

Schoolgirl 1091

Chapter 1091: Woman, How Dare You Ignore Me?

Wanjiang Highway.

Hu Batian had parted ways with Hu Chaoqun and Hua Yun to head to the nearest airport. To go there, he would have to go past Wanjiang Highway.

From the city area to Wanjiang Highway, there was a long stretch of a deserted area, which also meant that there would be a long part of the journey from the city area to Wanjiang Highway which barely had anyone saved for an occasional car that sped past.

Hu Batian was currently planning to rush to the nearest airport for a flight back to Country M. Hu Chaoqun and Hua Yun were not on the same path as he was since the reason Hu Batian was here in Country Z today was purely because his nephew, Hu Chaoqun, had asked him to make an appearance as support.

What Hu Batian did not expect was not only had he not established his status today, his pride got crushed by Yun Jian. Once he thought of it, he lost his composure in an enraged fit.

Suddenly, he felt a twitch on his eyelid. He was filled with a sense of premonition.

“Mister, drive faster,” Hu Batian popped his head in front to tell the cab driver.

“Ay,” the driver assented.

They had already come to the darkest and most isolated area of the route.

There was another twitch on Hu Batian’s eyelid and the next second, he saw the driver wearing a smirk through the reflection from where he sat in the backseat. The unsettling smirk stopped Hu Batian’s heart.

The next thing he knew, he felt the driver turning the steering wheel and driving straight into a path nobody would ever pass.

“Hey, you... You...” Before Hu Batian could react further, the driver had stomped on the brake and stopped by the wilderness.

Three silhouettes came out of the dark with a slender, seemingly thin, young girl leading the way. The two people behind her were a man and a woman.

The girl made a light wave of hand and the man—who was muscular and nearly two meters tall—came to open the car door and dragged Hu Batian out of the vehicle.

...

Simultaneously in a certain deluxe suite of the Crystal Rhythm Hotel, the room was a mess. Clothes and undergarment of both a man and a woman were scattered across the floor and the side of the bed.

Lan Su gripped the duvet close to her as she stared blankly at the ceiling from the bed while Ya Dang sat on the edge grabbing his short black hair.

Half of the duvet was flipped aside, revealing a blotch of red that symbolized the girl's innocence. The crimson stain of blood was striking.

Ya Dang had a leg up on the bed. Feeling incredibly frustrated, he ruffled his hair roughly and tuned to Lan Su in a similar impatient manner... only to see the girl pulling the duvet closer and turning her head to another side.

Not receiving a word from Lan Su despite waiting for a long time, Ya Dang grew more annoyed and snapped his head to Lan Su, speaking crudely as usual, "Hey, woman."

Lan Su ignored him.

Due to Wu Clan's rules, Lan Su was dotted with a cinnabar marking since she was a young child. This was unlike those who lived on earth in modern times. The cinnabar marking was the sign of a woman's virginity.

Lan Su had thought that there was nothing more despairing than not being able to find Wizard Lord Wu but now... With what Ya Dang had done to her, the cinnabar marking that was dotted on her wrist had naturally disappeared.

Lan Su was unable to describe what she felt. What came as a surprise was that she was not furious nor did she feel like killing Ya Dang despite what he had done to her.

But if Wu Clan found out that she had slept with a man...

"Woman! How dare you ignore me!" Seeing that Lan Su ignored him, Ya Dang grabbed the duvet the girl was covering her bare self with to catch her dainty hand.

Chapter 1092: Domineering But Sweet. You're Slaying God

When Ya Dang felt Lan Su's strong resistance, his hot temper flared again. Just as he pinned her down to make another advance, he was met with Lan Su's teary eyes.

Ya Dang froze.

"F*ck, where did I hurt you?" Ya Dang scrambled up from above Lan Su and sat beside her before checking her several times but did not find any wound on the girl.

The way he was worried about Lan Su was thousands of times more exaggerated than when he was severely injured.

Lan Su took one glance at Ya Dang and turned away to ignore him. It made the latter hit his head abruptly. He kept his eyes on Lan Su but was unable to push an apology out of his lips.

A long time passed before Lan Su finally spoke. "Why are you doing this to me... You... How do you expect me to go on with life after this..."

Ya Dang was silent for some time as he grabbed his own head and mumbled vaguely, "S...sorry... I acted on impulse."

He had never lost this much control of himself! D*mn it!

Once Ya Dang said that, he saw Lan Su who was lying down with her back against him slowly extend her right wrist that was supposed to have the cinnabar marking.

"If the people from my clan know about this, they'll kill you." Lan Su closed her eyes, her eyelashes fluttering.

"Kill me?" Ya Dang asked with a raise of brows.

Still with her back against him, Lan Su answered with a hum.

"So pretend nothing happened today. Forget about what happened today. I..."

'I won't be marrying anyone in this lifetime anyway.'

Lan Su's soft murmur instantly reminded Ya Dang of her delicate yet tempting whines and moans during their earlier intimacy. He had to suppress the impulse of pinning Lan Su under him again as he pulled Lan Su in one arm to force her to meet his eyes.

Forcing down the rough tone that came naturally to him, Ya Dang kept their eye contact and actually sounded sweet despite his domineering words.

"Idiot, you've already slept with me and you want me to forget what happened today? Impossible! I'm telling you, I'm marrying you!"

Ya Dang huffed holding Lan Su's face.

Lan Su had thought that Ya Dang's interest in her was on a whim, so she had never expected him to take responsibility of her. Now that she heard what he said, she was astounded.

Ya Dang pounced at her once more and blew raspberries on her. When they physically bonded again, Lan Su heard Ya Dang's crude and domineering declaration, "I'm marrying you! So you're not allowed to leave! You hear me!"

Although it was incredibly bossy that Lan Su could not even retort and she felt a sense of masochism from it, she could not help the warmth that flooded her heart and her arms automatically went around Ya Dang...

Both of them sank into the sea of pleasure...

...

At the same time, there was still a long stretch of uninhabited road before Wanjiang Highway.

Tiger.Leopard hauled Hu Batian out from the cab while Yun Jian arched a brow with her arms crossed in front of her looking at the man.

"You... It's you—W-what do you w-want?" Hu Batian swiftly recognized that the ones in front of him were Yun Jian, Snake.Lizard and Tiger.Leopard. He went pale with the knowledge.

Snake.Lizard and Tiger.Leopard were the two elders of Gu Sha Mercenaries with their status just below the boss of said organization!

“Heh,” Yun Jian scoffed and stared at Hu Batian with her arms crossed. It took some time before she told him darkly, “Nothing much, I just want to settle some score with you.”

“W-what...” Hu Batian asked in terror with his collar being grabbed by the tall and burly Tiger.Leopard.

“Remember working together with the armament gang to take out my mercenaries previously?” Yun Jian asked nonchalantly with an unnerving smirk.

“Y-you’re... you’re G-Gu—Gu Sha Mercenaries’ boss, Slaying God?!”

Chapter 1093: Cunning And Sly Hu Batian

Hu Batian’s legs gave out when he heard Yun Jian call Gu Sha Mercenaries hers.

He was already in doubt when the notable figures in Gu Sha Mercenaries—Snake.Lizard, Tiger.Leopard, Diane, Phantom Flame, and Spectral Refiner called Yun Jian “Sister Jian” in the wedding. It was just that he kept assuming how impossible it was for Yun Jian to be the boss in Gu Sha when she was so young, so he kicked the suspicion away.

It was until what Yun Jian said just now that it snapped Hu Batian to clarity. The girl had said “my mercenaries” and had accurately recounted his latest action. This felt like a thunderbolt to Hu Batian.

Shocked into a loss for words, he collapsed on the ground but was unable to touch it as Tiger.Leopard still had his grip on him. Hu Batian had looked at Yun Jian in terror when he asked the question.

Yun Jian did not respond to Hu Batian directly but wore a small smile before flattening her lips swiftly.

As the girl stood before Hu Batian in her slender and youthful self, the man might really think that she was a guileless young lady if he had not heard Yun Jian’s previous words or seen Yun Jian current action.

Yun Jian ignored Hu Batian with a smile and an arch of brow, staying quiet for some time before speaking again, “I wasn’t looking for you but you send yourself to me. Hu Batian, what do you think are the chances of you leaving here alive today?”

With a smirk, Yun Jian had a butterfly knife in her hand as she spoke. She was also spinning it speedily and agilely.

As Hu Batian took in Yun Jian's action and heard her words, he could not help gulping.

"You... What do you want?" he asked shakily.

He took a pause before continuing to say as if Yun Jian would really kill him, "I can give you anything, as long as you don't kill me..."

Having only heard Yun Jian's name without the girl doing anything, Hu Batian was already begging for mercy. It made the girl snort.

"What is yours will naturally be mine when you die." Yun Jian crossed her arms in front of her. She was not looking at Hu Batian but had casted her gaze afar.

"Right now, I just want to know your relationship with Inferno Ring," Yun Jian stated with a quirk of brow.

Once Hu Batian heard that Yun Jian knew about his acquaintance with Inferno Ring that was already annihilated, he felt his heart lurch. He averted his eyes and thought speedily with a sly roll of them.

"What are you saying? I've only worked with an armament organization once. I don't know any Inferno Ring you just mentioned," Hu Batian denied.

Considering his safety, he spoke up again. "But I can tell you about it if you want. I'll only tell you, though. Make all of them leave!"

"Sure," Yun Jian agreed immediately after Hu Batian said.

Snake.Lizard, Tiger.Leopard and the cab driver walked away as soon as Yun Jian agreed. It was only then Hu Batian put his hands behind his back and started to speak.

"Since you know that I'm related to Inferno Ring, I'll also tell you that the mysterious person controlling Inferno Ring and trying to destroy Gu Sha Mercenaries comes from Yulong Mainland..."

When Hu Batian saw that Yun Jian was listening to him attentively, he suddenly pulled his hands out from his back, revealing two sharp knives.. Holding the blades, Hu Batian brought them down toward Yun Jian brutally.

Chapter 1094: The Mysterious Person From Yulong

The moment Hu Batian swung the knives toward Yun Jian, a butterfly knife that was much faster than his followed the trail of wind and went straight to his heart.

Just two seconds before Hu Batian's two knives were about to stab Yun Jian, the butterfly knife in the latter's hand had pierced his chest.

Hu Batian widened his eyes in shock at Yun Jian's speed. His eyes bulged at the girl who was smiling so brightly in the darkness like the grim reaper. Suddenly feeling his heart squeeze in his chest, Hu Batian could feel the squelch of the penetration when the butterfly knife drove right into his thumping heart.

He felt himself falling backward and looked at Yun Jian in both disbelief and as if understanding something.

"Why... I see..."

'Why could you still kill me when I attacked first?'

'You're really Slaying God. I see why you could actually kill me...'

Before Hu Batian could say either of that, he succumbed to the stab and fell backward in an arc. When he ultimately landed and the second before he lost all consciousness, Hu Batian heard the last words in his life—"Because I'm Slaying God".

He had to die because she was Slaying God.

Just as Yun Jian's words sounded, Hu Batian's eyes fell close forever.

"Sister Jian!" Snake.Lizard, Tiger.Leopard and the "cab driver" called the girl in unison when they came back.

The cab driver was none other than Civet who mastered the art of disguise. After she was done with Qin Yirou and Ge Junjian's makeup, she killed Hu Batian's driver and disguised as the latter to drive the man to the road leading to the highway. That was how the flawless plan earlier was hatched.

"Mn." Yun Jian nodded at the three of them and spoke up ultimately, "Take care of the corpse. The trip today is not in vain."

It was truly a fruitful trip because she found out something. Hu Batian had disclosed a secret before he died—the mysterious person controlling Inferno Ring was from Yulong Mainland!

Although Hu Batian had attempted to kill Yun Jian using this secret, the girl could identify the truth. The mysterious person controlling Inferno Ring was really from Yulong Mainland!

Everything else seemed to make sense after finding this piece of information out.

Her younger brother's abduction and subsequent murder in their previous life were orchestrated by Inferno Ring while the organization was then annihilated by Yun Jian and Si Yi. They later discovered that there was someone else who was manipulating the organization behind the curtain.

With what happened to Yun Jian after that, including the assassination attempts and whatnot, it could be deduced that everything had to do with that mysterious person!

Since the assassination attempt at Yun Jian, she and Si Yi had not given up investigating about it—Si Yi, specifically. He was the one who told Yun Jian all that she had known, and today, she finally discovered that the mysterious person was from Yulong Mainland!

...

By the time Yun Jian returned to the Crystal Rhythm Hotel, it was already 7:30pm.

The venue was more or less cleared and Qin Yirou was sent back to Ge Junjian's place. The man's comrades had followed them back merrily with their sleeves rolled up and teases that they were joining the banter ritual of the bridal chamber.

Once Yun Jian got out of the car, she saw Si Yi coming to her.

"Where have you gone to?" the young man asked softly as he held her hand.

"To kill someone." Yun Jian beamed with her eyes. Her voice was soft, only audible to the both of them.

"Why didn't you ask me to join?" Hearing what she said, Si Yi pulled Yun Jian into his embrace with a tug at her hand.

Chapter 1095: Don't Go Back First, Wait For Me

Yun Jian had just snuggled to Si Yi and felt the warmth of his embrace when a voice interrupted them from the side.

"Young master, Ya Dang is missing!"

Hearing the voice and feeling the girl leaving his arms next, Si Yi furrowed his brows in displeasure.

Yun Jian eased out of Si Yi's arms speedily and raised a brow at Mo Sen who was looking at Si Yi with a worried gaze.

Before Si Yi could reply to Mo Sen, the latter shifted his gaze to Yun Jian. "Young madam, have you seen Ya Dang?"

"I did," Yun Jian's gaze sharpened before she smiled and answered.

"Where?" Mo Sen asked anxiously.

"The back of the hotel. He pulled Lan Su away," Yun Jian replied with a squint of eyes.

It was only then Mo Sen's anxiousness was slightly soothed.

"Thank you, young madam. I'll go have a look," Mo Sen stated and turned to leave.

“We’ll go check it out too.” Yun Jian narrowed her eyes. She had suddenly made a decision just now, so she planned to look for Lan Su now. As she spoke, she pulled Si Yi along.

Her fragrant scent greeted Si Yi as she did, making the young man go with her instinctively.

There was no way Yun Jian was looking for two grown young man and woman who disappeared just like this aimlessly, so she suggested to check the surveillance recording of the Crystal Rhythm Hotel.

Going through the recording, they found Ya Dang and Lan Su as expected. It was not surprising that there were surveillance cameras in the Crystal Rhythm Hotel since it was a four-star hotel.

Through the recording, everyone saw how Ya Dang forcefully dragged Lan Su into a hotel suite. As for the man forcefully kissing Lan Su earlier, the hotel surveillance cameras did not catch it because they were not within the vicinity of the establishment.

“Holy sh*t, that kid! Ya Dang’s aggressive! Does he not know how to be gentle with girls?” Snow Eagle snorted with a bright grin when he saw the surveillance clip.

If the long scar did not run around his neck, Snow Eagle was certainly the best looking one out of the four An Hun Group commanders.

Lin Wei who looked at the recording was unfazed while Mo Sen stayed silent but his expression had obviously darkened.

...

Once they came to the suite’s door, Mo Sen unlocked it easily. Si Yi, Lin Wei and Snow Eagle stayed by the door while Yun Jian followed Mo Sen inside.

When the door opened, the smell of after-sex greeted them.

Yun Jian arched a brow.

“No sh*t, Ya Dang’s really something!” Snow Eagle could not help commenting again when he saw the scattered clothes on the floor from where he stood.

Mo Sen had already gone into the room with a scowl.

Lan Su and Ya Dang were surprised when they saw the man. Although the pair were naked, they had a thick duvet over them.

There was only a twitch in Mo Sen’s eye when he saw the sight before he growled at Ya Dang, “Ya Dang, dress yourself and get out right now!”

He left right after that. It was Mo Sen’s first time being this furious.

Lan Su had ducked her head into the duvet right when Mo Sen came in. Had they all known? She would be too mortified to see any one of them again!

Yun Jian smiled. Looking at Lan Su and Ya Dang who were snuggled closely in the bed, she trained her gaze on the bulging lump under the duvet that was Lan Su and told her, “Don’t go back to Yulong Mainland first. I’ll go back with you during summer break.”

She exited the room after that to give Lan Su and Ya Dang some space.

Once she had spoken, however, Lan Su popped her head out of the duvet in delighted surprise. “Yun Jian, really?”

Before she could spring up, Ya Dang had pressed her down and prevented her from flashing herself.

Chapter 1096: Hold Him Responsible And Make Him Marry You

“What the f*ck? Woman, can you at least see with your eyes?”

‘You’re f*cking naked!’ was what Ya Dang did not say as he carded a hand through his short hair in frustration but he suppressed his temper to give Lan Su only a low growl.

Lan Su was simply too thrilled. Yun Jian had agreed to go back to Yulong Mainland with her! She was over the moon.

“Sorry, I’m just too shocked...” Lan Su did not even hear what Ya Dang told her as she was vibrating in sheer ecstasy, replying the man with whatever that came to mind.

Having just been shouted at by Mo Sen, Ya Dang was worked up and scowled when he heard Lan Su’s incredibly perfunctory reply.

On the other hand, Lan Su was ecstatic. Just as she slid her fair feet onto the floor to try and grab her embarrassingly scattered undergarments and clothes, her legs gave out as a pang of pain shot up a certain part.

Ya Dang caught her in time and flipped her back to the bed just while she nearly fell on the floor. He flipped himself in a blink of eyes as well, supporting his naked self above Lan Su, and stared sharply at the girl who was laid on the bed completely bare.

“Hey! D-don’t look!” Startled, Lan Su’s hands flew to her chest to cover her two bosoms.

“What are you trying to hide? I’ve seen them and I’ve groped them,” Ya Dang deadpanned with a smirk despite the embarrassing words.

“You...” Lan Su flushed red immediately, her cheeks pinking.

To Ya Dang, the sight nearly made him do the deed with Lan Su once again. In spite of it, he flipped himself over and got up considering Yun Jian and the guys who had left toward the hotel lobby on the first floor.

...

After Yun Jian and Mo Sen left the suite, they went to the lobby on the first floor of the hotel with the rest of the men, giving the pair in the room some space.

Mo Sen’s face was dark with a glower. Even Snow Eagle and Lin Wei who were not that tactful could feel the dark air around him.

“Haha, Mo Sen, what’s wrong? Are you jealous that Ya Dang popped his cherry?” Snow Eagle joked and went to sling an arm lightly around Mo Sen’s shoulders but the latter swatted him away.

“Oh, what’s the matter now?” Snow Eagle was confused, asking with a loud chuckle.

Yun Jian went to take a seat on the leather couch in the lounge. Wherever she went, Si Yi stood next to her.

After waiting for some time, they finally saw the pair they had been waiting for coming down the stairs.

Ya Dang who was suited up walked in front while Lan Su who was rather embarrassed followed behind him. When Ya Dang saw Lan Su walking so slowly, he turned around to grab her hand and led them over to the group.

Yun Jian raised a brow but both her and Si Yi stayed quiet.

Si Yi had never imposed any restriction toward the four men in their romantic endeavor.

When Ya Dang tugged Lan Su to come to them, however, there was a glint in Mo Sen’s eyes. The group who were present noticed the dark glower in Mo Sen’s eyes as he marched over to Ya Dang.

With a lift of arm, he punched Ya Dang in the chest. The unexpected attack made the latter fall backward, only catching his footing after stumbling a few steps back.

“Mo Sen, what’s wrong with you?!” Ya Dang put a hand over his chest and stared at Mo Sen in shock. He had never expected the latter to hit him like that.

Just as he caught his balance, however, he saw Mo Sen setting himself in front of Lan Su. It took him a pause before he told the girl apologetically, “I apologize on behalf of Ya Dang! With what he’s done to you today, as his elder brother, I’ll make sure he takes responsibility of you and marry you even if I have to tie him up!”

Chapter 1097: Mo Sen Is My Elder Brother, My Blood Brother

Lan Su was shocked by what Mo Sen did and widened her eyes involuntarily, staying frozen, as she watched him come to her after hitting Ya Dang.

Taking responsibility or not was actually not important to her right now as she had something more urgent at hand!

Lan Su had wanted to rush up to Yun Jian but Mo Sen who saw that she was not answering him assumed that she felt aggrieved. The man went to drag Ya Dang over by his collar and set him in front of the girl.

“Ya Dang, apologize!” Mo Sen growled at Ya Dang.

Stroking his nose, Ya Dang complained inwardly. He had said that he was going to marry Lan Su, why was Mo Sen still thinking that he was only fooling around with her?

When Mo Sen saw Ya Dang staying silent for an extended moment, he swung another fist at Ya Dang. Before it could touch Ya Dang’s clothes, Lan Su stopped him.

“No, don’t hit him. I wasn’t forced in what happened today.”

She lied through her teeth.

It was obvious that Ya Dang did not fight back when he got hit by Mo Sen. Lan Su was actually worried that the latter would go too hard and harm Ya Dang. What should she do if something happened to him...

Her train of thoughts carried her here with a frown. Once she was aware of what she was thinking, however, she lost the furrow of brows.

What was she even thinking! She had not agreed to get together with Ya Dang yet!

Mo Sen's fist had come up to Ya Dang's face and was going to slam into it but he stopped at Lan Su's words.

"Ya Dang, don't forget what mom and dad told us before they passed. We should only devote ourselves to one woman in life! Once you've decided on that person, you need to protect her with your life!"

With his clenched fist raised to Ya Dang's face, Mo Sen did not swing it down on him ultimately but said what he did. He turned to leave and went out of the Crystal Rhythm Hotel after that.

Once Mo Sen left, Ya Dang stood unmoved in silence.

Yun Jian was just watching nearby and was surprised when she heard what Mo Sen said.

"Wait what? What's going on?" Snow Eagle was startled at the situation but cleverly turned to Lin Wei.

Lin Wei was the eldest among the four An Hun Group commanders. Despite that, he was not older than 30 years old. In fact, he was not that much older than the other three young men—two to three years older at most, but it was his presence that felt grounding and mature.

Lin Wei was the first among the four commanders to serve Si Yi. Then it was Mo Sen and Ya Dang, and the last was Snow Eagle. Hence, the latter was not too informed about Mo Sen and Ya Dang's family background.

Just as he turned to ask Lin Wei and the latter had yet to answer, Ya Dang had muttered first, "He's my elder brother! My blood brother!"

That was why Mo Sen was exceptionally strict with Ya Dang and got very much involved with his business usually.

Si Yi and Lin Wei apparently knew about it, so they were unfazed, while Snow Eagle was flabbergasted and Yun Jian stood up with a frown. Lan Su was surprised as well.

Mo Sen was actually Ya Dang's birth brother? Why had they never addressed that in front of others?

As the few of them wondered, Ya Dang grabbed Lan Su and made his way to the door. Snow Eagle and Lin Wei made their way out as well due to their worry for Mo Sen.

Yun Jian and Si Yi were then the only two people left in the hotel lobby.

With a slight crease of brows, Yun Jian looked at Si Yi but said nothing.. Si Yi, however, crouched to Yun Jian's level, smiling with his handsome face pressed near. "You wanna know?"

Chapter 1098: Games For The Bridal Chamber's Banter Ritual

Staring at Si Yi's handsome face that was getting closer to her, Yun Jian nodded involuntarily.

To be honest, Yun Jian had not expected Mo Sen and Ya Dang to be biological brothers either. The two guys did not look alike but scrutinizing them now with the new knowledge, they more or less resembled each other even if they were handsome in their own way and did not look similar at first glance.

Yun Jian actually nodded in subconscious listening to Si Yi's luring voice.

"Mn." As she nodded, her supple cheeks and youthful look made her look delicious.

It caused Si Yi to gulp. He had already pressed his gorgeous face to Yun Jian's cheek. One more centimeter and his lips would have touched her right cheek.

"Give me a kiss and I'll tell you," Si Yi blurted such shameless request when his throat ran dry at the sight of Yun Jian pressing her rosy lips together.

Yun Jian blushed instantly at his words but her facial expression remained the same. There was a subtle tick, however, because Si Yi's request embarrassed her, and she gave the young man's sturdy chest a shove.

"Mom's gone back to Uncle Ge's place. Let's hurry there too," Yun Jian said and pushed Si Yi to get up.

Before she could do that, Si Yi wrapped an arm around her slim waist and brought his face even closer. Simultaneously, he pressed his lips on Yun Jian's swiftly to steal a kiss and let her go just as fast.

Yun Jian flushed scarlet.

"You..."

"Come on, let's go home." Si Yi held Yun Jian's hand and tugged her toward the hotel's exit before she could speak.

What Yun Jian did not see was the small curl of Si Yi's lips when he tugged her dainty hand to head for the Crystal Rhythm Hotel's door. Si Yi pressed his lips together, as if he was savoring Yun Jian's lingering scent from his light press of kiss just now.

...

8:30pm.

Usually, Qin Yirou would have turned in for the night with Yun Zhu, Duan Li and Duan Ya at this hour. Today was no usually, however, as it was her wedding day with Ge Junjian.

Ge Junjian's villa.

Qin Yirou's relatives had gone back to Xinjiang Town by now and the rest who were here were Ge Junjian's family and friends. His comrades, especially, were vowing to snatch the bride who had already gone back to the bridal chamber.

There was a custom in Longmen City's weddings—the family and friends from the groom's side could make a dash to the bridal chamber to snatch the bride and bridesmaids at a fixed time when the bride had gone back to the bridal chamber after the wedding ceremony ended that night.

When they did that, grabbing the bride or bridesmaids from the bridal chamber and carrying them downstairs, they could win something from the groom. Prizes were not just limited to this. After the adults snatched the women, children could swarm the bridal chamber and win things like sweets and whatnot as long as they took something out from the room.

It was a customary game when people got married in Longmen City but some wealthier folks did not like it. As the game stood, its purpose was just to set a merry mood and let everyone have fun. It was also typically referred to as the banter ritual.

When Yun Jian returned to Ge Junjian's house, the ritual-like game had already begun.

Chapter 1099: I'll Give Her To You

"Let's go! Get the bride!"

The sight of the rowdy crowd rushing into the villa was a grand scene. As the men hurried into the house, Yun Jian paused slightly before she grabbed Si Yi's hand instinctively to run in as well.

It had always been quiet at night but right now, it was infused with bliss and delight, spreading the joy to everyone awake.

When Yun Jian ran into the villa holding Si Yi's larger hand, Ge Junjian's comrades had already come downstairs with the bride in tow, cheering and hurrahing. Ge Junjian himself was involved as well; he was not snatching the bride but stopping his comrades from getting her. Ultimately, his comrades managed to carry Qin Yirou downstairs in good spirit.

With her mother being snatched to be carried downstairs, Yun Jian did not move a single muscle. It was all fun and games, just to add to everyone's joy, so she would not interfere with it.

"Jiejie, I got a big pillow!"

"Me too! I got a big tumbler!"

"I got... I got a slipper..."

Yun Zhu, Duan Li and Duan Ya held their loot and ran over when they saw Yun Jian. It amused the latter. Qin Yirou and Ge Junjian were married, so this was their house; nobody would rob their own house. Despite that, Yun Jian did not expose them.

"That's awesome," Si Yi extended a hand to pat Yun Zhu who was the nearest to him and praised the boy dutifully.

"Heh heh, Si Yi-gege is awesome too!" Yun Zhu replied bashfully.

The boy then padded to Yun Jian and pulled her hand to drop it in Si Yi's palm.

"Si Yi-gege says I'm awesome so I'll give jiejie to you," Yun Zhu said and ran off with Duan Li and Duan Ya before Yun Jian could get even with him.

Yun Jian winced on the spot, not noticing Si Yi who arched a brow next to her.

...

The banter ritual ended merrily. Those who were involved went home with their “loots” —some wedding treats, cigarettes, bed linens and whatnot.

The night returned to its peace and silence soon.

Logically, Yun Jian should stay in Ge Junjian’s place since Qin Yirou was already married to him. It made sense that she stayed together. Despite that, Si Yi tugged Yun Jian by her hand and left Ge Junjian’s house in his Lamborghini.

Qin Yirou was not worried at all that Yun Jian was going out with Si Yi.

As Yun Jian got seated in Si Yi’s car and the young man drove out of Ge Junjian’s place, he stopped swiftly at a villa that was very close to Ge Junjian’s house that looked even more luxurious before pulling Yun Jian into it.

“Do you like it?” The interior of the villa was sparkling new when Si Yi brought Yun Jian in through the door. It was obvious that the house was freshly renovated.

“This is...” Yun Jian raised a brow.

“We’ll stay here from now on, only the two of us.” Si Yi took Yun Jian into the house after opening the door.

He paused before continuing, “You only need three minutes to walk to Uncle Ge’s place from here, so you can go over anytime.”

So Si Yi had planned to buy the land around here and sent workers here to do the renovation a long time ago? Yun Jian’s gaze lingered on Si Yi.

The surrounding was quiet. With the dim yellow glow from the light on the ceiling that engulfed Yun Jian, it encased her in an exceptional enticement.

The door was already closed tight. With parched throat, Si Yi grabbed Yun Jian’s hand before the girl said anything and threw them on the couch nearby together, landing with him on top of her.

Chapter 1100: Fuzzy Anticipation. She’ll Be Going to the Military School

“Xiao Jian.” As Si Yi pinned Yun Jian down, her name was puffed next to her ear in his husky and sensual voice. It made Yun Jian’s pink face blush a shade deeper.

“Get up. I’m going to bed.” With her increasingly red face, she pushed Si Yi’s chest halfheartedly but Si Yi trapped her on the couch by staying on top of her instead, not looking like he had any intention to move away.

Si Yi lowered himself to press his head near Yun Jian’s neck, brushing his lips gently over Yun Jian’s collarbones.

The girl shuddered. With the young man above her, she could even feel a certain part of his want prodding against her lady parts and was slowly growing.

“Xiao Jian...” Si Yi had already moved to Yun Jian’s earlobes and was kissing them softly during Yun Jian’s slight daze.

“Stop, I have to go to school tomorrow...” Just as Yun Jian said that, Si Yi’s hand covered her mounds. It went through her top and toyed with her nubs.

While Yun Jian’s hands went to stop Si Yi’s teasing hand, she felt a chill greet the lower half of her body. Si Yi had already removed her pants that was in the way of his access to her legs.

His hands caressed her softly. The coolness of his palms gave Yun Jian shudders when they glided across her. Yun Jian admitted that there was a fuzzy anticipation within her at the same time she resisted Si Yi. It was as if she was vaguely looking forward to something.

Ultimately, Yun Jian stopped resisting and let Si Yi caress and feel each and every inch of her. Other than the last step, Yun Jian was certain that this was the shyest thing she had ever done in both her previous and current life combined.

...

The next day, Yun Jian went back to school as usual. It was even Si Yi who drove her to school in the morning.

With May 21st passing, it was May 22nd. The Senior High School Entrance Examination was set on mid to late June, beginning on June 18th and ending on June 20th.

Students were diligently studying in school in a last attempt to read up whatever they could.

There were still three days to the examination from now.

Chen Xinyi had invited Yun Jian, Zhang Shaofeng, Zhang Jian, and Ling Yichen to study together at her place. Due to the wrist-slitting suicide attempt previously, Chen Xinyi had missed a month of classes and homework. This was lethal to a student sitting for the Senior High School Entrance Examination, so Yun Jian and friends went to her house to help her with that.

Yun Jian sat on the couch in a carefree manner and watched her friends bury their nose studying. Chen Xinyi was envious of Yun Jian managing to score well despite relaxing and not doing much but she studied and revised even harder.

In the middle of their revision, Chen Xinyi’s mother, He Shiya, came in with a plate of cut pineapple and could not help telling them when she saw them studying so hard, “Take a break and have some fruits. Don’t give yourself too much pressure, just sit for the exam like how you usually would.”

She put the plate of pineapple on the coffee table in front of the teenagers and left after that.

When the group of friends helped themselves with the fruits, they finally got to clear their mind.

“Phew, that was tiring. I’m exhausted.” Ling Yichen picked up a piece of pineapple with a toothpick and gobbled it down.

He then looked at his friends. Finally taking a break from the grinding, of course they had to set a delightful goal to motivate themselves to keep working harder since the time that followed would only get more difficult. Hence, Ling Yichen asked something everyone was looking forward to.

“What are your plans after the Senior High School Entrance Exam?”

“Fill myself up with good food!” Chen Xinyi’s eyes sparkled as she announced.

As they talked about their plan one by one, it was soon Yun Jian’s turn. She suddenly recalled Chu Ning and the other five inviting her to spend her time in Min City after the exam.. With a smile, she answered softly, “I’m going to the military school in Min City.”
