

Schoolgirl 1891

Chapter 1891: would be a hindrance if they were brought along

“Cough, but none of you seem to know about this? Haha! If you didn’t know about this, you’d think I was joking, right? But we believe that there really is another world, which is why we came to investigate... ..”

As Meng Zhang spoke, he scratched his head again.

Indeed, it was very far-fetched to say this.

There was another world, and there were immortal cultivators in that world! Powerful immortal cultivators could fly! Horses had wings, and that was the legendary Pegasus. There were also all kinds of magical beasts...

That was simply a world made up by a writer!

If they hadn’t seen it with their own eyes, such a place wouldn’t exist at all for everyone!

“Ha, I feel like I’m getting more and more ridiculous...” seeing that Yun Jian and Si Yi didn’t make any noise, Meng Zhang scratched his hair. Obviously, he thought that Yun Jian and Si Yi didn’t believe what he said.

That’s right. How could ordinary people believe such nonsense?

Wasn’t this something that only existed in mythological dramas? !

Meng Zhang felt that since Yun Jian and Si Yi didn’t come here for the same reason as them, to investigate that strange matter, as ordinary people, they definitely wouldn’t believe it.

However, just as Meng Zhang thought that Yun Jian or Si Yi would think that he was talking nonsense...

Yun Jian, who was standing in front of him, frowned.

Si Yi, on the other hand, did not look surprised at all. It was as if everything was within his expectations.

Meng Zhang was shocked. Yun Jian curled his lips and said, “I believe you. Continue.”

Meng Zhang had not seen someone like Yun Jian for a long time. How could she believe such a strange thing?

Therefore, Meng Zhang told her everything:

“That was half a month ago. I heard that someone was suddenly dragged into another world in this forest...”

After that person woke up, the world changed. Everything around him was filled with things that he had never heard of before.

What immortal cultivators? Powerful immortal cultivators could even fly! Horses had wings, and there were all kinds of demonic beasts! Wait, it was unimaginable.

However, that person didn't know how he entered that other world. He didn't even know how he came back.

After this matter was exposed, many people chose not to believe it.

Of course, there were also some people who believed it, such as Meng Zhang and the others.

After receiving this news, Meng Zhang and the others rushed here, wanting to investigate the matter.

Meng Zhang was not clear about the unnecessary matters.

After hearing Meng Zhang's words, Yun Jian's deep eyes tensed up again.

The forest where the hunting school was located had actually appeared to lead to the Imperial Dragon Continent, or was it an entrance to another continent?

Was this related to her master asking her to come to the hunting school?

Moreover, the cave that led to the Imperial Dragon Continent from the ancient tomb was forcefully torn out by the Divine Lord, Si Yi.

In other words, no one in the imperial dragon continent, the other continents, or even the god continent could do this.

Then, who opened the entrance to the continent near the hunting school?

"Are you looking for the entrance to that world?" Yun Jian suddenly turned to look at Meng Zhang and asked.

"Yes." Meng Zhang nodded.

"Then do you know where the entrance is?" Yun Jian asked again.

"I have some clues about it, but I don't know where it is," Meng Zhang replied again.

"Don't tell me you want to go together? Brother Meng, we definitely can't do that! Look at those two thin and weak people. What if they drag us down when the time comes?"

Yun Jian's question had just reached this point when Wu Tianlan, who had been silent all this while, spoke up again with a serious tone.

After saying that, Wu Tianlan even glared fiercely at Yun Jian.

"Yeah, I think so too." A woman standing behind Meng Zhang also spoke up at this time.

This woman was also a member of Meng Zhang's investigation team. Her name was Wan Menglin.

Wan Menglin looked mature and spoke in a steady manner. Although she didn't mean to look down on Yun Jian and Si Yi, she agreed with Wu Tianlan's words.

"Even if we find a way to go to the other world, based on their skills, it's still a question whether they can protect themselves. After all, we're from Taekwondo.

"If we bring them with us, they will only slow us down!"

Chapter 1892: unless you don't want it anymore

After all, Yun Jian and Si Yi weren't big. Yun Jian was still a minor, and Si Yi looked like he was only in his early twenties.

At his age, he was still in high school or university, right?

He was still a student, right?

Wan Menglin, Wu Tianlan, and the others were members of the investigation team. Meng Zhang was obviously the leader of the five.

Don't blame Wan Menglin and Wu Tianlan for being selfish. Humans were all like that. Yun Jian's tone just now was obviously interested in another world.

Therefore, Wan Menglin and Wu Tianlan directly identified Yun Jian as someone who wanted to join in the fun.

After all, she was a little girl. She definitely wanted to join in the fun after discovering such an interesting thing.

"I do want to go." After hearing Wu Tianlan and Wan Menglin's words, Yun Jian didn't get angry. Instead, he said these words very calmly.

Wu Tianlan and Wan Menglin's words sounded like they were attacking Yun Jian.

However, human nature was the same.

Let's use the simplest example. For example, when you were playing the game, you hoped that the opponent you matched with would be strong and not weak.

If the opponent you matched with was weak, then even if you didn't directly attack him, you would still be unhappy after being cheated.

This was human nature.

Wu Tianlan and Wan Menglin were people who spoke their minds.

They were afraid that Yun Jian and Si Yi would shamelessly follow them and end up dragging them down.

But now, after hearing Yun Jian say this, Wu Tianlan and Wan Menglin were even more certain that Yun Jian wanted to shamelessly follow them.

Therefore, Wu Tianlan and Wan Menglin's expressions were very bad.

Especially Wu Tianlan, who spoke without any restraint and directly blurted out the most unpleasant words to Yun Jian:

"Little sister, take a good look at yourself! You want to drag us down? You..."

Wu Tianlan had just said this when he raised his hand and walked to Yun Jian in two steps. He clenched his fist tightly and raised it above Yun Jian's head, waving it twice.

Wu Tianlan was about the same height as Yun Jian, and Yun Jian was 1.65 meters tall.

However, even if a man was the same height as a woman, he still looked much shorter than a woman.

Wu Tianlan felt as if he was shorter than Yun Jian when he stood in front of Yun Jian.

Wu Tianlan raised his hand and placed his fist on Yun Jian's head. He still raised his head desperately. He did not continue speaking until he said this.

Wu Tianlan only felt a large, well-defined palm grab his hand and squeeze it hard. Then, a long, slender leg kicked at him.

Wu Tianlan did not even see who did it before he was kicked onto the wall of the cave. Then, he bounced back and fell to the ground.

This fall almost made Wu Tianlan vomit.

"Tianlan!" Wan Menglin's pupils constricted when she saw this. She ran over and pulled Wu Tianlan up.

Meng Zhang had no intention of looking down on Yun Jian and Si Yi from the beginning. However, when he saw the scene just now, his pupils also widened. Clearly, he was very frightened.

Everyone present had seen it very clearly just now!

Although there was only a small amount of firewood burning in the cave to illuminate the cave, the moment when Wu Tian Lan pointed at Yun Jian and cursed a few times and wanted to clench her fist to threaten Yun Jian.

Si Yi, who had been silent all this time, grabbed Wu Tianlan's hand and kicked him away.

His action was so fast that it looked like a ghost.

Everyone present was completely shocked.

No one had imagined that this young man in his early twenties actually had the ability to move so fast that no one could see it with the naked eye!

The moment Wan Menglin helped Wu Tianlan up, Si Yi had already grabbed the cloud tablet and swept his gaze across the crowd. His cold words made the hearts of everyone present tremble.

He was speaking to Wu Tianlan:

"Don't let me see you put your dirty hands in front of my woman again, unless you don't want it anymore." Then he would cripple it for him.

Chapter 1893: Yun Jian-she was a hunting student

Just now, Wu Tianlan had only clenched her fist and placed it in front of the Yun Jian. She had been silent the whole time, and even when she heard such a strange thing, she acted as if she hadn't heard it at all, si Yi, who wasn't interested at all, directly sent Wu Tianlan flying with a kick.

This move made everyone at the scene go crazy.

Not only did si yi actually make a move for this point, but what was even more surprising was that Si Yi actually had such powerful strength!

It must be known that the five people led by Meng Zhang were not only an investigation team, but they had also gone through formal taekwondo training.

They could also be considered to have a taekwondo background.

Although Wan Menglin also admitted that there were many powerful people in this world, Wan Menglin never thought that Si Yi, who she looked down on just now and thought should only be a student, actually had such a shocking ability!

"You... you... could it be that you're also learning taekwondo? Or Sanda? Judo?" Wan Menglin was shocked by Si Yi's appearance just now, and at the same time, she was slightly mesmerized by Si Yi's handsome face.

Wan Menglin's knowledge was probably only so little.

For powerful people, other than learning taekwondo, Sanda, or judo, Wan Menglin didn't think that there were other abilities that could be learned.

She wasn't some Secret Agent Killer, born in the international black market.

An ordinary person's ability could only be limited to this.

Wan Menglin was already twenty-five years old this year, but to be honest, Si Yi's handsome appearance just now had indeed attracted her.

So when she asked Si Yi, Wan Menglin was still very much looking forward to Si Yi's reply.

Unexpectedly, Si Yi stood aside with his little hand holding the cloud paper. He stared at her and did not move his eyes away.

Seeing this, Wan Menglin curled the corners of her mouth.

"What kind of ability is a sneak attack? Do you think you are very powerful?" Wu Tianlan was kicked by Si Yi and shouted at Si Yi after he recovered from his shock.

After saying this, Wu Tianlan turned to look at the cloud paper again. Perhaps it was because of what Si Yi had said just now, Wu Tianlan did not dare to point at the cloud paper anymore. He just looked at the cloud paper and mocked in disdain,

"It's just a woman who is protected by a man. What kind of ability is that?"

Wu Tianlan was obviously a man with a very bad temper. He did not know how to hide his emotions, but he showed his most violent side to the public.

It was very easy for such a person to meet people who played dirty tricks.

Wan Menglin was obviously smarter than Wu Tianlan.

At this moment, Wan Menglin, who had witnessed Si Yi's skills and had a good impression of Si Yi, spoke up. She was tactful but merciless as she said to Yun Jian,

"You're a girl. It's good to be protected by your boyfriend, but it's better for a girl like you not to go with us.

"I think it's better if you don't go. Let your boyfriend go with us. When your boyfriend comes back, he can tell you about the things in that world."

That way, she could be alone with Si Yi. Wan Menglin blushed as she thought about it.

Everyone felt that Yun Jian was very weak.

However, after Wan Menglin said this, Yun Jian ignored her.

Yun Jian just rested his head on Si Yi's shoulder, leaned against Si Yi's chest and closed his eyes.

Wan Menglin clenched her fists when she saw Yun Jian like this. In the end, she couldn't say anything.

She must have done it on purpose!

Si Yi, on the other hand, enjoyed this feeling very much.

HMM... it was soft.

...

An hour later, the rain stopped. Yun Jian and Si Yi wouldn't stay here forever. It was the same for Meng Zhang and the others.

Yun Jian, Si Yi, and Meng Zhang had just walked out of this place.

A few figures appeared on the right side of the forest.

The moment Yun Jian saw them, his eyes narrowed slightly.

The leader was actually Denmark, who had been on bad terms with her. Earlier, he had even threatened her that if she dared to come to the hunting school, he would kill her.

Denmark walked over step by step. He looked at the Yun Jian with a ferocious expression. Suddenly, he revealed a strange smile in front of everyone. Then, he looked at the Yun Jian and said,

"16, you are indeed here! Hehe! I have already said that as long as you dare to enter the hunting school, I will make sure that you will never be able to walk out of Here! Today, I will fulfill it!"

Looking at mcdan's appearance, it seemed like he had some sort of trump card that could win against Yun Jian.

Upon hearing mcdan's words, Meng Zhang, Wu Tianlan, Wan Menglin, and the others' pupils constricted as they cried out in puzzlement, "Hunting school? 16! ? This is..."

Meidan thought that Meng Zhang, Wan Menglin, and the others were Yun Jian's friends, so he sneered and opened his mouth in front of Meng Zhang and the others to exaggerate the facts:

"Keke, don't you know? She's a student of the hunting school! She even killed the subordinate of the chief instructor of the hunting school. She's a person who kills without blinking!"

Chapter 1894: He could lose his life at any time

As he spoke, he smiled and took out a folding machete from his pocket. He held the folding machete in his hand and waved it gently. Then, he pointed the blade at Yun Jian.

His move was purely to intimidate Meng Zhang, Wu Tianlan, and Wan Menglin.

It was not a coincidence that he could find his way here.

Ever since Yun Jian and Si Yi entered the forest, Meidan had bribed the people in charge of the distribution of survival in the wild to obtain Yun Jian and Si Yi's location when they were brought into the forest.

For an average person to move from one location to another, it would definitely take time to walk. Moreover, it happened to rain when they just entered the forest, and there was only this cave nearby to take shelter from the rain.

Therefore, Meidan very smoothly found Yun Jian and Si Yi.

When he saw Meng Zhang and the other three standing beside Yun Jian, he naturally thought that they were her friends.

Therefore, Meidan did not directly make a move just now. Instead, he used threatening words to say what he said just now. He wanted Yun Jian to lose Wan Menglin and the other three friends.

Reality proved that Meidan's intimidation was very successful. After hearing Meidan's words, Meng Zhang and the other three did indeed show frightened expressions.

Especially Wu Tianlan and Wan Menglin, who were the most unfriendly toward Yun Jian just now.

Wu Tianlan's face stiffened.

She originally thought that Yun Jian was just an ordinary girl, and she wanted to use this to persuade Yun Jian not to go with her group so as not to drag them down. Wan Menglin, who had let Si Yi go with her, now had an expression that could not be described with the word 'terrified', it could not be described with the word 'terrified'.

"A student... from the hunting school? She... !?" At this moment, the one who spoke was not Meng Zhang, nor was it Wu Tianlan, but Wan Menglin.

Wan Menglin used a pair of wide-opened eyes to stare at Denmark. She then looked at Yun Jian and then at Denmark, her face filled with disbelief.

Shouldn't she just be a girl who was powerless! !

How could she be a student of the international hunting school! !

The hunting school, basically, anyone who had some understanding of these international affairs would know what kind of school it was!

Wan Menglin and the other three were all members of the Scouting team, so they naturally had some understanding of these things.

The hunting school, it was a world-famous special forces training center!

The special forces who could enter the hunting school were all experienced, outstanding, and the strongest among the people around them!

Such a person was a sacred and awe-inspiring powerhouse!

What taekwondo experts? If they were to fight with them, they would not even be able to touch the corner of their clothes!

The gap was not just any ordinary big one!

Moreover, Wan Menglin and the others were not taekwondo experts. They only knew a little bit of taekwondo.

And Yun Jian...

She was also one of the students of the hunting school! ?

"TSK TSK TSK, don't you believe it!" mcdan suddenly felt that the situation was getting more and more interesting. He directly recognized Wan Menglin and the others as Yun Jian's friends, so he sneered twice.

"She... how could she be a student of the hunting school! Isn't she just an ordinary girl? I don't believe it! I don't believe it!" Wan Menglin was shocked by Yun Jian's identity, in addition to what she had said to Yun Jian previously, her face sank. It was extremely ugly.

On the other hand, mcdan thought that Wan Menglin was Yun Jian's friend even more. Look, she was struggling hard at this moment. She had to say that Yun Jian was an ordinary girl.

Yun Jian stood not far away and listened to the conversation between mcdan and Wan Menglin. He only curved his lips and sneered at the understanding ability of these two people, but he did not step forward to stop them.

At this moment, Meng Zhang's reaction was clearly much better than Wu Tianlan's and Wan Menglin's, but the expression on his face still changed slightly.

Wu Tianlan also had a look as if he had eaten dog sh * t.

There were a few people following beside Madan. These people were all students of the hunting school. They had been following Madan ever since they entered the hunting school.

It could be seen that Madan's status in the outside world was higher than these people. Although they did not know Madan's identity before he entered the hunting school, these people had been trying to curry favor with Madan even after they entered.

It could be seen that mcdan was not an ordinary person.

Especially the bald man beside mcdan. He was tall and sturdy. One look and one could tell that he was a martial arts practitioner. This man followed mcdan's intention and also thought that Wan Menglin and the other three were Yun Jian's friends.

Therefore, he sneered a few times. In order to curry favor with mcdan, he actually pointed at Yun Jian in front of everyone. He pretended to be smart and answered mcdan's words. He sneered at Wan Menglin:

"You don't believe me? Ha, if she is not a student of our hunting school, how could she appear here? Today is the wilderness survival training for our hunting school students!

"Hehehe, and she not only killed the subordinate of the chief instructor of our hunting school! She also has some connections with the number one international assassin organization, the Dark Soul Organization! How dare you stay with such a person! You may lose your lives at any time!"

Chapter 1895: marry me, I like you

After the man finished speaking, Meng Zhang, Wan Menglin, and the others were even more frightened.

If Yun Jian was a student of the hunting school, which made Wan Menglin and the others feel incredulous, then the words 'dark soul organization' brought them infinite fear.

Wan Menglin and the others were so shocked that they couldn't even speak.

On the other side, Denmark shot a glance at the man with a look of praise. When he saw this, the man looked pleased that he had fawned over Denmark.

Just as Denmark and the man thought that they had successfully placed the cloud note among their friends, the cloud note curled up slightly and said softly,

"Childish, ignorant."

After saying this, the cloud note used its small hand to grab Si Yi's hand and walked to the forest to the side.

When he left, Yun Jian's cold gaze did not even look at Wan Menglin and the others.

Even a fool could clearly see that.

Yun Jian and Wan Menglin were definitely not friends.

Seeing this scene, Medan instantly felt that he had been extremely stupid.

Just as Medan was about to make a sound, he grabbed his dagger and chased after Yun Jian.

“Bang Bang Bang!”

Three gunshots rang out.

Three Bullets flew past his head, left arm, and right arm.

After the bullets flew past, they pierced the tree behind him.

Wan Menglin, Wu Tianlan, and the others were so scared that they almost knelt on the ground and trembled.

They didn't know when, but Si Yi took out his pistol and fired three shots at him.

At that time, Si Yi had already retrieved his gun.

He circled the cloud paper and looked at Madan and the rest, warning them solemnly, “Don't let me see you again. Otherwise, as students of the hunting school, I will kill all of you!”

After saying that, he grabbed the cloud paper and left.

On the other end, Madan was frightened by Si Yi's words and his body trembled slightly. For some reason, he did not dare to chase after them with the dagger in his hand.

Even after learning of Yun Jian's terrifying identity from Madan, Wan Menglin still stared at Si Yi's figure and wanted to chase after him. “Hey, wait...”

However, before Wan Menglin could chase after them, Yun Jian and Si Yi's figures disappeared from where they were.

...

From Meng Zhang, Yun Jian already knew the approximate location of the entrance to the other world.

As for that world, whether it was the imperial dragon continent or some other unknown world, this point was still unknown to the cloud talisman. However, she had to investigate it.

Hence, the cloud talisman and Si Yi proceeded towards the approximate location that Meng Zhang had given them.

...

At this moment, at the headquarters of the Dark Soul Organization.

Previously, Si Luo and Luo Mei had told him about those secret matters. They thought that they were pregnant with a little baby. They were so frightened that they did not dare to return to Xue Ying's residence. Instead, they insisted on staying with Luo Mei.

Later on, Xue Ying angrily asked Molson to go to Luo Mei's place to bring Si Luo back.

It had been some time since this incident.

Luo Mei packed her luggage that day and prepared to return home from the dark soul organization.

“Sister Luo Mei, are you really going back? Then can you bring Si Luo to your house to play?” Si Luo looked at Luo Mei packing her luggage and felt very reluctant.

The last time Si Luo was brought back by Xue Ying, it was just that he did not live with Luo Lei anymore. The two of them still played together during the day.

“I don’t think that person in your house will agree, right?” Luo Lei laughed and then rubbed Si Luo’s head.

The last time, it was her misunderstanding, thinking that Xue Ying was being a hoodlum to Si Luo.

After Si Luo heard it, he pouted.

“Then I’m leaving. You go and say goodbye to them for me.” Luo Lei rubbed Si Luo’s head again, dragging her luggage as she walked out with a heavy heart.

She didn’t dare to tell him.

She was afraid that he would keep her here and she would be reluctant to leave.

Lorraine really made up her mind to leave this time.

What was she doing following him like this?

The two of them were not from the same world.

However, Lorraine had just dragged her heavy luggage out of the door when she bumped into Mosen.

Seeing Lorraine dragging a large luggage, Mosen, who had a raised eyebrow just a moment ago, instantly pulled a long face.

His handsome face immediately darkened.

“What are you going to do?” Mosen walked over and grabbed Lorraine’s wrist.

“I . . . Want to go home.” Lorraine didn’t dare to look at Mosen.

“Do you really want to leave me so badly?” Mosen tightened his grip.

This time, Lorraine didn’t dare to reply. She wouldn’t lie.

Just when Lorraine didn’t dare to look up at Mosen, Mosen suddenly grabbed her hand and forced her to look up at him.

The next thing Mosen said, Lorraine froze.

“Marry me,” he said. “I like you, so you can’t leave.”

Chapter 1896: found out the name of that continent

Mosen could be considered a gentleman. If it were Adam and Xue Ying...

One would directly rape the overlord while the other would forcefully kiss him. He could not take the initiative at all.

Even though Mosen's tone was firm, he did not directly rape the overlord. He did not forcefully kiss Luo Berry either.

He only used a confident tone to say those words.

The four leaders of the dark soul organization had one thing in common.

They all had a certain level of stubbornness toward the things they liked.

Or it could be said that as long as it was something they liked, regardless of whether you agreed or not, you had to agree.

The reason why this point was so similar was because the four leaders of the dark soul organization were all personally trained by Si Yi.

When they were very young, Si Yi had told them one thing.

He said, "If you want something in this world, you have to take it with your own strength. If you can't take it, you have to find a way to make it Yours Forever!"!

At the age of a child, it was the easiest time for people to be implanted with their thoughts.

For example, as the saying goes, people were born with good natures. Later on, they became bad because of the influence of various factors such as the environment.

When people are born, they are still young. Usually, children at this age are most likely to be influenced by bad thoughts.

And Si Yi's words could be considered to have entered the hearts of Adam, Mosen, Xue Ying, and Ling Wei.

Thus, the four of them had such a common point.

And at this moment, after listening to Mosen's words, Luo Berry was already frightened by Mosen's words and was stunned on the spot.

After being stunned for a few seconds, Lorraine was about to speak, but she was interrupted by Morson. He grabbed her wrist and pulled her into his embrace. Then, he did not allow Lorraine to refuse:

"You provoked me. I don't accept any rebuttal."

Morson was afraid that Lorraine would refuse, so he quickly spoke first.

Lorraine had long been interested in Morson. Otherwise, she would not blush every time she saw him.

At this moment, although Lorraine was shy and trembling, she still reached out and hugged him back. Then, her face blushed and she said as usual,

"I thought you would hate me, not like me..."

Bathed in the sunlight, Morson did not wait for Lorraine to finish her sentence. He bent down and grabbed her mouth that was full of nonsense.

...

Venezuela's tropical rainforest.

Yun Jian and Si Yi passed through a large area of forest and headed towards the place Meng Zhang had mentioned.

Since Meng Zhang's group had found this place, it meant that their destination was not far away.

Yun Jian and Si Yi walked for an hour and arrived at the place Meng Zhang had mentioned.

At that time, the place that should have been uninhabited suddenly had many houses built with simple materials.

There were people around the houses, which made it seem like a paradise.

However, this was not a paradise. All the people here, without exception, were here for the legendary other world.

"Hey, two more little friends! Two little friends, this way please!"

When Yun Jian and Si Yi saw this scene and blinked, a foreign old man in his fifties or sixties came over and waved at Yun Jian and Si Yi in high spirits.

Seeing the friendly expression on the old man's face and the fact that Yun Jian and Si Yi did not know the exact situation, they followed the old man over.

As they walked, the old man introduced himself. "My name is John. You two young friends can call me old monster John! This is the nickname that everyone gave me!"

As he said this, the old man who called himself John, his hair was a little gray, but he was full of energy. He turned his head to look at Yun Jian and Si Yi and asked with a smile,

"My two young friends, are you also looking for that other world called the central continent?"

Chapter 1897: was opened once again. Si Yi was jealous

"Central Continent?" This was the second time Yun Jian heard this name. Hearing this, Yun Jian could not help but frown.

The last time he heard this name was from Huyan BA, the head of Huyan family, the number one aristocratic family in imperial dragon continent.

Huyan BA had said some substantive words back then.

Back then, when Huyan Ba went to the central continent, he accidentally overheard the conversation between the two black-robed men.

The two black-robed men said that when the sorcerer God fell, it was the divine lord who used all his spiritual power to forcefully defy the Heavenly Dao and save him.

Furthermore, they said that the divine lord and the sorcerer God had gone to a place called Earth, and they had even sent people to assassinate him...

They also said that Yun Jian and Si Yi wanted to recover their memories as the sorcerer God and divine lord, so they injected powerful spiritual power into the wooden sandalwood box.

Later on, when they were absorbing the memory of the wooden sandalwood box, someone interrupted them.

Yun Jian believed that all of this was done by the mysterious person.

And now, the most crucial point was, since the black-robed person had appeared in the central continent, then was the mysterious person also a member of the central continent!

In addition, her benefactor had asked her to come to the hunting school to find him.

And did it mean that her benefactor was also a member of the central continent?

Yun Jian's eyes flashed.

Her instincts told her that she had to go to the central continent!

"Little friend? Little Friend? Little Friend?" John stretched out his hand and waved several times in front of Yun Jian to attract his attention.

Yun Jian did not recover from his shock. She only raised her eyes slightly to look at John. "HMM?"

"Haha, from the looks of it, the two of you probably don't know the details. Then have you heard that someone was accidentally dragged into another world and then mysteriously returned here?"

When John saw this, he was the first to speak.

Yun Jian nodded. "I've heard of him."

Si Yi stood beside Yun Jian. His handsome face coupled with his cold expression made it seem as if everything had nothing to do with him.

In his eyes, there was only her.

"The person who was mysteriously dragged into another world is my grandson, Joseph. The world he was dragged into was a place called the central continent. This is what the people from that world told him..."

John explained again. As he spoke, he had already brought Yun Jian and Si Yi to a row of simple houses.

"My grandson is planning to bring everyone to that world to investigate, but we don't know how to go there yet. I'll bring you to meet my grandson Joseph. He's a friendly person."

As John spoke, he brought Yun Jian and Si Yi to a house.

There were four or five people sitting at the table in the house. One of them was about twenty-five years old. His hair was very beautiful, and he had curly golden hair.

This man was John's grandson. He was also the person who was accidentally dragged into the central continent.

“SE, these are the two new friends.” John introduced Yun Jian and Si Yi to his grandson, then turned around to introduce Joseph and the others.

Joseph was indeed a friendly person. He heard that Yun Jian and Si Yi were going to the central continent together, so he pointed at the bench in the room and asked Yun Jian and Si Yi to sit down.

“That is a very beautiful world. Believe me, I will definitely take you there! According to my observations over the past month, the entrance to that world will definitely open again in three days!”

After Joseph got to know Yun Jian and Si Yi, he spoke to Yun Jian and Si Yi.

Yun Jian replied, but Si Yi did not say a word.

Joseph’s friends were both men and women. They all welcomed Yun Jian and Si Yi.

Joseph’s words were filled with confidence. Yun Jian blinked and continued to ask him,

“Why are you so sure that the entrance to that world will definitely open again in three days?”

“Intuition.” Joseph did not explain further. Instead, he gave the cloud paper a charming smile.

The cloud paper nodded. Just as she was about to reply to Joseph, Si Yi, who was sitting next to the cloud paper, suddenly grabbed the cloud paper’s little hand and pulled it out without any explanation.

Chapter 1898: on the edge of the cliff, Si Yi was angry

Just now, the cloud paper and Joseph were sitting not far away. Si Yi had been listening and did not feel that it was inappropriate.

In the end, when he saw Joseph actually smiling shyly at the cloud paper, Si Yi got angry. He directly took the cloud paper’s small hand and walked out.

This man named Joseph actually dared to show such a smile to his small paper?

But before Si Yi could pull the little hand of the cloud paper out of the room.

On this side, Joseph had a sense of justice. Seeing si yi pull the little hand of the cloud paper out, he stopped him:

“Hey! Brother! If you hold her hand like this, you’ll break her delicate little hand!”

Originally, Si Yi was not so angry. After hearing Joseph’s words, his sharp eyes were like a sharp sword that could kill, reflecting on Joseph.

Joseph did not feel that there was anything wrong with what he said. Seeing Si Yi not letting go, Joseph stood up. His face, which was very handsome in the eyes of foreigners, immediately showed displeasure.

“Hey, brother, no one treats women like this, right?”

Joseph really did not know who he had offended. As he spoke, he walked over and tried to pull the cloud paper from Si Yi’s hand.

However, before Joseph's hand could touch the cloud paper, Si Yi had already pulled the cloud paper into his arms. His hand reached into his pocket.

It was empty.

Where was the marriage certificate?

The cloud paper was embarrassed. She had secretly hidden the marriage certificate that he had always kept on him.

Si Yi, who could not get the marriage certificate, had a flash in his eyes. He pulled the cloud paper into his arms and looked askance at Joseph. "Stay away from My Woman!"

As he said that, he grabbed the cloud paper's small hand and walked out.

"Hey, Hey, Hey! I already said that it's not good for you to treat a woman like this! What are you doing!"

When Joseph saw this, he was worried about the cloud paper. He picked up his coat and chased after it. When he reached the door, he did not see the figures of the cloud paper and Si Yi.

"Damn, that brother wouldn't bully a woman, right! He wouldn't be domestic violence, right?" When Joseph thought of this, he hurriedly chased after them.

...

Yun Jian blinked and was grabbed by Si Yi all the way to the side of a cliff.

She could feel that he was very angry at this moment.

However, he grabbed her small hand and controlled his strength to not hurt her.

"Where are you taking me?" Yun Jian blinked his eyes and asked.

Si Yi didn't say anything. He just grabbed her small hand and walked to a place that was surrounded by dense grass and had his back against a cliff.

As soon as he entered the dense grass, Si Yi pressed Yun Jian against the edge of the cliff. He bent down and kissed her with heavy breaths.

When Yun Jian came back to his senses, he had already kissed her with a strong sense of jealousy.

The cliff was surrounded by trees. The trees were also connected to the dense grass, and there was a huge rock on top of their heads.

As long as one did not walk into the grass, they would not notice that there was someone there.

Si Yi pressed Yun Jian against the cliff. In order to prevent the small rocks on the cliff from pressing against her back, he pressed his bony palm against her back.

Si Yi kissed her fiercely. The force on Yun Jian's back was very strong, but Yun Jian's back was fine. Si Yi's huge palm on Yun Jian's back was worn out by the rocks, but he did not care.

The kiss ended. Yun Jian's hand was around Si Yi's neck.

She was about to ask what happened to Si Yi, but she felt that Si Yi used his other big palm to raise her two small hands above her head. The other hand that was pressed against her back retracted.

Yun Jian could see the back of Si Yi's handsome hand that was pressed against her back. It was scratched by the stone.

There was even blood.

"You're bleeding..." Yun Jian said anxiously.

However, before Yun Jian could finish speaking, Si Yi's hand, which had been scratched, lifted her leg, which was wearing a skirt. Her leg formed a 90-degree angle as she leaned forward.

He was in front of her. His lips were placed beside her ear, and his irresistible anger rose. He said, "Little Jian, I want you!"

Chapter 1899: you can't Bully a woman

As it turned out, a man like Si Yi couldn't help but eat vegetables every day.

Even a fool could tell that he was angry because Joseph was too close to him.

She had to admit that she liked Si Yi's angry look.

Yun Jian blinked slightly and lifted his legs. Suddenly, she put her hands around his neck.

This could be considered as silently allowing Si Yi to do something to her in this wilderness. There were only trees, grass, and cliffs around him, but they could cover this wilderness completely.

Si Yi was also a normal man. Seeing his beloved woman hinting at him like this, he did not stand on ceremony anymore and used his actions to prove his love for her.

...

Hunting School.

After sending Yun Jian and the other students into the forest, Ling Wei and Jamil both returned to their own residences.

All the students had to survive in the forest for a month. During this month, even if the students were attacked by ferocious beasts and died in the forest accidentally, it would still be their good fortune.

Everything depended on the word 'strength'.

Of course, this was not the main point for Ling Wei and Jamil. The main point was that during this month, Ling Wei and Jamil could be said to have had a relaxing vacation.

Ling Wei would not stay in the hunting school for long. The dark soul organization still needed him in the assassin training camp.

But for some reason, during this one month, he did not want to return to the dark soul organization.

One had to know that out of the four leaders of the dark soul organization, only Ling Wei was the most dedicated. It could be said that he had devoted his life to the dark soul organization.

In the past, whenever Adam, Molson, and Xue Ying went out to play, Ling Wei would directly reject them and continue to train his own assassin training camp.

The dark soul organization had today, and Ling Wei's contribution was indispensable!

Originally, Ling Wei planned to return to the dark soul organization's assassin training camp for more than a month, but he did not want to go back now.

Returning to his simple bedroom in the hunting school, Ye Ling sat at the foot of the bed. Seeing him return, Ye Ling stood up with some fear.

However, when she heard Lin Wei's words, she continued, "Pack up and leave with me."

Ye Ling had already stayed in the hunting school for nearly ten years. She had not left this place in ten years.

She missed home and wanted to leave, but she could not leave.

Therefore, when she heard Lin Wei's words, Ye Ling's previously gloomy face instantly reflected a ray of anticipation.

"I can leave this place?" Ye Ling asked Lin Wei in disbelief.

Lin Wei was still a man of few words. He looked at Ye Ling and nodded. Then, he turned around and reached out to open the door, intending to leave for a while.

"Then... then can I go home?" Ye Ling's face was filled with disbelief, but she looked at Lin Wei in disbelief. She excitedly took two steps towards Lin Wei.

However, just as she excitedly took two steps towards Lin Wei, Ye Ling did not notice the smooth ground. In the next second, she directly fell towards Lin Wei.

Ye Ling had developed well and was very plump.

With this slip, her plump body was directly thrown onto Ling Wei's arm.

Feeling the warm lump, Ling Wei's expression, which was as calm as usual, changed drastically.

This was...

!!!!

Fortunately, Ling Wei's face was facing the door, so ye Ling could not see Ling Wei's expression.

At this moment, Ye Ling had already realized that she had been rude just now. She stood up straight with a red face, and Ling Wei's expression instantly returned to calm.

"You have to look at the ground when you walk. Why are you running around!" In order to alleviate the scene just now, Lin Wei coughed lightly and berated ye ling.

Ye Ling blinked. For some reason, she was not afraid of his berating at all now.

...

"Be, be gentle... hmm..."the cloud paper was pressed against the edge of the cliff by Si Yi, doing something shameful, trying hard to restrain herself from making a sound.

Her face was as red as a red apple.

Si Yi kept staring at the cloud paper. His handsome face was raised, and his anger was reduced by half.

His small paper was the most beautiful at this moment.

At the last moment when Si Yi was holding the cloud paper, Joseph's voice came from afar:

"Where did you go? Let me tell you, you can't Bully Women!"

Chapter 1900: gave birth to a child to understand

Joseph's voice was getting closer and closer. At this critical moment, it was impossible for Si Yi to stop.

Si Yi kissed Yun Jian's lips and blocked her beautiful voice.

"Brother, brother! Brother! Oh My God, he didn't really bully her, did he? That little sister looks so tender, how could she have such a boyfriend! He even abused her! This kind of person should be caught in the police station!"

Joseph could not find her. After wandering around for a few rounds, he walked back while muttering to himself.

Joseph was a person with a strong sense of justice. Even though he saw Yunjian and thought that he was beautiful, there was no such thing as love at first sight.

Love at first sight was a person's looks, not love.

Even if it was like what Linwei said to Ye Ling the moment he saw her, it did not mean that linwei fell in love with Ye Ling at first sight.

Ling Wei had never fallen in love with Ye Ling, and he had only chosen to say those words to Ye Ling because he found her pleasing to the eye.

Returning to reality, Joseph had chased her out just now because he had seen Si Yi's fierce look, as if he was about to eat the cloud tablet.

Of course, the meaning of eating here was different from loving husband and wife.

Joseph thought Si Yi was going to grab the cloud tablet and give it a beating.

However, after looking around for a while and finding no one, Joseph went back.

After Joseph left, Si Yi did not control himself at all.

So much so that Yun Jian, who was pressed down on the cliff, grabbed his shirt and did not know where to put his hands.

The moans from his mouth were also endless.

In the small forest, the spring scenery was endless.

...

Joseph searched all the way but could not find Yun Jian and Si Yi, so he returned to the simple house where his group was stationed.

When he came back here, Joseph's grandfather, John, who knew Joseph from the beginning with Yun Jian and Si Yi and even told Yun Jian and Si Yi the details, grabbed Joseph's ear.

"Arthur, where did you go?" John asked Joseph.

"It hurts, it hurts, it hurts. Grandpa, I saw that he was going to be violent, so I went to stop him." Joseph was dragged by his grandfather's ear and took two steps forward with an innocent look.

"Alright, why are you going to join in the fun? Are you going to watch the love between the two of them? I'm a son of a B * Tch. Watch out, or you'll be exterminated!" John loosened his grip on Joseph's ear, he whispered a few words to Joseph.

John was fifty or sixty years old this year. He had a lot of experience in life, so he could naturally see through it.

Yun Jian and Si Yi were obviously not ordinary people. John could tell at a glance.

Especially Si Yi, this young youth.

John could not help but sink his eyes when he thought of Si Yi.

This youth was definitely not an ordinary person!

He could not afford to offend him!

...

In the small forest, Yun Jian's legs had gone soft after being pestered by Si Yi three times.

Si Yi tidied up the clothes on Yun Jian's body to its original appearance.

He actually did not even stop when someone came over just now, and even treated her...

After Si Yi tidied up Yun Zhi's clothes, Yun Zhi pushed him away and walked forward. Her legs were extremely sore and numb, but she was still physically strong and could still walk.

Si Yi saw that Yun Zhi was ignoring him, so he walked forward and held her hand. "Little Zhi..."

Yun Zhi shook off Si Yi's hand and walked back angrily.

He was inexplicably angry just now, but now she was angry at him.

Actually, Yun Zhi's heart was very sweet.

...

When he just came back, Joseph saw Yun Zhi coming back, so he brought a few of his friends to welcome him.

“You’re back? He didn’t do anything to you, right?” Joseph asked Yun Zhi.

When he saw Joseph approaching Yun Zhi again, Si Yi’s face darkened. He pulled Yun Zhi into his arms, squinted his eyes like a cheetah, and glared at Joseph.

Yun Jian smoothed her hair and did not speak. Her face was frighteningly red.

“Yun Jian, why is your face so Red? We saw it just now. He selfishly dragged you out. Could it be that he hit you?”?

“Yun Jian, don’t be afraid. If you meet scum, we will definitely help you! Did he hit you with such a red face?”

A twenty-something-year-old woman named Nicola stood beside Joseph. She had purple hair, a high nose, and a charming face. When she saw Yunjian’s face turn purple, she glared at Si Yi and tried to reason with him.

At this moment, Joseph and his friends were looking at Yunjian. They thought that Si Yi had abused Yunjian and wanted to support him.

Seeing Joseph staring at the cloud note, Si Yi’s jealousy rose again. He looked askance at Joseph’s face and said without changing his expression in front of everyone shamelessly,

“You’ve made a child. Get to know him.”
