

Schoolgirl 1501

Chapter 1501: was thrown down in public, and the door was kicked open

Especially those young men and women who had never heard Yun Jian say such harsh words. Now that they heard Yun Jian say such words, they were all dumbfounded.

Although they were all students of the Military Academy, Peng Caihui, Ye Qiao, and the people with Peng Caihui did not know that Yun Jian was the god of death of the famous King's squad, it was the terrifying female student who won the first place during the military training.

If they knew, their attitude would definitely change.

Similarly, after hearing Yun Jian's words, Peng Caihui was also stunned.

After she reacted, Peng Caihui stared at Yun Jian with a hateful gaze.

"You mean you're cursing me? You..." Peng Caihui pointed at Yun Jian in disbelief. She looked at Yun Jian with extreme disgust and said fiercely.

But before she could finish her sentence, Lin Wan interrupted her:

"She already told you to stop loitering in front of us. You Didn't give us the tickets to enter this place, so please go to the side. There are many seats over there. You can all sit there, but please stay away from us!"

At this moment, Lin Wan was also filled with disgust towards Peng Caihui and her group.

However, just as Lin Wan finished speaking, ye Qiao stood up again and said to Lin Wan in an extremely righteous tone, "Lin Wan, don't be like this. We are all classmates, we..."

Before ye Qiao could finish speaking, Lin Wan interrupted her, "Sorry, I don't have such a classmate."

Ye Qiao was the kind of person who would flip sides and waver.

But Lin Wan was different. Lin Wan was the kind of person who only helped her friends. Just now, even if she couldn't enter the stadium to watch the concert, as soon as Yun Jian left, Lin Wan also returned the tickets in her hand to Peng Caihui, she left with Yun Jian in a daze.

Lin Wan originally thought that she wouldn't be able to watch the concert today, but she didn't expect Yun Jian to fool the security guards into bringing both of them in.

Lin Wan and Ye Qiao were the first to know each other, and Lin Wan's meeting with Yun Jian today was purely ye Qiao's call.

Ye Qiao and Peng Caihui knew each other, so Peng Caihui gave ye Qiao a few tickets, and then ye Qiao passed two tickets to Lin Wan.

Originally, Lin Wan was quite giving face to ye Qiao, but when Peng Caihui had gone too far with Yun Jian and no one had stood up, Lin Wan completely ignored him.

Lin Wan was the kind of person who would risk her life for her friend.

Lin Wan's words could be considered to have completely broken off with Ye Qiao for Yun Jian.

Actually, this matter was Peng Caihui's fault. However, Ye Qiao had been afraid that she would not be able to enter the stadium, so she had only watched Yun Jian and Lin Wan walk over. It was not a mistake for Lin Wan and Ye Qiao not to get too close.

"Humph! Since we're not welcome, then let's Go!" Peng Caihui couldn't take it. She patted the stool and immediately stood up to walk to the other side.

The other people who wanted to build a good relationship with Peng Caihui also followed. Ye Qiao looked at Lin Wan and Yun Jian for a few times, but in the end, she still followed.

Lin Wan opened her mouth, but in the end, she didn't say anything.

...

More and more people came to the stadium. In the end, it became a sea of people. There wasn't even a place to stand, let alone a stool to sit on.

In the end, after the main lights of the stadium were turned off, the fluorescent lights on the big stage lit up. Under the host's hosting, the international superstar Yao Lili appeared on stage.

On the big stage, Yao Lili's figure was enchanting. She wore a mini skirt, revealing her long legs that could make a man's nose bleed just by looking at them.

The atmosphere at the venue reached its climax in an instant.

Seeing Yao Lili on the big stage, Yun Jian narrowed his eyes and smiled.

As expected, she was still as good at seducing people as before.

Yun Jian didn't listen carefully to Yao Lili's dancing and singing.

After the two-hour uninterrupted concert ended, the crowd began to walk out of the stadium. Yun Jian took advantage of the chaos to walk into the backstage of the concert with Lin Wan.

Yun Jian had just brought Lin Wan into the backstage of the concert when Peng Caihui and the others unconsciously followed Yun Jian through the same tunnel that led to the backstage of the concert.

"Yun Jian, where are we going?" Lin Wan asked.

"To find her." Yun Jian didn't say much. She led the way and walked all the way backstage of the concert.

They had only walked halfway when they met Peng Caihui and the others.

"Why are the two of you here!?" Peng Caihui screamed.

Yun Jian ignored Peng Caihui and led Lin Wan to Yao Lili's lounge.

In front of the lounge backstage of Yao Lili, more than a dozen burly bodyguards were standing guard.

There were already many fans who had broken out of the encirclement standing at the entrance of the lounge. Because they were blocked by these burly bodyguards, the fans were unable to enter the lounge.

“Ah! When Yao Lili comes out later, if I can take a closer look at her, then I won’t have any regrets in my life!”

“Me Too! I’m so excited! I don’t know if I can see her later! If I can shake hands with her, I don’t even want to wash my hands this year!”

A few fans were standing at the entrance exaggeratedly waiting.

Just as these people said this, suddenly, a figure flashed in front of everyone’s eyes.

Peng Caihui and the others had just arrived when they saw the dozen or so bodyguards. They felt a sense of loss.

Just as they thought of this, Yun Jian didn’t say anything. She walked forward in front of everyone, and in a few moments, she had placed the dozen or so strong bodyguards on the ground in front of everyone, then, she walked to Yao Lili’s lounge and kicked open the door to the lounge.

Yun Jian... she was so fierce! ?

How could this little girl be so fierce! ! She even knocked down more than a dozen strong bodyguards? Everyone was dumbfounded.

Especially Peng Caihui and the others. Their eyes were wide open as if they had seen something strange and terrifying.

Chapter 1502: Yun Jian actually knew a superstar

At this time, Yun Jian had already kicked open the door of the lounge, and she broke through the door and entered.

The people standing in the distance were already scared pale.

Not to mention Yun Jian breaking through the door, just look at the dozen or so bodyguards that she had knocked down.

Bodyguards! Bodyguards protecting celebrities, these one or two must be martial artists! Especially the bodyguards protecting the big stars were definitely the most powerful bodyguards sent from the Bodyguard Company.

But what about Yun Jian? She actually relied on her own strength to push over a dozen bodyguards to the ground?

“This... she... could it be... could it be... could it be that she’s the god of death of our school’s famous King Squad?”

One of the boys suddenly saw the scene of Yun Jian laying down more than a dozen bodyguards. He recalled a certain legendary figure of the school who had been rumored to be crazy. He immediately widened his eyes and asked in bewilderment.

At this moment, Yun Jian had already walked into the door of the lounge. More than a dozen bodyguards were still lying in front of the lounge. Lin Wan was also standing together with Peng Caihui and the group of people who were stunned on the spot.

The boy cried out in fear, instantly attracting the attention of Peng Caihui, Ye Qiao, and all the other young men and women.

“What? You said she... She’s that person from the King’s team? The killer God of the King’s team? That... The Killer God who won first place in our freshman year’s military training in the wilderness survival activities?”

The moment this boy spoke, another boy immediately interjected. His tone was shocked and terrified, as if he had heard something extraordinary.

Among the freshmen of grade one, the name of Asura of the King’s squad was especially famous. Perhaps when Yun Jian was mentioned, there weren’t many people who knew him. However, when it came to Asura, there weren’t many people in Min City military academy who didn’t know him.

This was especially true for the male students of Min City Military Academy. After hearing the battle records of Asura of the King’s squad, these two instantly became Asura’s worshippers.

Previously, they had only heard Lin Wan Call Yun Jian by his real name. No one knew that Yun Jian was the asura.

But now, this boy had accidentally recognized him. Peng Caihui, Ye Qiao, and the others were all stunned. Then, they turned their heads to look at Lin Wan.

Ye Qiao even said, “Lin Wan, this... Your Friend, could she really be...”

Could she really be the asura? The Asura of the King’s squad! ?

“She was the god of death from the start. Isn’t this something you should all know?” Just as ye Qiao’s question was heard, Lin Wan replied in confusion.

This reply scared ye Qiao, Peng Caihui, and the others until their expressions changed slightly.

Yun Jian was actually the god of death of the King’s squad! If she had known this from the start, Peng Caihui wouldn’t have spoken to Yun Jian in the same tone as before.

But now, even if she knew that Yun Jian was the god of death, this hatred had already been formed. Peng Caihui definitely would not lower her head because of this.

“Aiya!” At this moment, Yao Lili’s scream came from the lounge.

This group of bodyguards rushed into the lounge. Seeing this, Peng Caihui and the others also rushed in.

The fans behind who were not stopped by the bodyguards also followed in.

Before running into the lounge, Peng Caihui even ridiculed her:

“I knew she definitely didn’t know Yao Lili. She’s a big star! Does she think she’s the god of death of Team King? Is she on the same level as the Big Star Yao Lili? Bah! Just her...”

Peng Caihui was about to say something when everyone had already entered the lounge. Her words stopped abruptly when she saw the next scene.

In the lounge, Yao Lili reached out to give Yun Zhi a big hug, but was stopped by Yun Zhi's outstretched hand.

"SS, why are you here? I really didn't expect you to come to this kind of Godforsaken Place!" Yao Lili wasn't angry that Yun Zhi stopped her from approaching Yun Zhi.

Looking at the current situation, Yao Lili probably wanted to get close to Yun Zhi and sell it to Yun Zhi?

Yao Lili Knew Yun Jian?

The people who just walked in from the lounge were all dumbfounded. Whether it was the bodyguards or the fans, especially Peng Caihui and the others, their eyes were wide open as if they had seen a ghost.

As an international superstar, Yao Lili actually knew Yun Jian?

From the looks of it, it seemed like Yao Lili wanted to get close to Yun Jian, and Yun Jian was the one who rejected her?

"This... is this true? Cloud note, she, she, she knows Yao Lili?" Ye Qiao was even more surprised and exclaimed.

Chapter 1503: was out of reach, a legendary figure

Everyone present could understand ye Qiao's shock.

Compared to Ye Qiao, Peng Caihui was so scared that her face turned pale and she couldn't even speak a word.

The international superstar Yao Lili actually knew Yun Jian?

Those who knew would probably have the same reaction as Peng Caihui, Yao Lili, and the others. Those who didn't know were similar to the dozen bodyguards and fans standing next to them. They were all in a state of shock, they were puzzled.

The international superstar Yao Lili was sexy and cold in front of others. How did she become like she was going to pounce on Yun Jian when she was in front of Yun Jian?

Peng Caihui, Ye Qiao, and the others had the same reaction as everyone present.

Yun Jian didn't look at the reactions of the people around him, nor did he have the intention to pay attention to them.

She glanced at Yao Lili, then retracted her hand. She lazily walked to the seat in front of Yao Lili's dressing table and took the opportunity to sit down on the bench. She immediately crossed her legs and raised her head to glance at Yao Lili with narrowed eyes.

"Your seat is quite cool. Is this what you do now?" Yun Jian gently raised his hand to fiddle with the makeup on Yao Lili's dressing table as he said.

This job naturally referred to being a singer or an actor.

Yao Lili smiled. She and Yun Jian did not avoid speaking in front of everyone. Instead, they continued to speak in a language that everyone present could not understand.

“Isn’t That So? I don’t have the ability like you to survive in a place that eats people without even spitting out their bones. If it wasn’t for you, I would have probably joined your job. Now... .. Heh, I’m afraid there won’t even be a pile of bones left.”

As she spoke, Yao Lili revealed a disdainful smile.

Every word and action that Yao Lili and Yun Jian said could be considered as giving the people present a sense of bewilderment and bewilderment.

An international superstar actually had a conversation with Yun Jian.

And he said these incomprehensible words?

The people around were completely stunned. Even the fans who saw their idol Yao Lili were also stunned in the distance. For a moment, no one thought of rushing to Yao Lili to ask for her autograph and shake hands.

Everyone was stunned by the conversation between Yun Jian and Yao Lili.

“Oh right, SS, why did you save me back then?” Yao Lili turned around and looked at Yun Jian. She asked the question that she had been wondering about for many years.

SS? Why did Yao Lili Call Yun Jian Ss? Peng Caihui and the others were very puzzled, but they suddenly remembered. wasn’t Yun Jian the god of Death?

Why did Yao Lili Know About SS? And she even said that Yun Jian had saved her back then?

Yun Jian had saved the Big Star Yao Lili?

The people present wanted to know the reason very much, so they all looked at Yun Jian and Yao Lili without saying a word.

After hearing Yao Lili’s words, Yun Jian’s red arc became more obvious.

She smiled and said, “Because you are not suitable to live in such a place.”

She had once saved Yao Lili’s life because of this.

Every year, the dark soul organization would send a new batch of children to fight each other. In a few years, the weak would be eliminated and the strong would stay.

Back then, Yun Jian was already an internationally renowned agent, Wang Sha Shen. Yao Lili was already very old when she was abducted into the dark soul organization, probably around eighteen or nineteen years old.

At that time, Yao Lili had also stayed in the dark soul organization for about two to three months. When she saw Yao Lili, Yun Jian seemed to have found the Mu Ying from back then.

Her instincts told Yun Jian that Yao Lili was not suitable to live in such a place.

For such a reason, Yun Jian sent Yao Lili away.

Therefore, Yao Lili only stayed in the assassin organization for two to three months.

It might seem like two to three months, but staying in a place like the Dark Soul Organization for two to three months was enough to change a person!

Yao Lili still remembered that Yun Jian said the same thing before he sent her home. Yun Jian said, "Go home, you are not suitable to live in such a place."

Yun Jian was even younger than her, but he said such deep words. Yao Lili had mixed feelings at that time.

"You're still the same as before. You're so mysterious, powerful, and dazzling. You're an unreachable figure to me. I'll never know your background. I only know that you represent the legendary SS!" Yao Lili evaluated Yun Jian in front of everyone.

The superstar Yao Lili was usually a sharp-tongued person. This was the first time she had commented on someone so highly in public.

Therefore, everyone present was shocked when they heard it.

Chapter 1504: and the Superstar went out for supper

When Yun Jian entered the lounge, Yao Lili was shocked.

After all, she was a superstar now. She was in the lounge when she suddenly saw someone rushing in. Where were the bodyguards outside? Where were the bodyguards?

But Yao Lili didn't expect Yun Jian to reveal her identity to Peng Caihui and the dozen bodyguards outside the lounge before they could react.

That was why the dozen bodyguards, Peng Caihui, Ye Qiao, and the others heard Yao Lili's scream outside the lounge just now.

In fact, Yao Lili's scream was because she saw Yun Jian again.

Yao Lili knew that a person like Yun Jian could change his face at any time. Or to take a step back, Yun Jian was the kind of person who would change his face every time he appeared.

After returning to reality, Yun Jian only slightly raised his eyes when he heard Yao Lili's evaluation of him. Peng Caihui, Ye Qiao, and the others around him could no longer describe their emotions with the word 'shocked'.

"SS, do you want to have supper together tonight?" While everyone was stunned, Yao Lili looked at Yun Jian and invited him.

She was invited by a superstar to have supper? The people around almost died of envy.

"Okay." Yun Jian sat in front of the dressing table and nodded slightly.

"Let's go. I'm just about to remove my makeup and have supper with my colleagues in the company. Bring your friend with you. Let's go together."

Yao Lili waved at Lin Wan, Peng Caihui, and the others generously. She thought that Peng Caihui and the others were also Yun Jian's friends, so she even smiled at Peng Caihui and the others.

“Lin Wan, let’s go.”Unexpectedly, Yun Jian only called Lin Wan.

“Hey! We came together too! Lin Wan, Yun Jian...”

Peng Caihui rolled her eyes. She had a meal with a big star. How could she let go of such a good thing! Therefore, when Peng Caihui saw that Yun Jian and Lin Wan were leaving, she wanted to sell it. She hoped that Yun Jian would forget about the previous matter and take her with him.

“I’m here with my friend, both of us.”At this moment, Yun Jian’s voice rang out, interrupting Peng Caihui’s words.

Peng Caihui’s expression instantly darkened to the extreme.

But Yun Jian knew a big celebrity! Even if Peng Caihui was a fool now, she would definitely not choose to scold Yun Jian at this time.

Therefore, Peng Caihui watched helplessly as Yao Lili removed her makeup, then brought Yun Jian and Lin Wan away under the protection of more than a dozen bodyguards.

...

After Yun Jian and Lin Wan left with Yao Lili, Peng Caihui stood on the spot with a gloomy face.

“How could she do this? We are classmates after all...”ye Qiao said very righteously at this time.

But in fact, ye Qiao said this because she really wanted to go with Yao Lili.

“Humph! Does she think she knows a big star? !”Peng Caihui stood on the spot sullenly and shouted angrily.

...

Yun Jian and Lin Wan followed Yao Lili and broke through the crowd of fans and got into an extremely high-end luxury car.

The moment they got into the luxury car, even Yao Lili let out a long sigh. Then, Yao Lili turned her head to look at Yun Jian and said,

“Phew, I didn’t scare you guys, did I? Actually, their fans are more protective of me, but this lineup always scares me. Every time I come out, they surround me as if they don’t care about their lives.”.

“Oh right, the two of you will follow me closely later. Tonight is our company’s gathering, and there will be other celebrities there. If they say anything unpleasant to you, just ignore them.”

Yao Lili’s words made Lin Wan extremely excited.

To be able to see the superstar Yao Lili Up Close was already surprising enough.

Now, she could see other celebrities?

And all of this was thanks to Yun Jian’s recognition of Yao Lili!

“Really? Can I really see other big celebrities later?”Lin Wan put on an expectant look and looked at Yao Lili with great anticipation.

Yun Jian didn't have the feeling of seeing a big celebrity at all. She leaned against the back of the car and was very relaxed.

Chapter 1505: was ridiculed again. She was a country bumpkin

"It's true, but don't expect too much, because maybe they will be different from the celebrities in your impression." Yao Lili opened her white front teeth at Lin Wan and smiled.

This smile made Lin Wan's excited face smooth again.

The superstar Yao Lili not only sat in front of her, but also talked to her! She saw her! She spoke!

Lin Wan was one of those crazy people who chased after celebrities. Among the celebrities, although she didn't like Yao Lili the most, when she talked to Yao Lili, Lin Wan still had a feeling of disbelief.

"Aren't you afraid that I will go to your company's gathering with you and offend all the People In Your Company?" Yun Jian sat lazily in the seat of the luxury car. She turned her head slightly and looked at Yao Lili.

Yun Jian was the kind of person who would take revenge and return favors.

She could return the people who treated her well, but those who treated her badly, she would turn hostile on the spot. She wouldn't care about anyone's expression.

Yao Lili knew this, of course. After hearing Yun Jian's words, Yao Lili smiled slightly and said, "I'm not afraid."

Yun Jian and Yao Lili only exchanged a smile.

...

Chaotian Hotel, at the main entrance.

An extremely luxurious car stopped at the main entrance of Chaotian Hotel.

Chaotian Hotel was a newly opened five-star global chain hotel in Longmen City. The hotel was recently opened.

As Chaotian Hotel was a global chain, a well-known five-star hotel in the world, its interior decoration was very luxurious. The location of its construction was also the most luxurious city center in the city.

The cheapest meal at Chaotian Hotel cost more than a thousand yuan, and the most expensive one could cost more than ten thousand yuan.

This standard of consumption was very expensive in the eyes of ordinary people in Country Z in 1999.

In other words, the people who could eat or stay at Chaotian Hotel were either big leaders, rich people, or famous people from all over the world.

The opening of Chaotian Hotel was purely to serve the big shots.

“This is the place. We can get off now.” Yao Lili got off the car first. Then, she held the door of the car for the cloud tablet and helped the cloud tablet to get off the car.

When the driver saw this scene, his eyeballs almost fell out.

Who Was Yao Lili? She was an international superstar! In the past, Yao Lili was an extremely arrogant person.

When she got off the car, she needed someone to support her. When she entered the hotel, she needed someone to serve her. When she ate, she had to rinse her mouth.

Many people even accused her of acting like a big shot.

But what did he see today?

An international superstar, Yao Lili, personally opened the door for a sixteen-year-old girl?

Was... was this a joke?

Was this true?

Lin Wan got off the car with Yun Jian. The three of them had just gotten off the car and walked toward the super-large and high-class door of Chaotian Hotel. They had just taken two steps when a woman in her twenties walked over with a loud laugh.

The woman was dressed in bright red. She had an excellent figure and was quite good-looking.

The woman saw Yao Lili opening the door for Yun Jian. As soon as she walked over, she sized up Yao Lili in front of everyone and then sneered:

“PFFT, Yao Lili, what’s wrong with you today? You actually opened the door for a girl who dresses like a country bumpkin? Did your head get stuck in the door and you become a little improper?”

Just as the woman’s mocking words came out, Lin Wan turned her head and saw the woman’s face clearly. The moment she saw the woman’s face, Lin Wan almost screamed.

Liu Yan! It was actually Liu Yan! Liu Yan was a big star in Z nation, but she had just won an international Best Actress award a while ago. Now, she was extremely popular. Basically, everyone in the entertainment circle knew Liu Yan.

Hearing someone say that she was a country bumpkin again, Yun Jian’s eyes slightly twitched.

In a place where no one was looking, her eyes flashed sharply.

Chapter 1506: provoked her and closed down

Lin Wan was excited when she saw Liu Yan, but when she recalled what Liu Yan had said, Lin Wan felt a slight chill in her heart.

Lin Wan was a fan of Liu Yan, the kind of diehard fan.

Lin Wan’s family was not bad. Her family could already afford a color TV set. When she saw Liu Yan in the movie, Liu Yan’s pure appearance moved Lin Wan.

Later, when Liu Yan became popular, she changed her pure and innocent appearance. After that, when she walked around, she would appear on the TV with heavy makeup and sexy clothes.

In fact, Lin Wan didn't like the way Liu Yan dressed after that, but she still liked Liu Yan as usual.

Just Now, Liu Yan's appearance made Lin Wan so excited that she almost screamed. But when she recalled what Liu Yan said just now, Lin Wan almost couldn't believe that the Liu Yan standing in front of her was the female celebrity that she had always liked.

Yun Jian's outfit today was a little more ordinary, but when he came to the Chaotian Hotel, he looked really plain and down-and-out.

"Let's go. Ignore her." Yao Lili had no intention of paying attention to Liu Yan at all. She waved at Yun Jian and Lin Wan, then turned around and walked into the Chaotian Hotel.

In the entertainment circle, celebrities used their most attractive side to expose themselves to the eyes of the audience, but no one could see their real side.

The second floor of Chaotian Hotel had been contracted by Yao Lili's performing arts company.

On the second floor, apart from many big stars, screenwriters, and directors, there were also the higher-ups of the company, including some of the less well-known small star staff.

However, most of the people who appeared were dressed appropriately. People like Yun Jian, who was dressed in casual clothes, could tell at a glance.

In fact, the reason why Yao Lili's company called many screenwriters, producers, investors, and directors over was that they wanted to let these people pick and train good seedlings in their own company.

Today's party was a party to put it nicely, but to put it bluntly, it was a banquet.

Female stars who wanted to be popular naturally had to pay a price in exchange for scenes and opportunities.

The unspoken rules were something that everyone with discerning eyes knew.

Of course, Yao Lili had brought Yun Jian and Lin Wan here today. She had no intention of letting Yun Jian and Lin Wan enter the entertainment industry. At most, she would take this opportunity to have a meal with Yun Jian.

However, just as Yao Lili sat down with Yun Jian and Lin Wan, a Fat Man with a beer belly sat down at the same table as Yun Jian and the other two.

The beer-bellied man looked at Yun Jian sneakily and said directly,

"Little sister, you look pretty good, huh? Why are you dressed like this? Haha, My Name Is Zheng Weicheng, I'm the Director of Douji Company. I think little sister, you look pretty good. Are you interested in developing your career in the entertainment industry?"

Just as the man who called himself Zheng Weicheng finished speaking, a sharp female voice interrupted, "Director Zheng, this little girl's clothes aren't that good. I'm afraid that no matter how much you praise her, she won't be popular!"

As he said that, Yun Zhi saw a figure flash past in front of her.

The next second, the sharp female voice, which was Liu Yan, who she had just met at the entrance, sat down on director Zheng's thigh. She wrapped her hand around director Zheng's chest and spoke seductively.

This scene almost made Lin Wan want to vomit.

She did not expect that the female celebrity Liu Yan, whom she had always liked, had such a person behind her!

"As long as she is beautiful, I will make her popular!" Director Zheng very naturally touched Liu Yan's butt and then looked up at Yun Zhi, he said to Yun Zhi in a tone that he thought a little girl like Yun Zhi would definitely be very eager to become a star:

"How about it, little sister? As long as you pay a little something, there is a broad road waiting for you to walk on! The entertainment industry! This is something that many people can not hope for!"

"Oh? The Entertainment Circle?" Yun Jian almost laughed out loud when she heard that, but she still curled her red lips and said those three words with a sneer.

"Yes!" Director Zheng pushed Liu Yan away as he said that. Then, he looked at Yun Jian as if he thought that a fish had taken the bait.

"You want me to enter the entertainment circle? Aren't you afraid that I'll destroy your entertainment company?" Yun Jian curled her red lips. She tapped the table with her nails and said indifferently.

"PFFT! You? With just you? You even destroyed director Zheng's company! hahaha! Are you joking? Director Zheng's company is famous in Z Country..."

Liu Yan laughed on the spot. However, just as she laughed, a middle-aged man who was thinner than director Zheng ran over. He looked at Yun Jian with fear and said to director Zheng and Liu Yan,

"You guys are crazy! You actually dared to provoke this little girl! Do you know that Beiguang model company from a while back! That beiguang model company had already closed down because they provoked this little girl! The boss of Beiguang was still begging on the streets!

"How could you guys be so stubborn as to provoke her..."

Just as the middle-aged man who came over said this, director Zheng and Liu Yan's smiles completely froze.

What?

The Beiguang Model Company went bankrupt a while ago because of Yun Jian?

Because of this girl who wore such ordinary clothes?

This... How can this be cocoa ... Can It?

Chapter 1507: "Let the small organizations be stained with blood."

Director Liu Yan and director Zheng's faces were completely stiff.

At the beginning, director Liu Yan and director Zheng thought that Yun Jian was a girl who came from the countryside and was obviously a country bumpkin.

Most of these girls' families were extremely poor because they didn't have money or wanted to live a richer life than before. In order to not be ridiculed at school, there were also a lot of girls who sold themselves out.

When director Zheng saw Yun Jian today, his eyes were wide open.

When Liu Yan walked over and sat on director Zheng's lap, director Zheng touched Liu Yan's butt and thought about how attractive she looked under the casual clothes that Yun Jian was wearing.

Yun Jian's appearance was without a doubt. That pure and innocent face could not even be compared to Liu Yan, who had recently won an international award.

With his looks, if he were to mingle in the entertainment industry, as long as he paid a price, he would definitely become popular!

The reason why Liu Yan had ridiculed Yun Jian was because she was afraid that Yun Jian would really enter this industry. She had promised director Zheng that she would compete with her for resources.

However, director Zheng and Liu Yan would never have imagined that Yun Jian was the person who had brought down the famous entertainment company, Beiguang Model Company, not long ago!

Beiguang model company was a big company that reverberated around the world. Back then, Beiguang Model Company had a very good future and had already entered the global ranks. It was comparable to the entertainment company that Yao Lili was in.

However, such a big entertainment company had closed down just like that. When they heard the rumors that Beiguang model company had closed down, director Zheng and Liu Yan were completely in disbelief.

Later, when they saw the boss of Beiguang model company begging on the street with their own eyes, director Zheng and Liu Yan were shocked.

At that time, they didn't think too much. They didn't even know the specific reason for the closure of Beiguang Model Company. They heard that Beiguang had provoked someone. That was all.

If it wasn't for the middle-aged man who came over Midway, director Zheng and Liu Yan wouldn't even know that the reason why Beiguang Model Company was banned and went bankrupt was because they provoked Yun Jian!

"She, she, she? Beiguang went bankrupt because they provoked her? That's why Beiguang now... went bankrupt! ? This..."

The middle-aged man was a rather outstanding lighting technician in the former beiguang model company, so what the middle-aged man said was very believable.

But even so, director Zheng and Liu Yan were scared silly.

How was that possible? ? Yun Jian was dressed in such ordinary clothes. What ability did she have to destroy a company as big as Yao Lili's company just like that? ?

"Why not? I saw it with my own eyes when Beiguang went bankrupt! She, she, she... her friend was caught inside beiguang and slit her wrists to protect her innocence..."

"That's why she chopped off a person's finger in public and had her men chop off everyone's manhood... that scene was really... I was standing outside at that time. I didn't dare to make a sound when I heard it, and I was almost scared to death."

The middle-aged man who had previously been a lighting technician in Beiguang's modeling company and had now switched jobs to Yao Lili's company spoke in fear. As he spoke, he looked sideways at Yun Jian, and his words were filled with uncontrollable fear.

When she heard that Yun Jian had the ability to chop off a person's finger in public, Liu Yan's face almost turned pale from fear.

She was just a teenage girl!

She actually dared to do something like chopping off a person's finger!

Just as she was thinking about this, Yao Lili's words to Yun Jian were heard once again. The meaning behind her words made Liu Yan, director Zheng, and the others go crazy again:

"SS, why are you being so lenient now? I remember that in the past, just because a small organization said a few words to you, you directly let that small organization bleed the mountains and rivers."

When Yao Lili's relaxed words were heard by everyone present, it was as if they had heard something terrifying.

Just because of one sentence, Yun Jian once let a small organization's people bleed the mountains and rivers! ?

She, is really just a teenage girl!

She is simply the devil!

Chapter 1508: elegant and graceful, your highness

Only director Zheng, Liu Yan, the middle-aged man, and Lin Wan could hear what was being said. Chaotian hotel was very big, and the second floor occupied an absurd amount of space.

There was a group of people walking around with wine glasses in their hands, filled with wine, wine, and other kinds of wine. The scene was noisy, and everyone was talking about their own things. No one had the leisure to pay attention to this side.

Therefore, only a few people could hear the conversation between Yao Lili and Yun Jian.

At this moment, even Lin Wan was in a daze, not to mention director Zheng, Liu Yan, and the middle-aged man.

"What did you say? She destroyed a small organization?"

Director Zheng, who was standing not far away from Yun Jian, opened his mouth so wide that it could not be closed. He looked at Yun Jian in a daze. Everyone present could not react to his stunned look.

Liu Yan was so scared that her face turned pale. She could not even say a word.

Who told her that this little girl was so scary?

Liu Yan recalled what she had said when she first saw Yun Zhi. She shivered.

Could This Yun Zhi really have some backing?

Would Yun Zhi attack her when she said that?

Liu Yan was a little afraid of this because she was born in the countryside. The only reason she could climb to her current position was because of her bed skills. She had seduced many directors and investors in exchange for this position.

In the past, Liu Yan was despised and ridiculed for being a country bumpkin. When she first saw cloud note, she recalled how she was ridiculed for being a country bumpkin, so she also ridiculed cloud note.

After all, Liu Yan didn't have any backers today, so when she thought Yun Jian had a backer, she was really a little afraid.

But when she thought about it carefully, she was now an international movie queen! Who could make her do anything?

Especially a girl like Yun Jian. She probably only looked impressive on the surface, but in reality, she probably didn't have too many backers.

In addition, for the sake of her own face, Liu Yan naturally wouldn't show any signs of weakness.

Just as everyone was stunned, Yun Jian replied to Yao Lili. When she replied to Yao Lili, her lips curled into a red arc. She lightly pursed her lips into a faint smile and said two simple words:

“Life.”

In Z country, she naturally couldn't do what she did in the organization back then. After all, her family still had to survive in Z country.

She wasn't the kind of person who would act impulsively.

“Hey, big stars, so you're here.” At this time, a male voice suddenly interjected from the side. When she turned her head slightly, she could see a man in a suit and leather shoes walking over. He was dressed in a serious manner.

The man had short hair with golden hair. His appearance was the standard of a handsome man in the eyes of Westerners.

He had big eyes, a high nose bridge, and white skin. Without even looking, one could tell that this man was definitely one of the superstars.

The man spoke in Chinese, but his Chinese was not that standard.

Yun Jian raised his eyes slightly and glanced at the man before turning his gaze back.

The man whistled and looked at Yun Jian's face, which did not look like a mortal's face, for quite a while.

Yun Jian did not recognize this man at all, but Lin Wan, who was beside him, immediately screamed when she saw the man:

"Richard! It's actually Richard! The Richard who won the Oscar Best Actor award a While Ago! Ah! He's really handsome! Much more handsome than the one on TV!"

Richard's appearance could be considered a handsome man in the eyes of Westerners. He had short golden hair and a tall and straight nose bridge.

At least in Lin Wan's aesthetic view, Richard's appearance could be considered as the Prince Charming in her heart. He was elegant, and no matter what occasion he attended, he gave people a gentlemanly feeling.

However, Richard saw the cloud note at this moment, but Richard was a very elegant prince. Even though he only saw the cloud note in his eyes, he still spoke to the cloud note and Lin Wan in a rather polite manner:

"Your two beautiful princesses, may I ask your names?"

As he spoke, Richard's eyes stared at the cloud paper.

Chapter 1509: bring a friend and stay for two days

Richard's appearance attracted the attention of many women present. Around him, whether it was the staff or some small female stars, they all looked at Richard.

It was not too much to say that Richard was a handsome prince.

The girls all dreamed that one day their Prince Charming would ride a white horse to welcome them back to the big castle.

Because of this fairy tale, Richard's appearance, words and actions met the standards of fairy tales, so he became popular.

As an actor, Richard's appearance undoubtedly met the standards of women's aesthetics. As a prince with grace, his words and actions were exactly the same as people's impression of Prince Charming.

Just like now, Richard was bending down, attaching his hand, and making a 90-degree bow to cloud paper and Lin Wan.

It was the etiquette of Richard's country to bow before asking a person's name.

After Richard became popular, some people even said that Richard was a noble prince of a certain country.

In the world, there were still many countries that followed the rule of kings. In other words, the leader of a country had the final say, and the relatives of the leader were the royal family.

When the last emperor of the Z Nation abdicated, they had already overthrown such a tyrannical system.

In the world today, there were still many countries that had such a king system.

Therefore, when Richard became famous, there were reporters who tried to track him down. In the end, they found out that he had a huge backing. He was even the Prince of a certain country.

When this news spread, it caused a sensation in the entertainment circle. Many people liked Richard even more after they heard the news.

After all, Richard's appearance was famous for his role as Prince Charming. The Prince Charming that Richard played was not only handsome, but also elegant and gentlemanly like a real prince.

After the news that Richard was suspected to be a real prince of a certain country was exposed, the entire entertainment circle was shocked. More importantly, after this, Richard became even more popular.

A man who was elegant and gentle like a prince on a white horse acted in the part of Prince on a white horse. Later, it was revealed that someone saw him return to his castle. Most likely, he was a real prince.

Once such news was reported, Richard became popular throughout the entertainment circle. He also became the target of countless girls' hearts for Prince on a white horse.

Lin Wan was a little girl who was completely captivated by Richard's handsomeness.

Previously, when she saw Richard on the television, Lin Wan was completely captivated. Now that Richard was standing in front of her, Lin Wan felt that Richard himself was even more handsome than the one on the television.

Lin Wan had been staring at Richard ever since he appeared. Now that Richard asked for her name, she immediately rushed to reply, "My Name Is Lin Wan, and this is my friend, Yun Jian!"

"Yun Jian, what a nice name... Cough, cough, Lin Wan, your name is not bad either." Richard almost forgot Lin Wan when he heard Yun Jian's name, and then added in a gentlemanly manner.

But at the same time, Richard's eyes were still staring at Yun Jian.

"Boy, it's been so long. You're getting better and better!" Yao Lili walked over and patted Richard on the shoulder.

Obviously, Yao Lili and Richard were on good terms.

"Sister Lili, you haven't come to my house for a long time. My sister talks about you every day. Do you want to bring your two friends to my house next week? Let's Get Close."

Richard took a look at the cloud note and then started to talk to Yao Lili. Of course, his natural gentlemanly manner was still the same as before.

Richard was a disguised invitation to the letter, anyone can see.

Chapter 1510: preparing to travel abroad

Lin Wan was probably the only one who couldn't tell that Richard was secretly inviting Yunjian to his house.

When Lin Wan heard that Richard wanted Yao Lili to bring her and Yunjian to his house to play, she almost jumped up in excitement. However, after years of homeschooling, Lin Wan suppressed her inner emotions.

In a place where no one could see, Lin Wan was holding Yun Jian's hand tightly at this moment. She was so excited that she almost couldn't hold back her heart and almost screamed.

Richard was a big star! An international Big Star! He had even won an Oscar award for Best Actor!

Such an achievement, in addition to Richard being most likely a real prince, coupled with his handsome face, high nose bridge, white skin, and big eyes.

This was completely the Prince Charming in the hearts of the girls, without a doubt!

Logically speaking, a big star like Richard, she, Lin Wan, was not even qualified to meet him.

In the end, Richard actually invited her, Lin Wan, to his house to play!

Lin Wan felt that if she did not hold the hand of the cloud note at this moment, she would have been so happy that she would have lost her mind and directly fainted.

"Do we have food and accommodation? If we have food and accommodation, we can stay there for a few days!" Yao Lili laughed. Then, she patted Richard's shoulder and pulled her hand away from Richard's shoulder.

Yao Lili was obviously joking.

Richard naturally knew that Yao Lili was joking, so Richard replied,

"Of course. If sister Lili brings her friends here to play, I will have food and accommodation. We can also go sightseeing! There are many scenic spots over there!"

Richard said so much purely because he wanted Yun Jian to go with them.

Yun Jian might not have the intention to go with them, but Lin Wan was completely mesmerized.

At this point, Richard had said enough decent words, so he turned to look at Yun Jian and Lin Wan and invited them solemnly:

"Two beautiful princesses, I welcome you to my country for a trip next week. How about it?"

Richard's eyes were fixed on the cloud paper as he said this, as if he was waiting for a reply from the cloud paper.

Lin Wan did not feel that Richard's eyes were fixed on the cloud paper. The moment she was invited by Richard, Lin Wan shook the cloud paper's hand and almost jumped up in excitement.

"I'll Go! We'll Go! We'll definitely go!" Best actor Richard invited them to visit his country! Lin Wan was a fan of Richard. As a fan of the film, she would definitely go to Richard's invitation.

“Yunjian, let’s go together! Let’s Go! Let’s think of it as a trip!” Lin Wan shook Yunjian’s arm and pouted. She looked quite cute.

“Okay, let’s go.” Since Lin Wan wanted to go, Yunjian didn’t mind.

Coincidentally, Xiao Yunzhu and the other two had stayed at home for a long time. Yunjian planned to take Xiao Yunzhu and the other two out for a walk.

Speaking of which, Xiao Yunzhu and the other two had never been abroad before. It would be good to take them out to see the market.

“But I want to take my brother and sister with me,” Yunjian said.

Hearing Yunjian say that he wanted to go with them, Richard wouldn’t refuse.

“Go, go, go. It’s more lively with more people!” Richard hurriedly said, afraid that Tingyun Jian would go back on his words.

Liu Yan actually liked Richard very much, so Tingyun Jian and Lin Wan were invited to Richard’s country. She shamelessly looked at Richard and said,

“Brother Richard, they are all going to your country. Your sister Liu Yan also wants to go with them.”

As soon as Liu Yan’s words came out, Richard felt a chill in his heart, but he still nodded. “It will be very lively if everyone goes together!”

“Well, can I bring our other friend along?” Lin Wan suddenly thought of Mu Ying, so she quickly asked Richard.

After all, Lin Wan was Yun Jian’s friend. Richard immediately agreed when he heard it. “Of course, your beautiful princess.”
