

## The Schoolgirl Secret Agent - Chapter 2483 - 2500

Chapter 2483: Chapter 2483: Sniper Cannon. How powerful she was

Wen Zhengyu had naturally heard about the news of Yun Jian capturing the international drug trafficker Milland in just a few short days.

The moment this news came out, it shocked the entire international community.

“What! You said she... you said she single-handedly subdued the international drug trafficker that countless spies were unable to subdue?”

After Wen Zhengyu’s words sounded, even Han Jinling, who had been calm and collected all this time, revealed a shocked expression.

When these words sounded, Wen Zhengyu was stunned.

“You guys... aren’t members of the King’s Team?” Wen zhengyu glanced at Su Ya and the others.

“They aren’t,” Yun Jian replied.

Obviously, Wen Zhengyu thought that Su Ya and the others were members of the King’s team.

“Then quickly evacuate the scene. It’s very dangerous here,” Wen Zhengyu said.

If they were members of the King’s team, they were all special forces and had the ability to protect themselves.

However, Su Ya and the others were only ordinary people.

“It’s too late.” After Wen Zhengyu said this, Yun Jian spoke again.

“What, what do you mean by this?” Yun Jian’s words gave people a feeling of shock and horror. As soon as Yun Jian finished speaking, Su Ya raised her head and looked at her shakily.

“Are you cursing us... don’t think that you’re amazing just because you’re a special forces soldier. Didn’t you say that your father is the captain of some special forces? What kind of honor is that? Could it be that your father pulled some strings to get it for you... ?”

When Su Ya heard that Wen Zhengyu wanted to send them off, Yun Jian suddenly said that it was too late. She panicked and felt that Yun Jian was cursing them, so she questioned Yun Jian in a very bad tone.

After all, Yun Jian was so young, and it was impossible for him to have such a battle record.

Hearing Su Ya's words, Su Zawa, Han Jinling, and the others immediately switched sides with Su Ya.

Yun Jian's age did not match her battle record.

Was she really that powerful...

After all, she was just the friend of the mistress who wanted to steal Su Ya's fiancé!

However, just as Su Ya and Su Zawa thought so, Yun Jian took out a pair of transparent white gloves from somewhere. She put them on skillfully and said to the snake lizard behind her, "Is my stuff here?"

"Sister Jian, it's here." The snake lizard nodded.

Everyone was surprised.

At that moment, Yun Jian reached out her hands to the snake lizard behind her.

He placed two pistols on his waist and took out a new type of shoulder-fired rocket launcher that the snake lizard had handed him.

When he saw this new type of shoulder-fired rocket launcher, Wen Zhengyu's face froze. He seemed to have thought of what Yun Jian was going to do. After a moment of shock, he said, "You... Don't tell me you're going to..."

However, before Wen Zhengyu could say anything, Yun Jian grabbed the heavy shoulder-fired rocket launcher with one hand without any warning under the eyes of Su Zawa, Su Ya, Wen Zhengyu, Old Zhang, and the others, he rushed straight into the purple cherry blossom garden.

"Bang, Bang, Bang, Bang, Bang, Bang!"

However, as soon as Yun Jian rushed into the purple cherry blossom garden and exposed himself to the enemy's sniping range, he stood at a high place and fired a series of bullets at the sniper at the entrance of the scorched purple cherry blossom garden.

It was at this moment that something that everyone present could never forget happened!

Yun Jian dodged the barrage of bullets almost at the same time. In the next second, she carried the rocket launcher on her shoulder at a speed that no one could react to, without even looking, she fired at the sniper who was thousands of meters away.

The shot was like a homing missile, with an accuracy of half a millimeter. In front of everyone, it directly bombarded the group of snipers who were shooting at her!

Chapter 2484: Chapter 2484 was a word: "Hot-blooded"

Translator: 549690339

In just a few short seconds, shock and fear flashed through the hearts of everyone present.

That perfect shot was as skillful as a king walking at the peak of the world.

She didn't need anyone to help her command, nor did she need anyone to help her charge forward.

Facing the group of snipers hiding thousands of meters away, she was fearless in the face of danger. She was like an emperor who ruled the world. She carried her weapon and didn't even need a commander to command the angle of the firing position, just like that, she directly bombarded the group of snipers without any errors.

It must be known that in high-altitude bombing, the commander usually needed to stand at the side to check the wind speed, humidity, and the focal distance and accurate direction. Only then would the shot that was fired have a chance of hitting the target.

As for Yun Zhi?

She actually used her own strength. She did not even need a commander to check all the factors that would hinder the shot from hitting the target. She directly went forward to resist the shot.

This was not even the most shocking part.

The most shocking part was that Yun Jian actually used a single shot to directly hit the group of snipers at an altitude of 1,000 meters!

The power of the shoulder-fired rocket launcher was quite fierce. That shot could directly fly up to 1,000 meters in a second.

Yun Jian's series of actions just now was completed in three seconds.

Three seconds later.

Wen zhengyu, old Zhang, Su Zawa, Su Ya, Han jinning, and the others who were standing still just now widened their eyes. They were so scared that they almost lost their minds.

“Then... the snipers of the criminals in the distance were blown away by her shot! How powerful is she? !”!

“And she’s just a member of a special forces squad. How could she use such a high-tech weapon? !”

Just as everyone was stunned, Wen Zhengyu’s voice rang out once again.

These words made the surrounding people even more shocked.

Wen Zhengyu was the leader of this group of Special Forces soldiers who came to support them.

If even he said such words, it meant that with his identity as a special forces soldier, it was not enough to learn such high-tech stuff! ?

Then where did she learn how to use such a shoulder-fired rocket launcher? !

And the person who could use every weapon so flexibly and smoothly.

In this world, there was only one kind of person who was forced to learn all the weapons thoroughly!

Otherwise, what faced her would be death!

And that kind of person’s identity was —

“Bang!”

Su Ya was so scared that the makeup on her face was ruined. Su Zang, Han jinning, and the Fat Man who said he wanted to keep Yun Jian lost their original color.

Yun Jian, who was standing not far away from them, suddenly held her in her hand and threw the rocket launcher on the ground.

Everyone was shocked.

They didn’t know why Yun Jian did this, and they didn’t even understand why she would throw away such a valuable and powerful weapon.

Yun Jian suddenly took off her heavy coat in front of everyone.

Inside the coat was a light black tights and pants.

Beside her waist, there were two shiny silver pistols.

There was a bag of bullets on the bandage in front of the abdomen.

The perfect outfit that accentuated the body looked like a special agent from a movie.

The scene that suddenly flashed in front of everyone's eyes made their hearts tremble.

However, before they could react, they saw Yun Jian slowly walking forward with her back facing them. She did not turn her head but left a word that made everyone's blood boil:

“Kill!”

Chapter 2485: Chapter 2485: selfish women who enter the garden together

Translator: 549690339

The word 'kill' was so simple that it couldn't be any simpler. It was mixed into this scene that made people's blood boil. It was as if the god of death was summoning all living beings. It plucked the string in the bottom of everyone's heart to the highest point.

Everyone was affected by the emotion of this word. It was as if they were in a bloody Battle of life and death. The young girl standing in front of them, who was not even twenty years old, was the only hope they had for survival.

“Brothers, this group of criminals actually dare to show off in our Z country. Listen to my command, Go!”

Wen Zhengyu's great soul as a soldier was completely ignited at this moment. He took a rifle from his back, held it in his hand, and made a hand signal to his brothers.

Everyone listened and waited for orders.

“Old Zhang, take this group of children and quickly evacuate this place. Brothers, let's go, we're going to have a big fight today!” Wen Zhengyu turned his head and glanced at Old Zhang, then raised his hand to signal.

Before he could finish his words, Wen Zhengyu and his men followed Yun Jian into the Purple Cherry Garden.

At that time, the group of men led by the snake lizard was one step ahead of Wen Zhengyu and the others, and they were the first to catch up with Yun Jian.

Seeing Yun Jian, Wen Zhengyu, and the others leave their sight, Su Zawa, Su Ya, and Han Jinling couldn't come back to their senses for a long time.

"Brother, let's, let's go back..."su ya said to Su Zawa in a trembling voice.

"If you're afraid, then go back by yourself!"Su Zawa clenched his fists. In the end, he didn't wait for Old Zhang to react and followed him into the purple cherry blossom garden.

"This guy!"Seeing Su Zawa rush into the Purple Cherry Blossom Garden, Han Jinling pressed his forehead.

Not long after he said this, Han Jinling rushed into the purple cherry blossom garden with Su Zawa.

"Come back! Come back! I'll Go!"Old Zhang didn't have time to pull them back. By the time he realized what had happened, Su Zawa and Han Jinling had already run away like cows.

"I'm telling you guys, you can't follow them anymore. You'll only cause more trouble if you follow them! You guys..."Old Zhang had just said this, su Ya had already snorted and chased after Su Zawa and the others into the Big Purple Cherry Garden.

The Fat Man and the few young men who had stayed behind with Su Ya and Su Zawa had originally planned to retreat just like that.

However, just as they were about to agree to leave this dangerous place as soon as possible...

"My Son, my son!"An anxious voice sounded.

The person who had come was none other than Liu Fenfen, who had her chin tilted by Yun Jian's kick.

Liu Fenfen's chin had been kicked by Yun Jian, and she had just been lifted to correct her chin.

Just now, she had heard that someone had seen her son Bowen Xiu appear in the Grand Ziyang Garden at the end, and that the Grand Ziyang Garden was now occupied by a group of criminals. Thus, she put on a shelf that would not shift her chin, Liu Fenfen asked her bodyguards to escort her over to look for him.

No matter how evil Liu Fenfen was, the love of a mother was selfless. She did not even care about her own pain and ran over to look for her son.

“Fatty Zhou Da! Quick, quick, take me to look for Wen Xiu!”Liu Fenfen walked over and grabbed the plump man who was about to leave.

Fatty Zhou Da was the name of the plump man who had said that he was going to keep Yun Jian.

“Auntie, I . . . I . . .”Fatty Zhou Da was a little afraid and did not dare to follow her.

“Quick!”Liu Fenfen grabbed Fatty Zhou Da’s arm and dragged him into the purple cherry blossom garden, not giving anyone the chance to refute her.

The others were having a good time with Fatty Zhou Da and followed him.

In the end, old Zhang failed to negotiate with Liu Fenfen and was even slapped by Liu Fenfen. He was determined to bring people into the purple cherry blossom garden. He did not care about the lives of these people and only wanted to find her precious son.

Chapter 2486: Chapter 2485. Sorry, I missed

Translator: 549690339

Yun Jian’s kick had indeed made Liu Fenfen unable to get out of bed for several months.

Of course, this was the case for a normal person.

Although Liu Fenfen was extremely selfish, it was the same for all mothers in the world. Liu Fenfen, who loved her son dearly, could endure the pain.

Of course, before she came, Liu Fenfen had already gotten someone to correct her crooked jaw. Although the pain was still unbearable, compared to when she was first kicked, it was already much better.

...

Yun Jian, Snake Lizard, Wen Zhengyu, and the others had already taken the lead and entered the Purple Cherry Blossom Garden.

They were one step ahead of Liu Fenfen and the others.

At that time, Yun Jian and the others had just arrived at the Purple Cherry Blossom Garden. They were about to approach the pile of rocks left behind by the creator of the God continent that the mysterious person had sent over.

The surroundings were quiet. There was no one around.

After entering the purple cherry blossom garden, it was as if the place had never been invaded by criminals. Everything was as usual.

Other than the place being extremely quiet and not a single person could be seen around.

Yun Jian narrowed her eyes. She reached out and brushed the broken hair beside her ear. She gently pursed the dark red arc.

“Captain, why is there no one here?” Why was the place invaded by criminals so quiet. A special forces soldier following behind Wen Zhengyu was shocked. He opened his mouth to break the initial silence and suddenly spoke.

“Shh, Stay Alert at all times. Don’t let your guard down!” Wen Zhengyu was indeed a veteran with higher seniority. He relaxed his fingers and tightened his grip on the rifle in his hand as he said solemnly to his men.

Hearing this, the special forces soldier who spoke nodded silently and did not speak again.

After Wen Zhengyu said this, Yun Jian suddenly pointed to the back of the pile of rocks not far away.

Hearing this, everyone moved forward.

However, just as everyone was about to reach the back of the pile of rocks, footsteps sounded behind them.

“Son! My Son! Son!”

This woman’s voice suddenly sounded, completely exposing the whereabouts of Yun Jian and the others.

The owner of the voice was none other than Liu Fenfen.

“Oh no! Move aside!” Wen zhengyu shouted.

Hearing this, everyone quickly moved to the side to hide.

Su Zang, Su Ya, and Han Jinning, who had followed Yun Jian and the others into the big purple cherry garden before Liu Fenfen, were quite smart. They followed behind Yun Jian and the others without saying a word.

Who knew that Liu Fenfen’s voice could be heard from behind.

“Thud, thud, thud, thud, thud, thud, thud, thud...”

At this moment, a series of machine gun shots suddenly sounded.

Wen Zhengyu saw that Liu Fenfen and the others were exposed under the sniper rifle. He frowned. His identity as a soldier made him rush forward without hesitation. He grabbed Liu Fenfen and the others and fell to the side!

However, the bullet was still one step ahead of him and grazed his arm.

“Hiss –“Wen Zhengyu took a deep breath.

At this moment, a group of black-robed men walked out from behind the pile of rocks.

The group only revealed a pair of pitch-black eyes. It was extremely strange.

And these people were holding a group of hostages.

A group of hostages had machine guns pointed at their heads.

Obviously, this group of hostages were the poor and unlucky people who were caught by chance when they were strolling in the Purple Cherry Garden.

“Son! My Son! My Son!”When she saw Bo Wenxiu among the hostages, Liu Fenfen shouted loudly and wanted to push Wen zhengyu away.

“Is this your son?”One of the black-robed men asked when he heard this.

“Yes! Let Him Go! As long as you let him go, I can give you money! I’ll give you whatever you want!”Liu Fenfen nodded frantically.

At that time, Bowen Xiu was tied up by the black-robed man and couldn’t move. He was also covered by the black tape.

“Okay.”The black-robed man agreed.

When Liu Fenfen saw this, she heaved a sigh of relief.

And just when Liu Fenfen thought the black-robed man would really let him go, the black-robed man suddenly took out a dagger. In front of everyone, he swung the dagger and chopped off Bowen Xiu’s middle finger and ring finger in public.

“I’m sorry. I was going to loosen his rope, but I didn’t expect to miss.”

The black-robed man's expression was covered by a thick black cloth, and no one could see it. At that time, the leader of the black-robed men spoke in an indifferent tone, as if what he had just done was a very simple and normal thing.

"Wu! Wu! Wu Wu Wu!" Bowen Xiu, whose mouth was covered by the black tape, had two of his fingers chopped off. He was in so much pain that the pulse of his brain was prominent.

The pain of having two of his fingers cut off without any anesthetic made the Blogman's face turn green.

Everyone was pale with fright when they saw this scene.

Especially su Zawa, Su Ya, Han jinning, and the other members of the younger generation.

"No! No! Son! My Son! My Wenxiu!"

Liu Fenfen cried out in shock. Her eyes widened as if she could not believe the unreal scene before her. She cried out in shock.

No! Why! Impossible! Why was it her son! Why was her son's finger cut off!

When the other hostages at the side saw this shocking scene, they were so frightened that their faces turned pale and their souls flew into the sky.

It was too cruel! It was too cruel!

Was this man in a black robe really human? ! How could he do such a thing? !

Apart from Yun Jian, everyone else was so frightened by this horrifying scene that their faces lost color.

If Wen Zhengyu hadn't used his uninjured hand to hold Liu Fenfen's hand, Liu Fenfen would have rushed out by now.

"It's all because of you! It's all because of that Vixen of your friend! If it wasn't for that B \* Tch of yours, my son wouldn't have escaped from today's engagement party... and even less... It's all because of you! When we get out of here, I'll definitely kill you!"

Liu Fenfen's eyes were red and swollen. Suddenly, she turned her head and roared at Yun Jian.

That Formation seemed as if she wanted nothing more than to kill Yun Jian.

At that time, the black-robed man's attention was on Yun Jian.

"Hehe." The next second, the black-robed man laughed.

"You finally appeared." Looking at Yun Jian, the leader of the black-robed men continued.

From the beginning, Yun Jian felt that the black-robed man's voice was very familiar.

Under everyone's gaze, Yun Jian's eyes darkened. In the next second, she said firmly without any hesitation or doubt,

"You are the former number two assassin on the international assassin rankings, Chi Ling."

After saying this, everyone present turned their eyes to the black-robed man.

Not only were they terrified of the identity of the black-robed man's assassin.

What was even more terrifying was...

Chi Ling was the former number two assassin on the international assassin rankings!

In other words, Chi Ling should have died a few years ago in the bloody night incident when he surrounded and killed the current number one assassin on the international assassin rankings!

He was already a dead man! How could he still be alive!

"Hehehe." The assassin known as Chi Ling suddenly tore off the black cloth covering his face, revealing a ferocious face.

That face was indeed Chi Ling, who was reported to have died in the bloody night incident and was one of the top 20 assassins on the international spy rankings!

Red Ling, who was supposed to be dead!

What... What was going on? !

At this moment, the 19 black-robed men standing next to Red Ling tore off the black cloth covering their faces one by one.

The familiar faces that were supposed to die in the bloody night incident were exposed in front of everyone's eyes.

At the moment when Su Zawa, Su Ya, Liu Fenfen, Wen Zhengyu, and the others were all shocked by the scene in front of them.

Chi Ling suddenly said something unforgettable to Yun Jian in front of everyone and under their pale faces:

“Haha, God Sha, you didn’t expect that we would be able to resurrect and see you again after you killed twenty of us by yourself.

“We haven’t seen you for a few years, and you are still as strong as ever.

“But we’re still not convinced. Right here, right now, the bloody night incident from back then will reappear! Sha Shen, Take This!”

Chapter 2488: Chapter 2488, empty-handed, will send you to the afterlife

Translator: 549690339

A few years ago, the blood night incident that swept the world, everyone present had heard of it.

It was a storm that caused a huge wave of international events!

The top 10 agents on the international list of agents, together with the top 10 assassins on the international list of assassins, ganged up to deal with a former agent codenamed Sha Shen.

In the end, Sha Shen single-handedly wiped out 20 top agents and became famous in one battle!

This incident shocked the entire world, and countless international bigwigs were terrified of Sha Shen as an agent!

Everyone present was familiar with both the bloody night incident and Sha Shen.

Therefore, after listening to Chi Ling’s words, Liu FENFEN, who was still cursing at Yun Jian, turned as pale as a sheet of white paper.

Su Zawa, Su Ya, Han Jinling, Zhou Dapeng, Wen Zhengyu and the others, as well as the group of innocent tourists who were taken hostage by Chi Ling’s group, were all so scared that their bodies twitched violently.

What shocked everyone present was...

Yun Jian was the main character of the bloody night incident and the No. 1 international spy ranking, Sha Shen! ?

That terrifying woman who had become the nightmare of countless international bigwigs!

“She... ? She, she, she... she is... she is! ! !” Liu Fenfen was so scared that her face turned green. Her body started to tremble violently at a speed that could be seen clearly by the naked eye.

At this moment, Liu Fenfen couldn't even care about her son who had two of his fingers chopped off and was in so much pain that he couldn't even breathe.

He was the No. 1 spy on the International Ranking List, Sha Shen!

He was the man who stepped on countless corpses and walked to the top of the world, with countless blood on his hands!

“Isn't she the friend of the mistress who stole Wen Xiu from me? How could it be? How could it be...” at this moment, Su Ya couldn't care less about her fiancé having his fingers chopped off, her eyes were bigger than fish eyes, and she looked scared out of her wits.

Su Zang, Han Jinling, Zhou Dapeng, Wen Zhengyu, and the others were all stunned at the same spot.

Just when everyone was stunned and couldn't say a word, Yun Jian lowered her head and slowly raised her head. Under her bangs, a pair of murderous eyes swept across the scene.

“It was that guy who helped you resurrect, wasn't it?” A clear female voice with an indescribable sense of comfort suddenly rang out. Yun Jian had already raised her head and looked at Chi Ling and the others.

She completely ignored the reactions of the others. Her eyes were only fixed on the twenty people led by Chi Ling. The killing intent that radiated from her eyes caused everyone present to tremble.

It was a clear contrast to Yun Zhi from before. At this moment, just a glance from her could make people feel her strong killing intent.

Yun Zhi did not expect that Chi Ling's twenty people would be resurrected.

“HMPH, Sha Shen, you didn't expect this, did you? Back then, you killed twenty of us, and we did indeed end up in your hands.

“But, we were resurrected by that mysterious Lord! These few years, we have been living in seclusion in the deep mountains, so that one day, we can meet you again and personally send you to hell!

“For this day, we have been planning for so many years, and today, we will finally get what we want!

“Sha Shen, we will defeat you with our true strength!”

Chi Ling, who was ranked second on the international assassin rankings, seemed to have become the leader of the 20 people. At this moment, Chi Ling, on behalf of everyone, clenched his fists and shouted in front of everyone.

The atmosphere instantly reached its climax!

Being chased by her enemies, just when everyone thought that Yun Jian should at least show a trembling expression, they saw Yun Jian smile strangely in front of everyone present.

Then, she suddenly reached out to take out two pistols from her waist and threw them on the ground. In front of everyone, she used arrogant and arrogant words to say something that shocked everyone present:

“No matter how many times you resurrected, the ending will still be the same.

“In the past, I could bury twenty of you with my bare hands. Today, I, Sha Shen, can send you to the netherworld with my bare hands as I did in the past!”

Chapter 2489: Chapter 2489 attacked Yun Zhi

Translator: 549690339

Yun Zhi's words were very arrogant!

Let's not talk about how Yun Zhi killed Chi Ling's 20 people a few years ago. Yun Zhi was facing Chi Ling's 20 people alone.

And Chi Ling's 20 people had taught her martial arts skills for so many years in order to kill her!

Could Yun Zhi really fight against the 20 of them again!

And with her bare hands!

Did she really have the ability to do so? !

No matter how sensational the story was back then, it was still just a legend.

For Liu Fenfen, Su Zawa, Su Ya, Wen Zhengyu, and the others present, the legends they heard were different from the things that actually happened in front of them.

Even if Yun Jian had defeated the 20 people from Scarlet Ridge in the past, when she personally saw her petite figure against the 20 people from Scarlet Ridge, who were tall and strong, and who had once swept the world, the invincible secret agent assassins..., an unbelievable thought still sprouted in her heart: did she really have a chance of winning? !

She had once mentioned that the strength of the 20 assassins in the top 10 of the international assassin rankings a few years ago was on a completely different level from the current top 10 assassins in the international assassin rankings.

To give the simplest example, Chi Ling's 20 assassins had climbed up to the top 10 of the international assassin rankings back then and had also sat in this position for more than a decade.

After the 20 people from crimson fire were killed by Yun Jian, the top 10 positions on the international assassin rankings were suddenly vacant.

As the saying goes, a country can not be without a ruler for a day. The position of the 20 people from crimson fire was naturally taken over by the assassin behind the 20 people from Crimson Fire.

If the 20 people from the bottom who took over the position of the 20 people from crimson fire were stronger than the 20 people from crimson fire, then they should have been ranked higher than the 20 people from crimson fire.

Therefore, the strength of the 20 assassins could not be compared to the 20 assassins who were ranked in the top 10.

Just when everyone was worried about whether Yun Jian could win against the 20 assassins, they frowned.

Chi Ling suddenly laughed.

"Sha Shen, we assassins will do whatever it takes. Don't forget that there are many hostages around. I don't believe that you can take care of them one by one."

Chi Ling curled his lips and said sinisterly at the same time.

After saying that, Chi Ling glanced at Liu Fenfen, Su Ya, Su Zang, Wen Zhengyu, and the others with a strange look.

It was as if he was telling everyone here that everyone was a hostage.

No one... could escape death.

Liu Fenfen and the others trembled when they saw the fearful look.

However, that was indeed the case. Everyone present, apart from snake lizard and the others, was a burden to Yun Zhi.

Just as everyone thought that Yun Zhi would not be able to escape death, Yun Zhi's cold words rang out once again:

“Their lives have nothing to do with me.”

The lives of this group of people did not have the slightest effect on Yun Zhi.

Why was Sha Shen listed as the number one spy on the international spy rankings! That was because she was cold and heartless. She had never been held back by anyone and had never stopped moving forward!

When they suddenly heard Yun Jian's words, the hearts of the surrounding people trembled.

“Hehe! I almost forgot about your cold and heartless side!” Chi Ling was not the least bit shocked.

The ones who were truly shocked were the group of people around him.

Could it be that Yun Jian was planning to give up on them and live on his own! !

Just when everyone thought that Yun Jian and Chi Ling would continue to talk for a while, Chi Ling's eyes suddenly flashed and he secretly signaled to the other nineteen people.

The twenty people attacked Yun Jian from different angles without any warning!

Chapter 2490: Chapter 2490: Don't let her steal the weapon

Translator: 549690339

This was the case for underground assassins and secret agents.

You could never guess what they were thinking.

They killed as they wished.

One second, they could use words that were so strange that it made you afraid to provoke you. The next second, they could suddenly change the illusion that they gave you in the first place and rush up to kill you directly.

Just like Chi Ling.

Chi Ling exchanged a glance with the other nineteen Secret Service Assassins. At a speed that was almost invisible to the naked eye, they stood around the cloud paper, surrounded it, and attacked at the same time.

The assassin who attacked the cloud paper the fastest stepped on a large rock next to him, spun 360 degrees in the air, and flew in front of the cloud paper, with lightning speed and lightning speed, he held a dagger and attacked Yun Jian's temple.

When Peak Assassins and special agents fought, they usually did not use firearms.

Firearms were only suitable for long-range attacks. When powerful characters fought with each other, they usually used a dagger, which was suitable for close-range attacks.

This was because it was impossible to kill the opponent by shooting from afar.

"Chi!"

The first assassin who attacked Yun Jian stabbed at Yun Jian's temple.

The other three agents followed closely behind the assassin. They were 0.5 seconds slower than the assassin and attacked Yun Jian's neck, heart, and abdomen with fatal moves.

A person's entire body had acupuncture points. As long as one could grasp these points, one would be able to strangle the opponent's acupuncture points from any direction. The opponent would be unable to move.

These 20 secret service assassins were definitely not simple characters like low-level assassins or high-level assassins.

They were all trained in the most formal and traditional killing moves, and were the pinnacle of the assassin Secret Service World!

They were powerful existences that no one could provoke!

The killing moves and killing techniques they knew were no less than Yun Jian's!

Their attack speed was not much slower than Yun Jian's!

These twenty people were a powerful figure at the peak of their powers.

The moment the three special agents followed closely behind the killer to launch a fatal attack on Yun Jian.

The successive special agents behind them also followed the four people who launched the first attack and got into formation.

It could be said that this was a game of dead chess!

If you moved left, right, forward, and backward, you would all die.

At least in the eyes of Liu Fenfen, Su Zawa, and Su Ya, Yun Jian was completely finished this time!

She had once defeated these twenty people, but that did not mean that she was strong.

That was because no one had ever seen how Sha Shen defeated these twenty people. Those who had seen it all went to hell.

“She’s finished!”

Su Ya was a little afraid that she would see a bloody scene. She was so scared that she covered her eyes, only revealing a tiny gap. She was curious to see this horrifying scene.

Just when everyone thought that Yun Zhi was going to die, they saw that Yun Zhi, who had been standing still and did not make a move, did not even look at it. She held the blade of the killer’s hand with one hand, which was the first to stab her temple.

The blade was held firmly in her hand by a 0.1 mm difference.

Almost at the same moment she reached out to hold the killer’s blade that was coming at her, she raised her leg, using the heel of her flat shoe, she wrapped it around the three agents’ wrists that were holding onto the blade as they stabbed towards her neck, heart, and abdomen.

Just the heel alone was enough to kick the three agents to the side.

When the other assassin agents saw this, their eyelids did not even twitch.

Before Yun Jian killed the four assassin agents, the other 16 assassin agents attacked Yun Jian once again.

“Don’t let her steal the weapon! Go into formation! Set up our formation! Even if we die again today, we must avenge our previous humiliation and kill Sha Shen!”

After the four assassin agents were thrown to the side by the cloud tablet, Chi Ling let out a heart-rending roar and dashed forward as fast as he could. He brandished his dagger and arrived in front of the cloud tablet in the shortest amount of time.

Even the cloud tablet without a weapon made it difficult for them to deal with it. Once the cloud tablet snatched the weapon in their hands, the one with the absolute advantage would definitely be the cloud tablet!

This was a battle that belonged to a true world-class assassin agent!

This was a life-and-death battle between a former king and the current emperor!

“Oh my God! Is this their world? This is... the world of assassin agents!” Han jinning couldn't bear to blink, he stared at the scenes in front of him that he would never see again in his life and sighed.

“This is probably the world of assassin agents!” Su Zawa finally let out a long sigh.

This was the world of assassins and agents!

At this moment, Yun Jian was already facing Chi Ling.

After Chi Ling said that, he flashed behind Yun Jian and attacked from behind.

At the same time, five assassins attacked Yun Jian from five different angles from the front of Yun Jian.

Seeing this, Yun Zhi only narrowed her eyes slightly. Then, she squatted down and planned to kick the five assassins in front of her to the ground.

The five assassins were not weak. Seeing this, they immediately changed their knife skills and attacked Yun Zhi who was squatting down.

Chi Ling, who was behind Yun Zhi, was about to stab Yun Zhi's heart on the back.

Just when the five assassins changed their knife blades to deal with Yun Zhi who was squatting down.

Yun Jian suddenly stood up and raised her leg high. With a sweep, she originally wanted to sweep the five assassins' legs. However, without any warning, she stood up and kicked the five assassins' heads consecutively.

The five assassins did not have time to react and were kicked to the ground.

At this moment, Chi Ling's blade had already arrived at the 0.1 mm spot where it pierced Yun Jian's back and heart!

Just as everyone was raising their voices, thinking that Yun Jian was definitely not going to make it this time!

Taking advantage of the inertia from kicking the five assassins to the ground, Yun Jian turned to the side and clasped his hands together, forcefully clamping the blade that Chi Ling had stabbed into his heart between his palms.

Oh No! Chi Ling's heart trembled.

Just as Chi Ling's heart trembled violently, Yun Jian's flat and flat words, without any fluctuation, suddenly rang out in front of everyone present:

"Now, it's my turn to fight back."

These words, which were cold to the bone, startled Chi Ling's fear and panic.

Knife! Knife! Knife!

With a horizontal kick, Yun Jian kicked Chi Ling to the ground. At the same time, she cut off Chi Ling's hand that was holding the dagger. Her hand drooped down, and in front of everyone present, she accurately held the dagger!

The weapon was ultimately snatched away by her!

This also meant that the moment that belonged to her, Sha Shen, had arrived!

The twenty assassin agents who had charged forward without any fear at all, at this moment, it was as if glue had been glued to their feet. They stared at Yun Jian with vigilant eyes, and no one dared to step forward again!

Sha Shen, who was ranked number one on the international spy rankings, was a king when she did not have a weapon.

When she was armed, she was the ruler of the world!

She was a sacred symbol that could make all living beings submit to her!

At this moment, whether it was Liu Fenfen, Su Zawa, Su Ya, Han jinning, or even Wen zhengyu, everyone's eyes were fixed on Yun Jian. They were completely stunned by Yun Jian's terrifying skills.

At the moment when everyone saw this, Yun Jian, who was holding the dagger, suddenly raised the dagger in front of her eyes. The sharp glint in her eyes shone through the dagger and was reflected in everyone's field of vision, her lips curved into a strange arc that made people shudder. Then, her arrogant and arrogant words came out in front of everyone:

"It's time to send you... On Your Way."

Chapter 2492: Chapter 2492, what was a peak secret agent

Under the Cloud Note's face that wasn't wearing any makeup, but was so beautiful that it made people forget to breathe, there was never a trace of lip gloss on it. It was as pink as a newborn baby, with a natural pink color.

Those words that made people feel as if their heads had been smashed by something sounded calmly, coming out from the natural pink lips.

As soon as these words were spoken, everyone's heart felt as if someone had pinched it with their palms. Even their breathing quickened.

Liu Fenfen, Su Ya, Su Zawa, Wen Zhengyu, and the rest of the people present had originally thought that when Yun Jian faced the twenty assassins from Scarlet Ridge, even if she was the god of destruction, it would still be extremely difficult for her.

After all, everyone present had seen the killing moves of the twenty assassins from Scarlet Ridge.

With their flawless attacking techniques and their near-perfect teamwork, it would be impossible for them to dodge the attacks of Chi Ling's group, let alone defeat them.

Especially for Liu Fenfen, Su Ya, and Su Zawa, seeing such a realistic and realistic scene in front of their eyes, they would involuntarily immerse themselves in the atmosphere.

Therefore, everyone subconsciously thought that it would be extremely difficult for Yun Jian to dodge the attacks of Chi Ling's twenty men.

However, to their surprise, not only did Yun Jian not have any difficulty, but she also easily countered the attacks of Chi Ling's group of assassins at the same time. She even easily snatched the weapons from their hands!

Before this, Sha Shen, who was ranked number one on the international spy rankings, was only a terrifying figure in the legends.

However, at this moment, Liu Fenfen and the rest had completely felt Yun Jian's strength.

"If that group of assassin agents can be considered to be at the pinnacle of international strength, then she is the ruler of all living things! The embodiment of God!"

Han Jiling, who was usually good at flirting with girls and was a singer in the entertainment industry, was now nervously clutching the corner of his shirt as he let out a sigh that made his face turn pale.

Liu Fenfen's face was extremely dark.

Why was Chen Xinyi's friend such a terrifying existence!

Wasn't she just an ordinary person in a small place like Longmen City! Why did she know the number one agent on the international list of agents!

The kind of person who treated human lives as child's play and killed them as he wished!

Liu Fenfen and the others, who were watching from the side, just had a series of images flash through their minds. Chi Ling, who had just been hit to the ground by Yun Jian, clutched his abdomen and stood up as fast as he could.

As he stood up, he cried out in surprise to the other nineteen secret service assassins:

"Attack! Attack together!"

The weapon had been snatched away by her! This meant that they were in danger!

Once Sha Shen grasped the weapon, then...

However, just as Chi Ling finished his words, Yun Jian had already appeared in front of him in a flash. The moment the nine assassins behind her attacked her at the same time.

The dagger in his hand spun a few times on Yun Jian's right hand as fast as he could. Then, it stabbed into Chi Ling's wrists and ankles, picking out the most important meridians in Chi Ling's body on the spot.

Chi Ling, who had his meridians picked out, was equivalent to trash. In the future, his hand would not even be able to hold a dagger!

When the other nine assassins saw this, they were stunned.

Chi Ling was the strongest among them! At the same time, he was also the main body!

If the main body was crippled, then it would be a dream to deal with Sha Shen!

This stunned, just this stunned! The knife in Yun Jian's hand flew past the necks of the nine assassins. The nine assassins were directly taken away by this flying knife!

At the same time, Yun Jian blocked the attacks of the three agents behind her. She practically flashed past the backs of the three agents and tightly grabbed the backs of the three agents, she pinched through their clothes, tightened her grip, and grabbed.

A person's spine was the backbone of the body. Once the spine was pinched by someone with sufficient strength and the fatal point was pinched, the person would not even be able to make a final sound and would die!

This was common knowledge in the Assassin's world!

Of course, under normal circumstances, if one wanted to kill someone by pinching the fatal point of a person's spine, it was only suitable for female agents to seduce them.

Because most people were unable to hit the vital point in one move, they needed to use their hands to fumble around the person's back for a period of time.

If it was an ordinary person who needed to fumble around, then Yun Jian did not even hesitate for a second. She reached out and pinched the vital point. In a short three seconds, she killed the three agents who had followed her closely!

Her technique once again refreshed Liu Fenfen and the others' understanding of agents!

At this moment, everyone around was shocked by Yun Jian's fast, accurate, ruthless, and stable technique. They stood rooted to the ground and trembled violently!

Chapter 2493: Chapter 2493, have you agreed with me

Translator: 549690339

In the blink of an eye, only seven of the 20 top-notch secret agent assassins were left!

Chi Ling's meridians were severed by Yun Jian.

With his meridians crippled, he would never be able to hold a dagger or a gun again!

This meant that that one slash had turned Chi Ling into a piece of trash!

A trash that was worse than an ordinary person!

As for the nine assassins and the three special agents, they were all killed by Yun Jian's Slash!

The remaining seven special agents were naturally not Yun Jian's match!

"Hahahahaha, hehehe!"

Just as the situation was set and the remaining seven special agents did not dare to come forward anymore, the bodies of the twelve special agents lying on the ground were all over the place. Chi Ling suddenly laughed out loud.

As he laughed, traces of tears flowed out from the corners of his eyes.

He laughed and cried at the same time.

This strange scene did not seem out of place to Chi Ling at all.

As he laughed, Chi Ling suddenly stood up shakily from the ground. He looked at Yun Zhi and curled the corners of his mouth to the maximum. As he laughed, tears flowed out from the corners of his eyes that could not be stopped.

“Hahaha! I didn’t expect that even after so many years, the twenty of us are still no match for you. hahaha! hahaha! hahaha!”

Chi Ling laughed like a madman.

This laughter that was enough to shake the heavens and earth made Liu fenfen, Su Zang, and the others’ hearts contract violently for no reason. They panicked.

Chi Ling laughed like a car that had stepped on the emergency brake halfway. He suddenly stopped laughing and looked straight at Yun Jian with a murderous look. Then, he said with a sinister smile,

“However, Sha Shen, do you really think that we can be resurrected? Didn’t that mysterious big shot give us other powers?”

After saying that, Chi Ling looked at the twelve people who were killed by Yun Jian and said, “Stand up. It’s time for Sha Shen to see our true strength that transcends the universe!”

The mysterious man had given them a brand new power!

It was enough... to deal with Sha Shen’s mortal body!

After Chi Ling said this, everyone was shocked.

However, a minute had passed, and there was no reaction.

When Chi Ling saw this, his eyes trembled. “What, what’s going on!”

After that, Chi Ling’s arrogance disappeared. He turned to stare at Yun Jian and said in a terrified tone, “You, what did you do!”

“Didn’t the mysterious person who resurrected you tell you that I have the power that you obtained?”

Just as Chi Ling was in extreme fear, Yun Zhi said calmly.

After that, her red arc curved slightly. When Chi Ling widened his eyes and the people around him were puzzled, she said, “And I came from the same place as the mysterious person who resurrected you.

“As for... their souls were completely cut off by me. Even if the mysterious person attacked again, he wouldn’t be able to save them.”

Once their souls were cut off, it meant that this person had truly left the world.

There was no other way to save them.

Yun Jian’s words gave Chi Ling a huge blow.

Chi Ling’s expression instantly darkened to the extreme.

However, Chi Ling’s expression only darkened slightly. The next second, he suddenly laughed out loud, “Hahaha! Even so, that mysterious big shot even sent Lord Jiu Huang to help us deal with you!

“Lord Jiu Huang’s strength is definitely not something you can deal with. Sha Shen, today, you will still die!”

Chi Ling laughed out loud.

However, this laughter only lasted for two seconds.

A bundle stained with dried blood suddenly fell from the sky.

The cloth outside the bundle fell to the ground, revealing a bloody, lifeless head.

“Ah!” When she suddenly saw this head, Liu Fenfen was so frightened that she took the lead to scream.

When she saw the appearance of this head, Chi Ling’s smile froze. “Lord Jiu Huang? This, no, this... how is this possible!”

Just as Chi Ling’s panicked voice fell, a cold, magnetic male voice that caused one’s heart to shudder suddenly sounded from behind the rock.

The voice that was so beautiful that one could not help but be mesmerized came from his handsome thin lips:

“Did you get my permission to bully the mother of my child?”

Chapter 2494: Chapter 2494: The Extremely Cute Little Fellow

Translator: 549690339

When the head fell from the sky and landed on the ground, the layer of cloth that wrapped it fell off.

Just like when Yun Jian was reborn and his younger brother was killed, Chi Ling’s heart twisted at this moment, and he collapsed heavily!

“Jiuhuang... Lord Jiuhuang... Lord Jiuhuang is dead... yes... No, this is impossible! How could lord Jiuhuang be dead, dead, dead...”

Chi Ling was so scared that his face turned pale. Even his lips and teeth were trembling violently.

Compared to Chi Ling, Liu Fenfen was really scared to death when she saw this scene.

Chi Ling was not afraid of the scene in front of him. As an assassin, he had seen all kinds of bloody scenes.

What made Chi Ling’s expression change drastically was the final trump card that could kill the Sha God for them. It was actually... ! ... DEAD!

And he died in such a cruel way!

Back then, when Lord Jiuhuang had been ordered by the mysterious person to resurrect the twenty of them, he had even fought against them.

The reason was that when the twenty of them had just resurrected, they did not submit to Lord Jiuhuang and were unwilling to listen to him.

Who knew that Lord Jiuhuang would stretch out a finger and defeat the twenty of them!

That brand new power, that power called spiritual power, made them yearn for it!

At the same time, they also held respect and worship towards Lord Jiuhuang!

However, this handsome man who suddenly appeared had actually killed Lord Jiuhuang!

Then, his strength must have reached the peak of perfection!

This was the first time Chi Ling felt fear from someone other than the Sha God.

He shivered for two seconds and took two steps back.

He wanted to run away!

“Brother, where are you going? !” Just as Chi Ling took two steps back and was about to run away, a whistle sounded, followed by a male voice from behind Chi Ling.

This male voice had a cheerful charm. As soon as he finished speaking, a sound of a blade piercing into a human body followed.

Adam, who had suddenly appeared, was holding a long blade that he did not know where he had gotten it from.

The moment scarlet retreated and was about to escape, he stabbed the long blade in his hand into Scarlet’s heart. The long blade pierced through Scarlet’s chest from the back of Scarlet’s heart.

At this moment, Adam still had a cheeky smile on his face. However, the long blade in his hand did not show any mercy as it pierced through Scarlet’s heart.

After saying those casual words, Adam even flicked the long knife in his hand and said the last words he heard in his life to chi ling, “Brother, are you happy?”

The scene flashed past Liu Fenfen’s eyes one after another. Liu Fenfen raised her hand that was painted with red nail polish and looked at the scene in front of her with a shocked and terrified face.

The next second, she fell down. She could not bear the many things that had happened just now and was completely scared out of her wits.

With Si Yi and Adam around, no matter how powerful the other seven agents were, they would not be able to survive.

“SOB SOB SOB SOB! Mummy!”

At this moment, Mosen carried two children who had been crying non-stop in one hand, as if they were competing to see who was crying more vigorously. He walked over.

“You, you, you really have a child!” Han Jinling only reacted at this moment. He looked at the two children in Mo Sen’s arms who were somewhat similar to Yun Jian. His eyes widened and he asked in surprise.

Yun Jian ignored Han Jinling.

The two children saw Yun Jian and instantly stopped crying.

At this moment, the little guy and the little girl were crying pitifully. They stretched out their hands towards Yun Jian and cried non-stop.

Meanwhile, Mosen hugged the two guys tightly. He did not let the two guys fall to the ground because they wanted to be hugged by the cloud paper.

He did not want to travel to the Amazon forest or the Sahara Desert.

The little guy seemed to know that Mosen was holding him tightly and not letting him get close to his mother.

The little guy puffed his cheeks and blew in front of everyone. He tried his best to lower his head to the ground. Mosen hugged him tightly and did not dare to let go.

At this time the little guy's short leg successfully broke away from Morson's arm, while he shouted fiercely "Ya ya ya, Dregs! Dregs!", the short leg, actually kicked Morson's face.

With this kick, the little guy seemed to have found something interesting. He stood on his head, his clothes being pulled by Morson so that he did not fall down. The short legs that were kicked on Morson's face began to kick fiercely alternately, it looked like he was taking revenge on Morrison for not letting him go to his mother.

"Young Madam, the young master is looking for you!" Mosen's expression didn't change at all after being kicked by the little guy. He shouted at the cloud paper.

"Hahaha! You, Mosen, also have this day!" After dealing with the few people at the scene, Adam directly threw the long knife on the ground and walked toward Mosen.

Walking in front of Morson, Adam reached out and grabbed the little guy upside down. Then, he said to the little guy rudely, "Hey, Kid, call me brother and I'll take you to find your mother."

The little guy, who was less than six months old, was held upside down by Adam and made a very dissatisfied "Ya ya ya ya" grimacing sound.

"Yo, Kid, you have a bit of a temper. Are you going to fight with me? Be careful, brother Will..." Adam still had a bit of a temper.

But as soon as Adam said this, he suddenly felt a sharp and irresistible killing intent refracting towards him.

Adam held one of the little guy's legs with one hand and held the little guy upside down in front of him. His head slowly shifted like a robot to look at where the killing intent was coming from.

His eyes, however, just happened to meet Shang Si Yi's deep black eyes that seemed to want to silence him.

"This... Haha, Haha, Young Master..." Adam's expression stiffened at this moment. When he said this, he even lifted one of the little guy's legs and tugged at the corner of his mouth.

The next second, Adam quickly turned the little guy upside down and held him tightly in his arms.

"Little... little guy is really cute... Haha..." as Adam said this, he even stretched out his hand and flicked the little guy's pink and tender little face. He forcefully swallowed the words "Little Guy" that he wanted to say at the beginning.

"Sahara Desert for a month, including food and accommodation. Pack up and set off tomorrow."

Si Yi was expressionless. He glanced at Adam and after saying that, he took the cloud note's hand and walked over to take the little girl from Morson. He held her in his arms and threw the little girl to Adam. After saying that, he left.

"Oh my God, you want me to go again! ?" Adam twitched the corner of his mouth and looked unhappy.

After Yun Jian and Si Yi left with the little girl, Morson put on his gloves and said to Adam calmly,

"It's time to work. Fortunately, you're not carrying a little girl. Otherwise, you won't be able to come back from the Sahara Desert for a year."

Morson's words were ambiguous.

The meaning of work was naturally to deal with the scene.

"What the hell!" When Adam heard Morson's words, he clicked his tongue at Morson. Then, he looked at the little girl and was about to show her a fierce expression.

When he lowered his head, he suddenly saw the little guy looking at him and sticking out his tongue "Slightly".

Adam was furious. In his anger, Adam suddenly opened his mouth and said to the little guy, "Kid, sooner or later, I will ask my little brat to marry your sister! Just wait!"

He did not dare to say this in front of Si Yi.

...

People's Hospital of Pan City, Wei Province.

Not long after Chen Xinyi returned to the ward, Zhang Shaofeng heard the news and ran back as fast as he could.

At this moment, Zhang Shaofeng and Chen Xinyi had been alone in the ward for quite a while.

Moreover, Zhang Shaofeng could not hold it in and finally confessed to Chen Xinyi.

"Xinyi, just follow me. Don't make us suffer anymore. What blood relationship? Go To Hell. It's our own business to be together. Let's walk through this life together, okay?"

Zhang Shaofeng suddenly said this. Chen Xinyi was shocked when he said this.

However, after what happened earlier, Chen Xinyi was actually a little moved. She was silent for a long time. Finally, she thought about how she would tell her elders if they were together in the future. She closed her eyes and said,

"I've already lost my virginity. I gave it to Wenxiu. We're really not suitable for each other. I..."

Of course, this was just an excuse.

In fact, Chen Xinyi's heart was still a little moved. She even thought that if she hadn't lost her virginity to Bowen Xiu, then she..

"That day, I Got Bowen Xiu to get you drunk and brought you to a hotel room. After that, I asked him to take the blame for me!

"Chen Xinyi, listen to me. I like you! That day, I fucked you, not Bowen Xiu!"

"So, Chen Xinyi! You will be my woman for the rest of your life!"

Zhang Shaofeng grabbed Chen Xinyi's shoulders with both hands and swore loudly.

Fortunately, the ward was a single room. Otherwise, Chen Xinyi would have died of embarrassment if Zhang Shaofeng had shouted those words.

However, for some reason, Chen Xinyi heaved a sigh of relief when she found out that the person that night was Zhang Shaofeng.

As expected, she still liked him. Even though she had been dating Bowen Xiu for a year, the two of them treated each other like guests. Only Chen Xinyi thought that night had crossed the line. Her heart..., had been unreservedly given to Zhang Shaofeng a long time ago.

Even if that night had happened, Chen Xinyi was still forcing herself to like Bowen Xiu. She did not really love him.

At that moment, Chen Xinyi's tensed heart completely relaxed. She threw herself into Zhang Shaofeng's arms and suddenly burst into tears:

"Why did you do that? ! Why didn't you tell me earlier? ! I hate you the most! Zhang Shaofeng is the most annoying person in this world!"

Zhang Shaofeng knew that Chen Xinyi was being sarcastic. He also heaved a sigh of relief. He hugged Chen Xinyi tightly with a smile on his face.

...

Bowen Xiu ran away from the marriage because he did not like Su Ya.

However, he did not expect to be cut off two fingers because of this.

"It's okay, I'm Fine! My Mom won't dare to force me into a marriage anymore. Two fingers for a free marriage is not too good for me, who was born in a wealthy family."

Before leaving Wei Province, Chen Xinyi and Zhang Shaofeng went to say goodbye to Bowen Xiu.

Bowen Xiu lay on the hospital bed and lifted his two fingers, which were now wrapped in white bandages. He laughed out loud, but his words were laced with bitterness that outsiders could not understand.

In the end, Chen Xinyi and Zhang Shaofeng bid farewell and left.

Sometimes, if you want to get a part of what you want, you have to exchange it with another part of what you want.

Once you exchanged it, you would never have the chance to regret it.

If God took away the items that you traded, he would not miraculously return them to you.

...

After Yun Jian and the others returned to Longmen City, Chen Xinyi and Zhang Shaofeng also returned.

The relationship between Chen Xinyi and Zhang Shaofeng was still kept a secret, and they did not dare to be discovered by their families.

But after everything was said and done, Chen Xinyi's act of deliberately distancing herself from Zhang Shaofeng was also completely put away.

As for her family, she would keep it a secret for as long as she could.

Things that were decided to be together would last until death!

...

January 21st, 2004, was New Year's Eve, which was what people called the New Year's Eve.

That night, everyone gathered at Qin Yiruo's family's villa to eat the New Year's Eve dinner that Qin Yiruo had cooked.

After the New Year's Eve dinner, the little guy and the little girl looked especially excited.

In the evening, Qingyan pulled Yun Yi, Gu Nian, and Leng Mei to play mahjong.

Yun Jian sat on the sofa with his legs crossed.

Sitting opposite her was Lan Su.

Lan Su, who was also the mother of the child, still retained her youthful appearance.

She was the same as Yun Jian, and looked at most eighteen years old.

At that time, Yun Jian looked at Lan Su. She narrowed her eyes and said to Lan Su, "Come with me to cloud province's dragon-concealing mountain in two days."

"Okay!" Lan Su nodded.

Of course, they had to go to cloud province's Dragon Shield Mountain. It would be a year later.

As for why Yun Jian wanted to go to Dragon Shield Mountain, there was only one answer.

Back then, the creator of the continent of gods, Xing Feng, had left behind three divine artifacts. The third one was at Dragon Shield Mountain!

Regarding Xing Feng's matter, Si Yi would return to the continent of gods to investigate.

As for the search for the third divine artifact, he handed it to Yun Jian.

At the peak of the Dragon Veiling Mountain in the cloud province, the path that Yun Jian's target had reached was filled with poisonous miasma all year round. There were also groups of wild beasts, making it extremely dangerous.

It was said that those who had reached the peak and returned were all either dead or crippled! But she had to go to the peak of the Dragon Veiling Mountain!

"Sister Jian, please contact me at any time." Lan Su nodded at Yun Jian.

Yun Jian replied softly.

...

On New Year's Eve, Little Yun Zhu, Duan Li, Duan Ya, and a few children stayed up until midnight. They only went to bed after they received the new year's red packets from the adults.

The little guy and the little girl did not know what the new year's red packets were.

After the Little Guy received the New Year's red packet, he happily stuffed the big new year's red packet into his little mouth.

In the end, he was pulled back by Qin Yiruo in time.

New Year's Eve was very exciting for children.

But for Yun Jian, other than the endless sounds of firecrackers around him, it was no different from normal.

The next morning, Yun Jian went to visit relatives with Qin Yiruo and Ge Jun. .

Si Yi didn't go.

Because the little guy and the little girl slept late last night and slept soundly this morning, Yun Jian didn't want to wake up the two little brats, so he asked Si Yi to stay and watch them.

Si Yi didn't dare to disobey Yun Jian, not to mention going to visit Qin Yiruo's relatives. Si Yi didn't feel anything.

He said he was going to visit Qin Yiruo's relatives, but in fact, he was just going back to Xinjiang town to pick up some new year goods or give the old man a red packet.

GE Junjian's relatives were not in Zhejiang province, so on the first day of the New Year, he went to visit Qin Yiruo's relatives.

The first family to visit was definitely Qin Yiruo's family, the Qin family.

When she saw the cloud note that came out of the car, Qin Yiruo's mother, Zhang Meihua, was the first to welcome her from afar. "Aiyo, my granddaughter is back? Quickly enter the house and sit down!"

"I haven't seen you for so long, your looks are getting more and more beautiful. You are indeed Yiruo's child, beautiful and exquisite!"

Ever since she knew that Yun Jian was the chairman of Xinqi Company, Zhang Meihua had been flattering him gracefully.

People were like this. When a person whom you looked down on in the past became rich, the other party would forget the things that they had done to you in the past that you found intolerable and would try to get close to you as if nothing had happened.

Many people from Zhang Meihua's family came today. They would only visit each other during the new year. Usually, they would not know that the other party was a distant relative of yours.

However, normal people would naturally not embarrass Zhang Meihua in front of so many people.

At this moment, many distant relatives of Zhang Meihua's family whom Yun Jian had never seen before were standing in the courtyard. When they saw that another relative of Zhang Meihua's family had come, they could not help but turn their heads to look.

Judging from the tone of Zhang Meihua's conversation with Yun Jian, everyone thought that Yun Jian and his grandmother, Zhang Meihua, had a very good relationship.

However, after hearing Zhang Meihua's words, Yun Jian did not even glance at Zhang Meihua and walked around her to catch up with Qin Yirou.

Yun Jian had never forgiven Zhang Meihua for what she had done to Qin Yirou.

Some people's mistakes could be forgiven, but some people's mistakes were like those of people who had an affair. They would never be forgiven for their entire lives.

Yun Jian had never acknowledged Zhang Meihua as a relative.

"Cousin, is this the granddaughter of your family who moved the company overseas at such a young age? Xuan Yi, come over quickly. This is the granddaughter of your aunt-in-law's family. You two are the same age!"

Just as Yun Jian was about to catch up with Qin Yirou's footsteps, an old woman who was flattering him walked over. As she said this to Zhang Meihua, she held her granddaughter's hand, trying to build a relationship with Yun Jian.

Although Zhang Meihua knew that Yun Jian didn't like her, she had such a powerful granddaughter. The old woman in the countryside didn't have any other abilities, but she liked to brag about these things. She wanted to compare which family's descendants had good grades and were promising.

As it turned out, Yun Jian was the matter of the chairman of the new Start Company, and Zhang Meihua had already bragged about it.

The old woman who was dragging a nineteen-year-old girl over was Zhang Meihua's cousin.

They usually did not interact with each other. They would only visit each other during the new year.

This nineteen-year-old girl, who was the same age as Yun Jian, was the granddaughter of this old woman, Zhang Xuanyi.

Zhang Xuanyi, who had dyed her long chestnut-colored hair, was dragged to stand in front of Yun Jian, looking extremely reluctant.

At this time, the old woman opened her mouth again and used the typical rural voice to pull Zhang Xuanyi towards Yun Jian and fawn over him:

"In your generation, there are only so many young people. In the future, you have to get along well with your family and relatives.

"I heard that you are the chairman of the new startup company. In the future, you have to give more advice to my Xuanyi and take more of my Xuanyi so that my Xuanyi can earn as much money as you!"

Chapter 2498: Chapter 2498 or out, annual salary of tens of millions

There was a kind of person who, relying on being your relative, felt that you had become successful, earned money, and had to help her unconditionally, so that her family members would also become successful.

Just like this cousin of Zhang Meihua.

Even when she said this, there was a kind of natural tone mixed in it.

When these words were said, most people would be embarrassed to directly refuse.

At that time, Zhang Meihua's cousin, who was also this old woman, reached out to pull Yun Jian's hand as she spoke, but it seemed like she was doing it for Yun Jian's own good.

Just when everyone present thought that Yun Jian would verbally agree to Zhang Meihua's unreasonable request for the sake of the face of the chairman of the newly-started company.

Yun Jian slapped away the old woman's outstretched hand in front of everyone and said mercilessly and coldly,

"I won't bring it."

The two-word outright rejection stunned everyone who heard Yun Jian's words.

Especially this old lady.

The old lady did not expect Yun Jian to reject her so straightforwardly. She was stunned.

"Hahaha! Plum Blossom, your granddaughter has a temper! AIHUA, don't be angry. She's just a child. Although she can expand her company overseas and earn a lot of money, she's still a child! She's not sensible!"

Not long after Yun Jian finished speaking, a middle-aged man in his forties spoke to the old lady in an adult tone. There was a hint of a joke in his words.

AIHUA was the old lady's name, Ma Aihua.

After MA AIHUA heard the middle-aged man's words, her stunned expression returned to normal at that moment.

She looked at the cloud paper with the same smiling expression as before. This time, she learned to be smarter and did not hold the cloud paper's hand. However, as if she did not hear what the cloud paper said just now, she spoke again:

"You are the chairman of the new Start Company. If you are so amazing, Bring My Xuan Yi along. My Xuan Yi can do anything. To put it bluntly, you are My Xuan Yi's cousin!

"From now on, we'll be a family. Spend some time giving pointers to my Xuan Yi so that My Xuan Yi can earn as much money as you do!"

If what he said just now was said with a face full of confidence, then this time, Ma Aihua even played the role of a relative.

This was how society was.

You were poor, looked down upon by others, and you were rich. People wanted nothing more than to steal the last drop of blood from you.

No one likes to approach a rich person for no reason and constantly flatter and praise you, unless the other party has a purpose.

Ma Aihua's shameless personality seemed to be a matter of course for the people around him.

The rejection of the cloud note was Petty and wrong.

In fact, there were not many old women like Ma Aihua. After an ordinary person received a rejection, they would definitely not mention it again.

However, after receiving a rejection from Yun Jian, Ma Aihua once again used a forceful tone to speak.

When she said this, some of her relatives and friends who were standing around felt that Ma Aihua was shameless.

"You want me to promote your granddaughter to earn a lot of money?" Yun Jian heard Ma Aihua repeat her words, and her red arc curved as she said disdainfully.

Hearing Yun Jian's words, Ma Aihua really felt that Yun Jian had agreed to her request. She quickly said, "Let My Xuan Yi follow you! Earn the same amount of money as you! She is very smart, not inferior to you!"

Her words sounded very confident.

It seemed that Yun Zhi was just lucky to be able to open a company overseas.

If she gave the same amount of luck to her granddaughter, Zhang Xuan Yi, her achievements would not be any weaker than hers.

“Sure.” Just when everyone thought that Yun Zhi would reject her like before, Yun Zhi’s pleasant female voice suddenly sounded.

Hearing this, everyone was stunned.

However, just as everyone was stunned, the icy-cold female voice once again sounded from Yun Zhi’s mouth.

Those words, in the ears of everyone present, made everyone tremble in fear:

“Send your granddaughter to the Assassin’s Organization for ten years of training. If she can survive the assassin’s organization, then I will hire her as my bodyguard with an annual salary of ten million.”

Yun Jian’s words were not a joke.

Her cold words, so cold that no one could tell that she was joking, made everyone’s hearts tremble violently.

“Assassin organization? What assassin organization? What kind of organization is an assassin organization?”

Ma Aihua was an authentic rural woman. In the end, she had become such a cunning old woman.

She had lived in the countryside for almost her entire life. She was like Zhang Meihua. She would gather with a group of old women, munching on sunflower seeds and bragging about how well her descendants were studying and which high school or university they had enrolled in, how high their income was after graduation.

They would flaunt as much as they could.

However, the term assassin organization was completely unfamiliar to MA aihua.

“Grandma, an assassin organization is a place that trains assassins. Assassins are people who kill people for a living. They are very, very powerful assassins. The people they assassinate are all big shots! They are very terrifying!

“Moreover, an assassin organization that trains assassins usually has a few thousand people who go in, but there are less than three who can come out alive.”

Zhang Xuanyi still had some understanding of assassin organizations. At this moment, she grabbed Ma Aihua’s hand, shook Ma Aihua’s arm, and said to Ma Aihua.

“It’s such a place! You want my granddaughter to go?”Ma Aihua heard Zhang Xuanyi’s words and his face stiffened. He asked Yun Jian in a questioning tone.

“What if my granddaughter is going to die!”Ma Aihua raised his voice and said to Yun Jian with a displeased look.

“Leaving the assassin organization alive is my minimum requirement for the hired bodyguards. Do you really think that there are still things for you to do?”

Yun Jian cast a sidelong glance at Ma Aihua and sneered.

Ma Aihua also knew that Yun Jian was pure-hearted.

Ma Aihua rolled her eyes at Yun Jian and then said in Longmen city’s local dialect, “Humph, how arrogant!”

There was a hint of contempt in her words that she could not benefit from Yun Jian and immediately turned hostile.

As soon as she finished speaking, Ma Aihua pulled her granddaughter, Zhang Xuanyi, and ignored Yun Jian.

But before she left, Ma Aihua turned her head and glanced at Yun Jian. She thought that she would not benefit from Yun Jian anyway, so she did not care what kind of person she was as the chairman of Xinqi Company. Ma Aihua used the local curse words of Longmen City, yun Jian once again cursed:

“You’re so arrogant. If you have the ability, why don’t you join a murder organization? You’re so vicious at such a young age. When you grow up, don’t become a murderer and be sent to the police station!”

Since she had already given up all hope, Ma Aihua might as well make things worse.

In the past, when she met her cousin, Zhang Meihua, every year, she would gloat and show off.

This was because Ma Aihua’s descendants earned more money than Zhang Meihua’s descendants and were better at studying.

In the end, she did not expect a cloud note to appear. This time, she would not be able to show off during the New Year! She was really not happy at all!

“Aiyo, I say, cousin, what is the meaning of this? What did my granddaughter do to you? Why are you talking about my granddaughter like this!”

Zhang Meihua had been suppressed by Ma Aihua every year. This time, MA AIHUA actually said something like this about cloud note. She was the first to be unconvinced and immediately retorted.

On the surface, she was helping cloud note to fight back. In fact, if cloud note did not have this little achievement, Zhang Meihua would not have said a word for cloud note.

“Aunt! My grandmother is right! Your granddaughter said that she would only take me to earn money if I went to the assassin organization alive. It is obvious that she is not willing to take me. She is afraid that I will be too powerful and take away her money!”

“She keeps saying ‘Assassin Organization’. One day, she might really stab someone to death and be sent to the police station. In her next life, she will go to prison!”

Zhang Xuanyi flicked his long chestnut-colored hair that was scattered on his shoulders and glanced at Zhang Meihua.

She had just glanced at Yun Jian.

However, she was shocked to find that Yun Jian was holding a shiny silver pistol in her hand!

At that moment, when everyone was shocked, Yun Jian skillfully twirled the silver pistol in her hand. Under the eyes of Zhang Xuanyi and Ma Aihua, she pointed the muzzle of the pistol at them and hooked it with a cold arc.

In an instant, the words that made everyone’s faces pale with fear came out of her mouth to Zhang Xuanyi and Ma Aihua:

“You can try. After I kill you, no one in Longmen City, Zhejiang province, or even z country would dare to send me to prison!”

No one in Longmen City, Zhejiang province, or even the whole country had the courage to send her to prison! Who would dare to send her to prison!

Not to mention Z country, even in the international world, who would have the courage to send her to prison!

Yun Jian's words were extremely arrogant. Her arrogant words, coupled with her arrogant tone that no one could ignore, and the silver pistol in Yun Jian's hand.

Everyone present felt as if they had been shot and were facing death.

"You, you, you, you, you, you, you..."

Ma Aihua's old, ugly, and yellow face was wrinkled due to Yun Jian's action of taking out the pistol. It was so frightened that it looked like a piece of yellow paper that had been forcefully kneaded into a ball.

It was even uglier than the yellow paper that had been kneaded into a ball.

"That's a gun... that's a gun! Grandma, that's a Gun! !!"When Zhang Xuanyi saw the thing in Yun Jian's hand, her expression changed drastically.

She grabbed Ma Aihua's hand tightly, squatted down, and hid behind MA aihua.

Ma Aihua was also scared to death. Her pale face was wrinkled into a ball as she shouted, "Who's her mother? This child doesn't care! Don't... Don't shoot!"

Qin Yirou and GE Junjian stood at the side and watched Ma Aihua's shameless whole process.

"Bah! Nonsense! I think this new year gift, take it back in the future! Don't come again!"

Zhang meihua found an opportunity to vent her anger. She ran into the house and took out the new year gift that Ma Aihua had given her, a small bottle of the cheapest supermarket oil, and a box of mixed brand milk, she threw them in front of Ma Aihua and Zhang Xuanyi.

"Take them! Don't come here again!"Zhang Meihua threw the two cheap new year gifts back to Ma Aihua and Zhang Xuanyi.

After throwing the new year gifts back to Ma Aihua and Zhang Xuanyi, Zhang Meihua felt relieved.

Although there were many relatives standing around, it was obvious that Ma Aihua and Zhang Xuanyi were the first ones to get into trouble.

Moreover, every year, it was more like Ma Aihua came to Zhang Meihua's house to show off with cheap New Year gifts.

Zhang meihua couldn't stand that bragging tone. She wanted to make Ma Aihua look bad on the spot.

Now, the opportunity had come.

"Xuanyi, go call your dad. Let's Go! Hurry up and leave!" Ma Aihua stood back and pushed Zhang Xuanyi. His own people ran out first.

They looked as if they were afraid that if they were one step slower, they would be shot to death by the gun in Yun Jian's hand.

Zhang Xuanyi was also afraid. She chased after Ma Aihua and only called her dad, who was still standing in the room, "Dad, run!" As if she was avoiding the plague, she avoided this place first.

When the square horn ran away, Zhang Meihua's other relatives and friends were still looking at the gun in Yun Jian's hand in fear. They didn't know whether to run or not.

Just as everyone's hearts were tensed up to a level, they were so afraid that they even had fantasies. They thought about the moment when Yun Jian lost control of the pistol in his hand and accidentally shot at them.

Yun Jian suddenly threw the silver pistol into the air.

Everyone's emotions reached a climax at this moment.

Yun Jian looked ahead. She didn't even look at the silver pistol that was thrown into the air. She reached out and caught the pistol that was thrown into the air. Then, she revealed a harmless and shy smile in front of everyone.

It was as if the girl who was filled with killing was not her. She raised the pistol and said expressionlessly,

"This is a toy gun."

Everyone: "..."
