

Schoolgirl 1971

Chapter 1971: there are always idiots who don't know how high the sky is

There were many affiliated universities near Jiangcheng University of electronic technology, such as Jiangcheng Normal University, Jiangcheng Medical College, and so on. Jiangcheng University of electronic technology was only one of these universities.

The area near Jiangcheng was the university town. In other words, there were more than a dozen universities that were closely connected to each other. If there were more universities near the university town, it meant that there were more students.

Once there were more students, the students' expenses would be higher. The economic development here would also be faster.

Therefore, the economic development in this area was very good, and the jurisdiction of the city was also very good.

And there was a gunfight near this area, which meant...

Yun Jian didn't think much before Mo Bufan walked over and asked her in a gentlemanly tone,

"Junior sister, What's Wrong?"

At that moment, Yun Jian had already stood up.

"Yun Jian, is there something on the ground?" Zhu Huili also came over to take a look and asked in confusion.

"What could there be? It might just be that she wants to attract the attention of our President!" Just as Zhu Huili finished her sentence, a girl interrupted her with a cold voice.

"That's right! She still wants to snatch the position of President of our martial arts club. Can she bear it? It's not like she's particularly powerful, what's the point of being arrogant!" Another girl added.

"Stop talking!" Mo Bufan was annoyed by these girls' nagging. He frowned and stopped them from nagging.

After a pause, Mo Bufan turned his head to look at Yun Jian. Then, he said to Yun Jian and everyone around him,

"I want to lead everyone in taking up the position of the President of the martial arts club so that the martial arts club can develop better. If you can take up the position of the president, or if anyone here can take up the position of the president.

"I, Mo Bufan, can give the position of the president of the Martial Arts Club to you! Of course, all of this is based on the premise that the martial arts club must be better in your hands than in mine!"

Mo Bufan was completely focused on martial arts. After he entered university, he started the martial arts club. He did not want to develop the martial arts club into a place for boys and girls to get to know each other.

He wanted the martial arts club to flourish!

The meaning of his words was very clear. If Yun Jian could bring out his strength, Mo Bufan would agree to Yun Jian's request and give her the position of president.

"You said it." Yun Jian suddenly narrowed her eyes. In an instant, her favorable impression of this person called Mo Bufan increased.

The favorable impression here had nothing to do with the ambiguous relationship between a man and a woman. It was just the degree of appreciation for a person.

Mo Bufan and the others were also going to the swing bar.

Mo Bufan and brother Kai were actually good brothers who had played together since they were young.

Yun Jian only found out about this after walking into the big box of the swing bar with the others.

It was not difficult to see that Mo Bufan's family background was good.

Brother Kai's family background was so good that the gifts he gave to the girls were all luxury items such as gold necklaces and silver rings. On the other hand, Mo Bufan and brother Kai were good brothers who had played together since they were young, so their family background was naturally not bad.

Birds of a feather flock together. Otherwise, the two of them would not have known each other since they were young.

There was a big box in the swing bar, but the price of the box in the bar was relatively expensive.

The box was also equipped with karaoke equipment.

As soon as Yun Jian, Mo Bufan, and the other members of the martial arts club entered the big box, they heard brother Kai and the others holding microphones and crazily singing to the big screen of the karaoke.

The karaoke bar at that time was similar to the karaoke bar now.

The atmosphere in the room reached its climax. Everyone followed the beat and sang with brother Kai. No one noticed Yun Jian.

At this time, Yun Jian saw that in the corner, Matthew was putting his notebook on his lap and waving at Yun Jian.

Yun Jian walked over.

"BOSS, hurry up and teach me how to create the strongest brand-new defense system!" Matthew seemed to have found a great opportunity. He handed his notebook to Yun Jian and looked at her expectantly.

“Okay.” Yun Jian took Matthew’s notebook, paused, and then added, “I will help you strengthen the defense of the defense system. I will deduct three months of your salary.”

As soon as Yun Jian said this, Matthew looked at Yun Jian with a pained expression and begged, “Don’t BOSS, three months of salary, I have to go to the northwest wind!”

“The defense system that I set up, no hacker in this world can break it. Deducting three months of your salary, isn’t it worth it?” Yun Jian glanced at Matthew.

“Okay, okay, okay! You’re the Boss, you have the final say!” Matthew covered his face and nodded in agreement.

Cloud note curled up and placed both hands on the laptop keyboard.

However, before cloud note could start operating the brand new defense system that Matthew had set up halfway, a female voice came out at the wrong time. It was deliberately said:

“Eh, she can also operate a computer? Everyone, Look!”

The girl who spoke was called Lan Yiyi. Lan Yiyi was the one who had insulted Yun Jian in order to please brother Kai in the study room.

Lan Yiyi had been warned by brother Kai in the study room because she had insulted Yun Jian. Lan Yiyi was a very vengeful person, so she held a grudge against Yun Jian.

Yun Jian entered the room and walked to Matthew’s side. He took the laptop from Matthew’s hand and Lan Yiyi saw it.

The cloud note knew how to use a laptop? Lan Yiyi didn’t believe it.

At this moment, Lan Yiyi was holding the microphone and singing affectionately with the boy.

But she suddenly stopped singing as she held the microphone and drew everyone’s attention to the cloud note.

Didn’t she deliberately pretend to be quite powerful in the study room! Well, then Lan Yiyi would let her cloud note be powerful to the end!

Chapter 1972: the first person in the hacker circle

Lan Yiyi held the microphone and spoke into the microphone. She transmitted the voice through the microphone into the speakers and amplified it into the ears of everyone present.

Therefore, no matter how loud the sound of the karaoke was and no matter how noisy the people around them were, they could still hear Lan Yiyi’s words. At the same time, they looked at Yunjian and Matthew, who had deliberately hidden themselves in the corner.

Seeing that everyone was looking at Yun Zhi and Matthew in the corner, Lan Yiyi smiled coldly at Yun Zhi who was sitting in the corner.

Lan Yiyi thought that Yun Zhi knew Matthew and wanted Matthew to secretly teach her how to operate a computer so that she could show off her computer skills in front of everyone.

Therefore, Lan Yiyi attracted everyone's attention to Yun Zhi so that Yun Zhi would make a fool of himself in front of everyone.

It had to be said that Lan Yiyi's thoughts belonged to the mentality of a normal young girl.

When young girls saw a girl who was better or more outstanding than them, they would always be a little jealous.

However, some girls would spread their jealousy, some would deliberately harm others, and some would just silently hide their jealousy in their hearts.

Lan Yiyi was the kind of girl who was afraid of not stirring up enough trouble.

Yun Jian did not pay attention to her before, but Lan Yiyi thought that Yun Jian was indirectly provoking her.

Without a doubt, Lan Yiyi's goal had been achieved. Everyone's eyes turned to Yun Jian.

Lan Yiyi's smile became even more obvious.

Yun Jian had just put his hand on the keyboard of the laptop when he heard Lan Yiyi's words. Her eyes flashed sharply, and the people around her had already turned their eyes to her.

"Wow, Junior, you just started university, and you already know how to operate a computer? Impressive!" Zhou Juntao was the first to walk over and say as he looked at Yun Jian.

Most of the people present were computer students, and the freshmen, who had just entered this semester, were still practicing how to turn on and off their computers.

The computers of this era had just started. By the year 2000, the electronic technology of the Z Nation would soar at the speed of a rocket in a short period of time.

Many of the students present had never come into contact with computers.

Yun Jian was a freshman. Everyone thought that she had never come into contact with computers.

Some of the seniors and seniors of the sophomores and Juniors had already taken computer science classes and had a certain understanding of computers. Although they had not just entered the school, they did not have a deep understanding of computers.

Seeing that Yun Jian, a freshman, actually knew how to use a laptop? When everyone saw this, they all turned their gazes over.

"She's the only one with many things to do! She's been acting since just now! I think she's trying to attract our president's attention! This trick of playing hard to get is really amazing!"

When the martial arts club girl who met Yun Jian on the way saw this, she couldn't help but say these unpleasant words.

“This girl is really annoying! She keeps showing off! I feel like she doesn’t have any ability at all! She only knows how to put on an act, she’s really annoying!”

“That’s right!”

...

Yun Jian had previously made everyone feel that she was very strong, but they didn’t know how strong she was. Because of this, she also attracted the attention of Mo Bufan and brother Kai, who were praised to the peak by the girls.

Therefore, the girls were jealous of Yun Zhi.

At this moment, one or two of them started to shout.

Zhou Juntao was also quite embarrassed when he heard this voice.

Mo Bufan frowned. He felt that the girls should not have such hostility toward the girls.

Mo Bufan was about to say something, but he saw that Yun Zhi did not care about the girls’ hostility toward her. He also did not care that Lan Yiyi had attracted everyone’s attention to her.

Since she was seen, Yun Jian, who didn’t want to be high-profile, was helpless.

She merely raised her cold arc, and in the next second, in front of everyone, Yun Jian’s slender fingers on the laptop keyboard began to type.

Everyone only saw that on the laptop screen on Yun Jian’s thigh, a series of system programs, which no one present could understand, began to flash at a speed as fast as light.

Yun Jian did not even need to look at the keyboard to feel for the keys on the keyboard. This speed of operating a computer was something that could not be achieved without a few years of computer skills!

Even if they could not understand what Yun Jian was operating, when they saw this scene, everyone present widened their eyes in shock.

She, she, she knew how to play with a computer! And as a freshman, she could actually operate a computer so smoothly!

Even the seniors and seniors who had been learning computer operation for three to four years couldn’t do it!

However, just as Lan Yiyi and the surrounding people were stunned, they saw Matthew sitting beside the cloud paper excitedly looking at the laptop screen and shouting at the cloud paper in front of everyone:

“As expected of the BOSS! Why didn’t I think of it! Using this set of procedures to defend against the intrusion of other hackers is the most effective! Boss, you’re Too Amazing!”!

“I am sure that in this world, other than you, no other hacker can break through the defense system of our company’s technical department! Haha! Boss, you are indeed the number one person in our hacker circle!”

Chapter 1973: could it be that she was a hacker, SS

Although Matthew was only in his forties, it was already very impressive for him to be able to sit in the position of the head of the technical department of the Glorious Light Company at his age.

If Matthew's age and his current position were to be released, it would also scare a large number of international elites to death.

And this kind of Matthew, the temperament that leaked out from his bones was that of an old urchin.

Some people were still young, but their hearts were already old, and their actions were no different from an old urchin. This was Matthew.

Although he couldn't deny Matthew's strength, sometimes Matthew's behavior was really out of his control.

For example, just now, outsiders didn't know what Yun Jian was doing. They only knew that Yun Jian's actions were particularly shocking.

However, Matthew knew that the cloud note was setting up the defense system of the technical department of the Glorious Light Company. Moreover, the flaw in the defense system that she had set up was zero. The possibility of outsiders looking for a flaw to break through the defense system was equal to zero!

This was simply a miracle of the world!

At the very least, when people of Matthew's level saw this, they were completely shocked.

And Matthew's character was like that of an old mischievous child. When he forced him to see this scene, he would say everything that was on his mind.

And now, this fool Matthew actually shouted directly at the cloud tablet in front of everyone in the big box.

Originally, the speed of the cloud tablet operating the computer was so fast that it amazed everyone present. But everyone present did not know what the cloud tablet was doing.

The various programs flashing on the laptop screen, in the eyes of Lan Yiyi, Zhou Juntao, Mo Bufan, and brother Kai, looked more like the cloud tablet was randomly pressing buttons.

However, these people were not experts and did not understand these things. Matthew understood!

With Matthew's roar, everyone present understood!

When the surrounding people heard Matthew's words, they were momentarily dazed and stunned on the spot.

Even the few boys who had crazily sang and pulled the atmosphere to the climax were dumbfounded as they looked in their direction.

Only the karaoke accompaniment continued. At this moment, whether it was Lan Yiyi, Zhou Juntao, Mo Bufan, or brother Kai, they were all stunned.

Among them, Lan Yiyi's expression was the most prominent. She listened to Matthew's words in a daze and couldn't come back to her senses for a long time.

Matthew actually called the cloud note... Boss?

Wasn't that a way to address a company's boss?

And the cloud note was setting up a defense system that could defend against other hackers?

Listening to Matthew's words, it meant...

No one in this world could crack the defense system set up by the cloud note?

Moreover... ? ... Matthew said that the cloud note was indeed the number one person in the hacker circle?

"The number one person in the hacker circle! ?" Brother Kai was especially interested in this matter. Before the surrounding people could say anything, brother Kai had already looked at Matthew in astonishment, asking the surrounding people's doubts.

"The number one person in the hacker circle, I remember... the person with the most powerful hacking skills, isn't he a hacker with the code name SS?" Brother Kai's brother Mo Bufan had just finished speaking when he added on.

Most of the people present were computer students, so they were naturally quite interested in the direction of hackers.

And the computer courses taught in the school naturally wouldn't teach hackers how to go to a black person's house.

Only some smart people would apply all their knowledge into hacking techniques according to the computer courses taught in the school.

But even so, it couldn't resist the degree of interest of the people present towards hackers.

After listening to Mo Bufan's words, the eyes of the surrounding people shifted to the cloud note once again.

The default number one person in the hacker circle wasn't that person with the code name SS?

Matthew had actually called cloud note the number one person in the hacker circle. Could it be that cloud note...

Could it be that this beautiful girl sitting in the corner was the number one person in the hacker circle...

SS! ?

Chapter 1974: The market price was 100 million yuan

Everyone present was dumbfounded. They stared at the cloud note and were at a loss as to what to do.

“This, this is impossible! Although the hacker circle has never had a ranking of hacker strength, everyone has recognized that hacker called SS as the number one person in the hacker circle!

“That hacker called SS is an international big shot. Usually, even if you want to invite SS to a dinner party, if you’re not an international big shot, you can’t even find SS people!

“I’ve heard a lot of rumors about SS. It’s because of SS that I came to Jiang City University of electronic technology to study computer science. I know SS better than many of you!”!

“SS is absolutely impossible. It’s absolutely impossible to be her!”

Lan Yiyi was scared out of her wits. She put her finger on the cloud paper and shook her head, her face full of disbelief.

It was absolutely impossible!

The SS that she worshipped, the legendary figure who was like a myth, the legendary figure who had a computer in his hand and could cause the technological parts of countless companies to collapse at the same time, SS., how could it be this freshman sitting in the corner!

Moreover, it was Yun Jian that Lan Yiyi disliked!

Seeing the disbelief on the faces of the people around him, Matthew was somewhat unconvinced.

The chairman of their Rong Yao Company, the number one hacker in the hacker circle, was once hailed as an international mythical figure! How could it be impossible?

But at this moment, Matthew had already realized that he had made a mistake with his words.

Oh No, he had almost exposed his BOSS’s identity!

If his BOSS’s identity was exposed, Matthew felt that his position in Rong Yao Company would be lost!

Therefore, Matthew was so scared that he quickly lied. “I made a mistake! I made a mistake! What number one hacker? I just felt that she looked like the number one hacker when she was operating the computer just now...”

Matthew broke out in cold sweat.

Fortunately, the fact that the cloud note was the number one hacker in the hacker circle, SS, was something that was unreal and unrealistic in the ears of everyone present.

Everyone around immediately believed Matthew’s lie.

“Ha, I was just saying, how could she be the number one hacker in the hacker circle, SS? You have to know that SS is my idol, how could she look like this!”

After Lan Yiyi heard Matthew’s words, she let out a heavy sigh of relief. She turned her head and glanced at Yun Jian with a face full of envy.

It had to be said that Yun Jian was really born with a natural beauty. Her face without any makeup looked beautiful and moving, and her makeup was so delicate that people couldn't take their eyes off her.

Yun Jian's natural beauty was different from the girls around her who were wearing thick makeup and sexy clothes.

Yun Jian's beauty could be seen from a few hundred meters away even if she was standing on the street.

Lan Yiyi and the girls around her were all dressed up beautifully. To put it nicely, they were fashionably beautiful, but to put it bluntly, they were all wearing makeup and dressing up. No one could tell who was who, there wasn't the slightest bit of uniqueness that belonged to them.

It was fine if you were outstanding, but when you were outstanding to a certain extent, it was a realm that others couldn't reach. Then you were finished, because you would become the public enemy.

And the beauty of the cloud note was something that all the girls wanted, but could never reach.

Therefore, Lan Yiyi and the others didn't like the cloud note at all, not to mention that the cloud note was so outstanding.

However, the cloud notebook did not care about what the people around them were saying or doing. Her fingers nimbly moved on the keyboard of the laptop.

The data of the defense system on the laptop screen was flashing like a stream of light. It even emitted a "Beep Beep Beep" sound.

After about ten minutes of operation, the cloud notebook closed the laptop and threw it into Matthew's arms. In front of everyone, it did not hide anything as it spoke to Matthew:

"I've already strengthened the defense system for you by fifty times. The system has been completely perfected. You can use it after you take it back. Remember to report the three months' salary to the Finance Department on Your Own Initiative.

"Don't feel that it's a loss. The simplest defense system I've produced is worth 100 million on the market. The one I've made for You is a strengthened version. You should be the one to pay me back."

Chapter 1975: The Fox arrives, Country Z is looking for her

The surrounding people were all enticed by Lan Yiyi to place their gazes on Yun Jian. From the start, they had been discussing the matter of Yun Jian.

However, after Yun Jian placed his hand on the laptop, he did not pay any attention to LAN Yiyi and the others. She continued to operate as she was supposed to.

After she finished operating, she spoke.

Yun Jian's ability to remain calm and not be misled by Lan Yiyi and the others caused Mo Bufan to look at her in a new light.

At the same time, Mo Bufan's opinion of Yun Jian also became a little more appreciative.

This young lady was really very suitable to be a leader!

Perhaps... ? ... If the martial arts club was handed over to her, would it really reach a stage where he would never be able to lead the martial arts club?

Mo Bufan's goal was to further develop the martial arts club. He didn't care who would be the president of the martial arts club. What he cared about was who would be the president of the martial arts club in order to lead everyone to a higher level, a more outstanding place!

Furthermore, Mo Bufan's original intention was to bring the martial arts club to greater heights!

Therefore, if there was such a person who could take his place and lead the martial arts club to a higher level, then Mo Bufan was willing to give up his position as the President of the Martial Arts Club!

Just now, from the aura of the cloud note, Mo Bufan could feel that it belonged to a leader, a leader of a region!

Just as Mo Bufan thought of this, Lan Yiyi's stunned words suddenly rang out again, "What! ? The simplest defense system that you created is worth 100 million? Are you kidding us! ?"

Lan Yiyi's words rang out throughout the entire place. Upon hearing this, everyone present was momentarily stunned.

"Is this for real? What kind of defense system does she know how to create? Is she joking with us? Furthermore, I've never heard of a market price of 100 million in the Jiang City area!"

"Even the computer science professors in the school can't sell a defense system worth 100 million. Are you bragging about it yourself?" "Are you even better than the teachers?"

As soon as Lan Yiyi finished speaking, there was a boy who was not handsome and did not have much presence. He liked to sit among the girls and say some dirty jokes to attract the attention of the girls. He stood up and looked at the cloud paper in disdain.

It was true that the cloud paper was beautiful, but no matter how beautiful it was, it could not be used as food?

Boys also wanted their own face. To a boy, a girl should be smart and beautiful, but a girl would one day be better than a boy. Then no matter how beautiful a girl was, the boy would not be satisfied.

Of course, not every boy was like this.

But at least the boy who spoke now felt that Yun Jian was too strong and he could not stand it, so he spoke up to refute.

"Zhou Zheng, she is someone that master Matthew Knows. How can the teachers in the school compare to her?" Brother Kai didn't say a word just now, but now he suddenly spoke up to this boy.

Obviously, this boy's name was Zhou Zheng, and he usually hung out with brother Kai and the others.

To be honest, although brother Kai, this second generation of the rich, was forthright, his family was rich, and he didn't look very good. He wasn't too tall, but he wasn't short either.

When necessary, brother Kai would stand up and speak up.

This surprised Yun Jian.

However, Yun Jian didn't show his surprise on his face.

"Alright, Alright, let's Sing! Master Matthew knows her, how can she be bad?" Brother Kai waved at the crowd.

After all, brother Kai's family was rich, powerful, and influential. After hearing brother Kai's words, the crowd dispersed obediently.

The crowd continued to sing songs, drinking and eating dessert, playing with joy.

As if the shock just now was just a farce.

What they don't know, however, is that the real shock is yet to come.

In the corner, Matthew carefully returned the note to his notebook and put it back in his notebook bag. Seeing that no one was paying attention to him and the note, Matthew whispered to the note:

"BOSS, our company's Fox recently came to country Z to look for you. I don't know why she came to look for you. At that time, she refused to come with me and said that she disliked how silly I looked."

Chapter 1976: which organization? State your name

When Matthew mentioned that Fox said he was stupid, he scratched his head and frowned.

How was he stupid? That Fox actually said he was stupid. Because of this reason, the two of them had to come to Z country to find the cloud note and go their separate ways.

Just as Matthew questioned Fox about how stupid he was, the cloud note suddenly flashed red and laughed lightly. "Indeed."

Fox was speaking the truth.

"What? Boss, Fox said I'm stupid, and you think I'm stupid too? Do you have to be so heartbreaking! My heart has been broken by all of You!"

After Matthew heard the cloud paper's words, he put on an injured posture.

The matter just now was settled by Brother Kai. Brother Kai's influence among the surrounding people was very great, so Lan Yiyi, who initially wanted to cause trouble, now kept her mouth shut and didn't dare to say anything more.

Yun Zhi and Matthew, who were once again talking, naturally did not attract the attention of the people around them.

Matthew held his chest and put on a look as if his heart had been broken by Yun Zhi.

Seeing this, Yun Zhi only glanced at him coldly and gave him a sharp glance.

Matthew's entire body trembled when he was given a sharp glance by Yun Zhi. He did not dare to pretend to be pitiful anymore.

Matthew first cleared his throat, then looked at Yun Jian calmly and said,

"Ahem, BOSS, I guess Fox should have gone to Longmen City to look for you. I originally wanted to go straight to Longmen City, but I had an acquaintance here, so I came here first and met you by chance.

"But I went to Longmen City to look for you. You're not here. That Fox Guy will probably arrive tonight."

Matthew said.

"Okay." Yun Jian nodded.

...

The atmosphere in the big box was heated to the highest point. Everyone was crazily singing for the microphone.

Perhaps it was because of brother Kai, who was a walking gold mine, and Mo Bufan, who was a grass-roots student at Jiangcheng University of electronic technology, that all the girls were madly in love with and adored him.

Therefore, all the girls were fighting for the ability to flatter themselves in front of brother Kai or Mo Bufan.

Therefore, the two microphones in the big box were constantly snatched away, and they would never fall into Yun Jian's hands.

Yun Jian's two roommates, Miao Li and Xi Xiujuan, did not show up after the party ended. They must have had something else on the way, so they simply did not come. No one noticed them anyway.

At ten o'clock, the group stayed in the big box for nearly two hours before they finally left and headed back to the school dormitory.

The group of people walked towards the dormitory in a mighty formation. This line-up was not to be underestimated.

They just happened to reach the corner. It was the most remote road from the swing bar back to the school.

In addition, it was already ten o'clock in the evening. Only the faint light of the street lamps was still shining.

"Aiyo!" Suddenly, the sound of a girl wrestling rang out.

It sounded like she had sprained her ankle.

This girl was rather good-looking, and many boys surrounded her to help.

Seeing this scene, Lan Yiyi ridiculed again, "You're so arrogant and delicate. It's just a fall. Is there a need to go so far?"

After ridiculing, Lan Yiyi turned her head to look at Yun Jian.

However, Yun Jian's eyes flashed slightly as he stood in front of everyone.

In the next second, two extremely fast figures suddenly appeared in front of everyone.

These two figures each held a weapon in their hands. They appeared in front of everyone like special agents in a movie.

The two of them were in an extremely sorry state. The woman with a baby face who was being chased had many cuts on her body. It was obvious that the two of them had been fighting for a long time. Moreover, the woman with the baby face.., she was no longer a match for the other woman who was chasing after her.

"Ah! Ah! What are they doing! Are they killing people?!"

Lan Yiyi, Zhou Juntao, Mo Bufan, and the others who did not know the situation suddenly saw this scene and their faces changed in shock.

The two women who suddenly appeared were very skilled. Everyone present could tell at a glance that they were definitely martial artists!

At this moment, the two women were fighting like agents in a movie. Their techniques were astonishingly fast.

"Fox!" Matthew shouted at the doll-faced woman who was obviously at a disadvantage and had many injuries on her body.

"Master Matthew, do you know this person?" Although Mo Bufan and the others were shocked, Mo Bufan still stood out and asked Matthew Softly.

After he asked, Mo Bufan clenched his fist and said to the boys from the martial arts club, "The boys will go with me to help!"

Regardless of anything else, just because Matthew knew that doll-faced woman, Mo Bufan, as a boy, did not want to see any casualties.

Of course, Mo Bufan and the others were not. That was a showdown between assassins! They could not interfere at all!

However, just as Mo Bufan was about to lead the boys from the martial arts club to rush over to help, he saw a small, agile, and powerful figure that dazzled everyone. It was already one step ahead of them.

In front of everyone, Yun Jian kicked the woman who was chasing after the Fox to the ground. Then, a butterfly knife suddenly appeared in her hand.

Yun Jian's fast and shocking skills stunned Mo Bufan and the others.

Yun Jian held the butterfly knife and pointed the blade at the woman who was chasing after the fox. In front of everyone, she said something that no one could understand:

“How Dare You Touch My People? which organization are you from? Tell me your name!”

Chapter 1977: hadn't made a move yet, but they had found him first

Not to mention that cloud note was so smart, even a fool would know that Fox was being hunted down.

The woman who was chasing Fox had obviously been chasing Fox for a long time.

Cloud note had sensed something was wrong on the way to the swing bar.

It seemed that the smell of gunpowder that he smelled on the way came from Fox and this woman.

At this moment, the woman obviously knew that Fox was from the Rong Yao Company and came from the Gu Sha mercenary group. That was why she attacked Fox.

Fortunately, Fox and civet were both assassins.

However, later on, Fox was sent to the Rong Yao Company by Yun Jian while civet followed snake lizard and worked for the Gu Sha mercenary group.

In comparison, Fox was weaker than civet cat. Even so, this woman chased after Fox for several hours but was unable to kill him. It was obvious that Fox was not weak.

At this moment, after Yun Zhi kicked the woman to the ground, the sound of him holding the butterfly knife and questioning her resounded throughout the entire place.

The scene just now was too fast. Yun Zhi had taken out the butterfly knife too quickly, causing everyone present to be stunned for a long time before they could react.

After they reacted, the men from the martial arts club who had originally planned to help were Mo Bufan, Zhou Juntao, Zhou Zheng, who had previously spoken ill of Yun Zhi in the big box, or Zhu Huili, who was with Yun Zhi.

Even brother Kai, Lan Yiyi, and the others, who had spoken rudely to Yun Jian and wanted to deal with him, were all stunned.

It was all because of Yun Jian's terrifying skills!

After all, even Mo Bufan, the president of the martial arts club, could not react in time. What happened to Yun Jian! She had kicked the woman who was chasing after the fox away before Mo Bufan could make a move!

Just based on this point, Yun Jian's skill was definitely above Mo Bufan's!

One had to know how fast the Fox was when it was exchanging blows with that woman!

That speed was practically on par with the special agent assassins in the Movies!

Yun Jian had just used an even faster and more frightening skill to send that woman flying with a single kick.

It could be said that in the exchange of blows between the Fox and the woman just now, without Yun Jian, even if Mo Bufan's group rushed forward to stop them, they would still be sending themselves to their deaths!

This scene made the people who thought that Yun Jian was trying to snatch Mo Bufan's position as the president of the martial arts club and even used words to attack Yun Jian, stunned.

"She, she, she... she..." Zhou Zheng, who had said bad things about Yun Jian, could not be described as shocked anymore.

Everyone present widened their eyes.

After all, Yun Jian was just a college student who was no different from them. Furthermore, he was a freshman!

Just as everyone was stunned, Yun Jian had already picked up the woman who was lying on the ground. She held the butterfly knife at the woman's neck. At this moment, she was like the god of death, forcing the woman to confess:

"You're not going to tell me? I have plenty of ways to make you confess."

Seeing Yun Jian holding the butterfly knife to the woman's neck, Mo Bufan and the others, who did not know the situation, thought that Yun Jian wanted to attack this woman for no reason.

Therefore, Mo Bufan hurriedly said, "Calm down."

Compared to Mo Bufan's calmness, Lan Yiyi was afraid, but she was still unwilling to accept Yun Jian's astonishing strength.

Lan Yiyi still thought that Yun Jian was pretending.

Thus, Lan Yiyi mustered up her courage and said to Yun Jian,

"What are you pretending for? Is there a need to use such a method to get brother Kai and senior Bu Fan's attention? You two extras are quite good. Your acting skills are really not bad..."

However, before Lan Yiyi could finish speaking, the butterfly knife in Yun Jian's hand had already slid into the woman's neck in front of everyone.

The knife stopped in time. Yun Jian's face was cold. Under the dumbfounded gazes of the people behind him, he continued to speak to the woman. This time, she had already confirmed the woman's identity:

"You're from the Emperor Rebel organization, right? I haven't even made a move against the emperor rebel organization, yet you guys came to find me first. Are you in a hurry to die?"

Chapter 1978: the three team leaders came here to look for her

Yun Jian had already guessed this woman's background.

Actually, he didn't need to guess to know that this woman was definitely an assassin of the emperor rebel organization.

At the moment, other than the newly risen emperor rebel organization, no one dared to lay a hand on her people.

This woman was the same. She didn't say a word after being interrogated by Yun Jian. It was obvious that she had been brainwashed by the Emperor Rebel organization.

At this moment, the butterfly knife in Yun Jian's hand had already cut into the woman's neck.

The butterfly knife slid into the woman's skin and cut through her skin, causing fresh red blood to flow out.

The woman was suppressed by Yun Jian and didn't even have the strength to resist.

Lan Yiyi, who had insisted that Yun Jian had deliberately found someone to play the role to attract everyone's attention, saw this scene and was so frightened that she immediately screamed, "Ah!"

Yun Jian held the butterfly knife in his hand, and the blade was actually about to reach the woman's neck!

Wasn't she afraid of killing people? !

At this moment, it was no longer possible to say that the fox and the woman were invited by Yun Jian to show off in front of everyone.

How could anyone pretend to be like this?

Moreover, Mo Bufan could clearly feel Yun Jian's strength!

The speed of her attack just now, not to mention him alone, even if there were ten of him, he might not be a match for her!

No wonder she wanted to join the martial arts club, she would request for him to be the club's president!

At this moment, Mo Bufan's eyes flashed, he had his own plans.

Since Yun Jian had already guessed the woman's origin, he originally did not plan to keep her. However, hearing Lan Yiyi and the others scream, Yun Jian's eyes darkened again.

The blade stopped at the border that was about to cut the woman's neck. Yunjian stopped in time and turned the butterfly knife. She put away the blade and closed the hilts on both sides of the butterfly knife. She held the hilts very nimbly, she smashed the hilts at the back of the woman's neck.

The woman didn't even have a chance to resist in Yunjian's hands. She fainted.

Yunjian directly threw the woman in front of Matthew and said to Matthew, "Deal with it."

The cloud paper was going to directly wipe the woman's neck, but Lan Yiyi's scream stopped it.

After all, she still had to stay in the university. If she killed the woman in front of Mo Bufan and the others, even if there were two hours of the forgetting liquid, it would be inconvenient to use it to erase people's memories every time.

At this moment, after the cloud paper threw the woman to Matthew to deal with, it turned its head to look at the fox.

The surrounding people were dumbfounded and had no idea what had happened.

When Yun Jian turned his head to look at Fox, the surrounding people still looked over curiously.

Fox had been chased by that woman all the way. Fox's strength was not as good as that woman's, but it was not much worse. As a result, he had been chased all the way and had suffered a lot of injuries at this moment.

Since Yun Jian had smelled the gunpowder smell of the pistol, it proved that when Fox and the woman fought, the two of them used firearms.

However, there was always a time when the bullets would run out. The two of them could not decide the winner, so they must have been stalling for time.

It was not a coincidence that Fox was chased here by Yun Jian.

"I'll take you to the hospital to treat your wounds." Seeing that Fox did not have any gunshot wounds, but there were many knife wounds on her body, Yun Jian put away the butterfly knife. She put her hands into her pockets and walked to Fox.

"En!" At this moment, Fox was covering a wound on her arm that was splattered with blood. She followed Yun Jian to the hospital.

Mo Bufan and the others saw that Yun Jian was about to leave.

"Let's go and help!" Although they did not know what had happened just now, Mo Bufan still chased after her.

Brother Kai saw this and also followed.

Zhu Huili naturally did not leave.

Yun Jian pursed his lips. He knew that they thought that what had happened just now was only because that woman had gone crazy. That was why she treated Fox this way.

Meanwhile, Mo Bufan, who had caught up with them, had already turned on his phone and was about to call the police.

However, just as Mo Bufan was about to enter his phone number, Yun Jian snatched his phone away. "Can I borrow it?"

Then, Yun Jian entered a string of numbers into his phone and dialed a number.

After three rings, the other end of the computer was connected.

In front of the group of people who had yet to recover from their shock, Yun Jian spoke to the person on the other end of the phone and ordered his subordinates in a commanding tone:

“Immediately get the intelligence team leader, assassination team leader, and reconnaissance team leader of the ancient assassin mercenary group to look for me at Jiang Cheng University of Electronics and technology in Z country’s Zhejiang Province.”

Chapter 1979: martial arts club, left to her

Yun Jian had never been a good person. Her people were being pursued by the emperor rebel organization, and they were already bullying her. If she didn’t retaliate, then Yun Jian wouldn’t be Sha Shen anymore.

Sha Shen had always been vengeful and would always return the favor. She would never shrink back.

This was her.

The ancient kill mercenary group had three team leaders, namely the intelligence team leader, the assassination team leader, and the investigation team leader.

As the name implied, the three team leaders had a very high status in the Gu Sha mercenary group, except for the snake lizard and tiger leopard.

The status of the three team leaders was almost the same as Qing glaze’s status in the Gu Sha mercenary group.

As for the scope of jurisdiction of the three team leaders, they were divided into categories. For example, the intelligence team leader specialized in collecting intelligence.

In the past, the information that Yun Jian could get from the Gu Sha mercenary group at the first moment was obtained from the Gu Sha mercenary group’s intelligence team. and the person in charge of the Gu Sha mercenary group’s intelligence team was the intelligence team leader.

On the other hand, the assassination group was in charge of the ancient kill mercenary group’s assassinations, missions, and employment.

The Investigation Group was a group that carried out a series of investigative activities such as tracking and anti-tracking.

It could be said that the three leaders of the ancient kill mercenary group were extremely important existences. Yun Jian’s motive for calling the three of them to Jiang City to look for her was very obvious.

The development of the past two years had allowed the emperor rebel group to climb to a higher position.

Whenever the ancient kill mercenary group’s Sha Shen called the three group leaders of the dark soul group to meet, it meant that she wanted to officially declare war with the emperor rebel group!

Therefore, after Yun Jian’s words fell, Matthew and Fox, who knew the meaning behind Yun Jian’s words, had their eyes flash with shock.

As for Mo Bufan, brother Kai, Lan Yiyi, and the others who were standing around, they were all stunned when they heard this.

The people around were stunned, not because they were stunned by Yun Jian's words.

But...

After Yun Jian finished speaking to the person on the other end of the phone, he hung up the phone as usual without waiting for a reply.

"You actually speak a foreign language?" Zhou Juntao looked at Yun Jian and asked on behalf of the others in shock.

Hearing Zhou Juntao's words, everyone held their breath and looked at Yun Jian, as if they wanted to get an answer from Yun Jian.

What Yun Jian said just now was obviously not English. It was a foreign language that everyone present could not understand.

One had to know that young people nowadays did not like to learn. Learning a compulsory English course in school was already killing them.

Although everyone present did not understand Yun Jian's language, they could immediately tell the standard pronunciation of her foreign language.

Yun Jian was indeed speaking a foreign language.

Therefore, when they heard what Yun Jian said, everyone was stunned again.

"Okay." Yun Jian lightly replied Zhou Juntao and threw her phone to Mo Bufan.

After all, Mo Bufan had studied martial arts and taekwondo for so many years. He caught the phone that Yun Jian threw to him.

"Then which language did you speak just now?" Zhou Juntao continued to ask Yun Jian with interest.

"Italian." Yun Jian pursed his lips and replied before leading Fox to the hospital.

Seeing this, Mo Bufan and the others followed.

Along the way, Zhou Juntao and the other members of the martial arts club were all very interested in Yun Jian. One or two of them began to ask Yun Jian all sorts of questions in the form of a chain cannon.

Of course, many of them did not receive a reply from Yun Jian. After seeing Yun Jian's skills, the members of the martial arts club were no longer angry.

After Fox came out of the hospital, she was placed in a hotel by Yun Jian. For the time being, she stayed there while Matthew dealt with the woman who was sent to assassinate Fox, he carried his laptop, which had been installed with a brand new system by Yun Jian, back to Rong Yao company overnight.

...

After returning to the dormitory, Miao Li and Xi Xiujuan were smoking consecutively, causing the air pollution in the dormitory to be very serious.

Yun Jian's eyes darkened.

Early the next morning, Zhu Huili and Yun Jian had just left the dormitory building and were about to head to the classroom for morning lessons. Just as they came down from the dormitory building, they saw Mo Bufan standing under a big tree not far away.

There were many girls around who saw Mo Bufan appear. They were all whispering to each other about who Mo Bufan was waiting for.

Seeing the appearance of the Yun Jian, Mo Bufan walked over to the Yun Jian. The girls who were hiding in the corners and using bashful eyes to secretly size up Mo Bufan sneakily glanced at him one after another. They were all discussing in low voices:

"Who is that girl? I don't think I've seen her before. Senior Bufan actually personally waited for her to attend morning lessons?"

However, before the girls could finish their envy, Mo Bufan handed a document to the cloud tablet and said to the cloud tablet,

"From today onwards, the martial arts club will be handed over to you. I admit that I'm not as good as you, so you will be the President!"

Chapter 1980: "I'm here to take you home."

As soon as Mo Bufan finished his sentence, the girls who were hiding nearby and glancing at Mo Bufan with bashful eyes were frightened!

All the girls liked Mo Bufan because of his strength.

Mo Bufan was the president of the martial arts club!

In a place like the martial arts club, where there were a lot of talented people, Mo Bufan's martial arts, Taekwondo, judo, and Sanda were among the best. He was also recognized as an expert!

In addition, Mo Bufan was handsome. He was a handsome man that everyone knew.

Being Strong was the most important thing. Being handsome was also very important.

As a result, wherever Mo Bufan went, there would be groups of girls hiding in a corner to peek at him and secretly admire him.

It could be described as an exaggeration. Other than going to the toilet, Mo Bufan was constantly being stared at by girls.

The thing that attracted the most attention of the girls was that Mo Bufan was different from the other guys who had nothing to say and felt that they were very powerful. Mo Bufan had the strength of a real gun.

But just now, in front of everyone, Mo Bufan actually said to this delicate, beautiful girl who looked like she had no fighting strength at all that because he, Mo Bufan, was inferior to her, so the position of the president of the Martial Arts Club.., let this young girl be the President?

One had to know that in Jiang City University of electronic technology, if Mo Bufan dared to claim to be second in strength, no one would dare to claim to be first!

And today, Mo Bufan had actually admitted that he was inferior to that young girl, and had even directly transferred the position of President of the martial arts club to that young girl!

As expected, after obtaining Mo Bufan's position as the president of the martial arts club, the surrounding girls who were secretly glancing at him should be so excited that they couldn't describe it.

After all, the martial arts club of Jiangcheng University of electronic technology had been established a long time ago, and the position of the President of the martial arts club had never fallen into the hands of a single girl.

Today, not only did this girl break this record, but Mo Bufan, who was extremely popular at Jiangcheng University of electronic technology, had also personally handed over the martial arts club to her.

If it had been any other girl, she would have long fainted from surprise!

However, what did all the girls present see?

Everyone saw Yun Jian reach out to take the stack of information Mo Bufan had given her to exchange for the president's position. She nodded her head in a calm manner and replied, "Yes."

This meant that she was willing to become the president of the martial arts club.

When all the girls saw that Mo Bufan seemed to have achieved a wish that was difficult to achieve, they heaved a sigh of relief.

"Heavens, am I seeing things... senior Bu Fan actually heaved a sigh of relief in joy? Shouldn't that girl be the one who fainted from joy? No girl in our school has ever enjoyed such treatment before..."

"That's right, why is it the other way around today? From the looks of it, that girl seemed to have promised senior Bu Fan..."

The surrounding girls' curious gossips increased, but of course, Yun Jian didn't listen.

After getting the information, Yun Jian bypassed Mo Bu Fan and Zhu Huili to go to morning class.

...

In the next few days, Yun Jian didn't meet Jian Ning on the plane. Perhaps Jian Ning hadn't entered the school yet.

When Yun Jian arrived at the school, it was already September 18th. In the next few days, Yun Jian didn't look for Fox to question him, giving him time to recuperate.

The three group leaders of the Gu Sha mercenary group would not come to Jiang city to look for Yun Jian so quickly. Yun Jian did not give an emergency order, so the three of them naturally went to Jiang city after settling all the matters in the organization.

At that time, the mid-autumn Festival was approaching, so the school had a three-day holiday.

Yun Jian and Zhu Huili were dragging their suitcases and walking towards the school gate.

These few days, Yun Jian woke up early in the morning to run, and Zhu Huili followed suit. Although Zhu Huili couldn't run fast, she was also working very hard to lose weight.

At the same time, Zhu Huili's relationship with Yun Jian was gradually getting closer.

"Then Yun Jian, let's separate here." Because the way home was different, Zhu Huili said softly to Yun Jian.

Yunjian nodded, and Zhu Huili turned around and dragged the suitcase away.

Yunjian was just about to drag the suitcase in the opposite direction.

Suddenly, a long, well-defined palm grabbed the suitcase in her place, and a big palm grabbed her small hand on the other side. The familiar, fresh smell entered Yunjian's nose.

The person took the suitcase from her back in front of everyone on the street, and then easily held her hand.

When the familiar handsome face appeared in front of Yun Jian, the thin lips under that handsome face moved slightly.

Si Yi curled his handsome lips and held Yun Jian's small hand like a newlywed couple. He squeezed her small hand and said, "Xiao Jian, I'm here to take you home."
