

Schoolgirl 1881

Chapter 1881: most outstanding, the first person

After two sentences, Buddy's body fell to the ground at a speed that everyone present could clearly see.

"Bang!" His body fell to the ground, and hearing this, the hearts of everyone present trembled slightly.

Coupled with the shocking saber technique and saber speed that the cloud paper had just displayed in front of everyone!

In two seconds, not only did he destroy Buddy, but he also rebounded his saber and held it in his palm!

One had to know that buddy was not weak! As the subordinate of the chief instructor of the hunting school, Jamil, how could buddy be weak?

Moreover, Buddy was Jamil's subordinate. After seeing Yun Zhi attack buddy with his own eyes, as well as the way Jamil Protected Buddy, if Jamil could stop it.., he would definitely not watch as Buddy's throat was cut by Yun Zhi.

However, the problem now was that the cloud tablet had dealt with Buddy in front of Jamil. His skills were so strong that no one could see it with their naked eyes!

Jamil did not even have the chance to react. He just watched as Buddy fell to the ground!

Such a speed and killing move not only shocked everyone present, but also made Jamil, who had always been calm and mysterious, look dumbfounded.

"Ah! Ah..." 211 and the group of women who were with 211 screamed in fear. These women grabbed their own throats and screamed from the bottom of their hearts.

211 and the group of women who were with 211 were different from Ye Ling. They had long taken the opposite path with Ye Ling — to become the slaves of these men!

Ye Ling, on the other hand, had grown up in the midst of killing and surviving. She had become 211's group of women. Even if all of them were to fight against Ye Ling alone, they would not be able to match her strength.

However, this was only when she was facing 211's group of women. Compared to the other people in the hunting school, Ye Ling's strength was still nothing.

211 and the others, who were not even as good as ye Ling, were already used to seeing dead people. However, when they saw buddy die in front of them, they would still be so frightened that their bodies would tremble. It was as if they had seen a terrifying scene.

Of course, 211 was still the one who was most afraid.

After all, 211 was also the one who had come up with the plan for Buddy's death.

Jamil's face darkened. He did not make a sound, nor did he show the grief of losing his subordinates.

It had to be said that the strength displayed by Yun Zhi was too shocking.

This kind of strength...

Even he, Jamil, was not able to resist at all in the hands of Yun Zhi!

A young girl with such terrifying strength! Why did she come to the hunting school like this!

Her strength should not be able to be greatly expanded in the hunting school, right? Jamil frowned fiercely.

All of a sudden, 211's group of women's screams and frightened voices rang out continuously, as if they were playing music one after another. However, their voices were broken to the extreme, and they were so hoarse that they could not even speak clearly.

When the men around heard 211's group of women's screams, they couldn't help but frown, but didn't say anything.

"Shut up."

Just as 211's group of women's screams continued to ring out, a two-word shout suddenly rang out. This two-word shout was filled with killing and decisive vitality, causing 211's group of women to shut up in fear.

However, they only saw the owner of the voice standing on the spot with her hand holding onto the butterfly blade that had almost wiped away all traces of blood on Buddy's blade. She turned her sharp eyes to 211's body.

The moment the Yun Jian spoke, 211's entire body trembled. His body involuntarily trembled twice and he obediently shut his mouth.

"SS." At this moment, Ling Wei's deep eyes flashed fiercely. He looked at the Yun Jian and spoke again in front of everyone.

This time, what came out of Ling Wei's mouth was not a question, but a shout to confirm a person's identity.

After he finished speaking, Ling Wei's eyes were as sharp as a sword. He turned his head to look at the cloud token and spoke to the cloud token in front of the group of people who had been attracted by the word SS again and again. He said the longest sentence that Ling Wei had ever said:

"I didn't expect that the move I taught you back then would actually be more skillful than mine. SS, you are indeed worthy of being the most outstanding number one agent that I have ever trained!"

Chapter 1882: would definitely not just stand by and watch

When Ling Wei's voice fell, everyone's eyes widened in disbelief!

Ling Wei just...

He actually...

He actually said such a long sentence!

One had to know that Ling Wei, one of the four leaders of the dark soul organization, would definitely not speak more than three sentences.

Except when he was facing the leader of the dark soul organization.

A man of few words, this title was not Bai Qi's!

Ling Wei's reticence could be said to have reached the same realm!

Sometimes, he did not want to speak and directly ignored people. This kind of thing was very common.

And just now, Ling Wei actually said such a long string of words to Yun Jian!

This made everyone present feel incredulous.

As for what Ling Wei said, everyone present did not understand.

Because Ling Wei spoke to the cloud paper in Russian.

The only thing that everyone present could hear was probably that Ling Wei's words were very long.

Hence, everyone present sucked in a deep breath.

Finally, after they reacted, Jamil looked at Ling Wei. He pulled an arc and spoke respectfully and cautiously to Ling Wei, "Lord Ling Wei, if you speak to this little girl in a foreign language, will she understand?"

No one present could understand Russian.

Including Jamil.

That was why Jamil asked this question.

Naturally, she could understand it, because... ! ... most of the foreign languages on the cloud note were learned in the assassin training camp of the dark soul organization!

And Ling Wei was undoubtedly the person who taught it!

The cloud note was personally trained by Ling Wei!

However, Ling Wei did not say a single word to Jamil.

Seeing this, Jamil only curled the corners of his mouth and did not dare to ask any more questions.

Under the gazes of everyone present, including Madan, Chen Yang, and Ding Jianlin, the Yun Jian curved her lips and replied to Ling Wei in fluent Celtic. It was also a sentence that everyone present did not understand:

"This is what you taught me well back then."

Were these two addicted to using foreign languages?

What Ling Wei said to Yun Jian was in Russian, while Yun Jian spoke Celtic to Ling Wei.

It was obvious that Yun Jian could understand what Ling Wei said, and Ling Wei could also understand Yun Jian's reply.

However, everyone present could only tell that Ling Wei's first sentence and the last sentence of Yun Jian spoke a different language.

In just two sentences, these two people already understood the languages of two countries?

Everyone present was somewhat surprised.

Especially Yun Jian. She was so young, yet she had such frightening skills.

What was even more terrifying was that she could speak so many foreign languages?

"It is my honor to be able to teach young madam." In front of everyone's crazed gazes, Ling Wei suddenly bent down and respectfully bowed to Yun Jian. This time, he spoke Polish.

Everyone was shocked by Ling Wei's sudden bow to Yun Jian.

Ling Wei, one of the four great leaders of the dark soul organization, actually bowed to Yun Jian in front of everyone?

This... what did it mean...

Yun Jian only curved his lips slightly and did not say anything else.

However, the group of people around them were completely in a state of shock.

These two people understood the languages of the three countries, it was really...

After everyone had adjusted their thoughts, Jamil turned his head to look at Ling Wei and asked, "Lord Ling Wei, could she be one of your people?"

This sentence was a test, but also a probe.

If the cloud note was really one of Ling Wei's people, then Buddy's death would turn into smoke.

On the contrary, Jamil would never stop.

Unexpectedly, in front of everyone, Ling Wei glanced sideways at the people around him. Then, his deep black eyes stared at Jamil, leaving behind a sentence that stunned the people around him:

"She is not someone you can mess with. Otherwise, dark soul organization will definitely not stand idly by!"

Chapter 1883: Once you have a child, you can leave

What Ling Wei said was both a warning and a warning.

This sentence was telling Jamil and the people around him that Yun Jian was a person protected by the dark soul organization!

No one was to be touched. Anyone who violated this rule would be going against the dark soul organization!

Ling Wei was usually quiet and did not know how to joke.

To be honest, a person like Ling Wei who had a low EQ would not joke at all.

So everyone knew that what Ling Wei said had weight!

And what he said was absolutely true.

Jamil originally thought that the cloud note would at most let Ling Wei think better of it, so he was still considering whether he should continue to do the questions because of Buddy's matter.

But Jamil never thought that Ling Wei would actually say such a thing!

Provoking the cloud note meant starting a war with the dark soul organization!

Who exactly was she! She could actually attract the dark soul society to release such words because of her!

The surrounding special forces soldiers, including 211's group of women, were completely and utterly frightened.

Everyone present had a momentary illusion.

If they provoked Yun Jian, their ending would be very miserable!

After Ling Wei said this, he had already thought of the miserable ending of the group of people with a hair missing from Yun Jian.

He retracted his gaze, turned around, and left with his right hand in his pocket without looking back.

Jamil swallowed hard, and in the end, he did not even dare to utter a single word to the cloud tablet.

Buddy's death had naturally turned into smoke and smoke.

After he returned, he was supposed to go through the enhanced training, but because of this matter, Jamil directly sent all the students back to their own dormitories.

After returning to the dorms, they did what they were supposed to do. They did not forget to shower, eat, and practice at night.

...

Three days later.

Ye Ling, who had been locked up in Ling Wei's house and had stayed under the same roof as Ling Wei for three days, finally heard the news that Buddy was dead.

For some reason, Ye Ling heaved a heavy sigh of relief.

God knows how she had spent the past three days.

To be in the same room with a grown man, who still wanted her to give birth to his children at all times...

Ye Ling did not dare to sleep on the same bed as Lin Wei for the past few days. At first, Lin Wei slept on the bed while Ye Ling hid in a corner of the room.

Seeing this, Lin Wei immediately grabbed ye Ling onto the bed. Seeing that Ye Ling was resisting with all her might, Lin Wei, who originally did not intend to do anything, immediately wrapped his arms around ye Ling's waist and touched ye Ling's ample bosom.

His desire was aroused, and Ling Wei flipped over.

In the end, Ye Ling firmly held on. When Ye Ling's coat was half taken off, Ling Wei stopped his movements. He hugged her and softly said "Sleep" before closing his eyes.

Ye Ling did not dare to resist either.

Hearing the death of Buddy Today, Ye Ling let out a heavy sigh of relief.

As long as Buddy was dead and she returned to the girls' dormitory, she would no longer be a threat.

The only person who had been spying on her was buddy.

Today, Ye Ling stayed in Ling Wei's room and waited for him to come back. She wanted to explain things clearly to Ling Wei.

Buddy was already dead. She did not need to be afraid anymore. So, could everything that had happened before be nullified...

With a creak, the door was opened. Ling Wei's handsome face was the first to appear on camera.

Ye Ling stood up from the bed, but she was at a loss as she placed her hands behind her back. Her beautiful sky-blue eyes stared unblinkingly at Ling Wei.

Being stared back at by Ling Wei, Ye Ling blinked her eyes guiltily. Her long and narrow eyelashes fluttered up and down slightly. Looking at her, she was extremely cute.

"Um... can I go back and stay with Yun Jian?" Seeing Ling Wei staring at her, Ye Ling was terrified. She did not dare to mention what she had already thought about how to say to Ling Wei. Suddenly, she opened her mouth helplessly.

Forget it, let's go back to the girls' dormitory first. When Lin Wei came back, she would explain. Then, she would explain everything at once.

And... .. apologize to him properly, and I used him.

Unexpectedly, Lin Wei was staring at Ye Ling. He walked to Ye Ling in a few steps, reached out and grabbed ye Ling's hand. He stared at Ye Ling with burning eyes, and his attitude was as usual. "You can leave after you have a child."

Chapter 1884: ye Ling's background, a certain someone was present

Lin Wei's words never gave anyone the room to refuse.

Ye Ling blinked her eyes, and suddenly, a tear flashed across her sky-blue eyes.

“You, what’s wrong...” seeing the trace of a tear suddenly flash across Ye Ling’s eyes, even a calm person like Lin Wei could not help but feel somewhat at a loss.

It was just that Lin Wei did not show his helplessness.

“I miss home. All of you are forcing me. I want to go home. I haven’t gone home for ten years. Other than my father and mother, no one is really good to me. I don’t even have the right to choose here...”

Ye Ling’s sky-blue eyes suddenly blinked up and down. She blinked. For some reason, she felt the tip of her nose ache and wanted to cry.

Ye Ling was nineteen this year, six years younger than Linwei, who was twenty-five this year.

Ye Ling had been pampered since she was young, so she had developed a princess temper that was not easy to coax. If she was not happy, she would argue with her parents, acting as if her parents were harming her, harming her.

It could be considered a very bad kind.

At that time, Ye Ling was still young, only nine years old, but she had been pampered. The nine-year-old ye Ling was even more exaggerated than those teenage boys and girls who were rebellious.

It was probably because people lived in different environments, and some of their personalities would change as well.

The Young Ye Ling, because she had been pampered and pampered, her rebellious period was obviously many years earlier than her peers.

However, when she was nine years old, Ye Ling ran away from home after quarreling with her parents and got separated. She was brought to the hunting school and went through a brutal and inhumane training for ten years.

During these ten years, Ye Ling hid in bed and cried. She also thought about suicide, but she survived.

At this time, she finally understood the good of her parents.

When you were at home, you quarreled with your parents every day. You might even have the idea of never seeing your parents again for the rest of your life.

Therefore, when many students chose to go to university, they wanted to choose a place as far away from home as possible. That way, they would never be able to see their parents again.

However, when a person left their parents to live outside and saw the other side of society, they would crazily think of their parents.

A university student, no matter how bad it was, would still go home and still be able to meet their parents.

However, Ye Ling was different. She was brought into the hunting school. Countless times in her dreams, she dreamed of the childhood she hated the most. It was also the parents she wanted to see the most after experiencing the ruthlessness of others in the hunting school.

However, such a slim hope was also a luxury.

All these years, Ye Ling had suppressed her immense pain in the bottom of her heart and displayed her most tenacious side in front of everyone.

This was because she believed that as long as she lived, she would be able to see her parents again!

She could not die! She absolutely could not die! She absolutely could not give in!

It was with this bit of hope that Ye Ling survived.

Those who have never experienced such a feeling will never understand. When you face the cruelty of the secular world and when others treat you with a truly cold heart, the thing you most easily remember is still the thing you most loathe.., the most impatient parents who nag you every day.

Ye Ling also didn't know what had happened to her today. She actually cried, squatted down, and hugged herself. In front of Ling Wei, she couldn't help but vent her emotions. Those tears were like flowing water from a tap, they did not stop flowing.

When Ling Wei saw this, he could not help but feel his heart tighten.

Reaching Out, Ling Wei grabbed ye Ling's wrist and pulled ye ling up from the ground. He pulled her into his warm embrace.

His words fell at this moment. "I will not force you in the future. I will make you willingly give birth to my children."

He, Ling Wei, would not change the person he had decided on.

...

In the female dormitory building, Yun Jian was lying on the bed. The door was lightly slammed with a stone. When Yun Jian opened the door and walked out, he saw a small forest not far from the female dormitory building. Ghost Shadow was waving at her.

Si Yi had been writing to her almost every day during this period of time. He wrote content that he could not bear to look at directly.

When Yun Jian saw this, he walked towards the small forest.

After taking the envelope from ghost shadow, as usual, Yun Jian opened the envelope and saw a familiar handwriting:

Little Jian, I miss you so much. I really want to make you unable to get out of bed for 365 days.

Seeing this, Yun Jian's face turned red.

Just as Yun Jian was about to turn around and return to the dormitory, a familiar, fresh smell came from behind Yun Jian. The person who came from behind hugged her.

He hugged her from behind and leaned over to her ear. He smelled the familiar and crazy smell of love and was instantly fascinated.

...

Chapter 1885: had turned into a wild man

It was currently night time, around 9 pm. Today's training had ended very early. Usually, the training would end at 11 pm. By the time they got up at 5 pm the next day, they would only have a short six hours of sleep.

Today, because the training had ended early, Yun Jian took a shower and lay down in the dormitory to rest.

It was already the last period of autumn. The wind was very strong at night and it was very cold. During the day, he had to wear two pieces of clothes to not feel cold. At night, he had to wear thick clothes.

When Yun Jian heard someone knocking on the door with a stone, he knew that it was definitely a ghost.

And the ghost must have been sent by Si Yi to deliver the letter, so Yun Jian only put on a coat and came out.

After taking the envelope, Yun Jian opened it in a hurry. After reading the envelope, he was hugged by a pair of big hands from behind.

Smelling the familiar scent, Yun Jian was suddenly moved.

At this moment, Si Yi hugged Yun Jian. He bent his lean back slightly and pressed his lips against Yun Jian's neck, as if he was sniffing her fragrance.

His heavy breathing landed on Yun Jian's neck. Yun Jian trembled slightly from the numbing sensation.

Si Yi tightened his grip around Yun Jian's abdomen. He suddenly felt that she was wearing thin clothes. He frowned slightly and said in a low voice that sounded somewhat reproachful,

"Why are you wearing so little? What if you catch a cold?" His heart would ache.

Si Yi did not say the last sentence.

"I'm here to pick up the letter you sent me. I'll go back to my room after I pick it up." Yun Jian reached out and tucked a strand of hair behind his ear. He pursed his red lips and said.

"You're not allowed to wear so little next time." Si Yi said as he let go of the hand that was hugging Yun Jian from behind. He took off his coat and draped it over her body.

"Mm." Yun Jian nodded. She did not know why, but when he said this, her heart felt warm.

Si Yi didn't rush over in the middle of the night just to see her and leave.

To be honest, ever since Yun Jian entered the hunting school, he knew her every move like the back of his hand.

Mm... ... including the fact that Yun Jian was now living alone in a dormitory.

...

Three minutes later, Yun Jian brought Si Yi, who already had plans, into his own dormitory. As soon as he entered the dormitory, Si Yi conveniently locked the door of the dormitory, which was not considered as a solid lock.

Si Yi entered the four-person bedroom as he wished. Now, Yun Jian was the only one in the bedroom. As soon as he entered the bedroom, Si Yi went wild.

He pressed the Yun Jian on the bed and pressed it down. His breathing was slightly heavy. He had been separated from Yun Jian for a period of time. Although it had not been a month, it had been more than twenty days.

Once a man had sex, he would have bad ideas. Si Yi was no exception.

"Don't... This Is..." Yun Jian was about to contradict si yi, but as soon as he said that, si yi leaned over and kissed her little mouth.

...

"It's in the room! It's in the room! She hid a man! I saw it with my own eyes! Lord Jamil, I even told you about this, you must protect me! I don't want to die, I don't want to die in the dark like Lord Buddy... "..."

Outside the room, a large group of people were led by 211 to the door of the Yun Jian dormitory.

Even Ling Wei was called over.

But looking at Ling Wei's appearance, it seemed like it had nothing to do with him.

The Yun Jian in the room was pressed down by Si Yi. Before he could do anything, there was a sound coming from outside the door.

The Yun Jian blinked. Si Yi narrowed his eyes. At the most beautiful moment, he was interrupted. At this moment, he had an impulse to kill someone.

...

Outside the house, 211 had already led everyone to stand at the main entrance. She pointed at Yun Jian's dormitory with a menacing finger and said to Jamil and Lin Wei:

"Lord Lin Wei, Lord Jamil, 16 must have hidden a wild man in the house! She must not be able to stand the loneliness! I saw a man follow her into the dormitory with my own eyes just now!

"Our hunting school can not keep such a person! Even if he is a student, we can not forgive him!

“Moreover, that wild man is so bold, he actually dared to openly go to the girls’ dormitory and have an affair with a student! This wild man, according to our hunting school’s tradition, shouldn’t we execute him with a gun!”

Chapter 1886: aggressive, suicidal omen

The more 211 talked, the more he felt powerful.

At night, several women in the bedroom next door were already lying in bed, and 211 was a snobbish woman.

211 this group of women in the hunting school’s status is no different from the women’s support.

Unlike ye Ling, 211 this group of women in the hunting school, is any man can trample on.

Perhaps other women felt that they had fallen, so they just had to open their legs and accept it.

But 211 was different. 211 would learn to climb up, and she would try to cling to people of higher status.

Just like Buddy from before, 211 was the target of 211’s clinging.

211 knew how to use her body to seek benefits, or to get protection.

Tonight, 211 had just climbed to a new high branch, and had just ended a few rounds of unspeakable things with that man. When she rushed back from the outside in the middle of the night, she saw Yun Jian bringing a man into her dormitory.

Now, Ye Ling had been taken away by Lord Lin Wei. This was something that everyone knew.

This also meant that Yun Jian was the only person in the dormitory where Ye Ling used to live.

When 211 saw Yun Jian bringing a man into her dormitory, she felt a burst of excitement in her heart.

The hunting school’s system was very strict. Students were absolutely not allowed to have an affair with anyone.

Therefore, when she saw that a man had actually followed Yun Jian into Yun Jian’s dormitory, 211 immediately ran to find Jamil, Lin Wei, and everyone else to come over.

Along the way, he had even alarmed the students of this year’s hunting school who were like Yun Jian.

After being exaggerated by 211, everyone followed him over.

211’s words were very loud. At this moment, he was standing in the female dormitory building, attracting the women from the other dormitories as well.

At that time, the women were all waiting to see Yun Jian become a joke.

After hearing 211’s words, Ling Wei’s eyes flashed slightly. Before Jamil could speak, Ling Wei said, “She won’t steal a man.” A man other than the young master.

“Lord Ling Wei, you know her. If you want to side with her, then I have nothing to say. But by doing this, is she treating the rules of our hunting school as child’s play?” 211 stood beside Jamil, using his own body to touch Jamil, he said these words at the same time.

Jamil was not someone who could be seduced by any kind of beauty. He pushed 211 away and was just about to speak when the door of the Yun Jian dormitory opened, and the Yun Jian appeared in front of everyone.

Not long after showering, Yun Jian was wearing a tight suit with a jacket over it. She was wearing a pair of black tight pants underneath, fully displaying her perfect figure.

At that time, Yun Jian gave people an extraordinary beauty.

A large group of men present were dumbfounded. They could not help but hold their breaths.

When 211 saw Yun Jian like this, she was slightly jealous. However, at the moment when 211 was slightly jealous, Yun Jian looked at 211 and sneered:

“Yes, there is indeed a man hiding in my room.”

She actually admitted it! 211’s eyes bulged.

Just as 211 wanted to make use of this opportunity to make a scene, the piece of paper suddenly curved coldly. Just when 211 thought that the piece of paper would say something to refute her, the piece of paper flipped its hand, and she actually took out the butterfly knife from her hand...

Once again!

Butterfly knife! The scene of Buddy’s death was forever etched in 211’s heart. 211 was so frightened that his face changed, and he hurriedly hid behind Jamil.

Jamil’s expression changed. Although Ling Wei had warned him that the cloud note was a person protected by the dark soul organization, Jamil still wanted to teach the cloud note a lesson. Otherwise, why would the cloud note be so arrogant? Was it trying to climb onto his head?

“Ahem, since you’ve already admitted that you’ve hidden a man in your room, then according to the rules of my hunting school, students are not allowed to have sexual relations with anyone during training, you...”

Jamil had just said these words when he saw a long figure flash out from the door of Yun Jian’s dormitory.

That person had a stunning handsome face, as if no one in this world could give birth to such a handsome person.

Everyone present sucked in a deep breath when they saw this. For a moment, they were in a daze. This person... ! ... was he really someone who existed in this world? !

However, after Si Yi walked out of the door, his eyes were fixed on Yun Jian. He walked to the front of Yun Jian in front of everyone and reached out to hold Yun Jian’s small hand.

At the moment when everyone was shocked by this painting-like unreal scene in front of them.

Suddenly, Ling Wei, who was standing beside Jamil, saw a deep glint in his eyes. He stood in front of Si Yi and bowed slightly. Just like that, in front of a group of people, he respectfully addressed Si Yi with respect:

“Young Master!”

Chapter 1887: will act as the Vanguard and destroy all of you

Ling Wei suddenly took a step forward and bowed to this unbelievably handsome man. The words he said in a low voice made everyone’s jaws drop in shock.

It made Jamil’s expression change in shock, and he did not regain his senses for a long time.

Young... Master?

A man that Ling Wei could address as young master!

A man that even Ling Wei, one of the four great leaders of the dark soul organization, had to treat respectfully!

At this moment, not only was Jamil stunned, all the surrounding students, including 211, who said Si Yi was a wild man, were stunned on the spot.

At this moment, everyone present only had one doubt. who was this man that made Ling Wei lower his head? !

“Mm.” Si Yi grabbed the little hand of the cloud tablet and gently placed it in the middle of his big palm. He stared at her from the beginning to the end and replied to Ling Wei indifferently.

After saying this, Si Yi rubbed the little hand of the cloud tablet. He did not raise his head to look at the crowd, but his innate aura made everyone present have no choice but to stare at him.

After two seconds of silence, Si Yi finally spoke. His indifferent appearance made it seem as if other than the cloud paper, nothing else in the world could enter his eyes:

“I heard that someone just said that I’m a wild man?”

As Si Yi spoke, he placed the cloud paper’s little hand on his big palm and interlocked his fingers.

His little paper was really beautiful. It was beautiful everywhere, beautiful in person, and beautiful in hands.

HMM...

The little piece of paper under him was the most beautiful.

If the little piece of paper knew that Si Yi was thinking about this, she would probably give Si Yi a good beating.

There was no need to guess what Si Yi was thinking. Since si yi said this, it meant that he was angry.

What made Si Yi angry the most was not that he was a wild man.

Instead...

211 had actually said that his little note had hidden a wild man?

Could this mean that the cloud note had hidden another man besides him?

Of course, Si Yi believed that the cloud note would not do such a thing.

However, 211 who said this intentionally made everyone think that Si Yi was displeased when he heard this.

“Young master, I will dispose of the Trash Now!” Even the usually calm and collected Ling Wei could not help but break out in a cold sweat when he heard Si Yi’s words.

After Ling Wei finished speaking, he took out a pistol from his belt and pointed the muzzle at 211.

The surrounding people did not think that Ling Wei calling Si Yi young master had anything to do with whether Si Yi was the leader of the dark soul organization.

Ling Wei indeed only listened to the leader of the dark soul organization.

But...

How could the leader of the Dark Soul Organization Be Here?

How could it be Si Yi?

After all, Si Yi’s age was right there.

The people around them were all old foxes. The more ordinary they were, the more accurate their guesses were. However, the people around them were all old foxes. The more they thought about it, the more complicated it became.

Could it be that the man standing next to Yun Jian was one of the reclusive subordinates of the leader of the Dark Soul Organization? He had a higher status than the four leaders of the dark soul organization?

But even if it was such an illusion, the people present would not link the identity of the leader of the dark soul organization to Si Yi.

The more experienced one was, the more they would think about it, and the truth would be further away from them.

“Ah! Gun! Gun! Ah Ah Ah! Don’t, don’t kill me...” 211 saw that Ling Wei had actually pointed the gun at her. She was so scared that her whole body trembled, and she turned around to run.

211 did not expect that her original intention today was to embarrass Yun Jian, and then she would be rewarded for her meritorious report.

But she did not expect that she would actually get herself killed.

However, before 211 could run out of here, the gun in Ling Wei’s hand had hit 211’s heart with a “Bang”, without the slightest difference.

The surrounding people were so frightened that they sucked in a deep breath. When the group of women who were with 211 saw 211's eyes widen and fall to the ground with eyes wide open, they covered their mouths and were so frightened that they did not dare to move.

Dead!

211, dead!

Compared to the group of people around him, Jamil's thoughts were clearly much more meticulous. He had already guessed half of it. As for Si Yi's identity...

Just when Jamil was still unable to get a definite answer, Ling Wei suddenly turned her head to look at Jamil. To Jamil, she also solemnly warned the group of people around her:

"You'd better pretend that you didn't see anything. Otherwise, you will start a war with my dark soul organization! Then I, Ling Wei, will definitely be the vanguard and destroy you!"

Chapter 1888: identity exposed, attitude reversed

On the ground, 211's corpse constantly reminded everyone that she had paid the price of her life for provoking this handsome man!

The surrounding people might not have thought much, but at this moment, Jamil's eyes were wide open.

Didn't Ling Wei's words tell him something.

This handsome man whom Ling Wei called 'Young Master' was...

The leader of the dark soul organization!

Oh My God! The leader of the dark soul organization. He was actually having an affair with his current batch of students...

In addition to Ling Wei's previous advice to Jamil, he said that if he provoked Yun Jian, the dark soul organization would definitely not stand idly by.

Jamil completely understood why Ling Wei would use such a serious tone to warn him.

That was because Yun Jian was the woman of the leader of the dark soul organization!

This truth was too terrifying. It was so terrifying that after learning the truth, Jamil did not even dare to reveal a single bit of the truth to anyone present.

One had to know that once the identity of the leader of the dark soul organization was revealed, Jamil believed that he would definitely die a terrible death!

This was a completely unspeakable secret!

Jamil, who knew the truth, was so frightened that his face turned pale.

At this moment, even if Ling Wei stood up and said that Si Yi was not the leader of the dark soul organization, Jamil would not believe it.

It was not just because of the flaw he had revealed previously.

This time, Ling Wei's words were broken by three sentences again!

Except for the cloud note, Ling Wei would only speak or speak more than three sentences in front of one person.

That person was the leader of the dark soul organization!

Thinking about it, it was not so unbelievable for Ling Wei to say more than three words in front of Yun Jian.

After all...

Yun Jian was the woman of the leader of the dark soul organization!

"Hurry up and clean up this trash!" Jamil did not dare to say anything else. He pointed at the corpse of 211 next to him and shouted.

This subordinate quickly found someone to deal with this matter.

"I wonder if someone from the dark soul organization has offended you just now. I wonder, I wonder if you could come over to my place and have a seat?" Jamil walked over and looked respectfully at Si Yi. Because he was a little afraid., his voice was a little stuttering.

All the surrounding students, including the group of women who were with 211, as well as the other subordinates of Jamil, didn't have Jamil's brain. Therefore, they would at most think that Si Yi was someone from Ling Wei., or perhaps it was someone with a higher status in the dark soul organization that no one in the secular world knew about.

Who could guess that Si Yi was the leader of the dark soul organization!

Perhaps only Jamil could guess this point.

And now that Jamil knew the truth, he was really scared to death. His body was trembling all the time, and the powerful aura that he had when he first appeared dissipated in front of Si Yi.

Jamie invited Si Yi like this, as if he was afraid Si Yi would refuse.

However, just as Jamie thought Si Yi would not agree, Si Yi suddenly grabbed the cloud paper with his little hand and finally turned his eyes to Jamie.

That pair of sharp and deep black eyes stared at Jamie in panic.

"Young master has agreed. Lead the way!" Ling Wei turned his eyes and cast a sidelong glance at Jamie and said concisely.

"Yes, yes, yes!" Hearing this, Jamil quickly led the way. The sudden change in his respectful appearance made everyone present have a momentary illusion.

Their chief instructor couldn't have been replaced by someone else, right...

Chapter 1889: field battle, an eyesore

Jamil invited Si Yi away. No one dared to say anything, and Yun Jian did not follow.

Si Yi did not allow Yun Jian to follow. Yun Jian could see that Si Yi turned his head and looked at him with a hint of lust in his eyes. It was as if there was some conspiracy that he wanted to do secretly.

Before he left, Si Yi lowered his head and left a sentence beside her ear that only the two of them could hear:

“Little Jian, wait for me tonight.”

After hearing Si Yi's words, Yun Jian thought of some embarrassing scenes. Yun Jian blushed and pushed Si Yi away.

Si Yi revealed a handsome smile and left with Jamil.

...

After being invited by Jamil, he came back around 10 pm. However, the cloud note did not let him eat any meat tonight.

Si Yi was very uncomfortable about this, but he did not force the cloud note at all.

The soundproofing here was too bad, so bad that...

Even if you went to the toilet, the neighboring dormitory could hear the sound of the neighboring dormitory going to the toilet.

This was similar to the last time when he went to his grandfather's house in the countryside with Chen Xinyi. Chen Xinyi's cousin could hear him even if he farted in the neighboring room. It was a mystery.

Moreover, there were many women living in the neighboring dormitory. If Si Yi did something strange to her, how could he not be discovered...

...

Thus, Si Yi could only suppress his desire...

In fact, he hoped that everyone would know about his little zhi, but only about him.

The next morning, before dawn, Yun Zhi and the others had not even started their morning exercises. They were called to a place by Jamil, saying that they were going to undergo the next round of training.

“All of you are special forces from all over the world. You must definitely master the skills of survival in the wild. Therefore, from today onwards, you will undergo a month-long survival in the wild.

“During this month, you must use your own hands to find food. Before entering the forest, I will give each of you a dagger. Other than that, no one is allowed to bring anything else!

“My request is that even if you die in that forest, you are not allowed to retreat. Therefore, I will not give you any tools to call for help. Midway, it will only increase the difficulty of survival in the wild!

“Now, set off!”

Jamil said this very simply.

Survival in the wild was an essential skill for everyone present.

If it was the survival in the wild that the cloud tablet had encountered in the past, before entering the forest, it would definitely give everyone a distress device or something that could be used to give up on the competition midway.

Then, in this place, Jamil would not give everyone the chance to give up! If you could not endure it, you would have to die!

This kind of training could boost one’s fighting spirit by a hundred times. There was no room for retreat, so they could only advance!

...

However, what cloud note could not figure out was why Si Yi would follow him.

Moreover, he was holding her hand, walking in this place filled with wild beasts as if he was admiring the scenery..

“Splash –”

Who knew that not long after they entered the forest, it started to rain.

Si Yi did not say a word. He took off his coat and draped it over her head to shield her from the rain. Then, he held her hand with his big palm and looked for a nearby place to hide from the rain.

“There’s a cave there. Xiao Jian, let’s go hide from the rain.”As he spoke, Si Yi held onto Yun Jian’s hand and walked towards a big cave.

This cave was quite big. The cave entrance was covered by vines.

Si Yi’s survival skills in the wild were very high.

He didn’t even need Yun Jian to help him. After a while, Si Yi had already picked up some firewood that could be burned and started a fire.

Si Yi’s coat was wet. Yun Jian was fine because he was covered by his coat.

Si Yi had just been caught in the rain. Now, his coat was completely wet.

Yun Zhi could tell that the clothes he was wearing and the coat he was wearing were all bought for him by her.

They were all faded.

Yun Zhi narrowed his eyes and suddenly leaned his head on Si Yi’s shoulder.

She felt that she was very happy.

“Little zhi...”not long after Yun Zhi leaned his head on Si Yi’s shoulder, he heard the sound of his heavy breathing.

In the next second, Yun Jian suddenly felt that the world was spinning.

He suddenly turned over and pressed her under him. The not-so-wet coat was under her body.

Yun Jian instantly realized what he was going to do.

“Don’t... Not Here...”when he was about to rip her clothes off, Yun Jian’s face was red.

“Xiao Jian, you are mine...”si yi whispered into Yun Jian’s ear.

He pressed her two small hands on his head.

Then...

Chapter 1890: discovered another world

“Over there! There’s a cave over there. Let’s go in and hide!”

“The rain is so heavy! Oh My God, it’s raining just like that. It’s almost winter, and it’s not summer. The weather is really changeable!”

“Hurry up and hide in the cave! My clothes are getting wet!”

...

The sounds of people and hurried footsteps in the forest.

Yun Jian, who was pressed under Si Yi’s body, blinked her eyes. At this moment, she and Si Yi were still not dressed properly.

But at this moment, someone came!

And at this moment, the sound of people coming from outside was already in front of the cave.

Outside the cave.

Seeing this big cave, a group of people hurriedly ran over from afar, braving the rain. They used their backpacks and coats to block the increasingly heavy rain. In a moment, they rushed to the front of the cave.

The voices of these people were in Chinese.

This forest was located in Venezuela’s tropical rainforest. Hearing Chinese here was equivalent to seeing the Z Nation people. It was very rare.

Due to the altitude and the water source, it was possible for tropical rainforest and wilderness to coexist in the same place.

In other words, the world here looked like it was about to turn into a desert, but there were trees. However, the trees were very dry because of the lack of water.

In such a place, even if the Z Nation people came to visit, they would not choose Venezuela's tropical rainforest.

However, it was in such a place that a group of Z Nation people appeared here.

The group of people complained as they walked to the cave entrance. When they reached the cave entrance, they were shocked.

One of the strong male voices saw that there was a slight flicker of light in the cave. He was shocked:

"There's even firewood burning in this cave. Is there someone inside?"

As he spoke, he led his men into the cave.

Looking inside the cave from the outside, they could only see the flickering inside because there was firewood inside. Other than the surroundings of the firewood, everything in the cave was pitch black.

However, after this group of people entered the cave, they saw that the firewood had lit up everything in the cave.

Yun Jian had just tidied up his clothes when he saw this group of Z Nation people entering the cave from the outside.

Before this group of people entered the cave, they saw firewood and were prepared to see people inside the cave. However, when they saw people, they were still slightly shocked.

Yun Jian and Si Yi did not show any signs of shock.

Si Yi's face was full of displeasure.

"There, there's someone here. You... Hello..."the man who was almost 30 years old said to Yun Jian and Si Yi after he saw Yun Jian and Si Yi.

Yun Jian and Si Yi ignored him.

It was already lucky that Si Yi did not kill them.

The man did not feel embarrassed. He scratched his head and smiled at Yun Jian and Si Yi. "Sorry, we didn't know there was someone here. It was raining outside, so we came in to hide from the rain."

The man laughed and said, "I think you two are Z people too? Haha, My Name Is Meng Zhang, they are my teammates."

The man named Meng Zhang did not realize that he had interrupted a good thing. He smiled at Yun Jian and Si Yi very friendly and introduced his four teammates. Then, he looked at Yun Jian and Si Yi and asked,

"Oh right, are the two of you... Like Us, here to investigate the strange incident that happened here?"

As soon as Meng Zhang said this, Yun Jian's eyes flashed and he asked, "What incident?"

“Brother Meng, I think the two of them are at most lost in the forest. How could they be here to investigate that incident! It’s better to clean up after wasting our breath on them. We’ll continue to move forward immediately after the rain stops!”

A short man standing beside Meng Zhang said.

Meng Zhang looked to be almost 30 years old and had a one inch crew cut. He was straightforward and had the demeanor of a big brother.

The short man standing next to Meng Zhang had a strange expression on his face. He was still staring at Yun Jian and Si Yi with his eyeballs. He had a feeling that Yun Jian and Si Yi were his enemies.

The short man did not look good. His nose was a little crooked, and his face was very thin. His cheeks were deeply sunken.

This short man’s name was Wu Tianlan.

Meng Zhang had four teammates, a total of five of them.

After Wu Tianlan spoke rudely, Meng Zhang berated him, then said apologetically to Yun Jian and Si Yi:

“I’m sorry, he’s just like this. His mouth is poisonous, but his heart isn’t bad. The five of us are part of a scouting team, ha. Perhaps you don’t know, but not long ago, I heard that someone was suddenly dragged into another world here.

“That world is completely different from this one. There are immortal cultivators there! Those who are strong can even fly! Horses have wings, and there are all kinds of magical beasts!

“So we’re here to investigate. Recently, there have been many scouts from many countries coming over. I thought you were too...”
