

Schoolgirl 1821

Chapter 1821: Adam's Good News: Lan Su is pregnant

At this moment, Si Yi's big skeletal hands were holding onto Yun Zhi's delicate little hands, refusing to let go.

"Cough Cough Cough!" Not far away, Qin Yirou heard what Xiao Yunzhu said and her face turned red. She quickly walked over and grabbed Xiao Yunzhu, bringing Xiao Yunzhu and the other two to the side.

Fortunately, they were all on the same side.

Qing Yan, Gu Nian, and Luo Ji were all present. They were already used to this matter.

...

Si Yi was by Yun Jian's side, Si Luo had Xue Ying, Qin Yirou had GE Junjian, Qing Yan had Yun Yi, and Lan Su had Adam.

Even Little Yun Zhu and Duan Li were holding hands. They were extremely happy.

Gu Nian, who was sitting alone in the corner, looked at the scene in front of her. She pouted her lips and waved at Luo Ji. "Little Strawberry, come here! Come here quickly!"

Lorraine had been sitting in front of the table, secretly eating pastries. Now that Gu Nianzhi had called for her, she took three pieces of pastries from the table and walked towards Gu Nianzhi as she ate.

Lorraine did not know that Mosen, who was standing not far away in a suit and tie, looked as if he was looking at his younger brother Adam. However, he was actually glancing at Lorraine from the corner of his eye.

Luo Lei trotted over to Gu Nianzhi. Gu Nianzhi reached out and put her arm around Luo Lei's shoulder, she said to Luo lei, "Little Strawberry, you're the best. They're all in pairs. It's a good thing you're here, or else I'd be all alone!"

How awkward would that be!

Gu Nianzhi laughed like a man. She took two wine glasses and stuffed one of them into Luo Lei's arms. She said to Luo Lei,

"Here, here, here. To our friendship. Cheers!"

Gu Nian is from the imperial dragon continent, so it has a forthright imposing manner.

Raspberry is a more delicate type, she held this glass of wine, Leng Leng Leng Leng.

She stayed in the green glaze family in this period of time, Gu Nian has been taking good care of her, as if she was a big sister.

With this in mind, lorry grinned at Gu Nian. She took the glass of wine, clinked it with Gu Nian's, and was about to pour it into her mouth.

A very good-looking hand reached out and intercepted Lorberry's hand as she tried to put the glass into her mouth.

"She can't drink. I'll drink for her."

The male voice that a Luo Berry is thinking of in mind rings out, the voice is very pleasant to hear, breath still has a hint of cool breeze flavor, let a person hear to feel cool.

Morson, who had been watching Adam, but had been glancing furtively at Lorraine, saw that Lorraine was going to drink, and could not help himself. He came over, snatched the glass from Lorraine's hand, and downed it in one gulp.

Lorraine was shocked by Momsen who had suddenly walked over. She was stunned for a long time before she could react.

"Well... you don't have to drink for me. I can drink..." Lorraine was about to explain when she was interrupted by Momsen.

"Drinking alcohol is bad for a girl's health. Don't drink it in the future." After he finished speaking, the wine glass in Lorraine's hand was taken away by Momsen.

Lorraine was stunned.

Gu Nian, who was beside her, covered her mouth and secretly laughed a few times in a place that Lorraine did not know about.

She thought to herself, "My little strawberry, this is all I can help you with!"

Outsiders did not know that she actually had a particularly smug title in the Imperial Dragon Continent: Matchmaker!

At this moment, Adam suddenly put his arm around Lan Su's waist in front of everyone and walked over carefully. He looked as if he was afraid that Lan Su would fall over.

Walking in front of everyone, Adam even announced the good news of his treat today: he was going to be a father!

That's right, Lan Su was pregnant.

Hearing this news, the other three leaders of the dark soul organization, Xue Ying, had the biggest reaction. He directly walked over and knocked Adam on the head. he shouted, "You brat, you are actually one step ahead of me as a father. I am not convinced!"

Meanwhile, Molson smiled at Adam and said, "We can discuss the wedding now. Without my parents, I am your brother. I will definitely help you to hold this wedding in a grand manner."

When Ling Wei heard this, it was as if he did not hear it. He did not feel anything.

Using Adam's words to describe Ling Wei, that was: you cold-blooded animal. You deserve to be single!

Chapter 1822: hunting school, Si Yi's birthday

The Good News announced by Adam was indeed a pleasant surprise. Once this good news was spread out, the people standing at the scene were also pleasantly surprised for a while.

Moreover, everyone's reaction was greatly different.

Looking at the reaction of his three brothers, Xue Ying was the most intense. Adam even glanced at Xue Ying with a smug look and said with a grin, "I can't compare to you in other aspects. Being a father earlier than you, you won't be able to compete with me in this lifetime!"

Of the four leaders of the dark soul organization, Adam and Xue Ying were the most rowdy.

The most composed one was Ling Wei, followed by Mo Sen.

"What's the use of being a father earlier? It's amazing to have more children! You Brat, you're still too early to compete with me!" Xue Ying refused to admit defeat and laughed at Adam.

"Then why don't the two of us compete to see who will have more children in the future? Whoever loses will go to the Amazon to stay for a year?" Adam also retorted.

"Come on! I Won't be afraid of You!" Xue Ying replied.

"Young master, this bet between the two of us has been made in front of you. You must remember it for us in the future. No one is allowed to cheat." Adam turned to Si Yi and said confidently.

Si Yi, who was still eating tofu with his pig trotters on the waist of the cloud paper, curled his handsome lips. His sharp eyes glanced at Adam and Xue Ying. "Tomorrow, I'll send you to the Amazon to stay for a year to practice, how about it?"

Hearing Si Yi's words, Adam and Xue Ying quickly rejected him. "Don't, young master. You Can't Be Like This!"

Yun Jian had actually known that Lan Su was pregnant a long time ago. Lan Su could not hide her words and had told her long ago.

Yun Jian curled his lips slightly and pursed his lips lightly.

She did not know that Si Yi, who was sitting beside her, had heard that Adam and Lan Su were pregnant before her and little jian. He had long been itching to make a move!

...

Everyone enjoyed the meal. Nothing unpleasant happened. It could be said that it was a very peaceful dinner.

Halfway through, Lan Su suddenly called Yun Jian outside and gave Yun jian an envelope. She said to Yun Jian with some shame,

"Yun Jian, the address of that martial arts aristocratic family is in this letter. I may not be able to accompany you to get the letter. I just had a child. The Doctor said that the first three months of the pregnancy were unstable, so i..."

"I know. You can give birth to the child in peace. Whether it's the imperial dragon continent or the matters here, you don't have to care about it until the child is born," Yun Jian curled his lips and said to Lan Su.

She, Lan Su, was the number one protector under the Lord Sorcerer Goddess. Whether she could be married or not, it was up to the Lord Sorcerer Goddess to decide.

Yun Jian's words touched Lan Su very much.

Just as Yun Jian's touching words fell, Yun Jian opened his mouth again and said,

"But after you give birth, you have to continue working hard for me. At the very least, you have to earn a few billion for me."

This sentence sounded like he wanted to use Lan Su, but Lan Su knew that Yun Jian meant that even if she rested for a year, Yun Jian would not give up on her.

Lan Su was even more touched now.

"Alright, you can go in first," Yun Jian said to Lan Su.

When Lan Su heard this, she returned to the dining table.

Yun Jian held the envelope in her hand. She had just stuffed the envelope into her pocket when the sound of a text message came from her phone.

"Beep."

Yun Jian opened the cover of her phone and clicked on the letter. The moment the letter was opened, the string of words that Yu Shaoluo sent to her immediately popped up on the screen:

"On November 15th, set off on time for the hunting school. Come to Min City Military Academy and gather with the other two comrades. When the time comes, I will send you to the hunting school. You will have to stay at the hunting school for a year." "In the next few days, just stay at home and make all the preparations for your departure."

November 15th. Si Yi's birthday was November 11th, which meant that she could go to the dark soul organization to accompany him for four days.

Yun Jian narrowed his eyes.

Chapter 1823: Si Yi was a bad student. She kissed and buttoned at the same time

Of course, before Si Yi's birthday and before she went to the hunting school, there was one more thing that she had to deal with.

That was to go to a martial arts aristocratic family and pick up the envelope that her master had placed in the martial arts aristocratic family. On that envelope was written the details of how to contact her master.

After dinner, when they returned home, Si Yi held onto the hand of the cloud paper and walked into the house.

If he wanted to ask Si Yi what he was doing in the house with Yun Jian, he didn't need to ask anything. Three Words: having a baby!

As soon as he walked into the house, Si Yi placed the Yun Jian against the door. Borrowing his tall and thin body, he leaned against the Yun Jian and said in a numb tone, "Little Jian..."

Si Yi's actions made Yun Jian Shiver all over. She pursed her lips and was about to speak when Si Yi stopped her.

His thick breath stopped her. The faint pleasant smell made Yun Jian subconsciously reach out and wrap his arms around his neck. He stood on Tiptoe and kissed her.

The kiss lasted for more than ten minutes.

"Little Jian..." at this moment, Si Yi leaned close to Yun Jian's ear and whispered softly. This voice made Yun Jian so numb that he collapsed on his body.

Just as Si Yi was about to Unbutton Yun Jian's shirt, Yun Jian suddenly reached out and pressed down on his large palm. "No..."

"Xiao Jian, I will be very light." Si Yi leaned into her ear and whispered softly.

"No, I... I am afraid. Can you give me some more time?" Yun Jian's eyes rolled around as she randomly found a reason to say this to Si Yi.

Hearing this, Si Yi did not make another move, but Yun Jian could see that he was very disappointed.

Yun Jian was very guilty at this moment. In fact, she really wanted to be with him...

Cough! But when she thought about his birthday coming up...

"Xiao Jian, Ah Yi, you guys are walking so fast. Even mom can't catch up with you guys!" At this moment, Qin Yirou's voice came from downstairs.

Hearing this, Yun Jian hurriedly tidied himself up. Seeing that Si Yi didn't move, she reached out her small hand and fastened the buttons on Si Yi's chest.

Feeling her small hand pressing on his chest, it took a long time to fasten the buttons properly. Si Yi grabbed her small hand, bent down, and looked at her beautiful and delicate little face. He said,

"Xiao Jian, do you know how attractive you are now?"

Si Yi's words made Yun Jian's face instantly turn red.

In this world, other than him, there was no one else who could make her, the number one on the international spy rankings, reveal such a little girl's expression, right?

"Button Yourself!" Yun Jian did not even reach out to help Si Yi button up. She walked to the side.

Si Yi looked at her from behind the cloud note and could not help but smile.

Was his little note shy?

Si Yi strode forward and wrapped the cloud note in his arms. He held the cloud note and pressed it against the door. Then, he lowered his head and whispered in her ear,

“The button is undone by the little note. It needs to be undone by the little note. When it is undone, it will let you go.”

Si Yi’s words made the cloud paper confused.

What did he mean by letting her go?

Just as the cloud paper did not know what Si Yi meant by his words, Si Yi held the cloud paper back and planted a huge kiss on it.

When he said let her go, he meant that if she did not button the buttons on his chest when he kissed her, he would continue kissing her like this...

At this moment, Qin Yirou knocked on the door and shouted, “Xiao Jian, Ah Yi, are you in the house?”

Chapter 1824: Yun Jian playing with fire, little bamboo’s biological mother

Qin Yirou hurried over because little bamboo’s mother had come back from recuperation abroad and was now at GE Junjian’s house.

The Villa Si Yi bought was only a few minutes away from GE Junjian’s house. It was close enough, so Qin Yirou rushed over to tell Yun Jian about it.

After all, little bamboo was also brought back by Yun Jian.

Qin Yirou knocked on the door twice and couldn’t help but mutter, “Where did Xiao Jian and Ah Yi Go? The door is locked. They should be inside.”

...

In the house, a heavy atmosphere was still lingering in the air.

Si Yi pressed the Yun Jian against the door panel and placed a slender hand on the back of the Yun Jian’s head. He didn’t want the back of her head to hurt from the knock of the door panel.

Feeling the shamelessness, Si Yi kissed her with his mouth. It was as if he wouldn’t let go if she didn’t give him a button.

The worst thing was that Qin Yirou was still outside the room.

The Yun Jian’s mouth was covered by Si Yi, but his hand could only grope towards Si Yi’s chest.

The Yun Jian could use brute force to push Si Yi away. He would definitely not fight back, but she didn’t want him to be hurt, so she could only blush. Qin Yirou, who was outside the door, helped Si Yi button his shirt that she had just pulled open.

Yun Zhi had only helped Si Yi button the shirt that he was wearing. Because si yi had kissed her mouth, she could not see where her hand was reaching for his body.

Perhaps it was because Si Yi had grabbed her little mouth, so the hand that she was reaching out now could not find its position at all.

As the god of shapeshift, she could kill with a single slash. Her hacking skills could be said to be the best in the world. As the god of sorcerer, she had been in charge of the imperial dragon continent for more than a thousand years. She had once killed a god from the God continent and was regarded as the object of admiration and worship by the people of the world.

But as his woman, she was completely at a loss.

Originally, cloud note only wanted to reach out and button the button at the bottom of the white shirt he was wearing. Her head was stabilized, and she relied entirely on blind touching.

“Qin, sister and brother Si Yi must be in the house. Xiao Zhu asked me to tell you.”Duan Li’s clever voice came from the stairway outside the house.

Yun Jian and Si Yi could hear her clearly in the house. Duan Li’s voice sounded especially frightening.

When Yun Jian heard it, it was as if she was caught doing something bad. Her hand slipped and slid down from the bottom of Si Yi’s shirt. Her right hand accidentally touched something indescribable.

It was hot and warm. Yun Jian did not react for a moment and even held two of them.

What was that? Soft?

Hard? So Big that he could not even hold it with one hand?

Could it be that he had a gun hidden on him?

Yun Jian blinked. She could clearly feel the change in Si Yi’s expression.

Just as he was thinking about that, Si Yi suddenly stopped kissing her lips. He reached out and grabbed her small hand that was placed under his body. He panted and moved closer to Yun Jian’s ear. He spoke to Yun Jian in a voice that only the two of them could hear:

“Xiao Jian, are you playing with Fire?”

She actually grabbed his...

If Qin Yirou and Duan Li who were standing outside the door weren’t here, he would definitely throw her onto the bed right now!

Only then did Yun Jian realize what he had grabbed just now. Her face instantly turned red.

“I...”Yun Jian was just about to speak in a low voice.

At this moment, Si Yi suddenly moved closer to her ear and gently bit her ear. His warm breath blew to her ear or neck.

Yun Jian’s entire body trembled.

...

Outside the room, after waiting for a while and seeing that no one had come out, Qin Yirou couldn't think much. Her first reaction was that something had happened to her little Jian and Ah Yi!

Qin Yirou quickly ran to get the spare key. Just as she was about to open the door, she saw —

Yun Jian walked out of the room sleepily. She glanced at Qin Yirou and asked, "Mom, we just fell asleep. Why are you looking for me?"

"I thought something happened to you guys in the house! It's like this. Little Bamboo's biological mother is back and she's over there right now. Why Don't you go and take a look?"

Qin Yirou heaved a sigh of relief.

There were news reports that her family didn't say anything in her bedroom. The next day, a corpse appeared in front of her. It was electrocuted to death, suffocated to death, and so on. Qin Yirou couldn't help but worry.

"I'll go take a look." Yun Jian's face was as red as a monkey's buttocks. She pretended to be asleep and closed the door after she walked out of the room, not letting Si Yi come out.

She didn't even dare to imagine such an embarrassing thing just now...

Si Yi, who was locked in the room, saw Yun Jian close the door. He reached out and grabbed a handful of broken hair. Suddenly, his handsome face flashed across the dark room. He was unbelievably handsome.

Chapter 1825: set off for a martial arts aristocratic family

Yun Zhu's biological mother in this life was called Yun Hailan. Yun Hailan had been stabbed in the abdomen by brother Niu, who was collecting protection fees.

Yun Hailan had almost died back then. Later, she was sent abroad by Yun Jian. After recuperating in the hospital for nearly a year, she had finally returned.

Yun Hailan was the same as Qin Yirou. They were both women with hard lives. When they saw her, they felt that they were very polite when they saw each other.

When Yun Jian went to Ge Jun's house and saw Yun Hailan, Yun Hailan almost knelt down to Yun Jian.

If it weren't for Yun Jian, she would have died because she didn't have the money to look at her injuries. How could she have fully recovered today?

In the end, Qin Yirou forcefully stopped Yun Hailan who was about to kneel down.

"Little bamboo, this child is obedient and sensible. Although we haven't been together for long, we are like a family! You are little bamboo's mother. In the future, we can be considered a family!

"I heard from Xiao Jian about your family background. Why Don't you stay in Longmen City and be my companion in the future! After spending a year with little bamboo, we can't bear to let him go."

“You stay. My Place of work is also recruiting employees. How about this, you come to my place of work and work with me. We can still look after each other! Don’t Leave!”

Qin Yirou stopped Yun Hailan, who was about to kneel down to her, and blurted out what she wanted to say.

Sometimes, things that could be resolved with just a few words had to be done as if they were separated by life and death.

If Qin Yirou didn’t say these few words, Yun Hailan would definitely bring little yunzhu away. After all, she was too embarrassed to stay here.

However, when Qin Yirou said these words, Yun Hailan wavered.

Longmen city’s economy was already more developed than Yun Hailan’s hometown. The public security here was also much better. There was absolutely no need to collect protection fees.

Therefore, after a while, Yun Hai Lan thanked Yun Jian and Qin Yi Rou a few times. She almost kowtowed. In the end, she brought little yun Zhu and stayed behind.

...

After this matter was settled, Yun Jian was no longer worried.

He was initially worried that Yun Hai Lan would insist on bringing little yun Zhu away. From the looks of it, Little Yun Zhu would not leave with Yun Hai Lan.

Yun Zhi was relieved.

After Adam announced the good news, as his elder brother, Molson started to announce Adam and Lan Su’s wedding date.

Ling Wei returned to the dark soul organization. Xue Ying also brought Si Luo back to the dark soul organization to give birth.

The bet between him and Adam was still there!

Everything seemed to have returned to its original point. Si Yi returned to the dark soul organization. This time, it was Yun Zhi who chased him back to the dark soul organization.

When everything was settled, Yun Jian carried a shoulder bag on his back. In the shoulder bag was the butterfly knife that Mu Ying had given her, as well as the things that he usually carried with him. He set off for the martial arts aristocratic family.

In the letter that Lan Su had given her, there was the detailed address of this martial arts aristocratic family.

This martial arts aristocratic family was different from the ordinary martial arts aristocratic families. It was in a very poor mountain valley.

It would take more than three hours to travel from the city to the county town in the mountain area and then to the nearest town. It would take an hour or two to reach the destination on foot.

The town closest to the destination was called Yunling town. It had a very fairy-like name.

The destination of the Yunjian was a place called Yunling Mountain.

That martial arts aristocratic family was built on Yunling Mountain. The construction of this martial arts aristocratic family was similar to a large-scale temple, but it was not a place to burn incense and worship Buddha.

Yun Jian had just arrived at Yunling town. She was carrying a shoulder bag and had just asked the boss of a chaos shop about the location of Yunling Mountain when the boss of the chaos shop asked her in surprise:

“You are going to Yunling Mountain Too? You are going to the martial arts aristocratic family of Yunling Mountain. The Huang family is going to learn martial arts from their master, Right?”

Yun Jian nodded after hearing this.

She naturally wouldn't reveal her intentions.

“Haha, the Huang family's martial arts are very famous! Recently, many people have come to the mountain to learn martial arts from their master!”

“Isn't this a coincidence? There's a group of young people in my shop who are also going to Yunling Mountain. They know the location. You should go with them as a partner!”

Chapter 1826: the woman said, “Could it be that she has broken up with someone?”

The Huang family was that martial arts aristocratic family.

The Huang family was a martial arts aristocratic family that had been passed down since ancient times. Among the martial arts aristocratic families, it could be considered as the number one existence.

Therefore, every year, many young people who loved martial arts would go to Yunling Mountain to worship the Huang family and devote themselves to learning martial arts.

When the owner of the chaos shop heard that the cloud note was going to Yunling Mountain, he naturally wanted to learn martial arts.

They were all tall and strong young men who came together to Yunling Mountain to learn martial arts.

There were also young girls who would follow tall and strong young men to Yunling Mountain to learn martial arts. Of course, those young girls would leave after a few days.

However, a girl like Yun Jian who was carrying a shoulder bag was obviously here to learn martial arts from her master. The owner of the chaos shop had never seen her before, so he was surprised for the first time, therefore, he recommended Yun Jian to get to know a few young people in his restaurant who were also heading to the Cloud Ridge Mountain.

When they heard that someone was going to the Cloud Ridge Mountain, a few young people who were eating chaos in the chaos restaurant hurriedly came out to greet him.

After all, it was a very good thing to get to know a few friends in a strange place.

“Hello, Hello. Are you going to the Cloud Ridge Mountain Too? My name is song Jiaqi. I’m going to the Cloud Ridge Mountain with my brother, Song Jiahui, and my friends. I’m going to learn martial arts from my master. Are you going too?”

The girl who didn’t have time to finish the Hundun in her bowl walked out of the Hundun store and greeted Yun Jian.

The girl’s name was song Jiaqi.

Song Jiaqi was very welcoming to Yun Jian.

“Yes.” Yun Jian nodded his head without leaving any trace.

“I’m Jiaqi’s brother, Song Jiahui. I’m a university student. This is an activity organized by our club. I’m going to a formal martial arts aristocratic family to learn martial arts.”

A handsome boy stood next to him. He was about eighteen or nineteen years old, about one or two years older than song Jiaqi. His appearance was very similar to song Jiaqi’s. At a glance, one could tell that he was a handsome man and a beautiful woman.

The boy who called himself song Jiahui gave a brief and polite introduction to Yun Jian.

Yun Jian also nodded politely at the two of them.

“Little girl, don’t look at Jiahui and Jiaqi who look thin and weak. We’re both from the same university. In our martial arts club in the university, one of them is the president, and the other is the vice president. They’re both very strong!”

“Most of the boys in the school are no match for them!”

Another boy walked out of the chaos shop. This boy had dyed his hair yellow. He looked like a hooligan, but he was quite easy-going. He didn’t look like a hooligan at all.

After the boy introduced song Jiaqi and Song Jiahui, he stuck out his tongue at the cloud paper and introduced himself. “My name is Lin Xiyang. I’m from the same university as the two of them. I’m a member of the Martial Arts Club.”

According to Song Jiaqi, there were five members of their martial arts club. Other than song Jiaqi, the other four were all boys.

These people were quite friendly. Yun Jian didn’t know the way either, so he went with them.

Song Jiaqi and the others hadn’t finished their hundun, so Yun Jian also walked into the Hundun shop and sat at a table.

Besides song Jiaqi and the other three, there were three other people who were going to go up the mountain with them.

These three people were older than song Jiaqi and the others. They were all in their twenties, two men and a woman.

These two men were quite friendly. They introduced themselves to Yun Jian respectively. Their names were Gong Yibo and Ma Chenggong.

However, the woman in her twenties was not particularly good-looking. She was only about 1.52 meters tall, but she weighed 120 kilograms. She did not even bother to stand up.

When Yun Zhi walked in, the woman glanced at Yun Zhi with a strange look and then buried her head in her own food.

After eating the Hundun in her bowl, the woman knocked her chopsticks on her own bowl and chopsticks. She looked up at Yun Zhi and asked in a strange tone,

“You are just a girl. You Don’t seem to have much ability. You are soft and weak. You came here alone. Could it be that you have broken up with someone?”

Chapter 1827: the witch God of the voodoo race

Teenage girls were more or less rebellious. It would be unscientific not to be rebellious.

The woman who spoke was called Wang Gonggong. Wang Gonggong did not look very good. His nose was a little down, but his face was covered with thick makeup. He looked like a typical socialite.

Wang Gonggong, Gong Yibo, and Ma Chenggong were also university students. However, they were about to enter their fourth year of university. They were obviously a few years older than song Jiaqi and the others.

Wang Gonggong was a typical socialite among the female students. She usually smoked, drank, and went out to play with men. When it was time to enter the university, she didn’t return to her dorm and fell in love. In front of the boys, she was like a lady, like a little girl.

Although Wang Gonggong was ugly and had a bad figure, there were always some boys who were willing to date her when she was in society.

Wang Gonggong was the type of girl who was relatively quiet, but she didn’t give any face when she spoke.

Naturally, she was also pretending to be quiet. As long as she was in front of a handsome guy, she would immediately change her tone and act coquettishly.

Gong Yibo and Ma Chenggong were naturally not the guys that Wang Gonggong liked, so she couldn’t be bothered to pretend.

Wang Gonggong immediately said that Yun Jian had come to this place alone because he had fallen out of love.

Because a girl like her would never think that Yun Jian was a capable person.

“Hey, what do you mean by that? Can’t she come here alone to learn our country’s extensive and profound martial arts? Why does it look like a girl can only come out alone when she has fallen out of Love?”

The first person who felt annoyed by Wang Gonggong's words was Song Jiaqi. Song Jiaqi shouted at Wang Gonggong.

"Aren't you going to say it? I think it's because she's heartbroken that she came here alone." Wang Gonggong glared at Song Jiaqi.

Song Jiaqi was so angry that she almost flipped the table. In the end, it was Song Jiahui who comforted her.

If it were not for Gong Yibo and Ma Chenggong's good attitude, Song Jiaqi and the others would not have joined Wang Gonggong.

Yun Jian pursed his lips and simply ignored Wang Gonggong.

...

An hour and a half later, they set out from Yunling Town and finally arrived at the foot of Yunling Mountain. After more than an hour of climbing, they finally reached the mountain.

As soon as they reached the mountain, they saw a huge ancient building that looked like a temple.

However, its architectural style was completely different from that of a temple.

There was also a plaque hanging above the gate. On the plaque were four large ancient characters written from right to left: the Huang family of the Heavenly Dao.

As soon as Yun Jian and the others entered the gate, they saw a group of people shouting and practicing martial arts with an old man who looked like a cultivation immortal standing on the high steps.

Every time they waved their fists, they would shout loudly from their throats, "Ha! Hey!"

This was the Orthodox martial arts aristocratic family.

"Are you also here to practice martial arts?" Seeing someone enter the gate, the old man jumped down from the steps. After instructing the surrounding disciples to practice freely, he walked toward Yun Jian and the others.

"Yes!" Song Jiaqi and the others excitedly said to the old man.

However, Yun Jian didn't have the time to stay here and practice martial arts with them.

She didn't forget her purpose of getting the letter.

Just as Song Jiaqi and the others were looking at the old man excitedly and reverently, trying to join as one of the disciples practicing martial arts.

Yun Jian's words suddenly sounded in front of Song Jiaqi, Song Jiahui, Wang Gonggong, and the others. He said to the old man,

"Tell the head of the Huang family to come out and see me. Tell him that the witch goddess of the Shaman clan on the Imperial Dragon Continent has something to discuss!"

Chapter 1828: the people from the continent knelt down in front of everyone

Yun Jian's words carried a certain degree of authority, causing the old man's body to freeze. It also caused Song Jiaqi, Song Jiahui, Lin Xiyang, Wang Gonggong, and the others to draw a black line in front of their eyes.

What Royal Dragon continent's witch clan's witch clan's daughter, Witch God? What was all this?

Moreover, wasn't Yun Jian here to learn martial arts like them?

Why did she ask this old man to meet the head of the Huang family, the martial arts aristocratic family, the moment she came here?

"What witch family's witch family's daughter? What is the witch God? Are you here to play dirty tricks? Didn't you ask around before you came here? The head of the Huang family, Huang Bitian, is not someone that anyone can meet just because they want to!"

"Some people haven't been able to meet the head of the Huang family even once from the time they joined the Huang family to practice martial arts until they left the Huang family. You are just a heartbroken girl with no strength and no power. Why would the head of the Huang family want to meet you?"

Even Wang Gonggong, who was not very satisfied with Yun Jian, was in awe of the Huang family, which was ranked first among the martial arts aristocratic families.

After Wang Gonggong heard Yun Jian's words, he spoke to Yun Jian first. The meaning behind his words was as if Yun Jian had really been heartbroken and came here to cause trouble.

However, Song Jiaqi and the others didn't say anything.

The old man who was teaching a group of students who were also apprenticed to learn martial arts was also surprised.

Among the students who came to the Huang family to learn martial arts, most of them even spoke to the people of the Huang family with reverence.

Not to mention Yun Jian who directly walked up and asked the head of the Huang family to come out to see her. This was simply a big exception.

Such a clean little girl with a shoulder bag on her back said such words as soon as she came to the door. The old man indicated that he had never seen her in his life!

Obviously, the old man and the people around him did not know about the imperial dragon continent, let alone the shaman tribe.

Of course, Yun Jian said this because she knew that Huang Bitian, the head of the Huang family, must know about the existence of the Imperial Dragon Continent.

Putting aside how many times Wu Lan, the head of the Shaman Tribe, had sent people to the Huang family to retrieve the letter, they had failed.

Since Huang Bitian had once saved his master and his master had left that letter behind, his master must have told Huang Bitian about it.

However, the old man in front of him did not know. When he saw that the Yun Jian had opened its mouth to meet Huang Bitian, the head of the Huang family, he was stunned for a moment before quickly regaining his senses.

“How can you meet the head of the Huang family just because you want to?”The old man immediately drooped his face and his expression was very unfriendly.

“Second uncle, what’s wrong? Who Made You Unhappy?”At this time, a young girl walked in from the main entrance. The young girl was about sixteen or seventeen years old and she looked quite pretty.

After the young girl walked in, she walked around the cloud paper and asked the old man.

“She wants to see your father as soon as she goes up the mountain! Of course I won’t allow it!”The old man said to the young girl. The tone of his voice was completely different from the tone he used to speak to the cloud paper, and his voice was much softer.

Obviously, to the old man, the cloud paper was purely here to cause trouble.

This young girl, who was jumping in and out of the mountain, was obviously the youngest daughter of the Huang family’s patriarch, Huang Bitian, Huang Ling ‘er.

“You... you want to see my father? Why would you want to see my father? He’s not fun, but if you want to see him, I can bring you there.”Huang Ling’s child-like heart had yet to fade away, she turned her head to glance at Yun Jian and said to him with a smile.

“Ling ‘er, don’t join in the fun. This matter has nothing to do with you!”The old man pushed Huang Ling ‘er away and continued to shout at Yun Jian:

“If you are here to practice martial arts in My Huang family, then My Huang family welcomes you. But if you are here to cause trouble, then don’t blame me, Huang Bihai, for mercilessly kicking you out of My Huang family...”

The old man, Huang Bihai, had not finished speaking when he suddenly saw three young girls in black enter the main entrance.

These three young girls dressed in black were extremely beautiful. Their looks were second only to the clouds, but they attracted the attention of everyone present.

When this old man, Huang Bihai, saw these three young girls dressed in black, his expression changed.

His elder brother, Huang Bitian, the head of the Huang family, had told him that the young girls dressed in black were from a mysterious regional family!

The people there had the ability to destroy the world! Therefore, he could not afford to offend them!

Therefore, Huang Bihai was about to bow to the three girls in black in front of everyone.

When everyone saw Huang Bihai being respectful to the three girls in black, they were filled with endless questions.

Yun Zhi turned her body slightly, her eyes flashed sharply, and she showed her face to the three girls in black.

When the three black-robed girls, who even Huang Bihai was respectful to, saw Yun Jian, their eyes flickered.

Then, in front of Song Jiaqi, Song Jiahui, Lin Xiyang, Wang Gonggong, and everyone else present, the three black-robed girls knelt directly to Yun Jian and bowed respectfully to Yun Jian as if they were on the Imperial Dragon Continent:

“Lord Sorcerer God!”

Chapter 1829: ‘you, Huang Bitian, are a god of destruction to me’

The three young girls in black were the members of the Shaman Clan of the Imperial Dragon Continent.

Yun Jian blinked her eyes. She naturally knew why the three young girls were here.

The Patriarch of the Shaman Clan, Wu Lan, had sent people from the shaman clan to the Huang clan to retrieve a few letters. However, no matter how much the shaman clan had tempted them, the patriarch of the Huang clan, Huang Bitian, did not waver.

These three girls should have been sent by Wu Lan to come to the Huang family’s house to retrieve the letters once again.

However, they just happened to bump into her this time.

Hence, the three of them hurriedly knelt down and saluted.

“She, she, she... why are they kneeling down and saluting her!” Wang Gonggong’s eyes remained still as he turned to look at the cloud parchment, his pupils slightly constricting.

Wang Gonggong did not really dislike the cloud parchment, nor did he have any thoughts of wanting to kill the cloud parchment.

The words he said earlier sounded like they were aimed at the cloud note, but Wang Gonggong had already formed a habit of picking on others.

“The cloud note, they... why did they kneel down to you...” not to mention Wang Gonggong, even Song Jiaqi and Song Jiahui were shocked.

Everyone’s faces flashed with surprise.

“This is not an ancient feudal society anymore. What is important is that everyone is equal. Where is your dignity? Did she threaten you? Get Up!”

Wang Gonggong was a fan. When she was in a good mood, she was good to everyone. When she was in a bad mood, she was bad to everyone.

When she saw the three girls in black kneeling in front of the Yunzhi and bowing to the Yunzhi in the etiquette of the Imperial Dragon Continent, she could not stand it anymore.

Or perhaps these three black-robed girls were too mysterious.

People were all despicable. If a person acted as if they did not want to talk to you and did not take you seriously, you would think that this person was good and want to get close to her.

Wang Gonggong felt that these three black-robed girls were quite mysterious, so he still had the thought of pulling the three of them along.

Unexpectedly, just as Wang Gonggong stretched out his hand, one of the three black-robed girls pushed her away, completely ignoring Wang Gonggong.

“There’s no need to kneel here.” After Wang Gonggong was pushed away by one of the three black-robed girls, Yun Jian’s voice rang out.

Hearing this, the three black-robed girls who had completely ignored Wang Gonggong immediately stood up and retreated to the side.

This degree of obedience was in stark contrast to the action of pushing Wang Gonggong away.

Wang Gonggong’s expression instantly darkened.

“Second uncle, look, this elder sister is obviously a good person. I’ll Go Call My Father!” Huang Ling ‘er saw this scene and turned her head to wink at Huang Bihai. She then turned around and walked towards her father’s residence.

“Ling ‘er!” Huang Bihai simply couldn’t stop the Naughty Girl, Huang Ling ‘ER. By the time he called out, Huang Ling ‘er had already walked far away.

After a while, Huang Ling ‘er walked over with a man in his fifties who was wearing a righteous martial arts suit. He had short hair and was about to enter his old age.

This person was the head of the Huang family, Huang Bitian!

“Dad, it’s this elder sister!” Huang Ling ‘er led Huang Bitian to the front of the Yun Jian. She leaned forward mischievously and stuck out her tongue at the crowd. Then, she pointed at the Yun Jian and said.

Clearly, Huang Bitian had heard about Yun Jian from Huang Ling ‘er when he came.

Coupled with the presence of the three Shaman Girls, Huang Bitian had basically determined Yun Jian’s identity.

He looked at Yun Jian and said with a frown, “You are the disciple of Baili Master? The Shaman Clan’s... Shaman God?”

Baili was a surname.

The Baili Master that Huang Bitian mentioned was his teacher.

Yun Jian nodded. “You can say that. If it wasn’t for him, I wouldn’t have been able to learn this skill.”

“Then I can’t give you the letter!” Huang Bitian frowned and rejected.

In the eyes of everyone present, Huang Bitian was the supreme existence! The head of the Huang Family! The head of the Huang family, ranked first among the martial arts aristocratic families!

Huang Bitian directly rejected Yun Jian. Everyone present wasn't surprised, but everyone around felt that Yun Jian would definitely beg Huang Bitian for what she needed.

It seemed that she was begging Huang Bitian for the envelope?

Just when everyone thought that the Yun Jian would humbly beg Huang Bitian to give the envelope to her, a deep glint flashed in the Yun Jian's eyes, and a killing intent flashed in her eyes.

Standing in front of everyone, her petite body reflected the words that everyone present could not help but submit to.

In the next second, she flipped her hands, and two butterfly blades appeared between her hands, one on each side. The blades refracted under the sunlight, and the bright light of the blades flashed in everyone's eyes. Everyone could not help but narrow their eyes.

When everyone opened their eyes to look at her, they heard her cold words:

"I'm here today. You give me this envelope, and I'll take it. If you don't give it to me, what do you think your chances are of defeating me with your martial arts family's Huang Bitian?"

Chapter 1830: Yun Jian's battle with the Huang family's disciples

She had to get this letter.

It wasn't just because her teacher in her previous life had taught her these skills that allowed her to survive in such a world where blood was shed.

Her intuition told Yun Jian that her teacher, a hundred miles expert, was inextricably linked to thousands of continents.

She had sent Wu Lan to search the imperial dragon continent, but she couldn't find any trace of her teacher, a hundred miles expert.

On Earth, as long as it was a righteous earthling, no one's movements could escape her eyes.

On the Imperial Dragon Continent, the power of the witch clan also spread throughout the entire continent.

But she could not find any information about her teacher. What did this mean?

The only explanation was that her teacher was neither an Earthling nor a person from the imperial dragon continent.

It was more likely that he came from a higher level continent in the Imperial Dragon Continent!

Although the Imperial Dragon Continent was not the lowest level continent, in the thousands of years since the sorcerer God Left, the Imperial Dragon Continent had already fallen from its glory, which was only second to the God continent.

Yun Jian even had a hunch that his master was very likely someone from the God continent!

Yun Jian did not know that Si Yi had already recovered all his memories, so she did not ask him.

After his soul returned to reality and Yun Jian finished speaking, everyone's pupils contracted.

Even Huang Bitian took a deep breath.

"Ancient kill mercenary group! ? Sha God! ?" Apart from Huang Bitian and Huang Bihai who took a deep breath, clearly knowing what these two names represented, Lin Xiyang also exclaimed.

After exclaiming, Lin Xiyang frowned. He didn't even know why he was exclaiming, "These two titles, I seem to have heard of them somewhere?"

University students wouldn't pay attention to these things. Ordinary University students usually paid most attention to the opposite sex.

They didn't pay attention to national and international affairs at all.

Sometimes, when the class subscribed to a newspaper, the newspaper would also report some national or international affairs. At this time, the students would take a few more glances.

Of course, people who knew about organizations or figures like the Gu Sha mercenary group and Sha Shen were usually people in this line of work.

Huang Bitian and Huang Bihai must have heard something about it.

But University students like Lin Xiyang, Song Jiaqi, Song Jiahui, and Wang Gonggong, even if they wanted to know, they had no way to find out.

"Kid, have you not heard of many things? You say that you've heard of all the major events, but where did you hear about it? You Can't tell me the details. You, go wash up and stay away!"

Song Jiahui walked over and knocked on Lin Xiyang's head, then said with a half-smile.

Lin Xiyang scratched his head and twitched his mouth. "I really seem to have heard of it somewhere..."

Even so, whether it was song Jiaqi, Song Jiahui, Lin Xiyang, or Wang Gonggong, they were all shocked by Yun Jian's arrogant words.

Perhaps the tone of Yun Jian's words was too arrogant? Or perhaps it was the title of ancient kill mercenary group and Sha God that sounded domineering.

When they turned to look at Huang Bitian and Huang Bihai's reaction, they saw Huang Bitian and Huang Bihai's eyes wide open. When the two of them looked at Yun Jian again, they looked as if they had eaten dog shit.

It was as if they had heard something that they had never heard before.

Especially Huang Bihai, who had been rude to the Yun Jian from the start. At this moment, he was the least calm. His hand was pointing at the Yun Jian as it trembled until it bounced up and down like a spring. He let out a terrified cry, "You, you, you..."

“Cough, cough!” Huang Bitian was obviously smarter than Huang Bihai. He immediately stopped Huang Bihai so that Huang Bihai would not spill the beans.

Yun Jian’s self-exposure shocked Huang Bitian, but it changed his determination.

The God of destruction of the ancient kill mercenary group! Not to mention the god of destruction who owned the ancient kill mercenary group, even the god of destruction alone was enough to wipe out the Huang family!

Therefore, Huang Bitian could not change his opinion, nor could he.

However, if he was asked to hand over the letter easily, then when Wu Lan sent someone to retrieve the letter, Huang Bitian had already handed over the letter.

After two seconds of silence, Huang Bitian looked at the cloud paper and made his own request:

“Back then, when Master Bai Li was in My Huang family, he once taught my Huang family’s eldest disciple hypnosis. If you are really the disciple of master Bai Li, then my Huang family’s eldest disciple will appear and hypnotize you. If you can withstand his hypnosis, then I will hand over the letter to you!”
