

## Schoolgirl 1781

### Chapter 1781: first protector, Lan Su, was present

In the eyes of this group of aristocratic families, other than the sorcerer God of the Imperial Dragon Continent, the internationally renowned and terrifying Sha Shen was also someone that these aristocratic families and everyone present had heard of.

Yun Jian's last sentence, 'ancient kill mercenary group — Sha Shen', made everyone who did not understand that Sha Shen was a certain person extremely clear.

Who else could the ancient kill mercenary group's Sha Shen Be?

Other than the Sha Shen who was ranked number one on the international spy rankings, who else was called Sha Shen who belonged to the ancient kill mercenary group?

Many of the students present might not know who the ancient kill mercenary group's Sha Shen was, but these children of aristocratic families had been educated by their families since they were young.

They were very clear about the ancient kill mercenary group's Sha Shen.

This was a terrifying existence that they did not dare to provoke at all!

Therefore, when Yun Jian finished speaking, everyone present, especially Lan Biqing, Mo Xiling, and Zhu Bufan, including the group of people who had mocked Yun Jian earlier, were like machine guns that were aggressive towards Yun Jian, in the end, the group of girls whose mouths were sealed by Yun Jian with pastries.

Everyone's expression was the same. Their pupils contracted, their faces tensed up, and their mouths were wide open.

The moment Lan Hongtian closed his eyes and heard Yun Jian's voice, he was filled with regret.

The LAN family had been planning for more than a hundred years, and the potion that they had spent so much effort and effort to develop was actually ineffective against the sorcerer God!

And she was actually the number one spy in the entire country, the god of Destruction!

Then even if Yun Jian had lost his spiritual energy just now, with the Lan family's influence, let alone whether they could catch Yun Jian, the entire Lan family would probably be wiped out!

And now, the LAN family was finished!

Completely finished!

He... was also finished!

All the years of hard work of the LAN family had all disappeared after he accidentally provoked the cloud tablet!

In that one breath, countless emotions flashed through everyone present. Three seconds later, Lan Hongtian was kicked down from the stage. Blood sprayed out from his heart, forming an arc. Lan Hongtian was ruthlessly smashed to the ground, dying a tragic death.

Those who were stabbed by the god exterminating blade, let alone humans, even the gods of the God continent could only end up with their souls scattered!

Lan Hongtian's soul was scattered. There was no way he could escape.

When the families that were in cahoots with Lan Hongtian saw that Lan Hongtian was stabbed to death by Yun Jian and kicked off the stage, they all shrank back. Even the heads of the Mo family and Zhu family, two aristocratic families that were in cahoots with the LAN family.., didn't dare to step out for a moment.

Lan Hongtian, the head of the LAN family, had done countless heinous things. In order to develop that bottle of medicine, he had captured thousands of innocent people and killed them for experiments.

Since he couldn't capture people from the imperial dragon continent, he could only capture ordinary people on Earth.

A bottle of medicine had a very strong corrosive effect on ordinary people. As long as a failed product was sprinkled on an ordinary person's body, that person's body would be corroded alive and die.

Therefore, the people from the LAN family who did the experiment were killed alive.

The head of the LAN family, Lan Hongtian, had committed an extremely heinous crime!

Shen Wei had long disliked Lan Hongtian's method of harming the innocent. However, Lan Hongtian's group's power was monstrous. He could not do anything to them at all.

At this moment, seeing such a heinous person being killed by Yun Jian in the form of his soul dissipating, Shen Wei immediately took the lead to call out to Yun Jian, "Lord Sorcerer God! Lord sorcerer God! ..."

By the time Lan Biqing realized that his father had been killed by Yun Jian and was about to rush over, the noble families that had colluded with the LAN family had already retreated with their own men.

The Mo and Zhu families were also frightened and quickly retreated.

However, before they could retreat, a large group of people led by Lan Su, Gu Nian, and Qing Yan had already surrounded the place.

Seeing that Lan Su and the other two had surrounded the place, the Mo and Zhu families were afraid of Yun Jian, but they did not know who Lan Su and the other two were. Therefore, the head of the Mo family shouted at Lan Su, trying to scare Lan Su into retreating to the side, don't block his voice:

"Who are you?!"

As soon as the head of the Mo family finished speaking, Lan Su's voice, which was no less than the head of the Mo family's, rang out:

"I am the first guardian of the witch God, the daughter of the witch clan, Lan Su!"

## Chapter 1782: four bottles of medicine to restore memory

“Lan Su? She’s the first guardian under the Lord sorcerer God that our ancestors recorded. She’s the daughter of the sorcerer clan, Lan Su, whose status on the Imperial Dragon Continent is second only to the Lord Sorcerer God!”

Just as Lan Su finished speaking, the patriarch of the Mo family and the Patriarch of the Zhu family standing beside her cried out in surprise.

The Lord Sorcerer God was also recorded in the family records of the ancestors of these aristocratic families and was recorded in great detail.

When Lord Sorcerer Goddess was mentioned, as the number one protector in front of lord sorcerer goddess, Lan Su was also emphasized.

Lord Sorcerer Goddess was the pinnacle existence of the imperial dragon continent and that was right. As the number one protector under Lord sorcerer goddess, Lan Su’s status was also top-notch in the Imperial Dragon Continent.

“What! Our ancestors moved out from the imperial dragon continent hundreds of thousands of years ago and up until now, they have never seen people from the Imperial Dragon Continent. Why is there a large number of them when they appear this time?”

“And... and they’re all the legendary figures from the Imperial Dragon Continent!”

Master Mo, who had just shouted at Lan Su and tried to use his loud voice to suppress her, suddenly narrowed his eyes. He became timid and did not even dare to speak loudly.

After Lan Su had people surround the scene, she, Gu Nian, and Qing Yan walked towards the cloud tablet.

Then, under the watchful eyes of the crowd, Lan Su and Gu Nian greeted Yun Jian in the same manner as the sorcerer Goddess on the Imperial Dragon Continent:

“Sorcerer Goddess!”

Yun Jian raised an eyebrow. Because she had been wearing a mask the entire time, outsiders could only see her slim and well-proportioned figure, but not her face.

Yun Jian had openly exposed her identity today because she was wearing a mask now.

There were so many people present. It was impossible for two students from an aristocratic academy to use the forgetting liquid for three hours.

The cost was very high. If everyone was to use it, green glaze would probably chase after her all over the streets.

“Clean up the scene. All the aristocratic families that have harmed people, led by the LAN family, will be dealt with. Our Imperial Dragon Continent doesn’t need these aristocratic families that have harmed people to exist in this world!”

Yun Zhi's voice was as melodious as the music of the heavens. It reverberated throughout every corner of the scene.

Upon hearing this, all the aristocratic families that had colluded with the LAN family stood on the spot as if they were paralyzed.

It was over!

Not only was the LAN family finished, all the aristocratic families were finished as well!

"Yes!"

Lan Su, Gu Nian, and Qing Lan received the order and nodded at Yun Zhi.

Yun Jian handed the matters of the aristocratic families to Lan Su and the other two.

At that moment, Yun Jian turned her head slightly and looked at the Witch Girl. She moved her red lips and said to her,

"Which elder of the Witch Clan are you a descendant of? What's Your Name?"

Usually, a witch girl was a descendant of an elder of the witch clan.

"I'm elder Wu Qing's granddaughter. My name is Wu Lin." The Witch Girl, who had been beaten up all over, saluted Yun Jian and said.

"Mm, you can return to the Imperial Dragon Continent," Yun Jian said to Wu Lin.

"Thank you, Lord Sorcerer God! I was accidentally dragged to Earth. I didn't expect to be captured by them. Not only did they beat me, they even forced me to tell them the way to the Imperial Dragon Continent. I didn't even tell them!"

Wu Lin looked up at Yun Jian and said proudly.

She was proud because she did not betray the witch clan because she was afraid! Nor did she betray the sorcerer Goddess!

...

After sending Wu Lin off, the ball was almost over.

Yun Zhi did not take off his mask midway. Other than Lin Qiuyi and Leng Yichen, no one knew Yun Zhi.

And at that moment, Yun Zhi was standing in a corridor, looking into Shen Wei's eyes.

The person who harmed Shen Wei's son, Shen Shaocheng, was the head of the LAN family.

Shen Wei begged Yun Zhi to protect his daughter Shen Bi because he was afraid that the Lan family would harm his daughter.

Now that the LAN family was destroyed, Yun Jian did not need to promise to protect Shen Bi's daughter for another month.

At this moment, Shen Wei and Yun Jian looked at each other. He first thanked Yun Jian, then said,

“It will take two years to help you recover your memory. In these two years, every six months, you will have to take the medicine that I made for you. In two days, I will send the medicine over to you. There are four bottles in total. After drinking all four bottles, your memory will be restored!”

### **Chapter 1783: The Raspberries are leaving, and the green glaze is urging them to stay**

Recovering all of the memories of the sorcerer Goddess was naturally not something that could be done in a day or two.

Shen Wei was only an ordinary person. He was already very impressive to be able to create such a potion.

Yun Zhi was not afraid that Shen Wei would lie to her. Shen Wei had known Yun Zhi’s identity since a long time ago. Yun Zhi could tell at a glance that he was a liar.

“Then I will send someone to deliver the potion to you in two days. It will take about one to two months because I still need to make the potion...”Shen Wei said.

“Okay.”Yun Jian nodded.

As long as she could recover her original memory, time was not a problem.

...

After the matter was settled, Yun Jian returned to Longmen City.

She had expected to stay in south city of Jiang Province for a month, but unexpectedly, she only stayed in south city of Jiang Province for three to four days.

After mid-october, the weather began to turn cold. People wearing thin short-sleeved shorts in summer gradually put on their coats and changed into long pants.

At night, the weather was completely gloomy and cold, especially tonight. The temperature had dropped to the same level as in winter.

“Phew, it’s so cold. This damn weather. I say, Little Strawberry, don’t go back. What’s the point of going back to school? Why Don’t you stay with us?”Qing glaze sat by the heater and rubbed his hands.

Qing glaze had installed air-conditioning in her house, but it had been broken in the past two days. The weather was neither hot nor cold, and the temperature was just right. Qing glaze was too lazy to fix it.

Unexpectedly, the temperature today would suddenly drop to single digits. The weather after mid-october was getting colder and colder.

In the southernmost province of Zhejiang, the temperature difference between summer and winter was already big. Today, the temperature had dropped so much that Qing glaze couldn’t even be bothered to stretch out her hand, let alone fix the air-conditioning.

“Sister Jian, right? I told you to let little strawberry stay with us for a few more days! Why are you going back to school so early? Can I take you guys to play video games, race cars, and play mahjong?”

Seeing that Luo Berry didn't say anything, Qing glaze turned her head to Yun Jian, who was lazily sitting on the sofa. She put her hands on the back of the sofa cushion and closed her eyes to rest.

"Yes." Yun Jian replied Qing Yan softly, but did not open his eyes.

After Leng Mei was taken away by Di Lin, Qing Yan's family finally quieted down for a period of time. However, not long after, Lan Su returned, and Qing Yan's family became noisy again.

However, since the last time they had returned from the south city of Jiang Province, Lan Su had been taken away by Adam.

Now, Qing Yan's family was left with Qing Yan and Gu Nian living alone in each other's arms.

Of course, the last sentence was just a figment of her imagination, because Luo Lei hadn't left yet. However, Luo Lei was planning to go home today, so Qingmei and Gu Nianzhi would be alone in each other's arms for the rest of the day.

"I... I'd better go home..." Luo Lei said after a moment of silence.

She hadn't seen Mosen in a few days. He probably didn't want to see her?

She was such a stupid person...

Last time, she was almost defiled by her cousin, and he happened to see her...

"Hey, Little Strawberry, why are you so stubborn? Do you want to go back to school to be abused? Don't go! Stay here and sister will take care of you!" Qing Yan curled up in a circle, but she didn't forget to ask Luo Berry to stay.

At this moment, the door of Qing Yan's house opened.

It was Saturday, so Yun Jian looked up and saw his own brother, Yun Yi, walking in from outside.

After Yun Yi walked in, he saw Qing Yan curled up in a circle to warm herself by the stove. She was too lazy to go back to her bedroom and cover herself with a blanket. After dating Qing Yan for so long, Yun Yi also learned about Qing Yan's habits.

Sometimes, Qing Yan was really frozen into a ball, and she was too lazy to walk back to her bedroom to cover herself with a blanket.

Therefore, Yun Yi hurriedly walked to Qing Yan's bedroom and covered her with the quilt. He couldn't stop himself from saying,

"Silly, you're so cold. Why Don't you take a few steps back to your bedroom to get a quilt?"

"I'm lazy. I knew you would come and help me," Qing Yan pouted at Yun Yi and said coquettishly.

#### **Chapter 1784: A Lame Excuse to stop her from leaving**

Qing Yan and her brother, Yun Yi, were living like an old married couple. They even spoke in the same tone.

Gu Nianzhi was already used to the way the two of them acted. She hugged her knees alone and rolled her eyes.

Show me, show me as much as you want!

Luo Berry, who was sitting next to them, couldn't help but think about it.

If she and Morson could one day be as affectionate as Qing glaze and Yun Yi...

No, no, no! What was she thinking! He was one of the four leaders of the dark soul organization, Morson. They were not on the same team at all.

She was completely unworthy of him!

She had to get rid of this thought!

Moreover, Luo Lei had already decided to leave today. It could be considered as leaving Morson's world completely.

She had never been in love before. This was the first time she had fallen in love with a boy.

Luo Lei thought that as long as she completely left Molson's world and could no longer see him, she would no longer think about him...

Gu Nianzhi and Luo Lei both had their own thoughts when they saw the loving expressions on Qing glaze and Yun Yi's faces. Yun Jian, on the other hand, was already used to this type of situation. She curved her lips slightly and reached out to pick up the remote control in front of her and turned on the television.

The television had just been turned on. As the volume was turned up very loudly, the super-large voice rang out as soon as the television was turned on:

"Grandpa, Grandpa! Grandpa! We have to save Grandpa..."the super-large voice of the animation "Gourd Baby" could be heard.

Hearing this, Yun Jian coughed dryly.

It was obvious that this was a video played by Qing glaze. The television jumped out as soon as it was turned on.

Yun Jian changed the channel and watched the TV with his arms crossed.

Luo Berry was waiting for her car to pick her up.

Yun Jian didn't say anything to stop her. Qing Yan was still puzzled. She didn't know that Yun Jian had sent a message to a certain someone the moment Luo Berry was about to leave, saying that Luo Berry was going to leave and never come back.

If Qing Yan knew that Yun Jian had already done this, she would probably jump up and give Yun Jian two thumbs up, exclaiming, "You are the best."

About fifteen minutes later.

“Honk, Honk, Honk!” The sound of a car honking could be heard from below the Qingyan family’s suite.

Cars were rare in this era, so from the sound of it, one could tell that it must have been someone sent by the Luoying family to pick her up.

“I should go, Yunjian. Come to our house again next time! Qingyan, Gu Nian, brother Yunjian, all of you must come together!”

Luo Lei was absent-minded, so she couldn’t feel the chill of the night at all. She stood up, bowed to Yunjian and the others with a heavy heart, and then walked out of the door.

“Hey, wait! If you want to leave, then we’ll send you off!” Qingyan was so cold that she didn’t want to move, but now she stood up and was about to walk out.

“No need. It’s a little cold outside, so we’ll see you next time!” Luo Lei said as she waved at the others and ran out.

When Luo Lei was almost downstairs, Yun Jian suddenly took the lead and walked to the corridor of the suite. He looked down at Luo Lei. Before walking down the corridor, Yun Jian said something evil to Qing Yan and the others:

“We’re here to watch the show.”

As she spoke, she took an apple from the coffee table and chewed on it while admiring what was happening downstairs.

Qing Yan, Gu Nian, and Yun Yi were confused, but the three of them still followed her out.

They saw that just as Luo Lei opened the car door and was about to enter, a slender hand grabbed her.

Luo Lei was shocked. When she turned around and saw Mosen, who had suddenly appeared, she almost fell to the ground.

In the end, Mosen grabbed her by the waist and pulled her into his arms.

When Lorraine came back to her senses, she quickly crawled out of his arms.

“Are you leaving?” Mosen suddenly asked.

“Yes.” Lorraine lowered her head, not daring to look at him.

She was afraid that once she looked at him, she would be reluctant to leave.

What puzzled Lorraine was that she had never told him that she was leaving. How did he know?

“Then I’ll leave first. You’re welcome to come to my house with Yun Jian and the others next time!” Lorraine waved goodbye to Yun Jian and the others and said to Mosen, she tried her best to make herself look like she was saying goodbye to an ordinary person.

After that, just as Lorraine turned around and wanted to get into the car, Mosen suddenly grabbed her and dragged Lorraine to the green glaze house without any explanation. He also found a very lame reason not to let her go:

“The weather will be cold these few days, and the road will be frozen. The weather has been like this for the past two months, so don’t go yet. The road is not safe.”

### **Chapter 1785: Xinyi was discharged from the hospital to recuperate in the countryside**

Luo Berry was stunned and could not react for a long time.

The weather these few days... was it very cold?

The weather forecast said that only tonight’s weather was especially cold compared to today, and it would be sunny for a long period of time.

The weather forecast also said that the temperature difference in the past few days had been quite big. Today was especially cold, and the temperature would soar from tomorrow onwards. During the day, one still had to pay attention to preventing heat when going out...

They stood in the corridor upstairs and watched the scenes happening downstairs. Yun Jian was chewing on an apple and enjoying the scene with great relish.

Green glaze, Yun Yi, and Gu Nianzhi, who were beside him, also curled the corners of their lips. They almost spat out, “So this is what you are like... !”! Cough!

Mo Sen, who was downstairs, grabbed Lorraine’s hand and took two steps up the stairs. He then turned around and walked to the car that had come to take Lorraine home. He said something to the car driver.

Yun Jian and the others saw from upstairs that the driver of the car had started the engine and left after hearing what Mo Sen said.

After a while, Mo Sen pulled Lorraine into Qingyan’s house.

At this moment, Yun Jian and the others had already returned to Qingyan’s house. Yun Jian sat on the sofa. When she saw Lorraine being pulled back by Mo Sen, she smiled and said to Lorraine, “Welcome back.”

Luo Lei did not know the situation yet. She was stunned and replied to Yun Jian, “Yes...”

Luo Lei turned to look at Mo Sen, her face full of satisfaction.

Although she did not know the situation, did Mo Sen just... ? ... Ask Her to stay?

He really asked her to stay!

Luo Lei was still letting her imagination run wild. Yun Jian had already lowered his head to look at his watch. He got up and walked out. Before he left, she turned to the others and left a message:

“I’ll leave first. My Friend is discharged. I’ll go pick her up.”

After she finished speaking, she left Qingyan’s house.

Yun Jian did not know what happened to Qingyan’s house after that. At this moment, she was walking towards Longmen City People’s Hospital.

Because she came back early, the matter of her last letter that was delayed could be brought forward again.

However, in the past two days, Lan Su had been taken away by Adam. Adam said that he was going to take Lan Su to play for two days, so this matter was not urgent.

The envelope would not run away either.

And today was the day that Chen Xinyi was discharged from the hospital after her last accident.

Although Chen Xinyi's brain had been sealed, she could no longer do strenuous exercise like running for the rest of her life. This was the sequela.

Today was the day that Chen Xinyi was discharged from the hospital. The discharge time was set to be at night.

It was already seven o'clock in the evening.

When Yun Jian arrived at Longmen City People's Hospital, Zhang Shaofeng and Ling Yichen were already standing at the door.

Seeing Yun Jian, Zhang Shaofeng even called out to Yun Jian, "Master!"

"Has Xinyi been discharged?" Yun Jian nodded and asked.

"She's in the car over there. Uncle is going through the discharge procedures for Xinyi. Xinyi told us to wait for you here." Zhang Shaofeng and Ling Yichen smiled and led Yun Jian to the small car that Chen Xinyi was sitting in.

"Yun Jian!" When she saw Yun Jian, Chen Xinyi almost got out of the car and pounced on Yun Jian. However, Zhang Shaofeng held her down so that Chen Xinyi didn't pounce on her.

"Don't move. You've just been discharged from the hospital," Zhang Shaofeng stood beside Chen Xinyi and said to Chen Xinyi.

"Okay." Chen Xinyi stuck out her tongue at Zhang Shaofeng and said to Yun Jian, "Zhizhi, my dad will send me to my grandfather's house to recuperate for a few days tomorrow. Do you want to play with me for two days?"

Yun Jian hadn't been to school recently, so Chen Xinyi invited her.

However, Chen Xinyi looked at him expectantly. Yun Jian slightly curved his lips and nodded. "Okay."

"Haha, Master, with you accompanying her, I can go back to school in peace! I have missed a lot of homework these few days. I'm so depressed! Chen Xinyi, you have to compensate me when you're better!"

Zhang Shaofeng saw that Chen Xinyi had been recovering very well in the past few days. After saying this to Yun Jian, he turned to look at Chen Xinyi and started to argue with her.

"Got it! Idiot!" Chen Xinyi even stuck her tongue out at Zhang Shaofeng and pretended to be angry.

Ling Yichen, who was beside her, laughed.

## Chapter 1786: the Vixen who delivered herself to his doorstep

“Zhizhi, I have to pack my things tomorrow. I can only leave for my grandfather’s house at five o’clock tomorrow afternoon. My chauffeur will send us there. When the time comes, you can just come to my house and look for me!”

After playing a little joke on Zhang Shaofeng, Chen Xinyi turned around and stuck out her tongue at Yun Zhi.

“Okay.” Yun Jian nodded.

Not long after, Chen Xinyi’s father arrived. Chen Xinyi was saved by Yun Jian. Chen Xinyi’s father thanked Yun Jian and invited him to play at home for a while. He also invited him to have dinner, but Yun Jian refused first.

After sending Chen Xinyi away, Yun Jian went home first.

Qin Yirou must be at home by now. GE Junjian would be home in the next few days, so Qin Yirou had already prepared dinner.

As soon as she got home, she passed by an intersection. Yun Jian’s ears were sharp, and she heard a few long-tongued women muttering beside her.

These long-tongued women often gathered at the intersection to mutter, so it wasn’t strange, but what attracted Yun Jian’s attention was the object of these long-tongued women’s muttering. It was Qin Yirou.

Yun Jian raised his eyebrows slightly. She conveniently stuck to the corner of the wall, not revealing her body. She listened to these long-tongued women’s muttering from the dark.

“Hey, Hey, Hey, do you know GE Junjian from our neighborhood? Didn’t he marry a wife named Qin Yirou not long ago?”

“Of course! When they got married, it shocked the entire Longmen City, no, the entire Zhejiang province! I heard that the red carpet was spread from the bride’s home to the groom’s home!”

“I talked to this Qin Yirou of yours a little. She’s quite a nice person!”

The above was just the murmurs of a group of gossipy women. The next part was the most important part.

Hearing this, Yun Jian narrowed his eyes slightly.

Then, the group of gossipy women suddenly gathered together, as if they were afraid of being heard by others.

The words spread.

Yun Jian’s hearing was good, so he could naturally hear it clearly.

“This GE Junjian is really upright. He usually loves his wife Qin yiruo very much, but the woman outside is not serious!”!

“Do you know that two days ago, a woman came to GE Junjian. She said that she was his university classmate. Now that she has divorced her husband, she just wants to catch up with GE Junjian!”!

“As a woman, how can I not know the thoughts of that kind of woman? I just want to seduce her because GE Junjian is rich now, OH, he is rich now!”!

“She even pretends to be especially good with Qin Yirou and freeloads for food every day! Which good woman freeloads for food every day? ! Qin Yirou from that family is kind-hearted and doesn’t know what that woman is thinking! She wants to seduce her husband!

“If it were anyone else, GE Junjian would probably be able to seduce that woman in front of her! Fortunately, GE Junjian is a soldier and has integrity, so he wasn’t seduced by that woman!

“But a man’s heart, no one can be sure! Who knows, maybe one day, GE Junjian would also be seduced by that Vixen? To be honest, if it had been me, I would have swept that kind of woman away with a sweep of my broom! If she dares to loiter in front of my man, I’ll stab her in the ass!”

These words were all said by the same gossipy woman.

At the end of the sentence, even this gossipy woman couldn’t help but swear.

Yun Jian’s eyes flashed sharply in the dark.

She had not been back for a few days, so she did not know what had happened at home.

Sometimes, the gossipy woman’s words were not just gossip.

After understanding the general situation, Yun Jian returned home.

The door of the house had just been opened, and the person who greeted her was not Qin Yirou, but an unfamiliar woman.

This woman had plump breasts and buttocks. Her breasts were very big, and her buttocks were also big. However, her figure looked very good. Although she was in her forties and looked many times uglier than Qin Yirou, she was younger than Qin Yirou.

When the woman saw Yun Zhi, she turned to Qin Yirou, who was standing behind her, and said in the tone of a hostess, “Oh my, this is your daughter, Brother Junjian and sister-in-law, right? She is so pretty!”

### **Chapter 1787: dog shit, don’t you think it stinks**

GE Junjian’s family was rich now, and everyone in this neighborhood knew about it.

When Ge Junjian and his wife Qin Yiruo got married, it was so majestic!

The red carpet was spread from the bride’s house to the groom’s house!

More than twenty super sports cars were welcoming the bride!

Among them, there were a few flagship limited edition sports cars!

Just these alone were enough to make a group of neighbors die of envy!

One had to know that the neighbors in GE Junjian's neighborhood were not poor.

GE Junjian's home was a villa, and this was a villa forest. The surrounding neighbors all lived in villas, so it was naturally impossible for them to be poor.

However, compared to GE Junjian and Qin Yirou's luxurious marriage, the surrounding neighbors could not compare at all.

The woman standing in front of the cloud note was called Xu Nina. The latter part of her name was similar to a foreigner's name. Xu Nina's parents had gone to university to show that they were intellectuals, therefore, they gave her a different name.

Xu Nina was GE Junjian's university classmate. Because they were from the same city, they usually had dealings with each other, but not much.

When they were in university, GE Junjian kept a low profile. Xu Nina thought that Ge Junjian's family was very poor.

When they were in university, because of GE Junjian and Xu Nina's outstanding looks, it was inevitable that there would be some people who liked to make a fuss to get them together.

Xu Nina thought that Ge Junjian's family was poor, so she refused to have any contact with GE Junjian. Every time she accidentally bumped into GE Junjian and was teased by the people around her, Xu Nina would be full of dissatisfaction.

She even wanted to explode.

The two of them never met again. GE Junjian only heard that Xu Nina later married a rich man. Her husband was a big boss of a certain city and was worth millions!

Millions in this era were really rich people.

But recently, Xu Nina was forced to get a divorce by her rich husband. She didn't even get a fart. She became a penniless monk and was chased out with her son.

But in front of outsiders, Xu Nina still had to pretend that she was rich and refute her own face.

This time, when Xu Nina came back, she occasionally heard that GE Junjian's family had become very rich!

Moreover, GE Junjian looked valiant and valiant. Xu Nina was moved.

Especially when she heard that when GE Junjian and Qin Yiruo got married, there were more than twenty super sports cars, including the red carpet from Qin Yiruo's house to GE Junjian's house.

Xu Nina thought that these were all the money that GE Junjian had made, and that GE Junjian had become so rich! So she quickly came to the door.

When she saw the cloud note, Xu Nina had just recovered from her confidence that she was younger than Qin Yirou, and she was instantly struck again.

But Xu Nina did not dare to be rude to the cloud note, so she could only pull her face and speak nicely to the cloud note.

As soon as Yun Jian entered the door, he saw Xu Nina's hypocritical face.

Xu Nina's face was covered with thick makeup, and she was no different from a nightclub princess. The perfume on her body could be smelled from more than ten meters away.

Seeing this, Yun Jian frowned.

Seeing Yun Jian ignore her, Xu Nina's face flashed with displeasure, but she still used a very intimate tone to speak to Yun Jian:

"Little sister, you're really beautiful. Tell me, What's Your Name? How Old Are you this year?"

As she spoke, Xu Nina turned her body sideways and waved at a thirteen or fourteen-year-old boy. After the little boy ran over, Xu Nina blocked the Yun Jian at the door and refused to let him in. It was as if she was the mistress of this place.

Pulling the little boy, Xu Nina even introduced him to Yun Jian intimately. "This is my son, Xu Liao. Liao Liao, quickly call me elder sister!"

As she spoke, she even asked her son to call Yun Jian big sister.

She said that she came uninvited and treated other people's homes as her own. She considered herself to be the master. She was a person like Xu Nina.

Yun Jian did not even look at Xu Nina. She kicked Xu Nina away and walked straight into the house.

Xu Nina was kicked and almost lost her footing. She pulled the little boy and fell to the side.

When Xu Nina regained her balance, she was furious. She was about to complain to GE Junjian.

However, she heard the sound of the cloud paper. It was said to GE Junjian and Qin Yirou:

"Dad, MOM, when did the threshold of our house become so low that even dog poop can enter the house? Don't you think it stinks?"

### **Chapter 1788: was in front of her, showing off her English**

The reason why Xu Nina dared to come so arrogantly was because she was sure that GE Junjian and Qin Yirou wouldn't dare to chase her away.

After all, GE Junjian and Qin Yirou were honest and honest people. Usually, when someone came to their home, as long as it was someone with a thin skin, they would treat them with courtesy.

Even if the other party was very excessive, as long as they didn't cross the line, they would generally tolerate the other party.

GE Junjian and Qin Yirou could be considered relatively honest people. Therefore, even though GE Junjian and Qin Yirou did not like Xu Nina coming to their home, they were too embarrassed to say anything to chase her away.

Therefore, Xu Nina had been coming to their home every day to freeload, and Qin Yirou was too embarrassed to say anything.

However, what Xu Nina did not expect was that she originally wanted to use the same method to make Yunjian feel embarrassed to chase her away. However, she did not expect that Yunjian would actually say such a thing as soon as he opened his mouth!

Dog Poop!

He actually described her as dog poop!

“Little Jian, the visitor is a guest. You Can’t say that.”Qin Yirou had long disliked Xu Nina, but she still had to say that in front of outsiders.

As she spoke, Qin Yirou gave Yunjian an ‘awesome’look.

“My child is young, so his words are well-written. Don’t take it to heart.”After Qin Yirou spoke, she hurriedly said to Xu Nina.

This made Xu Nina, who originally wanted to say that the cloud note wasn’t true, have nothing to say at all.

Since Qin Yirou had already said so, if she, Xu Nina, still wanted to say something, wouldn’t that mean that she was being calculative with the child?

Xu Nina’s expression was very ugly.

“You’re not allowed to talk about my mother! You’re a bad person!”At this moment, Xu Nina’s son, Xu Liao, suddenly shouted at the cloud note.

This sentence gave the surrounding people a shock.

“Liao Liao! Don’t talk nonsense! You have to treat your sister as your biological sister. Don’t talk nonsense like that in the future!”Xu Nina covered Xu Liao’s mouth and said to Xu Liao very seriously.

When the others heard this, they really thought that Xu Nina was well-bred.

But thinking about it carefully, Xu Liao had to treat Yun Jian as his biological sister?

If one understood the deeper meaning of these words, perhaps it could be understood as...

She, Xu Nina, was going to occupy Qin Yirou’s position sooner or later and make Xu Liao Call Yunjian Sister?

Xu Liao listened to Xu Nina very much. When Xu Nina said this, Xu Liao immediately shut his mouth.

“Oh right, Liao Liao, what did you learn in school today? What did you learn from the English teacher at the tutoring station?”

Xu Nina was not angry with Yunjian, but she could not show it on her face, so she wanted to use her son's outstanding talent to stimulate Yunjian.

"Mom, the progress of the Tutor's English teaching is too slow. Even if a foreigner is standing in front of me, I can already say a few words of everyday language to him!"

Xu Liao was still a junior high school student. He was not tall, but his smug look did not fall behind at all. He spoke proudly.

"Wow, Liao Liao is really good!" Xu Nina clapped her hands as she spoke. Then, she looked at Yun Jian and looked at him with contempt. She pretended to be very kind and said to Yun Jian,

"My Liao Liao is not good at other things, but his English is good. I heard that now that you are in high school, your English in high school is getting more and more difficult! My Liao Liao has been learning English since primary school. If you don't understand, you can ask my Liao Liao!"

Yun Jian sneered with confidence.

Unexpectedly, Yun Jian's phone rang as soon as Xu Nina finished her sentence.

Yun Jian raised her hand. When she saw the text displayed on the phone, her eyes twitched.

Xinqi company was now developing abroad. There was no room for further development at Xinqi Company in China.

Zhang Zhifan didn't know any foreign languages, so as long as he talked about cooperation with foreigners and Yun Jian was free, she would pick up the phone.

Yunjian pressed the speakerphone and picked up the phone.

A series of fluent English voices came from the other end of the phone. "Hello, Miss Yunjian. I'm Apollo, the President of Alida Company."

Under the eyes of Xu Nina and Xu Liao, Yunjian replied smoothly, as if she was a native foreigner, she started to talk to the other party in fluent English. "For work, look for my assistant, Qingyao. She will help you solve everything."

### **Chapter 1789: GE Junjian said, life and death follow**

As soon as Yun Jian finished speaking, she hung up the phone.

Although this back and forth conversation only lasted for a few seconds, this fluent English conversation was definitely not as simple as everyday English conversation.

This scene shocked Xu Nina and her son Xu Liao.

Especially Xu Nina, who had just bragged about her son, her face stiffened.

What did she just say? She said that she wanted Yun Jian to learn English from her son, but what about Yun Jian? He could actually talk to a foreigner?

Xu Nina was very thick-skinned. After a pause, she quickly put aside her awkward situation and turned to look at Qin Yirou:

“Aiyo, sister-in-law, your daughter knows a foreigner?”

This strange voice made Qin Yirou frown slightly.

“Xiao Jian knows some foreign friends and will usually come and go.” Qin Yirou smiled politely at Xu Nina. In fact, she didn’t like Xu Nina.

At this moment, a heroic figure came down from upstairs. Looking closely, wasn’t it Ge Junjian?

Yun Jian narrowed his eyes.

His mother, Qin Yirou, married GE Junjian because GE Junjian was an upright person. He would not have any dealings with women who were promiscuous.

It had not been a day or two since Xu Nina came to visit. From what those gossips said, it had been a while.

If she came to visit once or twice, Xu Nina was probably just here to reminisce about old times. Moreover, as the host, GE Junjian and Qin Yirou should not chase her away.

However, it wasn’t a day or two that Xu Nina came to visit. No matter how stupid GE Junjian was, he should have seen through her.

If he didn’t do anything, Yunjian thought, was it really the right choice for Qin Yirou to marry Ge Junjian?

“Xiaojian is back? Let’s go to the hotel for a big meal tonight. Dad wants to invite a few university classmates to get together. Let’s change clothes and go together!” GE Junjian looked at Yunjian, he adjusted his suit and said to Yun Jian with a smile.

Today, GE Junjian invited a few university classmates for a meal. That was why Xu Nina stayed here so late and threatened to go with GE Junjian and Qin Yirou.

It was already past seven o’clock in the evening. The reason why he chose this time to invite his university classmates for a meal was that some of Ge Junjian’s university classmates had to work during the day and got off work later at night.

Seeing GE Junjian dressed up and changed into a military uniform, Yun Jian’s eyes lit up when he saw Xu Nina.

Yun Jian lowered his eyes and walked upstairs.

If GE Junjian didn’t handle this matter properly, she would definitely take Qin Yirou away.

Three minutes later, Yun Jian changed into a clean white long-sleeved shirt and a pair of blue tight jeans. The loose clothes and tight jeans fully displayed her curves.

There was a refreshing and refined feeling.

Yun Jian was just about to go downstairs when he heard GE Junjian talking to Xu Nina. At this moment, Qin Yirou was also standing at the side listening.

However, she heard GE Junjian speaking to Xu Nina very seriously:

“Xu Nina, I, Ge Junjian, am sitting up straight. I have never done anything to betray others. I didn’t say it clearly two days ago because I wanted to give you some face. Today, I also made it clear to you in front of my wife.

“When I was in university, my classmates wanted to set us up, but I never had any thoughts about you. I never did before, I won’t do it now, and I won’t do it in the future! I hope you can respect yourself!

“I, GE Junjian, will only acknowledge her, Qin yiruo, as my wife in this life! I will follow you through life and Death!”

### **Chapter 1790: it’s easy to die, to go to Hell**

Before the cloud paper had gone downstairs, it heard GE Junjian say these words to Xu Nina in a very solemn tone.

GE Junjian was a soldier, of course, he would not use rough words like “Get out of my house” to speak to Xu Nina, but Ge Junjian would not not say anything to Xu Nina just because he was embarrassed, he would let Xu Nina wander around in front of him.

He could not do that.

Qin Yiruo was thin-skinned. She was born weak and was a well-behaved person. GE Junjian naturally understood this.

However, his wife was married into the family to be pampered and protected. Otherwise, what was the use of having him as a man!

Since Xu Nina was so shameless, then he, GE Junjian, would be the villain.

The cloud paper standing on the stairs suddenly curved.

As expected, the decision to let Qin Yirou follow GE Junjian was not wrong.

Qin Yirou, who was standing downstairs, was so touched that she could not speak after hearing ge Junjian’s words.

On the contrary, Xu Nina, who was standing opposite Qin Yirou and Ge Junjian, stiffened. She did not expect that the person who exposed her was actually GE Junjian!

After her face froze for a while, Xu Nina looked at GE Junjian and continued to pull her face and act pitiful:

“Brother Junjian, what are you talking about? How many years have we known each other? This time, I divorced my ex-husband. When I came back, I thought that I had no one to rely on, so I thought of how nice you were in school back then!

“Now that you’re a proper soldier again, I really have nowhere to go with my younger sister and child. My parents are now chasing me away, and I don’t have a job.

“I know I’m a little thick-skinned, but if it weren’t for Brother Junjian and sister-in-law, I would have starved to death on the streets with my Liao Liao...”

After hearing GE Junjian’s words, Xu Nina was furious with Qin Yirou.

What’s so good about this woman! She’s not as young as me!

But after hearing GE Junjian’s words, Xu Nina wanted to rely on GE Junjian even more.

Not only was GE Junjian Rich, he was also not a playboy! TSK, if my ex-husband had half of GE Junjian’s heart, he wouldn’t have allowed me to become a monk with nothing! That damned bastard!

Xu Nina wiped away her tears. The meaning behind her words was that if GE Junjian and Qin Yirou refused to let her freeload, it meant that she and her son, Xu Liao, would die.

GE Junjian frowned. This woman was really difficult to deal with!

Just as GE Junjian was about to speak again, Yun Zhi’s voice came from upstairs before him:

“Then let me see you starve to death on the streets. If you can die, I’ll donate money to help you bury your body.”

This voice suddenly sounded. It was a stark contrast to Xu Nina’s soft and weak voice, which was wiping away her tears as if Qin Yirou and GE Junjian had bullied her.

Sometimes, when others are shameless to you, why should you leave face for them?

If she can be shameless to you, then you must let her know what the highest level of shamelessness is!

Yun Jian walked down the stairs with a cold face. She spoke word by word, making Xu Nina’s face even uglier.

On the first day when Xu Nina went to GE Junjian’s house to visit, she saw Qin Yirou. After chatting with Qin Yirou for a while, she knew that Qin Yirou was a soft and weak person.

Such a person, even if she stole her man in front of her! She could only wipe her tears in the dark, right?

Therefore, when she heard that Qin Yirou had a son and daughter, Xu Nina’s first thought was —

Qin Yirou’s son and daughter were born with that coward ex-husband. They were probably not that powerful! Therefore, her daughter and son must be the same as Qin Yirou. They were also soft and weak people.

However, at this moment, Xu Nina was wrong. Yun Jian was completely different from Qin Yirou!

However, that was not the only thing that made Xu Nina Wrong.

“Little sister, how can you say that... Even I want to say that. I want to kill myself...” Xu Nina wanted to pretend to be pitiful again, and she even looked around for a place where she could die.

Xu Nina thought that Yun Jian would rush up to her and tell her that she was wrong because he was afraid that she would commit suicide, or that Qin Yirou and GE Junjian would come forward to stop her.

However, Xu Nina was wrong. Just as she was about to look for a place to pretend that she was going to commit suicide, she saw Yun Jian walk up to Xu Nina in a few steps.

Yun Jian flipped his hand and the butterfly knife appeared. She swung the butterfly knife twice and placed it directly on Xu Nina's neck. Just as Xu Nina was so frightened that she wanted to take a step back, Yun Jian's cold words were heard:

"Isn't it easy to die? I'll send you to Hell."
