

Schoolgirl 1721

Chapter 1721: the eve of the incident at Luohui's house

Yun Jian told Qin Yirou and Yun Yi everything about himself.

Other than the matters of the Imperial Dragon Continent, there were also some things that could not be said. She had said everything that could be said.

After hearing Yun Jian's words, Qin Yirou completely believed that the person in front of her was really not her own daughter.

Qin Yirou felt uncomfortable, but there was nothing she could do.

"I don't know where the Real Yun Jian went either, but I promise that I will do my best to find her!" Yun Jian's determined eyes made Qin Yirou's heart pound.

"No! This is her life! This is all her life! Child, you are my child! This is not your fault! You shouldn't have to Suffer Like This!" Qin Yirou was afraid that something would happen to Yun Jian in order to find her biological daughter.

Therefore, Qin Yirou reached out and grabbed Yun Jian.

How Could Qin Yirou not want to find her biological daughter?

But she should not, and definitely would not force Yun Jian to help her find her!

Yun Jian was a child with a hard life. In her previous life, she had lived in such a place and suffered so much!

"From now on, you are mom's Little Jian. Mom will always love you!" Qin Yirou held Yun Jian's hand and said to Yun Jian.

"You have to be good to my sister. Otherwise, as your brother, I will not let you go!" Yun Yi gestured to Si Yi.

Qin Yirou and Yun Yi's words were a disguised acknowledgment of Yun Jian.

They were a family!

"Mom, brother, thank you!" Yun Jian's heart felt warm. At this moment, she felt that she had someone to rely on.

This was the support from family!

"I will use my life to protect her!" Si Yi grabbed Yun Jian's tender hand and solemnly said to Yun Yi and Qin Yi Rou.

Seeing this, Yun Yi and Qin Yi Rou were very gratified.

...

The incident that happened in New River town made Yun Jian heave a sigh of relief. For Yun Jian, it was also a relief for Qin Yi Rou to know the truth. Other than Qin Yi Rou who knew the truth, everyone else had forgotten what happened that day.

Of course, other than those who already knew the truth.

Si Yi and Xue Ying returned to the dark soul organization. Before leaving, Si Yi left his most capable assistant, Mo Sen, to work under Yun Jian.

This Saturday, after Yun Jian visited Chen Xinyi at the People's Hospital of Longmen City, he was invited by Xu Mei to go to Luo Mei's house to play.

Xu Mei and Luo Mei were both acquaintances of Yun Jian in the selection field. When she first entered the selection field, Xu Mei was older and often took care of Yun Jian and Luo Mei.

This week, Xu Mei invited Yun Jian to Luo Lei's house to play, but Yun Jian did not refuse.

Before leaving, Yun Jian also invited his assistant, Mo Sen, along with Si Yi.

...

Luo Lei's family was very rich. How Rich was their family? Based on their wealth, it was more than enough to buy hundreds of helicopters.

Luo Lei's family was in Donglin City, North Province.

Donglin city was a coastal city. The housing prices there were very high. It was one of the first-tier cities in Country Z.

The Luo family was located on the mountainside of a high mountain.

This entire mountain was their family's property.

The head of the Luo family was Luo's grandfather and grandmother. Their family was a relatively feudal family. Luo's father and mother lived together with her uncle, aunt, and aunt.

Behind Yun Jian and Xu Mei, Mo Sen was no different from a bodyguard. At this moment, the group finally arrived at the entrance of Luo Lei's house halfway up the mountain.

Luo Lei had been waiting there since the beginning of the day. When she saw Yun Jian and Xu Mei, Luo Lei pounced on them.

"I'm so happy that you guys can come to our house to play!"

Luo Lei hugged Yun Jian and Xu Mei.

Luo Lei was 1.6 meters tall and very slim. She was already 18 years old, but from her appearance, she was only 14 or 15 years old. She looked very young.

After Luo Lei hugged Yun Jian and Xu Mei, she had just glanced behind Yun Jian and Xu Mei when she saw the calm and silent Mosen standing behind them.

Why was he here too...

Luo Mei's face inadvertently turned slightly red.

Chapter 1722: upper-class society, Young Master and young miss

As she was thinking, she saw Morson standing behind the cloud paper, his sharp eyes staring straight ahead without even looking at her, as if they had never met before.

Lorraine's heart went cold. For some reason, she had nothing to do with him to begin with. However, when she saw him looking at her with the gaze of a stranger, her heart was filled with disappointment.

"Little Strawberry! Little Strawberry! Little Strawberry! ! ! What are you in a daze for? ! Are you mesmerized by sister Mo's heroic bearing? !"

Xu Mei called out a few nicknames for Luo Mei. She flipped her short hair and showed it off in front of Luo Mei and Yun Jian without any shyness.

Little Strawberry was the nickname Xu Mei gave Luo Mei.

Although Xu Mei was a woman, she had cut her short and delicate hair. She looked like a tomboy.

After calling Luo Lei back to reality, Xu Mei walked over and put her arm around Luo Lei's shoulder. She put her other hand on Yun Jian's shoulder and carried the two of them into the main entrance of the villa.

"Go, go, Go! This is my first time visiting such a high-class place. Little Strawberry, you have to be a good guide! Otherwise, I will get lost!"

Xu Mei was straightforward, and her personality was very much like a heroine.

Of course, it was precisely because of this that Yun Jian did not dislike her.

After a while, Luo Mei finally reacted from her earlier expression.

Xu Mei was straightforward, like a man without any meticulous thoughts, so she completely did not notice how Luo Mei looked at Mosen.

Yun Jian's observation was subtle, and any movement would not be able to confuse her eyes, so she completely saw Luo Mei's little thoughts about Mosen.

However, the cloud note didn't say a word.

...

Lorraine's villa took up a lot of space. It was the size of fifty basketball courts. It was no exaggeration.

Looking in from the front door, there were lawns and flowerbeds as far as the eye could see. There weren't even any traces of a villa.

A normal villa was only that big. However, Lorraine's house couldn't even be seen from the front door.

From the house to the main entrance, Luobai had taken a private car. One could imagine how vast the area of the Luobai family was.

Xu Mei was amazed at the Luobai family's wealth throughout the whole journey. It took more than ten minutes to get from the main entrance to her house in Luobai's private car.

After getting out of the car, Xu Mei was even more shocked by the Luobai family's luxury, so much so that she kept screaming.

Of course, this was not her fault. Xu Mei's family background was not that great, but this was the first time she had seen such a place, so it was no wonder that she was a little surprised.

Just as she got out of the car, there was a group of young men and women standing at the main entrance of the villa. These young men and women were all wearing name brands and were dressed well. One look and one could tell that they were the little princesses and Young Masters of the upper-class society.

"Enter the house! I'll make tea for you guys." Luo Mei held Yun Jian and Xu Mei's hands and walked into the house.

However, before she could bring Yun Jian, Xu Mei, and Mo Sen into the house, a boy who looked similar to Lorraine called out to Lorraine:

"Lorraine, who are you bringing with you? Why are you ignoring your cousin now?"

Initially, Lorraine brought Yun Jian, Xu Mei, and Mo Sen into the house, so no one could see them.

The group of boys and girls around them were having a good time.

However, when the boy who looked exactly like Luo Lei opened his mouth, everyone looked over.

If the People Yun Jian met in the past were mostly disguised tycoons, then at this moment, the group of boys and girls standing in front of Yun Jian and the others, which one of them was not really rich?

As the saying goes, what kind of family background people make friends with what kind of family background people.

If the children of the truly rich families made friends with the children of the poor families, that would be a joke.

Xu Mei was not dressed well. Because her family was poor, the clothes she bought were very ordinary.

Of course, in the eyes of ordinary people, they could be considered to be impressive.

The clothes that Yun Jian and Mo Sen were wearing belonged to the upper-middle class. However, Yun Jian and Mo Sen did not wear name brands to show off and attract people's attention.

However, the group of young men and women standing in the distance all depended on their clothes to determine a person's status.

This was especially true when it came to people like them, who had been pampered since young and raised a rich second generation.

The clothes of Yun Jian and the other two were not bad, but in their eyes, they were like frogs at the bottom of a well.

Immediately, a girl who was covered in famous brands from head to toe, even her underwear and underwear were all famous brands, walked to the side of Cousin Luo Ji and ridiculed Yun Jian and the other two as if they were looking at a joke:

“Luo ziling, you are such a fashionable person. How can you have such a stupid cousin? You befriended everyone! You Belittle your status like a commoner, TSK TSK...”

Chapter 1723: Luobai was out of the ordinary. She went to play in a car race

The cousin who called out to Luobai was called Luo ziling. His facial features were upright and he looked modest.

The girl who called out to Luobai was called Xiang Jiayi. She was a friend of Luobai’s cousin and her family background was very rich.

To be able to walk together with Luo Ziling and his group of young masters and princesses, their family background would not be too bad.

And at this moment, Luo Mei, who was being shouted at, was completely stunned.

Yun Jian wasn’t mistaken. When Luo ziling shouted at Luo Mei just now, Luo Mei’s body clearly shrank, and there was a moment of fear.

“Let’s go, ignore them.” Luo Mei hurriedly pulled Yun Jian and Xu Mei towards the house.

Luo Mei was 18 this year, and she looked petite and adorable. Because she had a baby face, her skin was smooth and delicate like that of a newborn baby, so she looked only 14 or 15 years old.

The eldest daughter of a rich family, such as Xiang Jiayi, was not born with good looks. She looked very dark and her skin color was terrifying, but she used brand-name cosmetics to cover up her terrifying skin and slightly warmed up.

Luobai was the kind of person who did not need any skin care products to cover up. Her facial features were exquisite and she had been beautiful since she was young. Although her slender legs were not very long, they were golden in proportion to her upper body and were very beautiful.

Xiang Jiayi was extremely envious. Therefore, when she saw Yun Jian, Xu Mei, and Mo Sen dressed very ordinary, she took this opportunity to suppress Luo Lei.

However, it had to be said that Mo Sen was considered the most handsome man among all the people present. Xiang Jiayi was indeed attracted to him.

However, Mo Sen stood behind Yun Jian and did not say a word. He did not even look at anyone. His cold and aloof manner surprised everyone present.

Just as Luo Lei was about to bring Yun Jian and the other two into the villa, Luo ziling interrupted Xiang Jiayi and stopped in front of Yun Jian and the other two:

“Xiang Jiayi, you can’t say that! Everyone is equal, regardless of whether they are noble or lowly!”

After saying that, Luo ziling swept his elegant eyes across Yun Jian and the other two. Then, he bent down slightly and invited them elegantly:

“My friends offended you just now, so I apologize to you here. In addition, we are going to race in our own racetrack now. If you have nothing to do, why don’t we go and have some fun together?”

As he said that, Luo ziling looked at Luo Ji.

“I’m not going! If you want to go, Go Yourself! They won’t go either!” Luo Ji had a big reaction and refused directly.

Luo Ji’s reaction made Yun Jian’s eyes become even sharper.

“Little sister Xiao Ji, let’s Go Together? We just saw Old Lady Luo in the house, if Old Lady Luo sees them...”

A boy who was wearing name tags all over his body and an expensive Swiss watch walked up immediately.

The boy glanced at Yun Jian and the other two, and then said to Luo Ji.

Lorry’s expression changed when she heard that.

Old Lady Luo was lorry’s grandmother.

Old Lady Luo was a very feudal-minded old lady. She did not like lorry to begin with. Furthermore, Lorry’s friends were not the young masters and Princesses of the upper class society that Old Lady Luo had appointed, therefore, Old Lady Luo disliked lorry even more.

But Old Lady Luo was usually not at home. Why was she at home now?

Luo Ji’s face darkened slightly. It was not because she was afraid that Old Lady Luo would criticize her and make friends with people from noble families, but because she was afraid that old lady Luo would not give Yun Jian and the other two a good look.

“Alright.” Luo Ji had no choice but to compromise.

She could only go to the Luo family’s own racing track to take shelter from the wind.

Yun Jian had not spoken since just now, but she could feel that Luo Ji’s family was not like an ordinary family.

Their family was strict and had a strict upbringing. ... It probably wasn’t that good either.

...

Car racing was one of the after-dinner entertainment activities of this group of rich second-generation children.

And the Luo family had their own car racing track.

The boy who had persuaded the Luo family to bring Yun Jian and the others to the car racing track was called Shi Chen Xuan. He looked average, but he had a mouth that liked to show off.

Boys from poor families had their own ways of showing off, and boys from rich families also had their own ways of showing off in front of girls.

The moment the group of people walked to the race track, Shi Chenxuan had already walked to the side of Yun Jian and kept asking questions.

If it weren't for Mosen who was standing around, Shi Chenxuan would have stuck himself to Yun Jian.

"Your Name Is Yun Jian? What a beautiful name! Hey! Have you ever played racing?" Shi Chenxuan asked.

"How can a girl play racing?" A boy interrupted Shi Chenxuan and came over.

"That's right!" Shi Chenxuan patted his head.

Yun Jian had not said a word since the beginning.

At this time, in order to show off, the boys started to show off in front of the girls again.

"Hey, do you know the SS of the racing world?"

"Isn't that the top figure in the racing world?"

"I heard that the SS appeared in the M Nation, Maryland, some time ago. Is this true?"

"It must be true! A buddy of mine has seen it with his own eyes!"

...

Chapter 1724: Die early

Along the way, Chen Xuan and the others showed off their driving skills to all kinds of people, as if they were the ones who were at the top of the racing circle. Yun Jian was immune to them, so she didn't say a word.

Young Boys and girls of young age gathered together. Regardless of whether they were rich or poor, these boys always liked to find something that made the girls think it was amazing.

Moreover, whenever something was mentioned, these boys would always show off the top few world-shaking existences.

In the racing circle, the most famous thing in the world was SS. Therefore, these boys liked to talk about SS. This was not the first time that they had mentioned it.

Yun Jian did not even bother to reply.

When they arrived at the racing field, these boys scrambled to show off their racing cars. Yun Jian, Xu Mei, Luo Lei, and Mo Sen sat on the observation platform and did not look at these boys racing cars at all.

At this moment, there was no one around, only the four of them. Xu Mei asked Luo Lei about her doubts, "Little Strawberry, who is old Mrs. Luo?"

“She’s my grandmother.” Luo Lei’s furrowed brows were slightly relaxed now.

“She’s more bossy. She was the one who forced me to know all my friends since I was young. Later on...” Luo Lei suddenly paused.

Later on, she got to know her good friend, but in the end, the boyfriend of her good friend cheated on her good friend. Because her family was rich, he turned around and pursued her.

Because of this, her good friend cut off all ties with her and even insulted her as a female cousin.

However, she could not say these words no matter how hard she tried.

Lorraine paused midway, but the few people present could hear the meaning of Lorraine’s words.

If Luo Lei had brought the three of them home, Old Lady Luo would have looked at them coldly and mocked them.

No one saw it. When they heard Luo Lei’s dejected words, Mo Sen’s sharp eyes flashed.

“After my grandmother leaves, we can go back!” Luo Lei looked at Yun Zhi and then at Xu Mei, suddenly grinning.

Old Mrs. Luo did not live in the Luo family’s main house. She loved peace and quiet, so she lived in a small villa not far from the Luo family’s main house.

It was rare for her to come back.

From the racing field, they could see if there were any cars driving out of the gate.

After basking in the sun for about half an hour, they saw the figure of old Mrs. Luo’s personal driver driving her away.

Seeing this, Luo Ji stood up and said to Yun Jian and the other two, “Let’s Go!”

On the other side, Chen Xuan, who had been racing for a few rounds to attract Yun Jian’s attention, saw that Yun Jian and the others were about to leave. He hurriedly rushed up and asked, “You guys are leaving?”

“Yes!” Luo Ji nodded and did not say anything to Shi Chen Xuan and the others before pulling Yun Jian and Xu Mei away.

Luo Ji’s behavior was very unusual. Seeing this, Yun Jian didn’t say anything.

After staying at Luo Ji’s house for a day, Luo Ji left Yun Jian and the others to stay here.

The Luo family had a room specially for guests. Moreover, the room here was like a hotel. People would come to clean it every day.

At night, Yun Jian slept on the bed with her head on her pillow. Suddenly, there was an unusual sound of footsteps outside the door. It was different from the sound of people passing by. She stood up and opened the door to chase after them.

Looking at that sneaky figure, Yun Jian’s eyes turned sharp.

That...

Wasn't that Luo Ji's cousin, Luo Ziling?

What was he trying to do?

Yun Jian's nimble figure was as fast as lightning, and he caught up without leaving a trace.

When he went around a corner, Yun Jian bumped into a group of people.

That group of people were the boys who raced with Luo ziling during the day. This included Xiang Jiayi, who had been mocking Yun Jian from the start.

The Luo family had a special VIP hotel, so it was no secret that these people often rested in the Luo family.

At this time, Luo Ziling's expression, which was sneaky as if he was about to do something bad, suddenly became normal. He even greeted the few friends he met along the way.

"Where are you going, brother?" Chen Xuan asked Luo ziling.

"I'm going to the rooftop for a walk." After Luo ziling said that, she walked past the few people naturally.

Yun Jian also pretended that nothing had happened as he walked towards Luo ziling.

Initially, no one noticed her.

But...

Xiang Jiayi was unhappy with Luo Berry, and she was also unhappy with Yun Jian. When she saw Yun Jian walking towards that direction, she immediately shouted at Yun Jian,

"Stop right there! It's so late and you're walking around trying to seduce someone! This isn't your home! Moreover, with your status, if you're thinking about whether or not I can be taken in by some rich second generation and marry into a rich family, I advise you to give up this idea as soon as possible!"

Chapter 1725: beast cousin, Mosen, made his move

Xiang Jiayi looked at Yun Zhi with naked disgust.

Yun Zhi originally intended to pretend that he didn't see this group of people and silently followed Luo ziling.

But to his surprise, Xiang Jiayi stood in front of her and looked at her with an expression that said, 'I know what you want to do.'

As the second generation of a rich family, Xiang Jiayi was very confident in her suspicions.

Why did Yun Jian run out in the middle of the night without sleeping?

Other than seducing the second generation of a rich family, what else could a poor person like her do?

Xiang Jiayi could be considered to have decided that Yun Jian was that kind of woman.

Because Yun Jian had not refuted her since the day, Xiang Jiayi treated Yun Jian as a girl who was trying to please her, so she did not dare to refute her.

Therefore, Xiang Jiayi mocked Yun Jian even more arrogantly, "Why aren't you saying anything? Ha! I told you, I already know what kind of person you are..."

Before Xiang Jiayi could finish her words, Yun Jian's sharp eyes suddenly glanced sideways at Xiang Jiayi. Then, in front of Xiang Jiayi and the surrounding boys who wanted to show off in front of the girls by playing with racing cars in the afternoon.., he retaliated mercilessly against Xiang Jiayi:

"With your family's little fortune, it's not enough for me to buy three fighter jets. What's the use of having them!"

Yun Jian did not say it out loud. Everyone present thought that she had nothing to say.

After all, the Luoberry family was so rich. The family members were all rich second-generation young masters and princesses. How could a normal girl not be envious when she lived here?

Being envious was one thing, but getting it was another.

However, it was exactly the same for a girl who wanted to fly to the top and become a Phoenix!

However, what everyone present did not expect was that Yun Jian actually said such arrogant words!

"You... You, you, you..."Xiang Jiayi was completely stunned by Yun Jian's words. She could not react for a long time.

In the end, the other girl who was standing beside Xiang Jiayi could not stand it anymore. She retorted to Yun Zhi again,

"Why don't you take a look at yourself? Have you ever driven a fighter jet before? ! I see that you don't even know how to drive a car! and a fighter jet? PFFT! I'm dying of Laughter!"

After the girl finished her words, Xiang Jiayi's expression turned a little better. Then, she followed the girl and retorted to Yun Zhi.

However, Yun Jian ignored Xiang Jiayi and the others at this moment. She had already followed Luo ziling directly.

Xiang Jiayi did not stop Yun Jian at this moment. She stood at the back and kept mocking Yun Jian until Yun Jian's figure disappeared in front of everyone's eyes.

She had wasted a little time just now, but it did not matter. Yun Jian's tracking technique was top-notch. She soon caught up with Luo ziling.

She saw Luo ziling go around in circles and actually arrive in front of Luo Berry's bedroom.

There was no one living around Luo Berry's bedroom, so it looked pitch-black.

Yun Jian was hiding in the dark.

Luo ziling knocked on Luo Berry's door, and Luo Berry's voice quickly came out of the bedroom. "Who is it?"

"It's me." What made Yun Jian squint was that the voice coming out of Luo Ziling's mouth actually sounded like Mosen's voice.

The moment Luo Ziling's voice fell, Luo Lei's bedroom door opened in the next second.

The moment the door opened and Luo Lei saw Luo Ziling, she was so scared that her face turned pale and she quickly closed the door.

However, Luo Ziling blocked the door.

"Cousin, why is it you? What are you doing... If you continue like this, I'm going to call someone..." Luo Lei was so scared that her face turned pale.

"My dear cousin, you never opened the door before, but now I have a chance. Do you like that boy? Hehehe, today I have to thank that boy, if not for him, how would you be willing to open the door for my cousin... .."

"My dear sister, Let Me Love You..."

A change in the elegant manner of the day, Luo Ziling the whole person into the beast.

Yun Jian's eyes flashed sharply. Just as she was about to make a move, she saw a black shadow flash by.

The next second, she saw Mosen suddenly appear in front of Luo Berry's bedroom door. He grabbed the hand of Luo Ziling, who was about to break into the bedroom, and directly threw Luo Ziling to the ground. "Get lost!"

Chapter 1726: looked down on everyone and refused to cooperate

Mosen's attack made Yun Jian, who had originally planned to appear, hide in the dark and look at her coldly.

She had long felt that there was something wrong with Luo Berry's cousin, but she had not expected...

That he would actually lay his hands on her cousin!

He was capable of such incest!

Yun Jian had seen quite a number of things, so she was only slightly stunned.

Luo Ziling's body was like a kite with a broken string, and he was smashed to the ground.

Seeing the scene where Luo Ziling wanted to humiliate Luo Berry, Mosen had the urge to blow Luo Ziling's head off.

Luo Berry was wearing strawberry pajamas, which was a dress style. At this time, she was so scared by Luo Ziling's actions that she sat on the ground, hugging her knees and sobbing.

Luo Ziling fainted after being kicked by Mosen. Mosen didn't know where his anger came from. He was about to walk over and kill Luo Ziling.

However, he saw Luo Berry sitting on the ground and sobbing while hugging her knees.

The small underwear under the dress was exposed.

Fortunately, there was no one around. Mosen let Luo Ziling go. He took off his coat and walked over to Luo Berry. He pulled Luo Berry up and put her in front of his chest.

Even Molson himself did not know why he wanted to hug Luo Berry.

Perhaps it was because seeing her sobbing was too heartbreaking.

The sound of Luo ziling being kicked away by Molson just now had shocked everyone in the villa.

...

After things calmed down, everyone was called to the hall of the villa.

Old Lady Luo rushed over from another villa overnight. The moment she arrived and saw Yun Jian, Xu Mei, and Molson in their clothes, she looked at them coldly.

This was especially so when Mo Sen was hugging Luo Lei. At this moment, other than wearing Mo Sen's coat, Luo Lei was not naked, but her fair and slender legs were bare.

When she saw Luo ziling faint on the ground, Old Lady Luo was furious:

“What’s Going On!”

The surroundings were filled with people, including Xiang Jiayi and Shi Chenxuan. Everyone was standing on the spot.

There was a boy who was the cousin of Luo ziling and Luo Berry. He didn't know the details, but he knew that old lady Luo doted on Luo ziling the most.

Therefore, this boy ignored old lady Luo and pointed at Mosen who was hugging Luo Berry:

“It’s him! Grandma must have plagiarized my cousin! He still won’t Let Go! My cousin must have found out about this and tried to stop her! This is what happened!”

This boy's words made old Mrs. Luo frown with dignity. She did not like her granddaughter, Luobie, to begin with, and now she hated her even more.

Just now, when she found out that Luobie was the one who brought Yun Jian and the other two into the family, old Mrs. Luo hated people with no status like Yun Jian the most, so she said in an overbearing and feudal manner,

“My Luo family does not have a descendant like Luobie! She has no sense of shame! She has hooked up with a wild man from God knows where! and she even brought him into the family...”

Old Lady Luo was about to continue speaking when Yun Jian interrupted her:

“He’s one of my subordinates. Old Lady, try saying the Word ‘wild man’Again!”

Yun Jian's words shocked everyone present.

What kind of person was old lady Luo!

In the Luo family, apart from old man Luo, Old Lady Luo was the one with the most authority!

Even Xiang Jiayi and Shi Chenxuan, who were usually arrogant and arrogant, had respect for Old Lady Luo.

As for Yun Zhi. She actually dared to call Old Lady Luo publicly... ? ... Old Lady?

“You! What did you say! Who Are You! How dare you threaten me!” Old Lady Luo was angered by Yun Zhi. She swung her walking stick on the spot and roared at Yun Zhi.

As soon as she said this, Yun Jian looked at Old Madam Luo coldly. In front of everyone present, her words scared old madam Luo and everyone around her out of their wits:

“The so-called Z country’s aristocratic families, the Luo family’s family style is just so-so. I am the chairman of the Rong Yao Company. If I remember correctly, your Luo family even begged to cooperate with My Rong Yao Company last week.

“This so-called arrogant rich and powerful family is not worthy to cooperate with Rong Yao Company!”

Chapter 1727: had an ulterior motive a long time ago

“Rong Yao Company? Chairman? You?” Old Lady Luo was the mistress of the Luo family after all. After hearing Yun Jian’s words, she quickly reacted. However, she looked at Yun Jian with questioning and narrowed eyes.

The faces of the people who were watching Yun Jian and her subordinate Mo Sen’s joke froze slightly.

Xiang Jiayi, Shi Chenxuan, and the others’ faces darkened to the extreme in an instant.

The color on their faces was as if they had been smeared with feces. It was extremely brilliant.

The chairman of Rong Yao Company? What a joke!

“Grandma, Rong Yao Company is a large multinational corporation. Even among the large international multinational corporations, it is one of the best! “But how old is she! “How dare she say that she is the chairman of Rong Yao Company! “Don’t be fooled by her!”

The boy who was trying to be nice to Old Lady Luo was Luo ziling and Luo Berry’s cousin, Luo Zhongzhong.

Because the Luo family was in business, the descendants of the Luo family usually came into contact with trading companies and had some understanding of many trading companies in the world.

Luo Zhongzhong had just wanted to please Luo ziling and help her say that it was Mo Sen who had sneaked into Luo Berry’s room to do something improper to her. After that, he was caught by Luo ziling and even knocked Luo ziling unconscious.

At this moment, in order to please Old Lady Luo, Luo Zhongzhong opened his mouth again and used all sorts of reasons to deny Yun Jian’s story.

Luo Zhongzhong’s words did indeed make sense.

What kind of status was Rong Yao Company! Yun Jian was the chairman of Rong Yao Company?

She must be dreaming!

“It’s the middle of the night, do you think you’re Dreaming? Are you sleepwalking? hahaha!”

Mocking laughter came from the surroundings.

Yun Jian’s eyes darkened. Just as she was about to do something else, Mo Sen stopped Yun Jian and stepped forward. “Young madam, this has nothing to do with you. You Don’t have to step forward.”

Mo Sen was an upright person. Yun Jian had no responsibility to step forward for what happened tonight.

Moreover, as one of the four leaders of the dark soul organization, how could he not be able to resolve such a small matter!

Xu Mei stood at the side and opened her mouth, but in the end, she did not say anything.

“Listen! Did you hear that! He called that Girl ‘Young Madam’? PFFT! They think they are from some military aristocratic family or someone who is involved in the underworld! Young Madam! Then I’m still the leader!”

“Hahaha! One moment, he says that he’s the chairman of the Rong Yao Company and that he’s from the righteous faction. He’s extremely powerful! The next moment, he claims that he’s a gangster. If he’s so powerful, why don’t you say that you’re invincible in the world!”

...

As soon as Mo Sen finished speaking, a large group of people who were watching the show pointed at Mo Sen and Yun Zhi and laughed loudly.

This time, everyone really treated Yun Zhi’s words as a joke.

Yun Jian naturally did not care about the surrounding people’s words. Since Mo Sen had spoken, she would not interfere in this matter.

Just as old madam Luo knocked on her walking stick and was about to say something fiercely, a thunderous rage suddenly sounded from the main entrance. “What’s Going On!”

However, a majestic figure walked over from the main entrance.

Behind this majestic figure were a few submissive figures.

The owner of this majestic figure was 1.75 meters tall and was an extremely muscular old man.

This person was the head of the Luo family, Old Master Luo!

The submissive figures following behind were none other than old master Luo’s sons, daughters, daughter-in-law, and son-in-law.

Upon seeing grandfather Luo enter the room, as well as her parents standing behind grandfather Luo, Luo Hui's body, which was trembling non-stop just a moment ago and was rendered speechless by Luo ziling, curled up in Mo Sen's arms, she was tightly hugged by Mo Sen.

"Look at this! Old Man, come and take a look! Look at what your granddaughter has done! She didn't sleep in the middle of the night and had an affair with a man! Our obedient grandson Ling saw it and even knocked ziling out..." old madam Luo complained in front of grandfather Luo.

Just as she said this, she heard Luo er suddenly raise her head and shout with tears in her eyes, "I didn't! It's clearly Luo Zi Ling who has evil intentions towards me! He has been doing this to me for a long time..."

Chapter 1728: Adam appeared and returned to Earth

A long time ago, Luo ziling would bump into her whenever he had the chance. Although Luo ziling had never touched her in places she shouldn't have touched, sometimes when Luo ziling was close to her, he would touch her little hand, he rubbed her head.

At first, Luo Ziling didn't find it strange, until one night she heard Luo ziling talking to her cousin, Luo Zhongzhong, saying that he must get her.

From then on, when she saw Luo ziling, she took a detour.

This was also the reason why yun Jian noticed Luo Zi Ling's abnormality when he entered the Luo clan.

As for Luo Zi Ling imitating Mosen's voice earlier, this was not hard to explain. Luo Zi Ling must have learned this aspect.

It could be seen that Luo Zi Ling's status in the Luo clan was not high.

Hence, yun Jian was sure that Luo Lei had never dared to tell anyone in the Luo family that Luo ziling was plotting against her.

After all, Luo Ziling's status in the Luo family was very high.

Luo Lei dared to say it now because she was afraid that the people around her would misunderstand Mo Sen.

However, just as Luo Lei said this, a middle-aged man standing behind grandfather Luo shouted at Luo lei, "Lei'er, what nonsense are you spouting! Shut Up!"

This honest-looking middle-aged man was Luo Lei's biological father, Luo Lin.

The quiet and quiet middle-aged woman standing beside Luo Lin, who did not dare to speak even when her own daughter was in trouble, was Luo Lin's wife and also Luo Lei's mother.

Luo Lei's father, Luo Lin, was an honest and honest person. To put it bluntly, in front of grandfather Luo, Luo Lin was as obedient as a lapdog.

The moment he entered the door, he saw his daughter being hugged by an unfamiliar man. He did not even ask what was going on, but because he was afraid of his old father, Old Master Luo, he directly shouted at Luo Lei.

Being shouted at, Luo Lei immediately burst into tears.

Because she had long known of this situation, and because she wanted to continue staying in the Luo family, Luo Lei had never dared to say that Luo ziling was plotting against her.

Perhaps in the eyes of outsiders, she was a member of the Luo family and was incomparably glorious. If she went out, she could use the support of the Luo family and have a smooth journey.

However, in the Luo family, her status was practically non-existent.

This was the Luo family of a wealthy family.

“What time is it now! And you still want to hug and cuddle? What a disgrace! Hurry up and come over!” Grandfather Luo did not like Luo Hui very much, so when he saw that Mo Sen was still hugging Luo Hui, he immediately shouted at Luo Hui.

Yun Jian narrowed his eyes and did not say anything.

Lorraine, who was frightened by Molson’s shout, trembled slightly. Her Heart was bleeding.

Other things were nothing to Lorraine, but being scolded like this in front of Molson...

Lorraine had an indescribable feeling at this moment.

However, Lorraine still pulled the coat that Molson had put on for her and walked towards Master Luo.

However, just as she was about to leave Morson’s embrace, she felt her wrist being grabbed tightly. In the next second, she who was about to leave Morson’s embrace was once again trapped in his embrace.

“She will no longer be under your control!”

Morson reached out his hand and gently wiped away the tears at the corner of Luo Ling’s eyes. He said this sentence without changing his expression.

“Who do you think you are! She, Luo Ling, is a member of our Luo family. If she dies, she will be a ghost of our Luo family! What right do you have to control her!” Old Master Luo’s face was full of anger.

He could finally see that this down and out poor kid wanted Luo Lei, right?

The women of his Luo family were used to marry into other aristocratic families. who was this poor kid! ! He wanted to take Luo Lei away?

With a bang, the door was suddenly pushed open. A handsome figure that was as handsome as Mo Sen immediately walked in.

After this figure entered the door, he walked straight to Mosen in front of everyone present.

The moment this figure entered the door, grandfather Luo’s face sank in fear, and he cried out in shock at this figure, “You... You’re one of the four great leaders of the dark soul organization... Adam! ?”

After he finished speaking, Adam, who was instantly the focus of everyone's attention, walked quickly to the front of the cloud tablet. He first nodded respectfully at the cloud tablet and said, "Young Madam!"

Then, he walked to Morson's side and ignored old master Luo. He put his hand on Morson's shoulder naturally and raised his eyebrows at Morson. "Morson, it's been so long. How can such scum bully you? HMM?"

After Adam finished speaking, everyone around noticed how Adam addressed Morson.

Seeing this, old master Luo was so shocked that his face changed. He changed his initial bear-like aura and looked at the cloud paper, then at Morson. He immediately exclaimed, "Morson? Are you one of the four leaders of dark soul organization, Morson?"

Turning his head to look at the cloud paper, Old Master Luo continued to exclaim, "Then you are... !?"

Chapter 1729: the people of the Luo family were in a mess

Xue Ying was one of the four leaders of the dark soul organization, and he was the one who wandered around in front of the crowd the most.

Next was Adam.

Although Adam and Morson often followed si yi, whenever they had free time, Adam would follow Xue Ying around.

Thus, there were quite a number of international bigwigs who were familiar with Adam.

Mosen could be considered a relatively low-key person. Usually, he would quietly follow si yi, keeping a low profile and doing things in a low-key manner. Hence, there were not many opportunities for him to be exposed in front of the international bigwigs.

As for Ling Wei, he was in charge of the Dark Soul Organization's assassin training camp. Hence, the chances of him being exposed in front of the international bigwigs were the fewest. He was also the one who was least well known.

Old Master Luo had coincidentally met Adam before. At that time, Adam was still standing with Xue Ying.

In front of the real international bigwigs, Old Master Luo did not even dare to fart. Hence, when he saw Adam, he did not dare to step forward at all.

At this moment, he suddenly saw Adam and heard Adam addressing Mosen.

Old Master Luo was completely dumbfounded.

Especially when Adam respectfully called out "Young madam" to Yun Jian.

Young Madam?

Xiang Jiayi, Shi Chenxuan, Luo Zhongzhong, and old madam Luo who were standing around were all stunned at this moment. They were looking at Yun Jian in disbelief and fear.

When Old Master Luo saw Adam and Mosen exclaiming in surprise just now, everyone present felt that Adam and Mosen's identities were not ordinary.

At this moment, everyone who was shocked by Adam and Morson's identities suddenly came back to their senses.

Just now, Morson had also called Yun Jian "Young Madam", but the people around did not take it seriously. Instead, they even mocked and ridiculed him.

At this moment, Adam, who heard grandfather Luo's fear, also called Yun Jian Young Madam.

Moreover, Adam and Morson were the four great leaders of the Dark Soul Organization?

Everyone present was dumbfounded. Their faces were so dark that words could not describe them.

Yun Jian, could it be that she was the young madam of the Dark Soul Organization? ?

"Damn old man, don't look at me with such a shocked expression. You guessed right. One of the four leaders of the dark soul organization, Morson, is the wild man that you all speak of."

Yun Jian crossed her arms. She had not intended to participate in this at first, but she did not expect old master Luo to turn the tables on her.

Therefore, she added a few sentences.

"What? !"The person who called Mo Sen a wild man was Old Lady Luo. After hearing Yun Jian's words, Old Lady Luo immediately covered her heart. She was so scared that she almost had a heart attack.

Grandfather Luo had told Old Lady Luo a long time ago that there were only two dark forces in this world that couldn't be provoked.

One of them was the dark soul organization, and the other was the Gu Sha mercenary group.

And just now, she actually scolded one of the four leaders of the dark soul organization, the one whose status was second only to the mysterious leader of the dark soul organization, Mosen, the wild man?

"Grandma! Grandma!"Old Lady Luo was so scared that she fainted, and all the people around her, including her grandchildren, rushed over.

Xiang Jiayi, who had said earlier that Yun Jian wanted to marry into a rich family and seduced the second generation of the rich, was in a daze.

Yun Jian... ! ... was actually the young madam of the Dark Soul Organization! ? ?

This... How was this possible...

And the fact that Yun Jian had said that their family assets were not even enough for her to buy three fighter jets...

Could all of this be true?

The surroundings were in a mess. Xu Mei was also staring at Yun Jian in a daze. However, she saw Yun Jian turning his head to look at Adam. He raised his eyebrows and asked lazily, "Where's Lan Su?"

“She’s going to Qingyan’s house now. She said that she wanted to catch up with Qingyan. I located Molson’s address, so I came over.” She didn’t expect to see such a hot scene. Molson’s abstinence.., there was actually a woman in his arms! Adam scratched his head and said to the cloud note.

Although Adam was Molson’s biological brother, he never called him a biological brother.

Usually, Adam had never seen his own brother, and Morson would approach any woman.

But what was going on today!

Was the world about to end! !

Morson, this millennium chicken, actually held a woman in his arms! Was this the rhythm of breaking an eggshell! !

Chapter 1730: The Furious Morson

If Adam’s words were heard by Morson, he wouldn’t be able to walk out of this door today.

The cloud paper curled its lips.

Lorraine, who was in Morson’s arms, was completely dumbfounded.

He was...

He was actually one of the four leaders of the Dark Soul Organization, Morson?

The younger generation of the Luo family would usually be instilled with some knowledge of the trading company. Usually, Luo Berry had heard a lot about large organizations like the dark soul organization and the ancient kill mercenary group.

However, Luo Berry felt that she would never have any dealings with the dark soul organization or the ancient kill mercenary group in her life, so she had never deliberately tried to explain it to them.

Therefore, when she suddenly found out that Morson was one of the four leaders of the dark soul organization, Luo Berry instantly felt that she was not worthy of him.

Thus, Luo Berry, who was nestled in Morson’s arms, wanted to break free.

However, Lorraine’s wrist was tightly grasped by Morson. She could not break free at all.

In the end, Lorraine’s mother, perfumed fragrance, came over and pulled Lorraine away. Only then did the farce stop.

Only then did Morson realize that he had been holding the innocent girl’s hand for a long time.

“What, are you tempted? If you are tempted, then take her home!” Adam stood beside Morson. He stretched out his right arm and knocked against Morson, saying with a smile.

“Adam, don’t talk nonsense!” Morson’s eyes darkened as he walked away.

Morson was not a person who was good with words.

Originally, Yun Jian had wanted to help Morson and Luo Berry. However, with Adam helping Morson, she did not want to help Morson.

...

Old Lady Luo and Luo ziling both fainted. However, the Luo family was so busy that they hurriedly invited a family doctor to their house to check on them. Only after confirming that they were fine did they feel relieved.

Yun Jian slept soundly that night.

He stayed in the Luo family for a full three days. When he left, Yun Jian invited Luo Lei to Longmen City.

Luo Lei did not want to go at first. Later, she was called to the study room by Old Master Luo for a lecture. After that, she followed Yun Jian.

However, when he saw Luo Lei coming out of the study room with a bad look on her face, Yun Jian narrowed his eyes. Although she did not ask Luo Lei what old master Luo had said to her in the study room, she could imagine what old master Luo would say.

Coincidentally, Yun Jian, Xu Mei, and Luo Lei were strolling in the flowerbed. Xu Mei couldn't help but ask Luo lei, "Little strawberry, what did that old man call you to say?"

At first, Luo Lei refused to say. Later, under Xu Mei's questioning, Luo Lei finally stammered out what old master Luo had said to her.

"What! That old man is actually so vicious! He actually let you seduce Morson... and even said that if you can't seduce him, he'll let you... Let You... let you get engaged to someone you don't like! ?"?

"Are the people from your aristocratic families all so unreasonable! ? Didn't they look down on people in the beginning? If you want me to say it, Little Strawberry, why don't you just follow me!"

After hearing Luo Hui's words, Xu Mei directly cried out in surprise.

Yun Zhi's eyes were also slightly gloomy.

This was all a trick of the aristocratic families.

When they saw that Mosen had nothing, they couldn't wait to get Mosen to get lost. Once they knew that Mosen was the leader of the dark soul organization, they went to order or threaten Luo Hui to let Luo Hui seduce Mosen.

If they failed to seduce him, fine, then just wait to marry someone you don't like!

Although Xu Mei was a special forces soldier, she was an upright person. She had never thought that a wealthy family would have such deep waters.

When she shouted, Luo Mei was so scared that she quickly covered Xu Mei's mouth. Then, she looked at the cloud note and then at Xu Mei. She said firmly,

"I won't let them get what they want! They want to use his power to seek benefits for them. I Won't let this happen. Even if they want to be engaged to someone they don't like, I Won't harm him..."

Luo Ying said with a firm expression.

She couldn't harm him, and she couldn't let the Luo family use him!

If that was the case, she would rather marry someone she didn't like...

Yun Jian raised his eyebrows. When he heard Luo Ying's words, he saw a slender figure walking over from behind Luo Ying.

Yun Jian deliberately kept quiet.

Yun Jian waited for that slender figure to walk up to Luo Ying, and he grabbed Luo Ying's wrist.

Furious, Morson gritted his teeth and said, "Who do you want to be engaged to?"
