

Schoolgirl 2061

Chapter 2061: DO you want to go to Hell and play once

Yun Jian was 18 years old this year. She was 12 years old when she made her debut as a killer, which meant that she had taken on missions.

Before her rebirth, she was 16 years old. After her rebirth, she was 15 years old.

After three years, the current age of her body was 18 years old. However, according to the time when she made her debut, she was already 19 years old.

Therefore, it was not wrong for her to have made her debut for seven years.

Out of the 1,027 assassination missions, there were 109 assassin organizations.

The assassination missions were calculated based on the missions that she accepted on the international assassin websites.

In other words, after the divine spring and rebirth, Yun Jian almost never accepted assassination missions.

This was her past achievements.

As for the 109 assassin organizations, they were the sum of all the assassin organizations that she had killed in her previous life and all the assassin organizations that she had killed after rebirth.

This number was something that ordinary people would find incredible.

Even in the assassin spy circle, it was a level that no one could surpass.

Even though cloud note had not returned to the real assassin spy circle for three years now.

A true legend was not a legend for a while.

Becoming a legend at the fastest speed and falling at an astonishing speed was not something that a strong person should have.

Even if he had gone missing for two years and returned once, he was still a legend that no one in the industry could surpass. He was still the king of agents that people feared the moment they heard of him!

Yun Jian had done it!

At that time, after hearing Yun Jian's professional words, the hearts of the two old hooligans jumped.

Even Liang Xiu Min's shocked expression changed slightly.

The agent that Yun Jian was talking about... ? ... It should be something about the special forces, right?

Mu Mian, who was tied up by the two old ruffians, also widened her eyes, as if she was frightened.

It had to be said that Yun Jian's words were too unbelievable.

She was...

An assassin or a secret agent?

Really?

The two old ruffians still had some common sense.

Although the people of Wu Town were very poor and had a hard life, that was limited to honest and honest people.

Like these two old ruffians, they usually tricked people who went to the city to transport goods to bring them back and forth to the city for free.

Or to go to some family to get some money, and so on. They had done a lot of such things.

They had also gone to the city a few times, and their knowledge was also broader than those people who had never left Wu town in their entire lives.

Hearing Yun Jian's words, the shorter old ruffian cast a sidelong glance at Yun Jian.

"Little sister, don't bully us because we're from Wu Town. We've been to big cities before! We're not as easy to fool as some people!"

"You Said You're an assassin agent? Who are you trying to fool? Aren't you just a university student who came from some place? Do you really think we're Bluffing?"

"You can pretend to be someone with a knife? I'm really scared!"

As he spoke, the short old ruffian wanted to walk over and snatch the butterfly knife from Yun Jian's hand.

The other tall old ruffian followed to help.

Liang Xiu Min shrank back in fear, but she did not run away.

Yun Jian was still here. Even though she had failed to save senior Mu Mian, she was still here.

She... how could she escape on her own!

The two old ruffians walked towards Yun Jian under Liang Xiu Min and Mu Mian's eyes.

However, before anyone could react, they saw Yun Jian standing not far away coldly raising a red arc.

In the next breath, everyone could only feel their clothes being blown by a sudden gust of wind. The skin that was stuck to their clothes felt cold.

Even at a speed that no one could see clearly, Yun Jian suddenly stretched out both her hands and grabbed a butterfly knife.

She walked quickly to the two old ruffians and pulled the butterfly knife with both of her hands. She raised the blade of the butterfly knife from the two old ruffians' navels to their chests and hearts.

At the same time, she was originally going to meet the two old ruffians. At the same time that she moved her hands, she kicked lightly on the ground and did a somersault. She did not touch the two old ruffians at all and flipped over the two old ruffians' heads.

"Hiss—" when everyone reacted, the sound of clothes tearing could be heard from where the two old ruffians' clothes had been cut.

When everyone realized that, the clothes of the two old ruffians had already been cut open, and the spot where the last cut had been made was precisely the two old ruffians' unbiased hearts.

If the blade had cut a little deeper just now...

Then they...

When the two old ruffians realized this, their faces turned pale.

At this moment, Yun Jian, who was already standing behind the two old ruffians, let out an extremely calm voice.

That voice was like the scythe of the Grim Reaper chopping down on people's heads, carrying with it a frightening magic power:

"Do you want to go to Hell and have a try?"

Chapter 2062: was saved. If no one was saved, they would die

"I'll send you to hell for free. It's free."

Just as the two old ruffians witnessed Yun Jian's knife skills that did not deviate by a single millimeter, Yun Jian's faint words came from behind them.

That cold tone that did not contain the slightest hint of a joke was like the grim reaper who held a scythe in his hand in hell. It was as if a soul-stirring sound came from the Yama Palace.

The two old ruffians widened their eyes and their frightened bodies trembled violently.

"Who, who are you? Even the female university student who fell behind just now did not have such powerful skills like yours. Are you really a female university student!?"

The short old ruffian slowly turned around. He did not have the time to reach out to cover his exposed skin. Instead, he exposed his hairy chest in front of everyone and opened his mouth to speak in a daze.

Female University students were usually pampered girls who studied at school. They usually ran 800 meters and were so tired that their chests moved and they were panting.

These two old hooligans were real farmers.

They worked hard every day and worked hard all their lives. Not to mention other things, they were full of strength and strength.

At least that female university student was powerless in the hands of these two old hooligans.

But just now, when the two of them were dealing with Yun Jian, they actually couldn't even touch the corner of her clothes.

Moreover, she actually jumped up, and at the same time when she flipped over their heads, she used two butterfly blades to cut open their clothes!

What kind of speed and hand strength was this!

But even so, these two old hooligans wouldn't believe that Yun Jian was an assassin or a secret agent.

"Whether she is a female university student or not, didn't I already tell you?" Yun Jian was already standing in front of the two old ruffians.

Her two hands flexibly twirled the two butterfly knives, twirling the extremely difficult butterfly knives to perfection.

Following that, Liang Xiu Min and the senior named Mu Mian saw a shocking scene —

Yun Jian took two steps towards the two old ruffians, and the two old ruffians were so scared that they took two steps back.

This was a stark contrast to the attitude of the two old ruffians at the beginning.

"You two old thieves! Could it be that the female college student that you said was left behind has been... has been..."

When Liang Xiu Min heard that the two old ruffians had just met a female college student, her expression suddenly changed in fright.

Since this short old ruffian said that the girl who had fallen behind was not as powerful as Yun Jian, it meant that these two old ruffians had already laid their hands on that female university student.

Just now, these two old ruffians wanted to do something to Yun Jian and Liang Xiu Min, so they must have already succeeded in doing it to that female university student who had fallen behind.

"Who asked her to wear so little? In the middle of the winter, she's wearing a pair of shorts, and she's even wearing long, flesh-colored socks! The women in our town won't show their thighs even in the Summer!"

"She looks like she's not wearing anything! She's not trying to seduce us so that we can have sex with her, what else can she do!"

The short old ruffian still had a reason to quibble.

This short old ruffian had a lot of chest hair on his body. It was thick and dense, looking like the body hair of a gorilla.

Of course, the chest hair of the short old ruffian was concentrated on one point, which made it look even more disgusting.

Coupled with the words of the old ruffian, Liang Xiu Min was so scared that she almost cried.

Liang Xiu Min was, after all, a spoiled child. She had never seen such a scene. She felt sorry for the unfortunate female college student, but she was also afraid that if Yun Jian did not have this ability just now...

Then weren't she and Yun Jian...

"I don't care what reason you have to use to clear your name. Since you have moved people, you should pay the price."

As Yun Jian spoke, her cold eyes deepened. She held the butterfly knife and walked towards the two old ruffians.

"You, you, you, what do you want to Do? Let me tell you, hurting someone is against the law..."the two old ruffians were so scared that they retreated again and again.

When Mu Chen, who was tied up by the two old ruffians, saw this, he was stunned.

However, the next second, Mu Chen heard Yun Jian say this sentence, "Is there no crime in rape? At that time, did you think that you had already committed a crime?"

Mu Chen wanted to clap his hands and cheer.

However, Mu Chen was tied up.

However, at this moment, Mu Chen suddenly saw Yun Jian holding two butterfly knives and stabbing into the thighs of the two old ruffians who were about to retreat.

"Ah! ! !"

"Ah Ah Ah!"

Two screams shook the sky.

Blood flowed against the flow.

However, Yun Jian did not care about this at all. After she took out the butterfly sabers, she turned around and sneered at the two old ruffians:

"I'll cripple each of you with one leg. In order to 'repay' the 'surprise' you gave me just now, I'll return the favor.

"If someone passed by here and saved you, it's because you're lucky. If not, then go to Hell."

Chapter 2063: but they were all dead

These words were as calm as a wisp of green smoke, and they did not move again.

However, these extremely ordinary words carried a sense of fear that one had to take seriously.

Yun Jian had just stabbed his knife into the thighs of the two old ruffians, and then pulled out the butterfly knife.

This back and forth movement did not leave any way out for the two old ruffians.

If the blade was directly inserted into the thigh and not pulled out, then there was still a chance of survival. After all, the blood in the thigh would not drain out so quickly.

However, once the blade was pulled out, the blood in the thigh could not be blocked. If no one passed by this place to save the two old ruffians within a certain period of time, then even if they were not sent to heaven by this blade., they would die under the condition of their blood being drained out.

Initially, the two old ruffians had also said that there were very few people who would pass by here.

This was also the reason why the two old ruffians had chosen this place to attack Yun Jian and Liang Xiu Min.

Unfortunately, the two of them had never expected that their previous plan to scheme against Yun Jian and Liang Xiu Min would turn out to be a scheme against them.

As for why Yun Jian did not directly kill the two old ruffians, it was because she wanted the two of them to watch her die.

There was no death that was more terrifying than watching her own life slowly fade away.

And Yun Zhi hated people like these two old ruffians the most. They would attack a girl when she was weak.

This kind of person was the worst.

“You, you want to kill us? Ahhhh, you want to kill... Save Me, save you, save me...”

The pain from the knife in their thighs made the two old ruffians roll on the ground in pain. Let alone getting up and walking away, even their vision started to blur.

Their tone was even more blurred. They didn’t even know what they were talking about.

“Let’s go.”In exchange, Yun Jian said a cold and indifferent sentence.

Yun Jian’s words were directed at Liang Xiu Min.

Liang Xiu Min was a pampered and pampered young lady. She had never seen such a scene.

From the moment Yun Jian stabbed the butterfly knife into the thighs of the two old ruffians, she was so scared that she cried out.

Not to mention at this moment, seeing the scene of the two old ruffians’thighs bleeding non-stop.

To be honest, Liang Xiu Min’s soul was almost shaken out.

“Why aren’t you leaving?”Yun Jian narrowed his eyes when he saw that Liang Xiu Min hadn’t reacted for a long time.

“Go, go, Go! Go!”Liang Xiu Min didn’t dare to look at the two screaming old ruffians. She ran over to Mu Chen and untied the ropes for him before following Yun Jian.

“Ahhh, even if I become a ghost, I won’t let you off! Even if I become a ghost, I will kill you!”

Seeing that Yun Jian was about to leave with Liang Xiu Min and the others, the short old ruffian covered his thigh and desperately shouted these words.

Yun Jian, who had been leading the way in front of Liang Xiu Min and Mu Chen, suddenly stopped in his tracks.

“Yun Yun Yun Jian, let’s go quickly. I’m so scared...”

Liang Xiu Min was so scared that her body was trembling. She fearfully said these words.

“Are you going to save them? Then I’ll help you! After all, if these two people really die here, something big will happen sooner or later...” Mu Chen thought that Yun Jian had stopped and was looking for someone to save these two old ruffians.

After all, if they killed people, they would be found sooner or later.

With the current situation of these two old ruffians, if they really left without asking, the probability of death was very high.

Mu Chen turned around and wanted to help send these two old ruffians to the small clinic in Wu Town.

However, just as Mu Chen turned around, he saw Yun Jian turn her head and move her beautiful side profile over. In front of everyone, she sneered at these two old ruffians and spoke frankly, she said something that shocked and terrified everyone present:

“Many people have said this to me, but they’re all dead now. There’s no difference between the two of you.”

Chapter 2064: Someone Wants to commit suicide by jumping off a cliff

Just from Yun Jian’s words, the few people present, including Mu Chen and Liang Xiu Min, could not help but panic. A feeling of shock swept through their bodies.

How many people had Yun Jian killed!

Or to put it another way, what kind of place did she grow up in!

Why did she have such shocking strength and skills? !

Mu Chen had seen it clearly just now. When Yun Jian stabbed the two butterfly knives into the thighs of the two old ruffians, he did not even blink.

There was only coldness and indifference in her eyes.

It was as if what she had just stabbed with the butterfly knives was just an ant.

After Yun Jian said that, she did not wait for the two old ruffians to hug their thighs and roll on the ground while saying something. She waved to Liang Xiu Min and Mu Chen and quickly left the place.

Before Liang Xiu Min left, she ran over to pick up the newly bought quilts. She didn’t dare to look at the knife wounds on the two old ruffians’ thighs. She just buried her head and quickly followed Yun Jian.

On the way back, Liang Xiu Min remained silent.

Liang Xiu Min was still a young miss. How could she have seen such a scene usually?

Even the scene of the butcher slaughtering a pig would probably scare Liang Xiu Min until her face turned pale.

What Yun Jian had just stabbed was a living person's thigh!

"Yun Jian, are we really fine just leaving like this..." Liang Xiu Min turned her head in fear, hugging a few blankets as she followed beside Yun Jian.

"En." Yun Jian nodded.

She didn't say anything else.

Mu Chen's eyes flashed with a strange light.

Then, Mu Mian pointed at the cloud paper and said, "Those two people are too shameless! If it weren't for her, today would really be... So don't bother about whether they live or die. They deserve it!"

"Moreover, there was a female student who came with us who was killed by them. The girl's pure and innocent chastity was sullied by those two things. Such people should die!"

Mu Mian's words caused Liang Xiu Min's eyes to move slightly.

"En! Yes, if we didn't have the cloud tablet today, we would really be like that female student. If that happened, I would die!"

Liang Xiu Min thought that if her innocence was taken away by that kind of old ruffian before she gave it to her boyfriend, Jin Yu, she probably didn't want to live anymore.

Thinking of this, Liang Xiu Min was so scared that her body trembled.

Thinking of this, those two old ruffians really deserved to die!

It was just that she didn't know how the young girl whose innocence was taken away by those old ruffians was doing now...

"Senior Mu Chen, no matter what, I still have to thank you today!" Liang Xiu Min suddenly remembered that Mu Chen had rushed out to save her and Yun Jian, so she turned her head and thanked him.

The eldest miss would sometimes restrain her emotions and thank others.

"As long as you guys are fine, Haha!" Mu Chen rubbed his head and laughed.

His head had just been stepped on by one of the Old Ruffians, and now his hair was covered in dust.

Seeing this, Liang Xiu Min was even more grateful.

...

Just as they returned to the vicinity of Wuzhen Primary School, a series of noisy screams sounded, as if something big had happened.

When Yun Jian and the other two came to the side of a short mud house, they saw a female university student standing on a steep cliff not far away.

This cliff was about six stories high, jumping down from it would definitely result in death.

At the bottom of the cliff, next to the short mud house, there was a group of people.

A few university students who were walking with Yun Jian were standing there. They were so scared that their faces were pale, but they were desperately shouting for the female student who was standing alone on the cliff to calm down.

“Shi Shi! Shi Shi, please don’t be agitated! What happened? ! Don’t Jump! Don’t Jump! ! ! !”

This was a shout from the female student friend who wanted to jump from a high place to commit suicide.

“Aiyo, what’s going on?”

“How would I know? I just came over and saw this little girl trying to commit suicide. How Old Are You? You’re making a scene! You came to our Wuzhen to commit suicide. If something really happened, what would we do?”

“This girl from the city is really difficult to deal with!”

Chapter 2065: god Thief Ram, kneel down to me (1,800 + words)

Except for the female college student who was standing on the high ground with tears on her face, and the friend who was shouting the name of the female college student desperately.

Many of the older gossips in Wuzhen, who were in their fifties or sixties, were standing to the side and watching the show while pointing at each other.

It was not an exaggeration to say that they were watching the show. This group of gossips had no intention of rushing up to save people.

On the contrary, some of the men around had already taken measures to save people.

There was also a group of people below helping to persuade the female university student who wanted to jump off the cliff.

“Dirty, dirty... I don’t want to live, dirty...”the female university student who was standing on the cliff kept shaking her head and muttering these words.

The others did not understand what the female university student said and thought that the female university student was crazy.

She actually wanted to jump off the cliff!

Yun Jian, who happened to pass by, narrowed his eyes.

If she did not guess wrongly, this female university student was the one who was defiled by those two old ruffians.

Some people valued innocence. If their innocence was gone, they would rather die.

However, some people felt that life was more important and innocence was nothing.

Everyone had their own aspirations, just like how turnips and vegetables all had their own love. Everyone's mentality was different.

But since she was standing on the cliff, this female university student must have taken innocence very seriously.

She didn't jump for a long time. Of course, she was afraid and didn't want to die.

"Could she, could she be..."Liang Xiu Min suddenly saw the female university student standing on the cliff. Recalling the two old ruffians she had met just now, she trembled violently.

This female university student must be the person who had been defiled by the two old ruffians!

Otherwise, how could a perfectly fine female student possibly think of committing suicide.

And it just so happened that she would choose to commit suicide at this moment.

Seeing this scene, Liang Xiu Min suddenly felt that Yun Jian's method of dealing with the two old ruffians wasn't considered ruthless.

They had been harmed to the point of committing suicide!

Those two old ruffians deserved to die!

"What... What should we do, Yun Jian..."Liang Xiu Min was a little afraid, not daring to look at the small cliff over there. She was afraid that the female university student would really jump down like this.

"Let's go."Yun Jian's indifferent voice sounded, and then she had already walked into the distance.

"Ah?"Liang Xiu Min was stunned.

"Isn't it too immoral to turn a blind eye? Should we go over and help?"Obviously, Mu Chen was not very satisfied with Yun Jian's current performance.

Who knew that just as Mu Chen finished speaking, Yun Jian's voice sounded again. "If she wants to die, no one can save her for her entire life."

Even if she was saved this time, what about the next time? What about the next time?

Yun Jian's words stunned Mu Chen.

After recovering from his daze, Mu Chen's eyes darkened and he didn't say anything else.

Then, Mu Chen and Liang Xiu Min followed Yun Jian back to Wu Zhen Primary School.

The moment they entered the school, Yun Jian suddenly spoke, leaving behind a sentence that made Mu Chen and Liang Xiu Min feel at ease for some reason:

“She doesn’t know how to jump.”

...

At Wuzhen Primary School, the students were still in school. In the dilapidated playground, a large group of girls were sitting around listening to Shen Qingjiang’s bragging.

Since the last time he went to the new start company and successfully stole something, Shen Qingjiang felt that he was more suited to be a godly thief.

At this moment, Shen Qingjiang was performing his ability to steal in front of the girls.

Obviously, the girl who jumped off the cliff was not with Shen Qingjiang and his group.

“Come, come, come. Have you hidden the coins? The time has come to show off my amazing stealing skills!” Shen Qingjiang rubbed his hands, and a smug expression appeared on his not-so-handsome face.

The girls could not wait any longer, and all of them agreed.

“Good, good, good! Next, fold your hands on my hands. I can steal the coins on your bodies to my hands as fast as possible!”

As Shen Qingjiang said this, the girls seemed to have heard of a cult, and all of them put their hands on Shen Qingjiang’s hands without any precautions.

At that time, Yun Jian and the other two had just walked past Shen Qingjiang and the others.

Shen Qingjiang took the opportunity to sneak a few hands of these silly girls, and his other hand was quite fast and skillful as he secretly took out the coins from the girls’ pockets.

After about two minutes, Shen Qingjiang, who had finally found all the coins on the girls, shouted, “Okay! You must not have noticed that the coins are already on me...”

As he said that, Shen Qingjiang spread his hands, wanting to show the coins in front of the girls, causing them to scream.

When he spread his hands, the coins inside disappeared.

“How, how could it be gone! This is impossible! Absolutely impossible! The coin was behind me just now, how...”

Shen Qingjiang shook his head in a daze.

At this moment, Yun Jian, who had already walked five meters away, did not show any signs of abnormality. In the next moment, under the shocked gazes of Mu Hen and Liang Xiu Min, she turned around and suddenly stretched out her hand. In front of everyone, she held the handful of coins in her hand, all of them fell from her hand to the ground. She sneered:

“Is this what you’re looking for?”

“When did you take the, the coins! How... how could it be in your hands!” Shen Qingjiang’s shocked expression changed drastically.

"I clearly have the international thief Ram as my master. If you stole something from me, I would definitely have felt it, but this... how could it be?" Shen Qingjiang nervously revealed his secret.

Hearing Shen Qingjiang's words, Yun Jian narrowed his eyes slightly.

"Ram from Fox Hunter Organization?" In the next second, Yun Jian's beautiful voice resounded throughout the entire place.

Fox Hunter organization was the largest godly thief organization in the world.

"How do you know!" Shen Qingjiang was shocked again. Then, he frowned and said, "Since you know how powerful my master is, then you still dare to..."

This was already his most secret, and he had never told anyone.

How did she know!

However, after Shen Qingjiang finished speaking, a scene that made him and everyone present even more shocked happened!

In the next breath, the cloud tablet standing there suddenly drew a red arc. Her clear expression, coupled with her pleasant voice, she said an extremely arrogant sentence to Shen Qingjiang, surprising everyone present:

"There is no one in the world that I, Yun Zhi, don't know about. Not to mention the godly thief of Fox Hunter organization, even the boss of Fox Hunter organization has to kneel before me.

"Your master is only a member of Fox Hunter organization, why wouldn't I Dare!"

Chapter 2086: bullying a child after being bullied

'she, Yun Jian, is a mythical legend that will never be defeated!'

This was the highest evaluation given by the group of top international bigwigs and business politicians.

It was also the truth that Zhang Zhifan believed.

Yun Jian, she was really a mythical legend that will never be defeated! Whether it was in the original Xinjiang Town, or later in Longmen City, or later in Min City Military Academy, or now in Jiangcheng University.

Wherever Yun Jian was, there was a legend!

To know that Yun Jian was the chairman of Xinqi Company was a very shocking thing for Wu Zhizhi, Shen Qingjiang, Liang Xiumin, Mu Mian, and others.

Of course, just the identity of the chairman was enough to surprise Wu Zhizhi, Shen Qingjiang, Liang Xiumin, and others.

Now, Zhang Zhifan actually said that Yun Jian knew so many top international figures that he couldn't even count them with his fingers?

And those people still listened to Yun Jian's words?

What was even more shocking was that Xinqi company was able to get to where it was today because of Zhang Zhifan on the surface.

And now, listening to Zhang Zhifan's words...

If it weren't for Yun Jian knowing those top international figures, without Yun Jian paving the way, Zhang Zhifan alone wouldn't have the ability to lead Xinqi company onto the World Stage!

Yunjian was the most important person in Xinqi company today!

At this moment, Wu Zhizhi, who cared a lot about her family background and wanted to compare her family background with her classmates and classmates, couldn't be described with a dark expression.

Wu Zhizhi's face, which showed that she was unhappy with Yunjian's identity, lowered her head slightly and stared at the ground.

Wu Zhizhi, whose face was originally red but was now dark, and who was clutching her clothes tightly, didn't say a word.

Maybe she was scared by Yun Jian's previous actions, or maybe she felt that her family background was not as good as Yun Jian's. She lowered her head, but in fact, she was so angry that she almost spat out a mouthful of blood.

Some people wished that all the people in the world would come to see their glory when they were in their own glory.

However, if they were slapped in the face, that person would be like a football that was holding its breath, standing silently at the side.

"Big Brothers and sisters, my mother made Mung Bean Soup for you to eat. Although it's not much, my mother said that this is to thank you for saving me just now..."

At this moment, a child dressed in dirty clothes carried a vegetable basket filled with several bowls of mung beans. She walked over and said as she walked.

This child was one of the five children who had been kidnapped just now.

In this poor mountain area, mung bean soup was only taken out during the festive season. A small handful was put into the porridge with little water and rice to taste the fresh luxury goods.

Today, the child's mother cooked all the mung beans. The degree of generosity could not be described with words.

The arrival of the child made the people who had just spoken shut up.

The child was also quite obedient and took out bowls of mung bean soup from his own basket and handed it to everyone.

The child was reluctant to eat it himself and gave out all the delicious food.

At that time, when the child handed the mung bean soup to Wu Zhizhi, Wu Zhizhi slapped the bowl of Mung bean soup in the child's hand onto the ground:

"Don't give it to me! I don't even know how many people have eaten this bowl. There are so many bacteria on it. It's so dirty!"

"Also, have you washed your hands? Has your mother washed her hands? I think the people here are so poor that they can't even afford to wash their hands! It's so dirty!"

Chapter 2087: Breaking News. Wu Zhizhi was on the verge of collapse

Wu Zhizhi was already full of anger. When the child handed over the mung bean soup, Wu Zhizhi's anger became even more intense.

She really fucking delivered herself to the door to be tortured!

After the bowl that the child handed over was turned over by Wu Zhizhi and shattered on the ground, the child stared at the mung bean soup on the ground and licked his lips greedily. "Big sister, it's not good to waste food like this..."

"It's none of your business! Anyway, I won't eat the junk food that you guys gave me! It's full of bacteria! I'm such a noble person, how can I eat food like you guys!"

Wu Zhizhi shouted at the child a few times.

At that time, Yun Jian, who had been silent since the beginning, narrowed his eyes slightly.

"Noble?" Yun Jian sneered as if he was mocking her.

"What? Isn't it?" Wu Zhizhi replied confidently.

"The person who is full of bacteria should be you," Yun Jian suddenly said to Wu Zhizhi.

"What do you mean!?" Wu Zhizhi instantly had a bad premonition.

The next second, Yun Jian opened his phone and pressed the phone button twice.

Everyone heard the voice of Shen Qingjiang and another boy from Yun Jian's phone.

That conversation made Wu Zhizhi break down on the spot.

"Qingjiang, are you really not going to receive treatment?" This was the boy who spoke to Shen Qingjiang.

"How can treatment be effective? I'm going to die anyway. If I can drag one of them down with me to hell, then so be it. Hehe, I was fucking harmed by someone back then!" This was what Shen Qingjiang said.

"Then how long has it been since you found out that you have AIDS?"

"Not long. After I'm done with Wu Zhizhi and make sure that she has AIDS too, I'll go bang other girls. Even if I die, I'll drag them down with me! Hehe!"

“You’re really not being kind. It’s really bad luck to meet your girl.”

“I’m not being kind? I was forced to do it! F * ck! I F * cked that B * Tch Wu Zhizhi so many times. This time, I’m definitely going to infect her with AIDS!”

“Didn’t that B * Tch ask to wear a condom when she was having sex with you?”

“TSK, she just lied to me and let me shoot her!”

...

Everyone could naturally hear the voice coming from the cloud-based phone. One of them was Shen Qingjiang.

As for who that boy was, no one wanted to care about it.

The main thing was the explosive news on the phone...

“No! Impossible! Qingjiang, it’s impossible, right! How could you, how could you... then how could you...”

After hearing the phone call, Wu Zhizhi’s head exploded. She looked at Shen Qingjiang in panic and shook her head. She was so scared that her lips instantly turned pale.

Hearing this news was even scarier than being scared by the cloud paper.

AIDS could be transmitted through sexual contact, blood, and mother-to-child transmission.

That was to say, having sex with someone who had AIDS.

Or some people would go to small places to donate blood, and the syringe that drew blood would draw the blood of an AIDS patient and then draw your blood, and it would be directly infected.

Or the mother would get aids and pass it on directly to the next generation.

These were the three most common ways for Aids to spread.

The reason why Wu Zhizhi was so scared that her face turned pale was that the incubation period of AIDS was relatively long. Usually, the disease would take seven to ten years to develop, and the survival period after the onset of the disease was no more than two years.

To put it bluntly, getting AIDS was equivalent to half a foot in the coffin, and there was no doubt that she would die.

Even now, there was no medicine that could cure AIDS, let alone now in 2002.

Now was not the time for Wu Zhizhi to fuss about her and Shen Qingjiang’s affair being discovered. She looked at Shen Qingjiang, her whole body trembling.

She couldn’t be... ! ... really infected with AIDS! ! ! ? ?

Shen Qingjiang suddenly heard the voice of the previous conversation between him and his brother coming out from Yun Jian’s phone. He was completely stunned.

When he came back to his senses, he looked at Yun Jian with a face full of indifference. “Hehe, since I’ve been discovered, then I have nothing to hide. But why do you have the record of my conversation with my brother! ?”

Shen Qingjiang was surprised. Why did the cloud note have a record of his conversation with his brother! !

When he asked this question, the cloud note standing in front of him waved the phone in his hand and said coldly in front of everyone,

“I forgot to tell you that I’m also a hacker.”

Chapter 2088: carried her and rolled on the lawn

Yun Jian was actually... a hacker! ?

When the surrounding people heard Yun Jian’s words, their expressions changed in shock.

She was actually a hacker!

However, with Yun Jian’s identity as the chairman of Xinqi Company, the people present weren’t too shocked.

After all, there were different levels of hackers. If it was just an ordinary hacker, then it wasn’t worth the surprise of everyone present.

Moreover, the cloud note was originally from Jiang City University of electronic technology. If it really knew how to hack, then it wouldn’t be a strange thing.

And at this moment, the person that everyone was terrified of was Shen Qingjiang! ... It was actually an AIDS patient! ? ?

“Shen Qingjiang... you... you did it on purpose! You deliberately infected me with AIDS? You’re a piece of trash that’s worse than a beast! Go to hell! Ahhh!”

“I don’t want to Die! I don’t want to die...”

After Wu Zhizhi found out the truth, she went crazy with fear.

As she cursed at Shen Qingjiang, if no one was there to stop her, she would have pounced on Shen Qingjiang and killed him.

Of course, all of this had nothing to do with Yun Jian.

She just happened to see the conversation between Shen Qingjiang and her brother.

When she first heard it, she was also a little surprised.

She didn’t expect Wu Zhizhi, who paid so much attention to hygiene and safety, to end up like this.

Naturally, the heavens were watching. Wu Zhizhi deserved it.

At the same time, she had to remind her that it was better for a girl to have self-respect.

Otherwise, more sinister and terrifying things would happen to you in this world.

...

Wu Zhizhi was picked up by the car sent by her father on the same day.

Shen Qingjiang naturally couldn't stay in Wuzhen anymore.

After the two left, Wuzhen became much more peaceful.

Qing Yan and Zhang Zhifan also left Wuzhen that day.

Two days later, the money donated by Xinqi Company to poor mountain areas across the country came down.

Wuzhen and several villages around Wuzhen received a lot of money that could be used to slightly improve the family environment.

And Wuzhen Primary School also received a very good amount of capital.

On this day, the principal bought some textbooks and a new school bag for the children of Wuzhen Primary School.

This made the children very happy. One by one, they raised their school bags and jumped up.

"Oh! Yeah! We have a new school bag! We have a new school bag!"

"That's great! I want Ultraman's School Bag!"

"That Little White Rabbit school bag is mine!"

...

The principal and the female teacher couldn't help but smile as they watched the children pick out their favorite new school bags and jump around happily.

When Yun Jian saw this, his eyes narrowed slightly.

...

The next morning was Saturday, the earliest morning of the day.

There were still two more days before Yun Jian had to return to school. The seven-day trip to the countryside to support teachers had also come to an end at the weekend.

The children did not know that the big brothers and sisters who had brought them joy were leaving.

At that time, the children did not have to go to class. They pulled Yunjian and the group to the hillside where the sheep were herded.

The surrounding children were playing with a group of college students. Yunjian was lying on the lawn under the weak morning sunlight.

There were also four or five sheep bleating beside it, which surrounded Yunjian.

The sunlight was blinding, and Yun Zhi was mesmerized by it. He closed his eyes to feel the weak, blinding light of the morning sun.

Suddenly, a black shadow blocked the blinding sunlight. Yun Zhi opened his eyes and saw a handsome face.

This handsome face had sword-like eyebrows and a pair of sharp eyes. His thin lips, coupled with his handsome facial features, really made Yun Zhi unable to take his eyes off him.

“N...” Yun Jian was just about to say something when Si Yi suddenly bent down and pressed down on the lawn. His long body pressed down gently on her and used his thin lips to cover her mouth.

There were a few sheep bleating beside them, so Liang Xiu Min, Mu Mian, and the others who were chasing and playing with a group of children did not notice Si Yi who suddenly appeared on their side.

They also did not notice Si Yi who suddenly appeared. He pressed the Yun Jian down on the lawn and did something that was enough to cause people to misunderstand.

After he kissed the little mouth that he wanted to kiss for a long time, Si Yi let go of the cloud paper and leaned over to her ear. His handsome face, which was so handsome that it deserved a beating, revealed a wicked smile:

“Little paper, you’re so beautiful...” I really want to be one with you here, so that you can never leave my sight.

Si Yi’s words made the cloud paper’s face slightly red. She was just about to pinch him.

At this moment, a sheep beside him let out a comfortable bleat. “BAA ~”.

Then, that sheep actually shook its body and pulled out a pile of feces.

Si Yi and Yun Jian were beside him. The moment they heard the sheep bleat, Si Yi grabbed Yun Jian’s waist and rolled to the side, dodging the sheep’s “Feces”.

Just as he dodged the sheep’s feces, a child suddenly saw Si Yi holding Yun Jian’s slender waist and rolling two rounds on the lawn. The child clapped his hands and naively cried out,

“Look, Look! Big Brother is rolling around on the lawn with big sister in his arms! hehehe! Have Fun!”

With this shout, the surrounding people, including the children and the university students from Jiang City, all turned their heads to look over...

Chapter 2089: was about children

After avoiding the pile of sheep feces, Si Yi and Yun Jian were exposed in front of everyone.

Si Yi was half-hugging Yun Jian’s slender waist and did not hide his and Yun Jian’s traces. Therefore, everyone present saw Si Yi rolling on the lawn with Yun Jian in his arms.

A few university girls accidentally caught a glimpse of Si Yi's handsome face. Then, they saw Si Yi and Yun Jian rolling on the lawn a few times. That extremely ambiguous posture made people blush.

Si Yi, who was discovered, did not panic at all after being discovered. On the contrary, he held onto Yun Jian and rolled two rounds on the lawn. Then, he pulled her up cleanly.

It was as if he had not done anything bad just now.

"Who, who is this man?"

"There is actually such a handsome man in this world..."

"Could he be her boyfriend?"

...

The girls looked at his handsome face and did not react for a long time.

Liang Xiu Min and Mu Chen walked over with a few children.

"Yun Jian, your boyfriend actually came here to look for you! You're so lucky! Unlike my boyfriend, I have to pay to be willing to go anywhere," Liang Xiu Min complained.

Liang Xiu Min's boyfriend, Jin Yu, was a gangster who was also from the vicinity of Jiang City. He knew Liang Xiu Min from Jiang city.

Jin Yu was the group of people that Yun Jian and the others had met when they went to Zhou Shan Hai.

Jin Yu's boyfriend could be considered a weirdo.

A grown man had come to look for Liang Xiu Min. It was one thing for him to ask Liang Xiu Min for travel expenses, but he had also brought a group of men and women over. The travel expenses, food expenses, and even the money to play had to be paid by Liang Xiu Min!

A typical gigolo.

"We're already married." Hearing Liang Xiu Min say that she was Yun Jian's boyfriend, Si Yi frowned and explained.

When Liang Xiu Min heard that, she chuckled and said, "I know." Then, she used her hand to push the Yun Jian and revealed a 'you're so happy' smile.

This time, Si Yi did not take out the marriage certificate or the fake pregnancy test.

Mu Chen, on the other hand, was stunned when he heard Liang Xiu Min's words. Then, he asked Liang Xiu Min in a daze, "Junior sister, you have a boyfriend?"

"Yes, why?" Liang Xiu Min did not hear Mu Chen's unhappy tone, so she replied to Mu Chen.

"N-nothing." In a place where no one could see, Mu Chen clenched his fists and said these words through gritted teeth.

Yun Jian saw mu hen's actions, but she did not say anything.

At this moment, Yun Jian's small hands were tightly clenched by Si Yi.

At this moment, the hem of her clothes was tugged twice.

Yun Jian looked down and saw Liu Ying, who had just reached her waist, tugging at the hem of her clothes and looking at her with a pair of big black eyes.

Without waiting for Yun Jian to speak, Liu Ying spoke. She looked at Yun Jian and Si Yi and asked,

"Is sister and brother going to have a child in the future?"

Liu Ying's words were really shocking.

After saying this, the people around coughed a few times.

But Liu Ying really didn't know what was wrong with her words. She just stared at Yun Jian with her big eyes, waiting for Yun Jian's answer.

Yun Jian blinked. Before she could say anything, Liang Xiu Min reached out and gently tapped Liu Ying's forehead, saying, "Yes, yes, yes, they have that relationship!"

After Liu Ying heard Liang Xiu Min's words, she suddenly clapped her hands and said, "That's great! Big Brother and big sister are so beautiful. In the future, the baby that Big Brother and big sister will give birth to will definitely be especially beautiful!"

After Liu Ying finished speaking, a little boy next to her continued, "But to give birth to a baby, don't you have to fight to get pregnant? My mom fought with Dad, so I have a little brother!"

"Nonsense! My father said that if you want to have a baby, you just have to eat and sleep well! There's no need to fight at all," a little girl with two braids stood up and retorted.

"But why did Dong Dong from the neighboring village say that as long as you kiss, you will have a baby! He also said that when boys and girls sit together in class, they will also get pregnant!"

...

Chapter 2090: wants her mother to go home and have a look

Children talk about how to have children.

A group of innocent children talk about how to have children. The result is really funny.

A few college students standing next to them heard the group of children talk about, there was a moment of awkwardness.

However, the children did not realize how shocking their words were.

When they heard the child say that boys and girls would get pregnant when they sat together in class, a teenage girl suddenly burst into tears:

"Wahoo! Then I've been sitting at the same table as the boys for a year. Am I already pregnant? Am I going to give birth soon? I don't want to Wahoo!"

When the little girl started crying, the surrounding girls were shocked by what the little girl said. Perhaps due to the influence of the atmosphere, one or two of them started crying and shouting:

“AH? Then am I also pregnant? I don’t want to be pregnant! WUUUUUUUUU...”

“I’ve also been sitting at the same table as a boy for two years. Am I going to give birth to two children? I don’t want to! WUUUUUUUUUUUUUUU, Mom said that if you get pregnant before you get married, you have to soak in a pig cage!”

...

In less than two minutes, the group of children who were still alive and kicking just a moment ago all stood on the spot and burst into tears.

The boys looked at the girls foolishly. They didn’t know whether to comfort them or not.

The progress of this scene was so fast that it surprised the group of college students present.

“Why, why are they all crying?” Liang Xiu Min looked at the scene in front of her in a daze, not knowing what to do.

“They won’t get pregnant.” Just when the group of girls were crying until they were out of breath and the people around them didn’t know what to do, Yun Jian’s voice suddenly sounded.

Perhaps it was because this voice carried the majesty of a king, the group of girls instantly stopped crying.

“Sister, is, is it true?” Liu Ying wiped her tears and raised her head to look at Yun Jian with a pair of big black eyes. She blinked her eyelashes that were still stained with tears, took two deep breaths and asked.

“Of course it’s true. I never lie.” Yun Jian smiled faintly.

Perhaps it was because Yun Jian’s words carried a certain magic, the girls present did not cry anymore.

Although there was a small interlude, everyone had a great time during the morning and afternoon.

Si Yi did not leave at night and stayed at Liu Ying’s house.

Originally, Liang Xiu Min and Yun Jian slept in the same bed, but at night, Liang Xiu Min went to sleep in the same room with Liu Ying and Liu Shi.

After all, they were in the other’s house, so Si Yi didn’t do anything strange to Yun Jian.

The next morning, they got up and went back.

When they heard that their elder sister and elder brothers were leaving, the children got up before dawn. They put on the big cotton-padded jacket that they bought with the money donated by Xinqi Company and stood by the road in Wuzhen to send off Yun Jian and the others.

The children’s thin bodies were no longer frozen, and they were no longer wearing thin clothes that were as thin as if they were naked.

Although the children did not know how the children were conceived, they knew that it was all thanks to Yun Jian that they were able to put on the big cotton-padded jackets, get new school bags, new textbooks, and get new stationery.

“Elder sister, will you come to see us again?”The children stood on the muddy ground that led to the urban area of Wuzhen. Their small eyes stared at Yun Jian, full of desire.

“Yes.”Looking at the Starlight in the children’s eyes, Yun Jian nodded.

“Sister, you said that mom will come back, right?”Liu Ying saw that Yun Jian was going to leave, so she couldn’t bear to leave. At this moment, she hugged her brother tightly and stared at Yun Jian with her small eyes.

Yun Jian was silent for two seconds, then replied Liu Ying, “Yes.”

She did not know whether Liu Ying’s mother would come back or not, but she knew that at this moment, she could not wear down a child’s desire for a mother.

“Sister, thank you!”

As Liu Ying said this, she seemed to have suddenly thought of something. As she spoke, she took out a wrinkled old photo from her bosom and handed it to Yun Jian with a trembling hand.

“Sister, this is the only photo of mother that I have left. I will give it to sister. Sister, don’t look for it on purpose. As long as... As long as you accidentally see Mother, help Yingying tell Mother...”.

“Yingying is no longer a burden to mother. Yingying can support her little brother and grandmother by herself. Yingying doesn’t need mother to support us.”.

“But Yingying misses mother very much, and little brother also misses mother very much... If you want mother to go home and see Yingying, just take a look.”.

“Sister, Can I...”
