

The Schoolgirl Secret Agent - Chapter 2451 - 2482

Chapter 2451: Chapter 2451 "Your mistress, Pretty Boy."

Translator: 549690339

She had known Yuan Lin from Yezhi for four years.

When Yezhi was still Qin Yiru's daughter, she was dragged into the toilet and beaten up by Lin Mengyu and the others. She had no desire to live. After she died of anger, she was reborn into this body.

It had been at least four years!

When she was reborn into this body, Yezhi had already known Yuan Lin.

From then on, Yezhi would tell Yuan Lin everything that was bothering her. Yuan Lin never cared about these things. He ignored her and did not respond. He just listened to her quietly.

Yuan Lin was an immortal cultivator and not an earthling. This was true.

Yezhi also knew.

Yezhi also knew that Yuan Lin came to earth for the sorcerer God and the Divine Lord.

And Yuan Lin's identity was also the most supreme existence in the world of immortal cultivators.

As for his true identity, Yuan Lin had never said it.

She and he were like floating clouds in the sky, like mud that was casually trampled on. There was a world of difference.

He was a god revered by tens of thousands of people, and she was just a puppet.

A puppet that was created by someone, and was even incomplete.

Her birth was a mistake.

In these four years, Yuan Lin had never saved her when she was being bullied.

At most, after she was beaten up, she would ask, "Is everything okay?"

Therefore, ye Zhi had never expected Yuan Lin to save her.

Just now, Ye Zhi was fully prepared to be beaten up by sister Lou. She was so afraid that she did not dare to watch sister Lou beat her up.

But when she saw Yuan Lin's face instead of sister Lou's face, Yezhi was stunned.

Sister Lou was dragged to the side by Yuan Lin and was directly knocked unconscious by Yuan Lin.

At this time, Yezhi also stood up. She looked at the scene in front of her in a daze. It took her a long time to react. Then, she opened her mouth to Yuan Lin:

"Thank... Thank you..."

...

At the five-star Sheraya Hotel.

In the private room.

Milland and these big investors hadn't left the private room yet.

"I wonder how brother Galvin is doing now. Hehe! That tender girl, isn't she fun? I'll take her as My Mistress Tomorrow!"

An investor said in a lascivious voice.

"If you need her, I'll immediately call one for you." Milland laughed loudly and said boldly.

"Alright, then thank you, Brother Millander..." the investor did not stand on ceremony and spoke out immediately.

In their words, the young girl was not a human.

She was just a tool used for trading!

However, before this investor could finish his words, a few flashes of blade light suddenly flashed.

Other than Millander, the few investors beside him, as well as the investor who spoke in a lewd voice just now, all fell to the ground.

When Milland saw this, he was so frightened that his expression changed. He immediately stood up.

A small group of members had already rushed in from the door. Their methods were very skilled. They cooperated with the leader of the group, who seemed to be in her teens, to subdue Milland.

Not long after, a beautiful girl walked in from outside the room.

Behind the girl were three members of the special forces.

The ones who led the charge were the tanuki and a group of assassination team members who had been sent here by Yun Zhi.

The ones who came in later were Yun Zhi and the three members of the special forces.

After subduing Milland, Yun Zhi crossed his arms and walked over. He looked at Milland and said, "Mr. Milland, How Have You Been?"

"What do you mean?" When Mr. Milland saw this, his heart skipped a beat.

"The mastermind of drug trafficking in the entertainment industry is actually you!" Lu Yu looked at Millander and said fiercely.

Seeing that his conspiracy was seen through, Millander's expression suddenly changed. He looked at the cloud note and laughed weirdly:

"So you've seen through it, Hehe! But it doesn't matter, I've long seen through that you're a spy for the police! Who asked you to be so sharp! I Can't wait for the world to know your strength! As expected, you're still a rookie in the police force, how stupid!

"And this afternoon at the supermarket in Amazon Mall, my subordinate reported an interesting matter to me.

"I didn't expect you to keep a gigolo and give birth to two children. They even came here to look for you! "Don't you know that when you meet your family during a mission, it's practically leaving your flaws to me! I, Millander, have never seen such a stupid police undercover!"

"Hehe, I advise you to let me go. Otherwise, the man you kept and your two children will become cute corpses!"

Chapter 2452: Chapter 2452. If anyone dared to touch his child, he would kill them all

Milland had already been subdued by the tanuki. At this moment, he was tied up on a bench beside the dining table in the private room.

The investors who had spoken to Milland just now had all fallen to the ground. No one knew if they were dead or alive.

Although Milland was tied up on a bench, he looked at the cloud paper without any fear. He looked as if he had caught the handle of the cloud paper.

Obviously, Milland thought Si Yi was Yun Zhi's gigolo, and that the two children were secretly born by Yun Zhi himself.

Since Milland dared to say this, it meant that Milland must have sent people to capture Si Yi and the two children.

Moreover, looking at Milland's aggressive appearance, he was probably confident that Si Yi and the two children would be caught by his people.

After all, if he was caught, it would be the most fatal weakness for a spy.

Millan de laughed as if everything was under his control.

"You actually have a child! ?"

After Millan de finished speaking, Lu Yu was the first to react. He glared at Yun Jian and cried out in shock.

If it was anything else, Lu Yu would have pretended to be an elegant young master and then used very personal words to criticize Yun Jian.

But Yun Jian already had a child!

And there were two of them!

This news was so shocking that Lu Yu wasn't the only one who was stunned. Even the members of the T-rex squad, the strongest squad, and the six members of the King squad were all stunned.

"That's great! You've already given birth! I was wondering where you've been all this year. It turns out you've been giving birth!" Chu Xiangnan was the first to react. He said to Yunjian with a laugh.

"Congratulations." Liu Shiyun nodded calmly at Yunjian.

"Wow! A baby! Yun Jian 'er, when this mission is over, you have to let me pinch your baby's cheeks right away. I want to know if the baby's skin is really like what you said, able to pinch out water!" Chu Ning exclaimed.

"That's right." Jiang Weiwei winked at Yun Jian.

Fang Xiaoran and Hongfan from team king also expressed their joy on the spot.

Milland: "...her teammates should have scolded her for bringing her sugar daddy and child to country M and interfering with this mission! What was going on!

Milland was completely dumbfounded.

The members of the King's Party naturally knew that Si Yi's identity wasn't ordinary.

However, the members of the Tyrannosaurus party and the most awesome party didn't know that.

"Asura, how could you make such a low-level mistake! I Don't care if you have a child or a sugar daddy. It's all thanks to you that we were able to capture the person we wanted to capture so quickly!

"But you actually... brought a burden here! You really... Do you know that the thing we're most afraid of is being caught! You're going to cause the death of your man and your child!

"And I've been tolerating you for a long time! You've just joined the cast and you're already showing off. You Can't wait to let everyone know your strength and your identity!

"Now... You're here to cause trouble on purpose, right? I'll definitely report this matter to officer Liu and have him kick you out of the Advanced Special Forces!"

A girl named Huang Meiling who used to be very quiet in the most awesome team finally lost her cool and started yelling at Yun Jian.

Was she really a member of the special forces? ! Did she treat the mission as a child's play? !

However, just as the girl named Huang Meiling finished her sentence, Milland heaved a sigh of relief. Once again, he thought that he had completely found Yun Jian's weakness.

The door to the semi-mystical realm was kicked open by a long, slender leg.

A handsome figure broke through the door. The owner of this figure was holding a baby in each hand. His sharp eyes scanned the scene before he said in a cold voice,

"A trashy director from the M nation's entertainment circle actually dared to send people to attack my child. From today onwards, all the upper-class people who have a slight relationship with you, Millander, have been listed on the Dark Soul Organization's kill list! Not a single one is spared!"

Translator: 549690339

Naturally, it was Si Yi.

It had only been a short time since Milland sent people to capture Si Yi and the two children.

Especially for the two children, Milland had no intention of letting them live at all.

He sent people to use knockout drugs to knock out the two children first.

These were only five and a half months old children!

The children's bodies were not fully developed yet. They were injected into the air with knockout drugs in an attempt to knock out Si Yi and the two children.

Of course, the two children could not withstand it.

They had already fallen into a deep sleep.

They were nestled in Si Yi's arms.

The two children were only five and a half months old. Although Si Yi had only inhaled a tiny bit of the smell of knockout powder and discovered the source, they were only children after all. There would definitely be an impact.

Don't look at how Si Yi usually grabbed and grabbed the little ones. If someone really dared to make a move on the little ones and the little girl, Si Yi would absolutely not allow it.

Although these two little ones usually prevented him from being intimate with Xiao Jian, the existence of these two little ones was proof of his love for Xiao Jian!

Even if this point was not mentioned, the two little ones were indispensable existences!

They actually dared to touch his children?

"Ha, brother Yi is here. I told you, how could someone as powerful as brother Yi threaten our cloud paper!"

Chu Xiangnan saw Si Yi and chuckled. He even casually picked his teeth in front of the dumbfounded director Milland, as a sign of provocation.

After picking his teeth, Chu Xiangnan walked up to Si Yi with a laugh. He patted Chu Ning and the two went over to help Si Yi carry the two sleeping children in his arms.

Si Yi was no stranger to Chu Ning and Chu Xiangnan.

After the two children were carried away by Chu Ning and Chu Xiangnan, Si Yi's cold eyes stared straight at Milland in the private room.

Yun Jian's eyes twitched when she saw the two children being drugged by the men sent by Milland.

In the next second, Yun Jian suddenly took out a pistol from her waist. She twirled it around and aimed the muzzle at Milland's thigh. Without any hesitation, she shot Milland's thigh with a bang.

"This shot is a gift to send you to touch my child, touch my bottom line, and be about to go to Hell."

This shot exploded the meridians in Milland's thigh, directly crippling Milland's thigh.

"Ah! ! ! Ah Ah Ah Ah! ! !"

After the shot landed, Milland, who had not reacted from Si Yi's statement that the upper-class people who had a slight relationship with him had already been listed on the Dark Soul Organization's kill list, screamed loudly.

Because his hands and feet were tied, Milland could not even hug his thighs and roll around in pain.

In less than half a minute, the sweat from the excruciating pain had already covered Milland's forehead.

"You are Asura's Man! ? What does it mean to be listed on the Dark Soul Organization's kill list! Don't tell me you know someone from the dark soul organization!"The female voice named Huang Meiling, who had just criticized Yun Jian, looked at Si Yi, she frowned and asked in surprise.

Huang Meiling asked everyone's questions.

But Si Yi ignored her.

"Young Master!"At this time, a calm and handsome man walked in from outside the door. He walked to Si Yi expressionlessly with a sack in his hand.

The man was Morson.

“Open it,” Si Yi said coldly.

The sack was opened, and a body was thrown out.

When he saw the dead body, Milland’s face turned pale. He screamed in shock, “Gu Li! Gu Li! You actually killed Gu Li! Who Are You? Who Are You? !”

Gu Li was the boss of M Nation’s underground black market.

At the same time, he was Milland’s biggest partner.

The two of them coexisted.

The reason why Milland dared to kidnap a little girl to enter the entertainment industry and sell drugs was because his backer was Gu Li.

But how long had it been! ? This man actually sent people to deal with the underground black market boss of M Nation! ?

He, he, he, who was he! ?

Wasn’t he just a gigolo! !

Chapter 2454: Chapter 2454. This was the truth

Translator: 549690339

Tani was the boss of the M nation’s underground black market.

Tani’s identity and status were not as simple as the boss of the M nation’s underground black market.

Tani’s brother-in-law was an international first-class arms magnate. The strength and power of his subordinates were among the top existences in the global underground black market!

Millander’s backing in the valley was his capital!

That was why Millander dared to smuggle drugs and do bad things in the M Nation’s entertainment circle.

Millander’s biggest backing was the valley. Without the valley, he was nothing.

As for the valley, his backing was even more powerful than the valley’s brother-in-law, the first-class arms magnate, Kaimi!

Kaimi was the biggest backer of Milland and Guli.

But Guli was protected by Kaimi.

In other words, it was almost impossible to kill Guli.

Even on the international list of Spy Killers, there were not many people who had the confidence to kill Guli.

Not to mention, in just a few short hours, he had killed and brought the corpse of Guli here!

“Who the hell are you! Who the hell are you!” Milland had even forgotten the pain of being shot in the thigh. He screamed crazily at Si Yi. His pupils almost opened wide at the same time.

“If I’m not wrong, your mother, Mrs. Fanny, was also an actress in the entertainment circle from the beginning.” Just when everyone was shocked by the scene in front of them, the voice of the cloud note suddenly came.

The moment he heard the sound of Yun Jian’s voice, Milland was like a deflated balloon, instantly paralyzed.

Gu Li was dead, and his backing had been completely destroyed.

Even if he was not caught by the police, he had no motivation to continue living.

“Regarding your mother, Mrs. Fanny’s background, although it had been completely sealed off in the international circle twenty years ago, outsiders could no longer find out anything about your mother, Mrs. Fanny’s past.

“Unfortunately, I know about your mother, Mrs. Fanny’s past

“Mrs. Fanny, she used to be a girl with a dream. She also entered the entertainment circle. She wanted to rely on her own strength to one day become an international movie queen.

“Unfortunately, she was led astray by an investor who sold drugs in the entertainment circle like you.

“After that, she took drugs, was forced into prostitution, had unspoken rules, and was eventually caught in an assassin organization. Mrs. Fanny was forced to become an assassin.

“But unlike other assassins, Mrs. Fanny had the potential to be an assassin. After she became an assassin, she tried her best to control her drug addiction.

“She met your father by accident, and the two of them fell in love and gave birth to you.

“However, when she thought that she could live a normal life, she met the investor who had brought her into the entertainment industry and forced her to take drugs and prostitution.

“So, your mother was not killed by the assassins sent by the assassin organization she was in, but by drugs.

“The information released by the outside world was forcibly fabricated later.

“As for you, the reason why you copied the investor who harmed your mother and sold drugs in the entertainment industry was because you were unwilling to let your mother be harmed by others.

“That investor was eventually captured by the police. You were unwilling to accept that all the bad things in the world had been suffered by your mother alone. On what basis did other young girls who had just entered the entertainment industry have the ability to survive peacefully in the entertainment industry with their own abilities, while your mother had to suffer such a fate.

“So you copied that person and sold drugs in the entertainment industry just so that thousands of young girls could experience the pain your mother had suffered in the past.

“You’re just satisfying your own selfish desires, unwilling to accept your miserable childhood, and using your own way to take revenge on society

Chapter 2455: Chapter 2455 yun Jian suddenly pulled his belt

This was the truth. The reason why Millander sold drugs crazily in the entertainment industry was not only to make money, but also to satisfy his own selfish motives.

To be honest, with Millander’s status, what did he want?

He once directed a movie that broke the highest box office record in the world at that time.

He did not lack money.

He knew the underground black market’s boss, Gu Li. It was all based on his own ability.

He did not lack power either.

Milland was only doing it to satisfy his own selfish desires. He felt that his mother had a miserable life because of her involvement in the entertainment industry.

Why was his mother dead, and the investor who had once harmed his mother was caught?

Milland was unwilling to accept this. He wanted to let all the girls who had dreams and wanted to enter the entertainment industry know. What BULLSH * t Dream? Go to hell!

Milland had no mother since he was young. This kind of mentality belonged to a psychopath. In other words, his mentality had been twisted since he was young.

The words of Yun Jian entered the ears of everyone present. Everyone was stunned when they heard Yun Jian's words.

"You, how do you know! How do you know!" Milland had been completely paralyzed just now. When he heard the words of the cloud note, he suddenly raised his eyes again and stared at the cloud note.

The greatest pain in the depths of his memory had been exposed. Milland did not hide it anymore. He laughed out loud, "That's right, that's right! Why should my mother die? Why didn't I have a mother's love since I was young!

"Hahaha! I want them to experience what my mother went through. I want them to know that there isn't such a lucky thing in this world that can be obtained so easily! What one shot to fame? What unexpected fame! All of these require a price to be paid! Hahaha!"

Millander laughed, and a string of tears flowed down from the corner of his ferocious eyes.

Millander was pitiful, but there must be something detestable about a pitiful person.

No one could trample on a young man with dreams because their psychology was satisfied.

One must be wary of others. Once one was addicted to drugs, one would be doomed for life.

No matter how strong a person was, once he took drugs, he would be doomed. No one could break this law, so one must be careful in everything.

They absolutely could not eat the food given by others, because there was no free lunch in this world. The Strangers who gave you a free lunch were most likely up to something.

Milland was completely caught by the police.

Naturally, Galvin, who was an accomplice, could not escape the punishment of the law.

...

After Milland and Galvin were caught, Yun Jian did not even have time to look at the faces of the T-rex squad and the most awesome squad, nor did she have time to meet with Officer Liu. She carried the two children and returned to Longmen city in Z country overnight with Si Yi.

The little girl and the little guy were drugged for a period of time. They were fine, but Yun Jian still watched them for fear that something might go wrong.

It wasn't until three days later that the little girl and the little guy returned to normal.

Just as the two little guys returned to normal, the little girl kicked Si Yi's face.

But Si Yi's eyes were full of love.

On this day, Qin Yirou took the little girl and the little guy out.

There were only Si Yi and Yun Jian in the room.

Yun Jian stood by the window. Just as he saw Qin Yirou take the two little guys out and disappear at the door, she reached out and pulled the curtains.

Si Yi was quietly flipping through a book on weapons.

Just as Si Yi was quietly flipping through the book on weapons in his hand, he suddenly felt a figure pouncing on him and pressing him onto the bed.

Yun Jian sat on Si Yi's lap and without saying a word, reached out to pull his belt..

Chapter 2456: Chapter 2456 his little note was very active

The room was pitch black. Although it was daytime, the curtains were drawn by the cloud note, and the Sun could not shine in from outside.

Si Yi, who was pushed onto the bed by the cloud note, was stunned. The next second, his little note reached out and pulled on his belt.

Si Yi was stunned. When did his little note become so open?

Unexpectedly, Yun Zhi sat on Si Yi's lap and pulled off the belt on Si Yi's pants. She held onto the belt and did not want to continue doing bad things. Instead, she supported Si Yi's stomach and stood up.

"My mom said that our engagement party will be held in two days. I'll take this belt first and use it to refer to my waist circumference." Yun Zhi took the belt from Si Yi's waist and gestured to Si Yi, he stood up and was about to walk out of the door.

He thought that he had misunderstood, but his little piece of paper was not...

Si Yi pulled his handsome lips, and his every move carried an extremely strong possessiveness.

At this moment, Yun Zhi had already obtained Si Yi's belt and was holding it as he walked out of the bedroom.

Just as he opened the bedroom door, before Yun Zhi could open the bedroom door wide enough for her to walk out of the bedroom, the door was blocked by a large skeletal palm that stretched out from behind her and closed with a bang.

Si Yi stood behind Yun Jian and stretched out his handsome hand to block the door that was an eyesore. He hugged her from behind Yun Jian and bent down slightly. He put his head next to Yun Jian's ear and smiled evilly.

"Little Jian, don't you know what it means to randomly pull a man's belt?"

His thin lips gently pressed against her earlobe, and that soft and numb voice rang in her ear.

The itchiness made Yun Jian's whole body tremble.

Si Yi pressed his thin lips against Yun Jian's ear and shamelessly expressed his love to Yun Jian.

He had thought that his little jian would be so shy that his face would turn red.

However, Yun Jian, who had been slammed against the door by Si Yi, suddenly turned around. She held the belt that she had just pulled out from Si Yi's pants with one hand and gently grabbed Si Yi's collar with the other hand.

At the same time, her body leaned toward Si Yi.

Yun Zhi had just turned around and slightly twisted his body, leaning toward Si Yi in an extremely seductive position. The flexibility of his body was even more sexy than the dancing beauties in the nightclub.

“Today, I’m on top.”

These five words were completely different from before, but they were filled with a domineering air.

It made Si Yi’s eyes reflect a sharp glint.

Ever since the first time he and Xiao Jian had met, which time had he not taken the initiative? She was shy.

Si Yi had already gotten used to her shyness in front of him.

But who would have thought that his Xiao Jian would actually say such alluring words today.

As soon as he said this, the belt in Yun Jian’s hand slid to the ground. She did not care where the belt fell to the ground. She pressed her hand on Si Yi’s chest and retreated to the bed not far away. She pushed Si Yi onto the edge of the bed once again.

She sat on Si Yi’s lap just like before.

“Xiao Jian...”si yi called out in a daze.

This was the woman he loved the most. Now that she was sitting on his lap, she took the initiative...

Yun Jian leaned over and gently covered Si Yi’s mouth. He leaned against his ear and whispered the word “Shh.”.

That light word had an endless amount of imagination.

Before Si Yi could recover, she had already taken off her loose coat.

Unexpectedly, what she wore under that loose coat was a sexy lingerie that only vaguely covered an important part of her body...

Chapter 2457: Chapter 2457 yun Jian said, “Take you home.”

Translator: 549690339

Zhi Si Yi’s belt was indeed required by Qin Yirou, because the engagement party between Zhi Si Yi and Yun Jian would be held in a few days.

The two of them had even given birth, and they had done all that they should and shouldn’t have done. Even if Yun Jian was not of the legal age to obtain a marriage

license in country Z, he still had to get engaged first. This was also the practice of people who married early in the countryside.

However, Yun Jian's belt was not just to complete the task Qin Yirou had given him.

As for turning around and leaving the bedroom just now, it was because Yun Jian had already known that Yun Jian would come forward to stop him.

Yun Jian had never expected that Yun Jian would wear such a popular sexy lingerie in his loose coat.

The nineteen-year-old Yun Jian was already the mother of two five-and-a-half-month-old children.

However, just from her figure alone, it was impossible to tell that Yun Jian had already given birth.

Her perfect abdomen that did not have the slightest bit of fat, coupled with her ridiculously large breasts, as well as her pair of bare, white and long legs that were only left with an important part wrapped in short clothes.

At this moment, Yun Jian did not even need to ask if it was possible to tell that she had already given birth to two children. Even if it was said that she was still an eighteen-year-old virgin, no one would not believe it.

That seductive and charming figure made Si Yi's lower body tighten.

Just a little more and the blood from Si Yi's nose would have spurted out. Fortunately, Si Yi's willpower was strong.

From the beginning to the end, it was all Yun Jian.

Even when Si Yi saw that she was tired and wanted to turn over, she was pressed onto the bed by Yun Jian and refused to give up her position.

In the end, Si Yi really enjoyed it.

Although the cloud paper had always been on the side that contributed, she did indeed feel the nourishment of love.

...

M Country L city.

The cloud paper was worried about the two little ones and left in a hurry, so she did not have time to bring Yezhi back.

Yezhi waited for the cloud paper in her own residence for three whole days. On the fourth day, she held the hair clip that she thought the elemental purlin was going to give to the cloud paper, and the bracelet that she had woven with grass and planned to give to the cloud paper as a gift, she hugged her knees and sat at the bottom of the stairs.

She buried her head in her knees, feeling lonely.

She had just come back from the set and heard that the cloud paper had...

"She's gone." A thick male voice came from behind her. It was obvious that the owner of this male voice was Yuan Lin.

Ever since Yezhi told Yuan Lin that she had a friend, he did not have to come to her often anymore.

Yuan Lin found ye Zhi even more frequently than before.

"She said she would take me away..." ye Zhi hugged his knees and spoke softer and softer.

Didn't she say she would take her away from here...

Was it because she was just a puppet, so she did not want her anymore...

Yuan Lin did not know what was wrong with him. He had heard ye Zhi say that cloud note would come back and take her away countless times.

He felt inexplicably frustrated.

If the cloud note took ye Zhi away, he would not come to find ye Zhi for a long time.

Because once he appeared, the sorcerer God and the Divine Lord would definitely notice his existence.

And now was not the time for him to meet the sorcerer God and the Divine Lord.

To put it bluntly, Yuan Lin was still hiding from the cloud note and Si Yi.

Therefore, Yuan Lin instinctively did not want the cloud note to appear.

"No! She will definitely come! She will definitely come!" Ye Zhi suddenly held the two things in her hands, stood up and said firmly.

"Squeak—" at this time, the door opened.

Including the time, sister Lou was almost back. Ye Zhi hurriedly squatted down.

But just when ye Zhi thought sister Lou was back, a familiar voice suddenly came from outside the door, "Ye Zhi, I'm here to take you home!"

The sound of the cloud note suddenly came from the door. As soon as the sound was heard, Yeats jumped up in excitement almost at the same time.

With a bang, because she was too excited, Yeats accidentally hit the top of the small attic on the very low stairs. She cried out in pain.

But because of her excitement, Yeats did not care that her head was hit hard by the top of the small staircase wall.

She stood up excitedly and ran out of her "Little bedroom". When she saw Yun Jian's beautiful and delicate face, she almost jumped up in excitement.

"Yuan Lin, look, she's Here! She really came to pick me up!" In a moment of excitement, Yezhi turned around and ran back to the bottom of the stairs, trying to convey her joy to Yuan Lin who was sitting on her bed.

However, Yuan Lin was nowhere to be found.

He... left...

...

After taking Yezhi back to Longmen City, she let Yezhi stay at GE Junjian's house.

After telling Qin Yirou everything Yezhi said and everything she knew, Qin Yirou was obviously shocked.

After all, this was extremely complicated, and it was impossible to explain the whole story with normal logic.

But in the end, Qin Yirou still understood.

Yun Jian was her child, and should have been from the start.

And Yezhi had also been Yun Jian's child for fifteen years.

Both children were hers. On this point, Qin Yirou did not have any thoughts of not being able to accept the truth.

Now, Yun Jian could be considered to have left the court. He had found his beloved and moved to he siyi.

Yezhi was not out of court yet, so she continued to live in GE Junjian's house as Qin Yirou's daughter.

When Yezhi and Qin Yirou met each other, they hugged each other and cried and screamed. Yunjian hugged his chest and held his forehead.

Those who didn't know would think that Yezhi and Qin Yirou's lover, who had been separated for more than ten years, were crying and screaming when they met again.

...

After doing all this, Yun Jian went to the army.

Last time, she came back early because of the two little guys.

Other than Yun Jian, the members of the three squads stayed in country M for a few more days.

This time, Yun Jian came back with the king squads, the Tyrannosaurus squads, and the most awesome squads.

After bringing Yezhi home, Yun Jian went to meet up with the members of the three squads. Each squad had seven people, and each squad had 21 people.

The mission was completed. They still needed to report the details of the completion of the mission to officer Liu.

However, this time, they had captured a major criminal who harmed girls in the entertainment industry. This was a great achievement for the higher-ups.

Because this time, they had captured an international major criminal, Yun Jian and the others were representing the z nation in the battle.

The real-time battle achievements of the Z Nation's special forces were also recognized globally.

At this moment, Yun Jian and the others had already returned to the army.

When officer Liu had sent Yun Jian and the others to country M's City L, he had returned to country Z first because he was afraid that Yun Jian and the others' identities as spies would be exposed.

When he saw Yun Jian and the others, officer Liu almost directly ignored the seven members of the King's Party and spoke to the members of the Tyrannosaurus party and the most awesome party:

"You've worked hard! This mission was completed so quickly, and you can even break the global record of the special forces completing extremely difficult missions!"

"You guys are really talents! Talents! To complete such a difficult mission in just a few days! Even the strongest special forces in the world probably don't have the ability to do so! As expected of the special forces that returned from overseas! Impressive!"

Among them, there was a deep contempt for Yun Jian and his team.

However, as soon as officer Liu said this, all the members of the Tyrannosaurus team and the most awesome team lowered their heads.

"What's wrong? ! You guys are the ones who broke such a great honor. Be More confident and raise your heads!" Officer Liu said proudly.

However, right after officer Liu said this, Marshal Tian took the lead and lowered his head to speak to officer Liu:

"This mission can be completed so quickly... it's all thanks to the meritorious deeds of the king's team's Asura. The king's team assisted from the side, and we... weren't able to intervene at all..."

When Marshal Tian said this, all the members of the Tyrannosaurus squad and the most awesome squad lowered their heads. Because of shame, none of them dared to utter a single word.

As soon as these words were spoken, it was as if someone had used a heavy hammer to ruthlessly cut off officer Liu's head. He was stunned on the spot.

"What did you say? This mission, the T-rex squad and the most awesome squad, the two teams that returned from overseas and graduated from the most powerful Special Forces Academy in the world, weren't able to intervene at all! ?"?

"The mission can be completed! The mission can be completed so quickly... this, this, this is all the contribution of Asura of the King's squad!"

"The contribution of the members of the King's squad from the side to assist... ! ?"

After officer Liu heard Marshal Tian's words, he seemed to have received a huge blow. He was so scared that his face turned pale, and even his lips and teeth began to tremble violently.

How, how was this possible!

Asura... ! ... She was just an ordinary member of the special forces who graduated from a military academy in the country!

"Officer Liu, I'm sorry! This mission was not only completed by Asura alone, but I was almost..." Dong Lijie, who had lowered her head slightly, looked up and met officer Liu's eyes.

In the next second, she stopped talking and looked at Yun Jian in front of officer Liu. Then, she bowed deeply to Yun Jian:

"I'm sorry! It was my fault in the past. I always targeted you and thought that the special forces trained by your country were all weak. If it weren't for you this time... I don't know what would have happened!

"I was too conceited. I thought that we were students who graduated from the Best Special Forces Academy in the world, so I was extremely complacent. I will be humble in the future!"

Dong Lijie's apology was very sincere.

After Dong Lijie apologized, Zhu Yao also solemnly apologized to Yun Jian.

Then, all the members of the most awesome team apologized to Yun Jian.

And everyone was in front of officer Liu.

It made officer Liu confused.

But even so, because officer Liu didn't see Yun Jian's strength with his own eyes, even so, he was still a little unconvinced.

Forget it, the next mission should be to test Asura's strength again. She couldn't have played some tricks, right?

Otherwise, how could such a strong team member like the most awesome team apologize to her in front of him!

"Disperse, all of you disperse!" Officer Liu casually waved his hand.

In the past, he had ridiculed the members of Yun Jian's King team, but now, officer Liu's face was more embarrassed, so officer Liu still had a trace of displeasure and unwillingness.

But he didn't say much.

...

After returning from the Army, Yun Jian returned to Qin Yiruo's house.

The 2004 New Year's Eve was approaching, and tonight was the New Year's Eve. Qin Yiruo made homemade dumplings for everyone to gather together and have a taste at the same time.

Tonight, GE Junjian and Qin Yiruo's house was filled with people, and it was very lively.

GE Junjian's former comrades also came over to join in the fun.

Looking at the people around them eating dumplings with bowls of rice, Adam touched his stomach.

These few days, he and Morson had been caught by Si Yi to come up with names. Up until now, they still hadn't come up with a decent name.

Si Yi wanted them to take it out today. If they couldn't take it out, they weren't allowed to eat.

Adam looked not far away. His son, Zhou Yiran, was holding a bowl of dumplings. He was eating with enthusiasm and a burst of envy.

At this moment, Yun Jian and Si Yi Yi had just walked out of the kitchen.

The little guy and the little girl had already learned how to crawl.

Their crawling speed was extremely fast.

Just as Yun Jian, Si Yi, and everyone gathered in the large living room.

The little girl suddenly laughed and crawled to the side of Adam's son, Zhou Yiran. Because she crawled too fast, the little girl suddenly bumped into Zhou Yiran's body.

Her small body flew directly to Zhou Yiran's body. Her small mouth actually kissed the lips of Zhou Yiran, who was eating the dumplings by himself, which was quite independent...

At the same time, at the People's Hospital of L City in the United States.

Shi mifen, who had been bullied by Yezhi last time and had been pushed into the back by Yun Jian with a silver needle, was lying in the hospital. Although she didn't die, she was in great pain.

Shi Mifen was lying on the ground in the VIP ward of the hospital.

At this moment, Shi Mifen's agent rushed in from outside the VIP ward.

"How is it? is the shooting date delayed?" Shi mifen couldn't wait to ask.

After that, Shi mifen paused. Before her manager could say anything..., shi mifen gritted her teeth and said hatefully, "It's all because of that B * tch, Luo Yi! If I lose the role of the female lead because of her, I'll make sure she can't survive in the Industry!"

Luo Yi was the alias that Yun Jian used when he captured the felon Millander in Country M.

Obviously, Shi Mifen did not know that Millander had already been captured.

However, just as Shi Mifen said this, Shi Mifen's manager spoke to Shi Mifen in a trembling voice, "Mr. Millander has been captured... the filming this time has also been ruined, we..."

"What! Mr. Millander has been arrested! ?" Shi Mifen was still lying on the bed, as soon as she heard her agent finish speaking, Shi MIFEN flipped over from the bed almost at the same time and stood up. She didn't even care about the pain on her back.

"No, not only that... the company gave us an order. They said... They said that a big shot from above personally came out and directly banned you... any advertising agency is not allowed to hire you to shoot anymore..."

Shi mifen's agent carefully glanced at Shi mifen and then told Shi mifen the fatal news that she had just received.

"What! !!"

After Shi Mifen heard it, her vision went black. The next second, her body suddenly stopped. After hearing the bad news, she actually fainted on the spot.

A second before she lost consciousness, the words that Yun Jian said in public not long ago still lingered in Shi Mifen's ears, as if it was yesterday. "I'll let you live, your acting career is over!"

...

In stark contrast to these people who were in excruciating pain, Qin Yiruo's house was bustling with activity.

The little girl ran too fast and suddenly bumped into Zhou Yiran. After the two of them kissed each other in public, it lasted for a few seconds.

The adults around also did not react for a moment.

"Ya Ya! Ya Ya! Ya Ya!"

In the end, it was the little girl who rushed up. As if she knew that she should protect her sister, the little girl climbed up to the little girl and Zhou Yiran. She pulled the little girl over and glared at Zhou Yiran while shouting angrily.

Zhou Yiran was still holding the dumplings in his bowl. Zhou yiran, who was already four years old, did not like to talk much. He was eating the dumplings silently at first, but who knew that the little girl would come over.., he did not react at all for a moment.

"Good boy! Beautiful Kiss! Young master, this child's marriage, I booked it with you in advance! Who asked you all to be born earlier than me? Stand aside!"

Adam was the first to clap and cheer. As he shouted, he also shouted loudly. He first spoke to Si Yi, then looked at Xue Ying, Mo Sen, and Lin Wei, showing off.

It was as if he was afraid that outsiders would not know that the little girl had been kissed by his Zhou Yi ran.

Just as he finished clapping and shouting, Adam felt a sharp gaze from the side that was enough to kill.

He turned his head and saw Si Yi's sharp gaze that was filled with killing intent.

Adam's body trembled for no reason. "Ahem! Young master, I'm serious about the name! I didn't do anything bad!"

It's my family's fault! It's none of my business!

Just as Adam said this, the crowd didn't have time to react. They saw Zhou Yiran licking his lips. He glanced at the dumplings in his bowl, and a trace of disgust appeared on his tender but delicate face.

He had been eating the dumplings with relish just now. Now, Zhou Yiran glanced at the dumplings with disgust and placed the bowl on the ground. Using his height advantage,

he walked up to the little girl and pushed her head away... He bent down and grabbed the little girl's small mouth...

"DAMN! Good lad! You're addicted to kissing! Just charge forward and do it! I'll support you!"

Adam, who saw this scene, almost instinctively shouted out loud.

"Cough Cough!" It wasn't until Molson, who was at the side, let out a clear and dry cough that Adam realized that his loss of composure might very well attract the young master's pursuit, so he quickly shut his mouth again.

At this moment, the adults around were all dumbfounded.

These two fart-sized children, one kissing each other, and the other kissing each other, actually kissed each other! ?

Completely ignoring the opinions of the people around him, Zhou Yiran pushed the little fellow's head away with one hand. His head leaned against the little girl's face as if he was licking jelly. He kept rubbing the little girl's lips and kissing non-stop.

After kissing for a long time, Zhou Yiran finally let go. He licked his lips and said in satisfaction in front of everyone, "So Sweet."

"Sweet?" Just as Zhou Yiran said that in satisfaction, his short body was lifted up by someone.

Si Yi grabbed the corner of Zhou Yiran's back like grabbing a chicken and lifted Zhou yiran up.

"Si Yi ran!" This sudden voice came from above.

Even the four leaders of the dark soul organization could not withstand the heavy voice.

However, after Zhou Yi ran heard Si Yi ran's heavy voice, he only raised his eyes and looked up. Then, he looked ahead and calmly replied si yi, "Very sweet."

That voice was the same as before. Zhou Yiran's words did not seem to be shocked by Si Yi Yi Yi's aura at all.

Those who could suppress Si Yi Yi's aura, even the four leaders of the dark soul organization did not have the ability to do so.

Si Yi Yi narrowed his eyes.

"After the new year, throw this guy into the dark soul organization's assassin training camp." The next second, Si Yi Yi's voice suddenly sounded.

As he said that, he even lifted Zhou Yi ran who was in his hands.

Adam glanced at Zhou Yi ran and silently cursed in his heart, Holy Sh * t, you stupid brat. Even if you bump into the muzzle of a gun, I Can't Save You! Go and suffer!

After Zhou Yi ran heard Si Yi ran's words, he didn't say a word. It could be considered that he tacitly agreed.

Yun Jian, who was standing at the side, narrowed her eyes slightly.

If others did not know, how could she not understand Si Yi's meaning?

What Si Yi meant was, on the surface, it sounded like he wanted to deal with Zhou Yiran, but in fact, he had taken a liking to Zhou Yiran's calm and awe-inspiring aura.

Once such a person became successful, he would definitely create a new height!

Just how could Zhou yiran dare to lay hands on the little girl twice in front of everyone? If he did not let him repay her for the rest of his life, how could he let it go?

...

After the Lunar New Year's Eve was over, there were still about six days before New Year's Eve.

Yun Jian had been staying in Longmen City for the past two days. Because it was almost New Year's Eve, Chen Xinyi, Zhang Shaofeng, Ling Yichen, and the others had already returned to Longmen City.

Yun Jian had not seen Chen Xinyi for a very long time.

However, the friendship between the two of them was still the same.

After Yun Jian was reborn and came to Longmen City, he met Chen Xinyi.

Some friends, even though they were separated from each other and had not seen each other for several years, were still as friendly as before when they saw each other.

But some friends, after not seeing each other for a period of time, their relationship faded.

Such friends were probably made out of necessity, not lifelong bosom friends.

...

Chen Xinyi was now in university, and she had a boyfriend.

It was said that her boyfriend was a rich second generation.

Chen Xinyi's family was not poor either. They were ranked high in Longmen city.

But Chen Xinyi's boyfriend's family was said to be the richest in Wei province next door.

It was on a completely different level from Chen Xinyi's family.

After this meeting with Chen Xinyi, Chen Xinyi wanted Yun Jian to accompany her to her boyfriend's house to pay an early New Year call.

Cloud Jian promised.

Chapter 2462: No. 2462 Zhang Xinyi's boyfriend, named Bo Wenxiu

Translator: 549690339

Chen Xinyi had been dating her current boyfriend for a year.

It was precisely because the two of them had been dating each other that they had become more compatible. Therefore, at the end of the year, Chen Xinyi planned to go to her boyfriend's house to pay a new year call.

Hearing that Yun Jian was also in Longmen City, Chen Xinyi was scared by herself, so she planned to go with Yun Jian.

Zhang Shaofeng treated Chen Xinyi very well, so well that it was beyond the scope of being a cousin.

Yun Jian knew this.

Chen Xinyi probably noticed it herself back then, so she had a boyfriend not long after she entered university. She wanted to completely cut off Zhang Shaofeng's friendship with her.

And in the years when so many things happened in Yun Jian, Chen Xinyi, Zhang Shaofeng, and Ling Yichen had officially joined Xinqi Company and helped out in Xinqi Company as senior executives of Xinqi Company.

The identities of the three of them were no longer ordinary university students.

Of course, all of this was kept a secret from the public.

“Zhizhi, I’m a little scared. Do you think his mother won’t like me?” Chen Xinyi said with some fear.

“You have to have confidence in yourself.” Yunjian glanced at Chen Xinyi.

At this moment, the two of them were sitting on a plane heading to Wei Province.

The richest man in a province, one could imagine how rich Chen Xinyi’s boyfriend’s family was.

The economic level of Wei Province was also quite high, comparable to that of Zhejiang province.

To be able to become the richest man in Wei Province, one did not need to think to know that Chen Xinyi’s boyfriend’s family should be among the top in the national rich list.

According to Chen Xinyi, she had been dating her boyfriend for a year, and once, she accidentally lost her virginity to him when she was drunk.

When the two of them woke up the next day, her boyfriend would treat her as well as he could. He even knelt down and proposed to Chen Xinyi on the spot, saying that he would marry her after she graduated.

This made Chen Xinyi very touched.

It was already the end of the year, and it was almost new year’s time.

Chen Xinyi planned to go to her boyfriend’s house before the new year to pay his respects.

“This is the place.” Chen Xinyi held a small note in her hand and stood at the entrance of a villa that was even more luxurious than the luxurious villa in the TV series.

Chen Xinyi’s boyfriend’s house seemed to be holding a party.

Rich people loved to play with these things.

Therefore, the guard didn't stop them.

Yun Jian and Chen Xinyi walked into the villa together.

Along the way, she heard from Chen Xinyi that her boyfriend's name was Bo Wenxiu. Bo Wenxiu was 1.8 meters tall. He was a standard tall, rich, and handsome man. He was also very gentle and considerate. He treated Chen Xinyi extremely well.

Although Bo Wenxiu's family was rich, Bo Wenxiu never showed off his family's wealth.

The most important thing was that he treated Chen Xinyi well.

At this moment, Chen Xinyi used her pocket money to buy some precious supplements that were more expensive to her. She planned to give them to Bo Wenxiu's mother.

"Zhizhi, I, I'm a little scared and don't dare to go in..."standing at the gate of the villa, Chen Xinyi suddenly panicked again.

"What if his mother doesn't like me..."Chen Xinyi asked.

"I'm here, it's fine."Yun Zhizhi put his hand on Chen Xinyi's back and said softly.

If Chen Xinyi was alone, she wouldn't dare to come here.

"Xiao Jian, it's good to have you,"Chen Xinyi said softly.

Finally, she mustered up her courage and opened the door of the villa.

As soon as she opened the door, Chen Xinyi looked into the villa. She was very excited to look in.

However, Yun Jian could clearly see that Chen Xinyi was extremely excited when she saw a handsome man who was 1.8 meters tall reach out to hug a young girl in a princess dress not far away.

Chen Xinyi's face instantly turned pale from the ruddy color just now...

Yun Jian could clearly see that Chen Xinyi's face was turning pale bit by bit.

Chen Xinyi's originally excited and expectant face instantly lost its smile.

Even a fool could see that when the 1.8-meter-tall handsome man hugged the girl in the Princess Dress Not far away, the hugging posture was no different from that of a couple.

With one look, it was obvious that there was something going on.

As for the 1.8-meter-tall handsome man in his twenties, he was like the boyfriend that Chen Xinyi had described on the road just now.

Yun Jian's expression also darkened at this moment.

The handsome man on the other side unconsciously glanced over. When he saw Chen Xinyi, he was suddenly stunned.

The next second, the handsome man directly let go of the girl in the Princess Dress and ran over.

"Xin, Xinyi, why are you here? !"He hurriedly ran to Chen Xinyi and asked anxiously.

This person was Chen Xinyi's boyfriend, Bowen Xiu.

When he saw Chen Xinyi suddenly appear, Bowen Xiu looked flustered.

Just by looking at his appearance, Bowen Xiu was indeed tall and handsome, even more handsome than Zhang Shaofeng.

But just now, he hugged the girl in the princess dress...

"Wen Xiu, who is she! ?"The girl in the Princess Dress saw that Bowen Xiu was walking over, so she also followed him and raised her head to look at Yun Jian and Chen Xinyi with a high and mighty attitude.

"Su Ya, you go and find your friend First,"Bowen Xiu said to the girl in the princess dress.

"Why should I leave? Who Is She? ! I'm your fiancée!"After the girl in the princess dress heard Bo Wenxiu's words, she looked up at Yun Jian and Chen Xinyi with a face as proud as a swan.

"Listen to me, Go!"Bo Wenxiu shouted at the girl named Su Ya.

"You're not leaving? Fine! If you're not leaving, I'm leaving!"Bo Wenxiu turned around and grabbed Chen Xinyi's hand. He looked flustered as if he wanted to explain something.

Chen Xinyi was stunned when she saw Bowen Xiu hugging su ya just now.

Even being pulled out of the villa by Bowen Xiu was like a walking corpse.

Yun Jian followed him out with a cold expression.

“Xinyi, it’s not what you saw just now! Listen to my explanation…” Bowen Xiu anxiously wanted to speak.

“Then what is it?” Chen Xinyi reached out and pushed away the hand that was grabbing her wrist.

“I…” Bo Wenxiu wanted to say something.

However, before Bo Wenxiu could say anything, an aged, middle-aged female voice with the dignity of a housewife rang out:

“Are you the girlfriend that my son made in college? I advise you to leave him as soon as possible. He already has a fiancée. It’s not something that a mere ordinary person in a fourth-tier city like you can get involved with!”

After that, a graceful and elegant woman appeared in front of everyone.

This woman wore an expensive fur coat and appeared in front of everyone just like that.

The person who came was Bo Wenxiu’s mother, Liu Fenfen!

Liu Fenfen looked at Chen Xinyi with a serious expression. The disgust in her eyes did not diminish in the slightest.

After that, she glanced at Yun Jian and Chen Xinyi as if she was looking at a poor person. Then, she said to Chen Xinyi in public,

“Five million dollars. Leave my son, or I will make your father’s company go bankrupt!”

Liu Fenfen had the ruthlessness of a wealthy person.

After she said that, Su Ya raised her head again and looked at Yun Jian and Chen Xinyi with an even more imposing manner.

Just when everyone thought that Chen Xinyi and Yun Jian would be forced back by Liu Fenfen.

A voice that was far more heroic than Liu Fenfen’s was heard. That voice had an imposing manner that did not give in. It imitated Liu Fenfen’s words and struck back heavily. The words made everyone’s hearts tremble:

“One hundred million USD, get out of my sight. Otherwise, it’s time to change your position as the richest person in Wei Province!”

Translator: 549690339

Words that were even more imposing than Liu Fenfen, the mother of the richest man in Wei Province, Bo family, exploded on the spot.

As soon as she said that, Liu Fenfen, who felt that she had already given Chen Xinyi and Yun Jian the greatest favor by mentioning the word five million, was suddenly stunned on the spot.

Not only Liu Fenfen, even Bo Wenxiu and Su Ya, who were standing at the side, were completely stunned on the spot, unable to come back to their senses for a long time.

“100 million USD? Do you know how much it costs to convert 100 million USD into RMB?”Liu Fenfen gently stroked her temples with her fingers that were stained with red nail polish, her face, which was covered in a thick layer of red lipstick, was filled with extreme disbelief.

Liu Fenfen was not bad looking. She was 1.67 meters tall and was two centimeters taller than Yun Jian. At this moment, she was wearing a cheongsam that was worn by an expensive wife. She looked enchanting and charming.

However, Liu Fenfen’s aura was not as strong as Yun Jian’s. Although it was two centimeters higher than Yun Jian’s, Liu Fenfen was like a dwarf in front of Yun Jian. She was so oppressed by her aura that she could not even straighten her back.

Liu Fenfen was looking at Yun Jian with contempt.

Without waiting for Yun Jian’s reply, Liu Fenfen spoke again:

“100 million USD, that’s equivalent to 600 million RMB! Since you’re standing with this woman, you must be a university student. A university student, your temper is really bad!

“Students nowadays are good, but they don’t study, and they learn bad. After becoming a mistress, they still shamelessly come to our door...”

The woman Liu Fenfen was referring to was naturally Chen Xinyi.

She was originally talking to Yun Jian, but as she spoke, she changed the topic to Chen Xinyi.

With this change, she directly compared Chen Xinyi to a mistress.

“Mom! If you say one more bad word about xinyi, I’ll sever all ties with you!” Bo Wenxiu saw that the matter was getting blacker and blacker by his mother. He became anxious and immediately shouted at Liu Fenfen.

This shout scared Liu Fenfen into shutting her mouth on the spot.

She only had Wen Xiu as her only son. In the future, he would inherit the Bo family company’s future successor!

“What are you doing!” Just as Liu Fenfen shut her mouth, a dignified male voice suddenly sounded.

Hearing this, everyone automatically treated Yun Jian’s words as a farce and turned to look at the source of the dignified male voice.

They saw a handsome middle-aged man in a suit and leather shoes who looked 70% like Bo Wenxiu. He was almost 1.8 meters tall.

The person who came was the richest man in Wei Province, Bo Xing!

He was also Bo Wenxiu’s father.

After listening to Liu Fenfen’s exaggerated story, Bo Xing frowned and said in a casual manner, “Guests are guests. Our Bo family is not a stingy family. Come in and have a seat!”

Bo Xing was indeed the richest man in Wei Province and a well-known successful person in the country. Naturally, a housewife like Liu Fenfen could not compare to him.

“No need, uncle and aunt. Sorry for disturbing you. I’ll leave now.”

Chen Xinyi was still holding the nutritional supplements that she had bought tightly in her hands. After gathering up the courage to say these words, she left the BO family with the cloud note.

She was not the kind of person who would be shameless.

Naturally, Bo Xing did not force her to stay where she was.

In the business world, there were naturally polite words, but they were only polite words. This did not mean that Bo Xing was on Chen Xinyi’s side and supported Bo Wenxiu and Chen Xinyi being together.

"Xinyi, you..." when Bo Wenxiu saw that Chen Xinyi and Yun Jian had left, he became anxious. He reached out and fiercely shook off Su Ya, who had been holding his hand. He was so anxious that he wanted to chase after her.

However, before Bowen Xiu could chase after her, he was caught by Bo Xing. He roared furiously, "Go home and stay there!"

Bowen Xiu did not dare to disobey his father's words.

When he heard this, Bowen Xiu snorted angrily. He could only go home first and find an opportunity to explain himself.

Translator: 549690339

After leaving the Bo family, Chen Xinyi's tenacious aura, which she had forced herself to be, collapsed instantly.

As soon as she stepped out of the Bo family's Gate, Chen Xinyi hugged Yun Jian.

Not long after, Yun Jian felt Chen Xinyi lying on his shoulder, which was wet with water.

"Jian Jian, what should I do... What should I do... Jian Jian, let's not go back, okay? I don't want to go back to Longmen City, I don't want to go back..."

Chen Xinyi was at a loss as she cried and cried. She was as helpless as a lost child.

Yun Zhi knew that Chen Xinyi had a boyfriend to hide from Zhang Shaofeng.

She and Zhang Shaofeng were cousins. Close relatives could not be married because the probability of children born from close relatives being born with disabilities and idiots was very high.

In ancient times, there was a saying that said good things should not be leaked to outsiders. However, after scientific confirmation, this did not work.

Chen Xinyi originally wanted Zhang Shaofeng to see her happiness and completely cut off their relationship that had gone beyond family ties.

But now...

"Where do you want to go?" Yun Jian did not know how to comfort people. She patted Chen Xinyi's back and asked.

"I want to drink. Jian Jian, don't Stop Me. I feel so uncomfortable..." Chen Xinyi's heart felt as if it was cut by a knife. She hugged Yun Jian tightly and cried until her face was full of tears.

Before this, Chen Xinyi had never been in a relationship. However, she had already realized that something was wrong. She and Zhang Shaofeng could not do that.

When Chen Xinyi was pushed down the stairs, her head cracked. It was Yun Zhi who saved her from death.

However, he had been accompanying her in the hospital. He had even stayed by her side in the hospital. He said that if her head was already like this, who else would want her other than him? It was him.

Chen Xinyi knew that if she did not sever this love, it would be even more difficult to sever it in the future.

Therefore, she had a boyfriend.

However, she did not expect that things would turn out like this.

"Okay." Yun Jian did not say anything. He only responded to Chen Xinyi softly.

When they arrived at the bar, Chen Xinyi cried and drank. Yun Jian also accompanied her.

...

Bo family.

In Bo Wen Xiu's repair room.

Bo Wen Xiu was holding his phone and connecting to the signal.

His phone was taken away by Liu Fen fen fen, and he was even grounded.

The phone in his hand was Bo Wen Xiu's broken old phone. It was already an old-age phone from a few years ago.

The phone's signal had never matched.

Bo Wen Xiu even stood on his desk in his room and reached out the hand holding the broken phone to connect to the signal outside the window.

"Beep."

Finally, the sound of a successful text message was heard.

When Bo Wenxiu heard this sound, he heaved a heavy sigh of relief.

On the screen of the phone, the last text message that was sent out was still clearly visible:

Bro, this time, I'm risking my life to help you! Xinyi has come to Wei Province. I'm afraid that she won't be able to get over it. Hurry up and look for her!

...

After drinking in the bar for an entire night, Chen Xinyi was finally willing to walk out of the bar. Just as she walked out of the bar, Chen Xinyi spat out a mouthful of blood.

Yun Jian sent Chen Xinyi to the People's Hospital near Wei province overnight.

Finally, after a night of examination in the hospital, they found out that Chen Xinyi drank until her stomach bled.

After all, for someone like Chen Xinyi who never drank, she just drank a whole fifteen bottles of wine and wouldn't listen no matter what.

Yun Jian did not know how to comfort her and could only let her be.

It was not until four in the morning that Chen Xinyi slept in the hospital ward.

After Yun Jian confirmed that Chen Xinyi was fine, he went to find a nearby hotel to stay.

The next morning, Chen Xinyi had just woken up. She used her hand to gently block the light and suddenly saw a haggard figure sitting on a bench next to her that she did not want to see the most — Zhang Shaofeng!

Chapter 2466: Chapter 2466 said that Yun Jian was deliberately following her

Translator: 549690339

Zhang Shaofeng had rushed over from Longmen City overnight. He had no idea that Chen Xinyi had invited Yun Jian to visit Bowen Xiu's house in Wei province for the New Year.

After knowing about Chen Xinyi's situation, Zhang Shaofeng had rushed to the car for the whole night. He did not even close his eyes.

In just one night, his face was so haggard that it was frightening.

The first time she saw Zhang Shaofeng, Chen Xinyi had a drip on the back of her hand. At the same time, she reacted quickly. She straightened her back and instinctively wanted to pull off the drip and run out.

“How long do you want to keep this up!” Zhang Shaofeng saw that Chen Xinyi was about to run out. He grabbed Chen Xinyi’s wrist instinctively. Her still handsome but extremely haggard face made one’s heart ache.

Chen Xinyi looked around, but she did not see any Yun Zhi. She wanted to shake off Zhang Shaofeng’s grip on her hand, but she was held tightly.

“I’m not messing around!” After Chen Xinyi said that, tears flowed down again.

“Isn’t it good to be by my side? Didn’t I say that besides a woman like you, who else would want you?” Zhang Shaofeng’s face was full of anger.

He was completely different from the righteous-looking Zhang Shaofeng in the third year of junior high. Zhang Shaofeng was already a mature man in his twenties when he went to university. In terms of personality, there were obvious changes.

The current him was even more stable.

“But we are brother and sister! Cousins! We are close relatives...” Chen Xinyi cried out these words with tears in her eyes.

Before Chen Xinyi could say the last word “Department”, Zhang Shaofeng had already eagerly kissed Chen Xinyi’s lips and swallowed the last word that she wanted to say.

...

With Zhang Shaofeng around, he was not worried about Chen Xinyi’s Yun Jian.

At this moment, Yun Jian arrived at the largest park in Pan City, Wei Province.

Pan city was where Yun Jian was currently located, and it was also the most prosperous city district in Wei Province.

The Bo family, the richest man in Wei Province, was located in pan city.

Yun Jian did not come to the largest garden in pan city alone for fun.

With Chen Xinyi’s current state, Yun Jian was not in the mood to play.

Of course, the biggest reason he came here was because the address written on the envelope Yuan Lin had ye zhi secretly give to Yun Jian was this large garden in pan city, Wei Province.

The Purple Cherry Blossom Garden.

The purple cherry blossom garden was not only the largest garden in pan city, it was also the largest garden in Wei Province. It was even the second largest garden in Country Z.

The size of the purple cherry blossom garden was as big as ten ordinary schools.

This was a large area.

Here, one could find the identity of the mysterious person, as well as the secrets of the God continent and thousands of continents.

Yun Jian narrowed his eyes. At this moment, he was walking in the aisle of the purple cherry blossom garden.

“Ya Ya, as Wen Xiu’s fiancée, you have to come to our house often in the future! Cultivate more relationships with Wen Xiu!”

Just as Yun Jian was walking aimlessly in the huge purple cherry garden for almost half an hour, a familiar sound suddenly came from ahead.

However, he saw a group of people walking in front of him.

The person walking at the front was none other than Liu Fenfen, whom he had met yesterday!

Liu Fenfen was currently holding Bo Wenxiu’s fiancée, Su Ya, while behind her was the reluctant Bo Wenxiu. There were also a few teenagers who were around the same age as Bo Wenxiu and Su Ya, they were obviously young masters and young ladies from noble families.

Yun Jian did not care at all. She was not surprised to see them here. She walked around the group of people and walked forward, pretending that she did not see them at all.

However, when Liu Fen Fen saw Yun Jian, her expression changed completely. Liu Fen Fen’s expression darkened. She looked at Yun Jian and suddenly shouted,

“It’s You! Why are you so haunting! You even deliberately learned to follow us and followed us here! Aren’t you shameless! I’ve said before, no matter what your friend is like, my son will not be with her!”

Liu Fenfen had a look of confirmation on Yun Jian's face that he had deliberately followed her to the great purple cherry garden. The way he shouted at Yun Jian to speak was no different from a shrew.

Yun Jian only glanced at Liu Fenfen.

She had come here for official business and did not intend to tangle with her.

Yun Jian was not in the mood to think about why Liu Fenfen and her group were here.

"Stop! Stop! This time, I have to make things clear. No matter how shameless your friend is, he will never have anything to do with my son! You have to make things clear before you leave! Do You Hear Me?!"

Liu Fenfen saw that Yun Jian was about to leave, so she put her hands on her waist. She looked like a noble lady, but her posture was like a shrew who was cursing on the street. She stood in front of Yun Jian.

"Auntie, who is this?" A man in his twenties standing next to Su Ya, who was dressed fashionably, asked Liu Fenfen when he saw this.

"That's what I just told you. The friend of Wen Xiu's girlfriend who came out of nowhere yesterday. She's So Shameless!" Liu Fenfen glanced at Yun Jian with disgust.

Just now, Liu Fenfen told everyone how "Shameless" Yun Jian and Chen Xinyi were yesterday.

As they had never seen Yun Jian and Chen Xinyi before, everyone present automatically thought of Yun Jian and Chen Xinyi as ugly women after hearing Liu Fenfen's words, especially after listening to Liu Fenfen's exaggerated words, they loathed Yun Jian and Chen Xinyi even more.

However, they didn't expect that the friend of the woman in the downtown yesterday would be so beautiful. The man in his twenties, who was dressed fashionably, couldn't help but take another look at Yun Jian:

"She doesn't look like her. She's quite an obedient girl."

The man in his twenties, who was dressed fashionably, was Su Ya's biological brother, Su Zawa.

Su Zawa was handsome and was admired by many young girls.

Especially Su Zawa's family background, which was on par with the Bo family. In business, the Su family was even better than the Bo family.

This was the reason why Liu Fenfen forced her son to be with Su Ya.

“She’s a very obedient girl who won’t cause trouble,” a man of the same age standing next to Su Zawa said.

Indeed, Yun Jian looked like a very obedient girl who wouldn’t cause trouble.

“Ling, this girl is not bad. According to the speed at which you change girlfriends, you should have changed one this week, right?” “Well, do you want to go after her?” Another man at the back said in a joking tone with the man standing next to Su Zawa.

At that time, everyone thought that Yun Jian was too weak to fight back.

Just when everyone thought that Yun Jian would be extremely embarrassed...

Not far away, the voice of the tour guide who was leading a large group of people sightseeing in the grand purple cherry garden was transmitted to everyone’s ears through the loudspeakers:

“This is one of the great unsolved mysteries of the Purple Cherry Blossom Garden. Why do you say that? It’s because the images of these people have been carved on this huge rock long before the history of mankind has been recorded.

“But the strange thing is that these are clearly the images that the ancients used tools to carve on the rock. After the experts who came out later identified them, they said that the people carved on this rock seemed to be practicing the same cultivation method, which was very similar to the immortal cultivation method mentioned in the book.

“However, this conclusion was immediately refuted by the secular world. You said that there were already people who existed long before the historical records of mankind. Could it be that there really are immortal cultivators in this world... ?”

The Voice of the tour guide reached the ears of everyone present.

“Heh, pedantic!” Seeing that Yun Jian was paying full attention to the tour guide’s voice and was obviously interested in this matter, Liu Fenfen couldn’t help but snort coldly when she saw this.

At that time, everyone had treated the tour guide’s words as a trick used by the tour guide to brag about the tourists.

However, just when everyone present thought so and did not care at all, they suddenly saw a figure standing in front of the tour guide.

Yun Jian, who was considered obedient and did not dare to cause trouble, or even speak loudly, walked over in front of everyone. Under everyone's shocked expressions, she reached out and grabbed the collar of the female tour guide. Her eyes darkened as she asked,

“Repeat what you said just now.”

Chapter 2468: Chapter 2468 the creator of the God continent

Translator: 549690339

Yun Jian's actions shocked everyone present.

A normal teenage girl standing in front of Bo Wenxiu, Su Zazawa, and the few men who were called Ling would blush.

Especially when this girl was discussed in public by a few not-so-ugly men who were popular with girls, most teenage girls liked to present their most perfect side in front of men.

No matter how bad it was, they had to maintain their image.

But whether it was Su Zawa, or the man called Ling, or Liu Fenfen, Su Ya, and Bo Wenxiu, they had never seen someone like Yun Jian!

She had walked up to the tour guide who was exaggerating the scenic spots to the tourists in front of everyone, and even grabbed the female tour guide's collar in front of everyone and interrogated her?

Was she crazy to want to be in the limelight?

She did not get along with Liu Fenfen and actually implicated an innocent tour guide in this matter?

The female tour guide was wearing a tour guide's uniform and had her hair down. There was a loudspeaker at her waist and her collar was grabbed by Yun Jian. The female tour guide was still in a daze and did not know what to do.

“Wh-what did you say?”The female tour guide said in a daze.

Yun Jian didn't say anything. She released her grip on the female tour guide's collar and pointed at the picture that had been carved on the pile of ancient rocks in front of her.

In front of her was a pile of rocks that was so old that it was unknown how many years ago it had been. Above the pile of rocks, there was a picture that had been carved for a very long time, and on this picture, there was a person carved.

This person's clothing was similar to that of the people from thousands of continents!

And under this person, there was a group of commoners kneeling in front of him.

This person, who was carved on the highest spot, was like a king who looked down on all things. In his hand was a crystal ball, just like the immortal cultivators described in the books on Earth.

This lifelike carving was carved on the rock with a tool, as if he could walk out of this pile of rock walls. The person who carved this carving on the rock must be a top-notch artist.

At this moment, Yun Jian's eyes narrowed.

"This rock has been standing here since five thousand years ago, even before the recorded history of mankind. Are you trying to say that you know the meaning of this carving on this rock?"

"Then why are you still a university student? Why Don't you become an archaeologist at an Archeological Institute?"

Before the female tour guide could speak to the cloud note, Liu Fenfen once again snatched the right to speak and spoke to the cloud note in disdain.

The recorded history of mankind was only around 5,000 years old.

Even earlier, mankind at that time was not smart enough to record important events in history through various methods.

This pile of rocks had existed long before humans recorded history, so it was naturally an unsolved mystery.

Liu Fenfen did not believe that the cloud tablet could understand this.

"If you're really that amazing, you should be able to understand the line of words, right? You're just a kid. You're just like your friends. One likes to be a mistress, and the other likes to show off!"

Liu Fenfen couldn't help but speak again when she saw the line of words carved on the rock next to the words carved on the rock, which didn't belong to any dynasty.

"Ling, this girl is quite interesting." Just then, the man from before spoke in a playful tone to the man standing next to Su Zawa.

"Mm." The Man Called Ling narrowed his eyes and stared straight at the line of words.

Liu Fenfen crossed her arms and looked at the cloud note with disdain.

The cloud note didn't care about anything around her. At that time, she was staring at this line of words with a frown.

Just when Liu Fenfen, Su Zawa, Su Ya, the man called Ling, and everyone present thought that the cloud note did what it did just now to show off, the cloud note looked at the line of words, with a clear female voice, he suddenly translated the meaning of this line of words:

"I am the creator of the God continent, the first ruler of the God continent, Xing Feng!"

Chapter 2469: Chapter 2469, Taste of death

Translator: 549690339

Yun Zhi stopped after reading the first line.

She frowned.

From this line of words, it could be seen that the person who was revered by tens of thousands of people and looked down on all things like a god was the creator of the God continent, the first ruler of the God continent, Xing Feng!

The ruler of the God continent could rule the god continent endlessly until he wanted to abdicate or was killed by someone. Only then would he replace the new ruler of the God continent.

The God continent was like Earth. It had recorded history, but it was not recorded from the beginning.

In other words, the God continent only had three rulers in historical records.

The current Si Yi, Si Yi's father, the main god, and the main God's father.

The three of them had ruled the god continent for more than 10 billion years.

In other words, 10 billion years ago, there were no other rulers of the God continent ruling the god continent. who ruled the God continent, where did the god continent come from, who was its creator, everything.., was an unsolved mystery.

And now, the cloud paper had found the answer.

The creator meant the person who created a whole new world.

And the creator of the God continent was the first ruler of the God continent, Xing Feng, who stood at the peak of respect among tens of thousands of people!

After translating this first sentence, the cloud paper stopped.

The words carved on the paper did not belong to any dynasty on Earth, but they were written exclusively for thousands of continents and the God's continent, so the cloud paper could understand them.

However, after roughly reading the words carved on the paper, although it looked ordinary on the surface, waves were surging in its heart.

On the paper was the life experience of Xingfeng, the first ruler of the God's continent who had created the God's continent.

The God continent was created by Xingfeng himself. Xingfeng created the God continent to satisfy his vanity.

Later on, everything in the God continent was arranged in an orderly manner. Xingfeng even had a child with the woman he loved. He gave the God continent to this child and went into seclusion with the woman he loved.

However, before he went into seclusion, a dark force appeared in the God continent. A mysterious man in a black robe brought his force into the God continent, wanting to unify the God continent.

However, Xingfeng discovered it and the two sides engaged in a head-on battle. In the end, the mysterious man in a black robe lost a lot of his spiritual power and escaped.

Moreover, Xingfeng indicated that this mysterious man had a mysterious aura. Even if he was defeated thousands of times, he would still have an undying body and could make a comeback.

This was the most terrifying part.

Xingfeng was afraid that the mysterious person would bring his subordinates to make a comeback, so Xingfeng left behind three divine weapons. Those three divine weapons were created by Xingfeng using all of his spiritual power.

As long as the three divine weapons were gathered together, they would be able to completely defeat the mysterious person.

And two of these three divine weapons were in Yun Jian's hands!

Wooden sandalwood box, wooden fan!

It turned out that the mysterious person had appeared in the God continent hundreds of millions of years ago.

Yun Jian narrowed his eyes.

When the group of people saw that Yun Jian had actually translated the words carved on it, they were all stunned.

When they reacted, Liu Fenfen's expression suddenly changed. "What, what, what are you saying? Are you addicted to pretending? You Dare to say anything, aren't you afraid of being exposed!"

Liu Fenfen looked embarrassed.

However, just as Liu Fenfen finished her sentence, Yun Jian suddenly turned around and looked at her. She clenched her hand into an eagle claw and grabbed Liu Fenfen's neck. Before anyone could react, she raised her hand, suddenly, she grabbed Liu Fenfen's neck and lifted her up.

Then, under the horrified expressions of Bo Wenxiu, Su Zawa, Su Ya, and the man named Ling, Yun Jian lowered his head slightly and raised his head slightly.

Under his bangs, a pair of eyes that flashed with killing intent caused an uproar. A cold voice suddenly sounded like a ghost:

"Old Woman, do you want to taste the taste of Death?"

Chapter 2470: She already knew about Chapter 2470, the third divine artifact

Translator: 549690339

Yun Jian's words, coupled with Yun Jian's actions at this moment, made everyone present look as if they had seen something terrifying, and they were dumbstruck.

How could a normal teenage girl have such astonishing wrist strength.

She turned her hand into an eagle's claw and strangled a person's neck, lifting him and his body effortlessly.

The strength of Yun Jian's wrist was definitely not something an ordinary person could compare to!

Everyone present, including the tourists standing at the side, as well as the female tour guide, all had expressions of extreme shock.

Everyone's faces were shrouded in shock and fear.

Yun Jian's action was really too shocking!

“Mom!” Bo Wenxiu was the first to react. He rushed up and shouted loudly. Just as Liu Fenfen was about to be choked to death by Yun Jian, he rushed up to Yun Jian and begged for mercy:

“Let Her Go! I will keep her mouth shut and stop her from spouting nonsense!”

When everyone reacted and wanted to go forward to save her, Yun Jian glanced at Bo Wenxiu. She sneered and let go.

“The message you sent to Shao Feng saved your mom’s life.”

Yun Jian glanced at Bo Wenxiu. Her red lips moved, but she remained expressionless.

She glanced at Bo Wenxiu, turned around, and left.

“How... how did she know that it was me who sent the message? !” Bo Wenxiu looked at Yun Jian’s disappearing figure and froze on the spot.

“Wenxiu, what’s going on?” Su Zawa saw that Liu Fenfen had taken a long time to catch her breath. He breathed a sigh of relief and asked Bo Wenxiu.

“Nothing.” Bo Wenxiu shook his head and suppressed the shock in his heart.

There was only one type of person who could accurately capture that he was the one who sent the message.

Hacker!

...

Yun Jian left the purple cherry blossom garden.

There was no more information she wanted here.

Just now, Yun Jian had basically understood the origin of the mysterious person.

Xing Feng, the creator of the God continent, was not a person from the God continent. He was a person from another world.

A place that did not belong to earth, nor did it belong to thousands of continents.

The people there were not strong. They did not even have the spirit energy of the God continent and thousands of continents. However, that place was like a paradise. There were no wars or disputes.

Xingfeng had only come to the god continent to become stronger. He had discovered the spiritual power and created the God continent.

According to Xingfeng's observation, that mysterious person had also come from a world that did not belong to the god continent, the myriad of continents, or earth.

That world that Xingfeng lived in.

It was no wonder. The mysterious person's strength was not even comparable to Shi Yi's.

Normally speaking, an immortal cultivator who had existed since God knows how many hundreds of millions of years ago should be so powerful that no one could rival him.

Since the mysterious man came from there and had the evil idea of ruling over Earth and the divine continent, it was not surprising.

Of course, the Cloud Note's focus was not on this, but...

She already knew where the three divine artifacts left behind by Xing Feng, the third divine artifact aside from the wooden sandalwood box and wooden fan, were!

...

In the hospital ward.

Chen Xinyi did not agree to Zhang Shaofeng's courtship, nor did she reject Zhang Shaofeng's courtship.

At that time, Zhang Shaofeng was feeding her porridge mouthful by mouthful.

Chen Xinyi felt that she was very selfish. She clearly could not be with Zhang Shaofeng, but she could not bear to let him leave. She began to greedily enjoy Zhang Shaofeng's kindness to her.

But now, she was even less qualified to be with him.

Because she had already lost her virginity to Bo Wen Xiu.

Chen Xinyi's emotions drifted far away, so much so that when she went to the porridge that Zhang Shaofeng fed her, she accidentally put her nose close to it.

"Little Fool, what are you thinking about?" Zhang Shaofeng scraped the porridge off Chen Xinyi's nose and said gently and dotingly.

“Zhang Shaofeng, I don’t think we should do this. It’s weird, I…”Chen Xinyi couldn’t help but say again.

Just as Chen Xinyi said this, Zhang Shaofeng suddenly covered her mouth. “Eat the porridge first.”

Soon, he changed the topic.

Chen Xinyi swallowed a mouthful of saliva. In the end, she didn’t say anything.

...

Yun Jian returned to the hospital directly. After she greeted Chen Xinyi and Zhang Shaofeng, she first took a car back to Longmen city in Zhejiang province.

She made an appointment with Chen Xinyi and came to Wei province to pick her up three days later.

Because the Doctor said that Chen Xinyi still needed three more days before she could be discharged.

Yun Jian now had to tell si yi everything he knew before he could contact the main god of the God continent and Baili Yan to investigate this matter.

Yun Jian rushed back to Longmen city on the same day.

After telling si yi about this matter, Si Yi frowned and sent the main god of the God continent and Baili Yan the ins and outs of this piece of news.

Chen Xinyi’s mood had basically stabilized. Moreover, with Zhang Shaofeng accompanying her, Yun Jian was not worried.

As soon as they reached home, the little girl and the little guy pounced on them.

“Adam and Momsen have already given their children a lot of names. Pick two of them. We’ll take a family photo tomorrow and register their names at the same time.”Si Yi pulled the two little guys out of Yun Jian’s arms, he spoke to Yun Jian.

What he meant was that Yun Jian would choose the children’s names in the end.

“En.”Yun Jian nodded with a sweet smile.

“Ma Ma Ma Ma Ma!”

“Aiya Aiya! Ma Ma! ! !”

The two little fellows were grabbed by Si Yi and desperately stretched out their hands, wanting Yun Jian to hug them.

It just so happened that the phrase ‘I haven’t seen you for a few days, I miss you very much’ was echoed.

Seeing that the little girl could not get her mother’s embrace, she was on the verge of crying. When Si Yi saw this, his heart ached for a moment and he passed the little girl to Yun Jian.

Seeing this, the little girl squeezed out two drops of tears with all her might. In the end, Si Yi grabbed the collar of her back and threw her back onto the crib in the room.

“Mama Xi Xi” the little girl grabbed the corner of Yun Jian’s clothes in satisfaction and rubbed against Yun Jian’s body. Her little appearance was extremely cute.

...

The next day.

Because Yun Jian had returned early, Si Yi had booked a family photo shoot yesterday. This morning, the family of four went to the photography shop where the family photo was shot.

When the photographer saw Yun Jian and Si Yi’s family of four, he couldn’t help but praise them, “What a handsome family! I’ve never shot such a handsome family of four in my entire life. The whole family is like the stars in the Movies!”

Yun Jian only pursed his red lips slightly.

In this era, the family portrait that was shot was usually shot indoors. The background was even photoshopped in post-production.

“Come, come, stand there,” the photographer commanded.

As he spoke, the photographer held a large camera and personally demonstrated his actions. He had Si Yi and Yun Jian do it:

“Young man, sit on the bench and hold your son. Let your wife sit on your lap and hold your daughter. Let’s take a photo.”

As he said this, the photographer wiped his nose, causing it to bleed.

Oh My God, he had never taken such a handsome family before. What extreme photos? He had to take a few more. Just looking at them was enough to make people envious!

Si Yi's eyes darkened, but he still did it.

"Come, come, come. Young Man, put your hand under your wife's chest and hold her. Don't move your eyes and just look at her... .. Yes, yes, yes ! Let your wife sit on your lap and don't lift up your butt. Both husband and wife have already given birth. There's nothing to be shy about. Quickly sit on her..."

The photographer turned around and secretly wiped off the blood from his nose. He lifted the camera and pointed it at Yun Jian, Si Yi, the little girl, and the little guy.

At that time, Yun Jian was sitting on Si Yi's lap obediently. She hugged the little girl and looked at the camera.

Yun Jian and Si Yi did not understand photography, so Yun Jian and Si Yi only thought that what the photographer said would make their family photo better.

If Yun Jian and Si Yi could see through the photographer's inner world, the photography shop would probably not be able to open anymore. It would be bombarded by cannons every second.

Fortunately, Yun Jian and Si Yi did not know what the photographer was thinking.

Taking advantage of this opportunity, the photographer pressed the shutter of a series of cameras and took a series of photos.

"Mommy! Mommy! Mommy! Mommy! Mommy!"

The little girl who was carried on Yun Jian's lap seemed to be very excited. The little girl sat on Yun Jian's lap without being obedient at all. With a swing of her hand, she slowly stood up on Yun Jian's leg, then, she hopped on Yun Jian's leg and cheered.

Yun Jian held the little girl's waist so that the little girl would not fall because she could not stand steadily.

The little guy on the side was being held by the corner of his shirt. He looked at Si Yi in a daze. A handsome little face that was clearly only five and a half months old but already had an outline was looking at Yun Jian and Si Yi in a daze, in the end, his gaze locked onto the little girl who was being doted on by Yun Zhi.

In the end, the little guy treated himself as a swallow and was being held in the air. His hands and feet were swinging up and down, and he was so excited that he couldn't control himself.

Of these two guys, one was jumping up and down on Yun Zhi's legs while shouting "Mama" loudly while the other was being held in Si Yi's hands and was flying up like a swallow flapping its wings.

Yun Jian was amused by these two restless little guys.

Si Yi's face was extremely dark at this moment.

The two restless guys were moving around, especially the little girl who was jumping on Yun Jian's lap while Yun Jian was sitting on Si Yi's lap.

Yun Jian was fine, but Si Yi was bitter.

The feeling of rubbing against each other was really torturous.

"Good, good, good! Don't move, that's it! This photo is great! Oh My God, I've been in photography for so many years, but I've never taken such a great photo!" The photographer pressed the shutter in time and exclaimed at the same time.

In the camera, the four of them acted very naturally when the photographer pressed the shutter.

Only Si Yi's face was slightly dark, but in the photo, under the support of the background, there was an undeniable sense of warmth mixed within.

...

After taking a complete family photo, Yun Jian and Si Yi brought the little girl and the little girl to the Longmen City Police Station.

Before this, Yun Jian had already chosen a name for the little girl and the little girl.

Si Yuan.

Si Ming.

The former was the little girl's name, while the latter was the little girl's name.

There was no special meaning, because this was the first name that Yun Jian took a fancy to among the names.

...

To the little girl and the little guy on the account, cloud paper holding the little girl, carrying the little guy to the nearby Snack Street.

The snack street is very lively in the evening. There are a lot of pedestrians.

As soon as she got here, the little girl stuck her neck out and tried her best to move forward. "Mummy! Yi Ya Ya Ya! Yi Ya Ya Ya!"

The little girl pointed to a man selling cotton candy not far away, with a string of cotton candy in his hand, and squealed.

Seeing that the little girl and the little guy were drooling, Yun Jian bought cotton candy made of sugar for the two of them.

Unexpectedly, although the little girl was young, after she took a bite of the cotton candy, she reached out and handed the cotton candy to Yun Jian.

Yun Jian's heart warmed and he took a bite.

The little girl giggled and handed the cotton candy that Yun Jian had bitten to Si Yi's mouth...

"Da-da... Da-da-da... Ya Ya Ya! Ya!"

Chapter 2473: Chapter 2473 the family members of the patient were looking for trouble

Translator: 549690339

A child that was almost six months old was already worlds apart from a newborn baby.

Most six-month-old children could eat something soft that did not require biting.

Cotton candy was something that the little girl and the little guy naturally could not eat too much.

After all, the child's development was not complete yet. However, the cloud paper did not have much experience. As long as it was not something hard, the cloud paper would feed the little girl and the little guy if they wanted it.

Although the little girl was still young, she already understood the principle of sharing food with her parents.

The little girl could not bear to lick the cotton candy that the cloud tablet had eaten, so she fed it to Si Yi's mouth again.

She even made a squeaking sound. That squeaking sound was obviously to ask Si Yi to eat the cotton candy that the cloud tablet had eaten.

The little girl and the little guy were smarter than they had imagined. The two of them could already call out “Daddi”, which was not a standard pronunciation. They were much smarter than ordinary babies.

However, when the little girl put the marshmallow in her hand next to Si Yi’s mouth and wanted Si Yi to take a bite as well.

The little guy also put the marshmallow in his hand next to Si Yi’s mouth expressionlessly and said softly, “Ya!”

This meant that he was probably telling Si Yi to eat his marshmallow.

What completely disappointed the little guy was that Si Yi took a bite of the marshmallow that the little girl handed over.

Si Yi did not even take a bite out of the marshmallow that the little guy had handed him.

Si Yi did not like sweets.

“HMPH.”The little guy seemed to be angered by Si Yi. He snorted twice and did not sound angry. He retracted his short hand and hugged the marshmallow in his arms, he acted as if he was saying, “Bad Daddy won’t let Daddy Eat My Marshmallow.”.

Unfortunately, the little girl didn’t know that the marshmallows were soft. With this hug, the originally bulging marshmallows became like deflated balloons and stuck to the little girl’s body.

“Giggle, Giggle, Giggle, Giggle...”

Seeing the marshmallows instantly deflate and stick to the little girl’s body, the little girl giggled loudly.

Yun Jian, on the other hand, wiped the cold sweat from the bottom of his heart.

The clothes the little guy was wearing should be washed again.

However, for Yun Jian, it was not a headache but a heartwarming feeling.

...

The engagement party was set to be after the New Year. There were still five or six days before the New Year’s Eve.

It was not yet the 30th day of the New Year. Most of the people who worked outside the province to earn money had already returned to the countryside.

During the New Year, in Longmen City, the countryside was usually more lively than the city because everyone had returned to the countryside for the New Year.

Before preparing for the New Year, Yun Jian set off for Wei Province again.

Chen Xinyi had just called her and said that she could go through the discharge procedures today.

Yun Jian took a half-hour flight to Pan City in Wei Province.

After another half-hour by car, she arrived at the People's Hospital of Pan City.

Today was the day that she and Chen Xinyi made an appointment to pick up Chen Xinyi from the hospital and return to Longmen City.

Chen Xinyi had injured her head a long time ago. Although she had been cured by Yun Jian at that time, many things were inconvenient because of her serious injury.

For example, this time, she drank until her stomach bled. Chen Xinyi's old headache was back.

However, she could already be discharged.

When Yun Jian passed by the hospital's main entrance, she suddenly heard a commotion not far away. She did not care and walked into the hospital.

In a place like the hospital, if something happened, it was not uncommon for the patient's family to come and attack the doctor.

When she arrived at Chen Xinyi's ward, she did not see anyone in the ward. Yun Jian narrowed her eyes.

At this moment, a nurse walked in from outside the door. When she saw Yun Jian, she spoke to Yun Jian anxiously as if she had seen her savior:

"You are the family member of the patient who used to live here, right?" "Hurry up and take a look outside. There's a woman leading a group of people to drag the patient outside!" "The scene is filled with people. Hurry up and persuade her. The patient can't be tormented like this!"

Translator: 549690339

“Hey, I really don’t know what kind of deep hatred there is. He actually grabbed the patient’s hair and dragged her out. US young nurses went up to stop him and were even slapped.

“I heard that that person has some background, but no one dared to call the police! Hurry up and go take a look. This female patient’s head has been severely injured before. If she were to be provoked again, I’m afraid her life would be in danger!”

The female nurse was very kind as she spoke to Yun Jian.

The female nurse was originally Chen Xinyi’s caretaker. Since she could go through the discharge procedures today, she told Chen Xinyi that she could go through the discharge procedures immediately.

The female nurse remembered that there was a man beside Chen Xinyi at that time. He guarded her for several days and did not even sleep at night, afraid that something would happen to Chen Xinyi.

In the end, the man was called out by Chen Xinyi. The female nurse did not know what he was doing.

In the end, when it was time to go through the discharge procedures, Chen Xinyi told her that she still had to wait for a friend. She would wait for this friend before going through the discharge procedures.

The female nurse agreed.

Later, a beautiful woman dressed in elegant and luxurious clothes suddenly rushed in from outside the hospital. This beautiful woman had a large group of bodyguards beside her. Without any explanation, she dragged Chen Xinyi out.

Even the people who followed her to dissuade her suffered and were slapped.

Someone wanted to call the police, but was stopped and said that this beautiful woman was the wife of the richest man in Wei Province! They couldn’t afford to offend her!

The others naturally didn’t want to get involved in this matter, so they all backed out.

After all, this matter had nothing to do with them. who had nothing to do? Those who liked to meddle in other people’s business might even get themselves into trouble.

The female nurse also did not want to meddle in other people’s business. However, when she saw Yun Jian, she recalled that Chen Xinyi said that she was waiting for a friend, so she quickly came over to tell Yun Jian about this matter.

Don't blame the female nurse for not helping Chen Xinyi. Human nature was like this. If you were in trouble, and she was not your family or friends, who would be willing to do such a thankless task?

This female nurse was already very kind to come over and tell her what had happened when she saw Yun Jian.

After hearing the words of this female nurse, Yun Jian's expression turned completely cold at this moment.

In the next second, she had already disappeared in front of this female nurse.

Within a minute, Yun Jian had arrived at the scene where the argument was just now.

As soon as he arrived at the scene, Yun Jian saw that the surrounding people who were watching the show had almost formed a circle.

He pushed aside the crowd and came to the center of the crowd.

He saw Liu Fenfen angrily letting the bodyguards at the side step on and beat Chen Xinyi. From time to time, they would even pull Chen Xinyi's hair and pull her scalp.

This was a fatal injury to Chen Xinyi, who had suffered a huge injury to her head.

Zhang Shaofeng must have gone out, which was why Liu Fenfen was able to take advantage of him.

"You didn't seduce my son? Then why didn't my son agree to get engaged to ya ya? He even ran away from the engagement party today! give my son back! Give him back!"

At this moment, Liu Fenfen was like a shrew, pulling Chen Xinyi's scalp and cursing crazily.

To Liu Fenfen, her son was her god.

But today, her son ran away at the engagement party with Su Ya!

This made Liu Fenfen think that Chen Xinyi was behind it, so she brought people to arrest Chen Xinyi.

Su Ya was standing at the side, wearing the formal dress of the engagement party. She crossed her arms and looked at Chen Xinyi fiercely.

At the same time that Yun Jian arrived, Su Zawa and Ling, whom Yun Jian had met in the Purple Cherry Garden, also arrived.

“Auntie, aren’t you going a little too far –“Su Zawa and the others had just arrived and were about to say something.

Su Zawa and the others, including those who had gathered in a circle to watch the show, suddenly saw a small figure flash past them.

The figure was like a bolt of lightning. In just three seconds, it rushed from forty meters away to Liu Fenfen.

It raised its leg and slashed horizontally. The owner of the petite figure kicked Liu Fenfen’s head, causing the bones in Liu Fenfen’s neck to deviate in front of everyone!

When everyone saw who was the one who attacked, they only saw an ice-cold voice that resounded in all directions:

“Moving before my eyes, go to Hell!”

Chapter 2475: Chapter 2475 Snake Lizard arrived and was completely obliterated

Translator: 549690339

Yun Jian’s kick directly shattered Liu Fenfen’s neck and bones.

That kick caused Liu Fenfen’s head to tilt!

The sudden pain was so intense that Liu Fenfen could no longer feel it.

At this moment, Liu Fenfen had already been kicked to the ground by Yun Jian’s fierce kick just now. The bones in her neck also emitted a crisp cracking sound.

When they saw the person standing in front of them was Yun Jian, who had been translating the words on the rocks like an expert, they were stunned.

Especially su Zawa, Su Ya, and Ling.

To Su Zawa, Su Ya, and Ling, Yun Jian’s behavior that day seemed like she was deliberately showing off something, but in fact, she didn’t know anything.

Especially to Su Zawa, Su Ya, and Ling, Yun Jian was no different from a young girl.

However, Yun Jian’s kick just now had completely distorted everyone’s view of Yun Jian.

That kick that was filled with strength had sent Liu Fenfen’s head flying!

This scene made everyone’s breathing tighten.

“Oh my God! He’s going to kill someone!” Someone cried out in shock.

At that time, Yun Jian had already kicked the bodyguards who had attacked Chen Xinyi to the ground.

Chen Xinyi’s head was originally in a state where she could not be hurt anymore. At this moment, she was in a daze.

Yun Jian helped her to the side.

At this moment, someone immediately carried a stretcher to save Liu Fenfen.

Liu Fenfen was after all the wife of the richest man in Wei Province! Nothing must happen to her!

“Whoever dares to save her, I will kill them today.” Yun Jian slowly stood up after helping Chen Xinyi to the side.

Under his black bangs, a pair of sharp eyes reflected a terrifying killing intent.

Everyone present was shocked by Yun Jian’s gaze.

What made everyone retreat was the butterfly knife that suddenly appeared in Yun Jian’s hand.

“It’s illegal to kill people. You’re just a little girl. You shouldn’t even be willing to step on an ant in the past! put down the knife and calm down! Don’t let your emotions get the best of you!” Su Zawa frowned, he walked up to Yun Jian and spoke to him in a manly tone.

“Exactly. A little girl like you should be one of those kind little girls who would feel sorry for a chicken she killed. Your Friend is fine. Put down the Knife Now!”

Ling chimed in as well.

Su Ya, on the other hand, was looking at Yun Zhi with an indifferent expression. Her gaze seemed to be saying that Yun Zhi did not dare to make a move.

However, just as everyone was thinking this, Yun Zhi’s figure had already arrived in front of Liu Fenfen.

Liu Fenfen could not move her head, but she could only watch helplessly as Yun Zhi walked towards her.

Just as Yun Zhi was about to make a move...

A figure suddenly jumped down from the third floor of the hospital.

By the time everyone reacted, a woman with an enchanting figure had already jumped steadily from the third floor into the circle of people who were watching the show. She appeared in front of everyone's eyes.

Who was this person? When everyone saw this, they were stunned again.

Just as everyone was puzzled, this enchanting woman had already walked to the front of Yun Jian in front of everyone.

It was a snake lizard.

When the snake lizard arrived, a group of people with arms holding weapons suddenly rushed in from the outside.

Yun Jian narrowed his eyes.

She was the one who called the snake lizard here.

Yun Jian pursed her red lips.

However, she didn't expect the snake lizard to arrive at this time.

When Su Zawa and the others saw this scene, they were all stunned.

These people with arms holding weapons were not on the same level as Liu Fenfen and her bodyguards!

"Who... who are these people?!" Someone in the crowd asked in fear.

Su Zawa, Su Ya, ling, and Liu Fenfen, who was still conscious on the ground, let out a sigh of relief. Then, they looked at the cloud paper.

Could it be... could it be that these armed people were here to look for the cloud paper?
?

This... This was impossible!

"Could it be that they are all here to look for you?!" Su Zawa looked at the cloud paper in shock.

However, as soon as Su Zawa said this, the letter took an envelope from the snake lizard and pointed at Liu Fenfen and the group of bodyguards on the ground, in front of the snake lizard and the group of people who suddenly appeared with weapons, he ordered in the tone of a superior and a subordinate,

“Kill them all.”

Chapter 2476: Chapter 2476. They were now in the coffin

Translator: 549690339

The command rang out suddenly. The words were so cold that it made everyone tremble. They were shocked.

Kill them all? who was she going to kill?

Everyone widened their eyes. They were so scared that their faces turned green and purple,

“What are you going to do? Are you really going to order people to kill people? !”

Seeing the group of people with weapons who had just appeared after hearing Yun Jian’s words, Su Zawa hid the light weapons on his body. He immediately took out a dagger and expressionlessly walked toward Liu Fenfen and Liu Fenfen’s bodyguards who were lying on the ground.

He was so scared that his face trembled. However, because he wanted to show off his manliness, he still rushed forward and blocked the group of people with all kinds of light weapons and spoke to Yun Jian.

“You... you guys have been brainwashed by her? How dare you bring guns with you! This is illegal!” Su Ya saw that Liu Fenfen was in danger, she was so scared that her feet seemed to be glued to the ground. No matter how hard she tried, she couldn’t take a step forward. However, she still said to Yun Jian with a surprised voice.

“I’ve changed so many girlfriends, but I’ve never seen such an interesting woman. This woman is so spicy and tasty!”

Compared to Su Zawa and Su Ya’s stunned expressions, the man called Ling touched his chin. He lowered his eyes and continued speaking.

The man called Single-character ling was called Han Jinling.

Han Jinling was a ZH mixed-blood, while the people of H Nation and Z Nation were essentially the same in terms of appearance. Therefore, Han Jinling’s appearance alone could not tell that he was a mixed-blood.

Han jinning had just returned from abroad. Before he went to university, he had been studying in H nation. He was the son of a well-known tycoon in H Nation, and he was also the future heir to billions of dollars.

Because of this, Han Jinning's words and actions could be seen from his lofty attitude.

To Han Jinning, Liu Fenfen's life and death were not important.

But to Su Ya and Su Zawa, it was crucial.

"How dare you! How dare you! How dare you kill me! I'm the wife of the richest man in Wei Province! If you dare to lay a hand on me, you'll die too! Not only will you die, even your friends and family will be finished!

"If you apologize to me now and Kowtow to me three times in front of everyone, I can let you go to jail for a few years less. Otherwise, you'll have to wait for my lawyer's letter and spend the rest of your life in jail!"

Liu Fenfen's neck was sent flying by Yun Jian's kick. She was paralyzed on the ground and could not move because she could not endure the intense pain.

However, Liu Fenfen did not faint.

At this moment, Liu Fenfen even wanted to kill Yun Jian, but she still did not have the self-awareness that she was in danger. Instead, she used her high and mighty identity to continue threatening Yun Jian arrogantly.

Rich people all had their own private lawyers. Once they felt a little wronged, they would use the law to defend their rights.

In the past, there were ordinary people who scolded Liu Fenfen a few times, but Liu Fenfen took advantage of it, saying that the other party attacked her personally, forcing the other party to kneel down and beg for mercy.

How could ordinary people afford to hire their own lawyers to defend their rights? How could they fight against rich people.

If she didn't go to Liu Fenfen in private and beg for mercy, it wouldn't be as simple as losing her dignity.

This time, Liu Fenfen was kicked in the neck by Yun Jian. Naturally, she wouldn't let Yun Jian go just like that.

Liu Fenfen thought Yun Jian was afraid of going to jail, so she spoke aggressively.

Su Zawa, Su Ya, Han Jinning, and the others all heaved a sigh of relief after hearing Liu Fenfen's words.

Yun Jian would definitely stop because of fear after Liu Fenfen said that.

However, just when everyone thought so...

Yun Jian suddenly waved his hand.

The group of men with light weapons and daggers in their hands all retreated.

"Fortunately, Auntie is smart. Otherwise, something big would have happened," Su Zawa said with a sigh of relief.

Yun Jian definitely did not dare to attack again.

Just as everyone was thinking the same thing, they saw Yun Jian walking toward Liu Fenfen. When everyone was relieved, she walked up to Liu Fenfen and stepped on her back.

That kick hurt Liu Fenfen so much that she raised her front body.

Yun Jian grabbed Liu Fenfen's neatly combed hair and pulled her scalp up. If he used more strength, her scalp would be torn off.

Yun Jian maintained his merciless movements and his cold words suddenly rang out. These words made everyone who thought that Yun Jian was going to stop at this moment shudder again:

"Oh, is that so?"

"Then you probably don't know that I've received more than 10,000 lawyers' letters accusing me of murder in my life.

"And those who have accused me are now...

"Lying in coffins."

Chapter 2477: In chapter 2477, inside Yeats' room, there was a strange yuan purlin

Translator: 549690339

The words of the cloud note were like the scene of a ghost appearing in a horror movie. They suddenly rang out, causing the hearts of everyone present to tremble.

It was even more terrifying and terrifying than the four words "All shall be wiped out"!

This line of words came out from the mouth of the cloud note. It was even more terrifying than any horror movie.

That calm, but with words that people could not ignore, was like a thunderclap in the hearts of everyone.

Especially Liu Fenfen, who had just determined that Yun Jian would be like those people she had met in the past, who were scared to the point of kneeling down and begging for mercy when she said she was going to send him a lawyer's letter. She was so scared that she hurriedly apologized to her, at this moment, her eyes were wide open, and her face was full of shock.

In Liu Fenfen's subconscious mind, when an ordinary person faced a rich lady like her, just hearing that she was going to send a lawyer letter to the other party to sue them, they would be scared shitless on the spot.

Even if the other party was right, the other party did not have money. People without money could not even afford to hire a good lawyer to defend themselves, let alone offend a rich person.

However, Yun Jian's words were extremely frightening. What he meant was...

She, she, she, she often killed people?

Yun Jian's words scared Liu Fenfen so much that her face turned pale.

However, Liu Fenfen wasn't the only one. Su Zawa, Su Ya, and Han Jinning, who thought that Liu Fenfen's words had stunned Yun Jian, and everyone present, were so scared that their faces turned green and purple. They couldn't come back to their senses for a long time.

"So, according to what you said, you've killed a lot of people?" After the shock, Han jinning was the first to react. He narrowed his eyes and looked at her with an expression that said he had seen through Yun Jian.

Han jinning was also a handsome man who was so handsome that even girls who passed by could stop in their tracks.

Han jinning, who was a ZH mixed-blood, had always stayed in H nation. Moreover, Han Jinning had participated in the training of H Nation's male singing group. At that time, he had even become a popular male singer in the entertainment circle.

However, as a rich second generation, Han jinning had everything he wanted. When he could not find anything new in the entertainment industry, he directly retired.

Of course, being able to enter the entertainment industry and become a popular male singer in the entertainment industry meant that Han jinning's looks were naturally not bad.

Han jinning had originally thought that Yun Zhi would pay attention to him, but who would have thought that Yun Zhi would loosen his grip on Liu Fenfen's scalp and step on her back with one foot. He said coldly,

"I didn't kill you in Ziyang Garden last time. You should thank your son for giving you a chance. Today, you dare to touch my people again. I'll give you face again and send you to your death myself."

...

What happened in Pan City in Wei Province didn't alert the police station in pan city.

At this moment, in Longmen City.

Ye Zhi was staying at Qin Yiruo's house.

Qin Yiruo's house had quite a lot of rooms.

Ye Zhi also had a room of her own.

That day, Qin Yiruo, Little Yunzhu, little guy, and little girl all went out. Si Yi was not in Longmen city.

Ye Zhi was alone at home.

She was sitting on the bed in her room.

She still remembered that when she was in Xinjiang Town, she was still the timid Yun Jian. She lived in Xinjiang town with her brother, Yun Yi, and her mother, Qin Yiruo. Although they did not have a good life, it was still very warm.

Now that she could come back, she was no longer treated as a puppet. This was all thanks to Yunjian.

Thinking of this, ye Zhi smiled.

But just as he smiled, ye Zhi saw a figure reflected in the window, and that figure was standing behind him.

Ye Zhi turned around and suddenly saw Yuan Purlin.

"Ah! How can you enter my room casually! Get Out!" Ye Zhi shouted when she saw Yuan Purlin.

She was still wearing very thin clothes, and her underwear was barely visible.

But Yuan Lin stared at Yezhi. Without saying anything, he walked over, grabbed Yezhi's hand, and pulled her out.

Chapter 2478: In chapter 2478, an envelope followed

Translator: 549690339

It was a fact that Yezhi was a coward, and she had never changed before or after her rebirth.

But this was also targeted at people.

Yezhi could be completely unafraid of Yuan Lin in front of him, but in front of others, she probably wouldn't even dare to speak loudly.

This was probably because Yuan Lin had been by her side ever since she was reborn, and they had known each other for four years.

Of course, during this period, Yuan Lin had never helped her except for the last time. Even if she was beaten up, he would not do anything.

There was no sense of closeness.

"Come with me." Yuan Lin did not say anything else, but only said this sentence.

"Where are you going? Let Go! Let Go! I'm not dressed yet." Ye Zhi wanted to pull her hand back from Yuan Lin's hand.

Because she was going to Qingyan's house at night, Yezhi sat on the bed. She wanted to change her clothes, but when she was changing, she suddenly became distracted and thought of her past.

Who would have thought that Yuan Purlin would suddenly appear.

Didn't he say that he couldn't see Yun Jian and Si Yi, so he wouldn't come looking for her in the future?

Seeing Yuan Purlin holding her hand tightly, Yezhi's eyes welled up. The moment she was about to be dragged out of the room by Yuan Purlin, she seemed to have mustered up her courage and reached out to grab the door, half-squatting, she refused to leave the room no matter what.

"I want to wait for sister Yunjian to come back! I Won't go with you! If you take me away, Sister Yunjian won't Let You Go! She treats me the best!"

"In the whole world, she treats me the best!"

Yezhi hugged the door tightly and shouted at Yuan Lin.

Hearing Yezhi say that the whole world treated her the best, Yuan Lin's eyes flashed. In that second, he reached out his big palm and pulled Yezhi's fingers off the door one by one. At the same time, he said expressionlessly,

"You have to go!"

There was no room for negotiation!

The envelope that the cloud note took from snake lizard was actually sent to the ancient kill mercenary group by Yuan Lin.

The ancient kill mercenary group then gave the envelope to snake lizard, and snake lizard personally escorted the envelope to the cloud note.

On that envelope was written something that was very helpful to the cloud note.

Of course, there was no free lunch in the world. Yuan Lin told such an important thing to the cloud note directly and had one more request.

He wanted Yezhi!

...

As for whether Yun Jian would agree or not, and whether Yezhi would agree or not, Yuan Lin had already delivered the envelope. Even if Yun Jian did not agree, he would still take her away!

Pan City, Wei Province.

Yun Jian stepped on Liu Fenfen's back and lazily pulled her hair.

Her hand drooped, and no one knew where Yun Jian took out the shiny butterfly knife.

By the time everyone reacted, Yun Jian had already grabbed the butterfly knife and wiped it at Liu Fenfen's neck.

"Sister Jian!" Just as the butterfly knife entered Liu Fenfen's neck and was about to send her on her way, snake lizard suddenly walked up to Yun Jian.

Snake Lizard, who was dressed in tight black clothes and had a seductive figure, half-squatted down and whispered a few words into Yun Jian's ear.

Hearing this, Yun Jian narrowed his eyes and stopped in time.

"I've dealt with it." Yun Jian turned around and spoke to the few armed subordinates standing at the side. After that, he walked towards Chen Xinyi.

"Help her to the ward and come over immediately to meet me," Yun Jian said to the snake lizard.

He did not know where Zhang Shaofeng had been called to by Chen Xinyi, but he had not returned yet.

"Zhizhi, I'm fine. I can walk back by myself. If you have something to do, go quickly!" Chen Xinyi rubbed her aching head and said to Yun Zhizhi.

"Be Good." Yun Zhizhi did not give Chen Xinyi a chance to refute.

At that time, Yun Zhizhi had torn up the letter that Yuan Lin had given him in public, leaving a graceful figure for everyone. Then, he led a few other men with light weapons and walked into the distance.

No one dared to stop him.

"I'll go and take a look!" Su Chuang frowned and followed him.

"I'll go too!" Han Jinning followed him when he saw this.

Su Ya and the others also followed curiously.

Chapter 2479: Chapter 2479: using a rocket to flatten a garden

Translator: 549690339

The contents of the Yuan purlin envelope were indeed very important to Yun Jian.

Because of this, Yun Jian did not even have the time to give Liu Fenfen a final blow. He turned around and left.

Of course, this could also be considered as saving Liu Fenfen's life.

It was not a coincidence that the snake lizard and this group of subordinates with light weapons could come to Pan City in Wei Province.

It was Yun Jian who ordered them to come.

At that time, Yun Jian was walking in front, followed by a few men with light weapons.

Behind him, Su Zawa asked Liu Fenfen's bodyguards to take Liu Fenfen away and followed after Yun Jian.

Su Ya, Han jinning, and a few other second-generation rich kids also followed.

Su Zawa followed because he didn't want to see Yun Jian go astray.

He thought that Yun Jian had joined some gang, so so many people were willing to listen to her.

This group of people also had guns.

Of course, besides guns, Su Zawa was sure that Yun Jian's group of people who had joined the gang couldn't bring out any other heavy weapons.

They chased all the way until they reached the entrance of the Purple Cherry Garden.

"Wait! Wait!" Su Zawa was the first to run up.

He blocked Yun Jian and said to him, "I think you should quit the gang as soon as possible. That's not a place for a girl like you!"

Yun Jian glanced at Su Zawa and went around Su Zawa to enter the Purple Cherry Garden.

"My Brother is talking to you. You should at least listen to him!" "It's not right for you to do this!" "You're such a good girl. You Don't have to be the boss of any gang!" I know that you ordinary people want to be like us, the second generation of the rich.

"But this is your fate. You Can't change it, so you joined some gang?"

"I, I, I did this for your own good!"

Su Ya saw that her brother's words were ignored by Yun Zhi, so she hurriedly spoke up.

But halfway through Su Ya's words, Yun Zhi suddenly cast a sharp glance at her. That cold and murderous gaze made Su Ya Shiver and quickly changed her words.

"Little sister, they are right. I am a very reasonable person. Tell me, did you join a gang because you had some difficulties?"?

"Don't look at me like this. I have been in a gang before and I know what your gang is like. If you are happy, follow me. Although I can't marry you, I can support you for the rest of your life!"

A plump man in his twenties who was about to burst his clothes touched his belly and said to Yun Zhi.

After saying this, the plump man, who was obviously a rich second generation, looked at Yun Zhi and said, "Little sister, I think you're still a virgin, right? I don't mind if you're not a virgin." Anyway, he didn't want to marry her.

Everyone thought that Yun Jian was forced by life, so he joined the gang and started to do business in the black market.

In fact, he didn't have much strength.

However, just as everyone thought so, snake lizard, who had just sent Chen Xinyi back to the ward and quickly finished his investigation, said to Yun Jian in public,

"Sister Jian, as expected, someone stole the rocks in the Big Purple Cherry Garden. There are ambushes everywhere. If we want to go in, we can only force our way in."

Hearing the snake lizard's words, Su Zawa and the others' faces froze.

"Someone stole the rocks from the Purple Cherry Blossom Garden? Let's call the police!" The second-generation rich kid who said he wanted to keep Yun Jian was shocked when he heard this.

Su Zawa, Su Ya, and the others also realized that something was wrong.

However, just when everyone thought that Yun Jian would back down, Yun Jian suddenly said to the snake lizard in front of everyone and under everyone's shocked and horrified expressions,

"Bring me my shoulder-fired Cannonball."

"Today, even if I blow up the Purple Cherry Blossom Garden, I will definitely not let them move a piece of rock."

Chapter 2480: Chapter 2480 was enough for me to destroy

Translator: 549690339

The reason why Yun Zhi came to the purple cherry blossom garden was because the envelope Yuan Lin gave her mentioned that the mysterious man would send his men to the purple cherry blossom garden to steal the pile of rocks left behind by the creator of the God continent.

Back then, the mysterious man had forcibly separated his physical body from his soul. After that, his soul had successfully escaped. He did not have the ability to come here for a short period of time.

However, the mysterious man had survived for so long and had set up for so many years. Naturally, he had many capable subordinates just like Yun Jian.

Today, he had sent his capable subordinates to steal that pile of rocks from the Purple Cherry Blossom Garden.

And at this moment, as soon as Yun Jian and the others entered the entrance of the Purple Cherry Blossom Garden, they would be attacked by the mysterious man's subordinates who had been lying in ambush all over the place.

According to the information in the Yuan Lin Letter, the mysterious men all had the latest and most powerful weapons.

Therefore, it was very difficult to break out of the encirclement.

"Sister Jian, your shoulder-fired rocket still needs ten minutes to arrive at the scene." After hearing Yun Jian's words, snake lizard contacted the people who handed over the weapons and spoke to Yun Jian.

Hearing this, Yun Jian nodded.

After the snake lizard said this, Su Zawa, Su Ya, Han jinning, and the other second-generation rich kids were still in a daze.

"What... you actually know how to use a rocket... No, how can you... You, you, you..." the fat guy who had said that he wanted to keep Yun Jian was stunned, after hearing the conversation between Yun Jian and the snake lizard, the face of the man who had said that he wanted to keep Yun Jian suddenly twitched.

Not only was the fat second-generation heir so frightened that his face turned green and purple, but even Su Zawa, Su Ya, Han Jinling, and the others were taken aback as well.

When they came to their senses, Su Zawa was the first to speak to Yun Jian with a slightly trembling voice:

"Someone has stolen the ancient relics passed down from the past generations of the Great Purple Cherry Garden. This is illegal in the first place, but when it comes to this kind of thing, someone from the higher-ups will come down and deal with it.

"You're neither a police officer nor a special forces soldier. If I'm not wrong, the people you said who came to steal the rocks should all be criminals..."

"They have guns and ammunition in their hands... Even if you have guns, how can you compete with those who have been doing this for years... It's better not to get involved in this matter..."

Su Zawa used the best tone he could think of to say this to Yun Jian.

Su Zawa himself did not know what had happened to him.

As long as he thought of Yun Jian, an extraordinary girl, who would die in the Big Purple Cherry Garden later, he felt that he had to stop her.

“Brother, why do you care about her? Since she thinks she’s so powerful, then let her...”he would just let her die here.

Before su ya could finish her sentence, a police siren suddenly sounded.

Soon, three police cars stopped not far away.

A middle-aged man got out of one of the police cars. After the middle-aged man got out of the car, he saw that Yun Jian and the others were still standing in such a dangerous place. He rushed forward and shouted to Yun Jian and the others as they walked:

“Little girl, Leave Now! We have received a report from a nearby resident that a group of criminals with guns have appeared in the Grand Ziyang Garden. If you stay here any longer, you will be in danger. Please Leave Now!”

The middle-aged man had also risked his life to come here and ask Yun Jian and the others to leave.

After hearing the middle-aged man’s words, Su Zawa, Su Ya, and the others realized that the scene was dangerous again. Their hearts trembled again.

Even the police had come. Yun Jian was definitely going to leave obediently.

The farce was over.

Everyone present thought so.

Su Zawa, Su Ya, and Han jinning had already turned around and walked away from the door of the Big Purple Cherry Garden.

It was too dangerous here.

They thought that after hearing the middle-aged man’s words, Yun Jian should also turn around and leave.

However, just as everyone thought so, just as Su Zawa and the others turned around, Yun Jian suddenly took out a stack of documents from his pocket in front of everyone, then, he picked out one of the documents and showed it to the middle-aged man and the police officers.

The next second, just as everyone was shocked that Yun Jian could take out so many documents at such a young age, the words that shocked everyone present suddenly rang out and entered everyone's ears:

"Member of the Zhejiang Province 3rd Military Region Special Task Force, code number 006, codename Asura.

"Leave this group of criminals to me alone. It's enough to exterminate them."

Chapter 2481: Chapter 2481, Yun Jian's identity, he had a great background

Translator: 549690339

'leave this group of criminals to me alone, it's enough to exterminate them.'

Yun Jian's flat and flat voice resounded throughout the entire place.

As soon as he said this, it shocked everyone present.

Everyone was stunned by Yun Jian's simple words.

This girl who looked like she wasn't even 20 years old actually...

A member of the Special Forces! ?

Special Forces!

That was not a place that any ordinary person could enter!

Whether it was physical fitness or strength, they had to reach the standard before they could reach the threshold of the special forces.

As for Yun Jian...

Su Zawa, Su Ya, Han Jinning, and the others had originally thought that Yun Jian was just an ordinary female college student.

After all, the first impression that Yun Jian gave everyone was that he was the friend of the mistress who tried to snatch Su Ya's fiancé.

But what they didn't expect was that the friend of the mistress who shamelessly came to their door and tried to snatch Su Ya's fiancé had such a powerful background?

"Asura? Why does this name sound so familiar!" Just when Su Zawa, Su Ya, and the others were stunned by Yun Jian's identity as a special forces soldier, the middle-aged man had already rubbed his chin and thought about it with a thoughtful look.

“Familiar? Police uncle, even if she’s a special forces soldier, she’s just a nobody. She must have bumped into the name of some big shot.”

Su Ya was not stupid. Even though Yun Jian wanted to steal her fiancé’s identity as a friend, she already hated Yun Jian.

Su Ya’s words were full of hostility.

After hearing Su Ya’s words, Yun Jian narrowed his eyes. She quietly hid all her documents back into her pocket and did not say a word.

Snake lizard and Yun Jian’s other subordinates stood at the side.

The weapon that Yun Jian wanted would take another ten minutes to arrive at the scene.

Therefore, Yun Jian stood there and did not move.

After the middle-aged man got out of the police car, his subordinates immediately followed behind him.

After thinking hard, the middle-aged man touched his head and reached out his hand to Yun Jian:

“Hello, Young Lady. I’m from the police station nearby. The leader of the team who came out after receiving the news this time, everyone calls me old Zhang. You can also call me that.”

Old Zhang reached out his hand to Yun Jian but didn’t get a response.

“Yun Jian.” She didn’t reach out her hand but introduced herself to old Zhang.

“Sorry, I’m not used to shaking hands.” After the self-introduction, Yun Jian added.

“Haha, It’s Okay, it’s okay. She’s a little girl, I understand!” Old Zhang was a very forthright person. He laughed twice.

“Oh right, it’s dangerous to stand here. Let’s retreat a little further...” Old Zhang had just finished speaking.

A few military jeeps drove in not far away.

After the jeeps steadied themselves, a group of fully armed special forces soldiers nimbly got down from the jeeps.

The right angle was coming!

Su Zawa, Su Ya, Han Jinning, and the others' eyes lit up.

Even if Yun Jian took out the identification book to verify his identity, Su Zawa and the others did not believe that Yun Jian had the ability to deal with the group of criminals in the Purple Cherry Garden alone.

After a group of fully armed special forces soldiers arrived, the leader, who was about the same age as old Zhang and had a handsome and heroic military posture, also stood in front of the group.

“Old Zhang, hurry up and take these young people away!”

Obviously, the leader of the Special Forces soldiers knew Old Zhang.

“Haha, Don't panic. This little girl is a member of the Special Forces Team of the Third Military Region of Zhejiang province! Number 006, codename Asura,” old Zhang said to the leader of the Special Forces soldiers.

The leader of the special forces named Wen Zhengyu, is a veteran, and old Zhang Know.

When Wen Zhengyu heard old Zhang's words, Su Zawa and the others originally thought that Wen Zhengyu would be shocked that Yun Jian was so young and was actually a special forces soldier, but unexpectedly, Wen Zhengyu's expression changed. On his face, which had not seen a smile for years, with a hint of surprise:

“Kill God of the King Squad! ? If I remember correctly, you are the daughter of GE Junjian, the former captain of the special forces of the Third Military Region! ?”

GE Junjian's status was not low.

Before he retired, GE Junjian's battle achievements were also the object of admiration for countless people.

He was a hero!

Wen Zhengyu had long heard of Yun Jian, but he did not expect to meet her here.

Of course, on Wen Zhengyu's face, there were not many expressions of surprise and shock. After he heard about Yun Jian's identity, he was suddenly stunned. Then, he laughed and looked at Yun Jian as if he was looking at an old acquaintance. He said,

“I’ve met Ge Junjian once. He’s a righteous soldier! I admire him a lot!

“I didn’t expect to meet his daughter here. and his daughter is also the killer god of the King’s squad, who is also admired by many. It’s a pleasure to meet you!”

Wen Zhengyu was excited.

Wen Zhengyu’s words were heard by Su Zang, Su Ya, and Han jinning one after another.

The sudden surge of waves made the faces of Su Zawa, Su Ya, and Han Jinling Tremble.

Yun Jian had such a powerful background!

Moreover, judging from Wen Zhengyu’s tone, Yun Jian was an incredible existence in the special forces!

These words made the hearts of SU Zawa and the others surge. They widened their eyes and stared at Yun Jian.

Especially the fat man who said he wanted to keep Yun Jian. He was so scared that his face turned green and purple.

“You guys go and investigate the area first. When the time is right, we’ll Attack!”Of course, Wen Zhengyu was not here to reminisce. After he said these words to Yun Jian, he smiled at Yun Jian and turned around to speak to his team members.

Wen Zhengyu was the team leader, so the team members obeyed his order and were about to disperse. They planned to investigate the area and then make a plan to sneak into the purple cherry blossom garden.

“There’s no need to investigate. My people have already investigated all the criminal hiding spots in the great purple cherry garden and their plans. They won’t be able to move those huge rocks within an hour.”

Just as Wen Zhengyu finished his words, Yun Jian spoke when Wen Zhengyu’s team members were about to disperse.

Before the special forces infiltrated a place, investigating the scene was a necessary step.

And investigating the scene was also very likely to cost one’s life.

After Yun Jian’s words, Wen Zhengyu immediately reacted.

“There’s no need to investigate.”Wen Zhengyu chose to believe Yun Jian.

“I’m enough here. But since you guys are here, after I enter the Great Purple Cherry Garden, I can also come out and deal with the aftermath,”yun Jian said.

Since Wen Zhengyu and the others were here, they must have been assigned by the higher-ups to carry out the mission.

Hearing Yun Jian’s words, Wen Zhengyu was stunned. He was stunned for a moment before he said, “Can you do it alone? It’s too dangerous... Let’s work together...”

“I can do it alone. Working together will only slow me down.”Yun Jian made a prompt decision. Although he had a good impression of Wen Zhengyu, he did not show any mercy when it came to such matters.

At first, they thought that Wen Zhengyu and Yun Jian spoke in a very friendly manner. However, after hearing Yun Jian’s words, Su Zawa, Su Ya, and Han jinning instantly felt that Yun Jian was deliberately sabotaging the relationship between Wen Zhengyu and her.

Was she stupid?

A normal person should at least say some polite words, right?

Yun Jian was so straightforward. was he not afraid of offending others!

Just when Su Zawa, Su Ya, and the others thought that Wen Zhengyu would frown in displeasure because of Yun Jian’s words, Wen Zhengyu suddenly grinned and said to Yun Jian in public,

“Haha! Good! I’ll do as you say!

“I don’t dare to doubt the ability of Asura, who can single-handedly capture countless spies in just a few days who can’t be subdued by international drug traffickers
