

Substitute Bride's Husband Is An Invisible Rich Man

Chapter 91: Running Into Mo Lian by Chance

After arranging with Luo Tao, Mo Yan pulled him out to go shopping.

Although she made it sound like she just wanted Luo Tao to fulfill his promise to protect her, she actually just wanted to experience the feeling of going shopping with her husband for once.

The two of them came to the mall that Mo Yan used to frequent. Things here were very expensive, so Mo Yan did not come to shop. She just wanted to go with Luo Tao to see the places she had visited before.

Suddenly, Luo Tao received a call from a friend. To give him some privacy, Mo Yan went to the beverage shop that she used to like very much and ordered milk tea and coffee while waiting for him.

"Mo Yan?"

Hearing someone calling her, Mo Yan turned around and looked.

"It's really you! You're spending the money that you stole from my family so happily! You can even come all the way here to spend money?" Mo Lian's face was full of sarcasm, and the malice in her words was not concealed at all.

"Mo Yan? Mo Lian, is this the daughter of that mistress?" A girl who was dressed in branded clothes and had long curly hair, asked Mo Lian.

"Yes! It's her." Mo Lian's tone when she spoke to the girl had an indiscernible fawning tone.

Hearing Mo Lian's affirmation, the girl sized Mo Yan up with a disdainful gaze.

"Like mother, like daughter. Just by looking at her, she has the face of a vixen."

Mo Yan frowned and replied to the girl with a cold face, "Lady, please watch your words. To speak ill of someone you don't know, seems like you weren't brought up right."

After saying that, Mo Yan wanted to leave. She did not want to stand here and be insulted by others. Moreover, she knew the three people behind Mo Lian and the girl with long curly hair. They were the most famous gossips in the university community. Whatever came to the ears of these three people, it would spread throughout the entire grade the next day. Many people did not like them in university.

Mo Yan did not care how these three people came into contact with Mo Lian, but she knew that she had to leave this place as soon as possible. She had a bad premonition.

Sure enough, Mo Yan had just taken a small step when she was stopped by Mo Lian.

"Mo Yan, why are you running away? A mistress is a mistress. Avoiding it doesn't make it less of a fact. Your mother seduced my father and almost tore my family apart. You also followed your mother's example. I don't know how you managed to hook up with the young master of the Qin family. Why are you so shameless? Insisting on bringing trouble to our family?"

Thinking of the money that the Mo family had lost because of Mo Yan, Mo Lian's voice became increasingly shrill, and she appeared charismatic because of her hatred and anger. The bystanders couldn't help but believe her.

Mo Lian knew that Mo Yan would not expose the fact that she had married Luo Tao in place of her, so she thought her slandering Mo Yan like this was enough.

Just as Mo Lian thought, Mo Yan was so angry that her entire body was trembling.

"Your mother is the mistress and you are the illegitimate child! My mother is Mo Dong's first wife. Your mother only got married to Mo Dong after my mother divorced him! Mo Lian, you're slandering my family. Aren't you afraid of being struck by lightning if you lie?" Mo Yan yelled at Mo Lian.

Ever since Mo Dong refused to give Mo Lian the 500,000 yuan, she no longer considered him as her father. He was just an ugly man who had ruined her mother's life.

Seeing Mo Yan's anger, Mo Lian laughed even more wildly.

"I think you're the one who should be afraid of getting struck by lightning. Everyone knows that my mother is my father's only wife. If it wasn't for the woman named Meng Xian deliberately seducing him, why would my father make such a mistake? Even though my father didn't want to have anything to do with her, she still insisted on sticking to him. Your mother is a home wrecker who destroys other people's families and seduces other people's husbands."

Every word from Mo Lian was stepping hard on Mo Yan's toes. Mo Yan was so angry that her head swelled up and her eyes couldn't help but turn red.

People gradually gathered around and were listening to this family drama.

Mo Yan resisted the urge to beat Mo Lian up and said word by word, "My mother, Meng Xian, was Mo Dong's first spouse. The two of them got married 29 years ago, and five years later, Mo Cheng and I were born. Later, because Chang Lu brought you along, their marriage was destroyed and they got a divorce. Mo Lian, do you need me to show you the marriage certificate?"

Mo Lian did not expect Mo Yan to know so clearly. She even explained the timeline. She could not help but look a little flustered.

This was somewhat different from what she knew. However, now was not the time to think about this, Mo Lian hurriedly tried to remedy the situation. "Ha! Mo Yan, you really know how to spout nonsense. Ask my father's friends. Which one of them doesn't know that my mother is my father's wife? If what you said is true, how could they not know your mother? They haven't even met your mother? You're saying all this because you don't dare to admit that your mother is a mistress!"

Mo Yan glared fiercely at Mo Lian. Even after her detailed explanation, Mo Lian could still twist the truth! She really wanted to throw her mother and Mo Dong's divorce certificate onto Mo Lian's face.

The two of them spoke one after another, causing the surrounding audience to be confused. It seemed like everything they said was reasonable, but it also seemed like there was something ridiculous about them. They couldn't tell what was true and what wasn't.

Chapter 92: Rumors

Seeing that she could not win against Mo Yan, Mo Lian rolled her eyes and a vicious plan instantly surfaced in her mind.

Mo Yan's substitute marriage was a ticking time bomb. If one day Mo Yan thought of using this to threaten them again, it would not be good. Why not she expose it herself and let Mo Yan take the blame?

And that gangster, didn't he threaten her last time? Even if she killed Mo Yan, what could that gangster do to her? Seducing the young master of the Qin family after getting married... This little bitch was really just like her slutty mother.

Mo Lian lowered her eyes slightly to hide the malicious light in her eyes, she pretended to sigh and said, "If you put it that way, I am confused about what happened to my parents. But I hope that since you've achieved your wish, you won't disturb my family anymore. I've given you the person you want, and the money you want, the young master of the Qin family has already taken it from my family. From now on, let's cut all ties."

"What nonsense are you talking about?" Mo Yan was still thinking about how to prove her mother's identity, but unexpectedly, Mo Lian spoke again, and Mo Yan subconsciously replied.

"I wonder how you are doing with your husband?" Mo Lian asked.

Mo Yan did not understand the purpose of her sudden change of topic. Her heart became more vigilant.

"Back then, when you heard that I was engaged to the young master of the Luo family, you thought that the Luo family was either rich or noble. Without knowing the truth, you asked father to let you get married to Luo Tao. Father was not willing. The Luo family believed that the one who was engaged to their young master was the legitimate daughter of the Mo family. However, you told my father that if he didn't let you get married, you would publicize his mistake. In order to prevent the Mo family company

from going into turmoil and causing the employees to lose their jobs, my father had no choice but to agree to your unreasonable request.” Mo Lian sighed. She looked as if she had been greatly hurt.

“So, I want to ask, are you and your husband okay now?”

When a strong person showed their weak side, it would cause people to unconsciously feel sympathy for them.

Mo Lian was acting like this now, pretending like she was the one who had suffered.

Mo Yan’s eyes slowly widened as she spoke, and she had a new understanding of Mo Lian’s ability to lie through her teeth.

Mo Lian said that she stole her place in her marriage? That she wanted to marry a hooligan that she had never seen before? That she thought that the hooligan came from a good family? Although she had indeed fallen in love with Luo Tao now, before they got along, her impression of Luo Tao was only that he was a hooligan who always fought with others and had been imprisoned. What Mo Lian said was completely made up.

However, nobody cared whether it was the truth or not. People only liked to listen to stories. If a story was interesting, whether it was the truth or not was no longer important. Because they were only there to join in the fun, listen and gossip, who would care if a stranger was wronged?

As the people around whispered, Mo Yan finally could no longer suppress her emotions. She took a step forward and gave Mo Lian a loud slap on the face.

“Mo Lian, don’t you remember why I got married back then?”

Mo Yan stared at the side of Mo Lian’s face. She wanted to know how Mo Lian would continue to slander her.

Mo Lian took half a step back in shock. She did not move for a long time. Mo Yan saw that Mo Lian had the intention to fight back. Mo Yan was already prepared to defend himself.

Unexpectedly, Mo Lian raised her red and swollen face and two lines of clear tears fell. She sobbed, "I've endured your slap. From now on, we're even. Please don't come near my family and my life again."

In an instant, Mo Yan was angered by Mo Lian and laughed. She couldn't control her tears, but she refused to let them fall.

Just as they were in a stalemate, a woman's voice came from the crowd. She sounded to be in her thirties or forties.

"Aiyo, little girl, why did you hit her? She's only speaking the truth! Kids nowadays!" She even clicked her tongue.

After the woman's spoke, the small discussion gradually grew louder.

The flood of rumors drowned Mo Yan. Mo Yan only felt a wave of nausea. The sudden dizziness made her lose her balance.

Suddenly, a pair of large hands held onto Mo Yan's waist, preventing her from falling down.

"Luo Tao."

Mo Yan opened her eyes and finally saw a familiar person.

At this moment, Mo Yan could no longer hold back her tears. She threw herself into Luo Tao's arms and cried silently.

The feeling of being wrongly accused by so many people made her physically and mentally exhausted. She did not even have the chance to defend herself. Mo Lian's interlocking traps fully discredited her.

She was like a puppet, being strung around by Mo Lian.

Chapter 93: Stay for a Few Days?

“Don’t cry, tell me what’s wrong?”

Luo Tao gently pulled Mo Yan away from him and wiped away the tears at the corner of her eyes.

However, to no avail. After a tear was wiped away, a new one would surge up.

Mo Yan didn’t know how to explain it to Luo Tao. She gritted her teeth and stood on the spot.

Luo Tao’s gaze swept past the middle-aged woman who was the first to speak in the crowd. The middle-aged woman was frightened by his bone-piercing gaze and quickly slipped away.

Finally, Luo Tao fixed his gaze on Mo Lian.

This was the first time Mo Lian saw Luo Tao. She could not help but be shocked by Luo Tao’s appearance and aura. She could not believe that Luo Tao was such a person. Didn’t they say that he was just a local ruffian who had been in prison?

Looking at Luo Tao’s cold and handsome appearance, Mo Lian was slightly lost in thought.

“You have once again crossed the line.”

The familiar voice made Mo Lian recall the call that she once had with a man.

At that time, what did he say? It seemed like he said he would make her regret it?

Mo Lian shivered and came to her senses. Previously, he only threatened her through the phone, so she wasn't very affected. Now that she saw him in person, Mo Lian felt a chill from the bottom of her spine.

He really looked as if he wanted to kill her. Being suppressed by the powerful aura, Mo Lian did not dare to pretend to cry anymore. At this moment, it was somewhat strenuous for her to stand up straight.

Mo Lian forced a smile and said, "You are, Mo..."

She paused and rephrased her words.

"You are her husband, Luo Tao?"

Luo Tao did not reply. He only looked at Mo Lian quietly, as if he was looking at a dead object.

"Luo Tao?" The long curly-haired girl who had been watching the show silently finally spoke at this moment.

Mo Lian glanced at the girl gratefully, thinking that she was trying to help her out.

Luo Tao turned his head indifferently and continued to look at Mo Yan. He didn't even look at the long curly-haired girl.

The long curly-haired girl couldn't hold back her curiosity, and her voice was filled with anger. She asked again, "Your name is Luo Tao?"

"Don't cry. If you cry again, your face will be ruined. Didn't we come out today to play?"

Luo Tao comforted Mo Yan gently, treating everything around him as if they didn't exist. He had already memorized the people who should be remembered. There was no need to waste time with this group of people.

Mo Yan ignored him and stifled her tears. She couldn't control herself. She was obviously holding back her anger, but she didn't know how to vent it on Mo Lian.

"Seeing that you're so angry, why don't we send them to the police station for a few days to calm you down?"

"Police station?" Upon hearing these two words, Mo Yan raised her head in confusion. Her large eyes were filled with tears that could not be shed.

At this time, the surrounding crowd had almost dispersed. Many people saw that the man had come with ill intent and took the opportunity to slip away. The remaining people also gradually dispersed because there was no reason to stay. A few people were still peering at them from a distance. Upon hearing the two words "Police station", it was as if a propeller had been installed and they ran quickly.

Luo Tao kissed away Mo Yan's tears and dyed Mo Yan's originally pale face red.

"Why, why?"

"Why what?" Seeing that Mo Yan's attention had been diverted, Luo Tao smiled and stroked Mo Yan's head.

Mo Yan grabbed his hand and held it in her hand. She said in an extremely soft voice, "Why did you kiss me?"

"You are my wife. Isn't it normal for me to kiss you?"

The gentle Luo Tao made Mo Lian stare straight at him, while the long curly-haired girl's face turned ashen. This was the first time she had been ignored by someone.

Seeing that the man had been ignoring her, the long curly-haired girl was so angry that she laughed, "Who do you think you are? You want to send me to the police station for a few days? Do you know who I am?"

The warm atmosphere between the two was broken. Luo Tao put one hand on Mo Yan's waist and prepared to leave with her.

Mo Yan also followed his movements and turned around. When she was at her most helpless, it was Luo Tao who gave her his arm to support her. She wanted to rely on him, trust him, and leave everything to him to handle.

"Stop!" The long curly-haired girl became more and more irritable after being ignored by the two of them. Her voice was a little hoarse when she called out to the two of them.

The two of them naturally ignored the insignificant person.

However...

"Luo Tao, do you know that your wife has hooked up with a rich man and seduced the young master of the Qin family?"

Mo Lian's voice was not loud, but she successfully stopped the two of them.

Mo Yan looked at Mo Lian in disbelief. She really could never imagine how Mo Lian would continue to slander her.

Luo Tao also turned around and shot a cold glance at Mo Lian. However, Mo Lian thought that she had succeeded in sowing discord and did not notice it.

Although the girl with long curly hair did not say anything, she also looked at Mo Yan with a look of disgust and pride.

Chapter 94: Villain Performance

Mo Yan was completely disgusted by the two of them. She endured her nausea and said, "Your viciousness has made me look at you in a new light."

"I only said the truth." Mo Lian continued to be stubborn.

And when Mo Yan wanted to speak again, she felt Luo Tao's gaze.

That gentle and focused gaze made Mo Yan instantly panic. She was sure that she had not done anything wrong to Luo Tao, but she was also afraid that Luo Tao would be brainwashed by them and suspect her.

"Luo Tao, no, I didn't." Mo Yan explained anxiously to Luo Tao.

Luo Tao looked at her gently and gently stroked her back. "I believe her, even if she really did make a mistake one day. As long as she is willing to return to my side, I am willing to stay with her."

Mo Yan's heart pounded, and she subconsciously glanced at Mo Lian and the long curly-haired girl.

The two of them were speechless. Mo Yan turned around and gave Luo Tao a big smile, taking the initiative to hold his arm. "Come, let's go play."

In front of the beverage shop, two people with strange expressions and three petrified people were left frozen on the spot.

After walking for a long distance, Mo Yan was still reminiscing about the funny looks of the few of them. She swept away her previous depression. She didn't like to harbor negative feelings.

After walking with Luo Tao for a while, Mo Yan realized that something was wrong.

She glanced at Luo Tao and thought about what had happened before. Mo Yan said suspiciously, "Why do I feel that what you said just now is a little familiar? Have I heard it somewhere before?"

"You have?" Luo Tao smiled nonchalantly.

At this moment, the two of them stopped at the entrance of a clothing store. The screen in the store was broadcasting the recently popular television series.

The male lead of the television series said, "As long as she is willing to be with me, I don't care about these things."

Mo Yan was instantly dumbfounded. As she recalled the situation just now, she was speechless.

"You, you... No way!"

Luo Tao looked at the screen and laughed lightly, "My memory is not bad."

Luo Tao usually did not watch television dramas, and he would not watch anything related to love. It was just that there was once when Mo Yan was so obsessed with the plot of a popular drama that she dragged Luo Tao along to watch it with her. He had only watched it for a short while, but he had already memorized the male lead's actions?

After receiving Luo Tao's affirmation, Mo Yan instantly laughed her head off. She really did not think that Luo Tao would learn how to flirt with girls from a television drama. Should she feel honored? She was the one who was being flirted with.

"This TV series is so popular, do you think Mo Lian saw it too?"

Mo Yan was already tickled beyond words. She completely didn't notice that she had already let the cat out of the bag and was still chattering non-stop. Luo Tao looked at her gently and didn't expose her.

"Everyone says that they want to become the main character in a TV series, but Mo Lian just had to become the villain. The plot is still so similar, hahahahahahahaha! How can she be so silly? Oh my god, this is so funny."

Mo Yan laughed along the way, attracting the attention of people passing by.

Luo Tao did not stop her. He only listened to her. After Mo Lian's interference, he only hoped that Mo Yan could have fun and forget about what happened before.

However, some people still had to be punished.

Qin Yuan was playing with a new piece of jade. The batch that he had just received was pretty good. Qin Yuan was prepared to keep a few pieces for himself. When he returned to the capital, he would ask the Master of the Shen family to carve a few more patterns.

Suddenly, a special message notification sounded. Qin Yuan swiped his phone.

[I heard that Mo Yan seduced you?]

These few words scared Qin Yuan so much that the precious jade in his hand almost fell to the ground. What was that? Mo Yan? Seduced? Me?

Qin Yuan looked at these few words and could understand them separately. However, he did not know what they meant when they were connected.

Swallowing his saliva, Qin Yuan used his fastest hand speed to type out a line of words.

[Which little bastard created this rumor about me? Does he not think that I will skin him alive?]

[Rumor about you?] The three word reply stunned Qin Yuan for a while before he reacted.

[It's a rumor about sister-in-law! Sister-in-law and I are innocent, there is no seduction. Even if there is, it would be me who seduced sister-in-law.]

Qin Yuan's hand speed was too fast. He originally wanted to type it and delete it, but he didn't expect to press the send button.

[...]

Qin Yuan thought for a while and replied with an ellipsis, admitting his mistake.

[Huo Zhen, I'm sorry.]

This time, Qin Yuan didn't get scolded. He just received another message.

[On the first floor of Walker, send the troublemakers in.]

Chapter 95: Our Future Together

After leaving the mall, Mo Yan brought Luo Tao to many different places.

For example, the amusement park where Mo Yan used to work. At that time, her family of three had just been kicked out. In order to earn money as soon as possible, she chose to work as a park doll every day.

The interior of the doll was very stuffy, and the entire set of equipment was also very heavy. However, Mo Yan was very happy doing it. That was her first job.

Pulling Luo Tao along, Mo Yan rented a tandem bike. After paying the deposit, the two of them rented it for an hour.

The two of them rode around the periphery of the amusement park.

Mo Yan looked at Luo Tao's expressionless face and burst into laughter. Facing Luo Tao's puzzled gaze, she said, "You don't look good with a bike."

"Huh?" Luo Tao also felt that riding it was very awkward. Although he knew how to ride it, he had only ridden it when he was learning.

Mo Yan smiled wantonly. "Luo Tao, do you know? Many times, I feel that you don't look like a hooligan. How can a hooligan know foreign languages and care about current economic affairs!"

"Is that so?" Luo Tao asked. He was wondering if Mo Yan was also doubting his identity.

"Yes! Look at how handsome you are. Your skills are good. You know foreign languages and often give me many useful suggestions. Even your table manners are better than mine. Luo Tao, I'm very curious. What exactly did you do to get sent to prison back then?"

/ please keep reading on MYBOXNOVEL(d0t)COM.

Mo Yan's gaze was not probing, but she asked the question frankly.

Luo Tao stared at her for a moment and said vaguely, "I accidentally hit someone. That person's family has some power."

His vagueness gave her room to believe him.

"Oh, I see!" Mo Yan thought of Chen Ya and Mo Lian's faces and couldn't help but nod in understanding.

"Oh right, Luo Tao, since you know so many things. It shouldn't be difficult to find a job such as a translator? Or a fitness trainer? You won't be rejected from all of them. When you find a job, we'll save up and buy a house. We'll put down a down payment first, and the loan can be slowly repaid. The house doesn't have to be very big. Two bedrooms and a living room will be enough, 60 to 70 square meters. I want to make the house especially warm, with warm yellow tones. Put a small flower stand on the windowsill, and put a few pots of flowers. Bedroom..."

The two of them rode around the periphery of the amusement park rides. There were not many tourists, and it was not noisy.

The breeze blew, and accompanied by Mo Yan's pleasant voice, the image of the home that Mo Yan mentioned slowly appeared in Luo Tao's mind.

He had never lacked anything, but listening to Mo Yan's narration made him feel an unprecedented yearning.

"Luo Tao, do you think this plan of mine is possible?"

Mo Yan's smiling eyes seemed to be filled with warmth.

"Sure, I'm looking forward to it."

After receiving Luo Tao's affirmation, Mo Yan's mood became even better, and she started humming her favorite little tune.

The two of them did not go on any of the amusement park rides. They rode back to the entrance and left. When they walked out, Mo Yan suddenly remembered that she had brought Luo Tao here to play.

With a dejected face, Mo Yan looked at Luo Tao. It was all his fault for accommodating her, making her unable to stop talking. Unknowingly, according to their usual habits, they left, just like it was time to get off work.

Luo Tao was amused by Mo Yan. Every time he was with her, he would have a novel experience.

This was his first time coming to the amusement park. Although he was not interested in going on rides, riding a bicycle and leaving was something that Luo Tao had never expected.

"Luo Tao, do you think I'm a little silly?" Mo Yan's face was full of tears.

Luo Tao pressed his fist against his lips and coughed lightly, forcing out a laugh that almost escaped his mouth. "No."

Although he said that, the smile that was inadvertently revealed in his eyes still completely exposed his thoughts.

"Liar, bad man." Mo Yan grumbled unhappily.

Since they had already come out, the two of them could not ask the staff to let them enter again.

Luo Tao suggested that the two of them could buy tickets again, but Mo Yan rejected his suggestion.

After that, Mo Yan dragged Luo Tao around for a long time until sunset.

The two of them were like an ordinary couple, holding hands, walking slowly under the sunset. The afterglow pulled their shadows very long.

Due to their outstanding looks, people often took a few more glances at them.

The two did not care, they only had each other in their eyes.

Chapter 96: Wanting to Die

[Damn it! This stupid woman from the Mo family is too much! How can she flip the whole story around? How dare she say that sister-in-law's mother was the mistress? Who the hell was the mistress? Does she not know? She even said that sister-in-law hooked up with me? This is unfair! I was clearly the one sucking up to sister-in-law!]

[She even said that I pressurized the Mo family to give sister-in-law money? That money originally belonged to sister-in-law!]

[...]

[I can't believe this stupid woman! She's so good at making up stories! Originally, she heard that Luo Tao was a gangster who had been in prison and was unwilling to marry him. Yet, she even distorted the truth

about this? She said that sister-in-law thought that Luo Tao was a rich man and wanted to steal her place in the marriage. Are all women nowadays so ruthless? She's too much!

[Eh? Were all those people surrounding them blind? How dare they blame sister-in-law! It was that old bastard Mo Dong who caused the trouble, yet no one scolded him. Instead, they blamed sister-in-law and her mother! I am so angry! If I were there, I would definitely have beat those people up.]

[Huo Zhen, what were you doing! Why did you come only after so long?] This sentence was the end of Qin Yuan's pile of messages.

Because he was with Mo Yan, Luo Tao did not look at his phone after receiving Qin Yuan's messages. It was not until the two of them reached home and Mo Yan went to prepare dinner that Luo Tao was free.

[Send me the video.]

Luo Tao's face was cold and solemn, and the cold light in his eyes grew brighter. Qin Yuan seemed to have been waiting for his reply. Right after Luo Tao sent the message, a 20-minute video was sent over.

To prevent Mo Yan from noticing anything unusual, Luo Tao put on his headphones and walked into the bedroom.

/ please keep reading on MYBOXNOVEL(d0t)COM.

Just as the door was closed, an ear-piercing sound was transmitted into Luo Tao's ears through the headphones. "Like mother, like daughter. Just by looking at her, she has the face of a vixen." Luo Tao looked at the video. In the video, the woman who had stopped them from leaving was shouting.

As Mo Yan's back was facing the camera, Luo Tao could not see her expression. However, her sonorous and powerful mocking made the corners of Luo Tao's mouth slowly curl up.

His woman was not a weak kitten who allowed herself to be taunted without showing her claws.

As the quarrel between the two escalated, Mo Yan gradually fell into a disadvantageous position. The reason why Mo Lian seemed to be winning was actually because Mo Yan had too many scruples. Moreover, Mo Lian had no bottom line, which caused the situation to become one-sided.

Unknowingly, Luo Tao's gentle smile while looking Mo Yan had turned into a cruel one.

He looked like a demon that had crawled out of Hell, causing fear in people's hearts.

Those who were familiar with him knew that if he was just angry, his face would be very cold, the kind that would freeze people out. But once he smiled, the person would be a goner.

Of course, it did not mean that he would kill the person, but that the person would suffer.

Since Mo Lian did not take his warning to heart, then it was time for him to let her know the consequences of provoking someone she should not have provoked.

Mo Lian could treat Mo Yan this way only because of the Mo family's wealth. Then, he would take everything from Mo Lian and let Mo Yan step into the mud herself and deal with her as equals.

Qin Yuan sent a message at the right time, "Huo Zhen, how are you going to deal with that stupid woman from the Mo family?"

"Or do you think that dealing with her will dirty your hands? Then I'll make the first move."

Two consecutive messages were enough to show Qin Yuan's disgust towards Mo Lian.

"If the heavens wish for her death, they will drive her mad."

Luo Tao's twelve words showed his attitude.

Qin Yuan stared at these words for a long time before he slowly covered his face and laughed. Wish for her death? Hehe! This stupid woman, Mo Lian, had really angered Huo Zhen.

How would Huo Zhen deal with Mo Lian? Lift her up to the sky and then throw her down?

Mo Lian had really crossed the line... Even making up lies about him and Mo Yan.

Huo Zhen might not believe the rumors after hearing them once or twice, but what about three or four times, or even more times? What would Huo Zhen do if the rumors about the two of them spread everywhere?

Human nature had always been unreliable. One had to get rid of the source of the rumors to stop the spreading.

"Oh right, should we also deal with the daughter of the richest man in C City in as well?" Qin Yuan suddenly thought of the long curly-haired girl that appeared in the video.

"The richest man in C City?"

Upon seeing Luo Tao's question, Qin Yuan knew that Luo Tao did not care about the identity of the people who quarreled with Mo Yan at all. He wanted to punish all of them without hesitation.

[The one who stood with the stupid woman of the Mo family.]

Luo Tao deliberately recalled for a while and finally remembered the person who had also scolded Mo Yan.

[Why not? Is she very special?]

Beautiful! Qin Yuan snapped his fingers loudly in the living room where he was alone.

As expected of Huo Zhen, he was fearless! However, it was also true. Huo Zhen's family was one of the most prestigious families in the entire Z Country. Why would he be scared of the richest person in C City?

The video evidence was sufficient. It was easy to deal with them. Mo Lian and the daughter of the richest man in C City would be locked up for three days. The rest would be locked up for seven days!

As for why the two of them would only be locked up for three days, Qin Yuan couldn't help but laugh.

It was a joke to make them feel special about themselves.
