

Schoolgirl 1731

Chapter 1731: catching the killer in the training camp

Adam and Morson were blood-related brothers. In the end, they were somewhat similar. Perhaps the usual Morson was too calm, and Adam had a particularly bad temper.

But when they were angry, the two brothers were really printed on the same board.

Morson grabbed Lorraine's wrist and spoke to her very solemnly.

This action scared Luo Lei so much that her face changed.

"Let go of me... You're hurting me..." Luo Lei was scared by Mosen.

Mosen's dark face turned back slightly. He lowered his eyes and didn't let go of Luo Lei's hand, but his grip was much lighter.

"I'm sorry," Mosen apologized gentlemanly.

Yun Jian blinked at Xu Mei, then grabbed Xu Mei's collar and dragged her out before she could react.

After leaving the scene for a while, Xu Mei finally realized that Yun Jian was trying to create an opportunity for Mo Sen and Lorraine?

"Wow, Wow, wow, so cool!" Xu Mei's reflex arc was quite long. It wasn't until she was dragged out by Yun Jian that she realized what had just happened.

Xu Mei was already in her twenties. She really had the heart of a young girl. Yun Jian smiled slightly.

Just as she grinned, a large group of young men and women rushed out from the surroundings.

Looking closely, wasn't the leader Xiang Jiayi?

Yun Jian only knew a few of the young men and women around because they were following behind Xiang Jiayi.

Just as Yun Jian blinked slightly, Xiang Jiayi pointed at Yun Jian and said arrogantly,

"Yun Jian, you made me lose all my face in front of them. Don't think that just because you're the young madam of the Dark Soul Organization, I'm afraid of You! HMPH, I brought everyone here today to teach you a lesson!"

Xiang Jiayi obviously didn't know what kind of status the dark soul organization had, so she said these words.

Hearing this, Yun Jian's red lips curled up slightly.

Xiang Jiayi was originally walking with Shi Chenxuan and the others, but now she didn't see Shi Chenxuan and the others.

It was not difficult to judge that Xiang Jiayi must have been ridiculed by Shi Chenxuan and the others three days ago when she ridiculed Yun Jian.

A rich young lady like Xiang Jiayi had to have some face. Moreover, she didn't know what kind of organization the dark soul organization was, so she brought a group of people to look for trouble.

Xiang Jiayi did not know what Yun Jian was capable of, so she shouted,

“Go!”

As soon as Xiang Jiayi said this, Yun Jian suddenly narrowed his eyes. In the next second, Xiang Jiayi and the group of people fainted on the spot before they could make a move.

Yun Jian's sharp eyes flashed, and he also fainted.

Xu Mei really fainted.

Not long after, a large group of men in black walked over and quietly took away Yun Jian and the group of people.

...

“These women are the daughters of wealthy merchants. Look at them, their skin is soft and tender!”

“Put them all on, take them away!”

...

The sound that came next to her ear was extremely clear. The cloud tablet did not move, she did not faint, but her expression changed slightly.

She fainted along with them just now because she wanted to see who these people who drugged them were.

But now, Yun Jian could be sure.

Ha, how funny. She had really bumped into them.

She had experienced this scene when she was five years old in her previous life.

She didn't expect that the current assassin organization had such a big appetite? They even wanted to capture a teenage girl?

That's right. The black-clothed man who had drugged Yun Jian and the others just now was someone from a small assassin organization.

An ordinary assassin organization would kidnap a five or six-year-old girl and train her to become an assassin from a young age.

However, Yun Jian couldn't be wrong about this scene. These men in Black had captured them because they wanted to train them to become assassins!

That was why Yun Jian felt that this group of people had a huge appetite. In the past, they had captured a little girl, but now they wanted to capture a teenage girl?

Was there no one else in the world?

Unfortunately, this group of people had captured her.

What a joke!

The dignified Sha Shen, who was ranked number one on the international spy rankings, had been captured!

And he had even been captured and sent to the assassin training camp where assassins were trained! ?

It had to be said that if this assassin group knew Yun Jian's identity, they would probably be scared out of their wits.

Chapter 1732: Collective kidnapping

However, from the looks of it, there were quite a number of people who had been captured.

Yun Zhi could preliminarily conclude that they were currently locked in a large truck.

There were many teenage girls lying around her. There were also men, but there were not many of them.

The large truck was sealed on all sides, leaving only a few air vents. This was so that the many unconscious boys and girls in the sealed space would not suffocate to death.

The voices from earlier were clearly coming from outside the big truck.

The big truck was sealed off on all sides. The voices were coming from outside the truck, but she could still hear them clearly.

After a while, the voices outside the big truck paused for a few seconds before another voice was heard:

"Hurry Up! Go, Go, Go! If we don't leave now, we'll be discovered! Is the back door locked? This batch of goods is very important! In the future, they'll be working for our organization!"

People were like goods in their words.

After a while, the big truck moved.

No one was awake. Yun Jian stood up silently and walked to a plastic wall that could be vaguely seen outside. She narrowed her eyes and looked outside under the dim light.

The Big Truck was driving on an extremely bumpy road that few people usually walked on. The road was surrounded by mud and large rocks piled together. It was quite uneven.

Yun Jian sat in the truck and could feel the turbulence around her.

She was surrounded by people who had fainted. She stood in her original spot and could not walk around, but a sharp glint flashed across her eyes.

Of course, she could escape. Even if she let go of the innocent boys and girls who had been captured along with her, with her strength, it would be easy for her to do so.

However, Yun Jian would not do that, because this assassin organization was too strange.

Normal assassin organizations trained professional assassins. Usually, they would kidnap very young children and train them.

Moreover, once they entered an assassin organization, the chance of survival was not even 0.1% .

Therefore, in the future, if there were children in the family, they must keep a close watch on the children! Once they were lost, it would simply be called not answering every day.

The cloud note was strange. It was strange at this point.

Why did this assassin organization want to capture a teenage girl who was in her prime?

Could it be that they wanted to brainwash and train her into a puppet?

Therefore, she had to go this time.

“Next, we interrupt an important piece of news. In Donglin City, North Province, a total of ten cases of missing boys and girls happened on the same day and at the same time...”

In the driver’s seat of the truck, the driver was driving. A simple and honest male voice came from the car radio.

After hearing this important piece of news, the driver guiltily turned off the radio.

Yun Zhi could hear the man sitting in the passenger seat next to the driver turn off the radio and curse in a low voice, “F * ck, hurry up and leave! Everything will be fine once we leave the country!”

After a moment of silence, the driver’s stupid voice rang out, “The effects of the medicine should have worn off. What if they wake up...”

“So what if they wake up! Don’t bother about them. The back is locked. Even if they wake up, let them do as they please! The soundproofing of this truck is very good!”

...

After saying this, the driver in the front seat and the man in the passenger seat of the big truck did not say anything else.

If Yun Jian’s hearing wasn’t amazing, he wouldn’t have heard the conversation between the driver and the man sitting in the front seat of the truck.

After about 15 minutes, some people woke up.

“Where... Where are we? !”After looking around, the first girl who woke up screamed in fear.

This scream woke up the people around them.

Yun Jian narrowed his eyes and pretended to wake up with the others.

“Where... Where are we? were we kidnapped together? SOB, sob, sob, won't we die... I want my mom, I want to go home...”

The light in the truck was not enough, so they could only vaguely feel the presence of the other party. When everyone reacted, a mournful voice was heard.

Yun Jian's eyes flashed. She could hear that the owner of this voice was Xiang Jiayi, who had brought people to surround her earlier.

Chapter 1733: Welcome to the world of assassins

Xiang Jiayi was, after all, the daughter of a wealthy family. Just like Luobai, her family was rich. She grew up with gold in her mouth. She was usually so delicate that she didn't even know how to do the housework herself.

Although Luobai was also the daughter of a wealthy family, Luobai was in the Luo family. Because she was not favored, she had been living a submissive life since she was young. She was afraid that she would say the wrong thing and be kicked out of the family.

Xiang Jiayi was a typical example of a daughter of a wealthy family. Therefore, when she woke up, she looked around and saw such a dark scene. She was so scared that she cried and screamed on the spot.

“Open the door! Open the door! What is this place? !” One or two boys had already regained their senses. They organized people to walk to the back seat of the big truck and smash the door.

However, this door was very tight and could not be smashed open at all.

Yun Jian sat in the corner with her eyes closed to rest. A large group of girls around her could not stop sobbing.

Not only was Xiang Jiayi captured, but the group of people that Xiang Jiayi had brought with her were also captured. The big truck was very big, and there were many boys and girls that Yun Jian did not know sitting on the truck.

Through the peripheral vision, Yun Jian's night vision was very good. She could clearly see the faces of every boy and girl present under the pitch-black space covered by the big truck.

There were not many boys who cried, but most of the ones who were caught were girls. When they confirmed that it was a kidnapping, they were so scared that they cried non-stop.

Xu Mei woke up later. When she woke up, she was only surprised, but she did not say anything.

Xu Mei was not old, only in her twenties. The people who caught them probably would not have thought that Xu Mei was a special forces soldier.

At this moment, Yun Jian understood Xu Mei's silence very well.

She was recuperating.

Soon, they would be involved in a fierce battle!

“SOB, SOB, sob! I want to go home! I don’t want to Be Here! Mom! I want to go home! It’s so scary here! It’s so dark! Sob, sob, sob...”

Half an hour later, the girls around them were all hoarse from crying. Xiang Jiayi was still screaming.

Yun Jian closed his eyes and remained silent for a while.

Xiang Jiayi was still screaming and crying 45 minutes after these people woke up.

“Shut up if you don’t want to be the first one to die!” Yun Jian’s shout suddenly came, making Xiang Jiayi who was still in fear and panic shut her mouth immediately.

Finally, it quieted down.

Yun Jian closed his eyes again.

However, just as he closed his eyes, Xiang Jiayi suddenly heard Yun Jian’s voice. She grabbed the direction of Yun Jian and pounced on him:

“It’s You! Yun Jian, it’s You! It’s all you! If it wasn’t for you, we wouldn’t be here! Go to hell! Go To Hell!”

Xiang Jiayi roared crazily. She couldn’t see where Yun Jian was, but she quickly stepped on a few innocent people and pounced on Yun Jian.

However, just as Xiang Jiayi was about to pounce on Yun Jian, Yun Jian sensed the source of the voice in the darkness. With a backhand slash, Yun Jian knocked Xiang Jiayi out.

Light could more or less penetrate through the surroundings. When the surrounding young men and women saw Yun Jian’s swift movements, they were shocked for a moment.

“It’s very noisy.” Yun Jian frowned. She directly put Xiang Jiayi, who had fainted, to the side while she closed her eyes again to recuperate.

The surrounding young men and women all took a deep breath. It was obvious that they were all silent.

After a while, the boy who had failed to break down the door with his men walked to a spot not far from the paper. Using the light from the outside, the boy tried his best to remain calm in case of trouble. He looked at the closed eyes of the paper and asked softly, “How are you?”

“Hello. My name is Ma Yichen. I see that you are not flustered at all... Well, I want to ask you if you know our current situation.”

After the man who called himself Ma Yichen and his friend fainted, they woke up in this big truck for no reason.

Of course, he was also afraid, but as a man, he just did not express his fear.

“Brother Yichen, what’s the use of asking her? She’s not a god, so how could she know? I think she’s already in trouble! She’s still pretending to be aloof and not afraid at all!”

“Brother Yichen, I won’t let you be a good person today! So what if those people kidnapped us? ! HMPH, Brother Yichen, you know taekwondo, martial arts, and judo. How can you be afraid of them? !”

A rather confident female voice came from the surroundings. There was even a hint of arrogance in her voice.

Yun Jian opened his eyes.

“Rou’er! Don’t spout nonsense!” Ma Yichen hurriedly called out to this girl.

This girl’s name was Hu Yiruo, and upon hearing this, she was still unconvinced. She was about to continue speaking when she heard the cloud tablet’s words, which were so cold that it made everyone panic, come one after another:

“Welcome to the world of Assassins.”

Chapter 1734: Recuperation and tranquility

‘Welcome to the world of assassins.’.

The words of the Yun Jian aroused the fear in the hearts of everyone present.

“What is the world of Assassins? What are you talking about? !” After the Yun Jian’s words were spoken, the surrounding people immediately cried out in fear.

What was she talking about? !

What World of Assassins? ! They were being kidnapped, not playing a game!

For some reason, they did not know what the cloud tablet meant, but when they first heard it, they felt their blood boil.

What she said just now made their hearts boil!

“It seems that you know where we are. Can you tell us what’s going on? Did someone kidnap us or... ?”

After a bout of excitement, he looked at the note and pleaded with her with his eyes.

He was suddenly knocked out by someone, and when he woke up, he was loaded onto a large, airtight truck and transported to an unknown place.

Not to mention the girls who were crying at the beginning, even Ma Yichen himself was flustered.

However, as a boy, he had to be strong.

Could it be that, like the girls present, he, as a man, had clenched his fists into Pink Fists and placed them at the corner of his eyes to wipe away his tears?

This was simply unrealistic!

Ma Yichen’s anxious question did not receive a reply from the Yun Jian.

At this moment, the Yun Jian had already closed its eyes.

It was finally quiet for a while.

After a long while, the girl who looked down on the cloud note, Hu Yirou, started to shout again:

“Brother Yichen, look at her! HMPH! She clearly doesn’t know anything and is still pretending. Wasn’t the girl who was knocked out by her just scared? It’s normal for us girls to cry when we’re scared!

“What about her? She’s actually so confident. She seems to be very good at saying ‘shut up if you don’t want to be the first to die’. PFFT, who does she think she is? ! She’s So Good!”

After Hu Yirou said this, the noisy space suddenly became silent.

Hu Yirou swallowed her saliva. Seeing that the surroundings had suddenly become silent, she turned to the direction of the cloud tablet and added, “Even my brother Yichen isn’t as arrogant as you...”

“All of you, shut up. We still don’t know where we’re going later. We’ve been arguing for almost an hour and don’t even have the strength to do anything. What else do you want to do next?”

Just as Hu Yirou finished speaking, Xu Mei, who had been keeping quiet all this while, couldn’t help but say something.

Yun Jian’s reply was short. He just didn’t want to use all his strength to speak.

Xu Mei really couldn’t help but open her mouth now.

These people were too noisy!

After Xu Mei finished speaking, Hu Yirou finally stopped. She actually had nothing to say.

“Just now, Yun Jian told you to shut up because he wanted you to conserve your energy. Otherwise, you won’t even have the strength to resist him!

“Right now, we have nothing to eat or drink. We’ve been crying and crying. What’s the use of talking about it? Other than exhausting our energy, don’t tell me that if you cry, you’ll be able to go back?

“If you don’t want to die, then quickly shut up. We still don’t know what will happen later! No one can save you here! Alright, I won’t say anymore. Help yourselves!”

Xu Mei heard the scolding from the crowd around her. In the end, she couldn’t help but stand up and speak up for Yun Jian.

After hearing Xu Mei’s words, the attitudes of the people around her who didn’t have a good impression of Yun Jian instantly changed.

Perhaps because Xu Mei was older, she gave off a rather calm feeling, so the people around her really listened to Xu Mei’s words and didn’t say anything else.

Silence returned to the car in an instant.

Yun Jian raised her eyebrows. She closed her eyes and did not open them.

But at this moment, she understood that everything was calm. It was the eve of a storm.

Chapter 1735: our country, Soul Eater organization

The large truck drove for at least ten hours before it finally left country Z's territory. Then, it continued to drive, heading towards a place that the young girls did not know about.

Yun Jian could feel the trajectory of the car. She did not say anything, but she looked at the scene outside the car through the small cracks on the plastic wall.

"Will we... be sold..." after a long time, a young girl hiding in a corner spoke.

After being silent for so long, their stomachs were hungry and their mouths were thirsty. In addition, at the beginning, the young girls were all exhausted from crying. At this moment, they were all dizzy and didn't even have the strength to raise their hands.

Yun Jian and Xu Mei had only said a few words, so they were full of strength at this moment.

"Then will we be sold to some country old bachelor as his wife like in the movie? I don't want it! I'd rather die than have it!"

As soon as the girl finished her sentence, the other girls turned pale with fright. Their brains immediately conjured up many images, and they were so frightened that their bodies kept twitching.

In 1999, there were many movies about rural women or children being kidnapped and sold. The main reason was to let everyone take precautions.

There were many good people in this world, but there were also bad people.

As a mother, she had to watch her children at all times. As a child, she should not run around or leave her mother's sight to protect herself.

In times of crisis, as soon as someone said something that made people feel afraid, people would immediately imagine an even more terrifying scene. It was not uncommon for everyone to be afraid at the same time.

The moment the young lady spoke, everyone's expressions changed.

Just imagining an old bachelor who had not bathed for a few years pouncing on her...

"Ah! No! I don't want to! I want to go home! Brother Yichen, you must protect me!" The more she thought about it, the more frightened she became. In the end, she was so frightened that she directly pounced on Yichen.

He reached out his hand and placed it on her back to comfort her, but he did not say anything.

After a while, the commotion quieted down again.

...

After the truck had sailed for nearly ten hours, it finally stopped.

The truck did not stop. Although the people present were starving to death, they were afraid of what would happen in the future, but they did not feel extreme fear.

At this moment, the car stopped!

This meant that the future where everyone was afraid of what would happen had arrived!

“What... What should I do... sob, sob, sob, sob. I will never come out by myself again. Oh God, I was wrong. Please save me...”

A young girl’s mosquito-like cry for help came from a corner.

However, there was nothing they could do.

Xiang Jiayi had woken up five hours ago. After she woke up, Xiang Jiayi didn’t bother Yun Jian anymore.

Because Xiang Jiayi’s friend told Xiang Jiayi what Xu Mei said just now.

After Xiang Jiayi heard it, she felt that she should conserve her energy!

She thought that she would kill Yun Jian sooner or later! This B * Tch! Do you know who you are? ! Isn’t she just the young madam of the Dark Soul Organization? ! What’s so great about her?

...

“Bang!” Just as everyone’s thoughts drifted away, the back door of the truck was opened.

Perhaps it was because they hadn’t seen the light for a long time, but the moment the back door of the truck was opened, everyone narrowed their eyes.

It was already ten in the evening. From the time they were captured in the morning until now, the truck had sailed for ten hours. The Sun was about to set.

It was obvious that they had already been transported out of the country.

Yun Jian also narrowed his eyes slightly.

When the crowd saw a row of people standing in front of them holding all kinds of machine guns, pistols, and weapons, they were so scared that their faces turned green.

“Guns! Guns! That’s guns!” The girls started to howl in fear again.

In front of them stood a group of men dressed like foreigners.

Hearing the screams of the girls, the man standing at the front let out a low growl and cursed. He picked up the machine gun and was about to shoot at them, but was stopped by a man next to him.

The man standing next to him was dressed very well, but his looks were average.

After stopping the machine gun, the man turned to look at the girls. In the end, he grinned at them in Chinese:

“Welcome to our country, Soul Eater.”

Chapter 1736: within one minute, get out and meet me

Soul Eater Organization? Yun Jian’s eyebrows that had just calmed down slightly raised up again.

Soul Eater organization, the name of this organization, and the name of the dark soul organization were actually similar and similar for a moment.

Yun Jian's eyes couldn't help but raise up even more.

Was he trying to use the similar name of the dark soul organization to attract all the assassins to join the Soul Eater organization, or was he hoping to one day stand shoulder to shoulder with the dark soul organization?

Yun Jian did not think much of it. The group of people had already stood on the ground from the truck, "Soul Eater Organization? What is this place? I want to go home! I want to go home!"

Seeing that the foreign man spoke Chinese, a girl shook her head and screamed. She was so scared that her face turned green.

"Our Soul Eater organization is naturally an assassin organization. And this, of course, is the assassin training base of our Soul Eater Organization!"

The foreign man who was standing at the very front and speaking fluent Chinese to everyone present explained to everyone.

After he finished speaking, the foreign man bowed to everyone and continued speaking in a tone that made people feel very gentlemanly:

"And all of you are very honored to be trained to become assassins of my soul eater organization. My name is Ken, you can call me ken... coach, OK, I like this title very much."

Just as Jin finished speaking, the girl who had been hiding in the corner saw Jin's elegant and gentlemanly appearance and immediately begged for mercy:

"My mother is still waiting for me at home! Please let me go! You Can Catch Them! You can catch them however you want, just let me go! I'll go back by myself! I promise I won't tell anyone about what happened here..."

The girl pointed at the people on the cloud paper selfishly and ran back after saying that.

Everyone was shocked, but they didn't expect that the girl, who had been a gentleman just now, would raise the pistol in her hand and shoot the girl who wanted to run away without giving anyone any reaction.

Blood splattered everywhere.

Jin didn't realize that he had just killed someone. He looked at everyone with a smile, just like a gentleman:

"Do you still like this gift?"

"Ah! Ah! Ah!" That Girl was dead! She was dead!

It was only then that everyone realized where they were. Panic and terror filled their bodies. Both Xiang Jiayi and Hu Yirou, who had previously been unhappy with Yun Jian, were now so frightened that their faces suddenly changed.

Even Xu Mei, who was a special forces soldier, had a dark expression on her face.

At this moment, the words that Yun Jian had said just now suddenly flashed across everyone's hearts.

"Welcome to the world of Assassins."

World of assassins! She was right! This was really the world of assassins!

The expression on the face of the girl who had sincerely killed the girl who was about to escape did not change at all. It was as if he had just stepped on an ant! It was horrifying and creepy.

"Alright, Baby, don't struggle anymore. be obedient. You'll get some benefits in the future."

Zhen threw the gun in his hand to his subordinate. Then, he took out a white handkerchief from his pocket and gently wiped his palm and the back of his hand.

The people present did not know how eerie and terrified he was. They would never imagine it in their lives.

Xiang Jiayi was so afraid that she did not dare to make a sound, but she covered her mouth with all her might. She was so scared that her entire body was trembling and she could not even stand straight.

Ma Yichen was so scared that his face turned pale. At this moment, he was truly afraid.

As for Hu Yirou, who was showing off that her brother Yichen knew taekwondo, judo, and Sanda, her face could no longer be described with an expression of horror at this moment.

They were holding guns in their hands! Guns!

How was her so-called brother Yichen going to deal with them?

Just as everyone was trembling in horror and crouching on the ground, unable to stand up straight due to fear, a voice like that of an angel suddenly rang out arrogantly.

They did not know when, but Yun Jian was already standing right in front of them. With an indifferent expression, she looked into the eyes of the group of people without the slightest bit of fear and commanded,

"I'll give you one minute to tell the leader of your soul-devouring organization to come out and see me!"

Chapter 1737: I don't care about his position

When that girl knew what kind of place this was, she was so scared that she turned around and ran away. However, she was shot dead by Ken and blood splattered on the spot.

This scene scared everyone to the point that their faces turned pale.

Ken gave people the first impression of a gentleman, and it was the same now. However, when that girl tried to escape from this place, he smiled and killed that girl with one shot as if he was stepping on an ant.

What did that girl do wrong? She did not do anything wrong; she just wanted to leave out of fear. What about this group of people? They did not even give her a chance to explain herself and just killed her!

Xiang Jiayi, Ma Yichen, Hu Yiruo, and all the young men and women present were so scared that they could not help but tremble.

This was not a place for humans to stay!

People could die in this place!

This was hell! Hell!

However, just as everyone was frightened, terrified, and trembling to the extreme, a loud female voice suddenly rang out.

Yun Jian's voice traveled to every corner of the room. That arrogant and fearless voice made everyone present tremble.

When they finally reacted, whether it was Xiang Jiayi, Ma Yichen, or Hu Yiruo, they were all dumbfounded.

Was Yun Jian Crazy? ! She actually spoke to the man who had killed a girl without batting an eyelid just now! Did he want to die? !

'I'll give you one minute to get the head of your soul-devouring organization to come out and see me!' she could even say such words!

That girl was killed just because she wanted to escape. By saying this, didn't Yun Jian want to kill everyone present? !

Xiang Jiayi's expression changed rapidly.

Xiang Jiayi had always had a problem with Yun Jian, so when Yun Jian said this, she did not even wait for him to react before pointing at him and saying,

"She's crazy! This has nothing to do with us! If you want to kill her, kill her! Kill her..."

As Xiang Jiayi said this, she even shrank back into the crowd.

"Come back quickly..." hearing Yun Jian's words, the older man lowered his voice and kindly called out to Yun Jian to come back quickly.

When Hu Yiruo, who was standing beside the older man, heard his words, she hurriedly tugged at the corner of his clothes and called out to him in a low voice,

"Brother Yichen, you're Crazy! Whether she wants to live or Die has nothing to do with us! Let Her die! Let Her die! Just don't implicate US anyway!"

The words of a large group of people drifted into his ears. Yun Jian merely narrowed his eyes and looked coldly at Zhen, who was standing in front of him. The chill from the god of murder in his eyes made Zhen panic for no reason.

Zhen could not help but re-evaluate Yun Jian.

His instincts told him that this young lady was definitely not an ordinary person! She was definitely not in cahoots with this group of kidnapped young men and women.

Suddenly, the corners of his lips curled up into a smile at Yun Jian. Under the horrified gazes of the group of people in front of him, he pointed at one of his subordinates and said to Yun Jian,

“This young lady is very courageous! Look! This is my right-hand man, 025! If you kill 025, you’ll take his place and survive! As for them...”

Jin’s eyes swept across Xiang Jiayi, Ma Yichen, Hu Yiruo, and Xu Mei. “As long as you kill 025, you’ll be able to live on. Kill all of them!”

With that, a large group of machine-gun-resistant subordinates behind Jin pointed their machine guns at Xiang Jiayi, Ma Yichen, Hu Yiruo, and Xu Mei.

025 was Jin’s most capable subordinate.

In the assassin training camp, apart from those with high statuses, everyone would address each other by their numbers once they entered.

If Yun Jian, Xiang Jiayi, and the others were to mingle in the assassin training camp, only one of them would survive!

This was an eternal law.

Hence, the moment Jin’s words left his mouth, Xiang Jiayi and the others were so frightened that they retreated to a corner and no longer dared to move.

“Yun... Yun Jian... how dare you! You...” Xiang Jiayi was afraid that Yun Jian would do as he said.

However, just as Xiang Jiayi said that, Yun Jian’s words rang out again. She looked at Jin and pointed at 025. “You want me to kill him?”

“Yes, kill him. His position is yours!” Jin continued to lure Yun Jian.

Yun Jian was definitely a good seedling! Zhen wanted to take the Yun Jian for his own use!

Evidently, what Yun Jian said earlier was treated as her being braver than an ordinary person.

In the world of assassins, if you were strong enough to kill the other party, you would be able to stand in the other party’s position.

Xiang Jiayi, Ma Yichen, and the others gradually began to realize what the ‘World of Assassins’ was.

This was a cruel and inhumane place!

Just as Xiang Jiayi and Ma Yichen were afraid that Yun Jian would really do as he said, Yun Jian's words suddenly rang in everyone's ears:

"I don't care about his position. It's better to kill you than him! I'll first destroy you and take your position, then I'll destroy the head of your soul-devouring organization!"

After she finished her words, her figure flashed as she dashed toward where Chen Jin was.

In the next second, Xiang Jiayi, Ma Yichen, and Hu Yirou saw a scene that they would never forget in their lives —

Chapter 1738: wanted to play Hide-and-seek

Yun Jian's words were enough to shock everyone present, and it was enough to make Zhen kill her.

However, not only did Zhen not kill her, Xiang Jiayi, Hu Yirou, and the others were puzzled that Zhen actually gave Yun Jian a chance! If she killed his right-hand man, 025, then 025's position would be given to Yun Jian!

This was already far beyond what everyone present could bear.

The girl just now wanted to escape, but she was mercilessly shot to death.

Now Yun Jian directly pointed at Zhen's nose and told the leader of their soul eater organization to get out!

And Zhen actually gave Yun Jian a chance!

But what made everyone present even more shocked was that such a great opportunity, Yun Jian didn't want it. What she wanted was Zhen's position!

No! What she wanted to destroy was the soul eater organization!

Soul Eater organization... This.. ... This was an assassin organization! And Yun Jian actually wanted to destroy an assassin organization! Did she know what she was doing! !

Just as everyone present sucked in a deep breath, they saw Yun Jian quickly pouncing towards Zhen in front of them.

Zhen did not expect Yun Jian to want to kill him! His expression changed and he wanted to Dodge Yun Jian's fatal attack!

"So fast... this girl... so fast! Could she be a professional killer? I can't even see her clearly!"

A boy exclaimed in disbelief. He was stunned and his mouth was wide open.

"Oh my God! Look!" Just as the boy's mouth was wide open and he was so shocked that words couldn't describe it, a voice that was even louder than the boy's was heard.

As soon as he finished speaking, perhaps it was because the loud voice of the boy was louder, everyone's eyes turned towards the cloud tablet.

They saw the cloud tablet flash past like an illusion. At this moment, Zhen's pupils constricted. Zhen wasn't lying. The moment the cloud tablet flew towards them, he instantly dodged the cloud tablet's powerful attack.

Just as Zhen was about to dodge the cloud note's powerful attack, something happened that made everyone go crazy!

The trajectory that the cloud note had attacked Zhen a moment ago was turned upside down in an instant. It was as if she could predict the future and knew how Zhen was going to dodge her attack.

In the next moment, she opened her left hand, and a shining butterfly knife appeared in her hand. She thrust the knife toward the center of Zhen's heart!

Zhen had already blocked Yun Jian's first move, but Yun Jian saw through his move. The butterfly knife left a lightning-fast afterimage in front of everyone, the knife stabbed into Zhen's heart.

The knife stabbed into the center of Zhen's heart.

The knife fell and pulled out. After Yun Jian stabbed the butterfly knife into Zhen's heart, he pulled it out in the next second.

Jin's eyes widened. He did not even have time to react before he died on the spot!

"She, she, she, she! She killed someone! She killed someone..." Xiang Jiayi's face changed from her initial disdain for Yun Jian to her shock when she saw Yun Jian holding the bloody butterfly knife in his hand.

Xiang Jiayi was so scared that her lips turned white.

"She... seems to be the god of murder who lives in this world!" At this moment, Ma Yichen looked at Yun Jian blankly and blurted out these words involuntarily.

As soon as he said this, the group of men who had been carrying machine guns turned around and left one after another.

Seeing that the people who had kidnapped them had left, although Ma Yichen and the others were fearful of Yun Jian's actions, they were delighted that they could finally leave this godforsaken place!

Just as they relaxed, the latter shook off the butterfly knife that had just been wiped clean with a piece of paper and sneered at a corner:

"Do you all like to Peek from the shadows? Why aren't You Coming Out Yet? Are you trying to play hide-and-seek with me?"

Chapter 1739 was about to organize half of the forces

Xiang Jiayi, Ma Yichen, Hu Yiruo, and Xu Mei were all visibly stunned when Yun Jian said this.

What Yun Jian meant was...

Who was hiding in the dark?

“Who is hiding in the Dark?” Xu Mei knew Yun Jian’s strength, so she did not say anything just now because she did not want to drag Yun Jian down. Now that she was dead and all her subordinates had run away, Xu Mei finally spoke up.

The cloud note did not reply to Xu Mei’s words. Her eyes blinked and her long eyelashes fluttered. It looked very pretty.

“Isn’t it just killing... killing... killing a person? What’s so good about... being so arrogant!”

Hu Yirou was very dissatisfied with Ma Yichen’s evaluation of the cloud note, so even though she saw such a terrifying side of the cloud note, she still coldly shouted at it.

However, she would not say anything to the cloud note based on its attitude toward her.

It was true that the cloud note had killed Ken, but would she dare to kill her?

Would she dare to? !

However, she only dared to mutter these words in her heart but did not dare to say them out loud.

“Hu Yirou! Stop fooling around!” Just as she finished speaking, Yichen suddenly stopped her from spouting nonsense.

“Brother Yichen, who are you helping? ! It’s — it’s just like this. She...” Hu Yirou thought that Yun Jian was pretending to be a ghost. He was obviously not hiding from anyone in the dark, yet Yun Jian was pretending to be hiding from someone in the dark.

However, just as Hu Yirou said this, a strange male voice suddenly came from the dark. There was a hint of unspeakable gloom in his voice:

“This little sister is so capable! She actually killed the most powerful assassin in front of the leader of our soul-devouring organization! Keke Keke...”

After this strange voice came out, a foreign man wearing a black and gray robe walked out from the dark. He had a high nose bridge and looked like a woman, but the voice he emitted was authentic.

Although this foreign man looked a little like a woman, as long as one was not blind, one could tell his gender at a glance.

The foreign man spoke fluent Chinese. Coupled with his strange pace and tone, everyone present was terrified for a moment.

There was really someone hiding in the darkness! ? Who was this foreign man who suddenly appeared! ?

“Your purpose.”

This foreign man had been standing in the dark and watching the situation for a long time. Yun Jian had long sensed his existence and just did not say anything before.

At this moment, in front of everyone, Yun Jian did not beat around the bush with the foreign man. She just looked at the foreign man and calmly said these words.

The foreign man was slightly stunned. When he came to his senses, he pulled his lips and revealed an unnoticeable smile.

The foreign man immediately stopped his strange voice and returned to his normal tone. He looked at Yun Zhi and said, "I like to talk to Smart Girls! hehehe!"

After the foreign man finished laughing, he stopped looking at Yun Zhi from the corner of his mouth. He pursed his lips and said softly,

"My name is Neil. I'm a high-level assassin of the Soul Eater Organization. When I saw you kill Ken just now, your actions were very clean and neat. You were even more powerful than the leader of our Soul Eater organization!"

"So, I'm asking you to cooperate with me. We'll attack from both sides and kill the leader of the Soul Eater Organization! As long as you promise me, I'll get someone to send all of you home safely. How about it?"

When Neil spoke, he revealed his strong ambition.

He was just a small high-level assassin of the Soul Eater Organization. His strength was clearly more powerful than Ken! Why did the leader of the Soul Eater organization not pay attention to him!

The leader of his Soul Eater organization was just a girl! His strength was not much stronger than Ken's! He and Neil were not convinced! So, they wanted to join hands with Yun Jian to kill the leader of the Soul Eater organization.

"So, what about the benefits you gave me?" Yun Jian narrowed her eyes and replied indifferently.

Neil originally thought that by sending everyone back safely, Yun Jian, this little girl, would be grateful to the heavens. However, he did not expect Yun Jian to not be satisfied!

His face sank and asked Neil in return, "Then what do you want!"

"I want half of the Soul Eater organization to be mine!" Yun Jian's words made Neil's pupils contract.

She had a huge appetite!

Chapter 1740: was still no match for me

When the surrounding students heard what Yun Jian said, they were all stunned.

Yun Jian actually wanted the power of the Soul Eater organization! What was she going to do with the power of the Soul Eater organization! !

And Neil was also completely stunned. and Neil was stunned because Yun Jian's appetite was too big!

Usually, when a young girl of cloud tablet's age was caught here, as long as she could be safely sent back, it was already a matter of gratitude to her. But the cloud tablet actually wanted half of the power of the Soul Eater organization!

In fact, Neil did not know that the cloud tablet generally did not want half of the power of the organization, but an entire organization!

The cloud tablet usually took a liking to a person, and would dig into her name along with the organization.

Right now, she wanted half of the Soul Eater Organization for two reasons.

First, she did not fancy Neil, and Neil's murderous aura was too strong. If she took him under her wing, there was a 99.9% chance that he would betray her!

Second, Soul Eater organization had unspeakable secrets. These secrets would lead to slaughter. She wanted half of the organization under her cloud note. In the future, when there was a crisis, she would not be the first to get into trouble, but Neil.

Yun Zhi did not take people under her banner just because she saw who had the ability. This still depended on the other party's character and whether they would betray her!

"Of course, you can also reject me and continue to be your high-level assassin." Yun Zhi left his words here.

After Neil heard Yun Zhi's words, his dark eyes suddenly flashed, as if a strange sinister luster flashed past.

"Good! As long as you help me obtain the Soul Eater organization, I will transfer half of the Soul Eater Organization's power to you!" Neil agreed immediately.

Giving it to you doesn't mean that you can't get it back!

You are just a young girl, yet you still dream of obtaining half of the Soul Eater Organization's power! This is simply a dream!

Neil originally intended to casually send off Yun Zhi and his group, but at this moment, he had the intention to kill Yun Zhi and his group.

"Deal." The cloud tablet clearly saw the viciousness in Neil's eyes. Pretending that she did not see anything, she smiled faintly.

...

In order to prevent the cloud tablet from not cooperating, Neil asked Xu Mei, Xiang Jiayi, and Ma Yichen to follow him to the leader's residence.

In fact, Neil did not know that his threats against Xiang Jiayi's group were of no use to the cloud tablet at all.

...

In the living room of the leader of the soul-devouring organization.

“Divine concubine, come out! Give up your identity as the leader of the soul-devouring organization and I can leave your corpse intact, hahaha!” Neil had just walked into the residence of the leader of the soul-devouring organization when he started shouting.

The moment he heard Neil address the leader of the soul-devouring organization, Yun Jian’s eyelids twitched slightly.

As soon as Neil finished speaking, a voluptuous and enchanting woman in her twenties walked in from the side.

The moment he saw this woman, Yun Jian’s lips parted.

He had actually met an acquaintance here.

That’s right, Shenji was an old acquaintance of hers.

Out of the thousands of assassins who were in the same batch as Yun Jian, only three of them had left the dark soul organization alive.

Yun Jian was the only one of the three who had completely escaped the control of the dark soul organization.

As for the other two people, one of them was mad dragon. Yun Jian had already poached him from the dark soul organization into the ancient massacre mercenary group.

The other person who had left the dark soul organization alive with Yun Jian and Mad Dragon was Shen Ji.

Back then in the dark soul organization, Shen Ji had tried every means to surpass her and defeat her. However, her dignity as a god would not allow anyone to provoke her!

Shen Ji had always been brooding over this and swore that she would surpass her in terms of strength for the rest of her life.

At this moment, Shen Ji swept her gaze across the entire scene. She fixed her eyes on Yun Jian before turning her head to look at Neil. She sneered at Neil and said,

“The position of the leader of my soul-devouring organization is going to be snatched away by you and this little brat who appeared out of nowhere!”

Shen Ji’s words were full of intimidation, which made Xiang Jiayi and the others feel their hearts pound. They seemed to be frightened.

However, just when everyone was panicking and thought that even if Yun Jian killed Jin Jin, he would definitely not be able to deal with Shen Ji, who was standing in front of them with such a strong aura.

An arrogant statement that was even more intimidating and made everyone tremble in fear continued:

“Goddess Ji, you were no match for me when you were in the dark soul organization. The current you can only be defeated by me as usual!”
