

Schoolgirl 1741

Chapter 1741: actually failed to recognize me

Shen Ji was a very competitive woman. Besides being competitive, she was also very ambitious.

Just like mad dragon, Shen Ji was a secret agent belonging to the dark soul organization.

Among the secret agents who were trained by the dark soul organization like Yun Jian, only three of them survived.

Yun Jian was undoubtedly the strongest one in this group.

The strength of Shenji and Mad Dragon was on par.

And among the three people, the only one who escaped the control of the dark soul organization was Yun Jian.

Shenji was still under the control of the dark soul organization. When Yun Jian first heard of the Soul Eater organization, he felt that it was similar to the name of the dark soul organization.

At this moment, she finally understood that the soul eater organization was Shenji's outside force!

It was just like how Yun Jian had seized the ancient massacre mercenary group when he was still in the dark soul organization and became the BOSS of the ancient massacre mercenary group.

The soul-devouring organization was Shenji's own force that was expanding outside.

At the same time, one could feel Shenji's naked ambition from the four words of the soul-devouring organization that were similar to the name of the Dark Soul Organization.

Shenji's actions did not count as betraying the dark soul organization.

Back then, Yun Jian was also secretly expanding his influence in the dark soul organization.

However, as soon as Yun Jian said this, Shenji, who was standing in the hall, had a sudden change in expression.

Looking up, Shenji looked at Yun Jian with her deep and sharp eyes, and her pupils slightly contracted.

This little girl, what did she say! !

Shenji had only heard Yun Jian's arrogant words from one person.

"Who are you?" Shenji's pupils contracted. She looked at Yun Jian with a complicated expression.

She was definitely not a weakling. To be able to come out of the dark soul organization alive, Shenji's strength was definitely not simple!

However, the arrogant words of Yun Jian had only been heard by the person who was the most unyielding and the person she was most afraid of in her life...

Seeing her reaction, Niel's eyes were filled with shock and madness.

Yun Jian was actually able to make the usually expressionless shen ji reveal such an expression of shock and madness.

Who exactly was she? !

Xiang Jiayi, Ma Yichen, and Hu Yirou, who were standing around, were so shocked that they were completely dumbfounded.

“Yun Jian, do you know her... ?” Ma Yichen asked everyone’s surprise.

Did Yun Jian know her before?

“Brother Yichen, can’t you tell? ! She’s just pretending! She’s the head of the Soul Eater organization! Who does she think she is? ! She’s always pretending! Don’t you know shame? !”

Hu Yirou was displeased when she saw her brother scream in horror at Yun Jian, so she quickly followed up with her brother.

“That’s right! She’s been acting all mysterious ever since we were in the truck. Those who don’t know her might think that she’s really capable and even knocked me unconscious! She’s really shameless!”

Xiang Jiayi, who had been displeased with the cloud tablet, spoke up after she finished her words. At this moment, Xiang Jiayi and Hu Yirou came to a consensus to attack the cloud tablet with words.

“That’s right, she doesn’t even look at herself! Heh!” After listening to Xiang Jiayi’s words, Hu Yirou interjected.

Just as he finished speaking, everyone saw Yun Jian looking straight into Shen Ji’s eyes without any fear. He ignored the words of Xiang Jiayi and Hu Yirou, who were singing together, and replied to Shen Ji with a sneer,

“You’ve lived together with Dark Soul Organization for more than ten years. You’ve tried to assassinate me 309 times in front of me and 109 times behind my back. Every time, you were defeated by me and left the scene in a sorry state. Shen Ji, you actually didn’t recognize me?”

Yun Jian’s words carried a slight sneer, but everyone present heard it clearly.

When Shen Ji heard this, her pupils contracted under everyone’s sharp eyes. Under the watchful eyes of Xiang Jiayi, Hu Yirou, and Ma Yichen, she confirmed Yun Jian’s identity, and Shen Ji cried out in shock:

“You Are!”

Chapter 1742: mission, 100,000,000

“You’re 006!”

Shen Ji cried out in surprise in front of everyone.

Seeing this, the surrounding people were stunned. However, they saw the cloud paper standing in front of Shen Ji raise its red arc. She smiled coldly and said to Shen Ji,

“Do you still remember the 409th time you were defeated by me and yelled at me, ‘I’ll remember you even if you turn into ashes’, 095? I didn’t expect that you wouldn’t recognize me after such a short time.”

When Yun Jian and Shen Ji were in the dark soul organization, they always called each other by their numbers.

That was because when they were in the dark soul organization, they only had numbers and no code names.

Therefore, when Yun Jian and Shen Ji met, the most common words they said were their numbers.

095 was Shen Ji’s number in the past.

Yun Jian had an indescribable feeling towards Shen Ji.

This feeling was different from hatred towards the enemy, and it was also different from protecting one’s own people.

Or to put it another way, in Yun Jian and Shen Ji’s subconscious mind, they had already turned the other party from a mortal enemy into an opponent.

In the early years, the children who were captured into the dark soul organization were all in a state of killing each other. However, there were only a few who survived.

And there were only one or two outstanding people.

Without a doubt, Yun Jian and Shen Ji were the best candidates among the same batch of children.

In that cruel and inhumane world, the reason why Yun Jian and Shen Ji were better and more powerful than others was that they saw each other as their opponents and wanted to surpass each other, or they wanted to stand in a position where the other party could not touch them.

If a person was able to meet a competitor, it would undoubtedly be a very lucky thing.

Because when you saw a person who was almost as strong as you as your opponent, you would try your best to climb up.

When you stood at the highest point, you would suddenly look back and realize that you had already stood in a position where ordinary people could never touch you.

Yun Jian and Shen Ji were like this when they were in the dark soul organization. It was just that no one would expose this relationship.

Therefore, although Yun Jian and Shen Ji were clearly women, they were able to trample those so-called strong and powerful men under their feet and become one of the three people who walked out of the Dark Soul Organization Alive!

Therefore, Yun Jian revealed his identity to Shen Ji when he saw her.

The conversation between Yun Jian and Shen Ji attracted the attention of the people around them.

Especially Xiang Jiayi and Hu Yirou. Just now, the two of them said that Yun Jian was very energetic in his disguise, and now, their expressions were very unsightly.

Xiang Jiayi knew that Yun Jian was a guest of the Luohui family. Although she knew that Yun Jian was the young madam of the Dark Soul Organization, she didn't know what the dark soul organization was, and she didn't think that Yun Jian was very powerful.

Wasn't he just a fence-sitter who relied on a man to get to the top? !

However, after hearing the conversation between Yun Jian and Shen Ji, Xiang Jiayi was stunned. She looked at Yun Jian and Shen Ji in a daze and exclaimed, "Do you really know each other? ! Didn't you not know each other just now? !"

Didn't Shen Ji not know Yun Jian just now? !

How was this possible? !

Yun Jian actually knew the leader of the soul-devouring organization!

Xiang Jiayi's exclamation was naturally ignored by the surrounding people. Shen Ji did not treat Xiang Jiayi as a human at all. After acknowledging Yun Jian, Shen Ji looked at Yun Jian from head to toe, then clicked her tongue and continued,

"You changed your face, and now you blame me for not recognizing you! 006, the grudge between us will never be settled in this lifetime!"

The feud referred to the fact that Shen Ji had sworn earlier that she would defeat Yun Jian one day.

"I'll wait." Yun Jian curved his lips into a silent smile and looked at Shen Ji indifferently. "Why are you cultivating a puppet?"

Cultivating a puppet? Yun Jian had just met Shen Ji, right? How did she know that Shen Ji was cultivating a puppet? Could it be nonsense?

The people in the distance were shocked again, but they did not know that Yun Jian had already guessed it.

"Someone is buying a puppet. A puppet can be sold for one million US dollars." Shen Ji simply walked to a bench and sat down, looking at Yun Jian calmly.

"You went out for a mission and spent fifty million US dollars as the base, why would you need this money?" Yun Jian also stood there lazily, talking about common things to Shen Ji in front of the people who were already dumbfounded. This.., it scared everyone.

However, what made Xiang Jiayi, Hu Yiruo, and the others even more dumbfounded was what Shen Ji said next.

After hearing Yun Jian's words, Shen Ji immediately stood up from her seat. In front of everyone, she glared at Yun Jian with her unyielding eyes and said,

"006, you still have the nerve to mention this to me! You offered a mission worth 100 million US dollars as the base, which is twice as much as me! I'm not convinced!"

Chapter 1743: claims to be the second, no one is first

All the official professional killers or agents on missions, are clearly marked price.

And killers or agents on missions, are generally through the agent killer website transactions.

Cloud note once logged into the agent killer website, every killer or agent in this official agent killer website platform have their own account.

Usually, when they accepted missions, they would conduct transactions on this secret agent assassin website.

Yun Jian and Shenji were both assassins from the dark soul organization. After they debuted, they had their own account on this secret agent assassin website. Their account names were their respective codenames.

Moreover, the website would evaluate the starting price of the two from their strength and battle achievements.

When Yun Jian and Shen Ji were first evaluated on the agent killer website, the starting price of the two of them taking on missions was the same. However, as the number of missions carried out and the success rate increased, the gap gradually widened.

Now, Yun Jian's starting price for a mission had been raised to 100 million US dollars, while Shen Ji's starting price had risen to 50 million US dollars.

This starting price was given by the website after the official evaluation of an assassin or agent.

Shenji's strength was not weak. Her strength might not be comparable to the cloud note, but it was only second to the cloud note.

However, the official evaluation of the agent assassin website's starting price from the cloud note was two times more than Shenji's!

This was the reason why Shenji was not convinced.

The conversation between the cloud note and Shenji was very normal. To the cloud note and Shenji, their conversation was as normal as eating and sleeping.

However, when they heard it, they were so frightened that their souls almost fell out.

When Yun Jian said that Shen Ji would give a mission of 50 million USD as the base, Xiang Jiayi, Hu Yiruo, and Ma Yichen were so shocked that their jaws almost fell off.

What kind of mission was that? A mission of 50 million USD... ? ... USD?

50 million USD. Then, when converted into RMB..! ... that would be 300 million!

300 million!

As long as Shen Ji went on a mission, she would be even richer than Xiang Jiayi, a pampered and pampered daughter of a rich family!

This series of words had already frightened Xiang Jiayi and the others to the point that their faces turned pale.

But what was worse was that Shen Ji actually said that Yun Jian could receive 100 million US dollars for a mission! ? That would be 600 million US dollars?

Could Yun Jian be an assassin or a secret agent?

She was actually so rich!

Ma Yichen and Xu Mei were shocked by Shen Ji's revelation of Yun Jian's value.

Xiang Jiayi was shocked purely because she had previously mocked Yun Jian for being a woman who relied on a man to get to the top. She did not deserve the status of the young madam of the Dark Soul Society!

However, at this moment, her thoughts changed. Yun Jian's wealth had exhausted Xiang Jiayi's imagination.

Xiang Jiayi was really stunned. She stood rooted to the ground, unable to recover from her shock.

"100 million USD! Converted to RMB, it's 600 million USD! Is this for real? ! She actually... actually..."the last person to shout out was Hu Yirou.

Hu Yirou's eyes widened at this moment. She stared fixedly at Shen Ji and asked this question that terrified her.

"How is this possible? ! She's just an ordinary girl. She only knows how to put on an act every day and has no ability at all! That's all..."

Hu Yirou did not believe her. She stared fixedly at Shen Ji and almost suspected that she was cooperating with the cloud note to deceive her.

Whether it was Hu Yirou, Xiang Jiayi, or Ma Yichen, they were all high school students in their teens.

Usually, they would gather around to brag about someone they knew who was considered powerful. This was already the limit.

However, Yun Jian was just a teenage girl like them!

How could she... How could it be ... She was such a powerful existence!

At that moment, everyone present, including Neil who wanted to join forces with Yun Jian to kill Shenji, were all stunned.

Shenji let out a cold laugh.

After laughing, she turned her head to look at Hu Yirou and the others who had been left out for a long time. As if she had heard the funniest joke in the world, she sneered:

“This is the first time I’ve heard someone say that 006 is an ordinary girl! How interesting! If 006 is ordinary, are there any extraordinary people in this world?”?

“Pretend? Don’t you know that if 006 claims to be the world’s second best in disguise, no one in this world can be the world’s first!”

Chapter 1744: learning from elementary school to university

Looking at Xiang Jiayi and Hu Yirou, these two foolish humans who repeatedly ridiculed the cloud note, Shenji almost burst out laughing.

This was the funniest joke she had heard this year, and it was the best!

The Magnificent Sha Shen, who was ranked number one on the international spy rankings, was actually called an ordinary girl by a group of ignorant humans and was also very good at pretending?

To be honest, Shen Ji had already said that the starting price for Yun Jian to accept the mission was very low.

Note that this was only the starting price!

The starting price was only the lowest price. Usually, the price after the transaction was completed would double or even double the starting price.

However, just hearing the starting price was enough to scare Xiang Jiayi, Hu Yirou, and the others half to death.

Shen Ji had never seen anyone say that Yun Jian was an ordinary person and was good at pretending. Although she and Yun Jian had always been enemies, when she heard Hu Yirou belittle Yun Jian, Shen Ji couldn’t help but open her mouth to fight back.

After saying that, Hu Yirou, Xiang Jiayi, and the others in the distance widened their eyes a few times and were so scared that their faces turned pale.

At this moment, Shen Ji had turned her eyes back to Yun Jian. She could not help but say something in front of everyone:

“Although I’m not convinced, I, Shen Ji, have always been upright and never say nonsense. The current me is indeed no match for her...”

After saying that, Shen Ji’s confidence was ignited again. She looked at the Yun Jian and pointed at it confidently. She said to the Yun Jian in a battle-ready manner,

“But, 006, just you wait. One day, I will surpass you in all aspects!”

The cloud paper narrowed his eyes. She liked Shen Ji’s unyielding personality.

Shen Ji knew the gap between her and him, and she never denied the existence of the gap. However, Shen Ji never yielded. From the beginning to the end, she always maintained the same heart that wanted to surpass her.

Even if the gap between the Divine Consort's and Yunjian's strength was growing larger and larger.

Yunjian understood that his strength could only grow stronger and stronger because the divine consort was chasing after him.

"I'm looking forward to the arrival of this day," Yunjian said curtly.

Yunjian had originally come here to help Kanel destroy the head of the soul-devouring organization.

However, after seeing that the head of the soul-devouring organization was the Divine Consort, Yunjian changed his plans.

From Afar, even if Neil was a fool, he could tell that Yun Jian and consort divine were related.

When he heard this, Neil was not a fool. He naturally knew that it was impossible for him and Yun Jian to kill Consort Divine.

Hence, Neil turned around and wanted to escape.

Yun Jian could tell what Neil was thinking at a glance. Her black eyes darkened, and her red lips curled slightly at Consort Divine:

"Your Men just formed an alliance with me to kill you together with me. They also agreed to give me half of the power of the soul-devouring organization. HMM, this condition is very attractive."

Yun Jian did not say it explicitly, but everyone present, as long as they were not stupid, would be able to hear it. What Yun Jian said meant was a disguised warning to Shenji that the men who wanted to betray you just now were going to escape.

"Jiannil! Die!" Shen Ji was furious when she heard it.

In just a few seconds, Shen Ji caught up with Jiannil who was about to run away and killed him in front of everyone.

This killing method was somewhat similar to Yun Jian's imagination.

Even so, Xiang Jiayi, Hu Yiruo, and the others were so scared that they did not dare to say another word.

The fear and terror that Xiang Jiayi, Hu Yiruo, and the others had experienced in their lives were probably all here.

After the Divine Consort had finished with Neil, the cloud note turned its head and looked at the Divine Consort. It asked the divine consort in French, "Previously, you said that someone had bought the puppets. Was the person who bought the puppets a mysterious man in a black robe?"

The cloud note asked the divine consort in French. Naturally, it did not want Xiang Jiayi, Hu Yirou, and the others to understand what it was asking.

As expected, Xiang Jiayi, who had just recovered from the shock of the murder of Shen Ji and Neil, looked at the cloud paper and couldn't help but complain, "What kind of nonsense is she talking in..."

"Judging from her accent, her words seem to be the most standard French!" Just as Xiang Jiayi spoke, a boy who had only heard French before widened his eyes in surprise and said.

“She can speak French! It’s not difficult to learn some foreign languages, but to be able to talk in a foreign language as smoothly as she does, she must have learned it from primary school to University!”The boy added after he finished his sentence.

The boy’s words made everyone present stunned.

Chapter 1745: was finally found. Ten Days and ten nights

This group of people were making a fuss over a small matter. The cloud note no longer found it strange.

At this moment, the fairy who understood the meaning of the cloud note also replied to the cloud note in French:

“That’s right. The one who purchased the puppets was indeed a mysterious man in a black robe.”

After the fairy finished speaking, the cloud note’s eyes lit up slightly.

It was the mysterious man!

Any unusual organization had an inseparable relationship with the mysterious man.

The original raging fire organization, followed closely by the Blood Doll Organization, and now the Soul Eater organization...

Yun Jian realized that whether it was the original raging fire organization, the blood doll organization, or the current Soul Eater organization, they all had one thing in common.

That was, the mysterious man was using someone else to kill him!

Or it could be said that the mysterious man had never sent his men to attack Yun Jian, the ancient assassin mercenary group, or the dark soul organization.

He had been looking for forces on Earth to deal with Yun Jian and Si Yi!

This was also the reason why Yun Jian and Si Yi had been unable to find any traces of the mysterious man.

Now that they knew that the mysterious man came from a mysterious continent outside the imperial dragon continent, it could be understood that Yun Jian and Si Yi could not find any traces of the mysterious man.

“Don’t sell him any more puppets in the future.”Yun Jian said this without saying anything else.

After hearing Yun Jian’s words, Shen Ji’s eyelids twitched slightly and she nodded. “Deal.”

She naturally had to sell this favor of the god of destruction.

As for other reasons, if Yun Jian did not say anything, Shen Ji would not ask.

The less she knew, the better. Shen Ji was a smart person, so of course, she would not say anything.

By not selling the puppets, it meant that Xu Mei, Ma Yichen, Xiang Jiayi, and Hu Yiruo, who had been kidnapped, were no longer useful.

In the end, of course, they were released.

However, before they were released, the cloud note made everyone take the forgetting liquid for three hours before sending them off.

In this way, whether it was Xu Mei or Ma Yichen, their memories would only remain at the end of the kidnapping.

They no longer remembered everything that had happened in the past three hours since they got off the truck.

Before Yun Jian left, the god Ji asked Yun Jian for an address, saying that she was ready to fight with her at any time.

...

In the end, Yun Jian and the rest were sent back to Lorraine's house by the god Ji's helicopter. After arriving at Lorraine's house, Yun Jian said that he had been unconscious all the way and that he had collapsed in Lorraine's house along with everyone else who had fainted when he woke up, he did not know anything.

Naturally, he did not pursue the matter any further.

At that moment, Yun Jian had already returned to Longmen city with Luobai, Mo Sen, and Xu Mei.

As soon as they arrived home, Yun Jian took Luobai to look for Qingyan. Mo Sen was left at home.

He had nothing to do at home, so he went out for a walk.

Yun Jian had just brought Luobai to the front of Qingyan's house when he saw Qingyan, Gu Nian, and Leng Mei walking back.

"I've decided that I want to have a boyfriend! I want to start over!" Leng Mei's firm words suddenly rang out.

Yun Jian narrowed his eyes and walked over with Luo Lei.

After introducing themselves to each other, Luo Lei quickly became familiar with Qing lei and the other two.

Although Luo Lei was already 18 years old, she looked like she was only 14 or 15 years old.

Leng Mei liked Luo Lei very much. Now that they had become more familiar with each other, she put her arm around Luo Lei's shoulder and walked out.

Leng Mei had already confirmed that her leader, Di Lin, had returned to the blood doll organization.

He probably gave up on her because he couldn't find her.

Leng Mei had also sent a woman back to Di Lin.

Yun Jian looked at Leng Mei and felt like he was starting all over again. At this moment, when Yun Jian saw Leng Mei put his arm around Luo Lei's shoulder, he said straightforwardly,

"Let's go, little sister. Old... Cough, I'll take you to flirt with handsome guys!"

Mo Sen was not here at this moment.

Luo Lei's face blushed slightly when she heard Leng Mei's words.

However, before Leng Mei could finish his words, she saw di Lin walking over from behind Leng Mei. Yun Jian, who did not remind Leng Mei of Di Lin's arrival, narrowed her eyes slightly. She watched the furious di Lin walking from behind Leng Mei to Leng Mei, then, he grabbed Leng Mei's wrist and roared angrily,

"Where have you been these past few days? !"I've been looking for you! If I catch you, I'll lock you up for ten days and ten nights! Di Lin silently recited the following words.

Chapter 1746: A Confession of love to Leng Mei

Yun Jian, who was standing behind Leng Mei, clearly saw di Lin walking over from a distance. He reached out and grabbed Leng Mei's hand, shouting in a low voice.

Seeing this, Yun Jian curled his lips slightly and gestured to Luo Mei, Qing mei, and Gu Nian. He then turned around and walked towards Qing Mei's suite.

Seeing Yun Jian leave, Qing Mei and Gu Nian looked at each other. The two of them walked over and dragged Luo Mei away. They gave Leng Mei a look that said, "It's up to you."Then they smiled wickedly and followed Yun Jian upstairs.

Suddenly see their leader, just a moment ago was confident that her leader will never come to find her lord of the cold charm, head suddenly see di Lin, the whole person jumped back.

"Fuck fuck, you... Chief... Chief, you, you, what are you doing here! ?"

Cold Charm was suddenly held by the wrist, and heard this familiar tone, the first did not react, want to swear, but saw the di Lin that a familiar face.

Leng Mei was so scared that she stopped in her tracks. She took a few steps back and almost tripped.

Di Lin grabbed Leng Mei's hand with a dark expression.

"Who do you want to F * ck! ?"Di Lin grabbed Leng Mei's hand and said with a face that looked like he wanted to dry Leng Mei.

She actually told another girl that she wanted to F * ck a handsome guy! ?

F * ck a handsome guy! ?

Who Did she want to F * ck?

Who else did she want to flirt with besides herself? !

“Lord Leader, let me be clear. I’ve been with you for so many years, and I’ve always been willing. But after so many years, I’m also tired. Aren’t you tired? Let’s end this relationship, I...”

I don’t want to be your mistress anymore.

Just as Leng Mei was about to throw caution to the wind and say everything she wanted to say, Di Lin’s face darkened. He interrupted Leng Mei and said something that made Leng Mei dumbfounded:

“I love you. That’s why I forced you to be my woman. be obedient and come back with me. Don’t be willful in the future, or I will be angry.”

Chapter 1747: Lan Su went to Min City Military Academy

‘I love you, that’s why I forced you to be my woman.’

The first sentence that Di Lin said almost scared Leng Mei into a heart attack.

What did he say?

He said... He loved her?

It was indeed di Lin who forced her to be his woman.

Leng Mei knew that Di Lin didn’t like dirty women, so she found someone she knew well and was innocent.

When di Lin asked Leng Mei if she was willing to be his woman, Leng Mei nodded directly.

Firstly, it was because di Lin’s father had saved her, and she wanted to repay him.

Secondly, Leng Mei had always liked di Lin.

But from the beginning, Leng Mei knew that Di Lin did not like her, and she had never thought that Di Lin would like her one day.

After so many years, Leng Mei would sometimes want a home of her own, and she did not want to be a tool for others to vent their anger on.

Leng Mei was certain that Di Lin did not love her, so she mustered up the courage to say those words because she thought that if she said those words, Di Lin would definitely let her go.

However, Leng Mei never thought that Di Lin would say that he loved her!

What was even more unexpected to Leng Mei was...

He said that because he loved her, he forced her to be his woman in the first place!

Did this mean that he had loved her from the start?

These words contained too much information, causing Leng Mei to be completely stunned on the spot.

The love of the leader was something that Leng Mei would never dare to dream of in her entire life.

Seeing Leng Mei's stunned and adorable appearance, Di Lin curled his lips. He reached out and grabbed Leng Mei, dragging her away.

These days, she actually dared to avoid him! Good! Very good!

This trip back would last ten days and ten nights, not a day less!

...

At Qingyan's house, on the soft sofa in the living room.

Yun Jian laid her hands lazily on the soft sofa. She blinked, and her beautiful and exquisite face caught the attention of Luo Lei, who was also a woman.

"Let's go, Let's Go! hehehe! This is so exciting! Just now, the two of them were standing at the entrance of the bustling residential area and kissing each other! I told you to come out and take a look, but you didn't come out! You missed a good show! Heh!"

Gu Nianzhi, who had been secretly standing in the corridor to peep at Di Lin and Leng Mei, saw Di Lin take Leng Mei away, so she ran in excitedly from outside the door.

"Where is she?" Yun Jian curled her lips slightly and asked indifferently.

"She's gone, she's already gone, Hahaha!" Gu Nianzhi walked up to Yun Jian and sat down on the sofa next to Yun Jian, secretly laughing at the fact that Di Lin had taken Leng Mei away.

After Gu Nianzhi sat down, Qing Yan poured a few glasses of orange juice from the kitchen and placed them in front of everyone.

"Drink, drink, drink. You Don't have to stand on ceremony, Luo Lei. Just treat this place as your own home!" Qing Yan said as she held a glass in her hand and spoke to Luo Lei.

Luo Lei thanked her after hearing this, and her impression of Qing Yan and Gu Nianzhi increased slightly.

Yun Jian took two sips of the glass of orange juice and pursed her red lips. She tilted her head to look at Qingyan and remembered that Adam and Lan Su had already returned to Earth from the Imperial Dragon Continent. So she asked,

"Lan Su didn't come back?"

Upon hearing Yun Jian mention Lan Su, Qingyan, who had been feeling as if she had forgotten something, suddenly reacted. She asked Yun Jian in return, "She went to Min City to look for you. Didn't the two of you meet?"

Qing Yan did not know that Yun Jian went to the Lorraine family. She thought that Yun Jian was still at Min City Military Academy.

"I haven't been to Min City Military Academy recently," Yun Jian said as he pursed his red lips.

Adam did not follow her back to Longmen City. He went back to the dark soul organization to report to Si Yi that he had returned from the Imperial Dragon Continent.

Adam went to the Lorraine family purely to look for Morson because he had Morson's phone's GPS.

At that time, Adam sent Lan Su to Qingyan's house to look for Morson, so he didn't know that Lan Su would run to Min City to look for Yun Jian.

"Oh my God, I even gave her your school's address not long ago! I'm afraid she's already at your school's Gate Now!" Qingyan stroked her forehead and said helplessly.

This was simply a gorgeous miss!

"Moreover, she doesn't know how to use a cell phone, so she didn't buy a cell phone. We can't contact her either," Qing Yan added helplessly.

This was simply a gorgeous miss?

"I'll go to Min City to look for her." Yun Jian withdrew her hand from the sofa. She stood up and first gave Luo Berry to Qing Yan, then walked out.

Yun Jian had asked for leave recently because he was afraid that Chen Xinyi's injuries would worsen.

Now that Chen Xinyi's critical period had passed, Yun Jian did not have to stay in Longmen city all the time.

Two hours later, Yun Jian arrived in Min City by car.

Chapter 1748: was up to no good again. It was Shu Ya's trick

Lan Su dawdled at the gate of Min City Military Academy for almost an hour. In the end, when the gate guard of Min City Military Academy saw that she had really entered the school to look for someone, he asked Lan Su to write a name on the registration form for foreigners who entered the school and let them in.

Because Lan Su was from the Imperial Dragon Continent, people from the imperial dragon continent could usually live for more than a thousand years. Ordinary people could live for more than a thousand years. It was not uncommon for people like Lan Su to live for more than ten thousand years.

There were even cultivators with powerful spiritual energy who could even live forever.

Of course, other than those freaks from the God continent, cultivators who could live forever were only legends on the Imperial Dragon Continent.

To Lan Su and the others, time was the least precious thing.

Therefore, when the gate guard did not allow her to enter min city military academy to look for the Yun Jian, Lan Su stood at the school gate and waited for an hour.

After waiting for an hour, Lan Su didn't panic. She even planned to wait for the Yun Jian to arrive at the Min City Military Academy to end class.

In the end, the guard couldn't stand it anymore and let her in.

The Min City Military Academy paid special attention to outsiders because the students in the school were usually the pillars of the country in the future.

Lan Su knew which class the Yun Jian was in. Qingyan had told her before, so Lan Su walked directly to grade one (Class 2) .

When she reached the door of Class 2, Lan Su stood at the door and looked around. She didn't see the cloud note, so she frowned.

At this moment, a pretty girl walked past Lan Su. She saw that Lan Su had been waiting here for a while, so she asked Lan Su, "Who are you looking for, classmate? Do you need me to call her out for you?"

"Grade one (Class 2)'s Yun Jian." Lan Su said to this kind-hearted girl.

"Yun Jian, she recently..." the girl was about to reply to Lan Su, but she was knocked aside by another fierce figure.

After that fierce figure knocked the girl away, it pushed the girl into the classroom, then, it rushed to speak to Lan Su, "I know where Yun Jian is now! I need to take leave to go home now. I'll take you to find her. She's not in school!"

"Thank you." Lan Su thanked her very politely.

"Are you really... Yun Jian's friend?"

Looking at Lan Su's innocent face and new appearance, the owner of the fierce figure that knocked away the girl just now, Lin Shuya, who had always been at odds with Yun Jian, rolled her eyes, she asked Lan Su again with a confirmation tone.

"Yes." Lan Su replied straightforwardly.

"Okay, okay, okay! Come with me. I just applied for leave to go home. I'll take you to find Yun Jian now!" Lin Shuya sneered in her heart and then led Lan Su out of the school gate.

Because Yun Jian Zhen was not in the school, and Qing Yan said that Yun Jian was in Min City, Lan Su didn't think much and followed him.

Fifteen minutes later, Lin Shuya brought Lan Su into the smoky bar.

Lin Shuya found an excuse to ask for leave from school so that she could go to a bar party with some gangsters she knew. A large group of men and women sat together and talked about some ambiguous topics.

Who knew that she would meet Yun Jian's friends at the door of the Class!

She looked so innocent!

It really didn't take much effort to get here!

Lin Shuya wanted Yun Jian to know the price for provoking her!

Lan Su didn't have a deep understanding of earth, so she didn't think too much about it.

However, when Lin Shuya brought her into the smoky bar, Lan Su was still slightly stunned.

Yun Jian would be here?

Just as she thought about it, Lin Shuya urged Lan Su, “Hurry up and leave, it’s over there! Aren’t you in a hurry to see Yun Jian?”

Chapter 1749: Everyone goes to hell (1,600 + words)

Lin Shuya couldn’t wait to frame Lan Su, so she urged her.

When Lan Su heard this, her eyes flashed. She listened to Lin Shuya and walked into the noisy smoky bar.

“Here, here, I’m in school. I’m good friends with Yun Jian. She’s amazing! She won first place in the outdoor survival activities during the military training. Today, we made an appointment to ask for leave and come here to play...”

Lin Shuya was afraid that Lan Su would not believe her, so she tried to convince Lan Su that she knew Yun Jian and was good friends with Yun Jian.

Lan Su was skeptical, but she did not say anything. She followed Lin Shuya into the private room of the bar.

The bar was very noisy. The loud noises made People’s hearts skip a beat.

There was a distinction between bars. There was one kind of bar that was more romantic. Usually, there were bartenders in the bar, and the bar would even hire a special band to sing.

The other type of bar was a place for urban men and women to relieve their stress after a busy day’s work. This type of bar was usually a place where men and women knew each other and talked to each other. Moreover, the setting of rock music was especially loud, when people stood in the bar, they could feel their hearts and bodies being shaken.

The latter type of bar was usually a more chaotic place. It was also a place where one-night stands or being drugged often happened.

Lin Shuya brought Lan Su to a relatively messy bar.

As soon as they entered the bar, they could smell the strong scent of perfume or some kind of smell that could make people excited.

Lin Shuya brought Lan Su around the noisy bar and came to a private room.

As soon as they entered the private room of the bar, the noisy noise in the private room made Lan Su frown slightly.

In the private room, there was a large group of men and women hugging each other. Some men even boldly placed their hands on the women’s thighs and caressed them.

Lan Su’s looks were outstanding, so the moment she entered the private room, she immediately attracted the hot gazes of the men in the private room.

“Yo! Sister Shuya, this is... ?” Immediately, a few hooligans walked over and looked at Lan Su with malicious eyes.

“She’s a friend of my friend Yun Jian! Brother Jie, where is Yun Jian? Why don’t I see her!”

Lin Shuya saw the man in front of her sizing up Lan Su with his lecherous eyes, so she winked at the man called Brother Jie a few times and said.

Brother Jie could tell at a glance that Lin Shuya was lying to Lan Su!

Therefore, brother Jie immediately joined Lin Shuya and continued to lie to Lan Su:

“Sister Yunjian went out to buy water just now. She’ll probably be back in a while. Don’t worry, don’t worry. It’s your first time here, right? Sit on the sofa for a while!”

With that, Brother Jie and the others put on a warm and hospitable look and invited Lan Su to sit on the sofa.

Lan Su didn’t refuse.

After a while, brother Jie brought a glass of fruit juice to Lan Su. He smiled at Lan Su and said,

“Sister, it’s your first time in a bar. Don’t drink with them. Have a glass of fruit juice to quench your thirst! Your Friend will be back soon!”

At this time, Lin Shuya, who was sitting beside Lan Su, also said, “If brother Jie wants you to drink two mouthfuls, just drink two mouthfuls. I’m going out to look for Yun Jian. I don’t know what she’s doing. Why isn’t she back yet?”

As she said this, Lin Shuya left the hotel’s private room in a fake manner.

Lan Su put half of the fruit juice to her mouth and smelled the knockout drug in the fruit juice. However, she didn’t expose it and drank it in one gulp.

Didn’t anyone tell them that she had the same constitution as her witch God, which was immune to all poisons.

However, Lan Su still passed out symbolically.

When Lin Shuya, who was standing outside the private room, saw that Lan Su had passed out so quickly, she hurriedly walked into the room. Immediately, she didn’t pretend anymore. She directly tore off the fake mask and pointed at Lan Su as she said to the men in the room,

“I’ll give you a gift. Turn the volume of the voices in our private room to the maximum. You can play with this woman however you want. Just don’t kill her. I’ll stand guard outside for you. Hurry Up!”

As soon as Lin Shuya finished speaking, some men immediately cheered and tore off their belts.

The voices in the private room were very loud. It was not the first time that these men had done something like asking a large group of men to take a girl.

Lan Shuya was even more confident that she could destroy Yun Jian’s friend, Lan Su.

“How Beautiful! TSK TSK, brothers, you guys were the ones who went first last time. This time, I have to go first!”

As brother Jie spoke, he took off his pants without any shame, leaving behind only a pair of pure black underwear. He smiled with a wretched expression as he walked towards the unconscious Lan Su.

The surrounding people started to jeer as if they were watching a show.

However, just as Brother Jie was about to reach Lan Su and was about three meters away from her, the door of the private room was suddenly kicked open. Lin Shuya, who had yet to walk out of the door, was so frightened that she took two steps back.

However, she saw a petite but slender young girl stop and enter the room.

When they saw this young lady who suddenly entered, the eyes of the surrounding people lit up.

This young lady was so beautiful!

However, before the crowd could exclaim in admiration, they saw Yun Zhi, who had just entered the room, coldly staring at the scene. She saw brother Jie walking towards the unconscious Lan Su. Without even looking up, a small knife flew out.

The knife followed the trajectory and accurately stabbed brother Jie’s penis, which was only wearing a pair of underwear. The knife immediately chopped off brother Jie’s penis in front of everyone!

Seeing this, the people who were laughing just now were instantly frightened to the extreme.

She actually! She actually..

Before they had time to think, they heard a voice that was even more sinister and cold than the Asura of Hell resounding:

“Those who dare to touch my people, all of you, go to Hell!”

Chapter 1750: Master’s whereabouts

Yun Jian was furious.

Not only was Lan Su her guardian in her previous life, she was also her friend.

In her previous life, as the sorcerer goddess, Lan Su had accompanied her for more than a thousand years. This kind of feeling could not be described with words.

At this moment, she flew out the knife and directly chopped off brother Jie’s penis. After causing brother Jie to roll on the ground in pain, she opened her fingers and two bright butterfly knives were held between her hands.

Yun Zhi slowly walked towards the private room. With each step, everyone present felt that all the cells in their bodies were violently trembling.

Just now, she only flew out a flying knife. That knife seemed to be held in the hands of death. With a speed that was so precise that it made everyone present feel incredulous, she destroyed brother Jie's penis with one knife!

Such a terrifying skill should not have appeared on a teenage girl.

But this girl who suddenly appeared at the door of the private room did it!

Just as everyone was terrified of the background of this girl who suddenly appeared, Lin Shuya, who was not far away from the Yun Jian, pointed at the Yun Jian. She was so frightened that her face turned pale. She cried out on the spot,

"Yun... Yun Jian! You, you, you... why are you here!"

Lin Shuya had seen Yun Jian's methods before. This time, she dared to do this because she was sure that Yun Jian was not in Min City.

Lin Shuya had just finished speaking when Yun Jian kicked Lin Shuya in the stomach in front of everyone in the room. Lin Shuya immediately fell to the ground.

Her figure followed closely behind. She swung the butterfly knife in her right hand to the left and right, nimbly and accurately placing the blade on Lin Shuya's neck.

This process was completed in just two breaths, scaring the group of girls standing around, as well as the hooligans who were like brother Jie in society.

These hooligans were usually especially powerful. They often liked to bring their girlfriends or girlfriends who were at school out to bars or nightclubs to play.

Usually, when a large group of people played together, they always liked to boast about things that they thought were very proud and arrogant. Then, they would be worshipped by a large group of girls to show their holiness.

Usually, such hooligans would form groups.

However, no matter how arrogant and powerful they usually were, they had never seen a girl as powerful as Yun Jian!

Therefore, the large group of hooligans opened their mouths wide and stood there in a daze with disbelief. They looked at Yun Jian and could not speak anymore.

However, after Yun Jian kicked Lin Shuya to the ground, he placed the butterfly knife on Lin Shuya's neck. His cold smile made everyone's hair stand on end:

"I'll send you to Hell, okay?"

"Yun Jian, we're classmates! Put the knife down! Let's talk it out! Everything just now was just a misunderstanding..." Lin Shuya widened her eyes in fear, trying to find an excuse.

As soon as Lin Shuya said this, Yun Jian pushed the butterfly knife in his hand towards Lin Shuya's neck.

The burning pain instantly spread throughout Lin Shuya's body. Lin Shuya screamed and blood flowed out. She did not dare to move anymore.

However, Yun Jian's lazy voice came again. It was not directed at Lin Shuya. "Aren't you going to get up?"

Yun Jian directly ignored Lin Shuya.

Everyone was stunned. Why wasn't she getting up?

Just as they were thinking about this, Lan Su, who had pretended to be unconscious, flipped over and got up from the sofa.

When everyone saw this, they were dumbfounded.

She, she... wasn't she already unconscious!

Why did she wake up again!

More importantly, Yun Jian could actually see that Lan Su was pretending to be unconscious!

Lan Su had fooled everyone just now!

Everyone couldn't help but wonder who Yun Jian, who Lin Shuya had provoked, was! This person was too terrifying!

At this moment, Lan Su touched her nose and pulled an arc. Then, in front of everyone present, she walked up to Yun Jian and nodded at him:

"As expected, nothing can escape your eyes. I'm here on behalf of the clan leader to tell you the whereabouts of your master."
