Chapter 2261: Chapter 2262 connecting the circuit and the power gate

After Jie Wei walked out of Horace's ward with Yunjian, he was unwilling to accept it. With Eva and the urging of his team, he had already tried to contact another level one godly thief of the fox hunting organization that he would not contact unless it was a critical moment.

That Level One godly thief owed Jie Wei's father a favor.

Therefore, Jie Wei contacted that Level One godly thief to ask him to return the favor.

Logically speaking, the other level one godly thief of Fox Hunter had accepted the mission of stealing the sky blue necklace. The Other Level One godly thieves of fox hunter should not have tried to steal his business from the other Level One godly thieves of the organization.

However, the level one godly thief that Jie Wei had contacted happened to owe Jie Wei's father a huge favor. This time, Jie Wei had begged for a thousand times, so the level one godly thief could not refute him.

Therefore, even if he had to steal business from his fellow organization, he would still agree to Jie Wei's request.

However, to Yun Jian, this was equivalent to fighting two level one godly thieves from Fox Hunter Organization for the sky-blue necklace. This made it even more difficult.

The reason why Jie Wei was so cocky was because he had invited another international level one godly thief from Fox Hunter organization.

Moreover, that level one godly thief owed his father a favor. That way, he would have the highest chance of getting the sky blue necklace!

That was why Jie Wei had run to the cloud note to show off, in order to avenge the fact that the cloud note had aimed its gun at his head!

Jie Wei had originally thought that the cloud note would definitely retaliate against him since he had targeted the cloud note in Horace's ward previously.

However, the cloud note only looked at him with contempt. It turned its head to signal the middle-aged man and the others before walking towards the entrance of the mental hospital.

...

Just as they left the entrance of the mental hospital, a woman around the age of 23 or 24 who was with the middle-aged man commented on Jie Wei's actions:

"He really looks like a child who won't grow up."

As she said this, the woman around the age of 23 or 24 shook her head as well.

"Hello, Young Lady. It's time for an official introduction. My name is Calvin. I'm from Country D, and I'm 32 years old this year. These are all my companions."The middle-aged man from earlier extended his hand toward the cloud paper and said in a friendly manner.

"Cloud Paper."She did not extend her hand, but simply said her name in English.

The middle-aged man named Calvin also did not feel that there was anything wrong with the cloud paper not extending its hand.

After all, countries were different. It was normal for people in some countries to not like to reach out when they met.

"Ella! My Name!"The woman who looked twenty-three or twenty-four years old and said that Jie Wei looked like a child who did not grow up introduced herself to the cloud paper.

Then, a group of people led by Calvin introduced themselves to the cloud paper.

...

The group of people did not speak much and arrived at the Paris Museum in F country at the fastest speed.

At that time, the night had fallen, and the Moon and countless stars in the sky were clearly visible.

At three o'clock in the morning.

The cloud paper and Calvin's group arrived at the Paris Museum in F country.

They had just arrived at the Paris Museum in F country when they saw a group of people connecting a line with a computer in front of the Paris museum in F country, fiddling with something.

Looking closely, they realized that this group of people was the group led by Gervais and Eva?

Among the group led by Gervais and EVA, there stood a very strong man.

Needless to say, this very strong man must be the first-class thief of the fox hunting organization.

And this group of people used a computer to connect a circuit that connected to the Paris museum in F country. They were using a computer to operate something. Their purpose was very obvious, is to try to use a computer to cut off all the power gates in the Paris Museum.

The Paris Museum in France, the museum named after Paris, must be a museum under the protection of France.

Here, there are many relics, so many visitors in the museum during the day, there will be a lot of staff.

At night, the staff fell asleep, there will be a lot of people patrolling around the museum, but not a lot of people patrolling.

This was because there were cameras installed everywhere in the Paris Museum.

Not to mention where the relics were stored, there were even cameras installed in the blind spots of the entrance. Even a fly was not allowed to fly outside the surveillance range of the cameras.

In the museum, there was an invisible infrared radiation at the place where the relics were stored.

The infrared radiation was invisible to the naked eye. Once a person was exposed to the infrared radiation, the infrared radiation would emit a huge alarm sound.

With this, everyone woke up.

One had to know what kind of place the Paris museum was. If one wanted to sneak into this place, the most important thing was to cut off the switch of the power gate and cause the Paris Museum to lose power!

However, at this moment, everyone could not enter the power operation room of the Paris Museum, so they could only take over from the outside line and use computer hacking technology to directly hack the power gate of the entire Paris Museum, they could completely shut down the power supply in the museum!

“Mr. Ling Feng, are you ready?” Jie Wei was so anxious that sweat was about to drip down.

Ling Feng was a first-class thief of Fox Hunter organization. At the same time, he owed a favor to Jie Wei’s father. Therefore, he was here to return the favor and help Jie Wei steal the necklace.

At that time, Ling Feng had already used the computer to connect this line to hack the power supply in the museum for a long time, but it was not necessary.

Beginners could use hacker technology to control their computers and break into large companies to steal money.

However, people with powerful hacker technology could even use it to hack the power supply of a large-scale power monitoring room or place.

Even more powerful people could use hacker technology to make a large-scale place that was set up to explode at any time!

Of course, the latter was able to hack into the power supply of a large-scale site and use hacker technology to make a large-scale site that was set up to explode at any time. This was something that only those who had reached the peak of hacker technology could do.

In the words of this industry, these were things that only the world’s top bigwigs could afford to do!

“We still need another hour! The system procedures for the power supply room and the monitoring room of the Paris Museum in country F are too complicated. Don’t Worry!”

After Ling Feng heard Jie Wei’s urging, he calmly waved the computer in his hand and continued to attack the Paris Museum’s defense system with unskilled hacking techniques.

After Jie Wei heard it, he didn’t dare to urge them.

At that time, Jie Wei saw Yun Jian and the others.

“Why are you all here now?” “Could it be that you want to take advantage of the time when we invited Mr. Ling Feng to painstakingly turn off all the power in the Paris Museum, and take the opportunity to reap the benefits of being a fisherman and enter the Paris Museum with us?” “How Shameless!”

When Jie Wei saw this, he blurted out these words without even thinking.

However, just as Jie Wei said these words, the cloud paper directly bypassed Jie Wei and walked in front of Ling Feng.

“What do you want to Do?” When Eva saw this, she also stood out to block the cloud paper.

However, just as Jie Wei and Eva looked at the cloud paper with expressions that said that the cloud paper was going to cause damage,

The cloud note looked at Ling Feng, who was working on his computer bitterly in front of everyone. It said in a savage tone, “You are Ling Feng, the first-class Thief of the Fox Hunter Organization, right?”

“Ling Feng, the first-class Thief of the Fox Hunter Organization? Your control is so bad that it’s suffocating. At this rate, you won’t be able to break through the power monitoring room system of the Paris Museum in an hour.”

“So please, you useless person, get out of my way!”

Yun Jian’s words were very straightforward, and at this moment, Yun Jian was standing in front of the godly thief Ling Feng.

At that time, after Yun Jian’s words rang out, whether it was Eva, Jie Wei, Calvin, Aina, or Ling Feng, everyone present was stunned on the spot!

Yun Jian, she actually said that the fox hunter organization’s first-class godly thief Ling Feng’s operations were so bad that it was suffocating!

As the thief Ling Feng who was publicly accused by Yun Jian of being useless, after hearing Yun Jian's words, he stopped what he was doing and turned around to glare at Yun Jian.

At that time, the thief Ling Feng did not stop what he was doing, nor did he use harsh words to retaliate against Yun Jian. It was as if he wanted to prove himself. He operated the computer in his hand that was connected to the Paris Museum's line even faster and harder.

"Mr. Ling Feng, you can do it!"

Seeing Ling Feng continue to work hard on the computer, Jie Wei was delighted. He suddenly felt that Ling Feng, who was working even harder, would soon be able to break through the Paris Museum's line and achieve his goal.

"Yes! Mr. Ling Feng, you can do it!" After hearing Jie Wei's words, Eva also raised her hands and stood behind Ling Feng, gesturing for Ling Feng to do the same.

At that time, Jie Wei, Eva, and the others placed all their hopes on Ling Feng.

Yun Jian was also standing behind Ling Feng with his arms crossed.

Ling Feng of the Fox Hunter organization was a man of few words and rarely spoke. However, if someone were to provoke him with words, he would not retaliate. However, he would use intense actions to prove himself.

This was the characteristic of Ling Feng, the top thief of the Fox Hunter organization.

On this path, Yun Jian could recite the identity of any person who had the slightest connection with the identity of an agent of Yun Jian.

Identity, gender, personality, weapons, etc. .

Yun Jian deliberately used words to provoke Ling Feng just now.

As expected, Yun Jian's words just now had stimulated Ling Feng's hands to operate the computer faster.

"No, I still need at least 45 minutes to cut off all the electrical gates in the museum! "By the time I cut off all the electrical gates in the museum, Gui Ling must have already sneaked into the museum and stolen the necklace!"

Ling Feng said as he continued to fiddle with the computer.

If one took a closer look, one could see that when Ling Feng said this, there was still a thin line of sweat on his forehead.

Gui Ling must be the other Level One godly thief of the Fox Hunter organization. At the same time, he must be the godly thief who accepted the mission from his employer and planned to sneak into the Paris museum to steal the blue necklace.

“All the power in the museum has not been cut off. There are many cameras in the museum. Mr. Ling Feng, how can the other Level One godly thief of the Fox Hunter organization enter the museum to steal the necklace before us?”

After hearing Ling Feng’s words, Jie Wei asked in a panic.

“Not everyone needs to cut off all the power in the museum to enter the museum like you guys.”

Just as Jie Wei asked in confusion, Yun Jian’s words suddenly sounded.

Hearing Yun Jian’s words, Jie Wei and the others were stunned.

At that time, Yun Jian was already standing beside Ling Feng. She looked at Ling Feng’s incessant computer manipulation and did not stop him. Instead, she pursed her red lips and said calmly.

Furthermore, the words that came out of her mouth made Ling Feng’s pupils shrink. It also made the expressions of Jie Wei, Eva, Calvin, Ella, and the others darken, she was so shocked that she understood all the characteristics and abilities of the level one godly thief of the fox hunter organization so thoroughly:

“The Level One godly thief of the Fox Hunter organization, Ghost Plume, is good at hiding and has the appearance of a ghost. However, the only flaw is that he is not strong enough to fight head-on with experts.

“Therefore, no matter how many cameras are installed inside and outside the museum, he can still avoid them easily.

“The first-class thief of the Fox Hunter organization, Ling Feng, is good at fighting head-on. He is very strong and knows a little about hacking techniques. However, his biggest weakness is that he can not hide from all the surveillance cameras and is only suitable for a head-on fight.

“Therefore, I have to cut off the power supply in the museum and cut off all the surveillance cameras in order to successfully sneak into the museum.

“Ling Feng, Am I right... What I Said?”

Yun Jian's words weren't directed at Ling Feng with a question, but with an affirmation.

After saying this, Ling Feng had been continuously using his computer to try to cut off all the power in the museum, causing the power in the museum to be cut off instantly. After Yun Jian said this, he suddenly stopped.

"How... How do you know! All the information about the level one godly thief of the Fox Hunter organization is sealed by a special person. Other than the few top figures in the world, no one else knows about this!"

Ling Feng stopped what he was doing and turned around to look at Yun Jian. He was shocked and terrified.

It must be known that all the information about the level one godly thief of the Fox Hunter organization was sealed after being sealed. An ordinary person would not be able to find out what the level one godly thief of the Fox Hunter organization was good at and what his flaws were.

As a person in the underworld, the last thing he should do was to expose his flaws to outsiders.

Therefore, the Fox Hunter organization paid special attention to the information about the first-level thief of Fox Hunter Organization because once his flaws were exposed to the eyes of the enemy, the person facing them would be likely to die.

Therefore, Ling Feng was just immersed in operating the computer in his hand. He did not know why the first-level thief of Fox Hunter organization, Ghost Plume, was able to infiltrate the Paris Museum directly, he did not mention that he had sneaked into the Paris museum to retrieve the necklace like Gui Ling did.

This involved the weakness of Ling Feng and Gui Ling, who were in the same organization as him. After all, Ling Feng and Gui Ling were thieves from the same organization. If the two of them exposed their weaknesses, it would be of no benefit to either of them.

However, Yun Jian had pointed out all their strengths and weaknesses so accurately just now. This gave Ling Feng a huge shock.

This was like him being exposed in front of Yun Jian without any clothes on. This kind of feeling made ling feng terrified.

“Mr. Ling Feng, I think she is deliberately disturbing your thoughts. It’s better to ignore her! She wants to use you to reap the benefits of others. You Can’t let her succeed!”

Seeing that Ling Feng was shocked after hearing Yun Jian’s words, Jie Wei, Eva, and the others were also shocked.

But after they reacted, Jie Wei thought about it again.

Just now, Yun Jian was still so powerful, and he even said that he would let the Useless Ling Feng Go. But now, she didn’t have any ability at all. She was pretending not to understand, so that Ling Feng would think that she really understood.

After Ling Feng successfully turned off all the power in the museum, he brought the group of them into the museum. Then, he took advantage of the gap between Ling Feng and the ghost plume to snatch the sky-blue necklace away before him?

After saying this to Ling Feng, Jie Wei turned his head to look at Yun Jian and bared his teeth at him:

“Let me tell you, I invited Mr. Ling Feng here. Later, Mr. Ling Feng will turn off all the power in the museum. Don’t even think about going in with us!”

When Jie Wei said this to Yun Jian, he said it in a fierce tone.

At that time, when Yun Jian heard Jie Wei’s words, he curled his lips coldly.

“Time’s up.” Just when Jie Wei was waiting proudly to see what words Yun Jian would use to refute him, Yun Jian suddenly said this.

“What? What do you mean by this?” When Jie Wei heard this, he was stunned.

In the next second, Yun Jian took off his wide and thick down jacket in front of everyone and handed it to Ella.

At that time, after taking off her thick and wide down jacket, everyone only saw that Yun Jian was wearing a black tights and a pair of black leather pants.

The black leather pants had two butterfly knives in her tight thighs, and there were two silver pistols in her left and right waist boxes. There was also an Eagle Claw tied to her back.

She instantly changed from a teenage girl to a spy killer.

Jie Wei, Eva, Calvin, and the others were stunned when they saw this scene.

However, before they could react, Yun Jian's figure flashed and she arrived at the thick and high wall in a second. She just avoided the danger line and before she left.., she silently said something to Jie Wei and the others that made Jie Wei so angry that he vomited blood:

"Oh right, I forgot to mention just now that I'm also good at hiding. The surveillance cameras have no effect on me, so... I'll take my leave first."

Chapter 2265: Chapter 2266, she was not the Special Agent Sha Shen

Translator: 549690339

From the looks of it, Yun Jian was well-equipped!

And she actually said that she was also good at hiding!

This meant that Yun Jian did not need Ling Feng to cut off the power in the museum to enter the museum!

Yun Jian's words made Jie Wei so angry that he almost spat out a mouthful of blood.

One had to know that Jie Wei had been using Ling Feng's ability to cut off all the power in the museum as the source of his arrogance.

But Yun Jian actually had the ability to avoid all the surveillance cameras in the museum!

This meant that Yun Jian did not need to wait for Ling Feng to cut off the power in the museum at all!

And at that time, after Yun Jian said those words, he flashed into the museum and disappeared before everyone's eyes in a few flashes.

That speed was so fast that even Jie Wei, who had always been unhappy with Yun Jian, changed in surprise.

"Just who is that little girl! She can actually avoid all the surveillance cameras just like Ghost Plume!" Just as Yun Jian disappeared before everyone's eyes in a flash, Ling Feng spoke with a shocked tone.

"She is..."Eva was just about to say that Yun Jian was the hand of the Grim Reaper in the medical world.

However, before she could finish her words, she was hit by Jie Wei's elbow.

Jie Wei glared at Eva and said in an unhappy tone,

"She is just an ordinary university student! Who can she be!" Jie Wei said in a very unhappy tone.

Obviously, Yun Jian's identity as the hand of death made Jie Wei very unhappy.

The legendary hand of death was actually someone like Yun Jian!

This made Jie Wei unwilling to accept it, and he didn't want to believe this fact.

And just as Jie Wei finished speaking, Ling Feng's extremely shocked voice suddenly sounded, causing Jie Wei, Eva, Calvin, Ella, and everyone present to be shocked after hearing it:

"That's really something! The ghost plume concealment, hiding from the cameras and infrared radiation technique is the strongest among our fox hunter organization's Level One godly thieves! who exactly is that girl! ?!"

"She actually has the strength equivalent to Jie Wei, the strongest hidden technique among the first-class thieves of my Fox Hunter Organization!"

...

At this moment, Yun Jian had already avoided the 360 ° surveillance cameras of the Paris Museum and quickly arrived at the periphery of the Paris Museum.

The Paris Museum was indeed an international museum. Even a fly would find it difficult to fly past the surveillance cameras installed at night.

However, it was not difficult for her.

Yun Jian was stuck on the wall of the Paris museum building at the moment. She had her eyes on the window on the third floor of the Paris Museum building.

After measuring the height, Yun Jian took out the prepared eagle claw from her waist and held it in her hand.

The Eagle Claw seemed to come to life in Yun Jian's hand. With a gentle swing, she hooked the Eagle Claw onto the windowsill of the third floor window.

Yun Jian tightened the rope around the Eagle Claw. After making sure that the Eagle Claw had already hooked onto the window ledge on the third floor, she turned around

and stepped on the wall. In less than three seconds, she quickly walked to the window on the third floor.

She took out the wire that she had prepared earlier from her hair and inserted it into the window lock on the third floor. With a light hook, the window was opened.

She opened the window, jumped in, and closed the window.

This series of actions was done smoothly by the cloud paper. It did not make any sound in the quiet night.

It took less than ten seconds for the cloud paper to climb into the window on the third floor of the museum from the wall on the first floor.

At that time, the cloud paper had just climbed into the window on the third floor when she heard a sound not far away.

Her eyes moved slightly. She rolled to the side and hid in the dark.

At this time, two soft male voices came from not far away and entered her ears:

“Just now, someone reported that an international god thief came to our museum to steal the necklace tonight. Brother, which international god Thief do you think is so powerful to actually target us? !”

“It doesn’t matter who it is. What’s important is that no matter who it is, they won’t be able to escape today!” “Moreover, our people have already protected that necklace. No matter how powerful his international thief is, how can he steal the necklace in front of so many Interpol agents! “He is not the No. 1 international spy ranking, Sha Shen! “Hehe!”

These two subtle male voices sounded, and there was a hint of ridicule in their conversation.

Yun Jian narrowed his eyes at this.

Someone reported that an international thief had come to the museum to steal a necklace tonight?

In other words, that necklace had been completely guarded by Interpol inside and out?

This was definitely a fatal blow to any international thief.

But after hearing it, Yun Jian's eyes narrowed even more.

...

At this moment, in the museum hall.

In a transparent glass safe, a sky blue necklace was stored inside.

That sky blue necklace did not look like Jade. Just by looking at it with the naked eye, one would not be able to tell what material the sky blue necklace was made of.

However, under the dim yellow light in the museum hall, the necklace emitted a light blue light. The light blue light seemed to have an innate magic that made people unconsciously want to get close to it.

The necklace was so beautiful that one would forget to breathe.

"Officer Xing, can that thief really steal the necklace?" At this moment, in front of the blue necklace in the center of the Hall, a criminal police officer asked another criminal police officer who was obviously higher in rank than him.

The handsome criminal police officer, who was called Sir Xing, frowned when he heard this person's question. He immediately replied,

"As long as I'm here, no international thief can steal the necklace from me again!" Sir Xing said solemnly.

Of course, unless he met that... Woman!

However, ten minutes after Sir Xing finished speaking, the lights in the hall were suddenly cut off.

Seeing this, Chief Xing's pupils constricted, but he quickly reacted and turned around to pounce on the sky-blue necklace.

"Protect the necklace! Immediately contact the relevant personnel to open the power gate!" Chief Xing yelled at his subordinates around him as he rushed forward.

However, just as he said this, Chief Xing suddenly sensed a figure flash past behind the transparent glass safe that was locked with the necklace.

"Stop!" Officer Xing pounced forward and tried to stop the other party.

However, before he could catch up, the figure that flashed past had already disappeared in front of everyone.

“Damn it! He escaped!” When officer Xing saw this, he did not chase after him.

“Fortunately, the necklace was not stolen!” Officer Xing heaved a sigh of relief. He thought that the black shadow could not steal the necklace, so he gave up on stealing the necklace and left.

After all, no one in the world had been able to steal the necklace in such a short span of three seconds in public!

He only knew one person who could do that!

However, that woman wouldn't steal the necklace tonight!

Just as officer Xing thought this, he heard his subordinate behind him shout in a terrified voice:

“Officer Xing, officer Xing... that necklace... that necklace... has been stolen!”

...

Yun Jian walked out of the entrance of the Paris Museum with relaxed steps. Unlike when she came, she was currently holding a sky-blue necklace in her hand.

In her hand, the light blue halo that the necklace emitted was even more obvious.

Yun Jian had just walked out of the museum when he met Jie Wei, Ling Feng, Calvin, and the others who had successfully walked in.

“That necklace... is mine! Give me the necklace!” Seeing the necklace in Yun Jian's hand, Jie Wei's expression changed. He wanted to rush over and snatch it.

However, before Jie Wei could rush over, Ling Feng's expression changed. He stopped Jie Wei as if he had already noticed something was wrong.

At that moment, Yun Jian lifted the necklace and waved it in front of him. Then, he said,

“Even if I give you the necklace, you don't have the ability to bring it out of the Paris Museum.” Yun Jian's words had a vague meaning.

Hearing this, Jiewei's expression changed. “What do you mean? !”

Ran Jiewei had just finished speaking when a large group of Interpol officers walked over from not far away. They surrounded Yun Jian, Ling Feng, and their group.

At this moment, officer Xing, who was guarding the necklace in the museum hall just now, brought a group of subordinates to the front of the group of people with great composure.

At that time, there was a young man who was twenty-six or twenty-seven years old beside officer Xing. This young man wore a mask and was tall and thin.

When officer Xing and the young man arrived at the scene, Ling Feng's expression changed drastically.

"Gui Ling, you..." Ling Feng looked at the young man beside Xing and his pupils contracted.

"Good evening, Ling Feng. However, you won't be able to recover soon." At this moment, the young man, Gui Ling, looked at Ling Feng and coldly said these words to Ling Feng.

"Hahaha! Gui Ling, it's all thanks to you that I was able to catch these thieves... Oh, right, there's also a first-class thief from the Fox Hunter organization. Where's Ling Feng? This harvest is really not bad!" Officer Xing laughed out loud.

It turned out that it was Gui Ling who reported that an international godly thief had sneaked into the Paris museum to steal.

Gui Ling had contacted officer Xing a long time ago. As a collaboration, officer Xing would lend the sky blue necklace to Gui Ling after the deed was done, and Gui Ling would help officer Xing capture the international godly thief, Ling Feng.

Gui Ling's employer only needed to borrow the necklace, and he would return it as scheduled after achieving his goal.

On the other hand, Gui Ling viewed Ling Feng, who was a powerful member of his organization, as a thorn in his side. He wanted nothing more than to tear Ling Feng into pieces.

Thus, he happened to borrow officer Xing's hand this time and planned to capture Ling Feng in one fell swoop.

At the same time, he also wanted to capture this group of "Thieves" who came with Ling Feng!

"Alright, the game is over. who has the necklace? Hand it over obediently! It's time to end this boring game!" Officer Xing saw the expressions of the people around him change drastically, he looked around with satisfaction before speaking.

At that time, Jie Wei, Eva, and the others who knew that they had fallen into a trap were scared to death.

What? What was going on!

Jie Wei's face suddenly turned extremely pale. He was so scared that his face turned green.

Just as he was trembling with fear, Jie Wei suddenly pointed at the cloud paper and shouted at officer Xing,

"That necklace was stolen by her! It has nothing to do with us! We haven't done anything yet! If you want to arrest her, arrest her!"

Being caught by the Interpol was no joke.

Especially with Ling Feng, who was a habitual thief, being arrested and sent to prison was a life-threatening situation!

Officer Xing glanced at the Yun Jian and said to Jie Wei, "Of course I will arrest her, but you guys..."

"Are you sure you dare to arrest me?" Just as officer Xing finished his sentence, a melodious female voice interrupted him.

Hearing this familiar voice, officer Xing was stunned.

Hearing this, the people around him felt their hearts skip a beat and turned their heads.

Yun Jian, who had been silent since the beginning, said coldly, "I will arrest her."

After Yun Jian finished speaking, he attracted the attention of everyone around him.

Officer Xing glanced at Yun Jian. Although he felt that Yun Jian's words were a little familiar, he did not think too much about it. Because he had GUI ling as his backer and the strength of his subordinates, officer Xing spoke boldly:

"Who are you? Why don't I dare to capture you!"

"This, this officer, this woman loves to bluff. She clearly doesn't know anything, yet she wants people to think that she knows everything! Capture her! capture her..."when Jie Wei saw this, he pointed at Yun Jian and spoke to officer Xing, his eyeballs rolled once again, and he pointed at Yun Jian as he spoke to officer Xing.

However, just as Jie Wei's words rang out, Yun Jian turned her body and faced officer Xing with her delicate and pretty face. The Red Arc on her face was slightly raised, and then she said something to officer Xing that made everyone present dumbfounded:

"Therefore, after not seeing each other for a few years, officer Xing has forgotten the lesson from back then. He has forgotten how the 156 elites under you died tragically. He has forgotten that he personally gave the wooden sandalwood box to me on his knees.

"Are you planning to go against me again?"

Translator: 549690339

In his previous life, his younger brother had been kidnapped. Lang Sha wanted Yun Jian to bring the wooden sandalwood box with him in exchange for hostages.

The wooden sandalwood box was very popular back then. The top leaders in the world, and even some of the old guys who had lived in seclusion on the assassin list for many years, all came out to fight for it.

Some even hired all the top secret agents, assassins, or mercenaries to fight to the death for the wooden sandalwood box.

And the wooden sandalwood box was obtained by Yun Jian from this officer Xing.

Rather than saying that it was a fight, it was more appropriate to say that this officer xing personally sent the wooden sandalwood box to yun Jian on his knees.

This officer Xing was an international criminal police officer. His international status was very high because officer Xing had captured countless international felons. Even the arrest of an internationally very powerful 3s class wanted criminal back then.., officer Xing was also involved.

The wooden sandalwood box had fallen into officer Xing's hands.

However, this wooden sandalwood box had not stayed in officer Xing's hands for long. Before officer Xing could warm the wooden sandalwood box, a terrifying woman appeared in officer Xing's eyes.

That woman was Yun Jian.

Initially, officer Xing had vowed not to hand over the wooden sandalwood box. Later, Yun Jian had killed all of his 156 elites in front of him.

In the end, officer Xing was forced to kneel down in front of Yun Jian and hand over the wooden sandalwood box to Yun Jian.

This incident was the disgrace of officer Xing's entire career, and it was also officer Xing's nightmare.

Officer Xing did not know who that woman was or what her identity was. However, after that, every time he thought of that woman, officer Xing would be scared awake from his dreams.

Therefore, in officer Xing's heart, Yun Jian's actions had not only become a disgrace in his career, but more importantly, every time officer Xing thought of it, he would break out in cold sweat.

At first, officer Xing thought that that terrifying woman would never stand in front of him again for the rest of her life. However, he had never expected that...

This woman had actually changed her face and appeared in front of him again?

Officer Xing was so frightened that cold sweat broke out on his forehead. He looked at the cloud note in fear and opened his mouth, but he was so scared that he did not say anything.

"What is this woman saying! She actually said that our handsome and valiant officer Xing personally sent that wooden sandalwood box to her! ? Who does she think she is? A deity? The world's number one spy, Sha Shen?"

"What a joke! This is really hilarious! Officer Xing, let's quickly arrest this thief!"

An Interpol officer standing next to officer Xing, who was also officer Xing's subordinate, suddenly laughed out loud after hearing Yun Jian's words.

After laughing, he looked at Yun Jian with a slightly mocking gaze and said these words with a sneer.

When officer Xing brought the wooden sandalwood box to Yun Jian on his knees, not many people knew about it.

At least, no one knew about it now, including this officer Xing's subordinate.

After hearing the subordinate standing next to officer Xing use such a tone to refute Yun Jian, Jie Wei, Eva, and the others instantly heaved a sigh of relief.

Especially Jie Wei, he rolled his eyes at Yun Jian,

at first, he thought Yun Jian would pull some kind of trick to get him out.

But in the end...

Ha! Officer Xing's subordinates didn't even recognize her!

Wasn't Yun Jian clearly in the show again? !

Jie Wei lazily rolled his eyes at Yun Jian and began to worry about his situation again.

Could it be that he was really going to be caught together with Ling Feng?

However, just as officer Xing's subordinates and Jie Wei finished speaking, the people around them suddenly saw officer Xing as if he had seen a ghost. Looking at Yun Jian, his face turned deathly pale. His lips turned pale as he looked at Yun Jian and said in public,

"You... Why are you here today!"

Officer Xing's upper and lower lips trembled. His originally rosy cheeks turned pale and powerless at this moment, and he looked as if he had seen a ghost.

One had to know that officer Xing was a very calm and composed international criminal police officer. For him to be able to sit in his current position, his strength and ability must be indispensable.

And it was this kind of international criminal police officer that officer Xing was actually so frightened that his face suddenly changed after seeing the cloud note. His lips and teeth trembled, and he looked as if he had seen something that caused people to be extremely terrified.

“Officer Xing, you are...”the subordinate who had spoken out to refute the cloud note earlier looked at officer Xing. He was stunned for a moment before falling into a daze.

“What she said is right! She is that terrifying woman... who forced me to kneel down and beg for mercy back then!”Before Jie Wei, who was in the distance, could react.., officer Xing let out a huge sigh of relief before he admitted in front of everyone.

After he finished speaking, officer Xing heaved a huge sigh of relief. He turned his head to look at Gui Ling, suddenly, he said apologetically, “It seems that our cooperation has to be terminated. I can’t afford to offend this woman. If you have the ability, go and fight for that necklace yourself.”

After he said that, officer Xing gave Yun Jian a heavy look and waved his hand. He waved at the members of the Interpol unit under him and turned around to leave with his team.

He did not even arrest Ling Feng, Jie Wei, and Eva.

It seemed that officer Xing would rather report the crime of losing a necklace to his superior than continue to confront Yun Jian.

After a while, officer Xing, who was eyeing Ling Feng, Yun Jian, and the rest with a menacing look, ran away with his Interpol unit faster than anyone else.

Jie Wei, Eva, Calvin, Ella, and the rest who saw this scene were all shocked.

Seeing this, Yun Jian did not plan to stay here. She hooked the sky-blue necklace in her hand and swung it around. She turned around briskly, wanting to signal Calvin, Ella, and the rest to leave with her.

Calvin and Ella were not stupid. They planned to quickly follow Yun Jian and leave before Ling Feng, Jie Wei, and Eva could react.

However, just as Calvin and Ella were planning to follow the cloud paper and leave this place, a sound came first and stopped the cloud paper from leaving:

“Stop!”

Under everyone’s watchful eyes, Gui Ling, who did not have the help of officer Xing and the others, narrowed his eyes. He stretched out a skinny hand and smoothed the mask on his face, he used a strange sound to stop Yun Jian.

Hearing Gui Ling’s words, even the sharp eyes of Calvin, Ella, and the others trembled violently.

Not to mention Jie Wei, Eva, and the others. Jie Wei, Eva, and the others were so frightened that their faces suddenly changed. It was as if they had seen something terrifying. Their bodies violently paused, and their footsteps stopped.

At this moment, Gui Ling's voice sounded once again. There was a hint of fear in his words:

"Leave the necklace and you can leave. Otherwise..."

Before Gui Ling could finish speaking, Ling Feng looked at Gui Ling and snatched the right to speak:

"Gui Ling, you actually tried to scheme against me! With me here today, you can forget about taking this necklace!"

There were three groups of people who wanted to fight for this necklace.

Yun Jian, Calvin, and Aina.

Ling Feng, Jie Wei, and Eva.

After officer Xing left, Gui Ling formed a group.

The three groups of people were eyeing the necklace covetously.

However, just as Gui Ling and Ling Feng were determined to get this necklace, Yun Jian's disdainful voice suddenly sounded. His words caused GUI ling, Ling Feng, and the others to cry out from the depths of their souls:

"It's mine. None of you can take it away!"

Chapter 2270: Chapter 2271 was that she did not want to live in the world

As Yun Jian spoke, she gently shook the sky-blue necklace in her hand.

The necklace hung on Yun Jian's index finger, as if it would fly out if she was not careful.

However, she maintained a carefree expression from the beginning to the end. It was as if she was facing the threat of Ling Feng and Gui Ling, two level one godly thieves from the fox hunter organization. She did not have the slightest sense of panic or fear.

“Mr. Ling Feng, didn’t you say that you’re good at fighting head-on and that you’re strong? Quickly defeat that woman and the other level one godly thief and snatch the necklace from them!” Jie Wei remembered Yun Jian saying that Ling Feng was strong at that time, hence, he quickly suggested.

That woman was naturally referring to Yun Jian.

To Jie Wei, nothing else was important. What was important was that Ling Feng could quickly snatch the necklace from Yun Jian’s hands.

Hearing Jie Wei’s words, Yun Jian’s red arc tightened.

She lightly pursed her lips and sneered.

“The number one thief of Fox Hunter organization, Ling Feng, is indeed good at head-on combat, but have you forgotten that there’s always someone better than you? Ling Feng’s good doesn’t mean that he’s the strongest.”

Yun Jian’s cold arc and his indifferent expression caused the hearts of everyone present to race.

At that moment, just as Jie Wei, Eva, Calvin, and the others were pondering over the meaning behind Yun Jian’s words, Yun Jian stretched out her hands, then, she took out a pair of transparent leather gloves from nowhere in front of everyone present.

Then, in front of everyone present, she put the pair of transparent leather gloves into her fair and slender hands.

Her movements were slow, but she unconsciously gave off an indescribable sense of beauty.

Yun Zhi, who seemed to be slowly fiddling with the gloves, was really just a harmless 18-year-old young girl.

Just as everyone was attracted by Yun Zhi’s slow action of putting the gloves on her slender and fair hands, Yun Zhi’s eyes looked at her delicate and slender hands. Just like that, in front of everyone present, she provoked Ling Feng and GUI ling:

“I don’t have the time to interfere in your grudges. Now that the necklace is in my hands, you want it? Then use your ability to snatch it.”

“I don’t have the time to fool around with you. The two of you, attack together.”

These words came out from the mouth of an eighteen-year-old young girl with an indescribable savagery.

Hearing this, everyone present was stunned.

Especially Gui Ling and Ling Feng.

After hearing Yun Jian's words, because GUI ling wore a mask on his face, no one could see his current expression.

At that time, everyone present could sense through Gui Ling's body trembling after hearing Yun Jian's words that GUI ling was stunned.

After being stunned for a moment, Gui Ling suddenly laughed and spoke after Yun Jian finished speaking:

"Since I have already planned to get rid of Ling Feng today, do you think that I came alone?"

After saying that, Gui Ling suddenly clapped his hands.

At this moment, seven figures suddenly flashed through the darkness.

In an instant, these seven figures appeared in front of everyone.

At that time, there were men and women among these seven figures. Most of them were men. All seven of them wore masks and looked exactly the same as Gui Ling.

Ling Feng was stunned when he saw these seven people. "You guys! Could it be..."

After the seven people appeared, one of the stronger men sneered at Ling Feng:

"Ha! Ling Feng, you didn't expect this, right? Not only ghost plume, but the other eight level one godly thieves of our fox hunter organization, excluding you, want you to die..."

That's right, the seven people who appeared were the nine level one godly thieves of the Fox Hunter organization, except for Gui Ling and Ling Feng!

The seven people, including Gui Ling, all wanted Ling Feng dead!

After the muscular man spoke, he glanced at Yun Jian and said,

"Also... I'll deal with you, Little Troublemaker! Ha! You Dare to be so arrogant in front of us, do you not want to live in this world anymore?"
