

## Sacred King 3281

### Chapter 3281

"Yes." Xu Rui chuckled bitterly. "Fellow Daoist Li Hun and the others have been tolerating Five Venoms Palace for so many years and were furious when they heard about this. As such, they clashed with Five Venoms Palace." "Dao Venerate Yang Mo even attacked and severely injured the emissary of Five Venoms Palace." Chen Qianhe said, "Actually, Dao Venerate Yang Mo had already held back and did not harm the lives of the people of Five Venoms Palace. However ..." "Five Venoms Palace had dominated Canagai State for many years and their position was unshakable. Even if the emissary was not killed, this was equivalent to challenging the authority of Five Venoms Palace. The emissary of Five Venoms Palace came to ask Chaos Palace to hand over 90% of the origin stones. Now that the people of Five Venoms Palace were severely injured, there was no way Five Venoms Palace would let this go." "A Dao Venerate of Five Venoms Palace appeared?" Su Zimo asked. Xu Rui nodded. "A young master of Five Venoms Palace, Supreme Heavenly Venerate Zhu Ling, came with two Dao Venerates. Dao Venerate Yang Mo was defeated ... sigh." "Is he still alive?" Su Zimo asked again. "He's still alive." Xu Rui shook his head with a pained expression. "But he's better off dead." Chen Qianhe said, "Dao Venerate Yang Mo had just entered the Dao Manipulation Realm and might not be able to unleash his strongest combat strength. Coupled with the fact that the Dao Venerate opposite him controlled the Great Dao of Poison, Dao Venerate Yang Mo was accidentally poisoned." "A mere Dao Venerate defeated Yang Mo. On second thought, Su Zimo was not surprised. After all, Supreme Lin Meng and the others had cultivated in the Vast Thousand Domains and experienced battles. As for Yang Mo and the others, they had been cultivating in the Qiankun Creation Diagram and sparred with one another. They lacked experience in life and death battles. They would definitely be at a disadvantage against a true expert. Xu Rui said, "Young Master Zhu Ling has already brought Yang Mo and the others to the Chaos Hall. He's not here with good intentions and is most likely here to denounce the palace master." "Oh." Su Zimo replied casually. "Send the order immediately to gather all the cultivators of Chaos Palace here." "Palace master, what are you doing?" Meng Shi couldn't help but say, "Even if all of us in the Chaos Palace worked together, we still wouldn't be able to withstand the power of the Dao Master."

"Palace Master, you didn't see it. Only Dao Venerate Yang Mo lasted a few more rounds against the Dao Venerate from the Five Venoms Palace. Li Hun, Cai Wei, and the other Supremes were subdued by the Dao Venerate from the Five Venoms Palace in one move!" "There's no need to say more. Just do as you're told." Su Zimo didn't explain and just said a few words. Xu Rui and the other two exchanged a glance and left without any hesitation. Su Zimo went straight to the Chaos Hall. Many people had already gathered in the main hall. Most of them were Heavenly Venerables that he had brought out from the Universe Creation Diagram. The Emphyreans all had angry looks on their faces, but they didn't dare to speak out. They were suppressing themselves with all their might! Other than these people, there was another person sitting on the main seat in the main hall. This person was young and wore vermilion robes. He had a frivolous expression and was sipping hot tea leisurely. His fingernails shone with brilliant colors – it was clear that they were poisonous! If he wasn't wrong, this should be the young master of Five Venoms Palace, Supreme Heavenly Venerate Zhu Ling. Behind this person stood two elders with expressionless faces. Both of them were Dao Venerates at lesser mastery of the Dao Manipulation realm. The one on the left wore black robes with wide sleeves that were folded in front of him, hiding his hands within. The one on the right wore red robes that were woven with dense spiderwebs. He stood

with his hands behind his back – he should be from the same clan as Supreme Heavenly Venerate Zhu Ling. There were seven people lying in front of the three of them, all of whom had come from the Universe Fortune Diagram. Among them were Dao Venerate Yang Mo, Li Hun and Cai Wei. At that moment, the seven of them had purplish faces and were twitching all over. White foam was spat out of their mouths and their eyes were bloodshot – it was clear that they were in immense pain! "Let me die!" "Kill me!" The other four could no longer hold it in and roared continuously. Yang Mo and the other two could only endure it as well and groans could be heard from the depths of their throats. Young Master Zhu Ling looked down at everything with a smirk – he was enjoying it. The more these people were in pain, the happier he was. "Master!" When they saw Su Zimo step into the hall, everyone from Chaos Palace shouted with grief and indignation.

Su Zimo nodded. When Yang Mo and the other two heard the word 'master', they turned around with difficulty and glanced at Su Zimo before lowering their heads again. "Oh my!" Young Master Zhu Ling did not stand up and clapped with a smile. "So, this is the Chaos Palace Master. I've heard a lot about you." "Palace Master Su, you don't mind me sitting in your seat, right?" Young Master Zhu Ling asked with a smile. Su Zimo ignored him and arrived in the hall. Pointing to Yang Mo and the others, he asked indifferently, "What do you say about this?" "Fufu." Young Master Zhu Ling chuckled. "Seems like you want to talk to me, Palace Master Su? No problem, I hate fighting and killing the most. "I spared their lives because I wanted to give Chaos Palace a chance." In reality, Yang Mo and the others were currently poisoned and were enduring the pain of being bitten by thousands of spiders – it was truly a fate worse than death! Young Master Zhu Ling said, "I'm sure you know the reason for this matter, Palace Master Su. Your subordinates are truly audacious and unforgivable for injuring people of Five Venoms Palace!" "You weren't the one who instigated this, right?" Young Master Zhu Ling changed the topic and revealed his true intentions. His killing intent surged and he was ready to strike as long as Su Zimo's reply was wrong! "It has nothing to do with you, master!" At this moment, Yang Mo clenched his teeth and endured the pain. From between his teeth, he spat out one word at a time, "This is my own doing. I, Yang Mo, will take responsibility for my own actions. Don't implicate others!" "Humph!" Young Master Zhu Ling said coldly, "You think we won't be implicated just because you say so?" "Let me tell you, even if a dog of Five Venoms Palace is injured by you, the people of Chaos Palace will have to pay with their lives!" "Since you injured 18 people of Five Venoms Palace, Chaos Palace will have to pay with the lives of 1,800 Heavenly Venerables!" Naturally, Five Venoms Palace had to kill to establish their dominance after being provoked as such! Furthermore, they were killing a bunch of weaklings! "You!" Yang Mo was furious and his expression changed continuously as he spat out a mouthful of blood and was in even more pain.

After becoming a Dao Venerable, he wanted to make use of this opportunity to establish his authority in Chaos Palace. However, he did not expect that he would implicate the others of Chaos Palace instead. Li Hun and the others were filled with regret as well. If not for the fact that they had no choice, they would have killed themselves on the spot! Su Zimo could roughly guess their thoughts and ignored them. Letting them suffer some pain was also a form of punishment for them. Everyone from Chaos Palace gripped their fists secretly. Although they were furious, they could not say anything. They knew that the current Chaos Palace could not go against Five Venoms Palace and they could only endure any humiliation. At that moment, many cultivators of Chaos Palace, Xu Rui and the others had rushed over from various places and were silent as they watched everything unfold in the main hall. Chaos Palace had

just started to improve and they did not expect to suffer such a heavy blow. The lives of 1,800 Heavenly Venerables were equivalent to crippling half of Chaos Palace! Furthermore, no one knew which Heavenly Venerables the butcher's knife of Five Venoms Palace would land on. Everyone in the main hall was in danger. "Yang Mo and the others were indeed in the wrong." Suddenly, Su Zimo spoke indifferently, "Chaos Palace will punish them for their mistakes. Since when did outsiders interfere?" As soon as he finished speaking, the hall became completely silent!

## Chapter 3282

Not to mention Young Master Zhu Ling of Five Venoms Palace, even the people of Chaos Palace, including Yang Mo and the rest who were suffering, could not believe that those words came out of Su Zimo's mouth. Ever since they came out of the Universe Creation Diagram, they had never seen Su Zimo make a move. The impression that this master gave everyone was that he was weak, benevolent, and timid. Previously, he chose to compromise and give in in the face of Five Venoms Palace's oppression. But now, the young master of Five Venoms Palace had arrived with two Dao Venerables and was about to be killed. Yet, this master said such tough words! Their master was only a Heavenly Venerable at the initial Dao Comprehension realm. How much courage and guts did it take for him to say those words to the young master of Five Venoms Palace and two Dao Venerables! Not to mention a Heavenly Venerable, even Dao Venerable Yang Mo was extremely wary when he saw Young Master Zhu Ling bringing two Dao Venerables and held back when he spoke. Furthermore, Su Zimo's words were clearly meant to protect Yang Mo and the rest. Yang Mo and the rest felt even more guilty when they thought about how they had caused trouble for Chaos Palace because of their selfishness and rashness. "Master!" Yang Mo endured the pain and said sorrowfully, "Our sins are unforgivable. Even death by a thousand cuts won't be enough! Y-You can't be impulsive and implicate yourself! "With that, Yang Mo felt ashamed and regretful. If not for their 'impulsiveness', how would they be in such a predicament today? The lives of 1,800 Heavenly Venerables in Chaos Palace were all on their heads!" Master, Chaos Palace ... still needs you!" Supreme Heavenly Venerable Caiwei looked at Su Zimo and said intermittently as tears rolled down her cheeks. As long as Su Zimo was still alive and his Essence Spirit cultivated to the Dao Manipulation realm, he could naturally avenge them by releasing the Dao Venerables in the Universe Creation Diagram. However, they could not say that in public and could only remind Su Zimo to protect himself. "Interesting, interesting!" Young Master Zhu Ling was stunned for a long time before he reacted. He never would have thought that an Empyrean would dare to say this sort of thing to him. He could not help clapping his hands and laughing loudly as he asked, "Our Five Poisons Temple has interfered. What does Palace Master Su want?" "Then ... I'm sorry." The moment the word 'that' was uttered, Su Zimo had already arrived before Young Master Zhu Ling in a flash. His speed was shocking and he arrived almost instantly!

"You're courting death!" Young Master Zhu Ling's eyes shone brightly as he raised his hand to slap Su Zimo. A spiderweb-like Dao seal condensed in his palm. It was colorful and clearly contained poison! This change left everyone in the Primal Chaos Palace shocked. They did not think that Su Zimo was actually so decisive, charging straight for the Five Venoms Temple's young lord! "It's over!" Yang Mo sighed in his heart: "It was us who caused Master's death." Not to mention the two Dao Masters standing beside Young Master Zhu Ling, even Young Master Zhu Ling himself was a Supreme Celestial Master of the Perfected Dao Comprehending Realm and could kill Su Zimo. Naturally, no one present could guess Su Zimo's intentions. Su Zimo's expression did not change in the face of young master Zhu Ling's attack. When he approached, he suddenly propped up a world and clenched his fists, slashing down at the two

Dao Lords beside young master Zhu Ling! That was an extremely strange action. Not only did he ignore Young Master Zhu Ling's killing move, Su Zimo did not have any weapon in his hands either. If he slashed down like that, he would only slash at the air. Was the Palatial Master bent on seeking death? Everyone was stunned for a moment. The two Dao Masters scoffed at Su Zimo's attack and did not care at all. Not to mention that Su Zimo had nothing in his hands and could not injure them, even if he had a weapon, it would be too late. That was because Young Master Zhu Ling was clearly a step faster. A single step was enough to determine life and death! The two Dao Masters could almost see Young Master Zhu Ling's Dao seal landing on Su Zimo's chest and sending him flying. All of a sudden! In the chaos world, two sword lights tore through the chaos and landed in Su Zimo's empty hands, matching perfectly. Su Zimo wielded both swords and slashed down! The Infinite Pain and Netherworld Swords were born! The two Dao Masters' expressions changed! Those two swords ... Psst! What a strong edge! What a strong killing intent! Before the Infinite Pain Swords landed, the black-robed old man on the left felt a sharp pain in his scalp as though it was about to be ripped apart!

The red-robed old man on the right was enveloped by the killing intent of the Netherworld Sword and felt as though he had fallen into ice. His body stiffened and his reaction was slower by half! It was no wonder that the two of them were so conceited and unguarded. The difference in cultivation realm between them was truly too great – it was an entire major realm. Furthermore, the two Dao Masters had not expected that a Heavenly Venerate would target them. How dare that lad! Until this moment, the two of them could not believe what was happening before them. Furthermore, ordinary Heavenly Venerate spirit treasures could not hurt them. However, the moment the Infinite Pain and Netherworld Swords appeared, the two of them were shocked! At their cultivation realm, they could naturally sense the terror of the Infinite Pain and Netherworld Swords. As for Young Master Zhu Ling, after the Infinite Pain and Netherworld Swords appeared, he was so scared that he shuddered and his consciousness froze momentarily. "As long as one sword stabs me, how can I still be alive?" That thought flashed through Young Master Zhu Ling's mind. However, he was enraged before long! "This person is truly despicable to look down on me!" At that thought, Young Master Zhu Ling propped up a world and his attacks became even more ferocious. A colorful spiderweb Dao seal smashed towards Su Zimo's chest! Rumble! Boom! Boom! Boom! A rumbling sound echoed from Su Zimo's body! It was even more turbulent than the tides and swept in all directions like a tsunami! An incomparably tyrannical blood qi spewed out and the vast power almost flipped Young Master Zhu Ling over. His Dao seal was about to land on Su Zimo's chest but he could not press it down no matter what! The next moment, a jade green lotus soared into the skies and shone brightly. There was a thin layer of flames burning on the surface of the jade green lotus – it was the Red Lotus Karmic Fire! Su Zimo's bloodline phenomenon burst forth! Young Master Zhu Ling's Dao seal caused a world to collapse instantly! At the same time, the Netherworld Sword slashed down. The red-robed old man could not dodge in time and could only tilt his head instinctively. At the same time, he controlled the Dao in his palms and formed spiderwebs that enveloped the Netherworld Sword.

Thump! Thump! Thump! Those spiderwebs could not defend against the sharpness of the Netherworld Sword and were all severed! However, this slight delay allowed the red-robed old man to seize the opportunity to retreat! "Pfft!" A blood light appeared. The Netherworld Sword's blade cut through the red-robed old man's shoulder, leaving behind a faint wound. An injury as such did not affect a Dao Venerate expert and could be healed in the blink of an eye. Even though he was caught off guard and lost the initiative, the Dao Venerate expert was still able to avoid his vitals and only suffered a slight scratch. Even Su Zimo praised internally when he saw that. "As expected of a Dao Venerate." The red-

robed old man escaped with his life but he still had lingering fears. "How dare you ..." He glared at Su Zimo with a ferocious gaze and hollered. Just as he was about to counterattack, his voice stopped abruptly. The red-robed old man's expression changed starkly as his eyes widened with endless fear! His life force was dissipating rapidly and his eyes dimmed. The next moment, the red-robed old man fell limply to the ground. His Essence Spirit was destroyed and he was dead!

## Chapter 3283

The change happened so quickly that it happened in the blink of an eye. At the same time, the Infinite Pain Sword slashed down as well. However, compared to the red-robed old man, the black-robed old man was even more ferocious and had no intention of dodging at all. His black robes that were initially folded together suddenly shattered and more than a thousand 'palms' extended from within, piercing towards Su Zimo! Rather than palms, it was more like a thousand sharp pitch-black daggers! The true form of the black-robed old man was a thousand-legged centipede and every single leg of his contained lethal poison. The thousand legs struck with a stench – the poisonous gas on them alone was enough to poison Heavenly Venerates! Thankfully, Su Zimo and Qinglian had strong blood qi and the obstruction of their phenomenons – that was why they were able to isolate the poisonous gas. In reality, the reason why Su Zimo released his blood qi and Bloodline phenomenon was not to deal with young master Zhu Ling – his main purpose was to release his full strength. Against Dao Venerates, he had no chance at all if he did not use his full strength! Furthermore, the protection of his Bloodline phenomenon could defend against the counterattack of the two Dao Venerates as well. However, no matter how strong his blood qi was or how strong his Bloodline phenomenon was, it was impossible for him to completely neutralize the black-robed old man's thousand legs. Although the attack seemed simple without any fancy moves, the thousand legs made use of the power of the Great Dao to return to basics and break through Su Zimo's blood qi. In fact, even Qinglian's phenomenon was only able to block it slightly! Whoosh! Su Zimo's spirit consciousness moved and a ball of yellow sand appeared around him – it was the Nine Heavens Breath Soil. Even so, it could not defend against the black-robed old man's attack! Poof! Poof! Instantly, countless bloody holes appeared on Su Zimo's body! As for Su Zimo, a fiery red lotus platform flew out from his glabella and covered his face. After the bloodline phenomenon and Nine Heavens Breath Soil's obstruction, the thousand legs' strength was reduced by more than half and was blocked by the Karmic Fire Red Lotus. Although the thousand legs penetrated his body, they did not injure his vitals. At the same time, the Infinite Pain Sword slashed down from the black-robed old man's head! "Pfft!" Blood gushed out!

The Dao Venerate was sliced into two by the Infinite Pain Sword! Young master Zhu Ling was shocked when he saw this. His Spirit Treasure was already of the highest level, but it was still difficult for it to hurt the body of a Dao Master, let alone split him in half! Since the black-robed old man dared to counterattack, he had naturally thought of a way out. Just as the Avici Sword was about to strike his head, his Primordial Spirit had already left his body. With just a thought, he could reconstruct his physical body! The black-robed elder was lucky. If not for his Essence Soul escaping in advance, even if his Essence Soul was not destroyed by the Avici Sword, his Essence Soul would have been devoured by the Avici Hell within the sword! The black-robed old man wanted to use his bloodline to reconstruct his body. However, around the Avici Sword, an eerie hell vaguely appeared, suppressing his corpse and all of his Qi and blood! In a short period of time, he was actually unable to extract the bloodline! This caused the black-robed old man to panic. Su Zimo turned the Avici Sword around and slashed at the black-robed

elder's primordial spirit. The sword Qi was eerie, and the bottomless and terrifying hell actually shrouded over! The Netherworld Sword slashed in his direction as well. The two swords arrived together, wanting to encircle the black-robed old man's Essence Soul! Since Su Zimo had already decided to attack, there was no way he could let the other party escape. When the black-robed old man saw how the red-robed old man died after being grazed by the red sword, he naturally knew how terrifying the sword was. Against the encirclement of the two swords, he was left with an Essence Soul and could not resist at all! When the black-robed old man saw that the situation was bad, he did not have time to reconstruct his body and turned to flee with his Essence Soul. Boom! However, a red beam of light descended – the Karmic Fire Lotus Platform had descended and struck the black-robed old man's Essence Soul heavily. Bang! As expected of a Dao Lord's Essence Soul, it did not dissipate after being struck by the Karmic Fire Lotus Platform. Instead, it merely shuddered, felt dizzy and blacked out. Su Zimo controlled the Karmic Fire Lotus Platform with his spirit consciousness and activated a secret skill according to his inherited memories. The Karmic Fire Lotus Platform suddenly bloomed and layers of fiery red petals grew around it, trapping the black-robed old man's Essence Soul within, forming an impenetrable prison!

No matter how hard the black-robed old man's Essence Soul tried to break free, it could not escape. At the same time, the many lotus holes on the lotus platform spewed out scarlet flames. There was a lotus seed in each of the flames. In an instant, the Karmic Fire within the lotus platform burned the black-robed old man's Essence Soul! "Ah!" The black-robed old man let out a shrill cry. Within a few breaths, his Essence Soul was riddled with holes by the lotus seeds and his body was burned to ashes by the Karmic Fire! The Chaos Hall was terrifyingly silent! Everyone's eyes were wide open as they held their breaths. Their faces were filled with shock as they watched this scene, unable to utter a single word. Even Yang Mo, Li Hun and the others seemed to have forgotten the pain they were in. They watched the scene in disbelief and their minds went blank. The two Tao Masters had been killed by the Lord in front of the crowd. They felt suffocated. Throughout the entire process, Su Zimo's methods, strength, calmness ... were too different from the weak and scholarly image they had in mind. How could he be someone who was afraid of the smallest thing? There was simply no one more daring and decisive than him! Most of the Chaos Palace cultivators had never seen Su Zimo in action before. In their eyes, the Chaos Palace Master was like a gentle and refined scholar. Although they could not see the might of a Palace Master, he was benevolent and was not bad. It was only today that everyone truly witnessed how terrifying Su Zimo was! He was like a ferocious tiger that tore apart the scholar's skin and broke out of his body! Young master Zhu Ling's world shattered. His attacks were useless. Looking at the scene in front of him, he was scared silly. When Su Zimo retracted his sword and looked at him, he shuddered and snapped back to his senses. "Y-You're poisoned. You won't survive either!" Young master Zhu Ling said with a trembling voice. Su Zimo had just killed two Dao Masters and used almost all his trump cards. Furthermore, he was not unscathed – his body was pierced by the black-robed old man's thousands of feet and black blood was still flowing out. Although the poison could injure others, it could not threaten Qinglian's body.

"W-What are you trying to do?!""You can't kill me! I'm the young master of Five Venoms Palace. If you dare to kill me, you can forget about leaving Canopy Continent alive!" Young master Zhu Ling pretended to be calm and hollered. Su Zimo merely looked at him calmly without saying anything. When he saw that Su Zimo was unmoved, young master Zhu Ling was even more afraid and his tone softened as he begged, "Y-Let me go. I'll return to Five Venoms Palace to seek an antidote for you." "Palace Master Su,

please show mercy and give me a chance ..."Su Zimo replied indifferently, "I've already given you a chance." "Ah? Stunned for a moment, young master Zhu Ling shook his head hurriedly. "No, no! Palace Master Su, you've remembered wrongly. You haven't given me a chance yet. "Su Zimo replied expressionlessly, "When I entered, I asked you what you wanted to say." Young master Zhu Ling recalled that Su Zimo had indeed said that. Was Su Zimo not begging him to let Chaos Palace off but to give them a chance to live? "Unfortunately, you missed it." In front of young master Zhu Ling's shocked and lost gaze, Su Zimo said softly and slapped the young master's head, shattering the latter's Essence Spirit!

## **Chapter 3284**

This battle started suddenly, and it ended very quickly as well. Until now, there were still many people in Chaos Palace who had yet to recover from their shock. "We've truly gotten ourselves into big trouble." Meng Shi's heart thumped wildly as he muttered. Killing two Dao Venerables and a young master of Five Venoms Palace was equivalent to completely severing ties with Five Venoms Palace and there was no turning back! Everyone in Chaos Palace would probably have to flee for their lives. Su Zimo turned to everyone from Chaos Palace and declared, "Five Venoms Palace will definitely not let today's battle rest. If you're willing to follow me, you can enter this diagram to avoid disaster." As he spoke, he brought out the Universe Creation Diagram and spread it out, hovering above the Myriad Beast Ridge. Under Su Zimo's control, the Universe Creation Diagram emitted a faint glow. As long as everyone from Chaos Palace entered the range of the faint glow, they would be pulled in by the Universe Creation Diagram. When Xu Rui heard that, his heart skipped a beat as he murmured, "So, the palace master had this plan long ago when he asked us to gather everyone here." Actually, if Young Master Zhu Ling and the others had not gone overboard and left after poisoning Yang Mo and the others, Su Zimo would not have fallen out with them. After all, right now, what he wanted the most was to cultivate quietly and raise his cultivation as soon as possible. The moment he became enemies with Five Venoms Palace, he could only escape. It was still unknown if he could avoid the pursuit of Five Venoms Palace. At the very least, he would not be able to cultivate in seclusion for the time being. However, when he arrived at the Chaos Palace, Five Venoms Palace was overbearing and wanted the 1,800 Heavenly Venerables of Chaos Palace to be buried with them. That was why Su Zimo wanted to kill them! Many Heavenly Venerables of Chaos Palace left the Universe Creation Diagram and were unwilling to return. However, now that Chaos Palace was in danger, everyone knew that it would be difficult to escape the pursuit of Five Venoms Palace if they stayed in Canopy Gai Province. After Su Zimo said that, many Heavenly Venerables stood up and flew towards the Universe Creation Diagram. Before long, all the cultivators of Chaos Palace were sucked into the Universe Creation Diagram. Su Zimo also led Yang Mo and the others into the Universe Creation Diagram. The sudden appearance of so many people in the Universe Creation Diagram had long alarmed Supreme Lin Meng and the others as they hurried forward to ask about the reason.

After learning about what happened in Chaos Palace, the Dao Venerables were enraged! Supreme Lin Meng's gaze was even colder. He looked at Yang Mo and the others and said in a deep voice, "You disobeyed my master's orders and almost caused an irreversible disaster. After he finished saying those words, Utmost Exalted Lin Meng raised his hand and planned to kill Yang Mo and the others as a warning to others. Yang Mo and the others also knew that they were guilty. They lowered their heads deeply and didn't beg for mercy. Their bodies were poisoned and they were enduring the pain of being bitten by tens of thousands of spiders. To them, death was a form of relief. Moreover, they were too ashamed to face the other cultivators. "Wait." ..... "We know our mistake.".

"Yang Mo replied," We were selfish and did not listen to orders. We caused a huge disaster and implicated Chaos Palace and our master. We deserve to die! "..... . p>Su Zimo said, "That's only one of your sins." Yang Mo and the others were slightly stunned and confused. Su Zimo continued, "Since you guys chose to go against Five Venoms Palace and provoked a strong enemy, you guys returned in defeat and damaged the prestige of Chaos Palace. That's the second sin." Yang Mo chuckled bitterly. He wanted to suppress the other party but he couldn't win at all. Su Zimo continued, "Since you guys are weaker, you'll be punished to enter seclusion in the Universe Creation Diagram for 10,000 years to temper your combat techniques. In the future, you'll make up for your sins with merits." When they heard that, Yang Mo and the others shuddered and looked at Su Zimo in disbelief. The meaning of their master's words ... The punishment of going into seclusion for ten thousand years was nothing to them. At their cultivation realm, it was common for them to enter seclusion for 100,000 or even a million years. 10,000 years was just a blink of an eye. "Master, you ..." Supreme Lin Meng was still in disbelief and asked tentatively. Su Zimo nodded and said, "Supreme Lin Meng, please remove the poison from their bodies." With his bloodline, he could remove the poison from Yang Mo and the others. However, it would take a lot of time.

After all, the poison was left behind by a Dao Venerable expert. With Supreme Lin Meng present, removing the poison left behind by a Dao Venerable was naturally easy. It was only now that Yang Mo and the others confirmed that Su Zimo did not intend to kill them. "Why aren't you thanking him?" Supreme Lin Meng stepped forward and reprimanded. "Thank you, master!" Yang Mo and the others felt as though they had walked through the gates of hell and were reborn! Their eyes reddened as they looked at Su Zimo with gratitude. To be fair, it would be normal for Su Zimo to kill them to establish his dominance. After all, they were the ones who committed a grave mistake first. However, not only did Su Zimo kill Young Master Zhu Ling and the two Dao Venerables of Five Poisons Palace, he did not pursue their crimes either! "Master, I was truly a bastard in the past. I even secretly said bad things about you ..." Li Hun was a burly man to begin with. However, at this moment, he burst into tears and slapped himself on the mouth with his swollen palm. Previously, the few of them chose to follow Su Zimo to the Great Thousand Worlds. However, in their hearts, they were more or less dissatisfied with this unfamiliar master. It was only at this moment that everyone was truly loyal! When the others from Chaos Palace saw this, they were moved as well and cupped their fists, saying in unison, "Master is benevolent!" They had just witnessed Su Zimo's decisiveness to kill. Now that they saw how magnanimous Su Zimo was towards his own people, they were touched. "Master," Supreme Being Lin Meng said in a deep voice, "Since you've already fallen out with Five Poisons Palace, it's not appropriate for you to appear. Why don't you cultivate in the Universe Creation Diagram as well?" Of course, that was a solution as well. However, the Universe Creation Diagram was a small Three Realms after all. If he wanted to better comprehend the Great Dao of Chaos and raise his cultivation, he had to return to the Great Thousand Worlds. The Universe Creation Diagram could only be considered as his last resort. After pondering for a moment, Su Zimo said, "I'll try to escape from this place first. If I can successfully escape the pursuit of Five Poisons Palace, that would naturally be for the best." Five Poisons Palace was only the largest faction in Canagai Province.

As long as he could escape from Canagai Province, it would be equivalent to him escaping from most of the danger! Without further ado, Su Zimo left a few more instructions before leaving the Universe Creation Diagram. Arriving above the 10,000 Beast Ridge, Su Zimo sighed when he caught sight of the

lush and picturesque palaces around him. To think that he would be forced to flee after ascending to the Great Thousand Worlds for 10,000 years. Of course, compared to Tianhuang Mainland and the Middle Worlds, ascending to the Great Thousand Worlds was already considered smooth sailing and the current danger was nothing. At this cultivation realm, unless one cultivated the Great Dao of Disguise, there was not much point in changing one's appearance as one would be seen through with a single glance. Su Zimo used his spirit consciousness and created three clones with the help of the Three Pure Ones Jade Booklet. They sped off in four different directions and disappeared above the 10,000 Beast Ridge in the blink of an eye.

## Chapter 3285

Canopy State, Five Venoms Palace. As the most powerful force in Canopy State, Five Venoms Palace had five palace lords. Sky Spider Palace Lord and Sky Centipede Palace Lord were both perfected Dao Manipulation Realm and were titled Supreme Dao Venerables. Sky Snake Palace Lord and Sky Scorpion Palace Lord were both perfected Dao Manipulation Realm and were titled Supreme Dao Venerables. The remaining Sky Toad Palace Lord was a Dao Venerate at lesser mastery of Dao Manipulation Realm. Young Master Zhu Ling was the son of Sky Spider Palace Lord. At this moment, not only were the five palace lords present in Five Venoms Palace, but the dozens of Dao Manipulation Realm experts under them were also present. The atmosphere in the palace was extremely oppressive and murderous. News of the 10,000 Beasts Ridge had already spread. The five palace lords' faces were gloomy and cold. Among them, Sky Spider Palace Lord's beautiful face was filled with killing intent. She licked her scarlet lips and said faintly, "I'm surprised that someone dares to challenge Five Venoms Palace in Canopy State." This time, not only did a young master die under Sky Spider Palace Lord, but there was also a Dao Venerate! The other Dao Venerate who died was under Sky Centipede Palace Lord. A Dao Venerate stood up and said in a deep voice, "I've already investigated. The killer is an ascender from 10,000 years ago and is in charge of Chaos Palace." "It's said that this person obtained a treasure map, which made Chaos Palace famous in recent years." "Humph!" Sky Centipede Palace Lord sneered. "A force that should have been destroyed long ago. Do you still want to rise from the ashes?" "If there's no explanation for this, Five Venoms Palace will lose face," Sky Snake Palace Lord said. "Don't worry." Sky Scorpion Palace Lord said, "No matter how powerful he is, he won't be able to escape Canopy State!" Sky Spider Palace Lord stood up and said slowly, "Pass down the order. Tell all the poisonous creatures in Canopy State to keep an eye on this person. Any movements immediately!" "I want to capture this kid personally and let him suffer the pain of Five Venoms. He'll wish he was dead!" Sky Toad Palace Lord also stood up and said, "You will lead the team personally. There must be a Dao Venerate and a Supreme in each team." "Since this kid can kill two Dao Venerates, he must have some tricks up his sleeve. Don't be careless."

"Yes!" Dozens of Dao Manipulation Realm powerhouses responded in unison and dispersed. The five palace lords also moved one after another, leaving the Five Poisons Palace.... Su Zimo continued to rush in a certain direction. In about half a day, the injuries on his body had already healed. As Qinglian's blood circulated, the poison in his body was completely removed. Under normal circumstances, with the cover of his three clones, there was a high chance that he could escape from the Canopy State. However, ever since he set out on his journey, he had a vague feeling that he was constantly being monitored. However, when he sent out his Divine Sense to investigate, he didn't gain anything. "Could it be an illusion?" Su Zimo frowned slightly. It was also possible that he was just being paranoid. At least for now, he hadn't sensed any danger. Suddenly! Su Zimo lost contact with one of his doppelgangers. He

didn't even have time to see who the other party was through this clone before the connection between the two was cut off."So fast."Murmuring softly, Su Zimo did not stop and continued sprinting forward. Another four hours passed. He had lost contact with the second clone. After ascending to the Great Thousand World, the Three Purity Jade Books were not of much use to him. Even if he lost them, it would not be a pity. However, the fact that the two doppelgangers had been crippled in such a short period of time made Su Zimo feel a strong sense of crisis! Stillwater???????????? P >Furthermore, along the way, the feeling of being watched did not disappear at all. It was as if a pair of eyes were everywhere! Even if Su Zimo changed direction at the last moment, there was nowhere to hide. Normally speaking, no matter how great the Five Venoms Temple's influence was, it was also impossible to spread to every corner of the Canopy State. Now, it gave Su Zimo a feeling that Five Venoms Temple's spies were everywhere in the Canopy State! Surveying his surroundings, Su Zimo's heart skipped a beat as he stared at the colorful mushrooms that filled the entire mountain. If he looked carefully, he could see some tiny poisonous insects near the poisonous mushrooms.

Some of the poisonous insects hid under the huge caps of the poisonous mushrooms, some walked in the soil, and some were weaving webs in the corners ... "It's them!" Su Zimo's heart suddenly lit up. These poisonous insects were too weak. Su Zimo did not take them seriously at first. It was not until now that he realized. The environment of the Canopy State was most suitable for the survival of poisonous insects. It could be said that all kinds of poisonous insects were everywhere. His whereabouts were all exposed to the eyes of these poisonous insects! These poisonous insects must have some way of communicating with the Five Venoms Temple so that they could send messages anytime and anywhere. In this case, it was almost impossible to escape from the Canopy State. "Finally found you." At this moment, a voice came from afar. The person was extremely fast and arrived in the blink of an eye. A Dao Master expert! Su Zimo's eyes flashed with a cold light. He could hide in the Universe Fortune Map at any time, but before that, he could try to fight against a Dao Master. It was a good opportunity to test his battle strength and see how strong he could be. Back in the Chaos Hall, the reason why he could kill two Dao Masters in a few breaths was mainly because he caught them off guard. If he were to fight against a Dao Master, it would be hard to say who would win. The Dao Master should have heard of Su Zimo's methods long ago and did not underestimate him at all. The moment he arrived, he conjured two gigantic scorpion pincers with both hands and charged over! The scorpion pincers were laced with poison. Not only that, they also contained the power of Dao that he cultivated. Rumble! Boom! Su Zimo's blood qi surged and his Bloodline phenomenon appeared. He supported the Chaos World and collided against the two gigantic scorpion pincers! "Boom!" There was a deafening sound! The shockwave from the collision of both sides overturned the surrounding mushrooms and plants! "You can withstand a single attack from me?" The Dao Master of the Scorpion race was startled and exclaimed, "You're indeed capable!" There was a difference of an entire major cultivation realm between them. In reality, the reason why Su Zimo was able to withstand that attack was because he had already released his full strength and even his Bloodline phenomenon.

Of course, it was still extremely difficult for him to suppress a Dao Master with his Bloodline phenomenon and Chaos World alone. Su Zimo did not intend to waste time with the Dao Master. With a long roar, two sword lights tore through the chaos and landed in his hands. The Avici and Netherworld swords were born! Su Zimo wielded both swords and slashed towards the Dao Master of the Scorpion race. Swash! A black shadow flashed by at an extremely fast speed, leaving behind a series of

afterimages, making it difficult to distinguish which one was real and which one was fake. Su Zimo did not care about whether the black shadow was real or fake. He waved his Avici and Netherworld swords and slashed at the black shadow continuously! Clang! Clang! Clang! There was a series of crisp sounds. The black shadow was sliced into pieces by the Avici and Netherworld swords and scattered on the ground, emitting a pungent stench! Su Zimo focused his attention. The black shadow was a pitch-black scorpion tail! The Scorpion race Dao Master was shocked. His scorpion tail was his hidden killing move. To think that it would be sliced into pieces by the two swords the moment it was released!

## **Chapter 3286**

However, the Dao Lord of the Scorpion race did not have a bloodline on his tail. Even if it was severed, there was no wound – the killing intent of the Netherworld Sword could not kill his Essence Spirit. Even so, the Dao Lord of the Scorpion race broke out in cold sweat. Wielding the Avici and Netherworld Swords, Su Zimo seized the opportunity to charge forward, wanting to kill the Dao Lord of the Scorpion race. "Humph!" Right then, a cold snort sounded from the side. The voice was neither loud nor soft. However, Su Zimo frowned slightly and his ears hurt. So strong! A single voice was able to penetrate his bloodline phenomenon and world! Su Zimo's spirit perception warned him and he did not have time to attack the Dao Lord of the Scorpion race. He shifted his feet and dodged to the side. Pshew! It was as though something had brushed past him in a close shave. Su Zimo scanned with his spirit consciousness but saw nothing. Su Zimo channeled the two God Stones, Nether Fluorescence and Illumination. His left eye was pitch-black and his right eye was pure white as he focused his gaze. Everything in front of his eyes became clear! What passed by him earlier on was a spider silk that was as thin as a cow's hair. If not for the Illumination and Nether Fluorescence God Stone, he would not have been able to see it clearly! Su Zimo held his swords horizontally in front of him and looked over. Not far away, a middle-aged man stood. The aura he exuded was even stronger than the Dao Lord of the Scorpion race earlier on! He was at greater mastery of the Dao Manipulation realm, a Great Venerable expert! Su Zimo had a grim expression. Before he could think further, the Great Venerable extended all ten fingers and grabbed in his direction. Ten strands of spider silk appeared out of thin air and intertwined, forming a gigantic web that enveloped him. Su Zimo hollered softly and waved the Avici and Netherworld Swords, slashing down at the spider web! When the Avici and Netherworld Swords struck the spider web, it caved in deeply and even deformed a little. However, it did not break! Su Zimo's heart skipped a beat. At the Dao Manipulation realm, one would control and even attempt to make use of the power of the Dao. In the Dao Enlightenment realm, one could comprehend the Great Dao. At most, one could manifest a Great Dao phenomenon.

And when one cultivated to the Dao Control Realm, the Great Dao they cultivated would become a weapon in the hands of cultivators and materialize! However, after this Grand Monarch expert had fused his Great Dao into the spider silk, even the Avici and Netherworld Swords were unable to cut through it! "Withdraw!" This Great Sovereign expert didn't even get close. He just stood in the distance and controlled the spider web. He closed his hands, and the spider web wrapped around the Avici and Netherworld swords. Naturally, he could see how powerful the Avici and Netherworld Swords were, and he wanted to take them for himself. Su Zimo unleashed all of his strength, wanting to withdraw his sword and retreat. However, the spider webs on the Avici and Netherworld swords grew tighter and tighter. Even the sharpness and killing intent on the two swords were covered! Suddenly! Su Zimo's Bloodline Phenomenon shook and was on the verge of collapse, and then it collapsed with a

bang. Unknowingly, a spider web had appeared behind him and enveloped him. His Bloodline Phenomenon could not withstand it at all. "Let's see where else you can run to!" The Great Sovereign sneered and waved his hands continuously. The spider webs around Su Zimo increased and formed a gigantic net that sealed off all his escape routes! The strength of a Great Sovereign was way too strong and the difference between the two of them was way too great. Su Zimo sighed internally – it seemed like he still had to hide in the Universe Creation Diagram. Right then, two extremely domineering auras descended and one of them landed beside Su Zimo. The space that was initially enveloping Su Zimo distorted and the dense spider webs of the Great Dao collapsed rapidly! Another terrifying force rushed towards the Great Venerate expert's position! "Hmm?" The Great Sovereign's expression changed as he channeled his Essence Spirit and weaved an impenetrable spider web in front of him. Boom! However, the spider web shattered instantly and turned into dust. The body of the Great Sovereign was also torn apart by the terrifying power! His Primordial Spirit did not even manage to escape before he perished! A Great Sovereign was dead! Su Zimo was secretly shocked. The two powers that descended earlier on came from two different directions. It was clear that they belonged to different Great Daos and experts. The former made use of space to break the spider web.

The latter was even more ferocious and destroyed the spider web directly! To be able to kill a Great Sovereign expert forcefully, their cultivation was most likely at the perfected Dao Manipulation realm – Supreme experts! However, Su Zimo did not know where the two experts who attacked earlier on came from or what their intentions were. The Scorpion race Dao Lord of Five Venoms Palace was so scared that his face turned pale. He could neither stay nor escape and froze on the spot for a moment. "Two Supreme Sovereigns have graced us with your presence and killed a Dao Lord of Five Venoms Palace right away. What great methods!" Right then, a beautiful woman descended from midair. She wore a colorful Daoist robe and her long hair was coiled up. Her lips were scarlet and her gaze scanned the two voids with a frosty expression. Another Supreme-Being! Furthermore, it was a Supreme expert of Five Venoms Palace! Su Zimo was on high alert and was prepared to hide in the Universe Creation Diagram at any moment. Not far away, the void trembled slightly. It was like a calm lake that suddenly rippled. A grey-robed old man walked out from it. "You cultivate the Great Dao of Space?" The beautiful woman narrowed her eyes slightly and could tell what Dao technique this person cultivated. She said coldly, "I'm one of the Five Venoms Palace Masters, Sky Spider. Fellow Daoist, you don't look familiar. How should I address you?" "You don't have to know," The gray-robed old man said indifferently with his hands behind his back, as though he was not bothered by the beautiful woman's killing intent. "Five Venoms Palace has no feud with you, right?" The Sky Spider Palace Master asked again. "That's right," The gray-robed old man nodded. The Sky Spider Palace Master asked sternly, "Then why did you kill a Great Sovereign of Five Venoms Palace?" "I didn't kill him," The gray-robed old man's expression was calm and his tone was indifferent. "Alright!" The Sky Spider Palace Master said in a deep voice, "Since that's the case, I won't pursue this matter. Fellow Daoist, please leave. This lad harmed my son and killed a Dao Lord of Five Venoms Palace. I must pay with my life!" The gray-robed old man said indifferently, "You won't be able to kill him with me around."

Su Zimo frowned slightly and took a closer look at the gray-robed old man. The gray-robed old man was extremely unfamiliar and he definitely did not know him. He did not know why this Supreme Being wanted to save him. The Sky Spider Palace Master's expression darkened as he said coldly, "In that case, you want to go against Five Venoms Palace?" "I don't care about a mere Five Venoms Palace," The gray-

robed old man still had his hands behind his back and his tone was indifferent, as though he was talking about something extremely ordinary."Hahahaha!"The Sky Spider Palace Master roared in laughter. "Good, good, good! I'll remember what happened today! "At the moment, she was alone and had some reservations.She wanted to stall for time and wait for the Sky Centipede Palace Master and other experts of Five Venoms Palace to arrive before making a decision.The Sky Spider Palace Master swept his gaze to the other side and said indifferently, "Why isn't that Dao Lord appearing yet? How long are you planning to hide?""Aren't you going to give me an explanation for killing a Great Sovereign expert of Five Venoms Palace?!"Behind a poisonous mushroom, a black-robed young man strode out with a cold expression. Glancing sideways at the Sky Spider Palace Master, he asked, "What explanation do you want?"

## **Chapter 3287**

The Sky Spider Palace Lord's expression changed when he saw this person. "Prime Xie Mie!"The gray-robed elder's expression did not change when he heard this name, as if he already knew who this person was.When the Scorpion Race Dao Venerate heard these four words, his body trembled, and a trace of fear flashed past the depths of his eyes!The Sky Spider Palace Lord's expression changed several times before he said slowly, "Why aren't you following the Evil Lord in the northwest? Why are you here in my little Canopy State?""I'm happy. Why do you care?"Prime Xie Mie sneered with a disdainful expression.The Sky Spider Palace Lord almost choked to death with that sentence. He cursed in his heart and clenched his fists, but he gritted his teeth and endured it.If this person killed the Five Poison Palace's Supremacy, that Supremacy would have died for nothing.Even if the Sky Centipede Palace Lord arrived and they joined forces, they did not have much of a chance of winning.Moreover, there was a gray-robed elder with an unknown identity who seemed to have a powerful background.Just as the Sky Spider Palace Lord was pondering, Prime Xie Mie suddenly became murderous. He turned around with a dark expression and said coldly, "How dare you call the Evil Lord by his name!""Hmm?"The Sky Spider Palace Lord's heart skipped a beat, and he instinctively opened his mouth. "You want to ..."Before he could finish his sentence, Prime Xie Mie had already attacked!Prime Xie Mie grabbed the void in front of him, and a pitch-black spear appeared. It gathered a terrifying Great Dao aura and stabbed towards the Sky Spider Palace Lord!The spear pierced through the air, emitting a whistling sound!The surrounding void trembled and distorted, unable to withstand the force!"You're crazy!"The Sky Spider Palace Lord screamed and activated his Essence Spirit. He opened his mouth and spat out a large amount of spider silk. He waved his hands and weaved a web in front of him.Layers of spider webs landed on the pitch-black spear, but the moment they landed, they were shattered by the Great Dao aura that burst forth from the spear!The Sky Spider Palace Lord kept retreating, pulling away from the pitch-black spear. He then released a Great Dao that wrapped around the pitch-black spear.It was unknown how many layers were layered before the pitch-black spear was stuck in midair.Prime Xie Mie had already left his original spot and arrived in front of the Sky Spider Palace Lord. He raised his hand and slapped down, causing the surrounding void to collapse instantly!

At the Dao Manipulation Realm, the Sky Spider Palace Lord, would be able to unleash a huge amount of power with every move they made.The Sky Spider Palace Master activated his bloodline and raised his hand to meet the attack.Bang!The two palms collided, and a muffled sound erupted!In the next moment, the Sky Spider Palace Lord's palm exploded. The terrifying power continued to spread, and her entire arm turned into a bloody mist!"Ah!"The Sky Spider Palace Master let out a miserable shriek.She

cultivated the Great Dao and was even better at using poison to win. In this kind of head-on confrontation, he was no match for the other party. Not to mention that Sovereign Xie Mie had cultivated the extremely ferocious Grand Dao of Destruction. His fists were capable of destroying everything! After destroying one of the Sky Spider Palace Master's arms, Sovereign Xie Mie's palms were stained with spider poison. However, he didn't care at all. He chased after them and continuously attacked. In close combat, the Sky Spider Palace Master had nowhere to run. After a series of attacks from Xie Mie, his body and soul were completely destroyed! In just a dozen breaths of time, the Heavenly Spider Palace Master had already died, leaving behind only a large amount of stinking blood mist. Su Zimo saw the whole process and was secretly speechless. Autarch Xie Mie was truly ruthless. The Sky Spider Palace Master merely mentioned the Evil Lord and turned hostile on the spot, killing the other party right away! "Could the Evil Lord that the Sky Spider Palace Master mentioned be the Evil Emperor of the Middle World?" Su Zimo thought to himself and looked at the gray-robed old man not far away. Right from the beginning, the gray-robed old man had been watching by the sidelines. Sensing Su Zimo's gaze, the gray-robed old man smiled gently and nodded. Strange. Su Zimo muttered internally. However, he did not let down his guard and was prepared to hide in the Universe Creation Diagram if the situation turned bad. He had experienced way too much in Tianhuang Mainland and the Middle World. Naturally, he would be wary of any stranger. Thud! When the Dao Lord of the Scorpion race saw that, he knelt on the ground and begged while shivering, "Sovereign Xie Mie, please spare my life! Please spare my life ..."

Sovereign Xie Mie glanced sideways at that person and raised his brow. "I didn't want to kill you. Why are you begging me?" "Yes, yes, yes!" The Dao Lord of the Scorpion race was scared out of his wits and said hurriedly, "I'm not begging, I'm not begging!" As he said that, the Dao Lord of the Scorpion race got up and scrambled into the distance without a care for his image as a Dao Lord – it was clear that he was extremely afraid. The gray-robed old man cupped his fists towards Sovereign Xie Mie. "Fellow Daoist, your cultivation has improved. Is the poison on your hand alright?" "Don't call me brother," Sovereign Xie Mie pursed his lips. "What does my injury have to do with you?" Initially, the gray-robed old man had good intentions. However, he was rebuked by Sovereign Xie Mie's words. The gray-robed old man was not angry and merely smiled. Sovereign Xie Mie flung his slightly swollen palm. "If I knew that an old man like you would protect him, I wouldn't have come over." With that said, Sovereign Xie Mie turned and left without looking at Su Zimo the entire time. Su Zimo was baffled by what he heard. The "him" that Sovereign Xie Mie mentioned seemed to be referring to him. Su Zimo cupped his fists towards Sovereign Xie Mie's back. "Thank you for saving me, Senior." No matter what, Sovereign Xie Mie had helped him, so he had to thank him. Sovereign Xie Mie was about to leave, but when he heard this, he suddenly paused and turned back. He looked at Su Zimo with a malicious gaze. Su Zimo was a little scared by his gaze. He secretly activated the Universe Creation Diagram and prepared to run at any time. This person was crazy. It was as if one wrong word would provoke him into a fight and injure others! Moreover, he did not know which words would trigger this person's nerves. Sovereign Xie Mie came in front of Su Zimo and sized him up. He smiled coldly. "No need to thank me. I didn't want to save you." "You'd better cultivate slowly. That way, you can live a little longer." "If you enter the Dao Manipulation Realm, be careful. I can find you at any time and kill you to take back that thing!" "Dreamlike Token?" Su Zimo probed. Sovereign Xie Mie muttered, "I really don't know why Master would give you the Dreamlike Token. But it doesn't matter. I'll snatch it back for Master in the future."

Hearing this, Su Zimo confirmed one thing. The Evil Lord that the Sky Spider Palace Master mentioned should be the Evil Emperor, who was also the master of this Sovereign Xie Mie! In that case, it should be the Evil Emperor's instructions for this Sovereign Xie Mie to come and protect him. Sovereign Xie Mie laughed and threatened, "Also, I won't wait for you to cultivate to the perfected Dao Manipulation Realm before looking for you. I like to bully the weak the most. ""I'm giving you this chance because of Master. We'll talk about it after you cultivate to the Dao Manipulation Realm. Otherwise, I'll snatch the Dreamlike Token right now! "Sovereign Xie Mie stretched out his red and swollen palm, as if he wanted to make a few gestures in front of Su Zimo. However, he realized that his palm was getting swollen and ugly, so he retracted it unhappily. Sovereign Xie Mie turned and left, disappearing quickly.

## Chapter 3288

Su Zimo turned to look at the gray-robed elder and bowed. "Thank you for your help, senior. May I know your name?" "You can call me Uncle Feng." The gray-robed elder said with a smile. It didn't seem like a Taoist name. It was more like a casual address. Su Zimo was a little puzzled and couldn't help but ask, "Do you know me, senior?" "No, I don't." Uncle Feng smiled. "This is the first time we've met." Su Zimo was even more puzzled. He asked again, "Then why did you come here to save me?" Uncle Feng shook his head. "I can't say much about the reason. Perhaps you'll know in the future." Su Zimo frowned slightly and thought about the people he had befriended. He definitely hadn't met Uncle Feng before. In other words, someone must have ordered him to come and save him, similar to Xie Mie. Xie Mie did it because of the Evil Lord's order. What was the reason for Uncle Feng? There were only a few powerhouses from the Great Thousand Worlds that he had befriended. Most of them, like the lords of the Heavenly Courts, had fought with him and wouldn't send anyone to help. Apart from the lords of the Heavenly Courts, only the Demon Master and the Evil Emperor were left. The Lord of Hell and the Brahma Ghost Mother wouldn't send anyone to save him. Could it be the Demon Master? Then, Su Zimo denied it in his heart. This didn't seem like the Demon Master's style. The Demon Master had always only thought about his own goals and never cared about friendship. Back then, for the sake of conquering the heavens, he could even ignore Wu Dao and suppress Fengdu. Why would he care about an ascender from the Middle World? Su Zimo thought for a long time but couldn't figure it out. Uncle Feng asked, "What are your plans for the future?" Su Zimo said, "I can't continue to stay in Canagai State. As for where to go, I haven't thought about it yet." "I can recommend you a place," Uncle Feng said. "Senior, please tell me," Su Zimo said. "The Southern Region." Uncle Feng said, "The Southern Region will hold a Heavenly Venerate Grand Meeting. The geniuses of the 49 Spiritual Lands will gather at the Ancestral Fire Sacred Ground and compete with each other to determine a supreme Heavenly Venerable."

Su Zimo heard this calmly. He had been fighting all this time, so he didn't care about such a title. Although a clash between geniuses of the same level was beneficial to cultivation, it wasn't very attractive to him so far. What he wanted the most was to increase his cultivation as soon as possible. Seeing that Su Zimo did not seem interested, Uncle Feng reminded him, "Being a Supreme Heavenly Venerate isn't just a title. You'll eventually be rewarded by the Ancestral Fire Sacred Ground and even have the chance to join it!" ... of course. He wanted to revive the Primal Chaos Sacred Land in the future, so he wasn't interested in joining the Ancestral Fire Sacred Land. Moreover, the nine lords of the Heavenly Courts of the Middle World were most likely from the five great Holy Lands, including the Ancestral Fire Holy Land. Right now, his cultivation realm was too low and he did not want to be noticed by the sacred grounds. The rewards from the sacred grounds would definitely not be bad. However, after weighing the

pros and cons in his heart, Su Zimo still said, "Thank you for your guidance, senior. It's just that my cultivation realm is too low right now. Even if I participate in the Southern Region's Heavenly Venerate Grand Meeting, I won't have a chance to obtain the supreme title." "Are you sure you don't want to go?" Uncle Feng said with a fake smile, "I'm sure you won't want to miss out on the reward of the supreme Heavenly Venerate this time round." "Oh?" Su Zimo's heart skipped a beat. He could tell that Uncle Feng seemed to be implying something and asked, "What reward?" "The Merit Golden Lotus." Uncle Feng's voice sounded in Su Zimo's mind, "And it's a grade-12 one." After saying that, Uncle Feng smiled and waited for Su Zimo's reply. Su Zimo's heart trembled! Not only did Uncle Feng know about the Merit Golden Lotus, he even knew its whereabouts and that the reward of the supreme Heavenly Venerate this time round was the Merit Golden Lotus! It would have been fine if it had been any other treasure. However, the Merit Golden Lotus was way too important to Su Zimo! Not only would it improve his physical body and bloodline, but obtaining the Merit Golden Lotus would also mean that his inheritance memories would be perfected and he might even be able to break through in a short period of time!

Back then, Chaos Qinglian had split into four during the turmoil. There was nothing more beneficial to him than the two remaining lotus flowers! Uncle Feng was right. He did not want to miss out on the Merit Golden Lotus, even if he had to take a certain risk! The Heavenly Venerate Grand Meet was held by the Ancestral Fire Sacred Ground. Since Uncle Feng knew so much about the Heavenly Venerate Grand Meet and even knew about the final reward, it meant that there was a high chance that he came from the Ancestral Fire Sacred Ground! "Senior, what do you need me to do?" Su Zimo did not express his opinion immediately and asked in a deep voice. "There's no need," Uncle Feng said with a smile. Uncle Feng smiled. "I'm just giving you this information. Whether you can get the final reward will depend on your own ability." Su Zimo frowned secretly. Not only did Uncle Feng rush here from the Ancestral Fire Sacred Ground to save him, he even gave him such important information without asking for anything in return. That was truly strange. Why would a complete stranger, and a Martial Saint expert at that, help him like this? "Alright, I'll go!" Su Zimo pondered for a long time before agreeing. On the one hand, the Merit Golden Lotus was way too important to him. Since he knew the whereabouts of the Merit Golden Lotus, he had to fight for it. On the other hand, Uncle Feng should not have any intention of harming him. Supreme Xie Mie clearly knew this person and had said that he would not come over with Su Zimo protecting him. In other words, Supreme Xie Mie believed that Su Zimo would not encounter any danger with Uncle Feng around. "Let's go." Uncle Feng waved his hand and said, "I'll send you to the Ancestral Fire Sacred Ground. As for where you can go during the Heavenly Venerate Grand Meet, that has nothing to do with me." Su Zimo walked towards Uncle Feng and asked, "How long will it take to reach the Ancestral Fire Sacred Ground from here?" "Very soon." Uncle Feng smiled and waved his hand. The aura of the Great Dao spread and cut open the void beside him, revealing a spatial tunnel! Su Zimo narrowed his eyes. He had heard from Xu Rui and the others that even Dao Manipulation Realm experts could not teleport across the void in the Vast Thousand Worlds.

Uncle Feng seemed to have seen through Su Zimo's doubts and said with a smile, "Normally, Dao Manipulation Realm experts can't travel across the void. Only Saints and Sacred Spirits can travel across the Vast Thousand Worlds at will." "However, if you cultivate the Great Dao of Space, you can do that." Su Zimo was enlightened. Using the Great Dao of Space, one could naturally travel across the void. That was also the advantage of cultivating the Great Dao of Space. Uncle Feng waved his hand and

released a Great Dao of Space barrier to protect Su Zimo before leading him into the spatial tunnel. In the blink of an eye, they disappeared from the sky above Canagai State. Not long after the two of them left Canagai State, the other four Palace Masters of Five Venoms Palace arrived one after another. The Dao Master of the Scorpion Race who had escaped earlier followed behind them. After the death of the Sky Spider Palace Master, the blood mist that filled the air had yet to dissipate. The four Palace Masters looked at the traces left behind by the battle Just Now with ugly expressions. There's only one update today. Everyone, go to bed early.

## Chapter 3289

The Scorio Palace Master said in a low voice, "It's hard to avenge Sky Spider's death at the hands of Xie Mie Prime, but we can't let the culprit, Su Zimo, live!" The Sky Centipede Palace Master used his divine consciousness to communicate with the surrounding poisonous insects. He frowned and murmured, "He went to the Southern Region for the Heavenly Venerate Grand Meet?" "The Southern Region is too far away from here. Our Five Venoms Palace is powerful in Canagai State, but we can't reach there." The Sky Serpent Palace Master shook his head. The Sky Toad Palace Master said, "Are we just going to let this go?" The scorpion Dao Master said tentatively, "Palace Masters, Su Zimo seems to have Qinglian's bloodline." "Oh?" The Sky Centipede Palace Master's eyes lit up and his lips curled into a sinister smile. He said slowly, "It's fine if he goes to the Southern Region. We don't have to do it ourselves. We can get someone else to do it for us!" "You mean we should spread the news?" The Sky Scorio Palace Master asked. "That's right." The Sky Centipede Palace Master said, "After all, it's the bloodline of the Chaos Sacred Master. I believe there will be people in the Five Sacred Grounds interested in Qinglian!" "As long as he goes to the Ancestral Fire Sacred Ground, he can forget about leaving alive!" Palace Master is wise! "All the Five Venoms Palace cultivators praised. The Sky Toad Palace Master frowned and said, "I don't think the Sacred Grounds will believe us if we spread the news, right?" The Sky Centipede Palace Master said, "The Sacred Grounds won't suspect anything if Master spreads the news. Besides, we have to Sky Spider's death to Master." "Master loved Sky Spider the most. I didn't expect him to be killed by Xie Mie Prime!" The Sky Serpent Palace Master sighed.... In the space tunnel. Su Zimo thought of the Five Venoms Palace and asked, "Senior, the Five Venoms Palace and other forces rule the 108 states in the Southeast Territory. Why haven't we heard of any Saints?" It had been more than six billion years since the Chaos Sacred Ground was destroyed. No matter how difficult it was to become a Saint, Su Zimo didn't believe that no one had become a Saint over the years. Supreme Lin Meng and the others had been dragged into the Universe Fortune Diagram after the destruction of the Chaos Sacred Land. They knew nothing about what had happened in the Great Thousand World over the years.

Uncle Feng was the only one who could give him an explanation. "It's not that no Saints have been born." Uncle Feng said, "Most of the saints in the Great Thousand Worlds are under the command of the Five Great Sacred Lands. Moreover, the Saints will stay out of the conflicts between the major forces. They won't attack creatures below the Saint Realm." "Why is that?" Su Zimo asked. Uncle Feng said, "Saints will be tainted by karma if they kill creatures below the Saint Realm. Once the Great Dao was tainted by karma, it would affect one's combat strength. More importantly, it might lead to the punishment of the heavens, which could lead to death!" Su Zimo nodded secretly. In that case, under the deterrence of the Heavenly Punishment, the Saints would indeed have some scruples. Uncle Feng said, "For example, the Five Poisons Temple in the Canopy State also has a saint behind them. Those five poisonous bugs are the pets of that Poison Saint." Su Zimo was stunned. The Five Poisons Temple had

dominated the Canopy State for many years, but the five palace lords were just poisonous bugs raised by a Saint! Uncle Feng continued, "However, even if Autarch Xie Mie kills all five of them, the Poison Saint won't dare to make a move against him." As the two spoke, they reached the end of the spatial tunnel. Walking out of the void, Su Zimo looked around. Everything before him was scarlet red and the surrounding temperature was clearly much higher than in the Canopy Gai Region, surrounded by heatwaves. There was sand and stone everywhere, and some places were even burning! Many of the mountain peaks were flowing with boiling hot lava! In such an environment, there were very few plants that could survive. There wasn't a single bit of greenery in a radius of ten thousand miles. In the sky ahead, one could see a vast expanse of magnificent buildings. They towered above the horizon and reached into the clouds, clustered together like giant balls of holy fire! Uncle Feng pointed at the magnificent buildings and said, "The Ancestral Fire Sacred Land is ahead. I'll send you here. The Celestial Venerate Battle will take a few more days. You can participate then. ""Do you have any other questions?" Pondering for a moment, Su Zimo asked, "Where do the experts come from for the battle of the Heavenly Venerables? Will the people of the Ancestral Fire Sacred Land be participating?"

Uncle Feng smiled and shook his head. "If someone from the Sacred Land participates, you won't have a chance to win the title of Supremacy." "The eight weaves of the Great Thousand World will hold similar events. Generally speaking, experts from other weaves won't travel thousands of miles to the Ancestral Fire Sacred Land to participate in the Southern Region's Supremacy Battle." "The Southeastern Region has 108 states, and the Southern Region has 49 Spiritual Lands. You'll be facing the most outstanding Heavenly Venerates from these 49 Spiritual Lands." "This kind of event is a way for the Sacred Land to select talents. If someone from the Sacred Land participates, it'll be too much of a bully." Su Zimo's expression didn't change. "They're all in the Dao Comprehending realm. Are the people from the Sacred Land that strong?" Uncle Feng said, "You're now at the Minor Completion Dao Comprehending realm. With your physical body, bloodline, and spirit treasures, you can try to kill Grand Heavenly Venerates and Supreme Heavenly Venerates. But against someone from the Sacred Land, it won't be so easy." "Moreover, the Sacred Land has the inheritance of the Sacred Race!" "Sacred Race?" Su Zimo's heart skipped a beat. "Does the Sacred Race of the Ancestral Fire Sacred Land refer to the Vermilion Bird Race or the Phoenix Race?" "Back then, among the nine lords of the Heavenly Courts, the Vermilion Heaven Lord's true form was the Vermilion Bird. In Flame Heaven, there were cultivators with the Vermilion Bird bloodline, but they weren't from the Vermilion Bird Race." "Neither." Uncle Feng shook his head. "The Sacred Race is the Sacred Race. There are very few of them, and they aren't from the Vermilion Bird Race or the Phoenix Race. These two races can only be considered members of the Sacred Land, but they aren't part of the Sacred Race." Su Zimo was shocked. The Phoenix Race and the Dragon Race were known as taboos in the Lesser Thousand World. The Vermilion Bird was also known as a Sacred Spirit in many ancient books. Even the Vermilion Bird Race and the Phoenix Race weren't considered Sacred Races? What was the Sacred Race's background? Uncle Feng said, "Whether it's the Vermilion Bird Race, the Phoenix Race, or the Flame Race, only those with Ancestral Awakening can become Sacred Races!" Realization dawned on Su Zimo. He suddenly had an answer to a few questions that had been in his heart for many years! Only those with Ancestral Awakening were qualified to become Sacred Races!

He knew of two people who had achieved Ancestral Awakening. Night Spirit and Carefree! That was also why Night Spirit could come out of the Fiend Battlefield alive! Night Spirit's Ancestral Awakening was considered part of the Sacred Race even in the Greater Thousand World. Not to mention the Celestial

World, even those in the Heavenly Court wouldn't dare to hurt him. After Night Spirit and Carefree entered the Martial Emperor realm, they were forcefully taken away by a force in the Greater Thousand World. It was very likely that they were summoned by experts from the Sacred Land! When Su Zimo left, Carefree had yet to enter the Martial Emperor realm. However, when the monkey entered the Martial Emperor realm, it was also taken away by the power of the Greater Thousand World. Could it be that the monkey's bloodline had also undergone Ancestral Awakening? If that was the case, Night Spirit and the monkey shouldn't be in any danger in the Greater Thousand World. Night Spirit had entered the Sacred Race and obtained the Sacred Race's inheritance. He would definitely have a great opportunity and his future achievements might not be inferior to his! It was just that he didn't know which Sacred Land Night Spirit was taken to. Su Zimo was about to ask again when some cultivators sped past and looked over. Uncle Feng didn't seem to want to be noticed. His body moved and he disappeared into the void. "Weapons are not allowed in the Sacred Land. You can go on your own." After leaving behind these words, Uncle Feng disappeared.

## Chapter 3290

"That person doesn't look like a Heavenly Venerate from the Southern Region." "He seems to be a human?" "Does a Heavenly Venerate at the initial success of the Dao Comprehension realm want to compete for the title of supreme in the sacred ground?" "Haha, maybe he's just here to join in the fun." The group of cultivators sped past not far away and looked at Su Zimo. They chatted and laughed without any intention of hiding anything. Land of Intense Spirits. One of the 49 Spiritual Lands of the Southern Region. This group of people was the top group of Heavenly Venerate experts in the Land of Intense Spirits. When they saw Su Zimo's cultivation level and that he was a human, they naturally did not take him seriously. The man in the lead had a head of red hair, phoenix eyes, and a calm aura. He stared at Su Zimo for a while before saying softly, "This person should have some tricks up his sleeve. He's not as weak as he looks." "Senior Brother Fan, you think too highly of him." The others smiled and did not think much of it. The group of people quickly passed by Su Zimo and entered the Ancestral Fire Sacred Ground. Su Zimo stood quietly for a moment before heading towards the sacred ground. There were many Heavenly Venerate experts guarding the Ancestral Fire Sacred Ground. One could only enter after paying some Origin Stones. Su Zimo handed over a few Origin Stones. When the guards nearby saw that he had arrived alone, they only took a few more glances before allowing him to enter the Sacred Land. The Ancestral Fire Sacred Ground was bustling with noise and excitement. All the architectural styles inside were related to flames. Some were in the shape of flames while others were engraved with flame totems. Even the streets in the sacred ground were named after Vermillion Birds and Phoenixes. The rest was not much different from the secular world. Cultivators set up stalls on the streets, displaying some treasures and chatting with others. There were many restaurants and inns on both sides of the long street. The cultivators coming and going in the sacred ground were almost all above the Dao Manifestation realm. Even Imperial Emperor experts were rare. For many living beings with long lifespans, the joy of good food and wine was still irreplaceable. Su Zimo walked through the crowd and found an inn on the street to stay, waiting for the final battle of the Heavenly Venerates to begin. Every room in this inn had a mysterious restriction on the walls, which could block the probing of Divine Sense and sound. Obviously, it was the work of an expert.

Those who could open an inn in the Ancestral Fire Holy Land all had extraordinary means! Su Zimo spent most of his time cultivating in seclusion in his room. Every day, he would take some time out of his day to

come to the main hall and find a corner to enjoy his wine. He would listen to the discussions of the cultivators around him and gather information. Everything in the southern region was extremely unfamiliar to him. Even though he had many trump cards, he didn't dare to underestimate others. He asked about the most powerful Heavenly Venerates from the 49 Spiritual Lands. However, the past two days had been a little strange. The number of Celestial Venerables in the Ancestral Fire Sacred Ground had increased dramatically. There were even many cultivators in other clothes who had arrived. They were obviously not from the Southern Mountain Range! On this day. As usual, Su Zimo went to the corner of the inn's lobby and ordered a pot of wine. He sipped it slowly and listened to the conversations of the cultivators in the lobby. "Have you heard? The Southern Region's Heavenly Venerate Conference has alarmed the Yin Yang Holy Land! I saw a group of people from the Yin Yang Sacred Land arrive yesterday! " "It's not just the Yin Yang Sacred Land." Another cultivator said, "People from the Four Great Sacred Grounds are here. Moreover, there are Heavenly Venerates from the Sacred Tribe! " "Ah! " The words "Sacred Tribe" caused an uproar in the crowd! Many cultivators gathered around. Someone asked curiously, "Is the Sacred Tribe also participating in this Heavenly Venerate Conference? " "If that's the case, the geniuses from the 49 Spiritual Lands probably won't have a chance to compete for the title of Supreme Heavenly Venerate. " "Yes, the Sacred Tribe is invincible among their peers. They have the Atavistic Bloodline. Only the Sacred Tribe can fight against the Sacred Tribe. The other races are not strong enough. " "This is a little strange! Why would the title of Supreme Heavenly Venerate in the Southern Region attract experts from other territories? Even the Sacred Tribe is alarmed. " "Could it be that the reward this time is very special? " "No one will know what the reward is until the last moment. " Everyone gathered together and discussed, but they couldn't come up with a reason. Someone in the crowd coughed softly and said proudly, "I heard a rumor. "

"Tell us, tell us! " "Ox-nose, don't keep us in suspense! " Everyone urged him. The Ox-nosed Old Daoist stroked his long beard and said slowly, "As far as I know, the Sacred Tribe of the Four Great Holy Lands came here this time not for the title of Supreme Heavenly Venerate, nor for the final reward, but for ... " At this point, the Ox-nosed Old Daoist deliberately dragged out his syllables before saying something shocking, "Creation Qinglian! " "What! " There was a burst of exclamations from the crowd. "Creation Qinglian has been born? " "I heard that the Primal Chaos Sacred Leader was the Green Lotus of Creation. After he died, the Green Lotus of Creation disappeared. " "Creation Qinglian is of great help to Heavenly Venerates who cultivate the Creation Great Dao, Wood Great Dao, Life Great Dao, and so on. She can make it easier for them to comprehend the Great Dao. " Hearing this, Su Zimo, who was in the corner, frowned. He knew that it was impossible to hide Qinglian's bloodline in the Great Wide World forever. However, he did not expect that this matter would spread to the ears of the Four Great Holy Lands so quickly! Uncle Feng knew about his bloodline, but he should not do such a thing. The most likely culprit was the Five Venoms Temple! Borrowing a knife to kill! Su Zimo's mind raced, and he quickly guessed the Five Venoms Temple's scheme. A cold light flashed in his eyes. The old Daoist priest continued, "It's not just Creation Qinglian that has been born. I heard that Creation Qinglian has already fused with a cultivator. That person is a recent ascender and is now in the Ancestral Fire Sacred Land. " "No wonder the Four Great Holy Lands were alarmed and even the Sacred Tribe appeared here. " "If I were that Creation Qinglian, I would leave immediately. " The old Daoist priest sneered and said, "In the Ancestral Fire Sacred Land, weapons are not allowed. He can still live for a few more days. Once he leaves, it will be his death! " "What does he look like? What's his cultivation level? " A cultivator asked. The old Daoist priest replied, "I was fortunate enough to take a look at that person's

portrait. It's a man with black hair and green robes. He has delicate features and looks somewhat scholarly. It's said that his cultivation level is only at the initial Dao Comprehension realm. "

"Then isn't that person dead for sure?" "Now that you mention it, I seem to have some impression of that person. I seem to have seen him somewhere recently." When Su Zimo heard this, he was about to get up and leave. At that moment, someone inadvertently glanced over and suddenly screamed, "Over there!" The voice immediately attracted the attention of the crowd. In an instant, hundreds and thousands of cultivators in the hall turned their heads and looked at Su Zimo. At the same time, four Supreme Heavenly Venerables entered the hall and looked around as if they were looking for something. Soon, the four Supreme Heavenly Venerables also locked their gazes on Su Zimo, revealing a trace of murderous intent!
