As soon as the words left the cloud note, Eva and everyone in the room were stunned.

“What revenge? Could it be that when Mr. Horace and Mr. Horace’s friends entered the island of death unintentionally, Mr. Horace’s friends died on the island of death... was it man-made?”

Eva was the first to react. She was stunned and shocked.

As soon as she said this, Eva suddenly felt that something was wrong.

“That’s not right. Since Mr. Horace pretended to be crazy for 20 years, then the incident on Death Island should have never been mentioned to anyone. How did you know? !”

“And you said that Mr. Horace’s old friends died on Death Island because of man? and revenge? Don’t tell me you also know what happened to Mr. Horace and his old friends on Death Island?”

Compared to the angry tone when she did not trust cloud note at first, Eva’s tone when she spoke to cloud note had a clear change.

However, under all these circumstances that did not make sense, Eva still questioned cloud note.

Could it be that cloud note also knew what happened to Horace and his old friends on Death Island?

If she was so powerful, she could have just gone to death island by herself. Why would she ask Horace?

Just as Eva thought that the words of the cloud note were nonsense, she suddenly saw Horace’s expression change again.

Then, she saw Horace’s expression sink. He looked at the cloud note and said in shock again,

“I’ve never mentioned this to anyone. How did you know that my old friends died at the hands of living people? !”

Horace's shock was witnessed by everyone present.

Eva and the people standing beside Eva were all stunned for a moment.

Could it be that this little girl was right? ?

"You don't need to know how I found out. You just need to tell me if you want to take revenge."

Under the shocked and shocked expressions of the people around her, the Red Arc on the cloud tablet was pursed. She asked Horace this question calmly.

After saying this, Horace nodded without any hesitation. "Of course I want to!"

As he said this, Horace seemed to recall something that made people gnash their teeth. He clenched his fists tightly, so angry that all the cells in his body were trembling and boiling.

Seeing this scene, the people around them became even more suspicious. How did this little girl, who was about eighteen years old, find out about everything that happened on Horace's Death Island back then? !

But before anyone could think further, the red arc of the cloud scroll was drawn, and she spoke again:

"Then tell me how to go to Death Island. As a thank you, I will avenge you."

Her cloud scroll had never been a good person, and her goal was very simple. It was no different from the group of people around her. She just wanted to find out how to go to Death Island.

However, people were all mutual. Most of the time, if you went to beg someone, even if you gave them a hundred grand gifts, it would be better to grab their heart. It would be easier and more effective to find the right medicine.

Reality proved that the cloud note was right.

Horace was really moved. "You can really avenge me! ?"

It had been twenty years. It had already been twenty years. He still could not forget what had happened on Death Island!

However, he had no choice but to force himself to forget the series of events that had happened on Death Island.

It was not because Horace did not want revenge, but because he did not have the strength!

Just as Horace finished speaking, the Red Arc of the cloud was slightly raised. She suddenly spoke solemnly to Horace in front of everyone present and said something that shocked everyone present:

“I solemnly swear in the name of the ‘hand of death’ in the medical world that as long as you tell me the whereabouts of Death Island, I will definitely avenge you!”

Although Yun Jian was not a good person, she had never made a slip of the tongue when she solemnly promised someone.

“You are the ‘hand of death’! ?” Just as Yun Jian finished speaking, Eva and the group of people standing next to Eva were so frightened that their faces changed drastically. Then, they cried out in surprise.

“The hand of death in the medical world... no wonder! No wonder you could tell that I was pretending to be crazy with just one look. So you are the hand of death in the medical world! The legendary hand of death that can even save the dead, the hand of the Living Dead!”

Horace was so frightened that his face changed drastically after hearing Yun Jian’s words. He looked at Yun Jian in disbelief. His pupils contracted, and his back was straight. He was shocked.

“So this little sister who looks like she just came of age is actually the internationally renowned hand of death! Oh My God, What’s wrong with this world? Is It a fantasy?”

A 20-something-year-old foreigner with chestnut-colored short hair who was on Eva’s team grabbed his hair and scratched it. He looked at Yun Jian in shock and cried out loud.

This 20-something-year-old foreigner with short chestnut-colored hair was on Eva’s team. His name was Jie Wei.

Jie Wei’s appearance was considered very handsome in the eyes of foreigners.

When Jie Wei heard Yun Jian's words, he was so scared that his face changed. He had the illusion that he did not believe Yun Jian's words at all.

Yun Jian was only eighteen years old. Her appearance was extremely tender and she was more beautiful than any young girl.

Such a beautiful girl would only make people think that she was a university student, an ordinary girl full of youth and vitality.

But who could tell them that she was actually the most powerful woman in the medical world who was internationally famous and was known as the hand of death. She could save people's lives from the hand of death!

Whether it was in the medical world or in the underworld, everyone knew about her!

And such an existence was actually just a young girl?

But even so, no one present did not believe what Yun Jian said.

After everyone reacted, Horace took the lead to speak calmly to Yun Jian:

"I, believe you! I'll tell you how to go to Death Island!"

Twenty years ago, Horace was a pirate who was sailing on the sea with his old friends.

Once, they accidentally found a drifting bottle on the sea. The drifting bottle was very strange. There was not only a small note in it, but also a sky-blue necklace.

The sky-blue Necklace was very beautiful. It was so beautiful that it could make people forget to breathe. It was also very strange.

On the small note, there was only a simple sentence:

Hold the necklace in your hand, take a cruise ship, and enter Death Island.

"That necklace is the key to leading us into Death Island. Although it is very magical, as long as you can find that necklace and go out to sea, you can be led by the necklace and take you to Death Island."

As Horace said this, he frowned slightly. As if he was recalling a terrifying incident, he grabbed his head.

"You know where the necklace is."The cloud memo did not use a question to ask this question, but used an affirmative sentence.

After hearing the cloud memo, Horace's brows furrowed slightly. The next second, Horace let go of his tightly furrowed brows. He smoothed his furrowed brows and heaved a sigh of relief. Then, he continued:

"Yes, it's in the Paris Museum in Country F. if you want to go to the island of death, you have to get it..."

At this point, Horace Thought for two seconds and suggested to everyone,

"With your abilities, you shouldn't be able to take out the sky-blue necklace from the Paris Museum in F country. The Paris Museum in F country is heavily guarded. It's even more difficult for ordinary people to steal the necklace.

"Perhaps you can use your computer to access the page of an international agent killer website, and offer a reward on the page of that International Agent Killer website to request the help of an international agent killer..."

Horace was an ordinary person, putting himself in the shoes of Yun Jian, Eva, Jie Wei, and the others.

The sky-blue necklace was now stored in the Paris Museum in F country as a valuable antique, and became one of the antiques that the Paris museum in F country cared about.

There were many people who entered the Paris Museum in F country every day to look at the collection in the museum, but to take out the sky-blue necklace from the Paris Museum in F country, there was probably only one way to do it, and that was to steal!

Stealing was not a good thing, but sometimes it was necessary, just like this time.

Because the sky-blue necklace was the only way that the old pirate Horace knew to lead everyone to the island of death.

Of course, Horace knew that the cloud tablet was the hand of the Grim Reaper in the medical world, but he thought that the cloud tablet was not strong.

After all, as a doctor, saving lives was his main job, and a mission like stealing the sky-blue necklace was definitely impossible for the cloud tablet.

As an international figure, if you had a need and wanted to assassinate or obtain something, you could log in to the International Agent Killer website on your computer.

On this Agent Killer website, the employer could issue a mission, and after the employer issued the mission, there would be an agent killer who saw the mission and accepted it.

Under normal circumstances, as long as the employer paid the price, there would be an agent killer with a higher completion rate who would accept the mission.

Therefore, if they needed to obtain something, their family was rich, but they did not have the ability, as long as they logged into the agent killer website, they would be able to achieve their goal.

“Are we asking the international agent killer to help us steal that sky-blue necklace? Why don't we directly hire the international thief organization to help us steal the thing we want!”

Standing beside Eva, Jie Wei stroked his natural chestnut-colored short hair and suggested.

“The international thief organization? is that the internationally famous Fox Hunter organization? We don't know the way to the Fox Hunter organization! How are we going to find the thief God of the Fox Hunter Organization?” Someone frowned and asked.

“Don't worry! I know them! Leave this to me!” Jie Wei was waiting for the person next to him to ask this question. After he heard it, he stroked his short hair and raised his head.

Jie Wei was only in his twenties. He was a young man, regardless of his country. It was not strange for him to be a little Zhang Yang.

The cloud tablet did not stop him.

Everyone agreed with him.

However, they saw that Jie Wei took out his phone and made a call.

The moment the call was connected, Jie Wei could not help but speak up, “It's me! I'm Jie Wei! Hey Brother, does your Fox Hunter organization still have a godly thief who can accept a quest to steal a sky blue necklace from the Paris Museum in F Country?”

After that, Jie Wei raised his head and waved at the crowd. At that time, the person on the other end of the phone seemed to have said something to Jie Wei.

“Huh? Someone has already hired your Fox Hunter Organization's godly thief to steal that necklace! ?”

The next second, Jie Wei's expression changed drastically as he said.

...

Ten seconds later, Jie Wei hung up the phone and said to the crowd with a dejected expression,

“Someone has already hired a level one godly thief from Fox Hunter organization to steal that sky-blue necklace. If we want to get that necklace, we have to hire the top ten secret agent assassins on the International Secret Agent Killer List to have a chance to compete with them!”

“But the top ten secret agent assassins on the International Secret Agent Killer List... How can they be hired so easily? I think this sky-blue necklace... Eh, we can't get it...”

Hearing Jie Wei's words, everyone present was depressed.

The top 10 Assassins on the international assassin list were not so easy to hire!

They originally thought that they could hire a high-level assassin, but now someone actually hired a level one godly thief from Fox Hunter organization to steal that necklace!

This meant that they had no chance!

Just as everyone was about to give up on the sky-blue necklace and find another way to go to the death island...

A cold and calm female voice of nature suddenly sounded. When the voice reached everyone's ears, it immediately stirred up the emotions of everyone present, causing them to widen their eyes in fear. They were stunned on the spot:

“A mere level one godly thief from Fox Hunter organization wants to compete with me for the necklace?”

“Does he dare? !”

The Fox Hunter organization was an international thief organization. It was different from large-scale assassin organizations like the ancient massacre mercenary group and the Dark Soul Organization. The Fox Hunter organization only accepted theft missions.

Moreover, the success rate of the theft missions that were taken over by the Fox Hunter organization was 90% !

This was a very shocking success rate. With such high success rates, it could even be compared to the top 10 Secret Agent Assassins on the international list of Secret Agent Assassins!

Of course, the Fox Hunter organization was only good at stealing. As for protection and assassination missions, the god thieves of the Fox Hunter organization would not accept them.

And the God Thieves in the Fox Hunter organization were also divided into levels.

The Fox Hunter organization divided the god thieves into six levels: level one, level two, level three, level four, level five, and level six.

Level One godly thieves were the strongest godly thieves in the fox hunter organization. The Fox Hunter organization only had a total of ten people who were listed as the strongest level one godly thieves in the organization.

Back then, Peter was a level one godly thief in the Fox Hunter organization. That was why a talent like Peter had signed a ten-year contract with the Fox Hunter organization. The time limit was not up yet, and Ruoyun Jian did not show up, the Fox Hunter organization would definitely not agree to release him.

Now that Peter had left the Fox Hunter organization, the number of Level One godly thieves of the fox hunter organization had increased to nine.

Although there were only nine level one godly thieves of the fox hunter organization, each of these nine people was a world-class godly thief. The level of stealing was so fast that it could not be described with words.

According to the rumors, if a level one godly thief of the Fox Hunter organization showed up, they would only have the possibility of competing with them unless they hired the top ten International Spy Killers.

Note that there was only this possibility of competing with him!

After all, the Level One godly thief of the Fox Hunter organization was specialized in this line of work!

His stealing ability might even be no match for the top ten assassins on the international list of assassin agents!

Unless it was the number one assassin on the international list, Sha Shen!

However, how was that possible?

Therefore, when Yun Jian said those words, everyone present was stunned. It could be imagined.

“A mere fox hunter organization Level One godly thief? A Level One godly thief of the Fox Hunter organization! That is someone who needs to be ranked in the top ten of the international assassin list to be able to match up to!”

“Although you are the hand of death, you are only a doctor. Don’t tell me you still have the ability to fight against a level one godly thief of the Fox Hunter organization! ?”

The one who spoke was Jie Wei.

Jie Wei knew Fox Hunter Organization’s godly thief and was proud of it.

After hearing Yun Jian’s words, he felt a little unhappy.

Even if she was the hand of death, no matter how powerful she was, she was still just a person holding a scalpel?

Could she be powerful enough to fight against Fox Hunter organization’s Level One godly thief?

“Jie Wei is right. Although you are the hand of death, you don’t have the ability to fight against Fox Hunter organization’s Level One godly thief!

“If we can’t get the top ten assassins of the international assassin organization to help us, we won’t be able to get this sky-blue Necklace!

“If we were to fight against the Godly Thief of Fox Hunter organization, the Level One godly thief of Fox Hunter organization would steal the sky-blue necklace from the Paris Museum in F country. We might not even be able to enter the Paris Museum in F Country!”

After hearing Jiewei’s words, Eva also stood up and said something.

As she said this, Eva also unanimously expressed her disapproval of the cloud note.

Hearing this, the old pirate Horace shook his head.

This plan would definitely not work.

The old pirate Horace was just about to persuade the cloud note to give up on going to the island of death when he suddenly saw the cloud note lift up the long and wide hem of its clothes. Without even looking, it coldly took out an M1911 pistol from its waist, her other hand took out a few bullets out of nowhere and skillfully loaded the bullets into the gun case in front of everyone.

In just three seconds, Yun Jian skillfully completed this series of actions. Then, she pointed the muzzle of the pistol at Jie Wei. Under everyone's shocked expressions, she curled her lips and said indifferently,

"Doctors can also kill people. Since I have taken a fancy to that necklace, no one in this world can get it before me, unless that person..."

"IS DEAD!"

This Gun... was definitely a real gun!

Moreover, the speed at which Yun Jian loaded the bullets into the magazine of the pistol could only be described with one word: fast.

When Yun Jian loaded the bullets into the magazine of the pistol, she did not even lower her head to look at it. That skillful action was as if she was used to guns.

It was as if...

She was supposed to live in a world where guns and knives would see blood! She would accompany guns and knives all year round!

The way she loaded the bullets and magazines so quickly was something that Jie Wei, Eva, and the others had never seen before.

Jie Wei and Eva were not ordinary people either. Eva was the eldest daughter of an arms family. As for Jie Wei and the group of people standing around him, their identities were naturally not ordinary.

Even so, everyone present was still shocked by Yun Zhi's actions just now.

Jie Wei suddenly trembled, his face twitching in fear.

Eva fiercely swallowed a mouthful of saliva. After she reacted, she forcefully swallowed a mouthful of saliva and waved her hand at Yun Zhi, "Put, put down the gun... We believe you!"

The cloud paper's eyes flashed. She did not put down the gun, but turned to Horace.

She did not need the trust of EVA, Jie Wei, and the others. She did all this just to gain Horace's trust.

"I will definitely get that sky-blue necklace, so Mr. Horace, you should tell me everything you know! Don't worry, I will definitely avenge you!"

Horace did not completely trust the cloud note, so he did not tell her everything that was important.

Other than getting that sky-blue necklace, which was the key to the island of death, there was another crucial factor!

Seeing that the cloud note had guessed correctly again, Horace suppressed the shock in his heart and let out a sigh of relief. Then, he did not hide anymore and told her everything.

...

After walking out of this mental hospital, Yun Jian ignored Eva, Jie Wei, and the others and walked towards the entrance of the mental hospital.

"Hey, Young Lady, Wait!" Just as Yun Jian was about to walk out of the entrance of the mental hospital, a middle-aged man from another group of people, other than Eva, Jie Wei, and the others who had gathered in Horace's ward, walked over, he blocked in front of Yun Jian.

"What's the matter?" Yun Jian's face was indifferent. He did not even look at the middle-aged man and spoke indifferently.

"It's like this. We want to work together with you to go to France's Paris museum to steal that necklace and work together to go to the island of Death!" The middle-aged man immediately stated his purpose of coming.

However, after the middle-aged man finished speaking, Yun Jian raised his eyebrows and replied unceremoniously,

"I alone can steal that necklace. Why should I work together with you?"

The middle-aged man who heard Yun Jian's words quickly came to a realization. He quickly spoke to Yun Jian and expressed his intentions:

"As long as you agree to work with us, I will be the contractor for the yacht we will take when we go out to sea! Moreover, my yacht is bulletproof! It's indestructible! Even the attacks of tanks and bombs can not destroy my yacht!"

The words of the middle-aged man quickly caused Yun Jian to squint her eyes. With a red arc, she directly agreed to the cooperation request of the middle-aged man. "Deal."

The conversation between Yun Jian and the middle-aged man fell into the ears of Jie Wei, Eva, and the others who walked past them.

Earlier, because Yun Jian had threatened them with a gun, Jie Wei and Eva had no choice but to say that they believed that Yun Jian would be able to snatch the sky-blue necklace from Fox Hunter organization's first-class thief.

However, they were not threatened at that time. Furthermore, Jie Wei felt that he had been insulted by cloud paper. After listening to cloud paper and the middle-aged man, Jie Wei rolled his eyes at cloud paper:

"Since you firmly believe that you can snatch the necklace from Fox Hunter organization's first-class thief, then go ahead!

"Heh, I'm sorry. I'm very familiar with a first-class thief from Fox Hunter organization. He has already agreed to help me snatch the necklace back from their organization's first-class thief.

"If you have the ability to snatch the necklace from the hands of two level one godly thieves from Fox Hunter organization, then go!

"But this necklace will definitely NOT BE YOURS!"
