Chapter 2331: Chapter 2331 you're such a nice person. The door is shaking

This young girl who was dressed as exquisite as a doll spoke with a hint of arrogance that only a princess would have.

That was something that outsiders could never learn.

At that time, the young girl was using an inquisitive look to examine the cloud note. It was as if a high and mighty princess was looking at a commoner.

However, before the cloud note could speak, the young girl spoke again, "You're quite good-looking, but... don't have any thoughts towards my big brother! Let me tell you, my future sister-in-law can only be sister Min 'er!"

"Luo Lan Lan, if you say one more word, scam home immediately!" Just as the young girl finished speaking, a furious voice sounded.

Luo Jiajun looked at the young girl with a warning expression and said.

When she suddenly heard her big brother's voice, the young girl named Luo Lan Lan was stunned. She pursed her lips and continued, "That's right, I like sister Min 'er!"

This young girl, who looked like a doll, was called Luo Lan Lan. She was the biological sister of Luo Jiajun and Luo Jiachen.

After hearing Luo Jiajun's words, although Luo Lan Lan was unwilling, she still twitched the corner of her mouth and resisted.

When Wei Min heard Luo Lan's words, she was happy for a moment.

Even if she had a little relationship with Luo Jiajun, Wei Min was so excited that she was about to die.

However, on the surface, Wei Min still pretended to be a very good elder sister. She coughed, then pulled Luo Lan's hand and said,

"Lan Lan, Sister Min 'er also likes you! But Lin 'er is also my sister. She has been away from home for more than ten years and is alone outside... I feel very uncomfortable... I don't know what kind of life she is living outside, I . . ."

As she said this, Wei Min wiped the corner of her eyes that did not have the slightest hint of tears.

“Sister Min ‘er, you are such a good person! It is Big Brother’s fortune that Big Brother married you!” Luo Lan Lan was a very gullible little girl. When Wei Min said this, she really believed it.

At that time, Yun Jian did not say anything. As soon as Luo Lanlan and Wei Min spoke, she walked past the two of them and went straight upstairs.

Luo Jiajun saw Yun Jian walking upstairs and wanted to chase after her, but he was stopped by Luo Lanlan.

Thus, Luo Jiajun could only watch Yun Jian go upstairs. He thought to himself that he must secretly go up to look for Yun Jian later.

...

Yun Jian did not want to participate in some small-scale party organized by the Wei family at all. She planned to go back to her room to sleep.

Just as she opened the door of her room and closed it after entering, a black shadow suddenly pounced on her.

After the black shadow pounced on her, it conveniently closed the door lock with a click.

The next second, the black shadow wrapped her in its embrace.

Yun Jian also felt a familiar aura, so he let it go.

“Little Jian...” Si Yi’s voice sounded as expected.

“Didn’t you...” didn’t you go to the continent of gods? Yun Jian was about to ask.

Si Yi covered Yun Jian’s mouth, pressed Yun Jian against the door, and kissed him for a few minutes.

After the kiss, Si Yi took off her clothes and pants, leaving only what was inside.

Then, a certain someone pressed the Yun Zhi on the door and went straight to the point...

...

Outside the corridor.

Luo Jiajun, who had managed to avoid the entanglement of his sister Luo Lan and Wei Min, was looking for Yun Zhi's boudoir one by one.

Just now, Luo Jiajun had asked Wei ze about Yun Zhi's room. Now, he came over with a solemn promise.

Luo Jiajun had just arrived at the door of the room with Yun Zhi. He was delighted and was about to go up and knock on the door.

However, he suddenly saw the door shake a few times, as if someone was doing something indescribable on the door...

Then, a moan sounded from inside the room, "HMM..."

That faint, indistinct sound of breathing was...

Luo Jiajun's eyelids twitched violently. His entire body shook as if he had been electrocuted.

Wasn't the room where the sound came from Wei Lin's boudoir...

This sound, coupled with the shaking door!

Luo Jiajun's brows furrowed at the same time, and he walked over with his heart in his chest.

"Wei Lin... Wei Lin... Wei Lin?"The moment his brows furrowed, Luo Jiajun rushed over to the shaking door almost at the same time.

"Wei Lin, are you inside? Are you inside? Ah? Answer Me?"The first thought that came to Luo Jiajun's mind was that there were guests from the Wei family downstairs who dragged the cloud note into the room and forced themselves on her...

In fact, Luo Jiajun's guess was right.

Inside the door, Si Yi was staring at the Yun Jian who was only blooming beautiful flowers for him with a pair of starry eyes.

He put one hand on the door and the other on her slender waist, pressing the Yun Jian against the door and doing something shameful.

The knocking and shouting outside the door reached Si Yi's ears. Hearing this, Si Yi's eyes flashed sharply, and a murderous intent flashed in his eyes. His movements became even fiercer.

Yun Jian covered his mouth and almost moaned loudly.

She couldn't hold it in any longer, but he still had a calm expression on his face. It was as if she was the only one who did this, and he just watched from the side.

...

Outside the house, Luo Jiajun was on the verge of breaking down.

He, Luo Jiajun, the eldest son of the Luo family, finally became interested in a girl, but that girl seemed to be being pressed against the door at this moment...

When he thought of this, Luo Jiajun felt like he was going crazy.

"Wei Lin! Wei Lin! Wei Lin..." Luo Jiajun knocked on the door for quite a while.

This sound attracted Luo Lan and Wei Min, who were looking for Luo Jiajun after discovering that Luo Jiajun had disappeared.

"Brother Jiajun! Why are you here!" Wei Min saw that Luo Jiajun had just shaken her off and actually went to the boudoir of the cloud note, and her anger was ignited in an instant.

"Do you have the key to your sister Wei Lin's bedroom? Open the door!" Luo Jiajun saw Wei Min and asked loudly almost at the same time.

Wei Min had known Luo Jiajun for so long, but this was the first time she saw Luo Jiajun looking at her with such a nervous expression, so she hurriedly spoke up.

One had to know that Luo Jiajun, the most popular campus Belle in Imperial College, was the future heir of the Luo Group. In the past, even if the sky collapsed, Luo Jiajun had never panicked.

But today, Luo Jiajun was standing at the door of Wei Lin's little b * Tch's bedroom and shouting at her.

Wei Min suddenly felt disgusted. She clenched her fists, but considering that she had to show off in front of Luo Jiajun, Wei Min still turned around to get the key.

About five minutes later, Wei Min took a key over. "This is the key to Lin 'er's room. Brother Jiajun, what happened to Lin 'er..."

Wei Min said this, but she did not give the key to Luo Jiajun.

Luo Jiajun did not even look at Wei Min. He walked over and took the key from Wei Min's hand.

"Brother, What's wrong with you? Sister Min 'er was concerned about you, so she quickly dragged me to look for you. Why are you still treating sister Min 'er like this..." even Luo Jiajun's sister, Luo Lan Lan, curled the corner of her mouth, she spoke with an unconvinced expression.

However, Luo Jiajun's mind was on the Yun Jian. He couldn't be bothered with his sister and Wei Min.

He inserted the key into the Yun Jian's bedroom door and twisted it open. Just as Luo Jiajun impatiently opened the door, he suddenly saw...

The moment the door opened, Yun Jian was standing at the door. She was wearing a long dress that reached her knees. The loose dress covered her alluring figure, and her hair was wet, her skin was smooth and delicate like that of a newborn baby. If you pinched her face, you could squeeze water out of it.

The moment the door opened, a sound came from inside, "Woof Woof! Woof Woof Woof!"

Then, a snow-white puppy wagged its tail and came out of the cloud note bedroom impatiently.

And the snow-white Puppy had a hint of red on its forehead.

Obviously, the dog just now was the culprit who knocked the door with all his might.

At least in Luo Jiajun's eyes, that was the case.

Luo Jiajun's expression froze. He was stunned and his expression did not look good.

“What’s the matter?” Yun Jian was holding a towel in his hand and wiping his wet long black hair.

This was the first time Luo Jiajun and Wei Min had seen Yun Jian let his ponytail fall on his shoulders.

Yun Jian’s hair fell on his shoulders and gave people a different kind of beauty. Especially after taking a bath, Yun Jian’s skin was even smoother and more delicate. His fair face coupled with his eyes that flickered with a sharp luster.

At this moment, Luo Jiajun felt as if he had seen a fairy who had unintentionally fallen into the mortal world. Even Luo Jiajun himself did not realize it. He fixed his gaze on Yun Jian without moving, like a pervert.

“Brother Jiajun! Did you just think that something had happened to Lin ‘er? Don’t you see that Lin ‘er is fine? Lin ‘er should be sleepy and wants to sleep early. I think we should not disturb Lin ‘ER’s sleep. Let’s go quickly!”

Wei Min saw that Luo Jiajun’s eyes were like magnets staring at Yun Jian, unable to move away. The jealousy from the woman exploded at this moment. She grabbed Luo Jiajun’s arm and tried to pull him away.

“Don’t open my door recklessly in the future unless you are tired of living. I can be merciful and send you on your way.”

After Wei Min said that, Yun Jian said this with a cold face.

After that, she didn’t give Wei Min, Luo Jiajun, and Luo Lanlan any chance to react. She reached out her slender hand and closed the door.

After Yun Jian closed the door, Luo Jiajun was still unable to react from Yun Jian’s beauty. He was stunned for a long time before he was led away by Wei Min.

“Tch, what are you talking about? You’re making yourself look like a rich young lady. Why aren’t you opening the door?” It was just a girl who had been lost for ten years before she was found. Didn’t she suffer a lot in the past? Why did she throw a tantrum so quickly? Tsk, how shameless... “... “...”

After listening to Yun Jian’s words, because Wei Min had pulled her from the side and said a lot of bad things about Yun Jian, Wei Min had subconsciously injected a lot of side thoughts about Yun Jian’s bad side.

Therefore, after listening to Yun Jian’s words, Luo Lan’s first thought was to mock Yun Jian.

Luo Jiajun, Wei Min, and Luo Lan finally went downstairs.

In the bedroom.

Yun Jian closed the door. Si Yi, who was standing in the bathroom next to the bedroom, hugged her from behind Yun Jian.

Because Yun Jian was wearing long clothes, one of the clothes covered his thighs.

He was not wearing anything under his slender legs.

“Xiao Jian, you’re mine...” Si Yi didn’t say anything else. He hugged Yun Jian and slid his hand... Into it..

“Uh-huh...”

The night was long.

In the large living room below the Wei residence, all the guests raised their wine to welcome him. Above the Wei residence, in the cloud note boudoir, there was a beautiful room.

...

Si Yi stayed in the cloud note boudoir for one night before leaving.

He originally wanted to return directly to the continent of gods, but when he left the dark soul organization and returned to the continent of gods, he ran here to look for the cloud note because he missed it.

Si Yi had a lot of things to do today. There were so many things that he could not handle. He should not have come to puluo city to look for the cloud note, but he had not seen the cloud note for a few days.

His thoughts overpowered his reason, so Si Yi came to look for the cloud note.

He also went to have sex with his beloved woman.

As for Luo Jiajun, Si Yi did not even ask about the cloud note.

That was because deep down in his heart, Si Yi believed in the cloud note.

There was no love at all. It was even more intimate than not having to talk to each other.

...

Three days after the Wei family's small-scale party, three days later, Luo Jiachen made a new discovery.

"Hey!! Wei Lin, let me tell you, I got new news. Didn't something happen at the construction site? It was then blocked by the police. However, 15 days later, the police invited a specialist to the construction site to investigate the case. With my ability, it was not impossible for me to bring people to secretly take a look.

"Because that specialist is my father's friend. How about it? Do you want to go and take a look?"

Luo Jiachen had been on a mission to please Yun Jian these days. He wished he could tell Yun Jian all the information he got.

That was because Luo Jiachen's phone had been breaking down more and more recently. It was supposed to break down once every two days, but in the past few days, it had almost broken down two or three times a day.

It wasn't that Yun Jian wasn't doing well, it was that Luo Jiachen was exaggerating.

"The phone broke down again?" After hearing Luo Jiachen's words, Yun Jian's eyes moved. She nodded and said.

"AH, Wei Lin, you're too amazing! How did you discover that my phone was broken again! Don't tell me you have the ability to predict the future!" After hearing Yun Jian's words, Luo Jiachen was stunned and then said.

"When my phone is broken, the more you investigate for me, the more diligent you are." Yun Jian's words exposed Luo Jiachen.

Hearing this, the corners of Luo Jiachen's mouth twitched.

It seemed that he was indeed like this.

...

Monday, assembly.

Royal Emperor Academy, Large Field.

The principal of Royal Emperor Academy solemnly announced on the rostrum that this year's Royal Emperor Academy's male students would hold a fencing competition in three days.

The fencing competition was a unique event of the Imperial College.

The fencing competition would be held in front of the entire school.

This fencing competition was a competition that had been passed down since the Imperial College was founded in the last century.

The students of the Imperial College were not like the students of other schools. Most of the students here were from rich families. Therefore, there would be many events like the fencing competition that would be held in front of the entire school.

"This year's fencing competition will officially begin in three days. Any male students who want to register for the fencing competition, please go to the registration office to register.

"This year's fencing competition has a lot of rewards. One of the rewards is to win the first, second, and third place in the fencing competition. I will allow you to go to the forbidden area of our Royal Emperor Academy!

"There will also be many other rewards, so I hope that everyone can sign up and pass on our school's unique fencing competition."

The Dean's speech quickly received many male students' Cheers.

Fencing, was a compulsory course for male students at the Royal College of Emperor.

Female students did not count.

And male students were undoubtedly very concerned about the fencing competition between male students.

Especially if one obtained a place in the fencing competition, it was very easy to be admired and admired by female students.

To put it bluntly, this fencing competition was a platform for the boys to show off in front of the girls.

If one were to talk about how the King's College's best student was chosen, it would depend on the fencing competition.

It must be known that the girls nowadays were no longer so interested in those pretty boys who only had looks.

What the girls were interested in were those who were good-looking, had a good figure, had manliness, and were very strong.

As for Luo Jiajun, he was 22 this year and was in his senior year. He had already won the fencing championship three years in a row, which was why the girls were chasing after him so much.

The second and third runners-up in other years were also chased after by the girls.

Whether it was Wei ze, Hong Ling, or Luo Jiachen, they had all been the second and third runners-up in the fencing competition. Therefore, not only did they come from good families, but their abilities were also outstanding, they also had a talent in fencing that others couldn't even hope for.

That was why the girls were so fond of them.

After the Dean finished speaking, the Assembly ended very quickly, and the students returned to the classroom one by one.

"Wow! This year, the top three can enter the forbidden area of the academy. That's a very exciting place! Because our Imperial Emperor Academy is just as its name suggests. It was a school that a royal family of country Y came to our country in the last century to open and establish.

"I heard that when that royal family of country Y came here from their country Y, they brought weapons that the craftsmen from all over the world could no longer forge. Those things are now hidden in the forbidden area of our college."

"If we get the top three, we can go and take a look. Then I'll take the top three positions."

Luo Jiachen sat at the same table as Yun Jian. After muttering to himself for a while, he got up and was about to walk out.

"Y country royal palace aristocrat? Is it the y country royal palace aristocrat John that is recorded in History?" Cloud Jian listens to Luo Jia Chen's words, the eyebrow is raised, ask.

John, a royal of country Y, was a famous craftsman.

But the Queen of country Y did not allow the royal family of country Y to become a low-level artisan, so she stopped John.

John was not convinced, so he came to Z country.

That was not the point.

The point was that the royal family of country Y, John, forged the most sturdy and powerful weapons in the world.

In the future, no weapon forged by a craftsman could be compared to John's.

On the streets, the weapons forged by John were delusional.

But no one would have thought that the pile of weapons forged by John was actually stored in the forbidden area of the Royal Emperor Academy!

Yun Jian narrowed his eyes and said to Luo Jiachen, "Where do you want to register?"

"AH? What What What? Wei Lin, could it be that you want to participate in the fencing competition?" After hearing this, Luo Jiachen only reacted after a long while and his expression froze.

There had never been a female student participating in the fencing competition in the Imperial College. It wasn't that there wasn't such a practice, but it was because after a female fencer had won the championship of the year in the last century..., no female student was able to win the championship.

This made the female students lose their confidence, so they didn't plan to participate in a fencing competition to embarrass themselves.

"PFFT, you want to participate in a fencing competition? Don't you know that when a female student participates in a fencing competition, she would lose miserably! Ever since that female fencer won the championship of the last century, fifty years had passed, and no female student in our college had the ability to climb into the top three. Now, no female student dared to participate in a competition... .."

"You're Going? You're saying that our class isn't embarrassed enough, right?"

A female student who was putting on her makeup put down her hairbrush after hearing Yun Jian's words and started laughing loudly.

When the surrounding people heard this, they also burst out laughing wildly.

However, just as this group of people were laughing wildly, Yun Jian suddenly stood up from her seat. With a cold face, she suddenly spoke in front of everyone present. Her tone was extremely arrogant:

“Not only do I want to participate in the fencing competition, but I also want to be the champion of this year’s fencing competition!”

The fencing competition was the symbol of the Imperial College. It was also a tradition of the royal family of country Y that the founder of the Imperial College, John, had brought from country Y.

The first president of the Imperial College, John, was a royal family of country Y. At that time, the leader of country Y was a queen and a woman.

Therefore, the status of women in country Y was not low at that time.

When John first came to country Z to build the Imperial College, he also advocated equality between men and women.

Therefore, girls who could compete in fencing with boys would not be ridiculed.

At that time, the girls were also very brave. There were indeed many champions, second runners-up, and third runners-up who won the rankings in the annual fencing competition.

But until now, it was unknown when it started. The girls were afraid of leaving a bad impression in front of the boys, and no one had signed up for the fencing competition anymore.

There was also a part of the reason that they were afraid of being ridiculed.

The fencing competition had also changed from a battle between heroes in the past to a situation where the boys were showing off their abilities in front of the girls today.

Getting back to the main topic, it had been 50 years since the last time a female student from the Royal Emperor Academy had won the championship.

In the past 50 years, not a single female student from the Imperial College had ever broken the record of winning the championship again!

It was not as if there had never been a female student who had participated in the competition before. Take last year's annual fencing competition as an example. There were also quite a few female students who were more courageous who had signed up to participate.

Not to mention breaking the record of not having a female student who had won the championship again in the past 50 years, even ranking in the top 100 of all the competitors was quite difficult.

And the person who won the fencing championship three years in a row was Luo Jiajun!

Who was Luo Jiajun?

The eldest son of the Luo Corporation, the future chief successor. His studies, looks, and strength were side by side. He had participated in the fencing competition for three years and had never lost!

Therefore, when Yun Jian's words came out, everyone present was dumbfounded!

"You said that you want to win the Fencing Championship position this year? Do you know what you are talking about! Let's not talk about whether you have learned fencing or not. Just Our Academy's Young Master Jun, he is someone who has won the fencing championship for three years!

"Young master Jun is not only proficient in fencing competitions, in terms of fighting, young master Jun has once stopped thirty people from ganging up on each other. He beat those thirty people until they didn't dare to disobey him!

"What About You? What qualifications do you have to compete with our young master Jun! Moreover, our academy has so many outstanding talents! You're just a transfer student who just transferred over!"

After hearing Yun Jian's words, the girl who was using a comb to dress herself in the mirror heard it and couldn't help but stand out and retort loudly.

"That's right! Young Master Jun is handsome, his character is good, and his family background is even better. Who Do you think you are? Do you think that you can outdo young master Jun in terms of strength just because you've hooked up with Young Master Chen?"?

"Or do you think that young master Jun is great just because he pays a little attention to you? Let me tell you, young master Jun Only sees you as a novelty and only wants to play with you. Maybe he will get tired of you after two days!"

The moment the Yun Jian arrived, it immediately attracted the attention of the two school belles of the Academy. The girls had long held opinions about the Yun Jian.

Now that they had the opportunity, they really thought that they had caught the little pigtail of the Yun Jian and started to use fierce words to counterattack.

Why did she, the youngest daughter of the Wei family who had been lost for ten years and had just been found, directly attract the attention of the two school weeds of her academy! !

Yun Jian was talking about the fencing competition, while the girls in the class were pulling and pulling at each other, and actually brought it to another level.

Yun Jian sneered and couldn't be bothered with them anymore. She put her hands in her pockets and walked out of the classroom without caring about the girls behind her who were clicking their tongues non-stop.

"Enough, all of you shut up! If you force me to sell you to the girls'branch, I Will!"Luo Jiachen shouted when he heard the girls'discussion.

Reality proved that Luo Jiachen, the little bully of the Luo family, still had his dignity.

The girls were frightened by Luo Jiachen's shout and their bodies trembled. They immediately swallowed their saliva and didn't dare to make a sound.

Luo Jiachen glared at the girls again and chased after Yun Jian.

...

At the Registration Office of the Fencing Department of the Academy.

A rather handsome boy was sitting on a desk at the registration office, registering his classmates who were participating in the fencing competition.

This rather handsome boy lowered his head. He registered several classmates'names consecutively without raising his head, and only started to write down their names and classes.

"Name, class."After the boy finished registering this one, he spoke.

The next student who signed up for the fencing competition immediately spoke up:

"Wei Lin, first year (Class 1) ."

After this beautiful female voice sounded, the boy's expression froze.

Female voice...

There was actually a female student who signed up for the fencing competition?

The boy suddenly raised his head to look at the person who signed up. When he saw that person, a look of surprise and astonishment instantly flashed across the boy's face.

"You... you're really going to participate in the fencing competition?" The boy looked at Yun Jian twice. He gulped and repeated the question.

"Write." Yun Jian, who was standing in front of the boy, did not reply to the boy directly. Instead, he simply said calmly.

Perhaps it was because Yun Jian's gaze was too frightening, the boy trembled after hearing it. The boy did not dare to ask further. He moved the pen in his hand and wrote the name and class of the Yun Jian.

The male student even silently cursed in his heart. This girl looks thin and weak, is she serious about participating in the fencing competition?

However, this sentence was only silently cursed in the male student's heart, and he did not say it out loud.

After Yun Jian finished signing up, Luo Jia Chen, who had also finished signing up, walked out.

He had only walked halfway when he bumped into Luo Jia Jun, Hong Ling, Wei Ze, and Wei Min.

A hint of surprise flashed across Luo Jiajun's eyes when he saw Yun Jian.

However, it did not show on his face.

Luo Jiajun stopped Yun Jian and asked, "Wei Lin, are you here to register with Jiachen?"

Subconsciously, Luo Jiajun thought that it was impossible for Yun Jian to come here to register for the fencing competition.

She was only a girl.

“No, no, no! Brother, I’m the one who accompanied her here to register. At the same time, I’m also here to register for myself,” Luo Jiachen hurriedly explained after hearing Luo Jiajun’s words.

“You want to sign up for the fencing competition! ?” After hearing Luo Jiachen’s words, Yun Jian’s brother, Wei Ze, who was in name, was startled for a moment before he loudly questioned.

“Why not?” Hearing Wei Ze’s questioning, Yun Jian raised his eyebrows and coldly said.

“If you want to sign up for the fencing competition, it’s fine if you can win, but if you lose, you’ll lose the face of our Wei family! So, quickly withdraw from the fencing competition! Go and cross off the quota for me right now!”

Wei Ze couldn’t help but order Yun Jian to refuse.

Having said that, Wei Ze, who thought he was Yun Jian’s brother, reached out his hand and wanted to grab Yun Jian’s hand and drag him to the place where the fencing division had signed up for the competition just now to force Yun Jian to cross off the quota.

Unexpectedly, Wei Ze wanted to reach out his hand and grab Yun Jian’s hand to forcefully drag him away. Before his hand touched Yun Jian, Yun Jian turned sideways and avoided Wei Ze’s hand.

In an instant, everyone present heard the extremely cold voice of the cloud paper. It was as cold as the temperature of minus Celsius. “So, are you ordering me?”

“Wei! ... Lin, lin ‘er, our brother is thinking about you! You Can’t be so willful! You said that you’ve been separated for ten years. Where did you learn fencing in the past? You haven’t even participated in the family’s special training...”

“So, how can you compete with someone who has the ability? Stop...”

Wei Min almost wanted to kill Yun Zhi directly, so she almost lost control in front of everyone and spoke in a bad tone. Fortunately, she stopped in time.

However, before Wei Min finished speaking, everyone thought that Yun Zhi should have realized her mistake.

However, they saw a figure suddenly flash past them.

Yun Jian flashed past them at lightning speed and behind Wei Ze.

Wei Ze was shocked! He quickly turned around and stretched out his hand.

However, no matter how fast Wei Ze's reaction was, he was immediately restrained by Yun Jian.

In the next second, Yun Jian grabbed his arm and fiercely knocked on all the joints twice.

Wei Ze was shocked to realize that his hand was hit by Yun Jian as if his acupoints had been hit. He couldn't even muster any strength!

What was going on? What kind of skill was this? !

Before Wei ze could react, Yun Jian had already let go of Wei Ze's hand and kicked Wei Ze's lower back from behind. Wei Ze staggered a few steps forward before he managed to steady himself.

This scene caused an uproar in the entire stadium.

However, just as the few people present witnessed Yun Jian's attack for the first time and were shocked by Yun Jian's fast, accurate, and ruthless attack speed, Yun Jian's words rang out once again, there was actually an inviolable arrogance in his words:

"Before the end of the competition, your hands will no longer be able to hold anything.

"I'll accept your hands.

"I won't kill you, but remember this. You're not the only person in this world who dares to order me around.

"However, you're the only person who has ordered me around and not been killed by me. My 'good brother'!"

Yun Jian's words were clear and clear as they spread throughout the entire area.

After hearing Yun Jian's words, everyone present was shocked.

She accepted the hand. What did she mean by that? ?

However, just as everyone was shocked by Yun Jian's arrogant tone, they didn't know what she meant.

"What did you do to my hand? Why... why can't I use any strength in my hand?!"

A flustered voice suddenly sounded.

When everyone heard this, their expressions froze. Then, they followed the source of the voice and turned to look at Wei Ze.

They saw that Wei Ze's hand was like a puddle of mud after Yun Jian grabbed his arm and hit it hard on all the joints. It was difficult for him to even raise his hand.

Not to mention whether he would be able to hold the foil sword in the fencing competition three days later.

Boom!

When the people present heard Wei Ze's words, their heads exploded, and their faces turned pale.

"What did you say, Ze! ? She can actually make your hand lose strength?" Hong Ling grabbed Wei Ze's hand and said in a daze.

Wei Ze tried many times, but the parts of his arm that were hit by Yun Jian were unable to move. His face turned dark, and he said with a terrified expression, "I can't move!"

"I really... I really can't move!" For the first time, Wei Ze looked at Yun Jian with a terrified expression. This was the first time he felt that his sister, who had been separated for ten years before returning to the Wei family, was so mysterious and terrifying!

"Wei Lin! What have you done to Big Brother! Big Brother is going to represent our Wei family in the fencing competition in three days! What have you experienced outside! Why has your heart become so vicious!"

Wei Min saw this and unhesitatingly shouted out these words to Yun Jian.

Wei Min was not stupid. The reason why she would use such words to speak to Yun Jian in front of Luo Jiajun was because at this time, it would be abnormal if she did not get angry at Yun Jian.

"Vicious?" Hearing Wei Min's words, Yun Jian curled his lips and sneered.

“You even want to poison your own brother! You’ve already lost your mind! Wei Lin, I sincerely welcome you back to the Wei family. As your sister, I’ve been worried about your safety day and night for the past ten years that you’ve been separated…”

“I was so worried that I woke up in the middle of the night. I dreamed that you were crying and screaming in fear that you wanted to go home. When I woke up at night, I couldn’t stop crying because I was worried about you…”

“But you even wanted to harm our biological brother! How… How did you become like this? !”

As Wei Min spoke, tears started to appear at the corners of her eyes.

Those who didn’t know would really think that Wei Min was sad and worried about Yun Jian.

This face of a good older sister was really flawless in her acting.

In reality, Wei Min was indeed so scared that she woke up in the middle of the night. Because of Wei Lin’s disappearance, she was so scared that she couldn’t stop crying at night.

That was because Wei Min dreamed that after she deliberately fabricated her sister, Wei Lin, who had accidentally gotten lost, she dreamed that Wei Lin was dead and that she had become a malicious spirit that came back to take revenge on her.

Therefore, Wei Min was scared to wake up and cry. This was completely true.

“Then, what kind of person do you think I should be in the beginning?” Just when Wei Min was crying in front of everyone with the face of a good sister, Yun Jian’s voice suddenly sounded.

“Kind-hearted? Bullied by you? I listened to you and everything you said was right?” After Yun Zhi finished speaking, she raised her red arc.

In the next second, the slightly raised red arc instantly fell. That cold and indifferent face made Luo Jia Jun and the others present shocked. Then, Yun Zhi’s next words suddenly rang out and spread throughout the entire place:

“I’m sorry, I’m not that kind of person. Evil-hearted? I’m very responsible to tell you that there was once a group of people who said that I was the most terrifying devil in this world.

“I think that the word ‘vicious’ should be considered as underestimating me.

“So if you want to see how vicious I can be, then you might as well give it a try!”

When ordinary girls heard outsiders say that they were vicious, they would either defend themselves or try their best to salvage the vicious image that they had left behind for outsiders.

However, Luo Jiajun, Hong Ling, Wei Ze, and the rest of the people present had never seen someone like Yun Jian!

If others said that she was vicious, they would be comparing her to a vicious villain. However, not only did she admit that she was vicious, she even said such words to everyone present?

The most terrifying devil in the world...

Combined with what Yun Jian said to Ling Qianqian previously.

Luo Jiajun's eyes turned sharp.

What kind of past and past did she have? !

Why was it that the more he wanted to get close to her, the more he wanted to understand her, the more he discovered that there were more and more secrets about her.

Where exactly had she been during these ten years? What kind of life had she led? !

However, Yun Jian had more and more secrets on her. This made Luo Jiajun more and more interested in Yun Jian. He wanted to pry open her inner world and see what she had experienced in the past!

If Luo Jiajun had looked at Yun Jian differently before, then at this moment, Luo Jiajun's curiosity towards Yun Jian was completely aroused.

The words of the Yun Jian carried a magical power that made people unable to calm down. For some reason, after Wei Min heard the words of the Yun Jian, she could not help but shudder. After that, she stared at the Yun Jian for two seconds.

Just as she was about to speak.

“Little, little miss is in trouble! Something has happened! Something Big has happened! You should quickly follow me back!” Just as Wei Min was about to speak, a hurried voice sounded.

Yun Jian took a closer look and saw that it was the Wei family’s head housekeeper, Wei Xiao’s man.

Yun Jian narrowed her eyes when she suddenly saw the Wei family’s head housekeeper rushing to the school to look for her. She didn’t plan to tangle with Wei Min and the others and followed the Wei family’s head housekeeper back to the Wei family in a few steps.

Before the Wei family’s head housekeeper left, he stopped Wei Min, Wei Ze, and the others. “Please don’t go with us! Something Big has happened at home! Young Masters and Young Ladies, if you go with us, you might lose your lives!”

“What about her? She’s already gone. As a man, I can’t Give Up!” As Luo Jiajun spoke, he pushed the Wei family’s head butler away and followed.

Wei Min liked Luo Jiajun, so she naturally couldn’t just let him go alone.

As for Wei Ze, since he had to protect his sister, he naturally followed along.

As for Luo Jiachen and Hong Ling, because they were brothers, they also followed along.

...

On the way, the Wei family’s head Butler made things clear. “There was a group of people who rushed into the house and captured the old master. They even let me out and wanted me to bring the young miss back within an hour! Otherwise, they would bring the old master...”

The Wei family’s head butler stopped speaking at this point.

However, everyone present could feel that returning to the Wei family would definitely be a battle of life and death!

Yun Jian got out of the car and said coldly to the few of them, “You don’t have to come and throw your lives away. They are targeting me.”

After saying that, Yun Jian walked towards the Wei family’s main gate.

“I’ll go with you. With my strength, I can protect you!” Luo Jiajun said.

However, just as Luo Jiajun said that, Yun Jian had already arrived in front of the Wei family's main gate.

Stepping into the Wei family's main gate, Luo Jiajun and the others suddenly saw Yun Jian taking off her cotton-padded clothes.

She was wearing a black tights and black tights, and there were countless knives and pistols stuck in her tight thighs and waist.

There was also an eagle claw on her waist.

Her appearance was no less than that of a spy in a Movie!

Luo Jiajun was stunned when he saw this scene.

Wei Min, Wei Ze, Hong Ling, and Luo Jiachen were also stunned.

The head butler of the Wei family was also stunned.

Just as everyone was stunned, they saw a wave of guns shooting towards where the cloud tablet was. It was as if someone had already set up an ambush and was waiting for the cloud tablet to come and send itself to its death!

At that moment, the cloud tablet turned its head and raised its red arc. In the next second, it pulled out two butterfly knives from its legs and held them in its hands. The blades were pointed downwards as it rushed towards the Wei family's main gate.

In an instant, Yun Jian's next second action made the faces of the people in the distance who didn't have time to react turn pale. It was as if they had seen an unbelievable scene that couldn't possibly exist in this world

However, in front of everyone present, Yun Jian gripped her butterfly knives tightly with both hands. The blades of the two butterfly knives were facing downwards. Under the crazy firing of the sniper rifle in the distance, her figure.., it was as if she completely knew what kind of path the person with the hands would find to shoot at her.

Left, right, front, and back. Every Dodge was a risky move. She just happened to avoid the distant shooting. There were even a few times where she was just a few millimeters away from death!

And the group of shooting hands that were crazily shooting at the cloud parchment were obviously prepared to kill her.

This skill, this strength, and the various performances of the cloud parchment were as if she had always lived in this world of the bullet rain forest.

Just like what she said earlier.

She said that the life of Ling Qianqian was something that she had never dared to imagine in the past.

Her world was that as long as she dared to close her eyes and fall asleep, someone would send her to her death.

If she wanted to live, her hands would have to be stained with blood.

In order to live, she would not hesitate to kill everyone around her, including her friends.

In the past, Luo Jiajun and the others did not believe Yun Jian's words.

Who Did she think she was? A world-class figure? Someone wanted to kill her after she fell asleep and put her to death! ?

But just now, Luo Jiajun, Wei Ze, and the others suddenly came to a realization.

When they saw Yun Jian walking so nimbly in the bullet rain forest, they were stunned.

After being stunned, their first reaction was panic.

They heard from the Wei family's head butler that the group of people had kidnapped the Wei family's old master, Wei Xiao, in order to capture the Wei family's youngest daughter, Wei Lin!

Just as everyone thought of this, Yun Jian entered the Wei family's main gate under the barrage of the sniper rifle and disappeared before everyone's eyes.

Luo Jiajun, Wei Ze, and the others were so scared that their faces turned pale. This was partly because of Yun Jian's ability to dodge bullets, and partly because Yun Jian's every move just now was exactly the same as the world she had told them about not long ago, it was exactly the same!

She was from the world of bullets and rainforests!

Then who was her real identity? !

Luo Jiajun frowned and looked shocked. He looked at the direction where Yun Jian left and fell into deep thought.

“F * ck! F * ck! Wei Lin... not only is she so good at fixing mobile phones... her strength is also so amazing!”

Luo Jiachen had never seen Yun Jian’s strength before. At this moment, he looked at the direction where Yun Jian left and was shocked for a long time.

Wei Min was also stunned. Then, she swallowed a mouthful of saliva and turned her head towards Luo Jiajun, with a trembling tone, she asked Luo Jiajun, “Brother, brother Jiajun, no matter how powerful she is, she is still not your match, right?”

When she asked this question, Wei Min was not very sure, but she desperately hoped that what she said was the right tone to speak to Luo Jiajun.

However, as soon as she finished speaking, she heard Luo Jiajun say,

“Based on the scene just now, I’m still not sure who’s more powerful between me and her... but I’m sure of one thing. If it were me, under the bombardment of so many bullets, I definitely wouldn’t have had the chance to charge into the Wei family alive!”

As soon as he said this, whether it was Wei ze, Hong Ling, Luo Jiachen, or Wei Min, all of them were completely stunned before they shut their mouths.

Where had Wei Lin, the youngest daughter of the Wei family, gone for the past ten years? ! What kind of life had she been living? !

And why had her enemies come looking for her? !

What kind of status and status was she in the world she was talking about? !

Who... who was she? ?

Just as everyone was deep in thought, Hong Ling suddenly recalled something. He turned around and looked at the crowd, he immediately said in a shocked tone, “Could it be that she’s really like what she said? She’s really from an assassin organization, right...”
