

Schoolgirl 1651

Chapter 1651: protective letter was like a protective treasure

Yun Jian's words clearly entered the ears of all the spectators in the Taekwondo Arena. Everyone was shocked by Yun Jian's words and her confident aura.

"006! You're Crazy! You're talking to Leng Mei, the number one expert under leader Blood Doll! Come back quickly! We have to fight together!"

Officer Fang's face changed when he heard what Yun Jian said to Leng Mei.

Was Yun Jian Crazy? !

How dare she talk to Leng Mei Like That? !

With the strength of Leng Mei, the number one expert under the leader of blood doll, even if more than 20 of their special forces joined forces to deal with her, they would have to think twice, right?

But what about Yun Jian? She actually said to Leng Mei in such a ostentatious manner, 'blood doll, including you, will become my captive'?

Was she crazy?

"006 is crazy! She must be crazy! She said such words, not only will she be finished, but she will also cause the death of all of us here!"

Zhou Duanzheng had already been disqualified from the preliminaries because of Yun Jian, so he held a grudge against Yun Jian. After listening to Yun Jian's words, Zhou Duanzheng made use of the topic and used an extremely exaggerated tone to say it to the people around him.

With Zhou Duanzheng's shout, everyone around the Taekwondo Hall panicked. They all thought that Yun Jian's words to Leng Mei would lead to a fatal disaster.

"She's crazy! She provoked that blood doll organization from Southeast Asia. Forget about it, don't tell me she's going to drag us down with her! We're ordinary people!"

"If she wants to die, then she can die by herself! Why should she drag us down with her!"

...

When Zhou Duanzheng shouted that, the surrounding people started cursing at Yun Zhi on the stage.

Everyone thought that Yun Zhi's actions would harm everyone.

"Get off! Get Off! What 006, Get Off! Selfish! Shameless! Our Z country doesn't need special forces like you!"

Some people even used extremely cold words to scold Yun Zhi, who was standing in the arena.

Although Yun Zhi's words were arrogant, Leng Mei didn't dare to treat Yun Zhi's words as a joke.

A joke! The words of a god of destruction, she wasn't stupid. How could she think that Yun Zhi was joking!

However, Leng Mei was stunned at this moment. She was shocked by the audience who were desperately shouting for Yun Zhi to get off the arena.

However, Leng Mei only smiled coldly for a while, as if he was mocking the ignorant audience.

This group of selfish humans.

"Bang, Bang, Bang!" At this moment, three gunshots suddenly rang out, hitting the tall ceiling of the Taekwondo Hall without any warning.

The gunshots rang out, and the gunshots fell. When the crowd reacted, they were so scared that they screamed, "Ah! Ah! Ah! !! Gun? There's a gun! ?"

Before the screams could be heard, the crowd had already rushed out of the Taekwondo dojo.

However, before anyone could rush out of the Taekwondo Dojo, the gunshot rang out again and landed at the entrance of the Taekwondo dojo.

Everywhere the crowd passed, they saw Si Yi standing where he was. His slender fingers were on the buckle of his gun, preventing anyone from leaving the Taekwondo dojo until the screaming crowd quieted down.

His cold voice rang out. His tone was even more arrogant than the cloud note. "Say one more bad word about my woman. Unless it's a corpse, don't even think about leaving this place!"

He actually made it sound so easy to kill people!

Moreover, the people around him only said some bad things about the cloud note. He actually wanted to kill people for this!

Everyone was shocked by Si Yi's cold and sharp eyes at this moment.

Si Yi scanned his surroundings with his pistol. His cold eyes made everyone's hearts pound.

At this moment, Si Yi's words were heard again. "If anyone dares to speak ill of my woman again, this will be your fate!"

After saying that, Si Yi turned his pistol sideways. Without even looking, he aimed the muzzle of the pistol at the chains hanging from the ceiling and fired.

The gunshot rang out and the gun fell.

On the ceiling, his marksmanship was so precise that the chain hanging from the chandelier was directly broken!

The huge chandelier fell to the ground on the spot and shattered into pieces!

Chapter 1652: couldn't beat her. was that true

Si Yi's actions really scared the people around him.

Fortunately, no one was standing next to the large chandelier in the taekwondo hall.

However, the chain of the chandelier was broken by Si Yi with one shot. The huge chandelier crashed from the ceiling to the ground with a loud sound.

The entire large chandelier was smashed into pieces within a few seconds! The broken parts were so unbearable to look at!

If there were people standing around, even if they were not frightened, they would definitely be pierced by the glass shards that flew everywhere when the chandelier shattered.

Si Yi's move was absolutely ruthless! It was enough to scare everyone present to death!

Moreover, just looking at Si Yi's spear technique, who present would not be convinced?

One shot, just one shot! He didn't even look at it before shooting at the chains that were hanging from the chandelier!

With such a spear technique, even if everyone present tried to escape, it was highly likely that they would be shot directly in the head and die!

Coupled with Si Yi's earlier act of protecting the cloud tablet, the audience didn't even dare to say another word.

Si Yi's actions were purely to move the quiet field for the cloud tablet.

It was a battle between Yun Zhi and the number one expert of the blood doll, Leng Mei!

Officer Fang was also frightened by Si Yi's marksmanship, but he reacted very quickly.

"006, don't do anything stupid! She is the number one expert of the blood doll, Leng Mei! Let's fight together! Don't be afraid of her alone! Don't mess around on your own!"

Officer Fang still didn't let go. He was worried about Yun Jian, so he spoke to Yun Jian again and again.

Officer Fang knew that Yun Jian was Ge Junjian's daughter, and he had some friendship with Ge Junjian. Naturally, he couldn't just watch Yun Jian get into trouble.

Moreover, the opponent this time was the number one expert under the banner of the Blood Doll Leader!

Leng Mei was an assassin who had crawled out from a pile of dead people!

The special forces were indeed powerful, but an assassin who had crawled out from a pile of dead people was a person who did not care about his life!

After all, the special forces had ties to each other. Under such circumstances, Leng Mei's strength was not something that everyone present could imagine!

However, if more than twenty special forces joined forces, then it was not impossible for them to defeat Leng Mei!

“Fight? I’ll fight with you?” After hearing officer Fang’s words, Leng Mei pointed at herself, then pointed at Yun Jian, Officer Fang, and the others. She was still suspicious for a while.

After being suspicious, Leng Mei didn’t wait for Fang Zhengzhi and the others to reply. She laughed wildly as if she had heard a terrible joke. She laughed until she was out of breath.

After she finished laughing, Leng Mei came back to her senses. She pointed at Yun Jian and returned to her serious expression. She said to Fang zhengzhi, Zhou Duanzheng, and the others who thought that Yun Jian couldn’t beat her,

“Are you kidding me? I’m not an idiot! I’ll fight her? She’s the Sha God! I Don’t want to lose miserably! That’s too embarrassing. I’m the number one expert of the blood doll! I’m just here to deliver a letter!”

Leng Mei was very self-aware. She did not think that she could defeat the cloud paper.

After all, the difference in strength was obvious.

“Yes, this is a letter that our leader of the blood doll asked me to give you!”

Leng Mei took out a letter from her large BRA Cup. Her right index and middle fingers clamped the letter between them. She flew toward Yun Jian and the letter flew into his hand.

Yun Jian narrowed his eyes and caught the letter that Leng Mei was flying toward her.

In the distance, Officer Fang, Zhou Duanzheng, and even further away, Nan Linlin, as well as the audience, were all dumbfounded when they heard Leng Mei’s words.

“The number one expert of blood doll, Leng Mei, actually said that he can’t beat her? This... is this for real...”

Everyone present was shocked by Leng Mei’s words.

Chapter 1653: I’ll keep as my captive

Just when everyone was surprised that Leng Mei’s words were true, Leng Mei waved her hand at Yun Jian and said,

“Alright, now that the task my leader gave me has been completed, I’m going home to have a beauty sleep. Sha Shen, see you next time!”

As she spoke, Leng Mei flicked the whip in her hand. She turned around and stretched out her hand. A smoke bomb appeared in her hand. She waved the smoke bomb in her hand at Yun Zhi and the others.

After showing off the smoke bomb, Leng Mei put the smoke bomb to her red lips. She used her pair of pure white teeth to bite the handle of the smoke bomb. After biting it open, she threw it to the ground, then, she prepared to quickly leave this place in a few seconds.

At the same time, Leng Mei also left this sentence, “Let’s go, Sha Shen. We’ll meet again!”

A huge white smoke floated in the air.

In the smoke, Yun Jian's eyes flickered slightly.

"Phew, we're safe! Fortunately, the number one expert of that bloody doll organization isn't here to kill people!" In the crowd, some people were rejoicing that they were on the verge of death and had survived.

Fang, all the Special Forces soldiers present let out a sigh of relief.

Fortunately, the woman called Leng Mei was only here to deliver a message. Otherwise, there would definitely be casualties in a fight with her!

Just when the surrounding people let out a sigh of relief, the smoke left by the white smoke bomb dissipated.

Before the crowd could recover from their tense emotions, they saw Yun Jian holding a woman's arm with one hand in the ring, bending the woman's body and easily suppressing her under his body.

Taking a closer look, this woman...

Wasn't she Leng Mei who said she was leaving just now?

Why was she still suppressed by Yun Zhi?

Suppressed by Yun Zhi! ! !

The crowd suddenly reacted, and their faces changed in fright once again.

This time, the crowd wasn't shocked that Leng Mei, the number one expert of the blood doll assassin organization, was still there.

Instead, they were frightened by the fact that Yun Jian had actually suppressed Leng Mei!

Could it be that it was really as Leng Mei had said!

She could not defeat Yun Jian! ? Moreover, if she were to fight Yun Jian, she might even lose miserably?

"Aiyo, aiyo, be gentle! I'm in so much pain from being suppressed by you!"

Leng Mei was not flustered nor flustered by the suppression of Yun Jian. She loosened her arms a little. As she was suppressed by Yun Jian, she could not move her arms and could only move them slightly.

"No, Sha Shen, didn't I already say that I'm here to deliver a letter to you, not to fight with you! I don't dare to fight with you! Just let me go, okay? Great Aunt, I admit defeat, Okay?"

If Leng Mei knew that she was caught by the cloud paper, she would not have come even if the leader gave her a 100 million US dollar employment fee!

Moreover, this trip was only worth 5 million USD!

"Where is the headquarters of Blood Doll?" Yun Zhi suppressed Leng Mei and asked calmly.

"I can't tell you that." Leng Mei shook her head and shrugged.

“Then you can stay here and be my captive.” Yun Zhi suppressed Leng Mei and didn’t give her a chance to stand up and resist.

Yun Zhi and Leng Mei’s conversation made the audience below confused.

What was going on?

Why Did Yun Zhi ask about the headquarters of the blood doll?

Did she really think that she was the so-called No. 1 on the International Spy Rankings?

Even if Leng Mei said that she was, how was that possible!

So what if she suppressed Leng Mei? It didn’t mean that she was the No. 1 on the International Spy Rankings?

Just as everyone was still in disbelief, two figures suddenly appeared at the entrance.

The two beautiful figures arrived at the arena in a flash.

Looking closely, it was Qing glazed and Gu Nian.

The audience was shocked when they saw Qing glazed and Gu Nian.

Who were these two?

Qing glazed and Gu Nian stood in front of Yun Jian and shouted in unison, “Sister Jian!”

Chapter 1654: the last wave, Valentine’s Day

Call Sister Yunjian?

Everyone present was slightly surprised.

These two young-looking girls actually called Sister Yunjian.

Who were the two of them?

After Qing Mei and Gu Nian shouted at Yunjian, Qing Mei explained to Yunjian:

“Sister Yunjian, we’ve chased Leng Mei all the way here, but we didn’t expect her to trick us and make us...”. ... ahem ! So hand her over to us. I’m not going to take revenge for what she did to us. I’ll write my name, Qing Mei, in reverse!”

As she spoke, Qing Mei put her hands together, and her knuckles made cracking sounds.

Yun Jian knew from Qing Mei’s words that Qing mei and Gu Nian must have fought Leng Mei before.

“Yes, yes! She tricked us into the Pigpen just now! We almost died from the fumes when we jumped into the Pigpen! I’m so angry! Sister Jian, you must hand Leng Mei over to us!”

Gu Nianzhi’s pig-like teammate told everyone that she and Qing Mei had been lured into the pigsty.

Qing mei sighed as she listened.

“Don’t, it’s not that serious. You two jumped into the pigsty yourselves, don’t blame me!” Leng Mei snickered and coughed dryly before speaking to Qing Mei and Gu Nianzhi.

Gu Nian walked over and knocked on Leng Mei’s head.

Qing mei and Gu Nian dragged Leng mei away...

“What happened just now, could it have been a farce?”

Someone below saw Qing Mei being dragged away by Qing Mei and Gu Nian and asked in shock.

“So the gun he used just now was also a fake?” Someone turned to look at Si Yi and asked with a smile.

“It must be! Everything just now must have been a farce! I was scared for nothing! Haha! The Taekwondo dojo sure knows how to play!”

Another person added.

This one and two spread actually suppressed the atmosphere just now.

Officer Fang was not stupid. He knew that what happened just now could not be described as a farce!

But in the end, officer Fang did not say anything.

The final round of the preliminaries began as usual!

Yun Jian had originally been fighting Wu Nainai. Now that Leng Mei had been dragged away by Qing glaze and Gu Nian, the competition continued.

The result was unquestionable. Yun Jian had won.

Yun Jian had not let Xu Mei win when they had fought.

The other two male special forces soldiers were naturally no match for Yun Jian.

Therefore, Yun Jian’s first place seat was firmly seated.

Because the crowd below was watching, Yun Jian’s first place naturally wasn’t fake. Therefore, everyone was convinced.

The third place in the end, other than the first place seat being snatched away by Yun Jian, the second and third place seats belonged to the two male special forces soldiers.

Xu Mei and Wu Nainai were both rejected.

Xu Mei did not feel uncomfortable about this at all.

“I’ve already exceeded my expectations to be able to reach the fourth place today. Yun Jian, you’ve done well!” Xu Mei gave Yun Jian a thumbs up.

This time, the selection stage had come to an end. In fact, it had not even been a month since the competition had ended early.

The three people who had been selected were the three people who had obtained the quota to head to the hunting school this year.

At this moment, officer Fang called Yun Jian to a corner and asked Yun Jian privately, "What happened just now..."

"What happened just now..."

"What happened just now was just an accident. Officer Fang, there's no need to mention it again." Yun Jian immediately concluded what officer Fang wanted to know.

"Cough! Alright... As long as you're safe." Officer Fang did not suspect that Yun Jian was the Sha God at all. He was just a little worried that Yun Jian had something to do with the Blood Doll's people.

However, after listening to Yun Jian's words and considering Yun Jian's strength, officer Fang did not say anything more.

Leng Mei was pulled away by Qing Yan and Gu Nian. Yun Jian did not ask any more questions. She had just said goodbye to Officer Fang and was about to leave when she bumped into a wall of flesh.

Yun Jian bumped into Si Yi's sturdy chest. Si Yi stretched out his long arm and wrapped Yun Jian in his arms with one hand.

This scene made even Fang, who was already married and had a child, blush slightly.

"Cough, cough! Let's call it a day. You've won first place. Just wait for our notice. The competition is over. If anyone picks you up, you can leave first."

The competition had already ended. Now, everyone had gone back to their respective homes, each looking for their own mother.

"Go home." Si Yi's large hand held Yun Jian's small hand. He held Yun Jian's small hand and walked out of the Taekwondo dojo.

When Yun Jian heard Si Yi say the words 'Let's go home', for some reason, a shameful image appeared in his mind.

She coughed twice but did not let go of Si Yi's hand. She followed Si Yi out.

Unknowingly, Si Yi's big hand held onto her small hand tightly.

At this moment, he had the urge to throw her onto the bed and immediately let her give birth to a bunch of children for him.

His pad, his pad!

He wanted to fuck her until she couldn't get out of bed.

He believed that he would be able to do it soon.

Can you blame him? His pad was too tempting.

Chapter 1655: let you down and got the first place

The preliminaries had come to an end and the spots had been chosen. Apart from Yun Jian, the other two male special forces soldiers were both veteran special forces soldiers over 40 years old. Their strength was naturally so strong that there was nothing to say.

As in previous years, apart from Yun Jian, the Freak, the other two male special forces soldiers were all over 40 years old.

In previous years, the youngest person who could get the top three spots to go to the hunting school was also over 30 years old.

After all, the older the stronger, the older the spicier. This was an unchanging rule.

Someone like Yun Jian could already be considered an exception.

Yun Jian accepted the invitation in an orderly manner, so he didn't go back to Min city with Fang Zheng and the others.

The Military Academy was still in school. The selection competition this time took about a month. Although it was less than a month, it was more or less the same.

Yun Jian was the only one in the entire min city military academy who applied for leave. Therefore, Yun Jian had to go to school as soon as she returned to Min City.

However, before she went to Min City, Yun Jian returned to Longmen City and home.

After staying in Longmen City for a night, Yun Jian returned to Min City Military Academy.

That night, Si Yi kept rubbing against her... ! ... cough... ! Other than the last step, everything else was done... ..

Cough Cough!

...

The next morning, Si Yi returned to the dark soul organization. Xue Ying sent a helicopter to pick him up.

Before he left, Si Yi was still holding onto Yun Jian with all sorts of shyness and shyness.

After Si Yi left, Yun Jian lazily stretched and got out of bed. He packed his school bag, carried it on one shoulder, and went to GE Jun Jian's house to eat a few mouthfuls of breakfast personally prepared by Qin Yirou.

A bowl of porridge, a tea egg, and two meat buns.

Yun Jian liked the taste of Qin Yirou's dishes very much. It didn't take him long to finish all the dishes.

"Eat slowly, Xiao Jian, you've lost weight recently! You must eat well when you go to school! Don't lose weight again! Mom's heart aches when she sees it!"

Qin Yirou had just returned from Xinjiang Town. Looking at Yun Jian's thin and weak figure, she couldn't help but add porridge to Yun Jian's bowl.

Qin Fangfang's matter had temporarily stabilized, but she still needed some time to deal with the divorce.

These days, Qin Yirou had been accompanying Qin Fangfang by her side, which greatly eased Qin Fangfang's hurt heart.

"Mom, I've been eating quite well recently." After eating the porridge, Yun Jian stood up and picked up the school bag hanging on the back of the seat, with one shoulder on his back.

"Mom, I'm leaving." Before she took the bus to Min City, Yun Jian even greeted Qin Yirou.

"Hey! Slow down!" Qin Yirou shouted behind Yun Jian.

...

It was already the middle of October. In October, the temperature had gradually dropped. Many people still insisted on wearing short-sleeved shorts.

However, the temperature turned cold. The Sun during the day was still hot. However, at night, the autumn wind blew. If they were still wearing short-sleeved shorts.

Only talented people could withstand it!

In the morning, the weather was also slightly cold, but the air was very fresh. Yun Jian wore a pair of shorts and a short-sleeved top. Her high ponytail made her look very energetic.

Now, it was after class time for the students. Yun Jian had rushed back to school the next day, and the school was still in class as usual.

Seeing Yun Jian return, Lin Wan, who had not seen Yun Jian for a month, jumped up from her seat and rushed over to hug him.

Mu Ying, who was beside her, was also smiling at Yun Jian.

"He came back before a month. He must have been eliminated by the selection field! Hehe, but this is also within expectations." Lin Shuya, who had always been at odds with Yun Jian, shook her shoulders and smiled coldly at Yun Jian.

The girls who were helping Lin Shuya immediately agreed.

"You guys..." Lin Wan was just about to reply for Yun Jian with a gloomy face.

A few other excited voices immediately sounded from the main entrance. "Yun Jian! You're finally back! Someone just said that you entered our school gate. We didn't believe it, but in the end, you really came back!"

Suddenly hearing these excited voices from the main entrance, some of the male and female students in Yun Jian's class became excited:

"Ah! It's the members of Team King!"

"They must be looking for the leader of Team King, Asura!"

...

While everyone was discussing, the six people led by Chu Ning and Chu Xiangnan walked in from the entrance.

“How is it? Yunjian, you must have gotten a place to go to the hunting school, right? Hehe! You Won’t let us down!” Chu Xiangnan looked at Yunjian with a smile as soon as he walked over.

“Are you guys stupid? It hasn’t even been a month and she’s already back. She must have been eliminated!” Lin Shuya, who was far away, reminded once again.

The selection was a month in total and people could be eliminated at any time Midway. Yun Jian had returned so early. If he hadn’t been eliminated, what else could it be?

Just as everyone was intimidated by Lin Shuya and felt that what Lin Shuya said made sense. Yun Jian must have been eliminated and that was why he came back, they heard Yun Jian’s words. She retorted unceremoniously to Lin Shuya:

“I’m sorry to disappoint you. I won the first place in this preliminaries.”

Chapter 1656: First place of the preliminaries

Yun Jian’s words suddenly rang in the ears of every student in the class, instantly stirring up a storm.

After all, such a great thing like representing country z to go to the hunting school to further their studies was something that every student present could only imagine. At least for now, it was an unreachable thing.

But what about Yun Jian?

For such an unreachable thing, did Yun Jian really get a spot?

Of course, that wasn’t the main point!

The main point was that Yun Jian actually got first place?

What kind of place was the selection field?

The people who went were all the most famous special forces soldiers in the country!

Yun Jian was still young after all. She was only a student of Min City Military Academy. Just like everyone present, she was just an ordinary student.

But she obtained first place in the preliminaries?

If Yun Jian could be said to have barely entered the top 20, then everyone would not be as shocked as they were now. But what was terrifying was that Yun Jian actually obtained first place in the preliminaries?

This...

Was this a lie?

“Yun Jian, don’t even think about lying to us! It hasn’t even been a month since you guys went to the preliminaries! You got first place? Who would believe it! It hasn’t even been a month yet. Only those who were eliminated will be sent back!

“Look at you, you were obviously eliminated and sent back! And you still pretend to be the first place. Who would believe you!”

Lin Shuya was not stupid. She could naturally tell that Yunjian was trying to fight back with her words.

Besides, Yunjian had only been to the tryouts for less than a month and was sent back in less than a month. If she was not eliminated, what else could it be?

“We believe in Yunjian! She has never bothered to lie!” At this time, Chu Ning stood up and patted her own chest as she spoke in a reassuring tone.

“She won’t lie! I swear on my character!” Jiang Weiwei spoke up as soon as Chu Ning finished her sentence.

She still remembered that Jiang Weiwei was also a member who targeted Yunjian in the beginning. She was now completely convinced by Yunjian.

“The members of our King’s team never dare to lie!” Captain Liu Shiyun also said solemnly.

In their hearts, Yun Jian was no different from a god.

It was precisely because of Yun Jian that their king’s team had today!

At the beginning of Liu Shiyun’s team, the six members of the King’s team all beat their chests and swore that Yun Jian’s words were definitely true.

“You guys are simply favoring your teammates! HMPH! Whether or not you were selected, we’ll know when we announce it!”

Lin Shuya seemed to be angered. She gritted her teeth fiercely. Just as she finished speaking, the class teacher, teacher Chu, walked into the classroom from the front door.

The students were still stunned that it was the end of class. Why would the class teacher come to the classroom?

However, they saw teacher Chu sweep her surroundings and her gaze fell on Yun Jian. She walked over quickly.

“Yun Jian, you won first place in the preliminaries this time! Our Min City Military Academy is also basking in your glory! The higher-ups are praising our min city military academy for producing such a talent! Principal Ma is extremely happy now. He asked you to go to the office to drink tea!”

As teacher Chu walked, she spoke to Yun Jian.

Principal Ma was the principal of Min City Military Academy. Yun Jian was able to go to the selection field because principal Ma recommended her to go.

When teacher Chu said this, it was like a heavy and invisible slap on Lin Shuya’s face.

Lin Shuya was heavily defeated and her expression immediately became as ugly as iron.

Until Yun Jian walked out of the classroom's door, Lin Shuya's expression was still as ugly as if she had been constipated for 365 days.

The students in the class were also dumbfounded.

She, she... She actually won the preliminaries... ..

First place! ?

Chapter 1657: playing truant and going out for supper

The students in the classroom were still in shock and couldn't recover, but Yun Jian had already gone to principal Ma's office.

In principal Ma's office, he received a warm welcome from principal ma. When he came out, he could already go to the cafeteria for lunch.

"Yun Jian, you don't know that Lin Shuya just heard from teacher Chu in the classroom that you won first place. That shit-eating look of yours, hahaha!"

"After you left, Lin Shuya's face was still sullen and couldn't recover from the shock for a long time!"

Lin Wan was still talking about how Lin Shuya saw that Yunjian really won first place just now. Then, when Yunjian was invited by teacher Chu to the principal's office for tea, Lin Shuya was so scared that her mouth was wide open. She couldn't even utter the word 'AH', it was as if she had been constipated for hundreds of days.

Lin Wan was still smiling as she spoke, as if she was the one venting her anger.

Yun Jian merely pursed his red lips after hearing that.

"It's not a big deal," Mu Ying said with a smile while gritting her white teeth.

Halfway through the meal, Chu Ning and the other three brought their lunch boxes to the dining table beside Yun Jian.

"Yun Jian 'er, we're going out for a walk tonight. Do you want to join us?" Chu Ning winked at Yun Jian and asked.

"Aren't you staying at school tonight? How are you going to get out..." Lin Wan blinked innocently and asked.

"Shh Shh! Don't be so loud. We're right in school, but we can climb over the wall and get out! We can climb over the wall after we've had enough fun. We're still young, we should at least have some fun! Hehe!" Chu Ning glared at Lin Wan, she winked at Yun Jian again.

"I promised to invite you guys to dinner last time, tonight." Yun Jian held a bowl of seaweed soup. She promised Chu Ning and the other three that she would bring it to their side. As soon as she finished speaking, she took the bowl of seaweed soup into her mouth.

MMM... it was delicious.

“Good, good, good! Then Yun Jian, let’s invite a few of our new friends to go together. Is that okay? I think we should invite a few more people. If we get caught, we’ll all be punished together. Hehe!”

Chu Xiangnan scratched his head and asked Yunjian in a deliberative tone.

“It just so happens that you got the first place. They really want to meet you!”Chu Xiangnan kept talking.

“Anything is fine.”After saying that, Yunjian continued to take a sip of the seaweed soup.

“Alright, Alright!”Chu Xiangnan was overjoyed when he heard that. He nodded and started to finish the food in his lunch box at lightning speed.

After the six of them left, Lin Wan stared at Yun Jian in a daze. She lowered her voice and asked Yun Jian in her lightest voice, “Yun Jian, are you guys really going to skip school and go out to play? This... isn’t good, is it?”

“Are you going together?”Yun Jian did not answer Lin Wan directly. Instead, he smirked and asked Lin Wan back.

Lin Wan shook her head immediately. “No, no, I’m not going...”

“I’m not going either. Have Fun,”Mu Ying yawned and said to Yun Jian.

“But Yun Jian, is it really okay for you to play truant like this? You were just praised today. If you get caught...”Lin Wan was still worried.

However, Lin Wan was only halfway through her sentence when Yun Jian’s red lips curled. She pursed her lips and paused for two seconds before saying, “It’s youth.”

After saying that, Yun Jian carried the lunchbox with one hand and went to pour the rest of the food.

Lin Wan, who was left on the spot, was slightly stunned, but in the end, she still shook her head, indicating that she didn’t understand.

...

The agreed time was 10 o’clock. After the dorm check, they would gather at the wall at the south gate of the school.

Min City Military Academy slept early, so did the dorm check. Around 10 o’clock, the matron aunt and the matron uncle had already fallen asleep.

Even the girls in Yun Jian’s dorm were already half asleep.

Yun Jian’s hands and feet were light. With a flip, she stood on the ground without making a sound and walked straight out of the dorm door.

Chapter 1658: She played truant and was very confident

The female dormitory manager Auntie and the male dormitory manager uncle both had a common problem, which was that they slept very deeply.

It was precisely because of this that Min City Military Academy ran out in the middle of the night to play, and there were many students who ate supper.

Moreover, most of the students in Min City Military Academy were martial artists. Other than a few female students who studied military medicine, the other group of male students were all students from the military academy, so their abilities naturally couldn't be underestimated.

After all, they were all martial artists who had trained in the military academy. Naturally, they were not that bad.

They had to hide and hide a little when they were playing truant. They were afraid that the dormitory manager Auntie was still awake and that she would be caught if she came out to patrol.

But what about Yun Jian? She walked toward the entrance of the female dormitory openly.

But the strange thing was that Yun Jian's footsteps were light. It was as if a female ghost was floating on the ground without making any sound. Yun Jian walked without any sound. She looked just like a female ghost.

If someone saw this scene, it would be strange if they were not scared to death.

Yun Jian's dormitory building was quite high. When Yun Jian went down from the dormitory building to the second floor, he had just reached the corner of the second floor when a girl sneakily ran over from the other side.

Because Yun Jian's steps were light and light, as if there was no sound at all, the girl did not notice that a person had come down from the third floor.

When Yun Jian stepped on the stairs of the second floor corridor, the girl happened to rush over from the corner.

The moment she saw Yun Jian, because it was pitch black and Yun Jian did not make any sound while walking, the girl almost screamed when she saw Yun Jian. In the end, she covered her mouth tightly, that was why she did not let herself scream.

The cloud note dodged to the side when the girl rushed over, avoiding the girl's bump.

However, the girl was pitiful. She was so scared that her forehead hit the wall hard, but she resisted the urge to make a sound.

It wasn't until she saw clearly that the cloud note was human, and that it was playing truant like her, that the girl lowered her voice and shouted at the cloud note,

"What are you doing! Can't you see if there's anyone here!"

The girl shouted at the cloud note in a muffled voice.

The cloud note blinked, but it didn't pay much attention to her.

The Moon Tonight was especially round, and the round moon shone on the entire land. On the side of the dormitory building, the girl could clearly see the appearance of the cloud note.

The Cloud Note's night vision ability was very good, so she could naturally see the girl's appearance.

It was the girl who rushed over with her brain, so she wasn't wrong, so the cloud note ignored the girl and walked straight downstairs.

"You..."the girl did not dare to scold loudly, so after a muffled sigh, she also sneaked downstairs.

The door of the girls'dormitory was locked, so the matron was sleeping soundly.

The girls'dormitory was surrounded by fences, and the door was locked. There was no way out.

There were already four or five girls standing here.

It could be seen that there were quite a number of people who sneaked out of school in the middle of the night to play.

"Are they here? Are they here? Did senior sister bring the keys?"

These girls bent their backs and sneaked out in the middle of the night. They did not even have the courage to stand up straight.

"Not yet! I don't know what senior sister is doing! I feel that if this continues, we will be discovered by the matron!"

The few girls stood at the entrance anxiously, their voices as soft as the buzzing of insects.

Just as the few girls said this, they saw a vague figure at the stairway.

"He's here? Senior is here?"One of the girls said happily.

But before the girls could rejoice, they saw the person who appeared there with a high ponytail, straight back, and did not look like he was playing truant as he walked over.

The girls were dejected.

"Why isn't senior here yet?"A girl complained in a low voice.

As soon as she finished her sentence, Yun Jian walked straight to the door. She reached out to touch the lock that had locked the door.

"Hey, what are you doing? Can't you open the door without a key? If you open the door without a key, not only will you alarm the dormitory auntie, you won't be able to open the door. Which class are you from? Are You Stupid? !"

Before Yun Jian reached out to touch the door lock, a girl immediately stood out to stop him in a low voice.

However, before the girl could reach out to stop Yun Jian, Yun Jian used the tiny wire in his hand, which could not be seen clearly in the dark, to stab the door lock.

He slightly shook the door lock twice.

Then, under the gaze of these girls, Yun Jian opened the door. She did not look like a classmate who played truant at all. She walked out with her back straight as if nothing had happened.

Seeing Yun Jian open the door lock so easily, these girls were completely dumbfounded.

The girl who said Yun Jian just now stood there and stuttered, "She, she, she..."

Chapter 1659: in three seconds, she climbed over the wall

Who Was She?

She actually fiddled with the door lock twice. Without a key, the door opened?

The door was locked there. What was the use of a key?

The few girls who stood at the same spot opened their mouths wide as they watched the cloud tablet leave in shock.

It was not until the girl who almost bumped into the cloud tablet sneakily went downstairs that the girls reacted.

The girl who almost bumped into Yun Jian saw that the door was open. She was stunned for a moment and then asked in a low voice, "How... did this door open?"

"The girl who walked out just now opened it. She just fiddled with the door and opened it..."one of the girls replied in a silly manner.

...

At this moment, Yun Jian had already arrived at the wall of the school's South Gate.

There were several people standing there. Other than Chu Ning and the other six, there were also a few boys and a few girls.

It was not hard to tell that some of the boys were Chu Xiangnan's buddies. As for the other girls, they were probably the girlfriends of Chu Xiangnan's buddies.

Of course, one or two of the girls also came out to play.

Min City Military Academy was very big, and there were many female military doctors. Therefore, there were three female dormitory buildings while there were more than ten male dormitory buildings.

Chu Ning, Jiang Weiwei, and these girls definitely were not in the same dormitory building as Yun Jian.

There were lights near the south wall, so Yun Jian could see their faces clearly as soon as he arrived.

"A beauty is here!"As soon as Yun Jian appeared, one of the boys whistled and looked at Yun Jian with a slightly mocking tone.

When young boys and girls stood together, the boys always had a sense of vanity. They wanted to show the most handsome or knowledgeable side of themselves to the public.

On the other hand, the girls always liked to show that they were different from other girls in front of the boys. To put it bluntly, this was where their charm was displayed.

“Xiangnan, you’re amazing. You know such a beautiful woman!”The boy who teased the cloud note earlier even snapped his fingers at Chu Xiangnan.

Chu Xiangnan smiled awkwardly, but in his heart, he thought, didn’t you guys ask to see the cloud note yourself?

“Xiangnan, is the god of death from your King’s team coming or not?”The boy looked towards the dormitory building and saw that it was pitch black, so he turned his head and complained impatiently.

The boy’s name was Wu Yaotian, and he was a senior in the third year of high school. He usually took care of Chu Xiangnan, but he was extremely fond of his face. He liked to act cool in front of girls, especially in front of beautiful women.

“Isn’t this already...”he was already in front of you. Chu Xiangnan did not have the time to say this.

Wu Yaotian had already reached out his hand towards Yun Jian. He used a look that he thought was seductive and said to Yun Jian, “Beautiful girl, let me carry you over the wall. Look at your precious body. Aren’t you a little afraid to climb over the wall?”

After Wu Yaotian said this, Yun Jian directly turned his body sideways.

“Haha, the beauty is ignoring you!”A few boys at the side jeered again.

Wu Yaotian licked his lips. He turned his hand and grabbed another girl. After obtaining the other girl’s acquiescence, he carried the girl over the wall and flipped over.

“How is it? Am I good at climbing over the wall? I can bring you out in a minute. How is it, beauty? Do you want me to carry you out?”

Wu Yaotian reached his hand towards Yun Jian again.

“Brother Yaotian, why do you want to carry her? Look at her ignoring you! Just let her stay in the school alone! We will go out and play by ourselves! She can’t go out by herself, don’t bother about her!”

A girl standing at the side saw this scene. She pouted and said coquettishly to Wu Yaotian.

This girl’s name was Qi Mei. She was Wu Yaotian’s admirer.

“Beauty, if you don’t come over, I will hug other girls. This wall is two meters high, you won’t be able to get out!”Wu Yaotian even threatened Yun Jian. As he spoke, he waved his hand.

Just as Wu Yaotian finished speaking, Yun Jian took two steps towards him.

Wu Yaotian’s eyes lit up.

Just as the surrounding boys were jeering, thinking that Yun Jian was going to throw herself into Wu Yaotian’s arms and beg him to carry her over the wall.

Yun Jian ran forward to help her. Then, she jumped up and grabbed the top of the two-meter-high wall with both hands. With a 360-degree somersault, she directly spun and jumped over the wall.

Her movements were very clean and neat, as if she had done this thousands of times.

This process did not take more than three seconds!

When the crowd saw this, they were shocked and their faces changed drastically. This...

Chapter 1660: she was that legendary figure

Yun Jian's move just now, if it wasn't for the fact that he was a martial artist, he wouldn't have such nimble skills.

Students from ordinary schools played truant, and even boys were in a sorry state when they jumped over the wall.

However, if there were girls at the scene when they jumped over the wall, then this boy definitely had to make himself look more handsome when he jumped over the wall.

The few people present were all students from the military academy. Other than Yun Jian, all of them were seniors from the second and third years of high school.

They had been training in the military academy for two to three years, so their abilities were naturally different from ordinary people.

For a senior from the third year of high school like Wu Yaotian, climbing over the wall was a piece of cake for him. Even if he carried a girl and jumped over the wall, he would still have a certain level of confidence.

However, Wu Yaotian and the others did not expect Yun Jian to be able to climb over the two-meter-high wall in just three seconds!

Even the male students from the third-year military class could not do this!

"She... Xiangnan... how did she..." how could she be so powerful? Wu Yaotian was dumbfounded. He looked at Chu Xiangnan and was interrupted by Chu Xiangnan.

"You can't afford to offend her." Chu Xiangnan looked at Wu Yaotian meaningfully and did not reveal the identity of Yun Jian. He patted Wu Yaotian's shoulder and walked to the wall with a smile.

Chu Xiangnan befriended Wu Yaotian and the others because they treated him well.

However, it was not ruled out that Wu Yaotian and the others liked to show off in front of the girls.

It was true that most of the boys liked to show off their abilities in front of the girls.

After Chu Xiangnan climbed out of the wall, the other five members of the King's team also climbed out of the wall.

The other five members of the king's team ignored Wu Yaotian and the others.

It was obvious that Wu Yaotian and the others were in cahoots.

“TSK, what’s with the arrogance! So what if she climbed out of the wall? I know how to do it too!” Qi Mei was not convinced that Yun Jian had gotten everyone’s attention.

She recalled how Yun Jian looked like when he climbed over the wall just now and followed him to climb over the wall himself.

“Qi Mei, you have to be careful!”

...

Outside the wall, Yun Jian had been standing there for quite a while.

Chu Ning, Chu Xiangnan, Jiang Weiwei, Liu Shiyun, Fang Xiaoran, and Hongfan were all very hardworking in the military academy and their abilities had also been greatly improved.

Yun Jian took three seconds to climb over the wall just now. Chu Ning and the others took a longer time, but compared to the past, Yun Jian could clearly feel their progress.

“There’s progress.” Yun Jian pursed his red lips and said after waiting for Chu Ning and the others to climb out of the wall.

“Hehe, of course. Otherwise, the last time you saw us, you wouldn’t have said that we were as black as charcoal!” Chu Ning walked over and put her hands on Yun Jian’s shoulders and said to Yun Jian with a smile.

After saying that, Chu Ning tilted her head and smiled at Yun Jian again. “Yun Jian ‘er, this is the first time we’ve played truant and come out for supper together, right?”

“If you want, I can bring you out every day.” Chu Xiangnan heard Chu Ning talking to Yun Jian with a smile. He quickly whispered into Chu Ning’s ear.

“Shut up! I’m talking to Yun Jian ‘er!” Chu Ning jumped up and knocked on Chu Xiangnan’s head. Then she rolled her eyes at Chu Xiangnan with a smile and started talking to Yun Jian again.

It was already five minutes later when Wu Yaotian and the others climbed out of the wall.

After everyone climbed out of the wall, Wu Yaotian asked Chu Xiangnan again. The purpose of his question was just to take a few more glances at Yun Jian who was standing next to Chu Xiangnan:

“Xiangnan, is your king’s team’s Asura coming or not? Is she going to break the appointment?”

As he said that, Wu Yaotian took a few more glances at Yun Jian.

“Isn’t she already here?” Chu Xiangnan was stunned and then replied.

Wu Yaotian and the others were stunned by Chu Xiangnan’s words.

Wu Yaotian came back to his senses and asked in disbelief, “Where is she? Why didn’t I see her?”

“Her! She is the god of death of our King’s team! The God of death who won the first place in the preliminaries this time, she is a legend in our school!” Chu Xiangnan pointed at the cloud paper and said to Wu Yaotian, who had a look of disbelief on his face.

Initially, Qi Mei was not convinced by the cloud paper, so Wu Yaotian and the others only treated the cloud paper as an ordinary girl.

Wu Yaotian and the others even thought that the cloud paper was a student of some military medical class.

But at this moment, after hearing Chu Xiangnan's words, the people present were completely dumbfounded!

She was actually the legendary God of killing!
