

Schoolgirl 1951

Chapter 1951: was a crazy hint. It could only be done once

Linwei was listening to Ji Qinqin and ye Datong's reaction. He felt that Ji Qinqin and ye Datong would not allow him to take ye Ling away.

That was why he was anxious.

But how could he take Ye Ling away?

Linwei was not stupid. He thought of it immediately.

Of course, he would marry her.

Linwei was anxious. He would directly say what he was thinking.

Ling Wei almost blurted out what he had just said.

"Young man, you want to marry My Ling Ling. I have no objection to that. I see that you are quite upright. It's just that my Ling Ling has just returned home. We haven't seen her for eleven years. If you take her away immediately, we..."

Ji Qinqin was so upset that she felt her heart tighten.

The child had been separated for eleven years. Now that she was finally back and wanted to leave again, Ji Qinqin would not be happy no matter what.

"Mom! I'm not leaving!" Ye Ling's eyes were wet when she heard Ji Qinqin's words. She put down her hand that was wiping the dirty water for Linwei and leaned on Ji Qinqin's shoulder.

"Good child!" Ji Qinqin rubbed ye Ling's head. Her face was clearly filled with worry.

"Not leaving?" Lin Wei asked when he heard ye Ling's words.

"Yes." Ye Ling was a little afraid of Lin Wei. She curled up in Ji Qinqin's arms and nodded at Lin Wei like a chick pecking at rice.

She didn't want to leave. She definitely didn't want to leave.

But Ye Ling also knew Lin Wei's strength. If he insisted on leaving, then she...

"Okay, I Won't leave," Lin Wei said. After two seconds of silence, he said, "I'll stay."

He had not finished giving birth. He would not leave no matter what.

Hearing Ling Wei's words, Ye Ling pursed her lips. She opened her mouth in surprise, but in the end, she did not say a word.

Later on, Xue Ying and Adam found out that Ling Wei had actually chased after a woman to her house. When they thought of Ling Wei's usually murderous face, Xue Ying and Adam almost fell into the manure pit laughing.

However, this was something for later.

...

After a year, they thought that Yun Jian would come back after staying in the hunting school for a year. However, they did not know that there was no news from Yun Jian.

In the end, when they received the news that Yun Jian had disappeared not long after entering the hunting school, GE Junjian almost fainted from shock.

However, GE Junjian believed that Yun Jian would be fine. Hence, after thinking for a long time, he decided to hide it from Qin Yiruo. Then, he secretly sent people to Venezuela's forest to frantically search for the whereabouts of Yun Jian.

The one-year time limit was up, and Yun Jian had yet to return. GE Junjian naturally had to find an excuse to hide it.

He said that Yun Jian had graduated after entering the hunting school, but for the sake of better development, she didn't have time to go home to say hello before she was arranged to go to a better place, so she still had to stay for a period of time.

As for what excuse to hide in the future, he could only think about it when the time came.

Everything seemed to have settled down. Without the cloud note, although many people felt uncomfortable, they still had to live day by day.

...

In the blink of an eye, there were less than three days left until the 666 days.

Nearly two years passed in the blink of an eye.

God continent, Baili family.

After the Divine Hall was destroyed, the divine lord was not around. The Master God had been staying at the Baili family, swindling food and drinks. He said that he had not recovered from his serious injuries, but he refused to leave.

Baili Yan did not say anything. Moreover, ever since the last time, she had not gone to see the main god.

But now, it was the main god who came to her courtyard every day. He was happy and never tired. Baili Yan did not know what to say to him.

She did not know whether to chase him away or stay.

At this moment, seeing that Baili Yan wanted to chase him away, the main god crossed his legs. His unbelievably handsome face was 80% similar to Si Yi's. He shook his legs and said to Baili Yan, who wanted to chase him away,

"Yan, our son and daughter-in-law are coming out."

Baili Yan had originally wanted to chase him away, but hearing that her son and daughter-in-law were coming out, she was once again disturbed by the sovereign. "How many more days until our son and daughter-in-law are coming out?"

"Isn't it only three days?" The sovereign said, pulling Baili Yan into his arms.

"Ah! You... What are you doing?" Baili Yan finally understood the sovereign's intentions. She struggled a bit.

The sovereign kissed Baili Yan on the cheek, then touched her legs and chuckled. "It's not like you don't know what I'm doing. Although you hate me, you haven't been doted on for so many years. Aren't You Lonely?"

Hearing this, Baili Yan's face turned red. She slapped the sovereign's hand away. "Without you, I'm living very well!"

"But I'm not living well. Yan, let bygones be bygones. You See, we've even given birth to a child. Let's not talk about anything else. Just take it that you can't help being lonely, eh?" The sovereign frantically hinted.

Saying this, he moved his hand twice.

Baili Yan was silent. She was silent for two seconds, then softly said, "Then... only once."

As soon as Baili Yan said these words, the sovereign hugged her horizontally. She couldn't help but refuse as she walked towards the bedroom...

Chapter 1952: King Sha Shen, glorious return

After being tormented for a while, Baili Yan thought that the main God would really listen to her, only once.

But how could baili Yan have imagined that the main god, who hadn't touched her for thousands of years, would once be enough?

In the end, Baili Yan's voice became hoarse, and the main god finally let her go.

Just as she finished, Baili Yan wanted to push the main god away. "Enough, you can go out now! This is my room!"

"Wasn't it quite comfortable just now? Why are you trying to wipe your ass and not admit it? No Way!" As the main god spoke, he hugged Baili Yan tightly. That handsome face of a young man who was no longer an old man was very demanding to be beaten.

"You Go!" Baili Yan pushed the main god several times.

The main God hugged Baili Yan tightly, not letting go.

Baili Yan had a feeling that she had been schemed against. She wanted to cry but had no tears.

Unfortunately, from the moment Baili Yan agreed to the main god's request, the main God had already planned out a little trick. HMPH, once she got into his bed, how could he let her go down?

...

Yun Jian and Si Yi stayed in the divine spring for the 666th day.

Yun Jian and Si Yi had not been on earth for almost two years. According to the calendar of Earth Country Z, two new years had already passed.

It was already 2001.

There was a huge difference between 1999 and 2001.

In the late 1990s, if a car drove on the streets of Country Z at that time, it would cause a sensation.

At this time in 2001, although cars had not started to be completely popular, it was very common for a car to drive on the streets from time to time.

The economy of country Z began to develop rapidly by riding on rockets in the 1990s until 2000. By 2001, it had reached the point where foreigners were stunned.

...

September 15th, 2001.

At that time, it was a five-star International Hotel in Venezuela.

This five-star International Hotel in Venezuela was located not far from the hunting school. Usually, the people who frequented this five-star international hotel were usually the richest and most powerful people in Venezuela.

Today, the hunting school invited the six most outstanding students from all over the world who had successfully graduated from the school to have a meal here.

After hearing the news, the rich people from all over Venezuela rushed to this place one after another. They all wanted to see what these six bigwigs from all over the world who had the ability to graduate from the hunting school looked like!

At this moment, the six people who had successfully graduated from the hunting school who had been invited back by the hunting school were standing in this five-star International Hotel, receiving the baptism of worship and admiring gazes from the surrounding people.

The people who had successfully graduated from the hunting school, other than Chen Yang and Ding Jianlin, had also successfully graduated from the school.

Graduating from the hunting school, what did this mean?

One had to know that the mortality rate of the hunting school was as high as 80% !

To be able to graduate from the hunting school, it meant that this person was an elite among the international elites! A talent among the talents!

Denmark was also on the list.

In contrast to the modesty of Chen Yang and Ding Jianlin, Denmark's face was full of arrogance. He looked as if he was the most powerful person in the world.

Seeing Chen Yang and Ding Jianlin, Denmark thought of the arrogant z nation people, Yun Jian.

Feeling the worship of the surrounding crowd, Denmark put on a cold and arrogant look and looked at Chen Yang and Ding Jianlin. He could not help but mock them:

“Yo, look, these are the two great heroes of Country Z? where is the other one?”

The other one was naturally referring to Yun Jian.

However, everyone knew that Yun Jian had disappeared in the forest of the hunting school.

It had already been two years. Yun Jian's death was basically a foregone conclusion.

“Meidan, what do you mean!” Chen Yang clenched his fists when he heard Meidan's words.

“TSK tsk, brother, don't you know what I mean? I heard that 16's family is still looking for someone in that forest in Venezuela? This person has been missing for almost two years! Even if she was really alive, she should be dead by now!

“The funny thing is that you thought that she could lead you to a new height at that time. Hehe, extremely stupid!

“That arrogant and self-righteous girl deserves to die! Dying in the Venezuelan forest is considered letting her off easy!”

Madan's words became more and more outrageous. In the end, he actually started to laugh, as if mocking Yun Jian's death was a matter of course.

Chen Yang and Ding Jianlin clenched their fists in an instant.

However, just as Chen Yang was about to attack Madan out of anger...

A long-lost female voice rang out like an angel's voice, resounding throughout the entire hall. “It's a pity that I've disappointed you.”

After that, everyone turned their heads, only to see a beautiful young girl's figure stop at the entrance and enter. She walked briskly towards Meidan and the others.

Chapter 1953: told the world that the god of destruction had returned

The young girl's beautiful figure appeared in front of everyone. Her graceful figure attracted the attention of many men present.

Back then, the chief instructor of the hunting school, Jamil, who had just mocked the disappearance of the cloud tablet, as well as everyone who knew the cloud tablet, saw her suddenly appear in front of them. They were so frightened that their faces changed.

How would everyone react when a person who should have died in the Venezuelan forest suddenly appeared in front of the secular people?

“1...16! ?”Jamil cried out in shock. His widened eyes narrowed and he looked at the cloud note walking towards them in disbelief.

The moment Jamil saw the cloud note, he was also in disbelief.

When Chen Yang and Ding Jianlin saw the cloud tablet, they were both surprised and delighted.

Even though two years had passed, the strength and battle results of the cloud tablet were deeply imprinted in their hearts.

The sixteen-year-old cloud tablet was a king’s endorsement that they would never be able to erase!

Two years had passed, and two years had already passed. The girl who had caused Chen Yang, Ding Jianlin, and countless people to be shocked and terrified had returned with glory!

“Yun Jian, you’re really not dead! We’ve always believed that you’re still alive! Officer GE has also always believed that you’re still alive! You’re the pride of our Z Nation! You still want to lead us to a new height, how can you die so easily!”

Following what Denmark had just said, Chen Yang used an invisible slap to shout these words out excitedly.

Yes, Yun Jian was the pride of Z Nation! It was also the pride of Z Nation! ? How could she die so easily! ?

Many of the people around were children of rich and powerful aristocrats from all over Venezuela. When they first saw Yun Jian, the surrounding people were attracted by the unique and charming appearance of Yun Jian.

Two years ago, Yun Jian was 16 years old, and she was already slim and graceful. Today, Yun Jian was 18 years old, and her already plump and plump body was even more rounded. Her beautiful face had lost its green and tender feeling, her exquisite beauty made all the men and women present suck in a deep breath.

It had to be said that in the past two years, the changes in Yun Jian were not ordinary. However, in summary, at this moment, Yun Jian had lost the naivety of a young girl and had gained a bit of a womanly flavor.

With every step she took, she gave people a feeling of being deeply immersed in her beauty and unable to extricate themselves.

In addition to the kingly temperament that she exuded, at this moment, she not only attracted the attention of men, but also attracted the gazes of all the women around her.

Even Madan, who had always been hostile to Yun Jian, could not help but be dumbfounded.

Yun Jian walked up to Madan, Chen Yang, Ding Jianlin, and the others. She only stayed in front of them for a while, then turned her body slightly.

She reached out her hand, and her hands, which had become as white as a baby's skin under the bath of the divine spring, gently lifted her hair and pulled it behind her ears.

This action made the hearts of many people present tense up. Even their bodies and minds melted on the spot.

Madan also pursed his lips and paused. He did not dare to look directly at the beauty of the cloud note. He unwillingly spoke to the cloud note:

“Sixteen, so what if you're alive? Back then, after the survival activities in the wild, you had already been disqualified from successfully graduating from the hunting school! Without any battle achievements, you're just a piece of trash!

“In this world, you, who don't have any power and status, have long been eliminated by the secular world!”

Mcdan's words spread throughout the entire place.

Although his arrogant tone made people unhappy, what he said was the truth.

“Is that so?”

Just when everyone felt that mcdan's words made sense, Yun Zhi's pleasant voice sounded again.

Just when everyone was mesmerized by Yun Zhi's pleasant voice, the curved lips that Yun Zhi had raised just now instantly disappeared.

After the cloud token said those two words, two figures walked in through the door of the five-star International Hotel.

One was a man and the other was a woman.

The man was tall and sturdy, about 19 centimeters tall. The woman was enchanting and charming, with big breasts and fat buttocks.

When the two of them walked into the five-star international hotel, it caused a commotion.

“Those two people... could it be that other than the BOSS of the ancient kill mercenary group, the most authoritative tiger leopard and snake lizard of the ancient kill mercenary group! Oh My God! How did these two great Buddhas come here! ?”

There was a wave of panic in the surroundings.

The hearts of Denmark, the surrounding people, including Jamil, tightened.

However, the tiger leopard and snake lizard who had just entered the door had yet to walk in front of the group. They stood beside the group, pursed their red lips, and the corners of their lips curled up.

At that second, Hu Bao and snake lizard stood in front of Yun Jian. The two of them bowed deeply to Yun Jian and spoke frankly in front of everyone:

“Sister Jian, Welcome Back!”

Seeing this, everyone's pupils constricted.

When they looked again, they saw Yun Jian, who was standing in front of everyone, turning her body to face the crowd. At that time, she was like a king, and people couldn't help but lower their proud heads in front of her.

She turned her body to the side, and a red arc was gently raised.

Just like that, in front of everyone, Hu Bao and Snake Lizard, who were the most authoritative figures in the Gu Sha mercenary group, gave an order as the BOSS:

"Tell this world that I, Sha Shen, have returned once again!"

Chapter 1954: Divine Lord Sorcerer God returns hand in hand

She, Sha Shen, will return to the stage of history with a brand-new identity!

She will truly and thoroughly announce to the world that she has returned!

At that time, Yun Jian, even experts like Hu Bao and snake lizard, who were used to seeing experts, could not help but feel awe and become solemn.

What was the strongest?

To be able to suppress all the experts under her, to make all the experts respect her from the bottom of their hearts, and even to the extent of submitting to her.

This was the strongest realm of a person!

And Yun Zhi had such an ability to make people submit!

After snake lizard and Hu Bao heard Yun Zhi's words, they both nodded at Yun Zhi and replied, "Yes!"

The appearance of snake lizard and tiger leopard had already stunned everyone.

After all, someone had revealed the identities of snake lizard and tiger leopard.

The two of them were the ancient kill mercenary group's most authoritative symbol, tiger leopard and snake lizard!

Their positions were only second to the ancient kill mercenary group's BOSS!

However, it was these two people who had actually stood in front of Yun Jian and shouted, "Sister Jian, Welcome Back!"!

What made everyone even more shocked and afraid was that Yun Jian actually replied, "Tell the world that I, Sha Shen, have returned!"

Sha Shen?

This name was not unfamiliar to everyone present.

Even though Sha Shen had not taken action for two years, her position as the number one spy on the list was still unshakable!

When they heard Yun Jian call herself "I, Sha Shen", everyone present was stunned. When they regained their senses, they panicked.

Especially Denmark, his face turned pale in an instant!

That's right! Sha Shen had not taken any action for two years, and there were already people eyeing Sha Shen's position covetously!

Sha Shen had not taken any action for two years, and Yun Jian had just disappeared for two years.

If the two were related...

Yun Jian was!

"Sha... Sha Shen! She is Sha Shen! ! !"

Some people had already reacted faster than Denmark. They were so shocked that their pupils constricted and their eyes widened. Their faces were beyond recognition.

Especially those powerful nobles from all over Venezuela who were originally curious about what the six people who had successfully graduated from the hunting school looked like. After hearing Yun Jian's words and the shocked voices of the people around them..., all of them were so scared that they found a place to hide under the table.

Sha Shen! It was actually Sha Shen! The Sha Shen who was ranked number one on the international spy rankings!

That was a demon who killed without batting an eye!

Usually, when these nobles heard the title of Sha Shen, they would be so scared that their entire bodies would tremble.

Not to mention now that they had met Sha Shen in person, that was simply too shocking to describe.

Meanwhile, at that time, Denmark, his hands, his feet, and his head were all trembling crazily at a speed that could be clearly seen by the naked eye.

"No Wonder, no wonder Lord Ling Wei called you SS! No wonder Lord Ling Wei looked at you with that strange gaze! So You Are..."

So you are the god of Sha! You are the first person in history among the many assassin agents trained by Ling Wei!

This time, mcdan looked at the cloud note. From his initial arrogance, he was now trembling violently.

He could not afford to provoke Sha Shen! He did not dare to provoke Sha Shen either!

Behind her, it was not as simple as the Gu Sha mercenary group!

However, just as he thought that this was the most terrifying thing he had ever heard in his life.

Once again, he heard a student who had graduated from the hunting school together with him point at the main entrance and say, "Look, that's Lord Ling Wei!"

However, he saw two people stop at the gate and enter.

The Man in the lead was as handsome as ever. His tall figure matched his dominating demeanor, causing the hearts of everyone present to involuntarily tighten.

Ling Wei followed closely behind the man and walked over.

"To be able to make Lord Ling Wei submit so much, could that man be..." someone had just recovered from his shock when he was once again frightened.

"The leader of the dark soul organization! The most mysterious person in the world!" Someone shouted in shock.

When Denmark heard this, he was so frightened that he fell to the ground paralyzed.

Then, he saw Ling Wei, who was following Si Yi, stand in front of the cloud paper. In front of everyone, he respectfully shouted to the cloud paper, "Young Madam!"

Chapter 1955: the newly risen rebel emperor organization

At the hunting school back then, Ling Wei attended as an assistant instructor. Today, the hunting school invited the six people who graduated from the hunting school back then. Ling Wei naturally had to attend.

Ever since ye Ling returned home, Ling Wei often stayed at Ye Ling's house. In layman's terms, he was acting as a visiting son-in-law.

The scary thing was that Ling Wei did not know shame at all.

Today, the hunting school invited the six people who had successfully graduated that year. Lin Wei had just rushed over from ye Ling's house.

Of course, Lin Wei did not stay at Ye Ling's house every day. Lin Wei was still in charge of the dark soul organization's killer training camp.

Originally, when they were at the hunting school, Madan, Chen Yang, Ding Jianlin, chief instructor Jamil, and the others could feel Lin Wei's respectful attitude towards Yun Jian.

But no one thought much about it.

After all, Lin Wei's respectful attitude towards Yun Jian at the hunting school was not very obvious.

That degree of respect was more like the relationship between old acquaintances.

But what everyone never expected was!

Lin Wei was one of the four great leaders of the dark soul organization. Just now, he actually respectfully called Yun Jian "Young Madam" in front of everyone!

Young madam...

Wasn't this address a form of respect for the dark soul organization's mistress? !

In that case, Yun Jian and the leader of the Dark Soul Organization...

"Young madam? Lord Ling Wei, could she be..." even Jamil stared at Ling Wei with his eyes wide open.

When buddy was killed by Yun Jian, Jamil even had the thought of avenging buddy.

But now that he thought about it...

Cloud note was not only the BOSS of the Gu Sha mercenary group, but also the Sha God! ? She was also the woman of the leader of the dark soul organization! ?

Cloud note, which had disappeared for two years, suddenly brought such shocking news to everyone. This made everyone present unable to accept it, but they could not help but accept such an unbelievable thing.

Ling Wei silently nodded at Jamil.

With Ling Wei's NOD, all the doubts in the hearts of everyone present were verified.

At that time, Si Yi, who was walking in front of Ling Wei, had already arrived in front of Yun Jian. He reached out and grabbed Yun Jian's small hand, turning his body sideways, his face, which was so handsome that it caused this five-star international hotel to instantly lose its luster, was revealed in front of everyone.

After two years, this year's Si Yi was twenty-two years old, four years older than Yun Jian.

After two years, Si Yi looked even more handsome. That handsome face was simply the object of fantasy in the hearts of the girls. All the men and women present could not help but exclaim in surprise:

There was actually such a handsome man in this world!

Everyone could not help but sigh at the authenticity of this scene!

"Linwei, deal with all those who have insulted her." The man who stood in front of everyone was so perfect that it was ridiculous. He held the small hand of Yun Jian and coldly said these words.

When everyone heard this, the expression on their faces changed.

Especially Madan. When he heard Si Yi's words, his whole body trembled crazily.

His intuition told him that he was dead for sure!

At this time, Si Yi had already held the little hand of the cloud paper and walked out.

...

Near the five-star International Hotel, the cloud paper was held by Si Yi's little hand. She looked at the tiger leopard and the snake lizard. Above her exquisite and beautiful face, her eyes reflected a sharp luster.

At this moment, Yun Zhi was listening to Hu Bao and snake lizard report what had happened during the two years that she was not around.

“Sister Jian, during the time that you were not around, other than the dark soul organization and my ancient kill mercenary group, there were many large-scale forces that rose up in the world. Their strength was only second to ours.

“Among these large-scale forces, a force called the emperor rebel organization was the most prominent. Moreover, it was rampant in the world. In just two short years, its power had developed to the point where it was almost on the same level as the dark soul organization and my ancient kill mercenary group.”

Snake lizard told Yun Jian everything that had happened in the past two years.

Without Yun Jian, tiger leopard and snake lizard did not dare to make a big decision. Therefore, many forces took advantage of this period of time to rise.

Hearing this, Yun Jian narrowed her eyes. She pursed her lips and said, “The Emperor Rebel organization is it? I want to see how arrogant it is in my territory!”

Chapter 1956: making friends on the plane

During the two years when Yun Jian and Si Yi went missing, many large and small organizations rose up. Among them, an assassin organization called the rebel Emperor Organization stood out the most.

Moreover, in these two short years, the rebel emperor organization had already developed to the point where it wanted to stand shoulder to shoulder with the dark soul organization and the ancient assassin mercenary group!

During these two years, the ancient assassin mercenary group didn't have Yun Jian's control, and the dark soul organization didn't have Si Yi's leadership. Thus, their progress wasn't fast.

A leader was an extremely important existence to the entire organization.

One must always remember a principle. If one did not make progress and stayed where they were, then there would be other more outstanding people in this world who would step on one's back and climb up.

Surpassing one was something that would happen sooner or later.

It was also because Yunjian and Si Yi had disappeared for two years that an assassin organization had developed at a rapid speed.

It was just like the blood doll from back then.

Those who were not outstanding enough and could not move forward would be eliminated by the secular world. This was an unchanging rule.

Yun Jian would meet the emperor rebel organization sooner or later, but at least for now, she would not meet the emperor rebel organization.

At this moment, Yun Jian was separating from Si Yi and returning to country Z's Longmen City.

Si Yi had returned to the dark soul organization.

After Hu Bao and snake lizard returned to earth, Yun Jian immediately informed them to rush to the five-star International Hotel.

After separating from Si Yi, hu Bao and snake lizard told Yun Jian in detail about the trend of the Gu Sha mercenary group in the past two years. After Yun Jian told them what to do, he also left Venezuela.

At that time, Yun Jian was on a plane back to country Z's Longmen City.

Si Yi told her before he left that he would go to Longmen City to look for her after he returned to the dark soul organization to deal with the things that he had accumulated over the past two years.

Yun Jian's face turned slightly red when he thought about how Si Yi had pestered her to do so many times at the last exit of the Divine Spring.

"Excuse me, beautiful lady, can you move aside? I need to Pee and I need to go to the toilet."

Just as Yun Jian was lost in his thoughts, a girl about the same age as Yun Jian who was sitting next to Yun Jian held her stomach and twisted her abdomen. She looked at Yun Jian and said with a face full of urgency to Pee.

Yun Jian was currently sitting on a passenger flight to the nearest airport to Longmen City in Zhejiang Province in Country Z.

Yun Jian was not sitting next to a window. She was sitting next to the window, next to the aisle.

The girl sitting next to the window suddenly needed to pee, so she clutched her stomach and wanted to leave her seat to go to the toilet at the back of the plane.

When the cloud paper saw this, it moved its leg to give her a seat.

Not long after, the girl who had to pee returned to her seat. At this time, the plane just happened to encounter turbulence and began to shake. The toilet at the back of the plane was temporarily stopped because of turbulence.

"Phew, fortunately, I just went to the toilet in time. Otherwise, if I couldn't even go to the toilet, I would have been suffocated to death by Pee!"

The girl heaved a sigh of relief. Then, she smiled and fastened her seatbelt.

Seeing that Yun Jian had been resting with his eyes closed since the beginning, the girl probably felt that it was boring to sit on the plane, so she opened her mouth and asked Yun Jian,

"Hi, how are you, beautiful girl? Are You alone too?"

Hearing this, Yun Jian's eyes widened. Although she didn't use her excited emotions to pay attention to the girl, she didn't ignore her. Instead, she nodded slightly and said, "Yes."

"I see. Haha, I'm also returning to China alone. By the way, my name is Jian Ning. What's Yours?"The girl asked Yun Jian. Naturally, she wanted to find someone to talk to because she was too bored on the way back to China.

"Yun Jian,"yun Jian replied.

"Wow, Yun Jian, what a nice name!"Jian Ning first praised Yun Jian, then continued to chat with Yun Jian.

From what Jian Ning said, she learned that she went to high school abroad. Now that she was about to go to university, she didn't want to continue studying abroad, so she took a plane back home.

As they chatted, Jian Ning and Yun Jian got to know each other.

Chapter 1957: she returned to Longmen City

The journey by plane was not long, especially when there was someone to talk to.

Although Jian Ning spoke to Yun Jian, and Yun Jian's response was not passionate, it was better than no one talking.

Soon, the plane landed at the terminal, and Yun Jian learned about Jian Ning's family background.

Jian Ning's family was rich, and her studies were not bad. She left the country in high school, and it was now September 15th, the time when the freshmen reported in 2001.

Jian Ning's grades were excellent abroad, and she wanted to return to her country to study. As soon as Jian Ning's father contacted her, many higher education institutions immediately extended an olive branch to Jian Ning.

After all, Jian Ning's grades were excellent, and she was an overseas student. Her family was rich, and her father often held donation activities. Which School didn't like it?

"Then you decide where you want to go to college."Yun Jian suddenly remembered that she had been away for two years. She definitely couldn't go back to Min City Military Academy. Even if she went back to her third year of high school, she wouldn't be able to keep up with their progress.

Yun Jian was in her 16th year of high school. She was supposed to be in her 17th year of high school. Now, she was in her 18th year. It was supposed to be the opening day of her third year of high school.

However, Yun Jian knew that Min City Military Academy's rules were strict. In the first year, she could be considered to have taken a leave of absence. After that, she disappeared for another year. She should have been expelled from the military academy.

Moreover, even if Min City Military Academy did not expel her, yun Jian did not plan to continue staying at Min City Military Academy.

She planned to directly skip her third year of high school and go to university.

In the past, she went to the military academy in order to restore her strength to the realm of her previous life.

But in these two years, including the short few days of training at the hunting school, her skills were now two points better than in her previous life!

Her skills were constantly improving in actual combat. With sufficient strength, Yun Jian would return to the world of bloodshed. It would be a little inappropriate for her to go to Min City Military Academy.

Moreover, university was more lazy and free. It was also convenient for her to apply for leave to return to the organization at any time.

Now, in the two years that she had been away, countless large and small organizations had risen. Among them, the strength of the Emperor Renegade organization was almost on par with her ancient assassin mercenary group and the Dark Soul Organization!

Yun Jian would never allow such a thing to happen. Due to various reasons, she chose to skip grades and go straight to university.

When Yun Jian asked Jian Ning where she planned to go to university, the plane had already landed and was taxiing on the runway. It would take some time for the plane to stop.

After hearing Yun Jian's words, Jian Ning pointed at herself:

"Me? "Hey, I plan to study computer science. Although computers and other devices haven't been popularized yet, I believe that they will be popularized all over the world one day! "There's a huge space for development, so I plan to study at Jiangcheng University of Electronics and technology in Jiangcheng."

Jian Ning's words were filled with boundless longing and yearning for the future.

Yun Jian couldn't help but squint his eyes at this.

At this moment, the plane had already finished its taxiing and arrived at the landing point.

"Ah, we're here. It's time to get off the plane. By the way, What's your phone number? It's rare for us to get to know each other. Let's exchange phone numbers." Jian Ning took out her phone and asked Yun Jian.

Yun Jian only remembered now that his phone from before had long disappeared.

His phone number from before had also been scrapped.

Pursing his red lips, Yun Jian said, "I don't have a phone number."

"Ah Ha? You Don't have a phone number? It feels like you went to a paradise and only returned recently. Then I'll give you my phone number. You can contact me anytime!"

Jian Ning took out a small piece of paper from her backpack. She wrote a string of phone numbers on the small piece of paper and handed it to Yun Jian. Then, she waved at Yun Jian and got off the plane.

Seeing this, Yun Jian narrowed her eyes. Then, she didn't hesitate anymore and got off the plane with her.

It took about two hours to take a taxi from the airport back to Longmen City.

She hadn't been back for two years. The shop here and the surroundings had changed.

Yun Jian pursed her lips and smiled. She didn't go home. Instead, she walked quickly to Qin Yirou's flower shop.

Chapter 1958: when Did she die

Qin Yirou's flower shop.

Qin Yirou had been working in the flower shop for two years. Qin Yirou and GE Junjian had never had a child of their own. The reason was that Qin Yirou was already a little old. If she gave birth again, she would be an old woman giving birth.

Qin Yirou didn't recover well in the past. Her body wasn't particularly good. If she married GE Junjian and gave birth immediately, she would be an old woman giving birth. It would be very dangerous and it wouldn't be good for the child.

So for the past two years, GE Junjian had been Nursing Qin Yirou's body so that she could recover and give birth again.

Qin Yirou was very eager to give birth to their own child, and so was GE Junjian.

So for the past two years, Qin Yirou had been eating, drinking, and taking very good care of her body.

The employees of the flower shop came and went. Now, only Qin Yirou and a few old employees stayed in the flower shop.

Qin Yirou didn't know that Yun Jian disappeared from the hunting school a year ago. She had been living very well these two years.

The one who suffered was GE Junjian.

GE Junjian had been sending people to search for Yun Jian in Venezuela's forests on a large scale. On the other hand, he had to hide it from Qin Yirou. He had lost a lot of weight in the past two years.

But now, GE Junjian's position was getting higher and higher. Some people who were jealous of GE Junjian's high position began to think of ways to persecute GE Junjian.

Just as Qin Yirou got off work, she was stopped by a red car.

A woman in gorgeous clothes got out of the Red Car and stood in front of Qin Yirou.

Seeing this gorgeous woman driving a red car in front of Qin Yirou, the female employees who worked with Qin Yirou were stunned.

In 2001, although the sedan had begun to gradually appear in the eyes of the public, if the family didn't have some money, they really couldn't afford it.

Although there were many more people who owned a sedan in Longmen City than in 1999, in this era, to be able to drive a sedan out, one could still die of envy.

Not to mention that it was a woman who drove a sedan.

If a woman could drive a sedan, it was usually because the man in the family also had a sedan. Only when the family had money would they buy a car for a woman.

In this era, a woman who could afford a red sedan was equivalent to a woman who relied on a man to drive a sports car. She was envied.

Therefore, when this gorgeous woman appeared, she immediately attracted the envious gazes of the surrounding people.

When the colleagues who got off work with Qin Yirou saw this, they began to shout, "Oh my God, who is this woman! She looks very rich..."

The woman naturally heard everyone's discussion clearly. At that time, the woman stopped Qin Yirou from going anywhere.

"You are?" Qin Yirou saw this and asked with some confusion.

"Officer GE's wife? Oh My God! You actually work in such a place? TSK TSK, no wonder those expensive ladies said that you married officer GE to climb up the social ladder."

The gorgeous woman didn't answer Qin Yirou's question. Instead, she gave Qin Yirou a few disdainful glances and even clicked her tongue.

The woman's name was Chen Dingling. Chen Dingling's husband was working under GE Junjian. He had never been as outstanding as GE Junjian, and his position wasn't as good as GE Junjian's.

Two days ago, Chen Dingling heard her husband talk about the cloud memo. Chen Dingling had a bad thought. Today, she wanted to tell Qin Yirou about the cloud memo so that Qin Yirou could go home and make a scene with GE Junjian.

It would be best if GE Junjian didn't want to take up his position and was demoted. That way, her husband could take up his position.

Chen Dingling rolled her eyes. She didn't wait for Qin Yirou to say anything, she continued, "Tsk Tsk, you're also dressed in rustic clothes. No Wonder Your Man hid it from you. If it were me, I wouldn't have bothered to tell you about your daughter's accident."

As Chen Dingling spoke, she stretched out her hand that was covered with long red nails. She brushed her hair and gave Qin Yirou a mocking look.

Qin Yirou didn't listen to Chen Dingling at first, but when Chen Dingling suddenly mentioned her daughter, Qin Yirou's heart tightened. She hurriedly asked, "What did you say? What happened to My Little Jian?"

“She died!”! Looking at your appearance, it was obvious that you didn’t know about this. Hehe, your precious daughter died in the hunting school. It’s been two years, and you still don’t know? PFFT, I really don’t know if officer Ge treats you as his wife! Country Bumpkin!”

Chen Dingling sneered at Qin Yirou and said a few words.

“What? Didn’t my little Jian go to further education? Impossible!”After hearing Chen Dingling’s words, Qin Yirou shook her head, not believing it.

“PFFT, I hate country bumpkins like you the most. You look so poor. Hehe, I already said that your daughter is dead. How could I lie to you...”

Chen Dingling spoke again.

However, before Chen Dingling could finish speaking, a beautiful female voice that was as beautiful as the sound of heaven drowned out Chen Dingling’s words. It reached Qin Yirou and the ears of everyone present:

“When did you not know that I was dead?”

After saying that, everyone saw a slim figure with fair skin suddenly appear on the other end of the line. The figure smiled coldly at Chen Dingling and was so beautiful that it made them stop breathing.

Chapter 1959: University, Jiangcheng University

Yun Jian, who had not appeared in public for two years, was tall and slender. She was fuller and more rounded. The golden ratio of her figure was even more symmetrical than before.

Now that Yun Jian was standing in front of everyone, she gave people a feeling of surprise that they could not believe that such a beautiful girl existed in the world.

She was born with the temperament of a King!

No one could surpass or replace her!

The appearance of Yun Zhi made Chen Dingling, who was dressed luxuriously and driving a red car in front of everyone, instantly become worthless.

And what Yun Zhi said just now meant that she was...

“Mom.”Just when everyone was stunned, Yun Zhi had already stood in front of Qin Yirou. Her red lips slightly raised as she looked at Qin Yirou and shouted.

Qin Yirou was scared half to death by Chen Dingling’s words just now. Now that Yun Jian was safe, Qin Yirou’s fear was suppressed.

“Xiao Jian, mom thought you...”Qin Yirou grabbed Yun Jian.

“I have indeed been missing for two years.”Yun Jian Interrupted Qin Yirou and pursed his red lips.

Hearing Yun Jian’s words, Qin Yirou’s heart tightened.

Her family's little Jian had really been missing for two years? Then why didn't she know?

"Dad must have kept it from you so that you wouldn't worry. Besides, Dad has been sending people to look for me in secret for the past two years." Yun Jian was afraid that Qin Yirou would misunderstand GE Junjian, so he quickly added.

After these few words, Chen Dingling's words that wanted Qin Yirou to misunderstand GE Junjian fell apart.

At this moment, Chen Dingling's expression was extremely ugly.

Now, Qin Yirou's daughter had actually returned!

She had just said that Yun Jian was dead in front of everyone.

In the end, she had just finished saying that Yun Jian was dead when he returned!

Chen Dingling shifted her footsteps and was just about to escape when she was shocked to the spot by Yun Jian's shout. "Stop!"

Yun Jian's shout carried an absolute aura, causing Chen Dingling, who was originally planning to flee, to freeze on the spot in fear.

"You wish so much for a dead person. Do you need me to send you to Hell?" Yun Jian's terrifying voice was heard. When Chen Dingling heard this, she was so scared that her forehead was covered in sweat.

With this sweat, the makeup on Chen Dingling's face was ruined.

"Since you know that I've been in hunting school before, then I might as well tell you that I'm... capable of killing people." Yun Jian said as his lips curved upwards to the extreme.

"Ah! Ah Ah Ah Ah!" Chen Dingling was so scared that she rolled and crawled out of the flower shop.

Chen Dingling, the noblewoman who made people envious earlier, was now rolling and crawling away as if she was injected with stimulants.

Yun Jian was in a good mood, so he didn't make a fuss about it.

He had just returned home, and Yun Jian still had a lot to say to Qin Yirou.

"Mom, let's go home," Yun Jian said to Qin Yirou.

"Ah, okay!" Qin Yirou replied.

That night, Qin Yirou cooked a table of good food, but Yun Jian ate until he was full.

GE Junjian, who knew that Yun Jian had returned, rushed home without stopping. Seeing that Yun Jian had returned safely, GE Junjian let out a heavy sigh of relief.

...

During dinner, GE Junjian asked Yun Jian if he wanted to return to Min City Military Academy to study as a senior. Yun Jian rejected him.

"I plan to go straight to university." Yun Jian expressed his thoughts.

"Go straight to university? It's already September. He entered the college entrance exam in the first half of the year. Little Jian, if you want to go straight to university, where do you have to go? If you enter halfway, will he still accept you?"

Qin Yirou asked.

"They will." Yun Jian narrowed his eyes as she had this confidence.

"Leave the children's future to them. As parents, we have to give the children enough space to choose," GE Junjian said as he picked up a mouthful of meat for Qin Yirou. "Eat, it will nourish your body."

Qin Yirou heard this and nodded slightly without saying anything.

After a pause, Qin Yirou suddenly asked again, "Xiao Jian, where do you want to go to college?"

Qin Yirou was just asking. She thought that Yun Jian hadn't decided yet.

Unexpectedly, Yun Jian's eyes flashed slightly. She narrowed her eyes and said, "Jiang City University of electronic technology."

Chapter 1960: If the president gave it to me, I would join

As it turned out, it was very easy for Yunjian to enter university.

One had to ask why Xinqi Corporation had gone international. In the past two years without Yunjian, Zhang Zhifan had expanded Xinqi Corporation. Now, it had become one of the top 50 large-scale corporations in the world.

This was a world of difference from the status of Xinqi Corporation in Z country and the world two years ago.

Who in Z country didn't know about Xinqi Corporation now?

It turned out that Yunjian had made a very wise choice to choose Zhang Zhifan as the president of Xinqi Corporation.

Now, Xinqi Corporation had become a household name in Z country.

Yunjian wanted to enter Jiangcheng University of electronic technology just to give Zhang Zhifan a call.

At this moment, Yun Jian, who had successfully entered the university, was dragging her simple suitcase to Jiangcheng, Zhejiang province.

Jiangcheng wasn't close to Longmen City, but fortunately, it was within the boundaries of Zhejiang Province. No matter how far it was, it wasn't far.

It was exactly a four-hour drive from Longmen City to Jiangcheng City.

Yun Jian's suitcase was very small. She dragged her suitcase to the entrance of Jiangcheng University of electronic technology. She asked the student union members who were welcoming the new students at the entrance before she found her dormitory.

There were four people in the dormitory here, which was the normal number of people.

Yun Jian had just opened the door of the dormitory when she heard two girls, who were wearing heavy makeup and very revealing clothes, talking to each other in the dormitory.

"Brother Kai said that he will take everyone to the computer classroom tonight to see the laptop his father brought back from abroad. There is also a series of installation procedures. They look very advanced! They can compete with hackers!"

"Really?"

"How could I lie to you? I heard that there are quite a number of girls who want to follow him to watch the show because brother Kai even brought a hacker friend back from abroad. He's really amazing!" "If a computer student like us can be as amazing as that friend of his, he's practically invincible!"

"A lot of girls are going too? Then we have to dress up a little before we go over."

...

The words of these two girls reached Yun Jian's ears.

When Yun Jian came in from outside the dormitory, the two girls only turned their heads to glance at Yun Jian before turning back to continue their conversation.

The two girls ignored Yun Jian and did not even bother to introduce each other.

At first glance, these two girls looked very promiscuous and sociable.

Such girls usually felt that they were superior and could not be bothered with others.

"Hello, are you the new roommate?" The other girl who didn't get along well with the other two girls looked at Yun Jian and asked.

This girl wasn't pretty. She was short and not even 1.55 meters tall. Her body was also round and fat.

However, the girl was very friendly to Yun Jian.

She was completely different from the other two girls who looked like socialites.

"Yes," Yun Jian replied.

"Hello, my name is Zhu Huili. I'm 19 years old this year and I'm from L province. We're in the same class. Let's be friends, shall we?" Zhu Huili carefully asked Yun Jian after introducing herself.

"Yes." Yun Jian nodded. After a pause, she continued, "I'm Yun Jian."

Zhu Huili was not very good-looking and was not very tall. However, she was very good to Yun Jian and even took the initiative to help Yun Jian tidy up his bed.

With her help, Yun Jian quickly tidied up his bed. It was already dinner time.

“Shall we go to the cafeteria for dinner?”Zhu Huili asked Yun Jian.

Yun Jian nodded.

Jiangcheng University of electronic technology was very big. Strangers would get lost when they first came here.

It was also Yun Jian’s first time here, so he naturally did not know the way.

Fortunately, Zhu Huili was with him.

Yun Jian and Zhu Huili had just arrived at the entrance of the restaurant closest to the dormitory. Before they could enter the restaurant, they were stopped by a group of students who were recruiting new students into the club.

“Hey, little sister, do you want to join the Martial Arts Club? There’s a big brother who will teach you martial arts. Do you want to come?”A ruffian-like boy stopped Yun Jian.

Zhu Huili did not look good, and her body was round. These boys naturally did not like her.

Most universities had clubs, and everyone could choose which club they liked to join.

And these university clubs, to put it nicely, were places for everyone to study and have hobbies together.

To put it bluntly, it was a place for everyone to recognize their relationships and find a boyfriend or girlfriend.

“Martial Arts Club?”Yun Jian raised his eyebrows and asked.

“Yes, yes!”This guy saw that Yun Jian was interested. He looked at Yun Jian’s beautiful face and perfect figure, and started to introduce her even more diligently:

“Join our martial arts club. In Our Jiang City University, our martial arts club will protect you! Little sister, don’t hesitate. Join Our Martial Arts Club!”

“I can join if you want,”yun Jian pursed her lips and said.

When the boy heard this, he became even more excited. However, just as the boy was about to speak again, yun Jian’s faint voice sounded.

This voice rang out in front of the group of boys who were desperately trying to invite Yun Jian to join the martial arts club. They wanted to take advantage of the opportunity to take advantage of Yun Jian, as well as the other club members around them:

“Ask the President of your martial arts club to give me the position of president, and I’ll join.”
