

Schoolgirl 1511

Chapter 1511: "If you don't invite me, the little paper will not be good"(1800 + words)

Until the end of Yao Lili's company dinner, walking back to the school dormitory, Lin Wan was still holding the cloud paper's hand in disbelief that Richard had really invited her and the cloud paper to his country for a vacation.

Logically speaking, Richard was a public figure, and Richard usually would not invite people to his home to play.

After all, as a public figure and a well-known international best actor, Richard was most afraid of people knowing where his home was and his status.

However, Richard actually invited her and Yun Jian to his house to play, Lin Wan felt that it was unbelievable.

"We have to quickly tell this good news to Mu Ying! Next Friday, as soon as school is over, we will be ready to leave. Tell her to quickly pack her things and get ready!"

As Lin Wan spoke, she took out her phone and called Mu Ying.

...

These days, Mu Ying had been stuck with mad dragon every day. She had already given up on being with Mad Dragon because she felt that she was not worthy of Mad Dragon. They were no longer from the same world.

However, Mad Dragon had been staying in min city these days, pestering Mu Ying Day and night.

At night, Mu Ying stayed in the Mu family's Big Villa. When she was resting in her room, the MAD Dragon directly jumped in from the window on the second floor. When Mu Ying reacted, she felt that the window behind her had been opened. When the cold wind blew.., the moment she turned around, she was hugged by the mad dragon from behind.

Then, he forced her to be intimate with him.

Mu Ying used all her strength to reject him, but it was futile.

In the end, Mu Ying had no choice but to compromise.

The Mad Dragon had not eaten his favorite piece of meat for hundreds of years, and when the best piece of meat disappeared forever, he suddenly felt the same feeling again one day.

If it were not for Mu Ying's forceful rejection, the mad dragon would have already eaten her.

Of course, even now, except for the last step, the Mad Dragon and Mu Ying had already done everything they should have done.

At this moment, Mu Ying and Mad Dragon were lying naked on the bed.

At this moment, the phone rang.

Mu Ying hesitated for a long time. In the end, she glanced at Mad Dragon, made a “Shh” gesture to Mad Dragon, and then picked up the phone.

Just as she picked up the phone, Lin Wan’s voice immediately came from the other end:

“Mu Ying, let me tell you, we were invited by international superstar Richard to play in his country! We were really happy. Hehe, I also said that we would go together for you. Are you going? Let’s go together, okay?”

“I...” Mu Ying glanced at Mad Dragon and rejected him. “I don’t think I should go...”

...

On the other end, Lin Wan, who had told Mu Ying many benefits, had no choice but to hang up the phone helplessly.

“If she’s not going, then only we can go together.” Lin Wan only wanted Mu Ying to go with them out of kindness because she thought that everyone liked to see superstars. However, since Mu Ying refused to go, Lin Wan naturally did not force her.

“Okay.” Yun Jian pursed his red lips and said.

A week passed very quickly. On the day after school on Friday, Yun Jian specially ran back to Longmen City to bring Xiao Yunzhu and the other two to meet Yao Lili with Lin Wan.

Although Yao Lili, Liu Yan, and Richard were international superstars, the three of them did not leave Z country. It was obvious that they were waiting for Yun Jian and Lin Wan.

Yun Jian and Lin Wan brought Little Yunzhu, who was carrying a small schoolbag, to meet Yao Lili and the other two at the airport.

After the meeting, Liu Yan glanced at Yun Jian and stood aside with a light chuckle.

Yao Lili, Liu Yan, and Richard were standing at the airport fully armed. This was also necessary. Although they were in Z country, if they were recognized as international superstars, it was estimated that not only the three of them would be surrounded, Yun Jian, Lin Wan, and the others would also be implicated.

Richard was the Prince of Country H. This time, the three of them flew to Country H together by plane.

Yun Jian brought a schoolbag, which contained some textbooks that Xiao Yunzhu and the other two had brought.

Yun Jian was afraid that Xiao Yunzhu and the other two would be too tired, so he took some textbooks from Xiao Yunzhu and the other two’s schoolbags and carried them on his back.

In the airport waiting room, Xiao Yunzhu rubbed her hands.

Richard saw that Xiao Yunzhu and the other two had an extraordinary position in Yun Jian's heart, so he squatted down and stood in front of Xiao Yunzhu, he tried to make friends with Xiao Yunzhu and Duan Li and Duan Ya. "Little brother, little sister, you are so cute."

As he spoke, Richard took out three lollipops from his trouser pocket and handed them to Xiao Yunzhu and the other two.

Xiao Yunzhu and the others took the lollipops, but when Xiao Yunzhu took the lollipops, she complained, "I still prefer the lollipops that brother Si Yi gave us!"

This sentence of "Brother Si Yi" made Richard's eyes flicker slightly, but Richard didn't know who exactly this "Brother Si Yi" referred to.

"Sister, why didn't brother Si Yi come? I think I saw sister and brother Si Yi playing Kissy-kissy!" Xiao Yunzhu pouted and turned her head to say to Yun Jian.

This sentence made Richard Tremble.

Who was the brother Si Yi mentioned by this little brother? He had even kissed Yun Jian? Richard's face immediately darkened.

Just as he was thinking about this, a mellow sound was heard. Then, what entered Richard's eyes was a man who was taller, more handsome, and more perfect than him:

"Of course I'll Kiss My Woman. Why didn't you call me when you went out to play? HMM? Did Little Jian not learn his lesson?"

At the end of his sentence, Richard saw the handsome man who was more outstanding than him suddenly walk over from behind Yun Jian. The moment he appeared, he attracted the attention of all the women present.

The man reached out to grab Yun Jian's slim waist. He took off the heavy school bag on Yun Jian's back with his other hand and carried it on his back.

She carried such a heavy school bag as if she was reluctant to part with it, as if she was afraid that she would be tired, and coupled with the doting gaze that kept staring at Yun Jian.

In the end, he intimately leaned close to Yun Jian's ear and said those words that made people feel a little shy in front of everyone.

Richard's face almost turned extremely dark.

Who Is this man! ?

Chapter 1512: take the marriage certificate with you

Richard saw Si Yi hugging the cloud paper's slender waist and leaning against it intimately. He even lowered his head slightly and whispered into the cloud paper's ear.

Seeing this scene, Richard almost went crazy on the spot.

However, his years of cultivation made Richard suppress the anger in his heart. He tried his best to pull out a handsome smile and said to Si Yi through gritted teeth,

“Little brother, you are?”

Richard was obviously older than Si Yi. Si Yi was only twenty years old, but Richard was already twenty-five years old.

Richard was nine years older than Yun Jian, but Richard did not feel that he was older. In his country, it was very normal for a man to be more than twenty years older than a woman.

Richard also knew that in Z country, Yun Jian was not old enough to be married. As long as he was not married, he had a way to snatch the Yun Jian from Si Yi, so Richard was not in a hurry.

Richard now planned to learn more about Si Yi, so that he would have a way to snatch the cloud paper from Si Yi.

He, Richard, was, after all, an authentic Prince of the royal bloodline of H country. No matter what, he was better than this man who came from God knows where.

Richard was waiting for Si Yi’s reply.

He originally thought that Si Yi would introduce his name and age to him, but unexpectedly, Si Yi glanced sideways at Richard with a pair of eagle-like sharp eyes.

Richard was slightly startled by Si Yi’s glance, but he saw Si Yi’s thin lips slightly raise. He hugged the thin waist of the cloud paper and announced his ownership:

“I’m her husband.”

“Husband?”

“Husband! ?”

The next exclamation came from Liu Yan and Yao Lili.

The former had been staring at Si Yi because she had never seen such a handsome man. She had been fascinated just now.

The latter, Yao Lili, cried out in surprise. How could a person like SS Be Married?

“SS, you’re Married? What kind of international joke is this? You actually...” Yao Lili looked at the cloud note in horror and asked.

Although Yao Lili didn’t know the exact identity of the cloud note, she knew that the cloud note was a shocking existence in the international world. It was a person that no one could surpass, or even look at from afar.

That was because Yun Jian was able to enter and leave the dark soul organization freely. Other than the four leaders of the dark soul organization and the leader of the dark soul organization, Yao Lili didn’t know who else could do it!

Yao Lili originally thought that a person like Yun Jian would never be able to find a partner in his lifetime.

But she didn't expect Yun Jian to get married?

Richard was also stunned when he heard Si Yi's words.

She... Got Married?

He originally thought that Si Yi was at most Yun Jian's boyfriend, but he never expected that Si Yi was actually Yun Jian's husband?

This..

"Hehe, little brother, you really know how to joke. Aren't you Z people not allowed to get married before the legal age? "Well, although I'm a foreigner, I still know this common sense. Don't lie to me that I've read too little..."

Richard tried his best to pretend to be normal and not reveal his overly worried attitude towards the cloud note.

Richard only wanted to get a sentence that the cloud note did not get married.

However, Si Yi reached into his trouser pocket and took out the country R marriage certificate from his trouser pocket lightly. Then, he waved it in front of Richard, Liu Yan, and Yao Lili without losing his aura.

As if he was afraid that the marriage certificate in front of him would be torn to shreds, Si Yi put the precious marriage certificate back into his trouser pocket expressionlessly and smiled:

"Country R marriage certificate, me and Xiao Jian... are justified."

This familiar scene made the corner of Yun Jian's mouth twitch.

Why did he still bring the marriage certificate with him?

Chapter 1513: was discovered. The airport was in chaos

Richard's face darkened when he saw si yi showing off his marriage certificate to Yun Jian. It was as if he had stepped on Dog Sh * T.

Was she really married?

Was she really married? ?

"Oh my God! SS, are you really married?"

Richard had not recovered from his shock. Yao Lili could not hold back her emotions when she saw Si Yi showing off his marriage certificate in front of her. She looked at Yun Jian and screamed.

"Okay." Yun Jian nodded slightly, tacitly acknowledging the fact that she and Si Yi were married.

"Oh my God, you didn't inform me that you were married. When are you going to treat me to a wedding banquet?"

Yao Lili walked up to Yun Jian at this time. If it weren't for Si Yi standing behind Yun Jian, she would have walked over and put her arm around Yun Jian's shoulder.

“Brother Si Yi said that sister will have a wedding banquet when she goes to university. Then, we can eat special, special, and delicious wedding candies.”

Duan Li shook the two braids on her head and blinked her eyes cutely at Yao Lili.

“Wow, little sister, you are so cute.” Yao Lili squatted down and patted Duan Li’s head.

Duan Li shyly hid behind Xiao Yunzhu.

Not far away, Richard’s eyes turned red when he saw Si Yi holding Yun Jian’s hand.

Envy, this was indispensable. Richard really hoped that the person holding Yun Jian’s hand was him.

However, years of cultivation allowed Richard to control his behavior of swearing.

Liu Yan stood at the side, but her eyes were shining with envy.

Although she had received the title of International Best Actress some time ago, she had suffered a huge blow and setback before receiving this title.

In other words, it was how many men she had served. Sometimes, when she met a perverted man, she had to be beaten up. In the end, she had obtained her current position.

But what about Yun Jian? Why was she so easily liked by Richard?

If Yun Jian wanted to enter the entertainment industry, based on the fact that Richard liked her, as long as she agreed to become his mistress, it would be easy for her to reach her current status.

With such a good opportunity, she pretended to be aloof. Liu Yan just didn’t like Yun Jian!

“Oh right, SS, is your friend still not back from the toilet? We will be boarding the plane in a while.” Yao Lili reluctantly put down the cute Duan Li and stood up to ask Yun Jian.

Lin Wan had gone to the toilet before Si Yi appeared, and she hadn’t returned yet.

“I’ll go take a look,” Yun Jian turned his head and said.

“No need, she’s already back.” Yao Lili suddenly saw Lin Wan running over happily not far away.

The few of them then went over to Lin Wan’s side.

Liu Yan stood behind Yao Lili, and her eyes were slightly furrowed. She immediately stretched out her hand and took off the hat on Yao Lili’s head, along with the mask, silently.

Yao Lili was an international superstar and a public figure. She stood at the place where she was waiting to board the plane. She was fully armed, with a hat on her head and a mask on her mouth. She was completely afraid of being recognized by the fans at the airport. If she was chased and ran.., it would cause chaos.

Liu Yan pulled the hat and mask off Yao Lili’s head. This way, Yao Lili’s face would be exposed in front of everyone.

“Liu Yan, you...” by the time Yao Lili reacted, people around her had already noticed Yao Lili.

“Hey, isn’t that... that person is an international superstar, Yao Lili!”

“Oh my God! Yao Lili is at the airport! Hurry up and chase her!”

...

When the people around her noticed Yao Lili, the crowd immediately became restless. All of a sudden, everyone rushed over.

When they turned their heads to look, Liu Yan had already hidden herself.

In such a situation, it was very likely that Yao Lili would be surrounded by the crowd. After all, as a public figure, if she were to be exposed in a public place now, it would cause chaos in the public place. There might even be a stampede.

As soon as Lin Wan walked over, she was frightened by the surrounding crowd.

This was obviously done on purpose by Liu Yan.

If Yun Jian and Si Yi were not here, and Little Yun Zhu and Duan Li and Duan Ya were children, there was a high possibility of a stampede.

As for the short little Yun Zhu and Duan Li and Duan Ya, the mortality rate was extremely high!

Yun Jian’s face darkened, and she commanded fearlessly, “Yao Lili, lead the crowd to the east, then take advantage of the chaos to run to the west. Board the plane immediately, and we’ll see you on the plane.”

As she spoke, Yun Jian picked up Duan Ya.

Si Yi grabbed Xiao Yunzhu and Duan Li’s collars and left with Lin Wan.

Chapter 1514: a kiss in the plane

Richard had already discovered Liu Yan’s actions when she took off Yao Lili’s mask and hat.

Liu Yan wanted to cause a riot at the airport, so she took off Yao Lili’s mask and hat.

As an international superstar, Yao Lili was immediately discovered.

Richard was not stupid. Of course, he could see that Liu Yan did not like Yun Jian. She had exposed Yao Lili to the people at the airport with an obvious purpose.

Because Yun Zhi and Yao Lili were friends, Liu Yan took off Yao Lili’s mask. The people around her would immediately discover Yao Lili’s identity and pounce on her. In this way, Yun Zhi would also be surrounded.

Liu Yan must have thought that even if she could hurt Yun Zhi even a little, she would feel satisfied.

Richard had just seen Liu Yan’s actions and did not stop her even if he had the ability to stop her. That was because he wanted to be a hero to save the damsel in distress.

Yun Jian must have been frightened by the situation just now.

Yao Lili was surrounded by fans. Yun Jian and Si Yi, who were standing next to Yao Lili, must not have encountered such a situation where they were surrounded by the attention of the crowd.

Especially Yun Jian, she would definitely be terrified.

At this moment, Richard had wanted to take advantage of the chaos to grab Yun Jian's hand and take him away from this chaotic place while his identity was not exposed, so that Yun Jian would have a good impression of him.

Because Richard thought that a beautiful girl like cloud note would be at a loss when faced with such a thing.

Then he would go over and grab her hand, taking advantage of the chaos to run out of this horrible place surrounded by people. Cloud note would definitely be attracted by his exceptionally handsome side.

Richard was afraid that he was overthinking. He also never thought that cloud note would be able to remain calm even in the face of a large group of people with machine guns.

How could she be afraid when she was surrounded by a group of powerless people?

Richard's thoughts were beautiful, but the truth was that Yun Jian calmly instructed them to retreat. Then, she turned around and left with Si Yi, Xiao Yunzhu, and the other two. They called Lin Wan and did not even look back before the crowd gathered around them.

The way she commanded them was as if she was born to be the ruler of the crowd.

Richard wanted to chase after Yun Jian and Si Yi, but surprisingly, Yun Jian and Si Yi left his sight after a while.

The crowd behind quickly blocked Richard's way.

..

"I can't, Yun Jian. I need to go to the toilet again. My stomach hurts," Lin Wan said as she followed Yun Jian and Si Yi to the boarding gate.

"You guys get on the plane first. I'll be there in a while," Lin Wan said to Yunjian and Si Yi before running to the toilet.

"Sister, take the plane!" Little Yunzhu was grabbed by Si Yi's collar. Now that she was finally placed on the ground, he said to Yunjian and Si Yi excitedly.

Seeing that Little Yunzhu and Duan Li and Duan ya were looking forward to it, Yunjian held Duan Li and Duan Ya's hand. Si Yi grabbed little Yunzhu's collar and got on the plane first.

Because they were traveling with Yao Lili and the other two celebrities, Yun Jian and the other two bought first-class seats this time.

Xiao Yunzhu and the other two took one seat each. There were not many first-class passengers. Perhaps Yun Jian and the other two boarded the plane earlier, so not many passengers boarded the plane.

Si Yi's seat was right next to Yun Jian. At this moment, he was holding Yun Jian's hand tightly.

They could see many planes through the windows of the plane, so the three of them were so excited that they couldn't even focus on Yun Jian and Si Yi.

After waiting for about ten minutes, Yao Lili and Richard finally broke through the encirclement and boarded the plane.

Richard had just boarded the plane when he saw Si Yi sitting next to Yun Jian. He was sitting in his own seat, bent over and attached himself to Yun Jian. He held onto the back of Yun Jian's soft hair with his long and slender hand, his slender body was attached to Yun Jian's chest, and his head was slightly lowered.

From Afar, Si Yi looked as if he was lowering his head to kiss Yun Jian.

Richard immediately clenched his fist.

At this time, Si Yi saw Richard's figure reflected from the side of the plane's window. His thin lips curled, and this time, he directly kissed Yun Jian's seductive red lips in front of Richard and the others.

Si Yi was originally helping Yun Zhi tuck his hair behind his ear, but when he suddenly kissed him, Yun Zhi did not react at all. He even carelessly muttered softly, "Oh..."

This scene made Richard almost have a heart attack.

Chapter 1515: Si Yi goes bad and speaks dirty words

He did it on purpose!

He kissed the note in front of him on purpose!

Richard was almost angered to the point of vomiting blood by Si Yi's action.

Richard engaged in showbiz because of his interest, in addition to his powerful background, as well as the congenital handsome advantage, Richard was undoubtedly the lucky person who was kissed by God.

In show business, Richard had never met a wall. Whether in love or career, Richard was a smooth-sailing person.

But in love, Richard had always been rigorous. He wanted to find a woman he really liked.

He had met many women over the years, and also met many women, but Richard had never met a woman he liked.

Until a week ago, when he saw the cloud note.

That day, the cloud note stood in the distance. Her exquisite and beautiful face and not-so-tall figure were not as enchanting as Yao Lili's, nor were they as enchanting as Liu Yan's.

But Richard had never seen such a beautiful girl.

That not-so-tall figure was just right, and it was golden.

Her face was neither seductive nor seductive, but had a hint of the pure beauty of a girl, as well as her small lips.

Richard admitted that he had never seen such a beautiful girl, so at that time, he was deeply fascinated by the cloud notes and could not extricate himself.

So much so that when he knew that there was a man on the cloud notes, and even when he got married, he did not want to give up.

Richard was the Prince Charming in the hearts of countless young girls. He sat on the property of a country and was the real prince of H Nation.

Whether it was his appearance, money, status, or status, they were all impeccable existences.

In the past, if he had taken a fancy to any woman, any woman would have tried their best to climb into his bed.

But Now? Now, he had actually repeatedly hit a wall.

Si Yi had not really kissed Yun Zhi's small mouth just now, but when he saw Richard come in from the outside of the plane, he had only intended to tuck the remaining corner of Yun Zhi's hair behind his ear. When Richard came in.., he really kissed Yun Zhi's small mouth in front of everyone.

Yun Zhi was kissed suddenly. The moment she was kissed by Si Yi, her eyes widened. After looking at Si Yi for two seconds, she fortunately closed her eyes.

Knowing that Si Yi would not stop until he achieved his goal, Yun Jian simply reached out and kissed Si Yi in front of Richard.

Seeing this scene, Richard wanted to vomit blood even more.

Most importantly, Yun Zhu and the other two noticed Yun Jian and Si Yi's actions.

Yun Zhu and Duan Liduan even clapped their hands and shouted excitedly, "Kissing! Brother and sister Si Yi are kissing again! Kissing!"

When Richard heard this, he wanted to vomit blood even more.

Did this mean that Si Yi and Yun Jian had been like this more than once?

"Cough cough! Can you guys keep an eye on the situation? This is a public place, and there are people passing by. Kissing her in front of so many people, is that all you have?"

Richard resisted the urge to rush up and pull Si Yi's heart away. He tried hard to control his heart and tried to speak to Si Yi with the calmest state of mind.

At the end of his sentence, Richard's words to Si Yi were also filled with gritted teeth.

After hearing Richard's words, Si Yi finally raised his head and let go of the cloud parchment's tender lips.

Standing on Richard's side, he could clearly see the traces of Si Yi's kiss on the cloud parchment's red lips.

Richard clenched his fists again.

On the other side, Si Yi curved his lips into a smile. He curled his lips slightly and immediately used words to retort Richard:

“We are a legal couple. It’s legal for me to kiss her.”

Si Yi’s slender fingers were placed between the cloud paper’s hair. When he spoke, his face was very close to the cloud paper, but his words were directed at Richard.

Si Yi’s words were very smooth. Just as he said this, Si Yi drew an arc again. He then turned his black eyes to look at the cloud paper. His eyes revealed endless love.

After pausing for a moment, Si Yi’s voice sounded again. He shamelessly opened his mouth again. At this moment, he directly said something that made Richard so angry that he could barely stand:

“I slept with Xiao Jian. This is also a legal and reasonable marriage.”

Chapter 1516: arrived in H Nation, but that was all

Si Yi’s last words really caused Richard to hold back his internal injuries and go mad with anger.

Have Sex?

He had sex with Yun Jian?

They actually...

Yun Jian heard Si Yi say these words so naturally, and there were three little adorable Little Yunzhu sitting next to her. She stretched out her hand and twisted si yi.

This twist made Richard even crazier.

Yun Jian’s subtle action showed that her relationship with Si Yi was very good?

However, this was not enough. Little Yun Zhu still wanted to get involved.

“Big Brother Si Yi and big sister often play kissing on the bed. They don’t even let us see it! Shame on you! Big Brother Si Yi and big sister are having an affair! hehehe!”

Little Yun Zhu had just finished speaking when Duan Li and Duan ya dragged her to the seats of the plane and started running and playing. They were having a lot of fun.

The plane had not taken off yet, and the airport in 1999 was not as strict as it was now. There were some fundamental differences between it and now.

The words left behind by Little Yun Zhu almost made Richard explode.

“I’m going to the washroom!” Richard gritted his teeth and said these words.

Si Yi smirked and held Yun Jian’s hand tightly.

Lin Wan boarded the plane just as the plane was about to take off.

Lin Wan was not surprised to see Si Yi and Yun Jian together. She already knew the relationship between Si Yi and Yun Jian.

Originally, Si Yi did not have a seat. Lin Wan gave up the seat to Si Yi while Lin Wan squeezed with Duan Ya. It was alright.

The airport management in this era was not as strict as it was now.

Liu Yan was the last one to step onto the plane.

As soon as Liu Yan boarded the plane, she was caught by Yao Lili.

“Liu Yan, what did you mean just now?” Yao Lili’s expression was very ugly.

“What do you mean? You’re blocking me! Move aside!” Liu Yan pushed Yao Lili away and walked over proudly to sit in her seat.

Yao Lili and Liu Yan had always been at odds with each other. Today’s incident had taught Yao Lili a lesson. She decided that she would have to be wary of Liu Yan next time.

...

It would take about ten hours of long-distance flight from here to H Nation.

After ten hours, they finally arrived at their destination.

H Nation was a very beautiful country. It was not poor. It was a highly developed capitalist country. It was famous for its seawalls, windmills, tulips, and a tolerant social atmosphere.

The moment they got off the plane and walked out of the airport, Yun Jian and the others could see the tulip lawn filled with eyeballs.

The scenery in front of them was very beautiful, giving people a sense of beauty that could not be described with words.

“The housekeeper has sent someone to pick up the plane. It will be here soon,” Richard said casually while looking at Si Yi’s hand that was holding the cloud paper.

As soon as he finished speaking, a large tour bus drove over.

Everyone got on the bus and the housekeeper of Richard’s family led them to Richard’s home — the royal courtyard of H Nation.

As soon as they entered the royal courtyard, even an international superstar like Liu Yan could not help but exclaim, “My God, isn’t this place too luxurious? It’s like a castle!”

Upon hearing Liu Yan’s praise, Richard turned his head to look at Yun Jian.

Richard looked as if he wanted to be praised by Yun Jian.

After all, the place that he could bring out the most was his own huge royal court.

This place was completely like a Western Castle, a fairytale world in the fantasy of the girls.

Just as Richard looked at Yun Jian with full confidence and felt that Yun Jian would definitely praise him, he heard Yun Jian calmly say,

“The famous royal family courtyard in country H is only SO-SO.”

The Cloud Note’s words were casual, but when Liu Yan heard it, she immediately changed her tone.

“Hehe, why? Have you ever seen a more luxurious place than this? This is the royal family courtyard in country H! It’s rare in the whole world. As an international movie star, I’ve been to so many places, but I’ve never seen a more luxurious place than this. You’re just a teenage girl, how can you go to a more luxurious place than this?”

Everyone present could feel Liu Yan’s contemptuous words.

Chapter 1517: Queen of King H, sister Richard

Everyone could hear Liu Yan’s sarcastic words. Liu Yan did not like Yun Jian.

Everyone present did not like Liu Yan’s existence, but Richard was too embarrassed to chase her away.

After all, Liu Yan was now an international superstar. A while ago, she had won an international Best Actress award. She had countless fans backing her up. At the moment, her status in the world was also extraordinary. She could not be provoked.

Liu Yan had always had a problem with Yun Jian, so when Yun Jian had said that, Liu Yan had been aggressive towards Yun Jian. She had only used Yun Jian’s words to suppress Yun Jian.

“This place is indeed small, and it’s broken.” Si Yi’s eyes were fixed on Yun Jian. He had already spoken before Yun Jian had spoken.

Just as he finished speaking, the corners of Liu Yan’s mouth twitched. She wanted to retort Si Yi, who was speaking on behalf of Yun Jian, but she heard Si Yi’s mellow words once again:

“It can’t even compare to the corner of Xiao Jian and I’s bridal chamber.”

Si Yi’s ability to lie through his teeth was getting better and better.

Even the nothingness could be said to be true by him.

Once he said this, Richard’s attention did not stop at the fact that his country H’s royal family courtyard was being questioned to be very small.

Instead...

Bridal Chamber?

They even had a bridal chamber!

Although he knew that Si Yi and Yun Jian already had a country R marriage certificate and could be considered as a legal couple on a certain level, Richard still could not accept this.

It was not easy for him to fall in love with a woman, but in the end, she had done everything with others...

“Cough, cough, cough! My father knows that you guys are coming and has already instructed my mother to set up a banquet in the palace. Shall we go over now?” Richard did not want to hear Si Yi brag about how loving he and Yun Jian were, so he quickly changed the topic.

Although Richard looked very calm on the surface, his heart was actually broken.

Seeing that his goal had been achieved, Si Yi was satisfied. He held Yun Jian’s hand while his other hand dragged Xiao Yunzhu. Yun Jian pulled Duan Li and Duan Li pulled Duan Ya.

The group of people walked toward the H Nation’s palace.

It was not an exaggeration to say that they were walking in the palace. Looking around, if they had never been to a bigger and more luxurious place than this, they would really feel that this was the biggest and most luxurious place.

The ruler of H Nation was Richard’s father, the king of H Nation.

Of course, Richard’s father was busy dealing with national affairs every day. The trivial matters like entertaining guests or managing the royal palace naturally fell to Richard’s mother.

The Royal Palace of H Nation was completely different from the ancient royal palace of z nation. The Royal Palace of H Nation was completely built with Western architecture. It looked tall and strong.

As soon as they walked into the royal palace of the H Nation, Yun Zhi saw a woman dressed in luxurious clothes sitting on a long table not far away.

The long table was enough to cover a distance of ten meters. There were all kinds of tea and snacks on the table.

As long as one looked from afar, one would know that this was definitely the style of an aristocrat.

The woman wore an exclusive Queen’s crown on her head. It did not take much thinking to know that this woman was Richard’s mother and also the Queen of the H Nation, Marcia.

“Derek, you’re back?” The woman asked in H Nation’s own language as she looked up at Richard.

Liu Yan, Lin Wan, and the others didn’t understand.

“Mother, I’m back. These are my friends,” Richard said calmly to Marcia after he performed the nation’s etiquette to her.

“Well, Sully has been thinking about you. It’s time for her to go downstairs,” Marcia said. Her conversation with Richard was still in the H language.

Sully was Richard’s sister.

As soon as Marcia finished speaking, Yunjian raised his eyebrows. The next second, a figure ran down from a spiral staircase in the palace.

It was a pretty little girl, about 11 or 12 years old.

The little girl, Su Li, ran down the stairs. When she saw Yao Lili, she shouted, “Sister Lili is here!” and rushed over there.

Chapter 1518: Queen's attitude, feeding herring meat

Su Li was Richard's biological sister. Yao Lili had come to H nation before because Yao Lili had a good relationship with Richard. It was purely a relationship between friends and friends.

Yao Lili had come to H Nation before. Su Li and Yao Lili had known each other for a long time.

Su Li liked Yao Lili very much, so when she saw Yao Lili coming, Su Li pounced on her on the spot.

"This is Ms. Liu Yan, who won the International Best Actress award a while ago, right?"

As the Queen of King H, Marcia was proficient in many languages, and Chinese was the most common language. As the Queen of King H, Marcia was naturally proficient in Chinese as well.

At this time, Marcia turned to look at Liu Yan and asked in Chinese.

"Beautiful queen, I am." Liu Yan behaved quite appropriately in front of someone in a high position.

She first greeted Marcia with the H nation etiquette and then replied very politely.

"Sister Lili is my distinguished guest. She came to our house before." Su Li hugged Yao Lili's hand and said to Marcia.

"Yes." Marcia was a very noble lady. After listening to Su Li's words, Marcia nodded to Su Li.

Because Marcia was the queen of King H, she paid a lot of attention to her words and actions.

Yao Lili and Liu Yan. Marcia could be considered to have known them once. Then, Marcia used the majesty of a queen to glance at Yun Jian, Si Yi, Lin Wan, and the others.

Seeing that Yun Jian and the others were not dressed well, and their behavior did not have the noble air of a royal family, Marcia did not even bother to ask Yun Jian and Si Yi's names.

Marcia merely turned her head to look at Richard and said a polite sentence to Richard, "De'er, let your friends take their seats for dinner."

Marcia's words implied that she was the queen. It was especially obvious that Yun Jian and the others were inferior.

However, this was also considered normal.

After all, Marcia was the Queen of King H. as the mother of a country, she was naturally more noble than the average person.

International Superstars like Yao Lili and Liu Yan had powerful fans backing them up. Therefore, Marcia felt that Yao Lili and Liu Yan were the ones who could be considered as her distinguished guests.

As for Yun Jian, Si Yi, and the others, they were all wearing cheap clothes, right?

Marcia was the Queen of King H. of course, she would not point at the Yun Jian and mock it like Peng Caihui did before.

As the queen, she still had the style of her country.

The cloud paper and Si Yi could naturally feel Marcia's deliberate ridicule, but the cloud paper and Si Yi did not care about Marcia's opinion.

If it were not for Yao Lili, the cloud paper would have brought Little Yunzhu and the other two to play.

They had just sat down and had not touched their bowls and chopsticks, sitting three meters away from the cloud paper, Richard pointed at the dishes in front of the cloud paper and said, "Cloud paper, the plate of herring in front of your table is a specialty of the H nation. You can try it..."

Richard still didn't give up.

The Cloud Note's eyes moved slightly when it heard this, but she didn't respond.

Sitting not far away, the queen of King H, who was Richard's mother, Marcia, saw that her son was so concerned about the cloud note, so she moved her mouth slightly.

The etiquette in the palace had made Marcia develop the habit of not talking while eating. Even if the sky fell, she had to finish eating before talking.

As soon as Richard finished speaking, Si Yi, who was sitting next to the cloud paper, picked up a piece of herring meat and fed it to the cloud paper with the chopsticks that he had eaten before.

The cloud paper didn't think too much about it. She took the chopsticks that Si Yi had moved and ate the herring meat.

"Is it good?" Si Yi's black eyes stared at the cloud paper. It looked as if he had made the dish.

Richard was so angry that he almost went berserk.

"Si Yi, feed me fish, I want it too! I want it too! Little Chestnut, give me a piece!" Little Yunzhu saw Si Yi give a piece of herring meat to the cloud paper. He looked at Duan Li and said expectantly.

"I really can't stand you. Can't you do it yourself?" Duan Li said to Little Yunzhu in the tone of playing house.

Saying this, Duan Li also picked up a piece of herring meat and fed it to Xiao Yunzhu's mouth.

Chapter 1519: the noble queen was arrogant

Duan Li fed the herring meat to Little Yunzhu's mouth. Little Yunzhu bit it and chewed for a long time before swallowing it. Of course, she spat out fish bones that could not be eaten in her lower abdomen.

Seeing Little Yunzhu eat the herring meat that she fed him, Duan Li shook her head, which had two braids on its head. She rested her chin on her hands and looked at Little Yunzhu, she asked Xiao Yunzhu with a smile,

"Is it delicious?"

Her words were almost the same as Si Yi's when he asked Yun Jian.

Hearing Duan Li's question and Si Yi's words, Yun Jian pursed his lips and did not say anything.

"It's delicious! The food that little chestnut fed me is the best!" Xiao Yunzhu gave Duan Li a thumbs-up.

During the meal, other than what Richard had said to Yun Jian at the beginning, Yao Lili, Liu Yan, and the others ate in their own bowls and did not speak.

The requirements of the nobles in the royal palace during the meal were stricter than those of the ordinary families.

One of the reasons was that they were not allowed to speak during the meal.

Otherwise, it would be considered impolite.

This was the exact opposite in Z country. The custom in Z country was to eat and chat while spitting while eating. If they did not speak for a minute, they would feel bored. During the meal, they had to eat and chat.

As for the people of Country H, eating was taboo to make sounds like sucking, burping, and swallowing. Otherwise, it would be considered impolite.

On the other hand, Little Yunzhu and the other two were sucking, burping, and even wolfing down food while eating. This was already considered impolite.

The ordinary people of Country H would usually talk when eating, but in the palace of country H, talking was taboo when eating.

Therefore, the actions of Little Yunzhu, Yun Jian, and Si Yi made Queen Marcia frown.

However, following the etiquette of not speaking during meals, Marcia did not speak a word.

Little Yunzhu and the other two were fooling around. Looking at them, Marcia was terrified, thinking that these three disobedient children could flip the long table over.

In the midst of her fear, Marcia ended the meal unhappily.

Then, in front of everyone, Marcia ordered the maid to take the prepared mouthwash and rinse her mouth. She spat the mouthwash back into the basin and wiped her face with a wet towel before standing up.

“Hehe! It’s so delicious! I’m so full!” Duan Li reached out and touched her full stomach. She turned her head and said to Little Yunzhu.

“Me too.” Little Yun Zhu stood up very handsomely and said.

Yun Jian and Si Yi also stood up.

Yao Lili and Liu Yan didn’t say anything throughout the meal. They didn’t say anything until they stood up and left the dining table.

At this time, Marcia, who couldn’t bear it anymore, had already stood to the side.

Marcia calmed herself down and then turned her head to look at Yun Jian, Si Yi, Little Yun Zhu, and the others. She paused for a moment, then frowned and said,

“Do you Z people always have such bad manners when eating?”

There was a strong sense of derision in her words. Of course, as the Queen, Marcia naturally could not speak directly to Yun Jian and the others.

After Yun Jian heard Marcia's words, she slightly raised her eyebrows. Just as she was about to speak, Richard was afraid that Yun Jian would anger his mother and make things unpleasant. In the future, he and Yun Jian would not be able to handle big matters.

Therefore, Richard spoke to Marcia before Yun Jian could speak, "Mother, mother, this is the custom of the Z nation. Please don't take offense. Let's go out for a walk. Visitors are guests, visitors are guests!"

After listening to Richard's words, Yun Jian's eyes turned slightly cold.

But at this moment, no one made a sound.

Although Marcia's expression was very bad, as the Queen of King H, she naturally could not be angry.

Therefore, Marcia restrained herself and turned to Liu Yan. She said kindly, "Your name is Liu Yan, Yanyan, right? Do you want to go out for a walk?"

Marcia could see that her son Richard liked cloud notes.

But in comparison, Marcia liked Liu Yan more.

Her son Richard was already old enough. He was already twenty-five or twenty-six years old, and he hadn't found a girl he liked yet. As a mother, Marcia was also anxious.

On the other side, Liu Yan was called by Marcia. She looked as excited as a palace maid who had been ordered to sleep by the emperor. She quickly ran over to hold Marcia's hand and said in a very appropriate manner,

"Okay, beautiful queen, I'll accompany you at any time!"

Marcia liked Liu Yan like this, so she patted the back of Liu Yan's hand, turned around, and walked out with Liu Yan.

Halfway through the walk, Marcia turned around again. In order not to lose her hospitality as a queen, Marcia invited Yun Jian, Si Yi, Yao Lili, and everyone else:

"Come and walk with us. Whoever comes is a guest."

She looked like she had to come even if you didn't come because what I said was an imperial edict.

Chapter 1520: said that there were no exceptions

Between the host and the guest, the host was usually very polite. Sometimes when a guest came to the door, the host would even personally run to the door to welcome the guest.

Of course, these were only limited to the host who was very polite.

Marcia gave the impression that she was the host. Her words were like an order that had to be carried out, because she was a high and mighty person.

Even to Yao Lili and Liu Yan, Marcia did not lower herself.

Even if Yao Lili and Liu Yan were international superstars, the endorsement of the top figures in the entertainment industry.

From the beginning to the end, Marcia had always maintained her own cold tone and had never changed.

Of course, all of this could be explained by the fact that she was the queen of H Kingdom. As a country, she had to maintain her own cold tone.

“It’s evening now. The weather here is not hot, so it’s best to go out for a walk. The scenery of the H nation is beautiful. Now That I’m taking the child out for a walk, I’m not afraid of being exposed to the Sun.”

Yao Lili stood in front of Yun Jian at this time and said to Yun Jian. As she spoke, Yao Lili lowered her head and looked at Duan Li’s pink little face.

“Okay.”

Yun Jian originally didn’t plan to go out with Marcia and the others, but after hearing Yao Lili’s words, she said that the weather was the least hot at this time, so she was not afraid of being exposed to the sun when she took the child out for a walk.

Yun Jian nodded his head in consideration of this.

If Yun Jian wanted to go, how could Si Yi not go.

Xiao Yunzhu and the other two also went out with high spirits.

When Marcia went out to play, of course, there was a special car to pick her up. After all, if a king’s queen went out to play without an attendant or bodyguard by her side, what if there was an assassination attempt.

The private car brought a group of people to a field of tulips near the royal palace of H Nation.

On the side of the road here, the field was full of tulips, and there were many herdsmen working in the field of tulips.

In this field of tulips, there was a windmill sitting on the spot not far away from each other.

Looking from the side of the road to the field, one could see endless tulips. Tulips of various colors swayed in the field, giving people a very comfortable aesthetic feeling.

In the evening, a red glow shone down from the horizon, hitting the comfortable field, giving people a very comfortable feeling.

Walking in the field, Queen Marcia only allowed Liu Yan to hold her hand, chat and laugh with her, and walk in the front.

Yun Jian and the others followed behind.

Richard wanted to approach Yun Jian, but was stopped by Si Yi.

Because they were in the field, the three of them could run and jump as they pleased. As long as they did not run onto the road, they were not afraid of other accidents.

At this time, Queen Marcia let Liu Yan Walk in front while holding her hand.

Marcia stopped in a field of tulips. She turned her body and suddenly asked the people present on a whim,

“What are you girls good at?”

Marcia had the idea of choosing a wife for her son, Richard, who would be able to inherit the throne of the Queen in the future.

“Beautiful queen, I know violin, piano, guitar, ballet, Latin dance...”Liu Yan knew that Marcia liked her very much, so she deliberately leaned in front of Marcia and said shyly.

“But I’m not very good at these things. I’m still learning now. My family wasn’t very rich in the past, but now I’m just learning these things!”

As Liu Yan said this, she slightly raised her head and glanced at Marcia.

“Good boy! You’re Great!”

A person liked a person, no matter what, but if a person didn’t like another person, then no matter what, it would not be pleasing to the eye.

Marcia patted the back of Liu Yan’s hand and said gently, “I’m sorry.”.

Yao Lili and Lin Wan also shared some of their specialties. When they were asked about the cloud paper, Marcia looked at her with a sidelong glance:

“What About You? What musical instruments do you know?”

Marcia looked at the cloud paper with a completely indifferent gaze.

She did not expect to receive a reply from the cloud paper.

Liu Yan looked at Yun Jian coldly.

She thought that a person like Yun Jian would not know anything. He was definitely a country bumpkin.

However, Yun Jian’s next words stunned Queen Marcia, Liu Yan, and all the servants around him.

Yun Jian’s lips parted slightly. She smiled coldly and said, “The things I know... heavy weapons, guns, missiles, nuclear weapons, tracking and anti-tracking. As long as you say it, there is nothing I don’t know!”

Yun Jian paused and then added, “Oh, I also know how to Kill.”
