Chapter 2271: Chapter 2272, her cloud note, was the ancestor of the godly thieves

This unexpected turn of events caught everyone off guard.

Gui Ling's intention to deal with Ling Feng had already exceeded everyone's expectations.

At this moment, other than Ling Feng himself, the other eight level one godly thieves of the Fox Hunter organization all wanted to kill Ling Feng!

In other words, at least in terms of the idea of killing Ling Feng, the other seven level one godly thieves of the fox hunter organization who suddenly appeared on the scene were all in agreement.

Since this idea was in agreement, then no matter how powerful Yun Jian was, he would be able to match up to Gui Ling.

Now, Gui Ling had a helper!

Gui Ling's helper was not an ordinary person, but a well-known level one godly thief of the Fox Hunter organization.

There were seven of them!

It should be known that it was already shocking enough for a level one godly thief of the Fox Hunter organization to appear.

And Now? The only nine grade one godly thieves from Fox Hunter organization were all present!

Moreover, eight grade one godly thieves wanted to join forces to kill one of them!

This cloud token actually dared to use that tone to speak to ghost plume just now. Originally, even if she did not die, she would have been killed by her own stupidity!

When Jie Wei, Eva, Calvin, Ella, and the others saw this, they all sucked in a deep breath and were momentarily stunned.

This time, Yun Jian was really done for!

Gui Ling was not alone! When his seven helpers arrived, Yun Jian had even said such outrageous words just now. This time, he had completely sent himself to a dead end!

After hearing the robust level one godly thief man's words, Ling Feng suddenly shook his head and laughed. After laughing, he seemed to have given up his life. He raised his head and met the eyes of the eight level one godly thieves, including Gui Ling, he laughed involuntarily:

"I, Ling Feng, have lived my entire life. Although I have stolen countless rare treasures, I have never done anything to harm anyone's life. It is already a foregone conclusion that you all want to kill me. There is no harm in it. From the very beginning when I stepped into the world of godly thieves, I have no intention of leaving alive.

"But they are innocent! Consider this my final plea to you all. Let them leave! Take the necklace!"

Ling Feng pointed at Yun Jian, Jie Wei, Calvin, and the others as he spoke to Gui Ling and the eight level one godly men.

After Ling Feng said this, Gui Ling laughed out loud.

Gui Ling already knew that Ling Feng's death was a foregone conclusion today. After laughing out loud, he directly refuted Ling Feng's words:

"You are about to die, why are you still pretending to be a good person? This little girl dared to speak to me like that just now. I will humiliate her to death! Only then will I be able to vent the hatred in my heart!"

After saying this, the hearts of the surrounding people trembled violently.

Jie Wei and the others were so frightened that they did not dare to say a single word.

The situation that had developed to this point was completely a confrontation between a group of international bigwigs!

How would they dare to say a single word!

Did they not want to live anymore!

At that time, Gui Ling who saw this scene once again let out a strange laughter that was like a silver bell. After laughing, he looked at Yun Jian and said to Ling Feng,

"Since you care so much about her, then I'll shoot her in front of you!"

As he said this, Gui Ling reached out his hand to take out a pistol from his waist.

But just as he reached for his waist, he felt nothing.

Gun?

Where's his gun! ?

Just as Gui Ling thought of this, a beautiful girl suddenly said,

“Is this what you're looking for?”

After she finished speaking, Yun Zhi's hand that was placed behind her back suddenly stretched out.

However, what was different from before was that at this moment, Yun Zhi's hand stretched out and grabbed a bunch of weapons.

All sorts of guns and knives.

When Gui Ling, who saw these guns and knives, and the Seven Level One godly thieves who appeared later saw this, their faces turned pale with fright:

“Isn't that... isn't that our weapon? Why is it with you! ?”

How did all those weapons end up in the hands of this little girl? !

Gui Ling was so frightened that her face suddenly changed.

Who On Earth was she? !

“Who on Earth are you? !”Gui Ling exclaimed!

They were the first-class godly thieves of Fox Hunter organization! It meant that they were the most powerful top-notch thieves in this world!

But Yun Jian... had stolen all their weapons without them even realizing it!

This was almost impossible!

Who Was She? !

However, just as Gui Ling cried out in shock, Yun Zhi stood in front of everyone present. In front of Gui Ling, Jie Wei, Calvin, the Seven Level One godly thieves, and everyone present, she spoke in front of everyone, she said something that made everyone present flabbergasted:

“Regarding the question of who I am..

“Listen, I’ll only say it once!

“When the leader of the fox hunting organization founded the fox hunting organization, I was invited to be the first ancestor of the world of thieves, the highest VIP seat!”

Chapter 2272: Chapter 2273 the leader of fox hunting, Long XI, was present

The year when fox hunting was founded was not very long ago.

When fox hunting was founded as a thief organization that specialized in stealing, the leader of fox hunting had invited various international bigwigs to attend and attend dinner parties.

At that time, cloud note, which was also known as Sha Shen, was not the number one spy on the international spy list.

The reason why the leader of Fox Hunter organization, Long XI, founded an organization that specialized in stealing was because of Yun Jian’s reminder.

When Sha Shen first started accepting missions, she did not accept assassination missions, but stole various cultural relics.

Moreover, when Yun Jian started as Sha Shen, she did not become famous by taking normal assassination missions.

When she first started, she only accepted theft missions, and occasionally accepted an assassination mission. Moreover, when Sha Shen took on theft missions, no matter how many people blocked her, she successfully completed the mission.

Ever since she took on the godly thief mission, she had never failed!

Ordinary godly thieves more or less always made mistakes. And when Sha Shen first came out from the dark soul organization, she not only became the strongest person in the history of the godly thief world in the shortest amount of time.

Later on, no matter how many people tried to stop her, she could successfully complete the mission.

However, that was not all. During the period when Sha Shen took on the godly thief mission, whenever she took on the godly thief mission, she would send a theft letter to the other party before she stole the treasure.

As the saying went, when she stole a treasure, she had to tell the owner of the treasure that she was here to steal your treasure. If she had the ability, she had to be prepared.

Even so, when Sha Shen took over the stealing mission, even if the other party knew that Sha Shen was coming to steal the treasure and hired countless international people to guard it, there was nothing they could do.

What was even more terrifying was that not only could sha shen steal the treasure when the owner of the treasure knew that she was coming to steal it and hired countless international top-notch figures to guard it, she could also steal the treasure.

Furthermore, they had no way of knowing when Sha Shen had stolen the treasure!

The extent of her power was that in the shortest amount of time, she had shocked the entire world.

Some people even said that Sha Shen was not a human, but a ghost! Only a ghost could do this!

People in the world said it like the clouds.

At that time, Sha Shen was also known as the “Founder of the world of thieves” because no one could defeat her in the world of thieves!

Later, Sha Shen switched to an assassination mission, and her influence in the world was too great. That was how the blood night incident came about.

After the blood night incident, Sha Shen became famous in a single battle and swept the entire world.

At that time, the leader of the Fox Hunter organization, Long XI, listened to Yun Jian’s words and founded the Fox Hunter organization.

And Yun Jian was naturally hired by the leader of the Fox Hunter organization, Long XI, to be the world ancestor of the divine thieves as the highest VIP seat!

At that time, this incident shook the entire world. Everyone present knew about it!

Standing in front of Yun Jian, Gui Ling and Ling Feng, as well as the seven Fox Hunter organization thieves, everyone present had heard of this matter.

Hence, when they heard Yun Jian’s words, everyone had a shocked expression.

“The ancestor of the world of thieves... you are the ancestor of the world of thieves? Isn't the ancestor of the world of thieves... ?”

When Fox Hunter organization was founded, the ancestor of the world of thieves, who had been hired by the leader of Fox Hunter organization, Long XI, as the highest VIP seat, was none other than Sha Shen, who was ranked number one on the international spy rankings!

Gui Ling stared at the cloud note with wide eyes and said in a daze.

The ancestor of the world of thieves was Sha Shen, who was ranked number one on the international list of agents back then!

This was something that everyone in the industry was familiar with.

At that time, after Gui Ling heard Yun Note's words and combined with the cloud note, he was able to steal the weapons hidden on their bodies from him and the seven international first-class thieves of Fox Hunter organization without anyone noticing.

Gui Ling's body was stunned. He was stunned for a long time and could not say a word.

Because when GUI ling said the word “Sha God,”his voice was so soft that Eva, Jie Wei, Calvin, Ella, and the others could not hear him at all. Therefore, after Jie Wei and the others heard Gui Ling's words, their eyes only froze for a moment, they were in a daze for a moment.

At this moment, it was not only GUI ling. Even Ling Feng and the other seven level one godly thieves of the Fox Hunter organization had a sudden change in expression.

However, Jie Wei could not see the expressions of Gui Ling and the other seven first-grade Fox hunters. He was already unhappy with Yun Zhi, so he refuted her with words:

“Ha! She can't be the ancestor of the world of thieves. How many years ago was the ancestor of the world of thieves? How Old was she then? She even claimed to be the ancestor of the world of thieves! PFFT! She must be joking!”

“Are you addicted to showmanship?”

Jie Wei glanced at Yun Jian with contempt and spoke without mercy.

Jie Wei had just finished speaking when he suddenly saw Gui Ling, Ling Feng, and the other seven level one godly thieves suddenly look towards a corner. When they saw a mature male figure walking over from a corner., all of them lowered their heads and shouted at the mature male who had appeared:

“Leader, leader!”

It was the leader of the Fox Hunter organization, Long Xi, who had appeared!

At that time, Long Xi, who was the leader of the Fox Hunter organization, had appeared in front of everyone's eyes. He first used the aura of a king to scan the surroundings. When he saw the cloud tablet, his pupils shook violently.

Then, Long Xi quickly walked to the cloud tablet in front of Jie Wei, Eva, and everyone present. He spoke to the cloud tablet with an extremely respectful tone:

"You're here too!"

Long Xi was already thirty-five years old this year. At this age, to be able to become the leader of the fox hunting organization was already considered young and promising.

Long Xi could be considered a mature and experienced man. Although he was already thirty-five years old, his appearance was not bad and his skin was well-maintained. Just from his appearance alone, he gave off a different kind of handsome feeling.

Long Xi walked up to Yun Jian in front of everyone and said this in front of everyone. This could prove one thing.

Yun Jian was really the ancestor of the once godly thief world!

This change not only frightened Jie Wei and the others, but even Gui Ling, Ling Feng, and the others who had already guessed this point were once again horrified.

It was not strange that Long Xi could recognize Yun Jian.

Yun Jian's appearance before her rebirth had always been a myriad of changes in front of outsiders. She always wore a human skin mask on her face.

At this moment, Yun Jian's height and figure seemed to have shrunk when compared to her previous incarnation's body.

When she had just been reborn into this body, this body's height was only a little over 1.6 meters. But now, Yun Jian was the same as her previous incarnation. He was 1.65 meters tall, neither too much nor too little. His figure was also similar to her previous incarnation's, it was so perfect that no one could find fault with it.

In addition, Long Xi was very familiar with the Yun Zhi. Just by looking at the terrifying aura of the Yun Zhi, he had already recognized the Yun Zhi.

Upon seeing this scene, the expressions of Gui Ling, Ling Feng, and the other seven level one godly thieves of the Fox Hunter organization all changed.

Meanwhile, Jie Wei, who had just said that he was addicted to the Yun Zhi show, was so frightened that he took a deep breath. His rosy face, which had just regained some warmth, suddenly turned as pale as a sheet of white paper.

Eva, who was also unhappy with Yun Zhi, took a deep breath at this moment.

“Put away that respectful look of yours. I haven’t seen you for a few years, but I didn’t expect you to become better at acting. Where is the smug look you used to have in front of me?” Yun Zhi glanced at long XI and crossed her arms, it seemed like she wanted to see how long long XI was going to pretend to be.

When everyone heard this, they could not help but be slightly shocked.

From what Yun Jian said, it seemed that she was very familiar with long XI, the boss of Fox Hunter organization?

“Hey, don’t you enjoy the feeling of being respected and worshipped by others? Tell me, which little brats in my organization offended you just now? I’ll catch them later and fry them up!”

After Yun Jian said this, Long XI, who had been looking at Yun Jian respectfully and even lowered her head to speak to Yun Jian in a trembling tone, suddenly changed into a completely different person, he walked up to Yun Jian and spoke in the tone of an old friend.

As he spoke, Long Xi even glanced left and right at Gui Ling, Ling Feng, and the Seven Level One godly thieves. It was as if he had seen his prey. It was as if as long as Yun Jian mentioned which one of them had provoked her..., long Xi really wanted to capture these little rascals and fry them.

The appearance of the leader of the Fox Hunter organization was something that no one present had expected.

At that time, Gui Ling, Ling Feng, and the other nine level one godly thieves who had been aggressive just now were now like lifeless balloons. All of them lowered their heads and did not dare to say another word.

At this time, the long XI gathered around Yun Jian and said to him with a smile,

“Aiya, my little S, look at you. It has only been a few years since we last met, and you are becoming more and more beautiful... look at your breasts, your butt... tsk...”.

“Speaking of Little S, four years ago, I said that I would marry you when you grow up. Do You Want to reconsider?”?

“Oh, I’m afraid that no one in this world will want a savage woman like you! So, do you want to obediently come into my warm embrace?”?

“Although I’m a little older, I love women! I haven’t married you for so many years just to wait for you to grow up...”.

“Come, Little S, give me a hug!”

Little S was the unique name Long Xi used for Yun Zhi.

Four years ago, Long Xi had told Yun Zhi that he wanted to marry her when she grew up.

At that time, Yun Zhi had not been reborn yet. She had never thought about love, so she did not reject Long Xi, nor did she agree with long Xi.

However, Yun Zhi did not know that when Long Xi said these words as if it was a joke, his eyes revealed his sincerity.

At that time, after long Xi finished his last sentence, he was about to reach out to Hug Yun Zhi.

Even though Yun Zhi didn’t give him a chance to hug her and avoided her every time, Long Xi didn’t give up.

He was waiting for her to accept him.

However, before long Xi could reach out to Hug Yun Zhi, a handsome figure suddenly appeared in front of everyone.

In the next moment, a slender hand grabbed long Xi’s hand that was about to Hug Yun Zhi. Suddenly, a long leg came out of nowhere and kicked long xi 10 meters away mercilessly. At the same time, a magnetic and furious voice suddenly sounded:

“That’s my woman. Stay away from her!”

After the Long Xi was yanked away, he was caught off guard and kicked in the abdomen. Because in front of Yun Jian, the Long Xi was completely unprepared. This kick sent the long XI flying ten meters.

Fortunately, the Long Xi was powerful. Although he was kicked to the ground, he quickly stood up and glanced at the handsome man who suddenly appeared in front of him.

The man was in his early twenties. He wore black casual clothes and a pair of black casual pants.

The black casual clothes and black casual pants gave the handsome man an indescribable sense of handsomeness.

The simple light clothing outlined the handsome man's long figure. From Afar, the handsome man gave people the feeling that he was an unattainable king.

The Aura that belonged to a king was enough to make Long Xi's soul tremble just by looking at it.

What struck long XI the most was not that this handsome man was younger, taller, more handsome, and more worthy of Yun Jian than him.

It was...

The handsome man was wearing black casual clothes and black casual pants, and Yun Jian was wearing black tights and tights. Upon closer inspection, the patterns on his clothes and pants...

They were exactly the same!

This meant that the two of them were wearing... matching outfits?

Long Xi was so angry that he almost spurted blood.

When Yun Jian first debuted as the god of destruction, most of the missions he took were for godly thieves. From then on, Yun Jian had gotten to know long XI, who was an international godly thief.

The first thing that attracted Long Xi's attention was Yun Jian's unique skills.

When Yun Jian debuted as a rookie, he had collaborated with Long Xi a few times.

Long Xi had always treated Yun Jian as his little sister because of Yun Jian's unique strength. He had collaborated with Yun Jian many times.

Later on, Long Xi gradually discovered that Yun Jian's strength was so strong that it was hard not to admire it.

At the age of fourteen, she had directly killed the former BOSS of the ancient massacre mercenary group. At such a young age, she had climbed to the top of the international spy rankings!

Her achievements were far higher than his!

It was only then that long Xi realized that he liked this girl who was almost 20 years younger than him.

Therefore, Long Xi told Yun Jian that he would wait for her to grow up and let her consider whether she should marry him as his wife.

During these four years, Long Xi had been waiting for Yun Jian.

Not only was he waiting for her to grow up, he was also waiting for her to consider his original proposal.

Back then, Yun Jian did not reject him, nor did he agree to it.

This gave Long Xi hope. He believed that the next time he saw her, she would agree with him.

Long Xi had waited for Yun Jian for four years. During these four years, he had not come into contact with a single woman.

Even the Fox Hunter organization was founded without a second thought just because of Yun Jian's suggestion.

As the first person in the world to start a godly thief organization, Long Xi was bound to take a lot of risks.

However, he didn't expect the Fox Hunter organization to succeed.

At that time, Long Xi watched Si Yi suddenly appear beside Yun Jian and pull Long Xi's hand that he hadn't been able to pull before him. Long Xi clenched his fists and said, "Your woman? How come I didn't know that little s has a man?"

He had waited for four years. The moment he saw Si Yi, Long Xi's heart turned cold. He said hatefully.

“I don’t Believe You!” Long Xi shouted again before Si Yi could respond.

Long Xi’s deep eyes narrowed. He looked at Si Yi’s unbelievably handsome face and said to Yun Jian,

“Little S, you didn’t find a man to act in order to reject me, did you?”

Si Yi frowned when he heard Long Xi’s words. The next second, Si Yi put his hand on the back of the cloud parchment and lowered his handsome face in front of long Xi. He grabbed the cloud parchment’s small lips and their lips met...

After a long while, Si Yi raised his head and narrowed his eyes. His eagle-like sharp eyes glanced at long Xi from the corner of his eyes. Then, he said to long Xi in a provocative tone,

“Other than giving birth, we have done everything between husband and wife. How can it be fake?”

Si Yi’s words were full of provocation, and it made all the cells in Long Xi’s body boil.

“You! You actually...”

Long Xi stood up and stared at Si Yi with his eyes wide open. He said hatefully.

The nine level one godly thieves of the Fox Hunter organization, as well as Jie Wei, Eva, Calvin, and Ella, who were standing next to him, stared at the scene in front of them in a daze. They couldn’t say anything.

Just now, the nine first-class thieves of Fox Hunter organization had killed each other in front of everyone, and no one present could say a word.

Not to mention now.

“Little S, this is fake, right? !” Long Xi covered his heart and looked at Yun Zhi with a pained expression.

He had waited for her for four years!

In exchange for this sentence?

However, just as long XI finished speaking, Si Yi once again wrapped his arms around Yun Zhi's slender waist before Yun Zhi could say anything. He wrapped his arms around Yun Zhi's slender waist from behind and lowered his head in front of Long Xi to gently bite Yun Zhi's earlobe.

It looked exactly like Si Yi's actions when he was doing something embarrassing to Yun Jian.

However, that was not all. After Si Yi bit Yun Jian's earlobe, he provoked Yun Jian again in front of the Long XI. He only pressed his thin lips against Yun Jian's ear, and there was not a single expression on his handsome face.

The expressionless Si Yi was undoubtedly angry.

He was angry that Yun Jian had actually talked to Long Xi just now.

"When we go home this time, we will have a child. The boy looks like me, and the girl looks like Xiao Jian." Si Yi's mellow voice spread throughout the entire place.

Even Eva and Ella, who were not young anymore, could not help but blush when they heard Si Yi's words.

"Enough! Little S, I only want your answer! Are you... related to him or not!"

Long Xi interrupted Si Yi. His fist was hidden in his sleeve, and he looked like he was heartbroken.

"Yes." Yun Jian gave Long Xi a faint reply.

After that, she shook Si Yi's hand and said decisively to Long Xi,

"I'm sorry, I've never had feelings for you."

Liking meant liking, not liking meant not liking.

Cloud Paper did not reply to the dragon seat, because she does not know what love is.

The original Cloud Note, just a little over ten years old.

Grow up in the dark soul organization of Cloud Paper, do not know love this kind of thing.

And at this moment she can tell Long Xi very clearly, she just never had feelings for him.

When Long Xi heard Yun Jian's words, he felt a suffocating pain in his heart. He reached out and covered his head. After thinking for two seconds, he suddenly raised his head and said to Yun Jian:

"Little S, you're going to the Death Island, right? I'll go with you! I Won't Give Up! I've waited for you for four years! How many years has this man only appeared in your world?"

"I'll use my actions to prove that not only can I wait for you for four years, ten years, or twenty years, I'll also wait for You!"

Long Xi's words caused Si Yi's sharp eyes to become even more profound.

Yun Jian did not finish this time.

After a moment of silence, no one said anything.

Si Yi grabbed Yun Jian's small hand and left the Paris Museum.

When Calvin and Ella saw this, they agreed on a time and place to meet with Yun Jian and left first.

Long Xi stood at the same spot and dealt with the matter of the nine first-level organization thieves killing each other.

At that time, Si Yi pulled Yun Jian into his Lamborghini sports car and directly pulled Yun Jian, who was sitting in the front passenger seat, to the driver's seat.

Si Yi then flattened the car seat, grabbed that seductive little mouth, and kissed it deeply.

Yun Jian had not been intimate with Si Yi for a long time. After being kissed by Si Yi, she put her arms around Si Yi's neck and allowed him to do whatever he wanted.

The moment the kiss became passionate, Si Yi raised his hand and pulled off the black tights and panties on her lower body...

Yun Jian felt Si Yi's actions and immediately blushed. Before her panties were torn off, she clamped her legs together.

"Here..."this was the entrance of the Paris Museum. If someone were to see this... Yun Jian's face turned red.

"The car windows are covered with glass. The people outside can't see us. Be Good, Little Jian. Just once."Before Yun Jian could react, Si Yi bit her earlobe.

Earlobe was the most sensitive part of Yun Jian, not to mention Yun Jian missed Si Yi very much...

So, after a while, he was pushed down and satisfied him...

...

Inside the Paris Museum.

The place where Yun Jian and the others were staying.

Before long XI left, he saw Yun Jian being pulled away by Si Yi. He was a little anxious and wanted to chase after him, but the internal conflicts of the organization had not been settled yet.

His heart was anxious. In addition to the fact that he had just suffered at Si Yi's place, Long Xi turned around and shouted angrily at his subordinates, Ling Feng, Gui Ling, and the nine level one godly thieves present:

"What were you guys doing just now? !"

The Fox Hunter organization was a godly thief organization. It was not like an Assassin's secret service organization where you had the ability to kill the other party at any time.

The thief organization had signed a contract with long XI. If one of the thieves in the organization died, Long XI would suffer a heavy loss.

Even if one of the lowest level six thieves in the Fox Hunter organization died, Long XI would suffer a heavy loss, not to mention a level one thief.

Not to mention the highest level level one thief.

Therefore, the Fox Hunter organization had its own rules. The most important rule was that the thief organization would not allow them to kill each other.

But what did he discover today?

The eight level one godly thieves of the fox hunter organization had actually joined forces to deal with one of the level one godly thieves. They even wanted to kill Ling Feng together!

The Level One godly thieves of the Fox Hunter organization were also afraid of their leader, Long XI. At this moment, all of them lowered their heads and did not make a sound.

At that time, only long XI and the nine godly thieves of the fox hunter organization were present. Jie Wei, Eva, Calvin, Ella, and the others had already left.

However, just as the dragon seat was flustered and exasperated, Gui Ling suddenly took the lead and asked the dragon seat:

“Boss, wrong. We admit it and will not attack again in the future. But I want to ask, is that woman really the number one on the international spy rankings...”

Gui Ling, Ling Feng, and everyone present had already guessed this, but they still could not believe it.

That young girl who looked like she was only eighteen years old... ! ... was she really the number one spy on the international spy rankings, Sha Shen? !

“Other than her, who else could have such an aura? ! I’ve known Sha Shen since the moment she debuted, how could I have mistaken her for someone else? !” Long Xi didn’t wait for Gui Ling to finish speaking before he interrupted her.

These words made GUI ling and the others take in a deep breath.

They also accepted this fact happily.

...

After settling the internal conflict in the organization, Long XI sent Gui Ling and the rest to reflect on their actions behind closed doors. After ensuring that they would not attack Ling Feng again, he walked out of the Paris Museum’s entrance.

Just as he walked out of the Paris Museum’s entrance, he saw the window of a Lamborghini sports car not far away open.

Through the window, long XI happened to see that Yun Jian, who had already packed his clothes, had buttoned the last button on his shirt. He pushed Si Yi with a flushed face.

Si Yi’s handsome face, perfect to the point of perfection, looked straight at Yun Jian and curled up into an extremely handsome arc.

His eyes were as dazzling as the stars as he stared at Yun Jian. His hand slipped under the hem of Yun Jian's shirt and grabbed a soft spot.

At this moment, the cloud paper had already put on its clothes. The Long Xi could only see a "Pig's trotter" in the cloud paper's coat...

Without even looking, he knew what the two of them were doing in the car.

However, that was not all. Before the Long Xi was so angry that he vomited blood, he suddenly saw Si Yi's handsome lips on the Lamborghini sports car raise into a conspiratorial smile. The next second, he lowered his head and kissed the cloud paper's shoulder and neck in front of the Long Xi. He planted one red strawberry after another on it...

Seeing this scene, the Dragon Mat was so angry that he almost vomited blood!

"You, what did you guys do here just now!" Seeing this, the dragon mat rushed up almost in an instant. His clenched fists were so angry that they trembled up and down. All the cells in his body were boiling violently.

At this moment, the Heisei had already tidied up the clothes that the cloud paper had just taken off.

His woman could only be his. He did not allow outsiders to see her in the slightest.

Si Yi reached out to hold the Yun Zhi's long hair. After planting strawberry after strawberry on the Yun Zhi's shoulder and neck in front of the Long Xi, he even stole a joss stick from the Yun Zhi's lips and coldly replied to the long Xi,

"You did what you loved to do."

This insidious sentence came out of the indifferent and expressionless Si Yi's mouth without any sense of dissonance.

These words were enough to make long Xi vomit blood.

Long Xi was already so angry that his entire body was twitching and his pupils constricted. However, that was not all. Si Yi paused for a moment and then stretched

out his hand in front of Long Xi to touch the cloud paper's beautiful hair. His eyes that were as dazzling as the stars stared at the cloud paper and continued,

"The kind that doesn't Wear Tao."

After that, Si Yi stretched out his hand to touch the cloud paper's abdomen and said the words that were enough for Long Xi to spit out blood that could shoot him into the sky:

"Just now, Xiao Jian might already have my child in his stomach."

After he said that, Long Xi's face turned as black as charcoal.

Long Xi suddenly clenched his fists tightly. His clenched fists overlapped each other and trembled violently. He was so strong that it was as if he would rush up to Si Yi and beat him up in the next second.

But in the end, Long Xi held back.

Long Xi was a very farsighted person. Even if he liked a girl and the girl he liked was in the arms of another man, Long Xi would not easily make a move. In fact, when it was necessary.., he would hold himself back from telling the other party that he liked the other party.

But Si Yi and long XI were the exact opposite.

If he liked her, he liked her. If anyone dared to touch his woman, he would turn them into trash!

Yun Jian didn't say anything after hearing Si Yi's words. Instead, she nestled in Si Yi's arms.

After hearing Si Yi's words, Yun Jian didn't feel anything wrong except for a hint of redness on her face.

After Si Yi said this, Yun Jian felt a warm current flow through his heart.

"Little s, even if that's the case, I won't Let Go! I Don't care if you have a man! As long as you're willing, my arms are always open for you! I don't believe that this man loves you more than I do! I will use my own actions to prove it!"

Long Xi couldn't stand the sight of Si Yi and Yun Jian hugging each other anymore. After he solemnly said this to Yun Jian, he turned around and left.

Long XI had never told Yun Jian that he loved her before. In fact, when he told Yun Jian that he would marry her when she grew up, he said it in a joking manner.

Yun Jian did not expect Long Xi to be so persistent.

When Yun Jian saw this, he blinked slightly.

Yun Jian had always been an idiot when it came to relationships.

Therefore, after hearing Long Xi's words, she was not very moved.

Her heart was very small, and now it only belonged to Si Yi.

...

Late at night, Si Yi brought Yun Jian to a snack shop that was open all night and had a meal.

Every time Sha Shen went on a mission, he would find a snack bar for a meal to relieve the pressure.

Today, after obtaining the sky-blue necklace, it could be considered a mission. Si Yi had already understood Yun Jian's special fetishes quite thoroughly.

He loved not only her person, not just her body. He loved every bit of her, including her hobbies, to the extent that she liked to eat everything, to the extent that she had some special fetishes.

This was a crayfish restaurant.

Yun Jian loved to eat crayfish, especially after completing missions.

However, after Yun Jian completed missions, he rarely went to the crayfish restaurant to eat crayfish. That was because things like crayfish were difficult to peel.

Tonight, Si Yi brought Yun Jian to the crayfish restaurant and ordered three big pots of crayfish. He did not eat any of them and peeled them for Yun Jian.

One had to know that Si Yi used to hate peeling such greasy things the most.

Especially crayfish. Not only were they greasy, but they were also prickly.

But today, he peeled three big pots of crayfish for her.

Seeing Si Yi peel the crayfish for her, the cloud note did not stop him. She only held the chopsticks and tilted her head slightly to look at his handsome and well-defined face. Her heart felt warm.

If one had to ask what was the happiest thing in Yunjian's life, it would probably be meeting Si Yi.

She had never thought that she would meet someone in her lifetime who she could truly love.

And the person she met just happened to have gathered all the good qualities of the person that all the girls had fantasized about.

...

Si Yi brought Yun Jian to a nearby hotel, and the next day, he brought Yun Jian back to s country.

"Little Jian, something happened on the God continent. I have to go back. If I can't make it back in time, you go to Death Island first. I will catch up with you."

After sending Yun Jian safely to s country, Si Yi said to Yun Jian.

Suddenly, news came from the God continent, saying that something big had happened. As the ruler of the God continent, Si Yi had to make a trip back.

Of course, Death Island was the residence of the mysterious person. Si Yi would not let Yun Jian take the risk alone.

Since he said that Yun Jian would go to death island first, there must be a way to catch up.

"Okay." Yun Jian nodded.

After thinking for two seconds, yun Jian asked again, "There shouldn't be anything big on your side, right?"

The God continent suddenly had something urgent that needed Si Yi to go back. Although Yun Jian did not know what it was, she still asked Si Yi.

She asked this because she was worried that if he returned to the God continent, something that would endanger his life would happen.

If a person cared about another person, whether it was friendship, family, or love, as long as something happened to the other person, they would be worried half to death.

The reason why Yun Zhi said this when he heard Si Yi say that there was something on the God continent was because she instinctively thought of Si Yi's safety. She did not want him to have any accidents.

After Si Yi heard Yun Jian's words, he raised his handsome face. He stretched out his slender hand and pressed down on Yun Jian's head, gently stroking it.

His usually sharp eyes that were as sharp as a sword were enough to kill. When he looked at her, his eyes instantly became gentle.

"Little Jian, don't worry. I'm fine." Saying this, Si Yi gently rubbed Yun Jian's head.

Hou Si Yi bent down and stole a joss stick from Yun Jian's soft lips. A satisfied smile appeared on his handsome face.

"Don't let the leader of the Fox Hunter organization get close to you. I'll be jealous." Si Yi's words were straightforward.

After that, Si Yi bent down again and kissed the little mouth that he missed so much in the area where pedestrians would occasionally pass by.

"Okay." Yun Jian's cheeks blushed slightly after being kissed so many times by Si Yi. She nodded to Si Yi and agreed.

Although he often did some embarrassing things to her now, such as bending over and stealing a kiss from her, she was not afraid to say it out loud. Even if she liked it, she enjoyed it very much.

...

After Si Yi left, Yun Jian came to a snack shop near a pier in s country.

The meeting place she had arranged with Calvin and the others was here.

As soon as Yun Jian arrived, she saw Calvin and the others standing not far away waving at her.

At that time, she put her hands in her pockets and walked towards Calvin and the others.

"I've got the yacht. It belongs to my friend. Lend it to us for two days. That yacht is a yacht that was modified from a warship from the old era. Not only is it fast, even tanks and bombs can't destroy it! "Let's go to the dock now. We can set off immediately!"

Calvin spoke to Yun Jian in fluent English.

“Okay.” Yun Jian nodded.

Just as the group of people turned to walk towards the dock, an aged male voice stopped everyone’s footsteps:

“Wait! I’ll go too!”

Hearing this aged and familiar male voice, Yun Jian narrowed his eyes and turned his head. He saw the only person who had lived in a mental hospital for more than 20 years, the only one who had survived from death island.., mr. Horace, who had played the fool for more than 20 years, walked over with his crutches.

Horace’s appearance was something everyone present had never expected.

To Horace, Death Island had become his nightmare. His group of pirate friends had all died on Death Island, and it was a man-made death.

Then there must be something or someone on Death Island that would make Horace Shudder just by looking at it!

But Horace actually appeared here and even offered to travel with cloud note and the others.

This was something that cloud note and everyone present had never expected.

Although cloud note was surprised, he never showed his inner emotions on his face.

At this moment, when Ella saw Horace walking over with his crutches, she was very surprised. After being stunned, Ella quickly walked over to support Horace, who was not very tall, only 1.6 meters, and was very skinny.

“Grandpa Horace, Why Are You Here?” Ella asked after supporting Horace.

“Yes, cloud note has promised to avenge you. Do you still want to go?” Calvin asked in confusion after listening to Horace’s words.

From Cloud Note's previous performance in the museum in Paris, as well as the leader of the fox hunting organization, they all seemed to be very familiar with her!

And she was actually the ancestor of the world of thieves.

Although Calvin, Ella, and the others did not know the specific identity of Yun Jian, they could already guess that Yun Jian's identity must be extraordinary. This also meant that Yun Jian had promised Horace, so he would definitely do it.

"Yes, I want to go personally! Actually, when I left the island of death alive, it was not only because I was afraid that someone else would set foot on the island of death, but also because I was afraid.

"For the past twenty years, I have been living under the condemnation of my conscience. Because of my fear, I was afraid of stepping on the road to Death Island again. I was afraid of death, so I would rather pretend to be crazy and act stupid. I was afraid! I was terrified! I did not dare to go to Death Island, let alone avenge my brothers who had died!

"But today, I understood. I want to go to death island myself. I want to avenge them! "I can't stand this kind of life anymore. I'd rather die on death island than live in this kind of pain day and night!"

Horace's determination had been set. Hearing this, everyone present seemed to see Horace's struggling heart.

Yes, when Horace had escaped from Death Island when he was young, after experiencing the terrifying hell-like death island, he had pretended to be crazy and stupid. It was not only to prevent international people from going to death island again.

A bigger part of the reason was that he was afraid that outsiders would force him to lead them to death island.

Even if his brothers died on Death Island, he still did not have the courage to go to Death Island again. He was afraid of death!

In fact, he did not even have the courage to avenge his brothers!

For the past twenty years, Horace had been living in the conscience of not being able to avenge his brothers. He was the only one who left Death Island alive, but he left all his brothers' bodies in that horrible place.

After 20 years, Horace finally understood. He wanted revenge! He wanted revenge for his dead brothers!

Even if he died in that place, he didn't want to suffer the pain and despair of his conscience!

Everyone was pleasantly surprised to see Horace join them.

After all, they weren't familiar with the place to go to Death Island, and Horace had been there before.

...

The group came to the dock nearby.

"It's Over There!" Calvin led the group to his yacht.

Just as they came to the front of his yacht, Yun Jian and the others suddenly saw that there were no less than 500 people who had sneaked away from the Paris Museum, including Javier, Eva, and the others. Each of them carried various weapons and stood in front of the dock, they stopped in front of Calvin's yacht.

"They're here! They're here! They have the most important guide necklace to the island of death! Stop them and don't let them leave!"

After seeing Yun Jian, although he was a little afraid, he still stood on the high ground and pointed at the nearly 500 people behind him, shouting loudly.

After saying this, Jie Wei shrunk back in fear and retreated behind the 500 people.

These 500 people were obviously international adventurers who were looking for excitement and hadn't found Death Island for many years.

Some of them were even willing to hurt others in order to achieve their goals.

Jie Wei was afraid of Yun Jian, so he called these people to stop Yun Jian and the others. He planned to force Yun Jian to bring all of them with him.

Otherwise, no one can think of going to Death Island!

After speaking, Jie Wei slipped behind the 500 people.

At that time, the leader of the 500 people, a muscular man with a rough appearance and a long black beard that almost covered half of his face, stood in front of Yun Jian. He looked like he had been training his muscles all year round, after hearing Jie Wei's words, he looked at Yun Jian with a fierce expression.

"Are you planning to go to Death Island by yourselves? Listen, Little Girl, bring us with you! Otherwise, you won't be able to pass through here today!"

The muscular man glared at Yun Jian with a fierce expression. He stood in front of Yun Jian, and his big and fierce muscles could be seen clearly even through his shirt.

If an ordinary girl heard what the muscular man said, she would probably be scared to tears by now.

However, Yun Jian only frowned slightly.

Countless adventurers who loved adventure and pursued excitement flocked to this place after hearing the rumors about the island of death.

The reason was that they suddenly received a message deliberately spread by Jie Wei, saying that to go to the island of death, they had to get a sky-blue necklace.

And that necklace happened to be in Yun Jian's hands!

One had to know that when they first heard the news of Death Island, countless adventurers risked their lives to go to the sea to reach Death Island, but there was nothing they could do.

People were cheap. The more they couldn't get something, the more they wanted to get it.

The more mysterious Death Island was, the more people wanted to go there.

Unfortunately, this group of people couldn't go to death island even after using countless methods.

There was once someone who tried to test whether Horace, the only one who had been to Death Island, was acting crazy and fooling around, putting a real snake that wasn't poisonous on Horace's bed to scare him.

What these crazy adventurers did was something that no one else could have thought of.

They were even willing to do anything to achieve their goals.

Today, Jie Wei called these nearly 500 crazy adventurers over with the purpose of forcing the cloud note to hand over the necklace.

If she didn't hand it over? Fine, then no one would want to go to Death Island!

One had to know that strength comes from numbers!

Unless Yun Jian really had the ability to single-handedly suppress the entire crowd!

However, the group of adventurers in front of her, a group of 500 people, were all martial artists!

How could those who went out to take risks without some ability succeed?

He, Jie Wei, really didn't fucking believe it. Her Yun Jian was only an 18-year-old girl in her prime. Could it be that she really had the ability to single-handedly suppress 500 people?

Therefore, after Jie Wei stirred up the matter, she hid behind these five hundred people because she was afraid that she would be affected.

At that time, the muscular man's words made everyone's sharp eyes jump, and their hearts trembled slightly.

Yun Jian didn't say anything. A murderous intent flashed through her sharp eyes.

The muscular man didn't see the murderous intent in Yun Jian's eyes. He thought that Yun Jian was only an eighteen-year-old girl in her prime, so he didn't care. Instead, he turned his head to look at Horace and said angrily,

"Damn Old Man, how dare you lie to me! Two years ago, I asked you if you knew how to go to Death Island, and you actually pretended to be crazy!"

The muscular man was the one who had used a non-poisonous real snake to scare Horace in order to find out if Horace was pretending to be crazy.

Horace was the most afraid of snakes. He was really scared, but he forcefully endured it.

"Heh, damned old man, just you wait. When I arrive at Death Island, I'll be the first to kill you!"

What the muscular man said to Horace was not a joke.

After he finished speaking, the muscular man turned his head and glared fiercely at the cloud paper. He threatened, "Damned girl, hand over that necklace! Otherwise, I'll let the hundreds of men present take turns to rape you to death!"

The muscular man was someone who would really do such a thing.

When the people around heard the muscular man's words, they all let out a perverted smile.

Yun Jian was beautiful. As long as a man saw it, he would not be able to control himself.

As the muscular man spoke, he even stretched out his hand towards Yun Jian to ask for the necklace.

When Jie Wei, Eva, and the others who were hiding in the dark saw this, they let out a vicious smile.

Now, let's see what Yun Jian will do!

How could she suppress the entire crowd by herself!

Even an international figure wouldn't be able to do this!

However, just as Jie Wei and the others thought this and even revealed a smile, Yun Jian, who had been lowering her head, suddenly raised her head. In front of everyone, a butterfly knife suddenly appeared in her hand. That knife.., she threw it over a dozen meters away, directly stabbing into the muscular man's heart in front of everyone.

Then, everyone felt a figure flash past in front of them.

In the next second, Yun Jian, who was at least a dozen meters away from the muscular man, had already arrived in front of the muscular man in a flash. She kicked the muscular man to the ground, then stepped on his abdomen with one foot, she pulled out the butterfly knife that had pierced the muscular man's heart in front of everyone.

Immediately, blood gushed out from the muscular man's heart. He widened his eyes and died with regret.

Everyone's pupils constricted when they saw this scene. It was not just Jie Wei, Eva, and the others. Even Calvin, Ella, and the others were so frightened that their expressions changed drastically.

She had killed someone! What a terrifying skill!

Fast, accurate, ruthless, and crippled! She showed no mercy at all!

From the time the accident had happened until now, it had only taken three seconds!

However, just as everyone was so frightened that their hearts almost suffocated, they saw Yun Jian holding a butterfly knife that was stained with fresh blood. In front of everyone present, her eyes, which were half covered by her bangs, revealed a bloodthirsty look, like the Red Arc of the Grim Reaper, he sneered:

“Those who block me will die!”
