Chapter 2341: Chapter 2341, assassination, delivered to her doorstep

Translator: 549690339

“An assassin organization! ? This... how is this possible!” After Hong Ling finished speaking, before anyone could react, Wei Min had already refuted loudly in an exaggerated manner.

“How is it impossible? Min ‘er, I remember that your sister was only eight years old when she was separated, right? Furthermore, she was kidnapped onto a van and captured right in front of you!

“Their assassin organization likes to capture such little girls and use them to train assassins or special agents. Your sister was only eight years old at that time. It’s very normal for her to be captured by the assassin Special Agent Organization at the age of eight and undergo Inhuman Training!”

Hong Ling obviously had a certain level of understanding towards the international assassin Special Agent Organization, so in front of everyone, he made these words sound very reasonable.

If Wei Lin was really from an Assassin’s secret service organization, then her shocking strength didn’t make any sense.

But as everyone knew, any secret service or assassin that could come out of an Assassin’s secret service organization was a rather formidable figure...

Wei Min was unable to convince herself that Yun Jian was an extremely formidable figure!

Why! Why! She, Wei Lin, had already been separated for so many years! She had received so much attention the moment she returned!

She had even been kidnapped to an assassin’s organization, and her strength was even higher than hers when she returned!

This shouldn’t be! This shouldn’t be!

Then what was the point of her scamming the eight-year-old Wei Lin out of the car back then!

...

The few people who remained at the same spot did not pay attention to what Hong Ling said. In fact, even Hong Ling himself only said a few random words.

However, no one had expected Wei Min's reaction to be so huge!

For a moment, everyone in the car had their own thoughts.

...

Around the Wei family's villa.

Many men armed with guns stood near the Wei family's villa. They were walking back and forth around the Wei family's villa.

It was obvious that this group of people had taken control of the Wei family's old master, Wei Xiao, and everyone else from the Wei family.

At the back door of the Wei family's villa.

Two men with guns in their hands were walking back and forth.

There were also many people who looked the same as these two men standing nearby, walking back and forth around the Wei family.

Even the slightest movement could not escape their eyes.

"Chi Chi!"

At this moment, two soft sounds rang out.

The moment the sound rang out, a gust of wind blew past the spot, overshadowing the soft sound of the knives stabbing into human flesh.

Two butterfly knives flew over from afar, piercing into the hearts of the two men who were walking around the back door of the Wei family with guns in their hands.

A figure rolled out from the bushes. Yun Jian pulled out the butterfly knives that had pierced into the hearts of the two men with both hands.

The two men did not even have the time to make a sound before they died.

After Yun Jian put away the butterfly knives, she grabbed the back collars of the two men and threw them into the tall bushes. Then, she flashed into the Wei family's villa.

The people waiting outside the Wei family's villa to capture Yun Jian had surrounded the place so tightly that not even a fly could enter the Wei family's villa.

However, no one knew that someone had quietly snuck into the back door of the Wei family's villa...

In the Wei family's living room.

Wei Xiao's master, Wei Xiao, and Wei Xiao's wife, Wang Ruoya, were tied up in the middle of the Wei family's living room.

Standing in front of them was an old man who was about 60 years old.

This old man, who was about 60 years old, stood in place with a face full of hatred. When he saw the Wei family's door open, a subordinate walked in.

"Is she dead?" Seeing his subordinate, the old man frowned and asked.

"No... 30 snipers locked their targets on her at the same time, but she dodged the bullets from the sniper rifle... and escaped..."

The subordinate's heart trembled, and he cried out in fear.

"Trash!" The old man walked over and kicked the subordinate in the abdomen, sending the subordinate flying ten meters away.

When Wei Xiao and his wife, Wang Ruoya, heard the subordinate's words, they could not help but tremble in the bottom of their hearts.

Thirty snipers attacked one person, and they actually let him escape alive!

Who was this person, to have such heaven-defying strength! !

Just as everyone in the hall was panicking, an indifferent female voice suddenly sounded. That flat and narrow voice, however, shocked the fear in the hearts of everyone present:

"The country's underground black market boss, Lie Mu, you're really in a good mood. The last time you sent someone to assassinate me, I still haven't settled the score with you. Today, you've delivered yourself to my doorstep?"

That's right, Liemu was the boss of the underground black market in Thailand. He was also the mastermind behind the group of people who were assassinated by Yun Jian a few days ago.

A few days ago, the group of people who used anti-machine guns suddenly fired machine guns at Yun Jian. After that, Yun Jian seized the machine guns and was about to reveal the mastermind, however, after saying the word 't', he was the mastermind behind the group of people who were sniped from a high altitude.

At the same time, as the boss of the underground black market in country T, Lie Mu was also the biological father of the Xian Yu that Yun Jian killed in the tomb of Marilyn!

Outsiders only knew that Xian Yu followed the boss of the underground black market in country T, Lie Mu, but they did not know that the boss of the underground black market in country T, Lie Mu, was Xian Yu's biological father!

And today, lie mu found Yun Jian and sent people to assassinate Yun Jian. It was not difficult to explain that he wanted to avenge his dead son, Xian Yu, towards Yun Jian!

"Wu Wu Wu! Wu Wu!" When Wang Ruoya saw Yun Jian, she even wanted to faint. Because her mouth was covered, Wang Ruoya could only use her mouth to blow.

Yun Jian's current identity was Wang Ruoya's youngest daughter, Wei Lin. When Wang Ruoya saw Yun Jian, she thought that she had come back to die, so she desperately wanted Yun Jian to leave this place.

Wei Xiao knew that Yun Jian was not his biological daughter, so his reaction was not too drastic.

At that time, when lie mu suddenly saw Yun Jian, his whole body suddenly trembled.

Then, the group of men with machine guns next to lie mu all carried machine guns and surrounded Yun Jian.

"You!" Lie Mu did not expect that Yun Jian had actually avoided the group of people that he had brought with him outside the Wei family's villa and arrived at the large living room so quickly. His expression suddenly changed.

"Just like your son Xianyu, he is a useless piece of trash with his own aura."

Facing the machine guns in the hands of Lie Mu's men in front of him, Yun Jian lazily crossed his arms and looked ahead. His red lips pursed, and he did not look afraid at all.

"You! You, you..." How do you know Xianyu is my son? ! Lie Mu was stunned and wanted to say something.

In the eyes of outsiders, the relationship between Xian Yu and lie mu was merely that of Xian Yu following lie mu around. That was all.

The number of people who knew that Xian Yu was his biological son could be counted on one hand!

And the strength of this young lady in front of him had greatly exceeded his expectations!

Just as lie mu wanted to say something, Yun Zhi did not give him a chance to say anything. Faced with the ten or so machine guns in front of her, she took two steps forward without a trace of fear on her face, then, she said to lie mu in front of everyone present,

“Old Man, didn’t you investigate me before you sent someone to assassinate me?”

When lie mu heard Yun Jian’s words, his heart skipped a beat.

Indeed, he did not investigate Yun Jian’s specific identity. After he found out that Yun Jian was the person who killed his son, he immediately sent someone to assassinate Yun Jian.

“What do you mean by that!”

When lie mu heard Yun Jian’s words, his heart trembled.

Wei Xiao knew that Yun Jian was not his own daughter. Especially when he found out that lie mu was actually the boss of the underground black market in country T, Wei Xiao questioned Yun Jian’s true identity even more.

She had actually offended the boss of the underground black market in country T!

But at this moment, after listening to their conversation, Wei Xiao’s heart trembled even more violently.

“You really didn’t investigate my specific information, huh.” Yun Jian smiled coldly after hearing this.

Hearing this, a chill went down lie mu’s spine. He subconsciously called the informant who found out that Yun Jian had killed Xian Yu.

When lie mu asked the informant for the details of Yun Jian on the spot and heard his reply, the phone in Lie Mu’s hand fell to the ground with a crash. He looked at Yun Jian and was so scared that his face turned pale:

“You... you... You! ! !”

Lie Mu did investigate Yun Jian, but he did not investigate Yun Jian's identity. He only found out that Yun Jian was the person who killed his son, Xian Yu.

What could a teenage girl do? !

Therefore, Lie Mu did not even investigate Yun Jian's identity. He only investigated Yun Jian's simple identity, and then he rushed over to assassinate Yun Jian.

With the thought of avenging his son, Lie Mu was going crazy!

However, he forgot one thing. He was going to use his authority to thoroughly investigate Yun Jian's identity on the largest intelligence platform.

There was an international intelligence platform. This intelligence platform was a place that specialized in gathering intelligence.

It was connected to the ancient assassin mercenary group's intelligence group.

This intelligence platform was a large platform that was formed by many well-known intelligence units in the world, such as the Gu Sha mercenary group's intelligence unit.

On this intelligence platform, any intelligence, even if it was information that stirred the world, as long as one paid for it, one would be able to obtain it.

It could be said that this was the center of an intelligence platform.

And the person who had just called Lie Mu and answered his call was the intelligence platform staff who had found out that Yun Jian was the person who had killed Xian Yu after Xian Yu's death.

When Lie Mu looked at Yun Jian, his face was pale with fear, Wei Xiao and Wang Ruoya were confused, and Lie Mu's subordinates were at a loss.

"Dad! Mom!" A panicked female voice came from the bathroom in the living room.

Everyone turned to look and saw Wei Min standing near the bathroom not far from the living room. She was looking at Lie Mu and the others with frightened eyes, along with Luo Jiajun and the others.

The Wei family, like the Luo family and the Hong family, which were one of the three big families in Pulo City, made their fortune in the underworld. In the beginning, they thought that they would be hunted down by their enemies after they transferred to the White Way, therefore, a secret underground passage had been built during the construction of the Wei family's villa.

It was through the secret underground passage that Wei Min and the others had directly avoided the group of people outside the Wei family and returned to the Wei family's villa.

"Wu! Wu Wu Wu!" When Wei Xiao saw the cloud note, he did not show any emotion. However, when he saw his daughter, Wei Min, and son, Wei Ze, returning to the Wei family with a group of friends, he began shaking his head desperately to signal for them to run.

However, Wei Min did not understand what her father meant at all. She looked at lie mu fearfully and said to lie mu,

"Hurry up and let my Father Go! Wei Lin caused this mess herself. Don't implicate my parents!"

As she said that, Wei Min turned to look at the Yun Jian and said to the Yun Jian with a face full of hatred,

"Wei Lin, you've really gone too far! I really wish for you to return to the Wei family, but you actually want to harm my parents because of you..."

Wei Min didn't even have time to finish her sentence.

On the other side, Lie Mu was already looking at the cloud note with a terrified expression in front of everyone. He then asked, "You, you are one of the top ten people in the world that the international intelligence platform can not afford to offend!"

Most people knew about the international intelligence platform. Even Luo Jiajun, Wei Ze, and Wei Min knew about it.

As everyone knew, the International Intelligence platform was a place where you could get all the information you wanted as long as you were willing to pay the corresponding price.

However, there was a special case in the International Intelligence platform.

There were ten resumes and ambiguous portraits of people in the public that were posted in the center of the International Intelligence platform.

The ten resumes and portraits represented ten people.

These ten people were the people of the international intelligence platform. No matter how much the employer paid, the people of the international intelligence platform would not and would not dare to investigate their identities.

It could be said that those ten people were the people of the center of the International Intelligence platform. They would not dare to provoke, be afraid, and be terrified!

That was the symbol of power, status, and identity!

Lie Mu's words spread throughout the entire venue, causing everyone present to be stunned.

However, before everyone could react to lie Mu's words, lie mu had already fixed his gaze on the cloud note in front of everyone present. Once again, he used a tone that was so terrified that his entire body trembled as he repeated his question to the cloud note:

“Just now, the people of the International Intelligence Platform said that you are one of them... you... are you really one of the top ten people that the international intelligence platform can not provoke among the ten public portraits in the world? !”

The International Intelligence platform was located in the liveliest part of Country M. at the center entrance of the first floor of the platform center building of the International Intelligence platform, there were ten portraits that everyone knew.

Of the ten portraits, there was only a black shadow and a rough outline. One could not even tell if it was a man or a woman.

However, the ten portraits all had their own unique characteristics.

For example, they held a weapon that they were used to. For example, they had a symbolic tattoo on one part of their body. For example, they had a broken finger or a scar on their face.

However, there was no doubt that the names of the people in the ten portraits were enough to make the big shots of the International Center Tremble.

And at the bottom of the 10 portraits were the resumes of the people that the 10 portraits were referring to.

And at the top of the 10 portraits were the words 'one of the top 10 most untouchable people in the world'.

Moreover, the people of the International Intelligence Platform Center publicly stated that no intelligence unit would or would dare to investigate the people in the 10 portraits.

No matter how much money they offered, they would refuse to investigate the information on the people on the ten portraits.

This matter was not considered a secret. It was something that was publicly announced at the International Intelligence Platform Center. It was something that everyone who had a slight understanding of the world would know.

Hence, when they heard lie mu Chaoyun repeat these words, whether it was Luo Jiajun, Luo Jiachen, Wei Ze, Wei Min, Hong Ling, or those who were tied up by Lie Mu's men..., wei Xiao and his wife, Wang ruoya, who had their mouths shut.

When everyone heard lie mu repeat what he said, they were all stunned on the spot. Their mouths were opened so wide that they formed an "O" shape. Their eyes did not blink, and they were so shocked that their expressions changed drastically.

Not to mention Luo Jiajun and the others, even the group of brothers that Lie Mu had brought with him were stunned on the spot. They held their machine guns in their hands and did not move at all.

Everyone's expression could not escape the word "Panic".

When Luo Jiajun heard this, he was the first to recover from his shock. After he recovered, he was the first to shout at Lie Mu in shock:

"The international intelligence platform said that she is one of the ten portraits? The International Intelligence platform that you mentioned is an internationally famous intelligence platform that is formed by various international intelligence groups! ?"

Luo Jiajun rarely used such a stunned expression to ask questions.

Luo Jiajun, the young master of the Luo family who had always been mature and had the demeanor of doing great things, the future successor of the Luo family group, could use such an expression to match such a stunned tone.

Wei Min had seen this once since she was young!

Therefore, even if Wei Min did not know about the ten portraits on the International Intelligence platform, she still had an illusion of shock and disbelief.

“That’s right, it’s that platform!” Lie Mu Xin panicked.

Just now, when he asked the staff of the International Intelligence Platform Center to track down Yun Jian’s identity, the staff of the International Intelligence Platform Center directly rejected him.

He also said that Yun Jian was one of the ten portraits, so the International Intelligence Platform Center, the world’s number one intelligence platform, had no way to track down Yun Jian’s specific identity!

After all, Lie Mu was someone who had seen big things. He knew very well that in this world, if he encountered a strong opponent, he definitely could not go head-to-head.

“I’ve offended you just now. I hope you can forgive me. For my son’s matter, I’ll use the previous two unintentional assassinations to make up for it. From now on, we don’t owe each other anything. Let’s Go!”

Lie Mu immediately cupped his hands at Yun Jian and beckoned for his men to walk towards the main door.

Luo Jiajun, Wei Ze, and Wei Min instantly heaved a sigh of relief.

Regardless of whether Yun Jian was one of the ten portraits on the International Intelligence platform, it was a good thing that Lei Mu was planning to stop. This matter would not implicate the Wei family.

However, just as Luo Jiajun and the others thought that Yun Jian was deliberately trying to minimize this matter, they saw Yun Jian standing where he was and speaking arrogantly to Lei Mu, who had yet to rush out of the Wei family’s main entrance, in front of everyone present:

“I’ll give you one hour. If you can escape from country Z, I’ll let you leave. If you can’t escape, then... Go to hell!”

How arrogant!

How arrogant!

It was beyond arrogant!

Everyone heard Yun Jian's words, especially Luo Jiajun, Wei Ze, Wei Min, and the others.

Even if she really was one of the top ten most untouchable people in the world in the ten portraits of the International Intelligence Platform Center that lie mu mentioned, she was only one person!

As for Lie Mu and the others?

They were armed with lethal weapons and a large group of people.

Yun Jian alone was definitely outnumbered!

Lie Mu had just let go of the Wei family and turned around to leave, but Yun Jian actually called out to lie mu and left such words.

"She, is she crazy! The country T's black market boss has already retreated, yet she still wants to call out to him to say such provocative words...".

"I really treat Lin 'er as my younger sister, but not only are we still alive, my parents are still trapped. She... is trying to send us into the fire pit!"

Wei Min hid behind Luo Jiajun, Wei Ze, and Hong Ling. To outsiders, Wei Min's words sounded correct, but it was not right for her to brag in front of Luo Jiajun and the others.

Wei Min did not dare to say these words out loud. She only dared to say a few words in front of Luo Jiajun and the others to sow discord.

As for Lie Mu, after hearing Yun Jian's words, his footsteps clearly stopped abruptly.

After pausing for a moment, lie Mu's expression froze. Then, he did not reply to Yun Jian and quickly led his men out.

...

After a while, the battlefield that looked like a war quickly returned to normal.

"Dad! Mom!" Wei Min was the first to rush up and untie Wei Xiao and Wang Ruoya's bound and gagged mouths.

Yun Jian did not even look at Wei Xiao and Wang Ruoya and walked upstairs.

“Wei Lin, you are really too much! Dad and mom are tied up here because of you. After that person took his people away, you did not even care about dad and mom and just went upstairs. Aren't you too inhumane!”

Wei Ze called Yun Jian by his name, and his face darkened when he said this.

As Yun Jian's brother in name, Wei Ze looked at Yun Jian with dissatisfaction after he said this:

“What exactly happened to you just now? What do you mean by the people on the ten portraits on the International Intelligence Platform? ! What exactly happened? !”!

“Now, while your parents are here, explain to us clearly! What exactly did you do before you returned to the Wei Family? ! What was your identity in the past? ! Explain clearly before you leave!”

The questions that Wei ze asked were also what Luo Jiajun, Hong Ling, and Luo Chichen wanted to know.

Thus, after Wei Ze finished speaking, they all looked at Yun Jian with a scrutinizing gaze.

Yun Jian's eyes moved. At this moment, she had already walked halfway up the stairs. When she heard Wei Ze's words, her slightly raised foot paused slightly.

Then, she turned around in front of everyone present and looked at everyone with a cold gaze. Suddenly, she said something that made everyone's hair stand on end in front of everyone present:

“From today onwards, don't let me hear you ask me about the past. Otherwise, this day next year will be the anniversary of your death!”

These words didn't seem like a joke at all.

After everyone heard this, their bodies shook violently.

Then, seeing the cloud note disappear at the stairs, no one said another word.

...

An hour later.

In Yun Jian's bedroom.

She pressed the button to pick up the call. From the other end of the phone came Qing Yan's voice. “Sister Jian, Lie Mu and the others have escaped z country within an hour.”

Hearing Qing Yan's words, Yun Jian pursed her red lips and her eyes moved slightly.

They really escaped z country within an hour?

In the next second, Yun Jian's red lips curled and she softly gave an order to Qing Yan.
"Kill them with all your might. Don't leave any... Alive!"

She, Yun Jian, had never been a good person who kept her word.

Keeping her word had always been targeted at her target.

To a weed that had assassinated her twice, her Yun Jian's consistent style of doing things was to leave no one alive!

"Yes!" Qing Yan, who was familiar with Yun Jian, nodded when she heard Yun Jian's words. She immediately agreed with Yun Jian.

Hearing this, Yun Jian immediately hung up the phone, threw his cell phone to the bedside table, and went to bed to sleep with his eyes closed.

...

The next day, Yun Jian woke up very early. She got up early and ran to the academy as usual.

When she first entered the classroom, there were already quite a number of students in the classroom.

Yun Jian skillfully walked to his seat.

"Good Morning!" When Luo Jiachen saw Yun Jian today, he almost immediately stood up and greeted Yun Jian.

Yun Jian nodded and returned to his seat without saying a word.

Nothing worth mentioning happened until the night before the fencing competition.

School ended very late that night. It was mainly because the teachers in Yun Jian's class were late, so it was almost nine o'clock.

At nine o'clock in the evening, Yun Jian walked out.

Luo Jiachen followed behind Yun Jian like a follower. At the same time, he laughed and said to Yun Jian:

"Wei Lin, I didn't expect you to be so amazing. I didn't mean anything by it. I didn't want to inquire about your past. I just wanted to say a few words to you!

"Also, I'll be your little brother from now on! The kind behind your butt, Hehe!"

Luo Jiachen was still following behind Yun Jian as they walked towards the academy's main entrance.

They had only walked halfway.

A tight siren suddenly sounded.

Yun Jian's eyes twitched.

A car that symbolized the people's police sped into the academy.

"I heard that someone had an accident in the toilet! Now they're all dead! It seems to be a suicide or a murder! Now the police cars are here!"

"What! Someone died in our academy! This can't be real right!"

"How can it be fake! ?"! During the last night self-study class, a girl from our class went to the toilet to pee during class. Guess what happened! She walked into the toilet and opened the door of a toilet. Just as she was about to go to the toilet, she found a corpse! When she came back, she was scared silly! After the school authorities confirmed it, they immediately called the police!"

"Oh my God! Is... is that a student from our school who committed suicide! ?"

"Who knows! Maybe it is!"

...

Two girls who were talking softly walked past them. Although their words were light, Yun Jian and Luo Jia Chen were both martial artists. They immediately heard what the two girls said.

"F * ck, I was wondering why there was so much noise during the last night self-study class as if something big had happened! Someone actually died!" When Luo Jia Chen heard the words of the two girls, he was shocked.

Yun Jian's eyes moved, but his expression was indifferent.

"Let's go." Yun Jian walked out of the academy.

...

After such a thing happened, the most innocent ones were the school, and the most pitiful ones were the students' parents.

But they still had to go home.

Early the next morning, Yun Jian still went to school as usual, but because of the murder, the school had no choice but to postpone the fencing competition.

Since last night, the police and related personnel had stayed up all night to deal with the matter. Until now, they hadn't been able to close their eyes. Their spirit was indeed very commendable.

Halfway through the class, two police officers suddenly came outside the classroom.

Seeing the police, everyone in the classroom was shocked.

At that time, a relatively young police officer walked into the classroom, glanced around the classroom, and asked,

"Hello, students. Is there a student named Wei Lin in your class? Can you ask her to come out for a moment?"

After hearing this young police officer's words, someone in the class immediately pointed at the cloud note. "She, it's her! Police officer, she's Wei Lin!"

"Huh? What's going on? No, you guys are the police comrades who are in charge of the murder case that happened at the Academy Last Night, right? No... Wei Lin didn't do anything. Why are you looking for her?!"

When Luo Jia Chen heard this, he quickly defended himself.

“No, no, no, we’re just looking for her to ask a few questions.” This young police uncle heard Luo Jia Chen’s words and quickly spoke up.

When he heard that there was nothing serious, Luo Jia Chen heaved a sigh of relief.

Yun Jian’s eyes moved and he walked out.

It was not until Yun Jian left the classroom that the students in the class suddenly started making wild guesses.

“There was a murder in the academy yesterday. Today, Wei Lin from our class was taken away by the police. Do you think this matter has something to do with Wei Lin from our Class?”

“I think it has something to do with her!” When Wei Lin wasn’t here, nothing like this had happened in the Academy! When she came, not only did she attract young master Jun’s attention, even young master Chen from our class had been circling around her. She was like a Vixen!”

“That’s true! Perhaps the death of the student who got into trouble was also related to Wei Lin!”

...

The group of people talked about Yun Yun.

At this moment, Yun Jian had already been taken out of the classroom.

Yun Jian was directly brought to the crime scene.

The reason why Yun Jian was brought here was because someone pointed out that two days ago, Yun Jian had a certain “Dispute” with the deceased.

The deceased was none other than sister Biao, who had made a move on Ling Qianqian and admired Yun Jian after that!

This news made Yun Jian’s eyelids twitch, but she never showed her emotions on her face. After hearing the news, Yun Jian’s eyes only twitched, and he had no other reaction.

Last time, Sister Biao admired Yun Jian, so she didn’t make a move on Yun Jian. As a result, her body was found in the toilet during the last night’s self-study session.

Furthermore, Sister Biao's head was submerged in the toilet pit when she was found, suffocating to death.

The police only asked Yun Jian a few questions before releasing her.

At that time, after Yun Jian came out, she happened to meet up with Luo Jiajun and the others.

That day, Yun Jian had a "Conflict" with sister Biao because of Ling Qianqian. Luo Jiajun, Hong Ling, Wei Ze, and Wei Min were also present, and they were all pointed out.

Therefore, the police also asked them some questions.

After meeting Luo Jiajun and the others at the periphery of the interrogation area, Yun Jian did not even bother to pay attention to Luo Jiajun and the others. Her eyes flickered, and she suddenly turned around and walked in front of the police officer who had asked her just now. Then, she said,

"Can you let me take a look at the dead body?"

Hearing Yun Jian's words, the police officer was stunned, and then he said in a daze, "The death of the deceased was tragic... Young Lady, are you sure you want to take a look? It's better not to get involved in this muddy water. You're still young, and that scene will scare you so much that you won't be able to sleep..."

Not to mention, even he himself felt that it was a little creepy.

"Have you contacted the forensic doctor?" Yun Jian did not reply to the policeman's words. She suddenly spoke in front of Luo Jiajun and the others.

The forensic doctor was a type of forensic expert in the country. According to the laws, regulations, and rules of the industry, he used various techniques or methods, according to the cause of death, degree of injury, type of murder weapon, blood type analysis, and fact-finding, a series of methods were used to investigate the real murderer.

To put it simply, he was a forensic doctor. He was a person who relied on dissecting the body to investigate the specific cause of death of the deceased, or to investigate the subtle environment to investigate the real murderer and return justice to the deceased.

"Not yet... but I've already sent someone to contact..." after hearing Yun Jian's words, the policeman was stunned and immediately spoke up.

Sister Biao's death was a bizarre matter. After the police investigation, they discovered that with sister Biao's usual personality, she would definitely not commit suicide, much

less use such a method to kill herself. Therefore, the police had already sent someone to get the forensic doctor to investigate the details.

However, right after the police officer finished speaking.

They saw Yun Jian pull out a few thick documents from her bosom in front of Luo Jiajun, Hong Ling, Wei Ze, and Wei Min who were standing not too far away. After that, she pulled out a document and showed it to the crowd, he spoke to the policeman:

“There’s no need to contact me. I’m a special guest of the highest forensic hospital in the international forensic science world. Here are the documents. I’ll personally take over this case!”

The profession of forensic medicine is to deal with corpses, and even when necessary, to use a scalpel to dissect the body, judging from the degree of injury to the body that the deceased was killed or committed suicide.

Although the forensic medicine is different from the traditional sense of doctors, can not see a doctor, can not save a person.

But in a sense, forensic medicine and doctors, there is a common ground.

For example, the courses of forensic medicine and medical science would overlap in some of the professional courses that they had studied in the previous years, but in later practice, the courses that forensic medicine students and medical students had to study would be distinguished.

And because forensic medicine was a profession that dealt with corpses all year round, when ordinary people heard the word forensic medicine, they would feel a sense of shock and did not want to come into contact with this person.

This also caused the number of people who studied forensics to be extremely few.

In the entire Puluo City, a metropolis with a population of over a million people, there were probably less than fifty people in the field of forensics.

There were even fewer people who were proficient in it.

As for Yun Jian, she was only the youngest daughter of the Wei family who had just been found. Even if there were rumors that she was one of the ten portraits on the International Intelligence platform, she was listed as one of the people who should not be provoked in the world.

But so what?

So far, other than what Lie Mu said, there was no evidence!

And what was the existence of the highest forensic hospital in the International Forensic Science World? That was the place where the entire international forensic science world's talents were concentrated!

There were indeed very few people who were in the forensic science profession, and it was a thankless job.

But the world's people who were at the top of the forensic science world were extremely respected.

Every profession that was not looked upon highly would change their opinion of you once you achieved something and stood at the top of the world.

In the forensic medicine world, being able to enter the highest international forensic hospital was undoubtedly an existence and figure that stood at the top of the forensic medicine world.

Therefore, everyone was shocked when the words left their mouths.

One had to know how many tests and abilities were needed for a forensic doctor to enter the highest international forensic hospital!

An ordinary forensic doctor would need to be at least 30 years old before they would have the ability to enter the highest international forensic hospital.

The latest news from the highest international forensic hospital was that the youngest person to be specially invited into the highest international forensic hospital was a 28-year-old male forensic doctor.

This male forensic doctor was the youngest person in the history of the highest international forensic hospital to be invited into the forensic hospital.

As for Yun Jian?

She was only 18 years old!

“You! Wei... Lin, lin ‘er, what nonsense are you talking about! Our Wei family has never produced a forensic doctor! Seriously, where did you get this fake id? !”!

“What happened in school yesterday has nothing to do with our Wei family! Don’t take it all in!”

After Wei Min heard Yun Jian’s words, she almost blurted out her full name, but she still held it in.

She had to take into account her reputation as a “Good sister”as well as say these words with a fake smile. Wei Min was really quite tired.

When the policeman heard Wei Min’s words, he was misled by Wei Min and thought that Yun Jian had taken a fake ID.

“Yo, there’s even a fake seal of the highest international forensic hospital here! Lin! Er! Ah! Sister really didn’t know that you had such ability!”

As Wei Min spoke, she found a seal at the bottom right corner of Yun Jian’s document and said.

Hearing Wei Min say that the document in Yun Jian’s hand was fake, Luo Jiajun, Hong Ling, and Wei ze naturally had no reason not to believe her.

After all, Yun Jian’s age and her status as a special guest of the Supreme Court?

If this were to be known, no one would believe it!

However, just as Wei Min finished her words and Luo Jiajun and the others thought that Yun Jian was lying, the policeman heard Wei Min’s words, he suddenly rushed to the front of Yun Jian and carefully looked at the seal on the lower right corner of the id on Yun Jian’s hand.

Just when Wei Min, Luo Jiajun, and the others thought that the policeman would accuse Yun Jian of counterfeiting the id, they saw the policeman rush to the front of Yun Jian and say in a very respectful tone, “Yun Jian!”

“This seal... is really personally printed by the president of the International Supreme Court of Justice!

“With the assistance of the forensic doctor from the International Supreme Court of Justice in investigating this case, there is absolutely no mistake!

“Forensic doctor, thank you for your hard work!”

When the police receive a homicide, they often receive a number of suspicious cases of unnatural deaths.

At this time, the forensic doctor plays a considerable role.

Sometimes, the deceased is even faked as a suicide.

If there is no forensic doctor at this time, then the deceased will die unjustly, and the murderer will still get away with it.

The forensic doctor was the source of solving these cases!

Therefore, the forensic doctor was a profession that deserved to be respected.

This policeman recognized this seal. He had seen it in relevant reports.

The seal of the International Supreme Court was not something that outsiders could easily imitate.

To a forensic doctor that deserved respect, this policeman gave Yun Jian the highest respect.

Hearing this, Yun Jian narrowed his eyes and nodded in acknowledgment.

"Police officer! How's the investigation of our classmate Lin Jiaoyue? Yesterday, when Lin Jiaoyue's parents heard this news, they fainted and were sent to the hospital for emergency treatment. Now, they are awake.

"Lin Jiaoyue's father said that if the school and the police don't give him an explanation, he will... so I came to ask about the situation!"

A mature male's hurried voice sounded.

Yun Jian turned his head and saw a middle-aged man in his forties standing in front of him.

Lin Jiaoyue was the real name of the deceased sister Biao.

It was hard to imagine that such a rough and wild person like Sister Biao would have such a literary and ladylike name.

However, if one only looked at Sister Biao's appearance, she was so petite that she was only a little shorter than Yun Jian. Her perfect golden-proportioned figure was somewhat compatible with Lin Jiaoyue's literary and ladylike name.

"You are Lin Jiaoyue's class teacher, right?" The police officer looked at the middle-aged man in his forties and asked.

"Yes!" The middle-aged man nodded.

This middle-aged man was Sister Biao's class teacher, teacher Yang.

"The investigation of the case has already begun. I believe that the results will be obtained very soon! If you are worried, you can come with us to take a look. At the same time, you can also provide us with information about Lin Jiaoyue's recent situation in the school as well as her interpersonal relationships."

The policeman looked at teacher Yang and said.

"Okay, okay! As long as we can find the unpardonable murderer, I will definitely cooperate with you!" After teacher Yang heard it, she quickly nodded.

"Okay." The policeman nodded at teacher Yang and turned to look at Yun Jian, he extended his hand toward Yun Jian. "Let me formally introduce myself. My surname is Zhou. You can call me Captain Zhou. I am the police officer who is mainly responsible for the investigation of this case."

Yun Jian did not extend her hand, but she nodded. "Wei Lin."

...

As they watched Yun Jian and Captain Zhou walk towards the crime scene, Luo Jiajun, Wei Min, and the others gulped.

"You guys go back first. I'll follow and take a look at the situation." Luo Jiajun could not help but retort.

As he spoke, Luo Jiajun chased after Yun Jian.

"I'll go too!" Wei Min gritted her teeth and followed after him

Seeing this, Wei Ze and Hong Ling naturally couldn't leave on their own. The two of them chased after him as well.

...

“The scene of the crime is up ahead. The deceased was found in the girls’toilet on the west side of the school. According to our understanding, during the last night of self-study, the deceased asked for leave from the teacher because he had to pee and went to the toilet. In the end, he never came back.

“Later, the deceased’s head was found soaked in the toilet pit. It was suspected that he was soaked in the water in the toilet pit and suffocated to death.”

Captain Zhou took the lead and walked over with Yun Jian, talking as they walked.

Speaking up to this point, Captain Zhou paused and said, “The body is still in the female toilet on the west side of the school. Because it was suspected that he killed, in order to thoroughly investigate the case, there was no change at the scene of the crime.”

“Yes.”Hearing Captain Zhou’s words, Yun Jian only responded lightly.

At this time, Luo Jiajun had already taken the lead and ran to Yun Jian’s side. He was a little out of breath as he ran. After grabbing his short black hair, Luo Jiajun then said to Yun Jian,

“Can you do it? The medical examiner has to face the body! You are a girl, aren’t you afraid?”

No matter what, Yun Jian was only an eighteen-year-old girl to them.

Moreover, although Yun Jian had shown extraordinary strength in front of everyone, she had never killed or seen a dead person in public.

Therefore, Luo Jiajun was very doubtful.

Hearing Luo Jiajun’s words, Yun Jian, who was blocked, stopped in her tracks. She looked at Luo Jiajun coldly and said indifferently,

“I’ve killed more people than you’ve pissed in your life. Do you think a corpse can scare me?”

'piss', the four-word metaphor, let several people at the scene of a blank.

Such a statement from an 18-year-old girl is supposed to be somewhat awkward or unnatural, rude and shameless.

But the words from the mouth of the cloud, but there is no sense of dissonance.

However, what made Luo Jiajun, Wei Min, Wei Ze, and Hong Ling, who had caught up with them after hearing these words, suddenly froze. It was not a metaphor of these four words, but...

She, Yun Jian, had killed people before?

Even captain Zhou could not help but raise his eyebrows when he heard Yun Jian's words. He was stunned.

"It's just a joke. Don't bother about them." When everyone present heard Yun Jian's words and felt shocked and terrified, Yun Jian's voice sounded once again.

These words were directed at Captain Zhou.

"Haha! Even though she's young, she's still a forensic doctor from the International Supreme Court of Justice. If she's really afraid of a corpse, she won't be able to enter the International Supreme Court!"

"Young people like you, if you're afraid, then don't follow her in. The victim died a horrible death. I'm afraid that it'll leave a shadow on you. It's better for you to leave quickly."

Captain Zhou was a very upright policeman. Before he brought Yun Jian into the crime scene, he hurriedly waved at Luo Jiajun and the others.

"She's not afraid, and neither am I! I'll go in with you!" Luo Jiajun couldn't help but refuse.

"I want to go in too!" Wei Min saw that Luo Jiajun wanted to go in, so she also spoke up.

Yun Jian ignored Luo Jiajun and the others. She followed Captain Zhou into the crime scene very quickly.

Of course, before entering the crime scene, Captain Zhou had given Yun Jian a set of forensic tools.

At that time, Yun Jian had put on sterile gloves as he walked into the toilet.

Even though teacher Yang was a little scared, he still followed him into the toilet.

At this moment, Yun Jian was walking at the front. He did not show any signs of panic when he suddenly saw the corpse.

As for Wei Min, Hong Ling, and Wei Ze, they followed closely behind Luo Jiajun.

Luo Jiajun's forehead broke out in a cold sweat. However, when he saw that Yun Jian did not show any signs of fear, he gritted his teeth and pretended not to be afraid as he continued to follow.

Captain Zhou had already seen sister Biao's corpse, so he did not show any signs of fear or panic.

At that time, everyone had already arrived at the toilet pit where the body was found.

The few people present suddenly saw a head that was slightly swollen from being soaked in water. There was not a trace of blood on its face, and its hands drooped for no reason. The body with long black hair was placed not far away.

Wei Min suddenly screamed when she saw this scene. Then, she hugged Luo Jiajun tightly and was so scared that her entire body was trembling.

Even Luo Jiajun's face turned pale in fear when he saw this scene.

Not to mention, the deceased was not far away. Not to mention Wei Min, Hong Ling, and Wei Ze, even the bravest Luo Jiajun did not dare to step forward.

"If you're afraid, you can leave first," captain Zhou immediately said to Luo Jiajun and the others.

"I think I should leave first." Teacher Yang's face turned pale. He looked as if he was frightened by the tragic state of the corpse. After saying this to everyone, he left in a hurry.

However, just when everyone was afraid, even Captain Zhou, who had already seen the corpse, was touched by the atmosphere. He trembled slightly.

Yun Jian suddenly walked directly to sister Biao's corpse in front of everyone present. He stretched out his hand, which was wearing a sterile glove, and put it on sister Biao's eyes. Then, he rolled up sister Biao's eyelids and gave her a rough look.

When he suddenly saw Yun Jian walking up to the body, not only was he not afraid, he even rolled up the eyelids of the body. Even Luo Jiajun felt a chill run down his spine.

When Wei Min saw this scene, she shrieked and pointed at Yun Jian and shouted, "She, she, she is not afraid! She, she, she is really not afraid!"
