

Schoolgirl 1801

Chapter 1801: was simply like a young elite

The people in the army originally only wanted to ask GE Junjian to help stall for time, to delay this international felon until the people in the army came to arrest him.

Moreover, because they wanted to arrest an international felon, the troops that came out this time were the most powerful.

However, when this group of people rushed to the scene, they only saw Ge Junjian and his group squatting on the ground and firmly suppressing the international felon. Yun Jian stepped on the back of the International Felon's subordinate, she wasn't afraid that the subordinate of the international criminal would be able to escape from her.

This scene caused the troops that had arrived to tremble.

What the hell was going on!

They had rushed here to prepare for a big fight. It was even possible for them to accidentally sacrifice themselves in the fight against the international criminal!

But now. Before they could make a move, they were already subdued by GE Junjian... ! ... this little girl! ?

Although they were surprised, the group of people who had rushed over from the army still heaved a sigh of relief.

In a fight against an international felon, this international felon had a gun in his hand! There would definitely be casualties. These troops all had relatives. If one person died, it meant that they would persecute a family.

But for the sake of the people, they had no choice but to fight! If these people were not eliminated in this era, how could there be a modern era of peace like ours?

But what these troops did not expect was that GE Junjian's group had actually suppressed these international criminals!

There were only a few of them... ! ... they had actually suppressed the international criminals!

This was a great merit!

The leader of the troops walked towards GE Junjian. This man obviously knew GE Junjian. The moment these words left his mouth, Yun Jian could tell that this man was the person who had just called GE Junjian.

However, this man was stunned. Then, he looked at GE Junjian and said,

"Old Ge, good job. You actually brought people to arrest him directly!"

“Cough cough! The one who arrested him isn’t us... It’s her!” At this moment, GE Junjian’s university classmate, the man named Jade Super, looked at Yun Jian and said.

“What, what, what? You’re not the ones who wanted him, it’s this little girl...” the man, including everyone who was standing behind the man, was completely dumbfounded.

“You can take her away. Dad, MOM has been waiting there for a long time. Let’s go back.”

Just as the man and everyone who was standing behind the man were suddenly dumbfounded, Yun Jian’s voice rang out towards GE Junjian.

Obviously, she didn’t want to make a big deal out of this.

“Old Wang, my daughter doesn’t want to be in the limelight. You know, we’ll leave First!” GE Junjian said to the man after handing the international criminal over to him.

The man who was called “Old Wang” was stunned. He opened his mouth and finally nodded.

After Yun Jian took back the necklace she gave Qin Yiruo from the man, she turned around and got into the Jeep with GE Junjian and the others.

The necklace was placed in a box, so no one could tell what it was.

The Jeep left under the gaze of the troops.

...

At the main entrance of the new family hotel.

Qin yiruo, Wang Defang, and the group of women and children had been standing there waiting for quite a while.

During this time, Wang Defang kept talking about Yun Jian.

Seeing that the men were not back yet, Wang Defang was so nervous that his man was about to cry. At this moment, he continued to coldly Harrumph at Qin Yiruo:

“Why did you let that little girl follow you? ! You’re causing trouble, aren’t you? ! If My Man can’t come back because of that little girl, I’ll kill you!”

Wang Defang’s words were very harsh.

Just as Wang Defang kept nagging, the jeep that Ge Jun had built also drove back.

Seeing that the men had returned safely, everyone present also heaved a sigh of relief.

When Yun Jian and the others got off the car, Wang Defang, who had heaved a sigh of relief, walked over and grabbed her man’s hand. Then, she began to nag:

“Darling, are you alright? That little girl didn’t cause any trouble for you, did she? How troublesome! She doesn’t have the self-awareness of a child! She’s only causing trouble for the adults! This kind of person is the most disgusting...”

Wang Defang pulled on his loudspeaker just for Yun Jian and Qin Yirou to hear.

Xu Nina, who was standing by the side, also raised her head and listened to Wang Defang's scolding of Yun Jian and Qin Yirou with great enthusiasm.

However, just as Wang Defang was scolding Yun Jian and Qin Yirou the most, Wang Defang's man suddenly roared back at Wang Defang angrily:

"If it wasn't for Jun Jian's daughter, we wouldn't have been able to catch up to that international criminal! Not to mention, we wouldn't have been able to catch him! If the higher-ups were to reward us this time, all the rewards should go to Jun Jian's daughter!

"She's simply an elite youth!"

Chapter 1802: Zhang Shaofeng called him big brother Shi

Wang Defang was not wise, but her husband was still a very wise man. As a soldier, his thoughts naturally could not be like Wang Defang's!

Wang Defang opened her mouth, but in the end, she could not say anything.

Her husband actually said that everything that happened just now was all thanks to the cloud tablet!

Without the cloud note, it was impossible to complete the mission!

This explanation shocked Wang Defang to the point that she was in a daze. Xu Nina, who was beside her, also trembled.

"Hey! You guys don't know, that international felon just now, What International Felon! Jun Jian's daughter just stepped on the head of that international felon, and it scared the international felon to the point that his entire body was trembling!"

Now that the matter had passed, GE Junjian's university classmate used the tone of a story to narrate what had just happened.

"I say! Even if Jun Jian's daughter just blew up the head of that international felon, that international felon didn't dare to say a single word! Jun Jian's daughter is simply too amazing! hahaha!"

GE Junjian's university classmate was talking more and more energetically, but his words scared Wang Defang and Xu Nina so much that their faces turned pale.

Especially when it came to blowing up the heads of international criminals, Xu Nina took a deep look at the cloud note. Her face was pale.

Xu Nina had been staying at GE Junjian's house to beg for food these days. She was extremely shameless.

Later, GE Junjian told her about this matter. Xu Nina's reaction told everyone that no matter what you say, I still have to stay at your house to beg for food!

But at this moment, Xu Nina looked at the cloud note. Her face was pale and powerless. She was really frightened.

Who told her why Qin Yiruo looked so easy to bully? She actually had such a terrifying daughter!

At this moment, Xu Nina was hugging her son Xu Liao's head, but she was thinking in her heart.

She absolutely would not go to GE Junjian's house again!

It was too terrifying! Compared to her own life, going to Ge Jun's house was simply risking her life!

Thus, Xu Nina slipped away without anyone noticing. She didn't even say goodbye.

Seeing this, Yun Jian curled his lips coldly. Naturally, he knew what Xu Nina was thinking.

...

After returning home and taking a shower, Yun Jian simply packed his luggage.

He was going to the countryside with Chen Xinyi the next day. After staying in the countryside for a period of time, he naturally had to bring some necessities.

The moment he slept on the bed, the sound of a text message came from his phone.

It was from Si Yi. There was only one simple sentence on the text message: Where Are You Going Tomorrow? Sleep early.

He probably knew that he was going to the countryside. Yun Jian looked at the text message and smiled. Then he replied, "Guess."

After sending the text message, Yun Jian turned off his phone and fell asleep. Si Yi did not send another text message because he knew that Yun Jian was about to fall asleep.

The next day, Yun Jian had just arrived at Chen Xinyi's house when he saw Zhang Shaofeng helping Chen Xinyi load up her private car with all sorts of things. Seeing that Yun Jian was carrying a simple shoulder bag, he looked at Yun Jian and shouted, "Master!"

Obviously, Zhang Shaofeng was going to the countryside as well. He must have asked for leave from school.

Chen Xinyi had already gotten into the car. She was just fine. It was not suitable for her to stand for too long. Her head was now leaning against the car.

"Have you set off?" Yun Jian asked Zhang Shaofeng as he spoke.

"Master, we're waiting for another person!" Zhang Shaofeng smiled evilly at Yun Jian. It was as if he had betrayed his master.

Yun Jian turned her head to look at Zhang Shaofeng. Just as she was wondering what Zhang Shaofeng's expression meant, her waist was suddenly pulled back, and a fresh and familiar scent reached the tip of her nose.

It was him.

Si Yi hugged her from behind Yun Jian, and they were very intimate.

“Big Brother Si! You’re here! Haha! I’m leaving first, I’m going to find Xinyi!” Zhang Shaofeng laughed as he glanced at Si Yi, and then ran to the car in a flash.

He originally wanted to address Si Yi as his master’s husband!

However, after thinking about it carefully, would the master guild call Si Yi Old? Therefore, Zhang Shaofeng immediately changed his words. After saying that, he ran away!

Chapter 1803: an obsession to Jingdezhen

Yun Jian was still puzzled yesterday. Why did Si Yi send her a message asking where she was going? But she didn’t think too much about it. Today, Si Yi appeared.

She pursed her lips and was hugged by Si Yi from the back. So, Yun Jian raised his head to look at his handsome face and asked, “Didn’t you go back to the organization?”

“I’m done with the matters of the organization. During this period of time, I’ll be by your side to accompany you.” Si Yi’s eyes looked at Yun Jian lovingly. Her deep and beautiful eyes reflected only her.

Zhang Shaofeng was the one who told Si Yi that Yun Jian was going to the countryside to accompany Chen Xinyi to recuperate. After Si Yi received the news, he rarely appeared in the past few days, or he would appear every now and then and leave, he wanted to stay at the organization and finish all his work. He planned to accompany Yun Jian to the countryside.

He wanted to leave everything in the mortal world behind. In the quiet environment of the countryside, no one could disturb him and his little Jian.

This time, Si Yi sent Adam and Mosen away.

Before he came to find Yun Jian, Si Yi told Adam and Mosen to play wherever they liked.

Just as Si Yi’s plan was going well, Yun Jian suddenly suggested, “Little bamboo and the other two haven’t come out to play for a long time. Why don’t we ask for leave for them and bring them out for a walk...”

Before Yun Jian could finish, Si Yi’s thin lips moved and he immediately rejected, “No.”

Yun Jian:”...” Yun Jian blinked.

Si Yi saw Yun Jian’s adorable appearance. If it were not for Chen Xinyi’s front door, he would have grabbed Yun Jian’s head and kissed his tender lips.

“Jian Jian, we have to set off! My Grandfather’s house is a little far from Longmen city. We have to set off early!” At this moment, Chen Xinyi’s voice sounded. As she could not move her head, she could only sit in the car and shout.

...

Two hours later, Chen Xinyi’s family’s private car went around many mountains and finally came to a place called Jinde village.

Jinde village was a village that leaned on the mountains. It would take half an hour to go from here to the nearest town.

Moreover, Jinde village was not rich. Every family built a house that was one story high.

When Yun Zhizhi was reborn, he came to Xinjiang Town. Xinjiang town was a town, and this was just a village.

Yun Jian used to be at the peak of the world. The shabbiest place he went to after his rebirth was probably a place like Xinjiang town.

But a town was still a town, and it was definitely much better than the countryside.

The people in Jinde village were poor, and there was no place for them to work. If they wanted to work, they had to go to the town. However, the money for a round trip to the town by car was not enough for their wages, so the people here usually lived by farming.

Chen Xinyi's family was not poor. Her mother had asked her grandfather to leave Jin de village more than once, but her grandfather was unwilling to leave.

Because her grandfather's wife, Chen Xinyi's grandmother, had passed away early, Chen Xinyi's grandfather and grandmother had been living in Jin de village since they were children.

From when they were still toddlers, to when they could run and jump, to when they met, to when they got to know each other, to when they got married, and to when they stayed together for life. Chen Xinyi's grandmother had passed away early, but her grandfather did not leave far away because he did not leave the land where he had lived with his lover for his whole life.

Without people, even if they were to stay in their hometown, which had long changed, it was still a kind of obsession. Some people could stay in this kind of obsession for the rest of their lives.

"We're here. It's Here!" Chen Xinyi first got off the car with Zhang Shaofeng's help. Then, she turned her head to look at Yun Jian and said to Yun Jian.

The car stopped at the entrance of the village. After Yun Jian and the others got off the car, the car drove back to Longmen City.

They set off at five o'clock. It was already seven o'clock in the evening. At this moment, there was still a trace of sunset in the horizon. It was very beautiful.

"My Grandfather is at the first house at the entrance of the village. Let's Go There!" Chen Xinyi leaned on Zhang Shaofeng, who was covered with big and small bags, and said to Yun Jian as she led the way.

Chapter 1804:

The first house at the entrance of the village was easy to find. The houses here were all one-story high. The houses were not made of cement, but were made of mud walls and tiles.

These mud walls and tiles remained in many modern villages and were not demolished. Many modern villages had replaced them with cement houses, but in 1999, the most common houses in the countryside were still mud walls and tiles.

This kind of house looked weak and simple. It was obvious that it was where poor people lived. However, in this era, every household in the countryside was the same.

The people who could build cement houses were considered the richest in the village!

The roads in the countryside were not like those in towns or cities. The roads here were full of potholes.

Some people who were used to living in big cities would find it impractical to move to this place for a long time. However, if rich people came to live here for a short period of time, it would be very romantic.

“Fly, fly, fly, fly! The butterflies are flying!”

Yun Jian had just walked into the gate of the first house at the entrance of the village when he saw a few children playing.

“Dong Dong, is Grandpa Home?” Chen Xinyi looked at one of the children and called out to him.

The boy who was called was called he dongdong. He was Chen Xinyi’s cousin. He was six years old this year and was very clever.

“Sister Xinyi!” When he dongdong saw Chen Xinyi, he stopped playing games with his friends and turned around to run to the house.

“Grandpa, Grandpa! Sister Xinyi and brother Shao Feng have brought back a beautiful sister and a handsome brother!” He Dongdong rushed into the house and shouted.

After a while, an old man with a cane walked out.

This old man was Chen Xinyi’s grandfather, he qing.

He Qing used to be a teacher and was a teacher. He had been very strict with his children since they were young. Therefore, Chen Xinyi’s mother, he shiya, had the temperament of a lady from a wealthy family.

He Qing could live on his pension now.

“Xinyi and Shao Feng are back? Are there guests? Come in quickly!” He Qing invited Yun Jian and Si Yi into the house in a very friendly manner.

Inside the house, although the house was simple and crude, he Qing still made a cup of tea for Yun Jian and Si Yi. Yun Jian and Si Yi did not show any disdain at all.

“Are the pretty sister and the handsome brother a couple?” At this moment, he Dongdong, who had been playing outside, surrounded Yun Jian and Si Yi with a group of friends and asked them like curious babies.

Yun Jian and Si Yi were very handsome. They had never seen such a beautiful sister and handsome brother before, so they all rushed into the house.

A few children even went to the village and gathered all the children to watch Yun Jian and Si Yi.

Surrounded by so many little heads, Yun Jian was a little embarrassed.

“Yes.” Si Yi, who was sitting next to Yun Jian, didn’t look embarrassed at all in front of the children. He even put his arm around Yun Jian’s waist and said.

The handsome man stunned the children.

How could there be such a good-looking brother in this world!

“I heard my brother say that boyfriend and girlfriend means husband and wife. Husband and wife still have to kiss and hug at night. Shame, shame, shame!” A little sister hugged a little boy next to her, she even pouted and showed everyone that she was going to kiss him.

“Are you like my parents? Hugging and bumping around? Last time, I secretly saw my father hugging my mother without even wearing clothes. They were sticking together and bumping around,” another child said cleverly.

As he said this, the child turned his head and glanced at Yun Jian and Si Yi. He asked naively,

“Do pretty sisters and handsome guys also hug and bump around?”

Chapter 1805: I and she are not just that

The child asked with an innocent look on his face. When he asked the question, he even blinked his eyes. His small head matched with the few small heads beside him, which were shaking with curiosity, he did not realize what shocking words they had just asked.

Yun Jian, Si Yi, Chen Xinyi, and Zhang Shaofeng were sitting on the antique eight immortals table in the main house of Chen Xinyi’s grandfather, he qing. At this moment, Yun Jian and Si Yi were sitting together. Si Yi was holding Yun Jian’s slim waist with one hand, and they were very intimate.

Chen Xinyi and Zhang Shaofeng were sitting on the eight immortals table, each taking a seat.

After listening to the innocent child’s words, Zhang Shaofeng took a mouthful of tea leaves and mixed it with his own unique aura, and sprayed it out directly.

The moment he sprayed out the tea leaves, Zhang Shaofeng turned his head fiercely, and only then did he restrain himself from spraying the water on anyone present.

“Cough, cough, cough! Cough...” Zhang Shaofeng took a deep breath. He really did not expect these mischievous little kids to say such words.

What was worse was that these little kids were still looking at Yun Jian and Si Yi with expectant eyes, waiting for Yun Jian and Si Yi’s reply.

“Well, cough, cough, cough! I think there’s still a little bit of sunlight outside. Xinyi, you haven’t basked in the sun for a long time. I’ll bring you out to experience it.”Zhang Shaofeng gave a random reason and walked over to help Chen Xinyi up before walking out.

At this time, the Sun had already set. The Sun might set later in Jinde village, and the Sun would rise later in the morning. Therefore, there was still a trace of sunset outside at this time.

Grandfather he Qing was personally cooking in the kitchen. He said that he wanted to properly entertain the two guests who had come from afar, Yun Jian and Si Yi.

After Zhang Shaofeng found an excuse to take Chen Xinyi out of the house, only Si Yi and Yun Jian were left in the house. There was also this group of noisy young people who did not know the severity of their questions.

Seeing Si Yi and Yun Jian remain silent, si yi sized up yun Jian with his pair of eyes that were so good-looking that all the objects in the surroundings had lost their color. The child who asked the question earlier asked naively again,

“Pretty sister, do handsome guys bump into each other? My mother said that only two people who are in love would do this. Don’t handsome guys like Pretty Sisters?”

As soon as the child finished speaking, the children looked at Yun Jian and Si Yi with curiosity.

Yun Jian’s face had turned red from the moment the child spoke.

Si Yi had a wicked smile on his face. From the beginning to the end, he didn’t take his eyes off Yun Jian. Under the expectant gazes of the children, Si Yi retracted his hand that was holding Yun Jian’s slim waist and said with a gentle light in his eyes,

“Her entire body is mine. Every part of her body is unique to me, so... What do you think?”

Si Yi did not say it explicitly. When the child asked such an innocent and bashful question, Si Yi’s reaction was different from Yun Jian’s. Yun Jian’s face turned slightly red, and there was a pinkish redness on the sides of his cheeks.

Si Yi’s initial reaction was to raise his handsome face. That devilish handsome face really deserved a beating.

“So the handsome guy and the pretty sister will really bump into each other?”The child opened his not-so-good-looking face and smiled twice, as if he was bored, so he asked again.

“Idiot, what the handsome guy means is that he and the pretty sister will definitely bump into each other!”At this time, Chen Xinyi’s cousin, he dongdong, added with a mischievous voice.

After saying this, Yun Jian’s face turned even redder, and the children around him began to giggle.

The child was still not satisfied. He spoke like a curious baby, and Si Yi asked,

“Then would handsome brother hug pretty sister and bump into each other while kissing and hugging her? My parents would!”

As soon as the child spoke, Yun Jian was so embarrassed that he was about to stand up. However, Si Yi simply pulled her into his arms, and Si Yi said in front of everyone, chueh-si shamelessly replied, "She and I are naturally... more than that."

Chapter 1806: the only person she liked was me

At this moment, Yun Jian even wanted to slap Si Yi to death.

To say such words in front of a large group of children, he was probably the only person in the world who would be so Shameless?

Most importantly, the large group of children in front of him were children who had not seen much of the world, did not have any schemes, and spoke without restraint.

"What are you talking about..." Si Yi held Yun Jian in his arms. She nudged Si Yi with her elbow and said this.

When Si Yi heard this, it was as if she was acting coquettishly towards him.

Her arc unconsciously rose up.

After being nudged by Yun Jian, Si Yi, who didn't feel any pain at all, wished that he could confine her in his arms for the rest of his life. HMM... ... just like how little jian acted coquettishly to him just now, he was willing to listen to her for the rest of his life.

He really wanted to eat her up until there were no bones left, so that she would never be able to leave his side for the rest of her life.

"Does little jian like children?" Si Yi's handsome lips pressed against Yun Jian's ear, and his mellow and magnetic pleasant voice rang in Yun Jian's ear, making Yun Jian hear it clearly.

When Si Yi suddenly asked this question, Yun Jian did not think too much about it.

Children?

If one wanted to ask whether Yun Jian liked children, it would also depend on the type of children.

HMM...

Why did he say that? Yun Jian liked children like his little brother, Yun Zhu, and children like Duan Li and Duan Ya. They were obedient and obedient, and when necessary, they were a little lively.

However, if it was like the naughty children he had met in the past, they would be fierce and unreasonable, causing trouble, and take the lead to bully children younger than him.

If it was such a devilish child, then she naturally did not like it.

Si Yi quietly looked at Yun Jian's beautiful face and revealed a thoughtful expression. As he looked, he could not help but grin, curl his lips, and smile.

The group of children who stood at the side looking at Yun Jian and Si Yi were like curious babies. They did not make a sound, but they kept looking at Yun Jian and Si Yi left and right.

“Does pretty sister like children like me? Not only can I recite the text, but I can also help my parents do housework!” A little boy patted his chest confidently and said to Yun Jian.

“And me, and Me! I’m so cute. Pretty sister must like me, right?” A little girl with two braids shook her head, the two braids on her head swayed left and right. The little girl stood in front of Yun Jian. She looked at Yun Jian expectantly and asked.

With this question, the surrounding children rushed to ask Yun Jian if he liked her in front of Yun Jian.

It was true that the children in the countryside were wild, but these children would not fight over this matter. They just argued verbally.

“Pretty sister is my cousin’s friend. Of course, she likes me the most!” At this time, he dongdong shook her little head and said righteously.

“Pretty sister would never like you! My cutest and prettiest sister would definitely like me the most!” The little girl with two braids of sheep’s hair said in a rush.

After saying that, the little girl blinked her eyes at the cloud paper and looked at it with a pair of eyes that seemed to be able to speak.

The voice of the child that the cloud paper liked the most in the room was heard at the door.

Zhang Shaofeng and Chen Xinyi were sitting on the bench at the door. Because Chen Xinyi’s head was hurting, Zhang Shaofeng let Chen Xinyi lean her head on his shoulder.

The cousins who usually quarreled the most were now the most harmonious.

If it was in the past, Zhang Shaofeng would always tease Chen Xinyi a little. But recently, after Chen Xinyi’s brain hit the ground and almost died, he was even careful to help Chen Xinyi up.

He would still bicker a little more, but now it was Zhang Shaofeng who was showing weakness every time.

“Hey! Luckily we came out. Those kids in the house are too scary!” Zhang Shaofeng could not help but complain when he heard the noise coming from inside the house.

Chen Xinyi leaned her head on Zhang Shaofeng’s shoulder and grinned.

She was really happy that the cloud paper could be so happy!

At this moment, a muffled male voice came from the room. That mellow and pleasant voice immediately suppressed the argument of the group of children in the room.

The words that came out of Si Yi’s mouth were as if he was snatching a lollipop from a child. He was overbearing and arrogant:

“She won’t like any of you children because the person she likes can only be me!”

Chapter 1807: the old woman, will kill you all

Si Yi's expression was fierce, like a bully who snatched a lollipop from a child's hand and asked the child to go to the store to buy another lollipop for himself.

This Si Yi made the group of children stunned for a while.

Among them, there was a four-year-old girl who had been standing in the corner since the beginning. The little girl had been looking at the cloud paper, then at Si Yi, and was happily talking about it.

In the end, not long after, the little brothers and sisters around them started quarreling.

The four-year-old girl was not sensible to begin with. The children in the countryside were usually in a state of free-range rearing. When the children were old enough, they would let the children follow the large group of children and go out to play with a large group of children.

Perhaps this phenomenon was less common in the countryside now because people now treated children as precious.

In the past, people were poor, and the poorer they were, the more children they had. A couple usually had no less than three children, and many in the village had seven or eight children. This was not surprising.

If there were more children, they would receive less care.

In the early years, even if a child died, it would not be a painful thing for some parents.

Of course, in 1999, it was no longer as feudal as before. At this time, the status of the child was much higher in the eyes of some parents.

This four-year-old little girl was originally young. She had followed her brothers and sisters here to join in the fun. In fact, she didn't understand what was happening at the scene at all.

But after a while, this big brother suddenly said these words fiercely, like a bully who had stolen a child's lollipop. This action of his directly scared the four-year-old little girl to tears.

"Wah! Big Brother is so fierce, Wah Wah Wah! So fierce, I'm afraid, I'm afraid!" As he said this, the four-year-old little girl seemed to be unable to find her way home. Tears fell from her cheeks as she walked out of the door without a sense of direction. She even began to shout.

This caused Chen Xinyi and Zhang Shaofeng, who were sitting outside the door, to be shocked.

"What... What's going on? Brother Si is still fighting with a child for the Love?" Zhang Shaofeng stared with his eyes wide open. It was obvious that he was shocked by the scene in front of him.

What was going on! His master's husband actually scared the child into tears!

This was too amazing! Competing with a child?

Chen Xinyi finally felt Si Yi's strong love for the Yun Jian. She covered her mouth and laughed. Then, she lifted her head from Zhang Shaofeng's shoulder and urged Zhang Shaofeng,

"Hurry up and chase after the little sister. She ran out crying."

“What About You?” Does your head still hurt? Zhang Shaofeng looked at Chen Xinyi and asked.

“I’m fine. Hurry up and chase after that little sister,” said Chen Xinyi.

Before Chen Xinyi could finish speaking, Yun Jian walked out of the room.

Si Yi also followed behind her.

Behind her was a large group of children.

There was probably only one Si Yi who could talk to the children and make them cry.

Yun Jian glanced at him and then chased after the crying little girl.

He saw the little girl run away crying after she walked out of He Qing’s house. She was very fast.

The countryside was originally a neighborhood where neighbors lived next to each other. At this moment, the sky was completely dark and the street lamps by the roadside were lit up. After these neighbors finished their dinner, it was not time for them to go to bed yet, they all liked to sit at the door and chat with their neighbors.

In this era, there were no smartphones or electronic products. Other than working and eating, people were used to sitting together and chatting.

Seeing the little girl running back quickly while crying, the neighbors saw her and looked at her curiously.

Although the little girl’s legs were short, she ran very fast. The little girl’s house was not far away, and in the blink of an eye, the little girl rushed into the house.

Not long after, an old lady in her fifties or sixties carried the crying little girl and walked out fiercely.

“Grandma, an older brother bullied me. Sob, sob, sob... so fierce, so fierce...” the little girl hung on the old lady’s body and cried loudly.

Grandma was the local word for grandma.

The old ladies in the countryside generally preferred boys over girls. Of course, at the same time, if their own daughter quarreled with other people, the old lady was naturally not stupid. It was certain that she would help her daughter.

Seeing Yun Jian and Si Yi walking over and hearing her daughter’s cries, the old lady glanced at Si Yi and scolded him without asking for a reason:

“You two are from the city. Do you think you’re very powerful? How dare you bully my granddaughter? Are you courting death? Even if you’re from the city, I’ll still kill you and Me!”

Chapter 1808: in this world, only I can

The little girl’s grandmother’s surname was Lu. Old Lady Lu did not ask for the reason and started scolding Yun Jian and Si Yi. This scolding made Yun Jian, who originally wanted to appease the little girl, raise his eyebrows slightly.

Si Yi pretended not to hear the old lady's scolding.

Seeing that Yun Jian and Si Yi actually ignored her scolding, Old Lady Lu originally just wanted to demonstrate.

After all, Yun Jian and Si Yi were from the city. Although Old Lady Lu said that she was not afraid of Yun Jian and Si Yi being from the city, since she mentioned it, she could be sure of one thing.

That was that Old Lady Lu had very clearly distinguished between the people from the city and those from the countryside. In Old Lady Lu's heart, being a city person was her lifelong dream.

But even so, Old Lady Lu was not willing to show weakness in front of Yun Jian and Si Yi.

"Lu, Granny Lu, these two children have just arrived in our countryside. Just now, they accidentally raised their voices and made your children cry! We are neighbors, so let's not fuss about it. Give me some face, give me some face!"

Chen Xinyi's grandfather, he Qing, who had heard the noise from the kitchen, came over to ease the awkward atmosphere and said a few words to Granny Lu.

Seeing he Qing speaking up for Yun Jian and Si Yi, old madam Lu glanced at Yun Jian and Si Yi again and did not pursue the matter further:

"He Qing, I will still give you face, but these two people from the city are too impolite. They made my granddaughter cry the moment they came. If this happens again, it won't be so simple!"

As she spoke, Old Madam Lu carried the little girl and turned around to walk back into her house.

Yun Jian and Si Yi did not make a sound.

To be honest, Si Yi was indeed the one who made the little girl cry. Although Old Lady Lu's tone was disgusting, people still had to be reasonable. It was not scary to be said a few words, and it would not lose a piece of flesh.

But what made Yun Jian's mouth twitch was that Si Yi...

Was he angry with the child because of her?

When he thought of this, Yun Jian's heart felt warm, warm.

"She ran out crying." Si Yi saw Yun Jian looking at him. He was afraid that Yun Jian would think that he was fierce just now and would be scared away from him, so he quickly explained.

This was the first time Yun Jian had seen Si Yi like this. She lowered her head and couldn't help but chuckle.

How cute.

If Si Yi heard what Yun Jian was silently saying, Si Yi would probably press her against the wall and kiss her for three days and three nights.

When old Granny Lu walked into the house, she sat around. The neighbors who had just watched curiously as the little girl rushed into the house and called out their grandmother to support her saw her. Now, they all looked at Yun Jian and Si Yi.

“He Qing, are these your relatives? These two children are really handsome!” An old lady sitting at the side smiled and asked he qing.

“No, no, no. These two children are my granddaughter’s friends. They came to the countryside to play,” he Qing explained with a smile.

Actually, the villagers were quite friendly.

The old lady looked at Yun Jian and Si Yi and stole a glance at the place where Old Lady Lu had left just now. Then, she said to Yun Jian and Si Yi,

“You two, don’t bother about that old lady. That Old Lady Lu is famous in our village for being fierce. Whoever provokes her a little is like stepping on the tail of a dog. Don’t be anxious. Don’t be afraid. Here, mother-in-law can protect you!”

This old lady really thought that Yun Jian and Si Yi were being bullied, so she said this.

Everyone around thought that Yun Jian and Si Yi were ordinary students, but the difference was that they were from the city.

Thus, everyone started to greet Yun Jian and Si Yi.

In the end, when they saw Si Yi holding Yun Jian’s little hand, the old lady sitting at the front even came over to take a look. Then she said,

“Are you two a couple?” “People in the city nowadays, it’s no longer strange to have a couple at such a young age. When we were young, if a man and a woman were to get together, they would be scolded to death!” “A woman wouldn’t even be able to get married!”

Just as the old lady finished speaking, Si Yi took the opportunity to continue, “It’s for the best if she can’t get married. In this world, only I can marry her.”

Chapter 1809: innocent child, exposed in public

It was best that no one wanted her in their entire lives, because she could only be his, from the bone, from the inside to the outside, were all his people, who dared to fight with him? Go To Hell.

Si Yi had been poisoned in this life, the name of the drug, called Yun Jian.

After Si Yi’s words, the surrounding old ladies, old men, and some middle-aged women or men all laughed.

The children in the village who were about the same age as Yun Jian and Si Yi all went to the town’s high school or high school and came back once a week.

The most powerful ones got into Longmen City. In this era, if someone in the village wanted to get into Longmen city or other provinces for the high school or college entrance exams, it was simply beating drums and gongs to let the whole village know about it.

After returning to reality, these old ladies and old men had heard a lot of rumors. Usually, when a couple like Yun Jian and Si Yi got together and said they were together, it was just for fun, how many of them could really get married and have children?

Therefore, the old ladies and old men felt that Si Yi's words were a joke.

"Young man, I hope you can keep your word. After you marry her, don't let her down by following you at such a young age!"

The old lady who had spoken just now smiled and waved the fan that she had made herself.

At the mention of marriage, Yun Jian had a bad premonition...

Could it be that he was going to...

Sure enough, Si Yi's hand slipped into his trouser pocket.

"Cough Cough Cough!" Yun Jian coughed lightly. She stretched out her small hand to stop si yi, but Si Yi used his other big palm to hold her small hand.

Si Yi's other big palm had already slipped into his trouser pocket and took out a big notebook.

The marriage certificate of Country R was different from the red notebook of Country Z. The marriage certificate of Country R was similar to the Certificate of award, and there were many types of marriage certificates. One could choose from cartoons, scenery, or various types of marriage certificates.

The marriage certificate of Yun Jian and Si Yi was white with a clean background.

At this moment, Si Yi had already taken out the marriage certificate of Country R from his pocket.

A black line streaked across the top of Yun Jian's head.

This feeling was like a mystery of déjà vu...

"This is my country R marriage certificate with Little Jian. We have already registered our marriage in country R." Si Yi held the marriage certificate in his hand and after showing it off in front of the crowd, he very carefully put it back into his trouser pocket.

This group of people was just thinking that Yun Jian and Si Yi, this young couple, wouldn't be like the other young couples who were just fooling around. The old ladies and old men were completely dumbfounded.

They were already married? And they even went to country R to register?

How urgent was this!

"Cough... you actually went abroad to register... This..." the old lady was truly convinced.

She had only heard of young couples. Men treated a girl's feelings as child's play, and they would lie to the girl and not want her anymore.

However, she had never heard or seen a man like Si Yi who went abroad to register his marriage for Yun Jian, and even treated his marriage certificate as if it was a treasure!

Such a boy was probably extinct. He did not expect to see him here today...

Just as the surrounding old ladies and old men gasped in shock, the child who had asked Yun Jian and Si Yi if they would hug and bump into each other at he Qing's house suddenly spoke in front of everyone:

"Wow! Pretty sister and handsome brother are not only boyfriend and girlfriend, they are also husband and wife! Are they in the same relationship as my parents?!"

"No wonder the handsome guy said that the pretty sister and the handsome guy would not only take off their clothes and hug each other, but also bump into each other and kiss and hug each other!"

Chapter 1810: went to the back of the mountain and shot birds with a bow

The child's voice was very loud, as if he had been called by the teacher to read the text in class. He was full of confidence and vitality that only children of this age could have.

However, when the child finished speaking, the faces of the old ladies and old ladies sitting around him, including the middle-aged woman and middle-aged man, as well as he qing, as well as Zhang Shaofeng, who had followed him out, stiffened.

This kind of thing...

It was fine as long as everyone knew about it. However, this was the first time that it had been said in front of everyone.

The people around could not help but blush at this, not to mention Yun Jian and Si Yi.

Although Yun Jian looked as indifferent as usual, the redness on her cheeks was enough to show the awkwardness at this moment.

Si Yi was still the same as always. He held onto the Yun Jian's hand without blushing, as if he was the most shameless person in the universe.

He was probably the most shameless person in the world, and the only reason he won this award was because of her.

"Cough, cough, cough! Xiao Gang, your mother came out to look for you just now. It's time for dinner at your house! Your Mother wants you to come home for dinner!"

Just as this child who did not know what he had said looked around innocently, an old lady coughed dryly to ease the awkwardness before speaking to this child.

This child's name was Fu Gang.

In Jin de village, other than he, the surname was Fu.

Most of the people in Jin de village had the same surname, except for those women who had married from other villages, such as the Old Lady Lu from before.

“Oh my! My mother called me home for dinner? I have to go back quickly. There are fish to eat at home today!”

The child named Fu Gang patted his head. He couldn't care less about what he had just said. He ran away from the small path and disappeared in front of everyone as fast as he could.

“He Qing, you haven't had dinner at home, right? Quick, quick, the guests are guests. It's already so late, aren't you going to bring the guests home for dinner?”

The old lady who spoke out to alleviate the awkward atmosphere immediately turned her head to he qing, trying to completely dissolve the awkward atmosphere.

“Hey! Hey! Xinyi, my friend, come home with me for dinner. The food at home is already prepared!” He Qing immediately realized that the old lady was helping him to alleviate the atmosphere, he threw a grateful look at the old lady and said to Yun Jian and Si Yi.

He had taken out the marriage certificate and said everything that needed to be said. Everyone knew what they shouldn't say. Yun Jian's small hand held his big palm tightly. Si Yi didn't say anything else that would shock the world.

Then Yun Jian and Si Yi followed he qing back home. He Qing quickly served the food.

There was no one else in the house. He Qing's daughter, Chen Xinyi's mother, he shiya, had married into Longmen City.

He Qing had two sons. His eldest son, he yong, had good academic results. After graduation, he became an official and settled down in Longmen City.

His second son, he lei, was not as rich as his eldest brother. Currently, he led his wife to struggle in Longmen City. Therefore, he left his son, who was he dongdong, in Jinde village and asked his father, he qing, to help take care of him.

Therefore, there were only he Qing and he dongdong in he Qing's family.

At this moment, all the food had been served and placed on the eight immortals table. Yun Jian and Si Yi sat together, Zhang Shaofeng and Chen Xinyi sat together, and he Qing and he dongdong sat together.

The food cooked by the old man, he qing, was actually not particularly delicious, but Yun Jian ate with gusto.

Halfway through the meal, he dongdong suddenly shook her head and looked at Yun Jian and Si Yi, then at Chen Xinyi and Zhang Shaofeng. She said,

“Tomorrow is Friday. My Friends' brothers and sisters have come back from school. They said that they will take everyone to the back of the mountain to shoot birds with slingshots. They also want to compete in fishing and catching shrimps. When the time comes, everyone will barbecue and eat together.

“Brothers and sisters, can you accompany Dongdong to play with everyone?”

He Dongdong looked at Chen Xinyi and Zhang Shaofeng with expectant eyes, then looked at Yun Jian and Si Yi, and asked.

“Sure, but you have to let the three of them play with you. I’ll just watch from the side. I can’t do strenuous exercise.” Chen Xinyi waved her hand and smiled. Then she looked at Zhang Shaofeng and finally at Yun Jian.

Her brain had just been split open and healed. She couldn’t even make large jumps. She still had to walk slowly.

“Jian Jian, I’ll leave it to you!” Looking at Yun Jian, Chen Xinyi stuck out her tongue at her.

Seeing this, the cloud jian slightly narrowed his eyes and nodded.
