Chapter 2321: Chapter 2321 being a parent, get lost

Translator: 549690339

For ordinary people, being caught in the rain was a very harmful thing. Only a person would walk in the rain when he was sad, sad, or in pain.

However, Yun Jian was used to training in the rain. When it rained, she would go out and run a few laps in the rain. This would allow her to regain the time when she was training with the group of children who had been captured and brought to the dark soul organization.

When she was in the dark soul organization, there was no daylight. Her daily wish was to be strong enough to live until the next day.

However, one had to admit that one's hard work was forced out.

When she was training day and night in the dark soul organization, it was the time when Yun Jian, as the Sha God, worked the hardest to improve her skills.

She only wanted to live.

Ever since she left dark soul, although she worked hard every day, she could not find her tenacious heart back then.

Therefore, there was another essential reason for Yun Jian to train in the rain. She wanted to find her fighting spirit in the rain.

However, before Yun Jian could take a step, she heard Luo Jiajun's voice. Hearing this, Yun Jian narrowed her eyes and did not intend to pay attention to him. She carried her school bag on one shoulder and was about to walk into the rain.

However, before Yun Jian could walk out, Luo Jiajun came over and wanted to pull Yun Jian's hand, trying to stop Yun Jian from walking into the rain.

"Even if you don't want to think about your own health, as your friends, we will also worry about you!" Luo Jiajun said and frowned. He grabbed Yun Jian's hand like a hero saving a damsel in distress to stop Yun Jian from being drenched in the rain.

However, Yun Jian's eyes moved. Before Luo Jiajun's hand could touch her, she had already moved to the left to avoid Luo Jiajun's touch.

Hong Ling and Wei Ze, who were standing behind Luo Jiajun, were dumbfounded.

The dignified eldest son of the Luo family, the future heir of the Luo clan group, and the top student in the Imperial College who was known as the 'Cold Prince'...

Not only did he claim that he was friends with Yun Jian, he even reached out to touch a girl!

Reaching out to touch a girl was something that had never happened to Luo Jiajun before.

Hence, Hong Ling and Wei Ze were dumbfounded by this scene.

What was even more shocking was that this girl actually avoided Luo Jiajun's touch!

Did she not know that she was the first girl in the world who could make Luo Jiajun take the initiative to hold her hand? !

In the Dark, Wei Min clenched her fists. Her fingernails dug deep into her skin, and her knuckles turned white because she used too much force.

"Wei Lin!" Wei Min shouted at the first moment.

After she shouted, her face twisted. She stared at Yun Jian with a fake smile for two seconds. Then, she forcefully suppressed her anger and looked at Yun Jian again like a good sister:

"Wei Lin, you... how... Can You Be So Rude? Brother Jiajun is doing this for your own good. I don't want you to go out and catch a cold!"

Wei Min gritted her teeth and forced herself to speak to Yun Jian in a normal tone.

After saying that, Yun Jian glanced at Wei Min and was about to walk into the rain again.

"I... I haven't thanked you yet... My Name Is Ling Qianqian. We can be friends..." Ling Qianqian suddenly ran to Yun Jian and said to him.

But when Ling qianqian ran in front of Yun Jian and spoke to him, she suddenly saw a figure staggering in the rain.

The figure staggered and limped towards them. The person wore a bamboo hat on his head, a straw cape on his body, and an old umbrella in his hand.

When the person saw Ling Qianqian, the corners of his mouth twitched, and he smiled as he ran even faster. "Qianqian... Qianqian, it's raining. I thought you didn't bring an umbrella this morning, so I brought you an umbrella..."

Just as this person ran to the front of the crowd, he stretched out his hand and handed the worn-out umbrella in his arms to Ling Qianqian.

Ling Qianqian suddenly became angry. With a wave of her hand, she threw the worn-out umbrella that this person handed to her to the ground. She cried and shouted,

“Didn’t I tell you not to come to the school to pick me up? ! Do you still think that I’m not embarrassing enough? ! Get lost! Get lost!”

Yun Jian could clearly see that the old man wearing a shabby straw raincoat and a bamboo hat was walking towards them with a simple and honest smile. When he handed the umbrella in his hand to Ling Qianqian, Ling Qianqian’s face suddenly stiffened.

The old man who brought the umbrella was none other than the old man who sold pickled vegetables that Yun Jian often came to the market.

The old man was obviously the son of an old man. He had Ling Qianqian as his daughter, so he was usually very protective of her.

To be honest, the old man was wearing a straw raincoat and a bamboo hat. When he walked into the Royal Academy of Nobility, which was considered a first-class aristocratic academy in the country, he indeed felt a strong sense of dissonance.

However, the old man’s simple and honest expression made it hard for people to scold him.

However, when Ling Qianqian saw this old man, it was as if her face had changed. Her expression, which was still trying to be friendly with Yun Jian earlier, had instantly changed.

“No, father didn’t want to come, but Qianqian, you forgot to bring your umbrella this morning... Father was afraid that you would catch a cold if you got caught in the rain. Take the umbrella. Father will leave now, father will leave now...”

The old man was wearing a straw raincoat and a bamboo hat. He looked disheveled. It seemed like he had walked quite a distance before he brought the umbrella over.

Looking at the small white note written by Ling Qianqian, the old man fell this morning and didn't have the energy to set up a stall at the market.

But he still mustered up the courage to walk for so long just to deliver the umbrella to his daughter. He didn't want his daughter to get caught in the rain.

Seeing his daughter throw the tattered umbrella he handed her to the ground, the old man still had a simple and honest smile on his face. He bent down and picked up the umbrella from the ground.

Because the old man was old, the action of bending down to pick up the umbrella would only take a second for a young man. However, the old man picked it up for a full twenty seconds before he suppressed the pain in his spine and picked up the umbrella.., he stuffed the umbrella into Ling Qianqian's hand, turned around, and was about to leave in a sorry state.

"Hey, look, isn't this our classmate Ling Qianqian? Why, your old dad is here to pick you up after school. Aren't you going home with your dad?"

There were many people walking back and forth in the school building. At that time, a girl who was walking with Ling Qianqian passed by and glanced at the old man in the straw raincoat and Bamboo Hat. She mocked Ling Qianqian in her usual mocking tone.

After saying that, the two girls stopped and looked at Ling Qianqian with a smile.

Obviously, the two girls often used such words to provoke Ling qianqian.

"I'm Not Qianqian's father, I'm not... I just asked Qianqian's parents to send an umbrella over for her..."the old man heard the words of the two girls and hurriedly said, trying to save his daughter's face.

Due to the moment of panic, the old man didn't even see the cloud note standing next to him.

"This old man said that he's not Ling Qianqian's father! Hehe!"The two girls who passed by spoke in a cold tone.

Originally, Ling Qianqian was afraid that her classmates would find out that her father was a vegetable seller. Now that she was caught red-handed, she even used such words to provoke him. She subconsciously threw the umbrella at the old man, covered her ears, and shouted at the old man,

"Get lost! Get lost! I Don't want your umbrella! Get lost!"

Tears rolled down her cheeks, and she couldn't stop them.

“You even got angry, Haha.”When the two girls who passed heard this, they mocked him again.

The old man stood in the rain, looking flustered. He didn’t know if he should bend down to pick up the umbrella on the ground.

He just wanted to give his daughter an umbrella, but why did he seem to have made a huge mistake.

At this moment, Yun Jian reached out and pulled away the two girls who were passing by, pushing the two girls who were taunting Ling Qianqian to the side.

Seeing this, Luo Jiajun narrowed his eyes.

However, just when Luo Jiajun and the others thought that Yun Jian was kind and wanted to help ling Qianqian vent her anger on the two girls who passed by.

They saw Yun Jian standing in front of Ling Qianqian in front of everyone present, then he slapped Ling Qianqian in the face.

This sudden slap shocked everyone present.

“No, Wei Lin, are you serious? Why did you hit her?”Hong Ling saw Yun Jian’s action and jumped in shock.

Why did Yun Jian Slap Ling Qianqian?

This was obviously not ling Qianqian’s fault!

This was clearly the fault of those people who were gossiping!

But Yun Jian hit Ling Qianqian?

What the hell!

Even Luo Jiajun, Wei Ze, and Wei Min were shocked by Yun Jian’s action.

Logically speaking, yun Jian should not have hit ling qianqian!

Moreover, Ling Qianqian was forced to do so!

Did Yun Jian not see Ling Qianqian's teardrops?

When Luo Jiajun saw Yun Jian's actions, his eyes narrowed even more.

If it were him, he would definitely warn the two girls who bullied ling qianqian.

But Yun Jian...

Ha! This is getting more and more interesting. Wei Lin, the youngest daughter of the Wei family, you have really impressed me!

Luo Jiajun narrowed his eyes.

However, just as Luo Jiajun narrowed his eyes, Yun Jian's cold voice suddenly sounded, "It was her who was hit!"

She, Yun Jian, hit Ling Qianqian.

At this moment, Ling Qianqian covered her swollen face that was directly slapped by Yun Jian. She looked a little dispirited.

"Qianqian, Qianqian..."the old Grandpa felt a little sorry for his daughter who was slapped by Yun Jian, but he stretched out his hand. He was afraid that if he stretched out his hand to pull his daughter back in the academy, his daughter would be disgusted again.

So, the old man did not reach out his hand for a long time.

"Qianqian, it's father who is useless, it's father who is useless... if only father could let you live a good life, it's father's fault..."the old man stood in the rain and looked at Ling Qianqian with an uncomfortable expression, his mood at its lowest point.

He could not forget how his daughter yelled at him, "Why aren't you a rich person? If you don't have money, why must you force me to go to a noble academy to study?"

Ling Qianqian had relied on her own ability to waive tuition fees to enter the Royal Emperor Academy. She had not wanted to come because she did not receive any attention in such an academy, which was full of children from rich families.

Ling Qianqian had been forced to come by her father.

He had said that if she went to an elite academy, the people she met in the future would take a different path.

However, even the old man himself never expected that his daughter would be in such a situation.

“So Go! Go! Go! I don’t want to see you! Go!”Ling Qianqian heard the old man’s words, suddenly, she flew into a rage and shouted at the old man. In the end, she even shouted at the old man, “Because of you, I’m the most unfortunate person in this world!”

After that, Ling Qianqian squatted down and did not say anything. Her face was filled with pain.

The entire place was silent.

“Do you know why I hit you?” Just as the entire place was silent, Yun Jian’s voice was suddenly heard along with the pitter-patter of rain.

The words were said to Ling Qianqian.

Ling Qianqian’s face was lifeless and she did not reply.

“Because you’re very happy. You’re so happy that it’s enviable.”In the next second, Yun Jian’s words were heard again.

When these words were said, whether it was Ling Qianqian, her grandfather, Luo Jiajun, or everyone else, they were all completely dumbfounded.

Yun Jian was dumbfounded? She actually said that Ling Qianqian was happy! ?

One had to know that Ling Qianqian’s family background was the worst in the entire Royal Academy of Nobility!

And she was happy?

Ling Qianqian was also stunned. She raised her head to look at Yun Jian.

However, she saw Yun Jian continue to speak to Ling Qianqian in front of everyone with an expressionless face:

“Compared to the world I live in, you are a child kissed by God. You are so blessed that people envy you.”

At this point, Luo Jiajun and the other three stared at Yun Jian.

At that moment, Yun Jian paused. Then, she stretched out her hands in front of everyone and drew a red arc. As if she was recalling a shocking scene, she continued to speak in front of everyone:

“Do you know that the world I live in is that as long as you dare to close your eyes and fall asleep, someone will send you to your death.

“If you want to live, you must have your hands stained with blood. Your only wish every day is to live until the present of tomorrow.

“In order to live, you must kill everyone around you, including your friends.

“Do you know how Happy Your Current Life Is?

“So happy that I never dared to hope for it, so you still feel that you are the most unfortunate person

Yun Jian's words were plain and without any emotion. However, along with the sound of the rain, it was enough to shock everyone to the point that they felt as if they had been struck by lightning.

As soon as these words were said, everyone present took a few deep breaths and were momentarily stunned.

Yun Jian said... what...

Everyone present also knew Yun Jian's background.

Wei Lin, the youngest daughter of the Wei clan who had just been found after being separated for ten years.

As for the youngest daughter of the Wei clan, Wei Lin, who had been separated for ten years, where she had gone, what she had done, and how she had been found, everyone present had no idea.

It was precisely because of this that when Luo Jia Jun, Wei Min, and the others heard Yun Jian's words, they were momentarily stunned.

‘If you want to live, your hands must be stained with blood’?

These words touched the hearts of Luo Jiajun and the others.

Yun Jian's past life was even worse than Ling Qianqian's, who had the worst family conditions in the Imperial College and was often ridiculed by her classmates?

This made Luo Jiajun's brows knit even tighter.

What kind of past and past did she have!

"You..." at this moment, Ling Qianqian, who had lost control of her body earlier, was still squatting on the ground. However, she had already raised her head to look at Yun Jian. Her face, which had already stopped crying, was completely pale. However, there was more shock on her face.

"You should be glad that you're still alive. Why should you care about the opinions of others?"

"If we follow your method, there are many people in this world who want me to die suddenly. If I were as decadent as you, I would have lost my life long ago."

Yun Jian interrupted Ling Qianqian before she could speak.

She did not want to say anything more to Ling Qianqian.

"The father who raised you is more important than your worthless dignity. You'd better think it through."

After saying that, Yun Jian turned around and placed the shoulder bag on his left shoulder. He then stepped into the moderate rain.

After Yun Jian left, Ling Qianqian was completely silent. She sat down on the ground and pondered for a long time.

It had to be said that Yun Jian's actions had truly shocked Luo Jiajun and the others.

Especially Luo Jiajun.

Seeing Yun Jian walking into the rain, Luo Jiajun narrowed his eyes on his still handsome face.

Seeing this scene, Wei Min clenched her fists again. She was so angry that her entire body was trembling and even the corners of her mouth were twitching.

But just as Wei Min was so angry that her entire body was twitching, Luo Jiajun lifted his leg and actually followed Yun Jian's footsteps. He didn't even use an umbrella and chased after her.

Just as Yun Jian was about to reach the entrance of the academy, he was suddenly shouted, "Wei Lin!"

He did not even need to turn his head. The moment he heard this voice, he could tell that the person who had come was none other than Luo Jiajun.

However, Yun Jian did not stop in his tracks.

Who knew that Luo Jiajun would directly jog over to Yun Jian. After taking two deep breaths, he said to Yun Jian,

"Tell me! Where did you go during the ten years that you were missing?"

The moment Luo Jiajun caught up, Wei Ze, Wei Min, and Hong Ling chased after him.

This was the first time that Luo Jiajun, who was the campus belle of the Imperial College, caught up to a girl in the rain.

Wei Ze and Hong Ling were completely dumbfounded.

What made Yun Jian's older brother, Wei Ze, even more shocked was what Yun Jian had said just now.

What kind of past did she have! ?

However, just as Luo Jiajun asked Yun Jian, Yun Jian only shot a cold glance at Luo Jiajun and wanted to walk around Luo Jiajun to walk out of the academy.

There were more students walking back and forth in the academy, so Yun Jian couldn't run even if he wanted to start jogging.

Seeing that Yun Jian was about to leave, Luo Jiajun directly blocked in front of Yun Jian and said to Yun Jian:

"Even if you don't say it, I can feel your pain."

These words were rather ambiguous.

Wei Ze and Hong Ling were even more shocked when they heard these words.

This was not the first time that Luo Jiajun was so concerned about a girl. What was even more shocking was that this girl was his biological sister, Wei Lin, whom he had lost for ten years! Wei Ze was stunned.

Needless to say, one could see Wei Min's expression at this moment.

However, just as Luo Jiajun, Wei Ze, Hong Ling, and Wei Min were staring at the cloud tablet, waiting for the cloud tablet to explain where she had been all these years.

In the rain, the cloud tablet suddenly pulled out an indifferent and cold smile and said in front of everyone,

“If I say that I was kidnapped by an assassin organization, would you believe me?”

‘would you believe me if I said that I was kidnapped by the assassin organization?’

After Yun Jian said this, Luo Jiajun, Hong Ling, Wei Ze, and Wei Min were all dumbfounded.

The assassin organization... kidnapped her?

This...

To Luo Jiajun, Hong Ling, Wei Ze, and Wei Min, the assassin organization was an existence that was completely out of reach.

It was an existence that Luo Jiajun and the other three did not even dare to think about.

Therefore, the four of them were stunned when they heard Yun Jian’s words.

After they reacted, Luo Jiajun’s eyes darkened, but it was obvious that he did not seem to believe Yun Jian’s words.

“Wei... Lin ‘er, how can you say such things! Be careful that the assassin’s organization will really kidnap you! That Assassin’s organization is a place that trains assassin agents, how can you...”.

“Alright, Alright, this is simply unrealistic. Don’t mention it. Lin ‘er, let’s go home.”

Wei Min naturally did not believe Yun Jian’s words at all. However, she saw that after Luo Jiajun heard what Yun Jian said, although he did not believe what Yun Jian said, the look in his eyes had changed.

That look was clearly more interested in Yun Jian.

Wei Min was a woman, so she could naturally see what Luo Jiajun's look at Yun Jian meant.

Wei Min was angry just now. She originally planned to call Yun Jian by his name, but in the end, considering her own image, she forcefully changed her words and stretched out her leg, wanting to hold Yun Jian's hand.

Yun Jian dodged to the side and looked at everyone coldly. "Since you don't believe me, don't ask anymore."

After saying that, she carried her backpack and left the place in a flash.

Her speed was so fast that Luo Jiajun and the others couldn't turn back in a hurry.

Even so, Luo Jiajun was more and more interested in Yun Jian.

At that time, Luo Jiajun narrowed his eyes and looked at Yun Jian's departing figure with an arc.

It's getting more and more interesting!

Wei Lin, your every move, every word and action is really different from the others. It's unforgettable!

...

At night, 9:30 pm.

The people of the Wei family usually worked and slept normally. 9:30 pm was very early for the night cat gang, but for the people of the Wei family who were used to going to bed early and getting up early, it was already very late.

The people of the Wei family were already prepared to go to bed at 8 pm.

At that time, Yun Jian got up from his bed and walked out of his room.

Yun Jian's steps were very light. He walked through the Wei family's corridor, stairs, and living room without making a single sound.

After leaving the Wei family's villa, Yun Jian quickly disappeared into the night light.

At this moment, in the Wei family's villa's kitchen.

Wei Min had just fallen asleep when she suddenly felt thirsty. She went downstairs to get some water to drink. However, just as she poured the water, she saw a black figure flash past the window in the distance.

That person...

Wasn't that Wei Lin? !

It was already so late. Why was she sneaking out? ?

Wei Min, who was still sleepy a moment ago, was now alert. She lost all her sleepiness and quickly ran to the door to change her shoes. She took out her phone and chased after Yun Jian.

Before she chased after Yun Jian, Wei Min made a call.

"Hello, is that brother Hong Ling? Let me tell you, I just woke up and went downstairs to drink some water. In the end, I saw my sister go out in the middle of the night... I'm worried that something might happen to her, so can you come with me?"

...

After Yun Jian left the Wei residence, he came to a rather lively area near the Wei residence.

A yellow corvette sports car was parked in front of him.

The cloud note man stepped forward, opened the yellow corvette sports car, and got into the car.

The car quickly started the engine and left the place.

After the cloud note left, a figure crawled out from the bushes.

Taking a closer look, wasn't this person Wei Min?

At this moment, Wei Min was holding her phone in her hand. As she spoke to Hong Ling on the other end of the phone, she looked at the yellow corvette sports car that the cloud note was sitting in:

“Hello, Hello, I’m still here. I haven’t hung up yet. I was looking at my sister just now. She got into a yellow sports car. That car is very cool. It seems to be the latest model of the corvette sports car...”

“Brother Hong Ling, I’m just worried about my sister. I’m afraid that she wouldn’t dare to tell us something that she wouldn’t be able to tell us. That’s why I contacted you and decided to follow her to take a look... .. Yes, right now, I’m at Huangjiang Road. I took a taxi. When the time comes, I’ll send you the location. Come over quickly ... “...”

As Wei Min spoke, she reached out to stop a passing taxi. After getting into the taxi, she ordered the taxi driver to follow the yellow corvette sports car.

...

In the yellow corvette sports car.

Yun Jian was sitting in the passenger seat.

In the driver’s seat was Qing glaze.

At this moment, Qing glaze was driving the yellow corvette sports car, slowly sailing on the road.

“Have you found it?”Yun Jian asked.

“All the information is here. It was the boss of the underground black market in Thailand who sent people to assassinate you,”Qing glaze said as she turned the steering wheel.

Hearing this, Yun Jian narrowed her eyes slightly.

She flipped through the information in her hand and threw it into the back seat of the sports car.

When the information was thrown into the back seat of the sports car, it drew a beautiful arc and was thrown steadily into the back seat.

“Sister Jian, what are you going to do with it?”Qing Yan asked as she turned the steering wheel and whistled.

“I’ll leave it to you.”One sentence determined a person’s fate.

Yun Zhi closed her eyes.

The boss of the underground black market in Thailand had sent people to assassinate her because Yun Zhi had killed Xian Yu in the tomb of Marina.

To Yun Zhi, this was just a small matter.

“OK!” Qing Yan grabbed the steering wheel with one hand and snapped her fingers with the other. She looked relaxed and happy.

“Sister Jian, the three of them are waiting for you at a coffee shop in front. They are almost there,” Qing Yan said after she finished her sentence.

“Okay,” Yun Jian replied softly.

At this moment, Qing Yan narrowed her eyes. She whistled again and said playfully,

“Yo, why are you still following US after so long? Sister Jian, should I shake off the taxi that has been following us all this while?”

Qing Yan had long noticed that a taxi was following her sports car at a leisurely pace.

Yun Jian had naturally noticed it as well.

“Let her be.” Yun Jian pursed her lips slightly, narrowed her eyes deeply again, and said.

...

Wei Min, who was sitting in the taxi at the back, had already hung up the phone. She was staring at the yellow sports car in front of her with a pair of eyes that could kill.

After a short while, the yellow sports car turned into an alley within her field of vision and stopped at a cafe in the downtown area.

Wei Min couldn't help but roll her eyes at Yun Jian in her heart.

This Wei Lin could actually sit in a high-end sports car! This meant that she must have been kept by a rich man!

Or perhaps she had been kept by someone before!

After all, she had been missing for ten years. After an eight-year-old girl was picked up by someone, most likely it was because they wanted to get something out of her, so they picked her up.

There was even a scene in a TV drama where a girl who had been missing for ten years was taken away and turned into a girl!

She received customers every day and was even raped by dozens of men!

Wei Min thought that the owner of the car that Yun Jian was in was a man who had kept or raped Yun Jian in the past!

However, just as Wei Min was thinking this, the person in the car got out.

After Yun Jian got out of the car.

She saw a teenage girl get off the driver's seat.

Wei Min was stunned when she saw that the person in the driver's seat was not a fat middle-aged man.

Soon, Wei Min saw Yun Jian and the girl walk into a coffee shop one after the other.

Yun Jian walked in front while the girl walked behind.

Moreover, the girl followed behind Yun Jian as if she was facing her superior?

When Wei Min saw this, she was stunned and felt a flash of displeasure in her heart.

Wei Lin must have been kept by a rich big shot. That big shot must be so fat that people would feel nauseous just by looking at him!

And the young girl following behind her should be that big shot's person.

Thinking of this, Wei Min was furious.

She wasn't a clean woman anymore, so why did she have to return to the Wei family! And she even seduced her brother Jiajun!

Even though Wei Min was furious, she still managed to hold her anger in.

She had already contacted Hong Ling. Once Hong Ling arrived, she would bring Hong Ling in.

If Yun Jian met with that beer-bellied middle-aged man, not only would she be able to expose Yun Jian's face on the spot, but she would also be able to expose him.

As Hong Ling was also there, she would immediately tell Luo Jiajun the next day that Hong Ling would not lie. Therefore, Luo Jiajun did not believe that Yun Jian was for sale, and he had no choice but to believe it!

...

In a corner of the coffee shop, a screen blocked the view from outside the door.

When Yun Jian and Qing Yan arrived here, they saw Diane, refined ghost, and Gui Yan.

“Sister Jian!” Seeing Yun Jian, the three of them said in unison.

Diane, refined ghost, and Gui Yan were the leaders of the intelligence, investigation, and assassination teams of the ancient assassin mercenary group.

The three of them had come here to report to Yun Jian about what had happened after the destruction of the Emperor Renegade organization.

There were some matters that the elders of the Gu Sha mercenary group could handle on their own, but many important matters had to pass through Yun Jian’s hands.

Therefore, Diane and the other two had to personally hand it over to Yun Jian.

“No need to say more, speak.” Yun Jian sat on a chair in front of the three of them and said with narrowed eyes.

Diane and the other two accepted the order and left.

...

Outside the coffee shop.

Wei Min finally waited for Hong Ling, but she didn’t expect Hong Ling to bring Luo Jiajun over.

Wei Min originally thought that if Yun Jian didn’t meet with the middle-aged man who was her sugar daddy, then wouldn’t she...

However, Wei Min shook her head, thinking that since her brother Jiajun was here, then it was just right. If Yun Jian really met with the middle-aged man who was her sugar daddy, then her brother Jiajun would probably not be interested in her anymore if he saw it with his own eyes.

“She’s inside. I’m afraid that my sister has some unspeakable secrets, so...” Wei Min still wanted to put on a show.

However, Luo Jiajun did not wait for her to finish speaking and walked into the coffee shop.

His face was dark and gloomy. Those who did not know would think that Luo Jiajun was here to catch an adulterer.

In fact, Luo Jiajun had heard about Yun Jian from Hong Ling, so he also thought that Yun Jian was willing to degenerate and hang out with men in the middle of the night.

He wanted to ask her personally why she was so powerful when she was teaching others.

Therefore, Luo Jiajun did not wait or pay attention to Wei Min. He directly walked into the coffee shop.

Just as he entered the coffee shop, he bumped into Yun Jian.

Seeing this, Luo Jiajun said directly, "Who are you meeting with?"

Because there was a screen there, Luo Jiajun could not see the people inside.

Yun Jian didn't show any surprise when he saw Luo Jiajun.

At that time, Luo Jiajun couldn't hear Yun Jian's response. He walked past Yun Jian and the screen angrily.

When Wei Min and Hong Ling saw this, they also followed.

Who knew that the three of them would see a fat man with a big belly in front of them.

Luo Jiajun, Hong Ling, and Wei Min's mouths were suddenly covered.

The three of them were shocked.

What kind of person was so fast! He could actually subdue them in an instant!

Just as they were about to struggle, cracking sounds suddenly rang out from their heads.

Diane and the other two managed to subdue Luo Jiajun and the other two in an instant.

Three bright muzzles were placed on the foreheads of Luo Jiajun and the other two.

At that time, after the cloud memo returned to the screen, this was a place where outsiders could not see it.

She cast a sidelong glance at Luo Jiajun and the other two. Then, just as the three of them'pupils constricted, she curled her lips into a cold smile in front of the three of them:

“I didn't invite all of you. Instead, I delivered myself to your doorstep. Are you tired of living for too long?”

This sudden turn of events caught Luo Jiajun, Hong Ling, and Wei Min off guard.

Luo Jiajun and the other two reacted immediately. Then, they heard Yun Jian's cold voice and saw that Yun Jian had already appeared in front of them.

The three of them'eyes darkened, and a hint of fear flashed across their faces.

At this moment, the three of them, who had suddenly appeared, held their guns to their heads at the same time. Clearly, the three of them were more powerful than them!

They were so strong that they didn't even have time to react!

Moreover, the most terrifying thing was not that three people suddenly appeared behind the big screen in the coffee shop. It was also not that these three people had pistols in their hands.

But...

These three people who had pistols in their hands and were so skilled seemed to be Yun Jian's subordinates!

After Yun Jian finished speaking, the expressions of Luo Jiajun and the other two obviously froze.

Especially Wei Min's.

Wei Min originally wanted to seize Yun Jian's weakness, thinking that Yun Jian was negotiating with a fat middle-aged man, and that it was very likely that he could find out where she had gone and what she had done during the ten years they had been separated.

In the end, not only did she not find out where Yun Jian had gone and what he had done during the ten years, she was even pointed at her head with a gun!

Wei Min's face turned pale, and her body shivered in fear.

The three of them had their mouths tightly covered by Diane and the other two, and they could not make a sound. At this moment, Luo Jiajun was staring at Yun Jian with a scrutinizing expression. He frowned, as if he was interrogating Yun Jian for the reason.

"Should we kill them?" At this moment, Qing glaze followed Yun Jian from behind the screen of the coffee shop and said.

Qing Yan and Diane knew that Yun Jian was Wei Lin, the youngest daughter of the Wei family. Therefore, Qing Yan did not address Yun Jian as "Sister Jian" in front of Luo Jiajun and the other two.

The words "Kill them" made the hearts of Luo Jiajun, Hong Ling, and Wei Min jump.

Luo Jiajun and the other two obviously saw that the moment Qing Yan walked over from behind the screen, Diane, refined ghost, and Gui Yan, who were suppressing the three of them, nodded at Qing Yan.

It was as if they were nodding to their superiors.

That was indeed the case.

Qing glaze's status in the ancient kill mercenary group was that of an elder, so Qing glaze's status was higher than Diane and the other two.

Yun Jian's eyebrows suddenly twitched when she heard Qing glaze's words.

After that, she drew a red arc, and a single word suddenly rang out: "Kill."

...

The next day.

Luo Jiajun woke up groggily from his bed.

He grabbed his hair and rubbed it. Putting everything else aside, Luo Jiajun was actually quite handsome.

"Yesterday... Yesterday! !!"

After grabbing his hair twice, Luo Jiajun suddenly recalled what happened last night.

But in his memory, that scene was so unreal...

Luo Jiajun went downstairs and grabbed his school bag. He didn't even bother to eat the breakfast prepared by the servants at home and ran to the school.

As soon as he entered the school gate, he went straight to Yun Jian's classroom.

At this moment, Yun Jian was sitting in his seat and flipping through his textbook.

"Ah Ah Ah! It's young master Jun! Am I seeing things? It's young master Jun! Why did young master Jun Come to our classroom ah Ah Ah!"

The surrounding girls suddenly saw the figure of Luo Jiajun, and that sharp voice almost rose from their throats to their throats.

The girls all started screaming.

Before the crowd could finish screaming, Luo Jiajun walked to the front of the Yun Jian and looked at the Yun Jian with an interrogative expression. He wanted to reach out to grab the Yun Jian's wrist.

Unexpectedly, when Luo Jiajun reached out to grab the Yun Jian's wrist, the Yun Jian dodged to the side and conveniently pulled up the collar of his deskmate, Luo Jiachen, who was sleeping on the desk, and threw Luo Jiachen directly into Luo Jiachen's arms, stopping Luo Jiajun from touching him.

Luo Jiachen:"..."Who am I? Where am I? What am I doing?

At that time, Luo Jiajun held onto Luo Jiachen and stared at Yun Jian. In front of everyone in the class and the girls, he asked Yun Jian:

"What exactly happened last night!"

Luo Jiajun had always been a famous person in the Royal Emperor Academy. Every student in the Royal Emperor Academy knew him.

Moreover, 80% of all the girls in the school secretly had a crush on Luo Jiajun, while the other 20% were divided up among the other students.

As soon as Luo Jiajun arrived at the classroom of Yun Jian's class, he had already caused a storm.

And what made the girls the most shocked was that Luo Jiajun actually walked directly to the front of Yun Jian's seat.

The words "Last night" made the crazy fans of Luo Jiajun in the class hear it, and their screams reached the peak.

Luo Jiajun, the eldest young master of the Luo family, had stayed away from girls ever since he entered the school. They even heard that the eldest young master of the Luo family, Luo Jiajun, did not have any good feelings towards girls at all.

However, today, Luo Jiajun directly walked in front of Yun Jian and said such explosive words. For a time, everyone present felt that something had happened between Yun Jian and Luo Jiajun last night.

"Ah Ah Ah! Young master Jun not only came to look for Wei Lin from our class, did something else happen between them last night? ! It's so exciting and explosive!"

"I'm so envious... When did I get young master Jun's attention... that Wei Lin is a blessing that has been cultivated for several lifetimes, yet young master Jun actually came to look for her personally in class! Young Master Jun even took the initiative to stretch out his hand and want to hold her hand!"

"Young Master Jun is so handsome! I'm about to be charmed to death Ah Ah Ah!"

...

The surrounding girls pulled the atmosphere to the climax.

At this moment, Luo Jiachen had already reacted. He suddenly realized that after he woke up, he was actually lying in his big brother's embrace. He was shocked and jumped up.

"Damn, why are you here, Big Brother? What the hell! Why are you looking for Wei Lin? Could it be that your phone is also broken and you need Wei Lin to help you fix it? That's not right, your family didn't deduct your pocket money..."

Luo Jiachen was stunned when he realized what was going on and exclaimed in shock.

At that time, Luo Jiajun didn't reply to Luo Jiachen. He only stared at the Yun Jian, as if he wanted to find the answer to the question he wanted on the Yun Jian.

Just now, the Yun Jian was still flipping through the textbook. When she saw Luo Jiajun reaching out to grab her wrist, she dodged to the side and directly pulled Luo Jiachen's

collar and stuffed Luo Jiachen into Luo Jiajun's arms, at this moment, she was still sitting in her seat, flipping through her textbook.

Hearing Luo Jiajun's words, Yun Jian pursed her lips. She did not even raise her head and said to Luo Jiajun very calmly,

"Last night? Could it be that you had a dream and got delusional? It's time to go to the hospital for treatment."

After saying this, Yun Jian continued to flip through the textbook in her hand. She did not even intend to raise her head to look at Luo Jiajun.

"This Wei Lin really doesn't know what's good for her! Young Master Jun came to the classroom to look for her personally, and she actually said that young master Jun is... I think the one with hallucinations should be herself!"

"That's right! B * Tch! One look and you can tell that she's playing hard to get! How Shameless!"

...

The surrounding girls also started to talk in a rustling manner.

This had no effect on Yun Jian at all.

He actually said that he was suffering from hallucinations? Luo Jiajun scratched his head.

He didn't say anything nonsense! Yesterday...

Yesterday seemed to be really just a dream...

But that dream, how could it be so real! ! !

"Could it be that I really made a mistake?" Luo Jiajun suddenly said.

As he said that, he shook his head and didn't speak to Yun Jian anymore. He turned around and slowly walked out.

"What's going on? Big Brother, did you have a wet dream?" Seeing that Luo Jiajun suddenly reacted and walked out, Luo Jiachen called out to Luo Jiajun with a smile from behind.

When the girls in the class saw Luo Jiajun's reaction, they were also stunned.

What... What was going on! ?

Where no one had seen at that time, the slight upward arc of the Yun Jian flashed past and quickly disappeared.

Luo Jiajun and the other two could not die.

Therefore, when Yun Jian said 'kill', he only ordered Diane and the other two to knock Luo Jiajun and the other two unconscious.

Later Yun Jian cast a hypnosis spell on Luo Jiajun and the other two, making what happened last night become a dream in their eyes.

Hypnosis was broad and profound. This was something that could still be done.

...

At night, after school.

As soon as they walked out of the classroom, a cheerful figure ran over.

It was a girl with a smile on her face.

The girl handed a black bag to the Yun Zhi and gave it a big smile:

"Thank you! Thank you so much! I've already moved on! You're right. Compared to my worthless dignity, my dad is of course more important!

"Who cares what others think! My father and mother were already old when they gave birth to me, and my mother died tragically. It was my father who brought me up, and everything I have was given to me by my father.

"What can those people who mocked and ridiculed me give me? Why should I care so much about their opinions! Let them talk!

"I'm living very well now. My father will come to pick me up from school today, and in the future, he will send me to school before going to the vegetable market to sell vegetables!"

That's right, the person who came was Ling Qianqian, who had thrown an umbrella and cried bitterly to her grandfather in the rain yesterday.

She didn't expect that she would be able to move on after just one night.

"So this is my reward?" Yun Jian raised the sauerkraut in his hand and said to Ling Qianqian with narrowed eyes.

"That's right! Although this isn't a precious thing, you know my family's financial situation. Haha, when I graduate and go out to work and earn a lot of money, I'll treat you to a big meal!" Ling Qianqian nodded.

After thinking it through, Ling Qianqian was obviously much more optimistic.

"Then I'll accept it without hesitation." Yun Jian lifted the sauerkraut in the black bag and half-carried the school bag with his other hand. He carried the school bag on his shoulder and turned around to leave the school.

At this moment, Ling Qianqian didn't know that after she graduated and went to work, she wouldn't be able to contact Yun Jian anymore.

Perhaps many years later, Ling qianqian would still be able to recall Yun Jian, but the appearance of Yun Jian in her memory was already blurred in her heart. She could only rely on her memories to vaguely remember the face of Yun Jian, which had always been indifferent, but it was a face with a slight red arc.

It was a face that would change her life forever.

In one's life, one would meet many people, classmates from school, on the journey, in the same city, and in different countries.

However, life is like this. When you meet someone, when you part ways, it is like saying goodbye forever. You will never meet them again in your life. You Don't even have their contact information.

If you think about it carefully, you will be able to recall many such people.

Perhaps the impression they left on you wasn't deep enough, so you simply ignored them.

...

Yun Jian left the school gate and went straight back to the Wei residence.

As soon as he arrived at the Wei residence, he saw the figures of Luo Jiajun, Luo Jiachen, Hong Ling, Wei Ze, and Wei Min.

There were many dining tables in the Wei residence's main hall. It looked like they were going to hold a small-scale party. They had even invited some of their peers from noble families and aristocratic families to participate in the small-scale party tonight.

Seeing this, Yun Jian directly walked past them and was about to head upstairs.

However, at this moment, a young girl who was about sixteen or seventeen years old and dressed like a doll princess suddenly stood in front of Yun Zhi. She stared at Yun Zhi with an arrogant expression and spoke in front of Wei Min and the others:

“This is the Wei family's youngest daughter, Wei Lin, who has been missing for ten years before she was found?”
