

Schoolgirl 2111

Chapter 2111: good or bad, rest in peace

This faint female voice made Hong Taishan, who seemed to be telling a story, suddenly tremble. He was so frightened that he almost jumped up.

“F * CK, F * ck! Phew! Enough! Enough! Enough! Enough!”

Hong Taishan quickly opened his mouth, as if if he were to explain a second later, his life would be in danger.

As he was speaking, Hong Taishan suddenly wanted to show off his vast knowledge.

It was also after he had worked in the plastic processing factory that Hong Taishan’s knowledge began to broaden.

After hanging out with his group of brothers for a long time, he had heard a lot about Supercars and international affairs.

He said that this was what a rich man should look like.

Just now, when this group of old women and women asked him a question, Hong Taishan instantly felt the greatness of his vast knowledge. He began to use words that he felt were the most knowledgeable.

He had forgotten about the Yun Jian.

At this moment, he suddenly came back to his senses. Hong Taishan was so frightened that his face turned pale.

When the surrounding old ladies and women heard Hong Taishan’s words, they also gained an understanding of the spy killer rankings.

Combined with Hong Taishan’s words just now, could it be that Yun Jian was on the international spy rankings...

This group of old ladies and women also trembled.

“This car was transferred from my sister Jian to my friend. My friend also transferred it from his friend’s friend. I heard that many people transferred their hands.

“As for the person on the international list of secret agents, maybe. This car is indeed that person’s. After all, this car has been around for years. Since that person is on the international list of secret agents, he shouldn’t have been driving this old car, right?”

After receiving Yun Jian’s glance, Qing Yan explained.

It had to be said that Qing Yan’s fabricated words were true to everyone’s ears.

“I told you, this doesn’t make sense! She’s Yun Gang’s daughter, and she’s also orchid’s proper granddaughter. She grew up in Xinjiang Town. I watched her grow up so clearly, how could it be fake?”

“Besides, how can there be such a coincidence in this world! Disperse!”

After the old woman who had a good relationship with Lu Lanhua came out to explain, everyone around dispersed.

After all, everyone present was from the countryside. No one would have thought of a sci-fi blockbuster like the revival of the dead.

And even if they had thought of it, no one would believe it.

Therefore, after hearing the words of the old lady who had a good relationship with Lu Lanhua, everyone dispersed.

Chen Yilan pulled her daughter, Hong Junhua, and did not want to curry favor with Yun Jian. She snorted at Yun Jian and pulled her daughter to sit beside her.

...

Yun Gang was nowhere to be seen throughout the afternoon. He heard that Yun gang had been sitting alone in his room ever since Lu Lanhua was killed by him. He looked at a certain spot in a daze and did not say a word.

Yun Jian saw his uncle, Yun Zheng, and his family.

At that time, his uncle, Yun Zheng, and his daughter, Yun Xiaoya, were wearing mourning clothes. They were wearing white headscarves that were pulled out from mourning cloths. They were also wearing mourning clothes. The mourning clothes at their waists were tied with hemp ropes.

The three of them stood where they were and looked at Lu Lanhua’s memorial tablet. They lit incense sticks in their hands and silently worshipped her.

Especially eldest Uncle Yunzheng. The tears in his eyes kept rolling and rolling down from time to time. He was truly sad.

After all, he was his own mother, the biological mother who had fed him since he was young.

...

In the afternoon, he followed the Taoist priest to perform the ritual. After he finished the process, he sent Lu Lanhua up the mountain and into the ground.

No matter what Lu Lanhua had done before she died, whether it was bad or good, whether it was disgusting or joyful.

Once she was in the Earth, there was nothing left.

There was only a handful of ashes after being cremated, along with an old black and white photo of her when she was alive.

Sealing the grave meant that this person had truly passed away.

In the face of death, a person was still crisp and worthless.

Perhaps after a few years, when the last person who remembered the death had passed away, that person would truly disappear from this world.

It was as if he had never been born.

Chapter 2112: Another Super Sports Car

Looking at the gravestone being covered and sealed, Yun Jian's heart instantly flashed with a trace of desolation.

He sighed for Lu Lanhua's life.

Perhaps, this was Lu Lanhua's life.

She cared for her children and grandchildren all her life, prioritizing boys over girls. She thought that one day her son or grandson would become rich and be able to take her away from Xinjiang town to enjoy a comfortable life.

She had lived in Xinjiang Town since she was born and placed all her hopes on her son. She had never thought that she, as a woman, would be able to make a name for herself in this independent female society ruled by law, she would have to rely on her own hands to make a name for herself!

This was Lu Lanhua's pathetic life.

She failed because when she was young, she did not have her own opinions.

A woman should be strong!

A person could only succeed if he made his dreams and expectations his goal in life!

If he did not even give himself any hope and dreams, then what was the difference between his life and Lu Lanhua's?

...

Perhaps many people would feel this way.

When one day you heard the news of the death of someone who had a terrible relationship with you and even dreamed of killing the other party, you would be in a trance for a moment.

She... was dead...

Then, there was a moment of silence, as if something was missing from the bottom of your heart.

This was the unpredictable human heart.

Yun Jian did not have such a feeling. She did not spend much time with Lu Lanhua. To her, Lu Lanhua was just like the people she had killed before, not worth mentioning.

After sending Lu Lanhua up the mountain and burying her in the ground, the group of people returned to the front door of Lu Lanhua's house.

Yun Xin, like Yun Gang, had been hiding at home, unable to believe this fact.

After all, they had been together for more than half of their lives. It was inevitable that they could not bear to leave just like that.

Yun Jian had also seen Yun Xin when he sent Lu Lanhua up the mountain and into the ground.

Unlike the energetic Yun Xin at the beginning, the grandfather at that time, Yun Xin, seemed to have aged a lot.

After sending Lu Lanhua up the mountain and into the ground, Yun Xin and Yun gang each hid in their own rooms in a daze.

After all, Qin Yirou and Yun Gang had already divorced, so it was not appropriate to say anything more.

However, Qin Yirou was quite kind-hearted. She followed a group of old ladies who came to help the Yun family to clean up and set up the dining table. She invited the relatives and friends who came to see Lu Lanhua off today to have a feast.

Dinner was soon set up. Just before the people were invited to the table to eat dinner, a silver-gray super sports car drove into the corner from a distance with a “Chi” sound and stopped near Lu Lanhua and Yun Zhong’s home.

“Coming, coming! My Cousin is coming!” A middle-aged man in his forties who had just come to eat Chinese food and still refused to leave at night stood up excitedly and walked towards the silver-gray super sports car.

Everyone saw a handsome man in his early thirties alighting from the silver-gray sports car. This man looked very mature and steady, and his appearance was completely different from the large group of beer bellies present, the fat middle-aged man looked completely different from the short and ugly middle-aged man.

“This car... is the same as the daughter’s Ferrari or the Yilan family’s pineapple. They are both sports cars, right?” An old woman rubbed her hands and asked after being stunned for a moment.

The Ferrari was called a Ferrari, and the Camaro was called a copperpineapple.

The old woman from the countryside was indeed very good at translating languages.

“PFFT! Grandma, what Ferrari? Copperpineapple! It’s a Ferrari! It’s a Ferrari! and a Camaro!” The old woman’s grandson laughed when he heard this, then nodded and slowly explained.

“Alright, Alright, Ferrari, ke pineapple, they’re all pretty much the same. I wonder what’s going on today. One or two or three of them, and they’re all driving some kind of sports car? Could it be that the price of the sports car has dropped?”?

“This old woman has never seen so many high-end cars in her life! I’ve learned a lot, I’ve learned a lot today!”

Chapter 2113: finding her body from her previous life

“Let’s go,”the old woman said, attracting everyone’s attention.

At this moment, the handsome man in his early thirties had already gotten out of the silver-gray sports car and was walking over quickly.

The middle-aged man in his forties who had just shouted ‘my cousin is here’, who had a big beer belly and gave off the aura of a middle-aged man, walked toward the handsome man in his early thirties with eight steps.

Then, under the gaze of the group of people who had been attracted, he hugged the handsome man in his thirties.

“Come, come, let me introduce you. This is my cousin, Zhang Junyi. When Junyi heard that his aunt had passed away, he immediately flew back from M country to New York to fulfill his filial duty. He is late today, but my heart is here, Haha!”

The middle-aged man pulled this handsome man who was in his early thirties, and introduced him to everyone with a smile.

Zhang Junyi was of the same generation as Qin Yiruo and the middle-aged man. However, Zhang Junyi’s mother gave birth to him later, so he was almost ten years younger than Qin Yiruo and the middle-aged man.

Zhang Junyi’s mother and Yun Xin were blood-related siblings, so they could be considered close relatives.

However, Zhang Junyi’s relationship with the Yun family was not particularly good, so he rarely came back.

At least in Yun Jian’s memory, there was no memory of this person.

However, on paper, Zhang Junyi and the original owner were also blood-related, so they could be considered distant relatives.

After the middle-aged man finished speaking, someone immediately stood up and asked the middle-aged man, “Little Zhang, is this your cousin, the great scientist who made a Fortune?”

Upon hearing that he made a fortune, coupled with the fact that Zhang Junyi had just gotten off a silver-gray supercar.

This silver-gray Supercar was obviously more upscale than Chen Yilan’s and Hong Taishan’s, so the people around them quickly became excited.

Just from the appearance of Zhang Junyi’s supercar, it was hard to tell whose car was more expensive than Yun Jian’s Ferrari.

Those who did not know the trade could only look at the appearance of the car to assess its value.

“Exactly. This kid is extremely rich now. He has been dealing with international business tycoons and peers all day long. Now, he has settled in New York, M country. He even bought a suite in New York, M country. His net worth is at least ten million!”

The middle-aged man proudly put his arm around Zhang Junyi's shoulder and helped to brag.

Zhang Junyi himself did not look very smug.

Hearing the middle-aged man's words, the people around him were stunned again, and they even let out "OH" and "Oh" sounds of surprise.

Zhang Junyi's arrival not only stunned the people around him, but even Chen Yilan, who had been paying attention to Yun Jian, also stared at Zhang Junyi.

Chen Yilan hated to meet relatives who were richer than her family. Her eyes that were glaring at Zhang Junyi were about to fall out.

Zhang Junyi's cousin, the middle-aged man, had long been unhappy with Chen Yilan's boasting. When he saw Chen Yilan's glare, he cocked his eyes to the sky and said to Zhang Junyi,

"Junyi, didn't you recently discover a female corpse that doesn't rot with the international experts? You said that you could get a large sum of money for your research! You even took a photo for everyone to take a look at!"

Zhang Junyi was in the scientific research field, and he studied some surreal and bizarre events.

The middle-aged man's words stunned Zhang Junyi.

However, Zhang Junyi still took out a photo from his pocket gracefully.

The middle-aged man directly snatched the photo that Zhang Junyi gave him and showed it to everyone present:

"Look, this is the female corpse that my cousin and the others recently researched. I heard that it has been three to four years and there are still no signs of decay. It's amazing! "If my cousin and the experts were to research it out, there would probably be countless bonuses!"

Zhang Jun Yi had once researched something that others could not, so he had received a lot of bonuses. Now that his family wealth had exceeded ten million, he could be considered rich in this era.

The middle-aged man's words resounded throughout the venue.

Hearing this, Zhang Jun Yi's eyes darkened and he explained,

"We haven't started to study this female corpse yet."

Before Zhang Junyi could finish his sentence, the middle-aged man showed off the photo in front of everyone.

When the photo flashed past the Cloud Notebook, it was only a casual glance.

In the photo, it was a 16-year-old girl. The girl was wearing a light leather jacket and a pair of tight leather pants that wrapped around the girl's beautiful figure. The tight thighs of the leather pants were tied with a pistol.

With just a glance, one could tell the identity of the girl. She was definitely different from ordinary people.

She was wearing a pair of clean flat shoes and lying on a wooden bed. It was as if she had just fallen asleep.

When Yun Jian saw the girl in the photo, he only glanced at her unconsciously. The next second, her eyes suddenly became deep. She grabbed the photo and her sharp eyes moved fiercely, "Where did you put the girl in the photo?"

The Girl in the photo was none other than the real her before she was reborn. She was the body of the Sha God!

Chapter 2114: the girl in the photo, where is she

Yun Jian had sent people to look for his body more than once, but in his previous life, she seemed to have disappeared from this world without a trace.

He did not expect to find his previous life's corpse here!

Zhang Junyi was an international scientific researcher. Even though he was only in his thirties, Zhang Junyi's academic results were quite excellent when he was studying. Later, he was guaranteed to study abroad, and step by step, he reached his current position.

And he was a promising young man in this line of work.

Now just in his early 30s, but Zhang Junyi has studied a lot of people spent their whole life can not study things.

In the field of scientific research, if you develop something new, if you develop or discover something new that has a huge impact on a country or the world, then the prize money for this kind of discovery alone, is enough for you to live comfortably for the rest of your life.

Of course, only outstanding people can develop or discover new things.

Zhang Junyi's brain made him discover a lot of things, and he also became rich because of it.

Therefore, Zhang Junyi's relatives and friends all respectfully called him a "Great scientist."

As for the female corpse in the photo, it was discovered by someone. When it was discovered, the female corpse was still lying quietly on the ground. Her cheeks were rosy, and her skin was shiny and elastic, she looked as if she had just fallen into a deep sleep.

The person who discovered her called out to the female corpse several times, but there was no response. He stretched out his hand to check the female corpse's breath. When he discovered that the female corpse was already dead, he was so scared that he quickly reported it to the police.

When the final autopsy person came over, he was surprised to find that the female corpse had been dead for three to four years without rotting!

Other than the corpse's heart and brain having stopped moving, there were no signs of death at all.

A normal corpse would start to decompose less than half a month after death.

This female corpse had been dead for three to four years, and there was not even the slightest sign of decay!

Moreover, the female corpse was not sealed in a huge instrument that would not decompose. In other words, this was a rather bizarre event!

Therefore, in order to ensure the original appearance of the corpse, the experts placed the corpse in a tomb that had just been excavated not too long ago and guarded it strictly. They were prepared to let the researchers study the female corpse in detail in the near future!

Since the female corpse had been discovered, it had not been studied.

When Zhang Junyi's cousin, the middle-aged man, found out about this matter, he wanted to use this matter to show off in front of his relatives and friends.

It was instantly mentioned that if this research had a result, his cousin would really be rich!

Therefore, the middle-aged man bragged in front of everyone. Anyway, there were a bunch of ignorant country bumpkins around them. It would be good if they were shocked by his bragging!

However, the middle-aged man never expected that when the words were about to reach the cloud paper, the cloud paper would snatch the photo in his hand and ask where the person in the photo was placed.

The middle-aged man was stunned. He reached out his hand to snatch the photo from the cloud paper and muttered,

“Little girl, what do you know? This is a place that only scientific researchers can enter. Only a great scientist like my cousin can enter. You Won't be able to go even if you ask. Hurry up and get the photo back!”

The middle-aged man rolled his eyes in his heart and thought to himself, kids nowadays really like to meddle in other people's business!

He purely wanted to show off his cousin Zhang Junyi in front of the circle of relatives and friends around him. Who would have thought that a little girl like Yun Jian would actually come out to join in the fun!

The middle-aged man was just about to forcefully pull the photo back from Yun Jian's hands when Yun Jian turned to the side and avoided the middle-aged man's attempt to pull the photo back from her hands.

Turning to the side, Yun Jian looked askance at Zhang Junyi in front of everyone. She sized up Zhang Junyi with her sharp black eyes and repeated every word:

“Tell me, where is the girl in the photo?”

Chapter 2115: the President of Saint di came to look for Yun Jian

Looking at Yun Jian's focused gaze, everyone around blinked.

At that time, Qin Yiruo was helping to serve the dishes at each table. Yun Yi and Qing glaze were not here either. Zhang Junyi, who received Yun Jian's gaze, could not help but glance at Yun Jian.

This little girl's gaze was so sharp...

This made Zhang Junyi, who had not taken Yun Jian seriously at first, look at Yun Jian seriously.

Just as Zhang Junyi was about to answer, Chen Yilan, who had been at odds with Yun Jian earlier, laughed in a strange voice:

"Oh, you're pretending to understand again? Oh My God, I've never seen a woman like you!

"You just called my daughter 'Hehe' because you're young! You even said that my car's configuration is low and that you look as if you're high and mighty!

"Now, you have to get involved in the affairs of the scientific researchers! No matter what, you have a part to play in everything!"

Chen Yilan, who was speaking, rolled her eyes at the piece of paper with what she thought was a charming gesture.

However, the piece of paper did not care.

She just stared at Zhang Junyi with her sharp eyes, waiting for his reply.

"Junyi, this little girl must be out of her mind! Don't worry about her! Just give her this photo! Come, let's have dinner and drink together!"

The middle-aged man was embarrassed that Yun Jian didn't listen to him. He waved at Zhang Junyi and said, "Let's go to the banquet table."

"It's in country M's Maria's tomb." After the middle-aged man finished saying that, Zhang Junyi did not listen to the middle-aged man or Chen Yilan. He narrowed his eyes and said to Yun Zhi.

This little girl had caught his attention.

"Thank you." Hearing that, Yun Zhi retracted his gaze. After saying that to Zhang Junyi, she turned around and walked away.

The moment she turned her back on Zhang Junyi, Yun Zhi's eyes flashed with an unnoticeable light.

"What a strange girl." Seeing Yun Jian walk away, Zhang Junyi shook his head and laughed involuntarily.

...

After dinner, everyone went back home. Only the few people closest to Lu Lanhua were still there.

Yun Yi had feelings for Lu Lanhua after all. To Yun Yi, Lu Lanhua was his closest grandmother who treated him so well that no one could replace her.

Even though he disliked the way Lu Lanhua treated his mother and sister when she was alive.

In the evening, Lu Lanhua's closest friends went up the mountain to light the lights for her. In the words of rural superstition, it was to prevent the old man who had passed away from being afraid of the darkness of the mountain the night before he was buried.

Yun Jian waited for Yun Yi and Qin Yiruo to finish doing all this before they drove back to Longmen city together.

It was already 7:30 pm.

They had just driven out of Xinjiang town when there was a traffic jam halfway through.

Actually, it wasn't a traffic jam. It was a collision between a car belonging to Chen Yilan's family, who had been unhappy with Yun Jian since the morning.

Actually, it wasn't that serious. It was just a collision between two cars that looked like they were scraping against each other, wiping away some of the paint on the car.

The driver of the car that was driving over from the other side initially said that he and Chen Yilan's car had collided. Since both parties were responsible, they didn't call the police and directly settled this matter in private.

Because the driver had something urgent to do, he was in a hurry to leave.

In the end, Chen Yilan was like a shrew, blocking the middle of the road, saying that the driver would take full responsibility and also compensate her for the mental damage.

The shrew's scolding was incessant, comparable to the scolding of Yun Jian earlier.

Moreover, Chen Yilan even placed her own car in the middle of the road, saying that today, the driver would not take full responsibility for the compensation. If he did not compensate for the mental damage, no one would drive on this road.

That shameless look made the driver frown.

Chen Yilan also left late today, but she had been stuck here for half an hour.

Just as the driver was in a hurry to think that he would meet a shrew today and just pay the money, he suddenly saw the cloud note that came out of the Ferrari sports car.

The moment he saw the cloud note, the driver's eyes lit up. He even directly threw his car down and ran toward the cloud note in front of Chen Yilan and everyone around him:

"New, new Qi company's chairman! I heard that you went back to your hometown, so I came over!"!

"Hello, Hello! I'm Xu Wenzhang, the President of Saint Di Company!"

Chapter 2116: showed mercy and bought it at a high price

The, the chairman of the new QIQI company! ?

With his hands on his waist, he was already quite fat and did not look good. His nose was very big, and his nostrils were as big as an adult's finger. His nose was flat, his face was round, and his face was full of wrinkles, however, Chen Yilan, who was wearing a lipstick that did not look like hers and a foundation that made her look like a young girl, was stunned.

Xinqi Company's... Chairman! ?

The driver of the car that had just collided with his own sports car actually rushed over and called Yun Jian Xinqi Company's chairman! ! ! !

And he even used such a respectful tone!

Chen Yilan was stunned. She stared blankly at the scene in front of her.

Yun Jian, this girl who was about the same age as her daughter Hong Junhua, and who she didn't give any face to before, was actually the chairman of the internationally renowned Xinqi Company!

This, this was impossible...

Moreover, the driver who had just quarreled with her was once the chairman of Z country's largest car marketing company, Santi Company!

Xinqi company and Santi Company were both famous car marketing companies in Z country.

Before Xinqi Company, Santi Company was Z country's largest car marketing company.

Now, not only did the start-up company take the title of the largest car marketing company in Z country, but it even stepped onto the international platform before Santi!

Of course, even if there was a start-up company, with Santi's fame, it was not comparable to people like Chen Yilan who had made a fortune in plastic processing factories and now had a little bit of savings.

To use the most appropriate analogy, the difference between an ant and an elephant!

Chen Yilan's face was as pale as paper, and her body instantly stiffened like a puppet with a broken string. She was stunned on the spot.

At the moment when Chen Yilan's face was as pale as paper, the president of the company, Xu Wenzhang, had already respectfully and carefully opened his mouth to speak to Yun Jian:

"UM, the chairman of New Start Corporation, it's like this. After Your New START Corporation entered the international platform, the monthly sales of our Saint Di Corporation's cars have been decreasing in a straight line.

"If this continues, our saint di corporation will not be able to continue operating at a loss! Look at how young you are, but you have already reached this stage. It's really amazing what you can do.

"Can you give our company a way out on account that we're in the same industry?"

The president of the company, Xu Wenzhang, spoke carefully to Yun Jian.

Obviously, Xu Wenzhang's company was originally a rival of New Start Company. Now that New Start Company had stepped onto the international platform, when people in the country bought cars, their first choice was new start.

The main reason was that Xinqi company was not only affordable, but the attitude of the car salesman was first-class. If this brand was known, it could even show off its wealth!

Under such circumstances, Xu Wenzhang's company's sales were decreasing day by day. At this point, Xu Wenzhang's company's funds could no longer be used. If this continued, it was very likely that they would face bankruptcy.

Helplessly, Xu Wenzhang heard that the chairman of New Start Company would be coming to Xinjiang town today, so he drove his horse and horse over without stopping.

Because he heard that the chairman of New Start Company was a young girl, Xu Wenzhang rushed over to see if he could win some sympathy from the Chairman of New Start Company and let them off.

After all, a young girl was not only a girl, but she also did not have a lot of life experience. She was very easy to deceive.

Perhaps she would agree after a few more words?

As long as he could spare his company, he would be able to rise again in the future and take down Xinqi Company. It was just a matter of time!

In ancient times, there was the king of Yue, Gou Jian, who gave a beautiful woman, Xi Shi, to the king of Wu, Fu Chai. In the end, he endured humiliation and destroyed the kingdom of Wu.

Today, as long as he could deceive this young girl and spare him, he was not afraid that when the company rose again in the future, it would not be able to take down Xinqi company!

Xu Wenzhang was not convinced. He had once been the biggest car marketing company in Z country, but it had been snatched away by a young girl who had just come of age!

However, just as Xu Wenzhang thought that Yun Zhi would agree immediately, Yun Zhi turned to look at Xu Wenzhang and denied, "No."

This made Xu Wenzhang, who had originally thought that Yun Zhi would be embarrassed to reject him as a girl, stunned.

At this moment, Yun Jian had already stepped into her red Ferrari. Before closing the door, she cast a sidelong glance and left Xu Wenzhang with a merciless sentence:

"Perhaps after your company goes bankrupt, I can be merciful and buy your company at a high price."

Chapter 2117: was mysterious and romantic

After she finished speaking, Yun Jian smiled coldly and mockingly. She got into the Red Ferrari sports car in front of everyone.

If a young girl in her prime encountered such a thing, she probably wouldn't be able to shed all pretense of cordiality.

Girls paid the most attention to their face. Many times, they were too embarrassed to reject others.

Xu Wenzhang originally thought that Yun Jian would do the same, so today, he took the risk to beg Yun Jian to give their company a way out. He would give their company a few pens for the car order that Xinqi Company had marketed.

Xu Wenzhang had even prepared a contract that was beneficial to his company.

As long as he tricked cloud note into signing and stamping the contract, it would have legal effect. At that time, even if Xinqi company did not want to admit it, they would still have to give half of the sales to themselves.

If cloud note was an ordinary female college student who was attracted by Xu Wenzhang's exaggerated words, perhaps she would really sign and stamp and fall for Xu Wenzhang's trick.

The older the ginger, the spicier. This sentence still made sense.

However, Yun Jian was not an ordinary female university student.

Therefore, before Xu Wenzhang could use his words to trick Yun Jian, Yun Jian immediately and decisively rejected him and said that after Xu Wenzhang's company went bankrupt, she would be merciful and buy his company at a high price.

This sentence almost made Xu Wenzhang vomit blood.

However, Xu Wenzhang held it in.

"So you still won't give way, Sir President of Saint Di Company?" Yun Jian raised the corner of his brows and threatened Xu Wenzhang.

As soon as he said this, Xu Wenzhang clenched his fists and finally ran to give way to Yun Jian.

After all, he didn't have the capital to act arrogantly in front of Yun Jian!

Because with the current strength of New Start Company, it wasn't impossible for them to trip up Saint di company directly!

After the road was cleared, Yun Jian stepped on the accelerator. The fiery red flagship limited edition Ferrari Laferrari sports car was like a flash of lightning as it sped forward. At the next intersection, it was in the form of a fast lightning drift, it left everyone's sight.

All that was left was Chen Yilan and her family of three, who were stunned on the spot.

So she was the chairman of Xinqi Company!

No wonder she could afford a sports car...

It was said that Xinqi Company's annual net income was calculated in the hundreds of millions...

Compared to her xinqi company, their family's plastic processing factory was really just a boring joke!

...

When they returned to Longmen City, it was already 9:30 pm.

Yun Jian and Yun Yi parked their cars respectively. At that time, Yun Jian and the others were walking towards GE Junjian's house.

Before they reached GE Junjian's house, Suddenly, a few figures walked out from the side.

Chen Xinyi was giggling as she held a red veil. She took the lead and hopped over.

Mo Sen and Adam, who had not seen each other for a long time, stood at the entrance.

Luo Lei and Lan Su, who were carrying their child, stood at the side, laughing secretly.

"What's Wrong?" Seeing this, Yun Jian was very puzzled.

"Sister! Sister! Brother Si Yi, he..."

At this moment, a lively figure dashed out from the bushes. Little Yun Zhu led Duan Li and Duan Ya and shouted as they rushed over. Before she could finish her words, Leng Mei, who had suddenly appeared, covered her mouth.

"Shh! Shh! If you dare to talk nonsense, be careful that your sister will make your butt eat!" Leng Mei pouted, she stared at Little Yunzhu as if she was afraid that Yun Jian would find out about the monstrous secret that Little Yunzhu was talking about. She made a strange face at Little Yunzhu.

With this threat, Little Yunzhu blinked her eyes and did not say anything.

At this moment, Chen Xinyi walked to the front of Yun Jian. She folded her veil and covered Yun Jian's eyes with a red veil. "Yun Jian, don't move! Quick, quick, quick! I want to show you something!"

Cloud notes for a time do not understand, but look around the people are so excited, then by Chen Xinyi Traction, went to her and the deduction of that villa, into the house.

"I'll take off your veil on the count of three!

"3...-3...-3...-3...-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.-37.

"2....

"One!"

With that, Chen Xinyi undid the veil covering the cloud Jian's eyes.

Into the eyes of the cloud note, is the room under the Orange Light, roses everywhere.

From the living room to the stairs, from the stairs to the upstairs, the kitchen, the balcony, and other places were all covered with roses without exception. The Roses were arranged in various heart shapes, and there were a variety of them.

This lineup would not be created without spending a few days and nights.

In the house, there were a total of 99,999 roses, which covered the entire villa.

Yun Zhi took a deep breath and was momentarily stunned.

However, before Yun Zhi could figure out what was going on in front of her, a tall figure suddenly flashed by her side and a handsome face appeared in front of her.

The person raised her hand and a silver ring that was shining under the orange light was put on her right ring finger.

Then, Si Yi, who had suddenly appeared in front of everyone and never knelt before anyone, knelt down on one knee in front of the cloud paper and looked at it very sincerely. His thin lips moved, and he did not allow her to refute him and said domineeringly,

“Xiao Jian, marry me!”

Chapter 2118: Eternal Life Is Mine

Si Yi’s handsome face showed a hint of expectation.

He put the ring on the ring finger of his right hand and knelt down on one knee. This action made Chen Xinyi, Lan Su, Luo Lei, Leng Mei, and Qing glaze almost applaud.

Mo Sen, Adam, Zhang Shaofeng, and Ling Yichen, who were with Chen Xinyi, were not as enthusiastic as the women, but they all showed meaningful smiles.

“Ahhh! So Cool! Sister Jian, marry him! Marry him! Your Man spent three days and three nights to arrange these 99,999 roses for you, and no one is allowed to interfere!”!

“When he told us that he would secretly give you a surprise, he even had dark circles under his eyes! Marry him! Sister Jian! Sister Jian! Sister Jian! Sister Jian!”

Leng Mei put her hands to her mouth and stood on the spot, jumping and shouting. She almost lost her voice from shouting.

Fortunately, her leader, the emperor, had left at this moment, so Leng Mei jumped up and down and took the lead to urge Yun Jian to marry Si Yi. No one cared.

As it turned out, what Leng Mei said stunned Yun Jian for a moment.

He spent three days and three nights to arrange so many roses?

If he asked someone to arrange so many roses, it would probably take a day.

Si Yi was never a person who was willing to do such a thing himself, but for her, he actually spent three days and three nights to arrange all the 99,999 roses in a loving manner.

In fact, he had to spend money to find someone to arrange them, or there were already “Workers” Adam and Morson who could order them around.

If everyone was busy, it would probably only take a day to arrange them. If he spent money to find someone to arrange them, it would probably be even faster.

However, Si Yi didn't find anyone. He arranged all the Roses in various heart shapes alone, which was enough to see Si Yi's sincerity.

When Qin Yirou and Yun Yi saw Yun Jian being pulled over by Chen Xinyi, they also came over.

When Qin Yirou saw this scene, she wished she could immediately give her little Jian to Si Yi as his wife.

One had to know what kind of person Si Yi was.

Si Yi was actually able to spend three days and three nights for Yun Jian. He didn't need anyone to arrange such a mysterious, dreamlike proposal location for her.

Not to mention Yun Jian, even Qin Yirou and Yun Yi were stunned on the spot when they first saw it.

Perhaps it was because Leng Mei had placed her hands by her mouth and was shouting for Yun Jian to marry Si Yi that the atmosphere was affected. Chen Xinyi also stood by the side and shouted, "Marry him! Jian Jian, quickly marry him! Please marry him on the spot! Ahhh! Ahhh!"

Chen Xinyi felt that her young girl's heart was about to explode.

She jumped up and down, and her hands were shaking non-stop.

"Take it easy, don't shake your head. Otherwise, your head will start to hurt again when you get home later." Seeing Chen Xinyi waving her hands and shaking her head, Zhang Shaofeng held Chen Xinyi's head and didn't let her shake it anymore.

As Xinyi's cousin, he had the right to restrain Chen Xinyi from getting too excited.

After all, ever since Chen Xinyi had narrowly escaped death and injured her head, although Chen Xinyi did not say that she felt uncomfortable these days, there were still quite a number of side effects such as a headache.

"Aiya, why are you such a Killjoy!" Being stopped by Zhang Shaofeng, Chen Xinyi pouted and rolled her eyes at Zhang Shaofeng. She obediently listened to him.

At that time, Yun Zhi revealed a hint of happiness under the expectant gazes of the people around him. She smiled from the bottom of her heart and nodded heavily at Si Yi.

When he saw this, Si Yi raised his handsome arc and stood up. He held Yun Zhi's head in front of Qin Yirou and everyone present and kissed him.

The kiss was like a dragonfly touching the water. It was imprinted on Yun Zhi's lips. When Yun Zhi reacted, Si Yi's thin lips curled up and the corners of his mouth curled up:

"Xiao Jian, you will be mine forever!"

Chapter 2119: sleeping on the cabinet

Si Yi didn't know how to say anything romantic or do anything romantic.

There was a kind of person who was born high and mighty, as if he was the master of all things. His whole body exuded a sacred feeling that could not be underestimated.

Even if he was doing things that were no different from ordinary people, his nobility made people feel that he was different from others.

Obviously, Si Yi was such a person.

He had always been high and mighty. He did not even bother to speak to others.

However, for the sake of Yun Jian, he could learn love words that he did not know. He could also learn to do things that he did not care about in the past.

Some people could make love words and things that moved people to tears just to pick up girls. Si Yi, on the other hand, was the opposite. He learned for the sake of Yun Jian and to make Yun Jian happy.

In the end, when Chen xinyi shouted "Please get married in the same place", Si Yi's proposal ceremony ended.

It had to be said that what happened today shocked Yun Jian. She did not expect Si Yi to propose to her in such a way.

After the limelight passed, everyone present went back to their own homes.

Qin Yirou also pulled her son, Yun Yi, and her confirmed daughter-in-law, Qing Yan away with a smile, leaving the scene for Yun Jian and Si Yi.

"Xiao Jian is not even twenty years old yet! There are still two more years before he can go to the Civil Affairs Bureau to get a marriage certificate! I actually forgot, we can hold that engagement party for him first! I'll go and find Little Ruan to mention this matter tomorrow! Heh!"

Qin Yirou pulled her son, Yun Yi, and her confirmed daughter-in-law, Qing Yan away. As they walked, she smiled and muttered to herself. She went back to her house, which was not far away, to calculate the date and hold the engagement party.

Her anxious look was as if she was afraid that if she was too late, her daughter would not be able to get married.

Even Yun Yi, who was standing at the side, could not help but Twitch the corner of his mouth.

"Mom, you are really impatient." Yun Yi twitched his mouth.

The legal age of marriage in Z country was 20 years for the woman and 22 years for the man. Only when they reached the age of 22 could they go to the Civil Affairs Bureau to register their marriage.

Yun Jian was only 18 years old now. There were still two years before he could officially register his marriage.

While Yun Yi was talking, he was really happy for his sister, Yun Jian.

However, it was fine if Yun Yi did not speak. As soon as he spoke, Qin Yiruo noticed him.

“What’s the rush? Mom is still waiting to hold her grandchildren! She still wants to hold her grandchildren’s grandchildren in the future! How can she not be anxious? !”!

“Oh right, Little Yi, why don’t you take this opportunity to finalize your marriage with Xiao Yan?”

As she said this, Qin Yirou even took Qing Yan’s hand and patted it, smiling kindly.

“AH? Auntie... No, I don’t have him...”Qing Yan was stunned. Why was she being dragged into this? She hurriedly shook her head.

Without waiting for Qing Yan to shake her head, Qin Yirou lightly patted the back of Qing Yan’s hand and heavily knocked on Yun Yi’s head. She said, “I’ve heard from the little paper that the two of you have already slept together!”

As she said this, Qin Yirou glared at Yun Yi fiercely. “You Brat, you slept with her. Don’t tell me you want to go back on your word!”

The matter that Qin Yirou was talking about was probably when Qingyan and Yun Yi first met, when Qingyan detoxified Yun Yi, and then the two of them slept together naked.

She didn’t expect that Qin Yirou would know about this!

Qing Yan:”...”

Yun Yi:”...”

Why did she feel like she was betrayed?

...

Inside the house, after everyone left and the door closed, Si Yi transformed into a fierce beast and slammed the Yun Zhi on the railing of the spiral staircase at home. With heavy breathing, he grabbed the little mouth that he had been longing for.

“Little Zhi...”

As he spoke, his hand had already reached into her clothes.

“Don’t stay here. Let’s go back to our room...”the cloud note reached out and hugged si yi.

When he saw this, Si Yi picked up the cloud note horizontally and soon came to their room. He kicked the door open and entered.

After the door was kicked open, Si Yi closed the door and locked it. Then, he did not even wait to carry the cloud note into the big bed in the room. He placed the cloud note at the entrance and placed it on the cabinet that was as high as his waist.

He took off his clothes and then...

Chapter 2120: for a month, you are not allowed to get out of bed

After taking off his clothes, Si Yi went straight into the Yun Jian.

The room was beautiful, and the night was long.

When he removed the mysterious veil, he saw the mesmerizing and mesmerizing face behind it.

...

Chen Xinyi, who had left the Yun Jian and Si Yi's house, was sent home by Zhang Shaofeng and Ling Yichen.

Luo Berry was also taken away by Mosen.

Adam took the little guy, Zhou Yiran, from Lan Su's arms. However, before he could take it, Zhou Yiran hugged Lan Su tightly and glared at Adam with fierce eyes. He refused to let Adam hug him.

"Why are you so fierce to your father? If you continue to be fierce, I will throw you into the Universe!"

When he saw Zhou Yiran glaring at him fiercely with a pout, his small hand grabbed Lan Su's clothes tightly.

That small hand faintly touched Lan Su's chest. When Adam was jealous, he shouted at Zhou Yiran.

"WUU, WUU, Wuu Wuu Mommy, Daddy is bullying me!" With that, Zhou Yiran was even more unwilling to leave his mother's embrace.

"Why are you so fierce to the child! Go Away!" What made Adam feel even worse was that Lan Su helped the child to slap his hand away and walked forward angrily.

Adam turned his head and could clearly see Zhou Yiran hugging his mother, Lan Su, and making faces at him.

"You Little Brat, how dare you! You actually dare to Snatch My Woman!" Adam chased after him in a huff.

The noisy family of three was also enjoying themselves.

...

After Leng Mei left Yun Jian and Si Yi's house, she walked carefully on the street.

The leader's stamina was too f * cking good!

She couldn't take it anymore!

If this went on, she would be the one suffering from kidney deficiency instead of the leader!

"Leng Mei, where are you going?" Just as Leng Mei was about to leave carefully, Ruoyin's voice came from behind.

Ruoyin was the sharpshooter god of the blood doll organization. At the same time, in the blood doll organization, Ruoyin and Leng Mei, who was known as the number one expert under the leader of the blood doll organization, competed with each other for the number one position.

"Uh..." Leng Mei saw that her escape was discovered by ruoyin. She looked left and right, then rushed toward Ruoyin and covered Ruoyin's mouth with her hand.

“Shh! Shh, Shh, Shh! Don’t talk! I’m telling you, I’m going to escape! I’ll come back later! So the position of the number one expert of the blood doll is temporarily yours. Take it if you like!”Leng Mei’s words made Ruoyin stunned.

“You’re going to run away again? Where are you going to run to?”Ruoyin blinked and asked.

“To the ends of the Earth. Anyway, wherever there is no leader, I’ll Go!”If she didn’t run, her old waist would be broken! “I’m going to run away!”Leng Mei said very seriously.

After that, Leng Mei let go of the hand that was covering Ruoyin’s mouth. She waved at ruoyin and was about to walk forward. She even left a rather cool sentence:

“Then, Goodbye. I’m leaving. Don’t think about me. I’m just a legend!”

Just as she finished saying the word ‘legend’, a steady male voice sounded from behind her, “Leaving? Where are you going?”

After the steady male voice sounded, Leng Mei was so frightened that she trembled.

She stiffly turned around slowly and pulled out a bitter smile, “Hey... hey... What a coincidence. Why are you here, leader? Ha...”

Not far away, there was a handsome young man in a black suit and a black hat with a pale face.

It was the middle of the night. Di Lin suddenly stood behind Leng Mei. He looked like a messenger of the night.

“What a coincidence.”The pale face moved slightly. Di Lin had grabbed Leng Mei’s hand.

Ruoyin threw a “Take care” expression at Leng Mei and slipped away.

“Hey! Ruoyin, you...”seeing this, Leng Mei was about to accuse Ruoyin of being unkind.

Her hand was already grabbed by Di Lin and she walked towards the hotel:

“As a punishment for your escape, you are not allowed to get out of bed for the next month.”
