

Schoolgirl 1521

Chapter 1521: is longer than your journey

It is not difficult to imagine that Queen Marcia is a typical literary school, in her understanding, a girl should be a good woman.

A girl, should do a good girl these three words of things.

At home, be a good wife, proficient in music, chess, calligraphy and painting, do not get too close to men before marriage.

Such a girl was the real standard of a future daughter-in-law in Marcia's eyes.

Marcia did not know about the relationship between Yun Jian and Si Yi, so her first impression of Yun Jian was not good.

In addition, Yun Jian was dressed in a way that did not look like a noble girl at all. Therefore, she could tell that Yun Jian was definitely not from a noble background.

Therefore, after knowing that her son was interested in cloud paper, Marcia instinctively had a resistance.

Liu Yan's performance was very similar to Marcia's standard of a daughter-in-law, but cloud paper was her son's favorite. This choice was difficult, so Marcia asked the question just now.

Even if cloud paper knew one or two girls' things, Marcia felt that as long as her son liked it, she could still consider cloud paper.

Liu Yan knew so many musical instruments, danced, played, and was also an international superstar as famous as her son. Marcia admired Liu Yan very much.

Therefore, Marcia was very satisfied with Liu Yan as her daughter-in-law.

For the cloud paper, at most, she had an attitude that her son liked and she would observe and see if she was qualified to be her daughter-in-law.

But Marcia never expected that she would only ask the cloud note if it knew something that a girl should know.

But the cloud note actually said that she knew what heavy weapons, guns, missiles, and nuclear weapons!

She also said that she could kill people!

Marcia was completely shocked by the cloud note's words.

Oh My God! This was still something that a girl should say!

Weapons, guns, and cannons, these were all things that men should do!

But what about Yun Jian? Yun Jian was good, she actually knew these terrifying weapons!

Marcia resisted the thought of almost passing out. She held Liu Yan's hand and did not faint from the words of Yun Jian.

Liu Yan was also frightened by the words of Yun Jian.

Of course, she wasn't really frightened. She just thought that the cloud note was stupid? She actually said that she knew those things?

If that wasn't stupid, then what was?

Just as she was thinking about it, Marcia looked at the cloud note with an incredulous look. At the same time, she asked,

"My God! You are a little girl. What nonsense are you talking about? You said that you know so many terrifying weapons! You... you are talking nonsense on purpose!"

Marcia stroked her forehead at the same time.

She had been a queen for so many years, but this was the first time she had heard that a young girl could have so many dangerous weapons.

Of course, Marcia did not believe that the cloud note had so many terrifying weapons.

"Nonsense?" Hearing Marcia's words, the cloud note raised its eyebrows slightly, and she smiled coldly.

"It's not nonsense. Could it be true?" Marcia felt that she could not communicate with the cloud note.

She felt that the cloud note wanted to act strange in front of her and wanted to act crazy, so she said this.

Marcia had just finished speaking when the cloud note standing in front of her suddenly flipped its hand and a butterfly knife appeared out of thin air.

The butterfly knife swayed left and right and passed by Marcia, so fast that Marcia couldn't even react in time.

By the time Marcia reacted, several strands of her long hair had been cut off by the cloud paper with the butterfly knife. Her knife skills were extremely fast.

This change made Marcia's face turn pale.

Liu Yan, Richard, and a group of servants around were also shocked.

When everyone looked up at the cloud paper, they saw a cold smile on the cloud paper:

"The people I killed with a knife are even longer than the road you have walked in your life. You said I was talking nonsense because you want to taste the taste of Death!"

Chapter 1522: when Duan Ya was killed

Yun Jian had easily cut off Marcia's long hair with the butterfly knife. The knife was so fast that no one could react in time.

In addition to what Yun Jian said later, there was also the butterfly knife in her hand.

Marcia was really scared, even though Marcia did not believe what Yun Jian had said earlier.

“You are looking down on the imperial power! Put down the Knife Now! Otherwise, the H Nation soldiers will execute you for murdering the Queen!”

Marcia was really scared, but the Queen’s power from her bones made Marcia unwilling to lower her head, so Marcia shouted at the cloud note.

Marcia’s background was the h nation’s imperial family. Other than that, she had nothing else.

From what Marcia knew, Yun Jian was just an ordinary z country girl. She simply did not have the strength to contend with her H nation’s royal family.

Once her H nation’s royal family’s soldiers took action, could Yun Jian still survive?

However, she did not know that Yun Jian was not afraid at all. After hearing Marcia’s words, Yun Jian’s smile became even more obvious. She curved her lips and revealed a strange smile that was clearly visible to everyone.

“You can try, whether it is the speed of Your H Nation Soldiers’ hands or the speed of my hands when I cut off your neck!” Yun Jian said coldly.

Being sized up by Yun Jian’s cold eyes, Marcia’s entire body trembled.

She did not know why, but she clearly did not believe that Yun Jian could do anything to her. However, when she met Yun Jian’s sharp eyes, she actually felt afraid!

After all, Marcia was the Queen of a kingdom. She could not afford to lose face, so after the cloud note finished speaking, Marcia wanted to force herself to speak again.

But this time, before Marcia could speak, Richard held her shoulder:

“Mother, this is just a misunderstanding, a misunderstanding! The cloud note loves to joke. In their Z country, she is still considered a minor! She is not sensible, please bear with her!”

Richard was so scared that his face almost turned pale.

The girl he liked had quarreled with his mother, how could he still have any hope?

Marcia was actually frightened by the cloud paper. As soon as Richard said this, Marcia immediately followed Richard’s words and found an excuse.

Marcia was about to use her status as a queen to scold the cloud paper again, but she saw Si Yi grab the cloud paper’s small hand and pull it into his arms.

Marcia was even more annoyed by the cloud paper. She turned her head to look for Liu Yan, but she found that Liu Yan was not beside her.

Where was she? Where did Liu Yan Go?

“Sister! I don’t know when Duan Ya got on the road. I Can’t get up there. It’s too high. I’m afraid that a car will come. Sister, can you go and carry Duan Ya Down?”

Duan Li ran to Yun Jian in fear and hurriedly said to Yun Jian.

Just now, Little Yunzhu and Duan Li didn't notice Duan Ya for a while, and Duan ya stood on the road from the field.

They didn't know how Duan Ya got up there.

There were a lot of cars on the road. It was very likely that an accident would happen if an insensible child stood on the road.

No one saw Liu Yan, who had disappeared while Marcia and Yun Jian were talking, come back quietly.

Hearing Duan Li's words, Yun Jian's heart skipped a beat. Just as she turned around, she saw Duan ya standing in the middle of the road, confused and insensible.

Not far away, a large truck was driving toward the middle of the road where Duan Ya was standing.

The truck was very big and the driver's seat was very high. The driver of the truck did not notice Duan Ya, who was standing in the middle of the road, looking lost and pitiful.

"My God..." at this moment, even Queen Marcia was shocked.

If the truck ran over Duan Ya's thin and small body, Duan Ya would definitely die. She might even be crushed into minced meat!

"Sister!" Duan Li screamed when she saw this scene.

"It's over, that child... that child is done for!" Even some of the farmers who were farming nearby covered their eyes, not daring to look at the scene that was about to happen.

Just when everyone thought that Duan Ya was doomed, they saw a small and delicate figure running over. In the next second, a scene that terrified everyone suddenly appeared before their eyes —

Chapter 1523: the double leap shocked everyone

At this moment, the truck driver was sitting high up in the driver's seat, humming a song as he drove the truck. He did not notice that the truck was not far away from him. The Poor Duan Ya was blinking her eyes as she watched the truck drive over.

Duan ya did not have much contact with people, so she was not as smart as Duan Li.

Perhaps it was because she was born into a family like that and was beaten up by her father who drank too much all day long. As a result, Duan Ya had developed a dumb character that did not like to talk and did not understand common sense.

Even when the truck was approaching, she did not even know how many times to call for help. She just stared blankly and blinked her eyes.

As a young girl, Duan Ya's concept of death was zero.

The surrounding farmers were all shouting and shouting for the driver of the truck to stop.

However, seeing that the driver was completely unaware of Duan Ya's existence and was humming a song with his eyes closed, the driver should be listening to music from this side.

The people standing around were all screaming in fear.

It's over! This little girl is definitely done for!

This is a truck! This entire truck ran over the little girl's body. Does she still have a chance of survival!

Queen Marcia was already so frightened by this sudden change that she closed her eyes. Her graceful and elegant posture had already frightened her greatly at this moment.

Liu Yan was also shocked. After all, the truck ran over the body of a little girl. Just thinking about this scene was extremely terrifying.

Richard was also shocked.

When everyone's expression changed, a small figure suddenly flashed in front of them.

The truck was less than 10 meters away from Duan Ya!

When most of the people closed their eyes, they had already expected the bloody scene.

Yun Jian ran in that direction.

Si Yi didn't move because based on his understanding of her, her strength was enough to remain unharmed.

Therefore, Si Yi grabbed Xiao Yun Zhu and Duan Li's collars and didn't let Xiao Yun Zhu and Duan Li run in that direction to increase the burden on Yun Jian.

In the next moment, Yun Jian's petite figure stood in the field of tulips. With a stomp of her left leg, she turned over and ran onto the road.

Then, she ran toward Duan ya without stopping. Her speed was comparable to that of a speeding sports car!

Marcia and the others were completely dumbfounded.

They felt that the reason why Duan Ya couldn't escape death if the driver didn't stop was because it was too far from the road where Duan Ya was standing.

It should be known that it would take a normal person at least 30 seconds to run from here to Duan Ya's position.

But what about Yun Jian?

She actually used a short six seconds to rush to Duan Ya and grab Duan Ya in one second.

At this time, the truck was approaching the cloud note. The driver suddenly noticed the cloud note and Duan Ya, but it was too late for him to turn the steering wheel in fear.

"Cloud Note! !!"

Lin Wan's eyes widened when she realized what was happening. She rushed toward the cloud note.

Richard was also frightened, but he did not rush toward the cloud note.

Queen Marcia was also terrified. No one dared to see the bloody scene.

However, just when everyone thought that the truck driven by the driver was about to hit the cloud note and Duan Ya in the last three seconds.

The cloud note, which was about to be hit, grabbed Duan ya with one hand. At the moment when the truck was about to hit, she stomped on the ground and jumped up.

When the crowd in the distance saw this scene, they all thought that Yun Jian was crazy.

Then, in the next breath, they saw Yun Jian leap two meters high. The first leap was when she attached herself to the glass of the truck. She stepped on a dent in the truck and jumped again with the help of gravity.

Between the two jumps, Yun Jian jumped more than four meters high. The truck was at most three and a half meters high. Yun Jian easily jumped onto the roof of the truck.

Without hesitation, she quickly ran two steps from the roof of the truck. Then, she grabbed Duan Ya and jumped down from the roof of the rear of the truck, easily avoiding the accident that almost happened.

She jumped onto the roof of the truck from the front of the truck and then jumped down from the rear of the truck.

Yun Jian directly jumped over a truck!

And this process only took a short five seconds!

Marcia, Richard, Liu Yan, and the others who were standing in the distance suddenly saw this scene and were so frightened that their faces turned pale!

The cloud note could actually lead people to avoid the impact of the truck at such a fast speed!

Was this something that a teenage girl could do!

Chapter 1524: When the plot fails, the body is dismembered

"Oh my God! Who is this little girl! Is she Superman! She actually jumped over the top of the truck! Isn't this something that only a fantasized Superman can do!"

"Oh my God! She's so amazing! She's practically a female Superman! This foreign girl is too explosive!"

..

The farmers who were planting and combing the tulips in the tulip fields were all talking about Yun Jian's actions in the language of H Nation.

Queen Marcia, who was standing in the distance, changed her expression again and again.

As a queen of a kingdom, Marcia had always maintained her calm and magnanimous demeanor as a queen.

But just now, Yun Jian's actions surprised Marcia greatly. When Yun Jian jumped over the roof of the truck, it landed steadily and brought Duan Ya to avoid the dangerous car accident.

Marcia's eyes widened. She looked as if she had encountered something scary.

This was the first time Marcia lost her composure in front of others.

"Oh my God! Yun Zhi, she..."

Richard also stared at Yun Zhi in fear. He was really frightened by Yun Zhi's skills, so he stuttered and could not react for a long time.

Liu Yan's face darkened when she saw Duan ya was saved by the cloud paper. Duan ya and the cloud paper were unharmed.

No one saw it. Liu Yan clenched her fists and clenched them slightly.

Lin Wan was running toward the cloud paper just now, but she stopped when she saw this scene.

Yao Lili looked at the reactions of the people around her, but she was not surprised. Instead, she turned her head slightly and patted Richard's shoulder, who had just cried out in fear, and said to Richard,

"Hey, SS's ability is far more than that. Just a little bit of it scared you so much, Haha!"

Just as Yao Lili finished speaking, Richard suddenly raised his head and looked at Yao Lili.

"No matter how powerful she is, she is just a little girl. How powerful can she be?"

Liu Yan was not convinced, and Yao Lili was not on good terms with her, so Liu Yan took the initiative to sneer at Yao Lili.

How could Yun Jian be so powerful? No matter how powerful she was, she was only a girl. How powerful could a girl be?

Liu Yan did not believe that Yao Lili had previously said that Yun Jian had once destroyed a small organization.

Yao Lili was so angry at Liu Yan's words that she wanted to directly expose Yun Jian's identity, giving Liu Yan a scare.

Yao Lili knew Yun Jian's identity, and it had something to do with the high-level figures of the dark soul organization.

But in the end, Yao Lili held back. It was not appropriate for Yun Jian's identity to be revealed. Yao Lili knew this common sense.

"Ha, you don't believe me? Just wait and see!" Yao Lili couldn't help but quarrel with Liu Yan again. Then, she stood aside and didn't intend to pay attention to Liu Yan anymore.

Yao Lili really didn't like a woman like Liu Yan.

At this time, the people saw the cloud paper on the other side of the road carrying Duan ya slowly walking back to the road.

The shock from just now had passed. Marcia was, after all, the Queen of a kingdom, so her hosting ability was naturally not bad.

Seeing the cloud paper walking back, Marcia returned to her calm and graceful queen appearance.

Seeing the cloud paper carrying Duan Ya back, Marcia couldn't help but blame, "You z people not only eat rudely, but even your children are disobedient and run around everywhere."

After saying this, Marcia turned around and turned her back to Yun Jian. Then, Marcia reached out her hand to Liu Yan and said to Liu Yan,

"Yanyan, hold my hand. I'm tired. Let's go back to the palace."

Marcia had just finished saying this when she reached out her hand to Liu Yan. Seeing this, Liu Yan did not respond.

Suddenly, a sudden and fierce kick landed on Liu Yan's abdomen, and Liu Yan fell to the ground in the field of tulips on the spot.

Queen Marcia only saw a figure flash past her. When she came back to her senses, she saw that Yun Jian had already kicked Duan Ya to the ground. The figure flashed in front of Liu Yan.

She held a shiny butterfly knife in her hand and placed it on Liu Yan's neck. She said coldly, "You want to leave just because you failed to plan? I usually kill people like you and feed them to the dogs!"

Chapter 1525: even you dare, how could you not dare

Marcia liked Liu Yan very much, to what extent?

Just now, Marcia wanted Liu Yan to help her back to the palace.

Who Was Marcia? She was the queen of the H Nation.

The H Nation was not a backward country. As the Queen of the H Nation, not everyone was qualified to serve her servants.

Marcia sincerely wanted to promote Liu Yan to become her future queen of the H Nation. She wanted Liu Yan to become the lover of her son, Richard.

Although Liu Yan was an actress, Marcia's own son, Richard, was also an actress.

In the eyes of the people of the H Nation, being an actress was not an unspeakable profession.

The Z nation may have regarded actors and singers as an improper profession in the past. Even a long time ago, only people who were slightly good-looking but had a lower standard of living would choose to be an actress.

In this regard, the H Nation changed its outlook earlier than the Z nation.

Therefore, Marcia did not mind the actress becoming the Queen of the H Nation.

Marcia chose her son's future wife, never considering whether the woman was clean or not, but whether the woman would be beneficial to her son's future prospects and development.

Liu Yan's future prospects were very good, her international status was almost the same as Richard's.

The only difference was that one was the best actress, the other was the best actor, a man and a woman.

Therefore, Marcia liked Liu Yan because of her background and background.

Therefore, when Marcia reached out her hand and wanted Liu Yan to help her back to the palace.

Yun Jian suddenly kicked Liu Yan into the tulip field, then leaned over and put the shiny butterfly knife on Liu Yan's neck, saying the words just now.

Marcia was completely stunned.

The people around did not understand why the cloud note suddenly kicked Liu Yan into the tulip field, and Marcia was even more confused.

Of course, Marcia was the Queen of a kingdom. Naturally, she would not reach out to help Liu Yan who was kicked into the tulip field.

Marcia only glanced at the cloud note. Her brows were almost knitted into a line. She held back her anger and hinted that she could not be angry after being a kingdom. At the same time, she steadied her mind and said to the cloud note,

"What are you doing? What premeditated plan? Let Go of Yanyan! Yanyan is a distinguished guest of our country H! Don't tell me you z people like to do things for no reason!"

Marcia heard the cruel words of the cloud note, but she did not take it seriously.

Even though the cloud note saved Duan Ya from the front of the truck and did such a shocking act, Marcia did not take the cloud note's words seriously at all.

Kill Someone?

How dare a little girl like her kill someone?

Was she delusional?

Marcia was used to pressuring her majesty as the Queen, so when she spoke to Yun Jian, Marcia's tone was laced with a hint of an order.

"Yes, even the Queen said it. Why did you hit me for no reason? Quickly put away the knife!"

Seeing that Marcia was backing her up, Liu Yan hurriedly spoke to Yun Jian. Although she was afraid that the butterfly knife in Yun Jian's hand would be placed on her neck, for the sake of face, Liu Yan refused to give in.

"It's all thanks to you that my sister was able to stand on the road just now. Do you really think that I don't dare to kill you?"

Yun Jian sneered. Just when Marcia, Liu Yan, Richard, and everyone else thought that Yun Jian was just saying that he wouldn't really dare to do anything to Liu Yan, Yun Jian swung the butterfly knife in his hand, he pushed it a little closer to Liu Yan's neck.

Liu Yan was so frightened by the sudden pain that she screamed. Blood splattered out, and Marcia and the others' faces instantly turned pale.

What? Yun Jian's sister, Duan Ya, could stand on the road. Was it Liu Yan who did it?

That was not the point. Although Marcia was frightened by Yun Jian, she held her breath and watched the butterfly knife in Yun Jian's hand push forward again. She raised her voice at Yun Jian:

"You dare to kill her in front of me?!"

"I dare to kill you, so why wouldn't I dare to kill her?!" Under Marcia's incredulous gaze, the cloud paper's momentum did not decrease.

As she spoke, the butterfly knife in the cloud paper's hand pushed forward by two parts.

Chapter 1526: would not tolerate it. Life was worse than death

"I... I beg you! Ah, pain, please don't kill me. I was wrong, I was wrong..."

Yun Jian pushed the butterfly knife in his hand forward by two inches, and the blood on Liu Yan's neck was already gushing out.

Liu Yan was either frightened or because of the intense pain. Liu Yan immediately screamed and used all her strength to beg for mercy.

The neck was a person's fatal point, and it was also the most difficult place to recover from an injury.

If the strength was not controlled properly, Yun Jian holding the knife and pushing it at Liu Yan's neck could directly kill Liu Yan.

Yun Jian controlled and controlled the strength quite steadily. She pushed the butterfly knife into Liu Yan's neck, but it would not kill Liu Yan on the spot.

Of course, if Liu Yan was not treated, she would naturally die. However, Yun Jian controlled the knife and pushed it into Liu Yan's neck. Liu Yan would definitely not die for a while.

Queen Marcia also did not expect Yun Jian to really dare to make a move. Marcia, who had been pretending to be calm, could not hold it in any longer. She staggered slightly. Obviously, she was frightened by Yun Jian.

Then, Marcia could not even say a word.

Perhaps Marcia took the cloud note's words, "I dare to kill you, why wouldn't I dare to kill her?" Seriously, Marcia stood by the side and really did not say a word.

The cloud note then turned its eyes to Liu Yan.

"Cloud..." Richard was about to say something, but was caught by the cloud note's cold eyes. He immediately stopped.

“Tell me! Why did you scheme against my sister!” Yun Jian pushed the butterfly knife in his hand forward with every word he said.

There were many bodyguards and servants around her, but Marcia didn't dare to say anything.

In terms of aura, as the Queen of King H, Marcia was already quite outstanding, but compared to Yun Jian, she was far behind.

Even though everyone around felt that Yun Jian was baffling, Liu Yan had schemed against Duan Ya?

Duan YA was able to stand on the road just now. Was It Liu Yan's doing?

Even if the people around did not believe that it was Liu Yan's doing, they could not help but hold their breaths as they looked at Yun Jian.

Just when Marcia and everyone around thought that Liu Yan was wronged, in order to save her life, Liu Yan did not care about anything else at all. At that moment, she revealed everything without any backbone:

“I was wrong! I... Cough, I was wrong! Let Me Go! I was just... Cough, jealous, jealous that you could get prince De's Love!”!

“I didn't do it on purpose! I was wrong! Don't kill me! As long as you don't... Cough! Don't kill me, what prince de, I'll give it all to you... I won't pretend to be a lady in front of the Queen! Cough, cough, cough... as long as you let me go...”

Liu Yan was so scared that she started to talk nonsense. At this moment, Liu Yan couldn't think of anything else. Only fear was left in her mind.

“What! ?” Liu Yan's words were heard by Queen Marcia, who was extremely shocked.

So what Liu Yan did just now was all an Act?

“Queen, as Richard's friend, I have to say that Liu Yan's current achievements are all because of sneaking up,” Yao Lili also said to Marcia at this time.

Yao Lili wouldn't say anything. She had already said what she needed to say. What happened next would depend on Marcia's own opinion.

As expected, Marcia's expression became even uglier as soon as Yao Lili finished speaking.

Yun Jian didn't kill Liu Yan either. In the end, Liu Yan was sent away by the paramedics.

If it were in her previous life, Yun Jian would have definitely cut Liu Yan's throat, but she didn't do it now.

That was because she had found a better way to punish her.

If she died, everything would be over.

What could be more painful than a life worse than death?

If she died, there would be nothing left. If Liu Yan dared to make a move on Duan Ya, Yun Jian would definitely destroy her reputation and make her life worse than death!

It wouldn't be a quick and painless death.

The deep scar on Liu Yan's neck was destined to leave a scar. It was also destined that her glorious career in the entertainment industry would not last long.

Anyone who dared to lay their hands on her Yun Jian would not be tolerated!

They would definitely make her life a living hell!

Chapter 1527: kissed her on the lips and threw herself into the field

The matter of Liu Yan had thus come to an end. Liu Yan, who had been sent to the hospital, was not liked by others, so no one was willing to accompany her.

Queen Marcia still had a good impression of Liu Yan at the beginning, but now she had no good impression at all.

Not to mention promoting Liu Yan to be the future queen of her country H, now Marcia was not even willing for Liu Yan to walk into the palace.

Marcia was a very realistic person. She could like a person in an instant, or she could hate a person in an instant.

Love here was not about love.

As for Yun Jian, Marcia did not say anything afterward, so she left on her own.

That evening, Yun Jian brought Little Yunzhu's three children and Si Yi to play in the tulip field here until very late.

Lin Wan, Yao Lili, and Richard also followed Yun Jian and the others in the field of tulips at the beginning.

It was more like they were following Xiao Yunzhu and the others than following Yun Jian and the others.

Xiao Yunzhu and the other two children were very noisy. They were jumping around in the field of tulips and were having a lot of fun.

Yun Jian had been running with them all the time. He was worried that the three of them would run to a place where they shouldn't run and fall.

Si Yi had his hands in his pockets. He would follow Yun Jian wherever he went.

Si Yi's handsome face, which didn't reveal a smile all year round, was now smiling like he had eaten honey.

If one looked closely, one could see Si Yi looking at Yun Jian, who was chasing Yun Zhu and the other two not far away. That dotting smile.., even Lin Wan, Yao Lili, and Richard, who had been following behind, could feel it.

Seeing this, Richard clenched his fists again, and his pupils constricted.

The cloud note only stopped when the three of them were lying on the side of a tulip lawn, panting loudly and resting.

The people who had been following behind also walked up.

Lin Wan and Yao Lili walked up to the cloud note. Then, Lin Wan looked at the cloud note with a mischievous smile and said to the cloud note,

“Yun Jian, Sister Lili and I are going to the market near H Nation for a walk. We Won’t disturb your family playing. Hey!”

After Lin Wan compared Yun Jian, Si Yi, and Xiao Yunzhu to a family, she didn’t wait for Yun Jian to react and quickly turned around. She reached out to grab Yao Lili and the two of them flew away.

Lin Wan didn’t know when, but she had started to size up the big star Yao Lili, who was a commoner, and now she directly called Yao Lili Sister Lili.

By the time Yunjian realized what Lin Wan meant by “Family”, Lin Wan and Yao Lili had already run far away.

Then, Yunjian’s face turned slightly red.

After Lin Wan and Yao Lili left, Richard was the only outsider left.

But Richard had no intention of leaving at all.

When Lin Wan mentioned that Yunjian, Si Yi, and Xiao Yunzhu were a family, Richard almost flew into a rage.

He felt that he could not control himself anymore. He liked Yun Jian. Regardless of whether she was married or not, he wanted her!

As the Prince of the legitimate bloodline of H Nation, he had everything that he wanted. This was the first time that he had something that he could not get his hands on! That was why he was so persistent!

Just as he was thinking about this, Richard felt that he had to start from the most basic conversation with Yun Jian.

“Cloud... you...”

Just as Richard turned around to talk to the cloud paper, he saw Si Yi standing in front of the cloud paper with his own eyes. He held the head of the cloud paper, slightly bent his lean back, and his thin lips grabbed the ruddy lips of the cloud paper and directly attached himself to it.

Seeing this scene, Richard almost rushed over.

But that was not all. Si Yi held the head of the cloud paper with one hand, and his other hand held the waist of the cloud paper and directly pressed the cloud paper onto the field of tulips...

That posture was very much like a man on top and a woman on the bottom.

Chapter 1528: hurting a child is not enough to be buried with

Si Yi pressed the cloud paper onto the ground of a tulip. The tulip fell down, but it seemed to have made a natural bed for Si Yi and the cloud paper.

Except for the tulip that Si Yi pressed on the cloud paper, the tulips in the other fields were still standing. The tulips were not short in diameter.

This way, if someone stood far away, they would not be able to see the scene of Si Yi pressing the cloud paper down on the field.

However, Richard was standing less than five meters away from the cloud paper and Si Yi. Richard could even clearly see Si Yi kissing the cloud paper's lips and pushing the cloud paper down on the tulips.

The two of them came into contact with each other at zero distance. It was as if the white clouds were the house and the Earth was the bed.

This scene was enough to kill Richard. Richard gripped his palm tightly and was so angry that his face almost turned green.

But what was even worse was that Si Yi's hand, which was holding onto the cloud paper's waist, slid from the back of the cloud paper to the front. His big, well-defined palm was still holding onto the fullness in front of the cloud paper through the thin clothes.

This scene made Richard so angry that he almost vomited blood.

"You, you... You Stand Up for me!" Richard couldn't help but take a big step forward. A fierce look appeared on his rather handsome face.

Oh, he hadn't left yet.

Below Si Yi's handsome face, the corners of his lips curled slightly. After listening to Richard's words, not only did he not pull Yun Jian to stand up, but his hand, which was rubbing Yun Jian's body, became even more intense.

"Oh..." the cloud paper was kissed by Si Yi, and she was caught in a sensitive area. Her rosy face could no longer hide her shyness, and she could not help but let out a soft moan from the edge of her lips.

This time, Richard was so angry that he was about to explode.

"Get Up! Get Up!" Richard took another big step forward and shouted.

As a prince, his manners told him that it was very impolite not to go up and pull Si Yi up directly from the cloud paper.

Richard could only stand beside the cloud paper and Si Yi who fell down and shouted at the two of them.

At this time, Xiao Yunzhu and the other two had gone far away to play hide-and-seek, so they didn't see what was happening here.

The three children were having a great time.

Si Yi kissed Yun Jian for more than ten minutes in front of Richard. Then, he raised his head and looked at Richard from the corner of his eyes.

When Richard saw Si Yi's handsome face, he felt inferior to him.

But what could he do?

He was the Prince of the H Nation and held a high position. Many women were waiting to climb into his bed!

Si Yi was just a little more handsome than him. Moreover, he was also a handsome man. He was now an international superstar and a best actor!

"Get up quickly, you two!" Richard clenched his fist and said to Si Yi in a muffled voice.

If it were not for the fact that he was a prince of the H Nation, Richard would have rushed up at this moment.

Hearing Richard's words, Si Yi's handsome arc rose once again into a line.

"I flirted with my wife. If you say get up, we will get up, huh?" Si Yi had already lowered his black eyes to look at the cloud paper. He shamelessly grabbed the cloud paper again in front of Richard.

"There are tulips growing where you're lying! You're destroying the environment! So get up! Otherwise, we'll punish you for destroying the environment according to the laws of H Nation!"

Richard didn't dare to directly expose his thoughts, so he had to find an excuse.

After Richard said this, Si Yi stood up from the cloud paper. Then he reached out to hold the cloud paper, "Little Paper, slow down, I'll pull you up."

Seeing Si Yi like this, Richard was probably scared by his words and heaved a sigh of relief.

It seemed that he still had a chance to snatch the cloud paper from Si Yi...

Just as Richard thought of this, he heard Si Yi's words continue.

Si Yi reached out to hold the cloud paper and slowly stood up from the tulips. He said something that made Richard so angry that he was about to vomit blood:

"Slow down, don't worry. If you hurt our children, the entire H nation will not be enough to die with you."

Chapter 1529: the mother will help you this time

Si Yi's ability to lie with his eyes wide open was really impressive. He helped the cloud paper up slowly without blushing, as if he was afraid that the cloud paper would fall.

It was as if the cloud paper was really pregnant.

After slowly helping the cloud paper up, Si Yi pulled the cloud paper's small hand and pulled it into his arms.

Then, Si Yi placed his long palm on the cloud paper's abdomen in front of Richard and gently stroked it twice, as if there was really a newborn inside.

"You... you..." Richard stretched out his hand and pointed at Si Yi with his trembling fingers. This time, he was so angry that he was about to spurt blood.

However, before Richard could spurt blood out of his mouth, Si Yi grabbed the cloud paper's small hand and directly bypassed Richard, calling for Little Yun Zhu and the other two to leave.

The cloud paper's face was slightly red. She tugged at the corner of her mouth, but in her heart, she thought that Si Yi's skin was getting thicker and thicker.

She was really afraid that one day, he would lie to a higher level...

Seeing Si Yi's small hand leave, Richard, who was standing in the distance, covered his chest.

There, Richard felt as if there was a stream of blood in his chest that was about to spurt out due to anger.

However, this was not the end. Little Yunzhu and the other two circled around Si Yi and Yun Jian. Perhaps Little Yunzhu had heard Si Yi's words just now, but now she was looking at Si Yi and Yun Jian with anticipation.

From Afar, Richard could still hear Little Yunzhu asking Si Yi in a loud voice,

"Brother Si Yi, when will sister give birth to a little si yi for us to play with! Yay, yay, yay! Little Si Yi must be very beautiful!"

Little Yun Zhu's words were like a sharp sword, the blade almost pierced into Richard's heart.

Richard clutched his chest. This time, he really could not bear the blow anymore. He immediately knelt on one leg in the field of tulips, almost spitting out blood.

But even so, it could not change Richard's thoughts towards that piece of cloud paper.

Men were cheap. This sentence was not wrong at all.

The more he could not get something, the more Richard wanted to get it.

The more he could not get the cloud tablet, the more he wanted to get her. Even to the extent that he would not stop until he got the cloud tablet!

...

In the evening, after playing in the tulip field for more than an hour, the three of them were tired and went to bed earlier at night.

They slept in the palace at night. After putting Little Yunzhu and the other two in a room, Yunjian and Si Yi returned to their own bedrooms.

Richard deliberately ordered someone to arrange two bedrooms for the two of them, but Si Yi ignored him and directly followed Yunjian into her bedroom.

Hearing this news, Richard was so angry that he almost spat out his dinner.

“Get lost!”

Richard, who had maintained his image as a prince for so many years, finally broke down at this moment. He grabbed a teacup and threw it directly at the servant who was sleeping with Si Yi in the room. At the same time, he shouted.

“What made Derek so angry?” At this time, Queen Marcia walked in from outside Richard’s room. She waved her hand to signal the servant to leave the room while she stood in front of Richard.

“Mother, i. . .” Richard was about to speak, but Marcia interrupted him.

“Derek, don’t tell me. Mother knows,” Marcia said.

At this point, Marcia remembered the shocking performance of the cloud note.

Also, the cloud note helped her see through Liu Yan’s real face.

Marcia turned her head to ask Richard, “Derek, mother wants to ask you something. Do you have to have her?”

“Yes... mother, do you...” Richard was surprised.

Before Richard could finish, Marcia waved her hand.

Marcia took over Richard’s words and said resolutely, “Then mother will help you this time!”

Chapter 1530: Going to the amusement park

Marcia and Richard’s conversation was heard by no one but themselves.

The next day.

The next morning, at about five or six o’clock, Yunjian wanted to get up and go for her morning exercise, but Si Yi pulled her away.

Yunjian was confused. She didn’t understand why Si Yi wouldn’t let her go for her morning exercise.

However, after Si Yi finished his next sentence, Yun Jian decided to give up:

“You want to go for morning exercises, huh? If you satisfy me, I’ll let you go.”

As Si Yi spoke, his long arm was around Yun Jian’s waist.

Yun Jian was very plump. Si Yi’s arm around Yun Jian’s waist could even touch the softness of a certain part of his lower body.

In this way, he was even more unwilling to let go.

After hearing Si Yi’s words, the cloud note really didn’t dare to move anymore.

Especially after hearing what tulip delis said, the cloud note was really afraid that Si Yi would do something to him.

It wasn't that she didn't like Si Yi doing something to her.

It was... afraid.

That's right, she wasn't afraid of getting hurt, but when it came to such things.

Especially when it came to Si Yi, who she liked, she was really shy and afraid.

Cough Cough!

"Good boy." Si Yi felt the slight tremble of the cloud paper. He drew a handsome arc, and his handsome face revealed a wicked and charming smile behind the cloud paper.

He reached out and stroked the head of the cloud paper.

It was his thing. One day, he would take it for himself, completely, completely.

And that day would not be far from now.

He was already twenty years old. HMM... ... It was time to give birth to an heir.

If Si Yi's heartfelt words were heard by Yun Jian, Yun Jian would probably have to hold his forehead again.

...

At around eight in the morning, Yun Jian and Si Yi were getting ready to get up.

When Yun Jian and Si Yi changed their clothes and went to the hall of the palace, they saw little Yun Zhu and the other two were having a great time with Su Li.

Su Li was Marcia's daughter and Richard's biological sister.

Su Li had a good relationship with Yao Lili before, but she didn't know what happened in the morning. Now, Su Li was having a great time with Xiao Yunzhu and the other two.

In addition, Su Li was the princess of country H. Although she was a princess, she didn't have the airs of a princess. Moreover, she was forced to learn Chinese since she was young, so she could communicate with Xiao Yunzhu and the other two normally. She was also having a great time with Xiao Yunzhu and the other two.

Even Yao Lili and Lin Wan found this scene very enjoyable.

"These four children have been playing together since early in the morning. Su Li is a very nice kid. Su Li used to smile whenever she saw me. Now that she is playing with these three children, she is too lazy to talk to me."

Yao Lili stood beside Yun Jian and said to Yun Jian. At this point, Yao Lili even added sourly, as if she was angry that Su Li had three friends like Little Yunzhu, she actually ignored her old friend.

Yun Jian knew that Yao Lili was trying to express something. Although Su Li was Marcia's child, Su Li's personality was completely different from Marcia's.

Yao Lili wanted to say that Xiao Yunzhu and the other two would be fine if they played with Su Li.

“Okay.” Yun Jian nodded after hearing that.

“Sister! Sister! Brother Si Yi! Su Li just said that there is a very interesting theme park nearby. It’s different from the ones we used to play in amusement parks. Can We go play today?”

At this time, Duan Li ran over to hold onto Si Yi’s hand and gently shook it twice, acting coquettishly.

Little Yun Zhu also ran over to hold onto Si Yi’s hand. Just as she held onto Si Yi’s hand, little Yun Zhu suddenly came to a realization. Brother Si Yi always listened to his sister!

Therefore, Little Yun Zhu threw away Si Yi’s hand and ran over to look at the cloud note with expectant eyes.

“Sister, can we go play now?” Little Yun Zhu also looked at the cloud note with expectant eyes.

Seeing the expectant looks of Little Yun Zhu and Duan Li and Duan Ya, how could the cloud note refuse?

She immediately agreed. “Okay, I’ll bring you guys to play now.”
