Chapter 21: Meeting Gideon's Friends

Allison

“Wake up!”

Tommy and I both yelled as our door got busted open.

And because he had his arm around me, he pulled me to the ground when he fell.

“Ouch.” I mumbled as I rubbed my nose.

Curses Tommy for having such a rock hard chest.

“Sorry baby.” Tommy grumbled as he rubbed his eyes.

“You guys up yet?” Cali asked as she came into view.

“Sadly.” I mumbled as I stood up.

“What the hell?” Tommy asked as he jumped up next to me.

“School.” Lulu groaned. “Your parents are making us go back after our little “vacation” as you put it.”

“Vacation?” I asked as I looked at Tommy.

Tommy nodded. “After everything that happened with you and the hunters and finding out about us, I couldn’t let you go to school. So I called the school and told them that everyone here took a vacation out of state and you came with us.”

“So you lied.” I laughed.

Tommy smiled and nodded. “Yes, but I’m alpha. They had to agree anyway.”

I rolled my eyes and walked to my old room.

“Where are you going?” Tommy asked as he followed.

“To get dressed.” I said.

“Yay!” Cali and Lulu cheered.

“We get to help you.” Lulu smiled as she dragged me to my old room.

“No guys allowed.” Cali smirked as she slammed the door in Tommy’s face.

The girls took forever to find the perfect outfit for me.

They told me that I had to look incredible and then they went off about how everyone won’t believe that it’s me.

But after about an hour of getting ready, I was walking down the stairs with Cali and Lulu in front of me so no one would be able to see me.

“Them and their grand entrances.” Zia laughed as she playfully elbowed me in my arm.

“Attention.” Lulu demanded as she clapped her hands together.

“We give you.” Cali paused as she stepped aside. “The newly transformed Allison.”

“It’s only clothes.” I laughed as I walked down the stairs.

“Yes.” Lulu nodded. “But with curled hair, jewelry, and a simple touch of makeup.”

I blushed as everyone stared at me in awe.

“Holy shit.” Michael laughed.

“What?” Tommy asked with his back still to me.

Adam and Michael both turned Tommy around so he was facing me.

Tommy saw me and his mouth fell open.

Oh God. Does it really look that bad?

“Allison?” Tommy asked.

Lulu giggled. "You're drooling there boy."

Tommy snapped out of it and wiped his mouth on his shirt.

"I...um...I." Tommy stumbled over his words. "Wow."

"Does it look bad?" I asked nervously.

Tommy didn't say anything. He just continued to stare.

"Answer her you idiot." Michael said as he slapped the back of Michael's head.

"Bad?" Tommy asked shocked. "You look incredible. You look perfect. Well you always have, but seriously. You look amazing."

"Aw!" Sam gushed.

I felt my cheeks heat up and I looked down.

I jumped as I felt sparks on my chin and my head was moved upward.

"You look beautiful." Tommy smiled as he pecked my lips.

I let out a sigh of relief.

"Were you really that worried?" Adam asked confused.

I nodded shyly. "I've never dressed like this. I only had like maybe 5 outfits. I could mix and match them together, but that was it."

"Did you ever have any jewelry?" Cali asked.

I was about to shake my head no, but stopped.

"My box!" I yelled as I remembered it.

"Box?" Lulu asked.

I nodded. "It had a pictures of me and my mom before she died. And also the very first necklace that she ever gave me."

"Where is it?" Michael asked.

“In my room.” I whispered sadly.

“You girls go to school.” Tommy said sternly. “Michael, Adam, and I will be right back.”

Adam threw his keys to Cali and followed Michael and Tommy.

None of us got a chance to ask what was going on. They all ignored us and walked out the door.

“Welp.” Cali shrugged. “Let’s go.”

The ride to school wasn’t that long. Well especially with Cali’s driving.

Word of advice. Don’t give this girls keys to a jacked up and powerful truck.

“Land!” Lulu yelled as she jumped out of the truck and onto the pavement.

“I can finally breathe!” Zia screamed.

“You gonna say anything dramatic?” Cali asked me laughing.

I shook my head. “Nah. I’m good.”

“I knew there was a reason that I liked you.” Cali laughed as she got out.

I chuckled and opened my door.

“Let’s go to hell.” Lulu said as we opened up the school doors.

“I can already feel my body burning up from all the hate that I have for this place.” Zia said in disgust.

I giggled at that and Zia smiled down at me.

“Come on guys.” Cali laughed as he walked to the office.

“Hello.” Mrs. Winters smiled.

“Hello Sally.” Lulu smiled.

“How was vacation?” Mrs. Winters asked.

“So much fun.” Cali laughed.

“That’s good.” Mrs. Winters said. “Oh Luna. You’re new schedule.”

“I didn’t know you were a wolf too.” I smiled.

Mrs. Winters smiled. “Oh deary. I’m just glad that you accepted us.”

I smiled warmly at her. “Me too. And may I ask why I have a new schedule?”

Mrs. Winters winked. “Alpha requested.”

I rolled my eyes and looked at my new schedule.

English honors, advanced math, advanced science, history, art, music, P.E., free period.

“Let me guess.” I smiled. “I got put in Tommy’s classes.”

Mrs. Winters nodded. “English, math, science, and P.E. He doesn’t take the other classes and there is no advanced history. Only the history for what grade you are in.”

“Thank you Mrs. Winters.” I said as I waved at her.

“Please call me Sally.” She said.

I nodded and walked out to English.

“Hello girls.” Mr. Tompson smiled. “Hello Luna.”

I stared at him wide eyed.

“Yes Luna. All the teachers here are wolves.” Mr. Tompson whispered, I guess so the human students don’t hear.

“It’s easier that way.” Cali whispered. “Just in case something happens with the pack, the students can mind link the teachers.”

“Wait a minute.” I said suddenly. “When they mind link, do their eyes fog over?”

Cali nodded. “Why?”

I looked back at Mr. Tompson.

“When you were reading the names off for our paper.” I said.

Mr. Tompson’s eyes grew wide. “Uh about that.”

“Let me guess.” I laughed. “Tommy wasn’t my partner?”

He laughed and shook his head. “He mind linked me and told me to pair you guys up. I knew right then that you guys were mates by the way he demanded it and looked at you. I couldn’t say no to that.”

I smiled. “That’s fine. Who was my original partner?”

“Um Vanessa I think.” Mr. Tompson said unsure.

“Oh ya. That’s totally fine that Tommy linked you.” I nodded frantically.

The girls laughed and we took our seats.

“Mr. Tompson?” Sally’s voice asked over the intercom.

“Yes?” He asked.

“Please send Allison to the office.” Sally said softly.

“Of course.” Mr. Tompson said as he looked at me. “I can have the girls catch you back up when you come back Luna.”

I nodded. “Thank you.”

I got out of my seat and walked to the office.

“Ew.” Vanessa sneered. “Look who is trying to fit in now.”

I cringed slightly, but kept on walking.

Just ignore them Allison.

I sighed as I turned the corner, but bumped into someone.

“I’m so sorry Luna.” Isaac said worriedly as he caught me before I hit the ground.

"It's okay." I smiled as I rubbed my forehead. "I didn't know you guys were janitors."

"We aren't." Bruce laughed. "Alpha assigned us three as your bodyguards."

"Oh?" I asked.

Max nodded. "Which means we go where ever you go. And posing as janitors works."

"I'm sorry you guys have to watch me all the time." I said quietly.

Now I feel bad.

But the guys just laughed and waved me off.

"It's our job." Max smiled. "And besides. It's a complete honor to guard you."

"Really?" I asked confused.

Me? Of all people. Me.

"Duh silly." Isaac laughed. "You're the freaking Luna. You're the leader. Getting chosen to guard you is an incredible action. Our wolves are so happy and proud that the alpha picked us to be your bodyguards."

I blushed slightly. "Oh. Thanks."

Bruce laughed. "No problem Luna. Better get to the office though."

"Oh gosh." I jumped as I ran down the hall. "Thanks!"

I smiled slightly as I heard their booming laughs.

"There you are Allison." Sally smiled. "Your uncle is here to pick you up."

So that's why she didn't say Luna.

Wait...my uncle?

I gasped as I looked over at him as he stood up with a smirk.

It's my dad's red haired friend.

His blue eyes looked just as dull as my dad's did.

"Ready Allison?" He asked, his voice raspy and his yellow teeth showing.

I gulped and shook my head.

I quickly turned around and booked it out of the office.

Shit!

And of course my phone is in my locker.

I ran faster when I heard his footsteps behind me.

And boy was he gaining on me fast.

Only if Tommy was here.

But I mentally jumped for joy when I saw Bruce sweeping the floor.

"Bruce!" I yelled as I tried to push my legs faster.

He turned towards me and his eyes went wide.

"Luna!" He growled as he ran for me.

"Get back here you bitch!" Gideon's red haired friend yelled.

"Bruce!" I cried. "Help me!"

Bruce growled and picked up his broom.

"Duck." He growled.

I ducked as I ran past him and turned around.

Red haired guy's eyes went wide before Bruce swung his broom.

It hit his face and he was out cold instantly.

I slumped down the wall and rested my head in my hands.

I looked up just in time to see Bruce drag the guy into the janitor's closet and lock the door.

"I'll get him later." Bruce said sternly to himself as he put the keys back on his belt.

"Thank you." I whispered.

Bruce's head snapped towards mine and he ran over to me.

"Are you alright Luna?" Bruce asked as he carefully pulled me up so I was standing.

I gave him a shaky nod. "I think so."

"Who was that guy?" Bruce asked as he pointed his thumb towards the door.

"One of my dad's friends." I said worried. "Oh no. He found me!"

"It's okay Luna." Bruce said as he placed his hands on my shoulder. "I mind linked the alpha. He will be here shortly."

"Allison!" Cali yelled as she, Lulu, and Zia all ran to us.

"Are you okay?" Zia asked worried.

I nodded. "One of my dad's friends almost got me. What if my dad knows where I'm at? I'm so scared!"

"Hey now." Lulu said as she pulled me into a hug. "He won't get you. You have us."

"Speaking of which." Zia said confused as she looked around. "Where is this guy?"

"Bruce knocked him out with a broom." I laughed. "He's unconscious in the janitor's closet."

"Trying out your baseball skills?" Lulu asked laughing.

Bruce nodded with a wink. "It was a homerun if you ask me."

I laughed.

I'm glad I have these guys.
