Wei Min's chattering made Yun Jian frown. She raised her eyes and scanned the floor of the crime scene. Then, she stood up and said to Captain Zhou,

"Send the body to the autopsy room and ask if the parents of the deceased are willing to let me dissect the body to find out the truth as soon as possible."

Even if someone died unexpectedly and was suspected of killing or committing suicide, the forensic doctor had to seek the consent of the relatives of the deceased before dissecting the body to examine its internal organs.

"Okay!" Captain Zhou responded. He went out and called for a few people to send the body to the autopsy room. Then, he sent someone to the hospital to ask Sister Biao's parents.

At this time, Yun Jian had already walked out of the toilet. After taking two steps, she cast a sidelong glance at Wei Min and said coldly,

"Shut your mouth and get lost. Otherwise, I'll dissect you as well."

Hearing Yun Jian say that he would dissect her as well, Wei Min was so scared that her face turned pale. She leaned against Luo Jiajun again and said to Yun Jian,

"Lin 'er, how can you talk to me like this... I don't want to be a burden to you, but... I can't shut my mouth..."

Wei Min grabbed Luo Jiajun's arm and said innocently to Yun Jian.

However, Yun Jian ignored Wei Min as soon as she finished speaking and walked out.

Seeing this, Wei Min was furious, but she still smiled at the people present without any anger:

"I'm fine. I'm afraid that my sister can't handle it alone, so I followed her in. It's fine. Let's continue to follow her. I'm afraid that she'll be bullied..."

These words sounded as if Wei Min had been following Yun Jian because she was worried about Yun Jian's safety.

“Min ‘er, you’re really a good sister! Your sister has already said that about you, yet you’re still not angry...”

Hearing Wei Min’s words, Hong Ling was really fooled by Wei Min’s appearance. He immediately flicked his short red hair and spoke to Wei Min.

...

Sister Biao’s body was quickly moved to the autopsy room.

Captain Zhou also received news that Sister Biao’s parents had agreed to an autopsy, but they demanded that the real culprit be caught and brought to justice!

At that time, Yun Jian had just changed into a set of surgical clothes and was about to enter the autopsy room.

Forensic doctors and doctors were very similar in some aspects.

For example, an autopsy required a scalpel, and the surgeon used a scalpel.

An autopsy also required the same surgical gown and sterile gloves as a doctor.

Just as Yun Jian was about to step into the autopsy room, an aggressive middle-aged man in his fifties walked in from outside and blocked Yun Jian.

“I took over this case first. Even if you’re from the International Supreme Court of Justice, you have to abide by the rules of our profession!”The middle-aged man walked up to Yun Jian and said loudly.

It turned out that before Yun Jian appeared, Captain Zhou had already sent someone to contact the forensic doctor.

In the end, while one side had agreed to Yun Jian’s request, the other side had also successfully contacted the forensic doctor.

The middle-aged man’s surname was hang. Forensic Doctor Hang was the most famous forensic doctor in Puluo City. In his life, he had handled nearly a thousand cases, of which 800 were because of him alone. He had caught the real murderer and returned justice to the deceased.

When he heard that his job had been stolen by a teenage girl, forensic doctor hang rushed over without saying anything.

He had almost a lifetime of experience and was very experienced. Even if this little girl had the title of the highest forensic hospital in the world, so what?

If her experience was not good, it would still be useless! She did not have her own abilities!

Hearing Forensic Doctor Hang's words, Yun Jian narrowed his eyes slightly and retaliated unceremoniously, "You do it. This case, I reckon that you won't be able to find the real murderer in this lifetime."

"What do you mean!" Hearing this, forensic doctor hang blew his beard and glared.

"I mean it literally." Yun Jian crossed his arms over his chest and sneered.

"Then, do you want to compete?" Forensic Doctor Hang was not convinced.

Seeing the situation at the scene suddenly turn out like this, Luo Jiajun, Captain Zhou, and the others were all shocked.

"There's no need to compete." Yun Jian's words were heard calmly.

The moment he said that, forensic doctor hang thought that Yun Zhi was admitting defeat. However, he only heard Yun Zhi's arrogant words in front of everyone. His words shocked everyone present:

"Because with your standard, you're not worthy to compete with me!"

Forensic Doctor Hang was a famous forensic doctor in Puluo City. He had handled nearly a thousand cases and successfully found the real murderer of 800 cases. He was also a person who was fair to the dead.

Forensic Doctor Hang's observation was very subtle. He could find clues from the bits and pieces of the crime scene. He could start from the clues and completely solve the case.

Forensic doctor hang could see through any trace of the murderer at the crime scene.

Therefore, forensic doctor hang was very well-known in the Z country's forensic field.

Forensic Doctor Hang's strength was amazing. Even other provinces and cities in Z country that encountered difficult cases outside of Puluo city would pay a high price to hire forensic doctor hang to assist them.

This also fully reflected forensic doctor Hang's strength.

And Yun Jian?

She actually said that based on forensic doctor Hang's level, he wasn't worthy to compete with her! ?

Forensic Doctor Hang was at least a famous existence in Z country's forensic medicine field!

And Her?

Although she had a verified certificate from the highest international forensic hospital, the certificate was only a form of writing.

Forensic Doctor Hang was at least in the Z country's forensic medical field. If word got out, everyone would know who he was. He was a person with real ability!

As for her? Even if she, Wei Lin, was from the highest international forensic hospital, before this, she, Wei Lin, did not even have the slightest bit of fame in the forensic medical field!

Sometimes, fame represented strength.

What was the use of having the most amazing certificate?

Thus, after hearing Yun Jian's words, Luo Jiajun, Hong Ling, Wei Ze, and Wei Min, who had been standing by the side, including Captain Zhou, couldn't help but twitch their lips.

No matter how powerful Yun Jian was! Forensic Doctor Hang's strength was still there! How could a little girl like her, who didn't have any fame in the forensic medicine world, compare to her!

However, what the few people present didn't know was that Yun Jian wasn't famous in the forensic medicine world because she, Yun Jian, had been hired at a high price to become a special guest of the highest international forensic hospital in the name of the 'hand of death' in the medical world!

To put it bluntly, Yun Zhi was hired into the international supreme forensic hospital to support the situation.

Have you ever seen a big boss personally carrying bricks with the workers?

It was even more difficult to get Yun Zhi, who was the 'hand of death', to handle cases!

Therefore, she had never been famous in the forensic medicine world. However, if she were to mention the words 'hand of Death', her fame would be enough to shake the entire world. It was definitely not something that a hang forensic doctor could compare to.

"Little girl, you are indeed capable. You have entered the highest forensic hospital in the world at such a young age! I don't even know if I have any hope of entering that place in my life. However, in terms of strength and experience, I am not inferior to you!

"It will be obvious who is better! If not, I think you don't even dare to compete with me. The person who is not worthy to compete with Me is you!"

Forensic Doctor Hang was also a very stubborn person. After hearing Yun Jian's words, he used the same words to fight back against her.

If forensic doctor hang backed off, Yun Jian would look down on such a person. However, forensic doctor hang stood up and spoke to Yun Jian with the same tone that he did not back off.

Seeing this, Yun Jian narrowed his eyes. From the initial disapproval, he had changed his view of Forensic Doctor Hang.

"Wei Lin! Do you know what you're saying and doing? ! As your sister, I can't bear to see you continue to make mistakes. Why are you getting involved in this mess all of a sudden? Come Home with me!"

Wei Min sensed that the more Yun Jian continued to speak, the more Luo Jiajun's eyes were fixed on Yun Jian. It was as if he could not tear them away from Yun Jian.

She was furious. After saying this, she walked over and acted as if she was a good sister who had done something wrong. As she spoke, she wanted to stretch out her hand to pull the Yun Jian.

However, just as Wei Min was about to stretch out her hand to pull the Yun Jian, Yun Jian did not even look at Wei Min. She followed the trajectory of Wei Min walking towards her. Her hand was as agile as a snake's body as it wrapped around Wei Min's head.

Then, in front of everyone present, the Yun Jian looked at forensic doctor hang. She held Wei Min's head and pressed it against the corner of the wall. The strength of her hand pressed down on Wei Min until she was almost suffocated, the Yun Jian suddenly grinned at forensic doctor hang as if nothing had happened and said,

“I suddenly feel that you’re not bad. Let’s compete and see who finds the murderer first.”

The few people present were not surprised by Yun Jian’s sudden change of words.

On the other hand, “Kind” wanted to leave with Yun Jian, but Yun Jian suddenly grabbed her head and pressed her against the wall. Wei Min, who was almost suffocated, cried out for help:

“Oh... Let Go, Oh, let go! I Can’t Breathe! Brother, Brother Jun... Brother Jun, save me!”

Wei Min was pressed against the wall and almost suffocated. Her first reaction was to ask Luo Jiajun for help.

At that time, Yun Jian pressed Wei Min’s head against the wall with one hand, but his eyes were fixed on forensic doctor hang, as if nothing had happened.

“Wei! Lin! That’s your biological sister! You really went too far this time!” When Wei ze saw this, he was the first to rush up to save Wei Min from Yun Jian’s hands.

Yun Jian threw Wei Min to Wei ze before Wei ze rushed over. Then, she slowly took out a napkin from her pocket and wiped the hand that touched Wei Min’s head.

“Wei Lin, what do you mean!” Wei Ze finally managed to save Wei Min, but when he saw Yun Jian wiping his hands in front of everyone as if he had touched something dirty, his face turned terrifyingly dark.

“Wei Lin, this time I’m on Wei Min’s side. You’ve really gone too far.” Luo Jiajun curled his lips and spoke to Yun Jian with his own words that sounded like an order.

Luo Jiajun had always been high and mighty. Whenever a girl said a word to him, this girl would be so excited that she wouldn’t be able to sleep for days.

Therefore, Luo Jiajun’s words had a feeling of being high and mighty.

“Captain Zhou, tell me everything you have collected about Lin Jiaoyue.”

However, whether it was Luo Jiajun or Wei ze, Yun Jian completely ignored them. She crumpled the napkin in her hand into a ball and threw it into the trash can not far away without even looking at it.

“Okay!” Captain Zhou nodded and reported truthfully:

“According to everything I collected this morning about what happened to Lin Jiaoyue in recent days, Lin Jiaoyue has only had two suspicious incidents in recent days.

“One was a few days ago, Lin Jiaoyue took the lead to bully a girl named Ling Qianqian.

“The other was half a month ago, after a boy confessed to Lin Jiaoyue in public, Lin Jiaoyue humiliated him in public. According to insiders, after that boy was humiliated by Lin Jiaoyue, he had no love for Lin Jiaoyue at all and had been holding a grudge. He discussed with some boys to teach Lin Jiaoyue a lesson.”

After Captain Zhou finished speaking, everyone’s eyes darkened.

Only this little bit of information? Then how was he going to investigate?

Luo Jiajun, Hong Ling, and the others were all stunned.

Just when Luo Jiajun and the others did not know how difficult it was and there was no trace of the murderer at the scene, Yun Jian suddenly said,

“I’m going to examine Lin Jiaoyue’s body.”

After saying that, Yun Jian walked into the autopsy room.

Forensic Doctor Hang also had the same intention, so he entered with Yun Jian.

Luo Jiajun and the others pondered for a while and followed him.

At this time, Yun Jian had already lifted the white cloth covering the body on the operating table.

“From the look on his face, the deceased should have drowned and suffocated to death. Let me dissect the body.” Forensic doctor Hang saw this and wanted to put on his equipment to dissect the body to verify.

The cause of death of the deceased was something that could not be recognized by the naked eye.

The existence of forensic doctors was to make the deceased “Speak.”

Some corpses seemed to have drowned, but the actual cause of death was not as it was shown.

At this time, the forensic doctor had to dissect the corpse to find the cause of death of the deceased from the organs of the corpse.

That was why he had to dissect the corpse.

And finding the cause of death was only to find the murderer of the corpse faster.

“There’s no need to look for it. It was stabbed to death with a silver needle.” Just as forensic doctor hang was about to make his move, Yun Jian suddenly spoke.

After saying that, Yun Jian did not wait for the crowd to react. He walked to the corpse and pulled out a silver needle from the scalp of the corpse.

Everyone who saw this was shocked.

Yun Jian had not touched the corpse in such a hidden place! How did she find it so quickly? !

Even forensic doctor hang was stunned.

However, just as everyone was shocked, Yun Jian’s lips curled up. She stared at the silver needle that was extremely difficult to find. Then, she calmly said something that made everyone’s eyes move:

“Only professionals can use their hand strength to stab this extremely thin silver needle into the top of a person’s head with one fatal move. And this move is the basic lesson of an assassin organization.”

“The basic course of the assassin organization! ? WHST! ? Wei Lin, how did you know that this is the basic course of the assassin organization!” Before anyone else could say anything, Hong Ling, who had dyed her hair red, had already spoken first.

After Hong Ling finished speaking, the few people present stared at Yun Jian in a daze with scrutinizing gazes. It was as if they wanted to find the answer from Yun Jian.

Hong Ling's words were also what many people present wanted to ask.

However, Yun Jian did not give a reply. She glanced to the side and continued, "Those who have entered the assassin's organization have learned it. This is a compulsory basic course, but it does not exclude the possibility that they have learned it themselves.

"From the scene of the crime, I deduced that the deceased should have been kidnapped on the way to the toilet, and then forcefully dragged the deceased into the toilet."

Yun Jian paused and continued:

"There are obvious shoe prints at the entrance of the toilet. The shoe prints of a normal person entering the toilet should not have covered the entire entrance of the toilet. I have already compared the tread pattern of the shoes on the deceased's feet with the shoe prints that left obvious traces at the entrance of the toilet. There is no doubt that they are the shoe prints of the deceased.

"Besides the shoe prints of the deceased, there is another person's shoe prints that covered the entrance of the toilet. Obviously, that shoe print belongs to the murderer."

Just from the shoe print left by the victim at the entrance of the toilet, Yun Jian could deduce that the victim was dragged into the toilet halfway. Everyone present was stunned when they heard this!

Yun Jian's observation was too detailed!

No one could have imagined such details!

Even forensic doctor Hang could not help but twitch his lips when he heard Yun Jian's words.

Just as forensic doctor Hang was about to speak, Yun Jian said again, "Please leave first. I have to confirm something. It's not convenient for you to be here."

After hearing Yun Jian's words, perhaps it was because of Yun Jian's words, everyone left the autopsy room obediently.

Yun Jian closed the door of the autopsy room.

Three minutes later, Yun Jian left the autopsy room.

"The victim's private area has ruptured. From the looks of it, the blood stain has only been broken for less than twenty-four hours."

“There are obvious ligature marks on the side of the victim’s mouth. From this, we can conclude that the victim was raped and then killed. The murderer covered the victim’s mouth. Firstly, it was to prevent the victim from screaming. Secondly, it was convenient for him to commit the crime.”

After Yun Jian left the autopsy room, the rules were clear to everyone.

“Raped and then killed?”? Didn’t Captain Zhou say that a boy confessed to Lin Jiaoyue half a month ago and was humiliated instead? That boy admired Lin Jiaoyue but held a grudge against her. Could it be that he did this?”

Luo Jiajun was the future heir of the Luo family after all. He had an IQ that ordinary people didn’t have.

This sentence almost exposed everything.

“Brother Jiajun did not study forensic medicine, but he is still so powerful! This is something that outsiders can never learn!” Just now, he was pressed against the wall by a piece of paper and almost suffocated, Wei Min, who had regained her senses, could not help but praise Luo Jiajun when she heard this.

Luo Jiajun ignored Wei Min. He turned to look at Captain Zhou and said, “Captain Zhou, should we detain that suspect first?”

After hearing what Luo Jiajun said, everyone present felt that it was very reasonable.

Even Hong Ling and Wei Ze felt that Luo Jiajun’s analysis could already be compared to Yun Jian’s.

Forensic Doctor Hang stood at the side and couldn’t say anything.

However, just as everyone was thinking about this, Yun Jian suddenly said, “I already know who the murderer is. Captain Zhou, prepare to bring people to arrest him.”

Once these words were said, everyone present was completely dumbfounded.

Forensic doctor Hang was even more stunned. After being stunned for a moment, he looked at Yun Jian and asked with a huge change in expression, “Who is the murderer?”

“What! You already know who the murderer is?”?

“The complexity of this case is probably comparable to an s-rank mission. How long has it been since you took on this mission... you actually already know who the murderer is!”

The Schoolgirl Secret Agent #Chapter 2355 - Read The Schoolgirl Secret Agent Chapter 2355

Chapter 2355: Chapter 2355 "Ace Killer", what was that

Translator: 549690339

The s-rank mission system in the forensic science world was the same as the mission system in the assassin spy world.

SSS mission, s-rank Mission, a-rank Mission, b-rank mission...

From large to small, s-rank missions were considered very difficult in terms of mission system.

As for s-rank missions, the success rate was only 5% .

This time, Lin Jiaoyue's death had no clue. The murderer must be a repeat offender and was very clear about erasing the traces of the scene.

This kind of mission was at least an SSS mission in the Forensic Science World.

The fastest way to solve an SSS mission was to spend three months of time.

And to be able to solve it, that was still considered impressive.

But what about the cloud note?

It had only been a short while since she took over the mission. Could it be that she already knew the murderer? ?

Just as everyone was stunned, a group of people had already followed the cloud paper to the door of Sister Biao's classroom.

"The boy who confessed to the deceased is also in the deceased's class. Could it be that the murderer is really him? Moreover, according to the investigation data, the boy who confessed to the deceased on the day of the deceased's death was also not in the classroom. It is said that he applied for leave."

When they were about to arrive at Sister Biao's class, Captain Zhou suddenly spoke up.

Yun Jian did not reply to this question.

When they arrived at the classroom door, Sister Biao's class teacher, teacher Yang, walked out to receive them.

At this moment, teacher Yang was in class. When he saw Yun Jian and the others, he hurriedly walked over to ask, "How is it? Have you found the murderer?"

There were no surveillance cameras near the toilets of imperial college. This was also the reason why the murderer could not be identified.

Teacher Yang was obviously very concerned about the incident of his classmate. After all, he was the class teacher, so he had to take responsibility.

"We are still investigating. Can you let us take a look in the classroom?" Captain Zhou asked.

"Of course, please..." teacher Yang had just said this.

"There's no need to enter the classroom." Yun Jian's words suddenly rang out.

What the hell was she doing this time! Wei Min's face flashed with displeasure when she heard this.

Just as Wei Min was thinking this, Yun Jian looked straight at teacher Yang in front of everyone. "You weren't there on the night of the murder."

"Yes, the self-study session last night wasn't my class..." teacher Yang nodded.

"So after killing Lin Jiaoyue, you framed the boy who confessed to her half a month ago. Do you really think that no one knows what you did, teacher Yang?"

Yun Jian narrowed his eyes and looked at teacher Yang, suddenly saying.

As soon as he said this, everyone was stunned.

"What, what are you saying?" Teacher Yang was also stunned. He looked at Yun Jian and said.

"You are indeed amazing. You destroyed all the evidence at the scene, but from the beginning, your expression told me everything." The Yun Jian ignored teacher Yang's retort and continued speaking.

Teacher Yang, who suddenly heard the words of the Yun Jian, suddenly laughed coldly.

Then, teacher Yang no longer defended himself. He reached out and tore off the human skin mask on his face, then, he said in front of everyone present, "Hehe! So what! That's right, I'm not that Fool Yang Zhihong! That Fool has long gone to Hell!

“But even if you guys found out about me, what can you do! Before I retired, I was an ace assassin of the international underground assassin organization! To be able to investigate and find out that I did it, I’m already very surprised.

“But if you trash want to capture me, then you’re just wishful thinking!

“What police, forensics! In My Hands, you’re just a bunch of Little Luo Luo’s!”

“Teacher Yang”’s face suddenly changed, and he even claimed to be an ace assassin of an underground assassin organization. This identity scared the faces of Luo Jiajun and the others.

Captain Zhou and forensic doctor hang were not in a hurry to turn back.

An assassin! And he was an underground Ace Assassin!

Everyone present was so frightened by this change that they took three steps back!

However, just as everyone was so frightened that their faces changed drastically and they kept retreating, Yun Zhi, who had been standing still, suddenly raised her eyes. Her originally deep black eyes were now dyed with a trace of blood red.

Then, she looked at “Teacher Yang”and suddenly curled her lips into a cold smile. Then, in front of everyone present, she said something to “Teacher Yang”that shocked everyone present:

“An underground Ace Assassin? which organization is it from?”

“You are so arrogant in front of me. Do you know that when I was in the assassin Spy World, you didn’t know what kind of person I was!”

As soon as Yun Jian’s words came out, everyone at the scene widened their eyes in shock, and their pupils constricted.

What did she say?

When she was in the Assassin Special Agent World?

To be able to say such words, it meant that Yun Jian was an assassin special agent, and had also been in the assassin Special Agent World before!

Then her true identity was...

“Little Brat, have you reached the age of 18? ! With you alone, how can you compare who has worked in the assassin Agent World with me? I have worked in the assassin world for 30 years! In terms of experience and strength, I will definitely not be weaker than you!”

“Teacher Yang” heard Yun Jian’s words and did not wait for the crowd to be stunned before she loudly refuted Yun Jian.

Her words were also extremely arrogant, but her words carried a confidence that outsiders could not learn.

In “Teacher Yang”’s view, Yun Jian was at most an 18-year-old girl. In his words, she was not even fully grown yet, she dared to say things like ‘when I was in the assassin spy world, you did not know what I was’.

“Wei Lin, don’t be willful. This matter is not something that we can interfere with! Come back quickly! Leave this matter to the police!”

Luo Jiajun saw Yun Jian standing in front of “Teacher Yang”. He was afraid that Yun Jian would be injured by “Teacher Yang”, so he quickly opened his mouth and tried to call Yun Jian back.

“Yes! Come back quickly! You are a genius in the forensic science field! The moment you find the murderer, you have already completed your mission! I have already contacted the Puluo city armed police force. I believe that the armed police force will rush here in a while to help us catch the murderer! “You don’t have to interfere in the rest of the matters!”

Captain Zhou and Luo Jiajun also spoke to Yun Jian in a similar tone.

In fact, the words that Yun Jian said that he was also a member of the world of secret agents and killers, in the eyes of Captain Zhou and Luo Jiajun, were just a bluff by Yun Jian to deliberately deceive “Teacher Yang”.

Seeing that the situation was not right, Yun Jian still dared to speak to “Teacher Yang” in such a tone. If Yun Jian did not retreat in the next second, he would definitely die here.

“Teacher Yang” suddenly burst into laughter.

“Lin Jiaoyue, that slut, refused to be my woman. She even scolded me for being a scum of society, saying that I would go to hell sooner or later. Tsk, look at yourself, that’s her fate!”!

“But you, a little brat, actually dared to speak to me in such a tone... do you want to end up like Lin Jiaoyue, that slut!”

“Teacher Yang” said in a slow and leisurely tone, with a hint of laziness.

At this point, “Teacher Yang” looked askance at Yun Jian and then continued to speak in front of everyone:

“TSK TSK! Looking at how pretty you are, I really can’t bear to kill you, but...”

“Teacher Yang” suddenly paused when he said this, his dark eyes were originally staring at the ground.

In the next second, he didn’t continue speaking. After pausing his words, “Teacher Yang” suddenly raised his eyes that had been staring at the ground. At that moment, he was like a bolt of lightning, dashing toward the cloud paper.

At the moment he made his move, “Teacher Yang” arched his hand into a standard eagle claw and extended it toward the neck of the cloud paper.

At the same time, a sinister voice suddenly sounded, “But you’d better die!”

“Teacher Yang’s” sudden attack made everyone present unable to turn back.

When Luo Jiajun and the others saw this, their eyes froze, and even their breathing stopped at the same time!

It’s over! It’s too late!

Yun Jian is done for!

Such a swift killer move! If one wasn’t someone who had been in the assassin world for more than ten years, they wouldn’t be able to withstand it!

However, at the moment when everyone thought that Yun Jian was done for, they saw that Yun Jian didn’t panic at all when “Teacher Yang” attacked her. Instead, there was an incomparably cold smile on her face.

In the next second, everyone suddenly saw a scene that caused their pupils to dilate and they were so shocked that their mouths were wide open

“Teacher yang”bent his hands into the shape of an eagle’s claw, and with lightning-like speed, he extended his hands toward Yun Jian’s neck. He planned to strangle Yun Jian’s neck with one move and kill Yun Jian with one move!

The speed of his attacks and the moves he used were so fast that everyone present couldn’t even turn back.

If it wasn’t for the speed of an ace assassin who had received training before, he definitely wouldn’t have the ability to achieve such a feat!

The Ace Killer of the underground assassin organization!

What a terrifying existence!

To the police officers, an ace killer who had gone through strict training, stimulated the strongest strength of mankind in a life and death situation, and grew up in a survival of the fittest environment, was simply a nightmare!

But even so, a powerful ace killer of the underground assassin organization would still be caught by the police at some point.

But at least now, Captain Zhou and the few police officers that Captain Zhou brought from the police station, along with Luo Jiajun, Wei Ze and the other students in school, as well as forensic doctor hang, were completely unable to compete with “Teacher Yang”!

Not to mention, from “Teacher Yang”’s murderous aura, which belonged to the killer group’s terrifying killer move, Yun Jian was saved!

“No! Wei Lin! Dodge!”Luo Jiajun’s face suddenly changed. He was so scared that his face suddenly turned pale and even his lips and teeth trembled.

Luo Jiajun was so scared that his face suddenly turned pale and his lips and teeth trembled. That was because Luo Jiajun was afraid that Yun Jian would be killed by “Teacher Yang”.

During this period of time, Luo Jiajun paid more and more attention to Yun Jian. At this moment, Yun Jian was like a fog to Luo Jiajun. The secrets she carried on her body were like a bottomless pit that attracted Luo Jiajun's attention.

If the Yun Zhi died, then all of this would be gone.

Therefore, Luo Jiajun couldn't bear it. Almost at the same time, he let out a hoarse roar.

If it was said that Wei Min had never seen Luo Jiajun's previous performances, then it was Luo Jiajun.

But at this moment, when Wei Min saw that Luo Jiajun was going to be killed by "Teacher Yang" because of the Yun Zhi, she let out a roar on the spot. Wei Min's face sank again, and her nails dug into her own flesh.

"Die! Die! hahaha! Die Like That Little Slut Lin Jiaoyue! hahaha!"

However, everyone saw that "Teacher Yang" had already arrived in front of the cloud tablet after this sinister laughter. At that time, "Teacher Yang"'s hand was already bent into an eagle's claw, and it was about to grab the cloud tablet's neck, it was a direct and fatal blow!

"No!"

Luo Jiajun, Captain Zhou, Forensic Doctor Hang, and the others who cared about Yun Jian all let out a fatal shout.

However, just as everyone shouted out these words, they almost closed their eyes in despair and waited for 'teacher Yang' to grab Yun Jian by the neck and break his neck with a 'Kacha' before dying on the spot.

Everyone only saw Yun Jian's deep pupils move slightly.

In the next moment, just as 'teacher Yang's hand was about to reach Yun Jian, Yun Jian sidestepped to avoid 'teacher Yang's attack. Then, she flashed and quickly appeared behind 'teacher Yang'!

This speed was so fast that even 'teacher Yang' had no time to react!

Everyone was shocked, but they only saw Yun Jian hook her leg and trip 'teacher Yang'.

The moment 'teacher Yang' was suddenly tripped and fell to the ground, the two butterfly knives in her hands shot out!

The light from the knives flashed in an instant, and with lightning speed, they slashed across 'teacher Yang's wrists and the meridians of her ankles.

"Pu!" Blood splattered everywhere. The blood drew a curve in the air and then sank into the dust on the ground.

This speed was so fast that "Teacher Yang" had no time to react. It was so fast that everyone present widened their eyes.

"Ah!" They heard "Teacher Yang" scream suddenly.

The next second, the cloud note stepped on "Teacher Yang" from behind and then said coldly in front of "Teacher Yang" in front of everyone present,

"I already said that when I was in the assassin Spy World, you still didn't know what you were!

"I crippled your limbs. In the past, you could barely be considered a thing, but now you...

"You're completely a piece of trash!"

The act of Yun Jian moving the butterfly knife to cut through teacher Yang's limbs and meridians was completely different from an ordinary person's act of cutting someone's wrists and ankles.

These four knives were fast, accurate, and ruthless. It seemed to be just a random cut, and it was no different from a scratch.

However, everyone in the assassin Spy Circle knew that this was definitely a move that the assassin organization would hand over to an assassin agent when they were training an assassin agent to their peak condition.

If this move was not performed well, it could even lead to death!

If one wanted to use this move, one had to be quite skilled with the butterfly knife, coupled with agile movements and a consistent movement.

More importantly, Yun Jian's seemingly random four cuts had actually hit a vital point. There were only four cuts.

These four slashes had actually severed the meridians in 'teacher Yang's' left and right hands and feet!

In other words, 'teacher Yang' would never be able to raise his hands or walk on his feet in this lifetime!

Those hands and feet had been completely and completely crippled!

'teacher Yang' who had let out a fierce scream was paralyzed on the ground. At that moment, he was looking at Yun Jian with a face full of fear. His face no longer had the imposing manner that he had previously used to shout at Yun Jian.

"That move just now! That move just now was indeed the killer move of the assassin organization! Moreover, it was one of the most difficult moves to learn among the killer moves of the assassin organization!

"As far as I know, there are absolutely no more than ten assassin agents in this world who know that move you used just now! Just who... Just who are you?!"

"Teacher Yang," who was paralyzed on the ground, did not even have the time to care about the pain of his limbs being crippled. His eyelids rolled and his eyeballs widened as he stared at Yun Jian, it was as if he was trying to find an answer from Yun Jian's face.

"You can take him away. You can interrogate him however you want. Also, for this mission, please erase the file of me assisting the mission. Thank you."

Yun Jian did not say anything else. She stabbed the two butterfly knives into her thighs. After saying this to Captain Zhou, she turned around and left.

"If you make a move this time and report it, it will be a huge merit! Are you sure you want to erase this merit?"

Captain Zhou could not help but ask when he saw Yun Jian turn around and leave.

"Erase." Unexpectedly, Yun Jian did not stop at all. She just left these two simple words and left.

To a forensic doctor, fame was more important than anything else.

Successfully solving a case would not only reward the forensic doctor financially, but also increase his fame.

As long as your fame increased, you would be able to get more cases in the future and get more people to hire you to solve the case.

When forensic doctor hang heard Yun Jian's reply, he was stunned on the spot.

He finally understood! Why did Yun Jian, who had been invited as a special guest by the highest forensic hospital in the world, not have any fame in the world!

That was because she had solved the case and did not want to leave her name behind!

This result stunned forensic doctor hang and made Luo Jiajun and the others swallow a mouthful of air.

If an ordinary person had the ability to solve a case like Yun Jian, they would have bragged to the heavens.

But what about the cloud note? She actually requested to erase the information that she had appeared on, and did not request to report it for credit?

Luo Jiajun looked at the Cloud Note's departing footsteps and pondered.

She was really getting more and more charming!

A few days later. After captain Zhou took "Teacher Yang" away, the results of the case were announced.

Just as the Tianyun tablet arrived at the school classroom, Luo Jiachen, his deskmate, rushed into the classroom and told the tianyun tablet about the gossip he had heard over the past few days:

"Wei Lin, Wei Lin, do you know! The results of the case that was solved two days ago are out! I didn't expect the police to be so amazing! They solved the case in just two days!"

"Guess, Guess Who did this to Lin Jiaoyue's death?"

Luo Jiachen didn't know what happened that day. He thought that Yun Jian didn't know anything about it, so he said to Yun Jian with a mysterious tone.

“Who?” Yun Jian obviously knew it on purpose.

After saying this, Luo Jiachen looked at Yun Jian with a ‘you don’t know, do you?’ expression and said,

“I knew you wouldn’t guess it! Hehe! The truth is out! It was Lin Jiaoyue’s class teacher who did it!

“If we were to say that Lin Jiaoyue’s real class teacher, Yang Zhihong, was actually already dead. The person who pretended to be Lin Jiaoyue’s class teacher was an underground ace killer! He was very powerful! However, he was still successfully captured by the police!

“As expected of our country’s armed police force, he’s really powerful!”

The reason “Teacher Yang” really attacked Lin Jiaoyue was because Lin Jiaoyue had a bold personality. However, she fell in love with Yang Zhihong, who was already married at the time, who was also Lin Jiaoyue’s real teacher in charge.

“Teacher Yang” originally lived as an ordinary person. He met Lin Jiaoyue by chance and confessed to Lin Jiaoyue, asking her to be his mistress.

Lin Jiaoyue refused. “Teacher Yang” killed Yang Zhihong with the intention of revenge and pretended to be Yang Zhihong to trick Lin Jiaoyue into going to the toilet.

However, Lin Jiaoyue found out that “Teacher Yang” was pretending to be Yang Zhihong, so she wanted to run away. In the end, “Teacher Yang” dragged her to the toilet and raped her, “Teacher Yang” used a silver needle to kill Lin Jiaoyue with the intention of revenge.

After that, he disguised himself as Lin Jiaoyue soaking her head in the toilet pit and committing suicide.

...

After everything was settled, it could only be said that Lin Jiaoyue was extremely unlucky to have met a pervert assassin like “Teacher Yang” who came from an assassin organization.

Sometimes, a person’s luck starts to deteriorate. You Can’t stop it, and even drinking water can choke you to death. That’s how it works.

...

This day, Yun Jian went to the college cafeteria for breakfast.

She really wanted to eat pickled cabbage today, so she brought some pickled cabbage and handed it to the cafeteria auntie to help add in the fried noodles.

After the fried noodles were cooked, Yun Jian placed the fried noodles in front of a dining table and sat on a chair to eat.

It was really too strange. These days, her appetite was getting bigger and bigger. In the past, Yun Jian's appetite wasn't small, but now it was three times bigger than before.

Therefore, Yun Jian's bowl of stir-fried noodles was equivalent to three bowls of ordinary stir-fried noodles. It was Yun Jian who deliberately asked the canteen auntie to place three portions.

"Damn, Wei Lin, you ate so much again!" At this moment, Luo Jia Chen stepped on the bench and jumped into the bench. He sat on the bench and held in his hand a lunch box that was one-third of Yun Jian's bowl of stir-fried noodles, he looked at her in a daze.

"Mm," Yun Jian replied softly and continued to eat his noodles.

At this moment, Luo Jia Jun, Wei Ze, Wei Min, and Hong Ling just happened to pass by the dining table where Yun Jian and Luo Jia Chen were sitting.

At that time, Luo Jia Chen was looking at Yun Jian with great interest. When Luo Jia Jun and the others walked past Yun Jian, Luo Jia Chen suddenly said loudly to Yun Jian, "Wei Lin, don't tell me that you are pregnant?"

"Hehe! Wei Lin, don't tell me you are pregnant! I heard that when a woman is pregnant, she eats a lot! Moreover, she can eat three times more than the average person. This means that there are two in her stomach!"

"Don't tell me you are pregnant with twins!"

When Luo Jiachen said this, he was all smiles and his face was full of ridicule.

As he said this, he even stared at Yun Jian's inconspicuous belly with his deep black eyes, smiling.

When he suddenly heard what Luo Jiachen said, Yun Jian's hand that was holding the chopsticks and picking up the fried noodles suddenly stopped.

"Jiachen! What nonsense are you talking about! You are usually ignorant and incompetent in the academy. You hang out with your gang of hooligans every day. I Don't care about you anymore!"

"But what nonsense are you spewing out of your mouth! Wei Lin is still a pure and innocent daughter. She hasn't even had a boyfriend. How could she have..." she was pregnant!

1

Luo Jiajun had just walked past Yun Jian and Luo Jiachen when he suddenly heard Luo Jiachen's words. Luo Jiajun almost stopped at the same time and turned around to yell at Luo Jiachen.

Luo Jiajun suddenly stopped and said such words to his younger brother, Luo Jiachen. This action shocked everyone present.

Luo Jiajun was now paying more attention to Yun Jian. He was just passing by, but after hearing Luo Jiachen's words, Luo Jiajun immediately stopped and shouted at his own younger brother in such a tone!

It was for a girl!

This was something that had never happened before!

"No, brother, can't you tell? I'm joking with Wei Lin! We often joke too! If you don't believe me, Ask Wei Lin!" Luo Jiachen was so scared that his face trembled. He quickly waved his hand and pointed at the Yun Jian.

"Wei Lin, don't you think so?" Luo Jiachen looked at her with an expression of begging for help from the Yun Jian. His hands looked like they were begging for help.

He didn't want his big brother to complain to his father!

"Yes," Yun Jian replied softly. Then, she picked up the sauerkraut mixed in the fried noodles and continued to chew on it.

Yun Jian didn't think that she was pregnant. She had a big appetite in the past, and she didn't feel like vomiting recently. Obviously, it wasn't a sign of pregnancy.

Moreover, even if she was really pregnant, she would never let Luo Jiajun and the others know.

Seeing that Yun Jian was too lazy to say anything more after replying, Luo Jiajun, Wei Min, and the others all had their own thoughts.

Not long after, Yun Jian finished eating and left. From the beginning to the end, she did not pay any attention to Luo Jiajun, Wei Min, and the others.

...

Captain Zhou came to see Yun Jian for the last time and brought Yun Jian the last news about Sister Biao, which was also Lin Jiaoyue.

Lin Jiaoyue's family was very rich. The funds that her family could turn around were enough to buy ten of the largest and most expensive private helicopters in one go.

Men loved to be promiscuous when they had money. Lin Jiaoyue had a father who had three wives and four concubines.

Modern society did not allow polygamy. Lin Jiaoyue's biological mother died prematurely. Her stepmother married her father. Lin Jiaoyue's father kept as many as ten schoolgirls or mistresses in their twenties.

Later, Lin Jiaoyue's father simply took all his mistresses and children who were born outside home and lived together.

There could only be one wife registered with the marriage certificate, but there was no rule in the country that forbade keeping mistresses, and there was also no rule that forbade everyone from living together.

There were many sons and daughters, but she was not one of them. Moreover, Lin Jiaoyue's father preferred sons over daughters, because Lin Jiaoyue was a woman and had never liked her.

Lin Jiaoyue grew up in a family like that. She was bullied by her half-siblings and her father's mistresses since she was young. She did not have any sense of existence growing up, so she yearned to become stronger.

It was because of this that she began to study taekwondo and judo crazily. She wanted to become stronger, like a likeable boy, so that her only biological father would pay attention to her.

At school, she bullied people because she wanted people to pay attention to her.

All of this was recorded in a code book of Lin Jiaoyue.

Captain Zhou handed the last page to Yun Jian and said, "This code book should have been the diary of the deceased before he died. It even mentioned you."

Yun Jian took it and pressed the number of pages in the password book. The last page of Lin Jiaoyue's diary was written on that page:

"Not long ago, I saw Ling Qianqian despising her father at the market. Her father is poor and sells vegetables at the market. But her father is really good to her, so good that I envy him.

"When can my father be like her father and care for me more? Even if he only cares for me a little more, even if our family is as poor as her family, or even poorer, it doesn't matter. I have hands and feet. I can support my father and myself.

'what I care about is not money. I just want to live with my parents.

'So when I see Ling qianqian, I can't help but want to bully her. I want her to understand that she should treat her father better, even if his father is just a farmer selling vegetables.

'Oh, right. Today, I met a very beautiful girl. She has a very strong aura and is very domineering. She is the type that I like. She saved Ling Qianqian from me.

"I heard that her name is Wei Lin. She's the youngest daughter of the Wei family who just returned to the Wei family. She was also bullied by her older sister, Wei Min. But she's so powerful. I heard that she dared to directly fight back against her so-called older sister.

"If I can be this powerful one day, then I won't have to be bullied by them anymore.

"I really want to make friends with her. I wonder if I'll have the chance to giggle in the future."
