Chapter 6

Rachel

I got to NAVA just before 9pm and saw Carl with five other people standing in line.

“Hi Carl”

“Hi Rachel you look hot”

“Thank you Carl”

“Rachel this is Gideon, Christian, Burn my boyfriend and Olivia and her boyfriend Dare. Everyone this is Rachel”

“Hi everyone” I said nervously

OMG everyone is so sexy I definitely don't fit in with this crew but hey let's fake it till you make it tonight Rachel. We stood in a long row to get into the club when we eventually got inside, it was so hot.

The crew as I will be calling them, all went to the bar.

“Okay guys what are we drinking” Carl asked

Shots, shots Christian shouted or was it Gideon, I'm not sure but I'll get it right sometime tonight.

I'm a light weight when it comes to alcohol so I have to pace myself. The first shots of tequila came and everyone cheers and downed the tequila.

OMG it was burning all the way down, I'm not a tequila girl. Then came the second shots of tequila.

Ooooo goody I thought to myself, how am I going to skip some of these shots.

Okay guys I'm having a cocktail, I said. “No Burn said first we are going to dance”

He grab my arm and we moved to the dance floor the rest of the crew just behind us.

The dance floor was packed everyone was basically dancing on top of each other but we found a spot and we where all dancing together.

After the second songs I felt a body at the back of me. The guy was grinding his front to my back. I was trying to turn around to look at the guy but he held me too tight I couldn't move.

He was grinding his dick against my ass and I was feeling very uncomfortable because the guy didn't get the message that I didn't want to dance with him I tried to elbow him, stomp on his foot nothing worked he was reeking of alcohol and cigarettes, the two smells I can't stand.

I was looking for one of the other crew to help me but they were doing their own grinding and making out, while dancing.

Ooo great theirs no one to help me get rid of this guy, I thought to myself.

I was starting to panic when suddenly I felt his body leaving mine. When I turned around I saw Massimo taking the guy by his collar and talking to him then he gave the guy to his driver and the driver escorting the guy to the front of the club.

When I took a good look at him I realized that I recognised the guy. It's the creepy guy from the train.

That shooked me up more, I'll need to tell Massimo or Herman.

Massimo

I was sitting in one of the VIP booths drinking a scotch on the rocks when I spotted her on the dance floor she was having a good time with her friends and she was looking so sexy in that silver dress. I'll just be watching from here for now the Ricci's won't now I'm here if I keep a low profile. I think to myself On the second song there was a guy moving closer to Rachel he grabbed her and pushed he's front to her back. What does he think he's doing, he will regret putting his hand on my Bella." Luca come with me, Sir we can't make a scene. Yes I know Luca but I can't let that guy man handle my girl." I stormed to the dance floor and grab the guy by the shoulder. "Man I'm dancing here" he screamed at me over the music. I think you danced enough and your so blind you didn't even see the girl didn't want to dance with you, so leave now I told him. No I'm going back to dance with that girl he told me. "No, you most certainly will not, she's been elbowing you and she stomp on your foot and you still didn't get the message Luca take him out. Yes sir", Luca took him towards the door and I went to my girl.

"Rachel you look beautiful" I whispered in her ear. She was so stunned, I like that expression on her face. "What are you doing here? Just making sure you're okay and it looked like I came at the right time. Dance with me Bella" I took her and pressed her back to my front and we started moving, the sexual tension between us was electric. After one song I told her "Bella lets go sit. Let me just tell my friends she said." Friends my ass were where they when she needed them. But I'll keep that to myself. When she got back from her 'friends' I took her to the VIP booth

“ Do you want something to drink?”

“What are you doing here Massimo? And why are you calling me Bella?”

“I call you Bella because you look and are beautiful”

“okay but what are you doing here?”

“I asked you a question Bella, so you want something to drink?”

“Yes, fine water please”

“Two waters please” I asked the bartender

“Now answer me what are you doing here?”

“I told you to check on you, I know this club is not of the safest places and by the look of things I wasn't wrong in coming here”

“Thank you Massimo but there's something I need to tell you about that guy” she told me

Now lets sit down and you can tell me, but then Luca came back. “Sir we need to leave now.”

“Bella please come back to my place, I'll take you to my club if you want to go another time but please leave with me now.” I practically begged her.

I could see on her face she wanted to asked questions but said yes anyway. “I'll explain later, I promise” I told her.

We made our way to the front door of the club when Anton the Ricci's families bodyguard stepped in front of us. Mr Marchetti please come with me he said. Anton I don't want any trouble we are on our way out. I understand Sir but I'm only following orders he told us. “Luca take Rachel to the car so long” I instructed Luca.

“Sorry Sir Anton said Mr Rici wants to see all of you” “As you wish Anton, lead the way” I told him.

As we were walking to the office I presumed, I told Rachel to stay behind me and next to Luca at all times, she looked scared but said yes anyway.

You'll be safe I promise I told her. We approached a door and Anton opened the door inside was the head of the Ricci family himself with 2 bodyguards.

His office looked like a typical Mafia boss office Chesterfield couches a big dark brown desk and the smell of cigars. What a stereo type.

“Good evening Ricci what can I do for you” I asked

“Marchetti you are in my club. The question should be what can I do for you?” “I don’t want any problems Ricci I just came to fetch a friend”

“If you didn’t wanted any problems why did you throw one of my customers out?” Ricci asked

“If you had better security I wouldn’t have to be here or have done that.”

“This girl must be important to you if you are in my club?”

“Like I said she’s just a friend and new in the city I was just looking out for her” “

Can I meet her?” he asked “No need we’re on our way”

“ Marchetti this is my territory, stay away”

“No problem Ricci I will go now” I turned around and took Rachel by the arm and Luca walked behind us.

“Just walk Rachel until we’re outside don’t stop” When we reached the door and went outside I was so relieved, that could have gone a million different ways.

“Luca where is the car?” “I’ll go and fetch it sir” Luca said “No, we are coming with you” we started to run/walk to the car as soon as we were seated in the car I looked at my Bella there was different emotions on her face but the one that was the strongest were fear.

“Bella you safe, we are safe you don’t have to be scared anymore I will protect you” I reinsured her.

“From what will you protect me Massimo?”

“Can we please go to my place and I will explain everything Bella?”

“Maybe I should go home?”

“You could but I will really feel better if you’re with me tonight”

“Massimo we don’t even know each other”

“Bella I went into the enemy’s den for you tonight I wouldn’t hurt you I promise I just want you near me tonight”

“Fine Massimo I’ll go with you, for some reason I trust you.”

“Thank you Bella”

“Luca take us home please”
