Chapter 2421: Chapter 2421: Please teach the killer, Killer moves

Translator: 549690339

Dong Lijie was sitting on the sofa in the lounge of the International Intelligence Platform Center. A makeup artist was standing in front of her, meticulously dressing her up.

Seeing Yun Jian walk past her, Dong Lijie couldn't help but sneer at him.

Unexpectedly, Yun Jian just glanced at her from the corner of his eyes. After leaving three words, he turned around and left. "There's no need."

"TSK, what are you so arrogant for? Just Don't Cry When you get eliminated!" Dong Lijie rolled her eyes.

"Maybe this is the way a chick fights," Lu Yu said in a strange tone. When she said this, Lu Yu's eyes revealed a hint of contempt.

Before Yun Jian left, she greeted the six members of the king's team and told them that even if they were eliminated in this audition, she had another way to get them close to that big investor.

The six members of the King's team had always trusted Yun Jian.

Thus, everyone nodded at Yun Jian without any doubts.

...

The main judge for the audition this time was the International Director of the M Nation, Milland.

Milland was a famous director in the world. He had once directed a movie that had sold the highest box office records in the world at that time and became a household name in one go. His popularity was quite high.

The location of Milland's audition this time was a temporary open-air square.

The nearby residents could also come and watch the show. Milland himself was sitting in the best seat of the judging panel.

There were many people who had signed up for the audition this time.

After all, if the audition was successful, participating in a movie directed by international director Milland would be very likely to become popular overnight.

This was the dream of countless young girls and boys!

Those who came for the audition would go on stage in order.

Number 1,2,3,4,5... .. and so on.

The number of the cloud paper was 66.

Those who were about to go on stage handed the pre-filled form to the judges and then recited a line from the character they had chosen to audition for.

It was not enough to recite the lines smoothly. The auditioners had to act like a qualified actor, reciting the lines as they moved.

Of course, everyone who came for the audition only had to recite the lines of the character they had chosen to audition for.

The venue was full of people who had come for the audition.

The people who were waiting for the audition were all trying their best to memorize the lines so that they would not go on stage later to recite the wrong lines and lose the chance to succeed in the audition.

Even Dong Lijie, Zhu Yao and the rest were trying their best to memorize their lines.

Yun Jian, on the other hand, was sitting at the side. He covered his face with the little notebook that contained his information and the lines that he should memorize. He closed his eyes and fell asleep.

“Ha, I thought she was amazing! Is she going to give up on the audition?”

Dong Lijie laughed coldly when she saw Yun Jian covering his face with the notebook. He was not going to memorize his lines at all.

“Yun Jian ‘er, what role did you choose?” Chu Ning walked to Yun Jian’s side and asked him excitedly.

Yun Jian was only in a light sleep. She did not open her eyes and handed the script to Chu Ning instead.

Just as Dong Lijie glanced at Chu Ning and Yun Jian with disdain and everyone was listening attentively to what role Yun Jian would choose, Chu Ning’s voice rang out again:

“AO delao, the role you’re auditioning for is AO delao! This role is the most difficult one in this movie!”

“Because the identity of the woman named Ao Delao in the movie is that of an international assassin. The fighting scenes of the assassins in this movie can not be performed by anyone who is not an expert!”

“Therefore, the number of people who dared to audition for the role of AO delao this time can be counted on one hand. And I heard that after the audition, the great director Milland will hire a professional assassin to teach the actors selected to play ao Delao some simple killer moves in order to improve the authenticity of the movie...”

“But Yun Jian ‘er, to you, this is a show of your true colors!”

Chu Ning said the last sentence in a very low voice. After saying that, Chu Ning revealed her front teeth and giggled.

All around them were the candidates waiting to get up on stage for the audition. At this moment, they could not recite their lines because they were afraid of being nervous. Everyone was frantically reciting their lines.

Some of them were so nervous that their whole bodies were trembling. Even their teeth and lips were chattering.

Chu Ning’s last sentence was very soft. No one around was listening or hearing it, however, it was transmitted to the ears of Dong Lijie, the T-rex squad, and the most awesome squad, who had been listening attentively for a long time, wanting to hear what role Yunjian had chosen.

“What kind of performance is this? I think she’s confusing us with the assassin! Assassins focus on their killer moves and they really treat themselves as a trump card? Look at yourself!”

Dong Lijie snorted disdainfully. She glanced at Yunjian and mocked him with words that only the three special forces could hear.

“Old Woman, Mind your own business! I see you haven’t even memorized your lines. You’d better worry about yourself!” Chu Xiangnan was indeed loyal to Chu Ning, after

hearing what Dong Lijie said, he glanced at Dong Lijie with disdain and retaliated without holding back.

“Old Woman? Who are you talking about? !”Dong Lijie stood up in anger.

“I’m Talking About You!”Chu Xiangnan shrugged and replied.

“You...”Dong Lijie was so angry that she stood up and wanted to make a move.

“Number 60, please come on stage.”At this time, the staff member who was responsible for the order of the performance shouted.

The other number plate on Dong Lijie’s chest was number 60.

When Dong Lijie heard this, she gave Yun Jian a provocative look before going on stage.

Who Didn’t know that Dong Lijie had studied acting before entering the special forces? She had even been fortunate enough to receive the guidance of an international first-rate acting master!

Therefore, her acting skills were naturally not a problem.

After going on stage, Dong Lijie used the fake identity that the former army had created for them to introduce themselves, she began to perform.

The role that Dong Lijie chose was a female supporting role that didn’t have a particularly high appearance rate.

From her appearance, expression, expression, and voice, no one could find any flaws.

Even Mr. Milland, who had been looking down and had not smiled since the beginning of the audition, grinned and clapped. He used English to say the highest evaluation he had given since the beginning of the audition, “Good!”

This greatly satisfied dong Lijie’s vanity.

After she left the stage.

“Amazing! You’re really something!”Just as Dong Lijie left the stage, one of the female members of their most awesome team praised Dong Lijie.

“It’s nothing.”Dong Lijie raised her head a little smugly and glanced at Yun Jian with contempt again.

Yun Jian completely ignored her.

“Please send No. 66 to the stage.” It was not until the serial number in front of them passed that the staff member’s voice sounded again that everyone came back to their senses.

Cloud paper went on stage at this moment.

The words “Aldous” popped up on a large screen at the side. This meant that cloud paper had chosen the role of Aldous for the audition this time.

When they saw that cloud paper’s role for the audition was actually Aldous, all the audience present were stunned.

After all, the role of Aldous was the most difficult and the most difficult to be selected out of all the roles.

Aldous appeared more often in a movie, but Aldous had the fewest lines. Every time he appeared, he had to use his eyes to tell everything.

And his expression made people feel that she was a cold-blooded killer.

Two people had already tried out Aldous’ audition.

The lines were the same. The scene was a battlefield filled with flames and smoke. Aldous stepped on a large pile of corpses. He slowly raised his head and said the word “Kill” to his subordinates.

The two people who auditioned for Aldous did not feel anything at all.

At this moment, Yun Zhi stepped onto the stage, making everyone curious.

At that moment, Yun Zhi was already standing in front of a few judges.

Everyone thought that Yun Zhi would introduce herself first. Who knew that Yun Zhi would lower her head, making people feel that she was a little afraid to step onto the stage.

However, when Yun Zhi walked to the center of the stage, her somewhat afraid aura changed!

Her red arc rose slightly, as if she was an assassin in the midst of a massacre. She slowly raised her sharp eyes.

That pair of eyes that seemed to have red blood capillaries made all the judges and audience members tensed up in fear.

That playful half-smile made everyone’s hair stand on end.

At this moment, the young girl suddenly smoothed down that playful half-smile. She raised her head, as if she was a king. It was as if she was stepping on tens of thousands of skeletons. That simple.., a word that made one's heart skip a beat stood out just like that:

“Kill.”

At that moment, everyone present seemed to have seen odyssey walk out of the bloodthirsty skeleton film set.

That cold-blooded killer who had no humanity at all and was so cruel that it made one's hair stand on end!

If it was said that after Dong Lijie had played that role just now, this world-famous director, Mr. Milland, revealed a trace of a smile and applauded in front of everyone present.

However, at this moment, when Mr. Milland saw the “Timid” look on Yun Jian's face when he first went on stage, he sighed and moved his eyes away. He did not even bother to look at the Yun Jian.

At this moment, Mr. Milland's eyes were fixed on Yun Jian. His hand had unknowingly been tightly clasped on the corner of the judges'table in front of him. He stood up in a trembling manner.

Then, when everyone was impressed by Yun Jian's gaze, Mr. Millander suddenly stood up and stepped on the judges'table. He directly stepped on the judges'table and flipped out of the judges'table, jumping in front of Yun Jian, using words that no one present had expected, he excitedly spoke to Yun Jian in English:

“Ever since I entered the acting industry as a director, I have always wanted to create a role, and Ao Delao is the role that I have always wanted to create in my heart!

“But after working in the entertainment industry for so many years, there hasn't been a single actress, no, it's just that there has never been an actress who could bring out the killer role that I've always wanted to create with just one look!

“Please, you must act in the role of Aldous in this movie that I'm directing! Please!”

When Mr. Milland finished speaking, he even bent down and said these words to Yunjian in an extremely respectful tone.

This was a gesture that the highly respected Mr. Milland had never shown before.

At this moment, not only the residents who came to watch the show, but also all the people who came for the audition were all staring at the stage with astonishment.

Mr. Milland was an internationally famous director. Usually, the actors that he took a fancy to were either popular in the country or all over the world.

In the past, it was always the actors who begged Mr. Millander. Today, Mr. Millander actually went to beg for an audition newbie who appeared out of nowhere! ?

At this moment, everyone was stunned.

“This... how is this possible? She... She, she, she...” Dong Lijie clenched her fists and looked at the scene on the stage in shock.

“My Yun Jian ‘er has a halo around him. He’s not like some people who think their acting skills are superb. Why haven’t I seen director Milland begging you to play that role? !”

Chu Ning saw Dong Lijie’s shocked look and raised her voice, as if she was retaliating against Dong Lijie’s unreasonable words to Yun Jian earlier. She retaliated mercilessly.

After all this, Dong Lijie’s expression changed and her face turned even paler.

At that time, everyone only saw Yun Jian on the stage flashing a polite smile at Mr. Milland. “It’s my honor.”

...

The audition was over. There were not many roles to begin with.

Only Yun Jian, Dong Lijie, and a girl from the Tyrannosaurus team named Wei Yuke were selected.

Yunjian, Dong Lijie, and Wei Yuke were all tall, good-looking, and performed well in the auditions.

Therefore, it was not surprising that they were selected.

As for the others, of course, they could not really be sent back to China.

Liu Cheng had already thought of a countermeasure.

The members of the three teams who were not selected were sent to the film crew of Mr. Milland's director and became staff members.

Before they set off, Liu Cheng called the members of the three teams together.

"The success of this mission will depend on the three of you. I admit that Asura has some ability, but the education you received is not as good as Wei Yuke and Dong Lijie who returned from overseas, so you have to obey their arrangements.

"Also, your target is the big investor of this movie. The information is all here. This big investor is lustful, and even if you have to sacrifice your looks, you have to win his trust and get evidence of his drug trafficking!"

Chapter 2424: Chapter 2424 Dong Lijie is prepared to sacrifice herself

Translator: 549690339

Liu Cheng's words carried a leeway that did not allow anyone to refute or refuse.

It was not uncommon for ordinary female spies to sacrifice their looks for a complete mission.

This was because when a man was indulging in a woman's fragrance, it was easiest for a woman to coax him into talking.

Not to mention someone as lecherous as that big investor.

This big investor had practically infiltrated the entire entertainment industry.

Moreover, this big investor was the main culprit behind the drug trafficking that led the young girl into the path of falling.

Female spies were willing to sell their looks to complete such a mission, even if their efforts were not known by the world. There were quite a number of such selfless contributions.

However, there were none like Liu Cheng, who directly wanted the three girls who were selected to complete the mission even if they had to sell or sacrifice their looks.

They were usually voluntary and never forced.

Here, it had to be mentioned that the soldiers and spies who sacrificed for their country were the greatest existences in the world.

They might not be as dazzling as the celebrities in the entertainment industry, or they might not have the same beautiful appearance as the celebrities in the entertainment industry.

However, without them, the land under your feet would be a battlefield of smoke, not to mention the celebrities in the entertainment industry. During times of war, who cared if you were good-looking or not? Only those who could survive were the strong ones.

...

“Officer Liu... must you sell your looks? Can you use other ways to complete the mission...”

After listening to Liu Cheng’s last sentence, even Dong Lijie fell silent. She hesitated for a long time before she stammered out what she wanted to say.

“Unless you have the ability to not sell your looks and gain the trust of this big investor, as well as the evidence of his drug trafficking!”Liu Cheng said without any room for refutation.

To Liu Cheng, the most important thing was to successfully complete the mission.

This was completely different from GE Junjian and the other military officers.

If it were any other military officer, they would definitely let the members of the three squads complete the mission as much as possible under the premise of ensuring their own safety.

“Yes, officer Liu. I will absolutely obey and complete the mission!”Dong Lijie clenched her fists. There was a trace of tears in the corners of her eyes, but she said something that went against her heart.

Although Dong Lijie had targeted Yun Jian, she was only a woman after all.

Choosing to give up her innocence to complete the mission was a devastating blow to anyone.

“Alright, other than the three of them who succeeded in the audition, the rest of you will assist the three of them from the side. After the three of them join the crew tomorrow, you will follow them forward and backward as crew members.”

After Liu Cheng finished his words, he turned around and left without waiting for anyone to react.

Yun Jian blinked and didn't take Liu Cheng's words seriously.

If it was before, after Liu Cheng had asked Yun Jian to listen to his and Wei Yuke's arrangements, Dong Lijie would definitely take the opportunity to mock Yun Jian.

But today, Dong Lijie left in a daze.

...

At midnight.

On top of a building that was dozens of stories high.

Dong Lijie stood there, blowing a cool breeze as if she was waiting for someone.

Not long after, a tall and handsome figure appeared.

"Captain, you're here." Dong Lijie turned around and looked at Zhu Yao.

Although Zhu Yao didn't like the way she spoke to the members of the King's team, she was still very good to her team members.

"Lijie, why are you looking for me so late?" Zhu Ying asked.

"Captain, I..." Dong Lijie lowered her head and was silent for two seconds.

The next second, she suddenly walked up and hugged Zhu Ying's chest. The tears that she couldn't help but shed flowed down:

"Captain, I like you! If you want me to give my first time to someone else, I can't do it. Captain, Can I beg you... Just Once... Just for one night, I won't Pester You... Please!"

She was prepared to sacrifice herself for the mission.

Dong Lijie suddenly threw herself into his arms. Zhu Yao's heart skipped a beat, and he did not want to hug her back immediately.

However, when he heard Dong Lijie's words, Zhu Yao's heart, which had already skipped a beat, instantly froze.

"Lijie, could it be that you..." were prepared to sacrifice yourself? Zhu Yao could not say the last four words.

"Captain, please don't say it! As Special Forces soldiers, we should let those bad guys be brought to justice! Since I've joined this line of work, even if I have to sacrifice my life for the country, I won't hesitate!"

Although Dong Lijie looked down on some of the special forces in the country, and even looked down on Yun Jian and the King's squad.

But she was definitely different from Liu Cheng. She was a patriot!

After wiping away her tears, Dong Lijie suddenly said to herself in a seemingly mocking tone, "Hehe."

"The girl from the Asura and Tyrannosaurus squads are not suitable. I should be the only one to receive such an honor. Hehe, the two of them are trash!"

When she said this, Dong Lijie was extremely unwilling.

But she still made up her mind.

If there was to be a sacrifice, she would have to sacrifice herself.

And when she thought about how Yun Jian had two adorable children...

Yes, that's right. A woman like her, who was not suitable to be a special forces soldier, was not qualified to complete this mission!

So the only person qualified to complete this mission was her, Dong Lijie!

Zhu Yao didn't even know why he hugged Dong Lijie.

He clearly didn't like Dong Lijie, but he couldn't bear to reject her request.

Or perhaps it was because Dong Lijie had already been with him when he had just founded the most awesome team?

However, this was no longer important.

...

The next morning, Yun Jian woke up very early.

One floor of the International Intelligence Platform Center building was a specially built gym.

Yun Jian did not go out for a morning jog. Instead, he went to the gym for an hour.

When it was 6:30 am, everyone gathered at the door.

A group of people immediately went to the production team.

The production team had just started filming.

Because the actors had already been chosen, usually two days before the start of filming, the venue would be set up first.

Especially for some difficult movements in the drama, the director would ask a professional to teach the actors how to complete those movements.

When Yun Jian and the other two arrived, Mr. Milland had not arrived yet.

“You are all the new actors who auditioned yesterday, right? Gather over there,” a staff member glanced at Yun Jian and the other two and said to them.

Yun Jian and the other two replied and walked over.

The set was already filled with actors.

In this big movie, other than the female lead and the male lead, the rest of the roles would be played by new actors. Therefore, this place was already filled with newcomers who had auditioned.

As for the female lead and the male lead, they were both world-famous movie stars. They would only appear when they were needed. Moreover, the treatment they received was naturally not something these newcomers could compare to.

Yun Jian, Wei Yuke, and Dong Lijie waited here for a while before they saw Mr. Millander walk over from outside the set.

Beside Mr. Millander was a woman with heavy makeup. She did not look bad, and there was also a very handsome man who was enough to make girls chase after and adore him.

This woman was the female lead of this big movie. Her name was Shi Mifen.

And this handsome man was the male lead of this big movie. His name was Liu Junyu. Liu Junyu was a ZM mixed-blood, so there was no sense of discord for him to be the male lead and work together with the M country's big movie star Shi Mifen.

The only people who could walk side by side with Mr. Milland on this set were the female lead Shi Mifen and the male lead Liu Junyu.

Both of them were well-known in the International Entertainment Circle and had their own fans backing them up.

In the entertainment circle, the social status was very obvious.

Famous actors sat in the nanny van, and the assistants and agents beside them waited on them one after another.

However, if it was a simple extras, they would not be so particular. It was already very good to have a lunchbox when they were eating and to sit on the stairs with the lunchbox in hand.

This was the difference in treatment. There was no reason. This was the way of the world.

At this moment, Mr. Milland, Shi Mifen, and Liu Junyu were walking over. The people around them did not even dare to breathe loudly.

“Mr. Milland, you said that during the audition yesterday, you chose a new actor whose acting skills are better than mine. Who is that person? I really want to meet him!”

Just as the three of them were about to walk past the crowd, Shi Mifen suddenly spoke.

Shi Mifen was an international movie queen. She had once starred in a big movie called “Women can be heroes.” Because of her unique acting skills, coupled with the domineering aura of a queen that was difficult for outsiders to portray.., she became the second highest grossing movie in the world at that time, a result that almost no one could surpass.

This also allowed Shi mifen to become a movie star at the level of a movie queen, and she also gained a large number of fans.

Therefore, just now, Milland used yesterday’s Yun Jian to compare it with the movie that Shi Mifen starred in, which was difficult for outsiders to portray the domineering aura of the Queen.

“Look, it’s her!”After listening to Shi Mifen’s words, Mr. Millander pointed to the Yun Jian, then brought Shi Mifen and Liu Junyu to the Yun Jian.

“FEN, there are not many people in this world who can surpass the movie that you starred in. However, the superb acting skills that this little girl showed yesterday are incomparable to yours!”Mr. Millander said.

Speaking up to this point, Mr. Millander looked at the cloud paper with an expression of admiration. Then, he said,

“FEN, I plan to change the exit rate of your female lead and increase the exit rate of Aude. This is because this Aude is a character that I’ve been pursuing all my life. I Want Someone to act her out!”

When Mr. Millander said this, he didn’t feel that there was anything wrong with it.

However, anyone who was smart could see that when Shi mifen heard Mr. Millander’s words, she fiercely glared at Yun Jian with her sharp eyes.

Those eyes were so sharp that they seemed to want to kill someone.

“Is that so? As long as Mr. Millander is happy!”Shi mifen stared at Yun Jian and gritted her teeth as she said these words in front of everyone present.

However, the others could tell that Shi Mifen was holding a grudge against the cloud note.

Shi Mifen was a big shot at the level of an international movie queen! If she held a grudge against the cloud note today, she would probably be in big trouble in the future!

“Mr. Millander, can you please tell me why you are so persistent about the AO de profession? I mean the profession of a professional killer.”Liu Junyu asked after listening to Mr. Millander’s words.

This question attracted the attention of everyone around.

Dong Lijie, Wei Yuke, and all the new actors who had been selected as supporting roles in the audition yesterday, all focused their attention on Mr. Millander’s face.

Everyone wanted to know why Mr. Millander cared so much about the identity of Aulder as a professional killer.

“Actually, this isn’t something worth mentioning.”After Mr. Millander was questioned, he shook his head and revealed a bitter smile.

After he smiled.., he then said, "My mother was a professional assassin. After she fell in love with my father, she gave birth to me. However, before I grew up, she was surrounded and killed by the assassins sent by her organization. They said that she betrayed the organization."

As soon as he said this, the surrounding people stared at him in horror.

"Oh my God, Mr. Millander, your mother is actually a professional assassin!" Shi mifen could not help but put her hands, which were stained with red nails, to her mouth and exclaimed.

However, at the moment when everyone listened to Mr. Millander's words in disbelief and was stunned on the spot, a light and graceful female voice, which was enough to make everyone's eyes widen, suddenly sounded:

"Count the number of professional killers who were killed by the organization because they fell in love with each other.

"Mr. Millander, is your mother the woman who once dominated the world and ranked third on the International Killer Rankings twenty years ago, Mrs. Fanny?"

Chapter 2427: Chapter 2,427. I know her too

Madame Fanny was one of the first female killers to make the top 10 of the killer list in the last century.

Since ancient times, there were very few women on the internationally famous killer list.

The status of women was also quite low.

And Madame Fanny was one of the first female killers to make the top 10 of the killer list in the world.

Mrs. Fanny was very powerful. Yun Jian had already heard a lot about Mrs. Fanny before she started her mission.

Furthermore, there were rumors that Mrs. Fanny had a child with an ordinary person. That child was the famous Mr. Millander in the entertainment industry.

Yun Jian had heard about these things in the dark soul organization. In addition, she was an insider in the industry, so it was not surprising that she knew about these things.

Now that she heard Mr. Millander admit that his mother was a female assassin, she was even more certain of this relationship.

Shi mifen had just put her hands, which were dyed red with nails, to her mouth. When she heard that Mr. Millander's mother was a female assassin, just like the female assassins in the movies, she covered her mouth in shock and horror.

What were rich people and famous people most afraid of?

They were most afraid of being assassinated.

Professional assassins were such people.

Therefore, when Shi Mifen heard this, she was a little shocked.

Not only Shi Mifen was shocked, but everyone around her was also shocked.

However, at this moment, everyone heard Yun Jian's words again.

"What are you talking about! How could Mr. Millander's mother be the so-called Mrs. Fanny that you mentioned! Mr. Millander's mother has already passed away for so many years. You are a new actress, understand?"

Unlike when she heard that Mr. Millander's mother was a professional killer, Shi Mifen was stunned when she heard Yun Jian's words. Then, she immediately used the corresponding words to refute her.

This newcomer not only stole her appearance rate in the drama, she even used such unrealistic words to attract the attention of everyone present!

It must be known that a character in a movie or television drama had the highest appearance rate. Only then would they be able to be seen by the audience. Only then would their popularity be higher, and only then would they be liked by more people.

For actors, the most intolerable thing was to reduce their screen time in the movie.

Liu Junyu twitched the corner of his mouth and revealed a graceful smile. Then, he looked at Yun Jian and said,

"Little girl, it's not acting yet. You Can't talk nonsense. I heard Mr. Millander say that you can control a character like ao Delai at such a young age. You're really amazing!"

"You should go over there and memorize your lines."

Liu Junyu also thought that Yun Jian wanted to show her presence in front of Mr. Millander so that Mr. Millander could give her more scenes in the movie so that she could better show herself in front of the audience.

However, Liu Junyu, Shi mifen, Dong Lijie, Wei Yuke, and the others who were sitting not far away all thought that Yun Jian's words were just nonsense and made up.

Mr. Milland suddenly looked at Yun Jian with his deep eyes. He was silent for a while before he reacted and exclaimed,

“How do you know? My mother was Mrs. Fanny back then!”

After he said that, everyone looked at the seemingly ordinary girl.

There was no lack of beautiful girls and women on the set. Although Yun Jian was beautiful, people had different aesthetic standards.

A beautiful person always had people who liked her and those who didn't.

At this moment, everyone's eyes were fiercely looking at Yun Jian. Because of Mr. Millander's words, everyone present was stunned.

“Millander... No, the Mrs. Fanny she mentioned is really your mother! ?”A trace of viciousness flashed across Shi Mifen's beautiful face. She glanced at Yun Jian and said in a daze.

“Yes, it's absolutely true!”Mr. Millander nodded and didn't even look at Shi mifen. He turned to look at the cloud paper and said excitedly,

“How do you know about this? There aren't many people who know that my mother is Lady Fanny!”

As soon as he said this, everyone looked at the cloud paper.

They thought that the cloud paper would stutter and leave a suspense for Mr. Millander. They thought that the cloud paper was deliberately finding out about these things from some unorthodox methods so that it could have a sense of presence in front of Mr. Millander.

However, at the next moment, a beautiful sound came from the throat of the cloud note, causing everyone present to widen their eyes in horror:

“Not only do I know that your mother is Mrs. Fanny, I also know the assassin organization that sent assassins to surround and kill your mother back then.”

As soon as Yun Jian finished speaking, Shi mifen immediately exclaimed in shock, "How can you know the assassin organization! ?"

Dong Lijie and Wei Yuke, who were sitting beside her, also wanted to know this question.

Yun Jian was just a member of the King's squad in the army!

Even if she bragged about it, Yun Jian was only a member of a special squad that graduated from a military academy in the country. At most, she was the strongest existence in the King's squad!

How could she know the assassin organization that killed Mr. Millander's mother? ?

Or to put it another way, how could Yun Jian have anything to do with the assassin organization? ?

At this moment, even the international best actress, Shi Mifen, threw away her high and mighty attitude in front of outsiders. Her face suddenly turned pale.

Regardless of whether what Yun Jian said was true or not, since Yun Jian dared to say something like this, it meant that she definitely had something on her.

"Mr. Millander, there are a lot of flies around here. I wonder if you can invite me to your office to have a seat. There are some things that we can discuss in detail."

Shi mifen had just revealed a shocked expression.

This time, the male lead of the movie, Liu Junyu, was also looking at Yun Jian in shock. The moment Dong Lijie, Wei Yuke, and everyone around were staring at Yun Jian, Yun Jian suddenly kept them in suspense and no longer said anything in public, instead, he gestured to Mr. Milland.

"Good! Please come into my office. Let's sit down and have a detailed discussion! There are indeed a lot of flies in this place. In a few days, I'll buy a bottle of insecticide to drive them all away! Little girl, This Way Please!"

Mr. Milland respectfully bent his waist and invited Yun Jian in front of everyone.

Everyone around was shocked by Mr. Milland's action.

As an internationally renowned director, he had once directed a movie that broke the record for the highest box office sales in the world at that time. According to the legend, whoever was praised would become popular. Any international best actor or actress would bow down to him, Mr. Millander!

He was actually here, bending his waist to a young girl who was not even 20 years old!

By the time everyone reacted, Yun Jian had already walked far away from Mr. Millander.

Even the female lead Shi Mifen and the male lead Liu Junyu were completely ignored.

Shi mifen stomped her feet in anger.

"She seduced the director on her first day on the set! A Vixen!"

"She has the ability to request to enter the director's office in public. Do you have the ability? Who knows, she might one day become the female lead based on this!"

"Shh, Keep Your Voice Down. The best actress of our Shi Mifen is still here! Don't let her hear you!"

...

One after another, gossip after another suddenly sounded. That confident gossip made shi mifen's face even paler. She clenched her fists tightly, and her fingers dug into the flesh of her palm, so much so that her knuckles turned white.

In the corner, Dong Lijie and Wei Yuke watched Yun Jian and Mr. Millander leave in a daze.

They were not stupid. They should have realized by now that Yun Jian's action had caught Mr. Millander's weakness.

In this way, they were one step closer to the target, the big investor!

...

When she came out of Mr. Millander's office, Yun Jian saw that many people were pointing at her, but she did not care at all.

She used the exchange method to tell Mr. Milland which assassin group killed his mother.

Similarly, Mr. Milland also told her about the whereabouts of the big investors in the movie.

But whether it was the crew or the people outside, they all thought that she entered Mr. Milland's office and did something shady.

Of course, Yun Jian wanted this kind of effect.

Because only when outsiders thought so, the real content of her conversation with Mr. Millander in the room would not be noticed.

Two days passed peacefully like this. During these two days, other new things happened, so Yun Jian's grand feat of that day was gradually forgotten by people.

On the morning of the third day, the professional killer who was hired by Mr. Millander to shoot the role of Austen for Yun Jian was also hired to the set.

At this time, the other members of the three teams — Zhu Yao, Lu Yu, Tian Shuai, Chu Ning, and Chu Xiangnan — also joined the crew.

Unfortunately, after Chu Ning and the others joined the crew, they had to do the logistics work.

For example, when they needed to move heavy and large filming items, Chu Ning and the others took action.

To put it bluntly, what they did was manual labor.

"This is the way to execute a knife!" Yun Jian had just arrived at the set when she saw a middle-aged man standing behind Shi Mifen. He reached his hand out from behind Shi Mifen's back and placed it in front of her, teaching Shi Mifen over and over again.

However, anyone with a discerning eye would be able to tell that this middle-aged man had reached under Shi Mifen's arm and was holding Shi Mifen's wrist from behind. His arm touched Shi Mifen's chest repeatedly.

The lower body of the middle-aged man was also sticking close to Shi Mifen's back. His posture was extremely ambiguous.

“As expected of our movie queen Shi Mifen! She has already come into contact with a professional killer so quickly! In the future, she will have another backer in the circle!”

“This professional killer is someone who kills without batting an eye! In the future, whoever offends our movie queen Shi mifen, you must be careful of your head!”

...

The surrounding people started to talk again.

Needless to say, it could be known that the middle-aged man was the professional killer hired by Mr. Millander to teach the cloud tablet killer move.

The cloud tablet glanced sideways and saw through it.

What this middle-aged man taught Shi Mifen was indeed a killer move, and each move was fatal!

However, this middle-aged man was still lacking some skill! To put it bluntly, his strength was not enough.

Moreover, Yun Zhi could not see through this middle-aged man’s identity.

From this, it could be determined that this middle-aged man was not well-known in the world of assassins.

Yun Zhi blinked his eyes and did not mind.

“Mo Nan, this is the young lady that you want to teach. The filming period has been shortened. Can you teach her some simple killer moves within three days? I will pay you the reward according to the price previously agreed upon!”

At this time, Mr. Millander appeared. He stood in front of the crowd and pointed at the middle-aged man.

At this time, the middle-aged man came back to his senses from teaching Shi mifen.

“This is not the person I want to teach?”He asked and pointed at Shi mifen.

Mo Nan was the code name of this professional killer. His strength was not ranked in the world of killers. At most, he was a low-level killer.

“Of course not. She is the female lead in our drama!”Someone replied on behalf of Mr. Millander.

Upon hearing this, Mo Nan, who was already in his forties, raised his head with a cold and indifferent expression and cast a sidelong glance at Shi mifen.

It was very obvious that the people who thought that Mo nan was taking advantage of Shi mifen immediately reacted.

So it was Shi Mifen who lied to Mo Nan and said that she was the person he wanted to teach! ?

In fact, that was also the case. In order to make others think that he was the best actress, Shi Mifen pretended that any man would be attracted by her beauty and deliberately touched Mo nan with her breasts and buttocks.

Mo Nan was probably the kind of person who was not interested in ordinary things. He could not be bothered to avoid Shi Mifen's actions.

Other than his strength, which was not particularly strong in the world of assassins, although Mo nan was already in his forties, it was not difficult to see that his exquisite facial features were quite good when he was young.

When he heard that Shi Mifen was not someone he wanted to teach, Mo nan was too lazy to say anything unpleasant.

He walked directly to Yun Jian and said to Yun Jian as he did to Shi mifen just now, "Please let me touch your wrist and check your bones. Stick to your clothes, I won't touch your hand."

There were still some taboos between men and women.

The cloud paper was not pretentious. She reached out her hand.

When the people around saw this, because they had seen the sequence of Mo Nan's killing moves at Shi Mifen's place, they felt that the novelty was gone, so they all dispersed.

Dong Lijie, Wei Yuke, and the other three team members who were here to help also dispersed.

However, just as the people were about to disperse, Mo Nan, who had checked the cloud paper's bones through the thick clothes, suddenly changed his usual indifferent expression. In front of everyone present, he raised his head to look at the cloud paper and said in shock,

"Your bones... Don't seem like something an ordinary person should have! Just from your bones alone..."

“Young Lady, have you ever been an assassin or a special agent before? Forgive me for being blunt, but I don’t think I have the qualifications to teach you anything else!”

When he said this, Mo nan himself was stunned for a moment.

From a person’s bones, one could see a person’s talent.

Whether or not this person was suitable for martial arts, as long as it was someone who knew the trade, they would be able to see it.

As the saying goes, a person’s achievements depended on whether or not the person was willing to work hard.

But before that, one must not forget one point.

The hard work of the day after tomorrow could indeed turn trash into a genius, but when a group of hardworking geniuses competed to see who was stronger and who was weaker, talent would decide whether or not a person could shake off the group of hardworking geniuses, ascend to the throne of the strongest.

Mo nan not only discovered that Yun Jian’s talent was extremely high from her bones, but from her bones, he could tell that she was definitely a martial artist!

Moreover, to be able to train her bones to such an extent, she was nothing more than an assassin!

“She’s an assassin or a special agent! She? How Old is she! She’s still in school, right?” Shi mifen would never believe that Yun Jian was such a terrifying existence.

Especially after hearing Mo nan’s last sentence, “I don’t think I have the qualifications to teach you anything else.”.

Not only was Shi mifen shocked, even Liu Junyu, Dong Lijie, Wei Yuke, and the other three teams present, but the members of the small team who acted as logistics staff, including Mr. Milland, and the people on the set, were all stunned on the spot.

Everyone’s emotions rose to the highest point in an instant.

“No wonder you acted so thoroughly during the audition earlier! Could it be that you’re a professional killer yourself! ? ...”Mr. Milland exclaimed in front of everyone.

This shock was exciting to the surrounding people, but to the members of the three teams, especially Dong Lijie and the others, they even wanted to strangle Yun Jian.

The big investor was a smart person. Although Yun Jian did not reveal his identity as a spy, it was no different from revealing his identity as a spy!

She was crazy!

“Other than professional killers or agents, people who want to learn martial arts should also be able to possess such unique bones. It’s an honor to meet you, Mr. Assassin. My name is Luo Yi, the 39th generation martial arts descendant of Z Nation.”

Yun Jian spoke in public when everyone around her thought that she had something to do with the assassin.

Luo Yi was a fake identity created by the Army for Yun Jian.

As for the 39th generation martial arts descendant of Country Z, this identity had already been created before they came.

“Haha, so you are the martial arts descendant of Country Z. No wonder you have such unique bones! But I believe that your strength doesn’t need me to teach you anymore. Mr. Milland, this mission is canceled Midway! Mo Nan will take his leave!”

After Mo nan Heard Yun Jian’s words, he cupped his hands at Yun Jian and turned around to leave.

At this time, the surrounding people realized that Yun Jian was not a professional killer or agent.

However, the surrounding people were still somewhat curious about the identity that Yun Jian had fabricated.

However, professional killers and martial arts descendants did not give people the feeling that they were on the same level.

One was a professional killer, while the other did not know how to kill.

This farce was over.

In the production team’s warehouse.

Dong Lijie took the place of the most powerful team and called Yun Jian here. She told Yun Jian that she was too high-profile to complete the mission.

However, Yun Jian was too lazy to listen. She turned around and left the warehouse.

Just as Yun Jian left the production team's warehouse, a young girl walked towards her.

This young girl had her head lowered. No one knew what she was thinking. When she walked towards Yun Jian, she almost bumped into Yun Jian.

Yun Jian avoided her.

The young girl also steadied herself. She raised her head shakily and wanted to speak to Yun Jian. "I'm sorry..."

But when she raised her head, the young girl was stunned.
