Chapter 2411: Chapter 2411: three times the amount of urine sprayed on the face

This girl was a member of the most powerful team. Her name was Dong Lijie.

Just now in the military region, Dong Lijie had stopped their most powerful team from attacking Yun Jian, she had said to Yun Jian, "It's just a girl. There aren't many of you. Don't tell me that with your King's team, we won't be able to turn things around. Just wait and see."

Dong Lijie's strength in the most powerful team was still considered top.

Of course, Dong Lijie herself wasn't in the infant training class.

This infant training base didn't only have one class.

Dong Lijie originally wanted to see how her grandson's training was going, but she didn't expect to see Yun Jian at the stairway.

Rather than saying that she saw Yun Jian, it was more like she saw Yun Jian's clothes. She felt that they looked familiar, so she followed him.

Just now, Dong Lijie had been standing at the entrance of the infant training class. When she saw Yun Jian's sunglasses being kicked off by the little guy, her face was revealed. After confirming that this person was Yun Jian, Dong Lijie walked over.

"I didn't expect that the King's squad's Asura had already had a child!?" When Dong Lijie thought of her captain Zhu Yao's appearance when she first saw Yun Jian, her face was filled with anger. When she said these words, she gritted her teeth.

King's squad? Asura?

The housewives around were all stunned when they heard what Dong Lijie said to Yun Jian.

What was going on?

"You two are still playing computer games? I see that both of you are quite young. It's better to play less games in the future. Addicted to games will harm your health!" Wang Xiaolan heard Dong Lijie's words, she was stunned for a moment before speaking to Yun Jian and Dong Lijie.

After hearing Wang Xiaolan's words, the corners of Yun Jian's and Dong Lijie's mouths twitched.

So this Wang Xiaolan had treated the king's party and Asura as characters in computer games.

Of course, even if Wang Xiaolan was wrong, Yun Jian and Dong Lijie wouldn't explain.

"For tomorrow's mission, I advise you members of the King's Party to obediently act as cover. Otherwise, I'll tell everyone the news of you secretly giving birth to a child!"

Dong Lijie ignored Wang Xiaolan. She thought that she had found something on Yun Jian, so she said coldly to Yun Jian.

After saying this, Dong Lijie did not plan to continue the conversation with Yun Jian. She grabbed her black bag and swaggered out.

"Are you guys poisoned by Games?" Yun Jian, let me tell you. A child of a relative of mine, because he had a desktop computer installed, only knew how to play games all day long. Later, he played until his entire body was paralyzed! Even the doctors at the hospital said that he couldn't be cured!

"It's better to play computer games less in the future!"

Wang Xiaolan said this for the sake of Yun Jian. She also thought that the series of words that Yun Jian and Dong Lijie said were the result of their gaming poisoning.

After all, in 2004, wealthy families had begun to popularize computers.

Once computer games were released, because everyone was interested in this magical game, computer games became popular.

Yun Jian nodded and didn't intend to explain to Wang Xiaolan.

But just as Yun Jian was about to continue learning how to change diapers, Dong Lijie, who had just left, returned.

"I forgot to tell you, Asura. No matter how brilliant your past battle achievements are, our most awesome team will always make you concede defeat! We who returned from overseas are different from you guys!"

Dong Lijie ran back to say this. After she said this, she turned her head to look at the little guy and the little girl. When she saw that the little guy and the little girl were very delicate and beautiful, she couldn't help but feel a little jealous.

When she turned her head, Dong Lijie even grinned at the little guy and the little girl, looking fierce.

“Shh, Shh, shh –”

However, when Dong Lijie turned her head to look at the little guy fiercely, the little guy shook his body. He looked at Dong Lijie angrily, as if he knew that Dong Lijie was bullying his mommy. His urine volume was three times larger than usual... He sprayed directly on Dong Lijie’s face...

The power of the boy’s urine was as fierce as a rocket. It sprayed on Dong Lijie’s face, forcing her to go crazy.

“Ah! Ah Ah!”The worst thing was that when Dong Lijie was sprayed on her face by the sudden spray of urine, because she couldn’t react in time, she instinctively opened her mouth and screamed.

This heaven-defying child’s urine didn’t just spray on Dong Lijie’s face. It went along with Dong Lijie’s mouth that opened wide when she was screaming crazily and went into Dong Lijie’s mouth.

After she finished peeing, the little guy shook his body and giggled comfortably.

The little girl was placed on the carpet like the little guy.

At this moment, when she saw Dong Lijie’s miserable appearance, the little girl seemed to know that this matter was very funny. She imitated the adults and clapped with her soft and soft little feet that couldn’t even be stretched straight, she also let out a “Gurgle gurgle” sound of laughter.

In the end, the culprit who made Dong Lijie pee all over her face, the little guy seemed to be amused by the little girl. The two children lay on the blanket, like a turtle that had been turned over, shaking and laughing with all their might.

That appearance was so cute that it made Yun Jianxin’s heart melt.

“Ah! He, Bah Bah Bah Bah! He actually, actually! Actually! Bah –“Dong Lijie ran to the side like she had gone mad. She put her hand on her mouth and desperately dug out the urine in her mouth. Then, she vomited.

“It’s okay. This child is only a few months old. The child’s urine is very pure. Some places even use the child’s urine to boil eggs! And that egg tastes really good! Quickly, use a tissue to wipe it!”

At this time, the teacher of the infant training class walked over and kindly handed a stack of napkins to Dong Lijie.

Dong Lijie reached out and dug into her mouth. When she saw that she could not dig out the child’s urine that had accidentally flowed into her mouth, she vomited so much that her eyes were filled with tears and turned red.

She reached out and slapped away the paper that the teacher from the infant training class handed over. Dong Lijie left a vicious sentence on the paper, she turned around and left in a sorry state as she vomited. “Just you wait! I will make your King’s squad and you! You are no longer qualified to stay in the Army!”

After saying that, she ran away.

That posture probably meant that she had run to the hospital to have her stomach pumped.

After Dong Lijie ran away, the teacher and Wang Xiaolan were still stunned.

“Yun Jian, what did she mean by the troops just now?”Wang Xiaolan asked Yun Jian in a daze.

It seemed like the King’s squad... wasn’t a game?

“You understand what she meant.”Yun Jian narrowed his eyes. She didn’t look at Dong Lijie anymore. Instead, she curved her lips and said something that she didn’t quite understand to Wang Xiaolan.

Then, she continued to learn the parenting methods taught by the teacher in the infant training class.

...

The day quickly ended. Adam and Mosen still couldn’t think of any good names.

Yun Jian and Si Yi only brought their children back to Longmen city when they were five months old. Because Dong Ruan was around and was a high-ranking official, they weren’t in a hurry to enter the household registration.

And before entering the household registration, they planned to get engaged first.

It was 10:30 pm at night.

Yun Jian fed the two children milk to coax them to sleep and placed them in the cradle. Then, she turned around and went to the bathroom in the bedroom. She planned to take a bath and sleep.

However, as soon as Yun Jian stepped into the bathroom, Si Yi followed her in.

At this moment, Yun Jian had just taken off her coat when she saw Si Yi walking over. Although the two of them had already looked at each other naked many times, her face was still a little red when Si Yi stared at her.

However, Si Yi walked over and pressed her against the sink, and then...

“Don’t, the child is still outside...”

When Si Yi carried her onto the sink, Yun Jian’s face was ruddy.

“Mama, ah, ah, ah, ah, ah...”just as Si Yi was about to do something bad, the child’s voice suddenly sounded in the bedroom.

When she heard the voice, it was as if she was having an affair. Yun Jian did not dare to move at all.

In the next second, the child in the bedroom turned over. It turned out that he was dreaming.

“They won’t wake up. If they wake up, I’ll throw them out the door,”Si Yi said impolitely. After that, he had already removed the last layer of clothing covering the cloud tablet.

He raised his hand to his butt and...

At night, it was very hazy. In the bedroom, two children were sleeping together in a large crib next to the bed.

The two children were breathing, their little mouths opening and closing. If anyone saw their pink and tender little faces, they might not be able to resist pinching the two children's little faces.

Suddenly, the little guy who was the elder brother raised his short calves and leaned over. At the same time, the little guy pressed one of his legs on the little girl's stomach with a "Pa" sound.

The two little guys were about the same weight, but the leg suddenly rose in their sleep and fell on their bodies. After all, the child was still young, only five months old.

"Wah!" The little girl cried as she slept.

When the little guy's short leg felt the little girl's crying, it bounced and fluctuated. His little face moved and he frowned. The little guy turned over and continued to sleep comfortably.

1

In the bathroom, Yun Zhi, who was just one step away from the end, heard the little girl's voice and stopped Si Yi.

"She's crying." Yun Zhi frowned and wanted to go out and comfort the child.

"Let her cry. She should sleep when she's tired." Si Yi grabbed her hand and didn't let her go.

"No..." Yun Zhi wanted to speak, but his words were drowned in Si Yi's handsome lips in the next second.

He continued his lewd act.

Outside the bathroom, the little girl closed her eyes and cried. Inside the bathroom, it was a beautiful scene.

In the end, the little girl cried until she was tired and fell asleep on her own.

The night was still very long. At night, in the villa, the dim yellow light from the bathroom shone on and off until two o'clock in the morning.

...

The next day, five o'clock in the morning. It was winter. The days were short, and the sky was not bright yet.

Yun Jian packed up his equipment briefly. Before he left for the military region, he even secretly kissed his two little babies.

Qin Yirou was now full-time at home to take care of the children.

Little Yunzhu, Duan Li, and Duan ya no longer needed to worry too much. Now, Qin Yirou's attention was all on GE Xing and Yun Jian's two little babies.

After Yun Jian left, Si Yi stayed in Longmen city for two days and returned to the dark soul organization.

However, before he left, Si Yi left Adam and Morson behind to protect the two little babies.

Si Yi still loved his and Yun Jian's children very much. At least, he left his most important assistants, Adam and Morson, behind.

Of course, in front of Yun Jian, this love was better left aside.

...

Everything returned to normal.

Because they were going out on a mission today, everyone wore very tight clothes.

If they didn't have a good figure or had a belly fat, wearing such tight clothes would immediately be obvious.

But when the cloud paper appeared in front of everyone, Dong Lijie, who had been peed on by the Little Guy Yesterday, as well as the members of the King's squad, as well as the members of the Tyrannosaurus squad and the most awesome squad, all took a deep breath.

That perfect figure and the even bigger and more rounded cleavage made people unable to look away.

"Ha, Yun Jian 'er, what have you eaten in the past year? How did you develop so fast!"

Chu Ning walked over and bumped Yun Jian's shoulder with her own shoulder. Then she glanced sideways at Yun Jian's chest with a wretched look on her face.

"Go pick a weapon." Yun Jian pushed Chu Ning away and walked towards the armory.

Members of team three could pick any weapon they wanted.

However, there was a limit to the number of weapons they could bring, so they had to bring their best weapons.

Yun Jian had just entered the armory when Dong Lijie from team number one rushed in. She grabbed the only three butterfly knives in the armory before Yun Jian and gave Yun Jian a provocative look, she said to her team members,

“I choose the butterfly knife! I can use the butterfly knife with ease! I once used it as a flying knife to stab a bird that flew in the sky to death!”

Obviously, Dong Lijie did not tell everyone that Yun Jian had a child. She probably wanted to leave something to be used against Yun Jian.

“You! You have three butterfly knives with you. It’s not too much to take all three! Yun Jian ‘er is the best at using butterfly knives. How could you...”Chu Ning was shocked by Dong Lijie’s smug look.

Obviously, Dong Lijie knew that Yun Jian was good at using the butterfly knife.

However, Yun Jian ignored Dong Lijie’s smug look. Instead, she walked to the side and picked a silver pistol. She wiped the muzzle of the pistol and twirled it around in her hand. Then, she said to Chu Ning,

“For this mission, I’ll choose the pistol. I’ve never used a gun in front of you before. You probably don’t know that to me, the proficiency of a gun is no less than a butterfly knife.”

Previously, Yun Jian only used the butterfly knife in front of Chu Ning and the others.

As a result, the news that Asura of the King’s team was the best at using the butterfly knife spread everywhere.

It was a fact that Yun Jian was good at using the butterfly knife.

But what outsiders did not know was that other than the butterfly knife, as long as it was about weapons, Yun Jian was the best at it.

Whether it was airplanes, tanks, cannons, pistols, machine guns, rifles, submachine guns, or Gatling guns, she was able to use Yun Jian with ease.

As the number one spy in the international spy rankings, Sha Shen had survived a bloody massacre.

To be able to survive a bloody massacre, the most basic foundation was proficiency in all weapons.

Every Time Yun Jian went on a mission, she did not use the butterfly knife.

Life was not so perfect. You could get whatever you wanted. Sometimes, it was impossible to have a weapon in your hand.

Yun Jian had encountered many such situations when she fought with a group of international top-ranking figures with her bare hands.

But without a weapon, she still had hands!

When she used her hands to snatch the weapon from the other party's hands, the probability of obtaining the butterfly knife that she used so skillfully was probably only one in 10,000.

There were no ifs in life. If she placed all her hopes on snatching the enemy's weapon, and the enemy's weapon happened to be a weapon that she was proficient in, then her cloud paper would lose!

What her cloud paper had to do was to snatch the weapon from the opponent's hands when she was surrounded by bare hands. She had to ensure that no matter what weapon the opponent held in his hands, she would be able to use it skillfully!

That was the only way she could survive!

Compared to Yun Jian who was at the top of the world, there was no difference between being good at weapons and not being good at them.

Any weapon in her hands could become a sharp blade that could kill. This was her purpose of growing up.

It was a pity that Dong Lijie naively thought that Yun Jian was best at using the butterfly knife, which meant that he did not know how to use other weapons.

"You actually know how to use a gun! ? As far as I know, the military schools in your country didn't give you real guns to teach you marksmanship!

"The two teams that returned from overseas only learned how to use guns after going through the training and instruction of international first-rate special forces!

"Don't tell me you're pretending to know something that you don't! ?"

Dong Lijie looked at Yun Jian in shock.

Yun Jian knew how to use a gun. This made Dong Lijie's strongest team and all the members of the Tyrannosaurus team dumbfounded.

The reason why the new officer, Liu Cheng, looked down on the king's team was because he thought that the members of the king's team were not skilled enough. They were completely different from a group of special forces cadets who had returned from overseas and received combat training.

However, just as Dong Lijie and the other two members of the King's team looked at Yun Jian in shock, they saw that Yun Jian had hidden some of the other weapons in the armory very skillfully and professionally all over his body, without leaving any traces behind.

She left the armory and said to Chu Ning and the others, "I'll wait for you outside."

Yun Jian's blatant disregard made Dong Lijie clench her fists even more furiously.

"This girl has quite a bad temper! I wonder how strong she is! But I know that girls with bad tempers are usually not that strong. Team King's strongest killer, I'd like to see how strong you can be!"

Another boy from the most powerful party rubbed his chin as he watched Yun Jian leave the armory and muttered to himself.

The boy's eyes were filled with contempt for Yun Jian's strength.

The boy who was mumbling to himself was called Lu Yu.

Lu Yu was born into a wealthy family. Since she was young, she worshipped the military, so she was sent to a special forces training school overseas.

Lu Yu was 1.73 meters tall. He was rather handsome, but he did not shy away from speaking.

“How powerful can she be? The captain of our most powerful team hasn’t even spoken yet. She’s just a member of the special forces. No matter how powerful she is, she won’t be able to reach the sky!”

If she was really powerful, she would probably not be a member of the special forces anymore. Instead, she would be promoted directly.

Dong Lijie heard Lu Yu mumbling to herself and agreed with what Lu Yu said. She took the opportunity to mock Yun Jian.

Fortunately, Chu Ning and Chu Xiangnan did not hear what Lu Yu and Dong Lijie said. Otherwise, based on Chu Ning and Chu Xiangnan’s temper, they would definitely quarrel with Dong Lijie.

...

Everyone gathered on the field.

Before the gathering, the team leader of the Tyrannosaurus team, who had spoken up for Team King Yesterday, brought the seven members of the Tyrannosaurus team to Yun Jian to show his goodwill.

“Hello, I am the captain of the Tyrannosaurus squad, Tian Shuai Shuai, codenamed Cang Long.”The captain of the Tyrannosaurus squad walked up to Yun Jian and greeted him with a nod.

Tian Shuai Shuai was the man who had helped the King squad yesterday. He was also the oldest and the most mature of the three squads.

He was already twenty-five years old and had distinct features. He looked like a very handsome soldier. He was 1.8 meters tall and had a slender figure.

The name Handsome Tian sounded like his parents hoped that he would be more handsome when he grew up.

Of course, the hopes of handsome Tian’s parents were not in vain. Handsome Tian was indeed good-looking and his skin was very fair and smooth.

After getting to know the seven members of the Tyrannosaurus squad, Liu Cheng came over.

“This is the details of your specific mission this time. It’s all here. When you set off, you can ponder over it in detail on the way. Moreover, the troops have already created another identity for all of you.

“The difficulty of this mission is relatively high for all of you. However, all of you are new to the troops. There aren’t many missions that you have completed, so it’s not easy to be recognized. That’s why you have the highest chance of success. Complete it well!”

The serious Liu Cheng was still pretty good.

However, after saying this, Liu Cheng immediately said to Yun Jian and the others, “Members of your King’s Party, follow their two teams well. Don’t interfere with things that shouldn’t interfere and hinder the progress of the mission!”

Yun Jian and the other six members of the King’s team chose to directly ignore Liu Cheng’s words.

...

By the time everyone came back to their senses, they had already boarded the plane to country M.

As this was their first time working together on a mission, the members of the three teams were all quite excited.

Therefore, other than looking through the information of this mission, they all started to talk to their own companions.

They flipped through the information in their hands and memorized all the information they needed.

Soon, they arrived in country M.

The mission this time was to capture a woman who was famous in the entertainment industry. With the excuse of training an actress, she would bring countless girls into the entertainment industry and force them to accept the unspoken rules, she would gradually become a big investor in a drug society.

This big investor was from Z country. He had a very wide network and could be said to be popular in the entire entertainment industry in Country M.

Many international movie stars had been under the unspoken rules of this big investor. Moreover, this big investor had paid for the girls to participate in the auditions. After that, he would keep the beautiful girls. On the surface, he said that he would give them the opportunity to grow up, in the future, he would become an international movie star.

However, in reality, this big investor had indeed let these girls play various roles. At the same time, this big investor had also secretly sold drugs to these girls.

The girls were addicted to drugs. The money that they earned was used to buy the drugs of this big investor.

It could be said that this big investor was an unpardonable existence.

The police naturally could not sit still and wait for death.

Therefore, this time, they sent out Yun Jian and the others to infiltrate the entertainment industry as spies to find evidence of this big investor's illegal drug trafficking and bring him to justice.

The mission was very dangerous. If they were slightly careless and got into drugs, they would be finished.

Before approaching this big investor with a new identity, Yun Jian and the others went to the International Intelligence Platform Center that cooperated with the police.

The International Intelligence platform is a place where you can get all the information you want as long as you are willing to pay a corresponding price.

The police cooperation this time was done together with the international intelligence platform.

This international intelligence platform was a platform center that linked to global intelligence organizations.

Internationally, any news that stirred up trouble could not escape the eyes of the international intelligence platform.

In a few days, that big investor would hold an audition for an international big movie. Suddenly, many boys and girls would go to participate in the audition.

Yun Jian and the others would use their new identities to go and participate in the audition. In the end, they would compete for contact with that big investor.

There were even female police spies who had to sacrifice their looks to get close to the target. They would either hide for a few years or decades just to get evidence of drug trafficking and finally bring the other party to justice.

Sacrificing themselves to save a large number of innocent people from being persecuted. It had to be said that some female police spies or police officers were truly great.

At this moment, Yun Jian and the others were standing in the lobby of the first floor of the platform center building of the International Intelligence platform.

The auditions had yet to begin, so Yun Jian and the others had arrived in country m ahead of schedule. They first checked into the hotel that the international intelligence platform had specially provided for them.

At this moment, because the front desk still had to receive many people, Yun Jian and the others sat in the lounge next to the central entrance of the hall on the first floor of the international intelligence platform, on the sofas.

The International Intelligence platform was not just an office building. In order to receive some big shots, this building was at least thirty-five stories tall. There were also many floors that were managed by hotels, they were specially reserved for some big shots who came here to stay temporarily.

The front desk was busy, so Yun Jian and the others still sat on the sofas in the lounge next to the front desk and waited.

The suites for the big shots in the international intelligence platform were all built in the form of five-star hotels.

At this moment, Yun Jian and the rest were sitting on the sofas. Chu Ning suddenly pointed to the front of the central entrance of the hall and said in surprise,

“Hey, look, there are ten portraits there! Some of the portraits are blurry, I don’t even know what they are!”

Everyone looked over and saw ten portraits hanging in the center of the International Intelligence platform.

There were men and women in these ten portraits, and some couldn’t even tell if they were men or women.

But all ten portraits had a unique characteristic that belonged to them.

For example, they were holding a weapon that they were used to, or they had a tattoo on their body, or they had a broken finger, and so on.

Another example was the portrait that was hung the highest among the ten portraits. It was a man who could not tell if he was a man or a woman, but he was holding an eye-catching butterfly knife in his hand.

That's right, these ten portraits were the ones mentioned earlier. The International Intelligence platform recognized that they were the top ten most untouchable people in the world!

And at the bottom of these ten portraits, each person had a written description.

"Does the butterfly knife in the hand of the person in the tallest portrait look like the one in my hand?" Dong Lijie snorted coldly after hearing Chu Ning's words. She then stood up with the butterfly knife in her hand, she spoke to her friend.

As she spoke, she even glanced at the cloud paper from the corner of her eye.

It looked like she was showing off the butterfly knife in her hand. It looked very similar to the person in the portrait holding the butterfly knife. Hence, she likened herself to the person in the portrait who was valued by the international intelligence platform.

"Those ten portraits are listed as one of the top ten most untouchable people in the world by the International Intelligence Platform! I heard that even a large-scale platform like the international intelligence platform doesn't dare to investigate their whereabouts and identities!"

Zhu Yao said at this time.

"Is it that scary?!" Dong Lijie screamed with the biggest reaction after hearing it.

Then, she swung the butterfly knife in her hand and said, "It seems that I have something in common with the most important person who has been hung!"

Then, she gloated again.

However, after Dong Lijie said this, a disdainful voice suddenly sounded:

"They are still hanging this thing."

After the voice sounded, Dong Lijie, the most powerful team, the Tyrannosaurus team, and all the staff members of the International Intelligence Platform Center, including everyone present, saw a young girl walking over there...

After the young girl said those words, she walked over and tore off the portrait that had the words "Sha Shen" written at the bottom.

Following that, everyone heard the words that came out of the young girl's mouth that were enough to shock and panic everyone present, causing the staff members of the International Intelligence platform to turn pale with fright:

“I’ve already warned all of you. Don’t hang this portrait here again, or else I’ll directly bomb your international intelligence platform. Could it be that all of you have forgotten what I’ve said! ?”

Everyone present, including Dong Lijie, Zhu Yao, Lu Yu from the most powerful team, Tian Shuai and the others from the Tyrannosaurus team, or Chu Ning and the other six from the king team, were all dumbfounded.

All the staff of the International Intelligence Platform Center, as well as the crowd walking around the international intelligence platform building.

All of them maintained a stunned expression as they watched the cloud note walk to its previous position. From the wall corresponding to the central entrance of the international intelligence platform, they tore off the highest portrait among the ten portraits..., and said the words just now.

Silence.

The noisy hall just now was so quiet that not a single sound could be heard.

Everyone’s eyes widened as they watched the cloud note tear off the portrait. They were stunned on the spot.

“That, that portrait... is Sha Shen’s! It’s said that the people from the international intelligence platform have been hanging this portrait there for several years!

“The portrait is hanging there by itself. No one has ever dared to tear down this portrait in front of so many people! One must know that tearing down this portrait will not only offend the International Intelligence Platform!

“In fact... it might even be pursued by Sha Shen, who is ranked number one on the international intelligence rankings. Ever since she started her career, she has never failed in her missions!

“Even if Sha Shen does not pursue and kill the person who tore up the portrait, there is still one person who is under Sha Shen, the BOSS of the ancient massacre mercenary group. She often interacts with the international intelligence platform!

“She tore down Sha Shen’s portrait. Isn’t this provoking an existence that we can not afford to provoke and do not dare to come into contact with! That is no different from courting death!”

After seeing Yun Jian’s actions, Zhu Yao, who was more knowledgeable, spoke to the members of the three squads in a trembling voice.

“Heavens! Isn’t she bringing trouble upon herself? ! She’s trying to get us killed! We came here to carry out the mission in a low-key manner! Yet, she’s here to drag us down!”After Dong Lijie heard Zhu Yao’s words, she sat on the sofa and stomped her feet.

At that time, the cloud memo had already torn up the portrait that had been hung the highest before and tossed it to the ground.

The people from the International Intelligence Platform Center were very arrogant. She had not appeared for a few years, and the cooperation between Diane and the people from the international intelligence platform was also very difficult.

That’s right. The cloud memo today was intended to put the international intelligence platform in their place and use this matter to inform the higher-ups of the International Intelligence Platform Center.

If they were to be arrogant again, she would definitely let them know who was the ruler of this circle!

“This young lady, who are you? What do you mean by directly bombing our international intelligence platform? This portrait has been hanging here for a few years, and no one has ever said a word about it!

“Even the real Sha Shen did not come forward and say that she was not allowed to hang this portrait here!

“Moreover, the Sha Shen and the Gu Sha mercenary group’s intelligence team leader, Lord Diane, is also here. How dare you be so arrogant? Aren’t you afraid of getting revenge?”

The first person to stand out was a twenty-five or twenty-six-year-old female white-collar worker who had just entered the service. She was also a staff member of the International Intelligence platform.

“I have already sent someone to invite Lord Diane. Even if you are young, you must give us an explanation!”The female white-collar worker stopped Yun Zhi from letting her go and spoke with an arrogant tone.

The leader of the International Intelligence platform was even more arrogant than this female white-collar worker when he was cooperating with the intelligence group of the ancient kill mercenary group.

Especially when Sha Shen had been in seclusion for many years and didn't personally take action against the internal affairs of the ancient kill mercenary group, these people were already acting like tigers.

This female white-collar worker was also very arrogant.

This female white-collar worker stopped Yun Zhi. In less than three minutes, the leader of the Intelligence Group, Diane, appeared in front of the three groups of the ancient kill mercenary group.

This was the first time that some people had seen Diane, so they couldn't help but be curious.

After all, with Diane's status, some people wouldn't even be able to interact with her for their entire lives.

"Lord Diane, it's this girl. She just tore apart the portrait of Sha Shen and threatened us. She said that if we hang this portrait here again, she will directly blow up our International Intelligence Platform Center!"

The female white-collar worker saw Diane and quickly complained.

At this moment, everyone saw Diane turn her head to look at the cloud note.

When she saw the cloud note, Diane's eyes lit up. She knew that the cloud note was deliberately using this method to show off to the important figures in the International Intelligence Platform Center.

There was no expression on her face, but Diane turned to look at the female white-collar worker. At the moment when the female white-collar worker and the others thought that the cloud note was going to be destroyed,

In front of everyone present, Diane suddenly spoke to her subordinate who was following behind her in a dignified manner:

"Burn all ten portraits here. If there are any more portraits of Sha Shen of the ancient assassin mercenary group, I will contact the members of the ancient assassin mercenary group's assassination team and directly bombard your international intelligence platform's Central Building!"

Diane was very smart. She followed the words of the cloud note and didn't give this female white-collar worker any way out.

Diane was only in charge of the intelligence group. If the cloud note, as the BOSS of the ancient kill mercenary group, didn't show up.., she wouldn't say anything like, "I will contact the members of the ancient kill mercenary group's assassination group and directly bombard your International Intelligence Platform Center."

Countries had their own laws, and families had their own rules. The Gu Sha mercenary group also had their own rules.

As the leader of the Gu Sha mercenary group's intelligence team, even if she suffered a loss when negotiating with the higher-ups of the international intelligence platform, she could at most report to Yun Jian, she didn't have the right to directly contact the Gu Sha mercenary group's assassination team and attack the International Intelligence platform.

However, if Yun Jian appeared, the result would be completely different.

The female white-collar worker originally thought that Diane would help her deal with Yun Jian, but she didn't expect Diane to actually help Yun Jian deal with her!

Zhu Yao, Dong Lijie, Lu Yu, Tian Shuai, and the others who were present were all deeply shocked when they saw this scene.

What was going on! ? Why did this woman who had just appeared not help the people of the international intelligence platform, but instead speak up for Yun Jian! ?

But even so, Zhu Yao and the others would not think of Yun Jian and Diane from the ancient assassin mercenary group as the same thing.

At this moment, after Diane spoke, a few members of the ancient assassin mercenary group immediately walked to the wall that had ten portraits pasted on it. One by one, they walked over and tore apart the portrait that was torn apart by Yun Jian, the other nine portraits were also completely torn apart.

"People from the International Intelligence Platform Center, do you understand? !"Diane shouted when she saw that her people had completely torn apart the portraits.

When the female white-collar worker who wanted to give an explanation to the cloud portrait saw this scene, she was so scared that her entire body trembled. In the end, she didn't dare to say anything.

After Diane and her people tore apart the nine portraits, she didn't look at the cloud portrait. She pretended that she didn't recognize the cloud portrait and turned around to leave.

This situation, which seemed to be able to cause chaos and riots, returned to the starting point at this moment.

In the end, everyone dispersed. Nothing happened.

...

In the meeting room of the International Intelligence Platform's center.

The higher-ups of the intelligence platform were gathered here.

"This is what happened just now. I suspect that Sha Shen himself came to our country m city and found that girl to tear up her own portrait. Using that girl's actions and Diane's appearance, he gave us a warning!"

A male secretary shakily told the news that he had just received to the group of high-level officials of the international intelligence platform.

"Hasn't Sha God been in seclusion for so many years... it hasn't been a day or two since we deducted the intelligence team of the Gu Sha mercenary group. She should have known about it and acquiesced to it. Why, why did she attack again..."

A very short, shifty-eyed middle-aged man with an overindulgent look carefully said.

As he said this, the middle-aged man shuddered.

"Then what should we do! All these years, we blackmailed the Gu Sha mercenary group's intelligence team, and the amount isn't just a few points..." someone said again.

At this moment, the director of the International Intelligence Platform, who represented the most power and sat in front of all the shareholders, suddenly stood up. He frowned fiercely and said to everyone,

"Since Diane dared to say that she contacted the assassination team members of the ancient assassin mercenary group to attack us, it means that Sha Shen must have appeared! Otherwise, if Diane had the ability to mobilize the assassination team herself, she wouldn't have had to put up with US until now!"

Sha Shen, who had turned a blind eye to such a small matter in the past, had actually appeared!

This group of higher-ups of the International Intelligence platform had been doing well for decades. For the first time, they felt fear and panic. It was as if there was a pair of eyes staring at them from the dark, ready to send them to hell at any time.

In the end, the director of the international intelligence platform frowned and said to all the shareholders,

“Immediately revoke the deduction from the ancient killing mercenary group’s intelligence group! Find a date and I will personally apologize!

“Money and life are more important than life!”

As long as Sha Shen, who was ranked number one on the international spy rankings, made even the slightest move, any related international bigwigs would be scared out of their wits!

This sentence was definitely not a general statement!

The facts and evidence were indeed so.

Ever since the group of higher-ups of the International Intelligence platform had been warned by the cloud memo, they did not even dare to pursue the matter of the cloud memo.

These higher-ups had nightmares for several days in a row. They couldn’t even sleep well in the middle of the night. Every time they fell asleep, they would be woken up by nightmares several times. It was as if there was a pair of eyes of death staring at them from the dark, it was as if they were about to take their lives at any time.

Not to mention exaggerating, Sha Shen had actually done such a thing!

The Gu Sha mercenary group was not an independent organization. An organization still had to cooperate with countless large international companies in order to develop for a long time.

When Sha Shen first took over the Gu Sha mercenary group, a large company thought that she was easy to bully, so they tried to take advantage of the power of the Gu Sha mercenary group.

In the end, the upper echelons of this large company were successively sent bad news of their mysterious deaths.

Everyone in the world knew that the mysterious deaths of the upper echelons of this large company were the work of Sha Shen.

Today, after being warned by Sha Shen in such a way, the upper echelons of the international intelligence platform immediately thought of the power that had taken advantage of the Gu Sha mercenary group's cooperation project and the subsequent mysterious deaths.

And at this moment, Yun Jian, who frightened the higher-ups, had already gotten the room card for the International Intelligence platform building.

Two people in a hotel.

Yun Jian stayed with Chu Ning. Jiang Weiwei stayed with a female member of the T-rex squad while the other four male members of the King squad were paired up in pairs.

With the room card in hand, Yun Jian and the others went to the elevator to wait for the elevator.

But before they reached the elevator, Zhu Yao had already caught up with them with her team. She blocked the elevator and stared at Yun Jian:

"Don't you think you owe us an explanation?"

Hearing Zhu Yao's words, Yun Jian curled his lips coldly. "What explanation?"

"What happened just now? ! Your Team King was just covering for us. In the future, you must report to us on any personal actions! These are the exact words that officer Liu said when he came!!"

"It's fine if you don't listen! Do you know whose portrait you tore just now? If this matter blows up, not only you, but all of us will be dragged down by you!"

Without waiting for Zhu Yao to speak again, Dong Lijie took Zhu Yao's place and shouted at Yun Jian with a questioning tone.

When they came, Liu Cheng had told the King's squad of seven that they must completely obey the arrangements of the Tyrannosaurus squad and the strongest squad.

This was because the seven members of the King's party were the weakest!

However, Yun Jian clearly didn't intend to listen to the arrangements.

"I'm sorry, I don't intend to listen to anyone's arrangements. As for what your commander said, that was his arrangement, not mine. My goal is only to complete the mission.

"As for covering for you... you don't have the qualifications to invite me!"

Yun Jian crossed his arms and looked at Zhu Yao, Dong Lijie, and the others as he said this.

After that, just as Zhu Yao, Dong Lijie, and the others were stunned by Yun Jian's words, Yun Jian's words rang out again:

"By the way, I have no intention of cooperating with you from the start.

"You're full of nonsense. You shouldn't be asking so many questions. You Don't have the right to cooperate with me to complete the mission!"

Yun Jian's words were very straightforward, and his meaning was simple and clear.

After listening to Yun Jian's words, Zhu Yao and Dong Lijie were stunned.

Dong Lijie looked at Yun Jian and wanted to say, "You..."

However, before Dong Lijie could finish her words, Yun Jian had already turned his head to look at the Tyrannosaurus squad. In front of everyone, he mercilessly said something so cold-blooded that everyone present could not believe it:

"I'm the same with all of you. If you don't cooperate, you can complete the mission on your own if you have the ability. Whether you live or Die has nothing to do with me."

It was understandable for Yun Jian to use such words to retaliate against the members of the King's Party. After all, the members of the King's Party had never given Yun Jian any face.

However, the members of the Tyrannosaurus party had always treated Yun Jian and the members of the King's party well.

Even when the members of the King's party were facing off against the members of the King's Party, they would stand up and speak up for the King's Party.

But she, Yun Jian, was not a saint.

It was not that if someone treated her a little better, she would be loyal to them.

If that was the case, there were many people in this world who needed her friendly treatment.

"That's all I have to say. One sentence, with me around, none of you will be able to complete the mission first."

As she finished speaking, she turned around. Her long and elegant ponytail fluttered in the wind and fell. Her every movement was filled with an indescribable spirit.

As soon as Yun Zhi finished speaking, her slender figure quickly disappeared before everyone's eyes.

Yun Zhi never needed teammates when she was on a mission.

Teammates were absolutely indispensable to people who were not strong enough to protect themselves. However, for Yun Zhi, she was always alone when she was on a mission and did not need anyone.

Because teammates were only a burden to her.

"Ha, she..." Dong Lijie pointed at the place where Yun Jian disappeared after hearing Yun Jian's cold-blooded and inhumane words.

Seeing that no one was talking, the members of the Tyrannosaurus squad were a little embarrassed. Dong Lijie withdrew her hand.

"I thought we could work together..." Tian Shuai scratched his head awkwardly.

After all, before the mission, Yun Jian and the members of the tyrannosaur team had a good relationship.

Yun Jian actually said the same thing to the members of the tyrannosaur team, which shocked Tian Shuai.

"Haha, Actually, you don't have to be embarrassed. Yun Jian is such a person. She has always acted alone. Even if she is with us, we will not intervene in dangerous situations."

“Because we will only drag her down. This is already a tacit understanding between us.”

Chu Xiangnan could see Tian Shuai Shuai’s awkwardness at a glance, so he explained to Tian Shuai Shuai and the others.

“I see.” After Tian Shuai heard that, the subtle atmosphere from before did indeed ease up a lot.

“HMPH! What do you mean by drag her down or not? She is just a member of Your King’s Party. Even if her strength is the strongest in your King’s Party, you don’t have to praise her to the skies, right?”

“I really don’t know what you’re thinking. Don’t tell me you think she’s the trump card of your King’s Party and that she alone can complete this high-difficulty mission? What kind of joke is this?”

Dong Lijie glared at the members of the King’s Party and said without holding back.

“Ha, this chick is getting more and more interesting! I really want to see how strong she is!” Lu Yu said as he watched Yun Jian walk away and heard Chu Xiangnan’s words.

His words were filled with mockery that could not be washed away.

...

Everyone stayed at the International Intelligence platform building for two days.

Two days later, the auditions for the target, the big investor’s new movie, officially began.

This time, apart from the male and female roles, all the supporting roles and the second male and female roles were decided internally. This big investor planned to choose the roles in this audition.

During the audition, the role was not chosen by this big investor, but by the director who was in charge of filming the big movie, Mr. Milland.

In other words, they had to pass the audition before they could get in touch with the target, the big investor, and find evidence that this big investor was selling drugs!

On this day, Dong Lijie and the others specially invited makeup artists and stylists to dress them up before they prepared to head to the audition venue.

Zhu Yao, Lu Yu and the other men did not lack makeup either.

Just as the group was about to set off, Yun Jian finally left his hotel room.

He did not know what Yun Jian was doing during this period of time. Usually, people who were auditioning for roles would dress themselves up to increase their chances of success.

As for Yun Jian...

“Asura, you’re not wearing makeup. Are you planning to be eliminated from this audition? “I heard that if you’re eliminated from this audition, it means that you won’t even be able to get in touch with the target character. You’ll be sent straight back to country Z to be dealt with if you fail the mission!”
