Chapter 2361: Chapter 2370 moved the urn out of the door

After reading the last sentence, Yun Jian closed her eyes and blinked her long eyelashes.

Captain Zhou couldn't see any of these subtle expressions.

At that time, Captain Zhou couldn't find any change in Yun Jian's expression when he saw the last page of Lin Jiaoyue's diary.

"Can you give me the Code Book?" Yun Jian didn't look up at Captain Zhou and asked straightforwardly.

"The deceased's belongings should have been handed to the relatives of the deceased. However, I don't think the relatives of the deceased cared about it. Even the dead's body was claimed by the wet nurse of the deceased."

"You Want This code book, take it." After hearing Yun Jian's words, Captain Zhou said to Yun Jian.

"Thank you," Yun Jian said softly. Then, he turned around and left with the codebook.

...

Five days later.

It was a sunny afternoon. The temperature difference between day and night was very big these days. On winter nights, the cold wind was bone-piercing. It could make people shiver all over, and their legs and feet could not stop trembling.

It was daytime when the Sun was high in the sky. If a person walked into a cool and dark place, he would be frozen to the point of shivering. However, if he stood under the sun, he could feel the warmth of the sun. It was not very hot.

Lin family.

After Lin Jiaoyue died, her body was brought home by Nanny Lin Jiaoyue. They went to the crematorium to cremate and brought back the urn.

The Lin family had no intention of holding a funeral. At this moment, Lin Jiaoyue's father, Lin Xingyuan, was using the death of his daughter, Lin Jiaoyue, to hold a banquet to entertain his business friends.

He did not have any intention of holding a funeral. He only used the death of one of his daughters to hold a banquet and make friends in the business world in an attempt to expand his interests.

Lin Xingyuan was not good-looking, and his skin was so rough that it was hard to look straight at him. He had big ears, a big mouth, and a big nose. His face was flat, and he had a rectangular face shape. He was only 1.61 meters tall.

At that time, Lin Xingyuan was holding his mistress, Zhang Xiaomei.

Zhang Xiaomei was 1.68 meters tall, which was a stark contrast to Lin Xingyuan's height.

"Dear, Lin Jiaoyue is already dead. How unlucky it is to leave the urn in front of our living room! I say, let's quickly throw that thing to the door!"

"Dear, I'm saying this for the good of our family! You said that so many big bosses came tonight. How unlucky it is to see that urn! And it's a Killjoy! Right?"

Zhang Xiaomei was about to put her plump breasts on Lin Xingyuan's head, and she tried hard to blow the wind into Lin Xingyuan's ear.

"Okay, okay, okay! I'll do whatever you want!" After Lin Xingyuan heard Zhang Xiaomei's words, he patted Zhang Xiaomei's butt and nodded quickly.

Zhang Xiaomei was only twenty years old, and she was young enough. She was his recently found mistress. She was not bad looking, and most importantly, she was good in bed!

After Lin Xingyuan agreed to Zhang Xiaomei's words, he quickly called the only wet nurse of the Lin family over.

Lin Jiaoyue's mother had left early and Lin Jiaoyue was fed by the wet nurse.

Lin Jiaoyue's death had caused the wet nurse to grieve for the past few days.

When she heard that Lin Xingyuan actually wanted to move Lin Jiaoyue's ashes from the Lin family's living room to the door, the wet nurse's tears instantly fell. It was the first time that she stood up to resist Lin Xingyuan:

“Master, Yueyue is also your daughter! She hasn’t been buried yet, so let her stay at home for a while! It’s cold outside, I’m afraid that she... I’m afraid that she’ll catch a cold...”

As the wet nurse spoke, her tears fell uncontrollably again.

Her good daughter! She was only in her teens, yet she was already in heaven at the age of a flower!

Moreover, there wasn’t even room for her ashes in the house anymore!

“Is This House Yours or mine? You’re not going to let it go, are you? Good! Men, move out all the unlucky things like the urn and all the wreaths!” Lin Xingyuan roared angrily.

Immediately, someone walked over and wanted to throw the urn and all the wreaths, which symbolized sending off Lin Jiaoyue, to the Lin family’s door.

The wet nurse rushed over to stop her, crying, but was pushed to the ground.

Just as the mistress, Zhang Xiaomei, was showing off, her plan succeeded.

The door was suddenly kicked open.

The hard door was pulled out by the roots, and the kick sent it flying more than ten meters away, almost landing on a guest’s body.

At that time, a beautiful young girl stopped outside the door and entered. When everyone was so frightened that their eyes stopped, she appeared.

Chapter 2362: Chapter 2371. The souls of five thousand people

Translator: 549690339

When Yun Jian appeared in front of everyone, everyone present was so shocked that their bodies suddenly trembled.

Who was this girl who suddenly appeared in front of everyone!

Judging from her age, she should not be more than eighteen.

An eighteen-year-old girl actually sent a huge door flying with a kick!

What kind of kick could do that? !

Everyone was shocked by Yun Jian's kick!

Lin Xingyuan and Zhang Xiaomei were no exception.

But when they reacted, Lin Xingyuan stared at Yun Jian with vigilance and asked, "Who are you? Do you know where this is? How dare you break into a private house!"

Yun Jian raised his head slightly and glanced at Lin Xingyuan from the corner of his eyes. Then, he walked to an inconspicuous corner of the Lin family's hall — that was where Lin Jiaoyue's ashes were placed.

"Security! Security! Chase them out!" Seeing Yun Jian walking toward the place where Lin Jiaoyue's ashes were placed, Lin Xingyuan shouted in an exaggerated tone.

What Lin Xingyuan was afraid of, of course, was not Yun Jian going to the place where Lin Jiaoyue's ashes were placed. It was because he was frightened by Yun Jian's kick just now and was afraid that Yun Jian would turn around and deal with him.

Just as Lin Xingyuan was screaming in fear, the wet nurse suddenly gritted her teeth and rushed two steps towards Lin Xingyuan. Then, in front of all the guests, she knelt down in front of Lin Xingyuan:

"Master! I beg you! Today is Yueyue's last day in the Lin family. Don't let her leave sadly.

"That little girl should be Yueyue's friend. Let her send Yueyue through her last journey! I beg you! I beg you, Master!"

The wet nurse could not stop crying. As she kowtowed to Lin Xingyuan, she pleaded loudly.

After all, the wet nurse had been working for the Lin family for decades. In addition, she was his own flesh and blood, so Lin Xingyuan had to nod and agree after listening.

However, just as Lin Xingyuan was about to nod and agree.

"My Dear Yue Yue's friend, I have seen her too. That woman just kicked down our front door in front of Yue Yue's mourning hall. She is definitely not Yue Yue's friend.

"Also, it's really unlucky to leave the urn in the hall. Dear, Don't you love me anymore?" Zhang Xiaomei grabbed Lin Xingyuan's hand and touched Lin Xingyuan's head with her chest, she was acting coquettishly and flirtatiously.

"Dear, you're right. Men! Move the urn and those things out! Put them in the back door!"

Hearing Zhang Xiaomei's coquettish voice, Lin Xingyuan's lower body tightened. He quickly listened to Zhang Xiaomei's words and asked people to move Lin Jiaoyue's urn to the back door.

They didn't even let Lin Jiaoyue out of the main door of the Lin family.

However, just as Lin Xingyuan finished speaking, a "Ping pong" sound suddenly sounded.

Hearing this sound, everyone looked in one direction —

Not far away from where the sound came from, Yun Jian was already standing in front of Lin Jiaoyue's ashes box.

However, they only saw the clean butterfly knife directly thrown on the table by Yun Jian. After making a loud noise in this quiet place, it appeared in front of everyone.

When they suddenly saw this clean butterfly knife, everyone's faces suddenly froze.

Yun Jian was staring at the top of Lin Jiaoyue's urn. Lin Jiaoyue was smiling brightly in the black and white photo. She said expressionlessly in front of everyone:

"You and I both live in a world where we can't help ourselves.

"You said that you want to be as powerful as me, and I also want to be as ordinary as you.

"This butterfly knife has followed me for more than ten years.

"The number of souls that died under my butterfly knife was exactly five thousand.

"Now, I'll give it to you.

"I'll accept your wish on your behalf

As soon as the words left the Yun Jian's mouth, all the guests present were shocked and terrified.

Some people's faces even gradually turned into white paper without any dirt at a speed that could be clearly seen by outsiders.

Stunned!

Terrified!

Terrified!

The expressions of everyone present were all covered by these three words.

For a moment, the scene was so quiet that one could hear the breathing clearly.

Everyone maintained a stunned expression. No one dared to take the lead to speak!

Among them, Lin Xingyuan and Zhang Xiaomei's expressions were the most exaggerated.

After Lin Xingyuan and Zhang Xiaomei heard Yun Jian's words, their entire faces were completely stiff. Their faces changed greatly in fright, and even their bodies began to tremble violently.

She! What did she say just now!

She said that the souls under the butterfly knife were exactly five thousand people!

This...

Five thousand people!

Could it be that the souls under the knife, the five thousand people, were all killed by the girl standing in front of Lin Jiaoyue's ashes box and the posthumous photo!

Who Was She! She actually killed so many people! ?

Lin Xingyuan never thought that Yun Jian was such a terrifying existence. He was so scared that he almost suffocated.

"You, you, you, you, what do you want? !" Recalling the scene of Yun Jian kicking down the door when he appeared, Lin Xingyuan was so scared that his whole body trembled. Then, he stared at Yun Jian and asked with a trembling voice.

Zhang Xiaomei, who was standing next to Lin Xingyuan, rolled her eyes. She suddenly glared at Yun Jian and whispered something into Lin Xingyuan's ear.

“Well... Haha, Little Friend, thank you so much for coming here to see Yueyue for the last time! As a father, I really welcome you! If you have any requests, you can ask me!”

Lin Xingyuan looked at Yun Jian with his ugly and fat face and said with a fawning expression.

“Come here.” Yun Jian glanced at Lin Xingyuan and said expressionlessly.

After saying that, Lin Xingyuan ran over obediently.

As he ran over, Lin Xingyuan carefully sized up Yun Jian.

Oh My, this little girl is really beautiful. If only she could be like that slut Zhang Xiaomei and take this little girl into his harem...

Lin Xingyuan thought wickedly in his heart, this little girl is only two years younger than Zhang Xiaomei. Although I am one or two rounds older than them, he is rich!

Moreover, older men will dote on others!

Lin Xingyuan thought to himself, could this little girl have taken a fancy to me?

After all, there aren't many men like me who are rich and doting on women!

With this thought, Lin Xingyuan had already arrived in front of the cloud paper.

The cloud paper had already noticed that Zhang Xiaomei had sneaked out of the door, but she couldn't be bothered. Instead, she stood in front of Lin Xingyuan and threw a white piece of paper in front of him. “Pick it up and read it once.”

Lin Xingyuan was afraid that Yun Zhi would do something to him, so he quickly picked up the white piece of paper on the ground and read it. “Yueyue, Daddy Loves You...”

What is this thing?

Lin Xingyuan was just thinking about it when he saw Yun Zhi take out a passcode book that wasn't thick, but it wasn't thin either. He asked him to get someone to bring a pot of fire.

Then, Yun Zhi burned the passcode book in front of everyone.

Other than the cloud note, no one else knew or saw that there was a small note on the last page of the book.

The small note was buried in the fire along with the book. A second before it was destroyed, Lin Jiaoyue's delicate words were still flashing in the fire:

“My Wish: I Want to hear Daddy say it again. Yueyue, Daddy Loves You.”

No one knew what Yun Jian was doing just now. They all thought that Yun Jian had gone mad.

However, as the Master of the Lin family, Lin Xingyuan did not say anything. The distinguished guests and guests invited to the Lin family were naturally even more unwilling to appear. When the small note and the password book were in front of everyone's eyes, the flames on the washbasin completely dissipated.

When the flames on the washbasin started to fade, the Yun Zhi turned around and walked towards the main door.

Behind the Yun Zhi was the flickering flames, and the Yun Zhi walked towards the main door of the Lin family under everyone's eyes.

She accepted her wish on her behalf. On the small piece of paper, Lin Jiaoyue's last wish had been fulfilled on her behalf. It was time for her to leave this world in peace.

She had no right to interfere with other matters.

Everyone has their own fate. Yun Jian was not someone who meddled in other people's business.

...

Just as Yun Jian walked out of the Lin family's door, Zhang Xiaomei, who had sneaked out a moment ago, suddenly brought a group of bodyguards from God knows where and blocked Yun Jian from the Lin family's door.

“Her! She was so arrogant just now! She even threw a knife in front of Lin Jiaoyue's ashes box and said something like ‘the number of souls that died under my butterfly knife is exactly five thousand people’. She was so awesome and arrogant!”

At this moment, Zhang Xiaomei was leading a group of bodyguards to surround Yun Jian.

“Little sister, you are so young, but you are quite good at bragging. You even claimed that you killed 5,000 people? How Awesome Are You? Then, little sister, how old were you when you started killing people?”?

“Eight? or nine? hahahahaha, you don’t even know how to lie. You kill people every day, and it’s extremely difficult to kill 5,000 people!”

“Even professional killers aren’t as awesome as you. You’re bragging. I’m convinced! I have to be convinced! Haha!”

After one of the bodyguards heard Zhang Xiaomei’s words, he burst out laughing and said coldly.

At this moment, Lin Xingyuan and the guests in the room were all gathered at the entrance.

Zhang Xiaomei actually went to call for the bodyguards to come and save the situation!

“This group of bodyguards have all experienced life and death. I heard that they once rescued their employer from the hands of an international top-notch agent! That’s why boss Lin hired them!”

“No matter how powerful this little girl is, she can’t go against the heavens! I reckon that in a short while, this little girl’s bragging will explode!”

Someone said excitedly.

“There’s going to be a good show to watch!”

“This little girl is really brave. However, no matter how brave this little girl is, it’s useless. When she meets this group of bodyguards who once rescued her employer from the hands of an international top-notch agent, she’s finished!”

The surrounding discussions were endless.

When Lin Xingyuan heard the words of the people around him, he raised his head in a somewhat smug manner. He no longer looked like he was afraid of Yun Zhi.

At that time, Yun Zhi, who was standing in front of the group of bodyguards, suddenly took out a transparent glove from her bosom. She put the transparent glove on slowly in front of everyone and said,

“The bodyguards of the International Olympic Group’s bodyguard company, Huh?”

When these words were said, the group of bodyguards standing in front of Yun Zhi, who were excitedly watching Yun Zhi put on the glove, were all stunned. A bodyguard acting as the representative of Yun Zhi said in a daze, "How did you know!"

As soon as these words were spoken, the faces of the guests, Lin Xingyuan, Zhang Xiaomei, and the others all changed drastically.

However, before anyone could react, Yun Jian's voice was heard once again. Her voice was mixed with a tone that said she would definitely win. In the next moment, the words that came out of her mouth actually made everyone present feel a wave of panic:

"Coincidentally, I have a grudge against the International Olympic Group's bodyguard company. I killed the previous chairman and President of Your Company. Since you have delivered yourself to my doorstep today, then I will also send all of you on your way."

As soon as Yun Jian finished speaking, the surrounding people didn't even know when Yun Jian held the two shiny butterfly knives in the beautiful hands that had just put on the transparent gloves.

When the people present reacted to what Yun Jian had just said, their hearts suddenly trembled and their expressions suddenly changed drastically. Lin Xingyuan, who was standing not far away, suddenly stared at Yun Jian with his eyes wide open and said loudly,

"Your weapon! Didn't you already put your weapon on the table in front of the Mourning Hall? Why do you still have a knife on you?!"

Yun Jian had placed his only weapon in front of Lin Jiaoyue's ashes box and portrait. The clothes she was wearing were not heavy. Judging from her appearance, it seemed that she had already handed over all her weapons.

That was why Lin Xingyuan dared to stand in front of all the guests and guests, and looked directly at Yun Zhi.

Hearing this, Yun Zhi did not reply to Lin Xingyuan. She only held her two butterfly knives and rubbed the blades of the two butterfly knives against each other. Then, she raised her eyes slightly.

“What did you say? ! You killed the previous chairman and President of Our Olin Group’s bodyguard company! Then, you are... ! ! !”

The Bodyguard, who had spoken on behalf of the bodyguards earlier, spoke again in a terrified tone after hearing Yun Jian’s words.

The sudden change in the bodyguard’s expression stunned everyone present.

What was going on?

“The previous chairman and president of our company suddenly died. I heard that it was done by a woman who was 1.65 meters tall, tall, and wore a ghost mask on her face.

“That... that woman carried a gatling gun in front of all the senior executives of the company and directly killed the previous chairman and president at the company’s board meeting!

“In the future, the senior executives of the company will directly give orders. If we meet that woman wearing a ghost mask in the future, we must make concessions...”

Another bodyguard trembled as he told everyone what happened that year.

This meant that the bodyguards of the International Olympic Group’s bodyguard company absolutely could not provoke the other party! Even if they did not listen to the orders of their employer, they were also not allowed to provoke that terrifying woman!

“Oh? I thought that those guys would secretly send people to madly chase after me. I didn’t expect that they would forget about the past and even ordered their subordinates to see me and not to make a move on me.” When Yun Jian heard the bodyguard’s words..., her deep eyes narrowed slightly. Her beautiful Red Arc became calm.

Could this girl be someone that even the International Olympic Group’s bodyguard company didn’t dare to provoke? !

After hearing the bodyguard’s words, Lin Xingyuan’s heart suddenly trembled. However, he suddenly heaved a sigh of relief.

Since he knew that his former enemy didn’t forget about the past and attacked her, then this girl should... ? ... not attack these bodyguards again, right?

At this moment, Lin Xingyuan was afraid that he would be implicated, so he was so scared that his face suddenly changed. He forced himself to put on a harmless smile.

Just as Lin Xingyuan was thinking this, the cloud tablet’s crisp voice rang out as promised, “Then I won’t kill you.”

After saying this, for some reason, under the oppressive aura of the cloud tablet, everyone let out a huge sigh of relief.

Lin Xingyuan also heaved a huge sigh of relief.

However, just as Lin Xingyuan and everyone present thought that Yun Jian would stop, the next second, a scene that made everyone forget to breathe suddenly appeared

Just as Yun Jian was about to hide the butterfly knife in her thigh, she swung the butterfly knife in her hand fiercely. In front of everyone present, she controlled the time and strength of the butterfly knife to merge the blade together and actually flung it more than ten meters away, it directly pierced into the forehead of one of the bodyguards!

This bodyguard was the one who said that Yun Jian was good at bragging.

The knife pierced into the forehead, and it penetrated deeply into the wood. This bodyguard did not even realize the danger before he died! He directly fell to the ground and died!

When everyone saw this, they were so terrified that their faces suddenly changed.

The next second, they saw Yun Jian curl her red lips. In front of everyone present, she once again pursed her cold lips. Then, her cold words made everyone present tremble in fear:

“This is a greeting gift for all of you. Tell your new chairman of the security company of the Olympic group not to think that I don’t know about his little tricks behind the scenes. Otherwise, I will go over and take his dog life at any time!”

Chapter 2366: Chapter 2375 Lin Xingyuan suddenly came to his senses

Translator: 549690339

The words of the cloud note were clearly heard by everyone present, stirring up fear in everyone’s faces.

Almost at the same time, Lin Xingyuan was so scared that his face trembled, his lips and teeth trembled slightly, and his sharp eyes became listless in an instant.

“You Kill, kill... kill him...”Lin Xingyuan was so scared that people wanted to hide behind the guests.

“My dear, I, I’m scared...”at this moment, Zhang Xiaomei, who thought she was smart and even ran to call for the bodyguard, grabbed Lin Xingyuan with a shocked and terrified face and hid behind Lin Xingyuan.

“My dear, save me! I’m Scared! That woman is too scary! She can kill... She can kill!”Zhang Xiaomei said as she grabbed Lin Xingyuan’s hand and sent him to the cloud paper.

Lin Xingyuan saw her timid and scared look. Suddenly, his expression changed. Zhang Xiaomei pushed him towards the cloud tablet out of fear. It was Lin Xingyuan himself who held on with all his might to stabilize himself.

Initially, he had asked Zhang Xiaomei to be his mistress because not only was she young, but she also said that she loved him. She said that he would give up everything, even his life, for him.

If a bad person appeared one day, she would definitely be the first to stand in front of him and protect him.

Lin Xingyuan had heard these words back then. When he looked at Zhang Xiaomei’s swearing face, he really believed her. He felt that she was an innocent and pure girl. She truly loved him and was willing to die for him.

However, if the Yunjian really wanted to kill them, not only did Zhang Xiaomei run over and hide behind him, she also kept pushing him towards the Yunjian.

If Lin Xingyuan had not steadied himself, he would have already pounced towards Yun Jian!

One could imagine what would happen after Yun Jian killed a bodyguard and fell over, hitting the muzzle of his gun!

At that moment, Lin Xingyuan’s head suddenly shook. His face suddenly trembled. He suddenly recalled that more than ten years ago, there was a daughter whom he loved to the bone who grabbed his hand and calmly said to him,

“Daddy! Yueyue loves you! It’s the kind of love that a daughter has for her father! In the future, if Daddy is in danger, Yueyue will definitely rush to Daddy first. No matter how many demons and monsters there are, Yueyue will defeat them all!”

The scene changed. He and his daughter were blocked by a big wolfhound. The little daughter stood in front of the Big Wolfhound and stopped it. She said to him who was standing behind her, “Daddy, don’t be afraid. Yueyue is here! Yueyue will always protect you!”

However, the daughter who once stood in front of him and said that she would always protect him would never have the chance to stand in front of him and say something that was once young and tender, but moved people's hearts.

Never...

Never again...

When did the daughter, who he once regarded as a treasure in his hands, become one of his many sons and daughters, becoming a dispensable existence?

The child who stood in front of him whenever there was danger, the child who stretched out her small hand fearlessly...

Now, she had become the ashes in front of the mourning hall that even a small hand could carry over.

Perhaps with a gust of wind, that small handful of ashes would disappear into every corner of this world, never to be found again.

Lin Xingyuan suddenly remembered that there were traces of tears in his eyes. He suddenly shouted, "Yueyue!", turned around, pushed Zhang Xiaomei away, and rushed towards the mourning hall of the Lin family's villa.

Almost at the same time, Lin Xingyuan ran while kneeling in front of Lin Jiaoyue's mourning hall. His brows were furrowed into a wave, and his tears did not stop flowing.

God would not easily forgive someone who had done something wrong.

If he had done something wrong, he would have to pay the same price to exchange for it.

The cloud paper tilted its head and looked through the door of the Lin family's villa to take a deep look at Lin Jiaoyue's last photo in front of the mourning hall. Then, it turned around and left without a trace of nostalgia.

He walked and cherished it.

Once a person missed it, they would never meet again.

This was fate.

Translator: 549690339

The bodyguards of the Lin family naturally did not dare to stop Yun Jian from leaving.

Hence, no one said anything about Yun Jian's departure.

...

Three days later, the fencing competition would officially begin.

The fencing competition that had been delayed due to the murder case was finally about to begin. The students of the imperial college were extremely excited.

On the night before the fencing competition, Yun Jian and all the students who participated in the fencing competition were called together to visit the Imperial College's Palace.

Everyone knew that the first president of the Imperial College who founded the Imperial College in the last century was John. He was a royal aristocrat in country Y and also an artisan.

After John came to country Z, the first thing he did when he founded the Imperial College was to order people to build a palace like the Imperial Palace in Country Y.

The architectural style of this palace was purely country Y. Usually, the Imperial College's Palace was locked from the outside with a key. Only when the annual fencing competition was about to arrive would the students who registered be allowed to visit the palace.

At this moment, Yun Jian was walking towards the palace of the Imperial College with a group of students who were participating in the fencing competition.

"Wei Lin! You're here too? Let's Go Together!" Just as Yun Jian was walking into the palace with a group of people, Luo Jiajun's voice sounded from behind him.

Needless to say, it was obvious how happy Luo Jiajun was the moment he saw Yun Jian.

Without turning around, Luo Jiajun brought Hong Ling and Wei Min to the front of Yun Jian.

Wei Ze couldn't put any strength into his hands after being hit by Yun Jian last time, so he could only give up on the fencing competition this time.

At this moment, Wei Min was starting to dislike Yun Jian more and more.

Not only did she snatch away her brother Jiajun! She even beat up her own brother so badly that she didn't know what was going on. Her hands just couldn't put any strength in them, and in the end, she had no choice but to withdraw from the competition herself.

However, just as Wei Min was about to say a few unpleasant words to the cloud paper, a voice that was one step faster than Wei Min suddenly sounded:

"Wei Lin 'er, I'm Coming, I'm Coming, hahahaha, let's hurry up and choose the foil sword! If we're late, we'll have to let those little brats snatch it away first!"

Everyone felt a strong gust of wind blowing past them, and then a figure appeared beside them.

Luo Jiachen ran in front of everyone while placing his hand on his crotch and fastening the zipper.

Those who knew knew knew that Luo Jiachen had just gone to the toilet, and he ran out before he could fasten the zipper on his crotch.

Those who did not know would have thought that Luo Jiachen had gone to a prostitute to rush over.

"PFFT! What are you doing!" Hong Ling suddenly saw Luo Jiachen's wretched appearance. He grabbed his short red hair and laughed loudly.

"Get lost! You're just like my brother! I Can't be bothered to look at you guys!" Luo Jiachen pushed Hong Ling away and walked up to Yun Jian:

"Wei Lin, let's hurry up and leave! If we're late, all the foil swords for tomorrow's fencing competition will be taken away!"

One of the main reasons for coming to the palace was because there were many foil swords hidden within the palace.

Foil swords were the nicknames of the swords used in the fencing competition.

Not only were there many foil swords hidden inside the palace, many of the names, portraits, and statues of the fencing competition geniuses that had come out from the Royal Emperor Academy were hidden inside the palace.

The academy would let the students come here every year. Other than choosing their own foil swords to use in the competition, they would also let the students visit the names, portraits, and statues of the fencing competition geniuses in the past to remember the glorious history of the past.

The crowd quickly arrived at the inner part of the palace. However, when they arrived at the inner part of the palace, Yun Zhi did not see any swords for them to choose from. Instead, he saw a tall and handsome man wearing the uniform of the Royal Emperor Academy. He walked towards her from not too far away...

Yun Jian was slightly stunned when she saw the familiar figure. In the next second, her face turned red. Although there was no change in her expression, Luo Jiajun clearly saw the change in Yun Jian's eyes when she saw Si Yi walking over, there was an obvious change.

This was something he had never seen on her face.

"Who are you!" Luo Jiajun instinctively reached out his hand to stop Si Yi.

Who knew that the moment this hand reached out, Si Yi did not even look at Luo Jiajun. He reached out his handsome hand and grabbed Luo Jiajun's wrist, directly breaking it with a "Crack" and throwing Luo Jiajun to the side.

Then Si Yi directly grabbed the Yun Zhi's hand without any explanation and walked towards a corner of the palace.

"F \* ck!" Luo Jiajun's hand was broken. He cursed but didn't chase after her.

...

In a corner of the palace, Si Yi pressed the cloud paper against the wall. He held her tender lips and bit them.

When the storm ended, he held her in his arms.

"Little paper, I've taken care of everything. I'll stay here with you." Si Yi's low voice sounded.

Whether it was the dark soul organization or the divine continent, there were a lot of things waiting for him to do.

However, Si Yi had already taken care of everything. He directly entered the Royal Academy and accompanied her.

It was not certain when the mysterious person would open the passage to Puluo City. However, Si Yi knew one thing, and that was that he had to stay here to accompany her.

“Okay.” After Yun Jian heard that, he half-hugged Si Yi and pursed his lips. His face was flushed red and he looked very beautiful.

Then, there was another flurry of kisses like a storm.

By the time Yun Jian and Si Yi arrived in front of the crowd side by side, Luo Jiajun had already taken back his hand that was broken by Si Yi.

Luo Jiajun was a martial arts practitioner. It was not difficult for him to take back his broken hand.

“Wei Lin, he is...” Luo Jiajun saw Yun Jian and Si Yi walking over. He looked at Yun Jian pointing at Si Yi and asked loudly with a tone of catching adulterers.

At this moment, Luo Jiajun clearly saw that Yun Jian’s lips were much ruddier than before. It was as if someone had held her lips and kissed them for a long time, leaving behind traces.

“Her man.” Si Yi did not stand on ceremony as he held Yun Jian’s small hand and walked past Luo Jiajun with Yun Jian.

...

Si Yi entered the school and naturally signed up for the fencing competition. However, he did not bother to participate in the competition.

The two of them had chosen their foil. Originally, they should have stood at the same spot with all the students and waited for all the students to choose their respective foil before leaving.

However, Si Yi held onto Yun Jian’s little hand and stood beside an ancient window on the third floor of the palace. He asked Yun Jian, “Xiao Jian, can you jump?”

He wanted to take her to play truant.

There was a teacher standing on the first floor. The fastest and most convenient way to play truant was to jump down from the third floor of the palace.

“Okay.” Yun Jian nodded.

The third floor was naturally not a problem.

Then, Si Yi held onto Yun Jian's little hand and took her to jump down from the third floor of the palace. They went straight outside the palace.

Finally, they jumped over the wall and left the school.

Si Yi was not interested in going to school. He was only interested in one thing, and that was her.

Yun Jian sat in Si Yi's Lamborghini sports car and Si Yi said to Yun Jian, "The mysterious person will probably take action soon. I will always be with you and won't let you get hurt."

Si Yi would only say such words when there was no one around.

"Okay." Yun Jian nodded.

After that, Si Yi curled his lips and looked at Yun Jian. He looked at her seductive red lips that he yearned for. He could not help but kiss her again.

In the end, his hand started to feel around. He touched her buttocks.

The moment his hand touched her buttocks, Si Yi felt a moist sensation that was like water flowing through his hand.

He frowned, not knowing what to say. When he raised his hand to take a look, he saw that he had just touched Yun Jian's buttocks. The water on his buttocks was scarlet blood...

Chapter 2369: Chapter 2369, did you know that she already had blood

Translator: 549690339

Si Yi had seen a lot of blood.

Whether it was the blood of a dead person or the blood of a living person, there was no difference to Si Yi. He had never been afraid or panicked when he saw someone's blood.

However, this time, Si Yi's expression froze. He immediately stopped what he had done just now. His sharp eyes stared at the pale lips on the cloud tablet. From his previous cold and indifferent attitude, it had turned into endless panic at this moment:

“Xiao Jian, what’s wrong with you? ! Where are you feeling unwell? !”

That amount of blood was so great that it was completely different from when his Xiao Jian had his period.

After saying these words that made si yi unable to calm his heart, he did not even bother to open the door. He kicked open the car door, picked up the Yun Jian horizontally, and threw down the Lamborghini sports car, then, he carried the Yun Jian and ran towards the Royal Academy’s School Infirmary.

Si Yi’s expression was terrifyingly dark. Only when something happened to the Yun Zhi would his usual indifferent and cold expression completely change.

Moreover, his Little Yun Zhi was still fine in the palace just now. After jumping down from the third floor, she...

When he thought of this, Si Yi clenched his fists that were holding onto the Yun Zhi. If he wasn’t in a hurry to send the Yun Zhi to the hospital, he would probably punch himself to death.

...

The Royal Emperor Academy had its own specialized school infirmary, and the medical equipment within the academy was already considered to be very complete.

Many illnesses, including some private matters of females, could be handled by the Royal Emperor Academy’s School Doctor. Hence, Si Yi carried yun jian all the way here.

His handsome figure attracted the attention of many people in the academy, but Si Yi didn’t care about this at all.

On the way, they passed by the Royal Emperor Academy, the palace that Yun Jian and Si Yi had visited earlier.

On the third floor of the palace.

Luo Jiajun’s emotions were getting more and more agitated after seeing Yun Jian and Si Yi leave. In the end, he left Wei Min, Hong Ling, and the others, hurriedly asking for a leave from his teacher, and left.

Wei Min couldn’t be bothered to stay with Hong Ling. She stood beside the ancient window on the third floor of the palace, her heart drifting far away.

“Eh, isn’t that the transfer student who just arrived today! Ahhh! He’s so handsome! How can there be such a handsome boy! ! And he’s even carrying a girl in his arms!”

“It’s true! He’s too handsome! In the past, I thought that young master Jun of our academy should be the most handsome person in the world. But after seeing this transfer student, I realized that I don’t even want to look at young master Jun Anymore!”

...

Not far away, the two girls standing by the window suddenly saw a handsome figure running through the palace. They covered their faces in excitement and cried out.

This voice attracted Wei Min at the same time.

The man who had brought Wei Lin away just now actually carried Wei Lin and ran towards the school infirmary?

When Wei Min saw this, her eyes moved fiercely. In the next second, she turned around and went down the building of the palace. After randomly asking for leave from her teacher, she left the palace.

...

By the time Yun Jian reacted, she had already been carried by Si Yi to the school’s medical room and placed on the examination bed in the school’s medical room.

The school doctor who was being examined was a female doctor. After examining Yun Jian, she realized that there was no physical condition.

She was still a little doubtful. Why would her lower body bleed out all of a sudden?

However, in order not to be treated as a quack, and in addition to the female doctor pressing Yun Jian’s stomach twice, the female doctor attributed the reason for Yun Jian’s lower body bleeding to...

The female doctor even gave Yun Jian some medicine. When she handed the medicine to Si Yi, she saw a trace of sweat on Si Yi’s originally handsome face, which would not change even if the sky fell.

It was obvious that he was concerned about the cloud tablet.

The female doctor was afraid that she would be mistaken as a quack, so she blamed si yi:

“Young man, I saw that you are young, handsome, and responsible. I didn’t expect you to be such a person!

“You actually dare to bring your girlfriend to play the game of jumping down from the third floor! You are unharmed, but do you know that your girlfriend already has...”

Earlier, the female physician had already asked Si Yi if she had done any strenuous exercise before the 'massive hemorrhage' at the lower part of Yun Jian's body.

In the end, Si Yi actually told her that before this, he had actually brought her to jump down from the third-floor palace!

Good heavens! The first floor of the palace in the academy was twice the height of an ordinary residential building!

Jumping down from the third floor of the palace was equivalent to jumping down from the sixth floor of a residential building!

Even the female physician felt that it was a miracle that she didn't fall to her death!

What was even scarier was that the thing in the girl's stomach..! ... was completely fine!  
? ?

This was too f \* cking magical!

Even now, the female physician still didn't know what was going on with the pool of blood flowing down her lower body under the cloud tablet!

"Doctor Jiang! Have you finished prescribing the cold medicine that I asked you to prescribe for me last time?"

However, just as the female doctor was about to finish her sentence, a beautiful female voice came from outside the school's medical room.

The owner of the female voice interrupted the female doctor's words and walked in from outside the school's medical room.

"Cough, cough!" As she said this, the owner of the female voice covered her mouth and coughed twice.

Then, the owner of the female voice seemed to have suddenly seen Yun Jian. She shouted at Yun Jian in shock, "Wei Lin, why are you here!"

The person who came was none other than Wei Min, who had seen si yi carrying yun Jian to the school's infirmary.

Wei Min felt that something was amiss, so she followed him here.

Yun Jian only glanced at Wei Min and did not pay attention to Wei Min.

Wei Min's objective was not the same. When she saw Yun Jian ignoring her, she walked over and pulled the female doctor who was called Doctor Jiang out of the school's Infirmary:

"Doctor Jiang, my cold is getting more and more serious. Quickly give me my medicine! Cough Cough..."

Doctor Jiang was pulled away by Wei Min, however, before she left, she did not forget to say something to si yi, "Alright, Alright. You can leave later. Your Girlfriend is fine. Remember to take good care of your body when you go back. Next time, don't play any games like jumping down from the third floor of the palace..." "..." "..."

When Si Yi heard that he was fine, he heaved a sigh of relief. His clean and refreshing black hair was already drenched in sweat. One could imagine how scared he was just now. It was just that he did not show it all on his face.

When he saw Doctor Jiang walk out of the school's infirmary, Yun Jian tugged at the corner of Si Yi's shirt.

Si Yi turned his head to look at her.

Yun Jian pursed his red lips slightly. He hesitated for two seconds before he said, "That blood... it came from the blood bag that I tied to my waist that broke..."

Si Yi:"..."

...

Doctor Jiang, who was dragged out of the school's infirmary by Wei Min, was dragged to a corner by Wei Min.

Because she knew that Wei Min was the eldest daughter of the Wei family, doctor Jiang didn't dare to provoke her.

It wasn't until she dragged doctor Jiang to a corner that Wei Min crossed her arms and looked at Doctor Jiang:

“I’ll give you two choices. First, you can work for me. Second, you can pack up and leave immediately! Doctor Jiang, I think you’re a smart person and you should know what to choose!”

Wei Min crossed her arms and said directly to Doctor Jiang.

The Wei family was a well-known aristocratic family in puluo city. The children of the Wei family were influential figures in the Imperial College!

Moreover, the eldest daughter of the Wei family, Wei Min, was different from the youngest daughter of the Wei family, Wei Lin. Wei Lin had been separated for many years. Now, the daughter of the Wei family was undoubtedly the favorite of Wei Min.

Doctor Jiang was not stupid. She immediately said to Wei Min, “Miss Wei, if you have any needs, feel free to speak!”

After hearing doctor Jiang’s words, Wei Min pursed her lips and asked, “Tell me about Wei Lin’s condition.”

When doctor Jiang heard this, he told her everything he knew. “I just pressed her stomach. According to my usual experience, there’s a 99% chance that she... is pregnant!”
