

## Schoolgirl 1901

### Chapter 1901: headed to the center, on the eve of the mainland

Si Yi's directness made Yun Jian Blush.

He actually said such a thing so directly!

These words were as if he was afraid that Joseph and the others didn't know what good deed they had just done in the small forest!

Hearing Si Yi's words, Joseph and Joseph's little friends didn't react for a moment.

He made a child! ?

In the woods?

Joseph and his friends were stunned.

"Cough Cough Cough! Cough Cough Cough! Cough cough..." Nicola, who had stood up to reason with Yun Jian, had a boyfriend. After listening to Si Yi's words, Nicola was the first to realize the meaning of his words.

In addition, Yun Jian was wearing a sexy black short skirt like a secret agent. He was wearing a tight-fitting black shirt, and there was a butterfly knife tied tightly to one of his legs in the short skirt. No one could see it at all.

But Nicola lowered her head slightly, and she could see that Yun Jian's fair thighs were red from the friction.

It was obvious that he had done something bad.

"Cough, cough, cough! Where were we? The entrance to the central continent will open in three days, right? Hurry up and continue to prepare!"

Nicola's reaction was the fastest. While everyone was still reacting, she dragged Joseph and Joseph's other friends into the house.

Awkward, as awkward as a mystery!

Nicola was misled by Joseph's words just now and really thought that Si Yi was bullying or abusing Yun Jian.

Nicola thought that Yun Jian was just an ordinary girl, and Nicola's sense of justice was also very strong.

As a woman, if she saw Si Yi abusing or bullying Yun Jian, Nicola naturally had to stand up for Yun Jian.

Even though she had just met Yun Jian!

But the man in front of her was a jealous king?

He did not drag her into the woods to beat her, but...

Cough Cough Cough! She could not think about it anymore!

Nicola shook her purple hair and pushed Joseph and the others into the house.

...

Outside the house, Yun Jian's lips twitched.

Si Yi curled his lips and grabbed Yun Jian's small hand with a satisfied expression on his face.

Without a marriage certificate, he still swore his sovereignty to others. His small piece of paper could only be his.

No one could dream of it!

...

John was considered the supervisor here. He arranged a room for Si Yi and Yun Jian so that they could stay here at night and rest during the day.

Yun Jian and Si Yi then rested here.

In the next three days, Yun Jian got to know Joseph and the others, as well as John and the people of this place.

These people were modest and friendly, especially John. As long as there were inspectors who wanted to go to the central continent and investigate, or people who were interested in passing by, they would be taken in.

Unfortunately, Meng Zhang and the others, who had interrupted Si Yi in the cave not long ago, were also taken in by John.

Yun Jian, who knew about this, did not appear in front of the five of them, so Meng Zhang and the others did not know that Yun Jian and Si Yi were also here.

It was not until the third day, when Joseph wanted to team up and lead everyone forward, saying that they had found the specific location to go to the central continent, that Yun Jian and Si Yi appeared in front of everyone's eyes.

When Meng Zhang saw Yun Jian and Si Yi, his eyes were stunned.

Wu Tianlan, who had always harbored ill intentions towards Yun Jian, also cast a sidelong glance at Yun Jian. Although knowing Yun Jian's identity previously had dealt a great blow to Wu Tianlan.

Unfortunately, the person he hated was the one he hated. No matter how powerful the other party was, it could not change this reality.

As for Wan Menglin, she could not help but feel jealous when she saw Si Yi with one hand in his trouser pocket and the other hand holding Yun Jian's little hand.

Why was such an outstanding man hers and not hers! ?

Could it be because she met him late?

Moreover, Yun Jian was a student of the hunting school! And he was related to the dark soul organization!

Wan Menglin's heart tightened when she thought of this, and she was very jealous.

"Is everyone ready?" To be honest, I'm not sure if I can send everyone back for this trip. The other world is very dangerous, and there might even be lives at stake. If everyone doesn't want to take the risk, I advise you to stay.

"Of course, as long as you all go together, I, Joseph, swear that I will do my best to protect everyone!"

### **Chapter 1902: entered the mainland and Si Yi disappeared**

Joseph's words were serious, like a solemn promise, but also like a hero, like a Superman.

In Joseph's country, the Savior, hero, and Superman were the objects of desire for boys.

But today, Joseph stood in front of everyone like a hero and said those touching words to everyone.

No one would say such words. Joseph must have made a great decision.

The group of people standing beside Joseph were all touched.

The cloud paper blinked, but it didn't show any touched expression.

In the end, everyone unanimously decided that apart from John's group of older people, the rest of the younger people would follow Joseph.

It was unknown whether they would be able to return from this trip to another world, and it was also unknown whether they would be able to find the entrance to that world.

Of course, Joseph and the others didn't know that it was only a matter of time before they found the entrance.

The group followed Joseph and quickly moved forward from the row of houses.

Knowing that Joseph had been to that world, everyone present was very interested.

Especially Wanmenglin. She followed closely by Joseph's side and asked very thoroughly about the other world Joseph had been to.

When she heard the end, Wanmenglin felt as if she had been to that other world. It was as if she had listened to Joseph's words and understood everything about the other world. Wanmenglin ran to the front of the cloud note, she raised her head proudly and said to the cloud note as if she was showing off:

"Did you know that in the other world, there are Pegasus! They are the kind of horses that can fly, just like in the fairy tale world!"

These words made Wan Menglin feel as if she had already been to the central continent.

The cloud note coldly curled its lips and held the large palm of Shang si yi, ignoring Wan Menglin.

This scene made Wan Menglin so angry that her face turned green.

At this moment, Joseph suddenly pointed to a spot and said to everyone:

“Look, it’s that cave! It’s shining! I fell from that cave and went to another world! I remember that the cave was also shining!

“It’s shining now! Let’s hurry over! Otherwise, we won’t be able to go to that world!”

Joseph led everyone to a cave. At the same time, the cave suddenly emitted a white light. This scene shocked everyone. At the same time, Joseph suddenly shouted.

As he spoke, Joseph took the lead and rolled into the cave.

When the people around Joseph saw this, they also rolled into the cave one by one.

Wan Menglin had no time to care about Yun Jian and Si Yi at this moment. She also chased after them and rolled into the cave.

“There’s a powerful spiritual aura in the cave,” Si Yi said as he looked at the cave with narrowed eyes.

“Let’s go over too.” Yun Jian turned his head and looked at Si Yi.

“Okay.” Si Yi grabbed Yun Jian’s small hand and walked over.

After everyone entered the cave, the light in the cave was like a flash in the pan. It was as if it had never appeared in the first place. There was no longer any sound.

...

The instant she entered the cave and was enveloped by the white light, the cloud talisman seemed to be bathed in sunlight. She felt dizzy. Perhaps the spiritual energy that was injected into the white light was too powerful, and in addition, the memories that the cloud talisman had absorbed from the sorcerer God were not complete yet, so she had a headache, she fainted.

The Cloud Talisman was not the first to wake up. When she woke up, most of the people had woken up.

What entered her eyes was no longer earth, but a world filled with white fog and smoke.

This was the central continent!

“Yun Jian, you’re finally awake! Your Man is gone! We didn’t see him around when we woke up just now! could he have been transported to another place?” Ni Kla walked over after Yun Jian woke up, she spoke to Yun Jian.

He... disappeared? Yun Jian frowned.

### **Chapter 1903: came to the Long family and was tragically exterminated**

Yun Jian’s expression changed slightly, but she did not show any signs of panic.

She naturally knew of his ability.

Not to mention the mere central continent, even if it was the divine continent, he was still a God at the top of the pyramid!

With just a single move, he had the power to destroy the central continent. Naturally, nothing would happen to him.

But where did he go?

Yun Jian frowned.

She didn't know.

"Are you still his girlfriend? Aren't you nervous that he's gone missing? Aren't you afraid? Shouldn't you be screaming? I don't think you're suitable to be his girlfriend!

"Do you think you're so cocky just because you're a student of the hunting school? Is it so great that you know the dark soul organization? This is another world. You're nothing here!

"I don't think you're qualified to be his girlfriend at all!"

Wan Menglin acted as if she was the main wife and Yun Jian had poached her. After hearing Si Yi's disappearance, she saw that Yun Jian wasn't in a hurry and ran over to roar at Yun Jian.

The reason why Wan Menglin was suddenly not afraid of Yun Jian and ran over to say these words to Yun Jian was because they had entered a new world.

In this place, the cloud tablet was nothing.

"Menglin, stop talking. This is not the place we know! Don't talk like a loudmouth. Be careful not to get yourself into trouble." Meng Zhang could not help but growl at Wan Menglin.

They were surrounded by a large forest. The place was filled with smoke and white fog that filled the entire sky. It gave people the feeling that they had entered a paradise in a fantasy.

"This is the central continent. Everyone, come with me. I know a friend here. He is the second son of the Long family, one of the three great families of the central continent." Joseph stood out and said.

Thus, Joseph led everyone to the long family.

"Brother Joseph has been to this world. He is indeed powerful! He actually knows people from this world!" Wan Menglin had been pestering Joseph previously. Now, she even addressed Joseph as her brother.

As she said this, Wan Menglin felt that she was very familiar with Joseph, and she was very arrogant. Thus, she turned her head and glanced at the cloud note.

When she thought of how calm the cloud note could be after Si Yi's disappearance, Wan Menglin used her own eyes to glare fiercely at the cloud note.

It looked as if she was showing off her own arrogance, but also as if she was mocking the cloud note.

The cloud note completely ignored her.

Wan Menglin's words made Joseph scratch his head in embarrassment. "Ha, it's nothing. I just met him by accident."

Just as Joseph led everyone to the three great families of the central continent, the Long family, ranked third at the bottom of the three great families of the central continent.

When they entered the door, they actually saw such a scene.

In the inner courtyard of the long family, corpses were everywhere.

In the sky above the long family's courtyard, an expert was baptizing the long family.

It was very obvious that the long family was about to be exterminated.

Meanwhile, the patriarch of the Long family was firmly resisting that expert's attack. It was obvious that he was about to die.

The group of young men and women next to the patriarch of the Long family were obviously the descendants of the long family.

Seeing this bloody scene, Joseph and the surrounding people all cried out in surprise.

The second young master of the Long family saw Joseph and his pupils constricted. Then, he shouted at Joseph, "Go! Go! Joseph! Leave this place! Run!"

In the central continent, it was common for families to fall.

Sometimes, a strong cultivator with high spiritual power could destroy a family.

Hearing this, Joseph was stunned.

Wan Menglin was so scared that she turned around and wanted to run away.

"Hehehe! Since you are here, don't go. Stay Here!" Seeing this, the strong cultivator who was flying in the sky waved his hand and closed the door.

Wan Menglin originally planned to be the first to run out of here, but the door was tightly shut. She was so scared that she directly sat on the ground and shivered.

Why, why did they have to encounter such a thing!

Coincidentally, they arrived here just when the long family was about to be exterminated!

"Eh, it's actually a human without any spiritual power!" The powerhouse noticed that Joseph and the others didn't have any spiritual power on them. He was surprised, and then relaxed his attack on the patriarch of the Long family.

"Interesting! Interesting! They actually came from the earth! hahaha! You guys will all be my dinner!" The expert turned his spear toward everyone.

For a moment, everyone, including Wan Menglin, was so scared that they didn't dare to move.

After all, there were immortal cultivators in this world. When immortal cultivators moved their fingers, they had no room to fight back!

However, just as the expert waved his hand to kill everyone, an intense light flew out from Yun Jian's hand in front of everyone, easily blocking the expert's attack.

Seeing this, the expert's pupils constricted.

This little girl was actually able to block his attack!

One had to know that this little girl did not have the slightest bit of spiritual energy on her body!

In the various continents, there were only two reasons why one could not see the other party's spiritual energy. First, the other party was a human from Earth, and second, the other party's spiritual energy was higher than his.

Could it be that this little girl...

The expert was stunned for a moment, then he frowned and asked Yun zhi, "Who are you!"

At this moment, everyone turned their eyes to Yun Zhi.

However, they saw Yun Zhi over there, in front of everyone, her aura was fully unleashed. She fearlessly looked straight into the eyes of the expert. Suddenly, she curved her lips and sneered, just like how she was famous in every continent for killing a God a thousand years ago, the powerful warriors from all the continents were terrified when they heard her name:

"Despicable commoner, listen carefully to the question of who I am!

"I am the daughter of the Shaman clan in the Imperial Dragon Continent, the Shaman God!"

#### **Chapter 1904: was about to be spanked again**

At this moment, Yun Jian's Qi field was fully activated. That huge qi field made everyone's bodies tremble.

It also made the hearts of Meng Zhang, Wu Tianlan, Wan Menglin, Joseph, Nekla, and the others jump.

Yun Jian's words made that expert fly in the air in a daze, unable to react for a while.

Not to mention the long family members, who were the tail of the three great families of the central continent.

When Joseph and the others arrived, they were already unable to withstand the attacks of the experts. When the long family members, who were on the verge of extinction, saw Joseph and the others, they only wanted to curse.

They must be stupefied! At this juncture, they came to their doorstep. They were courting death!

However, the long family members never expected that such a huge change would suddenly occur!

They were not mistaken! A Ray of light flew out from the human girl's hand, who did not have any spiritual power at all, and blocked the powerful expert's attack!

Moreover, the girl even claimed that she was...

The god of sorcerer... ! ?

In the legend, she had been to the God's continent, which no one could reach, and who knew if it even existed in this world. She had even killed the god of the God's continent with her bare hands. Even the gods on the God's continent were terrified when they heard about it..! ... the daughter of the shaman clan of the Imperial Dragon Continent, the god of shamans!

The youngest and strongest of the shamans, the god of shamans! He had once led the imperial dragon continent from the bottom of thousands of continents to become an existence that no other continent could match other than the God's continent in the legends!

Back then, the Imperial Dragon Continent was the lowest of thousands of continents, and the people of the imperial dragon continent were existences that could be trampled on by any continent.

Later on, the number one aristocratic family of the imperial dragon continent, the shaman clan, gave birth to the god of sorcerer. In just a few short years, this young lady called the god of Sorcerer led the Imperial Dragon Continent to become the most powerful continent in the thousands of continents, other than the legendary God continent, the most powerful continent!

Later on, the god of sorcerer fell. Although the Imperial Dragon Continent was not as powerful as it was in the past, it was no longer the continent that could be trampled upon by anyone.

In addition to that, there were rumors that the sorcerer God had once gone to the God continent, as well as the matter of killing the god of the God continent.

Back then, the sorcerer God of the Imperial Dragon Continent was a great figure that was respected and feared by thousands of continents!

To use the most appropriate analogy, if thousands of immortal cultivators on the continent had children who were causing trouble and refused to cultivate their spiritual power., parents only needed to say such words in front of their children, "Make trouble again, make trouble again! If you don't listen, the sorcerer God will eat you up."

The child would be so scared that his whole body would tremble, and he would immediately run to cultivate his spiritual power.

And the sorcerer God, who had frightened thousands of people on the continent, had already fallen.

Except for the Imperial Dragon Continent, no one on the other continents knew that the sorcerer God had returned.

Therefore, when Yun Jian finished speaking, everyone present was dumbfounded.

Of course, it was also limited to the powerhouse flying in the sky and the people of the Long family.

Ni Kla, Meng Zhang, Wu Tianlan, Wan Menglin, and the others did not know the meaning of the word sorcerer goddess.

Wan Menglin was also stunned when she saw the stunned people around her. Then, she looked at Yun Zhi in disdain. In front of everyone, she opened her mouth because she wanted to show off:

“What is sorcerer Goddess?”

After saying that, Wan Menglin looked at Yun Zhi. Her face was full of mockery and contempt, as well as deep reproach:

“Yun Jian, what critical juncture is it now! You should be a little ABCD in your heart, Alright? Do you think you’re still on earth? Do you think that by pretending to be someone from the Imperial Dragon Continent, people will give you face?”

“Don’t take yourself too seriously! It’s fine if you want to die, but please don’t harm all of us!”

...

Such a thing was happening in the long family of the central continent.

At the same time, on the God continent.

The God continent really existed, and it was at the top of thousands of continents. It required a strong spiritual power to open the passage to the God continent.

Similarly, to leave the god continent and go to thousands of continents, or to earth, they also needed to open the passage.

And the number of gods who could open a passage to the god continent, or leave the god continent, even in the God continent, would not exceed ten!

Therefore, even if the gods of the God continent really existed, they could not stand in front of everyone.

God continent, God Temple.

God temple was the symbol of the God continent, and it was also the place where the ruler of the God continent lived, symbolizing Supreme Glory!

All the gods of the God continent were under the jurisdiction of the ruler of the Divine Hall!

In the Divine Hall, an old man was sitting in the middle of the hall, eating meat and drinking wine.

A man walked in from outside the Divine Hall.

This man was so handsome. His long figure and his handsome face that was so perfect that it made people gasp in awe. It overshadowed the glory of the Divine Hall.

The old man took a bite of the chicken. When he saw the man, he was stunned for a moment before he cheered, “Oh, the ruler of our divine continent, Lord Divine Lord, is finally willing to go home?”

As he said that, the old man took a bite of the chicken drumstick and a mouthful of wine. He looked left and right at the man, as if he was looking for someone’s figure.

When he could not find the man, the old man reprimanded the man in dissatisfaction:

“Where is my daughter-in-law? Why didn’t you bring her back? You want to be spanked again, don’t you?”

## Chapter 1905: here, I am the law

As the old man spoke, he took another bite of the drumstick and drank a mouthful of wine with it. He was extremely satisfied.

Si Yi's eyes darkened slightly. He looked at the old man from the corner of his eyes. Suddenly, he stretched out his right hand and grabbed at the air in front of the old man.

The old man, who was originally sitting comfortably on the low table, was suddenly grabbed by a force and hovered in the air.

The drumstick in the old man's hand also fell off and spun in front of him. The old man wanted to reach out to grab his drumstick, but a force stopped him.

The old man used all his spiritual power, but he could not break Si Yi's spiritual power.

"BURP!" The old man first burped. He hovered in the air and glared at Si Yi with his not-so-fierce eyes. Then he continued:

"Brat, are you going to kill your father? Put Me Down quickly! You Brat, you chased after the sorcerer God back then. It's been thousands of years before you're willing to come back to see me! Once you come back, you treat me like a child. Be careful, or I'll Spank Your Ass!"

As he spoke, the old man even clenched his fists at Si Yi. He looked just like an old child.

The Divine Hall was where the ruler of the God continent lived.

The ruler of the God continent was also the ruler of the gods.

That was the supreme representative, the symbol of supreme strength!

And Si Yi was the ruler of the God continent!

Lord Divine Lord was the title that the gods of the God continent respected him.

And this old man was Lord Divine Lord's father, Lord Main God.

At the same time, the old man was also the ruler of the previous God continent.

Lord Main God was the title of the gods to the previous ruler.

And at this moment, Lord Main God, who was revered by the gods, was hovering in the sky, unable to land on flat ground no matter what.

"Old Man, let me give you a piece of advice. The beloved disciple that you sent to follow her. If she dares to appear again, don't blame me for exterminating her!"

Si Yi looked at the old man coldly and said these words.

Every time he was alone with his little pad or when he wanted to do something, this annoying fellow that the old man sent to monitor their every move would appear.

If he didn't give the old man some face, he would directly make those Fellows' souls scatter!

After saying this, he stopped and his spirit energy dissipated.

The old man was like a little bird that had its wings broken. Without warning, he fell from mid-air back to the place where he had just sat.

With a bang, the old man exclaimed, "Ouch!" He rubbed his butt and turned to Si Yi, feeling wronged, he said, "How can you treat your father like this! You Little Brat! Be careful, I'll make the sorcerer Goddess Little Cutie ignore you forever!"

"How dare you!" Si Yi's eyes darkened when he heard that the old man actually wanted her to ignore him forever.

The old man was terrified. When he saw Si Yi's expression change, he quickly waved his hand and said, "No, no, I'll listen to you. The sorcerer Goddess Little Cutie is yours! I don't dare to fight with you!"

His precious son's spiritual power was much higher than his. He was indeed old. It was better for him to choose to retire. Yes, that was it.

It was not because he was afraid, but because he wanted to let him.

The old man wiped off his sweat. He instantly felt that it was a good thing that he was one step ahead of him and had already established a good relationship with that little girl.

Yes...

He could now be considered the sorcerer Goddess's little Cutie's master!

...

At that time, on the other side.

After Wan Menglin finished mocking Yun Jian, the surroundings fell into silence.

After two seconds of silence, the patriarch of the Long family suddenly looked at Wan Menglin. He did not even care about flying in the sky and nearly exterminating the experts of the long family.

Wan Menglin was still feeling smug at that moment when she saw the patriarch of the Long family suddenly look at Wan Menglin and speak to the guards of the Long family:

"Capture that woman! According to the rules of the various continents for speaking rudely to Sir God of sorcerer, we should burn that woman alive! Shatter her soul and let her soul scatter!"

This rule was set by the various continents a thousand years ago. Anyone who spoke rudely to Sir God of sorcerer would be burned to death and their soul would be shattered! Their soul would scatter! They would never be able to reincarnate again!

"What... What! What kind of rule is this! You are treating human lives like grass! Is there any law in this!?" Wan Menglin was so scared that she fell to the ground. Her face sank as she shouted.

Meng Zhang, Wu Tianlan, and the others were also shocked.

What kind of rule was this?

Someone who spoke rudely to Yun Jian...

To Burn It alive, shatter its soul, and scatter its soul?

At the moment when Meng Zhang, Wu Tianlan, Ni Kla, and the others were unable to understand.

The cloud tablet that was standing on the spot curved slightly. In front of everyone, she turned her head to face Wan Menglin. Her cold yet imposing words, as if she was the ruler of all things, rang out.

Her words left everyone stunned by her imposing manner and her arrogance:

“Congratulations on entering my world. Here, I am the Law!”

**Chapter 1906: benefactor sent her here. Senior sister, right**

The sorcerer God was the law of the land!

This saying was not exaggerated at all!

The unique aura of the sorcerer God on Yun Jian’s body made it impossible for the long family and the experts flying in the sky to do so even if they did not believe it!

Such a powerful aura, other than the sorcerer God, who else could do it!

Although they did not get within three meters of the Yun Jian, they could not detect the legend that if they got within three meters of the sorcerer God, their spiritual power would really be completely gone.

But with the aura of the cloud tablet just now, no one in this world could do it except for the sorcerer God!

“Lord Sorcerer God!”The patriarch of the Long family suddenly knelt down to the cloud tablet and shouted loudly.

Seeing this, the younger generation of the long family knelt down one after another and imitated the patriarch of the Long family to kowtow to the cloud tablet.

For a moment, the scene was extremely sensational.

The only shout that remained in everyone’s ears was the resounding words ‘lord sorcerer God’.

It was clear how glorious the sorcerer God was back then. Even after a thousand years, when the families of the continents heard the word ‘lord sorcerer God’, they should still kneel down and pay their respects!

In an instant, the shout of ‘Lord Sorcerer God’ shook the sky.

The expert who had been so arrogant in front of everyone just now wanted to escape when he saw that the situation was not right.

However, Yun Zhi, who was in front of everyone, stretched out her hand. She did not even look at the expert as she used her spiritual energy to grab the expert's body in the air and gently pinched him.

That expert, who was able to single-handedly destroy the tail of the three great families of the central continent, was actually pinched by Yun Jian in the air.

Boom!

The expert's eyes widened. Just a second before he exploded in front of everyone, he could not believe it. However, he had no choice but to look at Yun Jian in disbelief.

In the next second, the expert's body was completely destroyed. Not even a single bone could be found. He completely disappeared in front of everyone.

The patriarch of the Long family and the members of the Long family who saw this scene were so frightened that they sucked in a deep breath.

As expected of Lord Sorcerer God! His strength was indeed unrivaled!

This expert just now had the strength to force the long family into a dead end alone!

But as the sorcerer God, Yun Jian actually crushed such a powerful expert with a single hand...

The Long family members who saw this scene sighed, but they did not want to die. They had seen this kind of scene many times.

However, Wan Menglin and the others in the distance were so scared that their eyeballs almost popped out.

"She, she, she, she, Kill, Kill, Kill, Kill, kill..." Wan Menglin was so scared that she stuttered, unable to utter a fart for a long time.

However, just as Wan Menglin stuttered for a long time and was unable to say a single word, Yun Jian suddenly felt a huge spiritual energy fluctuation in the surroundings. She narrowed her eyes, and in the next second, her figure flashed, then, she chased after that huge spiritual power fluctuation.

Whether it was the long family or Joseph's group, since they had come to the central continent, she didn't plan to stay for long.

At this moment, Yun Jian didn't say anything and chased after that huge spiritual power fluctuation figure.

Two shadows that were as fast as phantoms shuttled through the forest.

In the next moment, the figure in front of her landed on the ground.

Yun Jian narrowed her eyes at the person who could run so far in front of her.

This person must be a god from the God continent!

Other than the god from the God continent, there was no such person in the thousands of continents who could run so far in front of her before she caught up!

In the next breath, Yun Jian grabbed the shoulder of the speeding figure.

“You’ve been staring at me since the hunting school. What’s Your Purpose? !”

After Yun Jian grabbed the owner of the figure, a cold voice sounded.

The person whose shoulder was grabbed by Yun Jian was a woman who was slightly taller than Yun Jian and had plump breasts and buttocks.

The woman looked ahead, but Yun Jian could not see her face clearly.

Yun Jian had actually noticed her early on. The woman was clearly shocked.

However, Yun Jian’s words sounded again, which made the woman even more flabbergasted:

“No one can escape my eyes. If I’m not wrong, you were sent by my teacher, senior sister, right?”

### **Chapter 1907: The Passage to God, the continent**

If Yun Jian’s words were not shocking enough, then calling her senior sister was a huge blow to the woman.

How did she know! !

The woman thought this way and asked the same question, “How did you know my identity! Master met you on Earth and I have never met you before. How did you know my existence!”

“He spoke the truth after drinking. Other than me, he only has you as his disciple.” Yun Jian narrowed his eyes and curled his lips.

It was obvious that Bai Li expert had spoken the truth after drinking and revealed to Yun Jian the fact that he had a female disciple other than Yun Jian.

After the woman heard this, three black lines immediately flashed across her forehead.

She had a feeling that she had been betrayed by her stupid master.

The woman instantly did not feel that she had let down her master’s instructions to her by recognizing her identity even after she had been caught in the tail.

“Alright, since you’ve recognized me, then I won’t hide anymore.” The woman turned her head to look at the cloud tablet.

What entered the cloud tablet’s vision was an ancient woman’s face.

The woman had a strong scent of books, but her figure was so seductive that the man could not stop looking at her.

That seemingly innocent face, coupled with her voluptuous buttocks, made her look cold, gentle, and sexy with a hint of mystery.

It had to be said that if an ordinary person controlled these factors, they would definitely give people a strange feeling.

However, when everything was displayed on the woman, there was a unique beauty that made people want to broaden their horizons.

Even Yun Jian couldn't help but blink his eyes.

"I've long heard that apart from me, you're Master's only disciple. Strictly speaking, you're my junior sister." After the woman finished speaking, she stretched out her hand towards Yun Jian and said very boldly,

"The first time I've met you. I'm desolate Yan, the number one disciple under the main god of the God continent."

The woman who called herself desolate Yan was very bold and unrestrained. She had the straightforward feeling of a female hero.

When Yun Jian heard this, he narrowed his eyes slightly and extended his hand to shake her hand.

She rarely shook hands. The person who could shake her hand must be someone she was happy to know.

After Yun Jian shook her hand, he narrowed his eyes slightly and smiled faintly. "Yun Jian, the daughter of the Shaman clan on the Imperial Dragon Continent, the Shaman God."

After Yun Jian finished speaking, the two of them met for the first time.

When desolate Yan heard this, she curled her lips. "I know you. Master had me look up a lot of information about you. He chased you from Earth to the central continent and had me keep an eye on you. I didn't expect that I would be exposed from the start."

As desolate Yan said this, she drew an arc.

Yun Jian was not stupid. It was naturally impossible for him to not have guessed his master's identity.

Desolate Yan had also said that she was the number one disciple of the God continent's main god. In other words, his master was the God continent's Lord God.

When Yun Jian was the sorcerer God, he had been to the God continent. Perhaps some specific things had not been restored for the time being, but she still knew what the God continent's Lord God represented.

The main god of the God continent was the previous ruler of the God continent, and also the father of the Divine Lord.

Yun Jian tugged at the corner of his lips when he knew the truth.

It was really inappropriate for him to think of his teacher's childish behavior and his identity as the main god of the God continent.

“Originally, I should have taken you to the God continent after you found out, but I wasn’t strong enough. When I came, it was teacher who opened the door for me to leave the God continent. I have to go back. Teacher will come to pick me up three days later,” desolate Yan said in a serious manner.

“I can open it,” said the cloud note.

“What?” Desolate Yan was stunned.

“I can open the passage to the God continent,” the cloud note repeated in detail.

Desolate Yan was really stunned when he heard that:

“I have long heard of the rumors of your strength in the God continent. You even killed a god in my God continent. I always thought that you could go to the God continent because some expert let you in. After all, there are less than ten gods in our God continent who can open the passage to the God continent!

“Besides, everyone, except Lord Divine Lord, is around the same age as or older than master! And you are so young, yet you can really open the passage!”

#### **Chapter 1908: abandoned Magic Array, entrance to the passage**

Desolate face was slightly shocked.

She was a god of the God continent. No matter how shocked she was, she would not show it on her face.

Thus, the two of them headed to the entrance to the God continent.

If they wanted to go to the God continent, they had to open the teleportation array at a designated location.

And there were no more than ten people in the world who could open the teleportation array at the designated location.

Besides the cloud token, the others were all gods of the God continent!

However, even if it was the cloud token, to open the passage to the God continent, they had to go through the designated location to open the teleportation array to the God continent.

When desolate Yan came out of the God continent, she was the main god, who was also a hundred miles tall person who opened the passage at the designated location.

The designated location leading to the continent of gods was the tan family, which was led by the three great families of the central continent.

...

At the same time, at the hunting school.

Ye Ling had stayed at the hunting school for so many years, and there were pitifully few things that belonged to her. She only had two pieces of clothes to change into, and there were almost no other things.

For example, the Dead 211, as well as the group of women who were with 211, had also stayed at the hunting school for so many years.

However, 211, or the group of women who were with 211, had beautiful clothes and jewelry. Moreover, they were all luxury items that could be sold at a good price.

This was because 211 and the group of women had used their bodies to exchange for those things in the hands of men.

Ye Ling packed up her things in the girls' dormitory building and stood downstairs excitedly waiting for Ling Wei.

She could finally leave the hunting school!

At this moment, the excitement in ye Ling's heart could not be described with words.

Lin Wei did not pack almost anything. Seeing ye Ling standing downstairs waiting for him, he lifted his leg and walked over in two or three steps, conveniently wanting to help her carry her luggage.

"No, no need. I can carry it myself." Ye Ling carried her luggage with both hands, wanting to reject Lin Wei's good intentions.

However, Ling Wei grabbed the luggage that ye Ling carried with both hands and left with Ye Ling without any room for rejection.

Just as they got into Ling Wei's Maserati sports car, Ye Ling hugged her luggage and turned her head to ask Ling Wei, "Where Are We Going? Can I go home now?"

"To travel." Ling Wei was still stingy with his words and simply replied to Ye Ling.

Travel? Ye Ling was stunned.

If Adam or Xue Ying were here, they would probably be stunned when they heard Ling Wei's words.

Travel?

In the past, when Adam and Xue Ying had organized a trip together, Ling Wei had rejected them outright.

The reason was only two short words: boring.

Ye Ling naturally did not know about this, but in her heart, she wanted to go home. Therefore, Ye Ling turned her head sideways to look at Ling Wei. She pursed her lips and asked Ling Wei,

"Then after the trip, Can I... Go Home..."

"Yes," Ling Wei agreed.

Ye Ling suddenly felt excited.

However, Ling Wei's next words broke Ye Ling's excitement.

He said, "After giving birth."

Ye Ling: "... why was he so persistent about giving birth...

...

On the other side, in the central continent, the head of the three great families, the Tan family.

Not far from the Tan family, there was a mountain. Beside the mountain, there was an abandoned array formation.

According to legend, as long as this array formation was activated, one could go to the divine continent.

But this was only a legend.

But beside this abandoned array formation, there was sufficient spirit energy.

In layman's terms, cultivating beside this abandoned array formation was ten times faster than cultivating outside!

Therefore, under normal circumstances, the Tan family disciples would cultivate next to this abandoned array.

When Yun Jian and Huang Yan arrived here, they saw many Tan family disciples cultivating next to this abandoned array.

Don't look at this array being abandoned. As long as enough spiritual power was injected into this array, they could open the abandoned array and head to the God continent.

Yun Jian and Huang Yan had just arrived, but before they could reach the dilapidated array, they were stopped by someone.

"Who are you? What are you doing here? Don't you know that this is a forbidden area? Other than my Tan family, no one else is allowed to enter!"

Seeing Yun Jian and Huang Yan walking over, a burly man among the Tan family disciples who were cultivating walked over and stopped Yun Jian and Huang Yan.

### **Chapter 1909: After a thousand years, the arrogant Tan family was reborn**

The Tan family was actually in charge of guarding the God continent and the passage to the other continents. They were the guardians of this desolate array.

At the same time, the Tan family's disciples were also very powerful. That was because cultivating next to the entrance to the God continent, which was the desolate array, was ten times faster than cultivating outside.

Hence, in the thousands of continents, the Tan family's strength could not be underestimated.

At the same time, the Tan family had been guarding this ruined array for generations in order to prevent some bad people from getting close to the array and destroying it.

When Huang Yan came out from the continent of gods, she was not discovered by anyone in the Tan family.

As for the matter of Lord God of sorcerer going to the continent of gods and killing the gods there, it was also spread by the ancestors of the Tan family.

Because the tan family's ancestors had personally witnessed the god of sorcerer activating this desolate array and going to the God continent!

And now, after a long time, the Tan family's people still firmly believed that the god continent really existed in this world. They had been guarding this desolate array, absorbing the spiritual energy emitted from the desolate array and protecting it.

And at that moment, the burly man standing in front of Yun Zhi and Huang Yan was looking at Yun Zhi and Huang Yan with a face full of hostility.

Seeing that Yun Zhi and Huang Yan didn't move or leave, the burly man with well-developed muscles shouted at Yun Zhi and Huang Yan again:

"Why aren't you leaving?"

After the man shouted, he showed a ferocious expression to Yun Zhi and Huang Yan.

A normal girl, even an immortal cultivator, should have been scared away long ago when she saw the ferocious expression on the man's face and the terrifying aura he was emitting.

Seeing that Yun Jian and Huang Yan did not move, the man's brows tightened.

"Big Brother, are you going to be kind again? This is the Tan family's forbidden area! Those who trespass will die! According to our tan family's rules, anyone who enters our tan family's forbidden area will be killed without mercy!

"Big Brother, you have already let go of two people who accidentally entered our tan family's forbidden area last time. How can you continue our tan family's great cause in the future if you ignore our tan family's rules like this! "This time, no matter what, I will not let go of anyone who trespassed into the tan family's forbidden area and leave Alive!"

After the burly man roared at Yun Jian and Huang Yan, a youth from behind led a group of Tan family disciples towards them.

From what the youth said, the burly man was the eldest young master of the Tan family, Tan Ming. He was also the next successor of the Tan family.

The young man behind him was the second son of the Tan family, Tan Liang.

There were two sons of the Tan family. The eldest son, Tan Ming, and the second son, Tan Liang, were not born from the same mother.

Yun Zhi could tell at a glance that the person who had shouted at her and Huangyan to stop them from leaving was the eldest son, Tan Ming.

There were two sons in the Tan family. Tan Ming was burly and rough. He was not handsome, but he was the future successor of the Tan family.

Tan Liang was the opposite of Tan Ming. Tan Liang was handsome and was highly sought after by the girls.

Tan Liang had been staring at Tan Ming's position as the future successor of the Tan family for a long time.

Tan Ming had shouted at Yun Zhi and Huangyan to save them.

This was the tan family's forbidden area. According to the Tan family's rules, ordinary people who trespassed would die!

Tan Ming, who had rushed over to the cloud token and desolate Yan and roared at them, was trying to save them. He wanted them to run away before Tan Liang could get here. That was why he had such a ferocious expression on his face.

Unexpectedly, Tan Liang was already staring at them. When he saw the noise, he quickly walked over.

"They just happened to pass by here by accident! There's no need to kill!" Tan Ming frowned when he heard Tan Liang's words. He turned his head to look at Yun Zhi and Huang Yan and roared,

"The two of you, get lost!"

This action was also to save Yun Zhi and Huang Yan.

Yun Zhi narrowed his eyes slightly.

"Big Brother, second brother is right. They broke into our tan family's forbidden area and must die!" At this moment, a young girl standing not far away stared at Yun Zhi and Huang Yan and said.

After saying this, the young girl turned her eyes to Yun Zhi with a fierce expression:

"Speak, what are you doing here! ! Tell me your purpose and I will let you die quickly! I will send you to the servants of our tan family so that you can enjoy the happiness of a woman before you die! Then I will send you to heaven!"

The young girl who spoke was the fifth miss of the Tan family, tan tingling.

Tan tingling did not hold back at all. Her words were extremely unpleasant to hear.

This abandoned array had been abandoned for many years. Other than the sorcerer God from back then, the Tan family had never seen anyone who could open the array that led to the mainland of gods.

Therefore, the girl and the members of the Tan family naturally could not believe that Yun Jian and Huang Yan were here to open the array.

Opening the array that led to the god continent was something that ordinary people could not do!

There were only ten people on the God continent who could do this!

Therefore, everyone was certain that Yun Zhi and Huang Yan were here to destroy the abandoned array.

However, just as everyone was certain, Yun Zhi, who was standing in front of everyone, narrowed his eyes after hearing the girl's words.

In the next breath, a woman's voice that sounded like an ancient yet angelic voice reached everyone's ears. When they heard this, everyone's expressions changed drastically in fear. It was as if these words had been spoken for thousands of years, and they had been born again:

"My Shaman God's goal is very simple. That is... to activate the spell formation that leads to the continent of gods and head to the continent of gods!"

### **Chapter 1910: when the master and Disciple met, Yun Jian bowed**

Yun Jian's expression darkened slightly as she calmly said these words.

However, after hearing Yun Jian's words, everyone present was stunned.

Everyone present was someone who had experienced great storms and waves, so they quickly regained their senses.

"The sorcerer God of the Imperial Dragon Continent! ?" Tan tingling, who had a mischievous look on her face just now, was stunned and asked Yun Jian this question in return.

The Tan family guarded this desolate array so that they could meet the supreme god from the God continent one day!

They had absolute respect for the sorcerer God who could enter and leave the god continent.

Moreover, the tan family believed that this desolate array could lead to the God continent after it was opened. There really was a god continent in this world.

In addition, if a God wanted to enter and leave the God continent, he had to pass through this array.

When Tan Ling heard Yun Jian's words, her expression suddenly changed.

When Tan Ming and Tan Liang heard this, their expressions also fiercely changed.

"Quickly go find Father!" After Tan Ming's expression changed, he hurriedly spoke to the tan family's disciples behind him.

Regardless of whether it was the real sorcerer God or not, first call the Tan family's patriarch, who was also their father, over!

"There's no need." At this moment, it was desolate Yan who spoke.

"Junior sister, let's go." Desolate Yan turned her head and said to Yun Jian.

"Yes." Yun Jian nodded.

Because of Yun Jian's words just now, the members of the Tan family did not dare to stop her.

Just like that, the group of people watched helplessly as Yun Jian and desolate Yan walked towards the desolate array formation.

"She..." was it really the sorcerer God? Tan tingling carefully wiped off her sweat. She looked at the Yun Jian over there and just as she was about to speak.

Tan tingling, Tan Ming, and Tan Liang were shocked by what happened.

The cloud talisman stretched out a hand and pointed it at the ruined formation.

In the next second, a strong spiritual power appeared in her hand and poured into the ruined formation.

The formation on the ground suddenly started to rotate. In the end, a white light flashed and pulled the cloud talisman and desolate Yan into it.

The wind blew gently.

After the white light flashed, Yun Zhi and desolate Yan disappeared from where they were.

It was as if nothing had happened.

"It's... It's really, it's really Lord Sorcerer!"

"Back then, Lord Sorcerer killed the gods of the God continent at such a young age and became the strongest existence in our myriad continents! Lord Sorcerer, you're back!"

"Quick, quickly spread this news! Let everyone on the continent know that the kings of the thousands of continents have returned!"

When the Tan family members saw this, they were all so frightened that they knelt at the spot where the cloud tablet had disappeared. Their exclamations, shouts, and cheers were like thunderclaps!

A thousand years ago, the sorcerer God was the god in the hearts of everyone on the continents.

Today, a thousand years later, she was still an immortal legend!

Everywhere she passed, people would look up to her!

...

God continent.

Si Yi was about to leave to look for his little token, but he was entangled by the old man:

"Just play chess with your cute old man! Just once! Later, I'll send my cute little disciple to you to play as you please!"

The old man used these words to entangle si yi.

Then, Si Yi stayed behind.

After a game of chess, the moment Si Yi turned around, he saw the entrance of the temple. Yun Jian's petite figure was standing at the entrance. That perfect figure matched with his familiar and loving face.

Si Yi stared at the Yun Jian and strode over.

He walked to the Yun Jian in two or three steps and wrapped the Yun Jian in his arms. "How did you find this place?"

He came here to warn the old man not to let his beloved disciple follow him and Little Jian.

Naturally, Yun Jian knew Si Yi did not come here without telling him on purpose.

Yun Jian was not surprised to see Si Yi here.

Because when he came, desolate Yan had told her everything.

But Yun Jian still pretended to be angry and pushed him away, ignoring him.

This kind of angry expression, she would only show it in front of him.

After pushing Si Yi away, Yun Jian walked straight to the old man. She bowed to the old man and said softly, "Master, I've finally found you. Thank you for teaching me back then!"

At this moment, Yun Jian was grateful from the bottom of her heart.

As a brave god, she did not have the memories of the sorcerer God. At that time, she was no different from an ordinary human.

If not for her master, she might have died in that world that ate people without spitting out their bones.

"Hey, Hey, hey, no, no, no! What are you bowing for? We are all family! I still want to live a few more years!" The old man was glared at by a certain someone with a murderous look. He was so scared that he quickly waved his hand at the cloud paper.

He was not cowardly, nor was he afraid of his son. He was just doting on his little disciple!
