

Schoolgirl 1571

Chapter 1571: In she won three events within half a minute

She actually said that she wanted to take first place in the Taiji Military Academy! ?

How arrogant!

Everyone present sucked in a deep breath.

Not mentioning Yun Jian's strength, the friendly competition was not about one person's strength, but each person's skill score.

In each person's score for all events, the total score of a military academy was the total score of the school.

What kind of existence was Taiji Military Academy? From the first round of the friendly competition, Taiji military academy had been steadily sitting in first place in the friendly competition. Since the start of the friendly competition, Taiji Military Academy had never gotten second place!

Regarding the ranking results of the first place of Taiji Military Academy, the students of the various military academies had completely stopped doubting it.

And Yunjian said she was going to win first place?

And there are only 19 minutes left until the end of the game!

If Yunjian and Si Yi can complete four items in 19 minutes, and each item gets a perfect score.

In that case, it is not a joke that Minshi Military Academy can really turn the tables and win the first place in this year's military academy.

To get full marks in every event, was that possible? was that scientific?

And there were only nineteen minutes left!

If there was ample time now, Yun Jian and Si Yi's results in each event would be excellent, and it was still possible for them to surpass the Super God Military Academy, which was currently in second place.

"Ahahaha! There are only nineteen minutes left, okay? weren't you guys pretty cocky two days ago? Now that there's not enough time, let's see if you guys are still awesome!"

Lin Ziguo was originally dissatisfied with Yun Jian and Si Yi's strength. Taking advantage of this opportunity to mock them, he let out the ridicule of his entire life.

"That's right. There are only 19 minutes left in the competition. Does she really think that she's an immortal descending to the mortal world? Although this woman is pretty, she's too narcissistic!"

"That's right. She really doesn't know what's good for her."

...

The students from the other military academies started to ridicule and ridicule Yun Jian and Si Yi one after another. All of a sudden, all the blame was directed at Yun Jian and Si Yi.

In any case, the students from the other schools had already finished the competition, so at this time, more than 100 people were waiting to watch Yun Jian and Si Yi's good show.

"Teacher, please help me prepare the timing for all the events." Yun Jian didn't pay any attention to anyone at this time. She turned her head to look at the referee who was registering the results and holding the stopwatch and said calmly.

When Yun Jian said this, the teachers and referees who were sitting next to her were dumbfounded.

These two students really wanted to challenge them?

There were only eighteen minutes left to end the competition. were they... ? ... really in time?

But even so, the teachers and referees quickly finished the stopwatch and a series of things for the four events.

The surrounding students made way for them. At this moment, everyone was staring at Yun Jian and Si Yi.

The most exciting moment had arrived! The surrounding students held their breaths.

Yun Jian and Si Yi raised their rifles when the first event referee's stopwatch was pressed down. They didn't even have their eyes focused on the shooting point. Yun Jian and Si Yi immediately grabbed their rifles, they fired ten shots in just ten seconds.

Their speed was equal.

The first event took only ten seconds to complete. Then, Yun Jian and Si Yi quickly ran to the second event.

"Hehe, you finished shooting in ten seconds? How can you be accurate?" Lin Ziguo said disdainfully in front of everyone. As he said that, he sneered and looked at the target.

However, what came into his sight were two of the ten rings and ten shots on the target. This was a perfect score.

Lin Ziguo and the students who had mocked Yun Jian and Si Yi widened their eyes.

When the group of people turned their heads to look at Yun Jian and Si Yi, they saw that Si Yi and Yun Jian had completed the second target shooting and the third long jump. They had started the fourth 5000-meter cross-country run.

They had completed the three events in only half a minute?

Open, open, open... What kind of joke was this?

Was this still the speed that a person should have?

However, before Lin Ziguo and the others could react, the two referees in front of the second and third events raised their butts from the bench in shock. They didn't even care that the bench had been

accidentally kicked to the ground, the two referees shouted in a terrified voice, “Full, full marks! A single event only took ten seconds to complete! And they can still get full marks consecutively! This... are they still human? !”

Chapter 1572: hunting school, the selection began

The voices of these two judges shocked everyone.

Other than the time it took to run from one event to another, Yun Jian and Si Yi completed one event every ten seconds.

Standing in the distance, Lin Ziguo immediately cried out in fear, “No! This is impossible! How could they complete the mission in such a short time! And it’s... full marks! ?”

If Yun Jian and Si Yi could complete the 5,000-meter cross-country run in the last ten minutes and still get a full score, then this year’s first place would be none other than Min City Military Academy!

At this moment, not only were Lin Ziguo and the other people from the Super God Military Academy crazy about eating, even the students from the Taiji military academy widened their eyes and their nervous faces changed drastically.

On the other side, Si Yi turned his body and calmly reached out his hand to grab Yun Jian’s small hand in front of everyone. The two of them ran towards the 5000-meter cross-country running route. Although they didn’t seem to be running, their speed was actually very fast.

Moreover, the most important point was that Si Yi and Yun Jian hadn’t used their full strength yet.

But even so, they had already gripped the hearts of everyone in the distance together.

If this continued! Even the first place of the Taiji military academy would be snatched away by them!

There was a section of the 5,000-meter cross-country running where they ran to the back of the mountain and went around the foot of a mountain. For this section of the road, neither the teachers nor the referees could see a person.

The boys who were stronger in the Taiji Military Academy looked at each other, then greeted the other boys from the Taiji military academy, and silently walked toward the back of the mountain and around the path.

“There’s a good show to watch. Let’s Go and watch the good show.” Seeing this, Lin Ziguo brought a few students from his own school and chased after them.

Wang Kun and the others on this side did not notice the small actions of the Taiji Military Academy and Lin Ziguo’s group. The people from Min City Military Academy were still standing in place, waiting for Yun Jian and Si Yi to arrive.

Back of the mountain.

Si Yi and Yun Jian were sprinting at a rapid speed. Outsiders saw that they were sprinting, but at this moment, Si Yi was holding Yun Jian’s small hand and using his slowest speed to jog with Yun Jian.

“If the two of you are smart, then stop right now and lose this round on purpose. Our Taiji Military Academy has always been in first place since the beginning of the friendly competition.

“If you make our Taiji Military Academy lose the competition, our Taiji military academy will not let you off!”

A few boys from the Taiji Military Academy rushed out from the small path and stood in front of Yun Jian and Si Yi’s running route. They blocked Yun Jian and Si Yi from afar.

These boys from the Taiji Military Academy were all tall and strong. This row of obstructions blocked Yun Jian and Si Yi’s path.

From the looks of it, even if they couldn’t beat Yun Jian and Si Yi, they had to make sure that Yun Jian and Si Yi couldn’t reach the finish line within the stipulated time.

Because this time, if Yun Jian and Si Yi still got full marks, then no one would be able to change the position of number one in Min City Military Academy!

Lin Ziguo and the others who followed behind watched from a distance.

There wasn’t much time left. With these boys from Taiji Military Academy blocking them, Yun Jian and Si Yi definitely wouldn’t be able to reach the finish line in time!

Just as Lin Ziguo grinned and thought that these boys from Taiji Military Academy would definitely be able to block Yun Jian and Si Yi, Yun Jian and Si Yi were stunned.

Lin Ziguo and the others saw the terrified scene, but Yun Jian and Si Yi didn’t even look at the boys from Taiji Military Academy.

The two of them jumped up from the ground, jumping two meters high. They raised their legs and stepped on the heads of the two boys from Taiji Military Academy. With a light leap, they bypassed the boys from Taiji Military Academy and continued to run forward.

The two boys from the Taiji Military Academy were so angry that their faces turned green.

Yun Jian and Si Yi had already run forward. No matter how hard the boys from the Taiji Military Academy and Lin Ziguo and the others tried to catch up, they could not catch up.

The answer was unquestionable. The first place of Min City Military Academy was stable!

Yun Jian had just finished running when she saw Yu Shaoluo standing at the end of the line.

Seeing that Yun Jian had reached the end of the line, Yu Shaoluo waved at her.

Although he didn’t know why Yu Shaoluo had come over, Yun Jian still walked over.

Si Yi didn’t follow over because Yu Shaoluo had stopped him.

In the dark, Yu Shaoluo slightly frowned. He turned his head and said to Yun Jian:

“The hunting school’s selection competition has been brought forward. It will officially begin in seven days. After that, it will undergo a month-long closed-door training. If you are eliminated, you will be sent out of the selection field. Are You Ready?”

Hearing this, Yun Jian's brows raised slightly. She drew an indifferent arc and said softly, "I am always ready."

She was determined to obtain the quota to go to the hunting school!

Chapter 1573: he had once said that he would die in her place

"Since you are always prepared, then I am relieved. I am just afraid that the selection field would start in a month's time. Now that it has been brought forward, you are not prepared either."

Yu Shaoluo was relieved when he heard that Yun Jian had already prepared.

He was just afraid that Yun Jian would not be prepared and would be eliminated within a few days after going to the selection field.

The selection field, as the name implied, was the selection to select who could represent Country Z to go to the hunting school for further studies.

The selection field would eliminate the shortlisted candidates all the way to the final selection of the top three special forces soldiers.

These top three special forces soldiers were the members who could go to the hunting school for further studies.

"Mm." Yun Jian nodded his head at Yu Shaoluo.

Don't look at Yun Jian's mild attitude towards Yu Shaoluo. It was all thanks to Yu Shaoluo that she could be selected to the selection field this time. It was all thanks to Yu Shaoluo who had recommended her in front of principal ma of the Min Military Academy.

Yu Shaoluo was GE Junjian's comrade-in-arms. She had once promised GE Junjian to take good care of Yun Jian at the Min Military Academy. He had done it and even helped her a great deal.

Yun Jian had always been a person who would take revenge and return favors.

Although she wouldn't say much, she would always remember the kindness in her heart.

"Then Yun Jian, go over there and gather first. I'll be leaving first. I have to go out on a mission. I was just passing by, so I came over to tell you about this."

Yu Shaoluo saw that the students from Min City Military Academy had already gathered and were preparing to return to Min City. He quickly pointed at the other end and said to Yun Jian.

After Yu Shaoluo said that, he turned around and left first. He was wearing a dark green military uniform. His tall and handsome figure in his prime was enough to make many women scream.

The moment Yu Shaoluo turned around, Yun Jian also walked over to Si Yi.

"What did you say?" Si Yi grabbed her little hand and asked softly the moment Yun Jian walked over.

Yun Jian told Si Yi about the matter of him going to the hunting school.

Si Yi directly tacitly agreed with Yun Jian's decision.

As long as her decision did not endanger his life, he would not stop her.

“Coincidentally, I also have to return to the organization. Call me when you come back.”

As long as she returned, he would immediately return to Min city’s military academy or Longmen City.

Since she was not around, he naturally would not stay for even a second.

He reached out and rubbed Yun Jian’s head as he said softly.

He loved her more and more. Just like when he was a divine lord, he could sacrifice his life for her.

Si Yi did not tell anyone. In fact, when the wooden sandalwood box was opened, he had already completely recovered all the memories of his previous life.

Yun Jian’s memories stopped at the moment the memories stopped, but Si Yi’s memories had already completely recovered.

However, he did not plan to tell her about his memory recovery.

If possible, he hoped that she would never recover her past memories.

Back then, the Shaman Tribe was framed by the black-robed man. The shaman God used all his spiritual energy to protect the shaman tribe, but he ended up disobeying the heavenly axiom and his soul was scattered.

As a divine lord, he used his divine spark for her without even considering it. He went against the Heavenly Dao and saved her.

A God who used his divine spark would have his soul scattered. He originally planned to use his life in exchange for hers.

Because he was afraid that the black-robed man would harm her again, he forcefully tore open the tunnel leading to Earth and sent her to Earth. However, because he went against the Heavenly Dao, his soul should have scattered, but for some reason, he also fell to Earth and followed her.

As for his four great protectors, who were also the four leaders of the dark soul organization, they voluntarily followed him to Earth and lost the memories of their previous lives.

Si Yi did not want Yun Jian to remember the past. One of the most important reasons was that the black-robed man back then must have been the mysterious person who had never appeared.

If she remembered this, based on his understanding of her, she would definitely seek revenge on the mysterious person.

He didn’t want anything to happen to her, not even a little bit.

Revenge, it was enough for him to take revenge for her.

He once said that even if he died, he would take her place.

This sentence, was never a joke!

Chapter 1574: Ning Lanlan, tickets to the scenic area

“Okay.” Yun Jian, who was standing in front of him, raised his head slightly and glanced at him. Then, he lowered his head shyly.

Si Yi saw Yun Jian’s expression and instantly felt that everything he had done was worth it.

At least now, she was willing to be with him openly.

Just as Si Yi thought of this, Yun Jian suddenly said to him,

“If you don’t come back, I’ll go to the organization to look for you.”

Go To the dark soul organization to look for him.

When Si Yi heard this, his lips curled up slightly.

In the next second, he pulled her into his embrace.

“Little Jian, in this life, in the next life, in the next life, in the next life, forever, I will never let go of You Again!” He hugged her waist and said this very solemnly.

“Even if the sky collapses, I will still not leave you.” This time, Yun Jian turned his hand around and hugged his sturdy chest in front of all the military academy students.

“Yo yo yo! Over there, over there... hahaha!” Having obtained the first place result in Min City Military Academy, Wang Kun and the group of people had no objections to Yun Jian and Si Yi.

Seeing Yun Jian and Si Yi hugging each other, Wang Kun and the group of people started to make fun of each other. The initial ridicule in their words also disappeared.

...

Not long after returning to Min City Military Academy, Si Yi returned to the dark soul organization first.

Yun Jian had to prepare for the selection field these few days, so after returning to Min City Military Academy, Principal Ma personally approved Yun Jian to take a seven-day leave.

These seven days could be considered as letting Yun Jian prepare in advance for the selection field.

Actually, Yun Jian didn’t have anything that she had to prepare on purpose, but she still gladly accepted the seven-day leave that principal Ma had requested for her.

The day she returned to school happened to be Friday, and school was already over as soon as she arrived.

Lin Wan and Mu Ying followed her out of the school gate.

As they walked, Lin Wan was very envious of Yun Jian. “Wow, you can take a seven-day break. It’s so cool. I really envy you, Yun Jian.”

“We can take a two-day break on the weekend,” Mu Ying whispered from the side.

“That’s different! We have to go to school again after resting for two days on the weekend. Yun Jian can rest for seven days! Seven Days is as long as seven days of National Day holiday!” Lin Wan said enviously.

Most of the students in their school days counted the days and waited for the holidays.

As for Mu Ying, after having the bloody memories of her past life in the dark soul organization, she felt that the school was a very stable place.

On this point, everyone's experience was different, and their understanding was also different.

...

As soon as she returned to Longmen City, Yun Jian received a call from Ning Lan Lan.

It had been a while since she had met Ning Lan Lan.

The first time she met Ning Lan Lan was when they were having a barbecue by the river. Ning Lan Lan had borrowed salt from Yun Jian and the others.

Ning Lan Lan was a very energetic young girl. She used to study in a foreign language middle school.

After the middle school examination, she was admitted to Longmen City's second high school.

The second high school could be considered a key high school in Longmen City. Although it was not as good as the first high school that Yun Yi studied in, being able to get into the second high school was already enough to make people marvel at the academic excellence.

In 1999, mobile phones had gradually become popular.

Families with some money had children who had mobile phones.

Ning Lan asked Yun Jian to go out with her, and Yun Jian did not refuse.

Originally, when Yun Jian returned to Longmen City, he planned to look for Zhang Shaofeng, Chen Xinyi, and Ling Yichen.

He looked for Zhang Shaofeng because she wanted to urge Zhang Shaofeng. During the time she was away, did Zhang Shaofeng train well.

However, since Ning Lan asked her out, Yun Jian put aside the idea of looking for Zhang Shaofeng and the other two.

The two of them agreed to meet on Saturday.

The next day.

Yun Jian was wearing a rather good quality dress today. It was a white dress with a pair of dark blue jeans underneath.

The Jeans made her figure look very attractive.

Yun Jian's original appearance was exquisite and beautiful. With this dress, it completely exposed her figure.

At the meeting place, Yun Jian saw Ning Lan Lan.

There were three or four young men and women standing beside Ning Lan Lan.

Yun Jian recognized one of them. It was Ning Lan's beloved senior, Xiao Zhiming.

"Yun Jian! Come over quickly! I have six or seven tickets to the scenic area of Mount Longteng. We'll go to Mount Longteng in the afternoon to play!" Ning Lan waved at Yun Jian and said excitedly.

Chapter 1575: acting as a killer

Ning Lanlan held seven tickets in her hand and waved at Yun Jian.

Longteng Mountain was a newly opened scenic spot in Longmen City. Longteng mountain was a natural observation platform, and it had the natural beauty of nature.

After it was artificially created in the later stages, it became the current scenic spot.

The reason why Longteng Mountain was charged was because the scenic spot of Longteng Mountain was very good. There were a lot of television drama crews that went to Longteng mountain to shoot scenes.

Nowadays, TV dramas and movies had gradually become popular in the spare time of the common people. Although they were not as popular as they are now, for the people at that time, it had gradually begun to develop into a pastime game for people to kill time in their spare time.

How did TV dramas and movies come about? Of course they were shot.

Therefore, the word "Drama crew" was deeply rooted in people's hearts.

The scenery of Mount Longteng was beautiful. Many production teams liked to travel to Mount Longteng, which resulted in many people willing to pay to enter Mount Longteng.

The purpose was to see how those magical TV dramas were filmed.

After all, in this era, high-tech things like TV dramas and movies were very magical to many people.

"I have tickets here. Can we go to Longteng Mountain to play now?" Ning Lan Lan saw Yun Jian walking over and reached out to hold Yun Jian.

Yun Jian had no objections.

It was not a bad thing to go out for a walk when there was nothing to do.

The young men and women standing around were all friends of Xiao Zhiming. Yun Jian already knew that Ning Lan was in love with Xiao Zhiming.

As for the other boys and girls, Ning Lan Lan actually didn't know them very well.

The foreign language middle school also had a high school department. It was a pity that Ning Lan didn't get into the high school department of the Foreign Language Middle School during the high school entrance examination.

And Xiao Zhiming was a student of the Foreign Language High School. Now, Ning Lan Lan and Xiao Zhiming weren't classmates from the same school.

But even so, Ning Lan Lan still wanted to drag Xiao Zhiming out to play with him.

However, Xiao Zhiming had a lot of friends, and there were a lot of tickets to Longteng mountain this time, so Xiao Zhiming brought a few classmates with him to go to Longteng Mountain.

...

Longteng mountain was indeed very beautiful. This could be seen just from the entrance of the scenic area.

Just as they entered the entrance of the scenic area, Ning Lan Lan held Yun Jian's hand and walked to the side. She said to Yun Jian mysteriously and excitedly,

"Yun Jian, did you know that senior Zhi Ming said that after we finish high school, he would agree to be with me because he has to prepare for the college entrance exam in high school. He doesn't want to be distracted!"

Sometimes, love was so cheap. Even if it had to wait for three days, as long as there was a time limit, it was enough to drive a person crazy.

Ning Lanlan was like this.

Ning Lanlan held onto Yun Jian and said a lot of things in secret. She also asked if Yun Jian had been doing well recently.

When the group of people climbed to the top of Mount Longteng, they saw that there was a filming crew not far away. There were also a lot of people watching the show.

"Hey! There are people filming over there. Let's go and take a look!" Ning LAN ran over excitedly while holding onto Yun Jian's hand.

Xiao Zhiming and a few other young men and women also ran over.

They saw two men and women dressed in ancient costumes filming a fight scene right in front of them.

"Ka Ka Ka! Shuqin, you're acting as a female assassin! Female assassin, do you understand? ! What's with that tender and gentle look of yours? !" The director at the side shouted angrily to stop and shouted at the actress.

"Director, I don't know how!" The actress stomped her feet and replied coquettishly.

Ning Lan and the others who were standing in the distance had never seen a movie before. They were all a little excited at this moment.

However, the girlfriend of one of Xiao Zhiming's friends pouted and said in a soft voice, "I think she acts pretty well..."

The girlfriend of Xiao Zhiming's friend was called Situ Qing. She was rather good-looking and had a good figure.

Situ Qing was only halfway through her sentence when Yun Jian's voice came from the side. The moment they heard Yun Jian's voice, everyone turned to look at her.

However, Yun Jian's sharp words spread throughout the entire venue:

“As an assassin, speed, accuracy, and ruthlessness are the foundation. This actress acted as an assassin and did not show any similarities at all.”

Chapter 1576: could it be that you are really an assassin

Situ Qing had just finished her sentence when Yun Jian interrupted her. This was clearly a slap to her face!

Situ Qing was immediately unhappy.

Originally, Yun Jian and Ning Lan Lan were on the same team, so Situ Qing and Ning Lan Lan were not particularly familiar with each other. Therefore, if Yun Jian had not interrupted after Situ Qing had finished her sentence, perhaps after walking through the scenic area of Longteng Mountain.., situ Qing would not have said a single word to Yun Jian.

However, Yun Jian had interjected so quickly just now. It was clearly a slap to situ Qing’s face.

Therefore, Situ Qing’s face darkened. She immediately said to yun jian, “You speak seriously. Have you ever been an assassin? How do you know so much about assassins?”

Situ Qing’s words were very sharp. Anyone with a discerning eye could tell that she was targeting Yun Jian.

Ning Lanlan also heard it. She immediately said to Situ Qing on behalf of Yun Jian, “Xiao Jian is now a student of the Military Academy. Naturally, she knows about these things!”

“Ha! Oh Ha! She is a student of the military academy, so she should know about assassins? Why Don’t you say that she used to be an assassin!” Situ Qing rolled his eyes at Yun Jian and Ning Lanlan. His tone was quite inappropriate.

“Qing Qing, stop talking.” Her boyfriend stood next to Situ Qing. At this moment, Situ Qing’s boyfriend tried to hold on to Situ Qing, not wanting Situ Qing to continue talking to Yun Jian and Ning Lan Lan.

“Aiya, let go!” Situ Qing shook off her boyfriend’s hand, as if she was angered by something. She stood to the side, fuming.

“Cough! This little sister has analyzed it thoroughly. I wonder if this little sister has some understanding of this profession. Could you please ask this little sister to teach our cast members?”

Yun Jian’s evaluation was heard by the director. The director immediately put down the microphone in his hand and walked over to Yun Jian.

Logically speaking, the director should be a high and mighty person, but this director was different. After hearing Yun Jian’s evaluation, not only did he not scold Yun Jian for spouting nonsense, he directly walked over to ask Yun Jian for advice.

“Director, why don’t you ask her? She’s just a student from some trashy military academy. She’s not a real killer. She only knows how to spout a few words. What kind of amazing abilities does she have? ! Ha!”

Seeing that the director actually came over to ask for Yun Jian's advice, Situ Qing thought of Yun Jian's actions just now and angrily said a few words to the director.

"Her attacks are as gentle as water. She doesn't have the agility and vigilance that a killer should have. The actors you found to act as killers are too bad." Yun Jian completely ignored Situ Qing. Seeing that the director was humbly studying.., so, she said a few more words.

"Oh, I'm too weak? hehehe, I'm too weak! ? You're good? You know how to do it? I've never seen an assassin before. You know how to do it. If you have the guts, come and demonstrate for me!"

Not far away, the actress called Shu Qin heard Yun Jian actually say this about her. She immediately shouted a few words at Yun Jian angrily.

"Watch carefully, I will only demonstrate once." Yun Jian walked over to the other side.

The actress was stunned for a moment.

When Yun Jian walked over to the other side and faced the actor who was fighting with the actress, everyone was stunned for a moment.

"PFFT! You think you are a killer just because you are studying in a military academy? You are really amazing! Then can I understand it as if I am studying in a key high school? I am the top scholar in the middle school examination in the country! You..."

Situ Qing was only halfway through her sentence when she heard a shriek, "Look, over there!"

Hearing this, the surrounding people turned their eyes to that side. They saw Yun Jian, who was standing there, had a sharp look in his eyes in the next second. The male actor standing in front of her took two steps back in surprise.

In the next breath, she strode forward and grabbed the prop sword in the actor's hand. She kicked the actor's knee with one foot and suppressed the actor with a backhand.

This scene shocked everyone around.

Especially Situ Qing, her pupils constricted.

However, this was not the end. After the suppressed actor reacted, he raised his head and stared at Yun Zhi with his eyes wide open. In front of everyone, he said in panic,

"I have 15 years of martial arts foundation. Unfortunately, I once met a high-level assassin. Back then, I could not last more than 10 moves under that high-level assassin. In the end, I risked my life to save my own.

"Why is it that a young lady like you can unleash such a similar technique to that high-level assassin! ? But your strength is far above him! Could it be that you are really an assassin! ?"

Chapter 1577: Who Else Does Si Luo Xue Ying want to marry

When the male actor said those words, the surrounding people were shocked.

Especially Situ Qing and the female actress Shu Qin. Their faces were as ugly as charcoal.

“In the future, I will be a soldier!” At this moment, Yun Jian narrowed her eyes. She calmly said those words.

“Little sister, are you going to be a soldier in the future? Which School did you go to?” After the director saw Yun Jian’s moves, he clapped towards Yun Jian and walked over.

Yun Jian’s words caused the people around to change the topic of Yun Jian being an assassin.

That’s right, such a little sister, could she be an assassin?

“My friend goes to Min City Military Academy! She’s amazing! You just need to go to her school and ask about her name, and you’ll know who she is! Hehe!”

Ning Lanlan walked over and held Yun Jian’s shoulders. She turned around and glared at Situ Qing, as if she was venting her anger for Yun Jian.

Situ Qing and the actress Shu Qin did not look too good.

“Min City Military Academy. My little sister is really amazing. She actually went to Min City Military Academy. When she grows up, she will be a great soldier! Study hard in the future and earn glory for the country!” The director glanced at Yun Jian, there was a great sense of admiration.

“I will.” Yun Jian narrowed his eyes.

While Yun Jian was talking to the director, Situ Qing and the actress, Shu Qin, did not look too good.

“Alright, Alright! Shu Qin, continue! Did you see this little girl demonstrate for you just now? Do what she did just now! Show your aura! Act well!”

After the director finished talking to Yun Jian and Ning Lanlan, he turned around and waved a thin script up and down, calling for the actors to continue.

Situ Qing was left standing in the same spot. Her expression was extremely ugly.

As it turned out, Yun Jian had used his strength to slap her in the face.

Situ Qing was still a stubborn person. After what happened just now, she suddenly became angry and immediately turned around to walk down the Soaring Dragon Mountain.

When Situ Qing’s boyfriend saw this, he hurriedly chased after her. “Qingqing, where are you going? Slow down! Don’t throw a tantrum, okay...”

Situ Qing refused to continue strolling around Mount Longteng and left with her boyfriend.

Situ Qing’s boyfriend was Xiao Zhiming’s friend. Xiao Zhiming only smiled awkwardly at this moment and said to Yun Jian and Ning Lanlan, “Don’t bother about them. Let’s continue strolling around.”

...

Mount Longteng had a beautiful scenery. Yun Jian, Ning Lanlan, and the others played here for the whole afternoon and returned home at three in the afternoon.

At the foot of Soaring Dragon Mountain, Xiao Zhiming invited Ning Lanlan to take a walk alone. Ning Lanlan was extremely happy. Seeing this, Yun Jian left first.

Yun Jian did not go home. Instead, he went to the suite that Qing Yan was staying in.

Qing Yan was currently staying in Longmen City. Both the new start company and the Falcon Hall, Qing Yan, were under their jurisdiction.

Yun Jian came over because he wanted to explain some things.

However, just as he arrived at the entrance of Qing Yan's high-class suite, he heard Si Luo's voice coming from inside the suite:

"I, I'm not leaving! I want to live with sister Qing Yan and sister Gu Nian! Sister Qing Yan said that men and women should not be intimate. I don't want to live with you anymore, and I don't want to sleep with you anymore! This is not right!"

Yun Jian had not even entered the door when she heard Si Luo's words to Xue Ying. Her eyes moved slightly.

Yun Jian had just walked to the door when he saw Xue Ying grabbing Si Luo's wrist. The scar on his neck was faintly discernible. Hearing Si Luo's words, Xue Ying frowned. His expression was not good, but he forcefully grabbed Si Luo's tender wrist, after Si Luo finished speaking, he said in an overbearing manner that did not allow for any rebuttal,

"No matter what, you have to live with me!"

"Why! I don't want to live with you! Let Me Go, let me go..." Si Luo shrunk her neck in fear. She still did not dare to face Xue Ying directly.

Xue Ying was indeed a person who did not know how to speak. He twitched his mouth several times, but he did not say the words 'because I like you'.

"Sister Qing Yan said that we can not live together, and even more so, we can not sleep together! Otherwise, I will not be able to marry!" Si Luo was anxious. She wanted to pull her hand back from Xue Ying's large palm.

Unexpectedly, after Xue Ying heard her words, he angrily pulled si Luo over and used his other long hand to pinch si Luo's chin. He gritted his teeth and said,

"Who else do you want to marry!"

Chapter 1578: Blood Doll, little aunt is sick

Looking at Xue Ying's appearance, Si Luo was a little scared. She was just about to say something to Xue Ying when she saw Yun Zhi standing at the door.

"Sister Yun Zhi, please help me. I don't want to leave. I want to live with sister Qing Yan and sister Gu Nian! I don't want to live with him!"

Si Luo looked at Yun Jian and pursed her lips. Looking at her pitiful appearance, she looked like a pitiful little wife.

Si Luo was just an ordinary girl. Her love history was zero. She did not know why Xue Ying was treating her like this.

Si Luo was afraid that Xue Ying would treat her like this. After listening to Xue Ying's words, she became even more afraid. She felt that Xue Ying's actions were as if he wanted to kill her.

"Young madam, I can listen to your instructions for everything else, but this matter, you don't have to interfere!" Xue Ying's tone was quite solemn.

Yun Jian narrowed her eyes. She glanced at Qing Yan and Gu Nian, who were also 'hiding' at the side and not saying anything. She covered her mouth and snickered. Her skin thickened, and she softly said something very unkind:

"I didn't see anything."

Didn't see anything? Go to hell! You saw everything! Qing Yan and Gu Nian, who were sitting on the sofa, grimaced at Yun Jian.

In the end, Si Luo was taken away by Xue Ying in her final struggle.

After Si Luo was taken away by Xue Ying, Yun Jian walked towards Qing Yan and Gu Nian.

"Sister Jian, you're so kind!" Qing Yan teased Yun Jian.

"Do you want to go to Africa?" Yun Jian sat on the sofa and turned her head to look at Qing Yan.

"Don't, sister Jian doesn't want you to be like this!" Qing Yan quickly shook her head. She was almost scared by Yun Jian's words.

After she finished her teasing, Qing Yan's expression turned serious. She reported to Yun Jian about the information that the ancient killer mercenary group had gathered recently:

"Sister Jian, master wanted me to tell you that an assassin organization called Blood Doll has recently appeared in Southeast Asia. It defeated other organizations in Southeast Asia as quickly as possible and became the number one organization in Southeast Asia. Its strength is astonishing.

"During this period, blood doll has interfered with the missions that our ancient death mercenary group sent out many times. It even left behind a card written in blood to provoke us.

"But even our Gu Sha mercenary group's intelligence team couldn't find out about blood doll's background. What should we do next?"

Qing Yan's master was naturally snake lizard.

The blood doll mentioned by Qing Yan was a new assassin organization in Southeast Asia.

Its origin was unknown.

Its purpose was unknown.

Its motive was unknown.

Recently, Blood Doll had interfered with the missions of the Gu Sha mercenary group many times. Its motive was the same as deliberately interfering with the Gu sha mercenary group's operations.

"Blood Doll?" Yun Jian narrowed his eyes and said these three words lightly.

"Yes." Qing Yan nodded.

"Don't move. Wait for the other party to make the first move." Yun Jian narrowed his eyes and said softly.

Southeast Asia was located in Southeast Asia, with a total of 11 countries.

The Gu Sha mercenary group and the dark soul organization were mostly far away from Southeast Asia.

Therefore, blood doll was able to develop in Southeast Asia.

Of course, the rise and fall of the assassin organization was a common matter. Yun Jian did not care about it.

However, Blood Doll had just started to develop when he repeatedly provoked the ancient assassin mercenary group.

A smart person would definitely not do that. Blood doll definitely had its own reasons for doing so.

Yun Jian was not stupid. Of course, she would not choose to directly attack blood doll.

"I will inform master immediately." Qing Yan nodded at Yun Jian.

"Okay." Yun Jian nodded.

It was already four o'clock in the afternoon when Yun Jian returned home. Si Yi was not there, so Yun Jian went to the villa that Ge Jun had built.

Just as he entered the gate of the villa that Ge Jun had built, Qin Yiruo had already prepared dinner.

There were only Yun Jian, Qin Yiruo, and Little Yunzhu for dinner.

GE Junjian should still be out on a mission.

"Xiao Jian, I plan to let Xiao Zhu and the other two stay at your Aunt Dong Ruan's house for a few days tomorrow. Your aunt is sick and doesn't have any relatives or friends outside the province. I plan to take a car with your grandmother to visit your aunt."

Qin Yiruo hesitated for a moment before saying it out loud.

Chapter 1579: to my aunt's house

Qin Yirou seldom went out with her relatives and friends. Only Dong Ruan and Mrs. Yang went out with her friends very often.

In addition, even the relatives of her mother's family had stopped coming and going.

GE Junjian's parents were both dead, and he didn't have any relatives who went out to visit his relatives and friends.

Therefore, Qin Yiruo cherished her family love very much, even though her mother, Yun Jian's grandmother, Zhang Meihua, had been unkind to her.

Yun Jian's grandmother, Zhang Meihua, had four children.

The eldest daughter, Qin Junlan, the second son, Qin Laiqian, the third daughter, Qin Yiruo, and the fourth daughter, Qin Fangfang.

Qin Yiruo was ranked third.

Ever since the previous incident, the only person who had a good relationship with Qin Yiruo was her fourth sister, Qin Fangfang.

Qin Fangfang was Yun Jian's aunt.

At that time, Qin Fangfang and Qin Yirou had a very good relationship, so good that they talked about everything. Later on, Qin Fangfang married far away from the province. Qin Yirou only spent a few days with Qin Fangfang's family during the new year, and their relationship gradually faded.

When Yun Jian's new start-up company had just opened, they held a car exhibition. Coincidentally, Qin Fangfang's husband's family also ran a car marketing company, so he came over to see her once.

Ever since then, Yun Jian never saw his aunt again.

"Mom, I'll go with you," Yun Jian said after Qin Yirou opened her mouth.

Yun Jian still remembered that Qin Fangfang treated Qin Yirou very well back then, but Qin Fangfang's mother-in-law ridiculed Qin Yirou in every way.

Later, when he found out that Yun Jian was the chairman of the new start-up company, he finally calmed down.

Yun Jian was afraid that Qin Yirou would follow her and get bullied again. Coincidentally, she was on vacation these few days, so she could also find time to go with her.

Besides, Qin Fangfang treated Qin Yirou well, so she could be considered to have gone to visit her aunt.

"Okay, if Xiao Jian is willing to go, then let's go together. Mom has only been there two or three times, and the environment is pretty good. Let's take the train there. It'll take about thirteen hours to get there. Although it's a bit far, it's still passable."

Qin Yirou said.

Qin Yirou still had the mindset of a country bumpkin in her bones. She was usually used to taking the train when she went out for a long trip. For Qin Yirou, such a high-class transportation tool like an airplane was quite extravagant.

Yun Jian didn't mention that he was going to take the plane. He would be there in two hours at most.

She also wanted to experience the feeling of taking the train. HMM...

After talking to Qin Yirou, Yun Jian went to look for Zhang Shaofeng, Chen Xinyi, and Ling Yichen in the evening.

Every Time Yun Jian returned to Longmen City, he would look for Zhang Shaofeng. Zhang Shaofeng was her first disciple. She did not expect Zhang Shaofeng to become a big shot on the international list. At the very least, she wanted Zhang Shaofeng to be someone who was comparable to a high-level killer.

Zhang Shaofeng really complied with her initial words. He did not complain about being tired.

Chen Xinyi was the same as before. She always liked to tease Zhang Shaofeng.

...

The next day, Yun Jian, Qin Yiruo, and Zhang Meihua who had come to Longmen city boarded the train heading for Aunt Qin Fangfang's distant husband's home.

Gan Province, Pudong City.

Gan province was a medium-sized and prosperous province. Pudong city could be considered one of the most developed areas in Gan Province.

And Pudong City was the home of Yun Jian's youngest aunt, Qin Fangfang.

After taking the No. 13 bus, Yun Jian, Qin Yirou, and Zhang Meihua arrived at Qin Fangfang's husband's home.

Qin Fangfang's husband's family was also in the car marketing business, and could be considered a wealthy family.

Her family lived in the Villa Forest, and could be considered one of the top two large families.

As soon as they arrived, Zhang Meihua led Yun Jian and Qin Yirou into the house with familiarity.

As soon as they entered, they saw Qin Fangfang's mother-in-law. Zhu Hengxiang was standing not far away, greeting a large group of people. They seemed to be Zhu Hengxiang's relatives and friends, both adults and children.

"Mother-in-law, mother-in-law, where is My Daughter?" Seeing this, Zhang Meihua quickly walked up with Yun Jian and Qin Yirou to ask.

When Zhu Hengxiang saw Zhang Meihua, her eyes bulged. Her face instantly turned pale and her expression changed. Even her voice stuttered, "Mother-in-law, why are you... here..."

Chapter 1580: was a laptop

Zhu Hengxiang was Qin Fangfang's mother-in-law. She had visited Longmen city last time, so she naturally knew Yun Jian.

The moment Zhu Hengxiang saw Yun Jian, she trembled slightly. She glanced at Zhang Meihua and shifted her eyes to the side. It was obvious that she had a guilty conscience.

Yun Jian could tell at a glance. She raised her eyebrows slightly and did not say anything.

Zhang Meihua, on the other hand, had always been proud that her fourth daughter, Qin Fangfang, had married into a good family.

When Zhang Meihua saw Zhu Hengxiang, it was as if she had seen her own daughter. She reached out and grabbed Zhu Hengxiang's hand excitedly, continuing to act nice:

"Aiya, mother-in-law, who is with whom? Do you have to be so polite? I heard that my daughter was sick, so I came over to take a look."

As she spoke, Zhang Meihua took out a bag of bananas that she had just bought from the roadside and stuffed it into Zhu Hengxiang's hands. "Come, mother-in-law, we just bought these from the roadside. They are very fresh. Try Them!"

Zhu Hengxiang's eyes darted around. She took the banana that Zhang Meihua had given her and said unnaturally, "Aiya... Aiya, this... this mother-in-law, you are too polite..."

"Hengxiang, who is this girl? She is so delicate! Which family is she from?"

An old lady in her fifties or sixties, who was about the same age as Zhu Hengxiang, walked over and asked Zhu Hengxiang. As she spoke, the old lady looked at Yun Jian.

"Isn't she the daughter of my daughter-in-law and sister-in-law?" Zhu Hengxiang said to the old lady.

"Your daughter-in-law and sister-in-law? Hengxiang, isn't your daughter-in-law..." when the old lady heard Zhu Hengxiang mention Qin Fangfang, she blurted out.

"Ahem! Ahem! It's nothing! We're all on the same side. Come and have some fruit first! I remember your name is yunjian, right? Come in quickly. There are a few young girls and boys about your age over there. Go over and have some fun!"

As Zhu Hengxiang spoke, she got Qin Yirou to bring Yun Jian to the sofa and sit down.

On the sofa sat Zhu Hengxiang's relatives and friends who came to visit. There were a few young ladies and boys around Yun Jian's age.

"No, mother-in-law, where's My Daughter?" Zhang Meihua asked as she was pushed onto the sofa by Zhu Hengxiang.

"Fangfang, she and Baiwen went out to buy some things. They'll be back soon," Zhu Hengxiang rolled her eyes and said hurriedly.

Yun Jian and Qin Yirou sat on the sofa, and Yun Jian's eyes narrowed.

Zhu Hengxiang's flaw was too big. Anyone with a discerning eye could see that she was up to something.

Could it be... something happened to Qin Fangfang?

"Hey, What's Your Name?" A young man sitting across from Yun Jian looked up at Yun Jian and asked.

This young man was obviously the child of a relative of Zhu Hengxiang, about the same age as Yun Jian.

"My Daughter's name is Yun Jian." Qin Yirou was still quite polite. She nodded at the young man and said.

"Haha, Zijie, you really have to flirt with girls everywhere you go." Another young man sitting next to her said the young man who asked for Yun Jian's name.

The young man who asked for Yun Jian's name was Hang Zijie. He was the son of Zhu Hengxiang's relatives.

"Brother Zijie, didn't you buy a new laptop? Hurry up and show it to everyone!"

Hang Zijie was still asking for the name of the cloud note when a young girl sitting next to him glared at the cloud note and said to Hang Zijie in a smug manner.

A laptop from 1999 was not cheap, especially a laptop.

It was rare for an adult to have a laptop, not to mention for a child to have such a valuable thing.

When Hang Zijie heard this, he quickly took out his laptop from the side, opened the lid, and turned it on.

"Wait, I'll install the program." Hang Zijie glanced at Yun Jian. Seeing that Yun Jian did not care about his computer, he added.

"Wow, Brother Zijie, you know how to install programs? You're as good as a hacker!" The girl said again.

Installing programs and hackers were completely different concepts, but they were forcibly linked together by this girl.

"No, I'm embarrassed by what you said." Hang Zijie glanced at Yun Jian again and scratched his head.

Seeing that Yun Jian didn't respond, Hang Zijie looked at Yun Jian again and asked her, "Yun Jian, have you ever played with a laptop?"
