After saying that, the two of them turned and left. At that moment, Su Zimo's Divine Sense moved, and two sword lights broke through the chaos in the world and arrived beside him.

Chapter 3264

One of the swords was covered in azure light and emitted a chilling aura. It was the Endless Pain Sword formed by the fusion of the Qinglian Sword and the Avici Great Hell. The other sword was dark red, as if it was soaked in blood and burning with flames. It was filled with killing intent that shook one's soul. It was the Netherworld Sword formed by the fusion of the Red Lotus Sword and the Netherworld Sea of Blood. The moment these two swords appeared, they attracted countless gazes. But soon, everyone lowered their heads and closed their eyes. With just one glance, everyone felt a stabbing pain in their eyes. It was as if their minds were about to be taken away, and they trembled with fear! The two Grand Emyreans, Xuan Yang and Golden Armor, looked back and sucked in a breath of cold air at the same time. The two of them could smell an extremely dangerous aura from those two swords! The two of them originally wanted to retreat. But after seeing the Endless Pain Sword and the Netherworld Sword, their movement techniques soared. They completely disregarded their status and dignity and fled for their lives! After the battle just now, Su Zimo already had a rough understanding of his own combat strength. If he wanted to keep the two Grand Emyreans here, he should be able to release his blood essence and bloodline phenomenon. However, he had just ascended to the Great Thousand World and didn't understand the situation of the Great Thousand World. The surrounding environment was also unclear, so it wasn't good to expose the Qinglian bloodline too early. In the battle just now, he did not even use the Taiyi Horsetail Whisk, the Three Treasures Jade Ruyi Scepter, or the Red Lotus of Hellfire that he had obtained after merging with the Red Lotus of Hellfire, which could expose his Green Lotus True Body. The Endless Pain Sword and the Netherworld Sword had changed their auras after being reforged, so others couldn't recognize them. He hadn't used these two swords since obtaining them. Su Zimo also wanted to test the power of these two swords. "Go!" Looking at the backs of Xuan Yang and Golden Armor, the two Grand Heavenly Venerates, who were fleeing, Su Zimo pointed forward and shouted. Whoosh! The two swords turned into two streaks of sword light, one green and one red. They instantly disappeared and chased after the two Grand Emyreans. Their speed was astonishing! The two Grand Emyreans were clearly one step ahead and had already fled thousands of miles away, but the Endless Pain Sword and Netherworld Sword had already closed in on them in the blink of an eye!

It was too fast! When the golden-armored Great Heavenly Venerate saw that he couldn't dodge, he

hurriedly propped up a world and manifested a Great Dao phenomenon. He spurred his blood energy and his body bloomed with golden light, covering him in a thick layer of golden armor!At the same time, he held his long saber and slashed at the Avīci Sword that was thrusting towards him.Clang!The Avīci Sword did not even try to block it, but when his long saber landed on the tip of the Avīci Sword, it broke into two!Puff! Puff!The Infinite Pain Sword pierced straight in.The numerous Great Dao phenomena were like paper before the edge of the Avīci Sword, and all of them were pierced through!Even the golden-armored Great Heavenly Venerate's world couldn't stop the sharpness of the Avīci Sword!The black-robed man had once told Su Zimo that the sharpness of the Avīci Sword was the best.Now that he had seen him, he was indeed worthy of this evaluation!The golden-armored Great Heavenly Venerate was horrified. He could only watch helplessly as the Avīci Sword pierced his chest.In front of this longsword, all of his methods seemed to be unable to withstand a single blow!Fear and despair!However, at the same time, the golden-armored Great Heavenly Venerate rejoiced.It seemed like Su Zimo didn't want to kill him.Otherwise, this sword wouldn't have pierced his chest.Instead, it would have pierced his head and destroyed his Origin Spirit!Just as he had this thought, the Avīci Sword instantly pierced through the thick, golden armor on his chest and came out of his body, bringing with it a stream of blood!The golden-armored Great Heavenly Venerate shuddered and his expression stiffened. Then, his eyes dimmed rapidly and he lost all signs of life.A Great Heavenly Venerate had his chest pierced by the Avīci Sword and died on the spot!Su Zimo frowned secretly when he noticed this.The golden-armored Great Heavenly Venerate had guessed correctly. He really hadn't planned on killing the two Great Heavenly Venerates of the Black Goat Ridge.After stepping into the Myriad Beast Ridge and seeing the forest of bones and bloodstained ground, he had no intention of letting the four leaders of this place off.However, his intention was to subdue the two Great Heavenly Venerates of the Black Goat Ridge and use them for himself.Or rather, to be used by the Primal Chaos Palace.

The Primal Chaos Palace only had a little over 3,000 people. Aside from him, there were only three Supremacies. Their strength was too weak and their foundation was too weak.Even if they occupied the Myriad Beast Ridge and the Black Goat Ridge, they might not be able to guard the dozen or so source mines of the two factions.If he could subdue the two Great Heavenly Venerates, it would be equivalent to controlling the Black Goat Ridge. At the very least, it would help the Primal Chaos Palace gain a foothold here.Therefore, Su Zimo had only pierced the golden-armored Great Heavenly Venerate's chest.He wanted to spare his life and teach him a lesson to subdue him.However, Su Zimo had still underestimated the terror of the Avīci Sword!The Avīci Sword had fused with the Avīci Hell and pierced the golden-armored Great Heavenly Venerate.Although it wasn't fatal, the Avīci Hell within the sword had directly swallowed the golden-armored Great Heavenly Venerate's Origin Spirit and dragged it into the Avīci Hell!It had to be said that the Avīci Hell had fused with the Qinglian Sword and its power had increased greatly after being recast.Back then, the Primordial Spirit of the Flame Sky Emperor and the Lord of Hell had been imprisoned in the Avīci Hell. They hadn't died because they had reached the Saint Realm and could live forever.However, how could the Origin Spirit of the golden-armored Great Heavenly Venerate have such power?After being devoured by the Avīci Great Hell, they were instantly killed by the power within, their souls scattered!Sensing this change, Su Zimo hurriedly looked to the other side.Under the sharpness of the Netherworld Sword, Great Heavenly Venerate Xuan Yang's many techniques simply couldn't withstand it and were easily defeated!Su Zimo quickly controlled the Netherworld Sword.Just as the tip of the sword was about to pierce through Grand Empyrean Xuan Yang's chest, it suddenly stopped!Great Empyrean Xuan Yang's face was deathly pale as he looked down

at the blood-colored sword in front of his chest. His scalp tingled, and he was so frightened that his liver and guts were about to burst!The Netherworld Sword stopped and the sword qi only cut through his clothes. On his chest, there was a small wound, but it was not fatal.Just as Great Empyrean Xuan Yang was about to let out a sigh of relief, his eyes suddenly widened. His eyes were bloodshot and his face was filled with shock!An incomparably terrifying killing intent passed through the small wound on his chest and rushed into his sea of consciousness, strangling his Origin Spirit!

Great Empyrean Xuan Yang's Origin Spirit was extinguished. His head tilted and he died on the spot!Two Great Empyreans had died without a single exception!Su Zimo looked at this scene in a daze as he recalled the black-robed man's words.The Netherworld Sword, number one in killing!He never thought that just a small wound would take Great Empyrean Xuan Yang's life!This was indeed the number one in killing!When Xu Rui and the other two saw this scene, they were first stunned before they burst into cheers.Who would have thought that two Great Empyreans would be killed so easily and cleanly by Su Zimo!The three of them had excited expressions as they ran to Su Zimo's side. Just as they were about to speak, Su Zimo sighed softly and muttered, "Sigh, I failed ...""Huh?"The three of them opened their mouths wide and widened their eyes as they looked at the vexed Su Zimo. Their minds were in chaos and they were speechless.

Chapter 3265

Xu Rui and the other two were stunned.What did he mean by 'failed'?How were they supposed to respond?The three of them wanted to celebrate, but Su Zimo seemed to be regretful.Su Zimo recalled the Avici and Netherworld swords with a thought."These two swords are too powerful. I have to be careful in the future."Su Zimo thought to himself.Moreover, when he summoned the Avici and Netherworld swords, they seemed to be excited and even showed signs of being out of his control!If not for that, the Netherworld sword might not have been able to pierce Great Heavenly Venerate Black Goat's skin."Fellow Daoist Su, you don't seem to want to kill those two Great Heavenly Venerates?"Chen Qianhe probed.Su Zimo nodded and did not hide anything. "My original intention was to subdue them and use them to control the Black Goat Ridge for the Chaos Palace's use."From the looks of it now, with their deaths, the Dark Goat Ridge may be in a state of chaos. It will be difficult to occupy the Dark Goat Ridge."With his battle strength, he could naturally dominate the Black Goat Ridge.However, the Chaos Palace only had around 3,000 people, and most of them were weak.Even if they occupied the Black Goat Ridge, they would not be able to defend such a large territory.Su Zimo's main goal after ascending to the Great Thousand World was to raise his cultivation as soon as possible and strengthen himself. He could not fight for Source Ores with the Great Thousand World's demons."Fellow Daoist Su, even if you spared the lives of the two Great Heavenly Venerates, they would not submit willingly."Xu Rui said in a low voice, "For more than six billion years, the powerhouses of the various races have been domineering in the southeastern territory. How could they be willing to submit to others?"If we keep them by our side, they might betray us at any time and become a huge hidden danger."Chen Qianhe nodded and said, "You have already killed the four leaders of the 10,000 Beast Ridge, but the other beasts did not choose to stay. Instead, they scattered."They don't agree with us from the bottom of their hearts."Meng Shi was even more extreme as he said hatefully, "Over the years, the various races have committed many crimes in the southeastern territory. Their crimes are unforgivable. It's better to kill them!"Su Zimo was silent.

It seemed that even if he left these monster beasts behind, it would be difficult for them to get along with the people of the Primal Chaos Palace. In the future, it was inevitable that there would be conflicts. Thinking up to this point, Su Zimo had no intention of stopping the Demonic Beasts that were fleeing in all directions. He saw a person mixed in with the crowd of demons, trying to take advantage of the chaos to escape. However, he could not let him leave! Su Zimo shifted his gaze onto the fleeing cultivator. He suddenly reached out his hand and grabbed the cultivator across space before tossing him to the ground. This person's face was pale and filled with fear. He was Pan Mu who had betrayed Primal Chaos Palace! It wasn't until the Ten Thousand Beast Ridge and the Black Goat Ridge's Grand Empyreans and Grand Empyreans had died that he finally understood why Su Zimo had brought him to the Ten Thousand Beast Ridge and even threatened to kill him. "Traitor!" Meng Shi spat and cursed. Su Zimo looked at Xu Rui and asked, "Are there any rules in the Primal Chaos Palace? What kind of punishment do they have for such people?" Although he had saved the people of the Primal Chaos Palace and his combat strength was the best, he was still not the Primal Chaos Palace Master in name. It was best to leave this matter to Xu Rui. Xu Rui cupped his hands and replied, "According to the ancestors, the rules of the Primal Chaos Sacred Land were very loose and benevolent. There were no strict restrictions on the beings of the Primal Chaos Palace and they were free to come and go." Even if the Primal Chaos Sacred Land was in danger and someone chose to leave, the Primal Chaos Sacred Land would not punish them. However, they would not be able to return to the sacred land in the future. Su Zimo nodded slightly. It seemed that the Primal Chaos Sacred Land was indeed benevolent. The Plant Race did not have a strong murderous nature. This was understandable. Even in the Minor Thousand Realms and Middle Thousand Realms, there were not many such loose and benevolent rules. Xu Rui continued, "However, Pan Mu's actions were not just to escape from the Primal Chaos Palace. He joined other forces and turned against the Primal Chaos Palace. This is intolerable!" Even if Pan Mu did not want to stay in the Primal Chaos Palace and did not want to advance or retreat with the Primal Chaos Palace, the rules of the Primal Chaos Palace would not punish him. However, he helped an outsider to deal with the Primal Chaos Palace. This touched the bottom line of the Primal Chaos Palace!

Just now, in the Myriad Beasts Great Hall, Pan Mu wanted to borrow the Myriad Beasts Ridge and the Black Goat Ridge to destroy the Primal Chaos Palace. This was an unforgivable crime! "Palace Master, please give the order!" At this moment, Xu Rui suddenly turned around and bowed to Su Zimo. Chen Qianhe and Meng Shi also bowed. The three of them seemed to have discussed this beforehand. "I just ascended ..." Su Zimo was slightly stunned. "Palace Master, you saved the Primal Chaos Palace. You are our benefactor." "Moreover, you cultivate the Grand Dao of Primal Chaos. You definitely have the qualifications to become the master of the Primal Chaos Palace. Please do not decline!" Xu Rui said in a deep voice. Chen Qianhe also said, "Palace Master, just agree and help the Primal Chaos Palace." "All these years, the Primal Chaos Palace has never had a true palace master. It has been led by us brothers." Meng Shi said, "From today onwards, I, Meng Shi, will only submit to you!" Seeing this, the people of the Primal Chaos Palace also bowed to Su Zimo with a trace of anticipation in their eyes. They saw a glimmer of hope in Su Zimo. Perhaps, the glory of the Primal Chaos Sacred Land would truly reappear one day! Furthermore, although the current Primal Chaos Palace could take root in the Myriad Beast Ridge, it was impossible to establish a foothold with just 3,000 of them. The only way for the Primal Chaos Palace to survive was to leave Su Zimo behind! "Alright." On second thought, Su Zimo agreed to it. He had already fused with the Creation Qinglian and the Red Karmic Fire Lotus. He was already half a Chaos Qinglian and was closely related to the Primal Chaos Sacred Land – there was no

need for him to decline. Apart from him, there was probably no one else who had the qualifications to lead the Primal Chaos Palace! "Alright!" Meng Shi was all smiles and shouted excitedly when he saw Su Zimo agree. All these years, they had never been so happy and elated as they were today. Just a day ago, the Primal Chaos Palace was still lifeless and everyone was gone. But now, every single cultivator of the Primal Chaos Palace was filled with smiles from the bottom of their hearts and exuded vitality! None of this had anything to do with Pan Mu.

Pan Mu looked at these familiar faces and the smiles of his old friends. He could not help but recall the days when he cultivated and escaped with everyone. Although those days were tough and dangerous, everyone gathered together and shared joy and sorrow. They advanced and retreated together, guarding the last hope of the Primal Chaos Palace and finding joy in the midst of hardship. Pan Mu suddenly realized that those days and the people in front of him had long been deeply engraved in his mind and occupied an irreplaceable position! Endless regret and guilt rose from the depths of his heart. "Originally, I should have been one of you ..." Pan Mu murmured softly. Before he finished his sentence, Pan Mu's body trembled and the light in his eyes gradually dissipated. He looked at Xu Rui and the others and finally revealed a smile as he stammered, "Everyone ... take care." Pan Mu fell to the ground and committed suicide.

Chapter 3266

Everyone in the Chaos Palace sighed when they saw Pan Mu commit suicide. Xu Rui and the other two buried Pan Mu under the Myriad Beasts Ridge. Then, they cleaned up the battlefield and released all the creatures imprisoned by the Myriad Beasts Ridge. Most of them were plant life forms, and some of them were the weaker races among the ten thousand races. There were tens of thousands of captives in total. After being freed and regaining their freedom, most of them were willing to stay in the Chaos Palace, but a small number chose to leave. The people in the Chaos Palace didn't stop them. However, these prisoners were too weak and couldn't increase the Chaos Palace's strength by much. Although the Myriad Beasts Great Hall had collapsed and was now in ruins, there were still many palaces and caverns on the Myriad Beasts Ridge. They were far better than the grass huts the Chaos Palace had casually built. These palaces and caverns were more than enough for each person. Xu Rui came to Su Zimo's side and said in a low voice, "Palace Lord, the Myriad Beasts Ridge is extremely large, and the nine Origin Mines are scattered all over the place. We don't have enough people right now, and I'm afraid we won't be able to guard so many Origin Mines." Although Su Zimo was strong, he couldn't split himself up and patrol the nine Origin Mines every day. That way, he wouldn't have time to cultivate either. Xu Rui continued, "I suggest we choose to guard one Origin Mine, or at most two. Even if something unexpected happens, the palace lord will be able to take action in time." Chen Qianhe added, "Also, there aren't many experts in the Chaos Palace who need Origin Stones to cultivate. Two Origin Mines are enough." Only after reaching the World Realm or the Dao Manifestation realm would one begin to use Origin Stones to cultivate. The Chaos Palace had less than a hundred cultivators in these two realms. "But giving up seven Origin Mines is too much of a pity." Meng Shi said with some regret, "Also, the palace lord became famous after that battle. There should be more plant creatures coming to join us. As more and more people come, the cultivation resources in two Origin Mines won't be enough." Xu Rui said, "When the Chaos Palace grows stronger, we'll have more Emperors and Exalts. With the palace lord overseeing things, we'll be able to take back those Origin Mines!" "There's no need." Su Zimo waved his hand. "Come to my caverns in an hour. I have my own arrangements." In the 10,000 Beasts Ridge, Su

Zimo casually found a cave abode.

Su Zimo used his Divine Sense to set up a barrier around him to prevent others from probing. Then, he took out the Taiyi Horsetail Whisk and activated the two Divine Stones, Candlelight and Serene Glow. Taiyi was the brush, and Yin and Yang were the ink. "Six Ding and Six Jia of the book, all gods and ghosts shall disperse!" Su Zimo held the Taiyi Horsetail Whisk in his hand and wrote twelve mysterious runes in the air, summoning the twelve Liuding Gods. The power of the Liuding Liujia God came from the Zhuzhao and Youying Godstones. After Su Zimo ascended to the Great Thousand World, the two Divine Stones were also growing and transforming! It was precisely because of this that the Liuding Liujia Shen's strength also increased. They touched the level of the Dao and were comparable to Su Zimo's Essence Soul realm. This meant that the current Liu Ding Liu Jia Shen was comparable to a Grand Emyrean in terms of power! Of course, the Liuding Liujia Shen didn't have an Essence Soul, flesh, or a world. In terms of actual combat power, they were inferior to a Grand Emyrean. But against an ordinary Emyrean, they had a high chance of winning. To use this secret technique, one had to use the Taiyi Horsetail Whisk. There were too many people outside, and now that they were in the Great Thousand World, Su Zimo was worried about being recognized, so he returned to the cave abode and summoned the Liuding Liujia Shen. One hour later, Xu Rui's group of three came to Su Zimo's cave abode with a trace of doubt. After entering the cave abode, the three of them saw Su Zimo sitting in the lotus position. Behind him stood twelve terrifying experts with cold expressions! Six men and six women, and the aura they emitted seemed to have reached the level of a Grand Emyrean! "This ..." Xu Rui's group of three was shocked. Where did twelve Grand Emyreans come from? Even the 10,000 Beasts Ridge and the Black Goat Ridge combined didn't have so many Grand Emyreans! Moreover, these twelve Grand Emyreans were expressionless, and their eyes were cold. The three of them felt their scalps tingle and their hearts tremble in fear! The twelve Grand Emyreans stood behind Su Zimo. Their positions were very particular, as if there was some kind of formation that could protect Su Zimo at any time. "Palace Master, this is ..." Xu Rui couldn't help but ask.

"These twelve people aren't true Grand Emyreans, but they should be enough to deal with Emyrean experts." Su Zimo said, "Nine of them will guard the nine Source Ores in the 10,000 Beasts Ridge. The other three will follow you and occupy the three Source Ores in the Black Goat Ridge." Of course, there were more than three Source Ores in the Black Goat Ridge. But so far, with the help of the Liuding Liujia Shen, they could only guard twelve Source Ores at most. Not to mention, to the Primal Chaos Palace, the biggest Source Ores were actually Su Zimo himself! Even if the twelve Source Ores were added together, they were far from Su Zimo's. Xu Rui's group of three still hadn't realized this point. The three of them saw that the Primal Chaos Palace had another twelve Dao Comprehending realm experts. Even if they were only Emyreans, they were still too important to the Primal Chaos Palace! Xu Rui's group of three looked at each other, overjoyed. The Liuding Liujia Shen were different from ordinary summoned creatures. These twelve Emyrean Gods had a trace of their past memories. In battle, Su Zimo didn't even need to consciously control them. The Liuding Liujia Shen would rely on their memories to fight on their own. Moreover, their cooperation was extremely good! It was the same now. As long as Su Zimo left them with a consciousness to guard the Source Ores, the twelve Emyrean Gods would deal with it on their own. Su Zimo didn't need to bother with them. In this way, Su Zimo could also enter seclusion to cultivate and break through to the Dao Comprehending realm! After ascending and releasing all the power he had accumulated in the Middle World, his cultivation had reached the peak of the Third

Transformation of the Dao Manifestation realm! He only needed an opportunity to break through to the Dao Comprehending realm. Of course, this opportunity could come early or late. In fact, some Dao Manifestation Sovereigns were unable to comprehend their own Great Dao and take this step even after exhausting their lifespan! After the Primal Chaos Palace settled down in the Thousand Beast Ridge, Su Zimo focused his mind and entered his first seclusion since ascending to the Great Thousand World. To him, the most important thing was to raise his cultivation level. Whether it was to lead the Primal Chaos Palace to rise or to find Die Yue in the future, he needed to be strong enough! If he wasn't strong enough, let alone find Die Yue, he wouldn't even be able to leave the Huagai Continent.

The Thousand Beast Ridge was originally filled with corpses and flesh. It was barren and lifeless. In fact, such a cultivation environment wasn't suitable for vegetation. But after Su Zimo took over, endless Genesis Qi gathered towards the Thousand Beast Ridge. The Thousand Beast Ridge was like a giant whirlpool, crazily absorbing the Genesis Qi between heaven and earth. It was like a whale swallowing cows! Everyone in the Primal Chaos Palace had long sensed that the center of the giant whirlpool was Su Zimo's cave dwelling!

Chapter 3267

Ten years later. Canopy State. Among the 108 states in the southeastern region, the Five Venoms Palace was the largest faction in the Canopy State. It was also the only first-grade faction in the Canopy State. There were thousands of second-grade factions under the Five Venoms Palace, each dominating a region. As for the third-grade forces, there were countless of them. Only with a Dao Comprehending realm expert could a faction be called a second-grade faction. Among the second-grade factions, there were strong ones and weak ones. Factions like the Myriad Beast Ridge, which originally only had four Heavenly Venerables, could only be considered weak among the second-grade factions. A faction with a Supreme Heavenly Venerate was the true overlord among the second-grade factions! Flood Dragon Island was one of them. The Lord of Flood Dragon Island was from the Flood Dragon race. His body and bloodline were powerful, and he was also at the perfected Dao Comprehending realm. He was famous among the Supreme Heavenly Venerables. Countless Supreme Heavenly Venerables had died in his hands, and he rarely lost to anyone of the same level. It was rumored that the Lord of Flood Dragon Island had a mysterious treasure that could devour treasures and restrain powerful enemies. Someone had seen with their own eyes a Supreme Heavenly Venerate suddenly disappear during a battle with the Lord of Flood Dragon Island! That Supreme Heavenly Venerate seemed to have been erased from this world without leaving a trace. Because of that, although Flood Dragon Island only had one Supreme Heavenly Venerate, the other second-grade factions with Supreme Heavenly Venerables were not willing to provoke them. On this day, the Lord of Flood Dragon Island woke up from his seclusion with a trace of irritation between his brows. A Dao Comprehending realm cultivator's lifespan could reach one billion years! And he was already 800 million years old. He had stayed in the Dao Comprehending realm for 500 million years! For a Dao Comprehending realm Supreme Heavenly Venerate with a lifespan of one billion years, 800 million years was already the beginning of his peak. As time passed and he grew older, all aspects of his body, including his essence, energy, and spirit, would decline. It would also become more and more difficult to break through. If he could not take another step forward and step into the Dao Controlling realm, he would probably be stuck at the perfected Dao Comprehending realm for the rest of his life! One had to know that once one stepped into the Dao Controlling realm, they would have a lifespan of ten billion years!

Compared to the one billion years of the Dao Comprehending realm, it was ten times more! The Lord of Flood Dragon Island was indignant. Ever since he had obtained that nameless treasure map back then, he was almost invincible among those of the same realm. However, even after studying this treasure map for many years, he still could not figure it out and did not gain anything. Its only use was to set up traps with the help of this nameless treasure map and kill powerful enemies with a surprise attack! The Flood Dragon Island Master arrived at the main hall. At this moment, both sides of the hall were filled with people. The weakest among them was an Exalt, while the rest were Empyrean Exalts and Grand Emphyreans! "Congratulations to Royal Father for coming out of seclusion. You'll shine with the sun and the moon, and you'll live forever!" In the Jiao Dragon Palace, the descendants of the Jiao Dragon Island Lord were the first to step forward. They knelt down and congratulated him loudly. "Congratulations to the Island Master for coming out of seclusion. The sun and the moon shine together, and you will live forever." Soon after, the Supremacies, Emphyreans, and Grand Emphyreans all knelt on the ground. They were all experts of the Jiao Dragon Island who had come to celebrate the Jiao Dragon Island Lord's eight-hundred-million-year birthday. "Get up." The Lord of Serpent Island nodded slightly and said absent-mindedly. "Is there something on Father's mind?" Great Heavenly Venerate Long Ying, the fourth son of Island Lord Jiao Long, stepped forward and asked when he saw that Island Lord Jiao Long had a lot on his mind. "Immortality, immortality ... heh!" The Jiao Dragon Island Lord chuckled and shook his head. "It's not that easy to live forever." "Father, you are in your prime. You will definitely be able to step into the Dao Manipulation Realm and become a Dao Exalt!" Great Heavenly Venerate Long Yu, the eighth son of the Jiao Dragon Island Lord, quickly said. The Jiao Dragon Island Lord smiled and shook his head without saying anything. He had many sons. His fourth and eighth sons were the most talented and outstanding among the many dragon sons. The two of them had been fighting openly and secretly for many years, and the Jiao Dragon Island Lord had turned a blind eye to it. After all, the two of them had to do everything they could to curry favor with him in the end.

Great Heavenly Venerate Long Yu suddenly said, "Father, I've heard of something in recent years. Perhaps it's an opportunity given to you by the heavens that can help you enter the Dao Manipulation Realm!" "Oh?" The Jiao Dragon Island Lord's dragon whiskers moved, showing a hint of interest. In his opinion, he didn't want to miss any opportunity that might allow him to step into the Dao Control Realm! Great Heavenly Venerate Long Yu kept him in suspense and asked, "Father, have you heard of the Chaos Palace?" The Jiao Dragon Island Lord frowned slightly and said, "Is the Chaos Palace still around? It's said that when the Chaos Sacred Land was destroyed, it was established by a group of slaves in exile. I thought it was destroyed long ago." "Father, you are wise!" No matter what the Jiao Dragon Island Lord said, Great Heavenly Venerate Long Yu flattered him first before continuing, "The Chaos Palace is indeed on the verge of destruction, but ten years ago, the Chaos Palace gave birth to a Palace Master. It's said that he's an ascender from a medium-class realm." "This new Chaos Palace Master first destroyed the Black Rat Sect, then killed three Heavenly Venerates, three Great Heavenly Venerates, and two Great Heavenly Venerates of the Black Goat Ridge!" After that battle, the Chaos Palace took over the Myriad Beast Ridge and now occupies twelve Source Mines. They've become famous in recent years." "I've also heard of this." Great Heavenly Venerate Long Ying also said. "Haha." Great Heavenly Venerate Long Yu said with a mocking expression, "What else do you know, Fourth Brother?" Great Heavenly Venerate Long Ying remained silent. The Jiao Dragon Island Lord asked, "What race is this ascender? What's his cultivation level?" "Father, you are wise and powerful. You hit

the nail on the head!"Great Heavenly Venerate Long Yu praised again. "This Chaos Palace Master is a human. His bloodline is ordinary, and his cultivation level is only at the Third Transformation of the Dao Manifestation realm!""Oh?"The Jiao Dragon Island Lord heard something strange and asked, "A Supremacy at the Third Transformation of the Dao Manifestation realm killed three Heavenly Venerates and three Great Heavenly Venerates?""Yes."Great Heavenly Venerate Long Yu nodded."Why?"The Jiao Dragon Island Lord asked immediately.Great Heavenly Venerate Long Yu said, "As far as I know, this Chaos Palace Master has two treasured swords. They're invincible, and even Great Heavenly Venerates can't block them. They're definitely not ordinary."

"Two swords?"The Jiao Dragon Island Lord muttered softly, feeling slightly disappointed.If it was just a divine weapon, it might not be of much help to him in his breakthrough.However, according to what Great Heavenly Venerate Long Yu said, these two swords were indeed rare treasures.A Dao Manifestation Supremacy could kill a Great Heavenly Venerate with them.If it fell into his hands, what kind of power would it unleash?"What's the current strength of the Chaos Palace?"The Jiao Dragon Island Lord asked."Father," Great Heavenly Venerate Long Yu said in a deep voice."I've already investigated. The Chaos Palace currently has twelve Great Heavenly Venerates overseeing it. However, these twelve Great Heavenly Venerates aren't strong enough and aren't much of a threat."The only troublesome one is the Chaos Palace Master."It's said that other Great Heavenly Venerates tried to seize the Chaos Palace's Source Ore but failed. Instead, they died in the Chaos Palace."As Great Heavenly Venerate Long Yu spoke, he observed the Jiao Dragon Island Lord's expression. Seeing that the latter was interested, he continued, "As long as Father permits, I'll lead an army from the island to the Chaos Palace. Today, I'll be able to bring those two treasured swords back to Father!"

Chapter 3268

"This is inappropriate."Great Heavenly Venerate Long Ying suddenly spoke up."What? Fourth Brother, are you trying to steal the credit?"Great Heavenly Venerate Long Yu asked with a cold expression."Haha, Eighth Brother, you misunderstand."Great Heavenly Venerate Long Ying smiled and looked at the Serpent Island Lord. He bowed and said, "There is no need to use a sledgehammer to kill a chicken. There is no need for our Serpent Island to mobilize such a large force for a mere Primal Chaos Palace."If word of this gets out, it will damage our Serpent Island's reputation."Secondly, since the Primal Chaos Palace Lord's two treasured swords can kill Great Heavenly Venerates, Eighth Brother might not only be injured, but his life might also be in danger."Eighth Brother, you and I are both precious and close brothers. I don't want to see you injured."Humph!"Great Heavenly Venerate Long Yu naturally knew that brotherly love was just a passing remark.However, he couldn't refute Great Heavenly Venerate Long Ying's words.Great Heavenly Venerate Long Yu asked, "Fourth Brother, what do you mean? Do you want Father to personally take the treasures of a junior at the Dao Manifestation Realm?"Great Heavenly Venerate Long Ying smiled. "I have a plan that can make the Primal Chaos Palace Lord willingly hand over the two treasured swords to Father without any bloodshed!""Oh?"The Serpent Island Lord also listened attentively.Great Heavenly Venerate Long Ying continued, "We can use Father's eight hundred millionth birthday to invite the leaders of the surrounding forces to come and celebrate."The Primal Chaos Palace Lord will naturally be included."There are three benefits to this plan."Great Heavenly Venerate Long Ying smiled. "Firstly, if the Primal Chaos Palace Lord is a smart person and comes to celebrate after receiving the invitation, we will naturally have countless ways to make him hand over the two treasured swords when he arrives at Serpent Island."Secondly, if he doesn't know

what's good for him and refuses to come, it will be a great disrespect. Serpent Island will then have a good reason to send troops."Thirdly, when the leaders of the other forces come to celebrate Father's birthday, it is impossible for them to come empty-handed. They will definitely prepare generous gifts and even compete with each other."There might be one or two treasures among these gifts that will help Father break through to the Dao Manipulation Realm."All the powerhouses in the hall nodded in agreement, praising the brilliant plan.

Even the Serpent Island Lord was very satisfied. He looked at Great Heavenly Venerate Long Ying with fondness. This plan could be said to kill three birds with one stone! Moreover, he was being considerate of him all the time, which put him in a good mood. Grand Empyrean Long Yu's face was gloomy. Originally, he had been the one to suggest this. However, in the end, Great Heavenly Venerate Long Ying had snatched the credit away with a few words! From the looks of it, Imperial Father obviously agreed with Fourth Brother's words. Great Heavenly Venerate Long Yu felt indignant and could not help but sneer. "What if the Primal Chaos Palace Master comes to celebrate but refuses to hand over the sword?" "That's not up to him." Great Heavenly Venerate Long Ying shook his head and said, "When the time comes, the leaders of the various factions will be there. As long as we make the necessary arrangements, someone will kill him without us having to do anything." Moreover, with the rise of the Primal Chaos Palace over the years, there must have been some conflicts with the surrounding influences. "I can pass down the order for the surrounding forces to keep an eye on the Primal Chaos Palace. If this person doesn't hand over the sword, the other forces will swarm over and raze the Primal Chaos Palace to the ground!" In that case, he can only take the initiative to hand over the sword." The Flood Dragon Island Master nodded. His fourth son was indeed quick-witted. He was able to devise strategies and predict all the possible situations that could happen. Great Heavenly Venerate Long Yu gritted his teeth, but he could not think of any loopholes no matter how hard he tried. He could only remain silent with a sullen face. It should have been his credit, but in the end, it was Great Heavenly Venerate Long Ying's wedding dress! The Flood Dragon Island Master waved his hand and said, "Let's do as Long Ying said. Pass down the order and send out the invitations!" ...The Myriad Beast Ridge. Over the past ten years, the Myriad Beast Ridge had undergone earth-shaking changes. The originally barren land of blood and mud had become verdant and lush. Large swaths of lush forests had also grown between the mountain ridges. The blood river had become clear again, and there were even fish and prawns playing in it. It was a scene of life and everything had recovered. All of this was naturally due to the enormous amount of Genesis Qi gathered when Su Zimo's Qinglian True Body cultivated.

Xu Rui and the others had also vaguely guessed that Su Zimo was not an ordinary human. When they cultivated beside Su Zimo, they could clearly feel that the surrounding Genesis Qi had become denser. Moreover, they felt a kind of reverence for Su Zimo that came from the depths of their souls. This was the sign of bloodline suppression! On this day, a message came from outside the cave dwelling. Su Zimo had awakened from his seclusion. Xu Rui and the other two were outside the door. There must be something important. If not, they would not have interrupted Su Zimo's seclusion. Over the years, the Chaos Palace had been attacked by several major forces. However, after Su Zimo killed three Great Heavenly Venerates in succession, the surroundings gradually calmed down. Over the years, although some cultivators had joined the Chaos Palace, they lacked Heavenly Venerates. The new cultivators who joined were at the Venerable stage at most. Under such circumstances, as long as a Great Heavenly Venerate appeared, the Six Ding and Six Jia Gods would not be able to stop them. Only Su Zimo could

appear. As a result, the ten years of seclusion were intermittent, and Su Zimo's cultivation did not show any signs of a breakthrough. Furthermore, due to the harassment of the surrounding factions in the past ten years, Su Zimo would need some time to rush here and the Chaos Palace had suffered many casualties as well. "The Chaos Palace's foundation is still too weak." Su Zimo frowned slightly and sighed in his heart. Currently, the Chaos Palace did not even have a single Heavenly Venerate expert! This couldn't go on. Not only was everyone in the Chaos Palace in fear every day, but even he could not calm down to cultivate. "Palace master." At this moment, Xu Rui and the other two arrived and called out softly. Su Zimo returned to his senses and temporarily suppressed his thoughts. He asked, "What's the matter?" Xu Rui handed over a red invitation card and said, "Someone from the Serpent Dragon Island just came with an invitation card. They said that it's the Serpent Dragon Island Master's eight hundred millionth birthday banquet and invited Patriarch to attend." "The Serpent Dragon Island Master's birthday banquet?" Su Zimo frowned. Over the years, he had a rough understanding of the distribution of forces in the surrounding area.

The Serpent Dragon Island was the strongest second-grade force in the surrounding area. For example, the Myriad Beast Ridge, Black Goat Ridge, Giant Spirit Valley, Black Bird Forest, Frost Snow Plains, and many other second-grade forces that had conflicts with the Chaos Palace before. He was not interested in the Serpent Dragon Island Master's birthday banquet at all. To him, this was just a waste of time. He would rather cultivate in seclusion and break through to the Dao Comprehending Realm. But soon, Su Zimo's heart moved and he gradually reacted. Something's not right about this! If he did not attend this banquet, he would definitely offend the Serpent Dragon Island. If the Serpent Dragon Island used this as an excuse to make things difficult for him, he would have no chance of winning against a Supreme Heavenly Venerate without using his bloodline. Even if he used the Avici and Netherworld swords, the outcome would still be unpredictable. But if he used his bloodline and was recognized, he would be in even greater trouble!

Chapter 3269

More importantly, if the Dragon Island were to gather its army and attack, the Primal Chaos Palace wouldn't be able to withstand it. He had many trump cards, so he could just fight with his full strength. At the very least, he could escape from this place. No one would be able to stop him. But the Primal Chaos Palace would probably be wiped out! Of course, that was only the worst case scenario. "I heard that Flood Dragon Island has sent invitations to hundreds of second-grade forces. The birthday banquet this time will definitely be very lively." Meng Shi was a little excited. "The Flood Dragon Island Lord is willing to send us an invitation. He clearly recognizes the Primal Chaos Palace and values the Palace Lord a lot." Chen Qianhe also nodded and said, "We can't go empty-handed when we go to Dragon Island to celebrate. We have to prepare some gifts." "After all, it's such a grand birthday banquet. Flood Dragon Island will definitely make a big fuss. We can't be too shabby. We have to bring a decent gift to avoid losing face." Xu Rui shook his head. "Our Primal Chaos Palace has been on the run for a few years and has just settled down in the Myriad Beast Ridge. We don't have any decent gifts." "Let's bring that Jadewater Coral." Su Zimo said. There was a billion-year-old Jadewater Coral in the storage bag of the Jackal Race's Grand Empyrean with a trace of Water Daoist Rhyme around it. It could help cultivators who cultivated the Grand Dao of Water better comprehend the Dao. Xu Rui and the others had a trace of heartache in their eyes. The three of them didn't cultivate the Grand Dao of Water, so they wouldn't need it in the future. But this kind of remnant Daoist Rhyme was a rare treasure for Dao Comprehending

Realm experts! Chen Qianhe smiled. "The Flood Dragon Island Lord will definitely be able to feel the Palace Lord's sincerity with this treasure. Perhaps he can exchange it for something else." "Palace Lord." Meng Shi asked eagerly. "How many people are you bringing this time? Count me in. I haven't been to Flood Dragon Island and haven't seen so many Heavenly Venerables gathered together." "I'll go alone this time." Su Zimo shook his head. His expression was calm, but there was an unquestionable power in his tone. He could deal with a complicated situation alone. But if he brought Xu Rui and the others, he would have some scruples.

Meng Shi immediately wilted. Chen Qianhe smiled and said, "Junior Brother Meng, guarding the Chaos Palace is the most important thing. You should cultivate to the Dao Comprehending Realm as soon as possible. Next time, the palace lord will definitely bring you along." Xu Rui seemed to have noticed something and probed, "Is there something that the palace master is worried about?" Su Zimo remained silent. Could it be that the Flood Dragon Island Master's birthday banquet had other plans? Hearing those words, Xu Rui was startled and suddenly said, "I'm afraid that the birthday banquet this time isn't simple. Why don't you reject it?" "It's not appropriate to reject it." Su Zimo voiced out his worries. Xu Rui said, "If Flood Dragon Island really has the intention of harming you, Palace Master, going there is like sending a sheep into a tiger's den. You have no choice." Chen Qianhe also reacted and said, "The leaders of Giant Spirit Valley, Black Bird Forest, and Frost Snow Plain that have conflicts with our Primal Chaos Palace will also be present. These are all Grand Emyreans, so it's hard to guarantee that they won't take this opportunity to cause trouble." "That's only secondary." With a grave expression, Xu Rui replied, "The Serpent Dragon Island Master is a Supreme Emyrean, and he has been famous for many years. If he really wants to kill, the consequences will be unimaginable." "It's fine." Su Zimo said indifferently, "If I want to leave, no one on Flood Dragon Island will be able to stop me." If these words were said by someone else, it would definitely give rise to an extremely absurd feeling. How could a Third Transformation Dao Manifestation Supremacy be so arrogant? However, Su Zimo's words had a convincing tone to them. Xu Rui and the other two had personally witnessed Su Zimo's methods. Even a Grand Emyrean was easily killed by him! Could it be that the Palace Master already had the strength to fight against a Supreme Emyrean? For Su Zimo, the worst case scenario would be exposing Qinglian's bloodline. "After I leave, pass down the order to gather all the cultivators around the twelve Source Ores in the Myriad Beast Ridge on this mountain." Su Zimo said in a deep voice, "I have set up a restriction array around this mountain. If anything happens, it will be able to resist it." "Palace Master, are you worried that someone will take this opportunity to harm the Primal Chaos Palace?"

Xu Rui immediately reacted. "That's just a possibility." Su Zimo said, "Of course, I might be overthinking it." "Are we going to abandon all twelve Source Ores?" Meng Shi felt a little reluctant. "If the birthday celebration goes smoothly, I'll be able to return soon." Su Zimo said, "During this period of time, there shouldn't be anyone occupying the twelve Source Ores." "Even if someone does, I can take them back when I return." Xu Rui nodded. He also sensed that there was an undercurrent behind this birthday celebration. This matter was very likely related to the survival of the Primal Chaos Palace! "Palace Master, why don't you not attend this birthday celebration? Let's escape right now." Meng Shi was worried that something would happen to Su Zimo if he attended the celebration alone. "It's fine." Su Zimo smiled faintly. Chen Qianhe also pretended to smile casually. "Palace Master, you're just preparing for a rainy day. Perhaps this is just a simple birthday celebration without any danger." "I hope so." Meng Shi murmured. The three of them retreated and began to gather the cultivators scattered around the 10,000 Beast Ridge, gathering towards the peak of Su Zimo's cave abode. Su Zimo had limited time and energy. The 10,000 Beast Ridge was way too huge and he did not have the time to cover the entire

10,000 Beast Ridge with restriction Dharmic Formations. For the past ten years, he had only set up some restriction Dharmic Formations around the mountain peak. At the same time, Su Zimo summoned the 12 Liuding Liujia Gods back to guard the 12 formation cores of the mountain peak. Su Zimo spent another day reinforcing the restriction Dharmic Formations around the mountain peak. After everything was arranged, Su Zimo set off alone for Wyrms Island.... Wyrms Island was located above an extremely vast ocean. It was formed by a series of islands. From afar, it looked like a gigantic wyrm coiled above the ocean with a majestic aura! The moment Su Zimo arrived at the ocean, he caught sight of a group of guards of Wyrms Island. Their leader was also a Supremacy at the third Transformation of the Dao Manifestation realm. After inquiring the name of the Chaos Palace, the guard commander sized up Su Zimo with a look of disdain in his eyes.

Even though they were at the same cultivation realm and even though Su Zimo was a Palace Master, the guard commander was confident enough to look down on Su Zimo! That was because he was a guard of Wyrms Island! Their statuses were determined by their backgrounds. "Follow me." The guard commander did not make things difficult for Su Zimo and merely said coldly, "You're late. The leaders of the various territories are already here." Su Zimo ignored the person with an indifferent expression. Under the lead of the guard commander, Su Zimo arrived at the island where the dragon head was and finally caught sight of the majestic Wyrms Palace!

Chapter 3270

Under the lead of the guard commander, Su Zimo stepped into the Wyrms Grand Hall and instantly, many gazes were focused on him! The seats in the Jiao Dragon Hall were already filled with people. They were all leaders of their respective forces. There were more than 1,000 Heavenly Venerables and Great Heavenly Venerables! These Heavenly Venerables and Great Heavenly Venerables looked at Su Zimo with a hint of scrutiny, some with a hint of playfulness, and some with strong hostility ... With so many Heavenly Venerables and Great Heavenly Venerables gathered together, they formed an extremely powerful aura. The moment Su Zimo stepped into the hall, he felt this aura envelop him! If it were any other Venerables, they wouldn't be able to withstand it. The moment the guard captain stepped into the hall, he felt his chest tighten. His face turned pale, and he quickly retreated. Su Zimo stood in the hall with a calm expression as he looked at the gray-haired old man sitting in the center of the hall. This should be the peak Dao Comprehending Realm Supreme Venerate, the Flood Dragon Island Lord! The Lord of Jiao Dragon Island had a kind smile on his face. However, there was an extremely shocking power hidden in his body! He was indeed very strong! Although Su Zimo hadn't exchanged blows with him, he could still feel how powerful the Flood Dragon Island Lord was! At the same time, the Flood Dragon Island Lord was also sizing up Su Zimo. "Interesting." The Flood Dragon Island Lord thought to himself. It was rare to be able to remain calm under the aura of Heavenly Venerables and Great Heavenly Venerables. And this child actually dared to meet his gaze without any intention of avoiding it. He was indeed extraordinarily courageous. "You are the Chaos Palace Lord?" A voice echoed in the hall. A Great Heavenly Venerate Dragon stared at Su Zimo and said, "What arrogance. If you hadn't come, I'm afraid I would have personally gone to invite you." "I was delayed by something." Su Zimo didn't care about the Great Heavenly Venerate Dragon's mockery and only replied indifferently. He had come to offer his blessings and did not intend to make the two sides at daggers drawn because of a dispute of words. Another Dragon Grand Empyrean got up and smiled. "I'm Dragon Eagle. Thank you, Fellow Cultivator Su, for coming to celebrate my father's birthday. Please come sit here." As he spoke, he pointed at the empty seat beside him.

The arrangement of the seats in the main hall was clearly a little particular. Those in the front row on both sides of the hall were all Grand Empyreans. Behind these Grand Empyreans were the Empyrean powerhouses. The empty seat beside Great Heavenly Venerate Dragon Eagle wasn't just in the front row. It was also very close to Great Heavenly Venerate Dragon Eagle's seat! This seat even overshadowed most of the Grand Empyreans present! Su Zimo raised his eyebrows slightly. Great Empyrean Dragon Eagle looked very kind and courteous. However, by letting him sit beside him, he was clearly roasting him! It seemed that he was right. Today's birthday banquet was not so simple. Thinking of this, Su Zimo did not decline. Under the watchful eyes of the crowd, he went to the seat and sat down as if there was no one around. "How dare you!" Su Zimo had just sat down when a white-haired man across from him shouted. His eyes were fierce as he coldly said, "That is the seat of the Grand Empyreans. You are just a puny Supremacy. How dare you sit there!" Unsurprisingly, this person should be the leader of the Frost Snowfield. A Frost Snow Wolf! There was a Grand Empyrean in the Frost Snowfield who had died at his hands seven years ago. It was not hard to understand why this Frost Snow Wolf had jumped up and targeted him. "It's fine." Great Empyrean Dragon Eagle smiled. "Fellow Cultivator Su led the Primal Chaos Palace to dominate the Myriad Beast Ridge. His reputation has risen in recent years, so he has the qualifications." "Since he came late, he should at least show some appreciation." The tallest man present, who looked like an iron tower, said in a muffled voice. This was Great Empyrean Giant Spirit. Five years ago, a Great Empyrean from Giant Spirit Valley had attacked a Source Mine in the Myriad Beast Ridge and had been killed by Su Zimo. "We won't make things difficult for you." Great Empyrean Giant Spirit said, "Stand up and bow to our leaders and the Flood Dragon Island Lord in apology. Drink three cups of wine as punishment, and this matter will be over for now." "That's how it should be." The leader of Black Bird Forest agreed immediately. "That's right!" The other Empyreans and Great Empyreans echoed in unison.

In an instant, Su Zimo became the target of everyone's criticism! From beginning to end, the Flood Dragon Island Lord did not say a word. He only watched this scene with a smile. With his status, there was no need for him to personally take action. He only needed to watch from the sidelines. Su Zimo took the wine jug and slowly poured a cup of wine before raising it. "Drinking wine is not a problem." Su Zimo held the wine cup and looked around. He said indifferently, "But if others want to force me to drink, the taste of this wine will change. I don't like it." With that, Su Zimo turned the wine cup upside down, and the wine spilled all over the floor! Whoosh! A commotion instantly erupted in the hall! "How dare you!" "Arrogant!" Many Empyreans and Great Empyreans stood up and stared at Su Zimo with unfriendly and murderous expressions. Su Zimo's actions clearly showed that he did not care about the leaders present! "What?" Su Zimo looked at the Empyreans and Great Empyreans and asked, "Are you all going to cause a ruckus at the Flood Dragon Island Lord's birthday banquet?" "Enough." At this moment, the Flood Dragon Island Lord suddenly spoke with a smile. "Anyone who comes is a guest. You don't have to make things difficult for the Chaos Palace Lord." Great Empyrean God Long Ying nodded slightly and signaled for the leaders to calm down and sit down first. The leaders all understood. The Frost Snow Wolf snorted. "If not for the Flood Dragon Island Lord, I would have killed you just now!" At this moment, the leader of Black Bird Forest asked, "We came here to celebrate the Flood Dragon Island Lord's birthday with generous gifts. What gift did the Chaos Palace Lord bring?" "This is a billion-year-old Jadewater Coral. There are remnants of the Water Dao on it." Su Zimo took out the Jadewater Coral from his storage bag and placed it on the table in front of him. A few leaders were tempted when they saw the

Jadewater Coral. Greed flashed through their eyes. Even the Frost Snow Wolf was a little envious. He cultivated the Great Dao of Frost, which was inextricably linked to the Great Dao of Water. If he could obtain this Jadewater Coral, it would definitely help him better comprehend the Great Dao. This gift was indeed very valuable and could be said to be very sincere.

Great Empyrean Dragon Eagle looked at Great Empyrean Mighty Spirit and nodded slightly. Great Empyrean Mighty Spirit understood and suddenly said loudly, "Chaos Palace Lord, this gift is a little shabby. I heard that you have better treasures. Do you not want to give them to the Flood Dragon Island Lord?" "I have also heard about it." The leader of Black Bird Forest sneered. "Fellow Daoist Su has two sharp swords. Why don't you take them out and give them to the Flood Dragon Island Lord as a birthday gift?" "You want to use a lousy coral to fool people? Do you really not care about the Flood Dragon Island?" Su Zimo's eyes moved as he looked at the Flood Dragon Island Lord, Great Empyrean Dragon Eagle, and the others. After observing their expressions, he understood. "So you came for the Avici and Netherworld swords."
