

## Schoolgirl 1641

### Chapter 1641: was all fed to Yun Jian

Yun Jian liked to eat lobsters as well as lobsters.

However, he rarely ate lobsters because the shells of lobsters were hard to remove. This was the time when Yun Zhu Fed Yun jian the lobster meat that she had painstakingly peeled. Yun Jian pinched yun Zhu's tender cheeks.

Si Yi only found out about it.

Therefore, when the dishes were served today, si yi peeled the lobsters as soon as he saw them.

He peeled it very carefully, peeling off all the hard shells carefully.

If you were to ask Si Yi if he was a very diligent person, the answer was no.

Si Yi had never peeled the lobster himself. He had never even eaten a lobster that was fished out from the stinking ditch before.

However, ever since he saw Yun Jian eat the lobster that little yun Zhu peeled for her, he showed a satisfied look and even pinched little yun Zhu's face with his hand.

Si Yi was moved.

In order to peel the lobster for Yun Jian to eat, he even specially studied the lobster.

Therefore, Si Yi finished processing the shell of a lobster in a few seconds and brought it to Yun Jian's mouth.

Yun Jian was shocked. She glanced sideways at si yi, but while looking at Si Yi, she bit, chewed, and swallowed the lobster meat.

During this process, Yun Jian kept staring at Si Yi's face.

Although he didn't express his emotions, Yun Jian's heart felt warm as if it was covered by something called warmth.

"Is it delicious?" Si Yi's warm voice was heard, and his words were filled with warmth. He looked at Yun Jian with his easygoing eyes, as if even the coldest and coldest snow mountain could be melted by his eyes.

"Yes." Yun Jian lowered his head slightly and nodded with a red face.

"It's very delicious. I really like... This taste." She had never told anyone that she liked lobsters.

However, Si Yi knew.

Yun Jian also did not know how Si Yi knew that she liked lobsters.

However, Yun Jian was not stupid. When he thought about it carefully, when he ate the lobsters that little Yun Zhu peeled for him, he even pinched little Yun Zhu's face blissfully.

At that time, he was also there...

He must have seen it then.

Yun Jian did not expect Si Yi to be able to observe her so subtly, so she was a little touched at this moment.

In the past, when she was the king of secret agents, Sha Shen, she would never easily trust anyone. Also, no one had ever been able to observe her every move in order to understand her.

There had been people who had observed her every move and understood her every move. However, those people had only done so to kill her.

People like Si Yi who only wanted to make her happy had never appeared before.

Si Yi fed one lobster and peeled the other.

He removed the shell of the lobster in no time and placed the lobster meat into the bowl in front of the cloud paper table.

The people at the same table could feel Si Yi's doting on the cloud paper. At this moment, one or two of them were even more speechless by Si Yi's doting behavior.

At the end of the meal, the cloud paper's mouth was stained with lobster oil.

The cloud paper loved delicious food.

She was like this in her previous life, but she would never show this hobby of hers in front of outsiders.

Coincidentally, Si Yi knew this.

When all the lobsters were finished by Yun Jian, Si Yi also used toilet paper to wipe his perfect and slender hands.

"The couple is so loving! Haha! It's killing US Old Bones!" When they left, these special forces soldiers laughed and teased Yun Jian and Si Yi one by one.

In the end, only Yun Jian, Si Yi, and the others were left.

Yun Jian unintentionally caught a glimpse of Si Yi's hand that had peeled a plate of lobsters. Between his perfect fingers, there were traces of red from the hard shell of the lobsters.

However, Si Yi did not say a word of dissatisfaction.

Seeing this, Yun Jian's heart moved. She reached out and took the initiative to hold Si Yi's big hand.

In the dark, Si Yi hooked up a handsome arc that no one could understand.

**Chapter 1642: the past of Lorraine, meeting Morson**

Si Yi was sometimes a little funny, and he was shameless to the extreme. Although sometimes when he walked out, Yun Jian was too embarrassed to say that he knew him.

But Yun Jian knew that Si Yi cared about her, which was why he sometimes acted in a way that seemed very childish.

Thinking of this, Yun Jian revealed a happy smile.

Being able to meet Si Yi in a new life was her happiness for the rest of her life.

Whether it was when she was the sorcerer God in her previous life or the current Yun Jian, she wanted to be with him forever! Until death!

...

When Yun Jian returned to the Taekwondo Dojo, Si Yi accompanied him all the way.

Yun Jian stayed in the hotel on the third floor of the Taekwondo Dojo, and shared a room with Luo Mei.

Xu Mei and Nan Linlin stayed in the same room.

During the preliminaries, they could not change their rooms or go out to find another place to stay, so Yun Jian naturally could not go out with Si Yi.

Thus, Si Yi also booked a room in the hotel on the third floor of the Taekwondo dojo, which was not far from Yun Jian.

Of course, Molson did not dare to stay with Si Yi, so he stayed next to Si Yi.

The night continued to spread.

At ten o'clock in the evening.

Yun Jian and the others were staying in a hotel room with two beds. Yun Jian slept by the window, while Lorraine slept by the bathroom.

"Where are you going?" Yun Jian sensed Lorraine walking toward the door. In the darkness, Yun Jian's eyes were clearly closed, but he suddenly spoke the moment Lorraine walked toward the door.

Luo Lei originally wanted to sneak out on her own, but she did not expect Yun Zhi to discover her.

She originally thought that Yun Zhi was asleep, so Luo Lei's hands and feet were very light when she went out. However, Yun Zhi's voice suddenly rang out, and this sudden voice scared Luo Lei so much that she jumped.

"Ah, you scared me. You're not asleep yet? I want to go to the rooftop for a walk, I can't sleep." Luo Lei was so scared that she rubbed her chest. After she recovered, she spoke to Yun Zhi.

"Okay." After a long while, Yun Jian's voice sounded.

After a pause, Yun Jian nodded and said, "Don't come back too late, it's not safe."

"Okay! I'm just going for a walk! I'll be back soon!" Hearing that Yun Jian was concerned about her, Luo Lei was touched for a while, and she nodded vigorously.

Luo Lei was born in a rich family, and her family was very rich. For example, her family was rich to the extent that they could buy dozens of helicopters in one go.

It was also known as a wealthy family.

Although Luobie was the eldest daughter of a wealthy family, she was usually very lonely.

Her mother was a strong woman, and her father was the chairman of a company. The two of them took turns to go on business trips. Since they were young, the only person who controlled Luobie was her nanny.

But how good could a nanny be to a person?

Lorraine had been very lonely since she was young. Because of her good family background, many children were unwilling to make friends with her.

Some time ago, even her best friend had left her.

The reason was because her best friend's boyfriend had forcefully broken up with Lorraine's best friend to chase after her because he saw that Lorraine's family background was good.

Lorraine naturally did not agree, but when she rejected her best friend's ex-boyfriend's pursuit, she went to look for her best friend.

Lorraine still remembered that day. After she found her best friend, she tried to stretch out her hand to pull her.

However, she gave her a loud slap on the face on the spot. In front of everyone, she called her a female cousin, saying that she could snatch other people's boyfriends just because she had money. All sorts of things like that.

Therefore, Lorraine came to the selection venue without hesitation. She wanted to let herself forget those things that she did not want to remember during the painful exercise.

After hearing Yun Jian's concern, she was very touched. At this moment, she had already left the hotel room and was walking towards the rooftop.

The Taekwondo Hall was only on the third floor, but the rooftop was very big and the decorations were very good.

With a heavy heart, she had already walked to the top of the rooftop.

As soon as she opened the door to the rooftop, she bumped into a slender figure.

The moment she saw Morson, who had stood up for her during the day, raspberry was startled. Her foot missed her and she fell down the stairs.

### **Chapter 1643: Fragile Heart, pretending to be strong**

When Lorraine met Morson, she was really shocked. She originally just wanted to go to the rooftop to relax.

It was already very late. At 10 o'clock in the evening, most of the people in the Taekwondo Hotel had already fallen asleep.

Lorraine was actually so upset that she wanted to cry. She was also afraid that crying in the room would wake up Yun Jian or scare Yun Jian, so she ran to the rooftop.

Lorraine's best friend had been playing with Lorraine since she was a child. The two of them had been friends for eleven years.

Lorraine had always believed that her best friend was the only one who did not care about her prominent family background and played with her as usual.

However, after that incident, she was completely heartbroken.

Even though she had been in the selection field for so long, she would sometimes run out to cry when she was upset. This would make her feel that life was just like that and that crying would be enough.

She did not need to let anyone know that she was crying.

Lorraine did not like to be seen crying. She was just like her mother. In front of outsiders, she would not shed a single tear even if she were to bleed and break her bones.

When she walked up to the rooftop earlier, the door to the rooftop on the stairs was slightly ajar. Lorraine did not think much before opening the door, but she immediately saw Morson.

The first time she saw Morson, it was late at night again. Lorraine was so scared that she stepped back and fell down the stairs.

However, before Lorraine fell down, Morson reached out his hand and grabbed Lorraine, who was about to fall down the stairs, in front of him.

Morson was a gentleman. He would not take this opportunity to pull Lorraine into his arms and take advantage of her.

Even if Morson admitted that he knew Lorraine's appearance was very suitable for his taste the first time he saw her.

"Be careful." Morson pulled Lorraine and stabilized her on the spot. Then, he said these two words to Lorraine without any change in his expression.

"Thank... Thank you!" Lorraine was so scared that her face changed instantly. She thought she was going to fall.

However, at the same time, Morson supported her.

This was the second time he helped her.

Lorraine thanked him.

"You're welcome. Be careful." After Morson said these two words, his face did not change at all. He turned around with a cold face and was about to leave.

"You..." Lorraine called Morson again.

Molson had just gone down the first level of the stairs.

“Thank you for what happened during the Day!” Lorraine bowed to Mosen and said.

“Be careful in the future. If you are too naive, you will be easily killed.” Mosen didn’t say anything else, but said such a cruel word to Lorraine.

“Well... in short, thank you!” Lorraine nodded heavily at Mosen.

Then, Mosen ignored her and left.

Lorraine heaved a sigh of relief. Then, she found a spot on the rooftop and sat down. She raised her head to look at the sparkling stars in the sky.

She did not want to be the eldest daughter of a wealthy family. She only wanted to be an ordinary ordinary person.

When she returned home, she would have the love of her parents, the care of her school, and the care of her friends. Everyone would love each other.

That kind of life, but right now, she could not get anything.

After returning home, she could only face that empty home, go to school alone, and play with her good friends for eleven years, calling her a female cousin.

Such a life... ! ... she would definitely persevere through it!

But now when she thought about it, she would feel heartache.

Lorraine was a person with heart and feelings.

Looking at the stars in the sky, one or two, leaning against each other.

Tears began to flow out of Lorraine’s eyes.

Fortunately, everyone was asleep at this time. Lorraine was a strong person. She did not want to show her weakness in front of outsiders.

But in the dark, she would cry, like all young girls, enduring her own pain alone.

After crying for about twenty minutes, Lorraine did not make any sound when she cried. When she was tired from crying, Lorraine was about to stand up and return to her hotel room as usual.

Suddenly, a man’s voice came beside her ear, “Don’t cry anymore.”

Lorraine stood up and saw Morson standing next to her. She was so scared that she took a big step back and asked on the spot, “You... Why are you still here? You... how long have you been standing here?”

Lorraine was most afraid of being seen in her vulnerable side, so when she saw Morson, her face changed drastically.

Did He... See?

**Chapter 1644: trash, what do you have to fight with (1500 + words)**

“At the beginning,” Molson said simply.

He had been standing beside Lorraine since she started crying.

However, Molson would restrain his aura, so Lorraine did not notice him.

After saying that, Molson once again handed Lorraine a piece of toilet paper. “Wipe it.”

“Thank... Thank you.” Rowling took the piece of toilet paper from Mosen with some embarrassment. She turned around and left after seeing that Mosen had given her the piece of toilet paper.

Rowling could not help but call out to him again, “Can you, can you not tell anyone about what happened just now...”

She did not want to let outsiders know of such a fragile side of herself.

Mosen stopped in his tracks. After saying the last sentence, he walked away without looking back. “I didn’t see it.”

Did this mean that he wouldn’t say it?

After hearing Molson’s words, lorry shouted at Molson again, “Thank You!”

...

By the time lorry returned to her hotel room, Yun Jian had already fallen asleep.

Early the next morning, the business of the taekwondo pipeline was booming. Even the Doorsill was trampled to the point of not being able to enter.

It was mainly because some big-mouthed people had spread the news that the 20 special forces soldiers were going to have a one-on-one battle here. Countless locals had come here in order to witness the glory of a one-on-one battle between special forces soldiers.

Lin Kun and the others came here early in the morning. Lin Kun felt that his strength was on par with Yun Jian’s. He came here to see what kind of realm Yun Jian could reach.

“There are so many people...” Luo Lei woke up early. Her red eyes from crying last night had been covered with ice water. She was shocked by the crowd as soon as she left the hotel room.

“Yes.” Yun Jian’s voice came indifferently.

At this moment, Si Yi and Mo Sen walked over.

Lorraine looked into the distance and could clearly feel Mo Sen’s gaze on her from behind Si Yi.

She had unconsciously turned her head and glanced at the gaze that was staring at her. Then, when she received that Mo Sen was really staring at her, Lorraine turned her head away guiltily and didn’t dare to look again.

“The first round of the preliminaries has begun. 006,057, go on Stage!” Someone ran over from afar and shouted for Yun Jian and Xu Mei to go on stage.

Seeing this, Yun Jian glanced at Si Yi and walked over with Xu Mei first.

“Come on!” Luo Mei did not participate. However, when she saw that Yun Jian and Xu Mei were about to leave, she waved at Yun Jian and Xu Mei and gestured for them to cheer for her.

...

The competition this time would be a draw.

In the first round of the competition, there would be a total of 20 people. Each person would draw a lot.

The number of lots would be from 1 to 10. On each piece of white paper, there would be a number from 1 to 10.

There would be a total of 20 lots. The number from 1 to 10 would appear twice. When the numbers were put together, there would be a total of 20 lots.

In these 20 lots, the two people would draw 1. Then, these two people would be the opponents of each other.

Then, the winner would continue to fight the next day, and the loser would be eliminated on the spot.

Yun Jian drew another 6, and Xu Mei drew a 9.

This competition was organized in order. The two players who drew 1 would fight each other, taking turns.

When it was Yun Jian’s turn, the entire stadium was in an uproar.

Yun Jian was the youngest, but everyone present could see how arrogant Yun Jian was yesterday.

Therefore, everyone was very excited to see Yun Zhi’s strength.

What was even more exciting was that Zhou Duanzheng, who issued a challenge to Yun Zhi yesterday, was actually the first person to face Yun Zhi!

Holding the lot number 6, Zhou Duanzheng stared at Yun Zhi fiercely and walked to the arena that was temporarily built to meet Yun Zhi’s eyes.

This arena was more than a meter high from the ground.

“006, looks like your luck is not bad! Wait a moment, I’ll let you roll out of the preliminaries!” Zhou Duanzheng stared at Yun Zhi and said fiercely.

Yun Zhi did not return Zhou Duanzheng’s gaze.

At this moment, everyone around was excitedly watching this scene in front of them.

It was not until Fang zhengzhi solemnly announced the start of the battle that Zhou Duanzheng shouted and pounced towards Yun Zhi. He wanted to kick Yun Zhi off the arena with one punch.

Yun Zhi did not move.

“Is she scared silly?” Someone asked in surprise.

“Get out of the preliminaries!” Zhou Duanzheng had already arrived at Yun Zhi’s side.

However, just as Zhou Duanzheng was about to swing his fist and arrive in front of Yun Zhi, Yun Zhi merely tilted her body to the side, and she dodged Zhou Duanzheng’s punch.

Within a second, she flashed behind Zhou Duanzheng, stood behind him, and kicked Zhou Duanzheng off the stage, ending the battle.

Her speed was so fast that it was impossible for the naked eye to see when Yun Zhi had arrived behind Zhou Duanzheng.

It had really only been a second. In this battle, Yun Zhi had won in a second!

At this moment, everyone’s eyes were wide open, and their expressions changed rapidly in fear.

How did Yun Zhi win in such a short time?

Hadn’t officer Fang just announced the start?

“How did it end? Didn’t it just start?” Someone was so scared that he didn’t even have time to react.

How did it end right from the start?

Cloud note... Was It really that easy ... He won?

This battle hadn’t even begun yet!

At the moment when everyone was bewildered, Cloud Note’s heavenly voice suddenly rang out in all directions. For a moment..., it caused everyone present to be shocked and their blood to boil. “I’ll kick you off the battlefield. With such trash like you, what do you have to fight me with!”

#### **Chapter 1645: the two of them were a good match**

It was really one second! Yun Zhi kicked Zhou Duanzheng off the stage in one second. At the same time, it also ended Zhou Duanzheng’s delusional desire to represent z country to the hunting organization.

If Zhou Duanzheng wasn’t so arrogant, Yun Zhi wouldn’t have let him off the stage in such a sorry state.

It was precisely because of Zhou Duanzheng’s arrogance just now that Yun Zhi would directly deal with him, causing Zhou Duanzheng to lose face for the rest of his life here.

Being kicked off the arena by a teenage girl in one second, Zhou Duanzheng couldn’t care less about the pain. He practically rolled and crawled up from the ground, but he no longer had the face to stay here. He turned around and ran away.

The surroundings were deathly silent.

Everyone was waiting to watch the battle between Yun Jian and Zhou Duanzheng.

However, this battle hadn’t even started yet, and it had already ended!

The final result was Yun Jian’s instant victory!

To everyone present, Yun Jian's ability to instantly defeat a male special forces soldier who was ranked within the top 20 in the country was beyond their expectations. It was something they had never expected!

Thus, Lin Kun who saw this scene sat up straight. His eyes were wide open as if he had seen a ghost.

Initially, Lin Kun had vowed to Yun Jian that he wanted to be friends with Yun Jian because he believed that his strength was only higher than Yun Jian's.

However, at that moment, Lin Kun felt how powerful Zhou Duanzheng was!

He also experienced Yun Jian's strength accurately.

If Lin Kun was in Zhou Duanzheng's position, he probably wouldn't even have the ability to receive that punch that Zhou Duanzheng threw at Yun Jian!

But Yun Jian managed to Dodge Zhou Duanzheng's punch! And that wasn't all! In just a second, she had moved from Zhou Duanzheng's front to Zhou Duanzheng's back and kicked him off the stage!

Lin Kun's shock couldn't be described with words.

In comparison, the special forces soldiers who were with Zhou Duanzheng didn't look too good.

After the crowd fell silent, they started clapping loudly for Yun Jian.

"Good! Good! Good! That's amazing! This is an instant win! This young lady has a bright future ahead of her! With her strength, she might even be able to enter the top three!"

The public opinion that mocked Yun Jian for not being able to win immediately switched to Yun Jian. Now, all that was left was the high praise and confidence of Yun Jian.

Xu Mei and Luo Mei stood in the distance. Since Xu Mei had drawn nine lots, they were not in a hurry to go on stage yet.

"Ah! 006 is too awesome! Awesome, Awesome!"

Luo Mei stood next to Xu Mei. Seeing Yun Zhi agree to the match, she jumped up in excitement more than anyone else. Her eyes were fixed on Yun Zhi who was standing in the arena, and she reached out to touch Xu Mei's arm.

"Sister Mei, she won! I knew she would win!" Luo Ji said as she shook Xu Mei's hand. She was so excited that she almost jumped up.

"Cough, cough!" A muffled cough came from the side. It was a magnetic male voice.

Luo Ji held her hand. She had just recovered from her excitement and looked to the right. She saw Molson's handsome face.

"Ah! Where's sister Moli?" Luobie suddenly realized that she was holding Molson's hand. She was so scared that she quickly let go and asked.

"I'm here." Xu Mei was standing next to Luobie just now, but she had just walked away. Seeing that Luobie had pulled the wrong person, Xu Mei said awkwardly.

Luobie's face suddenly turned red like a red apple.

...

Yun Jian stood on the arena. When she was about to leave the arena, she saw Si Yi, who was standing below the arena, jump onto the arena easily. He grabbed Yun Jian's small hand and walked down.

The arena was open to all the audience, so the scene of Si Yi pulling Yun Jian's small hand out of the arena was exposed in front of all the audience.

Si Yi seemed to be holding Yun Zhi's hand as he went down the stage after declaring his sovereignty.

Coupled with Si Yi's handsome appearance and Yun Zhi's beautiful little face.

The degree of compatibility between the two made the audience below scream.

"Oh my God, there are actually two people who are so compatible in this world! They are so loving!"

"This woman is so happy..."

#### **Chapter 1646: Si Yi took her on a hot air balloon (1,400 + words)**

Si Yi did not realize that the crowd was screaming and cheering. He just grabbed the cloud paper's small hand and walked off the stage.

Si Yi was wearing a black leather jacket, a simple white casual shirt, and a pair of black jeans.

From the back, Si Yi's entire body was black. His short hair looked very eye-catching.

He was 1.85 meters tall and looked like a movie star from the back. He was so handsome that even if he kept a low profile to hide his brilliance, it would not be able to hide his handsome side.

Yun Jian was wearing an extremely loose sportswear. The upper body and lower body were matched in black and white tones.

In addition, she had a high ponytail and an extremely slim figure.

Yun Jian was held by Si Yi's hand as he walked forward. From the back, the degree of compatibility between the two could be felt just by looking at it.

Not to mention Si Yi's swift and clean actions when he jumped onto the arena, as well as the dotting gaze of Yun Jian in his eyes.

Si Yi had just stretched out his hand to grab Yun Jian's small hand and walked out of the stage. Although this scene was only for a split second, it made the eyes of the audience below stand up straight.

Words like handsome men and beautiful women were already insufficient to describe the match between Yun Jian and Si Yi.

"Young Master!" When he saw Si Yi walking over, Morson lowered his head slightly towards Si Yi.

“You go back first.” Si Yi did not look at Mo Sen. He directly held Yun Jian’s small hand and walked around Mo Sen and the others. Before he left, he left these four words with Mo Sen.

The dark soul organization was very busy, especially Si Yi who was the leader of the dark soul organization. He had more busy things to do than anyone else.

However, Si Yi would not leave for the next few days. He had to accompany Yun Jian to get a spot in the hunting school and watch Yun Jian win.

There was nothing more important than his woman.

In his heart, the little paper was more precious than anything else!

She was unique!

He let Mosen go back first so that Mosen could return to the dark soul organization to deal with matters in the organization.

“Yes!” Mosen listened to Si Yi’s order. His expression did not change at all as he answered Si Yi’s words.

At this time, Si Yi had already pulled Yun Jian’s little hand out of the arena and left the Taekwondo dojo.

After listening to Si Yi’s order, Mo Sen, who was standing at the same spot, sent a message to the helicopter pilot who had sent him and Si Yi here and headed out of the Taekwondo dojo.

The audience was still watching this one-on-one battle between the special forces. Other than Yun Jian, there was no one else who could defeat their opponent within a second!

Most of the special forces battles would take about half an hour to determine the winner. There were also some who were more outstanding, but they were not worth mentioning when compared to Yun Jian.

Seeing that Mosen was about to leave, Luo Lei opened her mouth, but in the end, she stopped him.

“You... you’re leaving?”

In such a noisy taekwondo hall, Mosen heard Luo Lei’s shout immediately.

Luo Lei’s appearance was very in line with Mosen’s aesthetic standards, and her voice was very recognizable to Mosen. Even if he did not deliberately listen to her, he could hear her voice immediately in such a noisy scene.

“Yes,” Mosen said as if his words were gold.

“Then you won’t appear again?” Lorraine did not understand and felt a sense of loss.

“Yes,” Mosen still answered with one word.

Lorraine heard it and felt a sense of loss. However, the two of them were not people who had interacted with each other. This meeting was just a coincidence. Whether they could meet in the future was fate.

“Oh... then be careful,” Lorraine said to Mosen in disappointment. Anyone could feel the disappointment in her voice.

Careful? Worried about him? Morson's footsteps paused slightly. Before he left, he paused for a moment, then left a "Mm" and left without looking back.

Morson was different from Adam. Although Morson and Adam were blood brothers, Adam would do everything he could to keep the things that he liked.

But Mosen was different. Mosen was not good at talking about things that he liked.

At least, that was what Mosen thought before. His and Adam's lives were given by the young master, so this life was given by the young master.

People should learn to be grateful. This was the case for Mosen.

Looking at Mosen's slender figure that was far away, Luo Lei's eyes darkened. In the end, she stopped looking.

...

The Taekwondo dojo was still continuing the competition. Si Yi brought the cloud tablet to a sea of flowers.

There was no end to this place. There was some pure natural beauty.

Big Trees, mountains, rivers, everything was a natural landscape. It was too beautiful to be imagined.

Si Yi had just arrived with the cloud tablet when the cloud tablet saw hot air balloons not far away. She was slightly stunned.

However, she heard Si Yi's magnetic male voice. His breath sprayed over her head. "Do you like it?"

He had personally found this wide area.

#### **Chapter 1647: bad old man, Bad Si Yi**

This was a sea of flowers, surrounded by colorful colors. It was as beautiful as a fairyland on Earth, with a pure natural beauty.

Si Yi pulled the cloud paper and slowly walked over. The cloud paper looked around and then raised its eyes to Si Yi. "What is this place?"

"You can travel all over here by sitting in a hot air balloon. Do you like the beautiful scenery you found yesterday?"

Si Yi asked again. As he spoke, he had already wrapped his slender hand around Yun Jian's waist. He lowered his head and looked at Yun Jian. It was as if he was asking for Yun Jian's opinion.

Seeing Si Yi's look of anticipation, he wanted to write "Praise me quickly! Praise me quickly!" On his face. Yun Jian smiled slightly. It was an innocent smile.

She nodded at Si Yi and said, "Yes, I like it very much."

Hearing that she liked it, Si Yi smiled. He took Yun Zhi's little hand and walked toward the old man who was holding the hot air balloon.

This hot air balloon was built by the old man in front of him and a few investors who were in partnership with the old man.

There were many hot air balloons floating in the sky. There were many couples around, and the crowd was very crowded.

The hot air balloons here were not the type of hot air balloons that could be raised and lowered in a fixed location. They would bring the tourists across this boundless sea of flowers and slowly land on the opposite bank of the river.

Although it looked exciting, it was very safe.

Therefore, there were more tourists coming and going, and there were also a lot of people sitting in the hot air balloons. In the blink of an eye, there were only one or two hot air balloons that were free.

"Don't worry, don't worry, everyone! Take it easy, we have already contacted the warehouse to send hot air balloons to everyone. Come one by one, don't worry!"

The owner of the hot air balloon, the old man, was waving his hand to the passengers waiting for the hot air balloon to be sent over. The hot air balloon would be sent over from the warehouse very soon.

In fact, because the weather had been good and the sun was shining, there were many people sitting in the hot air balloon, which led to the shortage of hot air balloons.

There were a lot of people waiting in line to sit in the hot air balloons. Si Yi held onto Yun Jian's small hand and waited in line. He enjoyed the feeling of waiting in line very much.

He did not use any of his identity to chase away the people around him or directly contract the venue here. Instead, he held onto Yun Jian's hand and waited in line like an ordinary couple, waiting to sit in the hot air balloon.

This line lasted for an entire afternoon. When it was Yun Jian and Si Yi's turn to sit in the hot air balloon, it was already very late in the evening.

"Come, come, it's your turn to sit in the hot air balloon! Quickly come up!" The old uncle waved at Yun Jian and Si Yi.

"It's a couple." Si Yi corrected the old uncle the moment he waved at them.

"Cough, cough! So young... so it's a couple! Young Lady, you have a husband who loves you! Come this way! Just step on it!"

When the old man heard Si Yi's words, he bared his big yellow teeth and smiled. Then, he let Yun Jian and Si Yi board the hot air balloon.

The temperature of the hot air balloon was controlled very well, so this hot air balloon usually only sat a couple of young people.

Because there was a handle on the hot air balloon, if you wanted to land, you just had to pull the handle down.

When Si Yi and Yun Jian boarded the hot air balloon, the old man even stuck his head out and smiled at Yun Jian. Then, he said to Si Yi with a sly look,

“Young man, when you sit on the highest point of the hot air balloon, give your wife a kiss. I guarantee that the two of you will be together for a long time! Let’s Go!”

As the old man finished his last sentence, he released the string that tied the hot air balloon. The hot air balloon immediately floated up from the ground and rose into the air.

After hearing the old man’s bad words, Si Yi slightly curved his lips.

### **Chapter 1648: creating turbulence, deep kiss at high altitude**

Yun Zhi heard what the old man said to Si Yi, but she didn’t take it seriously.

This old man actually let Si Yi kiss her when the hot air balloon was at its highest point?

Yun Zhi didn’t see Si Yi’s curved lips, nor did she take the old man’s words of letting Si Yi kiss her to heart. Instead, she placed both her hands on the side of the hot air balloon’s fence, not afraid that she would fall down if she was close to the fence.

Yun Zhi stood at the edge of the railing. The wind whistled past, blowing up her long straight ponytail. Yun Zhi stood against the wind. The wind was too strong. She narrowed her eyes slightly and felt the coolness of standing on the hot air balloon.

Si Yi stood beside Yun Zhi. His back was against the railing and he was facing Yun Zhi on his side. He looked at her side with his sharp eyes and stared at her without blinking.

The hot air balloon would still wobble when it rose, but Yun Jian and Si Yi were not afraid at all.

“Ah! So scary! I want to go down! I want to go down! Will I fall down? It’s too scary! I don’t want to stay on the hot air balloon!”

There were three or four people standing on the hot air balloon next to Yun Jian and Si Yi. They stood side by side for a while.

The woman on the hot air balloon was hiding in the basket of the hot air balloon. She didn’t even dare to move, as if she was afraid that the hot air balloon she was sitting on would fall down.

No matter how the people around her pulled and pulled, the woman looked as if she was about to fall down and die. She was so scared that she kept rolling her eyes.

“Look at the couple next door. They are not afraid. Why Are You So Scared? And you are still making a big fuss. Aren’t you ashamed?”

On the hot air balloon next door, a man was lecturing the woman who was so scared that she rolled her eyes.

But the woman just squatted down and hugged the basket of the hot air balloon.

The hot air balloon flew high. There were no rocket launchers like airplanes, and there were no Ferris wheels. At least one of the pillars supported the entire set.

Sitting in the hot air balloon gave people the feeling of soaring in the air. It was extremely insecure.

In a short while, the hot air balloon that was standing side by side with Yun Jian and Si Yi chose to descend. It was probably planning to stop playing.

Yun Jian and Si Yi's hot air balloon gradually rose higher and higher. In the end, it gave people standing on the ground the feeling that they were going to fly to the clouds.

The heat of the hot air balloon only lasted for a short while. It rose to the highest point and then began to gradually decline.

Si Yi's eyes were staring straight at Yun Jian.

This made Yun Jian feel a moment of shyness.

"You... Why Are you staring at me..."there was no one here, but it rose to the highest point.

Yun Jian was a little shy and Si Yi kept staring at him.

Si Yi had always been a taciturn person. He did not know how to say romantic words and did not know how to do romantic things.

But today, it was rare for him to be romantic.

Just as Yun Jian lowered his head slightly and was a little shy from Si Yi's gaze, si yi suddenly said, "Xiao Jian, I love you."

He was shocked by Si Yi's words. In the past, he had almost never mentioned the words 'Like' or 'love', not to mention on such an occasion like this, he suddenly said, "I love you."

At this time, the hot air balloon was already at its maximum power and was floating at the highest point in the sky. If one looked up, they would be able to see the clouds.

Before Yun Jian could react, Si Yi suddenly put his hand on the hot air balloon's railing. He pulled the rope that was tied to the hanging basket, deliberately but without Yun Jian noticing, creating a jolt in the hanging basket.

Yun Jian lost her balance for a moment and directly threw herself into Si Yi's arms.

Si Yi caught Yun Jian's body. He lowered his head and bent his waist slightly. His thin lips directly attached to Yun Jian's tender lips and bit open the petals of Yun Jian's tender lips. They were extremely intimate.

"Oh..."Yun Jian did not react for a moment and was kissed directly. She blinked her eyes and her long and narrow eyelashes fluttered up and down. She did not reject Si Yi's kiss.

When the kiss was affectionate, Si Yi actually put his hand on her chest...

## Chapter 1649: Blood Doll's person had arrived

This was the sky!

He actually!

Yun Zhi slapped Si Yi's "Pig trotter hand" away.

He reached out and placed his hand on his chest and Si Yi's chest.

"Little Zhi, let me touch..." Si Yi let go of Yun Zhi's red lips and made a shameless request to Yun Zhi.

"Don't..." Yun Zhi didn't give it to him.

But in the end, he couldn't get rid of Si Yi.

Later, Si Yi actually directly reached into her cover through her skin...

...

After getting off the hot air balloon, Yun Jian didn't care about Si Yi and walked forward alone.

He actually did such a shy thing to her on the hot air balloon just now.

Yun Jian didn't want to mention that shy behavior again.

"Xiao Jian, what's wrong?" Si Yi walked over and held Yun Jian's hand as usual, turning his head to ask her.

Although Yun Jian didn't shake off Si Yi's hand, she ignored him.

"Did I touch you just now..." before Si Yi could finish his words, Yun Jian stood on tiptoe and covered Si Yi's mouth.

"If you talk again, you're not allowed to do this in the future," Yun Jian said to Si Yi.

These words had a coquettish tone to Si Yi's ears, and it made Si Yi curl up into a beautiful arc.

What she meant was, he could treat her like this in the future?

Seeing Yun Jian gently shake off his hand and walk forward, Si Yi curled up his curved lips and chased after Yun Jian.

...

Each special forces soldier would only fight once a day.

In today's one-on-one competition, a total of ten special forces soldiers were eliminated. Among the candidates recommended by Principal Ma, apart from Yun Jian, only Xu Mei was not eliminated.

The others, whether it was Xu Wenming, Wang Buren, or Dong Xiu, were all eliminated.

The next day's competition was five people versus five people.

Yun Jian did not perform well on the second day, but after fighting with his opponent for a few minutes, he kicked his opponent off the stage and declared victory.

On the third day, there were only five people left.

These five people were Yun Jian, Xu Mei, Wu Nainai, and the other two men whose names were unknown.

In the last round of this year's preliminaries, there were actually two women who were shortlisted!

This made the audience a little surprised.

After all, in the previous preliminaries, the ones who could make it to the end were always men. Women were ultimately weaker than men, so the chances of being shortlisted were very small.

But this year, there were actually two women who made it to the final round. This made the people present doubt once again.

Could Yun Jian and Xu Mei really make it to the top three?

In the final round, there were a total of five people. The five people would take turns to fight.

This meant that Yun Jian would fight against the remaining four people.

Each person would fight four rounds. After four rounds, whoever won the most rounds would win.

This also meant that Yun Jian was going to fight Xu Mei.

"006, you can use your own strength to fight with me. I Won't let you win! Of course, don't let me win either!" Xu Mei was very determined. She smiled and said to Yun Jian.

"For sure." Yun Jian pursed his lips and turned his head to look at her.

She naturally wouldn't let Xu Mei win.

And at this moment, the final battle was about to begin!

Yun Jian's first opponent was actually Wu Nainai!

At this moment, Wu Nainai glared hatefully at Yun Jian.

"You made a fool of my brother. Today, I will let you know what a difference in strength is!" Zhou Duan, who had been kicked off the stage by Yun Jian, was Wu Nainai's brother. At this moment, Wu Nainai was very confident in herself.

Yun Jian narrowed her eyes. Just as she was about to say something...

"Bang!" A loud sound rang out in the arena. On the stage, a white smoke bomb was suddenly thrown up and exploded on the stage. Then, the surroundings were filled with smoke bombs.

"Oh Hehehehehe!" A snake spirit's female voice rang out. Everyone saw a woman with a perfect figure standing in front of them. She was 1.7 meters tall and had plump breasts and buttocks.

This woman who suddenly appeared held a leather whip in her hand. After laughing, she used the leather whip to whip Wu Nainai and threw her off the stage.

Then, the woman met Yun Zhi's eyes. In front of everyone present, including Fang Zhengzheng, Nan Linlin, Lin Kun, and others, she laughed mockingly at Yun Zhi:

"The dignified king of spies, Sha Shen, ranked number one on the international spy rankings, is actually here to compete with this group of trash. Is this going to be a laughing stock if this gets out?!"

The King of spies, Sha Shen, ranked number one on the international spy rankings?

Yun Zhi?

When the people present heard this woman's words, their expressions changed in shock.

They originally thought that Yun Zhi would deny it, but the moment Yun Zhi, who was standing in the arena, saw the woman, she narrowed her eyes. Her gaze met the woman's and curved slightly. Without guessing, she directly pointed out the woman's identity:

"The number one expert under the leader of the blood doll, Leng Mei?"

#### **Chapter 1650: will become my captive**

When this plump woman suddenly appeared and pointed her finger at Yun Jian, the number one spy on the international spy rankings, the King of spies, Sha Shen, the people around did not even have the time to react. They were all stunned on the spot.

The Number One spy on the international spy rankings, Sha Shen?

To some people, this title was an existence that they would never be able to touch in their entire lives!

This was the kind of gap that was comparable to an ordinary person who would never be able to come into contact with a national leader.

To everyone, the number one on the international spy rankings, Sha Shen, was someone that would never appear here!

That was someone on the spy rankings! She was someone who could kill!

Therefore, when everyone present heard Leng Mei's words, they were momentarily in a daze.

However, before they could react, Yun Jian had already met Leng Mei's eyes and pointed out her identity in front of everyone.

This shocked everyone who had not recovered from their shock.

"Blood Doll! ? 006, the blood doll that you mentioned, could it be the newest assassin organization in Southeast Asia?!"

“It’s said that it rose at lightning speed and swept through all the assassin organizations in Southeast Asia. In the end, it became the number one assassin organization in Southeast Asia. Its status in the world is terrifying!”

Officer Fang stood beside the arena. There was no warning at all. Leng Mei had thrown out a smoke bomb.

His field of vision was covered by the white smoke bomb. When his field of vision returned to normal, officer Fang saw her plump breasts and buttocks. Her clothes were a little revealing, however, Leng Mei, whose private parts were completely covered, stood on the arena.

Judging from Yun Zhi’s words just now, the woman who suddenly appeared in everyone’s eyes was the number one expert under the banner of the leader of the blood doll, Leng Mei!

It was rumored that Leng Mei, the number one expert under the blood doll leader, was skilled in using whips. The whips were accurate and could only kill people with a single whip. Her strength was so strong that it made people gasp in admiration!

Even if her skills were not ranked on the international list of agents or killers, they were not much different!

To be honest, when Leng Mei said that Yun Jian was the number one killer on the international list of agents, not many people present believed her, especially Fang and the others.

After all, Yun Jian’s age was right there, and she was officer GE’s daughter. How could she be the world’s top spy.

However, just by looking at Leng Mei’s appearance, the way she appeared, and the way she whipped Wu Nainai and threw him off the stage.

The identity of Leng Mei, the number one expert under the banner of the Blood Doll Leader, was definitely up!

Yun Jian, who had been asked a question by Fang Zhengzhi, did not answer.

However, when Leng Mei heard Fang Zhengzhi Address Yun Jian 006, she was first stunned. Then, she immediately laughed out loud and continued to speak to Yun Jian:

“006? Sha Shen, this number is exactly the same as when you entered the dark soul organization!” Leng Mei clearly knew everything about Yun Jian.

Hearing Officer Fang Call Yun Jian 006, Leng Mei used this as a topic.

When the people around knew Leng Mei’s identity, they were all scared out of their wits.

Just when they thought Yun Jian would also retreat.

Unexpectedly, Yun Jian ignored Leng Mei’s words. She only slightly lowered her eyes and looked up at Leng Mei with her sharp eyes. Her red arc rose and her smile was hazy, as if her every frown and smile contained killing intent.

Yun Jian curled her lips indifferently. In front of the audience, including Lin Kun, Zhou Duangheng, Nan Linlin, and everyone else, she suddenly lowered her hand and closed it. A butterfly knife suddenly appeared in her hand.

Yun Jian took two steps towards Leng Mei. At this moment, in front of everyone, she was like an Asura from hell. She smiled at Leng Mei indifferently:

“I didn’t look for you. You came to me. I’m sorry, Blood Doll, including you, will become my captive!”
