Chapter 2391: Chapter 2391. If she dies, how can I Live

Translator: 549690339

“However... If you give up on the sorcerer God, perhaps you can still live!

“Give up on this woman! It’s just a woman! As a divine lord, what do you want? It’s just a woman! If she dies, so be it!”

As the mysterious man spoke, his laughter turned into laughter. It was as if he was recalling something that made him sad. Under his black robe, the only part of his body that was exposed was the corner of his dark black eyes. He was laughing, a stream of tears flowed out.

After a while, the mysterious man suddenly stopped laughing. He stared at si yi fiercely and said, “Give up on your woman! You, who are in a high position, can get anything! You can get a lot of women!

“For a woman? Is It Worth It? If it wasn’t for a woman, would I have ended up in this state today?”

These crazy words made Yun Jian blink her eyes.

Yun Jian half clutched her stomach. Although Si Yi had injected a strong spiritual energy into her, the piercing pain was only alleviated by half.

If it was an ordinary woman, she would have already fainted.

Luo Jiajun, Luo Jiachen, and the others who were standing around did not understand the mysterious person’s words, but they understood human language. They were not stupid.

What the mysterious man meant was that as long as Si Yi gave up on Yun Jian, Si Yi would have a chance of survival!

From this, it was not difficult to hear that other than the mysterious man himself, the surroundings were already surrounded by the mysterious man’s subordinates. As long as the mysterious man gave the order, the mysterious man’s subordinates would attack Yun Jian!

Si Yi was fighting against the mysterious man who had consumed 10,000 times the potion. Naturally, he could not split himself to save Yun Jian.

The subordinates of the mysterious man would immediately attack Yun Jian!

According to everyone's opinion, Yun Jian definitely did not have the strength to retaliate at this moment.

That intense pain was enough to kill a living person. It was already pretty good that Yun Jian was able to maintain his current state of consciousness!

If it was not for Yun Jian's pregnancy that caused him to attack Yun Jian, with Yun Jian's strength, the subordinates of the mysterious man would probably only be beaten up.

The mysterious man also saw this point and arranged this plan.

If Luo Si Yi gave up on Yun Jian, with Yi Si Yi's strength, it would be easy for him to escape safely.

However, if he split his attention to protect Yun Jian, he would be ambushed by the mysterious man sooner or later, and he would definitely die!

Underhanded! Too underhanded!

Even Luo Jiajun and the others had already realized this point.

Luo Jiajun could not help but think that if he were to replace si yi, he would probably hesitate to give up the cloud tablet?

However, just when Luo Jiajun and everyone present thought Si Yi would give up the cloud tablet, or even if he did not give up, he would hesitate for a few seconds before replying to the mysterious person.

Si Yi did not hesitate for a second. He did not even frown. His mellow voice had already sounded firm:

"For her, it's worth it!"

"There are indeed many women in this world, but in my eyes, she is the only one who can be called MY WOMAN!"

Si Yi did not hesitate for even a second. After the mysterious person finished speaking, he suddenly responded.

As he spoke, he stared at the mysterious person with his eyes that were red with fury. Then, in front of everyone present, he spoke without the slightest hesitation. He spoke with a firm voice that everyone present could not believe:

“Give up on her. If she dies, how am I supposed to live?”

From the mysterious person's words to the mysterious person's words, Si Yi did not even give himself the time to hesitate before he arrogantly said those words.

If she died, how could he live on!

Without her, why would he still live on in this world!

Whether it was the divine lord from a thousand years ago or Si Yi from a thousand years later, his birth, his survival, his growth, and even standing at the peak, it was not for fame, not for status, but for her!

What Divine Lord, what ruler of the divine continent, what leader of the Dark Soul Organization.

He could throw all of them away because he only wanted her!

Si Yi was not a selfless person, nor did he have the kind of outstanding quality that would give up on her in order to protect the country from falling into the hands of thieves.

He could be imperfect or not outstanding, but he absolutely could not lose her!

Si Yi's mellow voice rang out. Those words caused everyone present to be momentarily dazed.

This was especially so for Luo Jiajun. He was completely stunned, staring with his eyes wide open.

If at this moment, the roles were reversed and he became Si Yi, then he would definitely consider it seriously.

But Si Yi had never hesitated from the start!

“Good! Good! Good! Since you want to be a pair of desperate lovebirds, then I'll Grant You Your Wish!”The mysterious man laughed coldly and snapped his fingers.

In less than half a second, more than ten figures dressed in black robes appeared in front of everyone from the mysterious man's subordinates who had been hiding in the nearby enchantment circle.

"You guys go deal with the sorcerer God and kill her! Then come and assist me!" The mysterious man laughed sinisterly and looked straight into Shang Si Yi's eyes.

"What a pity. Although it's very touching, you guys still have to die!" The mysterious man said as he raised his voice.

Luo Jiajun and the others did not even dare to say a word at this moment, let alone participate in this unbelievable incident.

At that moment, the dozen or so people in black robes had already surrounded the cloud tablet.

When Si Yi saw this, he turned around and quickly walked over to the cloud tablet.

"Your opponent is me! Today, I want you to watch your woman die right in front of your eyes!"

The mysterious man's figure flashed like a bolt of lightning. In the eyes of Luo Jiajun and the other ordinary people, that speed was like a shadow that flashed in front of their eyes. They could not catch even the slightest trace of him.

At this moment, the mysterious man's subordinates had already arrived in front of Yun Jian.

More than ten people surrounded Yun Jian.

The situation was reversed.

The pain in her abdomen caused beads of sweat to drip down Yun Jian's forehead. This was something that the surrounding people could clearly see.

She was finished!

They were finished!

Luo Jiajun, Luo Jiachen, and everyone else present thought so.

However, just as the surrounding people thought so, Yun Jian, who was originally holding her stomach and bending her body, straightened her back in front of everyone's eyes!

A butterfly blade that had once caused great waves on the continent of gods and thousands of other continents had appeared!

The original body of that blade was the god-destroying blade!

She, she was going to...

At this moment, Luo Jiajun, Luo Jiachen, and the dozen or so subordinates of the mysterious man were all stunned for a moment.

However, just as everyone didn't know what Yun Jian's intention was, Yun Jian held the butterfly blade in one hand and wiped the sweat off her forehead with her other hand. She revealed a red arc that shocked everyone present, then, in front of Luo Jiajun, Hong Ling, Wei Ze, the mysterious man, and everyone else, she laughed softly:

"A thousand years ago, I led the Imperial Dragon Continent to contend for the number one throne in thousands of continents. I was once besieged by experts from all walks of life and had my hands, feet, and meridians crippled. I was stabbed countless times, and the pain was dozens of times more unbearable than it is today.

"I endured the pain of having my hands, feet, and meridians crippled. I snapped the heads of those people one by one on the spot and killed everyone who stood in my way, pushing the Imperial Dragon Continent to the number one throne in thousands of continents.

"Do you think that you can not fight just because of this little bit of pain? !

"I can't fight? ?

"There is nothing in this world that I fear!

"Because I am the daughter of the shaman clan, the king of Imperial Dragon Continent, the god of shamans

'because I am the daughter of the witchcraft clan, the king of the Imperial Dragon Continent, the god of the witchcraft!'

These simple 18 words were directly shouted out from the mouth of the cloud note. It actually made Luo Jiajun, Luo Jiachen, Hong Ling and Wei Ze, as well as Wei Xiao, Wang Ruoya, Wei Min and Wei Lin..., including all the people from the upper class of Puluo City who were standing around, it was as if a wisp of smoke from the battlefield had appeared in front of their eyes.

Yun Zhi, who was holding the butterfly knife in her hand, was like a grim reaper from hell. It was as if she was stepping on thousands of corpses. Wherever the blade passed by, she was the King!

A young girl who looked like she was only in her teens, in front of everyone present, when everyone thought that she would definitely not be able to hold on at this moment, she actually straightened her back, held the knife in her hand, and fought in all directions!

Everyone was completely stunned at the same time. If they switched roles and turned themselves into a cloud, they would probably not be able to stand up straight due to the intense pain in their abdomen!

At this moment, Luo Jiajun and the dozens of people present all held their breaths.

Even Wei Min, who was paralyzed and had her head crushed by Si Yi's kick, took a deep breath when she heard the sound.

When the mysterious man saw this, his eyes froze, and a hint of astonishment flashed across his eyes.

"Hehehe, as expected of the sorcerer God, the war god who once swept across the entire continent and caused all the experts in the continent to tremble in fear when they heard of him! He is indeed very powerful!

"But it's a pity that I only have one bottle of the 10,000 fold potion and I have already consumed it myself. But for this 100 fold potion, each of my subordinates will have one bottle!"

When the mysterious man's words rang out, Luo Jiajun and the others, who were already dumbfounded by what they saw, were once again stunned.

Even though this was the first time Luo Jiajun and the others had heard about the imperial dragon continent, sorcerer God, and divine lord, these things were completely unrealistic to the people on Earth and no longer existed.

However, they had heard the mysterious man speak for so long, so they could more or less understand some of his ambiguous words.

Just like the 10,000 times potion or the 100 times potion.

Moreover, the mysterious man had mentioned before that the 10,000 times potion could increase his strength by 10,000 times. As the name implied, the 100 times potion could naturally help people increase their strength by 100 times!

It was really too underhanded!

It was too calculative!

Yun Jian's current state would more or less affect his physical strength, and the mysterious man made all his subordinates take the 100 times potion.

Then Yun Jian...

Wouldn't she be finished!

At this moment, even Luo Jiajun and the others couldn't help but feel panic and fear from the bottom of their hearts when they heard the mysterious man's words.

Then what about Yun Jian!

With Luo Jiajun taking the lead, the dozens of people's gazes turned towards Yun Jian.

They originally thought that they would see shock, solemnity, and fear on Yun Jian's face, but Luo Jiajun and the others discovered that not only did Yun Jian not show any fear on his face.

On the contrary, in front of everyone present, she bit on the blade of the butterfly knife made from the god-destroying blade. With one hand, she pressed down on her clothes, and with the other hand, she tore off a few layers of clothes at the hem of her clothes, she stretched these layers of clothes, which had just been torn into bandages, onto her abdomen, and tied a dead knot at the back.

If a finger accidentally pierced a thorn, under normal circumstances, when pulling out the Thorn, she would pinch the fingertip of the finger to alleviate the pain.

This was the same logic as Yun Jian's action.

But at this moment, no one present had thought of this point.

It was only when they saw Yun Jian tighten the bandaged clothes around her stomach that everyone came back to their senses and connected the dots!

However, at this moment, everyone only saw Yun Jian skillfully fasten the bandage around her abdomen and clasp the god vanquishing blade in her hand. She fearlessly looked at the dozen or so mysterious men who had swallowed a hundred times the amount of medicine in front of her. Her aura did not decrease at all!

At that moment, from Yun Jian's actions, Luo Jiajun, Luo Jiachen, and the others seemed to have seen from Yun Jian's body that she had wandered within the circle of Secret Agent Assassins. She had once been at her peak and caused countless international bigwigs to tremble in fear upon hearing her name!

Chapter 2394: Chapter 2394 — if you touch her, you must die

Translator: 549690339

“Ha!”

Just as Luo Jiajun, Luo Jiachen, Hong Ling, and the others were all shocked by Yun Jian's move and forgot where they were, a cold voice suddenly sounded.

The mysterious person, who was dressed in a black robe that covered his entire body and only revealed a pair of dark and deep eyes, snorted coldly from his throat.

“What are you waiting for? Send the sorcerer God on his way!”

The mysterious person shouted, and he had already welcomed Si Yi's attack.

And at that moment, the dozen or so black-robed people received the order and also launched an attack on Yun Zhi.

Yun Zhi had a constitution that could be seen in thousands of continents but could not be sought after. Any immortal cultivator who got within three meters of her would instantly lose all their spiritual power.

However, not long ago, Yun Jian already knew that the mysterious man had developed a potion that could resist her special constitution.

Putting aside other things, just the mysterious man alone might not be as strong as Si Yi and Yun Jian. However, the way he developed the potion and the dirty tricks he played were enough to prove that he was a very powerful character.

Returning to reality, more than ten mysterious men in black robes surrounded Yun Jian and attacked her from different angles.

This attack made Luo Jiajun and the others' faces change.

This was simply forcing Yun Zhi to a dead end!

How was she going to fight back!

From the perspective of Luo Jiajun and the others, Yun Zhi had been forced to a dead end. However, it was obvious that their worries were unnecessary.

Yun Zhi injected her spiritual power into the god-exterminating blade. She held the god-exterminating blade in one hand and gently placed the other hand in front of her stomach. She stood motionlessly on the spot.

“She... could it be that she doesn’t know how to fight anymore?”

At this moment, someone suddenly said.

If this was in the past, Hong Ling, who was standing beside Luo Jiajun, would definitely say to him, “Jun, you’re the best. I don’t think she can hold on any longer. Go and help her.”

Furthermore, the words that came out of his mouth were lazy. It was as if they were the winners in life. As long as they made a move in any situation, they would be able to turn the tides.

However, at this moment, in such a situation, even if Hong Ling dared to exaggerate, Luo Jiajun would not dare to get involved in this mess.

Just when everyone did not know how Yun Jian was going to fight back, Yun Jian turned to the side and stabbed a black-robed person in the head. She did not give anyone any chance to react as she turned around.

The three black-robed men behind her had already attacked Yun Zhi.

Yun Zhi turned quickly and dodged the three black-robed men’s powerful attacks. At the same time, she appeared behind one of the black-robed men and stabbed her blade into the heart of the black-robed man’s back.

The god-exterminating blade. If the god-exterminating blade stabbed into the black-robed man, his soul would definitely be shattered on the spot!

Yun Jian killed two of the black-robed men with a single move. This caused the other black-robed men to stop their eyes from moving forward.

The first person Yun Jian killed was the weakest of the two black-robed men.

However, just as Yun Jian was about to kill the third person, an immense pain came from her abdomen. She gripped her butterfly knife tightly and did not even frown. She did not leave a single flaw for the black-robed men.

The moment she left a single flaw, she would send herself into a place of eternal damnation!

On the other side, Si Yi attacked the mysterious man expressionlessly while the mysterious man continued to defend.

Instead of defending, it was more appropriate to say that Si Yi had pierced his hand through the mysterious man's internal organs. The mysterious man immediately healed and could not be killed no matter how hard he fought.

Just as the mysterious man's arms and head were once again pulled away by Si Yi, he wanted to heal.

"It's time to end this boring game. Divine Lord, die!" Just as the mysterious man finished his sentence and was about to heal his arms and head, Si Yi's voice rang out.

"Is that so?" A cold voice rang out. Si Yi's black eyes were bloodshot, and his voice was so cold that it made people tremble. His tone was filled with ruthlessness.

In the next second, he reached out and grabbed at the air.

That organ that belonged to the mysterious person, which could have been healed after it was pulled out, was actually crushed and turned into a pool of blood under the speed that everyone could see!

"This! No! How is this possible!" The mysterious person's sharp voice rang out.

He actually couldn't heal his wound, and his body was crushed by Si Yi!

However, before his voice could fade away, Si Yi's ruthless voice was so cold that one could hear his furious voice. It sounded again, and at the same time, he shifted the powerful spiritual power that he had gathered all his life to a single point, he launched his final attack on the mysterious person:

"If you had dealt with me alone from the start, you would still be fine now, but you touched her, so you must die!"

Translator: 549690339

If the mysterious man only targeted Si Yi at the beginning, then to Si Yi, whether the mysterious man was alive or dead was not that important.

But he should never, never, never touch his woman!

“Ah! ! ! You, Divine Lord, you actually hid your strength!” The Mysterious Man’s head and hands were crushed by Si Yi, leaving only his body and feet. He roared at Si Yi from the depths of his soul.

Although the mysterious man’s head was no longer there, he could still speak. That was because when a high-level immortal cultivator’s strength reached a certain realm, even if his body was destroyed and his soul was still there, it would not be considered true death.

A thousand years ago, the cloud note that was the sorcerer God was killed by the mysterious man’s scheme. It was his body and soul that were destroyed at the same time. His soul should have been destroyed.

Thus, now that the mysterious man’s body had been destroyed by Si Yi, his soul could still cry out.

As long as a high-level immortal cultivator’s soul wasn’t destroyed, their body would be gone. At most, they would be severely injured. When they found a body that could be used as a host, they would be able to be resurrected.

And killing the soul of a high-level immortal cultivator wasn’t that simple.

But of course, for Si Yi, destroying the soul of a high-level immortal cultivator wasn’t that difficult.

“Die.” Si Yi transferred all of the powerful spiritual energy he had accumulated throughout his life to a single point. There was no color in his cold eyes.

Just as Si Yi was about to launch his final attack on the mysterious man, completely destroying his soul and making it impossible for the mysterious man to come back to life...

“Activate self-detonation! Self-detonation! Self-detonation! Haha! Even if I die, I want the sorcerer God to accompany me in Death!” The mysterious man used a whistle from the depths of his soul to order the remaining three black-robed men not far away.

In the blink of an eye, there were only three black-robed men left.

The sorcerer God, who had led the Imperial Dragon Continent from the lowest grade continent to the throne of the first continent of thousands of continents, was definitely not simple!

However, the mysterious man still had a trick up his sleeve.

The three black-robed men accepted the order like three puppets. The three of them poured all their spiritual energy into their hearts and detonated their Dantian in just a few seconds!

All the immortal cultivators on thousands of continents had a fatal trump card!

By pouring all their spiritual power into their hearts and detonating their dantian, they could make the energy from the depths of their souls produce self-detonation energy.

That was, they would explode on the spot!

The three black-robed men activated self-detonation and exploded next to Yun Jian. With this move, even if Yun Jian didn't die from the explosion, the child in Yun Jian's stomach would definitely die!

Si Yi did not even think about it when he saw this scene. He immediately withdrew his spiritual power and focused it on the mysterious man to launch the final attack. Then, he pounced toward Yun Jian.

He flashed to the front of Yun Jian and put his hand around Yun Jian's slim waist. Without any hesitation, Si Yi wrapped his arms around Yun Jian's abdomen and carefully carried Yun Jian. Then, he flashed more than ten meters away.

This process did not take more than three seconds.

"Boom! Boom! Boom!"

Three seconds later, a loud sound that shook the sky was heard.

The three black-robed men self-detonated on the spot and turned into a pool of blood.

"Ah!" The mysterious man peeled off his own body on the spot. Enduring the pain, he screamed and used the last bit of his spiritual power. His soul abandoned his body and fled in an extremely miserable manner.

The three black-robed men self-detonated. Almost no one survived wherever they went.

Luo Jiajun and the others were implicated and died miserably.

At the place where they were just now, except for a cloud note, which was tightly protected by Si Yi in his firm chest, not even a strand of hair was missing. The rest of them were badly mutilated!

Si Yi used his back to resist the pressure of the three black-robed men's self-detonation on the cloud note.

After everything returned to silence, Yun Zhi came out from Si Yi's arms.

"Xiao Zhi, are you alright?" Si Yi reached out and grabbed Yun Zhi to check if she was injured.

Seeing that Yun Zhi was not injured in the slightest, he heaved a sigh of relief.

"You... You're injured?" Yun Zhi raised his head and saw a trace of blood at the corner of his lips below his handsome face. Her heart tightened.

The force of the three black-robed men's self-detonation had crushed his back. Even his clothes had been destroyed. The smooth skin on his back was now a bloody mess.

Seeing her sad face, he pulled her into his arms. He did not care about the injuries on his body at all. His handsome face made the world lose its luster:

"Xiao Jian, it's good that you're okay."

As long as his little piece of paper was fine, it didn't matter how serious his injury was.

When Yun Jian heard Si Yi's words, for some reason, the corners of her eyes moistened. She opened her mouth, but found that she couldn't say anything. Yun Jian simply didn't say anything. She hugged Si Yi, but she was extremely careful not to touch his wound.

"I... AM fine..." Yun Jian had just finished saying these three words when a bead of sweat dripped down from her forehead. It was as if something was flowing backward from her lower body.

She raised her hand and wiped it, only to see that her hand was covered in scarlet blood...

...

At the last critical moment, the mysterious man abandoned his physical body, tore his soul and body apart, and fled in a sorry state.

Even for high-level immortal cultivators, tearing one's soul apart and fleeing in a sorry state was tantamount to suicide.

Because once a person's soul and body were separated and their soul fled, the mysterious man would suffer a devastating blow. Moreover, there was also the backlash that he would suffer if he swallowed ten thousand times the medicine, it was enough for the mysterious man to suffer.

It was estimated that within a few years, even if he found another body that could be used as a host, the mysterious man would find it difficult to walk normally.

Not to mention putting up another act.

In the next few days, a huge event that shocked the entire city and even the entire country happened in Puluo City.

"Today's report says that a strange incident happened in Puluo City. The bodies of most of the upper-class people in Puluo City were found at the Royal Emperor Academy. Their bodies were suspected to have been blown up. It is reported that the cause of this case is unknown.

"The few who survived are also upper-class people in Puluo City. But it is said that after the incident, the police asked about the case, but the few of them did not speak. They were suspected to be scared out of their wits.

"The case is still under further investigation. Please continue to pay attention to the central news broadcast. We will broadcast the latest case to you as soon as possible."

In the electrical appliance mall in Puluo City, television sets that were displayed on the counter were broadcasting the recent news.

In the Gu Sha mercenary group in country M, snake lizard was sitting on the sofa in the main hall of the Gu Sha mercenary group. He was staring at the television in front of him, watching the same news.

It had been three months since the incident that day.

"Deng Deng Deng!" At this moment, a tall and strong figure walked in from outside the door.

Snake lizard stood up anxiously and looked at Hu Bao who walked in from outside the door. He asked, "Have you found him?"

Under snake lizard's worried expression, Hu Bao shook his head honestly. "I haven't found anything on my side."

After that, Hu Bao saw that snake lizard's expression had darkened.

After a while, a few more figures walked into the hall of the ancient kill mercenary group.

Snake lizard went up to them and asked without waiting for them to speak, "Do you have any news from your side?"

The people who came were Diane, Ghost Flame, phantom refining, green glaze, and the other high-ranking members of the ancient kill mercenary group.

"We have already confronted each other at the door..." Diane spoke to snake lizard on behalf of everyone. Just as she said this, Diane paused for a moment. She frowned and finally said reluctantly,

"There is still no news about sister Jian."

In the past three months, snake lizard had sent all the upper echelons of the ancient kill mercenary group to look for information on Cloud Jian, but there were no clues at all.

Cloud Jian seemed to have vanished into thin air.

Cloud Jian had always been in contact with snake lizard. Even when Cloud Jian went to the divine spring of the continent of gods, he had tried to contact snake lizard during the two years that he went missing.

Therefore, snake lizard wasn't worried at that time.

However, since the last time, Yun Zhi had gone missing for three months. She had never been left with any information.

"Sister lizard, sister Jian won't..." Qing Yan could not believe it. She said in a trembling voice.

"She won't!" The snake lizard said otherwise.

Just when everyone was silent, Diane thought for two seconds and suddenly said,

"Although I haven't found any trace of Sister Jian, I recently received a strange piece of news. In the past month, the world's top obstetricians and Gynecologists, as well as child care nutritionists, have disappeared one after another..."

"What's even stranger is that 50% of the world's high-end baby supply stores have been looted.."

“D \* mn, who did this? How Wicked!” After Fox heard this, he thought about the safety of the cloud paper and couldn’t help but complain.

After that, Diane interrupted fox and said, “The question now is not who did this, but whether this matter is related to sister Jian’s disappearance.”

“Sister Jian’s disappearance, there is no need to rob a baby supply store, right?” “The disappearance of the world’s top obstetricians and Gynecologists and child care nutritionists should not be related to sister Jian, right?” The tanuki cat analyzed philosophically.

“Continue to investigate the disappearance of Sister Jian. Remember, don’t leak the news! I don’t believe that something happened to sister Jian! Before sister Jian returns, we must do our jobs in the organization!” Snake lizard interrupted their guesses, he said loudly.

“En!”

After listening to Snake Lizard’s words, the few of them nodded together.

...

However, a few days later, something went wrong. The news of the disappearance of the number one spy in the international ranking, Sha Shen, and the BOSS of the ancient killing mercenary group, spread throughout the entire world.

Once this news was released, it couldn’t even be sealed.

Of course, this news didn’t leak out from snake lizard and the others.

However, even though this storm had caused a huge commotion internationally, Yun Jian, who lived on an uninhabited island, did not hear anything.

It had been three months since the last incident. Three months ago, the child in Yun Jian’s stomach almost miscarried, but in the end, Si Yi brought her to this uninhabited island to recuperate.

Now, not to mention whether the child in her stomach would miscarry, in just three short months, Yun Jian had become fat after being fed by Si Yi!

Her stomach was obviously very pregnant.

This uninhabited island was located in a very hidden location. Normally, no one would come to this island.

At that time, Yun Jian was lying under the Sun to bask in the Sun.

Si Yi was sitting next to Yun Jian. The Pig Trotter was placed on Yun Jian's stomach without leaving its hand. After a while, it would gently touch it. After a while, it would lean its ear against it and listen to the movements in its stomach.

Until Morson arrived.

"Young master, the ten-year-old super-high-grade baby products and clothes from one to ten years old are all ready," Morson said to Si Yi as he twitched the corner of his mouth and maintained his calm posture.

"Okay." Si Yi only nodded slightly and then rubbed Yun Jian's hair. He asked Yun Jian in a very loving and mellow voice, "Little Jian, are you hungry?"

Yun Jian realized that Si Yi's favorite question during this period of time was: Are You Hungry.

After asking her if she was hungry, she was going to ask if the baby in her stomach was hungry.

"I'm not hungry." Yun Jian pursed her lips.

"Is the child hungry?" As expected, Si Yi immediately answered.

"Ahem!" This question kept on asking, and even Momsen, who was standing next to him, felt his ears hurt. After all, to Momsen, who was still a virgin, this topic was too ambiguous.

"Young master, I'll be leaving first. You and young madam have a good time. If there's anything, feel free to contact me." After Momsen finished speaking, he slipped away.

...

Time passed very quickly. In the blink of an eye, almost a year had passed since that incident happened.

During this year, many things had happened.

For example, the child of Qin Yirou and Ge Junjian was born. It was a boy, and he was very round. He was named Ge Xing, which implied that he hoped that he would be happy and safe for his entire life.

And on the full moon after Qin Yiruo and Ge Junjian's child was born, Qin Yiruo and Ge Junjian organized a banquet, inviting family and friends to participate.

Although the Heavenly Cloud Talisman and Si Yi Yi Yi were not present, Qin Yiruo was not surprised. But Xue Ying, Mo Sen, Adam, and even Ling Wei were present. Of course, Si Luo, Luo Lei, Lan Su, Ye Ling, and others were also present.

GE Xing's birth made Qin Yi Rou feel more like a mature woman. It wasn't like the past, where she was 20 years older than her actual age due to overwork. Instead, she had the charm of a woman in her forties.

Yun Jian and Yun Yi were Qin Yi Rou's biological flesh and blood. GE xing was Qin Yi Rou's biological flesh and blood. As for Little Yun Zhu, Duan Li and Duan Ya, as well as GE Xuan, Qin Yi Rou treated them all the same. This was no different.

That night, because everyone was in a good mood, they drank a lot.

Especially the pure Si Luo, who was led by Qing Yan to drink.

Coincidentally, Xue Ying went out.

"Aiya, what's there to be afraid of? Just drink! Today, I Won't rest until I'm Drunk!" Qing Yan was happy. Thus, he hugged Si Luo's shoulder and drank big mouthfuls of wine. He even asked Si Luo to drink with him.

After meeting with the people from the dark soul organization, Qing Yan already knew that the cloud tablet was safe and sound. At the same time, the members of the ancient kill mercenary group also knew about it.

Everything returned to a peaceful and beautiful starting point.

"Sister Qing Yan, I, I really don't want to drink anymore. Everyone says that drinking is bad for business. Sister Qing Yan, don't drink anymore..." Si Luo blinked his big eyes, wanting to snatch Qing Yan's wine bottles one after another.

“Aiya, drink, drink! Little Luo Luo, are you afraid of your wife? I’m not afraid, I’ll take care of you! Drink as much as you want!” Qingyan’s heroic look moved Si Luo.

“Alright, then I’ll have a small sip.” In fact, Si Luo, who was extremely innocent, was very curious about the wine.

After the first sip, Si Luo closed his eyes because of the bitter taste of the wine. His brows and small cheeks were tightly knitted together.

“So Bitter!” Si Luo could not stand the bitter taste at all. She stretched out her tongue and spoke to Qing Yan.

“Drink a few more mouthfuls and it won’t be bitter anymore! It’s delicious! Listen to me, you’re right. Come, come, Cheers!” Qing Yan clinked her glass with Si Luo’s.

Si Luo drank quite a lot of wine.

By the time Luo Berry found Si Luo, Si Luo was already drunk.

“I can drink, I still want to drink...” Si Luo held a wine glass in his drunken hands and staggered to pour wine.

“You can’t drink anymore, Sister Qingyan. How could you let Luo Luo drink so much!” Luo Lei looked at Qingyan and scolded in a low voice.

However, Qingyan, who was sitting in front of her, raised a small wine glass in her hand, poured a small glass of wine, and drank another mouthful, then she smiled at Luo Lei and said, “Drinking makes things worse. I’m just trying to act as a matchmaker to set them up. Little Sister, you don’t understand.”

In fact, green glaze was about the same age as Luo Lei. However, the tone of her voice made Luo Lei feel that green glaze was a very old sister.

When Xue Ying entered the house, he saw —

“Drink! Drink! I want to drink! I... Don’t Snatch My Wine Cup. I want to drink... sob, sob, give me back my wine cup!”

Si Luo’s cheeks were bright red as she grabbed the wine cup in Lorraine’s hand and did not put it down. She was speaking in a muddle-headed manner.

She actually gave him wine!

Seeing this scene, Xue Ying was about to explode. He took a few steps forward, grabbed Si Luo’s hand, and brought her to a nearby hotel. He did not even say goodbye.

...

After bringing Si Luo to the hotel to stay, Xue Ying pressed her against the corner of the wall. "Why are you drinking?"

Hearing the word 'alcohol', Si Luo, who was still a little muddle-headed, began to spout nonsense again. "I still want to drink, drink... Give me alcohol, I want to drink..."

As she spoke, Si Luo was still tugging at her clothes. Because she had drunk the strong alcohol and her body was getting hot, she wanted to take off her coat and continue drinking.

However, when she grabbed her coat, she did not take off her coat. Instead, she directly exposed the lower part of her collar, revealing her full body.

Xue Ying: "..."

The woman he loved was pulling his clothes in front of him. This scene shocked Xue Ying so much that he immediately turned his head away.

However, the moment he turned his head, Xue Ying happened to look at Si Luo's cherry red lips. They were pink and tender.

"You asked for this. I am not a proper person!" Xue Ying punched the wall. He pressed Si Luo's head and kissed her.

A Night of madness...

Xue Ying could be considered to have endured si Luo for a long time.

When he saw Si Luo pulling and tugging at his clothes in front of him, he could not help it.

But in the end, what caused Xue Ying to completely lose control was si Luo actually tugging at the wrong clothes. She directly grabbed the collar and pulled down...

The beautiful scenery below was completely seen by Xue Ying.

That voluptuous posture, no wonder Xue Ying could not hold it in and directly pounced on him.

He had long said that he was not a good person. This was not his fault.

...

The next morning.

The scorching sun shone through the curtains onto the person's face. Si Luo turned over and directly rolled out of bed.

The headache from drinking too much last night, as well as the burning sensation from his lower body, scared si Luo so much that he flipped over and sat up straight on the ground.

"Yesterday... Yesterday..." Si Luo knocked her head and suddenly recalled that someone had dragged her away yesterday and then went to the hotel... ..

Looking at the bed, there was no one on it. On the bedsheet, there was a red blood stain where she had slept just now.

Si Luo had been corrupted by Qing glaze and Luo Berry, and she was no longer as innocent as she was in the beginning. At this moment, she naturally knew what it meant when she saw the blood stain on the bed and felt waves of swelling pain from her lower body.

Si Luo stood up in a daze. She put on her clothes and ran out of the hotel room.

She had been raped!

That was Si Luo's first reaction.

...

At Qing Yan's house.

Qing Yan, Leng Mei, Gu Nian, and Luo Lei were playing mahjong.

"La la la! I've finally won this time! You can wash all the clothes I've been wearing for the past two days. You're welcome!"

Qing Yan spread out the mahjong tiles on the table, stood up, and turned around to face Leng Mei, Gu Nian, and Luo lei. He patted his butt and turned around to make a face at them.

“This time, it was because I let you win! I felt sorry for you, so I let you win! If you have the ability to play again, I’ll make you kneel down and call me daddy!”

Leng Mei stepped on the bench and hooked his little finger at Qing Mei.

“No! I’m not coming! The Golden Gourd Baby is starting to replay. I’m going to reminisce about my childhood! You guys play by yourselves!” Qing mei stuck out her tongue at Leng Mei and turned around to run to her house.

However, just as she ran two steps, someone knocked on the door of Qing Mei’s house.

“Who is it?” When Qing Mei heard this, she wore a pair of white rabbit slippers and ran to open the door.

Just as the door opened, a small and pitiful figure pounced into Qing Yan’s embrace.

“Sister Qing Yan! Wu...”

Si Luo pounced into Qing Yan’s embrace and cried even louder.

“What’s wrong, What’s wrong? Who bullied you? I’ll beat him up for you!” When Qing Yan heard this, she hurriedly patted si Luo’s back and asked.

“I . . . I . . . Yesterday I...” Si Luo sobbed fiercely.

She had been raped! She did not even know who the other party was! But how could she say something like that!

“It’s okay. Tell me. I will make the decision for you! If any man dares to bully you, I will castrate him!” Qing Yan showed off her muscles.

“Wu... I, I was, I was raped...” si Luo actually said it out loud. As she spoke, she cried even harder. “Sister Qing Yan, I don’t want to see him anymore. Can you take me away...”

Si Luo felt that he had let Xue Ying Down. She was no longer clean.

“Huh?” Qing Yan was confused.

However, after Si Luo finished speaking, her hand was suddenly grabbed by someone. In the next second, Xue Ying’s face was enlarged in front of Si Luo’s eyes.

Seeing Xue Ying, Si Luo was shocked. However, she felt even more uncomfortable and started crying. Pushing him, she tried to push him out of the door. “Wu, go! Go! Go!”

She had let him down! Wu Wu Wu...

But just as Si Luo was crying until she was out of breath, Xue Ying let out a huge sigh of relief. He was still holding the breakfast he had just bought. Because he was in a hurry, he spilled all the soy milk. At that time, he grabbed her shoulders, pulling her into his arms, he said:

“Don’t cry anymore. Last night, it was me... who raped you.”

Si Luo was forcefully embraced by Xue Ying. Hearing Xue Ying say such words, her body froze.

“Little girl, who asked you to be so dishonest? After drinking, you even seduced me. Can you blame me?” Seeing Si Luo’s body being beaten, Xue Ying thought that Si Luo was not sad after knowing it was him last night.

Furthermore, Xue Ying’s words were very reasonable, as if he had forced si Luo.

Who knew that after hearing Xue Ying’s words, Si Luo became silent for two seconds and then started sobbing loudly. He even patted Xue Ying’s shoulder and shouted, “You go! You Go! I don’t want to See You Again!”

Xue Ying:”...”what was going on?

From Qing Yan, he knew that his Luo Luo also had feelings for him. He had only acted a little early yesterday. Why was she still unhappy when she heard that it was him last night?

Xue Ying was stunned for a moment, but quickly recovered. He once again used his arm strength to pull Si Luo into his embrace. “Alright, don’t be angry. I admit that I took advantage of you yesterday. I...”

He had just said this when a mop came smashing towards Xue Ying from the sky.

Xue Ying’s eyes turned sharp. He wrapped his arms around Si Luo’s slender waist and dodged to the side to avoid Qing Yan’s mop that suddenly flew towards him.

“F \* ck, what are you doing! ?”

To Si Luo, Xue Ying could speak softly, but to others, Xue Ying was not so friendly.

Seeing that the person who attacked him was Qing Yan, Xue Ying's words directly came out from his throat.

Coupled with the thick and deep scar on Xue Ying's neck, the appearance of Xue Ying just now was somewhat frightening.

However, Qing Yan was not afraid. She pulled Si Luo from Xue Ying's arms and used the mop to look at Xue Ying with a murderous look, she shouted back at Xue Ying, "Call Your Grandfather! When you reflect on your mistakes, then come and take my little Luo Luo Away! Otherwise, don't even think about entering my house!"

After saying that, Qing Yan did not care about how Dark Xue Ying's face was. She slammed the door shut with a "Peng". The sound was so loud that even the neighbors next door could be jolted.

After closing the door, she locked it.

Xue Ying was afraid that Si Luo would cry, so he did not forcefully pull si Luo back.

Si Luo was crying, which meant that he was really wrong...

Qing Yan might be right.

But... where was he wrong?

Xue Ying flipped his exquisite short hair. He could not figure it out for a moment, so he decided not to think about it. He scratched his head. Hearing Si Luo's crying, he did not dare to open the door again. He was afraid that Si Luo would cry even more.

Xue Ying turned around and left the place first.

...

After rushing to GE Junjian's house, Xue Ying told Ge Junjian and Qin Yirou everything that happened yesterday. He also asked them what happened to Si Luo.

After all, only GE Junjian and Qin Yirou had more experience here.

Who knew that after GE Junjian and Qin Yirou heard Xue Ying's words, Qin Yirou would let out two crisp laughs. She patted little ge Xing's back and laughed out loud:

"You guys are just one-track-minded. You Don't know what girls are thinking. Say, you..."

"Aunt, don't keep me in suspense."Xue Ying hurriedly asked.

Qin Yirou held little ge Xing's short legs and brought them forward. She did not keep him in suspense anymore. She said,

"You guys are good. Girls are very concerned about their first time. Last Night, you actually took advantage of her being drunk to lay your hands on her. She lost her first time in a muddle-headed state. This is equivalent to losing a beautiful memory in life. Can I bother with you?"

Qin Yirou's words made Xue Ying stunned.

He really had not thought of this.

Thus, Xue Ying Bade Ge Junjian and Qin Yirou Goodbye and flew towards the green glaze residence.

"What an emotional idiot." Qin Yirou watched Xue Ying walk away with his long legs. She could not help but shake her head and ridicule him.

"Before you married me, you were still an emotional idiot." GE Junjian reached out his hand and scratched the bridge of Qin Yirou's nose. He said with a smile.

"Can this be the same?" Qin Yirou held little ge Xing's Butt and gently grabbed little ge Xing's hand and gestured twice at GE Junjian.

This made GE Junjian burst into laughter again.

"Ring, Ring, ring..."

Just as GE Junjian laughed heartily twice, an urgent ringtone suddenly rang.

After picking up the phone and chatting for a while, GE Junjian's happy brows slightly calmed down.

He turned to look at Qin Yirou and said to her, "I'll go out for a while in the afternoon. Wait for me at home."

"Okay!" Qin Yirou answered. But she did not mention the content of GE Junjian's call for now.

...

In a private room in a teahouse.

GE Junjian was sitting on a big table.

It was not until the lights flashed and six shadows blocked the light in front of him that Ge Junjian raised his head.

“Why are you looking for us?”

It was none other than Chu Ning, Chu Xiangnan, Jiang Weiwei, Liu Shiyun, Fang Xiaoran, and the six members of Hongfan King’s team.

GE Junjian frowned and stood up. He then gave a military salute to Chu Ning and the others. There was a trace of tears in the corner of his eyes, but he said to them in a respectful tone,

“From today onwards, I will no longer be your superior officer. You will be reassigned to a new officer.

“Four years ago, I was the one who brought you into the special forces and made you a member of the unit.

“But unfortunately, from today onwards, I will not be able to walk with you in the future!

“The captain of the Special Forces of the third military region, GE Junjian, Salutes You!”
