Chapter 2281: Chapter 2282 suppressed the entire scene, and the population went missing

At that moment, everyone present seemed to have seen a grim reaper from the Sea of Hell.

Yun Jian stepped on the muscular man's corpse with one foot and held the butterfly knife that was still dripping blood with one hand. The bright red blood dripped from the tip of the butterfly knife and sank into the cement ground.

Yun Jian pulled out the knife from the muscular man's heart and the muscular man died on the spot.

Yun Jian's expression did not change at all.

Her calm and composed appearance made it seem like the person she had just killed was not a living person, but an ant that had been stepped on and was so lowly that it had become dust.

"She, she, she... she actually dared to kill people!" Jie Wei hid behind a group of people and looked at Yun Jian, who had killed the muscular man in front of these five hundred adventurers, with Shock and terror in his eyes. His pupils constricted.

Jie Wei, Eva, and the others who saw this scene were so frightened that their faces turned purple, especially Jie Wei.

This group of five hundred people had only come because Jie Wei had leaked the news!

Therefore, Jie Wei's face turned green with fear when he suddenly saw this scene. He stared at the scene in front of him with terrified eyes. He wanted to retreat back into the crowd and try to cover his tracks.

At this moment, not only Jie Wei, but the 500 or so adventurers present also took a few steps back in fear when they saw Yun Jian's action.

It was because Yun Jian's action just now was too shocking!

That Aura was so strong that no one present was unafraid.

Even Calvin, Ella, Horace and the others who were with Yun Jian were scared.

Seeing that everyone around was scared, Yun Jian narrowed her eyes. As if she had never done anything shocking, she took out a piece of white paper from her pocket and wiped off the blood stains on the butterfly knife in her hand, she inserted it back into her thigh.

After doing this series of things, Yun Jian turned around and glanced at Calvin and the others.

The meaning of that glance was to ask Calvin and the others to board the yacht first.

Calvin was already thirty-two years old this year. Although he could not be considered experienced, he was a person who had experienced a lot of amorous feelings, so he could naturally understand the meaning of the glance.

Seeing this, Calvin quickly signaled to the people in his team, including Mr. Horace. They quickly walked past the aisle that was blocked by the group of five hundred people. One after another, they walked to the yacht and started the yacht's engine, they were ready to set off.

Yun Jian was the last to board the yacht.

After she killed the muscular man on the spot, she sent a message to the Gu sha mercenary group in front of everyone and wrote an address.

The Gu Sha mercenary group had people who specialized in cleaning up corpses.

Yun Zhi sent this address to the Gu Sha mercenary group and they immediately sent people to clean up the corpses.

At that time, Yun Zhi stepped on the ground and easily jumped into the yacht.

Because of Yun Zhi, this group of adventurers were unwilling to just watch Yun Zhi and his group leave. However, although they were martial artists, they were not people who relied on strength to survive internationally.

Therefore, until the yacht left, this group of adventurers did not dare to move again.

...

The group of people who drove the yacht out of the sea heaved a sigh of relief.

Calvin drove the yacht. When he thought of the scene that happened just now, he could not help but sweat.

Until the yacht drove a few hundred meters out of the coast, the group of adventurers finally relaxed completely.

“Yunjian, you really let us down just now!” Calvin let out a long sigh.

Hearing this, Yunjian only nodded his head.

Until the yacht was a few thousand meters away from the coast, in order to ease their emotions, they turned on the radio installed in this high-class yacht.

At this moment, as soon as the radio was turned on, a beautiful female voice rang out. This beautiful female voice said today’s news that made people’s hearts tremble:

“Today, there are frequent cases of missing persons in country S. Currently, the police are still investigating. Please pay attention to us for the specific information. We will broadcast it as soon as possible...”

Chapter 2282: Chapter 2283: Inside the island of death, a shocking secret

Translator: 549690339

In S Country?

Wasn’t this coast that they went out to sea in S Country?

They were on a yacht heading to the island of death. As soon as they turned on the radio, they heard such a shocking news broadcast. Everyone present was shocked.

“What, what kind of lousy news broadcast is this? It actually broadcast such a strange event. Do you know that we’re going to the island of death to take an adventure?” After a companion who was traveling with Calvin and Ella heard the news on the radio., his whole body trembled. He walked over and turned off the radio. He sat down on the side.

The man who spoke was twenty-one today. He was eleven years younger than Calvin and his name was Felic.

Felic was young. He was not as steady as Calvin, nor did he have the mindset that Horace had lived for almost a lifetime.

Under such an atmosphere and hearing such a news broadcast, the young people loved to think too much. Therefore, Felic shivered deeply at this moment.

In the eyes of foreigners, Felic was quite delicate and pretty. He had thick eyebrows, big eyes, and a high nose bridge. He was the typical face of a young foreign man.

But in such an atmosphere, the words that Felic said seemed to have lost some of his manhood.

Horace, who heard the news just now, was completely stunned. But he quickly reacted. Before the others noticed his horror at this moment, he tried his best to suppress the fear in his heart, it was as if he was recalling something that made one's hair stand on end.

The others did not notice Horace's action.

At this moment, cloud note, who was sitting on the deck of the yacht, put one foot on the ground and lifted his other foot to sit on the deck next to the railing of the yacht in a lazy posture. He squinted his eyes and saw Horace's expression suddenly change, he instantly suppressed the fear in his eyes.

But Yun Jian didn't say anything.

"The yacht has been changed to auto-sailing mode, and there is enough food on the ship to feed us for a month. Now, we should plan the specific route to Death Island."

Calvin, who had been sitting in the operation room, walked out of the operation room and came to the front of everyone. He suddenly spoke.

"Mr. Horace, it's time for you to recall the situation on Death Island. Then, we'll make a plan." Calvin's rules were very clear. At this moment, he was already standing in front of Horace, he spoke to Horace in a very sincere tone.

At that time, Horace was silent for two seconds.

Two seconds later, Horace reached out and touched his forehead, frowning.

The next second, Horace pinched his forehead with one hand and shook his head slightly. Then, he raised his head and said to everyone,

"The Death Island is just like its name. Those who enter the island will die without a doubt! And we weren't the only ones who entered the death island by mistake. I'm the only one who left the Death Island Alive!"

The Death Island was just like its name. Those who entered the island would die without a doubt.

Finding this sky-blue necklace wasn't the only way to go to Death Island.

But with this sky-blue necklace, no matter which direction you went, this sky-blue Necklace would lead you to Death Island.

If people who didn't want to go to death island got this sky-blue necklace, then it was the same as being sent to the road of death. Just like the Friends of the old pirate Horace and Horace twenty years ago.., they had entered Death Island by accident.

"So, what exactly is on Death Island! And why did your friends Die Here!" Calvin asked the main point in one sentence.

Speaking of this, Horace paused again, and then he said in front of everyone with a terrified face,

"There is a big monster that eats people on Death Island! "That monster is ten times bigger than an ordinary tiger or lion! "Moreover, the humans living on Death Island will feed the living people to that big monster in front of everyone if they catch a living person. That big monster will eat the living people alive!"

Chapter 2283: Chapter 2284 there was a big monster on the island

Translator: 549690339

In short, the people living on the death island were also humans. They were also humans from Earth.

However, they were bloodthirsty and bloodthirsty. They never treated living people from outside as human beings. As long as they caught a living person, they would tie them up and directly grab the big monster that was much bigger than any other creature on Earth, they would let the monster swallow the living person alive!

Some people were even caught in the claws of the monster. It bit off their heads, their bodies and hands, and their feet.

The tragic death of the monster was completely unacceptable.

Hearing Horace's words, everyone present felt their scalps go numb. At this moment, their hearts trembled.

"Then your friends, are..."even Calvin, who had always maintained a steady state of mind, could not help but feel his heart tremble when he heard Horace's words. He was shocked.

“That’s right! When we first arrived at death island, we were captured by the group of humans that lived on Death Island. Later, we found out that the group of humans actually fed the huge monster with living humans.

“My friends were all bitten to death by that huge monster on the spot. That huge monster ate my friends and spat out their bones in front of everyone...”

Horace interrupted Calvin’s words. At this moment, Horace clenched his fists tightly. It was as if he was so frightened that he could not move. His mind was like a movie as he recalled the scene that made him tremble in fear.

“This, this world actually has such a monster! It, then who exactly is it!” After hearing Horace’s words, the younger felix trembled violently. He was so scared that his face suddenly turned pale.

Horace was silent for a long time.

That look seemed to be adjusting his own state of mind.

After a long time, Horace finally adjusted his own state of mind. He let out a big sigh of relief. Then, he gently wiped the cold sweat that had been scared out of his forehead and said to felix,

“I also don’t know who that big monster is. When I first met that big monster, I was really scared! That big monster was ten meters tall, as tall as a three-story building! Its body was very sturdy, and it was locked inside the Death Island by the group of people from the Death Island!

“After I left the Death Island, I read all the information about the species on earth, but every species on earth was completely different from that big monster! It’s like hell in the myths! Everything on the island has transcended nature, transcended the world!”

Horace’s words spread throughout the entire place, once again startling the tensed emotions of everyone present.

“I’m a Little... Scared...” Alara pulled the leather jacket on her upper body and shrank back in fear.

“Don’t panic. Before I came, I asked someone to get some weapons, guns, and ammunition. Everyone should take some with them before they go to the island. Even if there’s really something, they can protect themselves!” Calvin patted Alara’s back and said.

Hearing that Calvin had brought weapons, Ella immediately heaved a huge sigh of relief.

“The Big Monster You mentioned, is it as big as a bull’s horn, as fierce as a tiger, and as big as a horse’s hoof, but it’s more than ten times bigger than all the creatures on Earth?”

Just when everyone was in a state of panic, Yun Zhi, who had been silent all this time, suddenly said this.

After he finished speaking, everyone turned to look at Horace.

After Horace Heard Yun Jian’s words, his eyes suddenly widened. He looked at Yun Jian in shock. In front of Calvin, Ella, and everyone else present, he suddenly spoke in front of everyone’s terrified eyes:

“How, how do you know!”

After hearing Horace’s words, everyone present stared at the cloud note in shock, as if they wanted to get an answer from the cloud note.

How did her cloud note know what the big monster on Death Island looked like?

She had never been to Death Island! How did she know what the monster on Death Island looked like?

Horace himself was also shocked and terrified as he stared at the cloud tablet, as if he wanted to see a hole in it.

How did she know the appearance of the big monster? !

Under everyone’s eyes, the cloud tablet curled its red lips. She smiled coldly and said, “I guessed it.”

“You guessed it so accurately! ?”Felic widened his eyes and spoke first.

After FELIC said this, the cloud note did not speak again.

Everyone could only give up.

Because when they saw the cloud note in this state, she definitely did not want to say anymore.

At that time, the cloud note was still sitting on the deck of the yacht. One of her hands was lazily placed on her lap. She narrowed her eyes, and her thoughts drifted far away.

According to what Houles had said, the cloud note could probably guess the identity of the big monster.

That big monster must be a magical beast from thousands of continents.

As for why it ran from thousands of continents to the island of death, and why the group of people fed it with living people, this was still a mystery to the current cloud note.

...

After sailing for about five hours, there were no changes in the surroundings.

After the sun set, everyone slept in a few rooms on the yacht at night, leaving one person to keep watch.

At four o'clock in the morning the next day, Yun Jian was woken up by an excited voice:

“Look! Look!”

After the voice sounded, Yun Jian rolled over and got out of bed.

As soon as he walked out of the house on the yacht, he saw a thick smoke surrounding him. It was like a fairyland, very beautiful.

The Legendary Island of death would only appear on the surface of the Indian Ocean at dawn, and it would be surrounded by a thick fog. It was so beautiful that it would attract passing ships to dock at the shore of the island of death.

But the more beautiful something was, the more dangerous it was.

“That faintly discernible island is the island of death! Everyone, get ready!” Horace said in a slightly trembling voice.

After saying that, Horace was stunned for a moment before continuing, “As soon as we enter the island of death, the group of humans on the island of death will appear and capture us. We must remain vigilant at all times!”

Horace's words caused everyone on the yacht to turn around and grab all kinds of weapons. They held them in their hands and remained vigilant at all times.

Only when the boat docked at the shore did everyone carefully get off the boat, trying not to disturb the group of humans on the island of death who would feed the living humans to the big monsters.

Horace, Calvin, and the others were very careful, as if they were afraid of disturbing the monsters on the death island. However, Horace, Calvin, and the others were very careful.

Yun Jian turned over and got off the ship. She walked into the death island lazily without any fear at all.

What was more surprising was that Yun Jian deliberately made heavy footsteps with every step she took. It was as if she was afraid that she would not be discovered by the terrifying humans on the island of death.

“Yun Jian, be careful, you will be discovered!” Even Calvin could not help but sweat when he saw this. His expression froze.

However, Yun Jian who was standing in front narrowed her eyes. A sharp glint flashed across her eyes and she said calmly, “It’s too late. We have already been targeted the moment we entered the island.”

Horace was the first to be stunned when he heard the words of the cloud note.

Next were Calvin, Ella, Felic, and the others.

After being stunned for a moment, the faces of the people present, which were still slightly trembling, instantly turned as pale as paper.

“We were discovered so quickly! ?” Felic was greatly shocked. His eyes were wide open, and his mouth was so wide that his chin could be placed shoulder to shoulder. He shouted these words with a horrified look on his face.

Although the people around were scared, they didn’t show it on their faces like Felic did.

Cloud note, who was standing in front of them, narrowed his eyes.

“Put down your weapons and let them catch us.”

Horace, Calvin, and the others clenched their weapons and looked at the group of people who lived on Death Island. They were so scared that their scalps went numb, and their palms that were holding their weapons broke out in cold sweat.

The calm and short voice of the cloud tablet, which only Horace, Calvin, and the others could hear, suddenly sounded.

Hearing this, Felic, who was standing behind Calvin, narrowed his eyes and said to the cloud tablet in the lightest voice, "You're Crazy! That group of people..."

After that group of people captured them, they would do what they did to Horace's friends back then, capture all of them in front of that big monster, and then...

They would let that big monster eat them on the spot!

And the cloud tablet actually asked them to put down their weapons of survival. Did it not want their lives!

But before Felic could finish his words, Calvin's deep male voice suddenly sounded, "Listen to her!"

Calvin was the leader of the group, and even Felic listened to Calvin's words.

Therefore, after listening to Calvin's words, no matter how afraid Felic was, he put down the gun in his hand.

At that time, the people who had surrounded them from the death island were already standing in front of Yun Jian and the others.

This group of people was no different from the humans on earth, and they were not the barbarians on the death island.

They were also speaking the common English on Earth.

Yun Jian and the others did not resist. This group of people ruthlessly tied up Yun Jian and the others, and very quickly, they brought them to the place where Horace had mentioned that the big monster was tied up.

This was an open space beside a hillside. After Yun Jian and the others were brought here, they saw the big monster that was entrenched in the same place not far away.

Or it could be said that this was a huge magical beast.

This magical beast was as tall as a three-story building. Its head was like an ox's horn, its body was like a fierce tiger, and its feet were like the hooves of a horse. Moreover, it was dozens of times larger than the creatures on Earth.

There was no doubt that it was a magical beast from tens of thousands of continents.

At that time, this huge magical beast was tied up by the thick and enlarged chains around it, restricting its range of movement.

What puzzled Yun Jian was that this magical beast from tens of thousands of continents was controlled by this group of humans?

Just as Yun Jian narrowed his eyes and looked at the scene in front of him, the leader of the group of humans who had tied up Yun Jian and his group on Death Island suddenly pointed at Yun Jian and Ella, and ordered his subordinates,

“Add more breakfast for Lord Magical Beast, just those two women!”

The leader of the group of humans who lived on death island was called Boji.

Boji had a very thick beard at the bottom of his face, almost covering his entire face. Outsiders could not see Boji's face clearly, only a pair of deep black eyes.

Even Boji's age could not be identified.

At this moment, Ella, who was called by name, was so scared that her face turned pale.

“What! me?” Ella looked at the magical beast in the distance.

The magical beast in the distance was grabbing a person who was desperately struggling in fear with its claws. Just like that, it sent the person into its huge mouth, which scared the person who was desperately struggling, crying and begging for mercy, he swallowed the person in one gulp.

Not long after, blood flowed out from the mouth of the magical beast. After chewing for a minute, the magical beast swallowed a pile of bones in front of everyone.

A living person was gone just like that.

Ella who saw this scene almost fainted.

Calvin, Felic, and the others were so scared that their faces were pale and their lips and teeth were trembling.

The calmness that they had previously had completely gone out of control now.

No wonder Horace would rather pretend to be dead than return to death island after leaving. Every time he mentioned the incident on Death Island, it was as if he was recalling something terrifying.

Because back then, Horace had watched his own friend being swallowed by that huge magical beast!

The feeling of being helpless was unimaginable to outsiders!

“No! No, no, no! I don’t want to Die! I don’t want to Die! ! !”Ella was so scared that she struggled to escape, “I want to go home! I don’t want to stay in this damn place! I want to go home! ! !”

However, it was useless to cry.

Soon, someone came to suppress the cloud paper and Ella and walked towards the magical beast.

Only when the cloud tablet and Ella were pushed towards the magical beast did Berge’s men quickly retreat.

At this time, the magical beast had already picked up the cloud tablet and Ella out of habit and was about to send them into its huge mouth...

“No! ! ! Ella! Ella! That cloud tablet just told us to put down our weapons. Shouldn’t there be a way for us to escape? Is she deliberately trying to kill us because she wants to die? ! !”

“We didn’t mistreat her along the way! How could she do this! Ella! No, no! ! !”

Seeing the magical beast reach out to pick up the cloud note and Ella, and was about to put them into its mouth, Felic thought of the innocent person being eaten by the magical beast just now. His eyes widened, and he let out a final cry of despair.

Even Calvin, who had always been calm, seemed to have lost his composure at this moment. He was stunned for a long time by this rapid reversal.

At this moment, Calvin, Felic, and the others completely understood Horace’s heart that was on the verge of collapse from despair.

Seeing his little friend being fed to his mouth by a huge magical beast like this, in the next moment, he would turn into a pile of bones just like the innocent person just now...

Everyone was really panicking!

The leader of the group of people who specialized in capturing and raising magical beasts was used to such a scene. He stood on the spot and listened to his subordinate standing beside him exclaim in surprise,

“Boss, after Lord Magical Beast Eats these two women, he will eat 10,000 people! After Lord Magical Beast Eats 10,000 people, he will listen to your orders!

“When that time comes, let Lord Magical Beast Open the passage to the thousands of continents. Then, with the help of Lord Magical Beast, you can become the ruler of the thousands of continents!”

That’s right. Bo Ji and his men were stationed on Death Island to capture living people to be eaten by this magical beast.

And Burgie and his men were just ordinary humans.

Twenty-five years ago, Burgie and his men were just a group of pirates drifting in the Indian Ocean.

Then one day, they accidentally barged into the death island and accidentally entered another world from the Death Island!

That world was one of the thousands of continents!

Later, Boji and the others were forced to leave the thousands of continents, but everything in the thousands of continents fascinated them.

Immortal cultivators could live for thousands of years! Tens of thousands of years! They could even live forever after reaching a certain realm!

In addition, everything in the thousands of continents attracted him.

Therefore, Boji was fascinated and had the idea of occupying the thousands of continents.

But in the end, Boji and the others were still driven out of the thousands of continents.

However, before they left the thousands of continents, a man in a black robe suddenly appeared.

That man gave Boji a small magical beast and said that he wanted boji to feed the small magical beast with living people. When he fed ten thousand people, the magical beast would listen to him.

Even if he wanted the thousands of continents, this magical beast would be able to get them for him!

Boji was tempted. He immediately took action after returning to Death Island.

That was how he got everything that happened after that.

And this little magical beast also became bigger and bigger, turning into its current terrifying appearance.

Now, seeing that the magical beast had devoured ten thousand people and was only two people away from finishing the job, all the cells in Boji's body were violently trembling and boiling!

He saw that the magical beast had grabbed the cloud paper and Ella in its palm and sent them to its mouth...

Then, the Magic Beast put the cloud paper and Ella into its mouth in front of everyone.

“No! ! !”

Calvin, Felic, and the others cried out in despair.

At this moment, the cloud paper and Ella had been swallowed by the Magic Beast.

Everything was over.

Burgie laughed wildly, as if he saw himself becoming the ruler of thousands of continents.

But as he laughed, boji suddenly stopped smiling, and his smile instantly froze.

He... he saw something!

The Magical Beast had just swallowed the cloud paper and Ella, and hadn't even started chewing yet.

With a “Chi” sound, the huge magical beast seemed to have its stomach cut open by a huge sharp sword from the top of its head. Its body instantly split into two halves within everyone's sight!

This huge magical beast died on the spot!

At that moment, the moment the magical Beast's head split open, a girl in black clothes and black pants used her spiritual power to grab another girl who had fainted out of fear.

Just like that, from the mouth of the magical beast just now.., she landed on the ground at a height of more than ten meters in front of everyone.

The Huge Magical Beast's body split into two halves and fell behind her just like that.

At this moment, everyone present felt as though they were looking at the god of slaughter from Hell.

They saw the cold-looking young lady with a red arc in the air. She suddenly opened her mouth in front of everyone and spoke to Boji and the others. However, she said something that made everyone so shocked that they forgot to breathe:

“A mere lowly magical beast dares to act arrogantly in front of me. Go To Hell!”

Chapter 2287: Chapter 2288, she was the one who had fallen

Translator: 549690339

At this moment, Ella was being grabbed by the cloud tablet through the air with spiritual energy. Therefore, when she fell from a height of more than ten meters, she did not fall directly. Instead, she was gently sent to the ground.

However, at this moment, Ella had already fainted from the shock of the scene just now.

She thought that she was already dead.

After all, in that scene just now, Ella and the cloud tablet were directly sent into the mouth of the magical beast.

As long as the magical beast chewed on them, it would be able to bite off the cloud tablet and Aina. Just like how it swallowed the innocent person, it would swallow the cloud tablet and aina into its stomach.

If a normal person could survive this, it would be unrealistic!

Therefore, when the magical beast swallowed the cloud tablet and aina into its stomach, everyone present thought that the cloud tablet and Aina had already died.

Calvin, Felic, and the others were so desperate that their faces were pale. The moment Yun Jian and Ella were swallowed, Calvin, Felic, and the others closed their eyes, they didn't dare to look at the scene that appeared in front of them.

But what they didn't expect was this.

The moment Yun Jian and Ella were swallowed by the magical beast, from the top of its head, the magical beast seemed to be pierced by a huge sharp sword. Its huge body was instantly torn into two halves.

Yun Zhi and Ella also successfully escaped from danger.

However, the most shocking thing was not here.

It was...

When the Yun Zhi landed on the ground, she actually leaped into the air and used her spiritual energy to grab the unconscious Ella!

This meant that the death of the magical beast was also done by Yun Zhi! ?

What was the identity of this Yun Zhi! ! She actually had the ability to instantly tear the magical beast's body into two halves after being swallowed by the magical beast!

Calvin, Felic, and the others widened their eyes in horror when they saw this scene. Horace, who thought that Yun Jian and Ella would not be able to escape the calamity, also stared at this scene in horror for a long time, unable to come back to his senses.

Burky, who felt that he was about to succeed and that he was about to let the huge magical beast listen to his orders and lead him to the tens of thousands of continents and rule the tens of thousands of continents, stared at this scene fiercely.

At that second, Bo Ji's expression changed drastically. He looked at the scene in front of him in horror. His face instantly turned pale as if he had seen something that made people realize that it was impossible.

"You, you, could you be someone from the tens of thousands of continents? But it's impossible! It's impossible! It's impossible!"

"That person said that even people from the tens of thousands of continents would never be able to kill this magical beast! Who On Earth are you? !"

Boji's face suddenly turned pale, as if he had seen something unbelievable. He stared at the cloud note in shock and fear, and all the cells in his body were trembling and boiling!

That person was naturally referring to the black-robed person who had given the small magical beast to boji.

“That’s impossible! Could it be that you’re from the God continent? But if the people of the God continent want to leave the god continent, it won’t be so simple. There are no more than ten gods in this world who can open the passage to leave the God continent!

“Among the thousands of continents, other than the legendary sorcerer God who died a thousand years ago, no one else has the ability to kill my magical beast. Tell me! Who Are You? !”

Burky’s face was distorted. He stared at the cloud letter fiercely, as if he wanted to see a hole in the cloud letter.

Horace, Calvin, Felic, and the others were confused. They didn’t know what Burky was talking about.

However, Horace and the others could tell that the sorcerer God that Burgie was talking about was definitely a big shot that could shock the other world he was talking about!

However, as soon as Burgie finished speaking, the cloud note stood in front of Burgie again in front of everyone present.

Then, she drew a red arc and instantly used a voice that was so cold that it made people feel like their bones were being pierced. In front of Horace, Calvin, Burgie, or the people behind Burgie, she said,

“I’m sorry, but I am the witch God, the daughter of the witch clan, the number one aristocratic family on the imperial dragon continent that you mentioned a thousand years ago!”

Chapter 2288: Chapter 2289 was waiting for Si Yi on death island

Translator: 549690339

She was the daughter of the shaman clan, the god of shamans, who had once swept through thousands and thousands of continents and caused thousands and thousands of people to hear her name. All of them were terrified!

When everyone heard Yun Jian’s words, they were all stunned.

And Boji had clearly heard about the legend of the god of shamans in great detail when he had no intention of going to thousands and thousands of continents twenty-five years ago.

Moreover, the sorcerer God had yet to return twenty-five years ago, so Boji's memory had stopped at that time when the sorcerer God had yet to return.

That was why Boji had said 'other than the legendary sorcerer God who had already fallen a thousand years ago'.

However, Boji had never expected that this extremely ordinary girl would actually be the legendary sorcerer God, the daughter of the sorcerer clan of the Imperial Dragon Continent, who had already fallen and had once dominated thousands of continents! ?

Boji felt a sense of panic in his heart. Combined with the previous actions of the cloud note, he was terrified for a moment.

This girl should really be the witch clan's daughter of the Imperial Dragon Continent!

"You, why did you come here!" Boji suddenly changed his tone. He used the attitude of a eunuch who would belittle himself when facing the emperor to bow towards the cloud note and spoke.

The previously aggressive Burgie had actually changed his attitude towards the cloud note?

Horace, Calvin, Felic, and the others who saw this scene changed their expressions in surprise.

"Where did you get that Magical Beast?" However, the cloud note did not respond to Burgie's words. She spoke very calmly.

Hearing the Cloud Note's words, Burgie's eyes rolled. He quickly told the cloud note everything he knew:

"It was given to me by a man in a black robe when I went to thousands of continents. That man said that as long as I fed my little magical beast to ten thousand people, that Magical Beast would listen to me and bring me back to thousands of continents!

"Then I can live on thousands of continents forever!"

Boji still had some reservations. It was what Boji wanted to conquer thousands of continents, but he obviously could not say that to outsiders.

After getting the information about the black-robed man from Bo Ji, Yun Jian narrowed his eyes.

"Where is that person?"

This was the reason why Yun Jian came to death island.

Yun Jian didn't come to Death Island for fun. She came to find information about the mysterious person.

She learned from Jian Ning's foster father that there was a place on death island that led to where the mysterious person lived.

It was precisely because of this that Yun Jian came here.

"This... "... I don't know the details, but I remember that twenty-five years ago, when I was in thousands of continents, I secretly followed him after he left. I saw him walk into a place. As long as you promise not to kill me, I'll take you to that place! Maybe you can find him!"

What Boji was most afraid of right now was being killed by Yun Jian.

He was not stupid. Among the group of people who came with the cloud tablet, Boji recognized Horace's face at a glance.

Horace was the only one who was accidentally slipped away by him and escaped from the island of death!

Since Horace dared to come back, it must be for revenge.

"I won't kill you. Take Me there."The cloud tablet narrowed her eyes. Her eyes flashed with a bright light as she said this.

After Horace Heard Yun Jian's words, he didn't scold Yun Jian for not following the agreement and taking revenge for him.

Everyone had their own thoughts.

When they went to the tens of thousands of continents, the group of people lived on death island before Boji mentioned that it might be the residence of the mysterious person.

Boji was afraid of Yun Jian, so he took out the best ingredients on Death Island to entertain Yun Jian and the group.

Cloud note planned to go to the mysterious man's residence in the thousands of continents after death island arrived.

Chapter 2289: Chapter 2290 the past of the Master God and Yan

Translator: 549690339

At this moment in the divine continent.

Baili family.

The Divine Lord's mother, Baili Yan, rubbed her eyes. She was about to turn around and sit up when she suddenly felt a touch of flesh beside her.

She felt that there was someone sleeping next to her.

The touch of flesh was very obvious. There was a living person sleeping next to her.

Currently, Baili Yan was wearing a set of pajamas. Her smooth and beautiful thighs were exposed. She was lying on her side on the bed. When she turned her head to look at that beautiful curve, it was enchanting enough to make people unable to take their eyes off her.

Reality proved that Baili Yan was very beautiful.

When Baili Yan woke up and saw the handsome face of the main god who was sleeping next to her, her entire person seemed to be frightened by something. With a roll, she rolled out of the bed, then, she half-dragged the blanket and looked at the main god with a fierce expression:

"Why are you here!"

The main god propped himself up. The main god who had returned to his youthful appearance was no longer an old man. At this moment, the main god was very handsome. He was eighty percent similar to Si Yi, but in terms of appearance, the main god was slightly inferior to Si Yi.

Of course, it was only slightly inferior. The young-looking main god was still extremely handsome.

Baili Yan looked at his handsome face and blushed slightly. However, she still covered herself with the quilt and pointed at the door as she shouted at the sovereign:

"Get Out! Get Out! Your injuries have already healed. Hurry up and get back to Your Divine Hall! Don't Let Me See You Again! We agreed to never see each other again!"

After all, they were once husband and wife. Even if the sovereign had done something very overboard to her in the past, Baili Yan still left the sovereign to recuperate in her baili family for a very long time.

This injury was left behind when Yun Jian and Si Yi fought with the mysterious person before entering the divine spring.

Who would have thought that the main God would hook a handsome arc and bend down in front of Baili Yan. Reaching Out, he pinched Baili Yan's chin and kissed her.

Baili Yan wanted to dodge, but in the end, she didn't run away with all her might. After all, she had feelings for the main god. Baili Yan's mouth was covered by the main god.

A kiss fell, and the main god looked sincerely at Baili Yan, he sighed and then said, "Yan, forgive me. You See, our child is already so old, and we even have a child. Why are you still making things difficult? Follow me again, eh?"

As he spoke, the main god reached out his hand towards Baili Yan's lapels.

"No, I don't forgive!" Baili Yan glared at the main god.

But in the end, her mouth was sealed. For some reason, Baili Yan was once again carried onto the bed by the sovereign...

...

Why did Baili Yan hate the sovereign so much? It was because Baili Yan felt that she had been forced to do so from the very beginning.

As early as tens of thousands of years ago, Baili Yan had been known as the number one beauty of the divine continent.

At that time, the sovereign had already become the ruler of the divine continent.

There was once when Baili Yan accompanied her father to the temple to attend a gathering, and the Master God took a fancy to her.

Secretly, the Master God confessed to her, but Baili Yan tactfully rejected him.

Later on, there was a time when the head of the Baili family was 10,000 years old, so he held a gathering.

The Master God gave the Baili family great face and personally went to the Baili family to congratulate them.

Because the master God had a noble status and had confessed to her, Baili Yan was afraid that he would force her to marry him, so she was afraid of meeting the Master God, so she fled.

Everyone in the Baili clan was in the main hall of the Baili clan, and Baili Yan had fled by herself to the backyard of the Baili clan.

But who would have thought that she would run into the sovereign just after taking a few steps.

“You’re running away from me?”The sovereign grabbed Baili Yan’s hand and pressed her down into a small stone cave within a rockery in the back garden.

Seeing the sovereign suddenly appear, Baili Yan’s face turned sideways in shock. “No, no...”

“Do you really hate seeing me that much?”The sovereign saw how Baili Yan was avoiding him, and a surge of anger rose in his heart.

In the next second, he pressed Baili Yan against the rockery, held her down, and lifted her beautiful legs. He did something that Baili Yan hadn’t wanted to forgive him for thousands of years...

Chapter 2290: Chapter 2291 recalling the past, the main god and Yan (1)

The main God had always been instilled with a strong idea by his father.

If you want something and can’t get it, then forcefully possess it.

The main God had never paid any attention to women, but all of this changed after he met Baili Yan.

He wanted her!

Who knew that after Baili Yan knew his feelings for her, she repeatedly avoided him.

Before the Baili family’s patriarch’s 10,000 th anniversary celebration, Baili Yan had not avoided the main god once or twice.

As the saying goes, things don’t happen three times. After Baili Yan was confessed to by the main god, she had avoided the main god at least ten times.

This time, the main god was furious.

Not to mention that the main god was the supreme god of the divine continent. His father had instilled an idea in him since he was young.

If you couldn't get what you wanted, then you could just take it.

Therefore, in this lonely night, on the back garden of the Baili family, on the rockery, the main god forcefully took possession of Baili Yan...

...

The Baili family head was drinking and having fun in the main hall of the Baili family. It wasn't until he got to know the gods who had come to celebrate his 10,000 th birthday that the Baili family head discovered that his youngest daughter, Baili Yan, had disappeared.

"Have you found her?"The patriarch of the Baili family frowned and asked anxiously when he saw the subordinates of the Baili family walking over.

At this time, the banquet had already reached the end.

When the subordinates of the Baili family heard the words of the patriarch of the Baili family, they shook their heads and said, "Your subordinate searched the nearby area, but couldn't find the young miss."

"This Yanyan, why is she so disobedient? She even ran out to play at such an important occasion!"After listening to the words of his subordinates, the patriarch of the Baili family spoke in a rather angry tone.

However, those who were familiar with the Baili family's patriarch could tell that although the Baili family's patriarch's tone was filled with deep dissatisfaction, his words contained endless love for his daughter Baili Yan.

The Baili family's patriarch doted on his youngest daughter Baili Yan the most. This was something that everyone on the God continent knew.

Although the Baili family was not one of the top ten heaven-defying families on the God continent, the Baili family was a special case on the God continent.

Although the Baili family was not ranked among the top ten families, the Baili family's power was equivalent to the top three of the top ten families.

At this banquet, there were many people who came to the Baili family to congratulate the Baili family head.

Therefore, after the Baili family head finished his angry words, a middle-aged man with the same appearance as the Baili family head walked over and said to the Baili family head:

“Patriarch Baili, your daughter Baili Yan is not only beautiful, but also has absolute wisdom! Therefore, on this point, you don’t have to worry about your daughter.”.

“The little girl has grown up. It’s normal for her to not like such an occasion. Patriarch Baili, don’t treat your daughter as a child.”.

“Moreover, after I saw your daughter leave this place, Lord Sovereign also walked in the direction that your daughter left. Presumably, Lord Sovereign also doesn’t like such a lively occasion.”.

“Haha, since the Lord Sovereign is heading in the same direction as your daughter, then even if your daughter encounters any trouble, the Lord Sovereign will still be there to support her! You, Ah, can relax!”

This person was clearly here to curry favor with Patriarch Baili.

However, in truth, after hearing this person say that he saw the Lord Sovereign and his daughter heading in the same direction, Patriarch Baili’s heart truly relaxed, and he let out a sigh of relief.

The Master God was the ruler of the God continent and would protect every god on the God continent.

Therefore, when he heard that the master God left in the same direction as his little daughter, the Baili family head was also relieved.

Even if Baili Yan encountered something, as the ruler of the God continent, the Master God would definitely not stand idly by...

Thus, the Baili family head continued to entertain his guests. At this moment, even in his dreams, he would never have imagined that the Lord God, who he thought would come out to protect his daughter even if something happened.., was precisely the source of his beloved little daughter’s “Accident.”.

...

Baili family, back garden, Rockery.

The Lord God pressed Baili Yan here and forcibly took her.

The surroundings quieted down. A certain part of her body seemed to have been violently torn apart, and at this moment, everything was finally quiet.

A line of tears flowed from the corner of Baili Yan's eyes. She waited for the sovereign to withdraw from her body, and her entire body slid to the ground like a puppet...

The sovereign didn't let Baili Yan slide to the ground. He hugged Baili Yan and said solemnly to Baili Yan, "Tomorrow, I will propose marriage to your father and immediately marry you!"

He was not the kind of person who only wanted to obtain Baili Yan's body.

He liked her, that was why he would do such a thing.

The main God did not know at all that pursuing a girl that he liked had to be done slowly. Deep in his bones, his father had instilled the idea that if he wanted to obtain her, he would forcefully possess her.

Baili Yan was held in the main God's embrace. She angrily struggled out of the main God's embrace. After that, she stretched out her hand and slapped the main God's handsome face. She half-grabbed the clothes that had been removed to cover her body and angrily said to the main god,

"I won't marry you! I Won't forgive you even if I Die! You Beast."

Baili Yan's slap caused the main god to be startled.

Clearly, since the main God had been born, no one had dared to treat him like this. However, Baili Yan's slap didn't make the main god angry.

In the end, Baili Yan half-wore clothes to cover her body, then ran away...

...

Two months later.

From then on, the main God had not appeared in front of her for two months.

Baili Yan did not dare to tell her father about that matter, so she acted as if nothing had happened.

However, in the past few days, Baili Yan was clearly unhappy, brooding over the loss of her virginity.

At the dining table.

The Baili family head saw that Baili Yan's complexion was not good, so he asked, "Yanyan, have you eaten something bad recently? Why do you look so pale?"

Baili Yan shook her head, "Father, I'm fine."

"That's right, our Yanyan is fine! What do you mean her complexion isn't bad! Come, Yanyan, eat the meat!" Baili Yan's mother said as she picked up a piece of meat for Baili Yan and brought it to her mouth.

Baili Yan, who suddenly smelled this smell, placed both of her hands on the table. The feeling of vomiting from her abdomen made Baili Yan turn her body sideways and retch in front of everyone...
