Chapter 2311: Chapter 2312 on the cloud, sour food

Translator: 549690339

The words of the cloud spread throughout the hall.

These words stunned everyone present.

Even a young girl at an ordinary school was used to hanging out with her friends.

She had to go to the school cafeteria with her friends, go to the toilet with her friends, and go to gym class with her friends.

If someone couldn't find a friend, they would be seen as a lone wolf. Outsiders might even think that this person was mentally ill, so no one would be her friend.

Naturally, young girls at the age of youth cared the most about being looked down upon, so they would usually find someone to walk with them.

Even if they didn't have any friends, they had to integrate into the large group.

This was only an ordinary school, but in the imperial college, this phenomenon was even more obvious.

Ordinary girls would integrate into their own groups.

But Yun Jian's words...

Did not need it?

When these words were said, everyone present was stunned.

Even Luo Jiajun frowned and looked at Yun Jian with an even more interested gaze.

Yes, whether she was playing hard to get or not, he was indeed successfully attracted by her attention.

And after Yun Jian said that, he turned around and left.

He was a loner. The unique temperament that Yun Jian exuded made everyone present look at her differently.

It was the first time Luo Jiajun, Hong Ling, and the others had seen an aura that did not need any friends and was still so arrogant that everyone present had no choice but to submit.

Even Wei ze had to re-evaluate his "Little sister" who had been lost for ten years.

...

Yun Jian put the fan that was covered with spiritual energy into his backpack and returned to the Wei family.

In the next few days, Yun Jian went back and forth between the Wei family and the Royal Academy of Nobility.

She also got up early to exercise and did not fall behind.

Ever since that day, Luo Jiachen was no longer afraid of breaking his phone.

Ever since that day, Luo Jiachen followed Yun Jian and left.

Even when they went to the cafeteria to eat, Luo Jiachen had to follow Yun Jian.

One had to know that as the young master of the Luo family, Luo Jiachen's status in the Royal Academy of Emperor wasn't ordinary.

Although Luo Jiachen and his brother, Luo Jiajun, were slightly inferior in terms of excellence and looks, Luo Jiachen was still the young master of the Luo family, and his looks weren't bad either.

Luo Jiachen could also be considered a grass-roots figure in the Royal Emperor Academy, and was the object of countless young girls' adoration.

Thus, these few days, seeing Luo Jiachen chasing after the new transfer student, Yun Jian, every day, all the girls thought that Luo Jiachen had fallen in love with this new female student.

Thus, these few days, the girls who liked Luo Jiachen did not give Yun Jian a good look.

...

At this moment, Yun Jian was sitting at a dining table in the cafeteria. Luo Jiachen stood beside Yun Jian like a servant and asked what dishes Yun Jian wanted to eat. He helped her to order.

"Whatever." Yun Jian was not picky about food.

Luo Jiachen was a boy after all, and Yun Jian was a girl. Outsiders thought that Luo Jiachen helped Yun Jian to line up for lunch boxes every day. He must have fallen in love with Yun Jian.

However, no one knew that Luo Jiachen was afraid that his family would deduct his pocket money. If his cell phone broke, he would not have the money to repair it. He would be bored in class, so he tried his best to please Yun Jian.

“Okay, okay! Please take a seat. I will help you get your lunch box right away!” After hearing Yun Jian’s words, Luo Jiachen immediately ran to line up to get his lunch box.

“Wait.” Yun Jian stopped him.

She paused and added, “Get more sour dishes.”

In the past, Yun Jian had never been picky about food. There were dishes that he loved to eat, but he didn’t ask for too much.

But she had recently fallen in love with sour-tasting dishes. What was going on?

However, Yun Jian didn’t think too much about it.

After Yun Jian finished speaking, Luo Jiachen acknowledged and ran over to get Yun Jian’s lunch box.

At this moment, Yun Jian used her elbow to support herself against the dining table in the school cafeteria. Her hand supported her forehead as she closed her eyes to rest.

“Wei... sister, are you alone here?” Just as Yun Jian closed her eyes to rest, her nominal biological sister Wei Min’s voice suddenly rang out.

Then, even if Yun Jian did not open her eyes, she could feel Wei Min bringing a group of people from the back mountain of the school that night to walk in front of her.

The children of rich families like Wei Min and Wei Ze usually walked together with the children of rich families that were similar to their families in the school.

Therefore, it was not strange for Wei Min and Wei ze to have Luo Jiajun, Hong Ling, and the others by their side.

When he saw Yun Jian sitting alone at the dining table in the dining hall, propping up the table with his elbows and lazily supporting his head with his eyes closed, Luo Jiajun could not help but be attracted by Yun Jian's temperament once again. He took a few more glances at Yun Jian.

Luo Jiajun was known as the 'cold Prince' in the Royal Emperor Academy. He was also known as the 'Handsome Young Master'. He was the most sought after by the girls among the few Campus Belles in the Royal Emperor Academy.

Therefore, Luo Jiajun looked at Yun Jian a few more times. Many of the girls sitting around looked at Yun Jian with resentful eyes.

At that time, in name, this sister of Yun Jian, Wei Min, originally wanted to shout out 'Wei Lin' at Yun Jian, but in the end, she forcefully changed her unfriendly name to 'sister'.

This time, when she saw the boy Luo Jiajun, whom she admired, look at Yun Jian a few more times with a different gaze, Wei Min used her big thumb nail to ruthlessly dig at the flesh on her hand. As she used too much strength, her knuckles turned white.

But in front of everyone, Wei Min still pulled out a kind smile at Yun Jian.

Hearing Wei Min's voice, Yun Jian only opened his eyes, glanced at Wei Min, and then closed them again.

"Wei Lin! Min 'er is calling you! Even if you have been lost for ten years and only found your way home recently, min 'er is your biological sister! No matter what, you should at least respond when Min 'er says hello to You!"

Seeing Yun Jian Glance at Wei Min and then close his eyes, Wei Ze, who was now Yun Jian's biological brother in name, could not help but shout at Yun Jian.

Wei Ze originally had a glimmer of hope for his sister, who had just been brought home.

However, Wei Min had previously said bad things about Yun Jian in front of Wei ze more than once, which caused Wei ze to have no good impression of Yun Jian at all.

Especially after Yun Jian returned to the Wei family, Wei Xiao, who was their biological father, and Wei Xiao's wife, who was also Wei Min and Wei Ze's mother..., all of them transferred all of their love to their youngest daughter, Yun Jian, who had just been found home.

This also caused Wei ze to have an intrinsic estrangement from Yun Jian.

“Brother, it has nothing to do with younger sister. Younger sister has just been found home recently, so it’s normal that she’s not used to it. After all, younger sister has suffered so much outside...”

After Wei Min heard Wei Ze’s words, she quickly opened her mouth. Her innocent look made those who did not know about it think that Yun Jian had bullied her.

When Wei ze heard this, his dissatisfaction with Yun Jian increased by two points. He frowned and walked two rounds on the spot. Suddenly, he used the tone of an elder brother lecturing his sister to speak to Yun Jian:

“What do you think is going on? Recently, the school has been spreading rumors that you were found after being separated for ten years. As soon as you entered the school, you immediately latched onto the Luo family’s young master, Luo Jiachen?

“Take it easy from now on! Since you’ve returned to the Wei family, then you’ll be the face of the Wei family. Don’t do anything shameful for the Wei family!”

The school had been spreading rumors recently that Yun Jian had latched onto the young master of the Luo family, Luo Jiachen, as soon as he entered the school. He was just short of doing some disgusting things with his body.

Obviously, Wei Ze believed these rumors.

Hearing Wei Ze’s words, Yun Jian’s eyelids twitched, but he didn’t say anything.

Seeing this, Wei ze thought that Yun Jian had tacitly agreed.

Just as Wei Ze was fuming, thinking that his long-lost sister was really willing to degenerate and was just about to say something to teach her a lesson again.

Rumor had it that the young master of the Luo family, Luo Jiachen, who Yun Jian had latched onto, was carrying two bowls of lunch boxes and staggering over here.

“Make way! Make Way for this young master!” Luo Jiachen said as he ran.

When Luo Jiachen placed one of the lunch boxes in front of the cloud paper table, Wei Min, Wei Ze, Luo Jiajun, and the others heard Luo Jiachen looking at the cloud paper with a fawning expression. He smiled and said:

“Great-aunt, I have prepared your lunch boxes for you. try them and see if they are to your liking. If they are not to your liking, I will make another one for you!”

Seeing Luo Chichen use such a flattering expression to express his goodwill to Yun Jian, Wei Ze, Wei Min, Luo Jiajun, and Hong Ling were all shocked.

This was especially so for Wei Ze and Wei Min.

Luo Chichen, the young master of the Luo family, was usually extremely arrogant and loved to play. He was a person who didn't do his job properly.

Furthermore, Luo Chichen was completely different from Wei Ze, Wei Min, and the others. Luo Chichen walked the unorthodox path.

Even if the heavenly king came, he would not be able to make Luo Jiachen lower his head.

This was because last year, the principal of the imperial college caught Luo Jiachen violating the school rules and harshly criticized Luo Jiachen.

In the end, Luo Jiachen directly sent the principal to the hospital.

Once this matter was out, Luo Jiachen's father brought Luo Jiachen to personally apologize to the principal. He even directly deducted two years of Luo Jiachen's pocket money.

It could be said that Luo Jia Chen was a little hedgehog that refused to admit defeat. At least, Wei Ze, Wei Min, and the others had never seen Luo Jia Chen admit defeat to anyone.

But what was going on today?

Luo Jia Chen, the little tyrant in the past, actually called a girl "Great Aunt"?

He even personally queued up to buy her lunch boxes.

He said... ! ... 'If it doesn't suit your appetite, I'll make you another serving' such words!

Wei Ze, Wei Min a few people are suddenly dumbstruck.

Don't say before the school rumors that cloud paper on the Luo family young master Luo Chen's thigh is not true, on this situation now it seems...

That is completely Luo family young master Luo Jia Chen in fawning on Cloud Jian Ah!

"This..." Wei ze sees this, his facial expression changes suddenly.

At this time Luo Jiazhen also found Wei ze and Wei ze around standing several people.

When he saw his big brother Luo Jiajun, Luo Jiachen was stunned. Then, he looked at Luo Jiajun and said weakly, "Big Brother..."

"Jiachen, what are you doing!" Luo Jiajun shouted at Luo Jiachen.

"No, I'm... I'm just making lunch boxes for my great-aunt." Luo Jiachen was most afraid of his big brother. Now that Luo Jiajun shouted at him, his body trembled and he quickly said.

"Great-aunt?"

Hearing his younger brother address Yun Zhi like this, Luo Jia Jun turned his body to look at Yun Zhi with great interest. That rather handsome face, which was enough to charm thousands of young girls in the youth school, showed a trace of interest.

"Hey! That's right! This is my great-aunt! She's amazing! She can fix my phone!" Facing his brother's inquiry, Luo Jia Chen said without holding back.

When they heard that Yun Jian could fix a phone, everyone present was not surprised.

After all, in the eyes of everyone, Yun Jian was the youngest daughter of the Wei family who had been separated for ten years.

Perhaps she had done the hard work of fixing a phone outside?

Just as the few of them were chattering non-stop, Yun Jian put down the lunch box, stood up and walked out of the canteen.

"Hey, my great-aunt, you finished eating so quickly! Wait for me!" When Luo Jiachen saw this, he could not care about the others anymore. He quickly took a few bites of his lunch box and chased after Yun Jian.

When Luo Jiajun saw this, he narrowed his eyes and used his sharp eyes to stare at Yun Jian's leaving footsteps. He raised his eyebrows:

"Playing hard to get?"

Ha, she did successfully attract his attention.

...

Class ended earlier today. As it was Friday, school ended at three in the afternoon.

Yun Jian put his school bag on his side and left the school.

After leaving school, Yun Jian went straight to the market.

There was a stall in the market selling pickled cabbage that was especially delicious. She had been coming here every day to buy pickled cabbage before returning to the Wei family.

Seeing Yun Jian come again, the old man smiled and weighed a suitable amount of pickled cabbage for Yun Jian. He even secretly packed an extra handful of pickled cabbage for Yun Jian. When he handed the pickled cabbage to Yun Jian, he said with a smile,

“Sour girls and spicy girls. Little girls love sour things so much. When they get married and have children in the future, they will definitely have a white, fat, and Big Grandson!”

Yun Jian's expression did not change at all when she heard the old man's words, but her face turned slightly red.

Yun Jian's heart warmed at the thought that she and Si Yi would have a child that belonged to them in the future.

Yun Jian did not respond to the old man's words. She just nodded at the old man and turned around to leave the market.

After returning to the Wei family, Yun Jian handed over the pickled vegetables to the servant who worked in the Wei family. Then, she went upstairs and returned to her room.

She placed her school bag on the desk in her room. Yun Jian took out a few throwing knives, two butterfly knives, and a Silver Desert Eagle pistol. After hiding everything under the bed, she changed into a relaxed sportswear, then, she went downstairs.

Pre-meal exercise was also essential.

However, the sportswear that Yun Jian changed into was a short-sleeved tight-fitting sportswear that exposed her belly button. The lower part of her body was a pair of black sports shorts. This sportswear completely exposed her perfect curves.

It was inconvenient to wear too thick when exercising.

Moreover, although it was a cold winter, it was basically cold all over the country, especially in the north. The people who were closer to the north were so cold that they almost curled up into a ball.

However, Puluo city was very close to the south of Country Z. The climate was comfortable. Even in winter, the coldest time in puluo city was only the temperature of autumn in other areas. It was not too cold.

Therefore, even if Yun Jian went out to train late in the winter with only short-sleeved shorts, it would not be too cold.

However, it was difficult to hide his weapons in this set of sports clothes, so Yun Jian went out without any weapons.

It was still a little cold when he first went out.

As it had rained this morning, the streets were still wet and there was no sun for the whole day, so the accumulated water on the streets had yet to recede.

Yun Jian jogged out of the house and circled around a park near the residential area and the edge of a rather large lake next to the park before returning home.

Who knew that he would run into Wei Min and the others on his way home.

Wei Min, Wei Ze, Luo Jiajun, and Hong Ling often played together.

During the time Yun Jian returned home from school, the few of them went to a nearby game hall to play games for a while before heading home.

On their way home, Wei Min suggested that they all go to Wei Min's house for dinner before breaking up.

Everyone unanimously agreed to this decision.

Luo Jiajun didn't really like to go to the Wei's house for dinner, but when he thought of that interesting little daughter of the Wei's, he agreed.

He didn't expect to meet Yun Jian who practiced late on the way home.

When she was in school, Yun Jian was dressed in loose clothes, so her proud figure couldn't be seen at all.

But now, what appeared in front of everyone was Yun Jian's full chest wrapped in tight sports clothes, her slim waist, and her slender, long legs that were smooth and exquisite just by looking at them.

His golden-proportioned figure and his perfect curves made everyone present dumbfounded.

By the time they reacted, Yun Jian had already walked past them and walked forward.

"Lin, Lin 'er! Why didn't you greet your sister when you saw her?" Wei Min looked at Yun Jian's perfect body and said with a fake smile.

Yun Jian didn't respond.

Seeing this, both Wei Min and Wei ze felt awkward.

Just when they thought Yun Jian wouldn't look back, Yun Jian suddenly turned around and looked at them. "Do you know where in Puluo City there was an abnormal event?"

Yun Jian wanted to ask about the mysterious person opening the passage from thousands of continents to Earth.

Of course, she would not ask this directly.

Hence, she opened her mouth like this.

"Abnormal events?" Hearing Yun Jian's words, the few people present were slightly stunned.

Even Wei Min was stunned for a moment.

After they reacted, the few people present were puzzled.

"Why do you want to inquire about abnormal events? You're a young lady. It's better for you to be well-behaved." Hong Ling, who had dyed his hair red, laughed after hearing Yun Jian's words.

Hong Ling actually quite admired Yun Jian.

Previously, he had used an iron rod to cripple a student's thigh. As a female student, not only did Yun Jian not cry or make a scene, she even walked up and directly stepped on the student's already heavily injured thigh, he directly snatched the item from the other party's hands.

This action was indeed admirable.

However, Hong Ling and the others' goal at that time was not to obtain the item in the student's hands, so they let Yun Zhi take the fan from the student's hands.

"You only need to answer my question!" Who knew that after Hong Ling finished speaking, Yun Zhi's eyes moved. That sharp gaze caused the few people present to be stunned.

However, the few of them still reacted.

"There hasn't been any abnormal incidents in puluo city recently." Luo Jiajun looked at Yun Jian with a playful expression and said.

"Jun, you..." seeing that Luo Jiajun actually revealed such an expression, Hong Ling was shocked and stunned.

One had to know that Luo Jiajun, who was known as the 'Cold Prince', had always disdained to take the initiative to pay attention to girls!

Seeing that Luo Jiajun actually started to talk to Yun Jian, Wei Min, who had loved Luo Jiajun since she was young, opened her mouth and closed it. Then, she clenched her fists.

Finally, Wei Min clenched her fists and looked at Yun Jian with a smile on her face. She pretended to be kind and said,

"Lin 'er, where have you been all these years? What have you done? Lin 'er, don't worry. No matter what you have done, we will not blame you. After all, it was you who had no choice..."

"Big Sister feels sorry for you, Lin 'er. That's why I want to know what happened to you..."

Wei Min really didn't want to talk about it. When the people around her heard her words, they naturally thought that she was doting on her younger sister. However, Yun Jian wasn't stupid. He could naturally understand the meaning behind Wei Min's words.

Was she eager to hear some bad things from her mouth?

Yun Jian raised his cold arc, and just as she raised her cold arc, her eyes darkened.

“Be careful! Get Down!” Luo Jiajun suddenly reacted to the changes in the surrounding atmosphere. He suddenly opened his mouth, and his berating voice sounded almost at the same time.

Upon hearing this, Wei Min, Wei Ze, and Hong Ling all responded and dodged to the side.

That’s right, Luo Jiajun, Wei Min, and the others were all martial artists!

The three great families of Puluo City weren’t as simple as they looked!

The three great families were on the surface, but behind the scenes, they actually relied on the underworld to make their fortunes.

Therefore, the children of the three great families of Puluo City all had the ability to protect themselves!

This was something that ordinary people didn’t have!

After everyone hid, a row of machine guns swept past where they were standing just now.

Seeing this, even Wei Min and the other martial artists sucked in a deep breath.

When Wei Min came back to her senses, she still wanted to use a smug expression to turn her head to look at Yun Jian. She wanted to show off that she and the others were children of the three great families. Since young, they had been different from ordinary students like her, who had been brought back from the outside world, it was when they had been trained to grow up.

However, Yun Jian had already dodged the bullets just now. He was standing at a place where the group of people who had suddenly appeared with machine guns could shoot at him.

“Come back! These people are definitely here to assassinate us! You’re just an ordinary person! Quickly find a place to hide! Leave this to us!”

Luo Jiajun frowned and said.

He and the others thought that Yun Jian was just an ordinary person.

Just as Luo Jiajun and the others thought that Yun Jian was too scared to move and dodged the bullets, Yun Jian suddenly flashed a red arc in front of everyone.

Then, in front of Wei Ze, Wei Min, Luo Jiajun, Hong Ling, and the others, she stared at the group of people carrying machine guns in front of her and said in an extremely arrogant tone,

“They are here to kill me.

“Unfortunately, I didn’t bring any weapons with me today.

“However, I can only trouble you to lend me your machine guns.”

Yun Jian’s words shocked everyone present.

These people who suddenly appeared with machine guns in their hands were all here to kill her! ?

How was this possible! !

She was only the little daughter of the Wei family who had been separated for ten years and had only just been found!

An ordinary little girl who hadn’t even received special training from her family! Yet, she dared to say that these people were here to kill her?

On the other hand, Luo Jiajun, Hong Ling, Wei Ze, and Wei Min were all children of the Luo, Hong, and Wei families of Puluo City.

One had to know that when the three families of Puluo City — the Luo, Hong, and Wei families — started to make their fortunes, they didn’t rely on the power of the White Way.

The three great families of Puluo city relied on the black path to make their fortunes in the beginning. Later on, they returned to the white path.

However, when they were in the black, they provoked a lot of people, so the members of the three great families were often hunted down.

As the heirs of the three great families, Luo Jiajun, Hong Ling, Wei Ze, and Wei Min had received special training from their families since they were young, and they were often hunted down.

Thus, when Luo Jiajun and the others saw the scene just now, their first reaction was that this group of people who had machine guns in their hands had come because of them!

Who would have thought that Yun Jian would say such a thing!

“Crazy, crazy! She’s crazy! Jun, you’re the best, Go and save her! The three of us will cover you, and we’ll retreat as soon as you return!”

After hearing Yun Jian’s words, Hong Ling was stunned for a moment before he spoke to Luo Jiajun anxiously.

Due to the sudden burst of machine gun fire, Hong Ling, whose hair was dyed red, could no longer care about his image. He spoke to Luo Jiajun.

“Alright!” Luo Jiajun nodded and was about to move towards Yun Jian.

“No! I’ll Go! That’s my sister! I can successfully save her!” Seeing that Luo Jiajun was about to save Yun Jian, Wei Min was anxious. She grabbed Luo Jiajun’s hand and said loudly.

If Luo Jiajun went to save Yun Jian, he would definitely touch Yun Jian’s hand. The two of them might even hug each other.

This was something Wei Min could not accept.

“I’ll Go!” Wei Min still wanted to say something, but Luo Jiajun narrowed his eyes and shouted.

After saying that, Luo Jiajun pushed away Wei Min’s hand and intended to walk to where Yun Jian was just now.

However, after the few of them finished arguing, Luo Jiajun directly shook off Wei Min’s hand and intended to go to where Yun Jian was originally standing. It was enough for the group of people who suddenly appeared with anti-machine guns to easily shoot at it.

Luo Jiajun and the others were surprised to discover...

Yun Jian had disappeared!

“Where, where is she!” Hong Ling was stunned when he saw this and shouted.

“Could it be that she found a place to hide herself! ! We were thinking about her safety, but she actually... .. What I mean is that my sister is too disobedient ! Does she know that she’s in danger? As her elder sister, I’m very worried about her!”

Wei Min thought that Yun Jian had found a place to hide. She was furious. Just as she was about to say something more extreme, she suddenly realized that she was in front of Luo Jiajun, so she quickly changed her words.

“Look! That! ! !”

Just as Wei Min was thinking about how narcissistic Yun Jian was and how he insisted on saying that the people with machine guns were targeting her in such a dangerous situation..., just as she thought that Yun Zhi was trying to attract the attention of Luo Jiajun, who was known as the ‘Cold Prince’ in School, a cry of surprise sounded.

She saw Hong Ling looking at the group of people who were armed with machine guns with a terrified expression on his face. At that moment, the machine guns in their hands had disappeared without a trace.

Yun Zhi, who had disappeared in front of Luo Jiajun and the others, stood in front of that group of people.

At this moment, Yun Zhi was standing on dozens of machine guns. She was standing lazily in front of everyone, holding a machine gun in her hand. Her casual and lazy look was enough to make everyone present tremble.

It was also in response to Yun Zhi’s arrogant words just now.

“She, she actually! She actually! ! !” In the blink of an eye, she actually snatched all of the machine guns in the other party’s hands. ! Hong Ling’s eyes widened as he stared at the scene in front of him in shock.

As Yun Jian’s brother in name, Wei Ze’s pupils constricted as well.

Wei Min’s expression darkened.

Meanwhile, Luo Jiajun was looking at Yun Jian with a playful expression.

They did not even see clearly when Yun Jian made his move!

“Ka-cha-”

At this moment, Yun Jian stepped on the pile of machine guns with one foot and pulled the reins. He aimed the muzzle of the guns at the group of people in front of him and smirked:

“Tell me who sent you to assassinate me and I’ll give you a quick death.”

At this moment, Yun Jian stepped on the pile of machine guns with one foot and pulled the reins. He aimed the muzzle of the guns at the group of people in front of him and smirked:

"Tell me who sent you to assassinate me and I'll give you a quick death."

Seeing that the machine gun was in Yun Jian's hands, the expressions of Luo Jiajun, Hong Ling, Wei Ze, and Wei Min changed drastically.

The other party had machine guns in his hands!

And Yun Jian actually took the opportunity to snatch all the machine guns in the group of people's hands!

Even if Luo Jiajun and the others did not see Yun Jian's actions just now, they should know how shocking Yun Jian's actions were!

Who exactly was she!

Not only was she able to operate the machine guns flexibly, she also possessed such an unbelievable ability!

Wei Ze, Wei Min, and Hong Ling were dumbfounded.

Luo Jiajun narrowed his eyes, becoming more and more interested in Yun Jian.

What had happened to her during those ten years when she was lost? !

Just as Luo Jiajun narrowed his eyes and looked at Yun Jian with even more interest.

"I'll tell you! You have to let me live! I'll tell you everything! We've suffered a lot..."

A man who was holding a machine gun listened to Yun Jian's words. Because he had witnessed Yun Jian's strength just now, he was so shocked that he wanted to tell them who had sent them to assassinate Yun Jian.

"Bang Bang Bang Bang Bang Bang Bang!"

A series of long-range sniper rifle sounds rang out.

At that time, the man who had originally planned to tell Yun Jian everything, including the group of people who had used machine guns to shoot at Yun Jian and the others, had all died on the spot because of the sniper rifle that suddenly rang out.

Someone had killed them in the air.

Seeing this, Yun Jian narrowed her eyes.

She did not make a move. She just watched as the group of people in front of her died in front of her eyes.

She had the ability to save the man who was supposed to give up the person who had sent people to assassinate her.

But Yun Jian did not make a move.

That was because she already knew who had sent people to assassinate her.

The group of people who had suddenly been killed by the high-altitude snipers in front of her had blood splattered everywhere. This scene shocked Luo Jiajun, Wei Min, and the others so much that their expressions changed drastically.

However, when Yun Jian saw this, she directly threw away the machine gun in her hand, turned around, put her hands in her pants pocket, and left as if nothing had happened.

Seeing this scene, Luo Jiajun and the others could not remain calm.

Luo Jiajun and the others quickly caught up with Yun Jian and stopped her.

Yun Jian's brother in name, Wei Ze, appeared and spoke to Yun Jian immediately:

"Wei Lin! What exactly happened in the ten years you were away from home! You're just an ordinary student, how could you provoke such an enemy!?"

It was obvious that when Yun Jian asked the person who had sent them to kill her, the person was shot down from the sky just as he was about to give up the person.

From this, it could be concluded that the group of people with machine guns were here to kill Yun Jian!

As for Yun Jian, she was only the youngest daughter of the Wei family who had been lost for ten years!

How could she provoke such an enemy? !

This was something that Luo Jiajun, Hong Ling, Wei Ze, and Wei Min couldn't believe!

Therefore, after being frightened, a group of people immediately chased up and questioned her.

"Get out of the way," Yun Jian, who was surrounded by Luo Jiajun and the others, said coldly as his eyes darkened.

"No, Wei Lin, your brother must be concerned about you, so he wants you to tell us about your recent situation. How could a girl like you provoke such an enemy?"

"But don't be afraid. Tell us everything, and we'll think of a way for you!"

When Hong Ling first saw Yun Jian, he was attracted by Yun Jian's style that was different from that of a normal young girl. Now, he felt that Yun Jian was even more attractive.

He wanted to Rope Yun Jian in as one of his own, so he said this.

Hong Ling's words were undoubtedly a great recognition of Yun Jian.

If it was any other young girl, she would jump up in excitement at this moment.

However, after Yun Jian heard Hong Ling's words, his eyes still moved, and his expression became even colder as he repeated what he had just said. "Get out of the way!"

After saying this, Hong Ling was so shocked by Yun Jian's aura that he retreated to the side.

Yun Jian bypassed a few people and walked towards the direction of the Wei clan.

As he watched Yun Jian's figure gradually disappear into the distance, Luo Jiajun could not help but narrow his eyes. He could not help but let his thoughts drift.

Luo Jiajun did not see the scene of Yun Jian snatching the machine gun from the hands of those people. However, he was certain that his skills were almost comparable to his own when he snatched the machine gun from those people!

Thinking of this, Luo Jiajun's eyes narrowed even more.

Interesting, too interesting.

Wei Lin, the youngest daughter of the Wei family, you really have been attracting my attention!

"Brother Jiajun... Brother Jiajun... Brother Jiajun!" Seeing Luo Jiajun staring in the direction of the cloud note and not turning back for a long time, Wei Min dug her fingernails into her skin and shouted three times in a row with a gloomy face.

After three times, Luo Jiajun finally realized that Wei Min was calling out to him.

"En... en?" After Luo Jiajun came back to his senses, he still stared at the place where the Yun Jian disappeared before turning back to look at Wei Min.

After all this, Wei Min became even angrier. She was so angry that her body trembled and her long fingernails almost dug out the flesh on her hands.

...

Naturally, someone would handle the corpses of those people.

Every organization would have people who specialized in cleaning up corpses, and they would definitely not leave any traces behind.

At this moment, Yun Jian had just returned to the Wei family.

“Little Miss is back? It’s time to eat. Little Miss, go wash your hands and prepare to eat!” Aunt Zhang, the old servant of the Wei family, said to Yun Jian when she saw that Yun Jian had returned.

“Yes.” After hearing Aunt Zhang’s words, Yun Jian nodded and went to the kitchen to wash his hands before sitting at the dining table.

At the huge dining table, Yun Jian, who was pretending to be Wei Lin’s biological mother, Wang Ruoya, was sitting at the main seat.

Seeing Yun Jian walking over, Wang Ruoya stood up and pulled Yun Jian to her seat with a doting look on her face.

Wang Ruoya was extremely fond of Yun Jian, the “Biological daughter” that she had lost for ten years before she was found.

Even her love for Wei Ze and Wei Min was transferred to Yun Jian after Yun Jian came to the Wei family.

Wang Ruoya did not know that Yun Jian was a fake. Wei Xiao received the order from Yun Jian and did not dare to tell anyone.

At this moment, Wang Ruoya felt that she owed her daughter who had been lost for ten years to be found, so she pulled the Yun Jian into the dining table and kept putting food into it.

“Child, Eat! Eat quickly! It’s been hard on you all these years! I don’t even know what kind of grievances you have suffered outside. I will definitely make it up to you in the future!”

When Wang Ruoya said this, she secretly wiped her tears and put food into the Yun Jian’s bowl.

Yun Jian liked to eat pickled cabbage recently. Today, he put pickled cabbage in almost every dish. Aunt Zhang was also a very good person. She knew that Yun Jian liked to eat pickled cabbage, so she cooked a plate for Yun Jian alone.

Yun Jian was very satisfied with this meal.

As a result, Wei Min and Wei Ze came back with another wave of disappointment.

This made Wei Min and Wei ze even more dissatisfied with Yun Jian.

However, Wei Min and Wei ze did not mention what happened in the park.

Although the two of them really wanted to talk about Yun Jian, they were afraid that their mother, Wang ruoya, would worry about them, so they kept their mouths shut.

Because they had met Yun Jian before, Luo Jiajun changed his mind and did not plan to come to the Wei family for dinner.

This made Wei Min's opinion of Yun Jian deepen by two points.

And after this, Wei Min began to doubt Yun Jian.

Was she really her snout sister who had been separated for ten years!

...

After another half a month of comfortable days, the school was about to have its winter break.

That morning, Yun Jian arrived at the classroom very early.

Early in the morning, Luo Jia Chen rushed in from outside the classroom and excitedly said to Yun Jian:

"There's News! There's News! My Great Aunt Has News! Recently, a place in Puluo city has been missing people frequently! Currently, the police have already started investigating, but the news is still blocked from the outside world!

"Outsiders really can't find out about this news, but who asked my Luo family's little tyrant to step in! He's about to find out!"

Yun Jian later told Luo Jiachen to help him keep an eye on the abnormal events in Puluo City. Once he found something, he would tell her.

This morning, the spy that Luo Jiachen sent to investigate reported that there was an abnormal event somewhere in Puluo City.

Therefore, Luo Jiachen didn't even put on his clothes properly this morning. He ran to the academy like a wisp of smoke and hurriedly wanted to tell Yun Jian this news.

"The specific incident." Yun Jian's eyes darkened and he said.

"Hey!" It was like this. I heard that in the suburbs of Puluo City, a large construction site was under construction. The construction site was under construction, and they had to work overtime at night. In the end, just last week, a worker at the construction site went missing while working overtime in the early morning!

"Then every day, a worker who worked at the construction site went missing. Don't you think it's scary? It's like a supernatural incident!

"The police have already surrounded the place and don't allow any non-police personnel to enter!"

"This incident has already been sealed off. If you didn't know me, you wouldn't even be able to know about this!"

Luo Jiachen looked at Yun Jian with an expression that looked like he was waiting for Yun Jian to praise him and said.

Hearing Luo Jiachen's words, Yun Jian's eyes darkened. After pausing for a moment, she softly replied, "Yes."

Luo Jiachen, who had wanted to see an expression on Yun Jian's face, was stunned.

Just like that?

...

After a day, nothing worth mentioning had happened.

Yun Jian did not plan to take any action today.

As usual, after school at night, Yun Jian carried his backpack and walked towards the school gate.

Just as he walked out of the classroom, a girl walked towards him.

The girl lowered her head and walked towards Yun Jian. She handed him a black sack and a small white note. After saying, "This is for you," she turned around and walked towards the stairs.

Yun Jian looked into the black sack and found that the sack was filled with pickled pickled cabbage. It was very fresh.

He opened the small note and saw that it read:

"My dad asked me to give this to you. He said that you and I are students from the same school and would go to his place to buy pickled cabbage every day. He fell outside his house this morning and was unable to set up a stall at the market. He was afraid that you wouldn't be able to buy pickled cabbage at the market, so he asked me to pass the pickled cabbage to you.

"These pickled cabbage were given to you by my dad. He said that you are a regular customer and you don't have to pay."

Seeing this, Yun Jian narrowed his eyes.

Thinking about it, the girl just now should be the daughter of the old man who sold pickled vegetables.

He didn't expect that the old man actually had an eighteen or nineteen-year-old daughter. He must have gotten it from his old age.

Yun Jian narrowed his eyes and carried the black sack down the stairs, intending to walk towards the school gate.

"Yo yo! Isn't this our school's top student, Ling Qianqian! Why? Are you in such a hurry to leave so that you can go home?"?

"Hehe, I heard that your dad sells vegetables at a vegetable market in Puluo City! When did the school's threshold become so low that even the daughter of a vegetable market seller can enter our school?"

Just as Yun Jian was walking downstairs, he suddenly saw that the girl who had lowered her head and stuffed the pickled vegetables into her hand was surrounded by a few girls. She pinched her face, pulled on her clothes, and slapped her face to humiliate her.

"My dad isn't a vegetable seller... he's not!"The girl called Ling Qianqian who had just handed Yun Jian a black bag cried out.

"Not a vegetable seller? We saw it the last time. You went home with that vegetable seller! You even said that you're not a vegetable seller's daughter, Haha!"The girls

surrounding Ling Qianqian became even more arrogant and started to touch ling qianqian.

“I really don’t know how a slut like you is worthy to study in such a prestigious academy like the Imperial College!” After the leading girl pointed at Ling Qianqian, she raised her hand and wanted to slap Ling Qianqian like she did in the past.

However, just as the leading girl wanted to Slap Ling Qianqian directly, a slender and beautiful hand grabbed her wrist.

Following that, a beautiful female voice filled with arrogant words that caused everyone present to tremble, imitating the arrogant tone of the girl in the lead, spread throughout the entire place:

“I really don’t know how you bunch of trash entered the Royal Emperor Academy!”

Translator: 549690339

This beautiful female voice carried an awe-inspiring majesty. After she finished speaking, the girl who was bullying Ling Qianqian and the other girls who were with her suddenly trembled.

The girl who was bullying Ling Qianqian was known as Sister Biao.

Sister Biao had a group of her followers at the Imperial College. She was valiant and fierce and liked to lead her followers to bully the weak.

The girl who was called Sister Biao was not like her name. She had five big and three big muscles.

Sister Biao was a fierce person, but her figure was quite small. Her figure was about the same as Yun Jian’s. She was a petite and attractive figure in golden proportions.

But her figure was only a little less than Yun Jian’s.

If Sister Biao had not used her fierce and fierce skills to bully others in the college, according to Sister Biao’s appearance and figure, she would definitely have been the object of frenzied pursuit by the boys.

And at this moment, after Sister Biao heard Yun Jian’s words, her body froze.

“This little girl has a new face, is she new? Her tone is really arrogant!” Sister Biao said to Yun Jian in a thug-like tone.

Hearing this, Yun Jian’s expression didn’t change at all.

Ling qianqian, who had just been bullied, trembled twice at this moment and didn’t dare to speak.

Just when Ling Qianqian thought that Sister Biao would fight with Yun Jian, she heard sister Biao suddenly say to Yun Jian, “You’re really arrogant, even more arrogant than me. I like your personality!”

After Sister Biao said this, she waved her hand and did not intend to fight with Yun Jian. She just turned around and left with her people.

Halfway through, Sister Biao suddenly turned her head to look at Ling Qianqian, she spat, “I’ll let you off today! Don’t let me see your face again! No matter how much you try to clear your name, you’re still the daughter of a vegetable seller at the vegetable market!”

After that, Sister Biao paused and said one last thing to Ling Qianqian, she turned around and left. “Don’t keep your head down all day. I’m annoyed by you. You’re all students of the Imperial College. In the future, when you go out, speak a little more arrogantly!”

...

Seeing that Sister Biao did not make any more moves and left with her people, Yun Jian’s eyes darkened and she did not make another sound.

Just as Sister Biao left with her men, the sound of clapping suddenly rang out.

Luo Jiajun, who had been hiding at the stairway and watching the entire process, suddenly clapped and walked down the stairs.

Hong Ling, Wei Ze, and Wei Min followed behind Luo Jiajun.

No matter if these four people were in or outside the academy, they all walked together.

Earlier, when Luo Jiajun saw Yun Jian, he followed her. When they reached the staircase, he even signaled Hong Ling and the other two not to make a sound and quietly watched.

Yun Jian had long noticed that Luo Jiajun and the others were standing at the staircase looking at her, but she couldn’t be bothered with them.

After Sister Biao left, Luo Jiajun clapped his hands and stood out. He looked at Yun Jian with a playful expression. Then, he looked at Yun Jian with a different gaze and said to Yun Jian,

“I didn’t expect you to have such a kind heart.”

These words were obviously to evaluate Yun Zhi’s actions just now.

Upon hearing Luo Jiajun’s words, Hong Ling and Wei Ze, who had been walking together with Luo Jiajun all this while, had a slight change in their eyes. A hint of disbelief flashed across their eyes.

Luo Jiajun, who was at the grass-roots level in the Royal Emperor Academy, was known as the ‘Cold Prince’. In the past, he had always looked down on girls. But today, he actually took the initiative to evaluate a girl!

Was he interested in this girl? !

One had to know that in the Imperial College, it was the glory of a girl for Luo Jiajun to take another look at her!

And Luo Jiajun actually valued Yun Jian so much! This made Hong Ling and Wei Ze, who had been following behind Luo Jiajun all this time, feel incredulous!

Even Ling Qianqian’s eyes flashed with a hint of disbelief when she saw Luo Jiajun looking at Yun Jian with such interest.

At that time, Yun Jian turned around without a care and directly ignored Luo Jiajun. She raised the black bag in her hand and said to Ling Qianqian, “Thank you for the sauerkraut that your father gave me.”

Yun Jian did not act for justice.

Yun Jian did not take advantage of outsiders. She acted just now as a way of returning the favor.

Just as Yun Jian turned around and was about to walk out of the teaching building, he saw the rain outside the building.

The rain was neither too heavy nor too light, but without an umbrella, it would definitely get wet.

Seeing this, Yun Jian narrowed his eyes. He planned to jog in the rain as he trained to go home.

It had been a long time since he had trained in the rain.

Training in the rain was a common occurrence when Yun Jian was receiving training in the dark soul organization.

At that time, his training was unimpeded by wind and rain.

And training in the rain was better for Yun Jian to increase his strength. Moreover, for people like Yun Jian who often trained, training in the rain was better for their bodies and did not have any negative effects.

However, just as Yun Jian was about to step out of the teaching building, Luo Jiajun's voice sounded from behind him:

“What are you doing? It's raining outside! Are you rushing out to catch a cold from the rain? !”
